COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 312 modifies requirements related to the Florida Institute for Human and Machine Cognition, Inc. (IHMC) corporation. Specifically, the bill:

- Requires the board of directors of the IHMC to oversee the creation of not-for-profit subsidiaries rather than the Board of Governors.
- Removes the requirement that the Board of Governors approve the articles of incorporation for any authorized and approved subsidiary.
- Requires reporting by the IHMC, rather than the University of West Florida.
- Revises the composition of the board of directors by removing the chair of the Board of Trustees of the University of West Florida and increasing the number of public representatives from nine to ten.
- Grants subsidiaries the authority to enter into affiliation agreements.

This bill takes effect July 1, 2025.

II. Present Situation:

The Florida Institute for Human and Machine Cognition

The Florida Institute for Human and Machine Cognition, Inc. (IHMC) is a not-for-profit research institute established at the University of West Florida (UWF) and is affiliated with several

Florida universities.¹ The IHMC was founded to advance research in human and machine cognition, with a focus on artificial intelligence, robotics, human performance, and information technology. Faculty and staff collaborate extensively with universities, research institutions, and private-sector partners to conduct cutting-edge scientific research.²

The IHMC is authorized to create not-for-profit corporate subsidiaries to support its mission, provided they are approved by the Board of Governors.³ The corporation and its subsidiaries must comply with Florida's public records and open meetings laws, ensuring transparency in their operations.⁴ However, certain records and meetings of the IHMC and its subsidiaries are exempt from Florida's public records and open meetings laws to protect trade secrets, patentable material, proprietary research, confidential business transactions, donor identities, and information received from government entities under confidentiality agreements, though governmental entities may access this information when necessary for official duties.⁵

The IHMC and its subsidiaries are authorized to:⁶

- Receive, invest, and administer funds from public and private sources, including state and federal grants, private donations, and income derived from research activities.
- Secure patents, trademarks, and copyrights for its research products.
- Obtain comprehensive general liability protection, including professional liability protection, for the corporation and its subsidiaries.
- Enter into affiliation agreements with universities and research organizations.

The IHMC's board of directors manages its affairs and serves without compensation, with each director having one vote. The board of directors consists of:⁷

- The chair of the Board of Governors or the chair's designee.
- The chair of the board of trustees of UWF or the chair's designee.
- The President of UWF or the president's designee.
- Three state university representatives.
- Nine public representatives, who are neither state university employees nor state employees.

The Governor, the President of the Senate, and the Speaker of the House of Representatives each appoint one state university representative for an initial three-year term, while they, along with the UWF Board of Trustees chair, appoint nine public representatives for initial two-year terms. After the initial terms, directors are appointed under this process and are reappointed for three-year terms by a majority vote of the board.⁸

The Board of Trustees of UWF is responsible for certifying that IHMC operates in compliance with state regulations and must report annually to the Governor, Legislature, and Board of Governors.⁹

The Board of Governors

The State University System of Florida consists of 12 public universities,¹⁰ each governed by an individual board of trustees. The Board of Governors (BOG) is responsible for overseeing, regulating, and managing the entire State University System,¹¹ ensuring compliance with local, state, and federal laws that govern its institution.¹²

If the BOG determines that an institution is not in compliance with applicable laws or regulations, it has the authority to take disciplinary actions, including:¹³

- Withholding state or other funding.
- Requiring periodic reports until compliance is achieved.
- Reporting noncompliance to the Legislature.

The BOG has established regulation¹⁴ that outlines the structure, oversight, and reporting requirements for institutes and centers within Florida's State University System. The regulation classifies institutes and centers into three main categories: State of Florida institutes and centers, legislatively established institutes and centers, and university institutes and centers.¹⁵ While most institutes and centers require BOG approval and oversight, certain entities, such as incorporated institutes with university affiliations, including the IHMC, are explicitly excluded from these requirements.¹⁶ Instead, the IHMC operates as an independent not-for-profit research institute affiliated with UWF, and its governance follows specific statutory provisions.¹⁷ Despite this exemption, the host university, UWF, retains responsibilities related to financial oversight and compliance reporting to ensure accountability.

III. Effect of Proposed Changes:

CS/SB 312 modifies s. 1004.447, F.S., by replacing the Board of Governors with the board of directors of the Florida Institute for Human and Machine Cognition, Inc. (IHMC) as the authority to approve the creation of not-for-profit subsidiaries. The bill removes the requirement that the Board of Governors approve the articles of incorporation for any authorized and approved subsidiary.

The bill maintains the requirement that records and meetings of the corporation and subsidiaries are subject to Florida's public records and open meetings laws, but acknowledges the exemptions

in s. 1004.4472, F.S., that makes certain information of the corporation or subsidiary confidential or exempt.

The bill revises the composition of the IHMC's board of directors. Specifically, the bill removes the chair of the Board of Trustees of the University of West Florida from the board of directors and increases the number of public representatives from nine to ten.

Additionally, the bill requires the IHMC, rather than the Board of Trustees of the University of West Florida, to certify compliance with state requirements.

The bill amends s. 1004. 4471, F.S., by authorizing IHMC subsidiaries to enter into affiliation agreements with certain universities. The bill includes conforming cross-references.

 92 public and private funds and that they will ensure that the use
 93 of funds is in accordance with all applicable laws, bylaws, and
 94 contractual requirements.

95 ~~(c)(e)~~ Provide that the fiscal year of the corporation and
 96 any authorized and approved ~~not-for-profit~~ subsidiary is from
 97 July 1 to June 30.

98 ~~(7)(5)~~ The affairs of the corporation shall be managed by a
 99 board of directors who shall serve without compensation. Each
 100 director shall have only one vote.

101 (a) The board of directors shall consist of:

102 1. The chair of the Board of Governors or the chair's
 103 designee.

104 2. The chair of the Board of Trustees of the University of
 105 West Florida or the chair's designee.

106 3. The President of the University of West Florida or the
 107 president's designee.

108 4. Three state university representatives.

109 5. Nine public representatives who are neither state
 110 university employees nor state employees.

111 (b) The Governor, the President of the Senate, and the
 112 Speaker of the House of Representatives shall each make one
 113 initial appointment of a state university representative to the
 114 board of directors. Each director who is a representative of a
 115 state university shall be appointed for an initial term of 3
 116 years. The Governor shall make three initial appointments of

1-00974-25 2025312__

117 public representatives to the board of directors. The President
 118 of the Senate and the Speaker of the House of Representatives
 119 shall each make two initial appointments of public
 120 representatives to the board of directors. The chair of the
 121 Board of Trustees of the University of West Florida shall make
 122 two initial appointments of public representatives to the board
 123 of directors. Each director who is a representative of the
 124 public shall be appointed to serve an initial term of 2 years.

125 (c) Upon the completion of the initial terms, a director
 126 appointed under paragraph (b) shall be appointed by a majority
 127 vote of the directors to an additional 3-year term.

128 (d) Any vacancy in office of a director appointed under
 129 paragraph (b) shall be filled for the remainder of the term by
 130 majority vote of the directors.

131 (e) Any director may be reappointed by a majority vote of
 132 the board of directors.

133 (f) The chair of the board of directors shall be selected
 134 by a majority vote of the directors, a quorum being present.

135 (8)~~(6)~~ No later than 30 days following approval of the
 136 corporation's articles of incorporation by the Board of
 137 Governors, the corporation shall enter into an affiliation
 138 agreement with the Board of Trustees of the University of West
 139 Florida for:

140 (a) The use or mutual provision of or participation in
 141 university programs or services, including use of the
 142 university's moneys, facilities, furnishings, equipment, other
 143 chattels, personnel, or services.

144 (b) The use of facilities and personnel for mutually
 145 approved teaching and research programs conducted by

146 universities or research institutes.

147 (c) The preparation of an annual postaudit of the
 148 corporation's financial accounts and the financial accounts of
 149 any authorized and approved not-for-profit subsidiary to be
 150 conducted by an independent certified public accountant. The
 151 annual audit report shall include management letters and be
 152 submitted to the Auditor General and the Board of Governors for
 153 review.

154 (d) Use of the facilities of the University of West
 155 Florida, including all furnishings, equipment, and other
 156 chattels used in the operation of those facilities.

157
 158 If the agreement between the corporation and the Board of
 159 Trustees of the University of West Florida is terminated, all
 160 property, including buildings, land, furnishings, equipment, and
 161 other chattels originally leased to the corporation, as well as
 162 any subsequently constructed or otherwise acquired facilities in
 163 connection with the operation of the institute, automatically
 164 reverts to full ownership by the University of West Florida.
 165 Such a reversionary interest of the state in all after-acquired
 166 facilities of the corporation is in furtherance of the goals of
 167 this section, and such a present ownership interest by the
 168 university is a continuing and insurable public interest.

169 (9)~~(7)~~ The corporation shall employ a chief executive
 170 officer to administer the affairs of the Florida Institute for
 171 Human and Machine Cognition, Inc. The chief executive officer
 172 shall be appointed by and serve at the pleasure of the board of
 173 directors. The chief executive officer shall exercise the
 174 following powers and duties, subject to the approval of the

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Education Postsecondary

BILL: SB 1624

INTRODUCER: Senator Calatayud

SUBJECT: Higher Education

DATE: March 7, 2025 REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |
|----|---------|----------------|-----------|------------------|
| 1. | Jahnke | Bouck | HE | Favorable |
| 2. | | | AHE | |
| 3. | | | FP | |

I. Summary:

SB 1624 modifies provisions related to higher education, workforce development, and regulation which focus on tuition and fee policies, educational programs, workforce training, and institutional operations. Relating to:

- Tuition and fees, the bill:
 - Requires state universities to establish a market rate out-of-state-fee for “nonresident online students.”
 - Shifts a Florida College System institution allocation of financial aid fees to assist underrepresented students instead of targeted gender or ethnic minorities.
 - Provides tuition and fee waivers for active Florida State Guard members.
 - Repeals the out-of-state fee waiver for nonresident students with a Florida resident grandparent.
- The Office of Ocean Economy at Florida Atlantic University, the bill expands office duties to include collaboration with career centers and the College of the Florida Keys and with education and industry to strengthen Florida’s maritime industry, and requires a catalog of ocean economy programs, credentialing opportunities, and training providers.
- The Graduation Alternative to Traditional Education (GATE) Program, the bill authorizes partnerships with online providers, modifies the age limit, removes a simultaneous enrollment requirement for secondary and career education, and expands uses of the GATE Startup Fund to support marketing and outreach efforts.
- Higher education governance and institutional changes, the bill:
 - Renames Hillsborough Community College to Hillsborough State College.
 - Removes the Board of Governors requirement to provide electronic access to degree job placement and earnings rankings.
 - Expands preeminent state research university eligibility by adding the Classical Learning Test (CLT) as an alternative to the SAT and ACT.
 - Eliminates reporting requirements on student open access resources and the performance of the annual host entity.

- Workforce development and career training, the bill:
 - Moves the apprenticeship and preapprenticeship report deadline from September 1 to November 30.
 - Reduces the Florida Gold Seal CAPE Scholars award credit hour requirement from 5 to 3 and sets a minimum 2.5 cumulative weighted grade point average (GPA).
 - Limits Prepping Institutions, Programs, Employers, and Learners through Incentives for Nursing Education (PIPELINE) Fund grants to healthcare industry-related programs.
- Policy research and oversight, the bill:
 - Authorizes the Office of Program and Policy Analysis and Government Accountability (OPPAGA) to contract with State University System institutions for assistance with policy analysis and research.
 - Authorizes the President of the University of Florida to appoint the Florida Center for Brain Tumor Research advisory council members.

Additionally, the bill replaces specific references to race, color, national origin, sex, disability, or marital status with “underrepresented populations,” and changes the name of the “Florida Educational Equity Act” to the “Florida Educational Equality Act.”

The bill is effective July 1, 2025.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Office of Program Policy Analysis and Government Accountability

Present Situation

The Office of Program Policy Analysis and Government Accountability (OPPAGA) is a research arm of the Florida Legislature. OPPAGA was created by the Legislature in 1994 to help improve the performance and accountability of state government. OPPAGA provides data, evaluative research, and objective analyses to assist legislative budget and policy deliberations. OPPAGA conducts research as directed by state law, the presiding officers, or the Joint Legislative Auditing Committee.¹

Effect of Proposed Changes

The bill modifies s. 11.52, F.S., by authorizing OPPAGA to develop contracts or agreements with State University System institutions to utilize the expertise of state university faculty and research staff to provide assistance in analysis and evaluative research.

Postsecondary Tuition and Fees

Present Situation

Residency Status for Tuition Purposes

Students must be classified as residents or nonresidents for the purpose of assessing tuition in postsecondary educational programs offered by public postsecondary institutions. Students pay differing tuition rates based on their status as a resident or nonresident of Florida.²

To qualify as a resident for tuition purposes, a person, or if that person is a dependent child, his or her parent or parents, must have established legal residence in Florida and must have maintained legal residence for at least 12 consecutive months immediately prior to his or her initial enrollment in the public postsecondary institution.³

Each public postsecondary institution must make a residency determination based on the submission of at least two forms of documentation specified in law.⁴

Tuition and Out-of-State Fees

Florida law defines “tuition” as the basic fee charged to a student for instruction provided by a public postsecondary educational institution in the state. A student who is classified as a resident for tuition purposes qualifies for the in-state tuition rate. An out-of-state fee is the additional fee for instruction charged to a student who does not qualify for the in-state tuition rate,⁵ unless these costs are exempted or waived.⁶

The resident undergraduate tuition rate for the State University System (SUS) is set at \$105.07 per credit hour.⁷ The SUS average tuition and out-of-state fee is \$570.01 per credit hour.

The BOG may establish tuition for graduate and professional programs and out-of-state fees for all programs for state universities. Except as otherwise provided, the sum of tuition and out-of-state fees assessed to nonresident students must be sufficient to offset the full instructional cost of serving such students. However, adjustments to out-of-state fees or tuition for graduate programs and professional programs may not exceed 15 percent in any year.⁸

The Florida College System (FCS) tuition rate for college credit courses is \$71.98 per credit hour, and the out-of-state fee is \$215.94 per credit hour. Baccalaureate degree program resident tuition is \$91.79 per credit hour, and the total tuition and out-of-state fee may not exceed 85 percent of the tuition and out-of-state fee of the nearest state university.⁹ If a career center offers

² Section 1009.21, F.S.

³ Section 1009.21(2)(a), F.S. This section also specifies other circumstances that may classify a person as a resident for tuition purposes.

⁴ Section 1009.21(3), F.S. Documentation includes, but is not limited to, a Florida voter registration card, Florida driver’s license, Florida vehicle registration, homestead exemption (which is a single, conclusive proof of residency), proof of full-time Florida employment, declaration of domicile, Florida incorporation, lease agreements, or utility bills.

college credit courses as a part of a career associate degree program, the standard tuition is also \$71.98 per credit hour, and the out-of-state fee is \$215.94 per credit hour.¹⁰

For non-college-credit career programs at career centers and FCS institutions, the standard tuition is \$2.33 per contact hour, and the out-of-state fee is \$6.99 per contact hour.¹¹ Each district school board or FCS institution board of trustees may adopt tuition and out-of-state fees that vary no more than 5 percent below or 5 percent above such fees.¹²

Additional Student Fees

Each FCS and SUS institution is authorized to charge additional student fees. Such fees may include activity, service, athletics, financial aid, technology, capital improvements, and other user fees and fines.¹³

Specifically, each FCS institution's board of trustees is authorized to establish a separate fee for financial aid purposes in an additional amount up to, but not to exceed, 5 percent of the total student tuition or out-of-state fees collected.¹⁴ Up to 25 percent or \$600,000, whichever is greater, of the financial aid fees collected may be used to assist students who demonstrate academic merit; who participate in athletics, public service, cultural arts, and other extracurricular programs as determined by the institution; or who are identified as members of a targeted gender or ethnic minority population.¹⁵

Tuition and Fee Waivers

To support access to higher education, school districts, each FCS institution and state university is authorized to provide a variety of tuition and fee waivers for eligible students. These waivers support individuals based on employment, military service, financial need, and other specific circumstances.¹⁶ These waivers include, but are not limited to, the following:¹⁷

- University Employees – Waiver for full-time employees of a state university for up to 6 credit hours per term on a space-available basis.
- Classroom Teachers – Waiver for full-time classroom teachers to enroll in up to 6 credit hours per term in undergraduate courses related to special education, mathematics, or science.
- Graduate Students in School Psychology Programs – Waiver for internship credit hours for graduate students completing internships in public schools under the supervision of a certified school psychologist.
- Dependents of Deceased First Responders – Waiver for spouses and children of first responders who died in the line of duty.
- Active-Duty Military Members – Waiver of out-of-state fees for active-duty service members residing or stationed outside Florida.

¹⁶ See Sections 1009.25, 1009.26, and 1009.265, F.S.

¹⁷ Section 1009.26, F.S.

- Grandparent Waiver – Waiver of out-of-state fees for students with a grandparent who is a Florida resident, provided the student achieves an SAT combined score no lower than the 89th national percentile or the concordant score on the ACT or Classic Learning Test (CLT), and enrolls full-time in an undergraduate program.

Additionally, FCS and SUS institutions are authorized to waive tuition and fees for full-time state employees. Eligible employees may enroll in up to six credit hours per term on a space-available basis, promoting professional development opportunities for state personnel.¹⁸

Effect of Proposed Changes

Residency Status for Tuition Purposes

The bill modifies s. 1009.21, F.S., by defining a “nonresident online student” as a person who is admitted to a Florida College System institution or state university as an online student and does not qualify for in-state tuition or fee rates.

Student Fees

The bill modifies s. 1009.23, F.S., by authorizing an FCS institution to allocate a portion of financial aid fees to assist underrepresented students rather than students who are members of a targeted gender or ethnic minority.

The bill also amends s. 1009.24, F.S., by requiring the out-of-state fee for nonresident online students to be based on market rates and must exceed the university’s current out-of-state fee.

Tuition and Fee Waivers

The bill amends s. 251.001, F.S., by providing tuition and fee waivers for active members of the Florida State Guard to enroll in a state university or Florida College System institution for up to 6 credit hours of courses per term on a space-available basis. This waiver is similar to the existing tuition and fee waiver available to state employees.

The bill amends s. 1009.26, F.S., by repealing the out-of-state fee waiver for nonresident students with a grandparent who is a Florida resident.

The Office of Ocean Economy

Present Situation

The maritime industry encompasses a wide range of interrelated activities such as shipping, shipbuilding, port operations, maritime logistics, fishing and aquaculture, offshore energy, and marine services. The maritime industry facilitates the movement of goods, connects markets, supports industries, and plays a vital role in sustainable development.

The U.S. marine economy plays a significant role in the national economy, contributing \$432 billion in gross domestic product (GDP) and supporting 2.3 million jobs across various industries. In 2021, the sector generated \$730 billion in sales, reflecting a 10.5 percent increase

¹⁸ Section 1009.265, F.S.

and demonstrating its substantial economic impact. Notably, the tourism and recreation sector experienced 27.3% growth (\$49.8 billion), underscoring the marine economy's vital role in driving business activity, sustaining employment, and supporting overall economic stability.¹⁹

Florida's marine economy plays a vital role in the state's economic landscape, supporting numerous businesses, jobs, and wages. As of the most recent data:²⁰

- There are 95,789 marine-related businesses operating in the state, contributing to economic activity across various sectors.
- The industry employs 768,000 workers, reflecting its significant impact on Florida's job market.
- These jobs provide a total of \$32.3 billion in wages, supporting livelihoods across the coastal and marine sectors.
- Florida's marine economy contributes \$46.4 billion to the state's GDP, demonstrating its importance in driving statewide economic growth.

The Office of Ocean Economy (office) is created within the State University System and housed at Florida Atlantic University. The office is created to connect the state's ocean and coastal resources to economic development strategies that grow, enhance, or contribute to the ocean economy.²¹

The duties of the office are to advance research, innovation, industry recruitment, funding, and workforce training to grow the ocean economy. The office is intended to foster collaboration among universities, colleges, and industry partners while maintaining an online inventory of research and resources. The office identifies economic challenges, supports commercialization, removes regulatory barriers, and expands financial opportunities. It also tracks job growth, wages, and business development while promoting Florida's role in the global ocean economy. Additionally, the office educates state and local entities on aligning economic growth with environmental sustainability.²²

Effect of Proposed Changes

The bill amends s. 288.036, F.S., by revising the duties of the Office of Ocean Economy at FAU. The bill expands the collaboration and coordination between the office and institutions.

Specifically the bill:

- Shifts from fostering relationships to actively collaborating and coordinating with institutions.
- Expands the scope of collaboration to include career centers and specifies collaboration with the College of the Florida Keys.

²¹ Section 288.036(2), F.S.

²² Section 288.036(3), F.S.

The bill adds "strengthening the workforce" as an explicit goal in identifying economic challenges and solutions within the ocean economy. This may broaden the office's role in addressing labor market demands alongside innovation, commercialization, and financial growth.

Additionally, the bill expands the office's online reporting requirements by requiring an inventory of programs related to the ocean economy, an evaluation of additional credentialing opportunities, and a list of institutions or training providers offering these credentials.

The bill requires the office to collaborate with public and private educational and industry organizations to make recommendations in:

- Strengthening employment opportunities in specific maritime sectors, including commercial fishing, fisheries and aquaculture, shipbuilding, and shipping.
- Expanding maritime education programs and launching a public awareness campaign.
- Increasing access to dual enrollment, preapprenticeship, apprenticeship, and work-study programs in both public and private institutions.
- Aligning regulatory frameworks for fishing and boat operations with workforce demand through coordination with the Fish and Wildlife Conservation Commission.

Furthermore, the bill clarifies the office must provide a detailed report on the economic benefits of its activities, and beginning August 1, 2026, the report must include recommendations related to workforce expansion and regulatory alignment.

Florida Center for Brain Tumor Research

Present Situation

In July 2006, the Florida legislature established the Florida Center for Brain Tumor Research (FCBTR), within the Evelyn F. and William L. McKnight Brain Institute of the University of Florida, in a coordinated effort among the state's public and private universities and hospitals and the biomedical industry to discover brain tumor cures and develop brain tumor treatment modalities.²³

The FCBTR serves as a collaborative, statewide resource, maintaining a biorepository of cancerous and non-cancerous brain tumor specimens, along with matched samples of DNA, plasma, serum, and cerebrospinal fluid. These samples are collected from patients who provide informed consent at various healthcare institutions across Florida. Professional research coordinators and tissue acquisition specialists facilitate the collection process, ensuring that valuable specimens and data are available for future research. The bank distributes materials to researchers both within Florida and beyond, supporting investigations into improved treatments and potential cures for brain tumors.²⁴

In addition to its biorepository functions, the FCBTR has awarded pilot funding to researchers throughout the state. This funding has led to the development of novel therapies currently being

²³ Section 381.853, F.S.

tested in clinical trials and has resulted in significant extramural funding and meaningful collaborations between public and private institutions in Florida.²⁵

The FCBTR operates under the guidance of a scientific advisory council, which includes biomedical researchers, physicians, clinicians, and representatives from public and private universities and hospitals. The council members are appointed by the Governor, Speaker of the House of Representatives, President of the Senate, and State Surgeon General. These members serve staggered 4-year terms and without compensation. The council meets at least annually to provide oversight and strategic direction.²⁶

Effect of Proposed Changes

The bill amends s. 381.853, F.S., to shift the appointment authority to the President of the University of Florida, in consultation with the dean of the University of Florida College of Medicine, to appoint the advisory council members for the Florida Center for Brain Tumor Research.

Assistive Technology Advisory Council

Present Situation

The Assistive Technology Advisory Council was established to ensure consumer involvement in the development, application, and distribution of assistive technology for individuals with disabilities. The council plays a critical role in statewide policy development, legislative advocacy, and the oversight of assistive technology programs to enhance accessibility and service delivery. Its responsibilities include reviewing consumer responsiveness, evaluating program effectiveness, and advising on resource allocation to improve assistive technology access across Florida.²⁷

The council is composed of members representing a diverse range of stakeholders, including individuals with disabilities, their family members, consumer advocacy organizations, business and industry representatives, and various state agencies involved in disability services. A majority of its members must be individuals with disabilities who are assistive technology consumers or their family members. Membership is also required to be geographically representative of the state and reflect diversity in race, ethnicity, gender, age, and disability type. Members are appointed by the Commissioner of Education and serve terms of up to three years, with a limit of two consecutive terms. A member who has served two terms may be reappointed after a three-year break, ensuring opportunities for new voices while maintaining institutional knowledge.²⁸

Effect of Proposed Changes

The bill modifies s. 413.407, F.S., by removing diversity, race, ethnicity, gender, and age from the requirement that the Assistive Technology Advisory Council members be representative of

²⁵ Florida Center for Brain Tumor Research, College of Medicine, University of Florida, *About Us*, <https://fcbtr.ufl.edu/about-us/> (last visited Mar. 4, 2025).

the state's population. The bill also increases the term limit of council members from 3 to 5 years.

Apprenticeship Training Programs

Present Situation

Apprenticeship training provides educational opportunities for individuals to develop skills for trades, occupations, and professions that align with their abilities. These programs promote hands-on training in occupations requiring physical manipulative skills by expanding job training opportunities and strengthening coordination between academic programs, career programs, and registered apprenticeships. By combining on-the-job training with related classroom instruction, apprenticeship programs help individuals gain practical experience while enhancing their knowledge and expertise.

Efforts to support apprenticeship training include establishing preapprenticeship programs within the public school system, expanding existing registered programs, and developing new programs in occupations that are well-suited for apprenticeship. Oversight of these programs ensures the adoption of uniform minimum standards, assists educational institutions in developing preapprenticeship opportunities, and upholds the quality of training through program promotion, registration, monitoring, and enforcement of standards.²⁹

The established uniform minimum standards and policies governing apprenticeship and preapprenticeship programs ensure training providers submit necessary performance data while maintaining quality training standards. These standards regulate apprentice employment and training conditions, including ratios of apprentices to journeyworkers, safety measures, related instruction, and on-the-job training. An annual report is published by September 1 detailing registered programs, expenditures, program completion rates, wage progression, and public engagement efforts. It also assists district school boards, Florida College System institutions, program sponsors, and workforce development boards in promoting apprenticeship opportunities to students, parents, and the community.³⁰

Apprenticeship and preapprenticeship programs must meet established standards to be registered and maintained, ensuring compliance through monitoring and investigation of complaints. Programs that fail to adhere to standards or refuse to cooperate with oversight efforts may have their registration canceled. The development and expansion of apprenticeship opportunities are supported through outreach initiatives, including efforts to educate veterans on career pathways. Local apprenticeship sponsors receive assistance in developing training standards, and registered programs are encouraged to grant credit to individuals who have completed preapprenticeship programs. Apprenticeship programs must operate in compliance with all applicable standards, with minority and gender diversity considered in their administration.³¹

²⁹ Section 446.011, F.S.

³⁰ Section 446.032, F.S.

³¹ Section 446.041, F.S.

Effect of Proposed Changes

The bill modifies s. 446.032, F.S., by changing the required publishing date of the annual report on apprenticeship and preapprenticeship programs from September 1 to November 30.

The bill amends s. 446.041, F.S., by removing the term “minority and gender diversity” and replacing it with “underrepresented groups” to be considered in the administration of apprenticeship and preapprenticeship training programs.

Florida Educational Equity Act

Present Situation

The Florida Educational Equity Act³² (FEEA) requires equal access to, and prohibits discrimination against, any student or employee of the state’s K-20 public education system on the basis of race, ethnicity, gender, national origin, disability, religion, or marital status.³³ No individual may, on such bases, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any public K-20 education program or activity, or in any employment conditions or practices, conducted by a public educational institution that receives or benefits from federal or state financial assistance.³⁴ Additionally, the prohibition on discrimination extends to participation in any interscholastic, intercollegiate, club, or intermural athletics offered by a public K-20 educational institution, and no K-20 education institution may provide athletics separately on such basis, except as provided by law.³⁵ Further, the FEEA expressly requires that any discrimination motivated by anti-Semitic³⁶ intent be treated in an identical manner to discrimination motivated by race.³⁷

Public schools and Florida College System (FCS) institutions must develop and implement strategies to increase participation among students of a particular race, color, national origin, sex, disability, or marital status in programs where they have been traditionally underrepresented. These efforts apply to fields such as mathematics, science, computer technology, electronics, communications technology, engineering, and career education to promote greater diversity and inclusion.³⁸

³² Section 1000.05(1), F.S.

³³ Section 1000.05(2)(a), F.S.

³⁴ *Id.* Students may be separated for permissible single gender programs, for portions of a class that deals with human reproduction, or during participation in bodily contact sports. Section 1000.05(2)(d), F.S. All K-20 public education classes and guidance services must be made available to students without regard to any of the bases described above. Section 1000.05(2)(c) and (e), F.S.

³⁵ Section. 1000.05(3)(a), F.S. Public K-20 educational institutions are authorized to maintain separate teams for members of each gender or based on ability in certain circumstances. Section. 1000.05(3)(b)-(c), F.S. It is the responsibility of the Board of Governors and the Commissioner of Education to determine whether equal athletic opportunities are provided for both genders at state universities and in school districts and Florida College Systems, respectively. Section 1000.05(3)(d), F.S.

³⁶ For purposes of this section, the term “anti-Semitism” includes a certain perception of the Jewish people, which may be expressed as hatred toward Jewish people, rhetorical and physical manifestations of anti-Semitism directed toward a person, his or her property, or toward Jewish community institutions or religious facilities. Section 1005.05(7), F.S. The FEEA also lists examples of anti-Semitism. Section 1000.05(7)(a)-(b), F.S.

³⁷ Section 1000.05(7), F.S.

³⁸ Section 1000.05(5), F.S.

The FEEA is implemented by the Board of Governors through regulations³⁹ and rules adopted by the State Board of Education (SBE).⁴⁰ Additionally, the Office of Equal Educational Opportunity (OEEO), within the Department of Education (DOE), serves implementation functions including, but not limited to, the following:⁴¹

- Requiring all district school boards and FCS institution boards of trustees to develop and submit plans for the implementation of the FEEA to the DOE.
- Requiring all district school boards and Florida College System institution boards of trustees to submit data and information necessary to determine compliance with the FEEA.
- Developing and implementing enforcement mechanisms with appropriate penalties to ensure that public K-12 schools and Florida College System institutions comply with Title IX of the Education Amendments of 1972 and the FEEA.
- Reporting to the Commissioner of Education any district school board or FCS institution board of trustees found to be out of compliance with the FEEA or the rules implementing the FEEA.

The SBE is responsible for ensuring compliance with its rules by district school boards and FCS institution boards of trustees. If a board is found to be out of compliance, the Commissioner of Education must report the violation, and the SBE may impose penalties, including declaring the institution ineligible for competitive state grants and directing the Chief Financial Officer to withhold general revenue funds until compliance is achieved. The institution remains ineligible for funding until it either meets compliance requirements or the SBE approves a corrective plan.

The FEEA provides a cause of action for anyone aggrieved by a violation of the FEEA. Such an individual is authorized to seek equitable relief and, should he or she prevail, he or she may be awarded reasonable attorney fees and court costs.⁴²

Effect of Proposed Changes

The bill amends s. 1000.05, F.S., by renaming the “Florida Educational Equity Act” to the “Florida Educational Equality Act”. The bill changes the term “gender” to “sex” and removes the term “particular race, color, national origin, sex, disability or marital status” and replaces it with “underrepresented.”

Additionally, the bill removes the specific reporting duty of the OEEO and the penalties for non-compliance in favor of requiring the Commissioner of Education and State Board of Education to utilize their enforcement authority already specified in law.

Hillsborough Community College

Present Situation

Hillsborough Community College (HCC) opened in 1968 as “Hillsborough Junior College.”⁴³ In 1970, the college’s name was changed to Hillsborough Community College to better reflect its community orientation and involvement.⁴⁴ HCC is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACS) to award associate and baccalaureate degrees.⁴⁵ HCC offers a baccalaureate degree in nursing.

Florida College System Institution Name Change

With the approval of its board of trustees, a Florida College System (FCS) institution may change the institution’s name and use the designation “college” or “state college” if it has been authorized by the SBE to grant baccalaureate degrees and has been accredited as a baccalaureate-degree-granting institution by an accrediting agency or association recognized by the United States Department of Education (USDOE).⁴⁶

With the approval of its board of trustees, an FCS institution that either has not been authorized to grant baccalaureate degrees or has not been accredited as a baccalaureate-degree-granting institution by an accrediting agency or association recognized by the USDOE may request approval from the SBE to change the institution’s name and use the designation “college.”⁴⁷ The SBE may approve the request if the FCS institution enters into an agreement with the SBE to do the following:

- Maintain as its primary mission responsibility for responding to community needs for postsecondary academic education and career degree education.
- Maintain an open-door admissions policy for associate-level degree programs and workforce education programs.
- Continue to provide outreach to underserved populations.
- Continue to provide remedial education.
- Comply with all provisions of the statewide articulation agreement that relate to 2-year and 4-year public degree-granting institutions as adopted by the SBE.

A district board of trustees that approves a change to the name of an institution must seek statutory codification of such name change during the next regular legislative session.⁴⁸

Effect of Proposed Changes

The bill amends s. 1000.21, F.S., to change the name of “Hillsborough Community College” to “Hillsborough State College”.

Board of Governors

Present Situation

The State University System (SUS) is composed of 12 public universities,⁴⁹ each administered by a board of trustees. The Board of Governors (BOG) is responsible for operating, regulating, and managing the entire SUS.⁵⁰ It also ensures compliance with all applicable local, state, and federal laws governing the institutions under its jurisdiction.⁵¹

Additionally, the BOG oversees cost-effective policy decisions at each constituent university, ensuring alignment with institutional missions, the maintenance of high-quality education programs, performance measurement, data reporting, and input on state policy, budgeting, and education standards.⁵² To fulfill these responsibilities, the BOG carries out key functions, including:⁵³

- Developing strategic and accountability plans with performance metrics for universities.
- Requiring universities to provide students with employment and earnings data for degree programs.⁵⁴
- Maintaining an information system to track and report institutional performance.
- Investigating allegations of waste, fraud, or financial mismanagement at state universities.
- Authorizing regulatory flexibilities and waivers to support institutional priorities.
- Monitoring and improving four-year graduation rates through institutional proposals.
- Matching student data with state and federal employment records to assess program effectiveness.

MyFloridaFuture is a free online tool, developed by the SUS, that helps students, parents, and policymakers make more informed decisions about college and career planning. This interactive tool allows users to explore data related to graduate salary, employment, and student debt by institution or major at both the statewide and individual institution levels.⁵⁵

Effect of Proposed Changes

The bill modifies s. 1001.706, F.S., by removing the requirement for the Board of Governors to provide electronic access to data on the top 25 percent of degrees with the highest job placement and earnings and the bottom 10 percent of degrees with the lowest job placement and earnings before registration.

Preeminent State Research Universities Program

Present Situation

The preeminent state research universities program is a collaborative partnership between the Board of Governors (BOG) and the Legislature to raise the academic and research preeminence of the highest performing state research universities in Florida.⁵⁶ A state university that meets 12 of the 13 academic and research excellent standards specified in law is designated a “preeminent state research university.”⁵⁷ Currently, the University of Florida, Florida State University, University of South Florida, and Florida International University are designated as preeminent state research universities.⁵⁸

The following are the academic and research excellence standards established for the preeminent state research universities program and must be reported annually in the BOG Accountability Plan:⁵⁹

- An average weighted grade point average (GPA) of 4.0 or higher and an average SAT score of 1200 or higher or an average ACT score of 25 or higher for fall semester incoming freshmen.
- A top-50 ranking on at least two well-known national public university rankings, such as U.S. News & World Report.
- A 90% or higher freshman retention rate for full-time, first-time-in-college students.
- A 60% or higher four-year graduation rate for full-time, first-time-in-college students.
- At least six faculty members who are members of a national academy.
- Total annual research expenditures of \$200 million or more, including federal research funding.
- Annual research expenditures in diversified nonmedical sciences of \$150 million or more.
- A top-100 national ranking for research expenditures in five or more STEM fields.
- At least 100 patents awarded by the U.S. Patent and Trademark Office over the most recent three-year period.
- 400 or more doctoral degrees awarded annually, including professional doctoral degrees in medical and health care disciplines.
- 200 or more postdoctoral appointees annually.
- An endowment of \$500 million or more.
- Total annual STEM-related research expenditures of \$50 million or more, including federal research funding.

Effect of Proposed Changes

The bill amends s. 1001.7065, F.S., by expanding the standardized test options used to meet the academic and research excellence standards for the preeminent state research universities

Emergency Opioid Antagonists

Present Situation

Each Florida College System institution and state university must maintain a supply of emergency opioid antagonists,⁶⁰ such as naloxone hydrochloride or any similarly acting drug approved by the United States Food and Drug Administration (FDA), in every residence hall or dormitory it owns or operates. These emergency opioid antagonists must be placed in clearly marked locations within each residence hall or dormitory and must be easily accessible to campus law enforcement officers trained in their administration. Public and private partnerships are encouraged to cover the costs associated with purchasing and placing these emergency opioid antagonists.⁶¹

Campus law enforcement officers who are trained and administer or attempt to administer an emergency opioid antagonist in compliance with applicable laws, as well as the institution that employs such officers, are immune from civil or criminal liability.⁶²

Effect of Proposed Changes

The bill amends s. 1004.0971, F.S., by removing the specific reference to “naloxone hydrochloride or any similarly acting” drug and instead broadly defining an emergency opioid antagonist as any FDA-approved drug that blocks the effects of opioids and is used for opioid overdose treatment.

Graduation Alternative to Traditional Education Program

Present Situation

Created within the Department of Education, the Graduation Alternative to Traditional Education (GATE) Program offers a unique opportunity for students who have left high school to get back on track. Designed for students aged 16 to 21, GATE provides a pathway to earn valuable career education credentials while also completing a standard high school diploma or its equivalent.⁶³

Through the GATE program, students can enroll in a Career and Technical Education (CTE) program and an Adult Secondary Education (ASE) program simultaneously. Eligible ASE programs include Adult High School or GED® Preparation. Participants will work towards earning both a high school diploma and a credential from a Career Education Program on the

⁶⁰ Section 1004.0971(1)(b), F.S., defines an “emergency opioid antagonist” as naloxone hydrochloride or any similarly acting drug that blocks the effects of opioids administered from outside the body and that is approved by the United States Food and Drug Administration for the treatment of an opioid overdose.

Master Credential list in their chosen career field.⁶⁴ Students have up to three years to complete the GATE Program.⁶⁵

To be eligible for participation in the GATE Program, a student must:⁶⁶

- Not have earned a standard high school diploma or a high school equivalency diploma before enrolling in the GATE Program;
- Have been withdrawn from high school;
- Be a resident of the state for tuition purposes;
- Be 16 to 21 years of age at the time of initial enrollment, and if 16 or 17 years of age, have withdrawn from school enrollment pursuant to certain requirements and safeguards;⁶⁷
- Select the adult secondary education program and career education program of his or her choice at the time of admission to the GATE Program, provided that the career education program is included on the Master Credentials List. The student must remain in their chosen pathway after enrollment, except that, if necessary, the student may enroll in an adult basic education program prior to enrolling in the adult secondary education program;
- Maintain a 2.0 grade point average (GPA) for career and technical education coursework; and
- Complete the adult secondary education program and the career education program within three years unless the institution determines that an extension is warranted due to extenuating circumstances.

GATE Startup Grant Program

The GATE Startup Grant Program is established within the Department of Education (department) to fund and support the startup and implementation of the GATE Program. The purpose of the grant program is to increase access to programs that support adult learners earning a high school credential, either a high school diploma or its equivalent, and a workforce credential aligned to statewide or regional demand. The department is required to administer the grants, determine eligibility, and distribute grant awards.⁶⁸

Applicants eligible to apply for the GATE Startup Grant Program must meet the definition of an “institution”⁶⁹ and must be located in or serve a rural area of opportunity as designated by the Governor. Rural Areas of Opportunity (RAO) are areas designated by the Governor that have been adversely affected by an extraordinary economic event, severe or chronic distress, or a natural disaster.⁷⁰

⁶⁹ Section 1011.804(2), F.S. The term “institution” means a school district career center established under s. 1001.44, a charter technical career center established under s. 1002.34, or a Florida College System institution identified in s. 1000.21 which offers the GATE Program pursuant to s. 1004.933.

⁷⁰ Section 288.0656(d), F.S.

Florida’s designated RAOs are:⁷¹

- Northwest Rural Area of Opportunity: Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Liberty, Wakulla, and Washington Counties, and the area within the city limits of Freeport and Walton County north of the Choctawhatchee Bay and intercostal waterway.
- South Central Rural Area of Opportunity: DeSoto, Glades, Hardee, Hendry, Highlands, and Okeechobee counties, and the cities of Pahokee, Belle Glade, and South Bay (Palm Beach County) and Immokalee (Collier County).
- North Central Rural Area of Opportunity: Baker, Bradford, Columbia, Dixie, Gilchrist, Hamilton, Jefferson, Lafayette, Levy, Madison, Putnam, Suwannee, Taylor and Union.

Grant funds may be used for planning activities and other expenses associated with the creation of the GATE Program, such as expenses related to program instruction, instructional equipment, supplies, instructional personnel, and student services. Grant funds may not be used for indirect costs. Grant recipients must submit an annual report in a format prescribed by the department.⁷²

Effect of Proposed Changes

The bill amends s. 1004.933, F.S., by authorizing an institution to enter into an agreement with an online provider for the adult education or career instruction portion of the GATE Program, provided the provider’s instructional content and services align with the state career and adult education curriculum frameworks.

The bill also modifies the age requirement at initial enrollment, changing it from “16 to 21” to “at least 16” years old. Additionally, it clarifies that students are not required to enroll in adult secondary and career education program coursework simultaneously with the GATE Program, but maintains the three-year completion requirement.

The bill amends s. 1011.804, F.S., by expanding the authorized use of the GATE Startup Fund. Specifically, it authorizes institutions with existing GATE Programs located in or serving an RAO to apply for grant funds exclusively for marketing and outreach efforts to increase student participation. Additionally, all grant recipients are authorized to use funds for these purposes.

Florida Postsecondary Academic Library Network

Present Situation

The Florida Postsecondary Academic Library Network (Network) is administered by the Florida Virtual Campus (FLVC), which operates under the Northwest Regional Data Center (NWRDC), an affiliate of Florida State University.⁷³ The Network provides academic support services to Florida College System (FCS) institutions and state universities, including access to distance learning courses, coordination of online academic resources, and administration of a shared library automation system. Additionally, it negotiates statewide licensing agreements for

electronic library resources and promotes the use of low-cost and open-access educational materials to reduce textbook costs for students.⁷⁴

The Student Open Access Resources Repository is a statewide searchable database of open educational resources curated by faculty members from FCS institutions and state universities. It is designed to expand access to free and low-cost instructional materials and support the development of faculty-created content. The repository is based on the statewide course numbering system and aims to accelerate textbook affordability. Institutions receiving grant funds for open educational resources must openly license and share materials developed using these funds by adding them to the repository.⁷⁵

The Network is administered by a host entity responsible for delivering statewide academic support services. This host entity must submit an annual report by December 31 to the Chancellors of the State University System and Florida College System. The report includes data on the usage of open educational resources, the number and types of courses in the repository, and grant fund distributions. Additionally, the Chancellors must submit an annual performance report on the host entity's service delivery to the Governor, the Legislature, the Board of Governors, and the State Board of Education. The Board of Governors and the Department of Education are also required to include any necessary funding increases for these services in their legislative budget requests.⁷⁶

Effect of Proposed Changes

The bill amends s. 1006.73, F.S., by removing certain reporting requirements related to the Student Open Access Resources Repository, which is no longer funded. Specifically, it eliminates the requirement to report the number and types of courses included in the repository and data on the utilization of the repository and open educational resources by FCS institutions and state universities.

The bill removes the requirement for the Chancellors of the SUS and the FCS to submit an annual performance report on the host entity's delivery of services. It also eliminates the requirement for the BOG and the DOE to include any necessary funding increases for these services in their annual legislative budget requests.

Additionally, the bill removes an obsolete provision that required the Commissioner of Education and the Chancellor of the BOG to submit a joint recommendation on expanding access to postsecondary distance learning, student support services, and library assets for school district career centers and charter technical career centers.

College Reach-Out Program

Present Situation

The College Reach-Out Program (CROP) was established in 1983 to motivate and prepare students in grades 6–12 from low-income educationally disadvantaged backgrounds towards

⁷⁶ Section 1006.73(5), F.S.

pursuing and successfully completing postsecondary education. Participants are students who otherwise would be unlikely to seek admission to a postsecondary institution without additional support and recruitment efforts.

Effect of Proposed Changes

The bill modifies s. 1007.34, F.S., by replacing the term “minority” with “underrepresented” in references to the student population within the College Reach-Out Program.

Florida Partnership for Minority and Underrepresented Student Achievement

Present Situation

The Florida Partnership for Minority and Underrepresented Student Achievement was established to prepare, inspire, and connect students to postsecondary success and opportunity, with a particular focus on minority students and students who are underrepresented in postsecondary education.⁷⁷

Each public high school, including alternative sites and centers of the Department of Juvenile Justice, must provide for the administration of the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) or the PreACT to all 10th-grade students. A written notice must be provided to parents, including the opportunity to exempt their child from taking the assessment.⁷⁸

The partnership is responsible for identifying students for participation in advanced courses, providing information to students and parents regarding available opportunities, and explaining enrollment procedures. This information must include details on the benefits of advanced coursework in preparing students for postsecondary education, increasing access to postsecondary opportunities, and qualifying for scholarships and financial aid.⁷⁹

The partnership must coordinate efforts to expand student access to advanced coursework, including working with school districts, the Florida Virtual School, and Florida College System (FCS) institutions and state universities to develop advanced courses and provide instructional support.⁸⁰ It must also provide assessment tools to evaluate student strengths and weaknesses related to success in advanced coursework.⁸¹

Effect of Proposed Changes

The bill amends s. 1007.35, F.S., by renaming the “Florida Partnership for Minority and Underrepresented Student Achievement” to the “Florida Partnership for Underrepresented Student Achievement.” The bill removes the partnership’s specific focus on minority students, broadening its scope to all underrepresented student populations.

⁸⁰ Section 1007.35(6)(g) and (l), F.S.

⁸¹ Section 1007.35(6)(d), F.S.

The bill also provides legislative intent recognizing the value of career pathways beyond traditional college access, including vocational and trade schools, and emphasizes the importance of incentivizing high school programs that prepare students for those career paths.

Additionally, the bill removes requirements for the partnership to:

- Provide teacher training, professional development, and instructional materials.
- Consider ways to incorporate FCS institutions into its mission of preparing all students for postsecondary success.
- Cooperate with the DOE to provide information on partnership activities, opportunities, and priorities.

The bill also makes conforming provisions to s. 1007.27, F.S., related to the Florida Partnership for Minority and Underrepresented Student Achievement.

Florida Gold Seal Career and Professional Education (CAPE) Scholars Award

Present Situation

The Florida Gold Seal CAPE Scholars Award, established within the Bright Futures Scholarship Program, supports students who complete industry certifications that articulate for postsecondary credit.⁸²

To qualify, students must earn at least five postsecondary credit hours through CAPE industry certifications and complete at least 30 volunteer hours or 100 hours of paid work.⁸³ This scholarship provides funding for career-focused postsecondary programs, including technical degrees, applied technology diplomas, or career certificates, and may extend to bachelor's degree programs in specific articulated pathways.⁸⁴

Effect of Proposed Changes

The bill amends s. 1009.536, F.S., by modifying the eligibility requirements for the Florida Gold Seal CAPE Scholars award. Specifically, the bill reduces the required minimum postsecondary credit hours earned through CAPE industry certifications from 5 to 3 and adds a requirement that students earn a minimum cumulative weighted grade point average (GPA) of 2.5 in all subjects required for high school graduation, excluding electives.

The bill also expands eligibility by allowing students who complete the GATE Program to apply for the award before or within three months of completion.

Prepping Institutions, Programs, Employers, and Learners through Incentives for Nursing Education (PIPELINE) Fund

Present Situation

The PIPELINE Fund is a performance-based funding initiative designed to reward public postsecondary nursing education programs for their excellence and effectiveness.⁸⁵ The fund provides allocations to eligible institutions, school district career centers, charter technical career centers, Florida College System institutions, and state universities,⁸⁶ based on two key performance metrics:⁸⁷

- Number of program completers; and
- First-time passage rate on the National Council of State Boards of Nursing Licensing Examination (NCLEX).

Programs with first-time NCLEX passage rates above the national average receive additional rewards.⁸⁸

Effect of Proposed Changes

The bill modifies s. 1009.897, F.S., by specifying that funds under the PIPELINE Fund must be used for healthcare industry-related programs.

Contracting for Educational Facilities

Present Situation

Governing boards overseeing educational facilities, including district school boards, Florida College System institution boards of trustees, and state university boards of trustees, must competitively bid construction, remodeling, renovation, demolition, or improvement projects and award contracts to the lowest responsible bidder once funds are available and project plans are approved.⁸⁹

Boards are authorized to allocate up to 10 percent of capital project funds exclusively for contracts with minority business enterprises, which are competitively bid only among qualifying businesses to address the effects of past discriminatory practices.⁹⁰ To ensure compliance and contractor qualifications, boards must also prequalify bidders and require that contractors hold the appropriate certificates or licenses before awarding any construction contract.⁹¹ This statutory framework is designed to maintain fair competition, emergency flexibility, and equitable contracting practices while ensuring adherence to licensing and safety regulations.

⁹⁰ Section 1013.46(1)(c), F.S.

⁹¹ Section 1013.46(2), F.S.

Effect of Proposed Changes

The bill amends s. 1013.46, F.S., by removing the provision related to the option of setting aside 10 percent of allocated funds for construction contracts with minority business enterprises.

The bill is effective July 1, 2025.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

B. Private Sector Impact:

None.

C. Government Sector Impact:

Should the Office of Program Policy Analysis and Government Accountability develop contracts with institutions in the State University System, it may result in a revenue increase for the institutions. However, it may result in a cost to the state.

Requiring state universities and Florida College System institutions to waive tuition and fees for active members of the Florida State Guard would result in a revenue loss for the institutions.

Hillsborough Community College may have costs associated for their name change, such as those related to signage, publication, documentation, advertising, and other related items.

There would be a fiscal impact on any institution participating in the Graduation Alternative to Traditional Education Program (GATE) Program that chooses to enter into an agreement with an online provider for the adult education or career instruction portion of the program. In addition, there would be a negative fiscal impact on the Florida Gold Seal CAPE Scholars award by expanding it to GATE Program completers. Eliminating the 21-year-old age cap would likely expand the number of GATE Program participants. However, this waiver is subject to the availability of funds.

Repealing the grandparent out-of-state fee waiver has an indeterminate fiscal impact on institutions. It is unclear whether the students will choose to pay the out-of-state fees or withdraw from the school.

499 established under s. 1002.34, or a Florida College System
500 institution identified in s. 1000.21. Any such institution may
501 enter into an agreement with an online provider for the adult
502 education or career instruction portion of the program if such
503 provider offers instructional content and services that align
504 with the state career and adult education curriculum frameworks.

505 (4) PAYMENT WAIVER; ELIGIBILITY.—

506 (b) To be eligible for participation in the GATE Program, a
507 student must:

508 1. Not have earned a standard high school diploma pursuant
509 to s. 1003.4282 or a high school equivalency diploma pursuant to
510 s. 1003.435 before enrolling in the GATE Program;

511 2. Have been withdrawn from high school;

512 3. Be a resident of this state as defined in s. 1009.21(1);

513 4. Be at least 16 ~~to 21~~ years of age at the time of initial
514 enrollment, provided that a student who is 16 or 17 years of age
515 has withdrawn from school enrollment pursuant to the
516 requirements and safeguards in s. 1003.21(1)(c);

517 5. Select the adult secondary education program and career
518 education program of his or her choice at the time of admission
519 to the GATE Program, provided that the career education program
520 is included on the Master Credentials List under s. 445.004(4).
521 The student is not required to enroll in adult secondary and
522 career education program coursework simultaneously. The student

 531 enrollment unless the institution determines that an extension
 532 is warranted due to extenuating circumstances.

533 Section 14. Subsections (5) and (7) of section 1006.73,
 534 Florida Statutes, are amended to read:

535 1006.73 Florida Postsecondary Academic Library Network.—

536 (5) REPORTING.—

537 ~~(a)~~ By December 31 each year, the host entity shall submit
 538 a report to the Chancellors of the State University System and
 539 the Florida College System regarding the implementation and
 540 operation of all components described in this section,
 541 including, but not limited to, all of the following:

542 (a)1- Usage information collected under paragraph (2) (c) .

543 (b)2- Information and associated costs relating to the
 544 services and functions of the program.

545 (c)3- The implementation and operation of the automated
 546 library services.

547 (d)4- The number and value of grants awarded under
 548 paragraph (4) (d) and the distribution of those funds.

549 ~~5. The number and types of courses placed in the Student
 550 Open Access Resources Repository.~~

551 ~~6. Information on the utilization of the Student Open~~

552 ~~Access Resources Repository and utilization of open educational~~
 553 ~~resources in course sections, by Florida College System~~
 554 ~~institution and state university.~~

555 ~~(b) The Chancellors will provide an annual report on the~~
 556 ~~performance of the host entity in delivering the services and~~
 557 ~~any recommendations for changes needed to this section to the~~
 558 ~~Governor, the President of the Senate, the Speaker of the House~~
 559 ~~of Representatives, the Board of Governors, and the State Board~~
 560 ~~of Education. The Board of Governors and the Department of~~
 561 ~~Education shall include any necessary funding increases in their~~
 562 ~~annual legislative budget requests.~~

563 ~~(7) RECOMMENDATION ON OTHER EDUCATIONAL INSTITUTIONS TO BE~~
 564 ~~INCLUDED WITHIN THE FLORIDA POSTSECONDARY ACADEMIC LIBRARY~~
 565 ~~NETWORK. By June 1, 2022, the Commissioner of Education and the~~
 566 ~~Chancellor of the Board of Governors shall provide a joint~~
 567 ~~recommendation for a process by which school district career~~
 568 ~~centers operated under s. 1001.44 and charter technical career~~
 569 ~~centers under s. 1002.34 would access appropriate postsecondary~~

 571 ~~described in this section. The recommendation must include an~~
 572 ~~analysis of the resources necessary to expand access and assets~~
 573 ~~to centers and their students.~~

574 Section 15. Paragraph (d) of subsection (5) and paragraph
 575 (c) of subsection (7) of section 1007.34, Florida Statutes, are
 576 amended to read:

577 1007.34 College reach-out program.—

578 (5) In selecting proposals for approval, the State Board of
 579 Education shall give preference to:

580 (d) A program that includes innovative approaches, provides

38-00772A-25

581 a great variety of activities, and includes a large percentage
 582 of low-income educationally disadvantaged and underrepresented
 583 ~~minority~~ students in the college reach-out program.

584 (7) A proposal must contain the following information:

585 (c) An identification of existing programs for enhancing
 586 the academic performance of ~~minority and~~ low-income
 587 educationally disadvantaged and underrepresented students for
 588 enrollment in postsecondary education.

589 Section 16. Section 1007.35, Florida Statutes, is amended
 590 to read:

591 1007.35 Florida Partnership for ~~Minority and~~
 592 Underrepresented Student Achievement.-

593 (1) This section may be referred to by the popular name the
 594 "Florida Partnership for ~~Minority and~~ Underrepresented Student
 595 Achievement Act."

596 (2) (a) The Legislature recognizes the importance of not
 597 only access to college but also success in college for all
 598 students. It is the intent of the Legislature that every student
 599 enrolled in a public secondary school has access to high-
 600 quality, rigorous academics, with a particular focus on access
 601 to advanced courses. The Legislature also recognizes the
 602 importance of other career pathways, such as vocational and
 603 trade schools, and the importance of incentivizing the
 604 availability of high school programs to prepare students for
 605 those career paths.

606 (b) It is the intent of the Legislature to provide
 607 assistance to all public secondary schools, with a primary focus
 608 on low-performing middle and high schools.

609 ~~(c) It is the intent of the Legislature that the~~

38-00772A-25

20251624

610 ~~partnership created in this section accomplish its mission~~
 611 ~~primarily through strengthening the content knowledge of~~
 612 ~~teachers and providing instructional resources, including~~
 613 ~~materials and strategies, which enable teachers to provide~~
 614 ~~instruction to students who have diverse learning styles.~~

615 (3) There is created the Florida Partnership for Minority
 616 ~~and~~ Underrepresented Student Achievement. The Department of
 617 Education may contract for operation of the partnership.

618 (4) The mission of the partnership is to prepare, inspire,
 619 and connect students to postsecondary success and opportunity,
 620 with a particular focus on ~~minority students and~~ students who
 621 are underrepresented in postsecondary education.

622 (5) Each public high school, including, but not limited to,
 623 schools and alternative sites and centers of the Department of
 624 Juvenile Justice, shall provide for the administration of the
 625 Preliminary SAT/National Merit Scholarship Qualifying Test
 626 (PSAT/NMSQT), or the PreACT to all enrolled 10th grade students.
 627 However, a written notice shall be provided to each parent which
 628 must include the opportunity to exempt his or her child from
 629 taking the PSAT/NMSQT or the PreACT.

630 (a) Test results will provide each high school with a
 631 database of student assessment data which certified school
 632 counselors will use to identify students who are prepared or who
 633 need additional work to be prepared to enroll and be successful
 634 in advanced high school courses.

635 (b) Funding for the PSAT/NMSQT or the PreACT for all 10th
 636 grade students shall be contingent upon annual funding in the
 637 General Appropriations Act.

638 (c) Public school districts must choose either the

639 PSAT/NMSQT or the PreACT for districtwide administration.

640 (6) The partnership shall:

641 (a) ~~Provide teacher training and professional learning to~~
 642 ~~enable teachers of advanced courses to have the necessary~~
 643 ~~content knowledge and instructional skills to prepare students~~
 644 ~~for success on assessments developed pursuant to s. 1007.27(2)~~
 645 ~~and mastery of postsecondary general education core courses.~~

646 ~~(b) Provide to middle school teachers and administrators~~
 647 ~~professional learning that will enable them to educate middle~~
 648 ~~school students at the level necessary to prepare the students~~
 649 ~~to enter high school ready to participate in advanced courses.~~

650 ~~(c) Provide teacher training and materials that are aligned~~
 651 ~~with the state standards and are consistent with best theory and~~
 652 ~~practice regarding multiple learning styles and research on~~
 653 ~~learning, instructional strategies, instructional design, and~~
 654 ~~classroom assessment. Curriculum materials must be based on~~
 655 ~~current, accepted, and essential academic knowledge.~~

656 ~~(d) Provide assessment of individual strengths and~~
 657 ~~weaknesses as related to potential success in advanced courses~~
 658 ~~and readiness for college.~~

659 (b)(e) Provide college entrance exam preparation through a
 660 variety of means that may include, but are not limited to,
 661 training teachers to provide courses at schools; training
 662 community organizations to provide courses at community centers,
 663 faith-based organizations, and businesses; and providing online
 664 courses.

665 ~~(f) Consider ways to incorporate Florida College System~~
 666 ~~institutions in the mission of preparing all students for~~
 667 ~~postsecondary success.~~

38-00772A-25

668 (c)(g) Provide a plan for communication and coordination of
 669 efforts with the Florida Virtual School's provision of online
 670 advanced courses.

671 (d)(h) Work with school districts to identify ~~minority and~~
 672 underrepresented students for participation in advanced courses.

673 (e)(i) Work with school districts to provide information to
 674 students and parents that explains available opportunities for
 675 students to take advanced courses and that explains enrollment
 676 procedures that students must follow to enroll in such courses.
 677 Such information must also explain the value of such courses as
 678 they relate to:

679 1. Preparing the student for postsecondary level
 680 coursework.

681 2. Enabling the student to gain access to postsecondary
 682 education opportunities.

683 3. Qualifying for scholarships and other financial aid
 684 opportunities.

685 (f)(j) Provide information to students, parents, teachers,
 686 counselors, administrators, districts, Florida College System
 687 institutions, and state universities regarding PSAT/NMSQT or the
 688 PreACT administration, including, but not limited to:

689 1. Test administration dates and times.

690 2. That participation in the PSAT/NMSQT or the PreACT is
 691 open to all 10th grade students.

692 3. The value of such tests in providing diagnostic feedback
 693 on student skills.

694 4. The value of student scores in predicting the
 695 probability of success on advanced course examinations.

696 ~~(k) Cooperate with the department to provide information to~~

38-00772A-25

20251624__

697 ~~administrators, teachers, and counselors, whenever possible,~~
 698 ~~about partnership activities, opportunities, and priorities.~~

699 (g)(1) Partner with the Florida College System institutions
 700 and state universities identified by the State Board of
 701 Education and Board of Governors pursuant to s. 1007.25(3) to
 702 develop advanced courses ~~and provide teacher training.~~

703 (7) By May 31 of each year, the Department of Education
 704 shall approve a plan of delivery of services for the subsequent
 705 academic year.

706 (8) (a) By September 30 of each year, the partnership shall
 707 submit to the department a report that contains an evaluation of
 708 the effectiveness of the delivered services and activities.
 709 Activities and services must be evaluated on their effectiveness
 710 at raising student achievement and increasing the number of AP
 711 or other advanced course examinations in low-performing middle
 712 and high schools. Other indicators that must be addressed in the
 713 evaluation report include the number of middle and high school
 714 teachers trained; the effectiveness of the training; measures of
 715 postsecondary readiness of the students affected by the program;
 716 levels of participation in 10th grade PSAT/NMSQT or the PreACT
 717 testing; and measures of student, parent, and teacher awareness
 718 of and satisfaction with the services of the partnership.

719 (b) The department shall contribute to the evaluation
 720 process by providing access, consistent with s. 119.071(5) (a),
 721 to student and teacher information necessary to match against
 722 databases containing teacher professional learning data and
 723 databases containing assessment data for the PSAT/NMSQT, SAT,
 724 ACT, PreACT, AP, and other appropriate measures. The department
 725 shall also provide student-level data on student progress from

726 middle school through high school and into college and the
 727 workforce, if available, in order to support longitudinal
 728 studies. The partnership shall analyze and report student
 729 performance data in a manner that protects the rights of
 730 students and parents as required in 20 U.S.C. s. 1232g and s.
 731 1002.22.

732 (9) (a) Funding for the partnership shall be contingent upon
 733 annual funding in the General Appropriations Act.

734 (b) The participating partner, if one is chosen, is
 735 required to match at least one-third of the allocation provided
 736 to the partnership in the General Appropriations Act in
 737 materials and services to the program.

738 (10) Nothing in this section shall prohibit any
 739 organization from partnering with the state to improve the
 740 college readiness of students.

741 Section 17. Present paragraphs (e), (f), and (g) of
 742 subsection (1) of section 1009.21, Florida Statutes, are
 743 redesignated as paragraphs (f), (g), and (h), respectively, and
 744 a new paragraph (e) is added to that subsection, to read:

745 1009.21 Determination of resident status for tuition
 746 purposes.—Students shall be classified as residents or
 747 nonresidents for the purpose of assessing tuition in
 748 postsecondary educational programs offered by charter technical
 749 career centers or career centers operated by school districts,
 750 in Florida College System institutions, and in state
 751 universities.

752 (1) As used in this section, the term:

753 (e) "Nonresident online student" means a person who is
 754 admitted to a Florida College System institution or state

 756 state tuition or fee rates.

757 Section 18. Paragraph (c) of subsection (8) of section
 758 1009.23, Florida Statutes, is amended to read:

759 1009.23 Florida College System institution student fees.—

760 (8)(c) Up to 25 percent or \$600,000, whichever is greater,
 761 of the financial aid fees collected may be used to assist
 762 students who demonstrate academic merit; who participate in
 763 athletics, public service, cultural arts, and other
 764 extracurricular programs as determined by the institution; or
 765 who are identified as members of an underrepresented a targeted
 766 gender or ethnic minority population. The financial aid fee
 767 revenues allocated for athletic scholarships and any fee
 768 exemptions provided to athletes pursuant to s. 1009.25(2) must
 769 be distributed equitably as required by s. 1000.05(3)(d). A
 770 minimum of 75 percent of the balance of these funds for new
 771 awards shall be used to provide financial aid based on absolute
 772 need, and the remainder of the funds shall be used for academic
 773 merit purposes and other purposes approved by the boards of
 774 trustees. Such other purposes shall include the payment of child
 775 care fees for students with financial need. The State Board of
 776 Education shall develop criteria for making financial aid
 777 awards. Each college shall report annually to the Department of
 778 Education on the revenue collected pursuant to this paragraph,
 779 the amount carried forward, the criteria used to make awards,
 780 the amount and number of awards for each criterion, and a
 781 delineation of the distribution of such awards. The report shall
 782 include an assessment by category of the financial need of every
 783 student who receives an award, regardless of the purpose for

784 which the award is received. Awards that are based on financial
 785 need shall be distributed in accordance with a nationally
 786 recognized system of need analysis approved by the State Board
 787 of Education. An award for academic merit requires a minimum
 788 overall grade point average of 3.0 on a 4.0 scale or the
 789 equivalent for both initial receipt of the award and renewal of
 790 the award.

791 Section 19. Present paragraphs (b) through (e) of
 792 subsection (4) of section 1009.24, Florida Statutes, are
 793 redesignated as paragraphs (c) through (f), respectively, and a
 794 new paragraph (b) is added to that subsection, to read:

795 1009.24 State university student fees.—

796 (4)

797 (b) The out-of-state fee for nonresident online students as
 798 defined in s. 1009.21(1)(e) must be based on market rates and
 799 must exceed the university's regular out-of-state fee.

800 Section 20. Subsection (20) of section 1009.26, Florida
 801 Statutes, is amended to read:

802 1009.26 Fee waivers.—

884 program students, or 100 hours of a combination of both.
885 Eligible paid work completed on or after June 27, 2022, shall be
886 included in a student's total required paid work hours. The
887 student may identify a social or civic issue or a professional
888 area that interests him or her and develop a plan for his or her
889 personal involvement in addressing the issue or learning about
890 the area. The student must, through papers or other
891 presentations, evaluate and reflect upon his or her experience.
892 Such volunteer service or paid work may include, but is not
893 limited to, a business or governmental internship, work for a
894 nonprofit community service organization, or activities on
895 behalf of a candidate for public office. The hours of volunteer
896 service or paid work must be documented in writing, and the
897 document must be signed by the student, the student's parent or
898 guardian, and a representative of the organization for which the
899 student performed the volunteer service or paid work.
