COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 62 modifies the dual enrollment and collegiate high school programs to ensure students have access to such programs and modifies a number of provisions related to education funding. Specifically, the bill:

- Specifies that the resolution required for voters to approve the levy of a discretionary sales surtax for school capital outlay must include a statement that the revenues collected will be shared with charter schools based on their proportionate share of the total school district enrollment.
- Modifies how school districts share capital outlay funding with charter schools.
- Modifies how charter schools may spend the surtax revenues.
- Prohibits charter schools from receiving capital outlay funds unless the charter school certifies that the funds will not be used for personal financial enrichment.
- Modifies the dual enrollment program to increase access for students by specifying that:
 - School districts or Florida College System institutions may not deny an eligible student from participating in dual enrollment and may not establish eligibility criteria in addition to those in law.
 - Instructional materials are free-of-charge for students in private schools and home education programs.
 - Private schools are exempt from the payment of tuition and fees for dual enrollment.

- Establishes a requirement for the Commissioner of Education to report to the Governor and Legislature regarding the status of dual enrollment programs for public and private school and home education program students.
- Creates the Dual Enrollment Scholarship Program in the Department of Education to reimburse eligible postsecondary institutions a specified amount for tuition and instructional materials for dual enrollment courses taken by private school and home education program students in the fall and spring terms, and by all students in the summer term, subject to appropriation in the General Appropriations Act.
- Expands the Florida Education Finance Program (FEFP) funding to incentivize school districts to offer secondary students access to advanced coursework through dual enrollment and early college programs. The bill:
 - Provides bonus full-time equivalent (FTE) funding to public school districts for each dual enrollment general education core course with an earned grade of “C” or better:
 - Students enrolled in an early college program generate a 0.16 FTE student membership bonus.
 - Students not enrolled in an early college program generate a 0.08 FTE student membership bonus.
 - Provides bonus funding of 0.3 FTE student membership for each student who completes an associate degree through the dual enrollment program with at least a 3.0 grade point average.
 - Requires school districts to allocate at least 50 percent of the bonus funds for dual enrollment and early college programs to the schools that generated the funds to support academic guidance and postsecondary related activities.
- Adds new requirements to the mental health plans that school districts and charter schools must submit in order to receive the mental health assistance allocation in the FEFP.
- Creates a new categorical in the FEFP to assist districts in increasing teacher salaries.
- Removes the July 1, 2020, expiration date for the funding compression allocation within the FEFP.
- Provides an exception that, if a new construction project is funded solely through local impact fees, such funds are exempt from the total cost per student station requirements.

The bill does not require appropriation of additional state funds, but it may provide additional FEFP funds to those school districts with more students successfully completing dual enrollment coursework. See Section V.

The bill takes effect on July 1, 2020.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

School Capital Outlay Surtax

Present Situation

The law authorizes school districts to levy discretionary sales surtaxes for school capital outlay. Each county school board may levy, pursuant to approval by a majority vote of the electors of the county voting in a referendum, a discretionary sales surtax at a rate not to exceed 0.5 percent.¹

The resolution must include a statement that provides a brief and general description of the school capital outlay projects to be funded by the surtax.² The resolution must include a plan for the use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses that have a useful life expectancy of five or more years, and any land acquisition, land improvement, design, and related engineering costs. The plan must also include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance authorized projects, and any interest accrued may be held in trust to finance the projects.³

The Department of Revenue collects the surtax revenues and is required by law to distribute them to the district school board imposing the tax.⁴ There is currently no provision in law requiring school districts to share the capital outlay surtax funds with charter schools.

Effect of Proposed Changes

The bill establishes an additional requirement for the resolution that is required for voters to approve the levy of a discretionary sales surtax at a rate that may not exceed 0.5 percent. Specifically, such resolution must include a statement that the revenues collected shall be shared with charter schools based on their proportionate share of the total school district enrollment.

The bill also requires that charter schools expend the surtax funds in a manner consistent with existing allowable uses for charter school capital outlay funding, as set forth in section 1013.62(4), Florida Statutes.

Funds for Comprehensive Educational Plant Needs

Present Situation

Current law prohibits a district school board from using funds from specified sources, including the nonvoted 1.5-mill levy of ad valorem property taxes, for any new construction of educational plant space with a total cost per student station exceeding:⁵

- \$23,275 for an elementary school;

¹ Section 212.055, F.S.

² Section 212.055(6)(b), F.S.

³ Section 212.055(6)(c), F.S.

⁴ Section 212.055(6)(d), F.S.

⁵ Section 1013.64(6)(b)1., F.S.

- \$25,135 for a middle school; or
- \$32,648 for a high school.⁶

Except for educational facilities and sites subject to a lease-purchase agreement financed with sales tax revenues, a district school board may not use funds from any source for the new construction of educational plant space with a total cost per student station exceeding the cost per student station limits unless a contract for architectural and design services or for construction management services was executed before July 1, 2017.⁷

Effect of Proposed Changes

The bill provides an additional exception by allowing new construction projects funded solely through local impact fees to be exempt from the total cost per student station requirements.

Charter School Capital Outlay

Present Situation

Charter school capital outlay funding may consist of state funds appropriated in the General Appropriations Act and revenue resulting from the discretionary millage authorized in s. 1011.71(2), F.S. The following table shows recent state appropriations for this purpose since 2016.

| | State Appropriation for Charter School Capital Outlay |
|--------------------|---|
| 2016 ⁸ | \$75,000,000 |
| 2017 ⁹ | \$50,000,000 |
| 2018 ¹⁰ | \$145,286,200 |
| 2019 ¹¹ | \$158,209,945 |

Beginning in 2019-2020, if the amount of state funds for charter school capital outlay is less than the average charter school capital outlay funds per unweighted full-time equivalent student for the 2018-2019 fiscal year, multiplied by the estimated number of charter school students for the applicable fiscal year and adjusted by changes in the Consumer Price Index, charter school capital outlay funding must also consist of revenue resulting from the discretionary 1.5 millage authorized in s. 1011.71(2), F.S.¹²

Eligibility Criteria

To be eligible for charter school capital outlay funding, a charter school must:¹³

⁶ Florida Department of Education, *Cost Per Student Station (Jan. 2020)*, available at <http://edr.state.fl.us/Content/conferences/peco/studentstation.pdf>.

⁷ Section 1013.64(6)(b)3., F.S.

⁸ Specification Appropriation 19, s. 2, ch. 2016-66, L.O.F.

⁹ Specification Appropriation 18, s. 2, ch. 2017-70, L.O.F.

¹⁰ Specification Appropriation 21, s. 2, ch. 2018-9, L.O.F.

¹¹ Specification Appropriation 18, s. 2, ch. 2019-115, L.O.F.

¹² Section 1013.62(1), F.S.

¹³ Section 1013.62(1)(a), F.S.

- Have been in operation for two or more years, be governed by a governing board established in the state for three or more years which operates both charter schools and conversion charter schools within the state, be an expanded feeder chain¹⁴ of a charter school within the same school district that is currently receiving charter school capital outlay funds, have been accredited by the Commission on Schools of the Southern Association of Colleges and Schools, or serve students in facilities that are provided by a business partner for a charter school-in-the-workplace.
- Have an annual audit that does not reveal any of the financial emergency conditions provided in s. 218.503(1), F.S., for the most recent fiscal year for which such audits are available.
- Have satisfactory student achievement based on state accountability standards applicable to the charter school.¹⁵
- Have received final approval from its sponsor for operation during that fiscal year.
- Serve students in facilities that are not provided by the charter school's sponsor.

A charter school is not eligible for a funding allocation if it was created by the conversion of a public school and operates in facilities provided by the charter school's sponsor for a nominal fee, or at no charge, or if it is directly or indirectly operated by the school district.¹⁶

Effect of Proposed Changes

The bill modifies the conditions by which the state appropriation for charter school capital outlay must also consist of revenue from the school district's discretionary 1.5 millage. The bill establishes a set appropriation amount of \$165 million that would trigger the inclusion of the discretionary millage. Beginning in 2020-2021, charter school capital outlay funding would only consist of the state appropriation unless the state appropriation was less than \$165 million.

The bill also expresses that a charter school is not eligible for a funding allocation unless the chair of the governing board and chief administrative officer of the charter school annually certify under oath that the funds will be used solely and exclusively for constructing, renovating, leasing, purchasing, financing, or improving charter school facilities that are:

- Owned by a school district, political subdivision of the state, municipality, Florida College System institution, or state university;
- Owned by an organization, qualified as an exempt organization under s. 501(c)(3) of the Internal Revenue Code, or a tax support organization under section 509 of the Internal Revenue Code,¹⁷ whose articles of incorporation specify that upon the organization's dissolution, the subject property, subject to any indebtedness secured thereby and the satisfaction of the organization's other debts, will be transferred to another tax exempt organization, including one organized for educational purposes, or a school district, political

¹⁴ Rule 6A-2.0020, F.A.C., provides that a charter school may be part of an expanded feeder chain if it either sends or receives a majority of its students directly to or from a charter school that is currently receiving capital outlay funding.

¹⁵ Rule 6A-2.0020, F.A.C., provides that the eligibility requirement for student achievement must be determined by the school's most recent grade designation or school improvement rating from the state accountability system. A charter school receiving an "F", receiving two consecutive grade designations lower than a "C", or an "Unsatisfactory" school improvement rating shall not be eligible for capital outlay funding.

¹⁶ Section 1013.62(1)(b), F.S.

¹⁷ A tax support organization is defined in 26 U.S.C. s. 509(a)(3) and operates exclusively for the benefit of other specific tax-exempt organizations, including qualified educational organizations.

subdivision of the state, municipality, Florida College System institution, or state university;
or

- Owned by and leased, at a fair market value in the school district in which the charter school is located, from a person or entity that is not an affiliated party of the charter school.

The bill defines “affiliated party of the charter school” to mean:

- The applicant for the charter school pursuant to s. 1002.33, F.S.;
- The governing board of the charter school or a member of the governing board;
- The charter school principal;
- An employee of the charter school; or
- A relative of a charter school governing board member, a charter school principal or a charter school employee.

Dual Enrollment

Present Situation

Florida law provides students in secondary schools access to advanced coursework. Such coursework is intended to shorten the time necessary for a student to complete the requirements associated with the conference of a high school diploma and a postsecondary degree, broaden the scope of curricular options available to students, or increase the depth of study available for a particular subject.¹⁸

Dual enrollment is the enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward both a high school diploma and a career certificate or an associate or baccalaureate degree.¹⁹

Eligibility Criteria

An eligible secondary student is a student who is enrolled in any of grades 6 through 12 in a Florida public school or in a Florida private school that is in compliance with the requirements specified in law²⁰ and provides a secondary curriculum pursuant to law.²¹ Students who meet the eligibility requirements and who participate in dual enrollment programs are exempt from the payment of registration, tuition, and laboratory fees.²²

The following table shows 2018-2019 academic year dual enrollment participation by public and private school and home education program students at Florida College System (FCS) institutions, state universities, and at eligible private colleges and universities.

¹⁸ Section 1007.27(1), F.S.

¹⁹ Section 1007.271(1), F.S.

²⁰ Section 1002.42(2), F.S.

²¹ Section 1007.271(2), F.S.

²² Section 1007.271(16), F.S. Florida law specifies that the provisions of law which exempt dual enrolled and early admission students from payment of instructional materials and tuition and fees, including laboratory fees, do not apply to students who select the option of enrolling in an eligible independent institution. Section 1011.62(1)(i), F.S. An eligible independent institution is an independent college or university, which is not for profit, is accredited by a regional or national accrediting agency recognized by the United States Department of Education, and confers degrees as defined in s. 1005.02. *Id.*

| | FCS Institutions ²³ | State Universities ²⁴ | Private Colleges and Universities ²⁵ |
|----------------|--------------------------------|----------------------------------|---|
| Public School | 73,408 | 9,250 | 6,908 |
| Private School | 2,607 | 688 | |
| Home Education | 3,818 | 113 | |

In general, about three times as many students take dual enrollment courses at an FCS institution during the fall and spring terms than in the summer term.²⁶ About ten times as many students take dual enrollment courses at a state university in the fall and spring compared to the summer term.²⁷

Student eligibility requirements for initial enrollment in college credit dual enrollment courses include a 3.0 unweighted high school grade point average (GPA) and the minimum score on a common placement test²⁸ adopted by the State Board of Education (SBE) which indicates that the student is ready for college-level coursework. For continued enrollment in college credit dual enrollment courses, students must maintain a 3.0 unweighted high school GPA and the minimum postsecondary GPA established by the postsecondary institution. For initial and continued enrollment in career certificate dual enrollment courses, students must have a 2.0 unweighted high school GPA. Exceptions to the required GPA may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement. FCS institutions may establish additional student eligibility requirements, which may not arbitrarily prohibit or limit students who have demonstrated the ability to master advanced courses from participating in dual enrollment courses. Such additional eligibility requirements must be included in the dual enrollment articulation agreement.²⁹

Notification of Dual Enrollment Option

Each district school board must inform all secondary students and their parents of dual enrollment as an educational option and mechanism for acceleration. Students and their parents must be informed of student eligibility requirements, the option for taking dual enrollment courses beyond the regular school year, and the minimum academic credits required for graduation.³⁰

²³ Email, Florida Department of Education (Jan. 8, 2020).

²⁴ Email, Florida Board of Governors (Jan. 3, 2020).

²⁵ Email, Florida Department of Education (Jan 8, 2020).

²⁶ *Id.* In 2018-2019, 74,071 students dually enrolled at an FCS institution in the fall and spring terms, and 22,240 students dually enrolled in the summer term (students enrolled in fall/spring and summer are counted twice). *Id.*

²⁷ Email, Florida Board of Governors (Jan. 3, 2020). In 2018-2019, 14,658 students dually enrolled at a state university in the fall and spring terms, and 1,408 students dually enrolled in the summer term. *Id.*

²⁸ The Postsecondary Education Readiness Test (PERT) is Florida's customized common placement test. The purpose of the PERT is to determine accurate course placement based on the student's skills and abilities. The PERT is aligned with the Postsecondary Readiness Competencies identified by Florida faculty as necessary for success in entry-level college credit coursework. The PERT assessment system includes Placement and Diagnostic tests in mathematics, reading and writing. Rule 6A-10.0315, F.A.C. establishes the test scores used to determine whether a student is ready for college level coursework. Florida Department of Education, *Common Placement Testing*, <http://www.fldoe.org/schools/higher-ed/fl-college-system/common-placement-testing.shtml> (last visited April 2, 2019). As an alternative to PERT, students may take the ACCUPLACER, SAT, and ACT to demonstrate readiness to perform college-level work. Rule 6A-10.0315(2), F.A.C.; see also Rule 6A-14.064(1)(b), F.A.C.

²⁹ Section 1007.271(3), F.S.

³⁰ Section 1007.271(8), F.S.

Articulation Agreements

A dual enrollment articulation agreement establishes the guidelines for implementing the program for eligible students.³¹ Specifically, Florida law requires:

- Each district school superintendent and each public postsecondary institution president to develop a comprehensive dual enrollment articulation agreement for the respective school district and postsecondary institution.³²
- Each public postsecondary institution to enter into a home education articulation agreement with each home education student seeking enrollment in a dual enrollment course and the student's parent.³³
- Each public postsecondary institution to enter into a private school articulation agreement with each eligible private school in its geographic service area seeking to offer dual enrollment courses to its students.³⁴

• In addition, district school boards and FCS institutions may enter into additional dual enrollment articulation agreements with state universities, and school districts may also enter into dual enrollment articulation agreements with eligible independent colleges and universities.³⁵

Dual enrollment articulation agreements are developed locally by the entities specified in law. Florida law specifies the information that must be addressed in the dual enrollment articulation agreements.³⁶ Such agreements must be submitted to the Florida Department of Education (DOE) by August 1 of each year.³⁷ District school boards may not refuse to enter into a dual enrollment articulation agreement with a local FCS institution if that institution has the capacity to offer dual enrollment courses.³⁸

Instructional Materials

Instructional materials assigned for use within dual enrollment courses must be made available to dual enrollment students from Florida public high schools free of charge. Florida law does not prohibit an FCS institution from providing instructional materials at no cost to a home education student or a student from a private school. Instructional materials purchased by a district school board or FCS institution board of trustees on behalf of dual enrollment students must be the property of the board against which the purchase is charged.³⁹

³⁴ Section 1007.271(24), F.S.

³⁵ Section 1007.271(23), F.S.

³⁶ Section 1007.271(13), (21), and (24), F.S.

³⁷ Section 1007.271(13), (21), (23), and (24), F.S.

³⁸ Section 1007.271(4), F.S.

³⁹ Section 1007.271(17), F.S.

Effect of Proposed Changes

The bill modifies s. 1007.271, F.S., regarding dual enrollment student eligibility, notification requirements, articulation agreements, and funding. Such changes may increase dual enrollment opportunities for students through programmatic and financial supports and provide additional information to parents and students about dual enrollment benefits and responsibilities.

The bill modifies student eligibility for and access to dual enrollment. Specifically, the bill:

- Clarifies that a student eligible for dual enrollment includes a student enrolled in a home education program specified in law.
- Specifies that the individual student exceptions to the required high school grade point average (GPA) in current law are only for career certificate dual enrollment.
- Authorizes an exception to the required GPA for college credit dual enrollment for students who achieve higher scores than the established minimum on the common placement test adopted by the State Board of Education (SBE). Such exception must be specified in the articulation agreement.
- Removes the authorization for an FCS institution to establish additional dual enrollment eligibility criteria, to specify that a postsecondary institution may not establish additional initial student academic eligibility requirements.
- Specifies that a district school board or FCS institution may not deny a student who has met the state eligibility requirements from participating in dual enrollment unless the institution documents that it does not have the capacity to accommodate all eligible students seeking to participate in the dual enrollment program. If the institution documents that it does not have the capacity to accommodate all eligible students, participation must be based on a first-come, first-served basis.
- Specifies that a home education student must meet the same minimum score requirement on a common placement test required of other dually enrolled students.

The bill expands the notification requirement to parents to include legal guardians, and requires that students and their parents or legal guardians be informed that dual enrollment course grades are included in the student's college GPA, become a part of the student's permanent academic record, and may affect the student's future financial aid eligibility. The bill also specifies that a school may not enroll a student in a dual enrollment course without an acknowledgment form on file, which must be signed by both the student and the student's parent or legal guardian.

The bill extends the deadline for annual reporting of articulation agreements to the DOE from August 1, to October 1, which may provide additional time for agreements to be negotiated and approved by the school district and postsecondary governing boards.

The bill modifies provisions relating to the cost of dual enrollment to students and to postsecondary institutions. Specifically, the bill:

- Specifies that instructional materials used in dual enrollment courses are free to students at private schools and home education programs.⁴⁰

⁴⁰ Section 27, ch. 2018-6, L.O.F., included a provision removing from the home education articulation agreement a provision that such students must be responsible for their own instructional materials.

- Specifies that the private school of a student's enrollment is exempt from the payment of tuition and fees to the postsecondary institution.
- Establishes the Dual Enrollment Scholarship Program as an additional funding source, for postsecondary institutions.

Dual Enrollment Scholarship Program

The bill creates s. 1009.31, F.S., to establish the Dual Enrollment Scholarship Program (program) within the DOE to support postsecondary institutions in providing dual enrollment to students in Florida secondary schools and home education programs.

For any student who meets the dual enrollment eligibility requirements established in law, the bill requires the program to:

- Beginning in the 2020 fall term, reimburse eligible postsecondary institutions for tuition and related instructional materials costs for dual enrollment courses taken by private school or home education program secondary students during the fall or spring terms.
- Beginning in the 2021 summer term, reimburse institutions for tuition and related instructional materials costs for dual enrollment courses taken by public school, private school, or home education program secondary students during the summer terms.

The specific reimbursements amounts are as follows:

- FCS institutions are reimbursed at the in-state resident tuition rate established in law.⁴¹
- State universities and independent postsecondary institutions are reimbursed at the standard tuition rate established in law.⁴²
- Workforce education instruction leading to a career certificate or an applied technology diploma shall be reimbursed at the standard tuition rate established in law.⁴³
- Institutions are reimbursed for instructional materials costs based on a rate as specified in the GAA.

The bill specifies that reimbursement for dual enrollment courses is contingent upon an appropriation in the GAA each year. If the statewide reimbursement amount is greater than the appropriation, the institutional reimbursement amounts must be prorated among the institutions that have reported eligible students to the DOE by the established deadlines.

Each participating institution must report to the DOE specified information about the student, postsecondary institution, course, and credits, and:

- Annually, by March 15, its eligible secondary students from private schools or home education programs who were enrolled during the previous fall or spring terms. For dual enrollment courses taken during the fall and spring terms, the DOE must reimburse institutions by April 15 of the same year.
- Annually, by July 15, its eligible public school, private school, or home education program students who were enrolled during the summer terms. For dual enrollment courses taken

⁴¹ The standard in-state tuition rate at an FCS institution is \$71.98 per credit hour. Section 1009.23(3)(a), F.S.

⁴² The standard in-state tuition rate at state universities is \$105.07 per credit hour. Section 1009.24(4)(a), F.S.

⁴³ The standard in-state tuition rate at state universities is \$2.33 per contact hour. Section 1009.22(4)(c), F.S.

during the summer terms, the DOE must reimburse institutions by August 15 of the same year, before the beginning of the next academic year.

Collegiate High School Program

Present Situation

In 2014, the Legislature codified the collegiate high school program and specified related requirements.⁴⁴ Florida law requires each Florida College System (FCS) institution to work with each district school board in its designated service area⁴⁵ to establish one or more collegiate high school programs.⁴⁶ In fall 2018, there were 11,146 students enrolled in a collegiate high school or collegiate high school program.⁴⁷

Purpose

At a minimum, collegiate high school programs must include an option for public school students in grade 11 or grade 12 participating in the program, for at least one full school year, to earn Career and Professional Education (CAPE) industry certifications and to successfully complete 30 credit hours through dual enrollment toward the first year of college for an associate degree or baccalaureate degree while enrolled in the program.⁴⁸

Program Contract

Each district school board and its local FCS institution must execute a contract to establish one or more collegiate high school programs at a mutually agreed upon location or locations. If the FCS institution does not establish a program with a district school board in its designated service area, another FCS institution may execute a contract with that district school board to establish the program.⁴⁹

In addition to executing a contract with the local FCS institution, Florida law authorizes a district school board to execute a contract to establish a collegiate high school program with a state university or an independent college or university that is eligible to participate in the William L. Boyd, IV, Effective Access to Student Education Grant Program, that is nonprofit and located and chartered in this state, and that is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to grant baccalaureate degrees.⁵⁰

Florida law specifies the information that must be addressed in the contract that must be executed by January 1 of each school year for implementation of the program during the next school year.⁵¹

⁴⁴ Section 10, ch. 2014-184, L.O.F.

⁴⁵ Section 1000.21(3), F.S.

⁴⁶ Section 1007.273(1), F.S.

⁴⁷ Email, Florida Department of Education (Jan. 8, 2020).

⁴⁸ Section 1007.273(2), F.S.

⁴⁹ Section 1007.273(3), F.S.

⁵⁰ Section 1007.273(5), F.S.

⁵¹ Section 1007.273(3), F.S.

Student Performance Contract

Each student participating in a collegiate high school program must enter into a student performance contract that must be signed by the student, the parent, and a representative of the school district and the applicable FCS institution, state university, or independent college or university.⁵² The performance contract must include the schedule of courses, by semester, and industry certifications to be taken by the student, student attendance requirements, and course grade requirements.

Effect of Proposed Changes

The bill modifies s. 1007.273, F.S., and changes the name of the collegiate high school program to the early college program. In addition, the bill:

- Changes the purpose of the program to remove specified grade levels and credit thresholds to specify that an early college program means a structured high school acceleration program in which a cohort of students is enrolled full-time in postsecondary courses toward an associate degree. The bill requires that the early college program prioritize courses applicable as general education core courses⁵³ for an associate degree or a baccalaureate degree.
- Specifies that the early college program contract between a district school board and the local FCS institution, which includes a delineation of dual enrollment courses available, must include general education core courses.⁵⁴
- Requires the student performance contract for the early college program include a provision describing the applicability of dual enrollment courses in the program to an associate degree or a baccalaureate degree.
- Specifies that a charter school may execute a contract directly with the local FCS institution or another institution to establish an early college program at a mutually agreed upon location.

The bill establishes a reporting requirement relating to early college programs. Specifically, by November 30, 2021, and annually thereafter, the commissioner of education must report to the Governor, President of the Senate, and the Speaker of the House of Representatives the status of early college programs, including, at a minimum, a summary of student enrollment and completion at public and private postsecondary institutions.

⁵² Section 1007.273(4), F.S. To participate in a collegiate high school program, an independent college or university must be an institution that is eligible to participate in the William L. Boyd, IV, Effective Access to Student Education Grant Program, that is a nonprofit independent college or university located and chartered in this state, and that is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to grant baccalaureate degrees. Section 1007.273(5), F.S.

⁵³ Section 1007.25, F.S. and Rule 6A-14.0303, F.A.C.

⁵⁴ General education core course options consist of a maximum of five courses within each of the subject areas of communication, mathematics, social sciences, humanities, and natural sciences. Beginning with students initially entering an FCS institution or state university in 2015-2016 and thereafter, each student must complete at least one identified core course in each subject area as part of the general education course requirements. The general education core course options must be adopted in rule by the State Board of Education (SBE) and in regulation by the Board of Governors. Section 1007.25(3), F.S. See also Rule 6A-10.0303 and BOG Regulation 8.005.

In addition, the bill includes a conforming provision to change the name of the collegiate high school program to the early college program related to the requirements for a standard high school diploma for students with disabilities.⁵⁵

Florida Education Finance Program (FEFP)

The Florida Education Finance Program (FEFP) is the primary mechanism for funding the operating costs of Florida school districts. Under the FEFP, financial support for education is based on the full-time equivalent (FTE) student membership in public schools.⁵⁶ The number of FTE students in each of the funded education programs is multiplied by cost factors⁵⁷ relative to each program to obtain weighted FTE student values.⁵⁸ The base student allocation from state and local funds is determined annually by the Legislature in the General Appropriations Act (GAA) and is a component in the calculation of each school district's base funding.⁵⁹ In addition to the base funding, the Legislature may appropriate categorical funding for specified programs, activities or purposes, such as for mental health assistance, and funding compression.⁶⁰ School districts may also earn supplemental FTE funding through the FEFP for programs based on performance, such as College Board Advanced Placement bonus funding.⁶¹

Incentive Funding for Acceleration Programs

Present Situation

Dual enrollment funding for public schools is included in the calculation of FTE students within the FEFP.⁶² There is no provision in law to allow for additional performance funding for students earning dual enrollment credit.

Florida schools offer high school acceleration programs such as Advanced Placement (AP), International Baccalaureate (IB), and Advanced International Certificate of Education (AICE) to shorten the time necessary for a student to earn a high school diploma and a postsecondary degree, broaden the scope of curricular options available, and increase the depth of study available for a particular subject.⁶³ The law provides the following benefits to schools and students engaged in these programs:

- Successful completion of a course examination in any of these programs qualifies for college credit.⁶⁴

⁵⁵ Section 1003.4282(10)(c)2., F.S.

⁵⁶ Section 1011.62, F.S.

⁵⁷ Program cost factors are based on desired relative cost differences between the following programs as established in the annual General Appropriations Act: grades K-3; 4-8; 9-12; two program cost factors for exceptional students; secondary career education programs; and English for Speakers of Other Languages. Section 1011.62(1)(c), F.S.

⁵⁸ Section 1011.62, F.S.; Department of Education, *2019-20 Funding for Florida School Districts* available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf> at 1.

⁵⁹ Department of Education, *2019-20 Funding for Florida School Districts* available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf> at 17.

⁶⁰ Section 1011.62(6) F.S.

⁶¹ Section 1011.62(1) F.S.

⁶² Department of Education, *2019-20 Funding for Florida School Districts*, available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf> at 11.

⁶³ Section 1007.27(1), F.S.

⁶⁴ Section 1003.4295, F.S.

- The percentage of a school's students eligible to earn college credit through any of these programs has a positive effect on the school's grade.⁶⁵
- A grade earned in any of these programs is assigned additional weight for determining student eligibility for a Bright Futures Scholarship.⁶⁶

The FEFP also provides a funding incentive for school districts with students in AP, IB, AICE courses who successfully complete AP, IB, and AICE examinations or earn an IB or AICE diploma.⁶⁷ The additional FTE is calculated as follows:

- A value of 0.16 FTE student membership is calculated for each student in each AP course who receives a score of 3 or higher on the College Board AP examination.⁶⁸
- A value of 0.16 FTE student membership is calculated for each student enrolled in an IB course who receives a score of 4 or higher on a subject examination. A value of 0.3 FTE student membership is calculated for each student who receives an IB diploma.⁶⁹
- A value of 0.16 FTE student membership is calculated for each student enrolled in a full-credit AICE course, and 0.08 FTE student membership for each student enrolled in a half-credit AICE course, for each student who receives a score of E or higher on a subject examination. A value of 0.3 FTE student membership is calculated for each student who receives an AICE diploma.⁷⁰

Effect of Proposed Changes

The bill adds new provisions for FEFP funding for students enrolled in dual enrollment courses and early college programs that are similar to FTE student membership incentives districts earn for students who complete of AP, IB, and AICE examinations. Specifically, for the 2020-2021 school year and thereafter, the bill:

- Provides bonus FTE funding to public school districts for any student who completes a general education core course through dual enrollment with an earned grade of "C" or better. Specifically:
 - Students enrolled in an early college program generate a 0.16 FTE student membership bonus.
 - Students not enrolled in an early college program generate a 0.08 FTE student membership bonus.
- Provides bonus FTE funding for each associate degree earned through the dual enrollment program with 3.0 GPA or better. Students earning an associate degree with the required GPA generate a 0.3 FTE student membership bonus. Courses taken prior to 2020-2021 may be included in the associate degree.
- Specifies that bonus funding will be added to the total FTE student membership in basic programs for grades 9-12 in the subsequent fiscal year and requires school districts to

⁶⁵ Section 1008.34(3)(b)2.b., F.S.

⁶⁶ Section 1009.531(3)(a), F.S.

⁶⁷ Section 1011.62, F.S. Accelerated mechanisms include, but are not limited to, dual enrollment and early admission, advanced placement, credit by examination, the International Baccalaureate Program, and the Advanced International Certificate of Education Program. Section 1007.27(1), F.S.

⁶⁸ Section 1011.62(1)(n), F.S.

⁶⁹ Section 1011.62(1)(l), F.S.

⁷⁰ Section 1011.62(1)(m), F.S.

allocate at least 50 percent of the bonus funds to the schools that generated the funds to support academic guidance and postsecondary readiness.

Adding performance funding incentives for students taking dual enrollment core courses may incentivize school districts to increase the number of students enrolled in dual enrollment core courses in both dual enrollment and early college programs.

Mental Health Assistance Allocation

Present Situation

The mental health assistance allocation is a categorical fund established to provide funding to assist school districts in establishing or expanding school-based mental health care; train educators and other school staff in detecting and responding to mental health issues; and connect children, youth, and families who may experience behavioral health issues with appropriate services.⁷¹ A total of \$75 million was appropriated to school districts through the mental health assistance allocation for the 2019-2020 school year.⁷² In order to receive the allocation, a school district must develop and submit a plan outlining the local program and planned expenditures to the district school board for approval. This plan must include all district schools, including charter schools, unless a charter school chooses to independently develop and submit a plan outlining the local program and planned expenditures.⁷³

The plans must include elements such as:⁷⁴

- Identification of strategies to increase the amount of time that school-based student services personnel spend providing direct services to students, which may include the review and revision of district staffing resource allocations based on school or student mental health assistance needs.
- Strategies or programs to reduce the likelihood of at-risk students developing certain mental health problems.
- Strategies to identify mental health problems more effectively, to improve the provision of early intervention services, and to assist students in dealing with trauma and violence.

School districts are required to annually submit a report to the DOE on program outcomes and expenditures for the previous fiscal year, by September 30.

Effect of Proposed Changes

The bill modifies s. 1011.62, F.S., effective July 1, 2020, to clarify and add new requirements for the mental health plans that must be submitted by school districts in order to receive the mental health assistance allocation. In addition to existing requirements, the bill requires plans to include input from school and community stakeholders and include mental health policies and procedures that implement and support:

- Universal supports to promote psychological well-being, and safe and supportive school environments.

⁷¹ Section 1011.62(16), F.S.

⁷² Specific Appropriation 93, s. 2, ch. 2019-115, L.O.F.

⁷³ Section 1011.62(16), F.S.

⁷⁴ Section 1011.62(16)2.(b). F.S.

- Methods for responding to a student with suicidal ideation, including training in suicide risk assessment and the use of suicide awareness, prevention, and screening instruments developed as required for continuing education and inservice training for youth suicide awareness and prevention; adoption of guidelines for informing parents of suicide risk; and implementation of school board policies for initiating involuntary examination of students at risk of suicide.
- A school crisis response plan that includes strategies to prevent, prepare for, respond to, and recover from a range of school crises. The plan must establish or coordinate the implementation of district-level and school-level crisis response teams whose membership includes, but is not limited to, representatives of school administration and school-based mental health service providers.

The bill also modifies district reporting requirements to the DOE and requires the DOE to submit a state summary of the required information from the school district reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives, by November 1 of each year. The bill requires the DOE report to include school district data required under current law and requires both reports to additionally include:

- Program outcomes and expenditures for all public schools in the district, including charter schools.
- District-level and school-level information, including multiple-year trend data, when available.
- The number and ratio of school social workers, school psychologists, and certified school counselors employed by the district or charter school and the total number of licensed mental health professionals employed directly by the district or charter school.

These changes may provide more suitable data to assist in the refinement of policies and improve the provision of school-based mental health services.

Funding Compression Allocation

Present Situation

The funding compression allocation is a categorical fund established to provide additional funding to school districts and developmental research schools whose total funds per FTE in the prior year were less than the statewide average. Florida law specifies that the Legislature may provide an annual funding compression allocation in the GAA.⁷⁵ In 2019, the Legislature appropriated \$54,190,616⁷⁶ for a funding compression allocation to school districts and developmental research schools whose total funds per FTE in the prior school year were less than the statewide average.⁷⁷ A district's allocation must not be greater than \$100 per FTE.⁷⁸ The funding compression allocation is scheduled to expire July 1, 2020.⁷⁹

⁷⁵ Section 1011.62(17), F.S.

⁷⁶ Florida Department of Education, *2019-20 FEFP Second Calculation, Prekindergarten through Grade 12 Funding Summary-Page 3* (July 19, 2019), available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf>, at 6.

⁷⁷ Specific appropriation 93, ch. 2019-115, L.O.F.

⁷⁸ *Id.*

⁷⁹ Section 1011.62(17), F.S.

Effect of Proposed Changes

The bill removes the July 1, 2020 expiration date for the funding compression allocation within the FEFP.

Teacher Salary Increase Allocation

Present Situation

Currently, there is not a statewide minimum salary for instructional personnel, including teachers. The salaries of instructional personnel are set by each school district.⁸⁰ Salary schedules provide differentiated pay for instructional personnel based on district-determined factors including employee performance.⁸¹

The performance salary schedule provides the opportunity for annual salary adjustments for instructional personnel and school administrators based on performance.⁸² Instructional personnel and school administrators hired on or after July 1, 2014,⁸³ and instructional personnel on annual contracts as of July 1, 2014,⁸⁴ must be placed on the performance salary schedule. Only teachers rated effective or highly effective may receive a salary adjustment under a performance salary schedule.⁸⁵

A grandfathered salary schedule is a salary schedule adopted by a district school board for paying personnel hired before July 1, 2014, in which compensation is generally based on seniority and educational degree level. In determining the grandfathered salary schedule for instructional personnel, a district school board must base a portion of each employee's compensation on the performance evaluation. In addition, the district must provide differentiated pay for instructional personnel and school administrators based on district-determined factors including, but not limited to, additional responsibilities, school demographics, critical teacher shortage areas, and level of job performance difficulties.⁸⁶

In 2013, the Legislature appropriated \$480 million in the GAA for the Teacher Salary Increase Allocation for salary increases for school district and charter school classroom teachers, guidance counselors, social workers, psychologists, librarians, principals, and assistant principals. The salary increases were based on performance evaluations and were required to be at least \$2,500 for personnel evaluated as "effective" and up to \$3,500 for personnel evaluated as "highly effective".⁸⁷

Currently, the only component of the FEFP that directly addresses teacher compensation is the Florida Best and Brightest Teacher Scholarship Program. The Florida Best and Brightest Teacher Scholarship Program was established in 2015 to provide eligible classroom teachers with an bonus award based on the teacher's evaluation rating and performance on the SAT or ACT

⁸⁰ Section 1012.22(1)(c), F.S.

⁸¹ Section 1011.60(4), F.S.

⁸² Section 1012.22(1)(c)5. Requirements for the performance evaluation are contained in s. 1012.34, F.S.

⁸³ Section 1012.22(1)(c)5., F.S.

⁸⁴ Section 1012.22(1)(c)4., F.S.

⁸⁵ Section 1012.22(1)(c)5.b., F.S.

⁸⁶ Section 1012.22(1)(c)4., F.S.

⁸⁷ Section 2, ch.2013-40, L.O.F.

standardized assessment.⁸⁸ In 2019, the Florida Best and Brightest Teacher Scholarship Program was revised to authorize three types of awards with distinct criteria for determining eligibility.⁸⁹ The funding for the program is provided through the Florida Best and Brightest Teacher and Principal Allocation categorical fund within the FEFP.⁹⁰ In 2018-2019, \$284.5 million was appropriated for the Florida Best and Brightest Teacher and Principal Allocation.⁹¹

Effect of Proposed Changes

The bill establishes a new teacher salary categorical fund to increase the minimum base salary for full-time classroom teachers or all instructional personnel, excluding substitute teachers. The bill:

- Specifies funds would be allocated based on each district's share of the base FEFP allocation.
- Specifies funds for the minimum base salary increases may be provided in multiple years.
- Defines "minimum base salary" as the base annual salary before payroll deductions and excluding additional supplements.
-

The bill specifies that the new categorical is subject to an appropriation in the GAA each year. The establishment of a new categorical fund within the FEFP specifically for teacher salary increases may improve teacher compensation, which in turn may incentivize more people to choose the teaching profession and may improve teacher retention.

The bill takes effect on July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

⁸⁸ Section 2, ch.2015-232, L.O.F.

⁸⁹ Section 1012.731, F.S.

⁹⁰ Section 1011.62(18), F.S.

⁹¹ Section 2, ch.2018-9, L.O.F.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

The financial supports for the dual enrollment and early college programs may increase opportunities for Florida secondary students to take college-credit courses that will count toward an associate or baccalaureate degree while still in high school, which may reduce costs for students and families.

C. Government Sector Impact:

The bill does not require the appropriation of additional state funds. However, beginning in the 2021-2022 fiscal year, the bill may reallocate funds within the Florida Education Finance Program (FEFP) to those school districts with relatively more students successfully completing dual enrollment coursework.

For the 2020-2021 fiscal year, the Dual Enrollment Scholarship Program is estimated to cost \$28.5 million. The estimate is based on tuition and instructional materials costs for the estimated number of private school and home education program students participating in dual enrollment in the fall and spring terms, and all dual enrollment students in the summer term.

The exception to the cost per student station requirements for projects funded solely through local impact fee may provide local school districts more flexibility regarding new construction projects.

If a county school board decides to levy a discretionary sales surtax, charter schools will receive a share of the revenue to assist with their capital outlay needs.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 212.055, 1007.271, 1007.273, 1011.62, 1013.62, 1003.4282, and 1003.436.

The bill creates section 1009.31 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriation Subcommittee on Education on January 29, 2020:

The committee substitute makes the following changes to the bill:

- Removes the provision that provided bonus FTE funding for earning an AP Capstone Diploma.
- Makes changes to the dual enrollment program.
- Creates the Dual Enrollment Scholarship.
- Creates the Teacher Salary Increase Allocation within the FEFP.
- Aligns the changes made to the Mental Health Assistance Allocation with those made in SB 7040: Implementation of the Recommendations of the Marjory Stoneman Douglas High School Public Safety Commission.
- Modifies how school districts share capital outlay funding with charter schools.
- Modifies how charter schools may spend the surtax revenues.
- Prohibits charter schools from receiving capital outlay funds unless the charter school certifies that the funds will not be used for personal financial enrichment.
- Provides an exception that, if a new construction project is funded solely through local impact fees, such funds are exempt from the total cost per student station requirements.

- B. **Amendments:**

None.

LEGISLATIVE ACTION

Senate

.
. .
. .
. .
. .

House

The Committee on Appropriations (Stargel) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. Subsection (6) of section 212.055, Florida
Statutes, is amended to read:

212.055 Discretionary sales surtaxes; legislative intent;
authorization and use of proceeds.—It is the legislative intent
that any authorization for imposition of a discretionary sales
surtax shall be published in the Florida Statutes as a

11 subsection of this section, irrespective of the duration of the
12 levy. Each enactment shall specify the types of counties
13 authorized to levy; the rate or rates which may be imposed; the
14 maximum length of time the surtax may be imposed, if any; the
15 procedure which must be followed to secure voter approval, if
16 required; the purpose for which the proceeds may be expended;
17 and such other requirements as the Legislature may provide.
18 Taxable transactions and administrative procedures shall be as
19 provided in s. 212.054.

20 (6) SCHOOL CAPITAL OUTLAY SURTAX.—

21 (a) The school board in each county may levy, pursuant to
22 resolution conditioned to take effect only upon approval by a
23 majority vote of the electors of the county voting in a
24 referendum, a discretionary sales surtax at a rate that may not
25 exceed 0.5 percent.

26 (b) The resolution must ~~shall~~ include a statement that
27 provides a brief and general description of the school capital
28 outlay projects to be funded by the surtax. The resolution must
29 include a statement that the revenues collected must be shared
30 with eligible charter schools, in accordance with s.
31 1013.62(1)(a) and (b), based on their proportionate share of the
32 total school district enrollment. The statement must ~~shall~~
33 conform to the requirements of s. 101.161 and shall be placed on
34 the ballot by the governing body of the county. The following
35 question shall be placed on the ballot:

36 FOR THE CENTS TAX

37 AGAINST THE CENTS TAX

(c) The resolution providing for the imposition of the surtax must ~~shall~~ set forth a plan for use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of 5 or more years, and any land acquisition, land improvement, design, and engineering costs related thereto. Additionally, the plan shall include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district. Surtax revenues may be used to service ~~for the purpose of servicing~~ bond indebtedness to finance projects authorized by this subsection, and any interest accrued thereto may be held in trust to finance such projects. Neither the proceeds of the surtax nor any interest accrued thereto shall be used for operational expenses. Surtax revenues shared with charter schools shall be expended by the charter school in a manner consistent with the allowable uses set forth in s. 1013.62(4). All revenues and expenditures shall be accounted for in a charter school's monthly or quarterly financial statement pursuant to s. 1002.33(9).

(d) Surtax revenues collected by the Department of Revenue pursuant to this subsection shall be distributed to the school board imposing the surtax in accordance with law.

Section 2. The amendment made by this act to s. 212.055(6), Florida Statutes, which amends the allowable uses of the school capital outlay surtax, applies to levies authorized by vote of

450044

67 the county's electors on or after July 1, 2020.

68 Section 3. Section 446.541, Florida Statutes, is created to
69 read:

70 446.541 Work-based learning.-

71 (1) It is the intent of the Legislature that, to the extent
72 possible, school districts place students in paid work
73 experiences for purposes of educational training and work-based
74 learning.

75 (2) For purposes of this section, the term "work-based
76 learning" is synonymous with the term "on-the-job training" and
77 means interactions with industry or community professionals in
78 off-campus workplaces which foster in-depth, firsthand
79 engagement with the tasks required in a given career field and
80 which are aligned to curriculum and instruction, through an
81 apprenticeship program or a preapprenticeship program or as a
82 student in a course identified in the Course Code Directory.

83 (3) (a) The following participants in work-based learning
84 are deemed to be employees of the state for purposes of workers'
85 compensation and shall be insured in the manner provided
86 pursuant to chapter 284, except as otherwise provided in this
87 section:

88 1. Individuals 18 years of age or younger who are enrolled
89 in a Florida-registered preapprenticeship program that requires
90 work-based learning or a registered apprenticeship program
91 administered under ss. 446.011-446.092.

92 2. Any students in grades 6 through 12 who are enrolled in
93 a course identified in the Course Code Directory which
94 incorporates a work-based learning component or an activity that
95 is unpaid.

450044

96 (b) Workers' compensation costs associated with such
97 participants shall not be included or combined with the premiums
98 otherwise due from the department pursuant to chapter 284, but
99 shall be billed separately to the department's workforce
100 education programs and are payable solely from appropriations
101 provided to the department's workforce education programs or
102 specifically for the payment of such costs.

103 (c) In order for the provisions of paragraph (a) to apply
104 to a participant, each preapprenticeship program and
105 apprenticeship program registered with the department and each
106 school board, community college, or career center offering
107 courses identified in the Course Code Directory which
108 incorporate a work-based learning component or an activity that
109 is unpaid shall provide the following information to the
110 department not later than 30 days after a participant begins his
111 or her participation in work-based learning:

112 1. The name of each such participant;

113 2. The amount of hourly compensation to be paid to such
114 participant, if any;

115 3. The number of hours per week that such participant will
116 be receiving on-the-job training as a participant in, and
117 required for, the preapprenticeship program, apprenticeship
118 program, or course which incorporates a work-based learning
119 component or an activity that is unpaid.

120
121 The department shall provide such information to the Division of
122 Risk Management of the Department of Financial Services,
123 together with any additional information required by the
124 division for the purposes of administering chapter 284.

450044

125 (d) Notwithstanding ss. 284.36 and 284.44, the department
126 shall be responsible for paying workers' compensation costs for
127 participants who are entitled to workers' compensation benefits
128 pursuant to chapter 440 solely from funds appropriated to the
129 department for such purpose. Coverage for such workers'
130 compensation benefits shall be provided by the Division of Risk
131 Management of the Department of Financial Services. The costs
132 for such coverage shall be paid by the department to the
133 division. For fiscal year 2020-2021, the department shall pay
134 the division \$470,000 on August 15, 2020, on November 15, 2020,
135 on February 15, 2021, and on May 15, 2021, for such costs. For
136 subsequent fiscal years, the division shall bill the department
137 for such workers' compensation costs quarterly, based on such
138 costs from the preceding state fiscal year. The department shall
139 pay such quarterly bills on August 15, on October 15, on
140 February 15, and on May 15 of each fiscal year.

141 Section 4. Paragraph (b) of subsection (6) and paragraph
142 (e) of subsection (10) of section 1002.33, Florida Statutes, are
143 amended to read:

144 1002.33 Charter schools.—

145 (6) APPLICATION PROCESS AND REVIEW.—Charter school
146 applications are subject to the following requirements:

147 (b) A sponsor shall receive and review all applications for
148 a charter school using the evaluation instrument developed by
149 the Department of Education. A sponsor shall receive and
150 consider charter school applications received during ~~on or~~
151 ~~before August 1~~ of each calendar year for charter schools to be
152 opened at the beginning of the school district's next school
153 year, or to be opened at a time determined ~~agreed to~~ by the

450044

154 applicant ~~and the sponsor~~. A sponsor may not refuse to receive a
155 charter school application submitted by an applicant during the
156 calendar year. ~~before August 1 and may receive an application~~
157 ~~submitted later than August 1 if it chooses. Beginning in 2018~~
158 ~~and thereafter, a sponsor shall receive and consider charter~~
159 ~~school applications received on or before February 1 of each~~
160 ~~calendar year for charter schools to be opened 18 months later~~
161 ~~at the beginning of the school district's school year, or to be~~
162 ~~opened at a time determined by the applicant. A sponsor may not~~
163 ~~refuse to receive a charter school application submitted before~~
164 ~~February 1 and may receive an application submitted later than~~
165 ~~February 1 if it chooses.~~ A sponsor may not charge an applicant
166 for a charter any fee for the processing or consideration of an
167 application, and a sponsor may not base its consideration or
168 approval of a final application upon the promise of future
169 payment of any kind. Before approving or denying any
170 application, the sponsor shall allow the applicant, upon receipt
171 of written notification, at least 7 calendar days to make
172 technical or nonsubstantive corrections and clarifications,
173 including, but not limited to, corrections of grammatical,
174 typographical, and like errors or missing signatures, if such
175 errors are identified by the sponsor as cause to deny the final
176 application.

177 1. In order to facilitate an accurate budget projection
178 process, a sponsor shall be held harmless for FTE students who
179 are not included in the FTE projection due to approval of
180 charter school applications after the FTE projection deadline.
181 In a further effort to facilitate an accurate budget projection,
182 within 15 calendar days after receipt of a charter school

450044

183 application, a sponsor shall report to the Department of
184 Education the name of the applicant entity, the proposed charter
185 school location, and its projected FTE.

186 2. In order to ensure fiscal responsibility, an application
187 for a charter school shall include a full accounting of expected
188 assets, a projection of expected sources and amounts of income,
189 including income derived from projected student enrollments and
190 from community support, and an expense projection that includes
191 full accounting of the costs of operation, including start-up
192 costs.

193 3.a. A sponsor shall by a majority vote approve or deny an
194 application no later than 90 calendar days after the application
195 is received, unless the sponsor and the applicant mutually agree
196 in writing to temporarily postpone the vote to a specific date,
197 at which time the sponsor shall by a majority vote approve or
198 deny the application. If the sponsor fails to act on the
199 application, an applicant may appeal to the State Board of
200 Education as provided in paragraph (c). If an application is
201 denied, the sponsor shall, within 10 calendar days after such
202 denial, articulate in writing the specific reasons, based upon
203 good cause, supporting its denial of the application and shall
204 provide the letter of denial and supporting documentation to the
205 applicant and to the Department of Education.

206 b. An application submitted by a high-performing charter
207 school identified pursuant to s. 1002.331 or a high-performing
208 charter school system identified pursuant to s. 1002.332 may be
209 denied by the sponsor only if the sponsor demonstrates by clear
210 and convincing evidence that:

211 (I) The application of a high-performing charter school

450044

212 does not materially comply with the requirements in paragraph
213 (a) or, for a high-performing charter school system, the
214 application does not materially comply with s. 1002.332(2)(b);

215 (II) The charter school proposed in the application does
216 not materially comply with the requirements in paragraphs
217 (9)(a)-(f);

218 (III) The proposed charter school's educational program
219 does not substantially replicate that of the applicant or one of
220 the applicant's high-performing charter schools;

221 (IV) The applicant has made a material misrepresentation or
222 false statement or concealed an essential or material fact
223 during the application process; or

224 (V) The proposed charter school's educational program and
225 financial management practices do not materially comply with the
226 requirements of this section.

227
228 Material noncompliance is a failure to follow requirements or a
229 violation of prohibitions applicable to charter school
230 applications, which failure is quantitatively or qualitatively
231 significant either individually or when aggregated with other
232 noncompliance. An applicant is considered to be replicating a
233 high-performing charter school if the proposed school is
234 substantially similar to at least one of the applicant's high-
235 performing charter schools and the organization or individuals
236 involved in the establishment and operation of the proposed
237 school are significantly involved in the operation of replicated
238 schools.

239 c. If the sponsor denies an application submitted by a
240 high-performing charter school or a high-performing charter

450044

241 school system, the sponsor must, within 10 calendar days after
242 such denial, state in writing the specific reasons, based upon
243 the criteria in sub-subparagraph b., supporting its denial of
244 the application and must provide the letter of denial and
245 supporting documentation to the applicant and to the Department
246 of Education. The applicant may appeal the sponsor's denial of
247 the application in accordance with paragraph (c).

248 4. For budget projection purposes, the sponsor shall report
249 to the Department of Education the approval or denial of an
250 application within 10 calendar days after such approval or
251 denial. In the event of approval, the report to the Department
252 of Education shall include the final projected FTE for the
253 approved charter school.

254 5. Upon approval of an application, the initial startup
255 shall commence with the beginning of the public school calendar
256 for the district in which the charter is granted. A charter
257 school may defer the opening of the school's operations for up
258 to 3 years to provide time for adequate facility planning. The
259 charter school must provide written notice of such intent to the
260 sponsor and the parents of enrolled students at least 30
261 calendar days before the first day of school.

262 (10) ELIGIBLE STUDENTS.—

263 (e) A charter school may limit the enrollment process only
264 to target the following student populations:

265 1. Students within specific age groups or grade levels.

266 2. Students considered at risk of dropping out of school or
267 academic failure. Such students shall include exceptional
268 education students.

269 3. Students enrolling in a charter school-in-the-workplace

450044

270 or charter school-in-a-municipality established pursuant to
271 subsection (15).

272 4. Students residing within a reasonable distance of the
273 charter school, as described in paragraph (20)(c). Such students
274 shall be subject to a random lottery and to the racial/ethnic
275 balance provisions described in subparagraph (7)(a)8. or any
276 federal provisions that require a school to achieve a
277 racial/ethnic balance reflective of the community it serves or
278 within the racial/ethnic range of other public schools in the
279 same school district.

280 5. Students who meet reasonable academic, artistic, or
281 other eligibility standards established by the charter school
282 and included in the charter school application and charter or,
283 in the case of existing charter schools, standards that are
284 consistent with the school's mission and purpose. Such standards
285 shall be in accordance with current state law and practice in
286 public schools and may not discriminate against otherwise
287 qualified individuals.

288 6. Students articulating from one charter school to another
289 pursuant to an articulation agreement between the charter
290 schools that has been approved by the sponsor.

291 7. Students living in a development in which a developer,
292 including any affiliated business entity or charitable
293 foundation, contributes to the formation, acquisition,
294 construction, or operation of one or more charter schools or
295 charter ~~provides the school facilities facility~~ and related
296 property in an amount equal to or having a total an appraised
297 value of at least \$5 million to be used as a charter schools
298 ~~school~~ to mitigate the educational impact created by the

450044

299 development of new residential dwelling units. Students living
300 in the development are ~~shall be~~ entitled to ~~no more than~~ 50
301 percent of the student stations in the charter schools ~~school~~.
302 The students who are eligible for enrollment are subject to a
303 random lottery, the racial/ethnic balance provisions, or any
304 federal provisions, as described in subparagraph 4. The
305 remainder of the student stations must ~~shall~~ be filled in
306 accordance with subparagraph 4.

307 Section 5. Subsection (3) of section 1002.331, Florida
308 Statutes, is amended to read:

309 1002.331 High-performing charter schools.-

310 (3) (a) 1. A high-performing charter school may submit an
311 application pursuant to s. 1002.33(6) in any school district in
312 the state to establish and operate a new charter school that
313 will substantially replicate its educational program. An
314 application submitted by a high-performing charter school must
315 state that the application is being submitted pursuant to this
316 paragraph and must include the verification letter provided by
317 the Commissioner of Education pursuant to subsection (4).

318 2. If the sponsor fails to act on the application within 90
319 days after receipt, the application is deemed approved and the
320 procedure in s. 1002.33(7) applies.

321 (b) A high-performing charter school may submit two
322 applications for a charter school ~~not establish more than two~~
323 ~~charter schools~~ within the state under paragraph (a) to be
324 opened at a time determined by the high-performing charter
325 school. ~~in any year.~~ A subsequent application to establish a
326 charter school under paragraph (a) may not be submitted unless
327 each charter school application commences operations or an

450044

328 application is otherwise withdrawn. ~~each charter school~~
329 ~~established in this manner achieves high-performing charter~~
330 ~~school status.~~ However, a high-performing charter school may
331 establish more than one charter school within the state under
332 paragraph (a) in any year if it operates in the area of a
333 persistently low-performing school and serves students from that
334 school.

335 (c) This section applies to any high-performing charter
336 school with an existing approved application.

337 Section 6. Paragraph (e) of subsection (1) of section
338 1002.45, Florida Statutes, is amended to read:

339 1002.45 Virtual instruction programs.—

340 (1) PROGRAM.—

341 (e) Each school district shall:

342 1. Provide to the department by each October 1, a copy of
343 each contract and the amounts paid per unweighted full-time
344 equivalent student for services procured pursuant to
345 subparagraphs (c)1. and 2.

346 2. Expend the difference in funds provided for a student
347 participating in the school district virtual instruction program
348 pursuant to subsection (7) and the price paid for contracted
349 services procured pursuant to subparagraphs (c)1. and 2. for
350 implementation of the school district's digital classrooms plan
351 pursuant to s. 1011.62.

352 3. At the end of each fiscal year, but no later than
353 September 1, report to the department an itemized list of the
354 technological tools purchased with these funds.

355 4. Limit virtual instruction out-of-district full-time
356 equivalent student membership to no more than the full-time

450044

357 equivalent student membership in virtual program classes within
358 the district. On July 1, 2020, if a pre-existing contract with
359 an approved provider or virtual charter school is out of
360 compliance with this provision, no additional out-of-district
361 students may be served until full-time equivalent membership in
362 virtual program classes in the district exceeds out-of-district
363 full-time equivalent student membership in the program. For this
364 pre-existing contract, out-of-district students participating in
365 the program prior to July 1, 2020, shall be guaranteed continued
366 enrollment in the program until they voluntarily exit the
367 program or graduate from high school, whichever comes first.

368 Section 7. Paragraph (b) of subsection (1) of section
369 1003.4156, Florida Statutes, is amended to read:

370 1003.4156 General requirements for middle grades
371 promotion.—

372 (1) In order for a student to be promoted to high school
373 from a school that includes middle grades 6, 7, and 8, the
374 student must successfully complete the following courses:

375 (b) Three middle grades or higher courses in mathematics.
376 Each school that includes middle grades must offer at least one
377 high school level mathematics course for which students may earn
378 high school credit. Successful completion of a high school level
379 Algebra I or Geometry course is not contingent upon the
380 student's performance on the statewide, standardized end-of-
381 course (EOC) assessment. To earn high school credit for Algebra
382 I, a middle grades student must take the statewide, standardized
383 Algebra I EOC assessment, which constitutes 30 percent of the
384 student's final course grade, and earn a passing grade in pass
385 the course, and in addition, beginning with the 2013-2014 school

450044

386 ~~year and thereafter, a student's performance on the Algebra I~~
387 ~~EOC assessment constitutes 30 percent of the student's final~~
388 ~~course grade.~~ To earn high school credit for a Geometry course,
389 a middle grades student must, until the Geometry EOC assessment
390 is discontinued, take the statewide, standardized Geometry EOC
391 assessment, which constitutes 30 percent of the student's final
392 course grade, and earn a passing grade in the course.

393 Section 8. Paragraphs (a), (b), and (d) of subsection (3),
394 subsection (7), and paragraph (e) of subsection (10) of section
395 1003.4282, Florida Statutes, are amended to read:

396 1003.4282 Requirements for a standard high school diploma.—

397 (3) STANDARD HIGH SCHOOL DIPLOMA; COURSE AND ASSESSMENT
398 REQUIREMENTS.—

399 (a) *Four credits in English Language Arts (ELA).*—The four
400 credits must be in ELA I, II, III, and IV. A student must pass
401 the statewide, standardized grade 10 ~~Reading assessment or, when~~
402 ~~implemented, the grade 10~~ ELA assessment, or earn a concordant
403 score, in order to earn a standard high school diploma.

404 (b) *Four credits in mathematics.*—

405 1. A student must earn one credit in Algebra I and one
406 credit in Geometry. A student's performance on the statewide,
407 standardized Algebra I end-of-course (EOC) assessment
408 constitutes 30 percent of the student's final course grade. A
409 student must pass the statewide, standardized Algebra I EOC
410 assessment, or earn a comparative score, in order to earn a
411 standard high school diploma. Until the Geometry EOC assessment
412 is discontinued, a student's performance on the statewide,
413 standardized Geometry EOC assessment constitutes 30 percent of
414 the student's final course grade.

450044

415 2. A student who earns an industry certification for which
416 there is a statewide college credit articulation agreement
417 approved by the State Board of Education may substitute the
418 certification for one mathematics credit. Substitution may occur
419 for up to two mathematics credits, except for Algebra I and
420 Geometry. A student may earn two mathematics credits by
421 successfully completing Algebra I through two full-year courses.
422 A certified school counselor or the principal's designee must
423 advise the student that admission to a state university may
424 require the student to earn 3 additional mathematics credits
425 that are at least as rigorous as Algebra I.

426 3. A student who earns a computer science credit may
427 substitute the credit for up to one credit of the mathematics
428 requirement, with the exception of Algebra I and Geometry, if
429 the commissioner identifies the computer science credit as being
430 equivalent in rigor to the mathematics credit. An identified
431 computer science credit may not be used to substitute for both a
432 mathematics and a science credit. A student who earns an
433 industry certification in 3D rapid prototype printing may
434 satisfy up to two credits of the mathematics requirement, with
435 the exception of Algebra I, if the commissioner identifies the
436 certification as being equivalent in rigor to the mathematics
437 credit or credits.

438 (d) *Three credits in social studies.*—A student must earn
439 one credit in United States History; one credit in World
440 History; one-half credit in economics; and one-half credit in
441 United States Government. The United States History EOC
442 assessment constitutes 30 percent of the student's final course
443 grade. Beginning with the 2020-2021 school year, all students

450044

444 shall take the assessment of civic literacy adopted by the State
445 Board of Education under s. 1007.25(4) by grade 12. A student
446 who earns a passing score on the assessment is exempt from the
447 postsecondary civic literacy assessment required by s.
448 1007.25(4).

449 (7) UNIFORM TRANSFER OF HIGH SCHOOL CREDITS. ~~Beginning with~~
450 ~~the 2012-2013 school year,~~ If a student transfers to a Florida
451 public high school from out of country, out of state, a private
452 school, or a home education program and the student's transcript
453 shows a credit in Algebra I, the student's transferring course
454 final grade and credit shall be honored. However, the student
455 must pass the statewide, standardized Algebra I EOC assessment
456 in order to earn a standard high school diploma unless the
457 student earned a comparative score, passed a statewide
458 assessment in Algebra I administered by the transferring entity,
459 or passed the statewide mathematics assessment the transferring
460 entity uses to satisfy the requirements of the Elementary and
461 Secondary Education Act, as amended by the Every Student
462 Succeeds Act (ESSA) of 2015, 20 U.S.C. ss. 6301 et seq. If a
463 student's transcript shows a credit in high school reading or
464 English Language Arts II or III, in order to earn a standard
465 high school diploma, the student must take and pass the
466 statewide, standardized grade 10 ~~Reading assessment or, when~~
467 ~~implemented, the grade 10~~ ELA assessment, or earn a concordant
468 score. If a transfer student's transcript shows a final course
469 grade and course credit in ~~Algebra I,~~ Geometry, Biology I, or
470 United States History, the transferring course final grade and
471 credit shall be honored without the student taking the requisite
472 statewide, standardized EOC assessment and without the

450044

473 assessment results constituting 30 percent of the student's
474 final course grade.

475 (10) STUDENTS WITH DISABILITIES.—Beginning with students
476 entering grade 9 in the 2014-2015 school year, this subsection
477 applies to a student with a disability.

478 (e) Any waiver of the statewide, standardized assessment
479 requirements by the individual education plan team, pursuant to
480 s. 1008.22(3)(d) ~~s. 1008.22(3)(e)~~, must be approved by the
481 parent and is subject to verification for appropriateness by an
482 independent reviewer selected by the parent as provided for in
483 s. 1003.572.

484
485 The State Board of Education shall adopt rules under ss.
486 120.536(1) and 120.54 to implement this subsection, including
487 rules that establish the minimum requirements for students
488 described in this subsection to earn a standard high school
489 diploma. The State Board of Education shall adopt emergency
490 rules pursuant to ss. 120.536(1) and 120.54.

491 Section 9. Paragraph (a) of subsection (1) of section
492 1003.4285, Florida Statutes, is amended to read:

493 1003.4285 Standard high school diploma designations.—

494 (1) Each standard high school diploma shall include, as
495 applicable, the following designations if the student meets the
496 criteria set forth for the designation:

497 (a) *Scholar designation*.—In addition to the requirements of
498 s. 1003.4282, in order to earn the Scholar designation, a
499 student must satisfy the following requirements:

500 1. Mathematics.—Earn one credit in Algebra II or an equally
501 rigorous course and one credit in statistics or an equally

450044

502 rigorous course. ~~Beginning with students entering grade 9 in the~~
503 ~~2014-2015 school year, pass the Geometry statewide, standardized~~
504 ~~assessment.~~

505 2. Science.—Pass the statewide, standardized Biology I EOC
506 assessment and earn one credit in chemistry or physics and one
507 credit in a course equally rigorous to chemistry or physics.
508 However, a student enrolled in an Advanced Placement (AP),
509 International Baccalaureate (IB), or Advanced International
510 Certificate of Education (AICE) Biology course who takes the
511 respective AP, IB, or AICE Biology assessment and earns the
512 minimum score necessary to earn college credit as identified
513 pursuant to s. 1007.27(2) meets the requirement of this
514 subparagraph without having to take the statewide, standardized
515 Biology I EOC assessment.

516 3. Social studies.—Pass the statewide, standardized United
517 States History EOC assessment. However, a student enrolled in an
518 AP, IB, or AICE course that includes United States History
519 topics who takes the respective AP, IB, or AICE assessment and
520 earns the minimum score necessary to earn college credit as
521 identified pursuant to s. 1007.27(2) meets the requirement of
522 this subparagraph without having to take the statewide,
523 standardized United States History EOC assessment.

524 4. Foreign language.—Earn two credits in the same foreign
525 language.

526 5. Electives.—Earn at least one credit in an Advanced
527 Placement, an International Baccalaureate, an Advanced
528 International Certificate of Education, or a dual enrollment
529 course.

530 Section 10. Present subsections (1), (2), and (3) of

450044

531 section 1003.573, Florida Statutes, are redesignated as
532 subsections (7), (8), and (4), respectively, new subsections
533 (1), (2), (3), (5) and (6) are added to that section, and
534 present subsections (1)-(5) are amended, to read:

535 1003.573 Seclusion and Use of restraint of and seclusion on
536 students with disabilities in public schools.-

537 (1) DEFINITIONS.-As used in this section, the term:

538 (a) "Crisis intervention plan" means an individualized
539 action plan for school personnel to implement when a student
540 exhibits dangerous behavior that may lead to imminent risk of
541 serious injury.

542 (b) "Imminent risk of serious injury" means the threat
543 posed by dangerous behavior that may cause serious physical harm
544 to self or others.

545 (c) "Restraint" means the use of a mechanical or physical
546 restraint.

547 1. "Mechanical restraint" means the use of a device that
548 restricts a student's freedom of movement. The term does not
549 include the use of devices prescribed or recommended by physical
550 or behavioral health professionals when used for indicated
551 purposes.

552 2. "Physical restraint" means the use of manual restraint
553 techniques that involve significant physical force applied by a
554 teacher or other staff member to restrict the movement of all or
555 part of a student's body. The term does not include briefly
556 holding a student in order to calm or comfort the student or
557 physically escorting a student to a safe location.

558 (d) "Positive behavior interventions and supports" means
559 the use of behavioral interventions to prevent dangerous

450044

560 behaviors that may cause serious physical harm to the student or
561 others.

562 (e) "Seclusion" means the involuntary confinement of a
563 student in a room or area alone and preventing the student from
564 leaving the room or area. The term does not include time-out
565 used as a behavior management technique intended to calm a
566 student.

567 (f) "Student" means a child with an individual education
568 plan enrolled in grades kindergarten through 12 in a school, as
569 defined in s. 1003.01(2), or in the Florida School for the Deaf
570 and Blind. The term does not include students in
571 prekindergarten, students who reside in residential care
572 facilities under s. 1003.58, or students participating in a
573 Department of Juvenile Justice education program under s.
574 1003.53.

575 (2) SECLUSION.—Each school district shall prohibit school
576 personnel from using seclusion.

577 (3) RESTRAINT.—

578 (a) Authorized school personnel may use restraint only when
579 all positive behavior interventions and supports have been
580 exhausted. Restraint may be used only when there is an imminent
581 risk of serious injury and shall be discontinued as soon as the
582 threat posed by the dangerous behavior has dissipated.

583 Straightjackets, zip ties, handcuffs, or tie-downs may not be
584 used to obstruct or restrict breathing or blood flow. Restraint
585 techniques may not be used to inflict pain to induce compliance.

586 (b) Notwithstanding the authority provided in s. 1003.32,
587 restraint shall be used only to protect the safety of students,
588 school personnel, or others and may not be used for student

450044

589 discipline or to correct student noncompliance.

590 (c) The degree of force applied during physical restraint
591 must be only that degree of force necessary to protect the
592 student or others from imminent risk of serious injury.

593 (4) ~~(3)~~ SCHOOL DISTRICT POLICIES AND PROCEDURES.-

594 (a) Each school district shall adopt positive behavior
595 interventions and supports and identify all school personnel
596 authorized to use the interventions and supports. Each school
597 district shall develop policies and procedures that are
598 consistent with this section and that govern the following:

599 1. Incident-reporting procedures.

600 2. Data collection and monitoring, including when, where,
601 and why students are restrained and ~~or secluded~~; the frequency
602 of occurrences of such restraint ~~or seclusion~~; and the ~~prone or~~
603 ~~mechanical restraint that is most used.~~

604 3. Monitoring and reporting of data collected.

605 4. Training programs and procedures relating to ~~manual or~~
606 ~~physical~~ restraint as described in subsection (3) and seclusion.

607 5. The district's plan for selecting personnel to be
608 trained pursuant to this subsection.

609 6. The district's plan for reducing the use of restraint,
610 ~~and seclusion~~ particularly in settings in which it occurs
611 frequently or with students who are restrained repeatedly, ~~and~~
612 ~~for reducing the use of prone restraint and mechanical~~
613 ~~restraint.~~ The plan must include a goal for reducing the use of
614 restraint ~~and seclusion~~ and must include activities, skills, and
615 resources needed to achieve that goal. Activities may include,
616 but are not limited to:

617 a. Additional training in positive behavior interventions

450044

618 and supports. ~~behavioral support and crisis management;~~
619 b. Parental involvement.~~;~~
620 c. Data review.~~;~~
621 d. Updates of students' functional behavioral analysis and
622 positive behavior intervention plans.~~;~~
623 e. Additional student evaluations.~~;~~
624 f. Debriefing with staff.~~;~~
625 g. Use of schoolwide positive behavior support.~~;~~ ~~and~~
626 h. Changes to the school environment.
627 i. Analysis of data to determine trends.
628 j. Ongoing reduction of the use of restraint.
629 (b) Any revisions a school district makes to its ~~to the~~
630 ~~district's~~ policies and procedures pursuant to this section,
631 ~~which must be prepared as part of its special policies and~~
632 ~~procedures,~~ must be filed with the bureau chief of the Bureau of
633 Exceptional Education and Student Services within 90 days after
634 the revision ~~no later than January 31, 2012.~~
635 (c) At the beginning of each school year, each school
636 district shall publicly post its policies and procedures on
637 positive behavior interventions and supports as adopted by the
638 school district.
639 (5) TRAINING.—Each school district shall provide training
640 to all school personnel authorized to use positive behavior
641 interventions and supports pursuant to school district policy.
642 Training shall be provided annually and must include:
643 (a) The use of positive behavior interventions and
644 supports.
645 (b) Risk assessment procedures to identify when restraint
646 may be used.

450044

647 (c) Examples of when positive behavior interventions and
648 support techniques have failed to reduce the imminent risk of
649 serious injury.

650 (d) Examples of safe and appropriate restraint techniques
651 and how to use these techniques with multiple staff members
652 working as a team.

653 (e) Instruction in the district's documentation and
654 reporting requirements.

655 (f) Procedures to identify and deal with possible medical
656 emergencies arising during the use of restraint.

657 (g) Cardiopulmonary resuscitation.

658

659 Each school district shall publish the procedures for the
660 training required under this subsection in the district's
661 special policies and procedures manual.

662 (6) CRISIS INTERVENTION PLAN.—

663 (a) Upon the second time a student is restrained during a
664 semester, the school shall develop a crisis intervention plan
665 for the student. The crisis intervention plan shall be developed
666 by a team comprised of the student's parent, school personnel,
667 and applicable physical and behavioral health professionals.

668 (b) The crisis intervention plan must include:

669 1. Specific positive behavior interventions and supports to
670 use in response to dangerous behaviors that create a threat of
671 imminent risk of serious injury.

672 2. Known physical and behavioral health concerns that will
673 limit the use of restraint for the student.

674 3. A timetable for the review and, if necessary, revision
675 of the crisis intervention plan.

450044

676 (c) The school must provide a copy of the crisis
677 intervention plan to the student's parent.

678 (7)(1) DOCUMENTATION AND REPORTING.—

679 (a) A school shall prepare an incident report within 24
680 hours after a student is released from restraint ~~or seclusion~~.
681 If the student's release occurs on a day before the school
682 closes for the weekend, a holiday, or another reason, the
683 incident report must be completed by the end of the school day
684 on the day the school reopens.

685 (b) The following must be included in the incident report:

686 1. The name of the student restrained ~~or secluded~~.

687 2. The age, grade, ethnicity, and disability of the student
688 restrained ~~or secluded~~.

689 3. The date and time of the event and the duration of the
690 restraint ~~or seclusion~~.

691 4. The location at which the restraint ~~or seclusion~~
692 occurred.

693 5. A description of the type of restraint used in terms
694 established by the department ~~of Education~~.

695 6. The name of the person using or assisting in the
696 restraint ~~or seclusion~~ of the student and the date the person
697 was last trained in the use of positive behavior interventions
698 and supports.

699 7. The name of any nonstudent who was present to witness
700 the restraint ~~or seclusion~~.

701 8. A description of the incident, including all of the
702 following:

703 a. The context in which the restraint ~~or seclusion~~
704 occurred.

450044

705 b. The student's behavior leading up to and precipitating
706 the decision to use ~~manual or physical~~ restraint ~~or seclusion~~,
707 including an indication as to why there was an imminent risk of
708 serious injury ~~or death~~ to the student or others.

709 c. The ~~specific~~ positive behavior interventions and
710 supports ~~behavioral strategies~~ used to prevent and deescalate
711 the behavior.

712 d. What occurred with the student immediately after the
713 termination of the restraint ~~or seclusion~~.

714 e. Any injuries, visible marks, or possible medical
715 emergencies that may have occurred during the restraint ~~or~~
716 ~~seclusion~~, documented according to district policies.

717 f. Evidence of steps taken to notify the student's parent
718 or guardian.

719 g. The date the crisis intervention plan was last reviewed
720 and whether changes were recommended.

721 (c) A school shall notify the parent or guardian of a
722 student each time ~~manual or physical~~ restraint ~~or seclusion~~ is
723 used. Such notification must be in writing and provided before
724 the end of the school day on which the restraint ~~or seclusion~~
725 occurs. Reasonable efforts must also be taken to notify the
726 parent or guardian by telephone or ~~computer~~ e-mail, or both, and
727 these efforts must be documented. The school shall obtain, and
728 keep in its records, the parent's or guardian's signed
729 acknowledgment that he or she was notified of his or her child's
730 restraint ~~or seclusion~~.

731 (d) A school shall also provide the parent or guardian with
732 the completed incident report in writing by mail within 3 school
733 days after a student was ~~manually or physically~~ restrained ~~or~~

450044

734 ~~secluded~~. The school shall obtain, and keep in its records, the
735 parent's or guardian's signed acknowledgment that he or she
736 received a copy of the incident report.

737 (8) ~~(2)~~ MONITORING.—

738 (a) ~~Monitoring of~~ The use of ~~manual or physical~~ restraint
739 ~~or seclusion~~ on students shall be monitored ~~occur~~ at the
740 classroom, building, district, and state levels.

741 (b) Any documentation prepared by a school pursuant to ~~as~~
742 ~~required in~~ subsection (7) ~~(1)~~ shall be provided to the school
743 principal, the district director of Exceptional Student
744 Education, and the bureau chief of the Bureau of Exceptional
745 Education and Student Services electronically each month that
746 the school is in session.

747 (c) The department shall maintain aggregate data of
748 incidents of ~~manual or physical~~ restraint ~~and seclusion~~ and
749 disaggregate the data for analysis by county, school, student
750 exceptionality, and other variables, including the type and
751 method of restraint ~~or seclusion~~ used. This information shall be
752 updated monthly, de-identified, and made available to the public
753 through the department's website no later than October 1, 2020.

754 (d) The department shall establish standards for
755 documenting, reporting, and monitoring the incident reports
756 related to the use of ~~manual or physical~~ restraint ~~or mechanical~~
757 ~~restraint, and occurrences of seclusion~~. These standards shall
758 be provided to school districts ~~by October 1, 2011~~.

759 ~~(4) PROHIBITED RESTRAINT. School personnel may not use a~~
760 ~~mechanical restraint or a manual or physical restraint that~~
761 ~~restricts a student's breathing.~~

762 ~~(5) SECLUSION. School personnel may not close, lock, or~~

450044

763 ~~physically block a student in a room that is unlit and does not~~
764 ~~meet the rules of the State Fire Marshal for seclusion time-out~~
765 ~~rooms.~~

766 Section 11. Section 1003.574, Florida Statutes, is created
767 to read:

768 1003.574 Video cameras in public school classrooms; pilot
769 program.—Beginning with the 2020-2021 school year, the Video
770 Cameras in Public School Classrooms Pilot Program is created for
771 a period of 3 school years.

772 (1) As used in this section, the term:

773 (a) "Incident" means an event, a circumstance, an act, or
774 an omission that results in the abuse or neglect of a student
775 by:

- 776 1. An employee of a public school or school district; or
777 2. Another student.

778 (b) "School district" means Broward County Public Schools
779 and Volusia County Schools.

780 (c) "Self-contained classroom" means a classroom at a
781 public school in which a majority of the students in regular
782 attendance are provided special education services and are
783 assigned to one or more such classrooms for at least 50 percent
784 of the instructional day.

785 (2) (a) A school district shall provide a video camera to
786 any school with a self-contained classroom upon the written
787 request of a parent of a student in the classroom.

788 (b) Within 30 days after receipt of the request from a
789 parent, a video camera shall be operational in each self-
790 contained classroom in which the parent's student is in regular
791 attendance for the remainder of the school year, unless the

450044

792 parent withdraws his or her request in writing.

793 (3) If the student who is the subject of the initial
794 request is no longer in attendance in the classroom and a school
795 discontinues operation of a video camera during a school year,
796 no later than the fifth school day before the date the operation
797 of the video camera is discontinued, the school must notify the
798 parents of each student in regular attendance in the classroom
799 that operation of the video camera will cease unless the
800 continued use of the camera is requested by a parent. No later
801 than the 10th school day before the end of each school year, the
802 school must notify the parents of each student in regular
803 attendance in the classroom that operation of the video camera
804 will not continue during the following school year unless a
805 written request is submitted by a parent for the next school
806 year.

807 (4) (a) A video camera placed in a self-contained classroom
808 must be capable of all of the following:

809 1. Monitoring all areas of the self-contained classroom,
810 including, without limitation, any room attached to the self-
811 contained classroom which is used for other purposes.

812 2. Recording audio from all areas of the self-contained
813 classroom, including, without limitation, any room attached to
814 the self-contained classroom which is used for other purposes.

815 (b) A video camera placed in a self-contained classroom may
816 not monitor a restroom or any other area in the self-contained
817 classroom where a student changes his or her clothes, except for
818 the entryway, exit, or hallway outside a restroom or other area
819 where a student changes his or her clothes because of the layout
820 of the self-contained classroom.

450044

821 (c) A video camera placed in a self-contained classroom is
822 not required to be in operation when students are not present in
823 the self-contained classroom.

824 (d) If there is an interruption in the operation of the
825 video camera for any reason, an explanation must be submitted in
826 writing to the school principal and the district school board
827 which explains the reason for and duration of the interruption.
828 The written explanation must be maintained at the district
829 school board office for at least 1 year.

830 (5) Before a school initially places a video camera in a
831 self-contained classroom pursuant to this section, the school
832 shall provide written notice of the placement of such video
833 camera to all of the following:

834 (a) The parent of each student who is assigned to the self-
835 contained classroom.

836 (b) Each student who is assigned to the self-contained
837 classroom.

838 (c) The school district.

839 (d) Each school employee who is assigned to work with one
840 or more students in the self-contained classroom.

841 (6) A school shall:

842 (a) Retain video recorded from a video camera placed
843 pursuant to this section for at least 3 months after the date
844 the video was recorded, after which the recording shall be
845 deleted or otherwise made unretrievable; or

846 (b) Retain the recording until the conclusion of any
847 investigation or any administrative or legal proceedings that
848 result from the recording have been completed, including,
849 without limitation, the exhaustion of all appeals.

450044

850 (7) A school or school district may not:
851 (a) Allow regular, continuous, or continual monitoring of
852 videos recorded under this section; or
853 (b) Use videos recorded under this section for teacher
854 evaluations or any purpose other than for ensuring the health,
855 safety, and well-being of students receiving special education
856 services in a self-contained classroom.
857 (8) The principal of the school is the custodian of a video
858 camera operated pursuant to this section, all recordings
859 generated by that video camera, and access to such recordings.
860 (a) The release or viewing of any video recording under
861 this section must comply with s. 1002.22.
862 (b) A school or school district shall:
863 1. Conceal the identity of any student who appears in a
864 video recording but is not involved in the alleged incident
865 documented by a video recording that the school allows to be
866 viewed under subsection (9), including, without limitation,
867 blurring the face of the uninvolved student.
868 2. Protect the confidentiality of all student records
869 contained in a video recording in accordance with s. 1002.22.
870 (9) (a) Within 7 days after receiving a request to view a
871 video recording, a school or school district shall allow the
872 following individuals or entities to view a video recording made
873 under this section:
874 1. A school or school district employee who is involved in
875 an alleged incident that is documented by the video recording as
876 part of the investigative process;
877 2. A parent of a student who is involved in an alleged
878 incident that is documented by the video recording and has been

450044

879 reported to the school or school district;

880 3. A school or school district employee as part of an
881 investigation into an alleged incident that is documented by the
882 video recording and has been reported to the school or school
883 district;

884 4. A law enforcement officer as part of an investigation
885 into an alleged incident that is documented by the video
886 recording and has been reported to the law enforcement agency;
887 or

888 5. The Department of Children and Families as part of a
889 child abuse or neglect investigation.

890 (b) A person who requests to view a recording shall make
891 himself or herself available for viewing the recording within 30
892 days after being notified by the school or school district that
893 the person's request has been granted.

894 (c) A person who views the recording and suspects that
895 child abuse has occurred must report the suspected child abuse
896 to the Department of Children and Families.

897 (10) (a) Any individual may appeal to the State Board of
898 Education regarding an action by a school or school district
899 which the individual alleges to be in violation of this section.

900 (b) The state board shall grant a hearing on an appeal
901 under this subsection within 45 days after receiving the appeal.

902 (11) A school or school district does not violate
903 subsection (8) if a contractor or other employee of the school
904 or school district incidentally views a video recording made
905 under this section in connection with the performance of his or
906 her duties related to either of the following:

907 (a) The installation, operation, or maintenance of video

450044

908 equipment; or

909 (b) The retention of video recordings.

910 (12) This section does not:

911 (a) Limit the access of the parent of a student, under the
912 Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. s.
913 1232g, or any other law, to a video recording regarding his or
914 her student.

915 (b) Waive any immunity from liability of a school district
916 or an employee of a school district.

917 (c) Create any liability for a cause of action against a
918 school or school district or an employee of a school or school
919 district carrying out the duties and responsibilities required
920 by this section.

921 (d) Apply to self-contained classrooms in which the only
922 students receiving special education services are those who have
923 been deemed gifted.

924 (13) The department shall collect information relating to
925 the installation and maintenance of video cameras under this
926 section.

927 (14) The State Board of Education may adopt rules to
928 implement this section.

929 Section 12. Paragraph (b) of subsection (3), of section
930 1004.04, Florida Statutes, is amended to read:

931 1004.04 Public accountability and state approval for
932 teacher preparation programs.—

933 (3) INITIAL STATE PROGRAM APPROVAL.—

934 (b) Each teacher preparation program approved by the
935 Department of Education, as provided for by this section, shall
936 require students, at a minimum, to ~~meet, at a minimum,~~ the

450044

937 ~~following as prerequisites for admission into the program:~~

938 1. Have a grade point average of at least 2.5 on a 4.0
939 scale for the general education component of undergraduate
940 studies or have completed the requirements for a baccalaureate
941 degree with a minimum grade point average of 2.5 on a 4.0 scale
942 from any college or university accredited by a regional
943 accrediting association as defined by State Board of Education
944 rule or any college or university otherwise approved pursuant to
945 State Board of Education rule.

946 2. Demonstrate mastery of general knowledge ~~sufficient for~~
947 ~~entry into the program~~, including the ability to read, write,
948 and perform in mathematics, by passing the General Knowledge
949 Test of the Florida Teacher Certification Examination or, for a
950 graduate level program, obtain a baccalaureate degree from an
951 institution that is accredited or approved pursuant to the rules
952 of the State Board of Education.

953

954 ~~Each teacher preparation program may waive these admissions~~
955 ~~requirements for up to 10 percent of the students admitted.~~
956 ~~Programs shall implement strategies to ensure that students~~
957 ~~admitted under a waiver receive assistance to demonstrate~~
958 ~~competencies to successfully meet requirements for certification~~
959 ~~and shall annually report to the Department of Education the~~
960 ~~status of each candidate admitted under such a waiver.~~

961 Section 13. Effective upon becoming a law, subsection (5)
962 is added to section 1006.33, Florida Statutes, to read:

963 1006.33 Bids or proposals; advertisement and its contents.—

964 (5) Notwithstanding the requirements of this section and
965 rules adopted to implement this section, for the 2020 adoption

450044

966 cycle, the department may establish timeframes for the
967 advertisement and submission of bids for instructional
968 materials.

969 Section 14. Subsection (4) of section 1007.25, Florida
970 Statutes, is amended to read:

971 1007.25 General education courses; common prerequisites;
972 other degree requirements.-

973 (4) Beginning with students initially entering a Florida
974 College System institution or state university in the 2020-2021
975 ~~2018-2019~~ school year and thereafter, each student must
976 demonstrate competency in civic literacy. ~~Students must have the~~
977 ~~option to demonstrate competency~~ through the successful
978 completion of a civic literacy course and ~~or~~ by achieving a
979 passing score on an assessment. The State Board of Education
980 must adopt in rule and the Board of Governors must adopt in
981 regulation at least one existing assessment that measures
982 competencies consistent with the required course competencies
983 outlined in paragraph (b). A student may fulfill the assessment
984 requirement by earning a passing score on the assessment while
985 in high school under s. 1003.4282(3)(d). The chair of the State
986 Board of Education and the chair of the Board of Governors, or
987 their respective designees, shall jointly appoint a faculty
988 committee to:

989 (a) Develop a new course in civic literacy or revise an
990 existing general education core course in American History or
991 American Government to include civic literacy.

992 (b) Establish course competencies and identify outcomes
993 that include, at a minimum, an understanding of the basic
994 principles of American democracy and how they are applied in our

450044

995 republican form of government, an understanding of the United
996 States Constitution, knowledge of the founding documents and how
997 they have shaped the nature and functions of our institutions of
998 self-governance, and an understanding of landmark Supreme Court
999 cases and their impact on law and society.

1000 Section 15. Subsections (7) and (8) of section 1007.27,
1001 Florida Statutes, are amended to read:

1002 1007.27 Articulated acceleration mechanisms.—

1003 (7) The International Baccalaureate Program shall be the
1004 curriculum in which eligible secondary students are enrolled in
1005 a program of studies offered through the International
1006 Baccalaureate Program administered by the International
1007 Baccalaureate Office. The State Board of Education and the Board
1008 of Governors shall specify in the statewide articulation
1009 agreement required by s. 1007.23(1) the cutoff scores and
1010 International Baccalaureate Examinations which will be used to
1011 grant postsecondary credit at Florida College System
1012 institutions and universities. Any changes to the articulation
1013 agreement, which have the effect of raising the required cutoff
1014 score or of changing the International Baccalaureate
1015 Examinations which will be used to grant postsecondary credit,
1016 shall only apply to students taking International Baccalaureate
1017 Examinations after such changes are adopted by the State Board
1018 of Education and the Board of Governors. ~~Students shall be
1019 awarded a maximum of 30 semester credit hours pursuant to this
1020 subsection.~~ The specific course for which a student may receive
1021 such credit shall be specified in the statewide articulation
1022 agreement required by s. 1007.23(1). Students enrolled pursuant
1023 to this subsection shall be exempt from the payment of any fees

450044

1024 for administration of the examinations regardless of whether or
1025 not the student achieves a passing score on the examination.
1026 (8) The Advanced International Certificate of Education
1027 Program and the International General Certificate of Secondary
1028 Education (pre-AICE) Program shall be the curricula in which
1029 eligible secondary students are enrolled in programs of study
1030 offered through the Advanced International Certificate of
1031 Education Program or the International General Certificate of
1032 Secondary Education (pre-AICE) Program administered by the
1033 University of Cambridge Local Examinations Syndicate. The State
1034 Board of Education and the Board of Governors shall specify in
1035 the statewide articulation agreement required by s. 1007.23(1)
1036 the cutoff scores and Advanced International Certificate of
1037 Education examinations which will be used to grant postsecondary
1038 credit at Florida College System institutions and universities.
1039 Any changes to the cutoff scores, which changes have the effect
1040 of raising the required cutoff score or of changing the Advanced
1041 International Certification of Education examinations which will
1042 be used to grant postsecondary credit, shall apply to students
1043 taking Advanced International Certificate of Education
1044 examinations after such changes are adopted by the State Board
1045 of Education and the Board of Governors. ~~Students shall be~~
1046 ~~awarded a maximum of 30 semester credit hours pursuant to this~~
1047 ~~subsection.~~ The specific course for which a student may receive
1048 such credit shall be determined by the Florida College System
1049 institution or university that accepts the student for
1050 admission. Students enrolled in either program of study pursuant
1051 to this subsection shall be exempt from the payment of any fees
1052 for administration of the examinations regardless of whether the

450044

1053 student achieves a passing score on the examination.

1054 Section 16. Section 1007.271, Florida Statutes, is amended
1055 to read:

1056 1007.271 Dual enrollment programs.—

1057 (1) The dual enrollment program is the enrollment of an
1058 eligible secondary student ~~or home education student~~ in a
1059 postsecondary course creditable toward high school completion
1060 and a career certificate or an associate or baccalaureate
1061 degree. A student who is enrolled in postsecondary instruction
1062 that is not creditable toward a high school diploma may not be
1063 classified as a dual enrollment student.

1064 (2) For the purpose of this section, an eligible secondary
1065 student is a student who is enrolled in any of grades 6 through
1066 12 in a Florida public school or in a Florida private school
1067 that is in compliance with s. 1002.42(2) and provides a
1068 secondary curriculum pursuant to s. 1003.4282, or who is
1069 enrolled in a home education program pursuant to s. 1002.41.

1070 Students who are eligible for dual enrollment pursuant to this
1071 section may enroll in dual enrollment courses conducted during
1072 school hours, after school hours, and during the summer term.
1073 However, if the student is projected to graduate from high
1074 school before the scheduled completion date of a postsecondary
1075 course, the student may not register for that course through
1076 dual enrollment. The student may apply to the postsecondary
1077 institution and pay the required registration, tuition, and fees
1078 if the student meets the postsecondary institution's admissions
1079 requirements under s. 1007.263. Instructional time for dual
1080 enrollment may vary from 900 hours; however, the full-time
1081 equivalent student membership value shall be subject to the

450044

1082 provisions in s. 1011.61(4). A student enrolled as a dual
1083 enrollment student is exempt from the payment of registration,
1084 tuition, and laboratory fees. Applied academics for adult
1085 education instruction, developmental education, and other forms
1086 of precollegiate instruction, as well as physical education
1087 courses that focus on the physical execution of a skill rather
1088 than the intellectual attributes of the activity, are ineligible
1089 for inclusion in the dual enrollment program. Recreation and
1090 leisure studies courses shall be evaluated individually in the
1091 same manner as physical education courses for potential
1092 inclusion in the program.

1093 (3) ~~Student eligibility requirements~~ For initial enrollment
1094 in college credit dual enrollment courses, a student must
1095 achieve ~~include~~ a 3.0 unweighted high school grade point average
1096 and the minimum score on a common placement test adopted by the
1097 State Board of Education which indicates that the student is
1098 ready for college-level coursework. ~~Student eligibility~~
1099 ~~requirements~~ For continued enrollment in college credit dual
1100 enrollment courses, a student must maintain a minimum ~~must~~
1101 ~~include the maintenance~~ of a 3.0 unweighted high school grade
1102 point average and the minimum postsecondary grade point average
1103 established by the postsecondary institution. Regardless of
1104 meeting student eligibility requirements for continued
1105 enrollment, a student may lose the opportunity to participate in
1106 a dual enrollment course if the student is disruptive to the
1107 learning process such that the progress of other students or the
1108 efficient administration of the course is hindered. Student
1109 eligibility requirements for initial and continued enrollment in
1110 career certificate dual enrollment courses must include a 2.0

450044

1111 unweighted high school grade point average. An exception
1112 ~~Exceptions~~ to the required grade point average for career
1113 certificate dual enrollment averages may be granted on an
1114 individual student basis. An exception to the required grade
1115 point average for college credit dual enrollment may be granted
1116 for students who achieve higher scores than the established
1117 minimum on the common placement test adopted by the State Board
1118 of Education. Any exception to the required grade point average
1119 must be specified in ~~if the educational entities agree and the~~
1120 ~~terms of the agreement are contained within~~ the dual enrollment
1121 articulation agreement established pursuant to subsection (21).
1122 A postsecondary institution Florida College System institution
1123 ~~boards of trustees~~ may not establish additional initial student
1124 academic eligibility requirements, which shall be included in
1125 ~~the dual enrollment articulation agreement, to ensure student~~
1126 ~~readiness for postsecondary instruction. Additional requirements~~
1127 ~~included in the agreement may not arbitrarily prohibit students~~
1128 ~~who have demonstrated the ability to master advanced courses~~
1129 ~~from participating in dual enrollment courses or limit the~~
1130 ~~number of dual enrollment courses in which a student may enroll~~
1131 ~~based solely upon enrollment by the student at an independent~~
1132 ~~postsecondary institution.~~

1133 (4) District school boards may not refuse to enter into a
1134 dual enrollment articulation agreement with a local Florida
1135 College System institution if that Florida College System
1136 institution has the capacity to offer dual enrollment courses.

1137 (5) A district school board or Florida College System
1138 institution may not deny a student who has met the state
1139 eligibility requirements from participating in dual enrollment

450044

1140 unless the institution documents that it does not have the
1141 capacity to accommodate all eligible students seeking to
1142 participate in the dual enrollment program. If the institution
1143 documents that it does not have the capacity to accommodate all
1144 eligible students, participation must be based on a first-come,
1145 first-served basis.

1146 (6)-(5)(a) Each faculty member providing instruction in
1147 college credit dual enrollment courses must:

1148 1. Meet the qualifications required by the entity
1149 accrediting the postsecondary institution offering the course.
1150 The qualifications apply to all faculty members regardless of
1151 the location of instruction. The postsecondary institution
1152 offering the course must require compliance with these
1153 qualifications.

1154 2. Provide the institution offering the dual enrollment
1155 course a copy of his or her postsecondary transcript.

1156 3. Provide a copy of the current syllabus for each course
1157 taught to the discipline chair or department chair of the
1158 postsecondary institution before the start of each term. The
1159 content of each syllabus must meet the same standards required
1160 for all college-level courses offered by that postsecondary
1161 institution.

1162 4. Adhere to the professional rules, guidelines, and
1163 expectations stated in the postsecondary institution's faculty
1164 or adjunct faculty handbook. Any exceptions must be included in
1165 the dual enrollment articulation agreement.

1166 5. Adhere to the rules, guidelines, and expectations stated
1167 in the postsecondary institution's student handbook which apply
1168 to faculty members. Any exceptions must be noted in the dual

450044

1169 enrollment articulation agreement.

1170 (b) Each president, or designee, of a postsecondary
1171 institution offering a college credit dual enrollment course
1172 must:

1173 1. Provide a copy of the institution's current faculty or
1174 adjunct faculty handbook to all faculty members teaching a dual
1175 enrollment course.

1176 2. Provide to all faculty members teaching a dual
1177 enrollment course a copy of the institution's current student
1178 handbook, which may include, but is not limited to, information
1179 on registration policies, the student code of conduct, grading
1180 policies, and critical dates.

1181 3. Designate an individual or individuals to observe all
1182 faculty members teaching a dual enrollment course, regardless of
1183 the location of instruction.

1184 4. Use the same criteria to evaluate faculty members
1185 teaching a dual enrollment course as the criteria used to
1186 evaluate all other faculty members.

1187 5. Provide course plans and objectives to all faculty
1188 members teaching a dual enrollment course.

1189 ~~(7)-(6)~~ The following curriculum standards apply to college
1190 credit dual enrollment:

1191 (a) Dual enrollment courses taught on the high school
1192 campus must meet the same competencies required for courses
1193 taught on the postsecondary institution campus. To ensure
1194 equivalent rigor with courses taught on the postsecondary
1195 institution campus, the postsecondary institution offering the
1196 course is responsible for providing in a timely manner a
1197 comprehensive, cumulative end-of-course assessment or a series

450044

1198 of assessments of all expected learning outcomes to the faculty
1199 member teaching the course. Completed, scored assessments must
1200 be returned to the postsecondary institution and held for 1
1201 year.

1202 (b) Instructional materials used in dual enrollment courses
1203 must be the same as or comparable to those used in courses
1204 offered by the postsecondary institution with the same course
1205 prefix and number. The postsecondary institution must advise the
1206 school district of instructional materials requirements as soon
1207 as that information becomes available but no later than one term
1208 before a course is offered.

1209 (c) Course requirements, such as tests, papers, or other
1210 assignments, for dual enrollment students must be at the same
1211 level of rigor or depth as those for all nondual enrollment
1212 postsecondary students. All faculty members teaching dual
1213 enrollment courses must observe the procedures and deadlines of
1214 the postsecondary institution for the submission of grades. A
1215 postsecondary institution must advise each faculty member
1216 teaching a dual enrollment course of the institution's grading
1217 guidelines before the faculty member begins teaching the course.

1218 (d) Dual enrollment courses taught on a high school campus
1219 may not be combined with any noncollege credit high school
1220 course.

1221 (8)~~(7)~~ Career dual enrollment shall be provided as a
1222 curricular option for secondary students to pursue in order to
1223 earn industry certifications adopted pursuant to s. 1008.44,
1224 which count as credits toward the high school diploma. Career
1225 dual enrollment shall be available for secondary students
1226 seeking a degree and industry certification through a career

450044

1227 education program or course. Each career center established
1228 under s. 1001.44 shall enter into an agreement with each high
1229 school in any school district it serves. Beginning with the
1230 2019-2020 school year, the agreement must be completed annually
1231 and submitted by the career center to the Department of
1232 Education by October ~~August~~ 1. The agreement must:

1233 (a) Identify the courses and programs that are available to
1234 students through career dual enrollment and the clock hour
1235 credits that students will earn upon completion of each course
1236 and program.

1237 (b) Delineate the high school credit earned for the
1238 completion of each career dual enrollment course.

1239 (c) Identify any college credit articulation agreements
1240 associated with each clock hour program.

1241 (d) Describe how students and their parents or legal
1242 guardians will be informed of career dual enrollment
1243 opportunities and related workforce demand, how students can
1244 apply to participate in a career dual enrollment program and
1245 register for courses through his or her high school, and the
1246 postsecondary career education expectations for participating
1247 students.

1248 (e) Establish any additional eligibility requirements for
1249 participation and a process for determining eligibility and
1250 monitoring the progress of participating students.

1251 (f) Delineate costs incurred by each entity and determine
1252 how transportation will be provided for students who are unable
1253 to provide their own transportation.

1254 (9) ~~(8)~~ Each district school board shall inform all
1255 secondary students and their parents or legal guardians of dual

450044

1256 enrollment as an educational option and mechanism for
1257 acceleration. Students and their parents or legal guardians
1258 shall be informed of student eligibility requirements, the
1259 option for taking dual enrollment courses beyond the regular
1260 school year, and the minimum academic credits required for
1261 graduation. In addition, students and their parents or legal
1262 guardians shall be informed that dual enrollment course grades
1263 are included in the student's college grade point average,
1264 become a part of the student's permanent academic record, and
1265 may affect the student's future financial aid eligibility. A
1266 school may not enroll a student in a dual enrollment course
1267 without an acknowledgment form on file, which must be signed by
1268 both the student and the student's parent or legal guardian,
1269 indicating they have been informed of the dual enrollment
1270 educational option and its provisions. District school boards
1271 shall annually assess the demand for dual enrollment and provide
1272 that information to each partnering postsecondary institution.
1273 Alternative grade calculation, weighting systems, and
1274 information regarding student education options that
1275 discriminate against dual enrollment courses are prohibited.

1276 (10)-(9) The Commissioner of Education shall appoint faculty
1277 committees representing public school, Florida College System
1278 institution, and university faculties to identify postsecondary
1279 courses that meet the high school graduation requirements of s.
1280 1003.4282 and to establish the number of postsecondary semester
1281 credit hours of instruction and equivalent high school credits
1282 earned through dual enrollment pursuant to this section that are
1283 necessary to meet high school graduation requirements. Such
1284 equivalencies shall be determined solely on comparable course

450044

1285 content and not on seat time traditionally allocated to such
1286 courses in high school. The Commissioner of Education shall
1287 recommend to the State Board of Education those postsecondary
1288 courses identified to meet high school graduation requirements,
1289 based on mastery of course outcomes, by their course numbers,
1290 and all high schools shall accept these postsecondary education
1291 courses toward meeting the requirements of s. 1003.4282.

1292 (11)~~(10)~~ Early admission is a form of dual enrollment
1293 through which eligible secondary students enroll in a
1294 postsecondary institution on a full-time basis in courses that
1295 are creditable toward the high school diploma and the associate
1296 or baccalaureate degree. A student must enroll in a minimum of
1297 12 college credit hours per semester or the equivalent to
1298 participate in the early admission program; however, a student
1299 may not be required to enroll in more than 15 college credit
1300 hours per semester or the equivalent. Students enrolled pursuant
1301 to this subsection are exempt from the payment of registration,
1302 tuition, and laboratory fees.

1303 (12)~~(11)~~ Career early admission is a form of career dual
1304 enrollment through which eligible secondary students enroll full
1305 time in a career center or a Florida College System institution
1306 in postsecondary programs leading to industry certifications, as
1307 listed in the CAPE Postsecondary Industry Certification Funding
1308 List pursuant to s. 1008.44, which are creditable toward the
1309 high school diploma and the certificate or associate degree.
1310 Participation in the career early admission program is limited
1311 to students who have completed a minimum of 4 semesters of full-
1312 time secondary enrollment, including studies undertaken in the
1313 ninth grade. Students enrolled pursuant to this section are

450044

1314 exempt from the payment of registration, tuition, and laboratory
1315 fees.

1316 ~~(12) The State Board of Education shall adopt rules for any~~
1317 ~~dual enrollment programs involving requirements for high school~~
1318 ~~graduation.~~

1319 (13) (a) The dual enrollment program for a home education
1320 student, including, but not limited to, students with
1321 disabilities, consists of the enrollment of an eligible home
1322 education secondary student in a postsecondary course creditable
1323 toward an associate degree, a career certificate, or a
1324 baccalaureate degree. To participate in the dual enrollment
1325 program, an eligible home education secondary student must:

1326 1. Provide proof of enrollment in a home education program
1327 pursuant to s. 1002.41.

1328 2. Be responsible for his or her own transportation unless
1329 provided for in the articulation agreement.

1330 3. Sign a home education articulation agreement pursuant to
1331 paragraph (b).

1332 (b) Each public postsecondary institution eligible to
1333 participate in the dual enrollment program pursuant to s.
1334 1011.62(1)(i) must enter into a home education articulation
1335 agreement with each home education student seeking enrollment in
1336 a dual enrollment course and the student's parent or legal
1337 guardian. By October ~~August~~ 1 of each year, the eligible
1338 postsecondary institution shall complete and submit the home
1339 education articulation agreement to the Department of Education.
1340 The home education articulation agreement must include, at a
1341 minimum:

1342 1. A delineation of courses and programs available to

450044

1343 dually enrolled home education students. Courses and programs
1344 may be added, revised, or deleted at any time by the
1345 postsecondary institution. Any course or program limitations may
1346 not exceed the limitations for other dually enrolled students.

1347 2. The initial and continued eligibility requirements for
1348 home education student participation, not to exceed those
1349 required of other dually enrolled students. A home education
1350 student must meet the same minimum score requirement on a common
1351 placement test which is required of other dually enrolled
1352 students. A high school grade point average may not be required
1353 for home education students ~~who meet the minimum score on a~~
1354 ~~common placement test adopted by the State Board of Education~~
1355 ~~which indicates that the student is ready for college-level~~
1356 ~~coursework;~~ however, home education student eligibility
1357 requirements for continued enrollment in dual enrollment courses
1358 must include the maintenance of the minimum postsecondary grade
1359 point average established by the postsecondary institution for
1360 other dually enrolled students.

1361 3. The student's responsibilities for providing his or her
1362 own transportation.

1363 4. A copy of the statement on transfer guarantees developed
1364 by the Department of Education under subsection (15).

1365 (14) The Department of Education shall approve any course
1366 for inclusion in the dual enrollment program that is contained
1367 within the statewide course numbering system. However,
1368 developmental education and physical education and other courses
1369 that focus on the physical execution of a skill rather than the
1370 intellectual attributes of the activity, may not be so approved
1371 but must be evaluated individually for potential inclusion in

450044

1372 the dual enrollment program. This subsection may not be
1373 construed to mean that an independent postsecondary institution
1374 eligible for inclusion in a dual enrollment or early admission
1375 program pursuant to subsection (23) ~~s. 1011.62~~ must participate
1376 in the statewide course numbering system developed pursuant to
1377 s. 1007.24 to participate in a dual enrollment program.

1378 (15) The Department of Education shall develop a statement
1379 on transfer guarantees to inform students and their parents or
1380 legal guardians, prior to enrollment in a dual enrollment
1381 course, of the potential for the dual enrollment course to
1382 articulate as an elective or a general education course into a
1383 postsecondary education certificate or degree program. The
1384 statement shall be provided to each district school
1385 superintendent, who shall include the statement in the
1386 information provided to all secondary students and their parents
1387 or legal guardians as required pursuant to this subsection. The
1388 statement may also include additional information, including,
1389 but not limited to, dual enrollment options, guarantees,
1390 privileges, and responsibilities.

1391 (16) Students who meet the eligibility requirements of this
1392 section and who choose to participate in dual enrollment
1393 programs are exempt from the payment of registration, tuition,
1394 and laboratory fees.

1395 (17) Instructional materials assigned for use within dual
1396 enrollment courses shall be made available to dual enrollment
1397 students from Florida public ~~high~~ schools, private schools, and
1398 home education programs free of charge. ~~This subsection does not~~
1399 ~~prohibit a Florida College System institution from providing~~
1400 ~~instructional materials at no cost to a home education student~~

450044

1401 ~~or student from a private school.~~ Instructional materials
1402 purchased by a district school board or Florida College System
1403 institution board of trustees on behalf of dual enrollment
1404 students shall be the property of the board against which the
1405 purchase is charged.

1406 (18) School districts and Florida College System
1407 institutions must weigh dual enrollment courses the same as
1408 advanced placement, International Baccalaureate, and Advanced
1409 International Certificate of Education courses when grade point
1410 averages are calculated. Alternative grade calculation systems,
1411 alternative grade weighting systems, and information regarding
1412 student education options that discriminate against dual
1413 enrollment courses are prohibited.

1414 (19) The Commissioner of Education may approve dual
1415 enrollment agreements for limited course offerings that have
1416 statewide appeal. Such programs shall be limited to a single
1417 site with multiple county participation.

1418 (20) A postsecondary institution shall assign letter grades
1419 to each student enrolled in a dual enrollment course. The letter
1420 grade assigned by the postsecondary institution shall be posted
1421 to the student's high school transcript by the school district.

1422 (21) Each district school superintendent and each public
1423 postsecondary institution president shall develop a
1424 comprehensive dual enrollment articulation agreement for the
1425 respective school district and postsecondary institution. The
1426 superintendent and president shall establish an articulation
1427 committee for the purpose of developing the agreement. Each
1428 state university president may designate a university
1429 representative to participate in the development of a dual

450044

1430 enrollment articulation agreement. A dual enrollment
1431 articulation agreement shall be completed and submitted annually
1432 by the postsecondary institution to the Department of Education
1433 on or before October ~~August~~ 1. The agreement must include, but
1434 is not limited to:

1435 (a) A ratification or modification of all existing
1436 articulation agreements.

1437 (b) A description of the process by which students and
1438 their parents are informed about opportunities for student
1439 participation in the dual enrollment program.

1440 (c) A delineation of courses and programs available to
1441 students eligible to participate in dual enrollment.

1442 (d) A description of the process by which students and
1443 their parents exercise options to participate in the dual
1444 enrollment program.

1445 (e) The agreed-upon common placement test scores and
1446 corresponding grade point average that may be accepted for
1447 initial student eligibility if an exception to the minimum grade
1448 point average is authorized pursuant to subsection (3) ~~A list of~~
1449 ~~any additional initial student eligibility requirements for~~
1450 ~~participation in the dual enrollment program.~~

1451 (f) A delineation of the high school credit earned for the
1452 passage of each dual enrollment course.

1453 (g) A description of the process for informing students and
1454 their parents of college-level course expectations.

1455 (h) The policies and procedures, if any, for determining
1456 exceptions to the required grade point averages on an individual
1457 student basis.

1458 (i) The registration policies for dual enrollment courses

450044

1459 as determined by the postsecondary institution.

1460 (j) Exceptions, if any, to the professional rules,
1461 guidelines, and expectations stated in the faculty or adjunct
1462 faculty handbook for the postsecondary institution.

1463 (k) Exceptions, if any, to the rules, guidelines, and
1464 expectations stated in the student handbook of the postsecondary
1465 institution which apply to faculty members.

1466 (l) The responsibilities of the school district regarding
1467 the determination of student eligibility before participating in
1468 the dual enrollment program and the monitoring of student
1469 performance while participating in the dual enrollment program.

1470 (m) The responsibilities of the postsecondary institution
1471 regarding the transmission of student grades in dual enrollment
1472 courses to the school district.

1473 (n) A funding provision that delineates costs incurred by
1474 each entity.

1475 1. School districts shall pay public postsecondary
1476 institutions the in-state resident standard tuition rate per
1477 credit hour from funds provided in the Florida Education Finance
1478 Program when dual enrollment course instruction takes place on
1479 the postsecondary institution's campus and the course is taken
1480 during the fall or spring term. When dual enrollment is provided
1481 on the high school site by postsecondary institution faculty,
1482 the school district shall reimburse the costs associated with
1483 the postsecondary institution's proportion of salary and
1484 benefits to provide the instruction. When dual enrollment course
1485 instruction is provided on the high school site by school
1486 district faculty, the school district is not responsible for
1487 payment to the postsecondary institution. A postsecondary

450044

1488 institution may enter into an agreement with the school district
1489 to authorize teachers to teach dual enrollment courses at the
1490 high school site or the postsecondary institution. A school
1491 district may not deny a student access to dual enrollment unless
1492 the student is ineligible to participate in the program subject
1493 to provisions specifically outlined in this section.

1494 2. Subject to annual appropriation in the General
1495 Appropriations Act, a public postsecondary institution shall
1496 receive an amount of funding equivalent to the standard tuition
1497 rate per credit hour for each dual enrollment course taken by a
1498 private school or home education student at the postsecondary
1499 institution during the fall and spring terms, pursuant to s.
1500 1009.31.

1501 ~~3.2.~~ Subject to annual appropriation in the General
1502 Appropriations Act, a public postsecondary institution shall
1503 receive an amount of funding equivalent to the standard tuition
1504 rate per credit hour for each dual enrollment course taken by a
1505 student during the summer term, pursuant to s. 1009.31.

1506 (o) Any institutional responsibilities for student
1507 transportation, if provided.

1508 (22) The Department of Education shall develop an
1509 electronic submission system for dual enrollment articulation
1510 agreements and shall review, for compliance, each dual
1511 enrollment articulation agreement submitted pursuant to
1512 subsections (13), (21), and (24). The Commissioner of Education
1513 shall notify the district school superintendent and the Florida
1514 College System institution president if the dual enrollment
1515 articulation agreement does not comply with statutory
1516 requirements and shall submit any dual enrollment articulation

450044

1517 agreement with unresolved issues of noncompliance to the State
1518 Board of Education.

1519 (23) District school boards and Florida College System
1520 institutions may enter into additional dual enrollment
1521 articulation agreements with state universities for the purposes
1522 of this section. School districts may also enter into dual
1523 enrollment articulation agreements with eligible independent
1524 colleges and universities ~~pursuant to s. 1011.62(1)(i)~~. An
1525 independent college or university that is not for profit, is
1526 accredited by a regional or national accrediting agency
1527 recognized by the United States Department of Education, and
1528 confers degrees as defined in s. 1005.02 shall be eligible for
1529 inclusion in the dual enrollment or early admission program. By
1530 October ~~August~~ 1 of each year, the district school board and the
1531 Florida College System institution shall complete and submit the
1532 dual enrollment articulation agreement with the state university
1533 or an eligible independent college or university, as applicable,
1534 to the Department of Education.

1535 (24) (a) The dual enrollment program for a private school
1536 student consists of the enrollment of an eligible private school
1537 student in a postsecondary course creditable toward an associate
1538 degree, a career certificate, or a baccalaureate degree. In
1539 addition, a private school in which a student, including, but
1540 not limited to, students with disabilities, is enrolled must
1541 award credit toward high school completion for the postsecondary
1542 course under the dual enrollment program. To participate in the
1543 dual enrollment program, an eligible private school student
1544 must:

1545 1. Provide proof of enrollment in a private school pursuant

450044

1546 to subsection (2).

1547 2. Be responsible for his or her own ~~instructional~~
1548 ~~materials and~~ transportation unless provided for in the
1549 articulation agreement.

1550 3. Sign a private school articulation agreement pursuant to
1551 paragraph (b).

1552 (b) Each public postsecondary institution eligible to
1553 participate in the dual enrollment program pursuant to s.
1554 1011.62(1)(i) must enter into a private school articulation
1555 agreement with each eligible private school in its geographic
1556 service area seeking to offer dual enrollment courses to its
1557 students, including, but not limited to, students with
1558 disabilities. By October ~~August~~ 1 of each year, the eligible
1559 postsecondary institution shall complete and submit the private
1560 school articulation agreement to the Department of Education.
1561 The private school articulation agreement must include, at a
1562 minimum:

1563 1. A delineation of courses and programs available to the
1564 private school student. The postsecondary institution may add,
1565 revise, or delete courses and programs at any time.

1566 2. The initial and continued eligibility requirements for
1567 private school student participation, not to exceed those
1568 required of other dual enrollment students.

1569 3. The student's responsibilities for providing his or her
1570 own ~~instructional materials and~~ transportation.

1571 4. A provision clarifying that the private school will
1572 award appropriate credit toward high school completion for the
1573 postsecondary course under the dual enrollment program.

1574 5. A provision expressing that the private school of

450044

1575 enrollment is exempt from the payment of costs associated with
1576 tuition and fees, including registration, and laboratory fees,
1577 will not be passed along to the student.

1578 (25) For students with disabilities, a postsecondary
1579 institution eligible to participate in dual enrollment pursuant
1580 to s. 1011.62(1)(i) shall include in its dual enrollment
1581 articulation agreement, services and resources that are
1582 available to students with disabilities who register in a dual
1583 enrollment course at the eligible institution and provide
1584 information regarding such services and resources to the Florida
1585 Center for Students with Unique Abilities. The Department of
1586 Education shall provide to the center the Internet website link
1587 to dual enrollment articulation agreements specific to students
1588 with disabilities. The center shall include in the information
1589 that it is responsible for disseminating to students with
1590 disabilities and their parents or legal guardians pursuant to s.
1591 1004.6495, dual enrollment articulation agreements and
1592 opportunities for meaningful campus experience through dual
1593 enrollment.

1594 (26) By November 30, 2021, and by November 30 annually
1595 thereafter, the commissioner must report the status of dual
1596 enrollment programs, including, at a minimum, a summary of
1597 student enrollment and completion for public school, private
1598 school, and home education program students enrolled at public
1599 and private postsecondary institutions, to the Governor, the
1600 President of the Senate, and the Speaker of the House of
1601 Representatives.

1602 (27) The State Board of Education shall adopt rules for any
1603 dual enrollment programs involving requirements for high school

450044

1604 graduation.

1605 Section 17. Section 1007.273, Florida Statutes, is amended
1606 to read:

1607 1007.273 Early college program ~~Collegiate high school~~
1608 ~~program.~~—

1609 (1) Each Florida College System institution shall work with
1610 each district school board in its designated service area to
1611 establish one or more early college ~~collegiate high school~~
1612 programs. As used in this section, the term "early college
1613 program" means a structured high school acceleration program in
1614 which a cohort of students is taking postsecondary courses full
1615 time toward an associate degree. The early college program must
1616 prioritize courses applicable as general education core courses
1617 under s. 1007.25 for an associate degree or a baccalaureate
1618 degree.

1619 ~~(2) At a minimum, collegiate high school programs must~~
1620 ~~include an option for public school students in grade 11 or~~
1621 ~~grade 12 participating in the program, for at least 1 full~~
1622 ~~school year, to earn CAPE industry certifications pursuant to s.~~
1623 ~~1008.44 and to successfully complete 30 credit hours through the~~
1624 ~~dual enrollment program under s. 1007.271 toward the first year~~
1625 ~~of college for an associate degree or baccalaureate degree while~~
1626 ~~enrolled in the program.~~

1627 ~~(2)(3)~~ Each district school board and its local Florida
1628 College System institution shall execute a contract to establish
1629 one or more early college ~~collegiate high school~~ programs at a
1630 mutually agreed-upon ~~agreed upon~~ location or locations.
1631 ~~Beginning with the 2015-2016 school year, If the Florida College~~
1632 ~~System~~ institution does not establish an early college ~~a~~ program

450044

1633 with a district school board in its designated service area,
1634 another Florida College System institution may execute a
1635 contract with that district school board to establish the early
1636 college program. The contract must be executed by January 1 of
1637 each school year for implementation of the program during the
1638 next school year. The contract must:

1639 (a) Identify the grade levels to be included in the early
1640 college program ~~collegiate high school program which must, at a~~
1641 ~~minimum, include grade 12.~~

1642 (b) Describe the early college ~~collegiate high school~~
1643 program, including the delineation of courses that must, at a
1644 minimum, include general education core courses pursuant to s.
1645 1007.25; and industry certifications offered, including online
1646 course availability; the high school and college credits earned
1647 for each postsecondary course completed and industry
1648 certification earned; student eligibility criteria; and the
1649 enrollment process and relevant deadlines.

1650 (c) Describe the methods, medium, and process by which
1651 students and their parents or legal guardians are annually
1652 informed about the availability of the early college ~~collegiate~~
1653 ~~high school~~ program, the return on investment associated with
1654 participation in the early college program, and the information
1655 described in paragraphs (a) and (b).

1656 (d) Identify the delivery methods for instruction and the
1657 instructors for all courses.

1658 (e) Identify student advising services and progress
1659 monitoring mechanisms.

1660 (f) Establish a program review and reporting mechanism
1661 regarding student performance outcomes.

450044

1662 (g) Describe the terms of funding arrangements to implement
1663 the early college ~~collegiate high school~~ program pursuant to
1664 subsection (5).

1665 (3)(4) Each student participating in an early college a
1666 ~~collegiate high school~~ program must enter into a student
1667 performance contract, which must be signed by the student, the
1668 parent or legal guardian, and a representative of the school
1669 district and the ~~applicable~~ Florida College System institution
1670 partner, state university, or other eligible postsecondary
1671 institution partner participating pursuant to subsection (4)
1672 ~~(5)~~. The performance contract must, at a minimum, specify
1673 ~~include~~ the schedule of courses, by semester, and industry
1674 certifications to be taken by the student, if any; student
1675 attendance requirements; and course grade requirements; and the
1676 applicability of such courses to an associate degree or a
1677 baccalaureate degree.

1678 (4)(5) In addition to executing a contract with the local
1679 Florida College System institution under this section, a
1680 district school board may execute a contract to establish an
1681 early college a ~~collegiate high school~~ program with a state
1682 university or an institution that is eligible to participate in
1683 the William L. Boyd, IV, Effective Access to Student Education
1684 Grant Program, that is a nonprofit independent college or
1685 university located and chartered in this state, and that is
1686 accredited by the Commission on Colleges of the Southern
1687 Association of Colleges and Schools to grant baccalaureate
1688 degrees. Such university or institution must meet the
1689 requirements specified under subsections (2) and (3) ~~subsections~~
1690 ~~(3) and (4)~~. A charter school may execute a contract directly

450044

1691 with the local Florida College System institution or another
1692 institution as authorized under this section to establish an
1693 early college program at a mutually agreed-upon location.

1694 (5)(6) The early college collegiate high school program
1695 shall be funded pursuant to ss. 1007.271 and 1011.62. The State
1696 Board of Education shall enforce compliance with this section by
1697 withholding the transfer of funds for the school districts and
1698 the Florida College System institutions in accordance with s.
1699 1008.32.

1700 (6) By November 30, 2021, and annually thereafter, the
1701 commissioner must report the status of early college programs,
1702 including, at a minimum, a summary of student enrollment in
1703 public and private postsecondary institutions and completion
1704 information, to the Governor, the President of the Senate, and
1705 the Speaker of the House of Representatives.

1706 Section 18. Paragraph (a) of subsection (1) and subsection
1707 (2) of section 1008.212, Florida Statutes, are amended to read:
1708 1008.212 Students with disabilities; extraordinary
1709 exemption.-

1710 (1) As used in this section, the term:

1711 (a) "Circumstance" means a situation in which
1712 accommodations allowable for use on the statewide standardized
1713 assessment, a statewide standardized end-of-course assessment,
1714 or an alternate assessment pursuant to s. 1008.22(3)(d) ~~s.~~
1715 ~~1008.22(3)(e)~~ are not offered to a student during the current
1716 year's assessment administration due to technological
1717 limitations in the testing administration program which lead to
1718 results that reflect the student's impaired sensory, manual, or
1719 speaking skills rather than the student's achievement of the

450044

1720 benchmarks assessed by the statewide standardized assessment, a
1721 statewide standardized end-of-course assessment, or an alternate
1722 assessment.

1723 (2) A student with a disability for whom the individual
1724 education plan (IEP) team determines is prevented by a
1725 circumstance or condition from physically demonstrating the
1726 mastery of skills that have been acquired and are measured by
1727 the statewide standardized assessment, a statewide standardized
1728 end-of-course assessment, or an alternate assessment pursuant to
1729 s. 1008.22(3)(d) ~~s. 1008.22(3)(e)~~ shall be granted an
1730 extraordinary exemption from the administration of the
1731 assessment. A learning, emotional, behavioral, or significant
1732 cognitive disability, or the receipt of services through the
1733 homebound or hospitalized program in accordance with rule 6A-
1734 6.03020, Florida Administrative Code, is not, in and of itself,
1735 an adequate criterion for the granting of an extraordinary
1736 exemption.

1737 Section 19. Present paragraph (c) of subsection (3) of
1738 section 1008.22, Florida Statutes, is redesignated as paragraph
1739 (d) and amended, a new paragraph (c) and paragraph (h) are added
1740 to that subsection, and paragraphs (a), (b), (d), and (g) of
1741 that subsection, paragraphs (a), (b), (c), and (h) of subsection
1742 (7), and subsections (8) and (9) of that section are amended, to
1743 read:

1744 1008.22 Student assessment program for public schools.—

1745 (3) STATEWIDE, STANDARDIZED ASSESSMENT PROGRAM.—The
1746 Commissioner of Education shall design and implement a
1747 statewide, standardized assessment program aligned to the core
1748 curricular content established in the Next Generation Sunshine

450044

1749 State Standards. The commissioner also must develop or select
1750 and implement a common battery of assessment tools that will be
1751 used in all juvenile justice education programs in the state.
1752 These tools must accurately measure the core curricular content
1753 established in the Next Generation Sunshine State Standards.
1754 Participation in the assessment program is mandatory for all
1755 school districts and all students attending public schools,
1756 including adult students seeking a standard high school diploma
1757 under s. 1003.4282 and students in Department of Juvenile
1758 Justice education programs, except as otherwise provided by law.
1759 If a student does not participate in the assessment program, the
1760 school district must notify the student's parent and provide the
1761 parent with information regarding the implications of such
1762 nonparticipation. The statewide, standardized assessment program
1763 shall be designed and implemented as follows:

1764 (a) *Statewide, standardized comprehensive assessments.*—The
1765 statewide, standardized ~~Reading assessment shall be administered~~
1766 ~~annually in grades 3 through 10. The statewide, standardized~~
1767 ~~Writing assessment shall be administered annually at least once~~
1768 ~~at the elementary, middle, and high school levels. When the~~
1769 ~~Reading and Writing assessments are replaced by English Language~~
1770 ~~Arts (ELA) assessments, ELA assessments shall be administered to~~
1771 students in grades 3 through 10. The grade 9 ELA assessment
1772 shall be last administered in the 2021-2022 school year. Retake
1773 opportunities for the ~~grade 10 Reading assessment or, upon~~
1774 ~~implementation, the grade 10 ELA assessment must be provided.~~
1775 ~~Students taking the ELA assessments shall not take the~~
1776 ~~statewide, standardized assessments in Reading or Writing.~~
1777 Reading passages and writing prompts for ELA assessments shall

450044

1778 incorporate grade-level core curricula content from social
1779 studies. The statewide, standardized Mathematics assessments
1780 shall be administered annually in grades 3 through 8. ~~Students~~
1781 ~~taking a revised Mathematics assessment shall not take the~~
1782 ~~discontinued assessment.~~ The statewide, standardized Science
1783 assessment shall be administered annually at least once at the
1784 elementary and middle grades levels. In order to earn a standard
1785 high school diploma, a student who has not earned a passing
1786 score on the ~~grade 10 Reading assessment or, upon~~
1787 ~~implementation, the grade 10 ELA assessment must earn a passing~~
1788 score on the assessment retake or earn a concordant score as
1789 authorized under subsection (9). Statewide, standardized ELA and
1790 mathematics assessments in grades 3 through 6 must be delivered
1791 in a paper-based format.

1792 (b) *End-of-course (EOC) assessments.*—EOC assessments must
1793 be statewide, standardized, and developed or approved by the
1794 Department of Education as follows:

1795 1. EOC assessments for Algebra I, Geometry, Biology I,
1796 United States History, and Civics shall be administered to
1797 students enrolled in such courses as specified in the course
1798 code directory. The Geometry EOC assessment shall be
1799 administered to students enrolled in such courses as specified
1800 in the course code directory until the assessment is
1801 discontinued.

1802 2. Students enrolled in a course, as specified in the
1803 course code directory, with an associated statewide,
1804 standardized EOC assessment must take the EOC assessment for
1805 such course and may not take the corresponding subject or grade-
1806 level statewide, standardized assessment pursuant to paragraph

450044

1807 (a). Sections 1003.4156 and 1003.4282 govern the use of
1808 statewide, standardized EOC assessment results for students.

1809 3. The commissioner may select one or more nationally
1810 developed comprehensive examinations, which may include
1811 examinations for a College Board Advanced Placement course,
1812 International Baccalaureate course, or Advanced International
1813 Certificate of Education course, or industry-approved
1814 examinations to earn national industry certifications identified
1815 in the CAPE Industry Certification Funding List, for use as EOC
1816 assessments under this paragraph if the commissioner determines
1817 that the content knowledge and skills assessed by the
1818 examinations meet or exceed the grade-level expectations for the
1819 core curricular content established for the course in the Next
1820 Generation Sunshine State Standards. Use of any such examination
1821 as an EOC assessment must be approved by the state board in
1822 rule.

1823 4. Contingent upon funding provided in the General
1824 Appropriations Act, including the appropriation of funds
1825 received through federal grants, the commissioner may establish
1826 an implementation schedule for the development and
1827 administration of additional statewide, standardized EOC
1828 assessments that must be approved by the state board in rule. If
1829 approved by the state board, student performance on such
1830 assessments constitutes 30 percent of a student's final course
1831 grade.

1832 5. All statewide, standardized EOC assessments must be
1833 administered online ~~except as otherwise provided in paragraph~~
1834 ~~(e)~~.

1835 6. A student enrolled in an Advanced Placement (AP),

450044

1836 International Baccalaureate (IB), or Advanced International
1837 Certificate of Education (AICE) course who takes the respective
1838 AP, IB, or AICE assessment and earns the minimum score necessary
1839 to earn college credit, as identified in s. 1007.27(2), meets
1840 the requirements of this paragraph and does not have to take the
1841 EOC assessment for the corresponding course.

1842 (c) Nationally recognized high school assessments.-

1843 1. Beginning with the 2020-2021 school year, each school
1844 district shall provide for the administration of the SAT or the
1845 ACT to each public school student in grade 11 in the district,
1846 including students attending public high schools, alternative
1847 schools, and centers of the Department of Juvenile Justice.

1848 2. School districts must choose either the SAT or the ACT
1849 for districtwide administration.

1850 3. Funding for the SAT and the ACT for all grade 11
1851 students shall be as provided in the General Appropriations Act.

1852 (d)(e) Students with disabilities; Florida Alternate
1853 Assessment.-

1854 1. Each district school board must provide instruction to
1855 prepare students with disabilities in the core content knowledge
1856 and skills necessary for successful grade-to-grade progression
1857 and high school graduation.

1858 2. A student with a disability, as defined in s. 1007.02,
1859 for whom the individual education plan (IEP) team determines
1860 that the statewide, standardized assessments under this section
1861 cannot accurately measure the student's abilities, taking into
1862 consideration all allowable accommodations, shall have
1863 assessment results waived for the purpose of receiving a course
1864 grade and a standard high school diploma. Such waiver shall be

450044

1865 designated on the student's transcript. The statement of waiver
1866 shall be limited to a statement that performance on an
1867 assessment was waived for the purpose of receiving a course
1868 grade or a standard high school diploma, as applicable.

1869 3. The State Board of Education shall adopt rules, based
1870 upon recommendations of the commissioner, for the provision of
1871 assessment accommodations for students with disabilities and for
1872 students who have limited English proficiency.

1873 a. Accommodations that negate the validity of a statewide,
1874 standardized assessment are not allowed during the
1875 administration of the assessment. However, instructional
1876 accommodations are allowed in the classroom if identified in a
1877 student's IEP. Students using instructional accommodations in
1878 the classroom that are not allowed on a statewide, standardized
1879 assessment may have assessment results waived if the IEP team
1880 determines that the assessment cannot accurately measure the
1881 student's abilities.

1882 b. If a student is provided with instructional
1883 accommodations in the classroom that are not allowed as
1884 accommodations for statewide, standardized assessments, the
1885 district must inform the parent in writing and provide the
1886 parent with information regarding the impact on the student's
1887 ability to meet expected performance levels. A parent must
1888 provide signed consent for a student to receive classroom
1889 instructional accommodations that would not be available or
1890 permitted on a statewide, standardized assessment and
1891 acknowledge in writing that he or she understands the
1892 implications of such instructional accommodations.

1893 c. If a student's IEP states that online administration of

450044

1894 a statewide, standardized assessment will significantly impair
1895 the student's ability to perform, the assessment shall be
1896 administered in hard copy.

1897 4. For students with significant cognitive disabilities,
1898 the Department of Education shall provide for implementation of
1899 the Florida Alternate Assessment to accurately measure the core
1900 curricular content established in the Next Generation Sunshine
1901 State Standards.

1902 ~~(d) Implementation schedule.—~~

1903 ~~1. The Commissioner of Education shall establish and~~
1904 ~~publish on the department's website an implementation schedule~~
1905 ~~to transition from the statewide, standardized Reading and~~
1906 ~~Writing assessments to the ELA assessments and to the revised~~
1907 ~~Mathematics assessments, including the Algebra I and Geometry~~
1908 ~~EOC assessments. The schedule must take into consideration~~
1909 ~~funding, sufficient field and baseline data, access to~~
1910 ~~assessments, instructional alignment, and school district~~
1911 ~~readiness to administer the assessments online. All such~~
1912 ~~assessments must be delivered through computer-based testing,~~
1913 ~~however, the following assessments must be delivered in a~~
1914 ~~computer-based format, as follows: the grade 3 Mathematics~~
1915 ~~assessment beginning in the 2016-2017 school year; the grade 4~~
1916 ~~ELA assessment, beginning in the 2015-2016 school year; and the~~
1917 ~~grade 4 Mathematics assessment, beginning in the 2016-2017~~
1918 ~~school year. Notwithstanding the requirements of this~~
1919 ~~subparagraph, statewide, standardized ELA and mathematics~~
1920 ~~assessments in grades 3 through 6 must be delivered only in a~~
1921 ~~paper-based format, beginning with the 2017-2018 school year,~~
1922 ~~and all such assessments must be paper-based no later than the~~

450044

1923 ~~2018-2019 school year.~~

1924 ~~2. The Department of Education shall publish minimum and~~
1925 ~~recommended technology requirements that include specifications~~
1926 ~~for hardware, software, networking, security, and broadband~~
1927 ~~capacity to facilitate school district compliance with the~~
1928 ~~requirements of this section.~~

1929 ~~(g) Contracts for assessments.-~~

1930 ~~1. The commissioner shall provide for the assessments to be~~
1931 ~~developed or obtained, as appropriate, through contracts and~~
1932 ~~project agreements with private vendors, public vendors, public~~
1933 ~~agencies, postsecondary educational institutions, or school~~
1934 ~~districts. The commissioner may enter into contracts for the~~
1935 ~~continued administration of the assessments authorized and~~
1936 ~~funded by the Legislature. Contracts may be initiated in 1~~
1937 ~~fiscal year and continue into the next fiscal year and may be~~
1938 ~~paid from the appropriations of either or both fiscal years. The~~
1939 ~~commissioner may negotiate for the sale or lease of tests,~~
1940 ~~scoring protocols, test scoring services, and related materials~~
1941 ~~developed pursuant to law.~~

1942 ~~2. A student's performance results on statewide,~~
1943 ~~standardized assessments, EOC assessments, and Florida~~
1944 ~~Alternative Assessments administered pursuant to this subsection~~
1945 ~~must be provided to the student's teachers and parents by the~~
1946 ~~end of the school year, unless the commissioner determines that~~
1947 ~~extenuating circumstances exist and reports the extenuating~~
1948 ~~circumstances to the State Board of Education. This subparagraph~~
1949 ~~does not apply to existing contracts for such assessments, but~~
1950 ~~shall apply to new contracts and any renewal of existing~~
1951 ~~contracts for such assessments.~~

450044

1952 ~~3. If liquidated damages are applicable, the department~~
1953 ~~shall collect liquidated damages that are due in response to the~~
1954 ~~administration of the spring 2015 computer-based assessments of~~
1955 ~~the department's Florida Standards Assessment contract with~~
1956 ~~American Institutes for Research, and expend the funds to~~
1957 ~~reimburse parties that incurred damages.~~

1958 (h) Assessment flexibility.—The Department of Education
1959 shall seek approval from the United States Department of
1960 Education to use the nationally recognized high school
1961 assessments administered under paragraph (c) as the state's high
1962 school assessment in mathematics under federal law. If the
1963 department receives approval, the commissioner may discontinue
1964 the Geometry end-of-course assessment.

1965 (7) ASSESSMENT SCHEDULES AND REPORTING OF RESULTS.—

1966 (a) The Commissioner of Education shall establish schedules
1967 for the administration of statewide, standardized assessments
1968 and the reporting of student assessment results. The
1969 commissioner shall consider the observance of religious and
1970 school holidays when developing the schedules. The assessment
1971 and reporting schedules must provide the earliest possible
1972 reporting of student assessment results to the school districts,
1973 ~~consistent with the requirements of paragraph (3)(g).~~ Assessment
1974 results for the statewide, standardized ELA and mathematics
1975 assessments and all statewide, standardized EOC assessments must
1976 be made available no later than June 30, except for results for
1977 the grade 3 statewide, standardized ELA assessment, which must
1978 be made available no later than May 31. School districts shall
1979 administer statewide, standardized assessments in accordance
1980 with the schedule established by the commissioner.

450044

1981 (b) By January of each year, ~~beginning in 2018,~~ the
1982 commissioner shall publish on the department's website a uniform
1983 calendar that includes the assessment and reporting schedules
1984 for, at a minimum, the next 2 school years. The uniform calendar
1985 must be provided to school districts in an electronic format
1986 that allows each school district and public school to populate
1987 the calendar with, at minimum, the following information for
1988 reporting the district assessment schedules under paragraph (d):

1989 1. Whether the assessment is a district-required assessment
1990 or a state-required assessment.

1991 2. The specific date or dates that each assessment will be
1992 administered.

1993 3. The time allotted to administer each assessment.

1994 4. Whether the assessment is a computer-based assessment or
1995 a paper-based assessment.

1996 5. The grade level or subject area associated with the
1997 assessment.

1998 6. The date that the assessment results are expected to be
1999 available to teachers and parents.

2000 7. The type of assessment, the purpose of the assessment,
2001 and the use of the assessment results.

2002 8. A glossary of assessment terminology.

2003 9. Estimates of average time for administering state-
2004 required and district-required assessments, by grade level.

2005 (c) ~~Beginning with the 2018-2019 school year,~~ The spring
2006 administration of the statewide, standardized assessments in
2007 paragraphs (3) (a) and (b), excluding assessment retakes, must be
2008 in accordance with the following schedule:

2009 1. The grade 3 statewide, standardized ELA assessment and

450044

2010 the writing portion of the statewide, standardized ELA
2011 assessment ~~for grades 4 through 10~~ must be administered no
2012 earlier than April 1 each year within an assessment window not
2013 to exceed 2 weeks.

2014 2. With the exception of assessments identified in
2015 subparagraph 1., any statewide, standardized assessment that is
2016 delivered in a paper-based format must be administered no
2017 earlier than May 1 each year within an assessment window not to
2018 exceed 2 weeks.

2019 3. With the exception of assessments identified in
2020 subparagraphs 1. and 2., any statewide, standardized assessment
2021 must be administered within a 4-week assessment window that
2022 opens no earlier than May 1 each year.

2023
2024 ~~Each school district shall administer the assessments identified~~
2025 ~~under subparagraphs 2. and 3. no earlier than 4 weeks before the~~
2026 ~~last day of school for the district.~~

2027 (h) The results of statewide, standardized ELA, ~~and~~
2028 mathematics, science, and social studies assessments, including
2029 assessment retakes, shall be reported in an easy-to-read and
2030 understandable format and delivered in time to provide useful,
2031 actionable information to students, parents, and each student's
2032 current teacher of record and teacher of record for the
2033 subsequent school year; however, in any case, the district shall
2034 provide the results pursuant to this paragraph within 1 week
2035 after receiving the results from the department. A report of
2036 student assessment results must, at a minimum, contain:

2037 1. A clear explanation of the student's performance on the
2038 applicable statewide, standardized assessments.

450044

2039 2. Information identifying the student's areas of strength
2040 and areas in need of improvement.

2041 3. Specific actions that may be taken, and the available
2042 resources that may be used, by the student's parent to assist
2043 his or her child based on the student's areas of strength and
2044 areas in need of improvement.

2045 4. Longitudinal information, if available, on the student's
2046 progress in each subject area based on previous statewide,
2047 standardized assessment data.

2048 5. Comparative information showing the student's score
2049 compared to other students in the school district, in the state,
2050 or, if available, in other states.

2051 6. Predictive information, if available, showing the
2052 linkage between the scores attained by the student on the
2053 statewide, standardized assessments and the scores he or she may
2054 potentially attain on nationally recognized college entrance
2055 examinations.

2056 (8) PUBLICATION OF ASSESSMENTS.—To promote transparency in
2057 the statewide assessment program, in any procurement for the
2058 statewide, standardized assessments in ELA, assessment in grades
2059 3 through 10 and the mathematics, science, and social studies
2060 assessment in grades 3 through 8, the Department of Education
2061 shall solicit cost proposals for publication of the state
2062 assessments on its website in accordance with this subsection.

2063 (a) The department shall publish each assessment
2064 administered under paragraph (3) (a) and subparagraph (3) (b)1.,
2065 excluding assessment retakes, at least once on a triennial basis
2066 pursuant to a schedule determined by the Commissioner of
2067 Education. Each assessment, when published, must have been

450044

2068 administered during the most recent school year and be in a
2069 format that facilitates the sharing of assessment items.

2070 (b) The initial publication of assessments must occur no
2071 later than June 30, 2024 ~~2021~~, subject to appropriation, and
2072 must include, at a minimum, the grade 3 ELA and mathematics
2073 assessments, the grade 10 ELA assessment, and the Algebra I EOC
2074 assessment.

2075 (c) The department must provide materials on its website to
2076 help the public interpret assessment information published
2077 pursuant to this subsection.

2078 (9) CONCORDANT SCORES.—The Commissioner of Education must
2079 identify scores on the SAT and ACT that if achieved satisfy the
2080 graduation requirement that a student pass the ~~grade 10~~
2081 ~~statewide, standardized Reading assessment or, upon~~
2082 ~~implementation, the grade 10 ELA assessment.~~ The commissioner
2083 may identify concordant scores on assessments other than the SAT
2084 and ACT. If the content or scoring procedures change for the
2085 ~~grade 10 Reading assessment or, upon implementation, the grade~~
2086 10 ELA assessment, new concordant scores must be determined. If
2087 new concordant scores are not timely adopted, the last-adopted
2088 concordant scores remain in effect until such time as new scores
2089 are adopted. The state board shall adopt concordant scores in
2090 rule.

2091 Section 20. Paragraph (a) of subsection (2) of section
2092 1008.25, Florida Statutes, is amended to read:

2093 1008.25 Public school student progression; student support;
2094 reporting requirements.—

2095 (2) STUDENT PROGRESSION PLAN.—Each district school board
2096 shall establish a comprehensive plan for student progression

450044

2097 which must provide for a student's progression from one grade to
2098 another based on the student's mastery of the standards in s.
2099 1003.41, specifically English Language Arts, mathematics,
2100 science, and social studies standards. The plan must:

2101 (a) Include criteria that emphasize student reading
2102 proficiency in kindergarten through grade 3 and provide targeted
2103 instructional support for students with identified deficiencies
2104 in English Language Arts, mathematics, science, and social
2105 studies. High schools shall use all available assessment
2106 results, ~~including the results of statewide, standardized~~
2107 ~~English Language Arts assessments and end-of-course assessments~~
2108 ~~for Algebra I and Geometry,~~ to advise students of any identified
2109 deficiencies and to provide appropriate postsecondary
2110 preparatory instruction before high school graduation. The
2111 results of evaluations used to monitor a student's progress in
2112 grades K-12 must be provided to the student's teacher in a
2113 timely manner and as otherwise required by law. Thereafter,
2114 evaluation results must be provided to the student's parent in a
2115 timely manner. When available, instructional personnel must be
2116 provided with information on student achievement of standards
2117 and benchmarks in order to improve instruction.

2118 Section 21. Paragraphs (a) of subsection (1) of section
2119 1008.34, Florida Statutes, is amended to read:

2120 1008.34 School grading system; school report cards;
2121 district grade.—

2122 (1) DEFINITIONS.—For purposes of the statewide,
2123 standardized assessment program and school grading system, the
2124 following terms are defined:

2125 (a) "Achievement level," "student achievement," or

450044

2126 "achievement" describes the level of content mastery a student
2127 has acquired in a particular subject as measured by a statewide,
2128 standardized assessment administered pursuant to s.
2129 1008.22(3) (a) and (b). There are five achievement levels. Level
2130 1 is the lowest achievement level, level 5 is the highest
2131 achievement level, and level 3 indicates satisfactory
2132 performance. A student passes an assessment if the student
2133 achieves a level 3, level 4, or level 5. For purposes of the
2134 Florida Alternate Assessment administered pursuant to s.
2135 1008.22(3) (d) ~~s. 1008.22(3) (e)~~, the state board shall provide,
2136 in rule, the number of achievement levels and identify the
2137 achievement levels that are considered passing.

2138 Section 22. Subsection (2) of section 1008.3415, Florida
2139 Statutes, is amended to read:

2140 1008.3415 School grade or school improvement rating for
2141 exceptional student education centers.-

2142 (2) Notwithstanding s. 1008.34, the achievement levels and
2143 Learning Gains of a student with a disability who attends an
2144 exceptional student education center and has not been enrolled
2145 in or attended a public school other than an exceptional student
2146 education center for grades K-12 within the school district
2147 shall not be included in the calculation of the home school's
2148 grade if the student is identified as an emergent student on the
2149 alternate assessment described in s. 1008.22(3) (d) ~~s.~~
2150 ~~1008.22(3) (e)~~.

2151 Section 23. Paragraph (f) is added to subsection (1) of
2152 section 1008.44, Florida Statutes, and paragraph (a) of
2153 subsection (1) and paragraph (b) of subsection (4) are amended,
2154 to read:

450044

2155 1008.44 CAPE Industry Certification Funding List and CAPE
2156 Postsecondary Industry Certification Funding List.—

2157 (1) Pursuant to ss. 1003.4203 and 1003.492, the Department
2158 of Education shall, at least annually, identify, under rules
2159 adopted by the State Board of Education, and the Commissioner of
2160 Education may at any time recommend adding the following
2161 certificates, certifications, and courses:

2162 (a) CAPE industry certifications identified on the CAPE
2163 Industry Certification Funding List that must be applied in the
2164 distribution of funding to school districts pursuant to s.
2165 1011.62(1)(o). The CAPE Industry Certification Funding List
2166 shall incorporate by reference the industry certifications on
2167 the career pathways list approved for the Florida Gold Seal CAPE
2168 ~~Vocational~~ Scholars award. In addition, by August 1 of each
2169 year, the not-for-profit corporation established pursuant to s.
2170 445.004 may annually select one industry certification, that
2171 does not articulate for college credit, for inclusion on the
2172 CAPE Industry Certification Funding List for a period of 3 years
2173 unless otherwise approved by the curriculum review committee
2174 pursuant to s. 1003.491. Such industry certifications, if earned
2175 by a student, shall be eligible for additional full-time
2176 equivalent membership, pursuant to s. 1011.62(1)(o)1.

2177 (f) Industry certifications associated with aviation-
2178 related and aerospace-related occupations must be identified by
2179 the Commissioner of Education and, if earned by a student, are
2180 eligible for additional full-time equivalent membership pursuant
2181 to s. 1011.62(1)(o)1.e. These industry certifications must be
2182 identified on the CAPE Industry Certification Funding List.

2183 (4)

450044

2184 (b) For the purpose of calculating additional full-time
2185 equivalent membership pursuant to s. 1011.62(1)(o)1.e., the
2186 Commissioner of Education may limit CAPE industry certifications
2187 and CAPE Digital Tool certificates to students in certain grades
2188 based on formal recommendations by providers of CAPE industry
2189 certifications and CAPE Digital Tool certificates.

2190 Section 24. Section 1009.31, Florida Statutes, is created
2191 to read:

2192 1009.31 Dual Enrollment Scholarship Program.—

2193 (1) The Legislature finds and declares that dual enrollment
2194 is an integral part of the education system in this state and
2195 should be available for all eligible secondary students without
2196 cost to the student. There is established the Dual Enrollment
2197 Scholarship Program to support public postsecondary institutions
2198 in providing dual enrollment.

2199 (2) The department shall administer the Dual Enrollment
2200 Scholarship Program in accordance with rules of the State Board
2201 of Education.

2202 (3) (a) Beginning in the 2020 fall term, the program shall
2203 reimburse eligible public postsecondary institutions for tuition
2204 and related instructional materials costs for dual enrollment
2205 courses taken by private school or home education program
2206 secondary students during the fall or spring terms.

2207 (b) Beginning in the 2021 summer term, the program shall
2208 reimburse eligible public postsecondary institutions for tuition
2209 and related instructional materials costs for dual enrollment
2210 courses taken by public school, private school, or home
2211 education program secondary students during the summer term.

2212 (4) A student participating in a dual enrollment program

450044

2213 must meet the minimum eligibility requirements specified in s.
2214 1007.271 in order for the institution to receive a
2215 reimbursement.

2216 (5) Annually, by March 15, each participating public
2217 institution must report to the department its eligible secondary
2218 students from private schools or home education programs who
2219 were enrolled during the previous fall or spring terms.

2220 Annually, by July 15, each participating institution must report
2221 to the department its eligible public school, private school, or
2222 home education program students who were enrolled during the
2223 summer term. For each dual enrollment course in which the
2224 student is enrolled, the report must include a unique student
2225 identifier, the postsecondary institution name, the
2226 postsecondary course number, the postsecondary course name, and
2227 the number of postsecondary course credits earned by the
2228 student.

2229 (6) (a) Florida College System institutions shall be
2230 reimbursed for college credit instruction at the in-state
2231 resident tuition rate established in s. 1009.23(3) (a).

2232 (b) State universities shall be reimbursed at the standard
2233 tuition rate established in s. 1009.24(4) (a).

2234 (c) Workforce education instruction leading to a career
2235 certificate or an applied technology diploma shall be reimbursed
2236 at the standard tuition rate established in s. 1009.22(3) (c).

2237 (d) Institutions shall be reimbursed for instructional
2238 materials costs based on a rate as specified in the General
2239 Appropriations Act.

2240 (7) For dual enrollment courses taken during the fall and
2241 spring terms, the department must reimburse institutions by

450044

2242 April 15 of the same year. For dual enrollment courses taken
2243 during the summer term, the department must reimburse
2244 institutions by August 15 of the same year, before the beginning
2245 of the next academic year.

2246 (8) Reimbursement for dual enrollment courses is contingent
2247 upon an appropriation in the General Appropriations Act each
2248 year. If the statewide reimbursement amount is greater than the
2249 appropriation, the institutional reimbursement amounts specified
2250 in subsection (6) shall be prorated among the institutions that
2251 have reported eligible students to the department by the
2252 deadlines specified in subsection (5).

2253 (9) The State Board of Education shall adopt rules to
2254 implement this section.

2255 Section 25. Subsection (22) is added to section 1011.62,
2256 Florida Statutes, and paragraphs (i) of subsection (1),
2257 paragraph (a) of subsection (4), and subsections (11), (14),
2258 (17) and (18) of section 1011.62, Florida Statutes, are amended
2259 to read:

2260 1011.62 Funds for operation of schools.—If the annual
2261 allocation from the Florida Education Finance Program to each
2262 district for operation of schools is not determined in the
2263 annual appropriations act or the substantive bill implementing
2264 the annual appropriations act, it shall be determined as
2265 follows:

2266 (1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR
2267 OPERATION.—The following procedure shall be followed in
2268 determining the annual allocation to each district for
2269 operation:

2270 (i) *Calculation of full-time equivalent membership with*

450044

2271 *respect to dual enrollment instruction.-*

2272 1. Full-time equivalent students.-Students enrolled in dual
2273 enrollment instruction pursuant to s. 1007.271 may be included
2274 in calculations of full-time equivalent student memberships for
2275 basic programs for grades 9 through 12 by a district school
2276 board. Instructional time for dual enrollment may vary from 900
2277 hours; however, the full-time equivalent student membership
2278 value shall be subject to the provisions in s. 1011.61(4). Dual
2279 enrollment full-time equivalent student membership shall be
2280 calculated in an amount equal to the hours of instruction that
2281 would be necessary to earn the full-time equivalent student
2282 membership for an equivalent course if it were taught in the
2283 school district. Students in dual enrollment courses may also be
2284 calculated as the proportional shares of full-time equivalent
2285 enrollments they generate for a Florida College System
2286 institution or university conducting the dual enrollment
2287 instruction. Early admission students shall be considered dual
2288 enrollments for funding purposes. Students may be enrolled in
2289 dual enrollment instruction provided by an eligible independent
2290 college or university and may be included in calculations of
2291 full-time equivalent student memberships for basic programs for
2292 grades 9 through 12 by a district school board. However, those
2293 provisions of law which exempt dual enrolled and early admission
2294 students from payment of instructional materials and tuition and
2295 fees, including laboratory fees, shall not apply to students who
2296 select the option of enrolling in an eligible independent
2297 institution. ~~An independent college or university, which is not~~
2298 ~~for profit, is accredited by a regional or national accrediting~~
2299 ~~agency recognized by the United States Department of Education,~~

450044

2300 ~~and confers degrees as defined in s. 1005.02 shall be eligible~~
2301 ~~for inclusion in the dual enrollment or early admission program.~~
2302 ~~Students enrolled in dual enrollment instruction shall be exempt~~
2303 ~~from the payment of tuition and fees, including laboratory fees.~~
2304 No student enrolled in college credit mathematics or English
2305 dual enrollment instruction shall be funded as a dual enrollment
2306 unless the student has successfully completed the relevant
2307 section of the entry-level examination required pursuant to s.
2308 1008.30.

2309 2. Additional full-time equivalent student membership.—For
2310 students enrolled in an early college program pursuant to s.
2311 1007.273, a value of 0.16 full-time equivalent student
2312 membership shall be calculated for each student who completes a
2313 general education core course through the dual enrollment
2314 program with a grade of "B" or better. For students who are not
2315 enrolled in an early college program, a value of 0.08 full-time
2316 equivalent student membership shall be calculated for each
2317 student who completes a general education core course through
2318 the dual enrollment program with a grade of "B" or better. In
2319 addition, a value of 0.3 full-time equivalent student membership
2320 shall be calculated for any student who receives an associate
2321 degree through the dual enrollment program with a 3.0 grade
2322 point average or better. This value shall be added to the total
2323 full-time equivalent student membership in basic programs for
2324 grades 9 through 12 in the subsequent fiscal year. This section
2325 shall be effective for credit earned by dually enrolled students
2326 for courses taken in the 2020-2021 school year and each school
2327 year thereafter. If the associate degree described in this
2328 paragraph is earned in 2020-2021 following completion of courses

450044

2329 taken in the 2020-2021 school year, then courses taken toward
2330 the degree as part of the dual enrollment program before 2020-
2331 2021 may not preclude eligibility for the 0.3 additional full-
2332 time equivalent student membership bonus. Each school district
2333 shall allocate at least 80 percent of the funds received from
2334 the dual enrollment bonus FTE funding, in accordance with this
2335 paragraph, to the school in which the student who generated the
2336 funds was enrolled. All funds allocated to the school shall be
2337 expended to support student academic guidance, postsecondary
2338 readiness, and programs that assist academically disadvantaged
2339 students in preparing for more rigorous courses. School
2340 districts shall allocate the remaining 20 percent of the funds
2341 received from the dual enrollment bonus FTE funding for programs
2342 that assist academically disadvantaged students in preparing for
2343 more rigorous courses.

2344 3. Qualifying courses.—For the purposes of this paragraph,
2345 general education core courses are those that are identified in
2346 rule by the State Board of Education and in regulation by the
2347 Board of Governors pursuant to s. 1007.25(3).

2348 (4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The
2349 Legislature shall prescribe the aggregate required local effort
2350 for all school districts collectively as an item in the General
2351 Appropriations Act for each fiscal year. The amount that each
2352 district shall provide annually toward the cost of the Florida
2353 Education Finance Program for kindergarten through grade 12
2354 programs shall be calculated as follows:

2355 (a) *Estimated taxable value calculations.*—

2356 1.a. Not later than 2 working days before July 19, the
2357 Department of Revenue shall certify to the Commissioner of

450044

2358 Education its most recent estimate of the taxable value for
2359 school purposes in each school district and the total for all
2360 school districts in the state for the current calendar year
2361 based on the latest available data obtained from the local
2362 property appraisers. The value certified shall be the taxable
2363 value for school purposes for that year, and no further
2364 adjustments shall be made, except those made pursuant to
2365 paragraphs (c) and (d), or an assessment roll change required by
2366 final judicial decisions as specified in paragraph (18) (b)
2367 ~~(19) (b)~~. Not later than July 19, the Commissioner of Education
2368 shall compute a millage rate, rounded to the next highest one
2369 one-thousandth of a mill, which, when applied to 96 percent of
2370 the estimated state total taxable value for school purposes,
2371 would generate the prescribed aggregate required local effort
2372 for that year for all districts. The Commissioner of Education
2373 shall certify to each district school board the millage rate,
2374 computed as prescribed in this subparagraph, as the minimum
2375 millage rate necessary to provide the district required local
2376 effort for that year.

2377 b. The General Appropriations Act shall direct the
2378 computation of the statewide adjusted aggregate amount for
2379 required local effort for all school districts collectively from
2380 ad valorem taxes to ensure that no school district's revenue
2381 from required local effort millage will produce more than 90
2382 percent of the district's total Florida Education Finance
2383 Program calculation as calculated and adopted by the
2384 Legislature, and the adjustment of the required local effort
2385 millage rate of each district that produces more than 90 percent
2386 of its total Florida Education Finance Program entitlement to a

450044

2387 level that will produce only 90 percent of its total Florida
2388 Education Finance Program entitlement in the July calculation.

2389 2. On the same date as the certification in sub-
2390 subparagraph 1.a., the Department of Revenue shall certify to
2391 the Commissioner of Education for each district:

2392 a. Each year for which the property appraiser has certified
2393 the taxable value pursuant to s. 193.122(2) or (3), if
2394 applicable, since the prior certification under sub-subparagraph
2395 1.a.

2396 b. For each year identified in sub-subparagraph a., the
2397 taxable value certified by the appraiser pursuant to s.
2398 193.122(2) or (3), if applicable, since the prior certification
2399 under sub-subparagraph 1.a. This is the certification that
2400 reflects all final administrative actions of the value
2401 adjustment board.

2402 (11) VIRTUAL EDUCATION CONTRIBUTION.—The Legislature may
2403 annually provide in the Florida Education Finance Program a
2404 virtual education contribution. The amount of the virtual
2405 education contribution shall be the difference between the
2406 amount per FTE established in the General Appropriations Act for
2407 virtual education and the amount per FTE for each district and
2408 the Florida Virtual School, which may be calculated by taking
2409 the sum of the base FEEP allocation, the discretionary local
2410 effort, the state-funded discretionary contribution, the
2411 discretionary millage compression supplement, the research-based
2412 reading instruction allocation, the teacher salary increase
2413 allocation ~~best and brightest teacher and principal allocation,~~
2414 and the instructional materials allocation, and then dividing by
2415 the total unweighted FTE. This difference shall be multiplied by

450044

2416 the virtual education unweighted FTE for programs and options
2417 identified in s. 1002.455 and the Florida Virtual School and its
2418 franchises to equal the virtual education contribution and shall
2419 be included as a separate allocation in the funding formula.

2420 (14) QUALITY ASSURANCE GUARANTEE.—The Legislature may
2421 annually in the General Appropriations Act determine a
2422 percentage increase in funds per K-12 unweighted FTE as a
2423 minimum guarantee to each school district. The guarantee shall
2424 be calculated from prior year base funding per unweighted FTE
2425 student, which shall include the adjusted FTE dollars as
2426 provided in subsection (18) ~~(19)~~, quality guarantee funds, and
2427 actual nonvoted discretionary local effort from taxes. From the
2428 base funding per unweighted FTE, the increase shall be
2429 calculated for the current year. The current year funds from
2430 which the guarantee shall be determined shall include the
2431 adjusted FTE dollars as provided in subsection (18) ~~(19)~~ and
2432 potential nonvoted discretionary local effort from taxes. A
2433 comparison of current year funds per unweighted FTE to prior
2434 year funds per unweighted FTE shall be computed. For those
2435 school districts which have less than the legislatively assigned
2436 percentage increase, funds shall be provided to guarantee the
2437 assigned percentage increase in funds per unweighted FTE
2438 student. Should appropriated funds be less than the sum of this
2439 calculated amount for all districts, the commissioner shall
2440 prorate each district's allocation. This provision shall be
2441 implemented to the extent specifically funded.

2442 (17) FUNDING COMPRESSION ALLOCATION.—The Legislature may
2443 provide an annual funding compression allocation in the General
2444 Appropriations Act. The allocation is created to provide

450044

2445 additional funding to school districts and developmental
2446 research schools whose total funds per FTE in the prior year
2447 were less than the statewide average. Using the most recent
2448 prior year FEFP calculation for each eligible school district,
2449 the total funds per FTE shall be subtracted from the state
2450 average funds per FTE, not including any adjustments made
2451 pursuant to paragraph (18) (b) ~~(19) (b)~~. The resulting funds per
2452 FTE difference, or a portion thereof, as designated in the
2453 General Appropriations Act, shall then be multiplied by the
2454 school district's total unweighted FTE to provide the
2455 allocation. If the calculated funds are greater than the amount
2456 included in the General Appropriations Act, they must be
2457 prorated to the appropriation amount based on each participating
2458 school district's share. ~~This subsection expires July 1, 2020.~~

2459 ~~(18) THE FLORIDA BEST AND BRIGHTEST TEACHER AND PRINCIPAL~~
2460 ~~ALLOCATION.—~~

2461 ~~(a) The Florida Best and Brightest Teacher and Principal~~
2462 ~~Allocation is created to recruit, retain, and recognize~~
2463 ~~classroom teachers and instructional personnel who meet the~~
2464 ~~criteria established in s. 1012.731 and reward principals who~~
2465 ~~meet the criteria established in s. 1012.732. Subject to annual~~
2466 ~~appropriation, each school district shall receive an allocation~~
2467 ~~based on the district's proportionate share of FEFP base~~
2468 ~~funding. The Legislature may specify a minimum allocation for~~
2469 ~~all districts in the General Appropriations Act.~~

2470 ~~(b) From the allocation, each district shall provide the~~
2471 ~~following:~~

2472 ~~1. A one-time recruitment award, as provided in s.~~
2473 ~~1012.731(3)(a);~~

450044

2474 ~~2. A retention award, as provided in s. 1012.731(3)(b); and~~
2475 ~~3. A recognition award, as provided in s. 1012.731(3)(c)~~
2476 ~~from the remaining balance of the appropriation after the~~
2477 ~~payment of all other awards authorized under ss. 1012.731 and~~
2478 ~~1012.732.~~

2479 ~~(c) From the allocation, each district shall provide~~
2480 ~~eligible principals an award as provided in s. 1012.732(3).~~

2481
2482 ~~If a district's calculated awards exceed the allocation, the~~
2483 ~~district may prorate the awards.~~

2484 (22) TEACHER SALARY INCREASE ALLOCATION.—The Teacher Salary
2485 Increase Allocation is created to increase teacher salaries and
2486 improve this state's relative teacher salary position when
2487 compared with teacher salaries in other states.

2488 (a) Subject to annual appropriation, funds may be provided
2489 for each school district to increase the minimum base salary for
2490 full-time classroom teachers as defined in s. 1012.01(2)(a) or
2491 all instructional personnel as defined in s. 1012.01(2)(a)-(d),
2492 plus certified prekindergarten teachers, but not including
2493 substitute teachers, by no less than the amount designated in
2494 the General Appropriations Act. In addition, funds may also be
2495 provided in an amount designated in the General Appropriations
2496 Act for salary increases for full-time instructional personnel
2497 as determined by the school board and the local bargaining unit.

2498 (b) Funds for this purpose shall be allocated on each
2499 district's share of the base FEFP allocation. Funds for the
2500 minimum base salary increase may be provided in multiple years
2501 in order to achieve a particular salary goal. The minimum base
2502 salary is the base annual salary before payroll deductions and

450044

2503 excluding supplements as defined in s. 1012.22(1)(c).

2504 Section 26. Effective July 1, 2021, paragraph (o) of
2505 subsection (1) of section 1011.62, Florida Statutes, is amended
2506 to read:

2507 1011.62 Funds for operation of schools.—If the annual
2508 allocation from the Florida Education Finance Program to each
2509 district for operation of schools is not determined in the
2510 annual appropriations act or the substantive bill implementing
2511 the annual appropriations act, it shall be determined as
2512 follows:

2513 (1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR
2514 OPERATION.—The following procedure shall be followed in
2515 determining the annual allocation to each district for
2516 operation:

2517 (o) *Calculation of additional full-time equivalent*
2518 *membership based on successful completion of a career-themed*
2519 *course pursuant to ss. 1003.491, 1003.492, and 1003.493, or*
2520 *courses with embedded CAPE industry certifications or CAPE*
2521 *Digital Tool certificates, and issuance of industry*
2522 *certification identified on the CAPE Industry Certification*
2523 *Funding List pursuant to rules adopted by the State Board of*
2524 *Education or CAPE Digital Tool certificates pursuant to s.*
2525 *1003.4203.—*

2526 1.a. A value of 0.025 full-time equivalent student
2527 membership shall be calculated for CAPE Digital Tool
2528 certificates earned by students in elementary and middle school
2529 grades.

2530 b. A value of 0.1 or 0.2 full-time equivalent student
2531 membership shall be calculated for each student who completes a

450044

2532 course as defined in s. 1003.493(1)(b) or courses with embedded
2533 CAPE industry certifications and who is issued an industry
2534 certification identified annually on the CAPE Industry
2535 Certification Funding List approved under rules adopted by the
2536 State Board of Education. For a CAPE industry certification that
2537 has a statewide articulation agreement of 4 to 14 college
2538 credits, a value of 0.2 full-time equivalent membership shall be
2539 calculated. For a CAPE industry certification that has a
2540 statewide articulation agreement of 1 to 3 college credits and
2541 is deemed by the department to be of sufficient rigor and to be
2542 linked to a high-skill occupation, a value of 0.2 full-time
2543 equivalent membership shall be calculated. For all other CAPE
2544 industry certifications with a statewide articulation agreement
2545 of 1 to 3 college credits, a value of 0.1 full-time equivalent
2546 membership shall be calculated ~~A value of 0.2 full-time~~
2547 ~~equivalent membership shall be calculated for each student who~~
2548 ~~is issued a CAPE industry certification that has a statewide~~
2549 ~~articulation agreement for college credit approved by the State~~
2550 ~~Board of Education.~~ For CAPE industry certifications that do not
2551 articulate for college credit, the Department of Education shall
2552 calculate ~~assign~~ a full-time equivalent value of 0.1 for each
2553 certification. Middle grades students who earn additional FTE
2554 membership for a CAPE Digital Tool certificate pursuant to sub-
2555 subparagraph a. may not use the previously funded examination to
2556 satisfy the requirements for earning an industry certification
2557 under this sub-subparagraph. ~~Additional FTE membership for an~~
2558 ~~elementary or middle grades student may not exceed 0.1 for~~
2559 ~~certificates or certifications earned within the same fiscal~~
2560 ~~year.~~ The State Board of Education shall include the assigned

450044

2561 values on the CAPE Industry Certification Funding List under
2562 rules adopted by the state board. Such value shall be added to
2563 the total full-time equivalent student membership for grades 6
2564 through 12 in the subsequent year. CAPE industry certifications
2565 earned through dual enrollment must be reported and funded
2566 pursuant to s. 1011.80. However, if a student earns a
2567 certification through a dual enrollment course and the
2568 certification is not a fundable certification on the
2569 postsecondary certification funding list, or the dual enrollment
2570 certification is earned as a result of an agreement between a
2571 school district and a nonpublic postsecondary institution, the
2572 bonus value shall be funded in the same manner as other nondual
2573 enrollment course industry certifications. In such cases, the
2574 school district may provide for an agreement between the high
2575 school and the technical center, or the school district and the
2576 postsecondary institution may enter into an agreement for
2577 equitable distribution of the bonus funds.

2578 c. A value of 0.3 full-time equivalent student membership
2579 shall be calculated for student completion of the courses and
2580 the embedded certifications identified on the CAPE Industry
2581 Certification Funding List and approved by the commissioner
2582 pursuant to ss. 1003.4203(5) (a) and 1008.44.

2583 d. A value of 0.5 full-time equivalent student membership
2584 shall be calculated for CAPE Acceleration Industry
2585 Certifications that articulate for 15 to 29 college credit
2586 hours, and 1.0 full-time equivalent student membership shall be
2587 calculated for CAPE Acceleration Industry Certifications that
2588 articulate for 30 or more college credit hours pursuant to CAPE
2589 Acceleration Industry Certifications approved by the

450044

2590 commissioner pursuant to ss. 1003.4203(5)(b) and 1008.44.

2591 e. In addition to the full-time equivalent student
2592 membership calculated under paragraphs (a)-(d), a supplemental
2593 value of 0.2 full-time equivalent student membership shall be
2594 calculated for industry certifications identified on the CAPE
2595 Industry Certification Funding List as leading to employment in
2596 aviation-related or aerospace-related occupations and meeting
2597 specified criteria prescribed by the department.

2598 2. Each district must allocate at least 80 percent of the
2599 funds provided for CAPE industry certification, in accordance
2600 with this paragraph, to the program that generated the funds.
2601 The remaining 20 percent may be used for other CAPE program
2602 expenses, such as administrative costs, which may not exceed 5
2603 percent of the funds provided, and new industry certification
2604 programs. All such funds must be used for CAPE programs. CAPE
2605 funding ~~This allocation~~ may not be used to supplant funds
2606 provided for basic operation of the program, such as teacher
2607 salaries and other costs that are funded with non-CAPE funds for
2608 other courses.

2609 3. For CAPE industry certifications earned in the 2013-2014
2610 school year and in subsequent years, the school district shall
2611 distribute to each classroom teacher who provided direct
2612 instruction toward the attainment of a CAPE industry
2613 certification that qualified for additional full-time equivalent
2614 membership under subparagraph 1.:

2615 a. A bonus of \$25 for each student taught by a teacher who
2616 provided instruction in a course that led to the attainment of a
2617 CAPE industry certification on the CAPE Industry Certification
2618 Funding List with a weight of 0.1.

450044

2619 b. A bonus of \$50 for each student taught by a teacher who
2620 provided instruction in a course that led to the attainment of a
2621 CAPE industry certification on the CAPE Industry Certification
2622 Funding List with a weight of 0.2.

2623 c. A bonus of \$75 for each student taught by a teacher who
2624 provided instruction in a course that led to the attainment of a
2625 CAPE industry certification on the CAPE Industry Certification
2626 Funding List with a weight of 0.3.

2627 d. A bonus of \$100 for each student taught by a teacher who
2628 provided instruction in a course that led to the attainment of a
2629 CAPE industry certification on the CAPE Industry Certification
2630 Funding List with a weight of 0.5 or 1.0.

2631
2632 ~~Bonuses awarded pursuant to this paragraph shall be provided to~~
2633 ~~teachers who are employed by the district in the year in which~~
2634 ~~the additional FTE membership calculation is included in the~~
2635 ~~calculation.~~ Bonuses awarded to teachers pursuant to this
2636 paragraph must ~~shall~~ be calculated based upon the associated
2637 weight of a CAPE industry certification on the CAPE Industry
2638 Certification Funding List for the year in which the
2639 certification is earned by the student. Any bonus awarded to a
2640 teacher pursuant to this paragraph is in addition to any regular
2641 wage or other bonus the teacher received or is scheduled to
2642 receive. A bonus may not be awarded to a teacher who fails to
2643 maintain the security of any CAPE industry certification
2644 examination or who otherwise violates the security or
2645 administration protocol of any assessment instrument that may
2646 result in a bonus being awarded to the teacher under this
2647 paragraph.

450044

2648 Section 27. Effective July 1, 2021, paragraph (b) of
2649 subsection (7) of section 1011.80, Florida Statutes, is amended
2650 to read:

2651 1011.80 Funds for operation of workforce education
2652 programs.—

2653 (7)

2654 (b) Performance funding for industry certifications for
2655 school district workforce education programs is contingent upon
2656 specific appropriation in the General Appropriations Act and
2657 shall be determined as follows:

2658 1. Occupational areas for which industry certifications may
2659 be earned, as established in the General Appropriations Act, are
2660 eligible for performance funding. Priority shall be given to the
2661 occupational areas emphasized in state, national, or corporate
2662 grants provided to Florida educational institutions.

2663 2. The Chancellor of Career and Adult Education shall
2664 identify the industry certifications eligible for funding on the
2665 CAPE Postsecondary Industry Certification Funding List approved
2666 by the State Board of Education pursuant to s. 1008.44, based on
2667 the occupational areas specified in the General Appropriations
2668 Act.

2669 3.a. Except as provided in sub-subparagraph b., each school
2670 district shall be provided \$1,000 for each industry
2671 certification earned by a workforce education student. If funds
2672 are insufficient to fully fund the calculated total award, such
2673 funds shall be prorated.

2674 b. For each professional-level Federal Aviation
2675 Administration industry certification earned by a workforce
2676 education student, each school district shall be provided a

450044

2677 total of \$6,000. If funds are insufficient to fully fund the
2678 calculated total award, such funds shall be prorated.

2679 Section 28. Effective July 1, 2021, paragraph (c) of
2680 subsection (2) of section 1011.81, Florida Statutes, is amended
2681 to read:

2682 1011.81 Florida College System Program Fund.—

2683 (2) Performance funding for industry certifications for
2684 Florida College System institutions is contingent upon specific
2685 appropriation in the General Appropriations Act and shall be
2686 determined as follows:

2687 (c) 1. Except as provided in subparagraph 2., each Florida
2688 College System institution shall be provided \$1,000 for each
2689 industry certification earned by a student. If funds are
2690 insufficient to fully fund the calculated total award, such
2691 funds shall be prorated.

2692 2. For each professional-level Federal Aviation
2693 Administration industry certification earned by a student, each
2694 Florida College System institution shall be provided a total of
2695 \$6,000. If funds are insufficient to fully fund the calculated
2696 total award, such funds shall be prorated.

2697 Section 29. Paragraph (a) of subsection (7) of section
2698 1012.34, Florida Statutes, is amended to read:

2699 1012.34 Personnel evaluation procedures and criteria.—

2700 (7) MEASUREMENT OF STUDENT PERFORMANCE.—

2701 (a) The Commissioner of Education shall approve a formula
2702 to measure individual student learning growth on the statewide,
2703 standardized assessments in English Language Arts and
2704 mathematics administered under s. 1008.22 and annually by July
2705 31 provide the results of student learning growth measured by

450044

2706 such formula to school districts. A third party, independent of
2707 the assessment developer, must analyze student learning growth
2708 data calculated using the formula and provide access to a data
2709 visualization tool that enables teachers to understand and
2710 evaluate the data and school administrators to improve
2711 instruction, evaluate programs, allocate resources, plan
2712 professional development, and communicate with stakeholders. The
2713 formula must take into consideration each student's prior
2714 academic performance. The formula must not set different
2715 expectations for student learning growth based upon a student's
2716 gender, race, ethnicity, or socioeconomic status. In the
2717 development of the formula, the commissioner shall consider
2718 other factors such as a student's attendance record, disability
2719 status, or status as an English language learner. The
2720 commissioner may select additional formulas to measure student
2721 performance as appropriate for the remainder of the statewide,
2722 standardized assessments included under s. 1008.22 and continue
2723 to select formulas as new assessments are implemented in the
2724 state system.

2725 Section 30. Subsections (1) and (2) of section 1012.582,
2726 Florida Statutes, are amended to read:

2727 1012.582 Continuing education and inservice training for
2728 teaching students with developmental and emotional or behavioral
2729 disabilities.—

2730 (1) The Commissioner of Education shall develop
2731 recommendations to incorporate instruction regarding autism
2732 spectrum disorder, Down syndrome, ~~and~~ other developmental
2733 disabilities, and emotional or behavioral disabilities into
2734 continuing education or inservice training requirements for

450044

2735 instructional personnel. These recommendations shall address:

2736 (a) Early identification of, and intervention for, students
2737 who have autism spectrum disorder, Down syndrome, ~~or~~ other
2738 developmental disabilities, or emotional or behavioral
2739 disabilities.

2740 (b) Curriculum planning and curricular and instructional
2741 modifications, adaptations, and specialized strategies and
2742 techniques.

2743 (c) The use of available state and local resources.

2744 (d) The use of positive behavior interventions and
2745 behavioral supports to deescalate problem behaviors.

2746 (e) The Appropriate use of ~~manual-physical~~ restraint and
2747 ~~seclusion~~ techniques, positive behavior interventions and
2748 supports, and effective classroom behavior management
2749 strategies.

2750 (2) In developing the recommendations, the commissioner
2751 shall consult with the State Surgeon General, the Director of
2752 the Agency for Persons with Disabilities, representatives from
2753 the education community in the state, and representatives from
2754 entities that promote awareness about autism spectrum disorder,
2755 Down syndrome, ~~and~~ other developmental disabilities, and
2756 emotional or behavioral disabilities and provide programs and
2757 services to persons with ~~developmental~~ disabilities, including,
2758 but not limited to, regional autism centers pursuant to s.
2759 1004.55.

2760 Section 31. Section 1012.731, Florida Statutes, is
2761 repealed.

2762 Section 32. Section 1012.732, Florida Statutes, is
2763 repealed.

450044

2764 Section 33. Subsections (1) and (3) of section 1013.62,
2765 Florida Statutes, are amended to read:

2766 1013.62 Charter schools capital outlay funding.—

2767 (1) ~~For the 2018-2019 fiscal year,~~ Charter school capital
2768 outlay funding shall consist of state funds appropriated in the
2769 ~~2018-2019~~ General Appropriations Act; however, if the amount of
2770 state funds appropriated for charter school capital outlay in a
2771 given fiscal year is less than \$165 million, charter school
2772 capital outlay funding for that fiscal year shall consist of the
2773 appropriated state funds and revenue resulting from the
2774 discretionary millage authorized in s. 1011.71(2). ~~Beginning in~~
2775 ~~fiscal year 2019-2020,~~ ~~charter school capital outlay funding~~
2776 ~~shall consist of state funds when such funds are appropriated in~~
2777 ~~the General Appropriations Act and revenue resulting from the~~
2778 ~~discretionary millage authorized in s. 1011.71(2) if the amount~~
2779 ~~of state funds appropriated for charter school capital outlay in~~
2780 ~~any fiscal year is less than the average charter school capital~~
2781 ~~outlay funds per unweighted full-time equivalent student for the~~
2782 ~~2018-2019 fiscal year, multiplied by the estimated number of~~
2783 ~~charter school students for the applicable fiscal year, and~~
2784 ~~adjusted by changes in the Consumer Price Index issued by the~~
2785 ~~United States Department of Labor from the previous fiscal year.~~
2786 Nothing in this subsection prohibits a school district from
2787 distributing to charter schools funds resulting from the
2788 discretionary millage authorized in s. 1011.71(2).

2789 (a) To be eligible to receive capital outlay funds, a
2790 charter school must:

2791 1.a. Have been in operation for 2 or more years;

2792 b. Be governed by a governing board established in the

450044

2793 state for 2 or more years which operates both charter schools
2794 and conversion charter schools within the state;
2795 c. Be an expanded feeder chain of a charter school within
2796 the same school district that is currently receiving charter
2797 school capital outlay funds;
2798 d. Have been accredited by a regional accrediting
2799 association as defined by State Board of Education rule; or
2800 e. Serve students in facilities that are provided by a
2801 business partner for a charter school-in-the-workplace pursuant
2802 to s. 1002.33(15) (b) .
2803 2. Have an annual audit that does not reveal any of the
2804 financial emergency conditions provided in s. 218.503(1) for the
2805 most recent fiscal year for which such audit results are
2806 available.
2807 3. Have satisfactory student achievement based on state
2808 accountability standards applicable to the charter school.
2809 4. Have received final approval from its sponsor pursuant
2810 to s. 1002.33 for operation during that fiscal year.
2811 5. Serve students in facilities that are not provided by
2812 the charter school's sponsor.
2813 (b) A charter school is not eligible to receive capital
2814 outlay funds if it was created by the conversion of a public
2815 school and operates in facilities provided by the charter
2816 school's sponsor for a nominal fee, or at no charge, or if it is
2817 directly or indirectly operated by the school district.
2818 (3) If the school board levies the discretionary millage
2819 authorized in s. 1011.71(2), and the state funds appropriated
2820 for charter school capital outlay in any fiscal year are less
2821 than \$165 million ~~the average charter school capital outlay~~

450044

2822 ~~funds per unweighted full-time equivalent student for the 2018-~~
2823 ~~2019 fiscal year, multiplied by the estimated number of charter~~
2824 ~~school students for the applicable fiscal year, and adjusted by~~
2825 ~~changes in the Consumer Price Index issued by the United States~~
2826 ~~Department of Labor from the previous fiscal year, the~~
2827 department shall use the following calculation methodology to
2828 determine the amount of revenue that a school district must
2829 distribute to each eligible charter school:

2830 (a) Reduce the total discretionary millage revenue by the
2831 school district's annual debt service obligation incurred as of
2832 March 1, 2017, which has not been subsequently retired, and any
2833 amount of participation requirement pursuant to s.
2834 1013.64(2)(a)8. that is being satisfied by revenues raised by
2835 the discretionary millage.

2836 (b) Divide the school district's adjusted discretionary
2837 millage revenue by the district's total capital outlay full-time
2838 equivalent membership and the total number of unweighted full-
2839 time equivalent students of each eligible charter school to
2840 determine a capital outlay allocation per full-time equivalent
2841 student.

2842 (c) Multiply the capital outlay allocation per full-time
2843 equivalent student by the total number of full-time equivalent
2844 students of each eligible charter school to determine the
2845 capital outlay allocation for each charter school.

2846 (d) If applicable, reduce the capital outlay allocation
2847 identified in paragraph (c) by the total amount of state funds
2848 allocated to each eligible charter school in subsection (2) to
2849 determine the maximum calculated capital outlay allocation.

2850 (e) School districts shall distribute capital outlay funds

450044

2851 to charter schools no later than February 1 of each year, as
2852 required by this subsection, based on the amount of funds
2853 received by the district school board. School districts shall
2854 distribute any remaining capital outlay funds, as required by
2855 this subsection, upon the receipt of such funds until the total
2856 amount calculated pursuant to this subsection is distributed.

2857

2858 By October 1 of each year, each school district shall certify to
2859 the department the amount of debt service and participation
2860 requirement that complies with the requirement of paragraph (a)
2861 and can be reduced from the total discretionary millage revenue.
2862 The Auditor General shall verify compliance with the
2863 requirements of paragraph (a) and s. 1011.71(2)(e) during
2864 scheduled operational audits of school districts.

2865 Section 34. Paragraph (b) of subsection (6) of section
2866 1013.64, Florida Statutes, is amended to read:

2867 1013.64 Funds for comprehensive educational plant needs;
2868 construction cost maximums for school district capital
2869 projects.—Allocations from the Public Education Capital Outlay
2870 and Debt Service Trust Fund to the various boards for capital
2871 outlay projects shall be determined as follows:

2872 (6)

2873 (b)1. A district school board may not use funds from the
2874 following sources: Public Education Capital Outlay and Debt
2875 Service Trust Fund; School District and Community College
2876 District Capital Outlay and Debt Service Trust Fund; Classrooms
2877 First Program funds provided in s. 1013.68; nonvoted 1.5-mill
2878 levy of ad valorem property taxes provided in s. 1011.71(2);
2879 Classrooms for Kids Program funds provided in s. 1013.735;

2880 District Effort Recognition Program funds provided in s.
2881 1013.736; or High Growth District Capital Outlay Assistance
2882 Grant Program funds provided in s. 1013.738 to pay for any
2883 portion of the cost of any new construction of educational plant
2884 space with a total cost per student station, including change
2885 orders, which exceeds:

- 2886 a. \$17,952 for an elementary school;
- 2887 b. \$19,386 for a middle school; or
- 2888 c. \$25,181 for a high school,

2889
2890 (January 2006) as adjusted annually to reflect increases or
2891 decreases in the Consumer Price Index. The department, in
2892 conjunction with the Office of Economic and Demographic
2893 Research, shall review and adjust the cost per student station
2894 limits to reflect actual construction costs by January 1, 2020,
2895 and annually thereafter. The adjusted cost per student station
2896 shall be used by the department for computation of the statewide
2897 average costs per student station for each instructional level
2898 pursuant to paragraph (d). The department shall also collaborate
2899 with the Office of Economic and Demographic Research to select
2900 an industry-recognized construction index to replace the
2901 Consumer Price Index by January 1, 2020, adjusted annually to
2902 reflect changes in the construction index.

2903 2. School districts shall maintain accurate documentation
2904 related to the costs of all new construction of educational
2905 plant space reported to the Department of Education pursuant to
2906 paragraph (d). The Auditor General shall review the
2907 documentation maintained by the school districts and verify
2908 compliance with the limits under this paragraph during its

450044

2909 | scheduled operational audits of the school district.

2910 | 3. Except for educational facilities and sites subject to a
2911 | lease-purchase agreement entered pursuant to s. 1011.71(2)(e),
2912 | or funded solely through local impact fees, in addition to the
2913 | funding sources listed in subparagraph 1., a district school
2914 | board may not use funds from any sources for new construction of
2915 | educational plant space with a total cost per student station,
2916 | including change orders, which equals more than the current
2917 | adjusted amounts provided in sub-subparagraphs 1.a.-c. However,
2918 | if a contract has been executed for architectural and design
2919 | services or for construction management services before July 1,
2920 | 2017, a district school board may use funds from any source for
2921 | the new construction of educational plant space and such funds
2922 | are exempt from the total cost per student station requirements.

2923 | 4. A district school board must not use funds from the
2924 | Public Education Capital Outlay and Debt Service Trust Fund or
2925 | the School District and Community College District Capital
2926 | Outlay and Debt Service Trust Fund for any new construction of
2927 | an ancillary plant that exceeds 70 percent of the average cost
2928 | per square foot of new construction for all schools.

2929 | Section 35. Paragraph (c) of subsection (10) of section
2930 | 1003.4282, Florida Statutes, is amended to read:

2931 | 1003.4282 Requirements for a standard high school diploma.-

2932 | (10) STUDENTS WITH DISABILITIES.-Beginning with students
2933 | entering grade 9 in the 2014-2015 school year, this subsection
2934 | applies to a student with a disability.

2935 | (c) A student with a disability who meets the standard high
2936 | school diploma requirements in this section may defer the
2937 | receipt of a standard high school diploma if the student:

450044

2938 1. Has an individual education plan that prescribes special
2939 education, transition planning, transition services, or related
2940 services through age 21; and

2941 2. Is enrolled in accelerated college credit instruction
2942 pursuant to s. 1007.27, industry certification courses that lead
2943 to college credit, an early college ~~a collegiate high school~~
2944 program, courses necessary to satisfy the Scholar designation
2945 requirements, or a structured work-study, internship, or
2946 preapprenticeship program.

2947

2948 The State Board of Education shall adopt rules under ss.
2949 120.536(1) and 120.54 to implement this subsection, including
2950 rules that establish the minimum requirements for students
2951 described in this subsection to earn a standard high school
2952 diploma. The State Board of Education shall adopt emergency
2953 rules pursuant to ss. 120.536(1) and 120.54.

2954 Section 36. Paragraph (a) of subsection (1) of section
2955 1003.436, Florida Statutes, is amended to read:

2956 1003.436 Definition of "credit."—

2957 (1) (a) For the purposes of requirements for high school
2958 graduation, one full credit means a minimum of 135 hours of bona
2959 fide instruction in a designated course of study that contains
2960 student performance standards, except as otherwise provided
2961 through the Credit Acceleration Program (CAP) under s.

2962 1003.4295(3). One full credit means a minimum of 120 hours of
2963 bona fide instruction in a designated course of study that
2964 contains student performance standards for purposes of meeting
2965 high school graduation requirements in a district school that
2966 has been authorized to implement block scheduling by the

450044

2967 district school board. The State Board of Education shall
2968 determine the number of postsecondary credit hours earned
2969 through dual enrollment pursuant to s. 1007.271 that satisfy the
2970 requirements of a dual enrollment articulation agreement
2971 according to s. 1007.271(21) and that equal one full credit of
2972 the equivalent high school course identified pursuant to s.
2973 1007.271(10) ~~s. 1007.271(9)~~.

2974 Section 37. Subsection (1) of section 1011.71, Florida
2975 Statutes, is amended to read:

2976 1011.71 District school tax.—

2977 (1) If the district school tax is not provided in the
2978 General Appropriations Act or the substantive bill implementing
2979 the General Appropriations Act, each district school board
2980 desiring to participate in the state allocation of funds for
2981 current operation as prescribed by s. 1011.62(18) ~~s. 1011.62(19)~~
2982 shall levy on the taxable value for school purposes of the
2983 district, exclusive of millage voted under s. 9(b) or s. 12,
2984 Art. VII of the State Constitution, a millage rate not to exceed
2985 the amount certified by the commissioner as the minimum millage
2986 rate necessary to provide the district required local effort for
2987 the current year, pursuant to s. 1011.62(4)(a)1. In addition to
2988 the required local effort millage levy, each district school
2989 board may levy a nonvoted current operating discretionary
2990 millage. The Legislature shall prescribe annually in the
2991 appropriations act the maximum amount of millage a district may
2992 levy.

2993 Section 38. Except as otherwise expressly provided in this
2994 act and except for this section, which shall take effect upon
2995 becoming a law, this act shall take effect July 1, 2020.

And the title is amended as follows:

Delete everything before the enacting clause
and insert:

A bill to be entitled
An act relating to education; amending s. 212.055,
F.S.; requiring that a resolution to levy a
discretionary sales tax include a statement containing
certain information; requiring surtax revenues shared
with charter schools to be expended by the charter
schools in a certain manner; requiring all revenues
and expenditures be accounted for in a monthly or
quarterly charter school financial report; providing
applicability; creating s. 446.541, F.S.; providing
legislative intent; defining terms; providing that
individuals enrolled in certain apprenticeship or
preapprenticeship programs or work-based learning
courses are deemed to be employees of the state for
purposes of workers' compensation; specifying
responsibilities and payment for the costs of workers'
compensation benefits; requiring reporting within a
specified timeframe regarding participants in work-
based learning; amending s. 1002.33, F.S.; prohibiting
sponsors from refusing to receive a charter school
application submitted during the calendar year;
authorizing charter schools to limit the enrollment
process to target certain additional student
populations; amending s. 1002.331, F.S.; specifying

3025 how many application a high-performing charter school
3026 may submit in any school district in the state to
3027 establish and operate a new charter school; amending
3028 s. 1002.45, F.S.; requiring school districts to limit
3029 out-of-district participation for virtual instruction
3030 programs and virtual charter schools; amending s.
3031 1003.4156, F.S.; conforming provisions to changes made
3032 by the act; amending s. 1003.4282, F.S.; deleting
3033 obsolete language; requiring students to take a
3034 specified assessment relating to civic literacy;
3035 providing that such assessment meets certain
3036 postsecondary requirements under specified
3037 circumstances; amending s. 1003.4285, F.S.; revising
3038 the requirements for earning the Scholar designation
3039 on a standard high school diploma to conform to
3040 changes made by the act; amending s. 1003.573, F.S.;
3041 defining terms; requiring school districts to prohibit
3042 the use of seclusion on students with disabilities in
3043 public schools; providing requirements for the use of
3044 restraint; prohibiting specified restraint techniques;
3045 revising school district policies and procedures
3046 relating to restraint; requiring school districts to
3047 adopt positive behavior interventions and supports and
3048 identify all school personnel authorized to use such
3049 interventions and supports; requiring each school
3050 district to develop certain policies and procedures;
3051 requiring any revisions made to such policies and
3052 procedures to be filed with the Bureau of Exceptional
3053 Education and Student Services within a certain

450044

3054 timeframe; requiring each school district to publicly
3055 post specified policies and procedures; requiring
3056 school districts to provide training on certain
3057 interventions and supports to specified personnel;
3058 providing requirements for such training; requiring
3059 each school district to publish training procedures in
3060 its special policies and procedures manual; requiring
3061 schools to develop a crisis intervention plan for
3062 certain students; providing requirements for such
3063 plans; revising the requirements for documenting,
3064 reporting, and monitoring the use of restraint;
3065 requiring the department to make certain information
3066 available to the public by a specified date;
3067 conforming provisions to changes made by the act;
3068 creating s. 1003.574, F.S.; creating the Video Cameras
3069 in Public School Classrooms Pilot Program for a
3070 specified time period; defining terms; requiring a
3071 video camera to be placed in specified classrooms upon
3072 the request of a parent; requiring video cameras to be
3073 operational within a specified time period; providing
3074 requirements for the discontinuation of such video
3075 cameras; providing requirements for such video
3076 cameras; providing an exception; requiring a written
3077 explanation if the operation of such cameras is
3078 interrupted; requiring district school boards to
3079 maintain such explanation for a specified time;
3080 requiring schools to provide written notice of the
3081 placement of a video camera to certain individuals;
3082 providing requirements for retaining and deleting

3083 video recordings; prohibiting specified uses of such
3084 video cameras and recordings; providing that school
3085 principals are the custodians of such video cameras
3086 and recordings; providing requirements for schools or
3087 school districts relating to video recordings;
3088 providing requirements relating to student privacy;
3089 providing requirements for the viewing of such video
3090 recordings by specified individuals or entities;
3091 providing for an appeal process for actions of a
3092 school or school district alleged to be in violation
3093 of certain provisions; providing that incidental
3094 viewings of video recordings by specified individuals
3095 are not a violation of certain provisions; providing
3096 construction; requiring the Department of Education to
3097 collect specified information; authorizing the State
3098 Board of Education to adopt rules; amending s.
3099 1004.04, F.S.; removing admissions requirements;
3100 deleting a provision allowing teacher preparation
3101 programs to waive admission requirements for up to 10
3102 percent of the students admitted; amending s. 1006.33,
3103 F.S.; authorizing the department to establish
3104 timeframes for specified purposes relating to
3105 instructional materials for a certain adoption cycle;
3106 amending s. 1007.25, F.S.; requiring postsecondary
3107 students to complete a civic literacy course and pass
3108 a specified assessment to demonstrate competency in
3109 civic literacy; authorizing students to meet the
3110 assessment requirements while in high school; amending
3111 s. 1007.27, F.S.; deleting provisions relating to

450044

3112 student credit hours awarded; amending s. 1007.271,
3113 F.S.; clarifying that secondary students eligible for
3114 dual enrollment programs include students who are
3115 enrolled in home education programs; providing for
3116 exceptions to grade point average requirements
3117 relating to student eligibility; requiring that
3118 exceptions to required grade point averages be
3119 specified in the dual enrollment articulation
3120 agreement; prohibiting postsecondary institutions from
3121 establishing additional initial student academic
3122 eligibility requirements; prohibiting district school
3123 boards and Florida College System institutions from
3124 denying students who have met eligibility requirements
3125 from participating in dual enrollment except under
3126 specified circumstances; revising the date by which
3127 career centers are required to annually complete and
3128 submit specified agreements to the Department of
3129 Education; requiring district school boards to provide
3130 specified information to secondary students and their
3131 parents or legal guardians; prohibiting schools from
3132 enrolling students in dual enrollment courses without
3133 having a specified form signed by students and their
3134 parents or legal guardians on file; deleting a
3135 requirement that the State Board of Education adopt
3136 rules for any dual enrollment programs involving
3137 requirements for high school graduation; revising the
3138 date by which eligible postsecondary institutions are
3139 required to annually complete and submit home
3140 education articulation agreements to the department;

450044

3141 revising requirements for home education students
3142 enrolled in dual enrollment courses; conforming a
3143 provision to changes made by the act; requiring that
3144 instructional materials assigned for use within dual
3145 enrollment courses be made available to dual
3146 enrollment students from public schools, private
3147 schools, and home education programs free of charge;
3148 revising the date by which public postsecondary
3149 institution are required to develop the enrollment
3150 articulation agreement; revising the date by which the
3151 postsecondary institutions are required complete and
3152 submit to the department a dual enrollment
3153 articulation agreement; revising requirements for the
3154 articulation agreement; revising provisions relating
3155 to funding for dual enrollment; providing that certain
3156 independent colleges and universities are eligible for
3157 inclusion in the dual enrollment and early admission
3158 programs; revising the date by which certain district
3159 school boards and Florida College System institutions
3160 are required to annually complete and submit a dual
3161 enrollment articulation agreement to the department;
3162 revising the date by which certain postsecondary
3163 institutions are required to annually complete and
3164 submit a private school articulation agreement to the
3165 department; revising requirements for such agreements;
3166 conforming provisions to changes made by the act;
3167 requiring the Commissioner of Education to annually
3168 report the status of dual enrollment programs to the
3169 Governor and the Legislature by a specified date;

450044

3170 requiring the State Board of Education to adopt
3171 certain rules; amending s. 1007.273, F.S.; changing
3172 the term "collegiate high school program" to "early
3173 college program"; defining the term "early college
3174 program"; requiring early college programs to
3175 prioritize certain courses; deleting requirements
3176 relating to collegiate high school programs; revising
3177 provisions relating to contracts executed between
3178 district school boards and their local Florida College
3179 System institutions to establish early college
3180 programs; revising provisions relating to student
3181 performance contracts for students participating in
3182 early college programs; authorizing charter schools to
3183 execute contracts to establish an early college
3184 program with specified institutions; requiring the
3185 commissioner to annually report the status of early
3186 college programs to the Governor and the Legislature
3187 by a specified date; amending s. 1008.212, F.S.;
3188 conforming provisions to changes made by the act;
3189 amending s. 1008.22, F.S.; deleting obsolete language;
3190 discontinuing a specified English Language Arts
3191 assessment at a specified time; requiring certain
3192 statewide, standardized assessments to be administered
3193 in a paper-based format; requiring school districts to
3194 provide the SAT or ACT to grade 11 students beginning
3195 in a specified school year; requiring school districts
3196 to choose which assessment to administer; providing
3197 that funding for the assessments shall be as provided
3198 by appropriation; deleting specified reporting

450044

3199 requirements; deleting specified requirements for the
3200 date of the administration of specified assessments;
3201 authorizing the commissioner to discontinue the
3202 Geometry end-of-course assessment under certain
3203 circumstances; revising a deadline for the publication
3204 of certain assessments; amending s. 1008.25, F.S.;
3205 revising which assessments a high school must use to
3206 advise students of specified deficiencies; amending
3207 ss. 1008.34 and 1008.3415, F.S.; conforming cross-
3208 references; amending s. 1008.44, F.S.; requiring the
3209 CAPE Industry Certification Funding List to
3210 incorporate by reference the industry certifications
3211 on the career pathways list approved for the Florida
3212 Gold Seal CAPE Scholars award; providing requirements
3213 for industry certifications associated with aviation-
3214 related and aerospace-related occupations; providing
3215 that such certifications are eligible for additional
3216 full-time equivalent membership; providing that the
3217 Commissioner of Education may limit CAPE industry
3218 certification and CAPE Digital Tool certificates to
3219 students in certain grades for a specified purpose;
3220 creating s. 1009.31, F.S.; providing legislative
3221 findings; establishing the Dual Enrollment Scholarship
3222 Program; providing for the administration of the
3223 program; providing for the reimbursement of tuition
3224 and costs to eligible postsecondary institutions
3225 beginning on specified dates; requiring students
3226 participating in dual enrollment programs to meet
3227 minimum eligibility requirements in order for

3228 institutions to receive reimbursements; requiring
3229 participating public institutions to annually report
3230 specified information to the department by certain
3231 dates; providing a reimbursement schedule for tuition
3232 and instructional materials costs; requiring the
3233 department to reimburse institutions by specified
3234 dates; providing that reimbursement for dual
3235 enrollment courses is contingent upon appropriations;
3236 providing for the prorating of reimbursements under
3237 certain circumstances; requiring the State Board of
3238 Education to adopt rules; amending s. 1011.62, F.S.;
3239 changing the calculation of full-time equivalent
3240 student membership for dual enrollment purposes;
3241 deleting a provision relating to certain colleges and
3242 universities eligible for inclusion in the dual
3243 enrollment program; revising the calculation of
3244 certain additional full-time equivalent student
3245 membership relating to funding for the operation of
3246 schools; providing for a calculation of full-time
3247 equivalent student membership for CAPE industry
3248 certifications meeting specified requirements;
3249 deleting a provision relating to the full-time
3250 equivalent student membership calculation for
3251 elementary and middle grades students; providing for a
3252 calculation of full-time equivalent student membership
3253 for aviation-related and aerospace-related occupations
3254 meeting specified criteria authorizing the use of a
3255 specified percentage of certain funds for CAPE program
3256 expenses; limiting the amount of funds that may be

3257 used for administrative costs; prohibiting the use of
3258 CAPE funding to supplant funds provided for basic
3259 operation of the CAPE program; revising the
3260 calculation of the virtual education contribution;
3261 establishing and providing a purpose for the Teacher
3262 Salary Increase Allocation; authorizing funds to be
3263 provided subject to annual appropriation for school
3264 districts to increase the minimum base salary for
3265 certain teachers and instructional personnel;
3266 providing that funds for the allocation shall be based
3267 on each district's share of the base Florida Education
3268 Finance Program allocation; specifying what
3269 constitutes a minimum base salary; conforming
3270 provisions to changes made by the act; amending s.
3271 1011.80, F.S.; revising performance funding for
3272 industry certifications for school district workforce
3273 education programs to provide for Federal Aviation
3274 Administration (FAA) industry certifications; amending
3275 s. 1011.81, F.S.; revising performance funding for
3276 industry certifications for Florida College System
3277 Institutions to provide for FAA industry
3278 certifications; amending s. 1012.34, F.S.; requiring
3279 the Commissioner of Education to annually provide by a
3280 certain date measurements of student learning growth
3281 as measured by a certain formula; amending s.
3282 1012.582, F.S.; requiring continuing education and
3283 inservice training for instructional personnel
3284 teaching students with emotional or behavioral
3285 disabilities; conforming provisions to changes made by

450044

3286 the act; repealing s. 1012.731, F.S., relating to the
3287 Florida Best and Brightest Teacher Program; repealing
3288 s. 1012.732, F.S., relating to the Florida Best and
3289 Brightest Principal Program; amending s. 1013.62, F.S;
3290 requiring state funds and revenue from a certain
3291 millage be used to fund charter school capital outlays
3292 if state funds appropriated in a given fiscal year are
3293 below a certain level; amending s. 1013.64, F.S.;
3294 providing an exception for educational facilities and
3295 or funded solely through local impact fees; amending
3296 s. 1003.4282, F.S.; conforming a provision to changes
3297 made by the act; amending ss. 1003.436 and 1011.71,
3298 F.S.; conforming cross-references; providing effective
3299 dates.

The Committee on Appropriations (Gibson) recommended the following:

Senate Amendment to Amendment (450044) (with title amendment)

Delete lines 2484 - 2503
and insert:

(22) TEACHER SALARY INCREASE ALLOCATION.—The Teacher Salary Increase Allocation is established for the purpose of affording school districts the opportunity to raise the salaries of instructional personnel as defined in s. 1012.01(2) and educational support employees as defined in s. 1012.40(1)(a) in

350858

11 an effort to address challenges with retention and recruitment
12 of such personnel and employees in the state's K-20 education
13 system. To this end, subject to the annual appropriation of
14 funds by the Legislature, beginning with the 2020-2021 state
15 fiscal year and continuing through the 2028-2029 state fiscal
16 year, funds may be provided to each school district. The
17 allocation must be funded at a level sufficient to provide a 4.5
18 percent annual salary increase for all such personnel and
19 employees, plus a cost-of-living adjustment. This subsection may
20 not be construed to abridge the membership of any such personnel
21 or employees in any labor organization or to impact their right
22 to bargain collectively through a labor organization. In
23 providing for the voluntary salary increases, the Legislature
24 does not intend to interfere with the right of school boards to
25 set the wages, hours, and terms and conditions of employment for
26 their employees.

27 (a) Beginning with the 2020-2021 fiscal year, funding
28 sufficient to provide at least the 4.5 percent annual salary
29 increase and the cost-of-living adjustment authorized by this
30 section must be calculated using aggregate data on the payments
31 disbursed to such personnel and employees, as reported by the
32 Department of Education. Subject to s. 6, Art. I of the State
33 Constitution, for each year during which a school district
34 provides the salary increase and the cost-of-living adjustment
35 authorized by this subsection, or when a school district and
36 appropriate bargaining units agree to a salary increase, the
37 school district must receive funds as authorized under this
38 subsection to cover the incremental cost of the increase. Funds
39 provided pursuant to this subsection must be incorporated into

350858

40 the base student allocation for the next fiscal year.

41 (b) Teacher Salary Increase Allocation funds must be
42 distributed through the FEFP.

43 (c) Each district school board, in consultation with each
44 charter school governing board in that district, may provide
45 salary increases for such personnel and employees of charter
46 schools under this subsection if the participating charter
47 school reports salary schedules adopted pursuant to s. 1012.22,
48 documents expenditures related to categorical funds to the
49 department at least 30 days before the start of each legislative
50 session, and agrees to return all funds received under this
51 section if a participating charter school's salary schedules do
52 not reflect that instructional personnel and educational support
53 employees actually received the 4.5 percent raise. A
54 participating charter school that fails to report salary
55 schedules shall return all funds received under this section.

56 (d) The Legislature intends that any financial penalty
57 assessed against a charter school governing board pursuant to
58 paragraph (c) directly impact funding for that charter school
59 and not impact funding for the district school board.

The Committee on Appropriations (Gibson) recommended the following:

1 **Senate Amendment to Amendment (450044) (with title**
2 **amendment)**

3
4 Between lines 2817 and 2818
5 insert:

6 (c) A charter school additionally is not eligible for a
7 funding allocation unless the chair of the governing board and
8 the chief administrative officer of the charter school annually
9 certify under oath that the funds will be used solely and
10 exclusively for constructing, renovating, leasing, purchasing,

297970

11 financing, or improving charter school facilities that are:
12 1. Owned by a school district, a political subdivision of
13 the state, a municipality, a Florida College System institution,
14 or a state university; or
15 2. Owned by an organization, qualified as an exempt
16 organization under s. 501(c) (3) of the Internal Revenue Code, or
17 owned by a tax support organization under s. 509 of the Internal
18 Revenue Code, whose articles of incorporation specify that upon
19 the organization's dissolution, the subject property, subject to
20 any indebtedness secured thereby and the satisfaction of the
21 organization's other debts, will be transferred as indicated in
22 the articles of incorporation to:
23 a. Another such exempt organization, including one
24 organized for educational purposes.
25 b. A school district or other political subdivision of the
26 state.
27 c. A municipality.
28 d. A Florida College System institution.
29 e. A state university; or
30 3. Owned by and leased from, at a fair market value, a
31 person or an entity that is not an affiliated party of the
32 charter school. For purposes of this subparagraph, the term
33 "affiliated party of the charter school" means the applicant for
34 the charter school pursuant to s. 1002.33; the governing board
35 of the charter school or a member of the governing board; the
36 charter school principal; an individual employed by the charter
37 school; or a relative, as defined in s. 1002.33(24)(a)2., of a
38 charter school governing board member, a charter school
39 principal, or a charter school employee.

1 **Senate Amendment to Amendment (450044) (with directory and**
2 **title amendments)**

3
4 Between lines 2724 and 2725
5 insert:

6 (c) The Legislature intends that the public interest be
7 protected by preventing the financial enrichment of owners,
8 operators, managers, and other affiliated parties of charter
9 schools receiving capital outlay funding. Therefore, a charter
10 school additionally is not eligible for a funding allocation

193984

11 unless the chair of the governing board and the chief
12 administrative officer of the charter school annually certify
13 under oath that the funds will be used solely and exclusively
14 for constructing, renovating, or improving charter school
15 facilities that are:

16 1. Owned by a school district, a political subdivision of
17 the state, a municipality, a Florida College System institution,
18 or a state university;

19 2. Owned by an organization qualified as an exempt
20 organization under s. 501(c)(3) of the Internal Revenue Code
21 whose articles of incorporation specify that upon the
22 organization's dissolution, the subject property will be
23 transferred to a school district, a political subdivision of the
24 state, a municipality, a Florida College System institution, or
25 a state university; or

26 3. Owned by and leased from, at a fair market value in the
27 school district in which the charter school is located, a person
28 or entity that is not an affiliated party of the charter school.
29 For purposes of this subparagraph, the term "affiliated party of
30 the charter school" means the applicant for the charter school
31 pursuant to s. 1002.33; the governing board of the charter
32 school or a member of the governing board; the charter school
33 owner; the charter school principal; an employee of the charter
34 school; an independent contractor of the charter school or the
35 governing board of the charter school; or a relative, as defined
36 in s. 1002.33(24)(a)2., of a charter school governing board
37 member, a charter school owner, a charter school principal, a
38 charter school employee, or an independent contractor of a
39 charter school or charter school governing board; a subsidiary

40 corporation, a service corporation, an affiliated corporation, a
41 parent corporation, a limited liability company, a limited
42 partnership, a trust, a partnership, or a related party that,
43 individually or through one or more entities, shares common
44 ownership or control and directly or indirectly manages,
45 administers, controls, or oversees the operation of the charter
46 school; or any person or entity, individually or through one or
47 more entities that share common ownership, which directly or
48 indirectly manages, administers, controls, or oversees the
49 operation of any of the foregoing.

Senate Amendment (with title amendment)

Between lines 208 and 209

insert:

Section 2. Subsections (7) and (8) of section 1007.27, Florida Statutes, are amended to read:

1007.27 Articulated acceleration mechanisms.—

(7) The International Baccalaureate Program shall be the curriculum in which eligible secondary students are enrolled in a program of studies offered through the International

456504

11 Baccalaureate Program administered by the International
12 Baccalaureate Office. The State Board of Education and the Board
13 of Governors shall specify in the statewide articulation
14 agreement required by s. 1007.23(1) the cutoff scores and
15 International Baccalaureate Examinations which will be used to
16 grant postsecondary credit at Florida College System
17 institutions and universities. Any changes to the articulation
18 agreement, which have the effect of raising the required cutoff
19 score or of changing the International Baccalaureate
20 Examinations which will be used to grant postsecondary credit,
21 shall only apply to students taking International Baccalaureate
22 Examinations after such changes are adopted by the State Board
23 of Education and the Board of Governors. ~~Students shall be~~
24 ~~awarded a maximum of 30 semester credit hours pursuant to this~~
25 ~~subsection.~~ The specific course for which a student may receive
26 such credit shall be specified in the statewide articulation
27 agreement required by s. 1007.23(1). Students enrolled pursuant
28 to this subsection shall be exempt from the payment of any fees
29 for administration of the examinations regardless of whether or
30 not the student achieves a passing score on the examination.

31 (8) The Advanced International Certificate of Education
32 Program and the International General Certificate of Secondary
33 Education (pre-AICE) Program shall be the curricula in which
34 eligible secondary students are enrolled in programs of study
35 offered through the Advanced International Certificate of
36 Education Program or the International General Certificate of
37 Secondary Education (pre-AICE) Program administered by the
38 University of Cambridge Local Examinations Syndicate. The State
39 Board of Education and the Board of Governors shall specify in

456504

40 the statewide articulation agreement required by s. 1007.23(1)
41 the cutoff scores and Advanced International Certificate of
42 Education examinations which will be used to grant postsecondary
43 credit at Florida College System institutions and universities.
44 Any changes to the cutoff scores, which changes have the effect
45 of raising the required cutoff score or of changing the Advanced
46 International Certification of Education examinations which will
47 be used to grant postsecondary credit, shall apply to students
48 taking Advanced International Certificate of Education
49 examinations after such changes are adopted by the State Board
50 of Education and the Board of Governors. ~~Students shall be
51 awarded a maximum of 30 semester credit hours pursuant to this
52 subsection.~~ The specific course for which a student may receive
53 such credit shall be determined by the Florida College System
54 institution or university that accepts the student for
55 admission. Students enrolled in either program of study pursuant
56 to this subsection shall be exempt from the payment of any fees
57 for administration of the examinations regardless of whether the
58 student achieves a passing score on the examination.

Senate Amendment

Delete lines 862 - 924

and insert:

1009.31 Dual Enrollment Scholarship Program.-

(1) The Legislature finds and declares that dual enrollment is an integral part of the education system in this state and should be available for all eligible secondary students without cost to the student. There is established the Dual Enrollment Scholarship Program to support public postsecondary institutions

145152

11 in providing dual enrollment.

12 (2) The department shall administer the Dual Enrollment
13 Scholarship Program in accordance with rules of the State Board
14 of Education.

15 (3) (a) Beginning in the 2020 fall term, the program shall
16 reimburse eligible public postsecondary institutions for tuition
17 and related instructional materials costs for dual enrollment
18 courses taken by private school or home education program
19 secondary students during the fall or spring terms.

20 (b) Beginning in the 2021 summer term, the program shall
21 reimburse eligible public postsecondary institutions for tuition
22 and related instructional materials costs for dual enrollment
23 courses taken by public school, private school, or home
24 education program secondary students during the summer term.

25 (4) A student participating in a dual enrollment program
26 must meet the minimum eligibility requirements specified in s.
27 1007.271 in order for the institution to receive a
28 reimbursement.

29 (5) Annually, by March 15, each participating public
30 institution must report to the department its eligible secondary
31 students from private schools or home education programs who
32 were enrolled during the previous fall or spring terms.

33 Annually, by July 15, each participating institution must report
34 to the department its eligible public school, private school, or
35 home education program students who were enrolled during the
36 summer term. For each dual enrollment course in which the
37 student is enrolled, the report must include a unique student
38 identifier, the postsecondary institution name, the
39 postsecondary course number, the postsecondary course name, and

145152

40 the number of postsecondary course credits earned by the
41 student.

42 (6) (a) Florida College System institutions shall be
43 reimbursed for college credit instruction at the in-state
44 resident tuition rate established in s. 1009.23(3) (a).

45 (b) State universities shall be reimbursed at the standard
46 tuition rate established in s. 1009.24(4) (a).

47 (c) Workforce education instruction leading to a career
48 certificate or an applied technology diploma shall be reimbursed
49 at the standard tuition rate established in s. 1009.22(3) (c).

50 (d) Institutions shall be reimbursed for instructional
51 materials costs based on a rate as specified in the General
52 Appropriations Act.

53 (7) For dual enrollment courses taken during the fall and
54 spring terms, the department must reimburse institutions by
55 April 15 of the same year. For dual enrollment courses taken
56 during the summer term, the department must reimburse
57 institutions by August 15 of the same year, before the beginning
58 of the next academic year.

59 (8) Reimbursement for dual enrollment courses is contingent
60 upon an appropriation in the General Appropriations Act each
61 year. If the statewide reimbursement amount is greater than the
62 appropriation, the institutional reimbursement amounts specified
63 in subsection (6) shall be prorated among the institutions that
64 have reported eligible students to the department by the
65 deadlines specified in subsection (5).

66 (9) The State Board of Education shall adopt rules to
67 implement this section.

The Committee on Appropriations (Gibson) recommended the following:

Senate Amendment (with title amendment)

Delete lines 1186 - 1207

and insert:

(22) TEACHER SALARY INCREASE ALLOCATION.—The Teacher Salary Increase Allocation is established for the purpose of affording school districts the opportunity to raise the salaries of instructional personnel as defined in s. 1012.01(2) and educational support employees as defined in s. 1012.40(1)(a) in an effort to address challenges with retention and recruitment

277394

11 of instructional personnel and educational support employees in
12 the state's K-20 education system. Subject to annual
13 appropriation, beginning with the 2020-2021 state fiscal year
14 and continuing through the 2028-2029 state fiscal year, funds
15 may be provided to each school district to increase the minimum
16 base salary of such instructional personnel as defined in s.
17 1012.01(2) and educational support employees as defined in s.
18 1012.40(1)(a) to address challenges with retention and
19 recruitment of instructional personnel and educational support
20 employees in the state's K-20 education system. The allocation
21 must be funded at a level sufficient to provide a 4.5 percent
22 annual salary increase for all instructional personnel and
23 educational support employees, plus a cost-of-living adjustment,
24 beginning with the 2020-2021 fiscal year and continuing through
25 the 2028-2029 fiscal year. This section may not be construed to
26 abridge the membership of any such instructional personnel or
27 educational support employees in any labor organization or to
28 impact the right of such instructional personnel and educational
29 support employees to bargain collectively through a labor
30 organization, and the voluntary salary increases provided under
31 this section may not be construed to interfere with the right of
32 school boards to set the wages, hours, and terms and conditions
33 of employment for all school board employees.

34 (a) Beginning with the 2020-2021 fiscal year, funding
35 sufficient to provide at least the 4.5 percent annual salary
36 increase and the cost-of-living adjustment authorized by this
37 section must be calculated using aggregate data on the payments
38 disbursed to such instructional personnel and educational
39 support employees, as reported by the Department of Education.

277394

40 Subject to s. 6, Art. I of the State Constitution, for each year
41 during which a school district provides the salary increase and
42 the cost-of-living adjustment authorized by this subsection, or
43 when a school district and appropriate bargaining units agree to
44 a salary increase, the school district must receive funds as
45 authorized under this section to cover the incremental cost of
46 the raise. Funds provided pursuant to this subsection must be
47 incorporated into the base student allocation for the subsequent
48 fiscal year.

49 (b) Teacher Salary Increase Allocation funds must be
50 distributed through the FEFP.

51 (c) Each district school board, in consultation with each
52 charter school governing board in that district, may provide
53 salary increases for charter school instructional personnel and
54 educational support employees under this section if the
55 participating charter school reports salary schedules adopted
56 pursuant to s. 1012.22, documents expenditures related to
57 categorical funds to the department at least 30 days before the
58 start of each legislative session, and agrees to return all
59 funds received under this section if a participating charter
60 school's salary schedules do not reflect that instructional
61 personnel and educational support employees actually received
62 the 4.5 percent raise. A participating charter school that fails
63 to report salary schedules shall return all funds received under
64 this section.

65 (d) The Legislature intends that any financial penalty
66 assessed against a charter school governing board pursuant to
67 paragraph (c) directly impact funding for that charter school
68 and do not impact funding for the district school board.

145 act; amending s. 1003.436, F.S.; conforming a cross-
146 reference; providing an effective date.
147

148 Be It Enacted by the Legislature of the State of Florida:
149

150 Section 1. Subsection (6) of section 212.055, Florida
151 Statutes, is amended to read:

152 212.055 Discretionary sales surtaxes; legislative intent;
153 authorization and use of proceeds.—It is the legislative intent
154 that any authorization for imposition of a discretionary sales
155 surtax shall be published in the Florida Statutes as a
156 subsection of this section, irrespective of the duration of the
157 levy. Each enactment shall specify the types of counties
158 authorized to levy; the rate or rates which may be imposed; the
159 maximum length of time the surtax may be imposed, if any; the
160 procedure which must be followed to secure voter approval, if
161 required; the purpose for which the proceeds may be expended;
162 and such other requirements as the Legislature may provide.
163 Taxable transactions and administrative procedures shall be as
164 provided in s. 212.054.

165 (6) SCHOOL CAPITAL OUTLAY SURTAX.—

166 (a) The school board in each county may levy, pursuant to
167 resolution conditioned to take effect only upon approval by a
168 majority vote of the electors of the county voting in a
169 referendum, a discretionary sales surtax at a rate that may not
170 exceed 0.5 percent.

171 (b) The resolution must ~~shall~~ include a statement that
172 provides a brief and general description of the school capital

545546

576-02853-20

229 school before the scheduled completion date of a postsecondary
230 course, the student may not register for that course through
231 dual enrollment. The student may apply to the postsecondary
232 institution and pay the required registration, tuition, and fees
233 if the student meets the postsecondary institution's admissions
234 requirements under s. 1007.263. Instructional time for dual
235 enrollment may vary from 900 hours; however, the full-time
236 equivalent student membership value shall be subject to the
237 provisions in s. 1011.61(4). A student enrolled as a dual
238 enrollment student is exempt from the payment of registration,
239 tuition, and laboratory fees. Applied academics for adult
240 education instruction, developmental education, and other forms
241 of precollegiate instruction, as well as physical education
242 courses that focus on the physical execution of a skill rather
243 than the intellectual attributes of the activity, are ineligible
244 for inclusion in the dual enrollment program. Recreation and
245 leisure studies courses shall be evaluated individually in the
246 same manner as physical education courses for potential
247 inclusion in the program.

248 (3) ~~Student eligibility requirements~~ For initial enrollment
249 in college credit dual enrollment courses, a student must
250 ~~achieve~~ include a 3.0 unweighted high school grade point average
251 and the minimum score on a common placement test adopted by the
252 State Board of Education which indicates that the student is
253 ready for college-level coursework. ~~Student eligibility~~
254 ~~requirements~~ For continued enrollment in college credit dual
255 enrollment courses, a student must maintain a minimum ~~must~~
256 ~~include the maintenance~~ of a 3.0 unweighted high school grade
257 point average and the minimum postsecondary grade point average

545546

576-02853-20

258 established by the postsecondary institution. Regardless of
259 meeting student eligibility requirements for continued
260 enrollment, a student may lose the opportunity to participate in
261 a dual enrollment course if the student is disruptive to the
262 learning process such that the progress of other students or the
263 efficient administration of the course is hindered. Student
264 eligibility requirements for initial and continued enrollment in
265 career certificate dual enrollment courses must include a 2.0
266 unweighted high school grade point average. An exception
267 ~~Exceptions~~ to the required grade point average for career
268 certificate dual enrollment averages may be granted on an
269 individual student basis. An exception to the required grade
270 point average for college credit dual enrollment may be granted
271 for students who achieve higher scores than the established
272 minimum on the common placement test adopted by the State Board
273 of Education. Any exception to the required grade point average
274 must be specified in ~~if the educational entities agree and the~~
275 ~~terms of the agreement are contained within~~ the dual enrollment
276 articulation agreement established pursuant to subsection (21).
277 A postsecondary institution ~~Florida College System institution~~
278 ~~boards of trustees~~ may not establish additional initial student
279 academic eligibility requirements, ~~which shall be included in~~
280 ~~the dual enrollment articulation agreement, to ensure student~~
281 ~~readiness for postsecondary instruction. Additional requirements~~
282 ~~included in the agreement may not arbitrarily prohibit students~~
283 ~~who have demonstrated the ability to master advanced courses~~
284 ~~from participating in dual enrollment courses or limit the~~
285 ~~number of dual enrollment courses in which a student may enroll~~
286 ~~based solely upon enrollment by the student at an independent~~

545546

576-02853-20

287 ~~postsecondary institution.~~

288 (4) District school boards may not refuse to enter into a
289 dual enrollment articulation agreement with a local Florida
290 College System institution if that Florida College System
291 institution has the capacity to offer dual enrollment courses.

292 (5) A district school board or Florida College System
293 institution may not deny a student who has met the state
294 eligibility requirements from participating in dual enrollment
295 unless the institution documents that it does not have the
296 capacity to accommodate all eligible students seeking to
297 participate in the dual enrollment program. If the institution
298 documents that it does not have the capacity to accommodate all
299 eligible students, participation must be based on a first-come,
300 first-served basis.

301 (6)(5)(a) Each faculty member providing instruction in
302 college credit dual enrollment courses must:

303 1. Meet the qualifications required by the entity
304 accrediting the postsecondary institution offering the course.
305 The qualifications apply to all faculty members regardless of
306 the location of instruction. The postsecondary institution
307 offering the course must require compliance with these
308 qualifications.

309 2. Provide the institution offering the dual enrollment
310 course a copy of his or her postsecondary transcript.

311 3. Provide a copy of the current syllabus for each course
312 taught to the discipline chair or department chair of the
313 postsecondary institution before the start of each term. The
314 content of each syllabus must meet the same standards required
315 for all college-level courses offered by that postsecondary

545546

576-02853-20

316 institution.

317 4. Adhere to the professional rules, guidelines, and
318 expectations stated in the postsecondary institution's faculty
319 or adjunct faculty handbook. Any exceptions must be included in
320 the dual enrollment articulation agreement.

321 5. Adhere to the rules, guidelines, and expectations stated
322 in the postsecondary institution's student handbook which apply
323 to faculty members. Any exceptions must be noted in the dual
324 enrollment articulation agreement.

325 (b) Each president, or designee, of a postsecondary
326 institution offering a college credit dual enrollment course
327 must:

328 1. Provide a copy of the institution's current faculty or
329 adjunct faculty handbook to all faculty members teaching a dual
330 enrollment course.

331 2. Provide to all faculty members teaching a dual
332 enrollment course a copy of the institution's current student
333 handbook, which may include, but is not limited to, information
334 on registration policies, the student code of conduct, grading
335 policies, and critical dates.

336 3. Designate an individual or individuals to observe all
337 faculty members teaching a dual enrollment course, regardless of
338 the location of instruction.

339 4. Use the same criteria to evaluate faculty members
340 teaching a dual enrollment course as the criteria used to
341 evaluate all other faculty members.

342 5. Provide course plans and objectives to all faculty
343 members teaching a dual enrollment course.

344 (7)(6) The following curriculum standards apply to college

576-02853-20

345 credit dual enrollment:

346 (a) Dual enrollment courses taught on the high school
347 campus must meet the same competencies required for courses
348 taught on the postsecondary institution campus. To ensure
349 equivalent rigor with courses taught on the postsecondary
350 institution campus, the postsecondary institution offering the
351 course is responsible for providing in a timely manner a
352 comprehensive, cumulative end-of-course assessment or a series
353 of assessments of all expected learning outcomes to the faculty
354 member teaching the course. Completed, scored assessments must
355 be returned to the postsecondary institution and held for 1
356 year.

357 (b) Instructional materials used in dual enrollment courses
358 must be the same as or comparable to those used in courses
359 offered by the postsecondary institution with the same course
360 prefix and number. The postsecondary institution must advise the
361 school district of instructional materials requirements as soon
362 as that information becomes available but no later than one term
363 before a course is offered.

364 (c) Course requirements, such as tests, papers, or other
365 assignments, for dual enrollment students must be at the same
366 level of rigor or depth as those for all nondual enrollment
367 postsecondary students. All faculty members teaching dual
368 enrollment courses must observe the procedures and deadlines of
369 the postsecondary institution for the submission of grades. A
370 postsecondary institution must advise each faculty member
371 teaching a dual enrollment course of the institution's grading
372 guidelines before the faculty member begins teaching the course.

373 (d) Dual enrollment courses taught on a high school campus

576-02853-20

374 may not be combined with any noncollege credit high school
375 course.

376 ~~(8)(7)~~ Career dual enrollment shall be provided as a
377 curricular option for secondary students to pursue in order to
378 earn industry certifications adopted pursuant to s. 1008.44,
379 which count as credits toward the high school diploma. Career
380 dual enrollment shall be available for secondary students
381 seeking a degree and industry certification through a career
382 education program or course. Each career center established
383 under s. 1001.44 shall enter into an agreement with each high
384 school in any school district it serves. Beginning with the
385 2019-2020 school year, the agreement must be completed annually
386 and submitted by the career center to the Department of
387 Education by October ~~August~~ 1. The agreement must:

388 (a) Identify the courses and programs that are available to
389 students through career dual enrollment and the clock hour
390 credits that students will earn upon completion of each course
391 and program.

392 (b) Delineate the high school credit earned for the
393 completion of each career dual enrollment course.

394 (c) Identify any college credit articulation agreements
395 associated with each clock hour program.

396 (d) Describe how students and their parents or legal
397 guardians will be informed of career dual enrollment
398 opportunities and related workforce demand, how students can
399 apply to participate in a career dual enrollment program and
400 register for courses through his or her high school, and the
401 postsecondary career education expectations for participating
402 students.

545546

576-02853-20

403 (e) Establish any additional eligibility requirements for
404 participation and a process for determining eligibility and
405 monitoring the progress of participating students.

406 (f) Delineate costs incurred by each entity and determine
407 how transportation will be provided for students who are unable
408 to provide their own transportation.

409 ~~(9)~~ Each district school board shall inform all
410 secondary students and their parents or legal guardians of dual
411 enrollment as an educational option and mechanism for
412 acceleration. Students and their parents or legal guardians
413 shall be informed of student eligibility requirements, the
414 option for taking dual enrollment courses beyond the regular
415 school year, and the minimum academic credits required for
416 graduation. In addition, students and their parents or legal
417 guardians shall be informed that dual enrollment course grades
418 are included in the student's college grade point average,
419 become a part of the student's permanent academic record, and
420 may affect the student's future financial aid eligibility. A
421 school may not enroll a student in a dual enrollment course
422 without an acknowledgment form on file, which must be signed by
423 both the student and the student's parent or legal guardian,
424 indicating they have been informed of the dual enrollment
425 educational option and its provisions. District school boards
426 shall annually assess the demand for dual enrollment and provide
427 that information to each partnering postsecondary institution.
428 Alternative grade calculation, weighting systems, and
429 information regarding student education options that
430 discriminate against dual enrollment courses are prohibited.

431 ~~(10)~~(9) The Commissioner of Education shall appoint faculty

545546

576-02853-20

432 committees representing public school, Florida College System
433 institution, and university faculties to identify postsecondary
434 courses that meet the high school graduation requirements of s.
435 1003.4282 and to establish the number of postsecondary semester
436 credit hours of instruction and equivalent high school credits
437 earned through dual enrollment pursuant to this section that are
438 necessary to meet high school graduation requirements. Such
439 equivalencies shall be determined solely on comparable course
440 content and not on seat time traditionally allocated to such
441 courses in high school. The Commissioner of Education shall
442 recommend to the State Board of Education those postsecondary
443 courses identified to meet high school graduation requirements,
444 based on mastery of course outcomes, by their course numbers,
445 and all high schools shall accept these postsecondary education
446 courses toward meeting the requirements of s. 1003.4282.

447 ~~(11)~~(10) Early admission is a form of dual enrollment
448 through which eligible secondary students enroll in a
449 postsecondary institution on a full-time basis in courses that
450 are creditable toward the high school diploma and the associate
451 or baccalaureate degree. A student must enroll in a minimum of
452 12 college credit hours per semester or the equivalent to
453 participate in the early admission program; however, a student
454 may not be required to enroll in more than 15 college credit
455 hours per semester or the equivalent. Students enrolled pursuant
456 to this subsection are exempt from the payment of registration,
457 tuition, and laboratory fees.

458 ~~(12)~~(11) Career early admission is a form of career dual
459 enrollment through which eligible secondary students enroll full
460 time in a career center or a Florida College System institution

576-02853-20

461 in postsecondary programs leading to industry certifications, as
462 listed in the CAPE Postsecondary Industry Certification Funding
463 List pursuant to s. 1008.44, which are creditable toward the
464 high school diploma and the certificate or associate degree.
465 Participation in the career early admission program is limited
466 to students who have completed a minimum of 4 semesters of full-
467 time secondary enrollment, including studies undertaken in the
468 ninth grade. Students enrolled pursuant to this section are
469 exempt from the payment of registration, tuition, and laboratory
470 fees.

471 ~~(12) The State Board of Education shall adopt rules for any~~
472 ~~dual enrollment programs involving requirements for high school~~
473 ~~graduation.~~

474 (13) (a) The dual enrollment program for a home education
475 student, including, but not limited to, students with
476 disabilities, consists of the enrollment of an eligible home
477 education secondary student in a postsecondary course creditable
478 toward an associate degree, a career certificate, or a
479 baccalaureate degree. To participate in the dual enrollment
480 program, an eligible home education secondary student must:

- 481 1. Provide proof of enrollment in a home education program
482 pursuant to s. 1002.41.
- 483 2. Be responsible for his or her own transportation unless
484 provided for in the articulation agreement.
- 485 3. Sign a home education articulation agreement pursuant to
486 paragraph (b).

487 (b) Each public postsecondary institution eligible to
488 participate in the dual enrollment program pursuant to s.
489 1011.62(1)(i) must enter into a home education articulation

576-02853-20

490 agreement with each home education student seeking enrollment in
491 a dual enrollment course and the student's parent or legal
492 guardian. By ~~October~~ August 1 of each year, the eligible
493 postsecondary institution shall complete and submit the home
494 education articulation agreement to the Department of Education.
495 The home education articulation agreement must include, at a
496 minimum:

497 1. A delineation of courses and programs available to
498 dually enrolled home education students. Courses and programs
499 may be added, revised, or deleted at any time by the
500 postsecondary institution. Any course or program limitations may
501 not exceed the limitations for other dually enrolled students.

502 2. The initial and continued eligibility requirements for
503 home education student participation, not to exceed those
504 required of other dually enrolled students. A home education
505 student must meet the same minimum score requirement on a common
506 placement test which is required of other dually enrolled
507 students. A high school grade point average may not be required
508 for home education students ~~who meet the minimum score on a~~
509 ~~common placement test adopted by the State Board of Education~~
510 ~~which indicates that the student is ready for college-level~~
511 ~~coursework~~; however, home education student eligibility
512 requirements for continued enrollment in dual enrollment courses
513 must include the maintenance of the minimum postsecondary grade
514 point average established by the postsecondary institution for
515 other dually enrolled students.

516 3. The student's responsibilities for providing his or her
517 own transportation.

518 4. A copy of the statement on transfer guarantees developed

576-02853-20

519 by the Department of Education under subsection (15).

520 (14) The Department of Education shall approve any course
521 for inclusion in the dual enrollment program that is contained
522 within the statewide course numbering system. However,
523 developmental education and physical education and other courses
524 that focus on the physical execution of a skill rather than the
525 intellectual attributes of the activity, may not be so approved
526 but must be evaluated individually for potential inclusion in
527 the dual enrollment program. This subsection may not be
528 construed to mean that an independent postsecondary institution
529 eligible for inclusion in a dual enrollment or early admission
530 program pursuant to subsection (23) s. 1011.62 must participate
531 in the statewide course numbering system developed pursuant to
532 s. 1007.24 to participate in a dual enrollment program.

533 (15) The Department of Education shall develop a statement
534 on transfer guarantees to inform students and their parents or
535 legal guardians, prior to enrollment in a dual enrollment
536 course, of the potential for the dual enrollment course to
537 articulate as an elective or a general education course into a
538 postsecondary education certificate or degree program. The
539 statement shall be provided to each district school
540 superintendent, who shall include the statement in the
541 information provided to all secondary students and their parents
542 or legal guardians as required pursuant to this subsection. The
543 statement may also include additional information, including,
544 but not limited to, dual enrollment options, guarantees,
545 privileges, and responsibilities.

546 (16) Students who meet the eligibility requirements of this
547 section and who choose to participate in dual enrollment

576-02853-20

548 programs are exempt from the payment of registration, tuition,
549 and laboratory fees.

550 (17) Instructional materials assigned for use within dual
551 enrollment courses shall be made available to dual enrollment
552 students from Florida public ~~high schools, private schools, and~~
553 home education programs free of charge. ~~This subsection does not~~
554 ~~prohibit a Florida College System institution from providing~~
555 ~~instructional materials at no cost to a home education student~~
556 ~~or student from a private school.~~ Instructional materials
557 purchased by a district school board or Florida College System
558 institution board of trustees on behalf of dual enrollment
559 students shall be the property of the board against which the
560 purchase is charged.

561 (18) School districts and Florida College System
562 institutions must weigh dual enrollment courses the same as
563 advanced placement, International Baccalaureate, and Advanced
564 International Certificate of Education courses when grade point
565 averages are calculated. Alternative grade calculation systems,
566 alternative grade weighting systems, and information regarding
567 student education options that discriminate against dual
568 enrollment courses are prohibited.

569 (19) The Commissioner of Education may approve dual
570 enrollment agreements for limited course offerings that have
571 statewide appeal. Such programs shall be limited to a single
572 site with multiple county participation.

573 (20) A postsecondary institution shall assign letter grades
574 to each student enrolled in a dual enrollment course. The letter
575 grade assigned by the postsecondary institution shall be posted
576 to the student's high school transcript by the school district.

545546

576-02853-20

577 (21) Each district school superintendent and each public
578 postsecondary institution president shall develop a
579 comprehensive dual enrollment articulation agreement for the
580 respective school district and postsecondary institution. The
581 superintendent and president shall establish an articulation
582 committee for the purpose of developing the agreement. Each
583 state university president may designate a university
584 representative to participate in the development of a dual
585 enrollment articulation agreement. A dual enrollment
586 articulation agreement shall be completed and submitted annually
587 by the postsecondary institution to the Department of Education
588 on or before ~~October~~ ~~August~~ 1. The agreement must include, but
589 is not limited to:

590 (a) A ratification or modification of all existing
591 articulation agreements.

592 (b) A description of the process by which students and
593 their parents are informed about opportunities for student
594 participation in the dual enrollment program.

595 (c) A delineation of courses and programs available to
596 students eligible to participate in dual enrollment.

597 (d) A description of the process by which students and
598 their parents exercise options to participate in the dual
599 enrollment program.

600 (e) The agreed-upon common placement test scores and
601 corresponding grade point average that may be accepted for
602 initial student eligibility if an exception to the minimum grade
603 point average is authorized pursuant to subsection (3) A list of
604 any additional initial student eligibility requirements for
605 participation in the dual enrollment program.

545546

576-02853-20

606 (f) A delineation of the high school credit earned for the
607 passage of each dual enrollment course.

608 (g) A description of the process for informing students and
609 their parents of college-level course expectations.

610 (h) The policies and procedures, if any, for determining
611 exceptions to the required grade point averages on an individual
612 student basis.

613 (i) The registration policies for dual enrollment courses
614 as determined by the postsecondary institution.

615 (j) Exceptions, if any, to the professional rules,
616 guidelines, and expectations stated in the faculty or adjunct
617 faculty handbook for the postsecondary institution.

618 (k) Exceptions, if any, to the rules, guidelines, and
619 expectations stated in the student handbook of the postsecondary
620 institution which apply to faculty members.

621 (l) The responsibilities of the school district regarding
622 the determination of student eligibility before participating in
623 the dual enrollment program and the monitoring of student
624 performance while participating in the dual enrollment program.

625 (m) The responsibilities of the postsecondary institution
626 regarding the transmission of student grades in dual enrollment
627 courses to the school district.

628 (n) A funding provision that delineates costs incurred by
629 each entity.

630 1. School districts shall pay public postsecondary
631 institutions the in-state resident standard tuition rate per
632 credit hour from funds provided in the Florida Education Finance
633 Program when dual enrollment course instruction takes place on
634 the postsecondary institution's campus and the course is taken

545546

576-02853-20

635 during the fall or spring term. When dual enrollment is provided
636 on the high school site by postsecondary institution faculty,
637 the school district shall reimburse the costs associated with
638 the postsecondary institution's proportion of salary and
639 benefits to provide the instruction. When dual enrollment course
640 instruction is provided on the high school site by school
641 district faculty, the school district is not responsible for
642 payment to the postsecondary institution. A postsecondary
643 institution may enter into an agreement with the school district
644 to authorize teachers to teach dual enrollment courses at the
645 high school site or the postsecondary institution. A school
646 district may not deny a student access to dual enrollment unless
647 the student is ineligible to participate in the program subject
648 to provisions specifically outlined in this section.

649 2. Subject to annual appropriation in the General
650 Appropriations Act, a public postsecondary institution shall
651 receive an amount of funding equivalent to the standard tuition
652 rate per credit hour for each dual enrollment course taken by a
653 private school or home education student at the postsecondary
654 institution during the fall and spring terms, pursuant to s.
655 1009.31.

656 ~~3.2-~~ Subject to annual appropriation in the General
657 Appropriations Act, a public postsecondary institution shall
658 receive an amount of funding equivalent to the standard tuition
659 rate per credit hour for each dual enrollment course taken by a
660 student during the summer term, pursuant to s. 1009.31.

661 (o) Any institutional responsibilities for student
662 transportation, if provided.

663 (22) The Department of Education shall develop an

545546

576-02853-20

664 electronic submission system for dual enrollment articulation
665 agreements and shall review, for compliance, each dual
666 enrollment articulation agreement submitted pursuant to
667 subsections (13), (21), and (24). The Commissioner of Education
668 shall notify the district school superintendent and the Florida
669 College System institution president if the dual enrollment
670 articulation agreement does not comply with statutory
671 requirements and shall submit any dual enrollment articulation
672 agreement with unresolved issues of noncompliance to the State
673 Board of Education.

674 (23) District school boards and Florida College System
675 institutions may enter into additional dual enrollment
676 articulation agreements with state universities for the purposes
677 of this section. School districts may also enter into dual
678 enrollment articulation agreements with eligible independent
679 colleges and universities pursuant to s. 1011.62(1)(i). An
680 independent college or university that is not for profit, is
681 accredited by a regional or national accrediting agency
682 recognized by the United States Department of Education, and
683 confers degrees as defined in s. 1005.02 shall be eligible for
684 inclusion in the dual enrollment or early admission program. By
685 ~~October~~ August 1 of each year, the district school board and the
686 Florida College System institution shall complete and submit the
687 dual enrollment articulation agreement with the state university
688 or an eligible independent college or university, as applicable,
689 to the Department of Education.

690 (24) (a) The dual enrollment program for a private school
691 student consists of the enrollment of an eligible private school
692 student in a postsecondary course creditable toward an associate

576-02853-20

693 degree, a career certificate, or a baccalaureate degree. In
694 addition, a private school in which a student, including, but
695 not limited to, students with disabilities, is enrolled must
696 award credit toward high school completion for the postsecondary
697 course under the dual enrollment program. To participate in the
698 dual enrollment program, an eligible private school student
699 must:

700 1. Provide proof of enrollment in a private school pursuant
701 to subsection (2).

702 2. Be responsible for his or her own ~~instructional~~
703 ~~materials and~~ transportation unless provided for in the
704 articulation agreement.

705 3. Sign a private school articulation agreement pursuant to
706 paragraph (b).

707 (b) Each public postsecondary institution eligible to
708 participate in the dual enrollment program pursuant to s.
709 1011.62(1)(i) must enter into a private school articulation
710 agreement with each eligible private school in its geographic
711 service area seeking to offer dual enrollment courses to its
712 students, including, but not limited to, students with
713 disabilities. By ~~October~~ August 1 of each year, the eligible
714 postsecondary institution shall complete and submit the private
715 school articulation agreement to the Department of Education.
716 The private school articulation agreement must include, at a
717 minimum:

718 1. A delineation of courses and programs available to the
719 private school student. The postsecondary institution may add,
720 revise, or delete courses and programs at any time.

721 2. The initial and continued eligibility requirements for

576-02853-20

722 private school student participation, not to exceed those
723 required of other dual enrollment students.

724 3. The student's responsibilities for providing his or her
725 own ~~instructional materials and~~ transportation.

726 4. A provision clarifying that the private school will
727 award appropriate credit toward high school completion for the
728 postsecondary course under the dual enrollment program.

729 5. A provision expressing that the private school of
730 enrollment is exempt from the payment of costs associated with
731 tuition and fees, including registration, and laboratory fees,
732 will not be passed along to the student.

733 (25) For students with disabilities, a postsecondary
734 institution eligible to participate in dual enrollment pursuant
735 to s. 1011.62(1)(i) shall include in its dual enrollment
736 articulation agreement, services and resources that are
737 available to students with disabilities who register in a dual
738 enrollment course at the eligible institution and provide
739 information regarding such services and resources to the Florida
740 Center for Students with Unique Abilities. The Department of
741 Education shall provide to the center the Internet website link
742 to dual enrollment articulation agreements specific to students
743 with disabilities. The center shall include in the information
744 that it is responsible for disseminating to students with
745 disabilities and their parents or legal guardians pursuant to s.
746 1004.6495, dual enrollment articulation agreements and
747 opportunities for meaningful campus experience through dual
748 enrollment.

749 (26) By November 30, 2021, and annually thereafter, the
750 commissioner must report to the Governor, the President of the

545546

576-02853-20

751 Senate, and the Speaker of the House of Representatives the
752 status of dual enrollment programs, including, at a minimum, a
753 summary of student enrollment and completion for public school,
754 private school, and home education program students enrolled at
755 public and private postsecondary institutions.

756 (27) The State Board of Education shall adopt rules for any
757 dual enrollment programs involving requirements for high school
758 graduation.

759 Section 3. Section 1007.273, Florida Statutes, is amended
760 to read:

761 1007.273 Early college program ~~Collegiate high school~~
762 ~~program.~~

763 (1) Each Florida College System institution shall work with
764 each district school board in its designated service area to
765 establish one or more early college ~~collegiate high school~~
766 programs. As used in this section, the term "early college
767 program" means a structured high school acceleration program in
768 which a cohort of students is taking postsecondary courses full
769 time toward an associate degree. The early college program must
770 prioritize courses applicable as general education core courses
771 under s. 1007.25 for an associate degree or a baccalaureate
772 degree.

773 ~~(2) At a minimum, collegiate high school programs must~~
774 ~~include an option for public school students in grade 11 or~~
775 ~~grade 12 participating in the program, for at least 1 full~~
776 ~~school year, to earn CAPE industry certifications pursuant to s.~~
777 ~~1008.44 and to successfully complete 30 credit hours through the~~
778 ~~dual enrollment program under s. 1007.271 toward the first year~~
779 ~~of college for an associate degree or baccalaureate degree while~~

545546

576-02853-20

780 ~~enrolled in the program.~~

781 ~~(2)(3)~~ Each district school board and its local Florida
782 College System institution shall execute a contract to establish
783 one or more early college ~~collegiate high school~~ programs at a
784 mutually agreed-upon ~~agreed-upon~~ location or locations.
785 ~~Beginning with the 2015-2016 school year,~~ If the Florida College
786 System institution does not establish an early college ~~a~~ program
787 with a district school board in its designated service area,
788 another Florida College System institution may execute a
789 contract with that district school board to establish the early
790 college program. The contract must be executed by January 1 of
791 each school year for implementation of the program during the
792 next school year. The contract must:

793 (a) Identify the grade levels to be included in the early
794 college ~~program~~ ~~collegiate high school program~~ which must, at a
795 ~~minimum, include grade 12.~~

796 (b) Describe the early college ~~collegiate high school~~
797 program, including the delineation of courses that must, at a
798 minimum, include general education core courses pursuant to s.
799 1007.25; and industry certifications offered, including online
800 course availability; the high school and college credits earned
801 for each postsecondary course completed and industry
802 certification earned; student eligibility criteria; and the
803 enrollment process and relevant deadlines.

804 (c) Describe the methods, medium, and process by which
805 students and their parents or legal guardians are annually
806 informed about the availability of the early college ~~collegiate~~
807 ~~high school~~ program, the return on investment associated with
808 participation in the early college program, and the information

545546

576-02853-20

809 described in paragraphs (a) and (b).

810 (d) Identify the delivery methods for instruction and the
811 instructors for all courses.

812 (e) Identify student advising services and progress
813 monitoring mechanisms.

814 (f) Establish a program review and reporting mechanism
815 regarding student performance outcomes.

816 (g) Describe the terms of funding arrangements to implement
817 the early college college high school program pursuant to
818 subsection (5).

819 ~~(3)(4)~~ Each student participating in an early college a
820 collegiate high school program must enter into a student
821 performance contract, which must be signed by the student, the
822 parent or legal guardian, and a representative of the school
823 district and the applicable Florida College System institution
824 partner, state university, or other eligible postsecondary
825 institution partner participating pursuant to subsection (4)
826 ~~(5)~~. The performance contract must, at a minimum, specify
827 include the schedule of courses, by semester, and industry
828 certifications to be taken by the student, if any; student
829 attendance requirements; ~~and~~ course grade requirements; and the
830 applicability of such courses to an associate degree or a
831 baccalaureate degree.

832 ~~(4)(5)~~ In addition to executing a contract with the local
833 Florida College System institution under this section, a
834 district school board may execute a contract to establish an
835 early college a collegiate high school program with a state
836 university or an institution that is eligible to participate in
837 the William L. Boyd, IV, Effective Access to Student Education

545546

576-02853-20

838 Grant Program, that is a nonprofit independent college or
839 university located and chartered in this state, and that is
840 accredited by the Commission on Colleges of the Southern
841 Association of Colleges and Schools to grant baccalaureate
842 degrees. Such university or institution must meet the
843 requirements specified under subsections (2) and (3) ~~subsections~~
844 ~~(3) and (4)~~. A charter school may execute a contract directly
845 with the local Florida College System institution or another
846 institution as authorized under this section to establish an
847 early college program at a mutually agreed-upon location.

848 ~~(5)(6)~~ The early college collegiate high school program
849 shall be funded pursuant to ss. 1007.271 and 1011.62. The State
850 Board of Education shall enforce compliance with this section by
851 withholding the transfer of funds for the school districts and
852 the Florida College System institutions in accordance with s.
853 1008.32.

854 (6) By November 30, 2021, and annually thereafter, the
855 commissioner must report the status of early college programs,
856 including, at a minimum, a summary of student enrollment in
857 public and private postsecondary institutions and completion
858 information, to the Governor, the President of the Senate, and
859 the Speaker of the House of Representatives.

860 Section 4. Section 1009.31, Florida Statutes, is created to
861 read:

862 1009.31 Dual Enrollment Scholarship Program.-

863 (1) The Legislature finds and declares that dual enrollment
864 is an integral part of the education system in this state and
865 should be available for all eligible secondary students without
866 cost to the student. There is established the Dual Enrollment

545546

576-02853-20

867 Scholarship Program to support postsecondary institutions in
868 providing dual enrollment.

869 (2) The department shall administer the Dual Enrollment
870 Scholarship Program in accordance with rules of the State Board
871 of Education.

872 (3) (a) Beginning in the 2020 fall term, the program shall
873 reimburse eligible postsecondary institutions for tuition and
874 related instructional materials costs for dual enrollment
875 courses taken by private school or home education program
876 secondary students during the fall or spring terms.

877 (b) Beginning in the 2021 summer term, the program shall
878 reimburse eligible postsecondary institutions for tuition and
879 related instructional materials costs for dual enrollment
880 courses taken by public school, private school, or home
881 education program secondary students during the summer term.

882 (4) A student participating in a dual enrollment program
883 must meet the minimum eligibility requirements specified in s.
884 1007.271 in order for the institution to receive a
885 reimbursement.

886 (5) Annually, by March 15, each participating institution
887 must report to the department its eligible secondary students
888 from private schools or home education programs who were
889 enrolled during the previous fall or spring terms. Annually, by
890 July 15, each participating institution must report to the
891 department its eligible public school, private school, or home
892 education program students who were enrolled during the summer
893 term. For each dual enrollment course in which the student is
894 enrolled, the report must include a unique student identifier,
895 the postsecondary institution name, the postsecondary course

545546

576-02853-20

896 number, the postsecondary course name, and the number of
897 postsecondary course credits earned by the student.

898 (6) (a) Florida College System institutions shall be
899 reimbursed for college credit instruction at the in-state
900 resident tuition rate established in s. 1009.23(3) (a).

901 (b) State universities and independent postsecondary
902 institutions shall be reimbursed at the standard tuition rate
903 established in s. 1009.24(4) (a).

904 (c) Workforce education instruction leading to a career
905 certificate or an applied technology diploma shall be reimbursed
906 at the standard tuition rate established in s. 1009.22(3) (c).

907 (d) Institutions shall be reimbursed for instructional
908 materials costs based on a rate as specified in the General
909 Appropriations Act.

910 (7) For dual enrollment courses taken during the fall and
911 spring terms, the department must reimburse institutions by
912 April 15 of the same year. For dual enrollment courses taken
913 during the summer term, the department must reimburse
914 institutions by August 15 of the same year, before the beginning
915 of the next academic year.

916 (8) Reimbursement for dual enrollment courses is contingent
917 upon an appropriation in the General Appropriations Act each
918 year. If the statewide reimbursement amount is greater than the
919 appropriation, the institutional reimbursement amounts specified
920 in subsection (6) shall be prorated among the institutions that
921 have reported eligible students to the department by the
922 deadlines specified in subsection (5).

923 (9) The State Board of Education shall adopt rules to
924 implement this section.

545546

576-02853-20

925 Section 5. Paragraph (i) of subsection (1) and subsections
926 (11), (16), and (17) of section 1011.62, Florida Statutes, are
927 amended, and subsection (22) is added to that section, to read:

928 1011.62 Funds for operation of schools.—If the annual
929 allocation from the Florida Education Finance Program to each
930 district for operation of schools is not determined in the
931 annual appropriations act or the substantive bill implementing
932 the annual appropriations act, it shall be determined as
933 follows:

934 (1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR
935 OPERATION.—The following procedure shall be followed in
936 determining the annual allocation to each district for
937 operation:

938 (i) *Calculation of full-time equivalent membership with*
939 *respect to dual enrollment instruction.—*

940 1. Full-time equivalent students.—Students enrolled in dual
941 enrollment instruction pursuant to s. 1007.271 may be included
942 in calculations of full-time equivalent student memberships for
943 basic programs for grades 9 through 12 by a district school
944 board. Instructional time for dual enrollment may vary from 900
945 hours; however, the full-time equivalent student membership
946 value shall be subject to the provisions in s. 1011.61(4). Dual
947 enrollment full-time equivalent student membership shall be
948 calculated in an amount equal to the hours of instruction that
949 would be necessary to earn the full-time equivalent student
950 membership for an equivalent course if it were taught in the
951 school district. Students in dual enrollment courses may also be
952 calculated as the proportional shares of full-time equivalent
953 enrollments they generate for a Florida College System

545546

576-02853-20

954 institution or university conducting the dual enrollment
955 instruction. Early admission students shall be considered dual
956 enrollments for funding purposes. Students may be enrolled in
957 dual enrollment instruction provided by an eligible independent
958 college or university and may be included in calculations of
959 full-time equivalent student memberships for basic programs for
960 grades 9 through 12 by a district school board. However, those
961 provisions of law which exempt dual enrolled and early admission
962 students from payment of instructional materials and tuition and
963 fees, including laboratory fees, shall not apply to students who
964 select the option of enrolling in an eligible independent
965 institution. ~~An independent college or university, which is not
966 for profit, is accredited by a regional or national accrediting
967 agency recognized by the United States Department of Education,
968 and confers degrees as defined in s. 1005.02 shall be eligible
969 for inclusion in the dual enrollment or early admission program.
970 Students enrolled in dual enrollment instruction shall be exempt
971 from the payment of tuition and fees, including laboratory fees.~~
972 No student enrolled in college credit mathematics or English
973 dual enrollment instruction shall be funded as a dual enrollment
974 unless the student has successfully completed the relevant
975 section of the entry-level examination required pursuant to s.
976 1008.30.

977 2. Additional full-time equivalent student membership.—For
978 students enrolled in an early college program pursuant to s.
979 1007.273, a value of 0.16 full-time equivalent student
980 membership shall be calculated for each student who completes a
981 general education core course through the dual enrollment
982 program with a grade of "C" or better. For students who are not

545546

576-02853-20

983 enrolled in an early college program, a value of 0.08 full-time
984 equivalent student membership shall be calculated for each
985 student who completes a general education core course through
986 the dual enrollment program with a grade of "C" or better. In
987 addition, a value of 0.3 full-time equivalent student membership
988 shall be calculated for any student who receives an associate
989 degree through the dual enrollment program with a 3.0 grade
990 point average or better. This value shall be added to the total
991 full-time equivalent student membership in basic programs for
992 grades 9 through 12 in the subsequent fiscal year. This section
993 shall be effective for credit earned by dually enrolled students
994 for courses taken in the 2020-2021 school year and each school
995 year thereafter. If the associate degree described in this
996 paragraph is earned in 2020-2021 following completion of courses
997 taken in the 2020-2021 school year, then courses taken toward
998 the degree as part of the dual enrollment program before 2020-
999 2021 may not preclude eligibility for the 0.3 additional full-
1000 time equivalent student membership bonus. Each school district
1001 shall allocate at least 50 percent of the funds received from
1002 the dual enrollment bonus FTE funding, in accordance with this
1003 paragraph, to the schools that generated the funds to support
1004 student academic guidance and postsecondary readiness.

1005 3. Qualifying courses.—For the purposes of this paragraph,
1006 general education core courses are those that are identified in
1007 rule by the State Board of Education and in regulation by the
1008 Board of Governors pursuant to s. 1007.25(3).

1009 (11) VIRTUAL EDUCATION CONTRIBUTION.—The Legislature may
1010 annually provide in the Florida Education Finance Program a
1011 virtual education contribution. The amount of the virtual

545546

576-02853-20

1012 education contribution shall be the difference between the
1013 amount per FTE established in the General Appropriations Act for
1014 virtual education and the amount per FTE for each district and
1015 the Florida Virtual School, which may be calculated by taking
1016 the sum of the base FEFP allocation, the discretionary local
1017 effort, the state-funded discretionary contribution, the
1018 discretionary millage compression supplement, the research-based
1019 reading instruction allocation, the teacher salary increase
1020 allocation ~~best and brightest teacher and principal allocation,~~
1021 and the instructional materials allocation, and then dividing by
1022 the total unweighted FTE. This difference shall be multiplied by
1023 the virtual education unweighted FTE for programs and options
1024 identified in s. 1002.455 and the Florida Virtual School and its
1025 franchises to equal the virtual education contribution and shall
1026 be included as a separate allocation in the funding formula.

1027 (16) MENTAL HEALTH ASSISTANCE ALLOCATION.—The mental health
1028 assistance allocation is created to provide funding to assist
1029 school districts in establishing or expanding school-based
1030 mental health care; train educators and other school staff in
1031 detecting and responding to mental health issues; and connect
1032 children, youth, and families who may experience behavioral
1033 health issues with appropriate services. These funds shall be
1034 allocated annually in the General Appropriations Act or other
1035 law to each eligible school district. Each school district shall
1036 receive a minimum of \$100,000, with the remaining balance
1037 allocated based on each school district's proportionate share of
1038 the state's total unweighted full-time equivalent student
1039 enrollment. Charter schools that submit a plan separate from the
1040 school district are entitled to a proportionate share of

576-02853-20

1041 district funding. The allocated funds may not supplant funds
1042 that are provided for this purpose from other operating funds
1043 and may not be used to increase salaries or provide bonuses.
1044 School districts are encouraged to maximize third-party health
1045 insurance benefits and Medicaid claiming for services, where
1046 appropriate.

(a) Before the distribution of the allocation:

1047 1. The school district shall ~~must~~ develop and submit a
1048 detailed plan outlining the local program and planned
1049 expenditures to the district school board for approval. ~~The This~~
1050 plan, which must include input from school and community
1051 stakeholders, applies to all district schools, including charter
1052 schools, unless a charter school elects to submit a plan
1053 independently from the school district pursuant to subparagraph
1054 2.

1055 2. A charter school may develop and submit a detailed plan
1056 outlining the local program and planned expenditures to its
1057 governing body for approval. After the plan is approved by the
1058 governing body, it must be provided to the charter school's
1059 sponsor.

1060 (b) The plans required under paragraph (a) must be focused
1061 on a multitiered system of supports to deliver evidence-based
1062 mental health care assessment, diagnosis, intervention,
1063 treatment, and recovery services to students with one or more
1064 mental health or co-occurring substance abuse diagnoses and to
1065 students at high risk of such diagnoses. The provision of these
1066 services must be coordinated with a student's primary mental
1067 health care provider and with other mental health providers
1068 involved in the student's care. At a minimum, the plans must
1069

576-02853-20

1070 include the following elements:

1071 1. Direct employment of school-based mental health services
1072 providers to expand and enhance school-based student services
1073 and to reduce the ratio of students to staff in order to better
1074 align with nationally recommended ratio models. These providers
1075 include, but are not limited to, certified school counselors,
1076 school psychologists, school social workers, and other licensed
1077 mental health professionals. The plan also must establish
1078 ~~identify~~ strategies to increase the amount of time that school-
1079 based student services personnel spend providing direct services
1080 to students, which may include the review and revision of
1081 district staffing resource allocations based on school or
1082 student mental health assistance needs.

1083 2. Contracts or interagency agreements with one or more
1084 local community behavioral health providers or providers of
1085 Community Action Team services to provide a behavioral health
1086 staff presence and services at district schools. Services may
1087 include, but are not limited to, mental health screenings and
1088 assessments, individual counseling, family counseling, group
1089 counseling, psychiatric or psychological services, trauma-
1090 informed care, mobile crisis services, and behavior
1091 modification. These behavioral health services may be provided
1092 on or off the school campus and may be supplemented by
1093 telehealth.

1094 3. Policies and procedures, including contracts with
1095 service providers, which will ensure that students who are
1096 referred to a school-based or community-based mental health
1097 service provider for mental health screening for the
1098 identification of mental health concerns and ensure that the

545546

576-02853-20

1099 assessment of students at risk for mental health disorders
1100 occurs within 15 days of referral. School-based mental health
1101 services must be initiated within 15 days after identification
1102 and assessment, and support by community-based mental health
1103 service providers for students who are referred for community-
1104 based mental health services must be initiated within 30 days
1105 after the school or district makes a referral.

1106 4. Mental health policies and procedures that implement and
1107 support all of the following elements:

1108 a. Universal supports to promote psychological well-being
1109 and safe and supportive environments.

1110 b. Evidence-based strategies or programs to reduce the
1111 likelihood of at-risk students developing social, emotional, or
1112 behavioral health problems, depression, anxiety disorders,
1113 suicidal tendencies, or substance use disorders.

1114 c. ~~5~~ Strategies to improve the early identification of
1115 social, emotional, or behavioral problems or substance use
1116 disorders; provide, to improve the provision of early
1117 intervention services; and to assist students in dealing with
1118 trauma and violence.

1119 d. Methods for responding to a student with suicidal
1120 ideation, including training in suicide risk assessment and the
1121 use of suicide awareness, prevention, and screening instruments
1122 developed under s. 1012.583; adoption of guidelines for
1123 informing parents of suicide risk; and implementation of board
1124 policies for initiating involuntary examination of students at
1125 risk of suicide.

1126 e. A school crisis response plan that includes strategies
1127 for the prevention of, preparation for, response to, and

545546

576-02853-20

1128 recovery from a range of school crises. The plan must establish
1129 or coordinate the implementation of district-level and school-
1130 level crisis response teams whose membership includes, but is
1131 not limited to, representatives of school administration and
1132 school-based mental health service providers.

1133 (c) School districts shall submit approved plans, including
1134 approved plans of each charter school in the district, to the
1135 commissioner by August 1 of each fiscal year.

1136 (d) ~~By September 30 of each year Beginning September 30,~~
1137 ~~2019, and annually by September 30 thereafter,~~ each school
1138 district shall submit its district report to the department. By
1139 November 1 of each year, the department shall submit a state
1140 summary report to the Governor, the President of the Senate, and
1141 the Speaker of the House of Representatives on Department of
1142 Education a report on its program outcomes and expenditures for
1143 the previous fiscal year. The school district report must
1144 include program outcomes and expenditures for all public schools
1145 in the district, including charter schools that submitted a
1146 separate plan pursuant to subparagraph (16)(a)2. At a minimum,
1147 the district and state reports also must that, at a minimum,
1148 ~~must~~ include school district-level and school-level information,
1149 including charter schools, which gives multiple-year trend data,
1150 when available, for each of the number of each of the following
1151 indicators:

1152 1. The number of students who receive screenings or
1153 assessments.

1154 2. The number of students who are referred to either
1155 school-based or community-based providers for services or
1156 assistance.

545546

576-02853-20

1157 3. The number of students who receive either school-based
1158 or community-based interventions, services, or assistance.

1159 4. The number of school-based and community-based mental
1160 health providers, including licensure type, paid for from funds
1161 provided through the allocation.

1162 5. The number and ratio to students of school social
1163 workers, school psychologists, and certified school counselors
1164 employed by the district or charter school and the total number
1165 of licensed mental health professionals directly employed by the
1166 district or charter school.

1167 6. Contract-based collaborative efforts or partnerships
1168 with community mental health programs, agencies, or providers.

1169 (17) FUNDING COMPRESSION ALLOCATION.—The Legislature may
1170 provide an annual funding compression allocation in the General
1171 Appropriations Act. The allocation is created to provide
1172 additional funding to school districts and developmental
1173 research schools whose total funds per FTE in the prior year
1174 were less than the statewide average. Using the most recent
1175 prior year FEFP calculation for each eligible school district,
1176 the total funds per FTE shall be subtracted from the state
1177 average funds per FTE, not including any adjustments made
1178 pursuant to paragraph (19)(b). The resulting funds per FTE
1179 difference, or a portion thereof, as designated in the General
1180 Appropriations Act, shall then be multiplied by the school
1181 district's total unweighted FTE to provide the allocation. If
1182 the calculated funds are greater than the amount included in the
1183 General Appropriations Act, they must be prorated to the
1184 appropriation amount based on each participating school
1185 district's share. ~~This subsection expires July 1, 2020.~~

545546

576-02853-20

1186 (22) TEACHER SALARY INCREASE ALLOCATION.—The Teacher Salary
1187 Increase Allocation is created to increase teacher salaries and
1188 improve this state's relative teacher salary position when
1189 compared with teacher salaries in other states.

1190 (a) Subject to annual appropriation, funds may be provided
1191 for each school district to increase the minimum base salary for
1192 full-time classroom teachers as defined in s. 1012.01(2)(a) or
1193 all instructional personnel as defined in s. 1012.01(2)(a)-(d),
1194 plus certified prekindergarten teachers, but not including
1195 substitute teachers, by no less than the amount designated in
1196 the General Appropriations Act. In addition, funds may also be
1197 provided in an amount designated in the General Appropriations
1198 Act for salary increases for all full-time instructional
1199 personnel as determined by the school board and the local
1200 bargaining unit.

1201 (b) Funds for this purpose shall be allocated on each
1202 district's share of the base FEFP allocation. Funds for the
1203 minimum base salary increase may be provided in multiple years
1204 in order to achieve a particular salary goal. As used in this
1205 subsection, the term "minimum base salary" means the base annual
1206 salary before payroll deductions and excluding additional
1207 supplements.

1208 Section 6. Subsections (1) and (3) of section 1013.62,
1209 Florida Statutes, are amended to read:

1210 1013.62 Charter schools capital outlay funding.—

1211 (1) ~~For the 2018-2019 fiscal year,~~ Charter school capital
1212 outlay funding shall consist of state funds appropriated in the
1213 ~~2018-2019~~ General Appropriations Act; however, if the amount of
1214 state funds appropriated for charter school capital outlay in a

545546

576-02853-20

1215 given fiscal year is less than \$165 million, charter school
1216 capital outlay funding for that fiscal year shall consist of the
1217 appropriated state funds and revenue resulting from the
1218 discretionary millage authorized in s. 1011.71(2). Beginning in
1219 fiscal year 2019-2020, charter school capital outlay funding
1220 shall consist of state funds when such funds are appropriated in
1221 the General Appropriations Act and revenue resulting from the
1222 discretionary millage authorized in s. 1011.71(2) if the amount
1223 of state funds appropriated for charter school capital outlay in
1224 any fiscal year is less than the average charter school capital
1225 outlay funds per unweighted full time equivalent student for the
1226 2018-2019 fiscal year, multiplied by the estimated number of
1227 charter school students for the applicable fiscal year, and
1228 adjusted by changes in the Consumer Price Index issued by the
1229 United States Department of Labor from the previous fiscal year.

1230 Nothing in this subsection prohibits a school district from
1231 distributing to charter schools funds resulting from the
1232 discretionary millage authorized in s. 1011.71(2).

1233 (a) To be eligible to receive capital outlay funds, a
1234 charter school must:

1235 1.a. Have been in operation for 2 or more years;

1236 b. Be governed by a governing board established in the
1237 state for 2 or more years which operates both charter schools
1238 and conversion charter schools within the state;

1239 c. Be an expanded feeder chain of a charter school within
1240 the same school district that is currently receiving charter
1241 school capital outlay funds;

1242 d. Have been accredited by a regional accrediting
1243 association as defined by State Board of Education rule; or

545546

576-02853-20

1244 e. Serve students in facilities that are provided by a
1245 business partner for a charter school-in-the-workplace pursuant
1246 to s. 1002.33(15)(b).

1247 2. Have an annual audit that does not reveal any of the
1248 financial emergency conditions provided in s. 218.503(1) for the
1249 most recent fiscal year for which such audit results are
1250 available.

1251 3. Have satisfactory student achievement based on state
1252 accountability standards applicable to the charter school.

1253 4. Have received final approval from its sponsor pursuant
1254 to s. 1002.33 for operation during that fiscal year.

1255 5. Serve students in facilities that are not provided by
1256 the charter school's sponsor.

1257 (b) A charter school is not eligible to receive capital
1258 outlay funds if it was created by the conversion of a public
1259 school and operates in facilities provided by the charter
1260 school's sponsor for a nominal fee, or at no charge, or if it is
1261 directly or indirectly operated by the school district.

1262 (c) A charter school additionally is not eligible for a
1263 funding allocation unless the chair of the governing board and
1264 the chief administrative officer of the charter school annually
1265 certify under oath that the funds will be used solely and
1266 exclusively for constructing, renovating, leasing, purchasing,
1267 financing or improving charter school facilities that are:

1268 1. Owned by a school district, political subdivision of the
1269 state, municipality, Florida College System institution, or
1270 state university; or

1271 2. Owned by an organization, qualified as an exempt
1272 organization under s.501(c)(3) of the Internal Revenue Code, or

545546

576-02853-20

1273 a tax support organization under section 509 of the Internal
1274 Revenue Code, whose articles of incorporation specify that upon
1275 the organization's dissolution, the subject property, subject
1276 to any indebtedness secured thereby and the satisfaction of the
1277 organization's other debts, will be transferred as indicated in
1278 the articles of incorporation to:

1279 a. Another such exempt organization, including one
1280 organized for educational purposes.

1281 b. A school district or other political subdivision of the
1282 state.

1283 c. A municipality.

1284 d. A Florida College System institution.

1285 e. A state university; or

1286 3. Owned by and leased from, at a fair market value, a
1287 person or entity that is not an affiliated party of the charter
1288 school. For purposes of this subparagraph, the term "affiliated
1289 party of the charter school" means the applicant for the charter
1290 school pursuant to s. 1002.33; the governing board of the
1291 charter school or a member of the governing board; the charter
1292 school principal; an individual employed by the charter school;
1293 or a relative, as defined in s. 1002.33(24)(a)2., of a charter
1294 school governing board member, a charter school principal or a
1295 charter school employee.

1296 (3) If the school board levies the discretionary millage
1297 authorized in s. 1011.71(2), and the state funds appropriated
1298 for charter school capital outlay in any fiscal year are less
1299 than \$165 million ~~the average charter school capital outlay~~
1300 ~~funds per unweighted full-time equivalent student for the 2018-~~
1301 ~~2019 fiscal year, multiplied by the estimated number of charter~~

545546

576-02853-20

1302 ~~school students for the applicable fiscal year, and adjusted by~~
1303 ~~changes in the Consumer Price Index issued by the United States~~
1304 ~~Department of Labor from the previous fiscal year, the~~
1305 department shall use the following calculation methodology to
1306 determine the amount of revenue that a school district must
1307 distribute to each eligible charter school:

1308 (a) Reduce the total discretionary millage revenue by the
1309 school district's annual debt service obligation incurred as of
1310 March 1, 2017, which has not been subsequently retired, and any
1311 amount of participation requirement pursuant to s.
1312 1013.64(2)(a)8. that is being satisfied by revenues raised by
1313 the discretionary millage.

1314 (b) Divide the school district's adjusted discretionary
1315 millage revenue by the district's total capital outlay full-time
1316 equivalent membership and the total number of unweighted full-
1317 time equivalent students of each eligible charter school to
1318 determine a capital outlay allocation per full-time equivalent
1319 student.

1320 (c) Multiply the capital outlay allocation per full-time
1321 equivalent student by the total number of full-time equivalent
1322 students of each eligible charter school to determine the
1323 capital outlay allocation for each charter school.

1324 (d) If applicable, reduce the capital outlay allocation
1325 identified in paragraph (c) by the total amount of state funds
1326 allocated to each eligible charter school in subsection (2) to
1327 determine the maximum calculated capital outlay allocation.

1328 (e) School districts shall distribute capital outlay funds
1329 to charter schools no later than February 1 of each year, as
1330 required by this subsection, based on the amount of funds

576-02853-20

1331 received by the district school board. School districts shall
1332 distribute any remaining capital outlay funds, as required by
1333 this subsection, upon the receipt of such funds until the total
1334 amount calculated pursuant to this subsection is distributed.

1335

1336 By October 1 of each year, each school district shall certify to
1337 the department the amount of debt service and participation
1338 requirement that complies with the requirement of paragraph (a)
1339 and can be reduced from the total discretionary millage revenue.
1340 The Auditor General shall verify compliance with the
1341 requirements of paragraph (a) and s. 1011.71(2)(e) during
1342 scheduled operational audits of school districts.

1343 Section 7. Paragraph (b) of subsection (6) of section
1344 1013.64, Florida Statutes, is amended to read:

1345 1013.64 Funds for comprehensive educational plant needs;
1346 construction cost maximums for school district capital
1347 projects.—Allocations from the Public Education Capital Outlay
1348 and Debt Service Trust Fund to the various boards for capital
1349 outlay projects shall be determined as follows:

1350 (6)

1351 (b)1. A district school board may not use funds from the
1352 following sources: Public Education Capital Outlay and Debt
1353 Service Trust Fund; School District and Community College
1354 District Capital Outlay and Debt Service Trust Fund; Classrooms
1355 First Program funds provided in s. 1013.68; nonvoted 1.5-mill
1356 levy of ad valorem property taxes provided in s. 1011.71(2);
1357 Classrooms for Kids Program funds provided in s. 1013.735;
1358 District Effort Recognition Program funds provided in s.
1359 1013.736; or High Growth District Capital Outlay Assistance

576-02853-20

1360 Grant Program funds provided in s. 1013.738 to pay for any
1361 portion of the cost of any new construction of educational plant
1362 space with a total cost per student station, including change
1363 orders, which exceeds:

1364

a. \$17,952 for an elementary school;

1365

b. \$19,386 for a middle school; or

1366

c. \$25,181 for a high school,

1367

1368 (January 2006) as adjusted annually to reflect increases or
1369 decreases in the Consumer Price Index. The department, in
1370 conjunction with the Office of Economic and Demographic
1371 Research, shall review and adjust the cost per student station
1372 limits to reflect actual construction costs by January 1, 2020,
1373 and annually thereafter. The adjusted cost per student station
1374 shall be used by the department for computation of the statewide
1375 average costs per student station for each instructional level
1376 pursuant to paragraph (d). The department shall also collaborate
1377 with the Office of Economic and Demographic Research to select
1378 an industry-recognized construction index to replace the
1379 Consumer Price Index by January 1, 2020, adjusted annually to
1380 reflect changes in the construction index.

1381

2. School districts shall maintain accurate documentation
1382 related to the costs of all new construction of educational
1383 plant space reported to the Department of Education pursuant to
1384 paragraph (d). The Auditor General shall review the
1385 documentation maintained by the school districts and verify
1386 compliance with the limits under this paragraph during its
1387 scheduled operational audits of the school district.

1388

3. Except for educational facilities and sites subject to a

545546

576-02853-20

1389 lease-purchase agreement entered pursuant to s. 1011.71(2)(e),
1390 or funded solely through local impact fees, in addition to the
1391 funding sources listed in subparagraph 1., a district school
1392 board may not use funds from any sources for new construction of
1393 educational plant space with a total cost per student station,
1394 including change orders, which equals more than the current
1395 adjusted amounts provided in sub-subparagraphs 1.a.-c. However,
1396 if a contract has been executed for architectural and design
1397 services or for construction management services before July 1,
1398 2017, a district school board may use funds from any source for
1399 the new construction of educational plant space and such funds
1400 are exempt from the total cost per student station requirements.

1401 4. A district school board must not use funds from the
1402 Public Education Capital Outlay and Debt Service Trust Fund or
1403 the School District and Community College District Capital
1404 Outlay and Debt Service Trust Fund for any new construction of
1405 an ancillary plant that exceeds 70 percent of the average cost
1406 per square foot of new construction for all schools.

1407 Section 8. Paragraph (c) of subsection (10) of section
1408 1003.4282, Florida Statutes, is amended to read:

1409 1003.4282 Requirements for a standard high school diploma.—

1410 (10) STUDENTS WITH DISABILITIES.—Beginning with students
1411 entering grade 9 in the 2014-2015 school year, this subsection
1412 applies to a student with a disability.

1413 (c) A student with a disability who meets the standard high
1414 school diploma requirements in this section may defer the
1415 receipt of a standard high school diploma if the student:

1416 1. Has an individual education plan that prescribes special
1417 education, transition planning, transition services, or related

545546

576-02853-20

1418 services through age 21; and

1419 2. Is enrolled in accelerated college credit instruction
1420 pursuant to s. 1007.27, industry certification courses that lead
1421 to college credit, ~~an early college a collegiate high school~~
1422 program, courses necessary to satisfy the Scholar designation
1423 requirements, or a structured work-study, internship, or
1424 preapprenticeship program.

1425
1426 The State Board of Education shall adopt rules under ss.
1427 120.536(1) and 120.54 to implement this subsection, including
1428 rules that establish the minimum requirements for students
1429 described in this subsection to earn a standard high school
1430 diploma. The State Board of Education shall adopt emergency
1431 rules pursuant to ss. 120.536(1) and 120.54.

1432 Section 9. Paragraph (a) of subsection (1) of section
1433 1003.436, Florida Statutes, is amended to read:

1434 1003.436 Definition of "credit."—

1435 (1) (a) For the purposes of requirements for high school
1436 graduation, one full credit means a minimum of 135 hours of bona
1437 fide instruction in a designated course of study that contains
1438 student performance standards, except as otherwise provided
1439 through the Credit Acceleration Program (CAP) under s.
1440 1003.4295(3). One full credit means a minimum of 120 hours of
1441 bona fide instruction in a designated course of study that
1442 contains student performance standards for purposes of meeting
1443 high school graduation requirements in a district school that
1444 has been authorized to implement block scheduling by the
1445 district school board. The State Board of Education shall
1446 determine the number of postsecondary credit hours earned

545546

576-02853-20

1447 through dual enrollment pursuant to s. 1007.271 that satisfy the
1448 requirements of a dual enrollment articulation agreement
1449 according to s. 1007.271(21) and that equal one full credit of
1450 the equivalent high school course identified pursuant to s.
1451 1007.271(10) ~~s. 1007.271(9)~~.

1452 Section 10. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SB 62
 INTRODUCER: Senator Stargel
 SUBJECT: K-12 Education
 DATE: February 4, 2020 REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |
|----|-------------------------|----------------|-----------|--------------------------|
| 1. | Sagues, Bouck, Brick | Sikes | ED | Favorable |
| 2. | Underhill | Elwell | AED | Recommend: Fav/CS |
| 3. | Underhill | Kynoch | AP | Pre-meeting |

I. Summary:

SB 62 renames the “collegiate high school” program to the “early college” program and modifies a number of provisions related to education funding. Specifically, the bill:

- Specifies that the resolution required for voters to approve the levy of a discretionary sales surtax for school capital outlay must include a statement that the revenues collected will be shared with charter schools based on their proportionate share of the total school district enrollment.
- Expands the Florida Education Finance Program (FEFP) funding to incentivize school districts to offer secondary students access to advanced coursework through dual enrollment and early college programs. The bill:
 - Provides bonus full-time equivalent (FTE) funding to public school districts for each dual enrollment general education core course with an earned grade of “C” or better:
 - Students enrolled in an early college program generate a 0.16 FTE student membership bonus.
 - Students not enrolled in an early college program generate a 0.08 FTE student membership bonus.
 - Provides bonus funding of 0.3 FTE student membership for each student who completes an associate degree through the dual enrollment program with at least a 3.0 grade point average.
 - Requires school districts to allocate at least 50 percent of the bonus funds for dual enrollment and early college programs to the schools that generated the funds to support academic guidance and postsecondary related activities.
- Provides bonus funding in the FEFP of 0.3 FTE for each student who receives an Advanced Placement (AP) Capstone Diploma in addition to a standard high school diploma.
- Adds new requirements to the mental health plans that school districts and charter schools must submit in order to receive the mental health assistance allocation in the FEFP.

- Removes the July 1, 2020, expiration date for the funding compression allocation within the FEFP.

The bill does not require appropriation of additional state funds, but it may provide additional FEFP funds to those school districts with more students successfully completing dual enrollment coursework and school districts that offer the AP Capstone Diploma. See Section V.

The bill takes effect on July 1, 2020.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

School Capital Outlay Surtax

Present Situation

The law authorizes school districts to levy discretionary sales surtaxes for school capital outlay. Each county school board may levy, pursuant to approval by a majority vote of the electors of the county voting in a referendum, a discretionary sales surtax at a rate not to exceed 0.5 percent.¹

The resolution must include a statement that provides a brief and general description of the school capital outlay projects to be funded by the surtax.² The resolution must include a plan for the use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses that have a useful life expectancy of five or more years, and any land acquisition, land improvement, design, and related engineering costs.³ The plan must also include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district.⁴ Surtax revenues may be used for the purpose of servicing bond indebtedness to finance authorized projects, and any interest accrued may be held in trust to finance the projects.⁵

The Department of Revenue collects the surtax revenues and is required by law to distribute them to the district school board imposing the tax.⁶ There is currently no provision in law requiring school districts to share the capital outlay surtax funds with charter schools.

Effect of Proposed Changes

The bill establishes an additional requirement for the resolution that is required for voters to approve the levy of a discretionary sales surtax at a rate that may not exceed 0.5 percent.

¹ Section 212.055, F.S.

² Section 212.055(6)(b), F.S

³ Section 212.055(6)(c), F.S

⁴ *Id.*

⁵ *Id.*

⁶ Section 212.055(6)(d), F.S

Specifically, such resolution must include a statement that the revenues collected shall be shared with charter schools based on their proportionate share of the total school district enrollment.

The bill also requires that charter schools expend the surtax funds in a manner consistent with the plan specified in law that requires the school board set forth a surtax fund plan for fixed capital expenditures or fixed capital costs.

Collegiate High School Program

Present Situation

In 2014, the Legislature codified the collegiate high school program and specified related requirements.⁷ Florida law requires each Florida College System (FCS) institution to work with each district school board in its designated service area⁸ to establish one or more collegiate high school programs.⁹ In fall 2018, there were 11,146 students enrolled in a collegiate high school or collegiate high school program.¹⁰

Purpose

At a minimum, collegiate high school programs must include an option for public school students in grade 11 or grade 12 participating in the program, for at least one full school year, to earn Career and Professional Education (CAPE) industry certifications and to successfully complete 30 credit hours through dual enrollment toward the first year of college for an associate degree or baccalaureate degree while enrolled in the program.¹¹

Program Contract

Each district school board and its local FCS institution must execute a contract to establish one or more collegiate high school programs at a mutually agreed upon location or locations. If the FCS institution does not establish a program with a district school board in its designated service area, another FCS institution may execute a contract with that district school board to establish the program.¹²

In addition to executing a contract with the local FCS institution, Florida law authorizes a district school board to execute a contract to establish a collegiate high school program with a state university or an independent college or university that is eligible to participate in the William L. Boyd, IV, Effective Access to Student Education Grant Program, that is nonprofit and located and chartered in this state, and that is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to grant baccalaureate degrees.¹³

⁷ Section 10, ch. 2014-184, L.O.F.

⁸ Section 1000.21(3), F.S.

⁹ Section 1007.273(1), F.S.

¹⁰ Email, Florida Department of Education (Jan. 8, 2020).

¹¹ Section 1007.273(2), F.S.

¹² Section 1007.273(3), F.S.

¹³ Section 1007.273(5), F.S.

Florida law specifies the information that must be addressed in the contract that must be executed by January 1 of each school year for implementation of the program during the next school year.¹⁴

Student Performance Contract

Each student participating in a collegiate high school program must enter into a student performance contract that must be signed by the student, the parent, and a representative of the school district and the applicable FCS institution, state university, or independent college or university.¹⁵ The performance contract must include the schedule of courses, by semester, and industry certifications to be taken by the student, student attendance requirements, and course grade requirements.

Effect of Proposed Changes

The bill modifies s. 1007.273, F.S., and changes the name of the collegiate high school program to the early college program. In addition, the bill:

- Changes the purpose of the program to remove specified grade levels and credit thresholds to specify that an early college program means a structured high school acceleration program in which a cohort of students is enrolled full-time in postsecondary courses toward an associate degree. The bill requires that the early college program prioritize courses applicable as general education core courses¹⁶ for an associate degree or a baccalaureate degree.
- Specifies that the early college program contract between a district school board and the local FCS institution, which includes a delineation of dual enrollment courses available, must include general education core courses.¹⁷
- Requires the student performance contract for the early college program include a provision describing the applicability of dual enrollment courses in the program to an associate degree or a baccalaureate degree.
- Specifies that a charter school may execute a contract directly with the local FCS institution or another institution to establish an early college program at a mutually agreed upon location.

The bill establishes a reporting requirement relating to early college programs. Specifically, by November 30, 2021, and annually thereafter, the commissioner of education must report to the Governor, President of the Senate, and the Speaker of the House of Representatives the status of

¹⁴ Section 1007.273(3), F.S.

¹⁵ Section 1007.273(4), F.S. To participate in a collegiate high school program, an independent college or university must be an institution that is eligible to participate in the William L. Boyd, IV, Effective Access to Student Education Grant Program, that is a nonprofit independent college or university located and chartered in this state, and that is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to grant baccalaureate degrees. Section 1007.273(5), F.S.

¹⁶ Section 1007.25, F.S. and Rule 6A-14.0303, F.A.C.

¹⁷ General education core course options consist of a maximum of five courses within each of the subject areas of communication, mathematics, social sciences, humanities, and natural sciences. Beginning with students initially entering an FCS institution or state university in 2015-2016 and thereafter, each student must complete at least one identified core course in each subject area as part of the general education course requirements. The general education core course options must be adopted in rule by the State Board of Education (SBE) and in regulation by the Board of Governors. Section 1007.25(3), F.S. See also Rule 6A-10.0303 and BOG Regulation 8.005.

early college programs, including, at a minimum, a summary of student enrollment and completion at public and private postsecondary institutions.

In addition, the bill includes a conforming provision to change the name of the collegiate high school program to the early college program related to the requirements for a standard high school diploma for students with disabilities.¹⁸

Florida Education Finance Program (FEFP)

The Florida Education Finance Program (FEFP) is the primary mechanism for funding the operating costs of Florida school districts. Under the FEFP, financial support for education is based on the full-time equivalent (FTE) student membership in public schools.¹⁹ The number of FTE students in each of the funded education programs is multiplied by cost factors²⁰ relative to each program to obtain weighted FTE student values.²¹ The base student allocation from state and local funds is determined annually by the Legislature in the General Appropriations Act (GAA) and is a component in the calculation of each school district's base funding.²² In addition to the base funding, the Legislature may appropriate categorical funding for specified programs, activities or purposes, such as for mental health assistance, and funding compression.²³ School districts may also earn supplemental FTE funding through the FEFP for programs based on performance, such as College Board Advanced Placement bonus funding.²⁴

Incentive Funding for Acceleration Programs

Present Situation

Dual enrollment funding for public schools is included in the calculation of FTE students within the FEFP.²⁵ There is no provision in law to allow for additional performance funding for students earning dual enrollment credit.

Florida schools offer high school acceleration programs such as Advanced Placement (AP), International Baccalaureate (IB), and Advanced International Certificate of Education (AICE) to shorten the time necessary for a student to earn a high school diploma and a postsecondary degree, broaden the scope of curricular options available, and increase the depth of study available for a particular subject.²⁶ The law provides the following benefits to schools and students engaged in these programs:

¹⁸ Section 1003.4282(10)(c)2., F.S.

¹⁹ Section 1011.62, F.S.

²⁰ Program cost factors are based on desired relative cost differences between the following programs as established in the annual General Appropriations Act: grades K-3; 4-8; 9-12; two program cost factors for exceptional students; secondary career education programs; and English for Speakers of Other Languages. Section 1011.62(1)(c), F.S.

²¹ Section 1011.62, F.S.; Department of Education, *2019-20 Funding for Florida School Districts* available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf> at 1.

²² Department of Education, *2019-20 Funding for Florida School Districts* available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf> at 17.

²³ Section 1011.62(6) F.S.

²⁴ Section 1011.62(1) F.S.

²⁵ Department of Education, *2019-20 Funding for Florida School Districts*, available at <http://www.fldoe.org/core/fileparse.php/7507/urlt/Fefpdist.pdf> at 11.

²⁶ Section 1007.27(1), F.S.

- Successful completion of a course examination in any of these programs qualifies for college credit.²⁷
- The percentage of a school's students eligible to earn college credit through any of these programs has a positive effect on the school's grade.²⁸
- A grade earned in any of these programs is assigned additional weight for determining student eligibility for a Bright Futures Scholarship.²⁹

The FEFP also provides a funding incentive for school districts with students in AP, IB, AICE courses who successfully complete AP, IB, and AICE examinations or earn an IB or AICE diploma.³⁰ The additional FTE is calculated as follows:

- A value of 0.16 FTE student membership is calculated for each student in each AP course who receives a score of 3 or higher on the College Board AP examination.³¹
- A value of 0.16 FTE student membership is calculated for each student enrolled in an IB course who receives a score of 4 or higher on a subject examination. A value of 0.3 FTE student membership is calculated for each student who receives an IB diploma.³²
- A value of 0.16 FTE student membership is calculated for each student enrolled in a full-credit AICE course, and 0.08 FTE student membership for each student enrolled in a half-credit AICE course, for each student who receives a score of E or higher on a subject examination. A value of 0.3 FTE student membership is calculated for each student who receives an AICE diploma.³³

In addition, classroom teachers may receive bonus funds for the performance of their students on AP, IB, and AICE examinations. School districts must use the additional FTE funds for purposes specified in law.³⁴

The AP Program enables students to pursue college-level studies while still in high school.³⁵ The program consists of college-level courses developed by the AP Program that high schools can choose to offer, and corresponding exams that are administered once a year.³⁶ A student must score a '3' or higher, on a 5-point scale, to earn postsecondary credit through the AP Program.³⁷

AP Capstone is a diploma granted to students who earn a score of '3' or higher in AP Seminar and AP Research and on four additional AP exams chosen by the student. The program is based on the AP Seminar and AP Research courses, which are yearlong AP courses.³⁸ These courses

³⁶ *Id.*

³⁷ See ss. 1007.27(5) and 1007.23(1), F.S.

³⁸ College Board, AP Capstone Diploma Program, *How it Works*,

are designed to complement the other AP courses that the AP Capstone student must take.³⁹ AP Seminar and AP Research use an interdisciplinary approach to develop skills students need for college-level work.⁴⁰ In the 2018-2019 academic year, 1,402 students in 228 high schools in Florida earned an AP Capstone Diploma.⁴¹

The IB Diploma is only awarded to students who complete the following elements over the course of a two-year program of study:⁴²

- Six subjects chosen from six subject groups, which include:
 - Studies in language and literature
 - Language acquisition
 - Individuals and societies
 - Sciences
 - Mathematics
 - The arts
- An extended essay with a prescribed limit of 4,000 words.
- A theory of knowledge course exploring the nature of knowledge across all disciplines.
- At least three hours each week in creativity, action, and service, which includes participation in the arts, individual and team sports or expeditions or projects, and community and social service activities.

To earn the AICE Diploma, students must achieve seven credits within a 25-month period, including at least one credit in:⁴³

- A Cambridge International Global Perspectives & Research course;
- Mathematics and science;
- Languages; and
- Arts and humanities.

Successful completion of an IB or AICE curriculum satisfies the credit requirement for receipt of a standard high school diploma,⁴⁴ but no similar recognition exists for completion of an AP Capstone Diploma.

Effect of Proposed Changes

The bill adds new provisions for FEFP funding for students enrolled in dual enrollment courses and early college programs that are similar to FTE student membership incentives districts earn for students who complete of AP, IB, and AICE examinations. Specifically, for the 2020-2021 school year and thereafter, the bill:

<https://apcentral.collegeboard.org/courses/ap-capstone/how-ap-capstone-works#awards> (last visited Mar. 20, 2019).

³⁹ *Id.*

⁴⁰ *Id.*

⁴¹ Email, College Board (Jan. 6, 2020).

⁴² International Baccalaureate, *The IB Diploma Programme*,

<https://web.archive.org/web/20100703000358/http://www.ibo.org/diploma/> (last visited Jan. 8, 2020).

⁴³ Cambridge Assessment International Education, *Cambridge AICE Diploma*,

<https://www.cambridgeinternational.org/programmes-and-qualifications/cambridge-advanced/cambridge-aice-diploma/> (last visited Jan. 8, 2020). Students may also complete up to two credits in Interdisciplinary subjects.

⁴⁴ Section 1003.4282(1)(a), F.S.

- Provides bonus FTE funding to public school districts for any student who completes a general education core course through dual enrollment with an earned grade of “C” or better. Specifically:
 - Students enrolled in an early college program generate a 0.16 FTE student membership bonus.
 - Students not enrolled in an early college program generate a 0.08 FTE student membership bonus.
- Provides bonus FTE funding for each associate degree earned through the dual enrollment program with 3.0 GPA or better. Students earning an associate degree with the required GPA generate a 0.3 FTE student membership bonus. Courses taken prior to 2020-2021 may be included in the associate degree.
- Specifies that bonus funding will be added to the total FTE student membership in basic programs for grades 9-12 in the subsequent fiscal year and requires school districts to allocate at least 50 percent of the bonus funds to the schools that generated the funds to support academic guidance and postsecondary readiness.

Adding performance funding incentives for students taking dual enrollment core courses may incentivize school districts to increase the number of students enrolled in dual enrollment core courses in both dual enrollment and early college programs.

The bill also provides for school districts to receive additional funding through the FEFP for each student who receives an AP Capstone Diploma and meets the requirements for a standard high school diploma. The additional value is assigned to the full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year.

In effect, the bill provides the same additional FTE funding of 0.3 FTE for each student who receives an AP Capstone Diploma as a student who receives an IB or AICE diploma. This change may result in more districts offering, and more students earning, AP Capstone Diplomas.

Mental Health Assistance Allocation

Present Situation

The mental health assistance allocation is a categorical fund established to provide funding to assist school districts in establishing or expanding school-based mental health care; train educators and other school staff in detecting and responding to mental health issues; and connect children, youth, and families who may experience behavioral health issues with appropriate services.⁴⁵ Each school district must receive at least \$100,000 through the appropriation, and any remaining balance is distributed based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment.⁴⁶ A total of \$75 million was appropriated to school districts through the mental health assistance allocation for the 2019-2020 school year.⁴⁷ In order to receive the allocation, a school district must develop and submit a plan outlining the local program and planned expenditures to the district school board for approval. A

⁴⁵ Section 1011.62(16), F.S.

⁴⁶ Section 1011.62(16), F.S.

⁴⁷ Specific Appropriation 93, s. 2, ch. 2019-115, L.O.F.

charter school may develop and submit a plan outlining the local program and planned expenditures to its governing board for approval.⁴⁸

The plans must be focused on a multi-tiered system of supports to deliver evidence-based mental health care assessment, diagnosis, intervention, treatment, and recovery services to students with mental health or substance abuse diagnoses and to students at high risk of such diagnoses. The plans must include:⁴⁹

- Direct employment of school based mental health service providers, including certified school counselors, school psychologists, school social workers and other licensed mental health professionals.
- Contracts or interagency agreements with one or more local community behavioral health providers or providers of Community Action Team services to provide a behavioral health staff presence and services at district schools.
- Policies and procedures to ensure that students who are referred to school-based or community-based mental health services are assessed within 15 days of the referral.
- Strategies or programs to reduce the likelihood of at-risk students developing social, emotional, or behavioral health programs, depression, anxiety disorders, suicidal tendencies, or substance use disorders.
- Strategies to improve the early identification of social, emotional, or behavioral problems or substance use disorders, to improve the provision of early intervention services, and to assist students in dealing with trauma and violence.

Effect of Proposed Changes

The bill adds new requirements to the mental health plans that must be submitted by school districts and charter schools in order to receive the mental health assistance allocation. In addition to existing requirements, the bill requires plans to include input from school and community stakeholders, which is informed by a needs assessment, and to include mental health policies and procedures that consist of:

- Universal supports to promote psychological well-being, and safe and supportive school environments.
- Policies and procedures for responding to a student with suicidal ideation, including suicide risk assessment, guidelines for informing parents of suicide risk, and school board policies for initiating involuntary examination of students with suicide risk.
- A school crisis response plan that includes strategies to prevent, prepare for, respond to, and recover from a range of school crises and the establishment of district-level and school-level response teams, including, but not limited to, administration and school-based mental health service providers.

The bill also modifies district reporting requirements to the Department of Education (DOE). Specifically, the bill adds to the current requirement that each school district report program outcomes and expenditures for the previous fiscal year, and requires each school district report to include:

⁴⁸ Section 1011.62(16), F.S.

⁴⁹ Section 1011.62(16)2.(b), F.S.

- Program outcomes and expenditures for all public schools in the district, including charter schools that submitted a separate plan.
- The number of students who receive screenings or assessments.
- The number of students who are referred to either school-based or community-based providers for services or assistance.
- The number of students who receive either school-based and community-based interventions, services, or assistance.
- The number of school-based and community-based mental health providers, including licensure type, paid for from the funds provided through the allocation.
- The number and ratio of school social workers, school psychologists, and certified school counselors employed by the district or charter school and the total number of licensed mental health professionals employed directly by the district or charter school.

The bill also requires that the amount of mental health assistance allocation funds appropriated subsequent to the 2019-2020 fiscal year that are in excess of the amount appropriated in the 2019-2020 fiscal year must be used exclusively to fund additional providers of school-based mental health services.

Funding Compression Allocation

Present Situation

The funding compression allocation is a categorical fund established to provide additional funding to school districts and developmental research schools whose total funds per FTE in the prior year were less than the statewide average.⁵⁰ Florida law specifies that the Legislature may provide an annual funding compression allocation in the GAA.⁵¹ In 2019, the Legislature appropriated \$54,190,616⁵² for a funding compression allocation to school districts and developmental research schools whose total funds per FTE in the prior school year were less than the statewide average.⁵³ A district's allocation must not be greater than \$100 per FTE.⁵⁴ The funding compression allocation is scheduled to expire July 1, 2020.⁵⁵

Effect of Proposed Changes

The bill removes the July 1, 2020 expiration date for the funding compression allocation within the FEFP.

The bill takes effect on July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The financial supports for the dual enrollment, early college, and Advanced Placement (AP) Capstone programs may increase opportunities for Florida secondary students to take college-credit courses that will count toward an associate or baccalaureate degree while still in high school, which may reduce costs for students and families.

C. Government Sector Impact:

The bill does not require the appropriation of additional state funds. However, the bill may reallocate funds within the Florida Education Finance Program (FEFP) to those school districts with relatively more students successfully completing dual enrollment coursework and earning the AP Capstone Diploma. Based on 2018-2019 data, dual enrollment bonus funding within the FEFP is estimated to be \$61.3 million, and based on the number of 2019 AP Capstone Diploma recipients, AP Capstone Diploma bonus funding is estimated to be \$1.8 million.⁵⁶

⁵⁶ \$1,290 multiplied by 1402 AP Capstone Diploma recipients in 2019. College Board, *Building on Advanced Placement (AP) Capstone Success in Florida*, 2019.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 212.055, 1007.273, 1011.62, and 1003.4282.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

45
 46 Be It Enacted by the Legislature of the State of Florida:

47
 48 Section 1. Subsection (6) of section 212.055, Florida
 49 Statutes, is amended to read:

50 212.055 Discretionary sales surtaxes; legislative intent;
 51 authorization and use of proceeds.—It is the legislative intent
 52 that any authorization for imposition of a discretionary sales
 53 surtax shall be published in the Florida Statutes as a
 54 subsection of this section, irrespective of the duration of the
 55 levy. Each enactment shall specify the types of counties
 56 authorized to levy; the rate or rates which may be imposed; the
 57 maximum length of time the surtax may be imposed, if any; the
 58 procedure which must be followed to secure voter approval, if

Page 2 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

59 required; the purpose for which the proceeds may be expended;
60 and such other requirements as the Legislature may provide.
61 Taxable transactions and administrative procedures shall be as
62 provided in s. 212.054.

63 (6) SCHOOL CAPITAL OUTLAY SURTAX.—

64 (a) The school board in each county may levy, pursuant to
65 resolution conditioned to take effect only upon approval by a
66 majority vote of the electors of the county voting in a
67 referendum, a discretionary sales surtax at a rate that may not
68 exceed 0.5 percent.

69 (b) The resolution must ~~shall~~ include a statement that
70 provides a brief and general description of the school capital
71 outlay projects to be funded by the surtax. The resolution must
72 also include a statement that the revenues collected must be
73 shared with charter schools based on their proportionate share
74 of total school district enrollment. The statement must ~~shall~~
75 conform to the requirements of s. 101.161 and shall be placed on
76 the ballot by the governing body of the county. The following
77 question shall be placed on the ballot:

78 ...FOR THE ...CENTS TAX

79 ...AGAINST THE ...CENTS TAX

80
81 (c) The resolution providing for the imposition of the
82 surtax must ~~shall~~ set forth a plan for use of the surtax
83 proceeds for fixed capital expenditures or fixed capital costs
84 associated with the construction, reconstruction, or improvement
85 of school facilities and campuses which have a useful life

Page 3 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

86 expectancy of 5 or more years, and any land acquisition, land
87 improvement, design, and engineering costs related thereto.
88 Additionally, the plan shall include the costs of retrofitting
89 and providing for technology implementation, including hardware
90 and software, for the various sites within the school district.
91 Surtax revenues may be used for the purpose of servicing bond
92 indebtedness to finance projects authorized by this subsection,
93 and any interest accrued thereto may be held in trust to finance
94 such projects. Neither the proceeds of the surtax nor any
95 interest accrued thereto shall be used for operational expenses.
96 Surtax revenues shared with charter schools shall be expended by
97 the charter schools in a manner consistent with the plan, as
98 appropriate.

99 (d) Surtax revenues collected by the Department of Revenue
100 pursuant to this subsection shall be distributed to the school
101 board imposing the surtax in accordance with law.

102 Section 2. Section 1007.273, Florida Statutes, is amended
103 to read:

104 1007.273 Early college programs ~~Collegiate high school~~
105 ~~program.~~—

106 (1) Each Florida College System institution shall work with
107 each district school board in its designated service area to
108 establish one or more early college ~~collegiate high school~~
109 programs. As used in this section, the term "early college
110 program" means a structured high school acceleration program in
111 which a cohort of students is taking postsecondary courses full
112 time toward an associate degree. The early college program must
113 prioritize courses applicable as general education core courses
114 under s. 1007.25 for an associate degree or a baccalaureate

Page 4 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

115 degree.

116 ~~(2) At a minimum, collegiate high school programs must~~
 117 ~~include an option for public school students in grade 11 or~~
 118 ~~grade 12 participating in the program, for at least 1 full~~
 119 ~~school year, to earn CAPE industry certifications pursuant to s.~~
 120 ~~1008.44 and to successfully complete 30 credit hours through the~~
 121 ~~dual enrollment program under s. 1007.271 toward the first year~~
 122 ~~of college for an associate degree or baccalaureate degree while~~
 123 ~~enrolled in the program.~~

124 (2)(3) Each district school board and its local Florida
 125 College System institution shall execute a contract to establish
 126 one or more early college ~~collegiate high school~~ programs at a
 127 mutually agreed upon location or locations. ~~Beginning with the~~
 128 ~~2015-2016 school year, if the Florida College System institution~~
 129 ~~does not establish an early college~~ a program with a district
 130 school board in its designated service area, another Florida
 131 College System institution may execute a contract with that
 132 district school board to establish the early college program.
 133 The contract must be executed by January 1 of each school year
 134 for implementation of the program during the next school year.
 135 The contract must:

136 (a) Identify the grade levels to be included in the early
 137 college ~~collegiate high school~~ program ~~which must, at a minimum,~~
 138 ~~include grade 12.~~

139 (b) Describe the early college ~~collegiate high school~~
 140 program, including the delineation of courses ~~that must, at a~~
 141 minimum, include general education core courses pursuant to s.
 142 1007.25; and industry certifications offered, including online
 143 course availability; the high school and college credits earned

173 applicability of such courses to an associate degree or a
 174 baccalaureate degree.

175 ~~(4)(5)~~ In addition to executing a contract with the local
 176 Florida College System institution under this section, a
 177 district school board may execute a contract to establish an
 178 early college ~~a collegiate high school~~ program with a state
 179 university or an institution that is eligible to participate in
 180 the William L. Boyd, IV, Effective Access to Student Education
 181 Grant Program, that is a nonprofit independent college or
 182 university located and chartered in this state, and that is
 183 accredited by the Commission on Colleges of the Southern
 184 Association of Colleges and Schools to grant baccalaureate
 185 degrees. Such university or institution must meet the
 186 requirements specified under subsections (2) and (3) ~~subsections~~
 187 ~~(3) and (4)~~. A charter school may execute a contract directly
 188 with the local Florida College System institution or another
 189 institution as authorized under this section to establish an
 190 early college program at a mutually agreed upon location.

191 ~~(5)(6)~~ The early college ~~collegiate high school~~ program
 192 shall be funded pursuant to ss. 1007.271 and 1011.62. The State
 193 Board of Education shall enforce compliance with this section by
 194 withholding the transfer of funds for the school districts and
 195 the Florida College System institutions in accordance with s.
 196 1008.32.

197 (6) By November 30, 2021, and annually thereafter, the
 198 commissioner must report to the Governor, the President of the
 199 Senate, and the Speaker of the House of Representatives the
 200 status of early college programs, including, at a minimum, a
 201 summary of student enrollment in public and private

Page 7 of 18

22-01672-20

202062__

202 postsecondary institutions and program completion information.

203 Section 3. Paragraphs (i) and (n) of subsection (1) and
 204 subsections (16) and (17) of section 1011.62, Florida Statutes,
 205 are amended to read:

206 1011.62 Funds for operation of schools.—If the annual
 207 allocation from the Florida Education Finance Program to each
 208 district for operation of schools is not determined in the
 209 annual appropriations act or the substantive bill implementing
 210 the annual appropriations act, it shall be determined as
 211 follows:

212 (1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR
 213 OPERATION.—The following procedure shall be followed in
 214 determining the annual allocation to each district for
 215 operation:

216 (i) *Calculation of full-time equivalent membership with*
 217 *respect to dual enrollment instruction.—*

218 1. Full-time equivalent students.—Students enrolled in dual
 219 enrollment instruction pursuant to s. 1007.271 may be included
 220 in calculations of full-time equivalent student memberships for
 221 basic programs for grades 9 through 12 by a district school
 222 board. Instructional time for dual enrollment may vary from 900
 223 hours; however, the full-time equivalent student membership
 224 value shall be subject to the provisions in s. 1011.61(4). Dual
 225 enrollment full-time equivalent student membership shall be
 226 calculated in an amount equal to the hours of instruction that
 227 would be necessary to earn the full-time equivalent student
 228 membership for an equivalent course if it were taught in the
 229 school district. Students in dual enrollment courses may also be
 230 calculated as the proportional shares of full-time equivalent

Page 8 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

231 enrollments they generate for a Florida College System
 232 institution or university conducting the dual enrollment
 233 instruction. Early admission students shall be considered dual
 234 enrollments for funding purposes. Students may be enrolled in
 235 dual enrollment instruction provided by an eligible independent
 236 college or university and may be included in calculations of
 237 full-time equivalent student memberships for basic programs for
 238 grades 9 through 12 by a district school board. However, those
 239 provisions of law which exempt dual enrolled and early admission
 240 students from payment of instructional materials and tuition and
 241 fees, including laboratory fees, shall not apply to students who
 242 select the option of enrolling in an eligible independent
 243 institution. An independent college or university, which is not
 244 for profit, is accredited by a regional or national accrediting
 245 agency recognized by the United States Department of Education,
 246 and confers degrees as defined in s. 1005.02 shall be eligible
 247 for inclusion in the dual enrollment or early admission program.
 248 Students enrolled in dual enrollment instruction shall be exempt
 249 from the payment of tuition and fees, including laboratory fees.
 250 No student enrolled in college credit mathematics or English
 251 dual enrollment instruction shall be funded as a dual enrollment
 252 unless the student has successfully completed the relevant
 253 section of the entry-level examination required pursuant to s.
 254 1008.30.

255 2. Additional full-time equivalent student membership.—For
 256 students enrolled in an early college program, pursuant to s.
 257 1007.273, a value of 0.16 full-time equivalent student
 258 membership shall be calculated for each student who completes a
 259 general education core course through the dual enrollment

Page 9 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

260 program with a grade of "C" or better. For students who are not
 261 enrolled in an early college program, a value of 0.08 full-time
 262 equivalent student membership shall be calculated for each
 263 student who completes a general education core course through
 264 the dual enrollment program with a grade of "C" or better. In
 265 addition, a value of 0.3 full-time equivalent student membership
 266 shall be calculated for any student who receives an associate
 267 degree through the dual enrollment program with a 3.0 grade
 268 point average or better. This value shall be added to the total
 269 full-time equivalent student membership in basic programs for
 270 grades 9 through 12 in the subsequent fiscal year. This section
 271 shall be effective for credit earned by dually enrolled students
 272 for courses taken in the 2020-2021 school year and each school
 273 year thereafter. If the associate degree pursuant to this
 274 paragraph is earned in 2020-2021 following completion of courses
 275 taken in the 2020-2021 school year, then courses taken towards
 276 the degree as part of the dual enrollment program prior to 2020-
 277 2021 may not preclude eligibility for the 0.3 additional full-
 278 time equivalent student membership bonus. Each school district
 279 shall allocate at least 50 percent of the funds received from
 280 the dual enrollment bonus FTE funding, in accordance with this
 281 paragraph, to the schools that generated the funds to support
 282 student academic guidance and postsecondary readiness.

283 3. Qualifying courses.—For the purposes of this paragraph,
 284 general education core courses are those that are identified in
 285 rule by the State Board of Education and in regulation by the
 286 Board of Governors pursuant to s. 1007.25(3).

287 (n) Calculation of additional full-time equivalent
 288 membership based on college board advanced placement scores of

Page 10 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

289 students and earning College Board Advanced Placement Capstone
 290 Diplomas.—A value of 0.16 full-time equivalent student
 291 membership shall be calculated for each student in each advanced
 292 placement course who receives a score of 3 or higher on the
 293 College Board Advanced Placement Examination for the prior year
 294 and added to the total full-time equivalent student membership
 295 in basic programs for grades 9 through 12 in the subsequent
 296 fiscal year. A value of 0.3 full-time equivalent student
 297 membership shall be calculated for each student who receives a
 298 College Board Advanced Placement Capstone Diploma and meets the
 299 requirements for a standard high school diploma under s.
 300 1003.4282. This value shall be added to the total full-time
 301 equivalent student membership in basic programs for grades 9
 302 through 12 in the subsequent fiscal year. Each district must
 303 allocate at least 80 percent of the funds provided to the
 304 district for advanced placement instruction, in accordance with
 305 this paragraph, to the high school that generates the funds. The
 306 school district shall distribute to each classroom teacher who
 307 provided advanced placement instruction:

308 1. A bonus in the amount of \$50 for each student taught by
 309 the Advanced Placement teacher in each advanced placement course
 310 who receives a score of 3 or higher on the College Board
 311 Advanced Placement Examination.

312 2. An additional bonus of \$500 to each Advanced Placement
 313 teacher in a school designated with a grade of "D" or "F" who
 314 has at least one student scoring 3 or higher on the College
 315 Board Advanced Placement Examination, regardless of the number
 316 of classes taught or of the number of students scoring a 3 or
 317 higher on the College Board Advanced Placement Examination.

Page 11 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

318
 319 Bonuses awarded under this paragraph shall be in addition to any
 320 regular wage or other bonus the teacher received or is scheduled
 321 to receive. For such courses, the teacher shall earn an
 322 additional bonus of \$50 for each student who has a qualifying
 323 score.

324 (16) MENTAL HEALTH ASSISTANCE ALLOCATION.—The mental health
 325 assistance allocation is created to provide funding to assist
 326 school districts in establishing or expanding school-based
 327 mental health care; train educators and other school staff in
 328 detecting and responding to mental health issues; and connect
 329 children, youth, and families who may experience behavioral
 330 health issues with appropriate services. These funds shall be
 331 allocated annually in the General Appropriations Act or other
 332 law to each eligible school district. Each school district shall
 333 receive a minimum of \$100,000, with the remaining balance
 334 allocated based on each school district's proportionate share of
 335 the state's total unweighted full-time equivalent student
 336 enrollment. Charter schools that submit a plan separate from the
 337 school district are entitled to a proportionate share of
 338 district funding. The allocated funds may not supplant funds
 339 that are provided for this purpose from other operating funds
 340 and may not be used to increase salaries or provide bonuses.
 341 School districts are encouraged to maximize third-party health
 342 insurance benefits and Medicaid claiming for services, where
 343 appropriate.

344 (a) Before the distribution of the allocation:

345 1. The school district must develop and submit a detailed
 346 plan, which includes the input of school and community

Page 12 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

347 stakeholders and is informed by a needs assessment, outlining
 348 the local program and planned expenditures to the district
 349 school board for approval. This plan must include all district
 350 schools, including charter schools, unless a charter school
 351 elects to submit a plan independently from the school district
 352 pursuant to subparagraph 2.

353 2. A charter school may develop and submit a detailed plan
 354 outlining the local program and planned expenditures to its
 355 governing body for approval. After the plan is approved by the
 356 governing body, it must be provided to the charter school's
 357 sponsor.

358 (b) The plans required under paragraph (a) must be focused
 359 on a multitiered system of supports to deliver evidence-based
 360 mental health care assessment, diagnosis, intervention,
 361 treatment, and recovery services to students with one or more
 362 mental health or co-occurring substance abuse diagnoses and to
 363 students at high risk of such diagnoses. The provision of these
 364 services must be coordinated with a student's primary mental
 365 health care provider and with other mental health providers
 366 involved in the student's care. At a minimum, the plans must
 367 include the following elements:

368 1. Direct employment of school-based mental health services
 369 providers to expand and enhance school-based student services
 370 and to reduce the ratio of students to staff in order to better
 371 align with nationally recommended ratio models. These providers
 372 include, but are not limited to, certified school counselors,
 373 school psychologists, school social workers, and other licensed
 374 mental health professionals. The plan also must identify
 375 strategies to increase the amount of time that school-based

22-01672-20

202062__

376 student services personnel spend providing direct services to
 377 students, which may include the review and revision of district
 378 staffing resource allocations based on school or student mental
 379 health assistance needs.

380 2. Contracts or interagency agreements with one or more
 381 local community behavioral health providers or providers of
 382 Community Action Team services to provide a behavioral health
 383 staff presence and services at district schools. Services may
 384 include, but are not limited to, mental health screenings and
 385 assessments, individual counseling, family counseling, group
 386 counseling, psychiatric or psychological services, trauma-
 387 informed care, mobile crisis services, and behavior
 388 modification. These behavioral health services may be provided
 389 on or off the school campus and may be supplemented by
 390 telehealth.

391 3. Policies and procedures, including contracts with
 392 service providers, which will ensure that students who are
 393 referred to a school-based or community-based mental health
 394 service provider for mental health screening for the
 395 identification of mental health concerns and ensure that the
 396 assessment of students at risk for mental health disorders
 397 occurs within 15 days of referral. School-based mental health
 398 services must be initiated within 15 days after identification
 399 and assessment, and support by community-based mental health
 400 service providers for students who are referred for community-
 401 based mental health services must be initiated within 30 days
 402 after the school or district makes a referral.

403 4. School board mental health policies and procedures,
 404 including the following:

22-01672-20

202062__

- 405 a. Universal supports to promote students' psychological
 406 well-being and ensure safe and supportive school environments;
 407 b. Evidence-based strategies or programs to reduce the
 408 likelihood of at-risk students developing social, emotional, or
 409 behavioral health problems, depression, anxiety disorders,
 410 suicidal tendencies, or substance use disorders.
 411 c. ~~5~~ Strategies to improve the early identification of
 412 social, emotional, or behavioral problems or substance use
 413 disorders, to provide ~~improve the provision of~~ early
 414 intervention services, and to assist students in dealing with
 415 trauma and violence.
 416 d. Policies and procedures for responding to a student with
 417 suicidal ideation, including risk assessment, guidelines for
 418 informing parents of suicide risk, and school board policies for
 419 initiating involuntary examination of students with suicide
 420 ideation.
 421 e. A school crisis response plan that includes prevention,
 422 preparation for, response to, and recovery from a range of
 423 crises. The plan should include establishment of district-level
 424 and school-level crisis response teams, including, but not
 425 limited to, administration and school-based mental health
 426 service providers.
 427 (c) School districts shall submit approved plans, including
 428 approved plans of each charter school in the district, to the
 429 commissioner by August 1 of each fiscal year.
 430 (d) Beginning September 30, 2019, and annually by September
 431 30 thereafter, each school district shall submit to the
 432 Department of Education a report on its program outcomes and
 433 expenditures for the previous fiscal year. The report must

Page 15 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

- 434 reflect program outcomes and expenditures for all charter
 435 schools in the district, including charter schools that
 436 submitted a separate plan. The report must ~~that~~, at a minimum,
 437 must include the number of each of the following:
 438 1. The number of students who receive screenings or
 439 assessments.
 440 2. The number of students who are referred to either
 441 school-based or community-based providers for services or
 442 assistance.
 443 3. The number of students who receive either school-based
 444 or community-based interventions, services, or assistance.
 445 4. The number of school-based and community-based mental
 446 health providers, including licensure type, paid for from funds
 447 provided through the allocation.
 448 5. The number and ratio of school social workers, school
 449 psychologists, and certified school counselors employed by the
 450 district and the total number of licensed mental health
 451 professionals employed directly by the district.
 452 6. ~~5~~ Contract-based collaborative efforts or partnerships
 453 with community mental health programs, agencies, or providers.
 454 (e) The amount of mental health assistance allocation funds
 455 appropriated subsequent to the 2019-2020 fiscal year that are in
 456 excess of the amount appropriated in the 2019-2020 fiscal year
 457 shall be used exclusively to fund additional providers of
 458 school-based mental health services.
 459 (17) FUNDING COMPRESSION ALLOCATION.—The Legislature may
 460 provide an annual funding compression allocation in the General
 461 Appropriations Act. The allocation is created to provide
 462 additional funding to school districts and developmental

Page 16 of 18

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01672-20

202062__

463 research schools whose total funds per FTE in the prior year
 464 were less than the statewide average. Using the most recent
 465 prior year FEEP calculation for each eligible school district,
 466 the total funds per FTE shall be subtracted from the state
 467 average funds per FTE, not including any adjustments made
 468 pursuant to paragraph (19)(b). The resulting funds per FTE
 469 difference, or a portion thereof, as designated in the General
 470 Appropriations Act, shall then be multiplied by the school
 471 district's total unweighted FTE to provide the allocation. If
 472 the calculated funds are greater than the amount included in the
 473 General Appropriations Act, they must be prorated to the
 474 appropriation amount based on each participating school
 475 district's share. ~~This subsection expires July 1, 2020.~~

476 Section 4. Paragraph (c) of subsection (10) of section
 477 1003.4282, Florida Statutes, is amended to read:

478 1003.4282 Requirements for a standard high school diploma.—

479 (10) STUDENTS WITH DISABILITIES.—Beginning with students
 480 entering grade 9 in the 2014-2015 school year, this subsection
 481 applies to a student with a disability.

482 (c) A student with a disability who meets the standard high
 483 school diploma requirements in this section may defer the
 484 receipt of a standard high school diploma if the student:

485 1. Has an individual education plan that prescribes special
 486 education, transition planning, transition services, or related
 487 services through age 21; and

488 2. Is enrolled in accelerated college credit instruction
 489 pursuant to s. 1007.27, industry certification courses that lead
 490 to college credit, an early college ~~a collegiate high school~~
 491 program, courses necessary to satisfy the Scholar designation

202062__

492 requirements, or a structured work-study, internship, or
 493 preapprenticeship program.

494
 495 The State Board of Education shall adopt rules under ss.
 496 120.536(1) and 120.54 to implement this subsection, including
 497 rules that establish the minimum requirements for students
 498 described in this subsection to earn a standard high school
 499 diploma. The State Board of Education shall adopt emergency
 500 rules pursuant to ss. 120.536(1) and 120.54.

501 Section 5. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: PCS/SB 68 (415562)

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Health and Human Services) and Senator Book

SUBJECT: Homelessness

DATE: March 2, 2020

REVISED: _____

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 68 makes a number of changes to chapter 420, Florida Statutes, relating to homelessness, to bring state laws in line with corresponding federal statutes in order to eliminate outdated provisions and allow sources of federal funding matches to be accessed on an expedited basis. The bill adds two members to the Council on Homelessness. Additionally, the bill makes several changes to challenge grants provided by the State Office on Homelessness within the Department of Children and Families (DCF or department) to the local homeless continuums of care (CoC), which are dedicated to preventing and ending homelessness throughout the state. The bill increases the amount of challenge grant funds each CoC lead agency may receive annually from \$500,000 to \$750,000, and requires each CoC lead agency to document the commitment of local government or private organizations to provide matching funds or in-kind support in an amount equal to 25 percent of the grant requested.

The bill will have an insignificant fiscal impact on state government expenditures.

The bill takes effect July 1, 2020.

II. Present Situation:

Housing for Individuals with Lower Incomes

In 1986,¹ the Legislature found that:

- Decent, safe, and sanitary housing for individuals of very low income, low income, and moderate income is a critical need in the state;
- New and rehabilitated housing must be provided at a cost affordable to such persons in order to alleviate this critical need;
- Special programs are needed to stimulate private enterprise to build and rehabilitate housing in order to help eradicate slum conditions and provide housing for very-low-income persons, low-income persons, and moderate-income persons as a matter of public purpose; and
- Public-private partnerships are an essential means of bringing together resources to provide affordable housing.²

As a result of these findings, the Legislature determined that legislation was urgently needed to alleviate crucial problems related to housing shortages for individuals with very low,³ low⁴ and moderate⁵ incomes. In 1986, part VI of ch. 420, F.S., was titled as the “Florida Affordable Care Act of 1986”⁶ and programs and funding mechanisms were created over the years to help remedy low-income housing issues.

State Office on Homelessness

In 2001, the Legislature created the State Office on Homelessness within the Department of Children and Families (DCF) to serve as a central point of contact within state government on homelessness. The State Office on Homelessness is responsible for coordinating resources and programs across all levels of government, and with private providers that serve the homeless. It also manages targeted state grants to support the implementation of local homeless service continuum of care plans.⁷

¹ Chapter 86-192, Laws of Fla.

² Section 420.6015, F.S.

³ “Very-low-income persons” means one or more persons or a family, the total annual adjusted gross household income of which does not exceed 50 percent of the median annual adjusted gross income for households within the state, or 50 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or within the county in which the person or family resides, whichever is greater.

⁴ “Low-income persons” means one or more persons or a family, the total annual adjusted gross household income of which does not exceed 80 percent of the median annual adjusted gross income for households within the state, or 80 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or within the county in which the person or family resides, whichever is greater.

⁵ “Moderate-income persons” means one or more persons or a family, the total annual adjusted gross household income of which is less than 120 percent of the median annual adjusted gross income for households within the state, or 120 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or within the county in which the household is located, whichever is greater.

⁶ Chapter 86-192, Laws of Fla., Part VI, was subsequently renamed the “Affordable Housing Planning and Community Assistance Act” in Chapter 92-317, Laws of Fla.

⁷ Section 420.622(1), F.S.

Council on Homelessness

The inter-agency Council on Homelessness was also created in 2001. The 17-member council is charged with developing recommendations on how to reduce homelessness statewide and advising the State Office on Homelessness.⁸ The council includes:

- The Secretary of the DCF, or his or her designee;
- The Executive Director of the Department of Economic Opportunity, or his or her designee, who shall advise the Council on issues related to rural development;
- The State Surgeon General, or his or her designee;
- The Executive Director of the Department of Veterans' Affairs, or his or her designee;
- The Secretary of the Department of Corrections, or his or her designee;
- The Secretary of the Agency for Health Care Administration, or his or her designee;
- The Commissioner of Education, or his or her designee;
- The Director of CareerSource Florida, Inc., or his or her designee;
- The Executive Director of the Florida Housing Finance Corporation, or his or her designee;
- A representative of the Florida Association of Counties;
- A representative of the Florida League of Cities;
- A representative of the Florida Supportive Housing Coalition;
- A representative of the Florida Coalition for the Homeless; and
- Four members appointed by the Governor.⁹

The council members serve as nonpaid volunteers and are reimbursed only for travel expenses. The council members are appointed to staggered 2-year terms. The council is required to meet at least four times per year.¹⁰

Local Coalitions for the Homeless

The DCF is required to establish local coalitions to plan, network, coordinate, and monitor the delivery of services to the homeless.¹¹ Groups and organizations provided the opportunity to participate in such coalitions include:

- Organizations and agencies providing mental health and substance abuse services;
- County health departments and community health centers;
- Organizations and agencies providing food, shelter, or other services targeted to the homeless;
- Local law enforcement agencies;
- Local workforce development boards;
- County and municipal governments;
- Local public housing authorities;
- Local school districts;
- Local organizations and agencies serving specific subgroups of the homeless population such as veterans, victims of domestic violence, persons with HIV/AIDS, and runaway youth; and

⁸ *Id.*

⁹ Section 420.622, F.S.

¹⁰ *Id.*

¹¹ Section 420.623, F.S.

- Local community-based care alliances.¹²

Continuum of Care

A local coalition serves as the lead agency for the local homeless assistance continuum of care (CoC).¹³ A local CoC is a framework for a comprehensive and seamless array of emergency, transitional, and permanent housing, and services to address the various needs of the homeless and those at risk of homelessness.¹⁴ The purpose of a CoC is to help communities or regions envision, plan, and implement comprehensive and long-term solutions.¹⁵

The DCF interacts with the state's 27 CoCs through the State Office on Homelessness, which serves as the state's central point of contact on homelessness. The State Office on Homelessness has designated local entities to serve as lead agencies for local planning efforts to create homeless assistance CoC systems. The State Office on Homelessness has made these designations in consultation with the local homeless coalitions and the Florida offices of the federal Department of Housing and Urban Development (HUD).

The CoC planning effort is an ongoing process that addresses all subpopulations of the homeless. The development of a local CoC plan is a prerequisite to applying for federal housing grants through HUD. The plan also makes the community eligible to compete for the state's Challenge Grants and Homeless Housing Assistance Grants.¹⁶

Challenge Grants

The State Office on Homelessness is authorized to accept and provide moneys appropriated for Challenge Grants annually to designated lead agencies of homeless assistance CoCs.¹⁷ The State Office on Homelessness may award grants in an amount of up to \$500,000 per lead agency.¹⁸ A lead agency may spend a maximum of 5 percent of its funding on administrative costs. To qualify for the grant, a lead agency must develop and implement a local homeless assistance continuum of care plan for its designated area.¹⁹ There is no dedicated revenue for these grants, which in the past have been funded by the Sadowski State and Local Housing Trust Funds, the General Revenue Fund, and state trust funds.

Pursuant to s. 420.624, F.S., the DCF provides funding for the local homeless assistance CoCs, which serve as the framework for providing an array of emergency, transitional, and permanent housing, and services to address the various needs of homeless persons and persons at risk of becoming homeless.

¹⁷ "Section 420.621(1), F.S., defines "Continuum of Care" to mean the community components needed to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximum self-sufficiency. It includes action steps to end homelessness and prevent a return to homelessness."

¹⁸ Section 420.622, F.S.

¹⁹ *Id.*

In 2017, the Collier homeless coalition used challenge grant funding to help the Shelter for Abused Women & Children with staffing of two case managers who work in outreach and transitional housing, and the remainder of the funds provided emergency rental or utility assistance to nearly 89 adults and 129 children.²⁰ The Volusia/Flagler coalition used challenge grant funding to help lower-income residents pay rent following job losses, car accidents, and other costly expenses.²¹ The Tampa-Hillsborough Homeless Initiative used challenge grant money to establish a financial incentive program for developers, landlords, and property owners, which has successfully reduced homelessness in Hillsborough County.²²

Rapid ReHousing

Rapid ReHousing is a model for providing housing for individuals and families who are homeless. The model places a priority on moving a family or individual experiencing homelessness into permanent housing as quickly as possible, hopefully within 30 days of a client becoming homeless and entering a program. While originally focused primarily on people experiencing homelessness due to short-term financial crises, programs across the country have begun to assist individuals and families who are traditionally perceived as more difficult to serve. This includes people with limited or no income, survivors of domestic violence, and those with substance abuse issues. Although the duration of financial assistance may vary, many programs find that, on average, four to six months of financial assistance is sufficient to stably re-house a household.²³

Since federal funding for rapid re-housing programs first became available in 2008, a number of communities, including Palm Beach County that prioritized rapid re-housing as a response to homelessness, have seen decreases in the amount of time that households spend homeless, less recidivism, and improved permanent housing outcomes relative to other available interventions.²⁴

There are three core components of Rapid ReHousing programs:

- Housing identification services: Households are matched to appropriate and affordable housing in the community.
- Financial assistance for housing related expenses: Time-limited financial assistance is provided to get individuals and families back on their feet.
- Case management services: Case management services are provided to help households address barriers that prevent access to or stable housing.²⁵

While all three components are found in effective rapid rehousing programs, there are instances where the components are provided by different entities or agencies, or where a household does

²⁴ *Id.*

²⁵ *Id.*

not utilize all three.²⁶ A key element of rapid rehousing is the “Housing First” philosophy, which offers housing without preconditions such as employment, income, lack of a criminal background, or sobriety. If issues such as these need to be addressed, the household can address them most effectively once they are in housing.²⁷

III. Effect of Proposed Changes:

Section 1 amends s. 420.621, F.S., modifying the definition of ‘continuum of care’ to mean a group organized to carry out responsibilities imposed under ch. 420, F.S., to coordinate, plan, and pursue ending homelessness in a designated catchment area. The bill provides that a CoC should be comprised of local community organizations to the extent that they are represented within the catchment area and available to participate.

The bill defines ‘continuum of care lead agency’ or ‘continuum of care collaborative applicant’ as the organization designated by a CoC pursuant to s. 420.6225, F.S.

The bill also redefines ‘homeless’ to mean either:

- An individual or family who lacks a fixed, regular, and adequate nighttime residence as defined under ‘homeless’ in federal statute; or
- An individual or family who will immediately lose their primary nighttime residence as defined under ‘homeless’ in federal statute.

Section 2 amends s. 420.622, F.S., adding to the Council on Homelessness the Secretary of the Department of Elder Affairs, or his or her designee; and a representative of the Florida Housing Coalition. The bill clarifies that only the members appointed by the Governor are to serve staggered 2-year terms and encourages the Governor to appoint individuals that have experience in administering or providing resources, services, or housing that address the needs of persons experiencing homelessness.

The bill replaces the term ‘regionally developed plans’ with the term ‘local continuum of care plans’ to bring state law in line with federal law. The bill also requires the State Office on Homelessness to collect, maintain, and make available information concerning persons who are homeless, including summary demographics information drawn from the local continuum of care Homeless Management Information System or the annual Point-In-Time Count and the local continuum of care Housing Inventory Chart required by HUD. The bill specifies that all entities receiving state funding that provide the council with data on homelessness must provide summary aggregated data, and no individual identifying information. The bill replaces in statute all instances of the term ‘local homeless continuum of care’ and ‘local homeless assistance coalition’ with ‘continuum of care.’

The bill revises the goals of the State Office on Homelessness to promote a federal policy agenda that is responsive to the needs of those who are homeless or at risk of homelessness, rather than only the current homeless population. The bill modifies policy objectives to reflect an emphasis on ending homelessness in the state, as opposed to meeting the needs of the homeless.

²⁶ *Id.*

²⁷ The Florida Legislature expressed the intent to encourage homeless continuums of care to adopt the Housing First approach to ending homelessness for individuals and families in 2009. See s. 420.6275, F.S.

The bill increases the maximum amount of challenge grant awards available to each CoC lead agency from \$500,000 to \$750,000, and requires each lead agency to document in writing the commitment of local government or private organizations to provide matching funds or in-kind support in an amount equal to 25 percent of the grant requested. Grant applicants will be ranked competitively based on criteria determined by the State Office on Homelessness. Challenge grant funding for Fiscal Year 2019-2020 was \$3.2 million in recurring funds from the General Revenue Fund.²⁸

The bill changes the requirement that projects reserve for a minimum of 20 years rather than 10 years, the number of housing units acquired, constructed, or rehabilitated through homeless housing assistance grant funds.

The bill also increases the cap on administrative costs for the State Office on Homelessness, and CoC lead agencies who administer the grant to 10 percent.

Section 3 creates s. 420.6225, F.S., to provide that the purpose of a CoC is to coordinate community efforts to prevent and end homelessness in its catchment area. The bill requires each CoC to designate a collaborative applicant that is responsible for submitting a CoC funding application for the designated catchment area to HUD. The bill provides that the collaborative applicant shall serve as the point of contact to the State Office on Homelessness. The bill also requires the State Office on Homelessness to designate and revise as necessary CoC catchment areas, which must be consistent with the catchment areas recognized by HUD. The bill requires the State Office on Homelessness to recognize only one CoC lead agency for each catchment area.

The bill requires each CoC to create a ‘continuum of care plan,’ that includes outreach to unsheltered individuals and families, a coordinated entry system for services, identification of emergency shelters, identification of permanent supportive housing, Rapid ReHousing as specified in ch. 420, F.S., and an ongoing planning mechanism to end homelessness for all populations of persons experiencing homelessness.

The bill also requires CoCs to promote participation by all interested individuals and organizations and may not exclude anyone on the basis of race, color, national origin, sex, handicap, familial status, or religion. The bill also provides for coordination of these individuals and organizations, to the extent possible, with other mainstream health and social services.

Section 4 creates s. 420.6227, F.S., to align the state grant-in-aid program language and requirements²⁹ with federal laws pertaining to homelessness³⁰, which will allow the state to apply for federal matching dollars more efficiently. The bill replaces references to ‘local agencies’ with references to ‘continuums of care’.

Section 5 repeals s. 420.623, F.S., relating to local coalitions for the homeless.

²⁸ Specific Appropriation 346 s. 3, Chapter 2019-115, Laws of Fla.

²⁹ Section 420.625, F.S.

³⁰ See 24 C.F.R. § 576, 24 C.F.R. § 578, 42 U.S.C. § 11383, and 42 U.S.C. § 11360.

Section 6 repeals s. 420.624, F.S., relating to local homeless assistance continuums of care.

Section 7 repeals s. 420.625, F.S., relating to the grant-in-aid program.

Section 8 amends s. 420.626, F.S., making technical revisions to discharge guidelines for homelessness facilities and institutions.

Section 9 amends s. 420.6265, F.S., to revise legislative intent with respect to the Rapid ReHousing strategy. The bill expands legislative intent to provide that Rapid ReHousing is a cost effective approach to ending homelessness and is proven to be more cost effective than alternative approaches. The approach uses temporary financial assistance to quickly move families and individuals into permanent housing and help them remain housed using housing stabilization support services.

Section 10 amends s. 420.6275, F.S., to revise legislative intent with respect to the Housing First methodology. The bill provides findings that the Housing First strategy is a cost effective approach to ending homelessness and reducing the length of time individuals or families are homeless. The bill also provides legislative intent to emphasize maintaining stable housing under the housing first approach.

Section 11 amends s. 420.507, F.S., to correct two cross references.

Section 12 provides an effective date of July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

PCS/SB 68 will have an insignificant fiscal impact on state government expenditures.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 420.621, 420.622, 420.626, 420.6265, 420.6275, and 420.507.

This bill creates the following sections of the Florida Statutes: 420.6225 and 420.6227.

This bill repeals the following sections of the Florida Statutes: 420.623, 420.624, and 420.625.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriations Subcommittee on Health and Human Services on February 13, 2020:

The committee substitute removes the requirement that \$10 million of all documentary stamp tax money, collected annually by the state, be dedicated to funding the Grants and Donations Trust Fund, within the Department of Children and Families, for the challenge grant program.

B. Amendments:

None.

415562

576-03623-20

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Health and Human Services)

A bill to be entitled

An act relating to homelessness; amending s. 420.621, F.S.; revising, adding, and deleting defined terms; amending s. 420.622, F.S.; expanding the membership of the Council on Homelessness to include a representative of the Florida Housing Coalition and the Secretary of the Department of Elderly Affairs or his or her designee; providing that the Governor is encouraged to appoint council members who have certain experience; revising the duties of the State Office on Homelessness; revising requirements for the state's homeless programs; requiring entities that receive state funding to provide summary aggregated data to assist the council in providing certain information; removing the requirement that the office have the concurrence of the council to accept and administer moneys appropriated to it to provide certain annual challenge grants to continuums of care lead agencies; increasing the maximum amount of grant awards per continuum of care lead agency; conforming provisions to changes made by the act; revising requirements for the use of grant funds by continuum of care lead agencies; revising preference criteria for certain grants; increasing the maximum percentage of its funding which a continuum of care lead agency may spend on administrative costs; requiring such agencies to submit a final report to the Department of Children

415562

576-03623-20

and Families documenting certain outcomes achieved by grant-funded programs; removing the requirement that the office have the concurrence of the council to administer moneys given to it to provide homeless housing assistance grants annually to certain continuum of care lead agencies to acquire, construct, or rehabilitate permanent housing units for homeless persons; conforming a provision to changes made by the act; requiring grant applicants to be ranked competitively based on criteria determined by the office; deleting preference requirements; increasing the minimum number of years for which projects must reserve certain units acquired, constructed, or rehabilitated; increasing the maximum percentage of funds the office and each applicant may spend on administrative costs; revising certain performance measure requirements; authorizing, instead of requiring, the Department of Children and Families, with input from the council, to adopt rules relating to certain grants and related issues; revising requirements for an annual report the council must submit to the Governor, Legislature, and Secretary of Children and Families; authorizing the office to administer moneys appropriated to it for distribution among certain designated continuum of care lead agencies and entities; creating s. 420.6225, F.S.; specifying the purposes of a continuum of care; requiring each continuum of care, pursuant to federal law, to designate a collaborative applicant that is

415562

576-03623-20

57 responsible for submitting the continuum of care
58 funding application for the designated catchment area
59 to the United States Department of Housing and Urban
60 Development; providing requirements for such
61 designated collaborative applicants; authorizing the
62 applicant to be referred to as the continuum of care
63 lead agency; providing requirements for the office for
64 the purpose of awarding certain federal funding for
65 continuum of care programs; requiring that each
66 continuum of care create a continuum of care plan for
67 specified purposes; specifying requirements for such
68 plans; requiring continuums of care to promote
69 participation by all interested individuals and
70 organizations, subject to certain requirements;
71 creating s. 420.6227, F.S.; providing legislative
72 findings and program purpose; establishing a grant-in-
73 aid program to help continuums of care prevent and end
74 homelessness, which may include any aspect of the
75 local continuum of care plan; requiring continuums of
76 care to submit an application for grant-in-aid funds
77 to the office for review; requiring the office to
78 develop guidelines for the development, evaluation,
79 and approval of spending plans; requiring grant-in-aid
80 funds for continuums of care to be administered by the
81 office and awarded on a competitive basis; requiring
82 the office to distribute such funds to local agencies
83 to fund programs that are required by the local
84 continuum of care plan, based on certain
85 recommendations; limiting the percentage of the total

415562

576-03623-20

86 state funds awarded under a spending plan which may be
87 used by the continuum of care lead agency for staffing
88 and administrative expenditures; requiring entities
89 that contract with local agencies to provide services
90 and that receive certain financial assistance to
91 provide a specified minimum percentage of the funding
92 necessary for the support of project operations;
93 authorizing in-kind contributions to be evaluated and
94 counted as part or all of the required local funding,
95 at the discretion of the office; repealing s. 420.623,
96 F.S., relating to local coalitions for the homeless;
97 repealing s. 420.624, F.S., relating to local homeless
98 assistance continuums of care; repealing s. 420.625,
99 F.S., relating to a grant-in-aid program; amending s.
100 420.626, F.S.; revising procedures that certain
101 facilities and institutions are encouraged to develop
102 and implement to reduce the discharge of persons into
103 homelessness when such persons are admitted to or
104 housed for a specified period at such facilities or
105 institutions; amending s. 420.6265, F.S.; revising
106 legislative findings and intent for Rapid ReHousing;
107 revising the Rapid ReHousing methodology; amending s.
108 420.6275, F.S.; revising legislative findings relating
109 to Housing First; revising the Housing First
110 methodology to reflect current practice; amending s.
111 420.507, F.S.; conforming cross-references; providing
112 an effective date.

Section 1. Section 420.621, Florida Statutes, is amended to read:

420.621 Definitions.—As used in ss. 420.621-420.628, the term:

(1) "Continuum of care" means the group organized to carry out the responsibilities imposed under ss. 420.621-420.628 to coordinate, plan, and pursue ending homelessness in a designated catchment area. The group is composed of representatives from certain organizations, including, but not limited to, nonprofit homeless providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, hospitals, universities, affordable housing developers, law enforcement, organizations that serve homeless and formerly homeless veterans, and organizations that serve other homeless and formerly homeless persons, to the extent that these organizations are represented within the designated catchment area and are available to participate the community components needed to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximum self-sufficiency. It includes action steps to end homelessness and prevent a return to homelessness.

(2) "Continuum of care lead agency" or "continuum of care collaborative applicant" means the organization designated by a continuum of care pursuant to s. 420.6225.

~~(3)~~(2) "Council on Homelessness" means the council created in s. 420.622.

~~(4)~~(3) "Department" means the Department of Children and Families.

~~(4) "District" means a service district of the department, as set forth in s. 20.19.~~

(5) "Homeless," means an individual who or a family that:
(a) Lacks a fixed, regular, and adequate nighttime residence, as defined under "homeless" in 24 C.F.R. 578.3; or

(b) Will imminently lose his, her, or its primary nighttime residence, as defined under "homeless" in 24 C.F.R. 578.3

applied to an individual, or "individual experiencing homelessness" means an individual who lacks a fixed, regular, and adequate nighttime residence and includes an individual who:

(a) Is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;

(b) Is living in a motel, hotel, travel trailer park, or camping ground due to a lack of alternative adequate accommodations;

(c) Is living in an emergency or transitional shelter;

(d) Has a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;

(e) Is living in a car, park, public space, abandoned building, bus or train station, or similar setting; or

(f) Is a migratory individual who qualifies as homeless because he or she is living in circumstances described in paragraphs (a) - (e).

The terms do not refer to an individual imprisoned pursuant to state or federal law or to individuals or families who are

415562

576-03623-20

173 ~~sharing housing due to cultural preferences, voluntary~~
174 ~~arrangements, or traditional networks of support. The terms~~
175 ~~include an individual who has been released from jail, prison,~~
176 ~~the juvenile justice system, the child welfare system, a mental~~
177 ~~health and developmental disability facility, a residential~~
178 ~~addiction treatment program, or a hospital, for whom no~~
179 ~~subsequent residence has been identified, and who lacks the~~
180 ~~resources and support network to obtain housing.~~

181 (6) "Local coalition for the homeless" means a coalition
182 established pursuant to s. 420.623.

183 (7) "New and temporary homeless" means individuals or
184 families who are homeless due to societal factors.

185 (6)(8) "State Office on Homelessness" means the state
186 office created in s. 420.622.

187 Section 2. Section 420.622, Florida Statutes, is amended to
188 read:

189 420.622 State Office on Homelessness; Council on
190 Homelessness.—

191 (1) The State Office on Homelessness is created within the
192 Department of Children and Families to provide interagency,
193 council, and other related coordination on issues relating to
194 homelessness.

195 (2) The Council on Homelessness is created to consist of 19
196 ~~members 17 representatives of public and private agencies~~ who
197 shall develop policy and advise the State Office on
198 Homelessness. The council is composed of the following members
199 ~~shall be:~~ the Secretary of Children and Families, or his or her
200 designee; the executive director of the Department of Economic
201 Opportunity, or his or her designee, who shall advise the

415562

576-03623-20

202 council on issues related to rural development; the State
203 Surgeon General, or his or her designee; the Executive Director
204 of Veterans' Affairs, or his or her designee; the Secretary of
205 Corrections, or his or her designee; the Secretary of Health
206 Care Administration, or his or her designee; the Commissioner of
207 Education, or his or her designee; the Director of CareerSource
208 Florida, Inc., or his or her designee; the Executive Director of
209 the Florida Housing Finance Corporation, or his or her designee;
210 the Secretary of the Department of Elderly Affairs, or his or
211 her designee; one representative of the Florida Association of
212 Counties; one representative of the Florida League of Cities;
213 one representative of the Florida Supportive Housing Coalition;
214 one representative of the Florida Coalition for the Homeless;
215 one representative of the Florida Housing Coalition ~~the~~
216 ~~Executive Director of the Florida Housing Finance Corporation,~~
217 ~~or his or her designee; one representative of the Florida~~
218 ~~Coalition for the Homeless;~~ and four members appointed by the
219 Governor, who is encouraged to appoint members who have
220 experience in the administration or the provision of resources
221 or services that address, or of housing that addresses, the
222 needs of persons experiencing homelessness. The council members
223 shall be nonpaid volunteers and shall be reimbursed only for
224 travel expenses. The ~~appointed~~ members of the council appointed
225 by the Governor shall be appointed to staggered 2-year terms,
226 ~~and~~ The council shall meet at least four times per year. The
227 importance of minority, gender, and geographic representation
228 must shall be considered in appointing members to the council.

229 (3) The State Office on Homelessness, pursuant to the
230 policies set by the council and subject to the availability of

415562

576-03623-20

231 funding, shall:

232 (a) Coordinate among state, local, and private agencies and
233 providers to produce a statewide consolidated inventory ~~of for~~
234 the state's ~~entire system of~~ homeless programs, including local
235 continuum of care plans which incorporates regionally developed
236 plans. Such programs include, but are not limited to:

237 1. Programs authorized under the McKinney-Vento Homeless
238 Assistance Stewart B. McKinney Homeless Assistance Act of 1987,
239 as amended by the Homeless Emergency Assistance and Rapid
240 Transition to Housing (HEARTH) Act of 2009, 42 U.S.C. ss. 11302
241 ss. 11371 et seq., and carried out under funds awarded to this
242 state; and

243 2. Programs, components thereof, or activities that assist
244 persons who are homeless or at risk for homelessness.

245 (b) Collect, maintain, and make available information
246 concerning persons who are homeless ~~or at risk for homelessness,~~
247 including summary demographic demographics information drawn
248 from the local continuum of care Homeless Management Information
249 System or the annual Point-in-Time Count and the local continuum
250 of care Housing Inventory Chart required by the Department of
251 Housing and Urban Development, current services and resources
252 available, the cost and availability of services and programs,
253 and the met and unmet needs of this population. To assist the
254 council in providing this information, all entities that receive
255 state funding must provide the council with summary aggregated
256 access to all data they maintain in summary form, which may not
257 include with no individual identifying information, to assist
258 the council in providing this information. The State Office on
259 Homelessness, in consultation with the designated lead agencies

415562

576-03623-20

260 for a ~~local homeless~~ continuum of care and with the Council on
261 Homelessness, shall develop a process by which summary data is
262 collected the system and process of data collection from all
263 lead agencies for the purpose of analyzing trends and assessing
264 impacts in the ~~statewide homeless delivery system~~ for delivering
265 services to the homeless. Any statewide homelessness survey and
266 database system must comply with all state and federal statutory
267 and regulatory confidentiality requirements.

268 (c) Annually evaluate state and continuum of care programs
269 ~~local services and resources~~ and develop a consolidated plan for
270 addressing the needs of the homeless or those at risk for
271 homelessness.

272 (d) Explore, compile, and disseminate information regarding
273 public and private funding sources for state and local programs
274 serving the homeless and provide technical assistance in
275 applying for such funding.

276 (e) Monitor and provide recommendations for coordinating
277 the activities and programs of continuums of care local
278 ~~coalitions for the homeless~~ and promote the effectiveness of
279 programs to prevent and end homelessness in the state addressing
280 ~~the needs of the homeless.~~

281 (f) Provide technical assistance to facilitate efforts to
282 support and strengthen establish, maintain, and expand local
283 ~~homeless assistance~~ continuums of care.

284 (g) Develop and assist in the coordination of policies and
285 procedures relating to the discharge or transfer from the care
286 or custody of state-supported or state-regulated entities
287 persons who are homeless or at risk for homelessness.

288 (h) Spearhead outreach efforts for maximizing access by

415562

576-03623-20

289 people who are homeless or at risk for homelessness to state and
290 federal programs and resources.

291 (i) Promote a federal policy agenda that is responsive to
292 the needs of those who are homeless or at risk of homelessness
293 ~~the homeless population~~ in this state.

294 (j) Review reports on continuum of care performance
295 measures and Develop outcome and accountability measures and
296 ~~promote and~~ use such measures to evaluate program effectiveness
297 and make recommendations for improving current practices to work
298 toward ending homelessness in this state in order to best meet
299 the needs of the homeless.

300 (k) Formulate policies and legislative proposals aimed at
301 preventing and ending homelessness in this state to address more
302 ~~effectively the needs of the homeless~~ and coordinate the
303 implementation of state and federal legislative policies.

304 (l) Convene meetings and workshops of state and local
305 agencies, continuum of care local coalitions and programs, and
306 other stakeholders for the purpose of developing and reviewing
307 policies, services, activities, coordination, and funding of
308 efforts to end homelessness meet the needs of the homeless.

309 (m) With the input of the continuum of care, conduct or
310 promote research on the effectiveness of current programs and
311 propose pilot projects aimed at ending homelessness improving
312 services.

313 (n) Serve as an advocate for issues relating to
314 homelessness.

315 (o) Investigate ways to improve access to participation in
316 state funding and other programs for prevention and alleviation
317 of homelessness to faith-based organizations and Collaborate and

415562

576-03623-20

318 coordinate with faith-based organizations, investigate ways to
319 improve such organizations' access to state funding, and
320 investigate ways to improve such organizations' participation in
321 other programs that are intended to prevent and reduce
322 homelessness.

323 (4) The State Office on Homelessness, ~~with the concurrence~~
324 ~~of the Council on Homelessness~~, shall accept and administer
325 moneys appropriated to it to provide annual "challenge grants"
326 to lead agencies of ~~homeless assistance~~ continuums of care
327 designated by the State Office on Homelessness pursuant to s.
328 420.6225 s. 420.624. The department shall establish varying
329 levels of grant awards up to \$750,000 \$500,000 per continuum of
330 care lead agency. The department, in consultation with the
331 Council on Homelessness, shall specify a grant award level in
332 the notice of the solicitation of grant applications.

333 (a) To qualify for a the grant, a continuum of care lead
334 agency must develop and implement a local homeless assistance
335 continuum of care plan for its designated catchment area. The
336 services and housing funded through the grant must be
337 implemented through the continuum of care's continuum of care
338 plan must implement a coordinated assessment or central intake
339 entry system as provided in s. 420.6225(4)(b) and must be
340 designed to screen, assess, and refer persons seeking assistance
341 to the appropriate housing intervention and service provider.
342 The continuum of care lead agency shall also document the
343 commitment of local government or private organizations to
344 provide matching funds or in-kind support in an amount equal to
345 25 percent of the grant requested. Expenditures of leveraged
346 funds or resources, including third-party cash or in-kind

415562

576-03623-20

347 contributions, ~~may be made are authorized~~ only for eligible
348 activities ~~carried out in connection with a committed on one~~
349 project. ~~Such funds or resources may which have~~ not ~~have~~ been
350 used as leverage or match for any other project or program. ~~The~~
351 ~~expenditures and~~ must be certified through a written commitment.

352 (b) Preference must be given to continuum of care ~~those~~
353 lead agencies that have demonstrated the ability of their
354 continuum of care to help households move out of homelessness
355 ~~provide quality services to homeless persons and the ability to~~
356 ~~leverage federal homeless-assistance funding under the Stewart~~
357 ~~B. McKinney Act with local government funding or private funding~~
358 ~~for the provision of services to homeless persons.~~

359 (c) Preference must be given to lead agencies in catchment
360 areas with the greatest need for the provision of housing and
361 services to the homeless, relative to the population of the
362 catchment area.

363 (c)(d) The grant may be used to fund any of the housing,
364 program, or service needs included in the local ~~homeless~~
365 ~~assistance~~ continuum of care plan. The continuum of care lead
366 agency may allocate the grant to programs, services, or housing
367 providers that implement the local ~~homeless assistance~~ continuum
368 ~~of~~ care plan. The lead agency may provide subgrants to a local
369 agency to implement programs or services or provide housing
370 identified for funding in the lead agency's application to the
371 department. A lead agency may spend a maximum of 10 ~~8~~ percent of
372 its funding on administrative costs.

373 (d)(e) The continuum of care lead agency shall submit a
374 final report to the department documenting the outcomes achieved
375 by the grant-funded programs ~~grant~~ in enabling persons who are

415562

576-03623-20

376 homeless to return to permanent housing, thereby ending such
377 person's episode of homelessness.

378 (5) The State Office on Homelessness, ~~with the concurrence~~
379 ~~of the Council on Homelessness,~~ may administer moneys given
380 ~~appropriated~~ to it to provide homeless housing assistance grants
381 annually to continuum of care lead agencies ~~for local homeless~~
382 ~~assistance continuum of care,~~ as recognized by the State Office
383 on Homelessness, to acquire, construct, or rehabilitate
384 ~~transitional or~~ permanent housing units for homeless persons.
385 These moneys shall consist of any sums that the state may
386 appropriate, as well as money received from donations, gifts,
387 bequests, or otherwise from any public or private source, which
388 are intended to acquire, construct, or rehabilitate ~~transitional~~
389 ~~or~~ permanent housing units for homeless persons.

390 (a) Grant applicants shall be ranked competitively based on
391 criteria determined by the State Office on Homelessness.
392 ~~Preference must be given to applicants who leverage additional~~
393 ~~private funds and public funds, particularly federal funds~~
394 ~~designated for the acquisition, construction, or rehabilitation~~
395 ~~of transitional or permanent housing for homeless persons; who~~
396 ~~acquire, build, or rehabilitate the greatest number of units; or~~
397 ~~who acquire, build, or rehabilitate in catchment areas having~~
398 ~~the greatest need for housing for the homeless relative to the~~
399 ~~population of the catchment area.~~

400 (b) Funding for any particular project may not exceed
401 \$750,000.

402 (c) Projects must reserve, for a minimum of 20 ~~10~~ years,
403 the number of units acquired, constructed, or rehabilitated
404 through homeless housing assistance grant funding to serve

415562

576-03623-20

405 persons who are homeless at the time they assume tenancy.
406 (d) No more than two grants may be awarded annually in any
407 given ~~local homeless assistance~~ continuum of care catchment
408 area.
409 (e) A project may not be funded which is not included in
410 the local ~~homeless assistance~~ continuum of care plan, as
411 recognized by the State Office on Homelessness, for the
412 catchment area in which the project is located.
413 (f) The maximum percentage of funds that the State Office
414 on Homelessness and each applicant may spend on administrative
415 costs is 10 ~~5~~ percent.
416 (6) The State Office on Homelessness, in conjunction with
417 the Council on Homelessness, shall establish performance
418 measures related to state funding provided through the State
419 Office on Homelessness and shall utilize those grant-related
420 measures to and specific objectives by which it may evaluate the
421 performance and outcomes of continuum of care lead agencies that
422 receive state grant funds. Challenge Grants made through the
423 State Office on Homelessness shall be distributed to lead
424 agencies based on their overall performance and their
425 achievement of specified objectives. Each lead agency for which
426 grants are made under this section shall provide the State
427 Office on Homelessness a thorough evaluation of the
428 effectiveness of the program in achieving its stated purpose. In
429 evaluating the performance of the lead agencies, the State
430 Office on Homelessness shall base its criteria upon the program
431 objectives, goals, and priorities that were set forth by the
432 lead agencies in their proposals for funding. Such criteria may
433 include, but are not limited to, the number of persons or

415562

576-03623-20

434 ~~households that are no longer homeless, the rate of recidivism~~
435 ~~to homelessness, and the number of persons who obtain gainful~~
436 ~~employment.~~
437 (7) The State Office on Homelessness shall ~~must~~ monitor the
438 challenge grants and homeless housing assistance grants to
439 ensure proper expenditure of funds and compliance with the
440 conditions of the applicant's contract.
441 (8) The Department of Children and Families, with input
442 from the Council on Homelessness, may ~~must~~ adopt rules relating
443 to the challenge grants and the homeless housing assistance
444 grants and related issues consistent with the purposes of this
445 section.
446 (9) ~~The council shall,~~ By June 30 of each year, the council
447 shall provide to the Governor, the Legislature, and the
448 Secretary of Children and Families a report summarizing the
449 extent of homelessness in the state and the council's
450 recommendations for ending ~~reducing~~ homelessness in this state.
451 (10) The State Office on Homelessness may administer moneys
452 appropriated to it for distribution among the continuum of care
453 lead agencies and entities funded in the 2020-2021 state fiscal
454 year which are designated by the office as local coalitions for
455 the homeless ~~28 local homeless continuums of care designated by~~
456 ~~the Department of Children and Families.~~
457 Section 3. Section 420.6225, Florida Statutes, is created
458 to read:
459 420.6225 Continuum of care.—
460 (1) The purposes of a continuum of care, as defined in s.
461 420.621, are to coordinate community efforts to prevent and end
462 homelessness in its catchment area designated as provided in

415562

576-03623-20

463 subsection (3) and to fulfill the responsibilities set forth in
464 this chapter.

465 (2) Pursuant to the Homeless Emergency Assistance and Rapid
466 Transition to Housing (HEARTH) Act of 2009, each continuum of
467 care is required to designate a collaborative applicant that is
468 responsible for submitting the continuum of care funding
469 application for the designated catchment area to the United
470 States Department of Housing and Urban Development. The
471 continuum of care collaborative applicant shall serve as the
472 continuum of care's point of contact to the State Office on
473 Homelessness, is accountable for representations made in the
474 application, and, in carrying out its responsibilities under
475 this chapter, may be referred to as the continuum of care lead
476 agency.

477 (3) For the purpose of awarding federal homeless assistance
478 funding for continuum of care programs, the State Office on
479 Homelessness shall do both of the following:

480 (a) Designate and, as necessary, revise continuum of care
481 catchment areas, which must be consistent with the continuum of
482 care catchment areas recognized by the United States Department
483 of Housing and Urban Development.

484 (b) Recognize a single continuum of care lead agency for
485 each such catchment area, which must be consistent with the
486 continuum of care collaborative applicant designation recognized
487 by the United States Department of Housing and Urban
488 Development.

489 (4) Each continuum of care shall create a continuum of care
490 plan, the purpose of which is to implement an effective and
491 efficient housing crisis response system to prevent and end

415562

576-03623-20

492 homelessness in the continuum of care catchment area. A
493 continuum of care plan must include all of the following
494 components:

495 (a) Outreach to unsheltered individuals and families to
496 link them with appropriate housing interventions.

497 (b) A coordinated entry system, compliant with the
498 requirements of the Homeless Emergency Assistance and Rapid
499 Transition to Housing (HEARTH) Act of 2009, which is designed to
500 coordinate intake, utilize common assessment tools, prioritize
501 households for housing interventions, and refer households to
502 the appropriate housing intervention.

503 (c) Emergency shelter, designed to provide safe temporary
504 shelter while the household is in the process of obtaining
505 permanent housing.

506 (d) Supportive services, designed to maximize housing
507 stability once the household is in permanent housing.

508 (e) Permanent supportive housing, designed to provide long-
509 term affordable housing and support services to persons with
510 disabilities who are moving out of homelessness.

511 (f) Rapid ReHousing, as specified in s. 420.6265.

512 (g) Permanent housing, including linkages to affordable
513 housing, subsidized housing, long-term rent assistance, housing
514 vouchers, and mainstream private sector housing.

515 (h) An ongoing planning mechanism to end homelessness for
516 all subpopulations of persons experiencing homelessness.

517 (5) Continuums of care must promote participation by all
518 interested individuals and organizations and may not exclude
519 individuals and organizations on the basis of race, color,
520 national origin, sex, handicap, familial status, or religion.

415562

576-03623-20

521 Faith-based organizations, local governments, and persons who
522 have experienced homelessness are encouraged to participate. To
523 the extent possible, these individuals and organizations must be
524 coordinated and integrated with other mainstream health, social
525 services, and employment programs for which homeless populations
526 may be eligible, including, but not limited to, Medicaid, the
527 State Children's Health Insurance Program, the Temporary
528 Assistance for Needy Families Program, the Food Assistance
529 Program, and services funded through the Mental Health and
530 Substance Abuse Block Grant, the Workforce Innovation and
531 Opportunity Act, and the welfare-to-work grant program.

532 Section 4. Section 420.6227, Florida Statutes, is created
533 to read:

534 420.6227 Grant-in-aid program.—

535 (1) LEGISLATIVE FINDINGS.—The Legislature hereby finds and
536 declares that many services for households experiencing
537 homelessness have been provided by local communities through
538 voluntary private agencies and religious organizations and that
539 these resources have not been sufficient to prevent and end
540 homelessness in this state. The Legislature recognizes that the
541 level of need and types of problems associated with homelessness
542 may vary from community to community, due to the diversity and
543 geographic distribution of the homeless population and the
544 resulting differing needs of particular communities.

545 (2) PURPOSE.—The principal purpose of the grant-in-aid
546 program is to provide needed assistance to continuums of care to
547 enable them to do all of the following:

548 (a) Assist persons in their communities who have become, or
549 may likely become, homeless.

415562

576-03623-20

550 (b) Help homeless households move to permanent housing as
551 quickly as possible.

552 (3) ESTABLISHMENT.—There is hereby established a state
553 grant-in-aid program to help continuums of care prevent and end
554 homelessness, which may include any aspect of the local
555 continuum of care plan, as described in s. 420.6225.

556 (4) APPLICATION PROCEDURE.—Continuums of care that intend
557 to apply for the grant-in-aid program must submit an application
558 for grant-in-aid funds to the State Office on Homelessness for
559 review.

560 (5) SPENDING PLANS.—The State Office on Homelessness shall
561 develop guidelines for the development, evaluation, and approval
562 of spending plans that are created by local continuum of care
563 lead agencies.

564 (6) ALLOCATION OF GRANT FUNDS.—The State Office on
565 Homelessness shall administer state grant-in-aid funds for
566 continuums of care, which must be awarded on a competitive
567 basis.

568 (7) DISTRIBUTION TO LOCAL AGENCIES.—The State Office on
569 Homelessness shall distribute funds awarded under subsection (6)
570 to local agencies to fund programs that are required by the
571 local continuum of care plan, as described in s. 420.6225 and
572 that are authorized under subsection (3), based upon the
573 recommendations of the local continuum of care lead agencies, in
574 accordance with spending plans that are developed by the lead
575 agencies and approved by the office. Not more than 10 percent of
576 the total state funds awarded under a spending plan may be used
577 by the continuum of care lead agency for staffing and
578 administrative expenditures.

415562

576-03623-20

579 (8) LOCAL MATCHING FUNDS.—If an entity contracts with local
580 agencies to provide services and receives financial assistance
581 under this section, the entity must provide a minimum of 25
582 percent of the funding necessary for the support of project
583 operations. In-kind contributions, including, but not limited
584 to, materials, commodities, transportation, office space, other
585 types of facilities, or personal services, may be evaluated and
586 counted as part or all of the required local funding, at the
587 discretion of the State Office on Homelessness.

588 Section 5. Section 420.623, Florida Statutes, is repealed.

589 Section 6. Section 420.624, Florida Statutes, is repealed.

590 Section 7. Section 420.625, Florida Statutes, is repealed.

591 Section 8. Subsection (3) of section 420.626, Florida
592 Statutes, is amended, and subsection (2) of that section is
593 republished, to read:

594 420.626 Homelessness; discharge guidelines.—

595 (2) The following facilities and institutions are
596 encouraged to develop and implement procedures designed to
597 reduce the discharge of persons into homelessness when such
598 persons are admitted or housed for more than 24 hours at such
599 facilities or institutions: hospitals and inpatient medical
600 facilities; crisis stabilization units; residential treatment
601 facilities; assisted living facilities; and detoxification
602 centers.

603 (3) The procedures should include all of the following:

604 (a) Development and implementation of a screening process
605 or other mechanism for identifying persons to be discharged from
606 the facility or institution who are at considerable risk for
607 homelessness or face some imminent threat to health and safety

415562

576-03623-20

608 upon discharge.†

609 (b) Development and implementation of a discharge plan
610 addressing how identified persons will secure housing and other
611 needed care and support upon discharge.†

612 (c) ~~Communication with Assessment of the capabilities of~~
613 ~~the entities to whom identified persons may potentially be~~
614 ~~discharged to determine their capability to serve such persons~~
615 ~~and their acceptance of such discharge into their programs, and~~
616 ~~selection of the entity determined to be best equipped to~~
617 ~~provide or facilitate the provision of suitable care and~~
618 ~~support.†~~

619 (d) Coordination of effort and sharing of information with
620 entities that are expected to bear the responsibility for
621 providing care or support to identified persons upon discharge.†
622 ~~and~~

623 (e) Provision of sufficient medication, medical equipment
624 and supplies, clothing, transportation, and other basic
625 resources necessary to assure that the health and well-being of
626 identified persons are not jeopardized upon their discharge.

627 Section 9. Section 420.6265, Florida Statutes, is amended
628 to read:

629 420.6265 Rapid ReHousing.—

630 (1) LEGISLATIVE FINDINGS AND INTENT.—

631 (a) The Legislature finds that Rapid ReHousing is a
632 strategy of using temporary financial assistance ~~and case~~
633 ~~management~~ to quickly move an individual or family out of
634 homelessness and into permanent housing, and using housing
635 stabilization support services to help them remain stably
636 housed.

415562

576-03623-20

637 (b) The Legislature also finds that public and private
638 solutions to homelessness in the past have focused on providing
639 individuals and families who are experiencing homelessness with
640 emergency shelter, transitional housing, or a combination of
641 both. While emergency shelter and transitional housing programs
642 may provide critical access to services for individuals and
643 families in crisis, the programs often fail to address permanent
644 housing their long-term needs and may unnecessarily extend their
645 episodes of homelessness.

646 (c) The Legislature further finds that most households
647 become homeless as a result of a financial crisis that prevents
648 individuals and families from paying rent or a domestic conflict
649 that results in one member being ejected or leaving without
650 resources or a plan for housing.

651 (d) The Legislature further finds that Rapid ReHousing is a
652 cost-effective is an alternative approach to ending homelessness
653 which reduces to the current system of emergency shelter or
654 transitional housing which tends to reduce the length of time
655 that a person is homeless and which is demonstrably more has
656 proven to be cost effective than alternative approaches.

657 (e) It is therefore the intent of the Legislature to
658 encourage ~~homeless~~ continuums of care to adopt the Rapid
659 ReHousing approach to ending preventing homelessness for
660 individuals who and families that ~~who~~ do not require the
661 intensive intense level of supports provided in the permanent
662 supportive housing model.

663 (2) RAPID REHOUSING METHODOLOGY.—

664 (a) The Rapid ReHousing response to homelessness differs
665 from traditional approaches to addressing homelessness by

415562

576-03623-20

666 focusing on each individual's or family's barriers to housing.
667 By using this approach, communities can significantly reduce the
668 amount of time that individuals and families are homeless and
669 prevent further episodes of homelessness.

670 (b) In Rapid ReHousing, when an individual or a family is
671 identified as being homeless, the individual or family is
672 assessed and prioritized for housing through the continuum of
673 care's coordinated entry system, temporary assistance is
674 provided to allow the individual or family to obtain permanent
675 housing as quickly as possible, and necessary, if needed,
676 assistance is provided to allow the individual or family to
677 retain housing.

678 (c) The objective of Rapid ReHousing is to provide
679 assistance for as short a term as possible so that the
680 individual or family receiving assistance attains stability and
681 integration into the community as quickly as possible ~~does not~~
682 ~~develop a dependency on the assistance.~~

683 Section 10. Section 420.6275, Florida Statutes, is amended
684 to read:

685 420.6275 Housing First.—

686 (1) LEGISLATIVE FINDINGS AND INTENT.—

687 (a) The Legislature finds that many communities plan to
688 manage homelessness rather than ~~plan to~~ end it.

689 (b) The Legislature also finds that for nearly most of the
690 ~~past~~ two decades, public and private solutions to homelessness
691 ~~have~~ focused on providing individuals and families who ~~were are~~
692 experiencing homelessness with emergency shelter, transitional
693 housing, or a combination of both. This strategy failed to
694 recognize that, while emergency shelter programs may provide

415562

576-03623-20

695 critical access to services for individuals and families in
696 crisis, they often fail to address their long-term needs.

697 (c) The Legislature further finds that Housing First is a
698 cost-effective an alternative approach to the current system of
699 emergency shelter or transitional housing which tends to ending
700 homelessness and reducing ~~reduce~~ the length of time of
701 homelessness for many individuals and families and has proven to
702 be cost-effective.

703 (d) It is therefore the intent of the Legislature to
704 encourage ~~homeless~~ continuums of care to adopt the Housing First
705 approach to ending homelessness for individuals and families.

706 (2) HOUSING FIRST METHODOLOGY.—

707 (a) The Housing First approach to homelessness provides
708 permanent ~~differs from traditional approaches by providing~~
709 housing assistance, followed by case management, and support
710 services responsive to individual or family needs once after
711 housing is obtained. By using this approach when appropriate,
712 communities can significantly reduce the amount of time that
713 individuals and families are homeless and prevent further
714 episodes of homelessness. Housing First emphasizes that social
715 services provided to enhance individual and family well-being
716 can be more effective when people are in their own home, and:

- 717 1. The housing is not time-limited.
718 2. The housing is not contingent on compliance with
719 services. Instead, participants must comply with a standard
720 lease agreement.

721 3. Individuals and families ~~and~~ are provided with
722 individualized ~~the~~ services and support ~~that are~~ necessary to
723 help them maintain stable housing ~~do so successfully~~.

415562

576-03623-20

724 3. ~~A background check and any rehabilitation necessary to~~
725 ~~combat an addiction related to alcoholism or substance abuse has~~
726 ~~been completed by the individual for whom assistance or support~~
727 ~~services are provided.~~

728 (b) The Housing First approach addresses the societal
729 causes of homelessness and advocates for the immediate return of
730 individuals and families into housing and communities. Housing
731 First links affordable housing with community-based social
732 service and health care organizations ~~Housing First provides a~~
733 ~~critical link between the emergency and transitional housing~~
734 ~~system and community based social service, educational, and~~
735 ~~health care organizations~~ and consists of four components:

- 736 1. Crisis intervention and short-term stabilization.
737 2. Screening, intake, and needs assessment.
738 3. Provision of housing resources.
739 4. Provision of case management.

740 Section 11. Paragraph (d) of subsection (22) of section
741 420.507, Florida Statutes, is amended to read:

742 420.507 Powers of the corporation.—The corporation shall
743 have all the powers necessary or convenient to carry out and
744 effectuate the purposes and provisions of this part, including
745 the following powers which are in addition to all other powers
746 granted by other provisions of this part:

747 (22) To develop and administer the State Apartment
748 Incentive Loan Program. In developing and administering that
749 program, the corporation may:

750 (d) In counties or rural areas of counties that do not have
751 existing units set aside for homeless persons, forgive
752 indebtedness for loans provided to create permanent rental

415562

576-03623-20

753 housing units for persons who are homeless, as defined in s.
754 420.621 ~~s. 420.621(5)~~, or for persons residing in time-limited
755 transitional housing or institutions as a result of a lack of
756 permanent, affordable housing. Such developments must be
757 supported by a ~~local homeless assistance~~ continuum of care
758 developed under s. 420.6225 ~~s. 420.624~~, be developed by
759 nonprofit applicants, be small properties as defined by
760 corporation rule, and be a project in the local housing
761 assistance continuum of care plan recognized by the State Office
762 on Homelessness.

763 Section 12. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 68

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Health and Human Services) and Senator Book

SUBJECT: Homelessness

DATE: March 4, 2020

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 68 makes a number of changes to chapter 420, Florida Statutes, relating to homelessness, to bring state laws in line with corresponding federal statutes in order to eliminate outdated provisions and allow sources of federal funding matches to be accessed on an expedited basis. The bill adds two members to the Council on Homelessness. Additionally, the bill makes several changes to challenge grants provided by the State Office on Homelessness within the Department of Children and Families (DCF or department) to the local homeless continuums of care (CoC), which are dedicated to preventing and ending homelessness throughout the state. The bill increases the amount of challenge grant funds each CoC lead agency may receive annually from \$500,000 to \$750,000, and requires each CoC lead agency to document the commitment of local government or private organizations to provide matching funds or in-kind support in an amount equal to 25 percent of the grant requested.

The bill will have an insignificant fiscal impact on state government expenditures.

The bill takes effect July 1, 2020.

II. Present Situation:

Housing for Individuals with Lower Incomes

In 1986,¹ the Legislature found that:

- Decent, safe, and sanitary housing for individuals of very low income, low income, and moderate income is a critical need in the state;
- New and rehabilitated housing must be provided at a cost affordable to such persons in order to alleviate this critical need;
- Special programs are needed to stimulate private enterprise to build and rehabilitate housing in order to help eradicate slum conditions and provide housing for very-low-income persons, low-income persons, and moderate-income persons as a matter of public purpose; and
- Public-private partnerships are an essential means of bringing together resources to provide affordable housing.²

As a result of these findings, the Legislature determined that legislation was urgently needed to alleviate crucial problems related to housing shortages for individuals with very low,³ low⁴ and moderate⁵ incomes. In 1986, part VI of ch. 420, F.S., was titled as the “Florida Affordable Care Act of 1986”⁶ and programs and funding mechanisms were created over the years to help remedy low-income housing issues.

State Office on Homelessness

In 2001, the Legislature created the State Office on Homelessness within the Department of Children and Families (DCF) to serve as a central point of contact within state government on homelessness. The State Office on Homelessness is responsible for coordinating resources and programs across all levels of government, and with private providers that serve the homeless. It also manages targeted state grants to support the implementation of local homeless service continuum of care plans.⁷

¹ Chapter 86-192, Laws of Fla.

² Section 420.6015, F.S.

³ “Very-low-income persons” means one or more persons or a family, the total annual adjusted gross household income of which does not exceed 50 percent of the median annual adjusted gross income for households within the state, or 50 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or within the county in which the person or family resides, whichever is greater.

⁴ “Low-income persons” means one or more persons or a family, the total annual adjusted gross household income of which does not exceed 80 percent of the median annual adjusted gross income for households within the state, or 80 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or within the county in which the person or family resides, whichever is greater.

⁵ “Moderate-income persons” means one or more persons or a family, the total annual adjusted gross household income of which is less than 120 percent of the median annual adjusted gross income for households within the state, or 120 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or within the county in which the household is located, whichever is greater.

⁶ Chapter 86-192, Laws of Fla., Part VI, was subsequently renamed the “Affordable Housing Planning and Community Assistance Act” in Chapter 92-317, Laws of Fla.

⁷ Section 420.622(1), F.S.

Council on Homelessness

The inter-agency Council on Homelessness was also created in 2001. The 17-member council is charged with developing recommendations on how to reduce homelessness statewide and advising the State Office on Homelessness.⁸ The council includes:

- The Secretary of the DCF, or his or her designee;
- The Executive Director of the Department of Economic Opportunity, or his or her designee, who shall advise the Council on issues related to rural development;
- The State Surgeon General, or his or her designee;
- The Executive Director of the Department of Veterans' Affairs, or his or her designee;
- The Secretary of the Department of Corrections, or his or her designee;
- The Secretary of the Agency for Health Care Administration, or his or her designee;
- The Commissioner of Education, or his or her designee;
- The Director of CareerSource Florida, Inc., or his or her designee;
- The Executive Director of the Florida Housing Finance Corporation, or his or her designee;
- A representative of the Florida Association of Counties;
- A representative of the Florida League of Cities;
- A representative of the Florida Supportive Housing Coalition;
- A representative of the Florida Coalition for the Homeless; and
- Four members appointed by the Governor.⁹

The council members serve as nonpaid volunteers and are reimbursed only for travel expenses. The council members are appointed to staggered 2-year terms. The council is required to meet at least four times per year.¹⁰

Local Coalitions for the Homeless

The DCF is required to establish local coalitions to plan, network, coordinate, and monitor the delivery of services to the homeless.¹¹ Groups and organizations provided the opportunity to participate in such coalitions include:

- Organizations and agencies providing mental health and substance abuse services;
- County health departments and community health centers;
- Organizations and agencies providing food, shelter, or other services targeted to the homeless;
- Local law enforcement agencies;
- Local workforce development boards;
- County and municipal governments;
- Local public housing authorities;
- Local school districts;
- Local organizations and agencies serving specific subgroups of the homeless population such as veterans, victims of domestic violence, persons with HIV/AIDS, and runaway youth; and

⁸ *Id.*

⁹ Section 420.622, F.S.

¹⁰ *Id.*

¹¹ Section 420.623, F.S.

- Local community-based care alliances.¹²

Continuum of Care

A local coalition serves as the lead agency for the local homeless assistance continuum of care (CoC).¹³ A local CoC is a framework for a comprehensive and seamless array of emergency, transitional, and permanent housing, and services to address the various needs of the homeless and those at risk of homelessness.¹⁴ The purpose of a CoC is to help communities or regions envision, plan, and implement comprehensive and long-term solutions.¹⁵

The DCF interacts with the state's 27 CoCs through the State Office on Homelessness, which serves as the state's central point of contact on homelessness. The State Office on Homelessness has designated local entities to serve as lead agencies for local planning efforts to create homeless assistance CoC systems. The State Office on Homelessness has made these designations in consultation with the local homeless coalitions and the Florida offices of the federal Department of Housing and Urban Development (HUD).

The CoC planning effort is an ongoing process that addresses all subpopulations of the homeless. The development of a local CoC plan is a prerequisite to applying for federal housing grants through HUD. The plan also makes the community eligible to compete for the state's Challenge Grants and Homeless Housing Assistance Grants.¹⁶

Challenge Grants

The State Office on Homelessness is authorized to accept and provide moneys appropriated for Challenge Grants annually to designated lead agencies of homeless assistance CoCs.¹⁷ The State Office on Homelessness may award grants in an amount of up to \$500,000 per lead agency.¹⁸ A lead agency may spend a maximum of 5 percent of its funding on administrative costs. To qualify for the grant, a lead agency must develop and implement a local homeless assistance continuum of care plan for its designated area.¹⁹ There is no dedicated revenue for these grants, which in the past have been funded by the Sadowski State and Local Housing Trust Funds, the General Revenue Fund, and state trust funds.

Pursuant to s. 420.624, F.S., the DCF provides funding for the local homeless assistance CoCs, which serve as the framework for providing an array of emergency, transitional, and permanent housing, and services to address the various needs of homeless persons and persons at risk of becoming homeless.

¹⁷ "Section 420.621(1), F.S., defines "Continuum of Care" to mean the community components needed to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximum self-sufficiency. It includes action steps to end homelessness and prevent a return to homelessness."

¹⁸ Section 420.622, F.S.

¹⁹ *Id.*

In 2017, the Collier homeless coalition used challenge grant funding to help the Shelter for Abused Women & Children with staffing of two case managers who work in outreach and transitional housing, and the remainder of the funds provided emergency rental or utility assistance to nearly 89 adults and 129 children.²⁰ The Volusia/Flagler coalition used challenge grant funding to help lower-income residents pay rent following job losses, car accidents, and other costly expenses.²¹ The Tampa-Hillsborough Homeless Initiative used challenge grant money to establish a financial incentive program for developers, landlords, and property owners, which has successfully reduced homelessness in Hillsborough County.²²

Rapid ReHousing

Rapid ReHousing is a model for providing housing for individuals and families who are homeless. The model places a priority on moving a family or individual experiencing homelessness into permanent housing as quickly as possible, hopefully within 30 days of a client becoming homeless and entering a program. While originally focused primarily on people experiencing homelessness due to short-term financial crises, programs across the country have begun to assist individuals and families who are traditionally perceived as more difficult to serve. This includes people with limited or no income, survivors of domestic violence, and those with substance abuse issues. Although the duration of financial assistance may vary, many programs find that, on average, four to six months of financial assistance is sufficient to stably re-house a household.²³

Since federal funding for rapid re-housing programs first became available in 2008, a number of communities, including Palm Beach County that prioritized rapid re-housing as a response to homelessness, have seen decreases in the amount of time that households spend homeless, less recidivism, and improved permanent housing outcomes relative to other available interventions.²⁴

There are three core components of Rapid ReHousing programs:

- Housing identification services: Households are matched to appropriate and affordable housing in the community.
- Financial assistance for housing related expenses: Time-limited financial assistance is provided to get individuals and families back on their feet.
- Case management services: Case management services are provided to help households address barriers that prevent access to or stable housing.²⁵

While all three components are found in effective rapid rehousing programs, there are instances where the components are provided by different entities or agencies, or where a household does

²⁴ *Id.*

²⁵ *Id.*

not utilize all three.²⁶ A key element of rapid rehousing is the “Housing First” philosophy, which offers housing without preconditions such as employment, income, lack of a criminal background, or sobriety. If issues such as these need to be addressed, the household can address them most effectively once they are in housing.²⁷

III. Effect of Proposed Changes:

Section 1 amends s. 420.621, F.S., modifying the definition of ‘continuum of care’ to mean a group organized to carry out responsibilities imposed under ch. 420, F.S., to coordinate, plan, and pursue ending homelessness in a designated catchment area. The bill provides that a CoC should be comprised of local community organizations to the extent that they are represented within the catchment area and available to participate.

The bill defines ‘continuum of care lead agency’ or ‘continuum of care collaborative applicant’ as the organization designated by a CoC pursuant to s. 420.6225, F.S.

The bill also redefines ‘homeless’ to mean either:

- An individual or family who lacks a fixed, regular, and adequate nighttime residence as defined under ‘homeless’ in federal statute; or
- An individual or family who will immediately lose their primary nighttime residence as defined under ‘homeless’ in federal statute.

Section 2 amends s. 420.622, F.S., adding to the Council on Homelessness the Secretary of the Department of Elder Affairs, or his or her designee; and a representative of the Florida Housing Coalition. The bill clarifies that only the members appointed by the Governor are to serve staggered 2-year terms and encourages the Governor to appoint individuals that have experience in administering or providing resources, services, or housing that address the needs of persons experiencing homelessness.

The bill replaces the term ‘regionally developed plans’ with the term ‘local continuum of care plans’ to bring state law in line with federal law. The bill also requires the State Office on Homelessness to collect, maintain, and make available information concerning persons who are homeless, including summary demographics information drawn from the local continuum of care Homeless Management Information System or the annual Point-In-Time Count and the local continuum of care Housing Inventory Chart required by HUD. The bill specifies that all entities receiving state funding that provide the council with data on homelessness must provide summary aggregated data, and no individual identifying information. The bill replaces in statute all instances of the term ‘local homeless continuum of care’ and ‘local homeless assistance coalition’ with ‘continuum of care.’

The bill revises the goals of the State Office on Homelessness to promote a federal policy agenda that is responsive to the needs of those who are homeless or at risk of homelessness, rather than only the current homeless population. The bill modifies policy objectives to reflect an emphasis on ending homelessness in the state, as opposed to meeting the needs of the homeless.

²⁶ *Id.*

²⁷ The Florida Legislature expressed the intent to encourage homeless continuums of care to adopt the Housing First approach to ending homelessness for individuals and families in 2009. See s. 420.6275, F.S.

The bill increases the maximum amount of challenge grant awards available to each CoC lead agency from \$500,000 to \$750,000, and requires each lead agency to document in writing the commitment of local government or private organizations to provide matching funds or in-kind support in an amount equal to 25 percent of the grant requested. Grant applicants will be ranked competitively based on criteria determined by the State Office on Homelessness. Challenge grant funding for Fiscal Year 2019-2020 was \$3.2 million in recurring funds from the General Revenue Fund.²⁸

The bill changes the requirement that projects reserve for a minimum of 20 years rather than 10 years, the number of housing units acquired, constructed, or rehabilitated through homeless housing assistance grant funds.

The bill also increases the cap on administrative costs for the State Office on Homelessness, and CoC lead agencies who administer the grant to 10 percent.

Section 3 creates s. 420.6225, F.S., to provide that the purpose of a CoC is to coordinate community efforts to prevent and end homelessness in its catchment area. The bill requires each CoC to designate a collaborative applicant that is responsible for submitting a CoC funding application for the designated catchment area to HUD. The bill provides that the collaborative applicant shall serve as the point of contact to the State Office on Homelessness. The bill also requires the State Office on Homelessness to designate and revise as necessary CoC catchment areas, which must be consistent with the catchment areas recognized by HUD. The bill requires the State Office on Homelessness to recognize only one CoC lead agency for each catchment area.

The bill requires each CoC to create a ‘continuum of care plan,’ that includes outreach to unsheltered individuals and families, a coordinated entry system for services, identification of emergency shelters, identification of permanent supportive housing, Rapid ReHousing as specified in ch. 420, F.S., and an ongoing planning mechanism to end homelessness for all populations of persons experiencing homelessness.

The bill also requires CoCs to promote participation by all interested individuals and organizations and may not exclude anyone on the basis of race, color, national origin, sex, handicap, familial status, or religion. The bill also provides for coordination of these individuals and organizations, to the extent possible, with other mainstream health and social services.

Section 4 creates s. 420.6227, F.S., to align the state grant-in-aid program language and requirements²⁹ with federal laws pertaining to homelessness³⁰, which will allow the state to apply for federal matching dollars more efficiently. The bill replaces references to ‘local agencies’ with references to ‘continuums of care’.

Section 5 repeals s. 420.623, F.S., relating to local coalitions for the homeless.

²⁸ Specific Appropriation 346 s. 3, Chapter 2019-115, Laws of Fla.

²⁹ Section 420.625, F.S.

³⁰ See 24 C.F.R. § 576, 24 C.F.R. § 578, 42 U.S.C. § 11383, and 42 U.S.C. § 11360.

Section 6 repeals s. 420.624, F.S., relating to local homeless assistance continuums of care.

Section 7 repeals s. 420.625, F.S., relating to the grant-in-aid program.

Section 8 amends s. 420.626, F.S., making technical revisions to discharge guidelines for homelessness facilities and institutions.

Section 9 amends s. 420.6265, F.S., to revise legislative intent with respect to the Rapid ReHousing strategy. The bill expands legislative intent to provide that Rapid ReHousing is a cost effective approach to ending homelessness and is proven to be more cost effective than alternative approaches. The approach uses temporary financial assistance to quickly move families and individuals into permanent housing and help them remain housed using housing stabilization support services.

Section 10 amends s. 420.6275, F.S., to revise legislative intent with respect to the Housing First methodology. The bill provides findings that the Housing First strategy is a cost effective approach to ending homelessness and reducing the length of time individuals or families are homeless. The bill also provides legislative intent to emphasize maintaining stable housing under the housing first approach.

Section 11 amends s. 420.507, F.S., to correct two cross references.

Section 12 provides an effective date of July 1, 2020.

 17 programs; requiring entities that receive state
 18 funding to provide summary aggregated data to assist
 19 the council in providing certain information; removing
 20 the requirement that the office have the concurrence
 21 of the council to accept and administer moneys
 22 appropriated to it to provide certain annual challenge
 23 grants to continuums of care lead agencies; clarifying
 24 the source of such appropriation; increasing the
 25 maximum amount of grant awards per continuum of care
 26 lead agency; conforming provisions to changes made by
 27 the act; revising requirements for the use of grant
 28 funds by continuum of care lead agencies; revising
 29 preference criteria for certain grants; increasing the

30 maximum percentage of its funding which a continuum of
 31 care lead agency may spend on administrative costs;
 32 requiring such agencies to submit a final report to
 33 the Department of Children and Families documenting
 34 certain outcomes achieved by grant-funded programs;
 35 removing the requirement that the office have the
 36 concurrence of the council to administer moneys given
 37 to it to provide homeless housing assistance grants
 38 annually to certain continuum of care lead agencies to
 39 acquire, construct, or rehabilitate permanent housing
 40 units for homeless persons; conforming a provision to
 41 changes made by the act; requiring grant applicants to
 42 be ranked competitively based on criteria determined
 43 by the office; deleting preference requirements;
 44 increasing the minimum number of years for which
 45 projects must reserve certain units acquired,
 46 constructed, or rehabilitated; increasing the maximum
 47 percentage of funds the office and each applicant may
 48 spend on administrative costs; revising certain
 49 performance measure requirements; authorizing, instead
 50 of requiring, the Department of Children and Families,
 51 with input from the council, to adopt rules relating
 52 to certain grants and related issues; revising
 53 requirements for an annual report the council must
 54 submit to the Governor, Legislature, and Secretary of
 55 Children and Families; authorizing the office to
 56 administer moneys appropriated to it for distribution
 57 among certain designated continuum of care lead
 58 agencies and entities; creating s. 420.6225, F.S.;

202068__

59 specifying the purposes of a continuum of care;
 60 requiring each continuum of care, pursuant to federal
 61 law, to designate a collaborative applicant that is
 62 responsible for submitting the continuum of care
 63 funding application for the designated catchment area
 64 to the United States Department of Housing and Urban
 65 Development; providing requirements for such
 66 designated collaborative applicants; authorizing the
 67 applicant to be referred to as the continuum of care
 68 lead agency; providing requirements for the office for
 69 the purpose of awarding certain federal funding for
 70 continuum of care programs; requiring that each
 71 continuum of care create a continuum of care plan for
 72 specified purposes; specifying requirements for such
 73 plans; requiring continuums of care to promote
 74 participation by all interested individuals and
 75 organizations, subject to certain requirements;
 76 creating s. 420.6227, F.S.; providing legislative
 77 findings and program purpose; establishing a grant-in-
 78 aid program to help continuums of care prevent and end
 79 homelessness, which may include any aspect of the
 80 local continuum of care plan; requiring continuums of
 81 care to submit an application for grant-in-aid funds
 82 to the office for review; requiring the office to
 83 develop guidelines for the development, evaluation,
 84 and approval of spending plans; requiring grant-in-aid
 85 funds for continuums of care to be administered by the
 86 office and awarded on a competitive basis; requiring
 87 the office to distribute such funds to local agencies

117 an effective date.

118

119 Be It Enacted by the Legislature of the State of Florida:

120

121 Section 1. Paragraph (c) of subsection (4) of section
122 201.15, Florida Statutes, is amended, and subsection (5) of that
123 section is republished, to read:

124 201.15 Distribution of taxes collected.—All taxes collected
125 under this chapter are hereby pledged and shall be first made
126 available to make payments when due on bonds issued pursuant to
127 s. 215.618 or s. 215.619, or any other bonds authorized to be
128 issued on a parity basis with such bonds. Such pledge and
129 availability for the payment of these bonds shall have priority
130 over any requirement for the payment of service charges or costs
131 of collection and enforcement under this section. All taxes
132 collected under this chapter, except taxes distributed to the
133 Land Acquisition Trust Fund pursuant to subsections (1) and (2),
134 are subject to the service charge imposed in s. 215.20(1).
135 Before distribution pursuant to this section, the Department of
136 Revenue shall deduct amounts necessary to pay the costs of the
137 collection and enforcement of the tax levied by this chapter.
138 The costs and service charge may not be levied against any
139 portion of taxes pledged to debt service on bonds to the extent
140 that the costs and service charge are required to pay any
141 amounts relating to the bonds. All of the costs of the
142 collection and enforcement of the tax levied by this chapter and
143 the service charge shall be available and transferred to the
144 extent necessary to pay debt service and any other amounts
145 payable with respect to bonds authorized before January 1, 2017,

Page 5 of 29

202068__

146 secured by revenues distributed pursuant to this section. All
147 taxes remaining after deduction of costs shall be distributed as
148 follows:

149 (4) After the required distributions to the Land
150 Acquisition Trust Fund pursuant to subsections (1) and (2) and
151 deduction of the service charge imposed pursuant to s.
152 215.20(1), the remainder shall be distributed as follows:

153 (c) Eleven and twenty-four hundredths percent of the
154 remainder in each fiscal year shall be paid into the State
155 Treasury to the credit of the State Housing Trust Fund. Of such
156 funds, the first \$35 million shall be transferred annually,
157 subject to any distribution required under subsection (5), to
158 the State Economic Enhancement and Development Trust Fund within
159 the Department of Economic Opportunity. The next \$10 million
160 shall be transferred annually, subject to any distribution
161 required under subsection (5), to the Grants and Donations Trust
162 Fund within the Department of Children and Families for the
163 purpose of funding the challenge grants established in s.
164 420.622(4). The remainder shall be used as follows:

165 1. Half of that amount shall be used for the purposes for
166 which the State Housing Trust Fund was created and exists by
167 law.

168 2. Half of that amount shall be paid into the State
169 Treasury to the credit of the Local Government Housing Trust
170 Fund and used for the purposes for which the Local Government
171 Housing Trust Fund was created and exists by law.

172 (5) Distributions to the State Housing Trust Fund pursuant
173 to paragraphs (4)(c) and (d) must be sufficient to cover amounts
174 required to be transferred to the Florida Affordable Housing

Page 6 of 29

202068__

175 Guarantee Program's annual debt service reserve and guarantee
 176 fund pursuant to s. 420.5092(6) (a) and (b) up to the amount
 177 required to be transferred to such reserve and fund based on the
 178 percentage distribution of documentary stamp tax revenues to the
 179 State Housing Trust Fund which is in effect in the 2004-2005
 180 fiscal year.

181 Section 2. Section 420.621, Florida Statutes, is amended to
 182 read:

183 420.621 Definitions.—As used in ss. 420.621-420.628, the
 184 term:

185 (1) "Continuum of care" means the group organized to carry
 186 out the responsibilities imposed under ss. 420.621-420.628 to
 187 coordinate, plan, and pursue ending homelessness in a designated
 188 catchment area. The group is composed of representatives from
 189 certain organizations, including, but not limited to, nonprofit
 190 homeless providers, victim service providers, faith-based
 191 organizations, governments, businesses, advocates, public
 192 housing agencies, school districts, social service providers,
 193 mental health agencies, hospitals, universities, affordable
 194 housing developers, law enforcement, organizations that serve
 195 homeless and formerly homeless veterans, and organizations that
 196 serve other homeless and formerly homeless persons, to the
 197 extent that these organizations are represented within the
 198 designated catchment area and are available to participate the
 199 community components needed to organize and deliver housing and
 200 services to meet the specific needs of people who are homeless
 201 as they move to stable housing and maximum self-sufficiency. It
 202 includes action steps to end homelessness and prevent a return
 203 to homelessness.

202068__

204 (2) "Continuum of care lead agency" or "continuum of care
 205 collaborative applicant" means the organization designated by a
 206 continuum of care pursuant to s. 420.6225.

207 ~~(3)(2)~~ "Council on Homelessness" means the council created
 208 in s. 420.622.

209 ~~(4)(3)~~ "Department" means the Department of Children and
 210 Families.

211 ~~(4) "District" means a service district of the department,~~
 212 ~~as set forth in s. 20.19.~~

213 (5) "Homeless," means an individual who or a family that:

214 (a) Lacks a fixed, regular, and adequate nighttime
 215 residence, as defined under "homeless" in 24 C.F.R. 578.3; or

216 (b) Will imminently lose his, her, or its primary nighttime
 217 residence, as defined under "homeless" in 24 C.F.R. 578.3

218 applied to an individual, or "individual experiencing
 219 homelessness" means an individual who lacks a fixed, regular,
 220 and adequate nighttime residence and includes an individual who:

221 ~~(a) Is sharing the housing of other persons due to loss of~~
 222 ~~housing, economic hardship, or a similar reason;~~

223 ~~(b) Is living in a motel, hotel, travel trailer park, or~~
 224 ~~camping ground due to a lack of alternative adequate~~
 225 ~~accommodations;~~

226 ~~(c) Is living in an emergency or transitional shelter;~~

227 ~~(d) Has a primary nighttime residence that is a public or~~
 228 ~~private place not designed for, or ordinarily used as, a regular~~
 229 ~~sleeping accommodation for human beings;~~

230 ~~(e) Is living in a car, park, public space, abandoned~~
 231 ~~building, bus or train station, or similar setting; or~~

232 ~~(f) Is a migratory individual who qualifies as homeless~~

233 because he or she is living in circumstances described in
234 paragraphs (a) - (e).

235
236 ~~The terms do not refer to an individual imprisoned pursuant to~~
237 ~~state or federal law or to individuals or families who are~~
238 ~~sharing housing due to cultural preferences, voluntary~~
239 ~~arrangements, or traditional networks of support. The terms~~
240 ~~include an individual who has been released from jail, prison,~~
241 ~~the juvenile justice system, the child welfare system, a mental~~
242 ~~health and developmental disability facility, a residential~~
243 ~~addiction treatment program, or a hospital, for whom no~~
244 ~~subsequent residence has been identified, and who lacks the~~
245 ~~resources and support network to obtain housing.~~

246 (6) "Local coalition for the homeless" means a coalition
247 established pursuant to s. 420.623.

248 (7) "New and temporary homeless" means individuals or
249 families who are homeless due to societal factors.

250 (6)(8) "State Office on Homelessness" means the state
251 office created in s. 420.622.

252 Section 3. Section 420.622, Florida Statutes, is amended to
253 read:

254 420.622 State Office on Homelessness; Council on
255 Homelessness.—

256 (1) The State Office on Homelessness is created within the
257 Department of Children and Families to provide interagency,
258 council, and other related coordination on issues relating to
259 homelessness.

260 (2) The Council on Homelessness is created to consist of 19
261 members ~~17 representatives of public and private agencies who~~

32-00059-20

202068__

262 shall develop policy and advise the State Office on
263 Homelessness. The council is composed of the following members
264 ~~shall be:~~ the Secretary of Children and Families, or his or her
265 designee; the executive director of the Department of Economic
266 Opportunity, or his or her designee, who shall advise the
267 council on issues related to rural development; the State
268 Surgeon General, or his or her designee; the Executive Director
269 of Veterans' Affairs, or his or her designee; the Secretary of
270 Corrections, or his or her designee; the Secretary of Health
271 Care Administration, or his or her designee; the Commissioner of
272 Education, or his or her designee; the Director of CareerSource
273 Florida, Inc., or his or her designee; the Executive Director of
274 the Florida Housing Finance Corporation, or his or her designee;
275 the Secretary of the Department of Elderly Affairs, or his or
276 her designee; one representative of the Florida Association of
277 Counties; one representative of the Florida League of Cities;
278 one representative of the Florida Supportive Housing Coalition;
279 one representative of the Florida Coalition for the Homeless;
280 one representative of the Florida Housing Coalition ~~the~~
281 ~~Executive Director of the Florida Housing Finance Corporation,~~
282 ~~or his or her designee; one representative of the Florida~~
283 ~~Coalition for the Homeless;~~ and four members appointed by the
284 Governor, who is encouraged to appoint members who have
285 experience in the administration or the provision of resources
286 or services that address, or of housing that addresses, the
287 needs of persons experiencing homelessness. The council members
288 shall be nonpaid volunteers and shall be reimbursed only for
289 travel expenses. The ~~appointed~~ members of the council appointed
290 by the Governor shall be appointed to staggered 2-year terms.7

32-00059-20

202068

291 ~~and~~ The council shall meet at least four times per year. The
 292 importance of minority, gender, and geographic representation
 293 ~~must shall~~ be considered in appointing members to the council.

294 (3) The State Office on Homelessness, pursuant to the
 295 policies set by the council and subject to the availability of
 296 funding, shall:

297 (a) Coordinate among state, local, and private agencies and
 298 providers to produce a statewide consolidated inventory of ~~for~~
 299 the state's ~~entire system of~~ homeless programs, including local
 300 continuum of care plans which incorporates regionally developed
 301 plans. Such programs include, but are not limited to:

302 1. Programs authorized under the McKinney-Vento Homeless
 303 Assistance Stewart B. McKinney Homeless Assistance Act of 1987,
 304 as amended by the Homeless Emergency Assistance and Rapid
 305 Transition to Housing (HEARTH) Act of 2009, 42 U.S.C. ss. 11302
 306 ~~ss. 11371~~ et seq., and carried out under funds awarded to this
 307 state; and

308 2. Programs, components thereof, or activities that assist
 309 persons who are homeless or at risk for homelessness.

310 (b) Collect, maintain, and make available information
 311 concerning persons who are homeless ~~or at risk for homelessness,~~
 312 including summary demographic demographics information drawn
 313 from the local continuum of care Homeless Management Information
 314 System or the annual Point-in-Time Count and the local continuum
 315 of care Housing Inventory Chart required by the Department of
 316 Housing and Urban Development, current services and resources
 317 available, the cost and availability of services and programs,
 318 and the met and unmet needs of this population. To assist the
 319 council in providing this information, all entities that receive

32-00059-20

202068

320 state funding must provide the council with summary aggregated
 321 ~~access to all data they maintain in summary form, which may not~~
 322 ~~include with no individual identifying information, to assist~~
 323 ~~the council in providing this information.~~ The State Office on
 324 Homelessness, in consultation with the designated lead agencies
 325 for a ~~local homeless~~ continuum of care and with the Council on
 326 Homelessness, shall develop a process by which summary data is
 327 collected the system and process of data collection from all
 328 lead agencies for the purpose of analyzing trends and assessing
 329 impacts in the statewide homeless delivery system for delivering
 330 services to the homeless. Any statewide homelessness survey and
 331 database system must comply with all state and federal statutory
 332 and regulatory confidentiality requirements.

333 (c) Annually evaluate state and continuum of care programs
 334 local services and resources and develop a consolidated plan for
 335 addressing the needs of the homeless or those at risk for
 336 homelessness.

337 (d) Explore, compile, and disseminate information regarding
 338 public and private funding sources for state and local programs
 339 serving the homeless and provide technical assistance in
 340 applying for such funding.

341 (e) Monitor and provide recommendations for coordinating
 342 the activities and programs of continuums of care local
 343 ~~coalitions for the homeless~~ and promote the effectiveness of
 344 programs to prevent and end homelessness in the state addressing
 345 ~~the needs of the homeless.~~

346 (f) Provide technical assistance to facilitate efforts to
 347 support and strengthen establish, maintain, and expand local
 348 ~~homeless assistance~~ continuums of care.

32-00059-20

202068__

349 (g) Develop and assist in the coordination of policies and
 350 procedures relating to the discharge or transfer from the care
 351 or custody of state-supported or state-regulated entities
 352 persons who are homeless or at risk for homelessness.

353 (h) Spearhead outreach efforts for maximizing access by
 354 people who are homeless or at risk for homelessness to state and
 355 federal programs and resources.

356 (i) Promote a federal policy agenda that is responsive to
 357 the needs of those who are homeless or at risk of homelessness
 358 the homeless population in this state.

359 (j) Review reports on continuum of care performance
 360 measures and Develop outcome and accountability measures and
 361 promote and use such measures to evaluate program effectiveness
 362 and make recommendations for improving current practices to work
 363 toward ending homelessness in this state in order to best meet
 364 the needs of the homeless.

365 (k) Formulate policies and legislative proposals aimed at
 366 preventing and ending homelessness in this state to address more
 367 effectively the needs of the homeless and coordinate the
 368 implementation of state and federal legislative policies.

369 (l) Convene meetings and workshops of state and local
 370 agencies, continuum of care local coalitions and programs, and
 371 other stakeholders for the purpose of developing and reviewing
 372 policies, services, activities, coordination, and funding of
 373 efforts to end homelessness meet the needs of the homeless.

374 (m) With the input of the continuum of care, conduct or
 375 promote research on the effectiveness of current programs and
 376 propose pilot projects aimed at ending homelessness improving
 377 services.

Page 13 of 29

32-00059-20

202068__

378 (n) Serve as an advocate for issues relating to
 379 homelessness.

380 (o) ~~Investigate ways to improve access to participation in~~
 381 ~~state funding and other programs for prevention and alleviation~~
 382 ~~of homelessness to faith based organizations and~~ Collaborate and
 383 coordinate with faith-based organizations, investigate ways to
 384 improve such organizations' access to state funding, and
 385 investigate ways to improve such organizations' participation in
 386 other programs that are intended to prevent and reduce
 387 homelessness.

388 (4) The State Office on Homelessness, ~~with the concurrence~~
 389 ~~of the Council on Homelessness~~, shall accept and administer
 390 moneys appropriated to it pursuant to s. 201.15(4)(c) to provide
 391 annual "challenge grants" to lead agencies of ~~homeless~~
 392 ~~assistance~~ continuums of care designated by the State Office on
 393 Homelessness pursuant to s. 420.6225 ~~s. 420.624~~. The department
 394 shall establish varying levels of grant awards up to \$750,000
 395 ~~\$500,000~~ per continuum of care lead agency. The department, in
 396 consultation with the Council on Homelessness, shall specify a
 397 grant award level in the notice of the solicitation of grant
 398 applications.

399 (a) To qualify for a ~~the~~ grant, a continuum of care lead
 400 agency must develop and implement a local ~~homeless assistance~~
 401 continuum of care plan for its designated catchment area. The
 402 services and housing funded through the grant must be
 403 implemented through the continuum of care's continuum of care
 404 plan must implement a coordinated assessment or central intake
 405 entry system as provided in s. 420.6225(4)(b) and must be
 406 designed to screen, assess, and refer persons seeking assistance

407 to the appropriate housing intervention and service provider.
 408 The continuum of care lead agency shall also document the
 409 commitment of local government or private organizations to
 410 provide matching funds or in-kind support in an amount equal to
 411 25 percent of the grant requested. Expenditures of leveraged
 412 funds or resources, including third-party cash or in-kind
 413 contributions, ~~may be made~~ are authorized only for eligible
 414 activities carried out in connection with a ~~committed on one~~
 415 project. Such funds or resources may ~~which have not have~~ been
 416 used as leverage or match for any other project or program. The
 417 expenditures ~~and~~ must be certified through a written commitment.
 418 (b) Preference must be given to continuum of care ~~those~~
 419 lead agencies that have demonstrated the ability of their
 420 continuum of care to help households move out of homelessness
 421 ~~provide quality services to homeless persons and the ability to~~
 422 ~~leverage federal homeless assistance funding under the Stewart~~
 423 ~~B. McKinney Act with local government funding or private funding~~
 424 ~~for the provision of services to homeless persons.~~
 425 ~~(c) Preference must be given to lead agencies in catchment~~
 426 ~~areas with the greatest need for the provision of housing and~~
 427 ~~services to the homeless, relative to the population of the~~
 428 ~~catchment area.~~
 429 ~~(c)(d)~~ The grant may be used to fund any of the housing,
 430 program, or service needs included in the local ~~homeless~~
 431 ~~assistance~~ continuum of care plan. The continuum of care lead
 432 agency may allocate the grant to programs, services, or housing
 433 providers that implement the local ~~homeless assistance~~ continuum
 434 of care plan. The lead agency may provide subgrants to a local
 435 agency to implement programs or services or provide housing

32-00059-20

202068__

436 identified for funding in the lead agency's application to the
 437 department. A lead agency may spend a maximum of 10 ~~8~~ percent of
 438 its funding on administrative costs.
 439 ~~(d)(e)~~ The continuum of care lead agency shall submit a
 440 final report to the department documenting the outcomes achieved
 441 by the grant-funded programs ~~grant~~ in enabling persons who are
 442 homeless to return to permanent housing, thereby ending such
 443 person's episode of homelessness.
 444 (5) The State Office on Homelessness, ~~with the concurrence~~
 445 ~~of the Council on Homelessness,~~ may administer moneys given
 446 ~~appropriated~~ to it to provide homeless housing assistance grants
 447 annually to continuum of care lead agencies ~~for local homeless~~
 448 ~~assistance continuum of care,~~ as recognized by the State Office
 449 on Homelessness, to acquire, construct, or rehabilitate
 450 ~~transitional or~~ permanent housing units for homeless persons.
 451 These moneys shall consist of any sums that the state may
 452 appropriate, as well as money received from donations, gifts,
 453 bequests, or otherwise from any public or private source, which
 454 are intended to acquire, construct, or rehabilitate ~~transitional~~
 455 ~~or~~ permanent housing units for homeless persons.
 456 (a) Grant applicants shall be ranked competitively based on
 457 criteria determined by the State Office on Homelessness.
 458 ~~Preference must be given to applicants who leverage additional~~
 459 ~~private funds and public funds, particularly federal funds~~
 460 ~~designated for the acquisition, construction, or rehabilitation~~
 461 ~~of transitional or permanent housing for homeless persons; who~~
 462 ~~acquire, build, or rehabilitate the greatest number of units; or~~
 463 ~~who acquire, build, or rehabilitate in catchment areas having~~
 464 ~~the greatest need for housing for the homeless relative to the~~

202068__

465 ~~population of the catchment area.~~

466 (b) Funding for any particular project may not exceed
467 \$750,000.

468 (c) Projects must reserve, for a minimum of 20 ~~10~~ years,
469 the number of units acquired, constructed, or rehabilitated
470 through homeless housing assistance grant funding to serve
471 persons who are homeless at the time they assume tenancy.

472 (d) No more than two grants may be awarded annually in any
473 given ~~local homeless assistance~~ continuum of care catchment
474 area.

475 (e) A project may not be funded which is not included in
476 the local ~~homeless assistance~~ continuum of care plan, as
477 recognized by the State Office on Homelessness, for the
478 catchment area in which the project is located.

479 (f) The maximum percentage of funds that the State Office
480 on Homelessness and each applicant may spend on administrative
481 costs is 10 ~~5~~ percent.

482 (6) The State Office on Homelessness, in conjunction with
483 the Council on Homelessness, shall establish performance
484 measures related to state funding provided through the State
485 Office on Homelessness and shall utilize those grant-related
486 measures to ~~and specific objectives by which it may~~ evaluate the
487 performance and outcomes of continuum of care lead agencies that
488 receive state grant funds. ~~Challenge Grants made through the~~
489 ~~State Office on Homelessness shall be distributed to lead~~
490 ~~agencies based on their overall performance and their~~
491 ~~achievement of specified objectives. Each lead agency for which~~
492 ~~grants are made under this section shall provide the State~~
493 ~~Office on Homelessness a thorough evaluation of the~~

32-00059-20

202068__

494 ~~effectiveness of the program in achieving its stated purpose. In~~
495 ~~evaluating the performance of the lead agencies, the State~~
496 ~~Office on Homelessness shall base its criteria upon the program~~
497 ~~objectives, goals, and priorities that were set forth by the~~
498 ~~lead agencies in their proposals for funding. Such criteria may~~
499 ~~include, but are not limited to, the number of persons or~~
500 ~~households that are no longer homeless, the rate of recidivism~~
501 ~~to homelessness, and the number of persons who obtain gainful~~
502 ~~employment.~~

503 (7) The State Office on Homelessness shall ~~must~~ monitor the
504 challenge grants and homeless housing assistance grants to
505 ensure proper expenditure of funds and compliance with the
506 conditions of the applicant's contract.

507 (8) The Department of Children and Families, with input
508 from the Council on Homelessness, may ~~must~~ adopt rules relating
509 to the challenge grants and the homeless housing assistance
510 grants and related issues consistent with the purposes of this
511 section.

512 (9) ~~The council shall,~~ By June 30 of each year, the council
513 shall provide to the Governor, the Legislature, and the
514 Secretary of Children and Families a report summarizing the
515 extent of homelessness in the state and the council's
516 recommendations for ending ~~reducing~~ homelessness in this state.

517 (10) The State Office on Homelessness may administer moneys
518 appropriated to it for distribution among the continuum of care
519 lead agencies and entities funded in the 2020-2021 state fiscal
520 year which are designated by the office as local coalitions for
521 the homeless ~~28 local homeless continuums of care designated by~~
522 ~~the Department of Children and Families.~~

202068__

523 Section 4. Section 420.6225, Florida Statutes, is created
524 to read:

525 420.6225 Continuum of care.-

526 (1) The purposes of a continuum of care, as defined in s.
527 420.621, are to coordinate community efforts to prevent and end
528 homelessness in its catchment area designated as provided in
529 subsection (3) and to fulfill the responsibilities set forth in
530 this chapter.

531 (2) Pursuant to the Homeless Emergency Assistance and Rapid
532 Transition to Housing (HEARTH) Act of 2009, each continuum of
533 care is required to designate a collaborative applicant that is
534 responsible for submitting the continuum of care funding
535 application for the designated catchment area to the United
536 States Department of Housing and Urban Development. The
537 continuum of care collaborative applicant shall serve as the
538 continuum of care's point of contact to the State Office on
539 Homelessness, is accountable for representations made in the
540 application, and, in carrying out its responsibilities under
541 this chapter, may be referred to as the continuum of care lead
542 agency.

543 (3) For the purpose of awarding federal homeless assistance
544 funding for continuum of care programs, the State Office on
545 Homelessness shall do both of the following:

546 (a) Designate and, as necessary, revise continuum of care
547 catchment areas, which must be consistent with the continuum of
548 care catchment areas recognized by the United States Department
549 of Housing and Urban Development.

550 (b) Recognize a single continuum of care lead agency for
551 each such catchment area, which must be consistent with the

32-00059-20

202068__

552 continuum of care collaborative applicant designation recognized
553 by the United States Department of Housing and Urban
554 Development.

555 (4) Each continuum of care shall create a continuum of care
556 plan, the purpose of which is to implement an effective and
557 efficient housing crisis response system to prevent and end
558 homelessness in the continuum of care catchment area. A
559 continuum of care plan must include all of the following
560 components:

561 (a) Outreach to unsheltered individuals and families to
562 link them with appropriate housing interventions.

563 (b) A coordinated entry system, compliant with the
564 requirements of the Homeless Emergency Assistance and Rapid
565 Transition to Housing (HEARTH) Act of 2009, which is designed to
566 coordinate intake, utilize common assessment tools, prioritize
567 households for housing interventions, and refer households to
568 the appropriate housing intervention.

569 (c) Emergency shelter, designed to provide safe temporary
570 shelter while the household is in the process of obtaining
571 permanent housing.

572 (d) Supportive services, designed to maximize housing
573 stability once the household is in permanent housing.

574 (e) Permanent supportive housing, designed to provide long-
575 term affordable housing and support services to persons with
576 disabilities who are moving out of homelessness.

577 (f) Rapid ReHousing, as specified in s. 420.6265.

578 (g) Permanent housing, including linkages to affordable
579 housing, subsidized housing, long-term rent assistance, housing
580 vouchers, and mainstream private sector housing.

32-00059-20

202068__

581 (h) An ongoing planning mechanism to end homelessness for
 582 all subpopulations of persons experiencing homelessness.

583 (5) Continuums of care must promote participation by all
 584 interested individuals and organizations and may not exclude
 585 individuals and organizations on the basis of race, color,
 586 national origin, sex, handicap, familial status, or religion.
 587 Faith-based organizations, local governments, and persons who
 588 have experienced homelessness are encouraged to participate. To
 589 the extent possible, these individuals and organizations must be
 590 coordinated and integrated with other mainstream health, social
 591 services, and employment programs for which homeless populations
 592 may be eligible, including, but not limited to, Medicaid, the
 593 State Children's Health Insurance Program, the Temporary
 594 Assistance for Needy Families Program, the Food Assistance
 595 Program, and services funded through the Mental Health and
 596 Substance Abuse Block Grant, the Workforce Innovation and
 597 Opportunity Act, and the welfare-to-work grant program.

598 Section 5. Section 420.6227, Florida Statutes, is created
 599 to read:

600 420.6227 Grant-in-aid program.—

601 (1) LEGISLATIVE FINDINGS.—The Legislature hereby finds and
 602 declares that many services for households experiencing
 603 homelessness have been provided by local communities through
 604 voluntary private agencies and religious organizations and that
 605 these resources have not been sufficient to prevent and end
 606 homelessness in this state. The Legislature recognizes that the
 607 level of need and types of problems associated with homelessness
 608 may vary from community to community, due to the diversity and
 609 geographic distribution of the homeless population and the

32-00059-20

202068__

610 resulting differing needs of particular communities.

611 (2) PURPOSE.—The principal purpose of the grant-in-aid
 612 program is to provide needed assistance to continuums of care to
 613 enable them to do all of the following:

614 (a) Assist persons in their communities who have become, or
 615 may likely become, homeless.

616 (b) Help homeless households move to permanent housing as
 617 quickly as possible.

618 (3) ESTABLISHMENT.—There is hereby established a state
 619 grant-in-aid program to help continuums of care prevent and end
 620 homelessness, which may include any aspect of the local
 621 continuum of care plan, as described in s. 420.6225.

622 (4) APPLICATION PROCEDURE.—Continuums of care that intend
 623 to apply for the grant-in-aid program must submit an application
 624 for grant-in-aid funds to the State Office on Homelessness for
 625 review.

626 (5) SPENDING PLANS.—The State Office on Homelessness shall
 627 develop guidelines for the development, evaluation, and approval
 628 of spending plans that are created by local continuum of care
 629 lead agencies.

630 (6) ALLOCATION OF GRANT FUNDS.—The State Office on
 631 Homelessness shall administer state grant-in-aid funds for
 632 continuums of care, which must be awarded on a competitive
 633 basis.

634 (7) DISTRIBUTION TO LOCAL AGENCIES.—The State Office on
 635 Homelessness shall distribute funds awarded under subsection (6)
 636 to local agencies to fund programs that are required by the
 637 local continuum of care plan, as described in s. 420.6225 and
 638 that are authorized under subsection (3), based upon the

32-00059-20 202068__
 639 recommendations of the local continuum of care lead agencies, in
 640 accordance with spending plans that are developed by the lead
 641 agencies and approved by the office. Not more than 10 percent of
 642 the total state funds awarded under a spending plan may be used
 643 by the continuum of care lead agency for staffing and
 644 administrative expenditures.

645 (8) LOCAL MATCHING FUNDS.—If an entity contracts with local
 646 agencies to provide services and receives financial assistance
 647 under this section, the entity must provide a minimum of 25
 648 percent of the funding necessary for the support of project
 649 operations. In-kind contributions, including, but not limited
 650 to, materials, commodities, transportation, office space, other
 651 types of facilities, or personal services, may be evaluated and
 652 counted as part or all of the required local funding, at the
 653 discretion of the State Office on Homelessness.

654 Section 6. Section 420.623, Florida Statutes, is repealed.

655 Section 7. Section 420.624, Florida Statutes, is repealed.

656 Section 8. Section 420.625, Florida Statutes, is repealed.

657 Section 9. Subsection (3) of section 420.626, Florida
 658 Statutes, is amended, and subsection (2) of that section is
 659 republished, to read:

660 420.626 Homelessness; discharge guidelines.—

661 (2) The following facilities and institutions are
 662 encouraged to develop and implement procedures designed to
 663 reduce the discharge of persons into homelessness when such
 664 persons are admitted or housed for more than 24 hours at such
 665 facilities or institutions: hospitals and inpatient medical
 666 facilities; crisis stabilization units; residential treatment
 667 facilities; assisted living facilities; and detoxification

32-00059-20 202068__
 668 centers.

669 (3) The procedures should include all of the following:

670 (a) Development and implementation of a screening process
 671 or other mechanism for identifying persons to be discharged from
 672 the facility or institution who are at considerable risk for
 673 homelessness or face some imminent threat to health and safety
 674 upon discharge.†

675 (b) Development and implementation of a discharge plan
 676 addressing how identified persons will secure housing and other
 677 needed care and support upon discharge.†

678 (c) ~~Communication with Assessment of the capabilities of~~
 679 the entities to whom identified persons may potentially be
 680 discharged to determine their capability to serve such persons
 681 and their acceptance of such discharge into their programs, and
 682 selection of the entity determined to be best equipped to
 683 provide or facilitate the provision of suitable care and
 684 support.†

685 (d) Coordination of effort and sharing of information with
 686 entities that are expected to bear the responsibility for
 687 providing care or support to identified persons upon discharge.†
 688 ~~and~~

689 (e) Provision of sufficient medication, medical equipment
 690 and supplies, clothing, transportation, and other basic
 691 resources necessary to assure that the health and well-being of
 692 identified persons are not jeopardized upon their discharge.

693 Section 10. Section 420.626, Florida Statutes, is amended
 694 to read:

695 420.6265 Rapid ReHousing.—

696 (1) LEGISLATIVE FINDINGS AND INTENT.—

32-00059-20

202068__

697 (a) The Legislature finds that Rapid ReHousing is a
 698 strategy of using temporary financial assistance ~~and case~~
 699 ~~management~~ to quickly move an individual or family out of
 700 homelessness and into permanent housing, and using housing
 701 stabilization support services to help them remain stably
 702 housed.

703 (b) The Legislature also finds that public and private
 704 solutions to homelessness in the past have focused on providing
 705 individuals and families who are experiencing homelessness with
 706 emergency shelter, transitional housing, or a combination of
 707 both. While emergency shelter and transitional housing programs
 708 may provide critical access to services for individuals and
 709 families in crisis, the programs often fail to address permanent
 710 housing their long-term needs and may unnecessarily extend their
 711 episodes of homelessness.

712 (c) The Legislature further finds that most households
 713 become homeless as a result of a financial crisis that prevents
 714 individuals and families from paying rent or a domestic conflict
 715 that results in one member being ejected or leaving without
 716 resources or a plan for housing.

717 (d) The Legislature further finds that Rapid ReHousing is a
 718 cost-effective is an alternative approach to ending homelessness
 719 which reduces to the current system of emergency shelter or
 720 transitional housing which tends to reduce the length of time
 721 that a person is homeless and which is demonstrably more ~~has~~
 722 proven to be cost effective than alternative approaches.

723 (e) It is therefore the intent of the Legislature to
 724 encourage ~~homeless~~ continuums of care to adopt the Rapid
 725 ReHousing approach to ending preventing homelessness for

Page 25 of 29

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

32-00059-20

202068__

726 individuals who and families that ~~who~~ do not require the
 727 intensive ~~intense~~ level of supports provided in the permanent
 728 supportive housing model.

729 (2) RAPID REHOUSING METHODOLOGY.—

730 (a) The Rapid ReHousing response to homelessness differs
 731 from traditional approaches to addressing homelessness by
 732 focusing on each individual's or family's barriers to housing.
 733 By using this approach, communities can significantly reduce the
 734 amount of time that individuals and families are homeless and
 735 prevent further episodes of homelessness.

736 (b) In Rapid ReHousing, when an individual or a family is
 737 identified as being homeless, the individual or family is
 738 assessed and prioritized for housing through the continuum of
 739 care's coordinated entry system, temporary assistance is
 740 provided to allow the individual or family to obtain permanent
 741 housing as quickly as possible, and necessary, ~~if needed,~~
 742 assistance is provided to allow the individual or family to
 743 retain housing.

744 (c) The objective of Rapid ReHousing is to provide
 745 assistance for as short a term as possible so that the
 746 individual or family receiving assistance attains stability and
 747 integration into the community as quickly as possible ~~does not~~
 748 ~~develop a dependency on the assistance.~~

749 Section 11. Section 420.6275, Florida Statutes, is amended
 750 to read:

751 420.6275 Housing First.—

752 (1) LEGISLATIVE FINDINGS AND INTENT.—

753 (a) The Legislature finds that many communities plan to
 754 manage homelessness rather than ~~plan to~~ end it.

Page 26 of 29

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

32-00059-20

202068__

755 (b) The Legislature also finds that for nearly most of the
 756 ~~past~~ two decades, public and private solutions to homelessness
 757 ~~have~~ focused on providing individuals and families who ~~were~~ are
 758 experiencing homelessness with emergency shelter, transitional
 759 housing, or a combination of both. This strategy failed to
 760 recognize that, while emergency shelter programs may provide
 761 critical access to services for individuals and families in
 762 crisis, they often fail to address their long-term needs.

763 (c) The Legislature further finds that Housing First is a
 764 cost-effective ~~an alternative approach to the current system of~~
 765 ~~emergency shelter or transitional housing which tends to ending~~
 766 homelessness and reducing ~~reduce~~ the length of time of
 767 homelessness for many individuals and families and has proven to
 768 ~~be cost-effective~~.

769 (d) It is therefore the intent of the Legislature to
 770 encourage ~~homeless~~ continuums of care to adopt the Housing First
 771 approach to ending homelessness for individuals and families.

772 (2) HOUSING FIRST METHODOLOGY.—

773 (a) The Housing First approach to homelessness provides
 774 permanent ~~differs from traditional approaches by providing~~
 775 housing assistance, followed by ~~ease management,~~ and support
 776 services responsive to individual or family needs once ~~after~~
 777 housing is obtained. By using this approach ~~when appropriate,~~
 778 communities can significantly reduce the amount of time that
 779 individuals and families are homeless and prevent further
 780 episodes of homelessness. Housing First emphasizes that social
 781 services provided to enhance individual and family well-being
 782 can be more effective when people are in their own home, and:

- 783 1. The housing is not time-limited.

Page 27 of 29

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

32-00059-20

202068__

784 2. The housing is not contingent on compliance with
 785 services. Instead, participants must comply with a standard
 786 lease agreement.

787 3. Individuals and families ~~and~~ are provided with
 788 individualized ~~the~~ services and support ~~that are~~ necessary to
 789 help them maintain stable housing ~~do so successfully~~.

790 ~~3. A background check and any rehabilitation necessary to~~
 791 ~~combat an addiction related to alcoholism or substance abuse has~~
 792 ~~been completed by the individual for whom assistance or support~~
 793 ~~services are provided.~~

794 (b) The Housing First approach addresses the societal
 795 causes of homelessness and advocates for the immediate return of
 796 individuals and families into housing and communities. Housing
 797 First links affordable housing with community-based social
 798 service and health care organizations ~~Housing First provides a~~
 799 ~~critical link between the emergency and transitional housing~~
 800 ~~system and community-based social service, educational, and~~
 801 ~~health care organizations~~ and consists of four components:

- 802 1. Crisis intervention and short-term stabilization.
 803 2. Screening, intake, and needs assessment.
 804 3. Provision of housing resources.
 805 4. Provision of case management.

806 Section 12. Paragraph (d) of subsection (22) of section
 807 420.507, Florida Statutes, is amended to read:

808 420.507 Powers of the corporation.—The corporation shall
 809 have all the powers necessary or convenient to carry out and
 810 effectuate the purposes and provisions of this part, including
 811 the following powers which are in addition to all other powers
 812 granted by other provisions of this part:

Page 28 of 29

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

32-00059-20

202068__

813 (22) To develop and administer the State Apartment
814 Incentive Loan Program. In developing and administering that
815 program, the corporation may:

816 (d) In counties or rural areas of counties that do not have
817 existing units set aside for homeless persons, forgive
818 indebtedness for loans provided to create permanent rental
819 housing units for persons who are homeless, as defined in s.
820 420.621 ~~s. 420.621(5)~~, or for persons residing in time-limited
821 transitional housing or institutions as a result of a lack of
822 permanent, affordable housing. Such developments must be
823 supported by a ~~local homeless assistance~~ continuum of care
824 developed under s. 420.6225 ~~s. 420.624~~, be developed by
825 nonprofit applicants, be small properties as defined by
826 corporation rule, and be a project in the local housing
827 assistance continuum of care plan recognized by the State Office
828 on Homelessness.

829 Section 13. This act shall take effect July 1, 2020.

(Deliver BOTH copies of this form to the Senator or Senate Professional Staff conducting the meeting)

3.3.2020

Meeting Date

SB 68

Bill Number (if applicable)

Topic Homelessness

Amendment Barcode (if applicable)

Name Tonnette [tone-Net] Graham

Job Title Assoc. Director of Public Policy

Address 100 S. Monroe Street

Phone 850.922.4300

Tallahassee, FL 32301

Email tgraham@fl-counties.com

Speaking: For Against Information

Waive Speaking: In Support Against
(The Chair will read this information into the record.)

Representing FL Association of Counties

Appearing at request of Chair: Yes No

Lobbyist registered with Legislature: Yes No

While it is a Senate tradition to encourage public testimony, time may not permit all persons wishing to speak to be heard at this meeting. Those who do speak may be asked to limit their remarks so that as many persons as possible can be heard.

This form is part of the public record for this meeting.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: PCS/SB 72 (847972)

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Education); and Senator Stargel

SUBJECT: Postsecondary Education

DATE: February 4, 2020

REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 72 modifies provisions relating to preeminent state research universities, the prioritization of capital outlay projects at Florida College System (FCS) institutions, the carry forward of operational funds at state universities and FCS institutions, state student financial aid, and textbook affordability at public postsecondary institutions. Specifically, the bill:

- Revises the data for academic and research excellence standards of preeminent research universities by using more timely performance data and requiring the standards to be reported annually in the BOG Accountability Plan.
- Removes funding associated with the emerging preeminent state research university designation and creates State Universities of Distinction.
- Modifies a criterion for new construction, remodeling, or renovation projects at FCS institutions that have not been previously state funded to be added to the Public Education Capital Outlay (PECO) priority list.
- Modifies reporting deadlines and spending plan provisions relating to the carry forward of operational funds at state universities and FCS institutions.
- Replaces the State University System Programs of Excellence with the State Universities of Distinction program, and establishes requirements.
- Aligns student eligibility, maximum awards, fund distribution, remittance deadlines, and reporting requirements between the four Florida Student Assistance Grant programs.
- Clarifies initial and renewal award requirements for the Benacquisto Scholarship Program.

- Provides that pricing and payment options relating to textbook affordability may include either an opt-in or opt-out provision for students.
- Removes the limitation that prohibits a Phosphate Research and Activities Board member from serving more than 180 days after the expiration of his or her term, until a successor is appointed.
- Directs the Board of Governors to define in regulation the university faculty and administrative personnel classifications.

The bill has no impact on state revenues or expenditures.

The bill takes effect on July 1, 2020.

II. Present Situation:

The present situation for each relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Public Education Capital Outlay

Present Situation

Florida's Public Education Capital Outlay (PECO) program provides funding for capital outlay projects for Florida's public education system, including universities, colleges, public schools and other state owned educational facilities that have no other source for funding for capital outlay. As specified by the Florida Constitution,¹ the PECO program is funded by gross receipts taxes on utilities, including electricity and natural gas, and communication services (cable, wireless, telephone landline, miscellaneous services, and direct to home satellite tax bases).

The Commissioner of Education (commissioner) must annually submit to the Governor and to the Legislature an integrated, comprehensive budget request for educational facilities construction and fixed capital outlay needs for school districts, Florida College System (FCS) institutions, and state universities, subject to provisions in law.² The commissioner must use estimates for PECO funds by the Revenue Estimating Conference³ in determining the budget request. In addition, the commissioner, in consultation with the appropriations committees of the Legislature, must provide annually an estimate of funds for FCS institutions and state universities in developing three-year priority lists required in law.⁴

FCS institutions and state university boards of trustees (BOT) request funds for projects based on the 3-year priority list, to be updated annually, which is submitted to the Legislature in the legislative budget request (LBR) at least 90 days prior to the legislative session.⁵ The State Board

¹ Art. XII, s. 9, Fla. Const.

² Section 1013.60(1), F.S., and applicable provisions of ch. 216.

³ The Revenue Estimating Conference develops official information with respect to anticipated state and local government revenues as the conference determines is needed for the state planning and budgeting system. Section 216.136(3), F.S.

⁴ Section 1013.60(1), F.S.

⁵ Section 1013.64(4), F.S.

of Education (SBE) submits a 3-year priority list for FCS institutions, and the Board of Governors of the State University System (BOG) submits a 3-year priority list for state universities. The lists reflect decisions by the SBE and BOG concerning program priorities that implement the statewide plan for program growth and quality improvement in education.⁶

In 2019,⁷ the process by which FCS projects are evaluated for inclusion on the priority list was modified. Projects considered for prioritization are required to be chosen from a preliminary selection group consisting of previously state-funded projects that have not been completed, and the top two priorities of each FCS institution. The SBE is required to develop a points-based prioritization method to rank projects for consideration that awards points for the degree to which a project meets specific criteria compared to other projects.⁸ The criteria specified in law⁹ may be weighted, but no weight may exceed the criterion regarding space needs due to increased instructional capacity.¹⁰

A new construction, remodeling, or renovation project that has not received an appropriation in a previous year may not be considered for inclusion on the required prioritized list, unless:

- A plan is provided to reserve funds in an escrow account, specific to the project, into which must be deposited each year an amount of funds equal to 0.5 percent of the total value of the building for future maintenance;
- There are sufficient excess funds from the allocation provided pursuant to the LBR within the 3-year planning period which are not needed to complete the projects for which state funds were previously appropriated which have not been completed;¹¹ and
- The project has been recommended based on results relating to an educational plant survey.¹²

Effect of Proposed Changes

The bill modifies s. 1001.03, F.S., to replace the existing sufficient excess PECO funds criterion for a specified new construction, remodeling, or renovation project to be added to the priority list. The bill changes the criterion to specify that an FCS project may only be included on the priority list if there is sufficient capacity within the cash and bonding estimate of funds by the Revenue Estimating Conference to accommodate the project within the three-year PECO funding cycle. This modification aligns the requirements for new FCS projects to be considered on the priority list with those for the State University System (SUS) projects.¹³

⁶ Section 1013.31, F.S.

⁷ Section 3, ch. 2019-103, L.O.F.

⁸ On Sept. 20, 2019, the SBE approved a prioritized list of PECO for 2020-2021 and the FCS PECO project priority methodology.

⁹ Section 1001.03(18)(a), F.S.

¹⁰ Section 1001.03(18)(b), F.S.

¹¹ The SBE must continually maintain a list of all public education capital outlay projects for which state funds were previously appropriated which have not been completed. The list must include an estimate of the amount of state funding needed for the completion of each project. Section 1001.03(18)(d), F.S.

¹² Section 1013.31, F.S. Educational plant surveys must be completed every five years, and reflect the capacity of existing facilities in school districts, FCS institutions, and state universities, as well as projections of facility space needs. *Id.*

¹³ Section 1001.706(12)(c), F.S.

End-of-Year Balance of Funds – State Universities and Florida College System Institutions

Present Situation

At the end of each fiscal year, state operational funds for state agencies and departments revert to the fund from which they were appropriated for reappropriation by the Legislature.¹⁴ However, state universities¹⁵ and FCS institutions¹⁶ are authorized to carry forward unexpended amounts in operating funds for subsequent fiscal years.

Each state university, and FCS institution with a final FTE of 15,000 or greater for the prior year, must maintain a minimum carry forward balance of at least 7 percent of its state operating budget. If such university or FCS institution fails to maintain a 7 percent balance in state operating funds, the university and FCS institution must submit a plan to the BOG and SBE, respectively, to attain the 7 percent balance of state operating funds within the next fiscal year.¹⁷ An FCS institution with a final FTE less than 15,000 for the prior must maintain a carry forward balance of at least 5 percent, or submit a similar plan to the SBE.¹⁸

A state university or FCS institution that retains a state operating fund carry forward balance in excess of the required minimum must submit a spending plan for its excess carry forward balance. The spending plan must be submitted to the state university or FCS institution BOT for approval by September 1, 2020, and each September 1 thereafter.¹⁹ The BOG must review, approve, and amend, if necessary, each university's carry forward spending plan by October 1, 2020, and each October 1 thereafter.²⁰ The SBE must review and publish each FCS institution's carry forward spending plan by October 1, 2020, and each October 1 thereafter.²¹

The carry forward spending plan for each state university, and FCS institution with a final FTE of 15,000 or greater for the prior year, must include the estimated cost per planned expenditure and a timeline for completion of the expenditure. The law specifies authorized expenditures, which include nonrecurring operating expenditures that support the university's or FCS institution's mission.²²

Effect of Proposed Changes

The bill modifies provisions in ss. 1011.45 and 1013.841, F.S., relating to the carry forward of operational funds by state universities and FCS institutions to align fund approval activities and provide greater flexibility in spending plan expenditures. Specifically, the bill:

- Modifies the submission and approval dates by an institution BOT, BOG, and SBE, to require that:

¹⁴ Section 216.301(1)(a), F.S.

¹⁵ Section 1011.45, F.S.

¹⁶ Section 1013.841(1), F.S.

¹⁷ Sections 1011.45(1) and 1013.841(3)(a), F.S.

¹⁸ Section 1013.841(2)(a), F.S.

¹⁹ Sections 1011.45(2) and 1013.841(2)(b), F.S.

²⁰ Section 1011.45(2), F.S.

²¹ Section 1013.841(2)(b), F.S.

²² Sections 1011.45(3) and 1013.841(4), F.S.

- The spending plan be submitted to the state university or FCS institution BOT for approval by September 30, 2020, and each September 30 thereafter.²³
- The BOG review, approve, and amend, if necessary, university spending plans, and the SBE review and publish FCS institution spending plans by November 15, 2020, and each November 15 thereafter.
- Removes the requirement that operating expenditures that support the mission of the state university or FCS institution mission be nonrecurring.
- Authorizes the spending plans of state universities and FCS institutions to include a commitment of funds to a contingency reserve to assist in addressing unforeseen circumstances that may arise, including natural disasters and other emergencies.²⁴

Preeminent State Research Universities Program

Present Situation

The preeminent state research universities program is a collaborative partnership between the BOG and the Legislature to raise the academic and research preeminence of the highest performing state research universities in Florida.²⁵ A state university that meets 11 of the 12 academic and research excellence standards specified in law is designated a “preeminent state research university”.^{26 27} A state research university that meets at least six of the 12 standards is designated as an “emerging preeminent state research university.”²⁸ In identifying the performance of each state university against the standards, the BOG is required to use the state university data as published by the national sources specified in statute.

If an increase in the appropriation for preeminent state research universities is provided, each designated preeminent state research university must receive an equal amount of funding, and each designated emerging preeminent state research university must receive an amount of funding that is equal to one-quarter of the total increased amount awarded to each designated preeminent state research university.²⁹

Effect of Proposed Changes

The bill modifies s. 1001.7065, F.S., to require the academic and research excellence standards for preeminent state research universities be reported annually in the BOG Accountability Plan³⁰

²³ The deadline is consistent with current laws that require the chief financial officer of a state university or FCS institution to certify, annually by September 30, the unexpended amount of state funds remaining in the general fund of an institution as of June 30 of the previous fiscal year. Sections 1011.45(4) and 1011.84(3)(e), F.S.

²⁴ Current law authorizes state universities to spend the minimum carry forward balance of 7 percent for a demonstrated emergency, subject to state university BOT and BOG approval. Section 1011.45(5), F.S.

²⁵ Section 1001.7065(1), F.S.

²⁶ Section 1001.7065(2), F.S. The standards include: incoming freshman academic characteristics (average weighted GPA and average SAT score); institutional ranking nationally; freshman retention rate; four-year graduation rate; national academy membership of institution faculty; research expenditures (2 measures); research expenditure national ranking; patents awarded annually; doctoral degrees awarded annually; postdoctoral appointees annually; and institutional endowment.

²⁷ Section 1001.7065(3)(a), F.S.

²⁸ Section 1001.7065(3)(b), F.S.

²⁹ Section 1001.7065(5)(c), F.S.

³⁰ Board of Governors Regulation 2.002 requires the BOG to institute a planning and performance monitoring system for state universities designed to inform strategic planning, budgeting, and other policy decisions for the State University System; the BOG must annually submit the university accountability plans and the system summary of the university plans to

and amends the standards to provide the BOG with the flexibility to access and utilize the most up to date data available.

The bill preserves the designation of emerging preeminent universities, removes the funding component for emerging preeminent universities, and provides that the funding for preeminent universities will be determined annually by the Legislature.

State University System Programs of Excellence

Present Situation

In 2018,³¹ the BOG was required to establish standards and measures whereby individual degree programs that objectively reflect national excellence in state universities could be identified, and make recommendations to the Legislature by September 1, 2018, regarding the enhancement and promotion of such programs.³²

The goal of this initiative was to achieve and improve upon world-class, nationally recognized university programs of excellence within the SUS. The BOG approved a framework to identify programs of excellence that:³³

- Provide opportunities for all 12 SUS institutions to participate.
- Allow for universities to elevate both research and academic programs that are nationally recognized.
- Allow for programs across disciplines and degree levels to be recognized.
- Encourage institution collaboration.
- Address key areas important to Florida.
- Provide for flexibility in implementation.

The BOG requested \$30 million for this initiative in its 2019-2020 legislative budget request.³⁴ This request was not funded by the 2019 Legislature.

Effect of Proposed Changes

The bill modifies s. 1001.7065, F.S., to replace the SUS Programs of Excellence with a State Universities of Distinction program, which requires the BOG to establish standards and measures to identify state universities that focus on one core competency unique to the SUS that:

- Achieves excellence at the national or state level;
- Meets state workforce needs; and

the Governor, the President of the Senate, and the Speaker of the House of Representatives. The Board of Governors 2019 System Accountability Plan is available at https://www.flbog.edu/wp-content/uploads/2019_System_Accountability_Plan_FINAL_2019-10-30.pdf.

- Fosters an innovation economy that focuses on areas such as health care, security, transportation, and science, technology, engineering, and mathematics (STEM), including supply chain management.

The bill requires the BOG to annually submit such programs by January 1 for funding.

This bill provision aligns with a recent BOG initiative targeting Universities of Distinction as a path towards excellence that will produce high-quality talent to diversify Florida's economy, stimulate innovation, and provide a return on investment to the state.³⁵

Financial Aid and Tuition Assistance Programs

Present Situation

Various student financial aid and tuition assistance programs have been created to assist students in accessing and continuing higher education in Florida. Student financial assistance available in Florida³⁶ includes a variety of grant and scholarship programs outlined in law³⁷ or SBE rule³⁸ and loans through Federal Student Aid.

Florida Student Assistance Grant Program

The Florida Student Assistance Grant (FSAG) Program, created in 1972, is Florida's largest need-based grant program, consisting of FSAG Public, FSAG Public Postsecondary Career Education (FSAGCE), FSAG Private, and FSAG Postsecondary.³⁹ The FSAG Program provides state student assistance grants to students who meet general eligibility requirements⁴⁰ and stipulations specific to each program.

For each of the programs, except FSAGCE, the Department of Education is required to establish a maximum expected family (EFC) contribution that is used in determining eligibility to receive a grant award.⁴¹ For the 2019-2020 academic year, the maximum EFC for FSAG Public and FSAG Postsecondary matches the maximum EFC established for Pell: 5576.^{42 43}

⁴³ See Federal Student Aid, *Office of the U.S. Department of Education*, <https://ifap.ed.gov/dpccletters/GEN1901.html> (last visited Jan. 19, 2020).

The FSAG Program is administered by participating institutions in accordance with SBE rule.⁴⁴ A total of \$269,396,012 was appropriated for the FSAG Program for the 2019-2020 fiscal year.⁴⁵ The current maximum award amount of \$2,610 has not changed since 2013.⁴⁶

Similarities and differences in specified provisions across the FSAG programs are depicted in the table below.

| | FSAG Public | FSAGCE | FSAG Private | FSAG Postsecondary |
|---|--|--|--|--|
| Student Eligibility⁴⁷ | Degree-seeking and enrolled in at least 6 hours at an FCS institution or state university. | Certificate-seeking and enrolled in a career center or FCS institution at least half-time. ⁴⁸ | Full-time, degree-seeking enrollment at an eligible independent nonprofit college or university. ⁴⁹ | Full-time, degree-seeking enrollment at an eligible private nursing school or an eligible independent college or university. ⁵⁰ |
| Grant Award | Between \$200 and weighted average of cost of tuition and fees for 30 hours at state universities, up to 110 percent of the program, or as specified in the GAA. ⁵¹ | Between \$200 and the student’s unmet need for the cost of education, which may not exceed the average annual cost of tuition and other registration fees, or as specified in the GAA. ⁵² | Between \$200 and the amount of demonstrated unmet need for tuition and fees, not to exceed an amount equal to the average tuition and other registration fees for 30 credit hours at state universities plus \$1,000 per academic year, or as specified in the GAA. ⁵³ | Similar to FSAG Private. |

⁴⁴ Sections 1009.50(6), 1009.505(5), 1009.51(6), and 1009.52(7), F.S. *See also* Rule 6A-20.031, F.A.C. Postsecondary educational institution administrative responsibilities for state student aid and tuition assistance programs are outlined in Rule 6A-20.002, F.A.C.

⁴⁵ Florida Department of Education Office of Student Financial Assistance, *Annual Report to the Commissioner 2018-19* (2019), at 5, available at <https://www.floridastudentfinancialaidsg.org/pdf/annualreportcurrent.pdf>. *See also* Specific Appropriation 75, ch. 2019-115, L.O.F.

⁴⁷ A demonstrated unmet need of less than \$200 renders an applicant ineligible for a state student assistance grant. Sections 1009.50(2)(a), 1009.51(2)(a), and 1009.52(2)(a), F.S. *See also* Rule 6A-20.031, F.A.C.

⁴⁸ Section 1009.505(3)(a), F.S. “Half-time” means the equivalent in clock hours at a public postsecondary career certificate program of 6 semester credit hours at a FCS institution. Section 1009.505(2)(b), F.S.

⁴⁹ An eligible independent college or university is nonprofit, baccalaureate-degree-granting, accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, and located in and chartered as a domestic corporation by the state. Section 1009.51(2)(a), F.S.

⁵⁰ An eligible nursing diploma school must be approved by the Florida Board of Nursing, and an eligible independent college or university must be licensed by the Commission for Independent Education. Section 1009.52(2)(a), F.S. The Commission for Independent Education has statutory responsibilities in matters relating to nonpublic, postsecondary, educational institutions, including the licensure of independent schools, colleges, and universities. Florida Department of Education, *Commission For Independent Education*, <http://www.fldoe.org/policy/cie/> (last visited Dec. 16, 2019).

⁵¹ Section 1009.50(3), F.S. The amount is specified in the GAA. *Id.* *See s.* 1009.50(2)(a), F.S. The legal requirement is contained in s. 1009.40(3), F.S.

⁵² Section 1009.505(3)(a), F.S.

⁵³ No student may receive an award for more than the equivalent of 9 semesters or 14 quarters of full-time enrollment. Section 1009.51(2)(a), F.S.

| | FSAG Public | FSAGCE | FSAG Private | FSAG Postsecondary |
|--|--|-------------------------|---|----------------------------|
| Priority in Distribution of Funds | Priority given to students with the lowest total family resources. ⁵⁴ | No provision. | Identical to FSAG Public. | Identical to FSAG Public. |
| Reporting Requirement | Report disbursed students to DOE. ⁵⁵ | Similar to FSAG Public. | Similar to FSAG Public. | Similar to FSAG Public. |
| Audit | No provision. | No provision. | Biennial financial and program audit. ⁵⁶ | Identical to FSAG Private. |

In addition, the FSAG Public, FSAG Private, and FSAG Postsecondary programs provide for deposit of funds appropriated by the Legislature for grants through the FSAG program into the State Student Financial Assistance Trust Fund.⁵⁷ The FSAGCE program does not have this provision.

For the 2018-2019 fiscal year, amounts disbursed through the FSAG Program include:

- A total of \$234,334,619 for FSAG Public, disbursed to 156,301 students with an average award amount of \$1,499.55.⁵⁸
- A total of \$3,144,476 for FSAGCE, disbursed to 4,305 students with an average award amount of \$730.42.⁵⁹
- A total of \$24,500,519 for FSAG Private, disbursed to 16,338 students with an average award amount of \$1,499.60.⁶⁰
- A total of \$6,799,009 for FSAG Postsecondary, disbursed to 6,281 students with an average award amount of \$1,082.47.⁶¹

Benacquisto Scholarship Program

The Benacquisto Scholarship Program (scholarship)⁶² was created in 2014 to reward a Florida high school graduate who achieves recognition as a National Merit Scholar (NMS)⁶³ or National

⁵⁴ Section 1009.50(2)(c), F.S.

⁵⁵ Sections 1009.50(2)(d) and 1009.50(4)(d), F.S. All eligible students are required to be reported. Rule 6A-20.031(7), F.A.C.

⁵⁶ Section 1009.51(4)(e), F.S. The DOE retains the ability to suspend or revoke an institution’s eligibility to receive future moneys from the trust fund for the program or request a refund of any moneys overpaid to the institution.

⁶² The scholarship was renamed in 2016 from the Florida National Merit Scholar Incentive Program to the Benacquisto Scholarship Program. Section 26, ch. 2016-237, L.O.F.

⁶³ Florida Department of Education Office of Student Financial Assistance, *Annual Report to the Commissioner 2018-19* (2019), at 17, available at <https://www.floridastudentfinancialaidsg.org/pdf/annualreportcurrent.pdf>. The National Merit Scholarship Corporation (NMSC) is a private, not-for-profit organization that operates without government assistance to recognize and honor academically talented students. National Merit Scholarship Corporation, Mission, <https://www.nationalmerit.org/s/1758/interior.aspx?sid=1758&gid=2&pgid=395> (last visited Dec. 11, 2019). NMSC organizes the National Merit Scholarship Program, which began in 1955 as an academic competition for recognition and

Achievement Scholar (NAS)⁶⁴ and enrolls in a baccalaureate degree program at an eligible Florida public or independent postsecondary educational institution.⁶⁵

In addition to achieving recognition as an NMS or NAS, in order to be eligible for an award under the scholarship, a student must:⁶⁶

- Be a state resident as determined by statute and SBE rules;
- Earn a standard Florida high school diploma or its equivalent pursuant to statute, unless:
 - The student completes a home education program pursuant to statute,⁶⁷ or
 - The student earns a high school diploma from a non-Florida school while living with a parent who is on military or public service assignment out of this state;
- Be accepted by and enroll in a Florida public or independent postsecondary educational institution that is regionally accredited; and
- Be enrolled full-time in a baccalaureate degree program at an eligible regionally accredited Florida public or independent postsecondary educational institution during the fall academic term following high school graduation.

In 2018, eligibility was expanded to allow out-of-state students to qualify for a scholarship.⁶⁸

Scholarship recipients attending a public postsecondary institution, who qualify as a Florida resident, receive an award equal to the institutional cost of attendance minus the sum of the student's Florida Bright Futures Scholarship and NMS or NAS award. Scholarship recipients attending a public postsecondary institution, who qualify as non-residents of Florida, receive an award equal to the institutional cost of attendance for a Florida resident minus the student's NMS award. Eligible students who attend independent postsecondary educational institutions in Florida each receive scholarship awards equal to the highest cost of attendance for a resident of this state enrolled at a Florida public university, as reported by the BOG, minus the sum of the student's Florida Bright Futures Scholarship and NMS or NAS award.⁶⁹

A student must earn all credits for which he or she was enrolled and maintain a 3.0 or higher grade point average to be eligible for a renewal award. A student may receive an award for up to 100 percent of the number of credit hours required to complete a baccalaureate degree program.⁷⁰

scholarship. High school students enter the National Merit Program by taking the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which serves as an initial screen of approximately 1.6 million entrants each year, and meeting the program participation requirements. National Merit Scholarship Corporation, *National Merit Scholarship Program*, <https://www.nationalmerit.org/s/1758/interior.aspx?sid=1758&gid=2&pgid=424> (last visited Dec. 11, 2019).

⁷⁰ Section 1009.893(5)(a), F.S. The National Achievement Scholarship Program has since been discontinued. National Merit Scholarship Corporation, *supra* note 57.

For the 2019-2020 fiscal year, \$21,372,911⁷¹ was appropriated to fund 1,416 scholarship recipients.⁷²

Effect of Proposed Changes

Florida Student Assistance Grant Program

The bill provides flexibility and aligns specific requirements across the FSAG programs.

Specifically, the bill:

- Establishes that the maximum award amount for each FSAG program as specified in the General Appropriations Act (GAA).
- Allows a student who received a FSAG award in the fall or spring term to receive the FSAG award during the summer, if funds are available.⁷³
- Removes the requirement that institutions must prioritize the distribution of grant funds to students with the lowest family resources, thus allowing an institution to provide the grant funds to students who have the greatest unmet need.
- Specifies that, for all FSAG programs, institutions must report to the DOE all eligible students, regardless of actual disbursements.⁷⁴
- Modifies the fund distribution formula to include part-time and full-time eligible students, and requires that the formula account for changes in the number of eligible students across all FSAG programs.
- Establishes a disbursement deadline of 30 days after the end of regular registration each term and deadline of 60 days after the end of regular registration each spring term for return of undisbursed funds, which aligns to other financial aid programs, in accordance with DOE rule. However, the bill authorizes an exception to the remittance deadline if the institution documents to the DOE how the institution plans to disburse awards to students for the subsequent summer term. Such reporting and remittance deadlines may ensure that returned funds can be disbursed to qualified students prior to the end of the fiscal year.
- Removes the required DOE need analysis for the FSAG Public, FSAG Private, and FSAG Postsecondary programs to specify that a grant may not be made to a student whose expected family contribution exceeds one and one-half times the maximum Pell Grant-eligible family contribution.⁷⁵
- Requires institutions receiving funds through the FSAG Public and FSAGCE programs to prepare the same biennial report currently required of the FSAG Private and FSAG Postsecondary programs. The requirement specifies that:

⁷¹ Specific Appropriation 68, ch. 2019-115, L.O.F.

⁷² Education Estimating Conference on Student Financial Aid, *Executive Summary* (March 2019), available at <http://edr.state.fl.us/Content/conferences/financialaid/archives/190315financialaid.pdf>.

⁷³ All students entering a SUS university with fewer than 60 semester hours credit are required to earn at least 9 semester hours prior to graduation by attendance at one or more summer sessions. BOG Regulation 6.016. Allowing students to use FSAG awards during the summer may assist students to fulfill this requirement, take more credits in a year, and graduate on-time in four years.

⁷⁴ Reporting all eligible students, rather than only those students who received a disbursement, is consistent with requirements in rule 6A-20.031(7), 6A-20.032(7), and 6A-20.033(7), F.A.C.

⁷⁵ Expected Family Contribution is calculated using a student's: family size; family's taxed and untaxed income, assets, and benefits; and number of family members who will attend college or career school during the year. Federal Student Aid, *How Aid is Calculated*, <https://studentaid.gov/complete-aid-process/how-calculated#efc> (last visited Dec. 23, 2019).

- Each institution that receives moneys through the FSAG program must prepare a biennial report that includes a financial audit, conducted by the Auditor General, of the institution's administration of the program and a complete accounting of moneys allocated to the institution for the program to the DOE by March 1 every other year.
- The DOE may conduct its own annual or biennial audit of an institution's administration of the program and its allocated funds in lieu of the required biennial report and financial audit report.
- The DOE may suspend or revoke an institution's eligibility to receive future moneys for the program or request a refund of any moneys overpaid to the institution for the program if the DOE finds that an institution has not complied and specifies that any refund requested must be remitted within 60 days after notification by the DOE.

Benacquisto Scholarship Program

The bill modifies s. 1009.893, F.S., to clarify requirements for initial eligibility and modify scholarship renewal provisions. Specifically, the bill:

- Removes an outdated reference to the National Achievement Scholar program.
- Requires scholarship renewal students to be enrolled full-time. However, the bill authorizes a student to be enrolled less than full-time and receive funding for one term to complete his or her degree, if the student has less than 12 credits remaining to graduate.⁷⁶
- Specifies that a student's renewal status is not affected by subsequent changes in the residency status of the student or the student's family.
- Authorizes that students who fail to meet renewal requirements due to a verifiable illness or other documented emergency may be granted an exception pursuant to law.⁷⁷
- Specifies that a student may receive an award for up to five years following high school graduation and may not receive the award for more than 10 semesters, which may encourage students to complete degree programs in a timely manner and may lower some program costs.

Textbook and Instructional Materials Affordability

Present Situation

In 2008, the federal government⁷⁸ and Florida Legislature⁷⁹ addressed measures to reduce costs and make textbooks more affordable for needy students. Since 2016,⁸⁰ each FCS institution and state university BOT has been authorized to adopt policies in consultation with textbook and instructional materials providers, including bookstores, which allow for the use of innovative pricing techniques and payment options for textbooks and instructional materials. Such policies are authorized to include bulk pricing arrangements that enable students to purchase course

⁷⁶ Modifying provisions relating to full-time enrollment will more closely align the law with DOE implementation of the scholarship program.

⁷⁷ Section 1009.40(1)(b)4., F.S.

⁷⁸ The Higher Education Opportunity Act (Public Law 110-315).

⁷⁹ Section 1004.0085, F.S.

⁸⁰ Section 3, ch. 2016-236, L.O.F.

materials or texts that are delivered digitally; delivered through other technologies that are, or the licenses of which are, required for use within a course; or delivered in a print format.⁸¹

FCS institution and state university BOT innovative pricing techniques and payment options policies may only be approved if there is documented evidence that the options reduce the cost of textbooks and instructional materials for students taking a course and if the policy includes an opt-in provision for students.⁸² An institution may not automatically enroll students in services that provide textbooks or other materials electronically, students must opt-in to such programs.

Effect of Proposed Changes

The bill modifies s. 1004.085, F.S., to require that each FCS institution and state university BOT that adopts innovative pricing techniques and payment options policies include either an opt in or opt out provision for students. Therefore, if an institution adopts such a policy, the institution may automatically assign all students in a course to receive digital materials or other pricing payment options unless the student opts out of the policy.

Phosphate Research and Activities Board

Present Situation

The Florida Industrial and Phosphate Research Institute is housed within Florida Polytechnic University (FPU)⁸³ and the Phosphate Research and Activities Board is tasked with monitoring the expenditure of funds appropriated to FPU from the Phosphate Research Trust Fund.⁸⁴ The board consists of five members. The Governor is required to appoint two persons representing the phosphate mining or processing industry and one member representing a major environmental conservation group in the state. The Secretary of Environmental Protection or his or her designee and the president of FPU are required to serve as board members.⁸⁵

Members of the board appointed by the Governor are appointed to 3-year terms. A board member may continue to serve until a successor is appointed, but not more than 180 days after the expiration of his or her term. A board member is eligible for reappointment to subsequent terms.⁸⁶

⁸¹ Section 1004.085(4), F.S. Such policies are often called “inclusive access.” Where previously students might have been assigned textbooks individually, now many institutions are signing up whole classes of students to automatically receive digital course materials at a discounted rate, rather than purchasing individually. Every student has the same materials on the first day of class, with the charge included as part of their tuition. Many institutions automatically sign up students for such services, requiring students to opt-out if they do not wish to receive such digital materials or services. Inside Higher Education, *‘Inclusive Access’ Takes Off*, <https://www.insidehighered.com/news/2017/11/07/inclusive-access-takes-model-college-textbook-sales> (last visited Jan. 2, 2020). For federal financial assistance, an institution may include the cost of textbooks and supplies as part of tuition and fees if the institution has an arrangement with a publisher or other entity that makes books or supplies cheaper, provides a way for students to get timely access to materials, and includes a student opt out provision. Section 668.164(c) (2)(i), C.F.R.

⁸² Section 1004.085(4), F.S.

⁸³ Section 1004.346(1), F.S.

⁸⁴ Section 1004.346(2), F.S.

⁸⁵ Section 1004.346(2)(b), F.S.

⁸⁶ Section 1004.346(2)(c), F.S.

Effect of Proposed Changes

The bill modifies s. 1004.346, F.S., to remove the limitation that a board member may not serve more than 180 days after the expiration of his or her term, which prevents vacancies on the board by allowing that member to serve on the board until a replacement is appointed or that member is reappointed.

Remuneration of State University Administrative Employees**Present Situation**

A state university administrative employee may not receive more than \$200,000 in remuneration annually from appropriated state funds. However, university teaching faculty or medical school faculty or staff are not limited to how much compensation they can receive each year from appropriated state funds. State law does not direct the Board of Governors (BOG) to identify which employee classifications are exempt from the remuneration cap.^{87 88} However, the BOG defines in regulation the position of university president, university administrative employees, and university teaching faculty or medical school faculty for the purpose of regulating remuneration for such employees.⁸⁹

Effect of Proposed Changes

The bill modifies s. 1012.976, F.S., to require the BOG to define in regulation the university faculty and administrative personnel classifications.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

⁸⁷ See ss. 1012.976(2) and 1012.976(3), F.S.

⁸⁸ State of Florida Auditor General, *Operational Audit, State University System Board of Governors, Report 2020-032*, (September 2019), at 3-4, available at https://flauditor.gov/pages/pdf_files/2020-032.pdf. The Auditor General (AG) finding cited the BOG for creating a definition of university teaching faculty that included those who provide indirect instructional support. The AG indicated that the BOG definition “may undercut the dichotomy between administrative employees and teaching faculty contemplated in state law.” The AG recommended that the BOG review and revise the regulation to ensure definitions of teaching faculty are consistent with state law.

⁸⁹ Board of Governors Regulation 9.006.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Providing for Florida Student Assistance Grant (FSAG) Program summer awards may provide additional financial assistance to students who attend during the summer term.

Establishing a deadline for the return of undisbursed funds to the Department of Education may provide opportunities for additional students to receive an FSAG program scholarship. Returned funds may then be repurposed to fund other eligible students at the same or another institution.⁹⁰

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1001.03, 1001.7065, 1004.085, 1004.346, 1009.50, 1009.505, 1009.51, 1009.52, 1009.893, 1011.45, 1012.976, and 1013.841.

This bill repeals section 11 of chapter 2019-116, Laws of Florida.

⁹⁰ In the 2019 General Appropriations Act, student financial aid funds may be reallocated among the FSAG programs, the children and spouses of deceased and disabled veterans scholarship program, the Florida Work Experience program, and the Rosewood Family and Florida Farmworker scholarships. Specific Appropriation 75, s.2 ch. 2019-115, L.O.F.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriation Subcommittee on Education on January 29, 2020:

The committee substitute makes the following changes to the bill:

- Removes the requirement that participating institutions in the Florida Student Assistance Grant program prioritize the distribution of grant funds to students with the lowest family resources.
- Modifies the appointment term of members to the Florida Industrial and Phosphate Research Institute board, to allow board members to serve until their replacement is named. Removes the limitation that prohibits a Phosphate Research and Activities Board member from serving more than 180 days after the expiration of his or her term, until a successor is appointed.
- Modifies the remuneration statute for state universities, directing the Board of Governors to define in regulation the university faculty and administrative personnel classifications.
- Modifies the Academic and Research Excellence Standards subsection so that the BOG Accountability Plan is the source for the measures rather than third-party sources. Revises the data for academic and research excellence standards of preeminent institutions by using more timely performance data and requiring the standards to be reported annually in the BOG Accountability Plan.
- Modifies the preeminence statute to preserves the designation of emerging preeminent universities, removes funding component for emerging preeminent universities, and changes the funding for preeminent universities to be determined annually by the Legislature.
- Removes the repeal of section 11, ch. 2019-116, L.O.F., as that provision is no longer necessary because the award cap was permanently removed from law in 2019.

Section 5. Section 1004.6499, Florida Statutes, is created to read:

1004.6499 Florida Institute of Politics.—

(1) The Florida Institute of Politics is established at the Florida State University within the College of Social Sciences and Public Policy. The purpose of the institute is to provide

818894

11 the southeastern region of the United States with a world class,
12 bipartisan, nationally renowned institute of politics.

13 (2) The goals of the institute are to:

14 (a) Motivate students throughout the Florida State
15 University to become aware of the significance of government and
16 civic engagement at all levels and politics in general.

17 (b) Provide students with an opportunity to be politically
18 active and civically engaged.

19 (c) Nurture a greater awareness and passion for public
20 service and politics.

21 (d) Plan and host forums to allow students and guests to
22 hear from and interact with experts from government, politics,
23 policy, and journalism on a frequent basis.

24 (e) Become a national and state resource on polling
25 information and survey methodology.

26 (f) Provide fellowships and internship opportunities to
27 students in government, nonprofit organizations, and community
28 organizations.

29 (g) Provide training sessions for newly elected state and
30 local public officials.

31 (h) Organize and sponsor conferences, symposia, and
32 workshops throughout this state to educate and inform citizens,
33 elected officials, and appointed policymakers regarding
34 effective policymaking techniques and processes.

35 (i) Create and promote research and awareness regarding
36 politics, citizen involvement, and public service.

37 (j) Collaborate with related policy institutes and research
38 activities at the Florida State University and other
39 institutions of higher education to motivate, increase, and

818894

40 sustain citizen involvement in public affairs.

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to postsecondary education; amending s. 1001.03, F.S.; clarifying requirements for new construction, remodeling, or renovation projects; amending s. 1001.7065, F.S.; requiring that certain academic and research excellence standards be reported annually in the accountability plan prepared by the Board of Governors; revising the academic and research excellence standards established for the preeminent state research universities program; establishing criteria for identifying state universities of distinction, rather than programs of excellence, throughout the State University System; authorizing the Board of Governors to annually submit, by a specified date, the programs for funding by the Legislature; amending s. 1004.085, F.S.; requiring certain innovative pricing techniques and payment options to contain an opt-out provision for students; amending s. 1004.346, F.S.; deleting a provision related to terms of Phosphate Research and Activities Board members; amending s. 1009.50, F.S.; revising a provision relating to the maximum annual grant amount; providing that students who receive a grant award in the fall or spring term may also receive an award in the summer term, subject to availability of funds; prohibiting institutions from dispensing grants to students whose expected family contribution exceeds a

576-02782-20

certain amount; requiring that the formula used to distribute funds for the program account for changes in the number of eligible students across all student assistance grant programs; requiring institutions to certify the amount of funds disbursed within a certain timeframe; requiring institutions to remit any undisbursed advances within a specified timeframe; providing an exception; requiring institutions that receive moneys through the program to submit to the department by a specified date a biennial report that includes a financial audit conducted by the Auditor General; authorizing the department to conduct its own annual or biennial audit under certain circumstances; authorizing the department to suspend or revoke an institution's eligibility or request a refund of moneys overpaid to the institution under certain circumstances; providing a timeframe for such refunds; amending s. 1009.505, F.S.; requiring that grant awards administered through the Florida Public Postsecondary Career Education Student Assistance Grant Program not exceed a certain amount; providing that students who receive a grant award in the fall or spring term may also receive an award in the summer term, subject to the availability of funds; requiring the formula used to distribute funds for the program to account for changes in the number of eligible students across all student assistance grant programs; requiring institutions to certify within a certain timeframe the amount of funds disbursed; requiring

847972

576-02782-20

57 institutions to remit within a specified timeframe any
58 undisbursed advances; providing an exception;
59 requiring institutions that receive moneys through the
60 program to submit to the department by a specified
61 date a biennial report that includes a financial audit
62 conducted by the Auditor General; authorizing the
63 department to conduct its own annual or biennial audit
64 under certain circumstances; authorizing the
65 department to suspend or revoke an institution's
66 eligibility or to request a refund of moneys overpaid
67 to the institution under certain circumstances;
68 authorizing funds appropriated for state student
69 assistance grants to be deposited in a specified trust
70 fund; requiring that any balance in the trust fund at
71 the end of a fiscal year which has been allocated to
72 the Florida Public Postsecondary Career Education
73 Student Assistance Grant Program remain therein,
74 subject to certain statutory exceptions; amending s.
75 1009.51, F.S.; requiring that grant awards
76 administered through the Florida Private Student
77 Assistance Grant Program not exceed the maximum annual
78 award amount specified in the General Appropriations
79 Act; providing that students who receive an award in
80 the fall or spring term may also receive an award in
81 the summer term, subject to the availability of funds;
82 prohibiting institutions from dispensing grants to
83 students whose expected family contribution exceeds a
84 certain amount; requiring that the formula used to
85 distribute funds for the program account for changes

847972

576-02782-20

86 in the number of eligible students across all student
87 assistance grant programs; requiring institutions to
88 certify within a certain timeframe the amount of funds
89 disbursed; requiring institutions to remit within a
90 specified timeframe any undisbursed advances;
91 providing an exception; revising a requirement for a
92 biennial report; amending s. 1009.52, F.S.; requiring
93 that grants administered through the Florida
94 Postsecondary Student Assistance Grant Program not
95 exceed a certain annual award amount; providing that
96 students who receive a grant award in the fall or
97 spring term may also receive an award in the summer
98 term, subject to the availability of funds;
99 prohibiting institutions from dispensing grants to
100 students whose expected family contribution exceeds a
101 certain amount; requiring that the formula used to
102 distribute funds for the program account for changes
103 in the number of eligible students across all student
104 assistance grant programs; requiring institutions to
105 certify within a certain timeframe the amount of funds
106 disbursed; requiring institutions to remit within a
107 specified timeframe any undisbursed advances;
108 providing an exception; revising a requirement for a
109 biennial report; amending s. 1009.893, F.S.;
110 specifying eligibility for initial awards under the
111 Benacquisto Scholarship Program; revising requirements
112 for a student to receive a renewal award; providing a
113 timeframe within which students can receive an award;
114 providing an exception to renewal requirements;

576-02782-20

115 amending s. 1011.45, F.S.; revising the date by which
116 a spending plan must be submitted to a university's
117 board of trustees for approval; revising the date by
118 which the Board of Governors must review and approve
119 such spending plan; authorizing certain expenditures
120 in a carry forward spending plan to include a
121 commitment of funds to a contingency reserve for
122 certain purposes; amending s. 1012.976, F.S.;
123 requiring the Board of Governors to adopt regulations
124 defining university faculty and administrative
125 personnel classifications; amending s. 1013.841, F.S.;
126 revising the dates by which a spending plan must be
127 submitted to a Florida College System institution's
128 board of trustees for approval; revising the dates by
129 which the State Board of Education shall review and
130 publish such plans; authorizing certain expenditures
131 in a carry forward spending plan to include a
132 commitment of funds to a contingency reserve for
133 certain purposes; providing an effective date.

134
135 Be It Enacted by the Legislature of the State of Florida:

136
137 Section 1. Paragraph (c) of subsection (18) of section
138 1001.03, Florida Statutes, is amended to read:
139 1001.03 Specific powers of State Board of Education.—
140 (18) PUBLIC EDUCATION CAPITAL OUTLAY.—The State Board of
141 Education shall develop and submit the prioritized list required
142 by s. 1013.64(4). Projects considered for prioritization shall
143 be chosen from a preliminary selection group which shall include

576-02782-20

144 the list of projects maintained pursuant to paragraph (d) and
145 the top two priorities of each Florida College System
146 institution.

147 (c) A new construction, remodeling, or renovation project
148 that has not received an appropriation in a previous year shall
149 not be considered for inclusion on the prioritized list required
150 by s. 1013.64(4), unless:

151 1. A plan is provided to reserve funds in an escrow
152 account, specific to the project, into which shall be deposited
153 each year an amount of funds equal to 0.5 percent of the total
154 value of the building for future maintenance;

155 2. There exists ~~are~~ sufficient capacity within the cash and
156 bonding estimate of funds by the Revenue Estimating Conference
157 to accommodate the project ~~excess funds from the allocation~~
158 ~~provided pursuant to s. 1013.60~~ within the 3-year Public
159 Education Capital Outlay funding cycle planning period ~~which are~~
160 ~~not needed to complete the projects listed pursuant to paragraph~~
161 ~~(d)~~; and

162 3. The project has been recommended pursuant to s. 1013.31.
163 Section 2. Subsections (2), (5), and (7) of section
164 1001.7065, Florida Statutes, are amended to read:

165 1001.7065 Preeminent state research universities program.—
166 (2) ACADEMIC AND RESEARCH EXCELLENCE STANDARDS.—The
167 following academic and research excellence standards are
168 established for the preeminent state research universities
169 program and must be reported annually in the Board of Governors
170 Accountability Plan:

171 (a) An average weighted grade point average of 4.0 or
172 higher on a 4.0 scale and an average SAT score of 1800 or higher

847972

576-02782-20

173 on a 2400-point scale or 1200 or higher on a 1600-point scale
174 for fall semester incoming freshmen, as reported annually.

175 (b) A top-50 ranking on at least two well-known and highly
176 respected national public university rankings, including, but
177 not limited to, the U.S. News and World Report rankings,
178 reflecting national preeminence, using most recent rankings.

179 (c) A freshman retention rate of 90 percent or higher for
180 full-time, first-time-in-college students, ~~as reported annually~~
181 ~~to the Integrated Postsecondary Education Data System (IPEDS).~~

182 (d) A 4-year graduation rate of 60 percent or higher for
183 full-time, first-time-in-college students, ~~as reported annually~~
184 ~~to the IPEDS. However, for the 2018 determination of a state~~
185 ~~university's preeminence designation and the related~~
186 ~~distribution of the 2018-2019 fiscal year appropriation~~
187 ~~associated with preeminence and emerging preeminence, a~~
188 ~~university is considered to have satisfied this graduation rate~~
189 ~~measure by attaining a 6-year graduation rate of 70 percent or~~
190 ~~higher by October 1, 2017, for full time, first time in college~~
191 ~~students, as reported to the IPEDS and confirmed by the Board of~~
192 ~~Governors.~~

193 (e) Six or more faculty members at the state university who
194 are members of a national academy, ~~as reported by the Center for~~
195 ~~Measuring University Performance in the Top American Research~~
196 ~~Universities (TARU) annual report or the official membership~~
197 ~~directories maintained by each national academy.~~

198 (f) Total annual research expenditures, including federal
199 research expenditures, of \$200 million or more, ~~as reported~~
200 ~~annually by the National Science Foundation (NSF).~~

201 (g) Total annual research expenditures in diversified

847972

576-02782-20

202 nonmedical sciences of \$150 million or more, ~~based on data~~
203 ~~reported annually by the NSF.~~

204 (h) A top-100 university national ranking for research
205 expenditures in five or more science, technology, engineering,
206 or mathematics fields of study, ~~as reported annually by the NSF.~~

207 (i) One hundred or more total patents awarded by the United
208 States Patent and Trademark Office for the most recent 3-year
209 period.

210 (j) Four hundred or more doctoral degrees awarded annually,
211 including professional doctoral degrees awarded in medical and
212 health care disciplines, ~~as reported in the Board of Governors~~
213 ~~Annual Accountability Report.~~

214 (k) Two hundred or more postdoctoral appointees annually,
215 ~~as reported in the TARU annual report.~~

216 (l) An endowment of \$500 million or more, ~~as reported in~~
217 ~~the Board of Governors Annual Accountability Report.~~

218 (5) PREEMINENT STATE RESEARCH UNIVERSITIES PROGRAM
219 SUPPORT.—

220 (a) A state university that is designated as a preeminent
221 state research university shall submit to the Board of Governors
222 a 5-year benchmark plan with target rankings on key performance
223 metrics for national excellence. Upon approval by the Board of
224 Governors, and upon the university's meeting the benchmark plan
225 goals annually, the Board of Governors shall award the
226 university its proportionate share of any funds provided
227 annually to support the program created under this section.

228 (b) A state university designated as an emerging preeminent
229 state research university shall submit for approval to the Board
230 of Governors a 5-year benchmark plan with target rankings on key

847972

576-02782-20

231 performance metrics for national excellence. ~~Upon approval by~~
232 ~~the Board of Governors, and upon the university's meeting the~~
233 ~~benchmark plan goals annually, the Board of Governors shall~~
234 ~~award the university its proportionate share of any funds~~
235 ~~provided annually to support the program created under this~~
236 ~~section.~~

237 (c) The award of funds under this subsection is contingent
238 upon funding provided by the Legislature to support the
239 preeminent state research universities program created under
240 this section. Funding increases appropriated beyond the amounts
241 funded in the previous fiscal year shall be distributed as
242 determined annually by the Legislature to as follows:

243 ~~1. each designated preeminent state research university~~
244 ~~that meets the criteria in paragraph (a) shall receive an equal~~
245 ~~amount of funding.~~

246 ~~2. Each designated emerging preeminent state research~~
247 ~~university that meets the criteria in paragraph (b) shall,~~
248 ~~beginning in the 2018-2019 fiscal year, receive an amount of~~
249 ~~funding that is equal to one-fourth of the total increased~~
250 ~~amount awarded to each designated preeminent state research~~
251 ~~university.~~

252 (7) ~~STATE UNIVERSITIES PROGRAMS OF DISTINCTION EXCELLENCE~~
253 ~~THROUGHOUT THE STATE UNIVERSITY SYSTEM.~~—The Board of Governors
254 shall establish standards and measures that may be used in
255 identifying state universities that focus on one core competency
256 unique to the State University System and that achieve
257 excellence at the national or state level, meet state workforce
258 needs, and foster an innovation economy that focuses on such
259 areas as health care, security, transportation, and science,

847972

576-02782-20

260 technology, engineering, and mathematics (STEM), including
261 supply chain management. By each January 1, the Board of
262 Governors may submit such programs whereby individual
263 undergraduate, graduate, and professional degree programs in
264 state universities which objectively reflect national excellence
265 ~~can be identified and make recommendations to the Legislature~~
266 for funding by September 1, 2018, as to how any such programs
267 ~~could be enhanced and promoted.~~

268 Section 3. Subsection (4) of section 1004.085, Florida
269 Statutes, is amended to read:

270 1004.085 Textbook and instructional materials
271 affordability.—

272 (4) Each Florida College System institution and state
273 university board of trustees is authorized to adopt policies in
274 consultation with providers, including bookstores, which allow
275 for the use of innovative pricing techniques and payment options
276 for textbooks and instructional materials. Such policies may
277 include bulk pricing arrangements that enable students to
278 purchase course materials or texts that are delivered digitally;
279 delivered through other technologies that are, or the licenses
280 of which are, required for use within a course; or delivered in
281 a print format. Innovative pricing techniques and payment
282 options must include an opt-in or opt-out provision for students
283 and may be approved only if there is documented evidence that
284 the options reduce the cost of textbooks and instructional
285 materials for students taking a course.

286 Section 4. Paragraph (c) of subsection (2) of section
287 1004.346, Florida Statutes, is amended to read:

288 1004.346 Florida Industrial and Phosphate Research

847972

576-02782-20

289 Institute.-

290 (2) PHOSPHATE RESEARCH AND ACTIVITIES BOARD.—The Phosphate
291 Research and Activities Board is created to monitor the
292 expenditure of funds appropriated to the university from the
293 Phosphate Research Trust Fund.

294 (c) Members of the board appointed by the Governor shall be
295 appointed to 3-year terms. A board member may continue to serve
296 until a successor is appointed, ~~but not more than 180 days after~~
297 ~~the expiration of his or her term.~~ A board member is eligible
298 for reappointment to subsequent terms.

299 Section 5. Section 1009.50, Florida Statutes, is amended to
300 read:

301 1009.50 Florida Public Student Assistance Grant Program;
302 eligibility for grants.—

303 (1) There is hereby created a Florida Public Student
304 Assistance Grant Program. The program shall be administered by
305 the participating institutions in accordance with rules of the
306 state board.

307 (2) (a) State student assistance grants through the program
308 may be made only to degree-seeking students who enroll in at
309 least 6 semester hours, or the equivalent per term, and who meet
310 the general requirements for student eligibility as provided in
311 s. 1009.40, except as otherwise provided in this section. The
312 grants shall be awarded annually for the amount of demonstrated
313 unmet need for the cost of education and may not exceed the
314 maximum annual award ~~an amount equal to the average prior~~
315 ~~academic year cost of tuition fees and other registration fees~~
316 ~~for 30 credit hours at state universities or such other amount~~
317 ~~as specified in the General Appropriations Act, to any~~

847972

576-02782-20

318 ~~recipient.~~ A demonstrated unmet need of less than \$200 shall
319 render the applicant ineligible for a state student assistance
320 grant. Recipients of the grants must have been accepted at a
321 state university or Florida College System institution
322 authorized by Florida law. If funds are available, a student who
323 received an award in the fall or spring term may receive a
324 summer term award. A student is eligible for the award for 110
325 percent of the number of credit hours required to complete the
326 program in which enrolled, except as otherwise provided in s.
327 1009.40(3).

328 (b) A student applying for a Florida public student
329 assistance grant shall be required to apply for the Pell Grant.
330 The Pell Grant entitlement shall be considered when conducting
331 an assessment of the financial resources available to each
332 student.

333 (c) ~~Priority in the distribution of grant moneys shall be~~
334 ~~given to students with the lowest total family resources, in~~
335 ~~accordance with a nationally recognized system of need analysis.~~
336 ~~Using the system of need analysis, the department shall~~
337 ~~establish a maximum expected family contribution.~~ An institution
338 may not make a grant from this program to a student whose
339 expected family contribution exceeds one and one-half times the
340 maximum Pell Grant-eligible family contribution level
341 ~~established by the department.~~ An institution may not impose
342 additional criteria to determine a student's eligibility to
343 receive a grant award.

344 (d) Each participating institution shall report, to the
345 department by the established date, the eligible students
346 eligible for the program for ~~to whom grant moneys are disbursed~~

847972

576-02782-20

347 each academic term. Each institution shall also report to the
348 department necessary demographic and eligibility data for such
349 students.

350 (3) Based on the unmet financial need of an eligible
351 applicant, the amount of a Florida public student assistance
352 grant must be between \$200 and the ~~weighted average of the cost~~
353 ~~of tuition and other registration fees for 30 credit hours at~~
354 ~~state universities per academic year or the amount specified in~~
355 the General Appropriations Act.

356 (4) (a) The funds appropriated for the Florida Public
357 Student Assistance Grant shall be distributed to eligible
358 institutions in accordance with a formula approved by the State
359 Board of Education. The formula ~~must shall~~ consider at least the
360 prior year's distribution of funds, the number of ~~full-time~~
361 eligible applicants who did not receive awards, the
362 standardization of the expected family contribution, and
363 provisions for unused funds. The formula must account for
364 changes in the number of eligible students across all student
365 assistance grant programs established pursuant to this section
366 and ss. 1009.505, 1009.51, and 1009.52.

367 (b) Payment of Florida public student assistance grants
368 shall be transmitted to the president of the state university or
369 Florida College System institution, or to his or her
370 representative, in advance of the registration period.
371 Institutions shall notify students of the amount of their
372 awards.

373 (c) The eligibility status of each student to receive a
374 disbursement shall be determined by each institution as of the
375 end of its regular registration period, inclusive of a drop-add

847972

576-02782-20

376 period. Institutions shall not be required to reevaluate a
377 student's eligibility status after this date for purposes of
378 changing eligibility determinations previously made.

379 (d) Institutions shall certify to the department within 30
380 days after the end of regular registration each term the amount
381 of funds disbursed to each student and shall remit to the
382 department any undisbursed advances within 60 days after the end
383 of regular registration each spring term any advances by June 1
384 of each year. An exception to the remittance deadline may be
385 granted if the institution documents to the department how it
386 plans to disburse awards to students for the subsequent summer
387 term. An institution that uses funds for the summer term shall
388 certify to the department the amount of funds disbursed to each
389 student and shall remit to the department any undisbursed
390 advances within 30 days after the end of the summer term.

391 (e) Each institution that receives moneys through the
392 Florida Public Student Assistance Grant Program shall prepare a
393 biennial report that includes a financial audit, conducted by
394 the Auditor General, of the institution's administration of the
395 program and a complete accounting of moneys allocated to the
396 institution for the program. Such report shall be submitted to
397 the department by March 1 every other year. The department may
398 conduct its own annual or biennial audit of an institution's
399 administration of the program and its allocated funds in lieu of
400 the required biennial report and financial audit report. The
401 department may suspend or revoke an institution's eligibility to
402 receive future moneys for the program or may request a refund of
403 any moneys overpaid to the institution for the program if the
404 department finds that an institution has not complied with this

847972

576-02782-20

405 section. Any refund requested pursuant to this paragraph shall
406 be remitted within 60 days after notification by the department.

407 (5) Funds appropriated by the Legislature for state student
408 assistance grants may be deposited in the State Student
409 Financial Assistance Trust Fund. ~~Notwithstanding the provisions~~
410 ~~of~~ s. 216.301 and pursuant to s. 216.351, any balance in the
411 trust fund at the end of any fiscal year which has been
412 allocated to the Florida Public Student Assistance Grant Program
413 shall remain therein and shall be available for carrying out the
414 purposes of this section.

415 (6) The State Board of Education shall establish rules
416 necessary to implement this section.

417 Section 6. Present subsections (5) and (6) of section
418 1009.505, Florida Statutes, are redesignated as subsections (6)
419 and (7), respectively, a new subsection (5) is added to that
420 section, and subsections (3) and (4) of that section are
421 amended, to read:

422 1009.505 Florida Public Postsecondary Career Education
423 Student Assistance Grant Program.—

424 (3) (a) Student assistance grants through the program may be
425 made only to certificate-seeking students enrolled at least
426 half-time in a public postsecondary career certificate program
427 who meet the general requirements for student eligibility as
428 provided in s. 1009.40, except as otherwise provided in this
429 section. The grants shall be awarded annually to any recipient
430 for the amount of demonstrated unmet need for the cost of
431 education and may not exceed the ~~average annual cost of tuition~~
432 ~~and registration fees or such other~~ amount as specified in the
433 General Appropriations Act. A demonstrated unmet need of less

847972

576-02782-20

434 than \$200 shall render the applicant ineligible for a grant
435 under this section. Recipients of the grants must have been
436 accepted at a Florida College System institution authorized by
437 Florida law or a career center operated by a district school
438 board under s. 1001.44. If funds are available, a student who
439 received an award in the fall or spring term may receive a
440 summer term award. A student is eligible for the award for 110
441 percent of the number of clock hours required to complete the
442 program in which enrolled.

443 (b) A student applying for a Florida public postsecondary
444 career education student assistance grant shall be required to
445 apply for the Pell Grant. A Pell Grant entitlement shall be
446 considered when conducting an assessment of the financial
447 resources available to each student; however, a Pell Grant
448 entitlement shall not be required as a condition of receiving a
449 grant under this section.

450 (c) Each participating institution shall report, to the
451 department by the established date, the ~~eligible~~ students
452 eligible for the program for ~~to whom grant moneys are disbursed~~
453 each academic term. Each institution shall also report to the
454 department necessary demographic and eligibility data for such
455 students.

456 (4) (a) The funds appropriated for the Florida Public
457 Postsecondary Career Education Student Assistance Grant Program
458 shall be distributed to eligible Florida College System
459 institutions and district school boards in accordance with a
460 formula approved by the department. The formula must account for
461 changes in the number of eligible students across all student
462 assistance grant programs established pursuant to this section

576-02782-20

463 and ss. 1009.50, 1009.51, and 1009.52.

464 (b) Payment of Florida public postsecondary career
465 education student assistance grants shall be transmitted to the
466 president of the Florida College System institution or to the
467 district school superintendent, or to the designee thereof, in
468 advance of the registration period. Institutions shall notify
469 students of the amount of their awards.

470 (c) The eligibility status of each student to receive a
471 disbursement shall be determined by each institution as of the
472 end of its regular registration period, inclusive of a drop-add
473 period. Institutions shall not be required to reevaluate a
474 student's eligibility status after this date for purposes of
475 changing eligibility determinations previously made.

476 (d) Participating institutions shall certify to the
477 department within 30 days after the end of regular registration
478 each term the amount of funds disbursed to each student and
479 shall remit to the department any undisbursed advances within 60
480 days after the end of regular registration each spring term by
481 June 1 of each year. An exception to the remittance deadline may
482 be granted if the institution documents to the department how it
483 plans to disburse awards to students for the subsequent summer
484 term. An institution that uses funds for the summer term shall
485 certify to the department the amount of funds disbursed to each
486 student and shall remit to the department any undisbursed
487 advances within 30 days after the end of the summer term.

488 (e) Each institution that receives moneys through the
489 Florida Public Postsecondary Career Education Student Assistance
490 Grant Program shall prepare a biennial report that includes a
491 financial audit, conducted by the Auditor General, of the

576-02782-20

492 institution's administration of the program and a complete
493 accounting of moneys allocated to the institution for the
494 program. Such report shall be submitted to the department by
495 March 1 every other year. The department may conduct its own
496 annual or biennial audit of an institution's administration of
497 the program and its allocated funds in lieu of the required
498 biennial report and financial audit report. The department may
499 suspend or revoke an institution's eligibility to receive future
500 moneys for the program or may request a refund of any moneys
501 overpaid to the institution if the department finds that an
502 institution has not complied with this section. Any refund
503 requested pursuant to this paragraph shall be remitted within 60
504 days after notification by the department.

505 (5) Funds appropriated by the Legislature for state student
506 assistance grants may be deposited in the State Student
507 Financial Assistance Trust Fund. Notwithstanding s. 216.301, and
508 pursuant to s. 216.351, any balance in the trust fund at the end
509 of any fiscal year which has been allocated to the Florida
510 Public Postsecondary Career Education Student Assistance Grant
511 Program shall remain therein and shall be available for carrying
512 out the purposes of this section.

513 Section 7. Section 1009.51, Florida Statutes, is amended to
514 read:

515 1009.51 Florida Private Student Assistance Grant Program;
516 eligibility for grants.-

517 (1) There is created a Florida Private Student Assistance
518 Grant Program. The program shall be administered by the
519 participating institutions in accordance with rules of the State
520 Board of Education.

576-02782-20

521 (2) (a) Florida private student assistance grants ~~from the~~
522 ~~State Student Financial Assistance Trust Fund~~ may be made only
523 to full-time degree-seeking students who meet the general
524 requirements for student eligibility as provided in s. 1009.40,
525 except as otherwise provided in this section. Such grants shall
526 be awarded for the amount of demonstrated unmet need for tuition
527 and fees and may not exceed the maximum annual award ~~an amount~~
528 ~~equal to the average tuition and other registration fees for 30~~
529 ~~credit hours at state universities plus \$1,000 per academic~~
530 ~~year, or as specified in the General Appropriations Act, to any~~
531 ~~applicant~~. A demonstrated unmet need of less than \$200 shall
532 render the applicant ineligible for a Florida private student
533 assistance grant. Recipients of such grants must have been
534 accepted at a baccalaureate-degree-granting independent
535 nonprofit college or university, which is accredited by the
536 Commission on Colleges of the Southern Association of Colleges
537 and Schools and which is located in and chartered as a domestic
538 corporation by the state. If funds are available, a student who
539 received an award in the fall or spring term may receive a
540 summer term award. No student may receive an award for more than
541 the equivalent of 9 semesters or 14 quarters of full-time
542 enrollment, except as otherwise provided in s. 1009.40(3).

543 (b) A student applying for a Florida private student
544 assistance grant shall be required to apply for the Pell Grant.
545 The Pell Grant entitlement shall be considered when conducting
546 an assessment of the financial resources available to each
547 student.

548 (c) ~~Priority in the distribution of grant moneys shall be~~
549 ~~given to students with the lowest total family resources, in~~

576-02782-20

550 ~~accordance with a nationally recognized system of need analysis.~~
551 ~~Using the system of need analysis, the department shall~~
552 ~~establish a maximum expected family contribution.~~ An institution
553 may not make a grant from this program to a student whose
554 expected family contribution exceeds one and one-half times the
555 maximum Pell Grant-eligible family contribution level
556 ~~established by the department~~. An institution may not impose
557 additional criteria to determine a student's eligibility to
558 receive a grant award.

559 (d) Each participating institution shall report, to the
560 department by the established date, the eligible students
561 eligible for the program for to whom grant moneys are disbursed
562 each academic term. Each institution shall also report to the
563 department necessary demographic and eligibility data for such
564 students.

565 (3) Based on the unmet financial need of an eligible
566 applicant, the amount of a Florida private student assistance
567 grant must be between \$200 and ~~the average cost of tuition and~~
568 ~~other registration fees for 30 credit hours at state~~
569 ~~universities plus \$1,000 per academic year or~~ the amount
570 specified in the General Appropriations Act.

571 (4) (a) The funds appropriated for the Florida Private
572 Student Assistance Grant shall be distributed to eligible
573 institutions in accordance with a formula approved by the State
574 Board of Education. The formula must ~~shall~~ consider at least the
575 prior year's distribution of funds, the number of full-time
576 eligible applicants who did not receive awards, the
577 standardization of the expected family contribution, and
578 provisions for unused funds. The formula must account for

847972

576-02782-20

579 changes in the number of eligible students across all student
580 assistance grant programs established pursuant to this section
581 and ss. 1009.50, 1009.505, and 1009.52.

582 (b) Payment of Florida private student assistance grants
583 shall be transmitted to the president of the college or
584 university, or to his or her representative, in advance of the
585 registration period. Institutions shall notify students of the
586 amount of their awards.

587 (c) The eligibility status of each student to receive a
588 disbursement shall be determined by each institution as of the
589 end of its regular registration period, inclusive of a drop-add
590 period. Institutions shall not be required to reevaluate a
591 student's eligibility status after this date for purposes of
592 changing eligibility determinations previously made.

593 (d) Institutions shall certify to the department within 30
594 days after the end of regular registration each term the amount
595 of funds disbursed to each student and shall remit to the
596 department any undisbursed advances within 60 days after the end
597 of regular registration each spring term by June 1 of each year.
598 An exception to the remittance deadline may be granted if the
599 institution documents to the department how it plans to disburse
600 awards to students for the subsequent summer term. An
601 institution that uses funds for the summer term shall certify to
602 the department the amount of funds disbursed to each student and
603 shall remit to the department any undisbursed advances within 30
604 days after the end of the summer term.

605 (e) Each institution that receives moneys through the
606 Florida Private Student Assistance Grant Program shall prepare a
607 biennial report that includes a financial audit, conducted by an

847972

576-02782-20

608 independent certified public accountant, of the institution's
609 administration of the program and a complete accounting of
610 moneys ~~in the State Student Financial Assistance Trust Fund~~
611 allocated to the institution for the program. Such report shall
612 be submitted to the department by March 1 every other year. The
613 department may conduct its own annual or biennial audit of an
614 institution's administration of the program and its allocated
615 funds in lieu of the required biennial report and financial
616 audit report. The department may suspend or revoke an
617 institution's eligibility to receive future moneys ~~from the~~
618 ~~trust fund~~ for the program or request a refund of any moneys
619 overpaid to the institution ~~through the trust fund~~ for the
620 program if the department finds that an institution has not
621 complied with ~~the provisions of~~ this section. Any refund
622 requested pursuant to this paragraph shall be remitted within 60
623 days after notification by the department.

624 (5) Funds appropriated by the Legislature for Florida
625 private student assistance grants may be deposited in the State
626 Student Financial Assistance Trust Fund. Notwithstanding ~~the~~
627 ~~provisions of~~ s. 216.301 and pursuant to s. 216.351, any balance
628 in the trust fund at the end of any fiscal year which has been
629 allocated to the Florida Private Student Assistance Grant
630 Program shall remain therein and shall be available for carrying
631 out the purposes of this section and as otherwise provided by
632 law.

633 (6) The State Board of Education shall adopt rules
634 necessary to implement this section.

635 Section 8. Section 1009.52, Florida Statutes, is amended to
636 read:

847972

576-02782-20

637 1009.52 Florida Postsecondary Student Assistance Grant
638 Program; eligibility for grants.—

639 (1) There is created a Florida Postsecondary Student
640 Assistance Grant Program. The program shall be administered by
641 the participating institutions in accordance with rules of the
642 State Board of Education.

643 (2) (a) Florida postsecondary student assistance grants
644 ~~through the State Student Financial Assistance Trust Fund~~ may be
645 made only to full-time degree-seeking students who meet the
646 general requirements for student eligibility as provided in s.
647 1009.40, except as otherwise provided in this section. Such
648 grants shall be awarded for the amount of demonstrated unmet
649 need for tuition and fees and may not exceed the maximum annual
650 award an amount equal to the average prior academic year cost of
651 ~~tuition and other registration fees for 30 credit hours at state~~
652 ~~universities plus \$1,000 per academic year, or as~~ specified in
653 the General Appropriations Act, ~~to any applicant~~. A demonstrated
654 unmet need of less than \$200 shall render the applicant
655 ineligible for a Florida postsecondary student assistance grant.
656 Recipients of such grants must have been accepted at a
657 postsecondary institution that is located in this ~~the~~ state and
658 that is:

659 1. A private nursing diploma school approved by the Florida
660 Board of Nursing; or

661 2. A college or university licensed by the Commission for
662 Independent Education, excluding those institutions the students
663 of which are eligible to receive a Florida private student
664 assistance grant pursuant to s. 1009.51.
665

847972

576-02782-20

666 If funds are available, a student who received an award in the
667 fall or spring term may receive a summer term award. No student
668 may receive an award for more than the equivalent of 9 semesters
669 or 14 quarters of full-time enrollment, except as otherwise
670 provided in s. 1009.40(3).

671 (b) A student applying for a Florida postsecondary student
672 assistance grant shall be required to apply for the Pell Grant.
673 The Pell Grant entitlement shall be considered when conducting
674 an assessment of the financial resources available to each
675 student.

676 (c) ~~Priority in the distribution of grant moneys shall be~~
677 ~~given to students with the lowest total family resources, in~~
678 ~~accordance with a nationally recognized system of need analysis.~~
679 ~~Using the system of need analysis, the department shall~~
680 ~~establish a maximum expected family contribution.~~ An institution
681 may not make a grant from this program to a student whose
682 expected family contribution exceeds one and one-half times the
683 maximum Pell Grant-eligible family contribution level
684 ~~established by the department.~~ An institution may not impose
685 additional criteria to determine a student's eligibility to
686 receive a grant award.

687 (d) Each participating institution shall report, ~~to the~~
688 department by the established date, ~~the eligible students~~
689 eligible for the program for to whom grant moneys are disbursed
690 each academic term. Each institution shall also report to the
691 department necessary demographic and eligibility data for such
692 students.

693 (3) Based on the unmet financial need of an eligible
694 applicant, the amount of a Florida postsecondary student

576-02782-20

695 assistance grant must be between \$200 and ~~the average cost of~~
696 ~~tuition and other registration fees for 30 credit hours at state~~
697 ~~universities plus \$1,000 per academic year or the amount~~
698 specified in the General Appropriations Act.

699 (4) (a) The funds appropriated for the Florida Postsecondary
700 Student Assistance Grant shall be distributed to eligible
701 institutions in accordance with a formula approved by the State
702 Board of Education. The formula must ~~shall~~ consider at least the
703 prior year's distribution of funds, the number of ~~full-time~~
704 eligible applicants who did not receive awards, the
705 standardization of the expected family contribution, and
706 provisions for unused funds. The formula must account for
707 changes in the number of eligible students across all student
708 assistance grant programs established pursuant to this section
709 and ss. 1009.50, 1009.505, and 1009.51.

710 (b) Payment of Florida postsecondary student assistance
711 grants shall be transmitted to the president of the eligible
712 institution, or to his or her representative, in advance of the
713 registration period. Institutions shall notify students of the
714 amount of their awards.

715 (c) The eligibility status of each student to receive a
716 disbursement shall be determined by each institution as of the
717 end of its regular registration period, inclusive of a drop-add
718 period. Institutions shall not be required to reevaluate a
719 student's eligibility status after this date for purposes of
720 changing eligibility determinations previously made.

721 (d) Institutions shall certify to the department within 30
722 days after the end of regular registration each term the amount
723 of funds disbursed to each student and shall remit to the

576-02782-20

724 department any undisbursed advances within 60 days after the end
725 of regular registration each spring term by June 1 of each year.
726 An exception to the remittance deadline may be granted if the
727 institution documents to the department how it plans to disburse
728 awards to students for the subsequent summer term. An
729 institution that uses funds for the summer term shall certify to
730 the department the amount of funds disbursed to each student and
731 shall remit to the department any undisbursed advances within 30
732 days after the end of the summer term.

733 (e) Each institution that receives moneys through the
734 Florida Postsecondary Student Assistance Grant Program shall
735 prepare a biennial report that includes a financial audit,
736 conducted by an independent certified public accountant, of the
737 institution's administration of the program and a complete
738 accounting of moneys ~~in the State Student Financial Assistance~~
739 ~~Trust Fund allocated to the institution~~ for the program. Such
740 report shall be submitted to the department by March 1 every
741 other year. The department may conduct its own annual or
742 biennial audit of an institution's administration of the program
743 and its allocated funds in lieu of the required biennial report
744 and financial audit report. The department may suspend or revoke
745 an institution's eligibility to receive future moneys ~~from the~~
746 ~~trust fund~~ for the program or request a refund of any moneys
747 overpaid to the institution ~~through the trust fund~~ for the
748 program if the department finds that an institution has not
749 complied with ~~the provisions of~~ this section. Any refund
750 requested pursuant to this paragraph shall be remitted within 60
751 days after notification by the department.

752 (5) Any institution that was eligible to receive state

847972

576-02782-20

753 student assistance grants on January 1, 1989, and that is not
754 eligible to receive grants pursuant to s. 1009.51 is eligible to
755 receive grants pursuant to this section.

756 (6) Funds appropriated by the Legislature for Florida
757 postsecondary student assistance grants may be deposited in the
758 State Student Financial Assistance Trust Fund. Notwithstanding
759 ~~the provisions of s. 216.301 and pursuant to s. 216.351, any~~
760 balance in the trust fund at the end of any fiscal year which
761 has been allocated to the Florida Postsecondary Student
762 Assistance Grant Program shall remain therein and shall be
763 available for carrying out the purposes of this section and as
764 otherwise provided by law.

765 (7) The State Board of Education shall adopt rules
766 necessary to implement this section.

767 Section 9. Subsections (2), (4), (5), and (6) of section
768 1009.893, Florida Statutes, are amended to read:

769 1009.893 Benacquisto Scholarship Program.—

770 (2) The Benacquisto Scholarship Program is created to
771 reward a high school graduate who receives recognition as a
772 National Merit Scholar ~~or National Achievement Scholar~~ and who
773 initially enrolls in the 2014-2015 academic year or, later, in a
774 baccalaureate degree program at an eligible Florida public or
775 independent postsecondary educational institution.

776 (4) In order to be eligible for an initial award under the
777 scholarship program, a student must meet the requirements of
778 paragraph (a) or paragraph (b).

779 (a) A student who is a resident of this state, as
780 determined in s. 1009.40 and rules of the State Board of
781 Education, must:

847972

576-02782-20

782 1. Earn a standard Florida high school diploma or its
783 equivalent pursuant to s. 1002.3105, s. 1003.4281, s. 1003.4282,
784 or s. 1003.435 unless:

785 a. The student completes a home education program according
786 to s. 1002.41; or

787 b. The student earns a high school diploma from a non-
788 Florida school while living with a parent who is on military or
789 public service assignment out of this state;

790 2. Be accepted by and enroll in a Florida public or
791 independent postsecondary educational institution that is
792 regionally accredited; and

793 3. Be enrolled full-time in a baccalaureate degree program
794 at an eligible regionally accredited Florida public or
795 independent postsecondary educational institution during the
796 fall academic term following high school graduation.

797 (b) A student who initially enrolls in a baccalaureate
798 degree program in the 2018-2019 academic year or later and who
799 is not a resident of this state, as determined in s. 1009.40 and
800 rules of the State Board of Education, must:

801 1. Physically reside in this state on or near the campus of
802 the postsecondary educational institution in which the student
803 is enrolled;

804 2. Earn a high school diploma from a school outside Florida
805 which is comparable to a standard Florida high school diploma or
806 its equivalent pursuant to s. 1002.3105, s. 1003.4281, s.

807 1003.4282, or s. 1003.435 or must complete a home education
808 program in another state; and

809 3. Be accepted by and enrolled full-time in a baccalaureate
810 degree program at an eligible regionally accredited Florida

576-02782-20

811 public or independent postsecondary educational institution
812 during the fall academic term following high school graduation.

813 (5) (a) 1. An eligible student who meets the requirements of
814 paragraph (4) (a), who is a National Merit Scholar ~~or National~~
815 ~~Achievement Scholar~~, and who attends a Florida public
816 postsecondary educational institution shall receive a
817 scholarship award equal to the institutional cost of attendance
818 minus the sum of the student's Florida Bright Futures
819 Scholarship and National Merit Scholarship ~~or National~~
820 ~~Achievement Scholarship~~.

821 2. An eligible student who meets the requirements of
822 paragraph (4) (b), who is a National Merit Scholar, and who
823 attends a Florida public postsecondary educational institution
824 shall receive a scholarship award equal to the institutional
825 cost of attendance for a resident of this state minus the
826 student's National Merit Scholarship. Such student is exempt
827 from the payment of out-of-state fees.

828 (b) An eligible student who is a National Merit Scholar ~~or~~
829 ~~National Achievement Scholar~~ and who attends a Florida
830 independent postsecondary educational institution shall receive
831 a scholarship award equal to the highest cost of attendance for
832 a resident of this state enrolled at a Florida public
833 university, as reported by the Board of Governors of the State
834 University System, minus the sum of the student's Florida Bright
835 Futures Scholarship and National Merit Scholarship ~~or National~~
836 ~~Achievement Scholarship~~.

837 (6) (a) To be eligible for a renewal award, a student must
838 be enrolled full time, earn all credits for which he or she was
839 enrolled, and maintain a 3.0 or higher grade point average. An

576-02782-20

840 eligible Benacquisto Scholar who has fewer than 12 credits
841 remaining to complete his or her first baccalaureate degree may
842 receive funding for one term in order to complete the degree.

843 (b) A student's renewal status is not affected by
844 subsequent changes in the residency status of the student or the
845 residency status of the student's family.

846 (c) ~~(b)~~ A student may receive the scholarship award for a
847 maximum of 100 percent of the number of credit hours required to
848 complete a baccalaureate degree program, or until completion of
849 a baccalaureate degree program, whichever comes first.

850 (d) A student may receive an award for up to 5 years
851 following high school graduation and may not receive the award
852 for more than 10 semesters.

853 (e) A student who receives an award under this program and
854 fails to meet the renewal requirements due to a verifiable
855 illness or other documented emergency may be granted an
856 exception pursuant to s. 1009.40(1)(b)4.

857 Section 10. Section 1011.45, Florida Statutes, is amended
858 to read:

859 1011.45 End of year balance of funds.—Unexpended amounts in
860 any fund in a university current year operating budget shall be
861 carried forward and included as the balance forward for that
862 fund in the approved operating budget for the following year.

863 (1) Each university shall maintain a minimum carry forward
864 balance of at least 7 percent of its state operating budget. If
865 a university fails to maintain a 7 percent balance in state
866 operating funds, the university shall submit a plan to the Board
867 of Governors to attain the 7 percent balance of state operating
868 funds within the next fiscal year.

576-02782-20

869 (2) Each university that retains a state operating fund
870 carry forward balance in excess of the 7 percent minimum shall
871 submit a spending plan for its excess carry forward balance. The
872 spending plan shall be submitted to the university's board of
873 trustees for review, approval, or, if necessary, amendment by
874 September 30 ~~±~~, 2020, and each September 30 ~~±~~ thereafter. The
875 Board of Governors shall review, approve, and amend, if
876 necessary, each university's carry forward spending plan by
877 November 15 ~~October 1~~, 2020, and each November 15 ~~October 1~~
878 thereafter.

879 (3) A university's carry forward spending plan shall
880 include the estimated cost per planned expenditure and a
881 timeline for completion of the expenditure. Authorized
882 expenditures in a carry forward spending plan may include:

883 (a) Commitment of funds to a public education capital
884 outlay project for which an appropriation has previously been
885 provided that requires additional funds for completion and which
886 is included in the list required by s. 1001.706(12) (d);

887 (b) Completion of a renovation, repair, or maintenance
888 project that is consistent with ~~the provisions of~~ s. 1013.64(1),
889 up to \$5 million per project, and replacement of a minor
890 facility that does not exceed 10,000 gross square feet in size
891 up to \$2 million;

892 (c) Completion of a remodeling or infrastructure project,
893 including a project for a development research school, up to \$10
894 million per project, if such project is survey recommended
895 pursuant to s. 1013.31;

896 (d) Completion of a repair or replacement project necessary
897 due to damage caused by a natural disaster for buildings

576-02782-20

898 included in the inventory required pursuant to s. 1013.31;

899 (e) Operating expenditures that support the university
900 mission ~~and that are nonrecurring; and~~

901 (f) Any purpose specified by the board or in the General
902 Appropriations Act; and

903 (g) A commitment of funds to a contingency reserve to
904 assist in addressing unforeseen circumstances that may arise,
905 including natural disasters and other emergencies.

906 (4) Annually, by September 30, the chief financial officer
907 of each university shall certify the unexpended amount of funds
908 appropriated to the university from the General Revenue Fund,
909 the Educational Enhancement Trust Fund, and the
910 Education/General Student and Other Fees Trust Fund as of June
911 30 of the previous fiscal year.

912 (5) A university may spend the minimum carry forward
913 ~~carry forward~~ balance of 7 percent if a demonstrated emergency
914 exists and the plan is approved by the university's board of
915 trustees and the Board of Governors.

916 Section 11. Subsection (3) of section 1012.976, Florida
917 Statutes, is amended to read:

918 1012.976 Remuneration of state university administrative
919 employees; limitations.—

920 (3) EXCEPTIONS.—This section does not prohibit any party
921 from providing cash or cash-equivalent compensation from funds
922 that are not appropriated state funds to a state university
923 administrative employee in excess of the limit in subsection
924 (2). If a party is unable or unwilling to fulfill an obligation
925 to provide cash or cash-equivalent compensation to a state
926 university administrative employee as permitted under this

847972

576-02782-20

927 subsection, appropriated state funds may not be used to fulfill
928 such obligation. This section does not apply to university
929 teaching faculty or medical school faculty or staff. The Board
930 of Governors shall define in regulation the university faculty
931 and administrative personnel classifications.

932 Section 12. Paragraph (b) of subsection (2), paragraph (b)
933 of subsection (3), and subsection (4) of section 1013.841,
934 Florida Statutes, are amended to read:

935 1013.841 End of year balance of Florida College System
936 institution funds.—

937 (2) (b) Each Florida College System institution with a final
938 FTE less than 15,000 for the prior year that retains a state
939 operating fund carry forward balance in excess of the 5 percent
940 minimum shall submit a spending plan for its excess carry
941 forward balance. The spending plan shall include all excess
942 carry forward funds from state operating funds. The spending
943 plan shall be submitted to the Florida College System
944 institution's board of trustees for approval by September 30 ±,
945 2020, and each September 30 ± thereafter. The State Board of
946 Education shall review and publish each Florida College System
947 institution's carry forward spending plan by November 15 ~~October~~
948 ~~±~~, 2020, and each November 15 ~~October~~ ± thereafter.

949 (3) (b) Each Florida College System institution with a final
950 FTE of 15,000 or greater for the prior year that retains a state
951 operating fund carry forward balance in excess of the 7 percent
952 minimum shall submit a spending plan for its excess carry
953 forward balance. The spending plan shall include all excess
954 carry forward funds from state operating funds. The spending
955 plan shall be submitted to the Florida College System

847972

576-02782-20

956 institution's board of trustees for approval by September 30 ±,
957 2020, and each September 30 ± thereafter. The State Board of
958 Education shall review and publish each Florida College System
959 institution's carry forward spending plan by November 15 ~~October~~
960 ~~±~~, 2020, and each November 15 ~~October~~ ± thereafter.

961 (4) A Florida College System institution identified in
962 paragraph (3) (a) must include in its carry forward spending plan
963 the estimated cost per planned expenditure and a timeline for
964 completion of the expenditure. Authorized expenditures in a
965 carry forward spending plan may include:

966 (a) Commitment of funds to a public education capital
967 outlay project for which an appropriation was previously
968 provided, which requires additional funds for completion, and
969 which is included in the list required by s. 1001.03(18) (d);

970 (b) Completion of a renovation, repair, or maintenance
971 project that is consistent with ~~the provisions of~~ s. 1013.64(1),
972 up to \$5 million per project;

973 (c) Completion of a remodeling or infrastructure project,
974 up to \$10 million per project, if such project is survey
975 recommended pursuant to s. 1013.31;

976 (d) Completion of a repair or replacement project necessary
977 due to damage caused by a natural disaster for buildings
978 included in the inventory required pursuant to s. 1013.31;

979 (e) Operating expenditures that support the Florida College
980 System institution's mission ~~which are nonrecurring~~; and

981 (f) Any purpose approved by the state board or specified in
982 the General Appropriations Act; and

983 (g) A commitment of funds to a contingency reserve to
984 assist in addressing unforeseen circumstances that may arise,

847972

576-02782-20

985 including natural disasters and other emergencies.

986 Section 13. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/SB 72

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Education); and Senator Stargel

SUBJECT: Postsecondary Education

DATE: March 3, 2020

REVISED: _____

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 72 modifies provisions relating to preeminent state research universities, the prioritization of capital outlay projects at Florida College System (FCS) institutions, the carry forward of operational funds at state universities and FCS institutions, state student financial aid, and textbook affordability at public postsecondary institutions. Specifically, the bill:

- Requires a University Board of Trustees to select a university president from a minimum of three candidates.
- Revises the data for academic and research excellence standards of preeminent research universities by using more timely performance data and requiring the standards to be reported annually in the BOG Accountability Plan.
- Amends a criterion for the state university preeminence designation to include the concordant ACT scores.
- Removes funding associated with the emerging preeminent state research university designation and creates State Universities of Distinction.
- Establishes the Florida Institute of Politics at the Florida State University to provide the southeastern region of the United States with a world class, bipartisan, nationally-renowned institute of politics.
- Authorizes a state agency to contract with an independent, nonprofit college or university that operates in the state, offers professional degrees, and is accredited by the Middle States Commission on Higher Education.

- Modifies a criterion for new construction, remodeling, or renovation projects at FCS institutions that have not been previously state funded to be added to the Public Education Capital Outlay (PECO) priority list.
- Modifies reporting deadlines and spending plan provisions relating to the carry forward of operational funds at state universities and FCS institutions.
- Replaces the State University System Programs of Excellence with the State Universities of Distinction program, and establishes requirements.
- Aligns student eligibility, maximum awards, fund distribution, remittance deadlines, and reporting requirements between the four Florida Student Assistance Grant programs.
- Clarifies initial and renewal award requirements for the Benacquisto Scholarship Program.
- Provides that pricing and payment options relating to textbook affordability may include either an opt-in or opt-out provision for students.
- Removes the limitation that prohibits a Phosphate Research and Activities Board member from serving more than 180 days after the expiration of his or her term, until a successor is appointed.
- Directs the Board of Governors to define in regulation the university faculty and administrative personnel classifications, and expands the exemption from restrictions on remuneration.

The bill has no impact on state revenues or expenditures.

The bill takes effect on July 1, 2020.

II. Present Situation:

The present situation for each relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Public Education Capital Outlay

Present Situation

Florida's Public Education Capital Outlay (PECO) program provides funding for capital outlay projects for Florida's public education system, including universities, colleges, public schools and other state owned educational facilities that have no other source for funding for capital outlay. As specified by the Florida Constitution,¹ the PECO program is funded by gross receipts taxes on utilities, including electricity and natural gas, and communication services (cable, wireless, telephone landline, miscellaneous services, and direct to home satellite tax bases).

The Commissioner of Education (commissioner) must annually submit to the Governor and to the Legislature an integrated, comprehensive budget request for educational facilities construction and fixed capital outlay needs for school districts, Florida College System (FCS) institutions, and state universities, subject to provisions in law.² The commissioner must use

¹ Art. XII, s. 9, Fla. Const.

² Section 1013.60(1), F.S., and applicable provisions of ch. 216.

estimates for PECO funds by the Revenue Estimating Conference³ in determining the budget request. In addition, the commissioner, in consultation with the appropriations committees of the Legislature, must provide annually an estimate of funds for FCS institutions and state universities in developing three-year priority lists required in law.⁴

FCS institutions and state university boards of trustees (BOT) request funds for projects based on the 3-year priority list, to be updated annually, which is submitted to the Legislature in the legislative budget request (LBR) at least 90 days prior to the legislative session.⁵ The State Board of Education (SBE) submits a 3-year priority list for FCS institutions, and the Board of Governors of the State University System (BOG) submits a 3-year priority list for state universities. The lists reflect decisions by the SBE and BOG concerning program priorities that implement the statewide plan for program growth and quality improvement in education.⁶

In 2019,⁷ the process by which FCS projects are evaluated for inclusion on the priority list was modified. Projects considered for prioritization are required to be chosen from a preliminary selection group consisting of previously state-funded projects that have not been completed, and the top two priorities of each FCS institution. The SBE is required to develop a points-based prioritization method to rank projects for consideration that awards points for the degree to which a project meets specific criteria compared to other projects.⁸ The criteria specified in law⁹ may be weighted, but no weight may exceed the criterion regarding space needs due to increased instructional capacity.¹⁰

A new construction, remodeling, or renovation project that has not received an appropriation in a previous year may not be considered for inclusion on the required prioritized list, unless:

- A plan is provided to reserve funds in an escrow account, specific to the project, into which must be deposited each year an amount of funds equal to 0.5 percent of the total value of the building for future maintenance;
- There are sufficient excess funds from the allocation provided pursuant to the LBR within the 3-year planning period which are not needed to complete the projects for which state funds were previously appropriated which have not been completed;¹¹ and
- The project has been recommended based on results relating to an educational plant survey.¹²

³ The Revenue Estimating Conference develops official information with respect to anticipated state and local government revenues as the conference determines is needed for the state planning and budgeting system. Section 216.136(3), F.S.

⁴ Section 1013.60(1), F.S.

⁵ Section 1013.64(4), F.S.

⁶ Section 1013.31, F.S.

⁷ Section 3, ch. 2019-103, L.O.F.

⁸ On Sept. 20, 2019, the SBE approved a prioritized list of PECO for 2020-2021 and the FCS PECO project priority methodology.

⁹ Section 1001.03(18)(a), F.S.

¹⁰ Section 1001.03(18)(b), F.S.

¹¹ The SBE must continually maintain a list of all public education capital outlay projects for which state funds were previously appropriated which have not been completed. The list must include an estimate of the amount of state funding needed for the completion of each project. Section 1001.03(18)(d), F.S.

¹² Section 1013.31, F.S. Educational plant surveys must be completed every five years, and reflect the capacity of existing facilities in school districts, FCS institutions, and state universities, as well as projections of facility space needs. *Id.*

Effect of Proposed Changes

The bill modifies s. 1001.03, F.S., to replace the existing sufficient excess PECO funds criterion for a specified new construction, remodeling, or renovation project to be added to the priority list. The bill changes the criterion to specify that an FCS project may only be included on the priority list if there is sufficient capacity within the cash and bonding estimate of funds by the Revenue Estimating Conference to accommodate the project within the three-year PECO funding cycle. This modification aligns the requirements for new FCS projects to be considered on the priority list with those for the State University System (SUS) projects.¹³

End-of-Year Balance of Funds – State Universities and Florida College System Institutions***Present Situation***

At the end of each fiscal year, state operational funds for state agencies and departments revert to the fund from which they were appropriated for reappropriation by the Legislature.¹⁴ However, state universities¹⁵ and FCS institutions¹⁶ are authorized to carry forward unexpended amounts in operating funds for subsequent fiscal years.

Each state university, and FCS institution with a final FTE of 15,000 or greater for the prior year, must maintain a minimum carry forward balance of at least 7 percent of its state operating budget. If such university or FCS institution fails to maintain a 7 percent balance in state operating funds, the university and FCS institution must submit a plan to the BOG and SBE, respectively, to attain the 7 percent balance of state operating funds within the next fiscal year.¹⁷ An FCS institution with a final FTE less than 15,000 for the prior must maintain a carry forward balance of at least 5 percent, or submit a similar plan to the SBE.¹⁸

A state university or FCS institution that retains a state operating fund carry forward balance in excess of the required minimum must submit a spending plan for its excess carry forward balance. The spending plan must be submitted to the state university or FCS institution BOT for approval by September 1, 2020, and each September 1 thereafter.¹⁹ The BOG must review, approve, and amend, if necessary, each university's carry forward spending plan by October 1, 2020, and each October 1 thereafter.²⁰ The SBE must review and publish each FCS institution's carry forward spending plan by October 1, 2020, and each October 1 thereafter.²¹

The carry forward spending plan for each state university, and FCS institution with a final FTE of 15,000 or greater for the prior year, must include the estimated cost per planned expenditure and a timeline for completion of the expenditure. The law specifies authorized expenditures,

¹³ Section 1001.706(12)(c), F.S.

¹⁴ Section 216.301(1)(a), F.S.

¹⁵ Section 1011.45, F.S.

¹⁶ Section 1013.841(1), F.S.

¹⁷ Sections 1011.45(1) and 1013.841(3)(a), F.S.

¹⁸ Section 1013.841(2)(a), F.S.

¹⁹ Sections 1011.45(2) and 1013.841(2)(b), F.S.

²⁰ Section 1011.45(2), F.S.

²¹ Section 1013.841(2)(b), F.S.

which include nonrecurring operating expenditures that support the university's or FCS institution's mission.²²

Effect of Proposed Changes

The bill modifies provisions in ss. 1011.45 and 1013.841, F.S., relating to the carry forward of operational funds by state universities and FCS institutions to align fund approval activities and provide greater flexibility in spending plan expenditures. Specifically, the bill:

- Modifies the submission and approval dates by an institution BOT, BOG, and SBE, to require that:
 - The spending plan be submitted to the state university or FCS institution BOT for approval by September 30, 2020, and each September 30 thereafter.²³
 - The BOG review, approve, and amend, if necessary, university spending plans, and the SBE review and publish FCS institution spending plans by November 15, 2020, and each November 15 thereafter.
- Removes the requirement that operating expenditures that support the mission of the state university or FCS institution mission be nonrecurring.
- Authorizes the spending plans of state universities and FCS institutions to include a commitment of funds to a contingency reserve to assist in addressing unforeseen circumstances that may arise, including natural disasters and other emergencies.²⁴

Board of Governors Duties – Presidential Selection

Present Situation

The Board of Governors (BOG) has the authority to regulate the state university system pursuant to Art. IX, s. 7(d) of the State Constitution and the Florida Statutes, and may develop procedures for adopting regulations to implement its constitutional duties.²⁵ The BOG establishes the powers and duties of the each university boards of trustees and confirms the selection and reappointment of presidents.^{26 27}

A university board of trustees is responsible for conducting a search and selecting a candidate to serve as president. A search committee is appointed by the chair of the board of trustees and is responsible for ensuring transparency of the university president selection process, vetting and interviewing applicants, and recommending an unranked list of applicants who are qualified for

²² Sections 1011.45(3) and 1013.841(4), F.S.

²³ The deadline is consistent with current laws that require the chief financial officer of a state university or FCS institution to certify, annually by September 30, the unexpended amount of state funds remaining in the general fund of an institution as of June 30 of the previous fiscal year. Sections 1011.45(4) and 1011.84(3)(e), F.S.

²⁴ Current law authorizes state universities to spend the minimum carry forward balance of 7 percent for a demonstrated emergency, subject to state university BOT and BOG approval. Section 1011.45(5), F.S.

²⁵ Sections 20.155 and 1001.70-1001.706, F.S. *see also* s. 1001.705(a) and (d), F.S., defining the terms “Board of Governors” and “state universities” as used in the Florida K-20 Education Code.

²⁶ Article IX, s. 7(b)-(c), FLA. CONST.; *see also* ss. 1001.72(2) and 1001.706(2)(b), F.S.

²⁷ Sections 1001.705(2)(k) and 1001.706(6)(a), F.S.; *see also* Florida Board of Governors, Regulation 1.001 University Board of Trustees Powers and Duties, (5)(c), available at https://www.flbog.edu/wp-content/uploads/1_001-PowersandDuties.pdf.

consideration. The search committee is required to submit more than two qualified applicants to the board of trustees for consideration.²⁸

Prior to confirmation of a university president, the board of trustees must submit a description of the selection process and criteria, the qualifications of the selected candidate, and a copy of the proposed employment contract to the BOG for its consideration in confirming the candidate. The candidate selected by the board of trustees must appear at the BOG meeting where confirmation of the candidate will be considered.²⁹

Effect of Proposed Changes

The bill modifies s. 1001.706, F.S., to require the selection of a president by a university board of trustees to be from at least three candidates.

Preeminent State Research Universities Program

Present Situation

The preeminent state research universities program is a collaborative partnership between the BOG and the Legislature to raise the academic and research preeminence of the highest performing state research universities in Florida.³⁰ A state university that meets 11 of the 12 academic and research excellence standards specified in law is designated a “preeminent state research university”.³¹³² A state research university that meets at least six of the 12 standards is designated as an “emerging preeminent state research university.”³³ In identifying the performance of each state university against the standards, the BOG is required to use the state university data as published by the national sources specified in statute.

If an increase in the appropriation for preeminent state research universities is provided, each designated preeminent state research university must receive an equal amount of funding, and each designated emerging preeminent state research university must receive an amount of funding that is equal to one-quarter of the total increased amount awarded to each designated preeminent state research university.³⁴

²⁸ Florida Board of Governors, Regulation 1.002 Presidential Search and Selection, (1), (1)(a), (c)i.-viii, *available at* <https://www.flbog.edu/wp-content/uploads/1.002-Presidential-Search-and-Selection.pdf>.

²⁹ Florida Board of Governors, Regulation 1.001 University Board of Trustees Powers and Duties, (5)(c), *available at* https://www.flbog.edu/wp-content/uploads/1_001-PowersandDuties.pdf.

³⁰ Section 1001.7065(1), F.S.

³¹ Section 1001.7065(2), F.S. The standards include: incoming freshman academic characteristics (average weighted GPA and average SAT score); institutional ranking nationally; freshman retention rate; four-year graduation rate; national academy membership of institution faculty; research expenditures (2 measures); research expenditure national ranking; patents awarded annually; doctoral degrees awarded annually; postdoctoral appointees annually; and institutional endowment.

³² Section 1001.7065(3)(a), F.S.

³³ Section 1001.7065(3)(b), F.S.

³⁴ Section 1001.7065(5)(c), F.S.

Effect of Proposed Changes

The bill modifies s. 1001.7065, F.S., to require the academic and research excellence standards for preeminent state research universities be reported annually in the BOG Accountability Plan³⁵ and amends the standards to provide the BOG with the flexibility to access and utilize the most up to date data available.

The bill also removes an outdated SAT score scale and adds to the academic characteristics a student's average ACT score of 25 or higher on a 36 score scale.³⁶ The bill requires the use of the national concordance table developed jointly by the College Board and ACT, Inc. to ensure accurate reporting of scores across the SAT and ACT.

The bill preserves the designation of emerging preeminent universities, removes the funding component for emerging preeminent universities, and provides that the funding for preeminent universities will be determined annually by the Legislature.

State University System Programs of Excellence

Present Situation

In 2018,³⁷ the BOG was required to establish standards and measures whereby individual degree programs that objectively reflect national excellence in state universities could be identified, and make recommendations to the Legislature by September 1, 2018, regarding the enhancement and promotion of such programs.³⁸

The goal of this initiative was to achieve and improve upon world-class, nationally recognized university programs of excellence within the SUS. The BOG approved a framework to identify programs of excellence that:³⁹

- Provide opportunities for all 12 SUS institutions to participate.
- Allow for universities to elevate both research and academic programs that are nationally recognized.
- Allow for programs across disciplines and degree levels to be recognized.
- Encourage institution collaboration.
- Address key areas important to Florida.

³⁵ Board of Governors Regulation 2.002 requires the BOG to institute a planning and performance monitoring system for state universities designed to inform strategic planning, budgeting, and other policy decisions for the State University System; the BOG must annually submit the university accountability plans and the system summary of the university plans to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The Board of Governors 2019 System Accountability Plan is available at https://www.flbog.edu/wp-content/uploads/2019_System_Accountability_Plan_FINAL_2019-10-30.pdf.

³⁶ See 2018 ACT/SAT Concordance Tables, Table A2, available at <https://www.act.org/content/dam/act/unsecured/documents/ACT-SAT-Concordance-Tables.pdf>; see also Students applying for admission as an undergraduate first time in college degree seeking student to a state university system institution are required to submit SAT scores from the College Board or ACT scores from ACT, Inc. see Florida Board of Governors, Regulation 6.002 Admission of Undergraduate First-Time-in-College, Degree-Seeking Freshman, at (1)(e), available at https://www.flbog.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018_08_17-1.pdf.

³⁷ Section 3, ch. 2018-4, L.O.F.

³⁸ Section 1001.7065(7), F.S.

³⁹ Board of Governors, *Programs of Excellence Report* (Sept. 2018), available at https://www.flbog.edu/wp-content/uploads/0273_1154_8738_10.3.2-AREC-03b-Programs-of-Excellence-Report_CE.pdf.

- Provide for flexibility in implementation.

The BOG requested \$30 million for this initiative in its 2019-2020 legislative budget request.⁴⁰ This request was not funded by the 2019 Legislature.

Effect of Proposed Changes

The bill modifies s. 1001.7065, F.S., to replace the SUS Programs of Excellence with a State Universities of Distinction program, which requires the BOG to establish standards and measures to identify state universities that focus on one core competency unique to the SUS that:

- Achieves excellence at the national or state level;
- Meets state workforce needs; and
- Fosters an innovation economy that focuses on areas such as health care, security, transportation, and science, technology, engineering, and mathematics (STEM), including supply chain management.

The bill requires the BOG to annually submit such programs by January 1 for funding.

This bill provision aligns with a recent BOG initiative targeting Universities of Distinction as a path towards excellence that will produce high-quality talent to diversify Florida's economy, stimulate innovation, and provide a return on investment to the state.⁴¹

Civic Literacy

Present Situation

Florida law establishes civic literacy as a priority of the Florida K-20 education system and defines civic literacy to mean that students are prepared to become civically engaged and knowledgeable adults who make positive contributions to their communities.⁴²

Each student entering a Florida College System (FCS) institution or state university must demonstrate competency in civic literacy through successful completion of a civic literacy course or by achieving a passing score on an assessment.⁴³

Effect of Proposed Changes

The bill creates section 1004.6499, F.S., to establish the Florida Institute of Politics at Florida State University (FSU). The purpose of the Institute is to provide the southeastern region of the United States with a bipartisan, world-class, nationally-renowned institute of politics. The goals of the institute are to:

- Motivate students throughout the Florida State University to become aware of the significance of government and civic engagement at all levels and politics in general.

⁴⁰ Board of Governors, *State University System of Florida, Education and General, 2019-2020 Executive Summary, Universities and Special Units* (Sept. 13, 2018), available at https://www.flbog.edu/wp-content/uploads/0273_1152_8727_8.8.1.2-BUD-10a-2019-20-LBR_SUS-Executive-Summary-updated-8-31.pdf.

⁴² Section 1000.03(5)(c), F.S.

⁴³ Section 1007.25(4), F.S.

- Provide students with an opportunity to be politically active and civically engaged.
- Nurture a greater awareness and passion for public service and politics.
- Plan and host forums to allow students and guests to hear from and interact with experts from government, politics, policy, and journalism on a frequent basis.
- Become a national and state resource on polling information and survey methodology.
- Provide fellowships and internship opportunities to students in government, nonprofit organizations, and community organizations.
- Provide training sessions for newly elected state and local public officials.
- Organize and sponsor conferences, symposia, and workshops throughout this state to educate and inform citizens, elected officials, and appointed policymakers regarding effective policymaking techniques and processes.
- Create and promote research and awareness regarding politics, citizen involvement, and public service.
- Collaborate with related policy institutes and research activities at the Florida State University and other institutions of higher education to motivate, increase, and sustain citizen involvement in public affairs.

Procurement of Commodities or Contractual Services

Present Situation

A state agency is authorized to contract with an independent, nonprofit college or university that is located within the state and is accredited by the Southern Association of Colleges and Schools (SACS) on the same basis as a state agency may contract with any public college or university.⁴⁴ As of December 2018, SACS accredited 77 postsecondary institutions in Florida, of which 35 were classified as private, not-for-profit institutions.⁴⁵

Effect of Proposed Changes

The bill modifies section 287.057, F.S., to add to the authorization for a state agency to contract with a nonprofit college or university to include an independent, nonprofit college or university that operates in the state, offers professional degrees, and is accredited by the Middle States Commission on Higher Education.

Financial Aid and Tuition Assistance Programs

Present Situation

Various student financial aid and tuition assistance programs have been created to assist students in accessing and continuing higher education in Florida. Student financial assistance available in

⁴⁴ Section 287.057(21), F.S.

Florida⁴⁶ includes a variety of grant and scholarship programs outlined in law⁴⁷ or SBE rule⁴⁸ and loans through Federal Student Aid.

Florida Student Assistance Grant Program

The Florida Student Assistance Grant (FSAG) Program, created in 1972, is Florida's largest need-based grant program, consisting of FSAG Public, FSAG Public Postsecondary Career Education (FSAGCE), FSAG Private, and FSAG Postsecondary.⁴⁹ The FSAG Program provides state student assistance grants to students who meet general eligibility requirements⁵⁰ and stipulations specific to each program.

For each of the programs, except FSAGCE, the Department of Education is required to establish a maximum expected family (EFC) contribution that is used in determining eligibility to receive a grant award.⁵¹ For the 2019-2020 academic year, the maximum EFC for FSAG Public and FSAG Postsecondary matches the maximum EFC established for Pell: 5576.^{52 53}

The FSAG Program is administered by participating institutions in accordance with SBE rule.⁵⁴ A total of \$269,396,012 was appropriated for the FSAG Program for the 2019-2020 fiscal year.⁵⁵ The current maximum award amount of \$2,610 has not changed since 2013.⁵⁶

Similarities and differences in specified provisions across the FSAG programs are depicted in the table below.

⁶⁶ Section 1009.51(4)(e), F.S. The DOE retains the ability to suspend or revoke an institution’s eligibility to receive future moneys from the trust fund for the program or request a refund of any moneys overpaid to the institution.

State Student Financial Assistance Trust Fund.⁶⁷ The FSAGCE program does not have this provision.

For the 2018-2019 fiscal year, amounts disbursed through the FSAG Program include:

- A total of \$234,334,619 for FSAG Public, disbursed to 156,301 students with an average award amount of \$1,499.55.⁶⁸
- A total of \$3,144,476 for FSAGCE, disbursed to 4,305 students with an average award amount of \$730.42.⁶⁹
- A total of \$24,500,519 for FSAG Private, disbursed to 16,338 students with an average award amount of \$1,499.60.⁷⁰
- A total of \$6,799,009 for FSAG Postsecondary, disbursed to 6,281 students with an average award amount of \$1,082.47.⁷¹

Benacquisto Scholarship Program

The Benacquisto Scholarship Program (scholarship)⁷² was created in 2014 to reward a Florida high school graduate who achieves recognition as a National Merit Scholar (NMS)⁷³ or National Achievement Scholar (NAS)⁷⁴ and enrolls in a baccalaureate degree program at an eligible Florida public or independent postsecondary educational institution.⁷⁵

In addition to achieving recognition as an NMS or NAS, in order to be eligible for an award under the scholarship, a student must:⁷⁶

- Be a state resident as determined by statute and SBE rules;
- Earn a standard Florida high school diploma or its equivalent pursuant to statute, unless:

⁷² The scholarship was renamed in 2016 from the Florida National Merit Scholar Incentive Program to the Benacquisto Scholarship Program. Section 26, ch. 2016-237, L.O.F.

⁷³ Florida Department of Education Office of Student Financial Assistance, *Annual Report to the Commissioner 2018-19* (2019), at 17, available at <https://www.floridastudentfinancialaidsg.org/pdf/annualreportcurrent.pdf>. The National Merit Scholarship Corporation (NMSC) is a private, not-for-profit organization that operates without government assistance to recognize and honor academically talented students. National Merit Scholarship Corporation, Mission, <https://www.nationalmerit.org/s/1758/interior.aspx?sid=1758&gid=2&pgid=395> (last visited Dec. 11, 2019). NMSC organizes the National Merit Scholarship Program, which began in 1955 as an academic competition for recognition and scholarship. High school students enter the National Merit Program by taking the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which serves as an initial screen of approximately 1.6 million entrants each year, and meeting the program participation requirements. National Merit Scholarship Corporation, *National Merit Scholarship Program*, <https://www.nationalmerit.org/s/1758/interior.aspx?sid=1758&gid=2&pgid=424> (last visited Dec. 11, 2019).

⁷⁴ The National Merit Scholarship Corporation discontinued the National Achievement Scholarship Program with the conclusion of the 2015 program. National Merit Scholarship Corporation, *National Achievement Scholarship Program*, <http://www.nationalmerit.org/s/1758/interior.aspx?sid=1758&gid=2&pgid=433> (last visited Dec. 26, 2019).

⁷⁵ Section 1009.893(2), F.S.

⁷⁶ Section 1009.893(4)(a), F.S.

- The student completes a home education program pursuant to statute;⁷⁷ or
- The student earns a high school diploma from a non-Florida school while living with a parent who is on military or public service assignment out of this state;
- Be accepted by and enroll in a Florida public or independent postsecondary educational institution that is regionally accredited; and
- Be enrolled full-time in a baccalaureate degree program at an eligible regionally accredited Florida public or independent postsecondary educational institution during the fall academic term following high school graduation.

In 2018, eligibility was expanded to allow out-of-state students to qualify for a scholarship.⁷⁸

Scholarship recipients attending a public postsecondary institution, who qualify as a Florida resident, receive an award equal to the institutional cost of attendance minus the sum of the student's Florida Bright Futures Scholarship and NMS or NAS award. Scholarship recipients attending a public postsecondary institution, who qualify as non-residents of Florida, receive an award equal to the institutional cost of attendance for a Florida resident minus the student's NMS award. Eligible students who attend independent postsecondary educational institutions in Florida each receive scholarship awards equal to the highest cost of attendance for a resident of this state enrolled at a Florida public university, as reported by the BOG, minus the sum of the student's Florida Bright Futures Scholarship and NMS or NAS award.⁷⁹

A student must earn all credits for which he or she was enrolled and maintain a 3.0 or higher grade point average to be eligible for a renewal award. A student may receive an award for up to 100 percent of the number of credit hours required to complete a baccalaureate degree program.⁸⁰

For the 2019-2020 fiscal year, \$21,372,911⁸¹ was appropriated to fund 1,416 scholarship recipients.⁸²

Effect of Proposed Changes

Florida Student Assistance Grant Program

The bill provides flexibility and aligns specific requirements across the FSAG programs.

Specifically, the bill:

- Establishes that the maximum award amount for each FSAG program as specified in the General Appropriations Act (GAA).

⁷⁷ Section 1002.41, F.S.

⁷⁸ Section 22, ch. 2018-4, L.O.F. *See* s. 1009.893(4)(b), F.S.

⁷⁹ Section 1009.893(5)(b), F.S.

⁸⁰ Section 1009.893(5)(a), F.S. The National Achievement Scholarship Program has since been discontinued. National Merit Scholarship Corporation, *supra* note 57.

⁸¹ Specific Appropriation 68, ch. 2019-115, L.O.F.

⁸² Education Estimating Conference on Student Financial Aid, *Executive Summary* (March 2019), available at <http://edr.state.fl.us/Content/conferences/financialaid/archives/190315financialaid.pdf>.

- Allows a student who received a FSAG award in the fall or spring term to receive the FSAG award during the summer, if funds are available.⁸³
- Removes the requirement that institutions must prioritize the distribution of grant funds to students with the lowest family resources, thus allowing an institution to provide the grant funds to students who have the greatest unmet need.
- Specifies that, for all FSAG programs, institutions must report to the DOE all eligible students, regardless of actual disbursements.⁸⁴
- Modifies the fund distribution formula to include part-time and full-time eligible students, and requires that the formula account for changes in the number of eligible students across all FSAG programs.
- Establishes a disbursement deadline of 30 days after the end of regular registration each term and deadline of 60 days after the end of regular registration each spring term for return of undisbursed funds, which aligns to other financial aid programs, in accordance with DOE rule. However, the bill authorizes an exception to the remittance deadline if the institution documents to the DOE how the institution plans to disburse awards to students for the subsequent summer term. Such reporting and remittance deadlines may ensure that returned funds can be disbursed to qualified students prior to the end of the fiscal year.
- Removes the required DOE need analysis for the FSAG Public, FSAG Private, and FSAG Postsecondary programs to specify that a grant may not be made to a student whose expected family contribution exceeds one and one-half times the maximum Pell Grant-eligible family contribution.⁸⁵
- Requires institutions receiving funds through the FSAG Public and FSAGCE programs to prepare the same biennial report currently required of the FSAG Private and FSAG Postsecondary programs. The requirement specifies that:
 - Each institution that receives moneys through the FSAG program must prepare a biennial report that includes a financial audit, conducted by the Auditor General, of the institution's administration of the program and a complete accounting of moneys allocated to the institution for the program to the DOE by March 1 every other year.
 - The DOE may conduct its own annual or biennial audit of an institution's administration of the program and its allocated funds in lieu of the required biennial report and financial audit report.
 - The DOE may suspend or revoke an institution's eligibility to receive future moneys for the program or request a refund of any moneys overpaid to the institution for the program if the DOE finds that an institution has not complied and specifies that any refund requested must be remitted within 60 days after notification by the DOE.

⁸³ All students entering a SUS university with fewer than 60 semester hours credit are required to earn at least 9 semester hours prior to graduation by attendance at one or more summer sessions. BOG Regulation 6.016. Allowing students to use FSAG awards during the summer may assist students to fulfill this requirement, take more credits in a year, and graduate on-time in four years.

⁸⁴ Reporting all eligible students, rather than only those students who received a disbursement, is consistent with requirements in rule 6A-20.031(7), 6A-20.032(7), and 6A-20.033(7), F.A.C.

⁸⁵ Expected Family Contribution is calculated using a student's: family size; family's taxed and untaxed income, assets, and benefits; and number of family members who will attend college or career school during the year. Federal Student Aid, *How Aid is Calculated*, <https://studentaid.gov/complete-aid-process/how-calculated#efc> (last visited Dec. 23, 2019).

Benacquisto Scholarship Program

The bill modifies s. 1009.893, F.S., to clarify requirements for initial eligibility and modify scholarship renewal provisions. Specifically, the bill:

- Removes an outdated reference to the National Achievement Scholar program.
- Requires scholarship renewal students to be enrolled full-time. However, the bill authorizes a student to be enrolled less than full-time and receive funding for one term to complete his or her degree, if the student has less than 12 credits remaining to graduate.⁸⁶
- Specifies that a student's renewal status is not affected by subsequent changes in the residency status of the student or the student's family.
- Authorizes that students who fail to meet renewal requirements due to a verifiable illness or other documented emergency may be granted an exception pursuant to law.⁸⁷
- Specifies that a student may receive an award for up to five years following high school graduation and may not receive the award for more than 10 semesters, which may encourage students to complete degree programs in a timely manner and may lower some program costs.

Textbook and Instructional Materials Affordability

Present Situation

In 2008, the federal government⁸⁸ and Florida Legislature⁸⁹ addressed measures to reduce costs and make textbooks more affordable for needy students. Since 2016,⁹⁰ each FCS institution and state university BOT has been authorized to adopt policies in consultation with textbook and instructional materials providers, including bookstores, which allow for the use of innovative pricing techniques and payment options for textbooks and instructional materials. Such policies are authorized to include bulk pricing arrangements that enable students to purchase course materials or texts that are delivered digitally; delivered through other technologies that are, or the licenses of which are, required for use within a course; or delivered in a print format.⁹¹

FCS institution and state university BOT innovative pricing techniques and payment options policies may only be approved if there is documented evidence that the options reduce the cost of textbooks and instructional materials for students taking a course and if the policy includes an

⁸⁶ Modifying provisions relating to full-time enrollment will more closely align the law with DOE implementation of the scholarship program.

⁸⁷ Section 1009.40(1)(b)4., F.S.

⁸⁸ The Higher Education Opportunity Act (Public Law 110-315).

⁸⁹ Section 1004.0085, F.S.

⁹⁰ Section 3, ch. 2016-236, L.O.F.

⁹¹ Section 1004.085(4), F.S. Such policies are often called "inclusive access." Where previously students might have been assigned textbooks individually, now many institutions are signing up whole classes of students to automatically receive digital course materials at a discounted rate, rather than purchasing individually. Every student has the same materials on the first day of class, with the charge included as part of their tuition. Many institutions automatically sign up students for such services, requiring students to opt-out if they do not wish to receive such digital materials or services. Inside Higher Education, *'Inclusive Access' Takes Off*, <https://www.insidehighered.com/news/2017/11/07/inclusive-access-takes-model-college-textbook-sales> (last visited Jan. 2, 2020). For federal financial assistance, an institution may include the cost of textbooks and supplies as part of tuition and fees if the institution has an arrangement with a publisher or other entity that makes books or supplies cheaper, provides a way for students to get timely access to materials, and includes a student opt out provision. Section 668.164(c) (2)(i), C.F.R.

opt-in provision for students.⁹² An institution may not automatically enroll students in services that provide textbooks or other materials electronically, students must opt-in to such programs.

Effect of Proposed Changes

The bill modifies s. 1004.085, F.S., to require that each FCS institution and state university BOT that adopts innovative pricing techniques and payment options policies include either an opt in or opt out provision for students. Therefore, if an institution adopts such a policy, the institution may automatically assign all students in a course to receive digital materials or other pricing payment options unless the student opts out of the policy.

Phosphate Research and Activities Board

Present Situation

The Florida Industrial and Phosphate Research Institute is housed within Florida Polytechnic University (FPU)⁹³ and the Phosphate Research and Activities Board is tasked with monitoring the expenditure of funds appropriated to FPU from the Phosphate Research Trust Fund.⁹⁴ The board consists of five members. The Governor is required to appoint two persons representing the phosphate mining or processing industry and one member representing a major environmental conservation group in the state. The Secretary of Environmental Protection or his or her designee and the president of FPU are required to serve as board members.⁹⁵

Members of the board appointed by the Governor are appointed to 3-year terms. A board member may continue to serve until a successor is appointed, but not more than 180 days after the expiration of his or her term. A board member is eligible for reappointment to subsequent terms.⁹⁶

Effect of Proposed Changes

The bill modifies s. 1004.346, F.S., to remove the limitation that a board member may not serve more than 180 days after the expiration of his or her term, which prevents vacancies on the board by allowing that member to serve on the board until a replacement is appointed or that member is reappointed.

Remuneration of State University Administrative Employees

Present Situation

A state university administrative employee may not receive more than \$200,000 in remuneration annually from appropriated state funds. However, university teaching faculty or medical school faculty or staff are not limited to how much compensation they can receive each year from appropriated state funds. State law does not direct the Board of Governors (BOG) to identify

⁹² Section 1004.085(4), F.S.

⁹³ Section 1004.346(1), F.S.

⁹⁴ Section 1004.346(2), F.S.

⁹⁵ Section 1004.346(2)(b), F.S.

⁹⁶ Section 1004.346(2)(c), F.S.

which employee classifications are exempt from the remuneration cap.^{97 98} However, the BOG defines in regulation the position of university president, university administrative employees, and university teaching faculty or medical school faculty for the purpose of regulating remuneration for such employees.⁹⁹

Effect of Proposed Changes

The bill modifies s. 1012.976, F.S., to require the BOG to define in regulation the university faculty and administrative personnel classifications. In addition, the bill expands the exception from the restrictions on remuneration to include all university faculty, not limited to teaching faculty or medical school faculty and staff.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

⁹⁷ See ss. 1012.976(2) and 1012.976(3), F.S.

⁹⁸ State of Florida Auditor General, *Operational Audit, State University System Board of Governors, Report 2020-032*, (September 2019), at 3-4, available at https://flauditor.gov/pages/pdf_files/2020-032.pdf. The Auditor General (AG) finding cited the BOG for creating a definition of university teaching faculty that included those who provide indirect instructional support. The AG indicated that the BOG definition “may undercut the dichotomy between administrative employees and teaching faculty contemplated in state law.” The AG recommended that the BOG review and revise the regulation to ensure definitions of teaching faculty are consistent with state law.

⁹⁹ Board of Governors Regulation 9.006.

B. Private Sector Impact:

Providing for Florida Student Assistance Grant (FSAG) Program summer awards may provide additional financial assistance to students who attend during the summer term.

Establishing a deadline for the return of undisbursed funds to the Department of Education may provide opportunities for additional students to receive an FSAG program scholarship. Returned funds may then be repurposed to fund other eligible students at the same or another institution.¹⁰⁰

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 287.057, 1001.03, 1001.706, 1001.7065, 1004.085, 1004.346, 1009.50, 1009.505, 1009.51, 1009.52, 1009.893, 1011.45, 1012.976, and 1013.841.

The bill creates section 1004.6499 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on March 3, 2020:

The committee substitute makes the following changes to the bill:

- Authorizes a state agency to contract with an independent, nonprofit college or university that operates in the state, offers professional degrees, and is accredited by the Middle States Commission on Higher Education.
- Establishes the Florida Institute of Politics at the Florida State University to provide the southeastern region of the United States with a world class, bipartisan, nationally-renowned institute of politics.
- Requires a University Board of Trustees to select a university president from a minimum of three candidates.

¹⁰⁰ In the 2019 General Appropriations Act, student financial aid funds may be reallocated among the FSAG programs, the children and spouses of deceased and disabled veterans scholarship program, the Florida Work Experience program, and the Rosewood Family and Florida Farmworker scholarships. Specific Appropriation 75, s.2 ch. 2019-115, L.O.F.

- Amends the criteria for preeminence to include the concordant ACT scores.
- Removes the requirement that participating institutions in the Florida Student Assistance Grant program prioritize the distribution of grant funds to students with the lowest family resources.
- Modifies the appointment term of members to the Florida Industrial and Phosphate Research Institute board, to allow board members to serve until their replacement is named. Removes the limitation that prohibits a Phosphate Research and Activities Board member from serving more than 180 days after the expiration of his or her term, until a successor is appointed.
- Modifies the remuneration statute for state universities, directing the Board of Governors to define in regulation the university faculty and administrative personnel classifications, and expands the exemption from restrictions in remuneration to include all faculty, not only teaching faculty and medical school faculty and staff.
- Modifies the Academic and Research Excellence Standards subsection so that the BOG Accountability Plan is the source for the measures rather than third-party sources. Revises the data for academic and research excellence standards of preeminent institutions by using more timely performance data and requiring the standards to be reported annually in the BOG Accountability Plan.
- Modifies the preeminence statute to preserves the designation of emerging preeminent universities, removes funding component for emerging preeminent universities, and changes the funding for preeminent universities to be determined annually by the Legislature.
- Removes the repeal of section 11, ch. 2019-116, L.O.F., as that provision is no longer necessary because the award cap was permanently removed from law in 2019.

B. Amendments:

None.

22-01343B-20

202072__

175 Section 3. Subsection (4) of section 1004.085, Florida
176 Statutes, is amended to read:

177 1004.085 Textbook and instructional materials
178 affordability.-

179 (4) Each Florida College System institution and state
180 university board of trustees is authorized to adopt policies in
181 consultation with providers, including bookstores, which allow
182 for the use of innovative pricing techniques and payment options
183 for textbooks and instructional materials. Such policies may
184 include bulk pricing arrangements that enable students to
185 purchase course materials or texts that are delivered digitally;
186 delivered through other technologies that are, or the licenses
187 of which are, required for use within a course; or delivered in
188 a print format. Innovative pricing techniques and payment
189 options must include an opt-in or opt-out provision for students
190 and may be approved only if there is documented evidence that
191 the options reduce the cost of textbooks and instructional
192 materials for students taking a course.

193 Section 4. Section 1009.50, Florida Statutes, is amended to
194 read:

195 1009.50 Florida Public Student Assistance Grant Program;
196 eligibility for grants.-

197 (1) There is hereby created a Florida Public Student
198 Assistance Grant Program. The program shall be administered by
199 the participating institutions in accordance with rules of the
200 state board.

201 (2) (a) State student assistance grants through the program
202 may be made only to degree-seeking students who enroll in at
203 least 6 semester hours, or the equivalent per term, and who meet

22-01343B-20

202072__

204 the general requirements for student eligibility as provided in
205 s. 1009.40, except as otherwise provided in this section. The
206 grants shall be awarded annually for the amount of demonstrated
207 unmet need for the cost of education and may not exceed the
208 maximum annual award ~~an amount equal to the average prior~~
209 ~~academic year cost of tuition fees and other registration fees~~
210 ~~for 30 credit hours at state universities or such other amount~~
211 ~~as specified in the General Appropriations Act, to any~~
212 ~~recipient~~. A demonstrated unmet need of less than \$200 shall
213 render the applicant ineligible for a state student assistance
214 grant. Recipients of the grants must have been accepted at a
215 state university or Florida College System institution
216 authorized by Florida law. If funds are available, a student who
217 received an award in the fall or spring term may receive a
218 summer award. A student is eligible for the award for 110
219 percent of the number of credit hours required to complete the
220 program in which enrolled, except as otherwise provided in s.
221 1009.40(3).

222 (b) A student applying for a Florida public student
223 assistance grant shall be required to apply for the Pell Grant.
224 The Pell Grant entitlement shall be considered when conducting
225 an assessment of the financial resources available to each
226 student.

227 (c) Priority in the distribution of grant moneys shall be
228 given to students with the lowest total family resources, in
229 accordance with a nationally recognized system of need analysis.
230 ~~Using the system of need analysis, the department shall~~
231 ~~establish a maximum expected family contribution~~. An institution
232 may not make a grant from this program to a student whose

22-01343B-20

202072__

233 expected family contribution exceeds one and one-half times the
 234 maximum Pell Grant-eligible family contribution level
 235 ~~established by the department~~. An institution may not impose
 236 additional criteria to determine a student's eligibility to
 237 receive a grant award.

238 (d) Each participating institution shall report, to the
 239 department by the established date, the eligible students
 240 eligible for the program for to whom grant moneys are disbursed
 241 each academic term. Each institution shall also report to the
 242 department necessary demographic and eligibility data for such
 243 students.

244 (3) Based on the unmet financial need of an eligible
 245 applicant, the amount of a Florida public student assistance
 246 grant must be between \$200 and the weighted average of the cost
 247 of tuition and other registration fees for 30 credit hours at
 248 state universities per academic year or the amount specified in
 249 the General Appropriations Act.

250 (4) (a) The funds appropriated for the Florida Public
 251 Student Assistance Grant shall be distributed to eligible
 252 institutions in accordance with a formula approved by the State
 253 Board of Education. The formula shall consider at least the
 254 prior year's distribution of funds, the number of ~~full-time~~
 255 eligible applicants who did not receive awards, the
 256 standardization of the expected family contribution, and
 257 provisions for unused funds. The formula shall account for
 258 changes in the number of eligible students across all student
 259 assistance grant programs established pursuant to this section
 260 and ss. 1009.505, 1009.51, and 1009.52.

261 (b) Payment of Florida public student assistance grants

Page 9 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

262 shall be transmitted to the president of the state university or
 263 Florida College System institution, or to his or her
 264 representative, in advance of the registration period.
 265 Institutions shall notify students of the amount of their
 266 awards.

267 (c) The eligibility status of each student to receive a
 268 disbursement shall be determined by each institution as of the
 269 end of its regular registration period, inclusive of a drop-add
 270 period. Institutions shall not be required to reevaluate a
 271 student's eligibility status after this date for purposes of
 272 changing eligibility determinations previously made.

273 (d) Institutions shall certify to the department within 30
 274 days after the end of regular registration each term the amount
 275 of funds disbursed to each student and shall remit to the
 276 department any undisbursed advances within 60 days after the end
 277 of regular registration each spring term any advances by June 1
 278 of each year. An exception to the remittance deadline may be
 279 granted if the institution documents to the department how it
 280 plans to disburse awards to students for the subsequent summer
 281 term. An institution that uses funds for the summer term shall
 282 certify to the department the amount of funds disbursed to each
 283 student and shall remit to the department any undisbursed
 284 advances within 30 days after the end of the summer term.

285 (e) Each institution that receives moneys through the
 286 Florida Public Student Assistance Grant Program shall prepare a
 287 biennial report that includes a financial audit conducted by the
 288 Auditor General of the institution's administration of the
 289 program and a complete accounting of moneys allocated to the
 290 institution for the program. Such report shall be submitted to

Page 10 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

291 the department by March 1 every other year. The department may
 292 conduct its own annual or biennial audit of an institution's
 293 administration of the program and its allocated funds in lieu of
 294 the required biennial report and financial audit report. The
 295 department may suspend or revoke an institution's eligibility to
 296 receive future moneys for the program or request a refund of any
 297 moneys overpaid to the institution for the program if the
 298 department finds that an institution has not complied with this
 299 section. Any refund requested pursuant to this paragraph shall
 300 be remitted within 60 days after notification by the department.

301 (5) Funds appropriated by the Legislature for state student
 302 assistance grants may be deposited in the State Student
 303 Financial Assistance Trust Fund. Notwithstanding ~~the provisions~~
 304 ~~of~~ s. 216.301 and pursuant to s. 216.351, any balance in the
 305 trust fund at the end of any fiscal year which has been
 306 allocated to the Florida Public Student Assistance Grant Program
 307 shall remain therein and shall be available for carrying out the
 308 purposes of this section.

309 (6) The State Board of Education shall establish rules
 310 necessary to implement this section.

311 Section 5. Present subsections (5) and (6) of section
 312 1009.505, Florida Statutes, are redesignated as subsections (6)
 313 and (7), respectively, a new subsection (5) is added to that
 314 section, and subsections (3) and (4) of that section are
 315 amended, to read:

316 1009.505 Florida Public Postsecondary Career Education
 317 Student Assistance Grant Program.—

318 (3) (a) Student assistance grants through the program may be
 319 made only to certificate-seeking students enrolled at least

22-01343B-20

202072__

320 half-time in a public postsecondary career certificate program
 321 who meet the general requirements for student eligibility as
 322 provided in s. 1009.40, except as otherwise provided in this
 323 section. The grants shall be awarded annually to any recipient
 324 for the amount of demonstrated unmet need for the cost of
 325 education and may not exceed the ~~average annual cost of tuition~~
 326 ~~and registration fees or such other~~ amount as specified in the
 327 General Appropriations Act. A demonstrated unmet need of less
 328 than \$200 shall render the applicant ineligible for a grant
 329 under this section. Recipients of the grants must have been
 330 accepted at a Florida College System institution authorized by
 331 Florida law or a career center operated by a district school
 332 board under s. 1001.44. If funds are available, a student who
 333 received an award in the fall or spring term may receive a
 334 summer award. A student is eligible for the award for 110
 335 percent of the number of clock hours required to complete the
 336 program in which enrolled.

337 (b) A student applying for a Florida public postsecondary
 338 career education student assistance grant shall be required to
 339 apply for the Pell Grant. A Pell Grant entitlement shall be
 340 considered when conducting an assessment of the financial
 341 resources available to each student; however, a Pell Grant
 342 entitlement shall not be required as a condition of receiving a
 343 grant under this section.

344 (c) Each participating institution shall report~~7~~ to the
 345 department by the established date~~7~~ the ~~eligible~~ students
 346 eligible for the program for to whom grant moneys are disbursed
 347 each academic term. Each institution shall also report to the
 348 department necessary demographic and eligibility data for such

22-01343B-20

202072__

349 students.

350 (4) (a) The funds appropriated for the Florida Public
351 Postsecondary Career Education Student Assistance Grant Program
352 shall be distributed to eligible Florida College System
353 institutions and district school boards in accordance with a
354 formula approved by the department. The formula shall account
355 for changes in the number of eligible students across all
356 student assistance grant programs established pursuant to this
357 section and ss. 1009.50, 1009.51, and 1009.52.

358 (b) Payment of Florida public postsecondary career
359 education student assistance grants shall be transmitted to the
360 president of the Florida College System institution or to the
361 district school superintendent, or to the designee thereof, in
362 advance of the registration period. Institutions shall notify
363 students of the amount of their awards.

364 (c) The eligibility status of each student to receive a
365 disbursement shall be determined by each institution as of the
366 end of its regular registration period, inclusive of a drop-add
367 period. Institutions shall not be required to reevaluate a
368 student's eligibility status after this date for purposes of
369 changing eligibility determinations previously made.

370 (d) Participating institutions shall certify to the
371 department within 30 days after the end of regular registration
372 each term the amount of funds disbursed to each student and
373 shall remit to the department any undisbursed advances within 60
374 days after the end of regular registration each spring term ~~by~~
375 ~~June 1 of each year.~~ An exception to the remittance deadline may
376 be granted if the institution documents to the department how it
377 plans to disburse awards to students for the subsequent summer

Page 13 of 31

22-01343B-20

202072__

378 term. An institution that uses funds for the summer term shall
379 certify to the department the amount of funds disbursed to each
380 student and shall remit to the department any undisbursed
381 advances within 30 days after the end of the summer term.

382 (e) Each institution that receives moneys through the
383 Florida Public Postsecondary Career Education Student Assistance
384 Grant Program shall prepare a biennial report that includes a
385 financial audit, conducted by the Auditor General, of the
386 institution's administration of the program and a complete
387 accounting of moneys allocated to the institution for the
388 program. Such report shall be submitted to the department by
389 March 1 every other year. The department may conduct its own
390 annual or biennial audit of an institution's administration of
391 the program and its allocated funds in lieu of the required
392 biennial report and financial audit report. The department may
393 suspend or revoke an institution's eligibility to receive future
394 moneys for the program or request a refund of any moneys
395 overpaid to the institution if the department finds that an
396 institution has not complied with this section. Any refund
397 requested pursuant to this paragraph shall be remitted within 60
398 days after notification by the department.

399 (5) Funds appropriated by the Legislature for state student
400 assistance grants may be deposited in the State Student
401 Financial Assistance Trust Fund. Notwithstanding s. 216.301, and
402 pursuant to s. 216.351, any balance in the trust fund at the end
403 of any fiscal year which has been allocated to the Florida
404 Public Postsecondary Career Education Student Assistance Grant
405 Program shall remain therein and shall be available for carrying
406 out the purposes of this section.

407 Section 6. Section 1009.51, Florida Statutes, is amended to
408 read:

409 1009.51 Florida Private Student Assistance Grant Program;
410 eligibility for grants.—

411 (1) There is created a Florida Private Student Assistance
412 Grant Program. The program shall be administered by the
413 participating institutions in accordance with rules of the State
414 Board of Education.

415 (2) (a) Florida private student assistance grants ~~from the~~
416 ~~State Student Financial Assistance Trust Fund~~ may be made only
417 to full-time degree-seeking students who meet the general
418 requirements for student eligibility as provided in s. 1009.40,
419 except as otherwise provided in this section. Such grants shall
420 be awarded for the amount of demonstrated unmet need for tuition
421 and fees and may not exceed the maximum annual award ~~an~~ amount
422 ~~equal to the average tuition and other registration fees for 30~~
423 ~~credit hours at state universities plus \$1,000 per academic~~
424 ~~year, or as~~ specified in the General Appropriations Act, ~~to any~~
425 ~~applicant~~. A demonstrated unmet need of less than \$200 shall
426 render the applicant ineligible for a Florida private student
427 assistance grant. Recipients of such grants must have been
428 accepted at a baccalaureate-degree-granting independent
429 nonprofit college or university, which is accredited by the
430 Commission on Colleges of the Southern Association of Colleges
431 and Schools and which is located in and chartered as a domestic
432 corporation by the state. If funds are available, a student who
433 received an award in the fall or spring term may receive a
434 summer award. No student may receive an award for more than the
435 equivalent of 9 semesters or 14 quarters of full-time

Page 15 of 31

436 enrollment, except as otherwise provided in s. 1009.40(3).

437 (b) A student applying for a Florida private student
438 assistance grant shall be required to apply for the Pell Grant.
439 The Pell Grant entitlement shall be considered when conducting
440 an assessment of the financial resources available to each
441 student.

442 (c) Priority in the distribution of grant moneys shall be
443 given to students with the lowest total family resources, in
444 accordance with a nationally recognized system of need analysis.
445 ~~Using the system of need analysis, the department shall~~
446 ~~establish a maximum expected family contribution.~~ An institution
447 may not make a grant from this program to a student whose
448 expected family contribution exceeds one and one-half times the
449 maximum Pell Grant-eligible family contribution level
450 ~~established by the department.~~ An institution may not impose
451 additional criteria to determine a student's eligibility to
452 receive a grant award.

453 (d) Each participating institution shall report, ~~to the~~
454 department by the established date, ~~the eligible students~~
455 eligible for the program for to whom grant moneys are disbursed
456 each academic term. Each institution shall also report to the
457 department necessary demographic and eligibility data for such
458 students.

459 (3) Based on the unmet financial need of an eligible
460 applicant, the amount of a Florida private student assistance
461 grant must be between \$200 and ~~the average cost of tuition and~~
462 ~~other registration fees for 30 credit hours at state~~
463 ~~universities plus \$1,000 per academic year or~~ the amount
464 specified in the General Appropriations Act.

465 (4) (a) The funds appropriated for the Florida Private
 466 Student Assistance Grant shall be distributed to eligible
 467 institutions in accordance with a formula approved by the State
 468 Board of Education. The formula shall consider at least the
 469 prior year's distribution of funds, the number of ~~full-time~~
 470 eligible applicants who did not receive awards, the
 471 standardization of the expected family contribution, and
 472 provisions for unused funds. The formula shall account for
 473 changes in the number of eligible students across all student
 474 assistance grant programs established pursuant to this section
 475 and ss. 1009.50, 1009.505, and 1009.52.

476 (b) Payment of Florida private student assistance grants
 477 shall be transmitted to the president of the college or
 478 university, or to his or her representative, in advance of the
 479 registration period. Institutions shall notify students of the
 480 amount of their awards.

481 (c) The eligibility status of each student to receive a
 482 disbursement shall be determined by each institution as of the
 483 end of its regular registration period, inclusive of a drop-add
 484 period. Institutions shall not be required to reevaluate a
 485 student's eligibility status after this date for purposes of
 486 changing eligibility determinations previously made.

487 (d) Institutions shall certify to the department within 30
 488 days after the end of regular registration each term the amount
 489 of funds disbursed to each student and shall remit to the
 490 department any undisbursed advances within 60 days after the end
 491 of regular registration each spring term by June 1 of each year.
 492 An exception to the remittance deadline may be granted if the
 493 institution documents to the department how it plans to disburse

Page 17 of 31

22-01343B-20

202072__

494 awards to students for the subsequent summer term. An
 495 institution that uses funds for the summer term shall certify to
 496 the department the amount of funds disbursed to each student and
 497 shall remit to the department any undisbursed advances within 30
 498 days after the end of the summer term.

499 (e) Each institution that receives moneys through the
 500 Florida Private Student Assistance Grant Program shall prepare a
 501 biennial report that includes a financial audit, conducted by an
 502 independent certified public accountant, of the institution's
 503 administration of the program and a complete accounting of
 504 moneys ~~in the State Student Financial Assistance Trust Fund~~
 505 allocated to the institution for the program. Such report shall
 506 be submitted to the department by March 1 every other year. The
 507 department may conduct its own annual or biennial audit of an
 508 institution's administration of the program and its allocated
 509 funds in lieu of the required biennial report and financial
 510 audit report. The department may suspend or revoke an
 511 institution's eligibility to receive future moneys ~~from the~~
 512 ~~trust fund~~ for the program or request a refund of any moneys
 513 overpaid to the institution ~~through the trust fund~~ for the
 514 program if the department finds that an institution has not
 515 complied with ~~the provisions of~~ this section. Any refund
 516 requested pursuant to this paragraph shall be remitted within 60
 517 days after notification by the department.

518 (5) Funds appropriated by the Legislature for Florida
 519 private student assistance grants may be deposited in the State
 520 Student Financial Assistance Trust Fund. Notwithstanding ~~the~~
 521 ~~provisions of~~ s. 216.301 and pursuant to s. 216.351, any balance
 522 in the trust fund at the end of any fiscal year which has been

Page 18 of 31

202072__

523 allocated to the Florida Private Student Assistance Grant
 524 Program shall remain therein and shall be available for carrying
 525 out the purposes of this section and as otherwise provided by
 526 law.

527 (6) The State Board of Education shall adopt rules
 528 necessary to implement this section.

529 Section 7. Section 1009.52, Florida Statutes, is amended to
 530 read:

531 1009.52 Florida Postsecondary Student Assistance Grant
 532 Program; eligibility for grants.—

533 (1) There is created a Florida Postsecondary Student
 534 Assistance Grant Program. The program shall be administered by
 535 the participating institutions in accordance with rules of the
 536 State Board of Education.

537 (2) (a) Florida postsecondary student assistance grants
 538 ~~through the State Student Financial Assistance Trust Fund~~ may be
 539 made only to full-time degree-seeking students who meet the
 540 general requirements for student eligibility as provided in s.
 541 1009.40, except as otherwise provided in this section. Such
 542 grants shall be awarded for the amount of demonstrated unmet
 543 need for tuition and fees and may not exceed the maximum annual
 544 award an amount equal to the average prior academic year cost of
 545 ~~tuition and other registration fees for 30 credit hours at state~~
 546 ~~universities plus \$1,000 per academic year, or as~~ specified in
 547 the General Appropriations Act, ~~to any applicant~~. A demonstrated
 548 unmet need of less than \$200 shall render the applicant
 549 ineligible for a Florida postsecondary student assistance grant.
 550 Recipients of such grants must have been accepted at a
 551 postsecondary institution that is located in this ~~the~~ state and

Page 19 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

552 that is:

553 1. A private nursing diploma school approved by the Florida
 554 Board of Nursing; or

555 2. A college or university licensed by the Commission for
 556 Independent Education, excluding those institutions the students
 557 of which are eligible to receive a Florida private student
 558 assistance grant pursuant to s. 1009.51.

559

560 If funds are available, a student who received an award in the
 561 fall or spring term may receive a summer award. No student may
 562 receive an award for more than the equivalent of 9 semesters or
 563 14 quarters of full-time enrollment, except as otherwise
 564 provided in s. 1009.40(3).

565 (b) A student applying for a Florida postsecondary student
 566 assistance grant shall be required to apply for the Pell Grant.
 567 The Pell Grant entitlement shall be considered when conducting
 568 an assessment of the financial resources available to each
 569 student.

570 (c) Priority in the distribution of grant moneys shall be
 571 given to students with the lowest total family resources, in
 572 accordance with a nationally recognized system of need analysis.
 573 ~~Using the system of need analysis, the department shall~~
 574 ~~establish a maximum expected family contribution.~~ An institution
 575 may not make a grant from this program to a student whose
 576 expected family contribution exceeds one and one-half times the
 577 maximum Pell Grant-eligible family contribution level
 578 ~~established by the department~~. An institution may not impose
 579 additional criteria to determine a student's eligibility to
 580 receive a grant award.

Page 20 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

581 (d) Each participating institution shall report, to the
 582 department by the established date, the ~~eligible students~~
 583 eligible for the program for to whom grant moneys are disbursed
 584 each academic term. Each institution shall also report to the
 585 department necessary demographic and eligibility data for such
 586 students.

587 (3) Based on the unmet financial need of an eligible
 588 applicant, the amount of a Florida postsecondary student
 589 assistance grant must be between \$200 and ~~the average cost of~~
 590 tuition and other registration fees for 30 credit hours at state
 591 universities plus \$1,000 per academic year or the amount
 592 specified in the General Appropriations Act.

593 (4) (a) The funds appropriated for the Florida Postsecondary
 594 Student Assistance Grant shall be distributed to eligible
 595 institutions in accordance with a formula approved by the State
 596 Board of Education. The formula shall consider at least the
 597 prior year's distribution of funds, the number of ~~full-time~~
 598 eligible applicants who did not receive awards, the
 599 standardization of the expected family contribution, and
 600 provisions for unused funds. The formula shall account for
 601 changes in the number of eligible students across all student
 602 assistance grant programs established pursuant to this section
 603 and ss. 1009.50, 1009.505, and 1009.51.

604 (b) Payment of Florida postsecondary student assistance
 605 grants shall be transmitted to the president of the eligible
 606 institution, or to his or her representative, in advance of the
 607 registration period. Institutions shall notify students of the
 608 amount of their awards.

609 (c) The eligibility status of each student to receive a

Page 21 of 31

22-01343B-20

202072__

610 disbursement shall be determined by each institution as of the
 611 end of its regular registration period, inclusive of a drop-add
 612 period. Institutions shall not be required to reevaluate a
 613 student's eligibility status after this date for purposes of
 614 changing eligibility determinations previously made.

615 (d) Institutions shall certify to the department within 30
 616 days after the end of regular registration each term the amount
 617 of funds disbursed to each student and shall remit to the
 618 department any undisbursed advances within 60 days after the end
 619 of regular registration each spring term by June 1 of each year.
 620 An exception to the remittance deadline may be granted if the
 621 institution documents to the department how it plans to disburse
 622 awards to students for the subsequent summer term. An
 623 institution that uses funds for the summer term shall certify to
 624 the department the amount of funds disbursed to each student and
 625 shall remit to the department any undisbursed advances within 30
 626 days after the end of the summer term.

627 (e) Each institution that receives moneys through the
 628 Florida Postsecondary Student Assistance Grant Program shall
 629 prepare a biennial report that includes a financial audit,
 630 conducted by an independent certified public accountant, of the
 631 institution's administration of the program and a complete
 632 accounting of moneys ~~in the State Student Financial Assistance~~
 633 ~~Trust Fund allocated to the institution~~ for the program. Such
 634 report shall be submitted to the department by March 1 every
 635 other year. The department may conduct its own annual or
 636 biennial audit of an institution's administration of the program
 637 and its allocated funds in lieu of the required biennial report
 638 and financial audit report. The department may suspend or revoke

Page 22 of 31

639 an institution's eligibility to receive future moneys ~~from the~~
 640 ~~trust fund~~ for the program or request a refund of any moneys
 641 overpaid to the institution ~~through the trust fund~~ for the
 642 program if the department finds that an institution has not
 643 complied with ~~the provisions of~~ this section. Any refund
 644 requested pursuant to this paragraph shall be remitted within 60
 645 days after notification by the department.

646 (5) Any institution that was eligible to receive state
 647 student assistance grants on January 1, 1989, and that is not
 648 eligible to receive grants pursuant to s. 1009.51 is eligible to
 649 receive grants pursuant to this section.

650 (6) Funds appropriated by the Legislature for Florida
 651 postsecondary student assistance grants may be deposited in the
 652 State Student Financial Assistance Trust Fund. Notwithstanding
 653 ~~the provisions of~~ s. 216.301 and pursuant to s. 216.351, any
 654 balance in the trust fund at the end of any fiscal year which
 655 has been allocated to the Florida Postsecondary Student
 656 Assistance Grant Program shall remain therein and shall be
 657 available for carrying out the purposes of this section and as
 658 otherwise provided by law.

659 (7) The State Board of Education shall adopt rules
 660 necessary to implement this section.

661 Section 8. Subsections (2), (4), (5), and (6) of section
 662 1009.893, Florida Statutes, are amended to read:

663 1009.893 Benacquisto Scholarship Program.—

664 (2) The Benacquisto Scholarship Program is created to
 665 reward a high school graduate who receives recognition as a
 666 National Merit Scholar ~~or National Achievement Scholar~~ and who
 667 initially enrolls in the 2014-2015 academic year or, later, in a

22-01343B-20

202072__

668 baccalaureate degree program at an eligible Florida public or
 669 independent postsecondary educational institution.

670 (4) In order to be eligible for an initial award under the
 671 scholarship program, a student must meet the requirements of
 672 paragraph (a) or paragraph (b).

673 (a) A student who is a resident of this state, as
 674 determined in s. 1009.40 and rules of the State Board of
 675 Education, must:

676 1. Earn a standard Florida high school diploma or its
 677 equivalent pursuant to s. 1002.3105, s. 1003.4281, s. 1003.4282,
 678 or s. 1003.435 unless:

679 a. The student completes a home education program according
 680 to s. 1002.41; or

681 b. The student earns a high school diploma from a non-
 682 Florida school while living with a parent who is on military or
 683 public service assignment out of this state;

684 2. Be accepted by and enroll in a Florida public or
 685 independent postsecondary educational institution that is
 686 regionally accredited; and

687 3. Be enrolled full-time in a baccalaureate degree program
 688 at an eligible regionally accredited Florida public or
 689 independent postsecondary educational institution during the
 690 fall academic term following high school graduation.

691 (b) A student who initially enrolls in a baccalaureate
 692 degree program in the 2018-2019 academic year or later and who
 693 is not a resident of this state, as determined in s. 1009.40 and
 694 rules of the State Board of Education, must:

695 1. Physically reside in this state on or near the campus of
 696 the postsecondary educational institution in which the student

22-01343B-20

202072__

697 is enrolled;

698 2. Earn a high school diploma from a school outside Florida
699 which is comparable to a standard Florida high school diploma or
700 its equivalent pursuant to s. 1002.3105, s. 1003.4281, s.
701 1003.4282, or s. 1003.435 or must complete a home education
702 program in another state; and

703 3. Be accepted by and enrolled full-time in a baccalaureate
704 degree program at an eligible regionally accredited Florida
705 public or independent postsecondary educational institution
706 during the fall academic term following high school graduation.

707 (5) (a) 1. An eligible student who meets the requirements of
708 paragraph (4) (a), who is a National Merit Scholar ~~or National~~
709 ~~Achievement Scholar~~, and who attends a Florida public
710 postsecondary educational institution shall receive a
711 scholarship award equal to the institutional cost of attendance
712 minus the sum of the student's Florida Bright Futures
713 Scholarship and National Merit Scholarship ~~or National~~
714 ~~Achievement Scholarship~~.

715 2. An eligible student who meets the requirements of
716 paragraph (4) (b), who is a National Merit Scholar, and who
717 attends a Florida public postsecondary educational institution
718 shall receive a scholarship award equal to the institutional
719 cost of attendance for a resident of this state minus the
720 student's National Merit Scholarship. Such student is exempt
721 from the payment of out-of-state fees.

722 (b) An eligible student who is a National Merit Scholar ~~or~~
723 ~~National Achievement Scholar~~ and who attends a Florida
724 independent postsecondary educational institution shall receive
725 a scholarship award equal to the highest cost of attendance for

Page 25 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

726 a resident of this state enrolled at a Florida public
727 university, as reported by the Board of Governors of the State
728 University System, minus the sum of the student's Florida Bright
729 Futures Scholarship and National Merit Scholarship ~~or National~~
730 ~~Achievement Scholarship~~.

731 (6) (a) To be eligible for a renewal award, a student must
732 be enrolled full-time, earn all credits for which he or she was
733 enrolled, and maintain a 3.0 or higher grade point average. An
734 eligible Benacquisto Scholar who has fewer than 12 credits to
735 complete their first baccalaureate degree may receive funding
736 for one term in order to complete their degree.

737 (b) A student's renewal status is not affected by
738 subsequent changes in the residency status of the student or
739 residency status of the student's family.

740 (c) ~~(b)~~ A student may receive the scholarship award for a
741 maximum of 100 percent of the number of credit hours required to
742 complete a baccalaureate degree program, or until completion of
743 a baccalaureate degree program, whichever comes first.

744 (d) A student may receive an award for up to 5 years
745 following high school graduation and may not receive the award
746 for more than 10 semesters.

747 (e) A student who receives an award under this program and
748 fails to meet the renewal requirements due to a verifiable
749 illness or other documented emergency may be granted an
750 exception pursuant to s. 1009.40(1)(b)4.

751 Section 9. Section 1011.45, Florida Statutes, is amended to
752 read:

753 1011.45 End of year balance of funds.—Unexpended amounts in
754 any fund in a university current year operating budget shall be

Page 26 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

755 carried forward and included as the balance forward for that
756 fund in the approved operating budget for the following year.

757 (1) Each university shall maintain a minimum carry forward
758 balance of at least 7 percent of its state operating budget. If
759 a university fails to maintain a 7 percent balance in state
760 operating funds, the university shall submit a plan to the Board
761 of Governors to attain the 7 percent balance of state operating
762 funds within the next fiscal year.

763 (2) Each university that retains a state operating fund
764 carry forward balance in excess of the 7 percent minimum shall
765 submit a spending plan for its excess carry forward balance. The
766 spending plan shall be submitted to the university's board of
767 trustees for review, approval, or, if necessary, amendment by
768 September 30 ~~±~~, 2020, and each September 30 ~~±~~ thereafter. The
769 Board of Governors shall review, approve, and amend, if
770 necessary, each university's carry forward spending plan by
771 November 15 ~~October 1~~, 2020, and each November 15 ~~October 1~~
772 thereafter.

773 (3) A university's carry forward spending plan shall
774 include the estimated cost per planned expenditure and a
775 timeline for completion of the expenditure. Authorized
776 expenditures in a carry forward spending plan may include:

777 (a) Commitment of funds to a public education capital
778 outlay project for which an appropriation has previously been
779 provided that requires additional funds for completion and which
780 is included in the list required by s. 1001.706(12) (d);

781 (b) Completion of a renovation, repair, or maintenance
782 project that is consistent with ~~the provisions of~~ s. 1013.64(1),
783 up to \$5 million per project, and replacement of a minor

Page 27 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

202072__

784 facility that does not exceed 10,000 gross square feet in size
785 up to \$2 million;

786 (c) Completion of a remodeling or infrastructure project,
787 including a project for a development research school, up to \$10
788 million per project, if such project is survey recommended
789 pursuant to s. 1013.31;

790 (d) Completion of a repair or replacement project necessary
791 due to damage caused by a natural disaster for buildings
792 included in the inventory required pursuant to s. 1013.31;

793 (e) Operating expenditures that support the university
794 mission ~~and that are nonrecurring; and~~

795 (f) Any purpose specified by the board or in the General
796 Appropriations Act; and

797 (g) A commitment of funds to a contingency reserve to
798 assist in addressing unforeseen circumstances that may arise,
799 including natural disasters and other emergencies.

800 (4) Annually, by September 30, the chief financial officer
801 of each university shall certify the unexpended amount of funds
802 appropriated to the university from the General Revenue Fund,
803 the Educational Enhancement Trust Fund, and the
804 Education/General Student and Other Fees Trust Fund as of June
805 30 of the previous fiscal year.

806 (5) A university may spend the minimum carry forward
807 ~~carry forward~~ balance of 7 percent if a demonstrated emergency
808 exists and the plan is approved by the university's board of
809 trustees and the Board of Governors.

810 Section 10. Section 1013.841, Florida Statutes, is amended
811 to read:

812 1013.841 End of year balance of Florida College System

Page 28 of 31

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

22-01343B-20

202072__

813 institution funds.-

814 (1) Unexpended amounts in any fund in any Florida College
815 System institution current year state operating budget shall be
816 carried forward and included as the balance forward for that
817 fund in the approved operating budget for the following year.

818 (2) (a) Each Florida College System institution with a final
819 FTE less than 15,000 for the prior year shall maintain a minimum
820 carry forward balance of at least 5 percent of its state
821 operating budget. If a Florida College System institution fails
822 to maintain a 5 percent balance in state operating funds, the
823 president shall provide written notification to the State Board
824 of Education.

825 (b) Each Florida College System institution with a final
826 FTE less than 15,000 for the prior year that retains a state
827 operating fund carry forward balance in excess of the 5 percent
828 minimum shall submit a spending plan for its excess carry
829 forward balance. The spending plan shall include all excess
830 carry forward funds from state operating funds. The spending
831 plan shall be submitted to the Florida College System
832 institution's board of trustees for approval by September 30 †,
833 2020, and each September 30 † thereafter. The State Board of
834 Education shall review and publish each Florida College System
835 institution's carry forward spending plan by November 15 ~~October~~
836 †, 2020, and each November 15 ~~October 1~~ thereafter.

837 (3) (a) Each Florida College System institution with a final
838 FTE of 15,000 or greater for the prior year shall maintain a
839 minimum carry forward balance of at least 7 percent of its state
840 operating budget. If a Florida College System institution fails
841 to maintain a 7 percent balance in state operating funds, the

22-01343B-20

202072__

842 institution shall submit a plan to the State Board of Education
843 to attain the minimum balance.

844 (b) Each Florida College System institution with a final
845 FTE of 15,000 or greater for the prior year that retains a state
846 operating fund carry forward balance in excess of the 7 percent
847 minimum shall submit a spending plan for its excess carry
848 forward balance. The spending plan shall include all excess
849 carry forward funds from state operating funds. The spending
850 plan shall be submitted to the Florida College System
851 institution's board of trustees for approval by September 30 †,
852 2020, and each September 30 † thereafter. The State Board of
853 Education shall review and publish each Florida College System
854 institution's carry forward spending plan by November 15 ~~October~~
855 †, 2020, and each November 15 ~~October 1~~ thereafter.

856 (4) A Florida College System institution identified in
857 paragraph (3) (a) must include in its carry forward spending plan
858 the estimated cost per planned expenditure and a timeline for
859 completion of the expenditure. Authorized expenditures in a
860 carry forward spending plan may include:

861 (a) Commitment of funds to a public education capital
862 outlay project for which an appropriation was previously
863 provided, which requires additional funds for completion, and
864 which is included in the list required by s. 1001.03(18) (d);

865 (b) Completion of a renovation, repair, or maintenance
866 project that is consistent with ~~the provisions of~~ s. 1013.64(1),
867 up to \$5 million per project;

868 (c) Completion of a remodeling or infrastructure project,
869 up to \$10 million per project, if such project is survey
870 recommended pursuant to s. 1013.31;

22-01343B-20

202072__

871 (d) Completion of a repair or replacement project necessary
872 due to damage caused by a natural disaster for buildings
873 included in the inventory required pursuant to s. 1013.31;

874 (e) Operating expenditures that support the Florida College
875 System institution's mission ~~which are nonrecurring; and~~

876 (f) Any purpose approved by the state board or specified in
877 the General Appropriations Act; ~~and~~

878 (g) A commitment of funds to a contingency reserve to
879 assist in addressing unforeseen circumstances that may arise,
880 including natural disasters and other emergencies.

881 Section 11. Section 11 of chapter 2019-116, Laws of
882 Florida, is repealed.

883 Section 12. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SJR 146

INTRODUCER: Senator Brandes

SUBJECT: Homestead Property Tax Assessments/Increased Portability Period

DATE: March 2, 2020

REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |
|----|--------------|-----------------------|-----------|------------------|
| 1. | <u>Toman</u> | <u>Yeatman</u> | <u>CA</u> | Favorable |
| 2. | <u>Babin</u> | <u>Diez-Arguelles</u> | <u>FT</u> | Favorable |
| 3. | <u>Babin</u> | <u>Kynoch</u> | <u>AP</u> | Favorable |

I. Summary:

SJR 146 proposes an amendment to the Florida Constitution to extend by one year the period during which a person may transfer up to \$500,000 of accumulated Save Our Homes benefit from a prior homestead property to a new homestead property.

If adopted by the Legislature, the proposed amendment will be submitted to Florida's electors for approval or rejection at the next general election in November 2020.

If approved by at least 60 percent of the electors, the proposed amendment will take effect on January 1, 2021.

The Revenue Estimating Conference has determined that, if adopted by the electors, the proposed amendment will reduce local property tax receipts by \$1.8 million beginning in Fiscal Year 2021-2022, increasing to \$10.2 million by Fiscal Year 2025-2026.

II. Present Situation:

General Overview of Property Taxation

The ad valorem tax or "property tax" is an annual tax levied by counties, municipalities, school districts, and some special districts. The tax is based on the taxable value of property as of January 1 of each year.¹ The property appraiser annually determines the "just value"² of property

¹ Both real property and tangible personal property are subject to tax. Section 192.001(12), F.S., defines "real property" as land, buildings, fixtures, and all other improvements to land. Section 192.001(11)(d), F.S., defines "tangible personal property" as all goods, chattels, and other articles of value capable of manual possession and whose chief value is intrinsic to the article itself.

² Property must be valued at "just value" for purposes of property taxation, unless the Florida Constitution provides otherwise. FLA. CONST. art VII, s. 4. Just value has been interpreted by the courts to mean the fair market value that a willing buyer would pay a willing seller for the property in an arm's-length transaction. See *Walter v. Shuler*, 176 So. 2d 81 (Fla. 1965); *Deltona Corp. v. Bailey*, 336 So. 2d 1163 (Fla. 1976); *Southern Bell Tel. & Tel. Co. v. Dade County*, 275 So. 2d 4 (Fla. 1973).

within the taxing authority and then applies relevant exclusions, assessment limitations, and exemptions to determine the property's "taxable value."³ Tax bills are mailed in November of each year based on the previous January 1 valuation and payment is due by March 31.

The Florida Constitution prohibits the state from levying ad valorem taxes⁴ on real estate or tangible personal property, and it limits the Legislature's authority to provide for property valuations at less than just value, unless expressly authorized.⁵

The just valuation standard generally requires the property appraiser to consider the highest and best use of property;⁶ however, the Florida Constitution authorizes certain types of property to be valued based on their current use (classified use assessments), which often result in lower assessments. Properties that may receive classified use treatment in Florida include: agricultural land, land producing high water recharge to Florida's aquifers, and land used exclusively for noncommercial recreational purposes;⁷ land used for conservation purposes;⁸ historic properties when authorized by the county or municipality;⁹ and certain working waterfront property.¹⁰

Save Our Homes Assessment Limitation and Portability

In 1992, Florida voters approved the Save Our Homes amendment to the Florida Constitution.¹¹ The Save Our Homes assessment limitation limits the amount that the assessed value of a homestead property may increase annually to the lesser of 3 percent or the percentage increase in the Consumer Price Index.¹² The accumulated difference between the assessed value and the just value is the Save Our Homes benefit.

In 2008, Florida voters further amended the Florida Constitution to provide for the portability of the accrued benefit under the Save Our Homes assessment limitation.¹³ The amendment allows homestead property owners who relocate to a new homestead to transfer, or "port," up to \$500,000 of the accrued Save Our Homes benefit to the new homestead. To transfer the Save Our Homes benefit, the homestead owner must establish a new homestead within 2 years of January 1 of the year he or she abandoned the old homestead (not 2 years after the sale).¹⁴

III. Effect of Proposed Changes:

The joint resolution proposes an amendment to the Florida Constitution to extend by one year the period during which a person may transfer up to \$500,000 of accumulated Save Our Homes

³ See s. 192.001(2) and (16), F.S.

⁴ FLA. CONST. art. VII, s. 1(a).

⁵ See FLA. CONST. art. VII, s. 4.

⁶ Section 193.011(2), F.S.

⁷ FLA. CONST. art. VII, s. 4(a).

⁸ FLA. CONST. art. VII, s. 4(b).

⁹ FLA. CONST. art. VII, s. 4(e).

¹⁰ FLA. CONST. art. VII, s. 4(j).

¹¹ FLA. CONST. art. VII, s. 4(d). The Florida Legislature implemented the Save Our Homes amendment in s. 193.155, F.S.

¹² FLA. CONST. art. VII, s. 4(d).

¹³ FLA. CONST. art. VII, s. (4)(d)(8). The Florida Legislature implemented the portability amendment in s. 193.155(8), F.S.

benefit from a prior homestead property to a new homestead property. The joint resolution also deletes obsolete provisions pertaining to 2008 homestead property assessments.

If adopted by the Legislature, the proposed amendment will be submitted to Florida's electors for approval or rejection at the next general election in November 2020.

If approved by at least 60 percent of the electors, the proposed amendment will take effect on January 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandates provisions in Article VII, section 18 of the State Constitution, do not apply to joint resolutions.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

Article XI, s. 1 of the Florida Constitution authorizes the Legislature to propose amendments to the Florida Constitution by joint resolution approved by a three-fifths vote of the membership of each house. Article XI, s. 5(a) of the Florida Constitution requires the amendment be placed before the electorate at the next general election¹⁵ held more than 90 days after the proposal has been filed with the Secretary of State or at a special election held for that purpose. Constitutional amendments submitted to the electors must be printed in clear and unambiguous language on the ballot.¹⁶

Article XI, s. 5(d) of the Florida Constitution requires proposed amendments or constitutional revisions to be published in a newspaper of general circulation in each county where a newspaper is published. The amendment or revision must be published once in the 10th week and again in the 6th week immediately preceding the week the election is held.

¹⁵ Section 97.021(16), F.S., defines "general election" as an election held on the first Tuesday after the first Monday in November in the even-numbered years, for the purpose of filling national, state, county, and district offices and for voting on constitutional amendments not otherwise provided for by law.

¹⁶ Section 101.161(1), F.S.

Article XI, s. 5(e) of the Florida Constitution requires approval by 60 percent of voters for a constitutional amendment to take effect. The amendment, if approved, becomes effective on the first Tuesday after the first Monday in January following the election, or on such other date as may be specified in the amendment.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The Revenue Estimating Conference has determined that, if adopted by the electors, the proposed amendment will reduce local property tax receipts by \$1.8 million beginning in Fiscal Year 2021-2022, increasing to \$10.2 million by Fiscal Year 2025-2026.

B. Private Sector Impact:

If the proposed amendment is approved by a 60 percent vote of the electors, homeowners will have an additional year to transfer their existing homestead Save Our Homes benefit to a new homestead property.

C. Government Sector Impact:

The Division of Elections (Division) is required to advertise the full text of proposed constitutional amendments in English and Spanish¹⁷ twice in a newspaper of general circulation in each county before the election in which the amendment shall be submitted to the electors. The Division is also required to provide each Supervisor of Elections with English and Spanish booklets or posters displaying the full text of proposed amendments, for each polling room or early voting area in each county. The Division is also responsible for translating the amendments into Spanish. The statewide average cost to advertise constitutional amendments, in English and Spanish, in newspapers for the 2018 election cycle was \$92.93 per English word of the originating document.¹⁸

Using 2018 election cycle rates, the cost to advertise this amendment in newspapers and produce booklets for the 2020 general election could be, at a minimum, \$63,378.26.¹⁹ Accurate cost estimates cannot be determined until the total number of amendments to be advertised is known.²⁰

According to the Florida Department of Revenue, if SJR 146 and the implementing language in SB 148 are approved, the department would need to amend Forms DR-490PORT, DR-501, and DR-501RVSH, and amend Rules 12D-8.0065(2)(a) and 12D-16.002, F.A.C.²¹

¹⁷ The requirement to provide these publications in Spanish stems from Section 203 of the Federal Voting Rights Act.

Senate Joint Resolution

A joint resolution proposing an amendment to Section 4 of Article VII and the creation of a new section in Article XII of the State Constitution to increase the period of time during which the accrued benefit from specified limitations on homestead property tax assessments may be transferred from a prior homestead to a new homestead, and to provide an effective date.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 4 of Article VII and the creation of a new section in Article XII of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE VII

FINANCE AND TAXATION

SECTION 4. Taxation; assessments.—By general law regulations shall be prescribed which shall secure a just valuation of all property for ad valorem taxation, provided:

(a) Agricultural land, land producing high water recharge to Florida's aquifers, or land used exclusively for noncommercial recreational purposes may be classified by general law and assessed solely on the basis of character or use.

(b) As provided by general law and subject to conditions, limitations, and reasonable definitions specified therein, land used for conservation purposes shall be classified by general

Page 1 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

24-00217-20

2020146__

law and assessed solely on the basis of character or use.

(c) Pursuant to general law tangible personal property held for sale as stock in trade and livestock may be valued for taxation at a specified percentage of its value, may be classified for tax purposes, or may be exempted from taxation.

(d) All persons entitled to a homestead exemption under Section 6 of this Article shall have their homestead assessed at just value as of January 1 of the year following the effective date of this amendment. This assessment shall change only as provided in this subsection.

(1) Assessments subject to this subsection shall be changed annually on January 1st of each year; but those changes in assessments shall not exceed the lower of the following:

a. Three percent (3%) of the assessment for the prior year.

b. The percent change in the Consumer Price Index for all urban consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics.

(2) No assessment shall exceed just value.

(3) After any change of ownership, as provided by general law, homestead property shall be assessed at just value as of January 1 of the following year, unless the provisions of paragraph (8) apply. Thereafter, the homestead shall be assessed as provided in this subsection.

(4) New homestead property shall be assessed at just value as of January 1st of the year following the establishment of the homestead, unless the provisions of paragraph (8) apply. That assessment shall only change as provided in this subsection.

Page 2 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

24-00217-20

2020146__

59 (5) Changes, additions, reductions, or improvements to
60 homestead property shall be assessed as provided for by general
61 law; provided, however, after the adjustment for any change,
62 addition, reduction, or improvement, the property shall be
63 assessed as provided in this subsection.

64 (6) In the event of a termination of homestead status, the
65 property shall be assessed as provided by general law.

66 (7) The provisions of this amendment are severable. If any
67 of the provisions of this amendment shall be held
68 unconstitutional by any court of competent jurisdiction, the
69 decision of such court shall not affect or impair any remaining
70 provisions of this amendment.

71 (8)a. A person who establishes a new homestead as of
72 January 1, ~~2009, or January 1 of any subsequent year~~ and who has
73 received a homestead exemption pursuant to Section 6 of this
74 Article as of January 1 of any either of the three two years
75 immediately preceding the establishment of the new homestead is
76 entitled to have the new homestead assessed at less than just
77 value. ~~If this revision is approved in January of 2008, a person
78 who establishes a new homestead as of January 1, 2008, is
79 entitled to have the new homestead assessed at less than just
80 value only if that person received a homestead exemption on
81 January 1, 2007.~~ The assessed value of the newly established
82 homestead shall be determined as follows:

83 1. If the just value of the new homestead is greater than
84 or equal to the just value of the prior homestead as of January
85 1 of the year in which the prior homestead was abandoned, the
86 assessed value of the new homestead shall be the just value of
87 the new homestead minus an amount equal to the lesser of

Page 3 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

24-00217-20

2020146__

88 \$500,000 or the difference between the just value and the
89 assessed value of the prior homestead as of January 1 of the
90 year in which the prior homestead was abandoned. Thereafter, the
91 homestead shall be assessed as provided in this subsection.

92 2. If the just value of the new homestead is less than the
93 just value of the prior homestead as of January 1 of the year in
94 which the prior homestead was abandoned, the assessed value of
95 the new homestead shall be equal to the just value of the new
96 homestead divided by the just value of the prior homestead and
97 multiplied by the assessed value of the prior homestead.
98 However, if the difference between the just value of the new
99 homestead and the assessed value of the new homestead calculated
100 pursuant to this sub-subparagraph is greater than \$500,000, the
101 assessed value of the new homestead shall be increased so that
102 the difference between the just value and the assessed value
103 equals \$500,000. Thereafter, the homestead shall be assessed as
104 provided in this subsection.

105 b. By general law and subject to conditions specified
106 therein, the legislature shall provide for application of this
107 paragraph to property owned by more than one person.

108 (e) The legislature may, by general law, for assessment
109 purposes and subject to the provisions of this subsection, allow
110 counties and municipalities to authorize by ordinance that
111 historic property may be assessed solely on the basis of
112 character or use. Such character or use assessment shall apply
113 only to the jurisdiction adopting the ordinance. The
114 requirements for eligible properties must be specified by
115 general law.

116 (f) A county may, in the manner prescribed by general law,

Page 4 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

24-00217-20

2020146__

117 provide for a reduction in the assessed value of homestead
 118 property to the extent of any increase in the assessed value of
 119 that property which results from the construction or
 120 reconstruction of the property for the purpose of providing
 121 living quarters for one or more natural or adoptive grandparents
 122 or parents of the owner of the property or of the owner's spouse
 123 if at least one of the grandparents or parents for whom the
 124 living quarters are provided is 62 years of age or older. Such a
 125 reduction may not exceed the lesser of the following:

126 (1) The increase in assessed value resulting from
 127 construction or reconstruction of the property.

128 (2) Twenty percent of the total assessed value of the
 129 property as improved.

130 (g) For all levies other than school district levies,
 131 assessments of residential real property, as defined by general
 132 law, which contains nine units or fewer and which is not subject
 133 to the assessment limitations set forth in subsections (a)
 134 through (d) shall change only as provided in this subsection.

135 (1) Assessments subject to this subsection shall be changed
 136 annually on the date of assessment provided by law; but those
 137 changes in assessments shall not exceed ten percent (10%) of the
 138 assessment for the prior year.

139 (2) No assessment shall exceed just value.

140 (3) After a change of ownership or control, as defined by
 141 general law, including any change of ownership of a legal entity
 142 that owns the property, such property shall be assessed at just
 143 value as of the next assessment date. Thereafter, such property
 144 shall be assessed as provided in this subsection.

145 (4) Changes, additions, reductions, or improvements to such

24-00217-20

2020146__

146 property shall be assessed as provided for by general law;
 147 however, after the adjustment for any change, addition,
 148 reduction, or improvement, the property shall be assessed as
 149 provided in this subsection.

150 (h) For all levies other than school district levies,
 151 assessments of real property that is not subject to the
 152 assessment limitations set forth in subsections (a) through (d)
 153 and (g) shall change only as provided in this subsection.

154 (1) Assessments subject to this subsection shall be changed
 155 annually on the date of assessment provided by law; but those
 156 changes in assessments shall not exceed ten percent (10%) of the
 157 assessment for the prior year.

158 (2) No assessment shall exceed just value.

159 (3) The legislature must provide that such property shall
 160 be assessed at just value as of the next assessment date after a
 161 qualifying improvement, as defined by general law, is made to
 162 such property. Thereafter, such property shall be assessed as
 163 provided in this subsection.

164 (4) The legislature may provide that such property shall be
 165 assessed at just value as of the next assessment date after a
 166 change of ownership or control, as defined by general law,
 167 including any change of ownership of the legal entity that owns
 168 the property. Thereafter, such property shall be assessed as
 169 provided in this subsection.

170 (5) Changes, additions, reductions, or improvements to such
 171 property shall be assessed as provided for by general law;
 172 however, after the adjustment for any change, addition,
 173 reduction, or improvement, the property shall be assessed as
 174 provided in this subsection.

24-00217-20

2020146__

175 (i) The legislature, by general law and subject to
 176 conditions specified therein, may prohibit the consideration of
 177 the following in the determination of the assessed value of real
 178 property:

179 (1) Any change or improvement to real property used for
 180 residential purposes made to improve the property's resistance
 181 to wind damage.

182 (2) The installation of a solar or renewable energy source
 183 device.

184 (j)(1) The assessment of the following working waterfront
 185 properties shall be based upon the current use of the property:
 186 a. Land used predominantly for commercial fishing purposes.
 187 b. Land that is accessible to the public and used for
 188 vessel launches into waters that are navigable.
 189 c. Marinas and drystacks that are open to the public.
 190 d. Water-dependent marine manufacturing facilities,
 191 commercial fishing facilities, and marine vessel construction
 192 and repair facilities and their support activities.

193 (2) The assessment benefit provided by this subsection is
 194 subject to conditions and limitations and reasonable definitions
 195 as specified by the legislature by general law.

ARTICLE XII

SCHEDULE

198 Transfer of the accrued benefit from specified limitations
 199 on homestead property tax assessments; increased portability
 200 period.—This section and the amendment to Section 4 of Article
 201 VII, which extends to three years the time period during which
 202 the accrued benefit from specified limitations on homestead
 203 property tax assessments may be transferred from a prior

COMMITTEE SUBSTITUTE - Technical Changes

I. Summary:

CS/SB 148 is the implementing bill for SJR 146, which proposes an amendment to the Florida Constitution to extend by one year the period during which a person may transfer up to \$500,000 of accumulated Save Our Homes benefit from a prior homestead property to a new homestead property.

The bill will take effect on the effective date of the amendment proposed by SJR 146 or a similar joint resolution having the substantially the same specific intent and purpose. If approved by the electors, the proposed amendment and CS/SB 148 first apply to the 2021 tax roll.

The Revenue Estimating Conference has determined that, if the proposed amendment is approved by 60 percent of the electors, the bill will reduce local property tax receipts by \$1.8 million beginning in Fiscal Year 2021-2022, increasing to \$10.2 million by Fiscal Year 2025-2026.

II. Present Situation:

General Overview of Property Taxation

The ad valorem tax or “property tax” is an annual tax levied by counties, municipalities, school districts, and some special districts. The tax is based on the taxable value of property as of

January 1 of each year.¹ The property appraiser annually determines the “just value”² of property within the taxing authority and then applies relevant exclusions, assessment limitations, and exemptions to determine the property’s “taxable value.”³ Tax bills are mailed in November of each year based on the previous January 1 valuation and payment is due by March 31.

The Florida Constitution prohibits the state from levying ad valorem taxes⁴ on real estate or tangible personal property, and it limits the Legislature’s authority to provide for property valuations at less than just value, unless expressly authorized.⁵

The just valuation standard generally requires the property appraiser to consider the highest and best use of property;⁶ however, the Florida Constitution authorizes certain types of property to be valued based on their current use (classified use assessments), which often result in lower assessments. Properties that may receive classified use treatment in Florida include: agricultural land, land producing high water recharge to Florida’s aquifers, and land used exclusively for noncommercial recreational purposes;⁷ land used for conservation purposes;⁸ historic properties when authorized by the county or municipality;⁹ and certain working waterfront property.¹⁰

Save our Homes Assessment Limitation and Portability

In 1992, Florida voters approved the Save our Homes amendment to the Florida Constitution.¹¹ The Save our Homes assessment limitation limits the amount that the assessed value of a homestead property may increase annually to the lesser of 3 percent or the percentage increase in the Consumer Price Index.¹² The accumulated difference between the assessed value and the just value is the Save Our Homes benefit.

In 2008, Florida voters further amended the Florida Constitution to provide for the portability of the accrued benefit under the Save our Homes assessment limitation.¹³ The amendment allows homestead property owners who relocate to a new homestead to transfer, or “port,” up to \$500,000 of the accrued Save our Homes benefit to the new homestead. To transfer the Save Our

¹ Both real property and tangible personal property are subject to tax. Section 192.001(12), F.S., defines “real property” as land, buildings, fixtures, and all other improvements to land. Section 192.001(11)(d), F.S., defines “tangible personal property” as all goods, chattels, and other articles of value capable of manual possession and whose chief value is intrinsic to the article itself.

² Property must be valued at “just value” for purposes of property taxation, unless the Florida Constitution provides otherwise. FLA. CONST. art VII, s. 4. Just value has been interpreted by the courts to mean the fair market value that a willing buyer would pay a willing seller for the property in an arm’s-length transaction. *See Walter v. Shuler*, 176 So. 2d 81 (Fla. 1965); *Deltona Corp. v. Bailey*, 336 So. 2d 1163 (Fla. 1976); *Southern Bell Tel. & Tel. Co. v. Dade County*, 275 So. 2d 4 (Fla. 1973).

³ *See* s. 192.001(2) and (16), F.S.

⁴ FLA. CONST. art. VII, s. 1(a).

⁵ *See* FLA. CONST. art. VII, s. 4.

⁶ Section 193.011(2), F.S.

⁷ FLA. CONST. art. VII, s. 4(a).

⁸ FLA. CONST. art. VII, s. 4(b).

⁹ FLA. CONST. art. VII, s. 4(e).

¹⁰ FLA. CONST. art. VII, s. 4(j).

¹¹ FLA. CONST. art. VII, s. 4(d). The Florida Legislature implemented the Save Our Homes amendment in s. 193.155, F.S.

¹² FLA. CONST. art. VII, s. 4(d).

¹³ FLA. CONST. art VII, s. (4)(d)(8). The Florida Legislature implemented the portability amendment in s. 193.155(8), F.S.

Homes benefit, the homestead owner must establish a new homestead within 2 years of January 1 of the year he or she abandoned the old homestead (not 2 years after the sale).¹⁴

III. Effect of Proposed Changes:

Section 1 amends s. 193.155, F.S., to extend by one year the period during which a person may transfer up to \$500,000 of accumulated Save Our Homes benefit from a prior homestead property to a new homestead property. The section also removes obsolete provisions pertaining to the 2008 homestead property assessments.

Section 2 provides that the act applies beginning with the 2021 tax roll.

Section 3 provides that the act shall take effect on the effective date of the amendment to the Florida Constitution proposed by SJR 146 or a similar joint resolution having substantially the same specific intent and purpose, if such amendment to the Florida Constitution is approved at the general election¹⁵ held in November 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandates provisions in Article VII, section 18 of the Constitution, do not apply to bills that implement constitutional amendments.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

¹⁴ See Department of Revenue, Save Our Homes Assessment Limitation and Portability Transfer Brochure *available at* <http://floridarevenue.com/property/Documents/pt112.pdf> (last visited Feb. 6, 2020).

¹⁵ Section 97.021(16), F.S., defines “general election” as an election held on the first Tuesday after the first Monday in November in the even-numbered years, for the purpose of filling national, state, county, and district offices and for voting on constitutional amendments not otherwise provided for by law.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

The Revenue Estimating Conference has determined that, if the amendment proposed by SJR 146 is adopted by the electors, the bill will reduce local property tax receipts by \$1.8 million beginning in Fiscal Year 2021-2022, increasing to \$10.2 million by Fiscal Year 2025-2026.

B. Private Sector Impact:

If the proposed amendment is approved by a 60 percent vote of the electors, homeowners will have an additional year to transfer their Save Our Homes benefit to a new homestead property.

C. Government Sector Impact:

According to the Florida Department of Revenue, if the proposed amendment and the implementing language in the bill are approved, the department would need to amend Forms DR-490PORT, DR-501, and DR-501RVSH, and amend Rules 12D-8.0065(2)(a) and 12D-16.002, F.A.C.¹⁶

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 193.155 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Community Affairs on November 4, 2019:

The committee substitute made a technical amendment to reference SJR 146.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Community Affairs; and Senator Brandes

578-01159-20

2020148c1

1 A bill to be entitled
 2 An act relating to limitations on homestead
 3 assessments; amending s. 193.155, F.S.; revising the
 4 timeframe during which the accrued benefit from
 5 specified limitations on homestead property tax
 6 assessments may be transferred from a prior homestead
 7 to a new homestead; deleting obsolete provisions;
 8 revising the timeframe during which an owner of
 9 homestead property significantly damaged or destroyed
 10 by a named tropical storm or hurricane must establish
 11 a new homestead to make a certain election; providing
 12 applicability; providing a contingent effective date.
 13
 14 Be It Enacted by the Legislature of the State of Florida:
 15
 16 Section 1. Subsection (8) of section 193.155, Florida
 17 Statutes, is amended to read:
 18 193.155 Homestead assessments.—Homestead property shall be
 19 assessed at just value as of January 1, 1994. Property receiving
 20 the homestead exemption after January 1, 1994, shall be assessed
 21 at just value as of January 1 of the year in which the property
 22 receives the exemption unless the provisions of subsection (8)
 23 apply.
 24 (8) Property assessed under this section shall be assessed
 25 at less than just value when the person who establishes a new
 26 homestead has received a homestead exemption as of January 1 of
 27 any either of the 3 2 immediately preceding years. ~~A person who~~
 28 ~~establishes a new homestead as of January 1, 2008, is entitled~~
 29 ~~to have the new homestead assessed at less than just value only~~

Page 1 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

30 ~~if that person received a homestead exemption on January 1,~~
 31 ~~2007, and only if this subsection applies retroactive to January~~
 32 ~~1, 2008.~~ For purposes of this subsection, a husband and wife who
 33 owned and both permanently resided on a previous homestead shall
 34 each be considered to have received the homestead exemption even
 35 though only the husband or the wife applied for the homestead
 36 exemption on the previous homestead. The assessed value of the
 37 newly established homestead shall be determined as provided in
 38 this subsection.
 39 (a) If the just value of the new homestead as of January 1
 40 is greater than or equal to the just value of the immediate
 41 prior homestead as of January 1 of the year in which the
 42 immediate prior homestead was abandoned, the assessed value of
 43 the new homestead shall be the just value of the new homestead
 44 minus an amount equal to the lesser of \$500,000 or the
 45 difference between the just value and the assessed value of the
 46 immediate prior homestead as of January 1 of the year in which
 47 the prior homestead was abandoned. Thereafter, the homestead
 48 shall be assessed as provided in this section.
 49 (b) If the just value of the new homestead as of January 1
 50 is less than the just value of the immediate prior homestead as
 51 of January 1 of the year in which the immediate prior homestead
 52 was abandoned, the assessed value of the new homestead shall be
 53 equal to the just value of the new homestead divided by the just
 54 value of the immediate prior homestead and multiplied by the
 55 assessed value of the immediate prior homestead. However, if the
 56 difference between the just value of the new homestead and the
 57 assessed value of the new homestead calculated pursuant to this
 58 paragraph is greater than \$500,000, the assessed value of the

Page 2 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

59 new homestead shall be increased so that the difference between
60 the just value and the assessed value equals \$500,000.
61 Thereafter, the homestead shall be assessed as provided in this
62 section.

63 (c) If two or more persons who have each received a
64 homestead exemption as of January 1 of any ~~either~~ of the 3 ~~2~~
65 immediately preceding years and who would otherwise be eligible
66 to have a new homestead property assessed under this subsection
67 establish a single new homestead, the reduction from just value
68 is limited to the higher of the difference between the just
69 value and the assessed value of either of the prior eligible
70 homesteads as of January 1 of the year in which either of the
71 eligible prior homesteads was abandoned, but may not exceed
72 \$500,000.

73 (d) If two or more persons abandon jointly owned and
74 jointly titled property that received a homestead exemption as
75 of January 1 of any ~~either~~ of the 3 ~~2~~ immediately preceding
76 years, and one or more such persons who were entitled to and
77 received a homestead exemption on the abandoned property
78 establish a new homestead that would otherwise be eligible for
79 assessment under this subsection, each such person establishing
80 a new homestead is entitled to a reduction from just value for
81 the new homestead equal to the just value of the prior homestead
82 minus the assessed value of the prior homestead divided by the
83 number of owners of the prior homestead who received a homestead
84 exemption, unless the title of the property contains specific
85 ownership shares, in which case the share of reduction from just
86 value shall be proportionate to the ownership share. In the case
87 of a husband and wife abandoning jointly titled property, the

Page 3 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

88 husband and wife may designate the ownership share to be
89 attributed to each spouse by following the procedure in
90 paragraph (f). To qualify to make such a designation, the
91 husband and wife must be married on the date that the jointly
92 owned property is abandoned. In calculating the assessment
93 reduction to be transferred from a prior homestead that has an
94 assessment reduction for living quarters of parents or
95 grandparents pursuant to s. 193.703, the value calculated
96 pursuant to s. 193.703(6) must first be added back to the
97 assessed value of the prior homestead. The total reduction from
98 just value for all new homesteads established under this
99 paragraph may not exceed \$500,000. There shall be no reduction
100 from just value of any new homestead unless the prior homestead
101 is reassessed at just value or is reassessed under this
102 subsection as of January 1 after the abandonment occurs.

103 (e) If one or more persons who previously owned a single
104 homestead and each received the homestead exemption qualify for
105 a new homestead where all persons who qualify for homestead
106 exemption in the new homestead also qualified for homestead
107 exemption in the previous homestead without an additional person
108 qualifying for homestead exemption in the new homestead, the
109 reduction in just value shall be calculated pursuant to
110 paragraph (a) or paragraph (b), without application of paragraph
111 (c) or paragraph (d).

112 (f) A husband and wife abandoning jointly titled property
113 who wish to designate the ownership share to be attributed to
114 each person for purposes of paragraph (d) must file a form
115 provided by the department with the property appraiser in the
116 county where such property is located. The form must include a

Page 4 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

117 sworn statement by each person designating the ownership share
 118 to be attributed to each person for purposes of paragraph (d)
 119 and must be filed prior to either person filing the form
 120 required under paragraph (h) to have a parcel of property
 121 assessed under this subsection. Such a designation, once filed
 122 with the property appraiser, is irrevocable.

123 (g) For purposes of receiving an assessment reduction
 124 pursuant to this subsection, a person entitled to assessment
 125 under this section may abandon his or her homestead even though
 126 it remains his or her primary residence by notifying the
 127 property appraiser of the county where the homestead is located.
 128 This notification must be in writing and delivered at the same
 129 time as or before timely filing a new application for homestead
 130 exemption on the property.

131 (h) In order to have his or her homestead property assessed
 132 under this subsection, a person must file a form provided by the
 133 department as an attachment to the application for homestead
 134 exemption, including a copy of the form required to be filed
 135 under paragraph (f), if applicable. The form, which must include
 136 a sworn statement attesting to the applicant's entitlement to
 137 assessment under this subsection, shall be considered sufficient
 138 documentation for applying for assessment under this subsection.
 139 The department shall require by rule that the required form be
 140 submitted with the application for homestead exemption under the
 141 timeframes and processes set forth in chapter 196 to the extent
 142 practicable.

143 (i)1. If the previous homestead was located in a different
 144 county than the new homestead, the property appraiser in the
 145 county where the new homestead is located must transmit a copy

Page 5 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

146 of the completed form together with a completed application for
 147 homestead exemption to the property appraiser in the county
 148 where the previous homestead was located. If the previous
 149 homesteads of applicants for transfer were in more than one
 150 county, each applicant from a different county must submit a
 151 separate form.

152 2. The property appraiser in the county where the previous
 153 homestead was located must return information to the property
 154 appraiser in the county where the new homestead is located by
 155 April 1 or within 2 weeks after receipt of the completed
 156 application from that property appraiser, whichever is later. As
 157 part of the information returned, the property appraiser in the
 158 county where the previous homestead was located must provide
 159 sufficient information concerning the previous homestead to
 160 allow the property appraiser in the county where the new
 161 homestead is located to calculate the amount of the assessment
 162 limitation difference which may be transferred and must certify
 163 whether the previous homestead was abandoned and has been or
 164 will be reassessed at just value or reassessed according to the
 165 provisions of this subsection as of the January 1 following its
 166 abandonment.

167 3. Based on the information provided on the form from the
 168 property appraiser in the county where the previous homestead
 169 was located, the property appraiser in the county where the new
 170 homestead is located shall calculate the amount of the
 171 assessment limitation difference which may be transferred and
 172 apply the difference to the January 1 assessment of the new
 173 homestead.

174 4. All property appraisers having information-sharing

Page 6 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

175 agreements with the department are authorized to share
 176 confidential tax information with each other pursuant to s.
 177 195.084, including social security numbers and linked
 178 information on the forms provided pursuant to this section.

179 5. The transfer of any limitation is not final until any
 180 values on the assessment roll on which the transfer is based are
 181 final. If such values are final after tax notice bills have been
 182 sent, the property appraiser shall make appropriate corrections
 183 and a corrected tax notice bill shall be sent. Any values that
 184 are under administrative or judicial review shall be noticed to
 185 the tribunal or court for accelerated hearing and resolution so
 186 that the intent of this subsection may be carried out.

187 6. If the property appraiser in the county where the
 188 previous homestead was located has not provided information
 189 sufficient to identify the previous homestead and the assessment
 190 limitation difference is transferable, the taxpayer may file an
 191 action in circuit court in that county seeking to establish that
 192 the property appraiser must provide such information.

193 7. If the information from the property appraiser in the
 194 county where the previous homestead was located is provided
 195 after the procedures in this section are exercised, the property
 196 appraiser in the county where the new homestead is located shall
 197 make appropriate corrections and a corrected tax notice and tax
 198 bill shall be sent.

199 8. This subsection does not authorize the consideration or
 200 adjustment of the just, assessed, or taxable value of the
 201 previous homestead property.

202 9. The property appraiser in the county where the new
 203 homestead is located shall promptly notify a taxpayer if the

Page 7 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

204 information received, or available, is insufficient to identify
 205 the previous homestead and the amount of the assessment
 206 limitation difference which is transferable. Such notification
 207 shall be sent on or before July 1 as specified in s. 196.151.

208 10. The taxpayer may correspond with the property appraiser
 209 in the county where the previous homestead was located to
 210 further seek to identify the homestead and the amount of the
 211 assessment limitation difference which is transferable.

212 11. If the property appraiser in the county where the
 213 previous homestead was located supplies sufficient information
 214 to the property appraiser in the county where the new homestead
 215 is located, such information shall be considered timely if
 216 provided in time for inclusion on the notice of proposed
 217 property taxes sent pursuant to ss. 194.011 and 200.065(1).

218 12. If the property appraiser has not received information
 219 sufficient to identify the previous homestead and the amount of
 220 the assessment limitation difference which is transferable
 221 before mailing the notice of proposed property taxes, the
 222 taxpayer may file a petition with the value adjustment board in
 223 the county where the new homestead is located.

224 (j) Any person who is qualified to have his or her property
 225 assessed under this subsection and who fails to file an
 226 application by March 1 may file an application for assessment
 227 under this subsection and may, pursuant to s. 194.011(3), file a
 228 petition with the value adjustment board requesting that an
 229 assessment under this subsection be granted. Such petition may
 230 be filed at any time during the taxable year on or before the
 231 25th day following the mailing of the notice by the property
 232 appraiser as provided in s. 194.011(1). Notwithstanding s.

Page 8 of 11

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-01159-20

2020148c1

233 194.013, such person must pay a nonrefundable fee of \$15 upon
 234 filing the petition. Upon reviewing the petition, if the person
 235 is qualified to receive the assessment under this subsection and
 236 demonstrates particular extenuating circumstances judged by the
 237 property appraiser or the value adjustment board to warrant
 238 granting the assessment, the property appraiser or the value
 239 adjustment board may grant an assessment under this subsection.
 240 ~~For the 2008 assessments, all petitioners for assessment under~~
 241 ~~this subsection shall be considered to have demonstrated~~
 242 ~~particular extenuating circumstances.~~

243 (k) Any person who is qualified to have his or her property
 244 assessed under this subsection and who fails to timely file an
 245 application for his or her new homestead in the first year
 246 following eligibility may file in a subsequent year. The
 247 assessment reduction shall be applied to assessed value in the
 248 year the transfer is first approved, and refunds of tax may not
 249 be made for previous years.

250 (l) The property appraisers of the state shall, as soon as
 251 practicable after March 1 of each year and on or before July 1
 252 of that year, carefully consider all applications for assessment
 253 under this subsection which have been filed in their respective
 254 offices on or before March 1 of that year. If, upon
 255 investigation, the property appraiser finds that the applicant
 256 is entitled to assessment under this subsection, the property
 257 appraiser shall make such entries upon the tax rolls of the
 258 county as are necessary to allow the assessment. If, after due
 259 consideration, the property appraiser finds that the applicant
 260 is not entitled to the assessment under this subsection, the
 261 property appraiser shall immediately prepare a notice of such

578-01159-20

2020148c1

262 disapproval, giving his or her reasons therefor, and a copy of
 263 the notice must be served upon the applicant by the property
 264 appraiser by personal delivery or by registered mail to the post
 265 office address given by the applicant. The applicant may appeal
 266 the decision of the property appraiser refusing to allow the
 267 assessment under this subsection to the value adjustment board,
 268 and the board shall review the application and evidence
 269 presented to the property appraiser upon which the applicant
 270 based the claim and hear the applicant in person or by agent on
 271 behalf of his or her right to such assessment. Such appeal shall
 272 be heard by an attorney special magistrate if the value
 273 adjustment board uses special magistrates. The value adjustment
 274 board shall reverse the decision of the property appraiser in
 275 the cause and grant assessment under this subsection to the
 276 applicant if, in its judgment, the applicant is entitled to the
 277 assessment or shall affirm the decision of the property
 278 appraiser. The action of the board is final in the cause unless
 279 the applicant, within 60 days following the date of refusal of
 280 the application by the board, files in the circuit court of the
 281 county in which the homestead is located a proceeding against
 282 the property appraiser for a declaratory judgment as is provided
 283 under chapter 86 or other appropriate proceeding. The failure of
 284 the taxpayer to appear before the property appraiser or value
 285 adjustment board or to file any paper other than the application
 286 as provided in this subsection does not constitute a bar to or
 287 defense in the proceedings.

288 (m) For purposes of receiving an assessment reduction
 289 pursuant to this subsection, an owner of a homestead property
 290 that was significantly damaged or destroyed as a result of a

578-01159-20

2020148c1

291 named tropical storm or hurricane may elect, in the calendar
292 year following the named tropical storm or hurricane, to have
293 the significantly damaged or destroyed homestead deemed to have
294 been abandoned as of the date of the named tropical storm or
295 hurricane even though the owner received a homestead exemption
296 on the property as of January 1 of the year immediately
297 following the named tropical storm or hurricane. The election
298 provided for in this paragraph is available only if the owner
299 establishes a new homestead as of January 1 of the third ~~second~~
300 year immediately following the storm or hurricane. This
301 paragraph shall apply to homestead property damaged or destroyed
302 on or after January 1, 2017.

303 Section 2. This act applies beginning with the 2021 tax
304 roll.

305 Section 3. This act shall take effect on the effective date
306 of the amendment to the State Constitution proposed by SJR 146
307 or a similar joint resolution having substantially the same
308 specific intent and purpose, if such amendment to the State
309 Constitution is approved at the general election held in
310 November 2020 or at an earlier special election specifically
311 authorized by law for that purpose.

The Florida Senate

Committee Agenda Request

To: Senator Rob Bradley, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: February 19, 2020

I respectfully request that **Senate Bill #148**, relating to **Limitations on Homestead Assessments**, be placed on the:

- committee agenda at your earliest possible convenience.
- next committee agenda.

A handwritten signature in black ink, appearing to read "Jeff Brandes", with a long horizontal flourish extending to the right.

Senator Jeff Brandes

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 156 extends the scheduled expiration of the Early Childhood Music Education Incentive Pilot Program from June 30, 2020, to June 30, 2022. The bill also modifies the eligibility requirements for the pilot program by changing the requirement from each elementary school in the district having a comprehensive music education program to specified elementary schools in the district having a comprehensive music education program.

The bill has no impact on state revenues or expenditures. The pilot program is contingent upon legislative appropriation.

This bill takes effect July 1, 2020.

II. Present Situation:

The Legislature established the Early Childhood Music Education Incentive Pilot Program (pilot program) in 2017¹ for three years to assist certain school districts in implementing comprehensive music education programs in kindergarten through grade 2, beginning with the 2017-2018 school year.²

¹ Section 69, ch. 2017-116, L.O.F.

² Section 1003.481(1), F.S.

For a school district to be eligible for participation in the pilot program, the district school superintendent must certify to the Commissioner of Education (commissioner) that each elementary school within the district has established a comprehensive music education program that:³

- Includes all students enrolled at the school in kindergarten through grade 2;
- Is staffed by certified music educators;
- Provides music instruction for at least 30 consecutive minutes two days a week;
- Complies with class size requirements under the law;⁴ and
- Complies with the Department of Education's standards for early childhood music education programs for students in kindergarten through grade 2.

The commissioner must select school districts for participation in the pilot program, subject to legislative appropriation, based on the school district's proximity to the University of Florida and needs-based criteria established by the State Board of Education.⁵ Selected school districts must annually receive \$150 per full-time equivalent student in kindergarten through grade 2 who is enrolled in a comprehensive music education program.⁶

The University of Florida's College of Education is required to evaluate the effectiveness of the pilot program.⁷ The State Board of Education may adopt rules to administer the pilot program.⁸

The pilot program is scheduled to expire on June 30, 2020.⁹

The pilot program has not been implemented by the Department of Education.¹⁰

III. Effect of Proposed Changes:

The bill extends the scheduled expiration of the Early Childhood Music Education Incentive Pilot Program from June 30, 2020, to June 30, 2022. The bill also modifies the eligibility requirements for the pilot program by changing the requirement from each elementary school in the district having a comprehensive music education program to specified elementary schools in the district having a comprehensive music education program.

The bill directs the University of Florida's College of Education to collaborate with Florida International University's School of Music in evaluating the effectiveness of the pilot program.

This bill takes effect July 1, 2020.

³ Section 1003.481(2)(a)-(e), F.S.

⁴ The maximum number of students assigned to each teacher who is teaching core-curriculum courses in public school classrooms for prekindergarten through grade 3 may not exceed 18 students. Section 1003.03(1)(a), F.S.

⁵ Section 1003.481(3)(a), F.S.

⁶ *Id.*

⁷ Section 1003.481(4), F.S.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1003.481 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriation Subcommittee on Education on February 13, 2020:

The committee substitute makes the following changes to the bill:

- Specifies that the requirements to maintain eligibility only pertains to specified schools within the district, not all schools within the district.
- States that the University of Florida’s College of Education must collaborate with Florida International University’s School of Music in evaluating the effectiveness of the pilot program.

CS by Education on November 12, 2019:

The committee substitute changes eligibility requirement for the Early Childhood Music Education Incentive Program from each elementary school in the district having a comprehensive music education program to specified elementary schools in the district having a comprehensive music education program.

- B. **Amendments:**

None.

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to the Early Childhood Music Education
Incentive Pilot Program; amending s. 1003.481, F.S.;
extending the scheduled expiration of the pilot
program; revising an eligibility requirement;
conforming a provision to changes made by the act;
requiring the University of Florida's College of
Education to collaborate with Florida International
University for evaluation of the pilot program;
providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1003.481, Florida Statutes, is amended
to read:

1003.481 Early Childhood Music Education Incentive Pilot
Program.—

(1) ~~Beginning with the 2017-2018 school year,~~ The Early
Childhood Music Education Incentive Pilot Program is created
within the Department of Education ~~for a period of 3 school~~
~~years.~~ The purpose of the pilot program is to assist selected
school districts in implementing comprehensive music education
programs for students in kindergarten through grade 2.

(2) ~~In order for~~ A school district ~~is to be~~ eligible for
participation in the pilot program ~~if,~~ the superintendent
~~certifies must certify~~ to the Commissioner of Education, in a
format prescribed by the department, that specified elementary

432396

576-03581A-20

~~schools each elementary school~~ within the district ~~have~~ has
established a comprehensive music education program that:

(a) Includes all students at the school enrolled in
kindergarten through grade 2.

(b) Is staffed by certified music educators.

(c) Provides music instruction for at least 30 consecutive
minutes 2 days a week.

(d) Complies with class size requirements under s. 1003.03.

(e) Complies with the department's standards for early
childhood music education programs for students in kindergarten
through grade 2.

(3) (a) The commissioner shall select school districts for
participation in the pilot program, subject to legislative
appropriation, based on the school district's proximity to the
University of Florida and needs-based criteria established by
the State Board of Education. Selected school districts shall
annually receive \$150 per full-time equivalent student in
kindergarten through grade 2 who is enrolled in a comprehensive
music education program.

(b) To maintain eligibility for participation in the pilot
program, a selected school district must annually certify to the
commissioner, in a format prescribed by the department, that
each specified elementary school within the district provides a
comprehensive music education program that meets the
requirements of subsection (2). If a selected school district
fails to provide the annual certification for a fiscal year, the
school district must return all funds received through the pilot
program for that fiscal year.

(4) The University of Florida's College of Education, in

432396

576-03581A-20

57 collaboration with Florida International University's School of
58 Music, shall evaluate the effectiveness of the pilot program by
59 measuring student academic performance and the success of the
60 program. The evaluation must include, but is not limited to, a
61 quantitative analysis of student achievement and a qualitative
62 evaluation of students enrolled in the comprehensive music
63 education programs.

64 (5) The State Board of Education may adopt rules to
65 administer this section.

66 (6) This section expires June 30, 2022 ~~2020~~.

67 Section 2. This act shall take effect July 1, 2020.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1003.481 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 3, 2020:

The committee substitute makes the following changes to the bill:

- Specifies that the requirements to maintain eligibility only pertains to specified schools within the district, not all schools within the district.
- States that the University of Florida’s College of Education must collaborate with Florida International University’s School of Music in evaluating the effectiveness of the pilot program.
- Requires the results of the evaluation be shared with the Florida Center for Partnerships in Arts-Integrated Teaching.

CS by Education on November 12, 2019:

The committee substitute changes eligibility requirement for the Early Childhood Music Education Incentive Program from each elementary school in the district having a comprehensive music education program to specified elementary schools in the district having a comprehensive music education program.

- B. **Amendments:**

None.

By the Committee on Education; and Senator Perry

581-01391-20

2020156c1

A bill to be entitled

An act relating to the Early Childhood Music Education Incentive Pilot Program; amending s. 1003.481, F.S.; extending the scheduled expiration of the pilot program; revising an eligibility requirement; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1003.481, Florida Statutes, is amended to read:

1003.481 Early Childhood Music Education Incentive Pilot Program.—

(1) ~~Beginning with the 2017-2018 school year,~~ The Early Childhood Music Education Incentive Pilot Program is created within the Department of Education ~~for a period of 3 school years.~~ The purpose of the pilot program is to assist selected school districts in implementing comprehensive music education programs for students in kindergarten through grade 2.

(2) ~~In order for~~ A school district ~~is to be~~ eligible for participation in the pilot program ~~if,~~ the superintendent ~~certifies must certify~~ to the Commissioner of Education, in a format prescribed by the department, that specified elementary schools ~~each elementary school~~ within the district have ~~has~~ established a comprehensive music education program that:

(a) Includes all students at the school enrolled in kindergarten through grade 2.

(b) Is staffed by certified music educators.

(c) Provides music instruction for at least 30 consecutive

minutes 2 days a week.

(d) Complies with class size requirements under s. 1003.03.

(e) Complies with the department's standards for early childhood music education programs for students in kindergarten through grade 2.

(3) (a) The commissioner shall select school districts for participation in the pilot program, subject to legislative appropriation, based on the school district's proximity to the University of Florida and needs-based criteria established by the State Board of Education. Selected school districts shall annually receive \$150 per full-time equivalent student in kindergarten through grade 2 who is enrolled in a comprehensive music education program.

(b) To maintain eligibility for participation in the pilot program, a selected school district must annually certify to the commissioner, in a format prescribed by the department, that each elementary school within the district provides a comprehensive music education program that meets the requirements of subsection (2). If a selected school district fails to provide the annual certification for a fiscal year, the school district must return all funds received through the pilot program for that fiscal year.

(4) The University of Florida's College of Education shall evaluate the effectiveness of the pilot program by measuring student academic performance and the success of the program. The evaluation must include, but is not limited to, a quantitative analysis of student achievement and a qualitative evaluation of students enrolled in the comprehensive music education programs.

(5) The State Board of Education may adopt rules to

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 190 requires the Department of Health (DOH) to create an electronic pamphlet with information on the screening for, and treatment of, preventable infant and childhood eye and vision disorders. The pamphlet must be provided to new parents by hospitals providing birthing services, birth centers, and by the healthcare practitioner attending an out-of-hospital birth.

The bill authorizes school districts to certify for reimbursement eligible school-based health services provided to any student enrolled in Medicaid, regardless of whether that student qualifies for Part B or H of the Individuals with Disabilities Education Act, the exceptional student education program, or has an individualized education plan. The bill aligns Florida law with updated federal guidance that authorizes the federal reimbursement of Medicaid-eligible, school-based health services for all students enrolled in Medicaid.

The bill has an insignificant fiscal impact to the DOH that can be absorbed within existing state resources and an indeterminate fiscal impact on state and local governments. See Section V.

The bill takes effect July 1, 2020.

II. Present Situation:

Infant and Childhood Eye Disorders and Screenings

There are many eye conditions and diseases that can affect a child's vision. According to the American Academy of Ophthalmology (AAO), early diagnosis and treatment are critical to maintaining your child's eye health.¹ The AAO states that it is essential to check children's vision when they are first born and again during infancy, preschool and school years. Screening can be performed by a pediatrician, family physician or other properly trained health care provider. It is also often offered at schools, community health centers or community events.²

The AAO recommends that for each newborn an ophthalmologist, pediatrician, family doctor or other trained health professional should examine a newborn baby's eyes and perform a red reflex test (a basic indicator that the eyes are normal). An ophthalmologist should perform a comprehensive exam if the baby is premature or at high risk for medical problems for other reasons, has signs of abnormalities, or has a family history of serious vision disorders in childhood.³

Amblyopia

Amblyopia is when vision in one or both eyes does not develop properly during childhood. It is sometimes called lazy eye. Amblyopia is a common problem in babies and young children. A child's vision develops in the first few years of life. It is important to diagnose and treat amblyopia as early as possible. Otherwise, a child with amblyopia will not develop normal, healthy vision.⁴

Retinoblastoma

Retinoblastoma is a rare type of eye cancer that usually develops in early childhood, typically before the age of five. This form of cancer develops in the retina, which is the specialized light-sensitive tissue at the back of the eye that detects light and color.

In children with retinoblastoma, the disease often affects only one eye. However, one out of three children with retinoblastoma develops cancer in both eyes. The most common first sign of retinoblastoma is a visible whiteness in the pupil called "cat's eye reflex" or leukocoria. This unusual whiteness is particularly noticeable in dim light or in photographs taken with a flash or strobe. Other signs and symptoms of retinoblastoma include crossed eyes or eyes that do not point in the same direction (strabismus), which can cause squinting; a change in the color of the colored part of the eye (iris); redness, soreness, or swelling of the eyelids; and blindness or poor vision in the affected eye or eyes.

Retinoblastoma is often curable when it is diagnosed early. However, if it is not treated promptly, this cancer can spread beyond the eye to other parts of the body. This advanced form

of retinoblastoma can be life-threatening.⁵ The incidence of retinoblastoma in the United States in children ages 0-14 years is about one in every 250,000 nationwide,⁶ or about 15 of the 3,791,712 births in the U.S. in 2018, as estimated by the National Center for Health Statistics.

The Medicaid Program

Florida Medicaid is the health care safety net for low-income Floridians. The national Medicaid program is a partnership of federal and state governments established to provide coverage for health services for eligible persons. Florida's program is administered by the Agency for Health Care Administration (AHCA) and financed through state and federal funds.⁷

A Medicaid state plan is an agreement between a state and the federal government describing how the state administers its Medicaid programs. The state plan establishes groups of individuals covered under the Medicaid program, services that are provided, payment methodologies, and other administrative and organizational requirements.⁸ In order to participate in Medicaid, federal law requires states to cover certain population groups (mandatory eligibility groups) and gives them the flexibility to cover other population groups (optional eligibility groups).⁹ States set individual eligibility criteria within federal minimum standards. The AHCA may seek an amendment to the state plan as necessary to comply with federal or state laws or to implement program changes.

Eligibility for Medicaid is based on a person's income relative to the federal poverty level (FPL). Medicaid provides coverage to infants from birth to age 1 who are at or below 200 percent of the FPL and children ages 1 through age 18 who are at or below 133 percent of the FPL.¹⁰ Federal Medicaid spending grew three percent to \$597.4 billion in 2018.¹¹ According to the most recently published estimates, approximately 3.8 million Floridians are currently enrolled in Medicaid, of which approximately 2.1 million are children,¹² and the program's projected expenditures for Fiscal Year 2020-2021 are \$29.2 billion.¹³

Florida Medicaid Certified School Match Program

The Florida Medicaid Certified School Match Program (Certified School Match Program) governs the Medicaid reimbursement process for school districts.¹⁴ Each school district is authorized to provide students with a category of required Medicaid services termed “school-based services,” which are reimbursable under the federal Medicaid program.¹⁵ Medicaid recipients who receive services through the Certified School Match Program must be Medicaid-eligible on date of service and be under the age of 21. Students Health services provided must be both educationally relevant and medically necessary and tailored to meet the recipient’s individual needs.¹⁶

The Certified School Match Program is reimbursed through the fee-for-service delivery system.¹⁷ Statewide Medicaid Managed Care health plans do not administer this benefit, although students enrolled in Medicaid health plans can receive services from schools through the program. To prevent duplication of services and enhanced coordination of care, the AHCA requires health plans to enter into memoranda of agreement with enrolled schools and school districts to coordinate care.¹⁸

Certified Public Expenditures

To qualify for reimbursement, school districts must provide a certified public expenditure to the AHCA. The certified public expenditure certifies that state or local funds were expended for eligible school-based services.¹⁹ Medicaid then reimburses school districts at the federal Medicaid matching percentage rate, which is 61.84 percent for the 2020-2021 fiscal year.²⁰

In addition to providing the federal match portion for health services, the Certified School Match Program also reimburses the federal share for administrative work associated with delivering care to recipients. Examples of this work includes making a referral to a medical service.²¹

Eligible Services

Florida law requires any state or local funds certified by school districts to be expended for children with specified disabilities who are eligible for Medicaid and either part B²² or part H²³ of the Individuals with Disabilities Education Act (IDEA),²⁴ the exceptional student education program, or an individualized educational plan (IEP).²⁵

²⁴ 20 U.S.C. s. 1400, et seq.

²⁵ The individualized education plan is the primary vehicle for communicating the school district’s commitment to addressing the unique educational needs of a student with a disability. Florida Department of Education, *Developing Quality Individual*

Eligible services include physical, occupational, and speech therapy services, behavioral health services, mental health services, transportation services, administrative outreach for the purpose of determining eligibility for exceptional student education, and any other such services.²⁶ Eligible services do not include family planning, immunizations, or prenatal care.²⁷

All 67 school districts participate in the Certified School Match Program.²⁸ The Legislature appropriated approximately \$98 million to school districts from the Medical Care Trust Fund for Fiscal Year 2019-2020.²⁹

Centers for Medicare and Medicaid Services Policy

The federal Centers for Medicare and Medicaid Services (CMS) historically had a policy that precluded school districts from seeking payment for services not detailed on an IEP or an individualized family support plan (IFSP).³⁰ In December 2014, the federal CMS updated its policy. The updated policy clarified that a school-based health service delivered to any student enrolled in Medicaid is eligible for reimbursement.³¹

In response to this updated federal CMS guidance, the AHCA received federal approval for a state plan amendment in October 2016 that authorizes reimbursement for eligible school-based services provided to any Medicaid recipients, regardless of whether the recipient has an IEP or IFSP.³²

Private and Charter School Providers

In 2016, the Florida Legislature created s. 409.9072, F.S., to authorize the AHCA to reimburse private and charter schools for providing Medicaid school-based services identical to those offered under the Certified School Match Program and under the same eligibility criteria as children eligible for services under that program.³³ This reimbursement is subject to a specific appropriation by the Legislature.³⁴ Unlike school districts, however, private and charter schools do not use certified public expenditures or other local funds as a match to draw down federal Medicaid funding. Instead, the Legislature has appropriated state general revenue to serve as

matching funds.³⁵ Currently, one charter school is enrolled and delivering services in the Florida Medicaid program.³⁶

The Legislature appropriated \$10.3 million for Fiscal Year 2019-2020, of which \$4 million is general revenue funding for the state match and \$6.3 million is federal match, for eligible school-based services provided by private or charter schools that are not participating in the school district's certified match program.³⁷

III. Effect of Proposed Changes:

Section 1 amends s. 383.14, F.S., to require the DOH to create and make available electronically an informational pamphlet with information on the screening for, and treatment of, preventable infant and childhood eye and visions disorders including, but not limited to, retinoblastoma and amblyopia.

Sections 2 through 4 amends ss. 383.318 and 395.1053, F.S., and creates s. 456.0496, F.S., to require that birth centers, hospitals providing birthing services, and health care practitioners attending out-of-hospital births, respectively, provide the informational pamphlet to each parent after a birth.

Section 5 amends s. 409.9071, F.S., to authorize school districts to certify for reimbursement eligible health services provided to any student enrolled in Medicaid, regardless of whether the student qualifies for Part B or H of the IDEA or has an IEP. The bill also deletes the requirement for school districts to develop and maintain student records relating to IEPs, updates a statutory citation, and deletes an obsolete provision.

Section 6 amends s. 409.908, F.S., to update the name of the federal agency authorized to waive qualifications for Medicaid providers as the U.S. Department of Health and Human Services.

Section 7 provides an effective date of July 1, 2020.

IV. Constitutional Issues:

C. Trust Funds Restrictions:

None.

³⁵ Chapter 2016-65, s. 18, Laws of Fla.

³⁶ *Supra* note 8.

³⁷ *Supra* note 29.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

Individuals who are providing or who will seek to provide covered services in a private or charter school under the program will be relieved of the duty to enroll in Florida Medicaid as providers.

C. Government Sector Impact:

The bill requires the DOH to create an electronic pamphlet with information on the screening for, and treatment of, preventable infant and childhood eye and vision disorders. The pamphlet must be provided to new parents by hospitals providing birthing services, birth centers, and by the healthcare practitioner attending an out-of-hospital birth. The DOH estimates that existing resources and budget authority are adequate to absorb the bill's requirements.³⁸

The bill enables all children who are eligible for Medicaid to receive certain school-based services. It is likely that more children will begin to receive school based-services in public schools.

Under the bill and in certain cases, funding that has already been appropriated for providing certain health-related services to students enrolled in public schools could be leveraged to draw down matching federal funding. This would be the case only if:

- The school district has enrolled as a Medicaid provider pursuant to s. 409.9071, F.S.;
- The child receiving services is eligible for Medicaid; and
- The funding was appropriated for a service that is an eligible school-based service.

For example, under the "Marjory Stoneman Douglas High School Public Safety Act" enacted by the Legislature in 2018, a recurring Mental Health Assistance Allocation is required to be annually allocated in the General Appropriations Act or in another law.³⁹ This funding is allocated to school districts for the purpose of assisting schools in establishing or expanding school-based mental health care. Certain behavioral and mental

³⁸ Email from the Department of Health (February 13, 2020) (on file with the Senate Committee on Appropriations).

³⁹ Chapter 2018-03, ss. 29 and 36, Laws of Fla.

health services are considered to be eligible school-based services. The eligible school-based services provided to children enrolled in Medicaid could, under the bill, be leveraged to draw down federal funding. This would stretch the value of money already appropriated by the state and school districts.

Funding used for services that are already provided in public schools would be eligible to draw down federal funding. Inversely, it is likely that more children will receive school based-services, which may require additional funding (public expenditures and local funds for school districts) in order to leverage additional federal funding. For these reasons, the bill has an indeterminate fiscal impact on state and local governments.

This bill will have a minor operational impact to the AHCA as it finalizes changes to a proposed rule relating to the Medicaid Certified School Match Coverage Policy. The AHCA can complete this task with existing resources.⁴⁰

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 383.14, 383.318, 395.1053, 409.9071, and 409.908.

The bill creates section 456.0496 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 3, 2020:

The committee substitute:

- Requires the DOH to create an informational pamphlet with information on preventable infant and childhood eye and visions disorders. The bill requires the pamphlet to be provided to new parents by birth centers, hospitals providing birthing services, and by the healthcare practitioner attending an out-of-hospital birth.
- Removes the ability of private and charter schools to certify reimbursement for school-based health services for all students enrolled in Medicaid, regardless of whether that student qualifies for Part B or H of the Individuals with Disabilities Education Act (IDEA), the exception student education program, or has an individualized education plan (IEP).

⁴⁰ Supra note 8.

- Maintains the current-law requirement for health care practitioners who are employed by or contracted with a private or charter school under s. 409.9072, F.S., to independently enroll in Florida Medicaid as credentialed providers to deliver Medicaid-covered, school-based services.

CS by Health Policy on February 11, 2020:

The CS removes the current-law requirement for health care practitioners who are employed by or contracted with a private or charter school under s. 409.9072, F.S., to independently enroll in Florida Medicaid as credentialed providers to deliver Medicaid-covered, school-based services.

Senate Amendment (with title amendment)

Before line 22
insert:

Section 1. Paragraph (i) is added to subsection (3) of section 383.14, Florida Statutes, to read:

383.14 Screening for metabolic disorders, other hereditary and congenital disorders, and environmental risk factors.—

(3) DEPARTMENT OF HEALTH; POWERS AND DUTIES.—The department shall administer and provide certain services to implement the

728786

11 provisions of this section and shall:

12 (i) Create and make available electronically a pamphlet
13 with information on screening for, and the treatment of,
14 preventable infant and childhood eye and vision disorders,
15 including, but not limited to, retinoblastoma and amblyopia.

16

17 All provisions of this subsection must be coordinated with the
18 provisions and plans established under this chapter, chapter
19 411, and Pub. L. No. 99-457.

20 Section 2. Paragraph (i) is added to subsection (3) of
21 section 383.318, Florida Statutes, to read:

22 383.318 Postpartum care for birth center clients and
23 infants.—

24 (3) The birth center shall provide a postpartum evaluation
25 and followup care that includes all of the following:

26 (i) Provision of the informational pamphlet on infant and
27 childhood eye and vision disorders created by the department
28 pursuant to s. 383.14(3) (i).

29 Section 3. Section 395.1053, Florida Statutes, is amended
30 to read:

31 395.1053 Postpartum education.—A hospital that provides
32 birthing services shall incorporate information on safe sleep
33 practices and the possible causes of Sudden Unexpected Infant
34 Death into the hospital's postpartum instruction on the care of
35 newborns and provide to each parent the informational pamphlet
36 on infant and childhood eye and vision disorders created by the
37 department pursuant to s. 383.14(3) (i).

38 Section 4. Section 456.0496, Florida Statutes, is created
39 to read:

728786

40 456.0496 Provision of information to parents during planned
41 out-of-hospital births.—A health care practitioner who attends
42 an out-of-hospital birth must ensure that the informational
43 pamphlet on infant and childhood eye and vision disorders
44 created by the department pursuant to s. 383.14(3)(i) is
45 provided to each parent after such a birth.
46

2020190c1

A bill to be entitled

An act relating to Medicaid school-based services; amending s. 409.9071, F.S.; revising applicable provisions for the reimbursement of school-based services by the Agency for Health Care Administration to certain school districts; deleting a requirement specifying the use of certified state and local education funds for school-based services; conforming a provision to changes made by the act; deleting an obsolete provision; amending s. 409.9072, F.S.; revising a requirement for the agency's reimbursement of school-based services to certain charter and private schools; revising qualifications for health care practitioners engaged by schools to provide services; conforming a provision to changes made by the act; amending s. 409.908, F.S.; specifying the federal agency that may waive certain school-based provider qualifications; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1), paragraph (b) of subsection (2), and subsection (6) of section 409.9071, Florida Statutes, are amended to read:

409.9071 Medicaid provider agreements for school districts certifying state match.—

(1) The agency shall reimburse school-based services as provided in ss. 409.908(21) and 1011.70 ~~former s. 236.0812~~ pursuant to the rehabilitative services option provided under 42

Page 1 of 5

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03478-20

2020190c1

U.S.C. s. 1396d(a)(13). For purposes of this section, billing agent consulting services are ~~shall be~~ considered billing agent services, as that term is used in s. 409.913(10), and, as such, payments to such persons may ~~shall~~ not be based on amounts for which they bill nor based on the amount a provider receives from the Medicaid program. This provision may ~~shall~~ not restrict privatization of Medicaid school-based services. Subject to any limitations provided for in the General Appropriations Act, the agency, in compliance with appropriate federal authorization, shall develop policies and procedures and shall allow for certification of state and local education funds that ~~which~~ have been provided for school-based services as specified in s. 1011.70 and authorized by a physician's order where required by federal Medicaid law. ~~Any state or local funds certified pursuant to this section shall be for children with specified disabilities who are eligible for both Medicaid and part B or part H of the Individuals with Disabilities Education Act (IDEA), or the exceptional student education program, or who have an individualized educational plan.~~

(2) School districts that wish to enroll as Medicaid providers and that certify state match in order to receive federal Medicaid reimbursements for services, pursuant to subsection (1), shall agree to:

(b) Develop and maintain the financial and other student individual education plan records needed to document the appropriate use of state and federal Medicaid funds.

~~(6) Retroactive reimbursements for services as specified in former s. 236.0812 as of July 1, 1996, including reimbursement for the 1995-1996 and 1996-1997 school years, are subject to~~

Page 2 of 5

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03478-20

2020190c1

59 ~~federal approval.~~

60 Section 2. Subsections (1) and (5) and paragraph (b) of
61 subsection (2) of section 409.9072, Florida Statutes, are
62 amended to read:

63 409.9072 Medicaid provider agreements for charter schools
64 and private schools.—

65 (1) Subject to a specific appropriation by the Legislature,
66 the agency shall reimburse private schools as defined in s.
67 1002.01 and schools designated as charter schools under s.
68 1002.33 which are Medicaid providers for school-based services
69 pursuant to the rehabilitative services option provided under 42
70 U.S.C. s. 1396d(a)(13) to children younger than 21 years of age
71 ~~with specified disabilities who are eligible for both Medicaid~~
72 ~~and part B or part H of the Individuals with Disabilities~~
73 ~~Education Act (IDEA) or the exceptional student education~~
74 ~~program, or who have an individualized educational plan.~~

75 (2) Schools that wish to enroll as Medicaid providers and
76 receive Medicaid reimbursement under this section must apply to
77 the agency for a provider agreement and must agree to:

78 (b) Develop and maintain the financial and student
79 ~~individual education plan~~ records needed to document the
80 appropriate use of state and federal Medicaid funds.

81 (5) For reimbursements to private schools and charter
82 schools under this section, the agency shall apply the
83 reimbursement schedule developed under s. 409.9071(5). Health
84 care practitioners engaged by a school to provide services under
85 this section must ~~be enrolled as Medicaid providers and~~ meet the
86 qualifications specified under 42 C.F.R. s. 440.110, as
87 applicable. Each school's continued participation in providing

Page 3 of 5

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03478-20

2020190c1

88 Medicaid services under this section is contingent upon the
89 school providing to the agency an annual accounting of how the
90 Medicaid reimbursements are used.

91 Section 3. Subsection (21) of section 409.908, Florida
92 Statutes, is amended to read:

93 409.908 Reimbursement of Medicaid providers.—Subject to
94 specific appropriations, the agency shall reimburse Medicaid
95 providers, in accordance with state and federal law, according
96 to methodologies set forth in the rules of the agency and in
97 policy manuals and handbooks incorporated by reference therein.
98 These methodologies may include fee schedules, reimbursement
99 methods based on cost reporting, negotiated fees, competitive
100 bidding pursuant to s. 287.057, and other mechanisms the agency
101 considers efficient and effective for purchasing services or
102 goods on behalf of recipients. If a provider is reimbursed based
103 on cost reporting and submits a cost report late and that cost
104 report would have been used to set a lower reimbursement rate
105 for a rate semester, then the provider's rate for that semester
106 shall be retroactively calculated using the new cost report, and
107 full payment at the recalculated rate shall be effected
108 retroactively. Medicare-granted extensions for filing cost
109 reports, if applicable, shall also apply to Medicaid cost
110 reports. Payment for Medicaid compensable services made on
111 behalf of Medicaid eligible persons is subject to the
112 availability of moneys and any limitations or directions
113 provided for in the General Appropriations Act or chapter 216.
114 Further, nothing in this section shall be construed to prevent
115 or limit the agency from adjusting fees, reimbursement rates,
116 lengths of stay, number of visits, or number of services, or

Page 4 of 5

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-03478-20

2020190c1

117 making any other adjustments necessary to comply with the
118 availability of moneys and any limitations or directions
119 provided for in the General Appropriations Act, provided the
120 adjustment is consistent with legislative intent.

121 (21) The agency shall reimburse school districts ~~that which~~
122 certify the state match pursuant to ss. 409.9071 and 1011.70 for
123 the federal portion of the school district's allowable costs to
124 deliver the services, based on the reimbursement schedule. The
125 school district shall determine the costs for delivering
126 services as authorized in ss. 409.9071 and 1011.70 for which the
127 state match will be certified. Reimbursement of school-based
128 providers is contingent on such providers being enrolled as
129 Medicaid providers and meeting the qualifications contained in
130 42 C.F.R. s. 440.110, unless otherwise waived by the United
131 States Department of Health and Human Services ~~federal Health~~
132 ~~Care Financing Administration~~. Speech therapy providers who are
133 certified through the Department of Education pursuant to rule
134 6A-4.0176, Florida Administrative Code, are eligible for
135 reimbursement for services that are provided on school premises.
136 Any employee of the school district who has been fingerprinted
137 and has received a criminal background check in accordance with
138 Department of Education rules and guidelines ~~is shall be~~ exempt
139 from any agency requirements relating to criminal background
140 checks.

141 Section 4. This act shall take effect July 1, 2020.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 220 creates a ten-member Task Force on Abandoned African-American Cemeteries. The stated purpose of the task force is to study the extent to which unmarked or abandoned African-American cemeteries and burial grounds exist throughout the state and to develop and recommend strategies for identifying and recording cemeteries and burial grounds while preserving local history and ensuring dignity and respect for the deceased. The task force is required to review the findings and recommendations made by the Task Force on Abandoned and Neglected Cemeteries created pursuant to chapter 98-268, Laws of Florida, and to make recommendations regarding the creation, placement, and maintenance of memorials at sites of the former cemeteries. The Department of State (DOS) must provide administrative and staff support relating to the functions of the task force. The task force must submit a report by March 1, 2021, that details its findings and recommendations. The bill provides for the termination of the task force on July 1, 2021.

The bill also requires the DOS, upon receiving consent of the property owners at the former Zion Cemetery site in Tampa, to partner with the University of South Florida, the Florida Agricultural and Mechanical University, and the Zion Cemetery Archaeological Committee formed under the auspices of the Tampa Housing Authority, to initiate an investigation to determine how many graves remain at the site. The DOS is to contract with the University of South Florida and the Florida Agricultural and Mechanical University for the identification and location of eligible

next of kin. The universities are required to provide the DOS, no later than January 1, 2021, with a list of possible descendants of those buried at the site and, to the extent possible, their contact information.

The Division of Historical Resources of the DOS must ensure that any abandoned African-American Cemetery identified by the task force is listed in the Florida Master Site File and seek placement of an Official Florida Historical Marker at a site with the approval of the land owner.

Subject to specific appropriation, the bill requires the DOS to create, place, and maintain a memorial at the site of the former Zion Cemetery in Tampa and at the site of the former Ridgewood Cemetery at C. Leon High School in Tampa. SB 2500, the Senate's General Appropriations Bill for Fiscal Year 2020-2021, appropriates a total of \$100,000 for this same purpose. See Section VII.

The bill takes effect July 1, 2020.

II. Present Situation:

Task Force Requirements under Section 20.03, Florida Statutes

Section 20.03(8), F.S., defines "task force" to mean an "advisory body created without specific statutory enactment for a time not to exceed 1 year or created by specific statutory enactment for a time not to exceed 3 years and appointed to study a specific problem and recommend a solution or policy alternative related to that problem." This provision specifies that the existence of the task force terminates upon the completion of its assignment. Further, members, unless expressly provided otherwise by specific statutory enactment, serve without additional compensation and are authorized to receive only per diem and reimbursement for travel expenses.¹

Florida Law Related to Historic and Abandoned Cemeteries, and to Unmarked Human Remains

Cemetery Regulation

Chapter 497, F.S., known as the Florida Funeral, Cemetery, and Consumer Services Act, generally regulates funeral and cemetery services.² The act authorizes the Board of Funeral, Cemetery, and Consumer Services within the Department of Financial Services (DFS) to regulate cemeteries, columbaria, cremation services and practices, cemetery companies, dealers and monument builders, funeral directors, and funeral establishments.³

Section 497.005(13), F.S., defines the term "cemetery" to mean:

...a place dedicated to and used or intended to be used for the permanent interment of human remains or cremated remains. A cemetery may contain land or earth interment; mausoleum, vault, or crypt interment; a

¹ Section 20.052(4)(d), F.S.

² See s. 497.001, F.S.

³ Sections 497.101, F.S., and 497.103, F.S.

columbarium, ossuary, scattering garden, or other structure or place used or intended to be used for the interment or disposition of cremated remains; or any combination of one or more of such structures or places.

The act allows for the moving of graves – disinterment and reinterment.⁴ Disinterment and reinterment must be made in the physical presence of a licensed funeral director, unless reinterment occurs in the same cemetery.⁵ Further, the funeral director is to obtain written authorization from a legally authorized person or court of competent jurisdiction prior to any disinterment and reinterment. Section 497.005(43), F.S., defines the term “legally authorized person” by providing a priority listing which begins with the decedent (when written inter vivos authorizations and directions are provided by the decedent) and includes relatives of the decedent.⁶ Additionally, the definition provides for other persons who may qualify– such as a public health officer, medical examiner, or county commission – should a family member not exist or be available.⁷ Thus, if a legally authorized person is not available, a court of competent jurisdiction may provide the written authorization prior to the disinterment and reinterment of a dead human body.⁸

There is a large number of abandoned cemeteries in Florida.⁹ Section 497.284, F.S., governs abandoned cemeteries and authorizes counties and municipalities, upon notice to the DFS, to maintain and secure an abandoned cemetery or one that has not been maintained for more than six months. The solicitation of private funds and the expenditure of public funds are authorized for such maintenance and security.¹⁰ These efforts of maintenance and security are statutorily exempt from civil liabilities or penalties for damages to property at the cemetery.¹¹ Additionally, the county or municipality is permitted to maintain an action against the cemetery owner to recover costs for maintenance or security.¹²

Criminal Offenses Concerning Dead Bodies and Graves under Chapter 872, F.S.

In Florida, criminal offenses concerning dead bodies and graves are governed by ch. 872, F.S.¹³ Pursuant to s. 872.02(1), F.S., it is a third degree felony¹⁴ to willfully and knowingly destroy, mutilate, deface, injure, or remove any tomb containing human skeletal remains, any memorials, or anything protecting or ornamenting a tomb, including fences associated with a monument

⁴ See Section 497.384, F.S.

⁵ Section 497.384(1), F.S.

⁷ *Id.*

⁸ Section 497.384(3), F.S.

⁹ See Department of State, Division of Historical Resources, *What are the applicable laws and regulations?*, available at <https://dos.myflorida.com/historical/archaeology/human-remains/abandoned-cemeteries/what-are-the-applicable-laws-and-regulations/> (last visited February 21, 2020).

¹⁰ *Id.*

¹¹ Section 497.284(2), F.S.

¹² Section 497.284(3), F.S.

¹³ Chapter 872, F.S., is entitled “Offenses Concerning Dead Bodies and Graves.”

¹⁴ A third degree felony is punishable by up to 5 years imprisonment and up to a \$5,000 fine. Sections 775.082 and 775.083, F.S.

containing human skeletal remains.¹⁵ It is a second degree felony¹⁶ to willfully and knowingly disturb the contents of a grave or tomb.¹⁷ Section 872.02, F.S., specifies that the offenses described above do not apply to any:

- Person acting under the direction or authority of the Division of Historical Resources of the DOS;¹⁸
- Cemetery operating under ch. 497, F.S.;
- Cemetery removing or relocating the contents of a grave or tomb as a response to a natural disaster; or
- Person otherwise authorized by law to remove or disturb a tomb, monument, gravestone, burial mound, or similar structure, or its contents.

A “tomb” includes any mausoleum,¹⁹ columbarium,²⁰ or belowground crypt.²¹

The 1998 Task Force on Abandoned and Neglected Cemeteries

In 1998, prompted by the many neglected and abandoned cemeteries throughout Florida, the Legislature enacted the Cemetery Preservation and Consumer Protection Act (CPCPA).²² The CPCPA mandated and funded the creation of an 11-member Task Force on Abandoned and Neglected Cemeteries (the “1998 Task Force”) within the Department of Banking and Finance.²³ The CPCPA directed the 1998 Task Force to review and report on the status of neglected and abandoned cemeteries and, if necessary, propose legislation to counter this problem.²⁴

The 1998 Task Force submitted its final report on January 15, 1999.²⁵ The Task Force determined that the abandonment and neglect of cemeteries was “sufficiently widespread to warrant government intervention.”²⁶ Specifically, the 1998 Task Force found that:

- The data collected on some 3,580 cemeteries suggested 40 percent to 50 percent of the cemeteries in Florida are abandoned or neglected.
- Lack of funding appears to be a significant factor contributing to the neglect by private, unlicensed cemeteries.

¹⁵ Section 872.02(1), F.S.

¹⁶ A second degree felony is punishable by up to 15 years imprisonment and up to a \$10,000 fine. Sections 775.082 and 775.083, F.S.

¹⁷ Section 872.02(2), F.S.

¹⁸ The powers and duties of the Division of Historical Resources of the Department of State are set forth in s. 267.031, F.S. Subject to some limitations, a State Archaeologist, as employed by the Division, may assume jurisdiction over an unmarked human burial site in order to initiate efforts for the proper protection of the burial and the human skeletal remains and associated burial artifacts. See s. 872.05(4), (5), and (6), F.S.

¹⁹ Section 497.005(46), F.S., defines a “mausoleum” as “a structure or building that is substantially exposed above the ground and that is intended to be used for the entombment of human remains.”

²⁰ Section 497.005(18), F.S., defines a “columbarium” as “a structure or building that is substantially exposed above the ground and that is intended to be used for the inurnment of cremated remains.”

²¹ Section 872.02(4), F.S. Section 497.005(4), F.S., defines “belowground crypt” as consisting of “interment space in preplaced chambers, either side by side or multiple depth, covered by earth and sod.”

²² See ch. 98-268, L.O.F.

²³ *Id.* at s. 13.

²⁴ *Id.*

²⁵ *Final Report of Task Force on Abandoned and Neglected Cemeteries*, available at <https://www.coj.net/city-council/docs/brcemeteries-1999-statetaskforce-finalreport.aspx> (last visited February 21, 2020).

²⁶ *Id.* at p. 3.

- City and county representatives on the 1998 Task Force verified that neglected cemeteries create problems for citizens and local governments and burden governmental resources.
- Older neglected cemeteries may represent a loss of historic or archeological values.
- Legislation is needed to establish guidelines, definitions, methods of establishing care for neglected and abandoned cemeteries, which agencies will be responsible, the funding mechanism for such projects, as well as a permanent structure to continue the location, identification, protection, preservation, and care of such cemeteries.
- A grants-in-aid type program using matching funds would help ameliorate the problems created by abandoned and neglected cemeteries.
- Funding to address the problems and recommendations in the proposed legislation may be derived from: (1) a one-time appropriation by the legislature; (2) a fee on death certificates; (3) enabling legislation to permit cities and counties to include in their budgets funds for this purpose; and (4) the establishment of a nonprofit corporation within the Department of Banking and Finance to obtain donations.
- It is imperative to stop the proliferation of neglected and abandoned cemeteries.
- The legislature had already established in ch. 872, F.S., protection for all human burial sites and all human remains regardless of whether or not the site is abandoned.²⁷

The 1998 Task Force recommended that it be allowed to continue by either (i) “continu[ing] in its present form for a finite time” to more thoroughly examine the extent of the problems; or (ii) the nonprofit corporation suggested as part of proposed legislation “should continue these functions on a permanent basis.”²⁸ The 1998 Task Force also recommended to:

- Establish that local governments – combined with a statewide approach via the designated agency and nonprofit – are the best way to manage issues created by abandoned and neglected cemeteries.
- Establish that owners of unlicensed cemeteries have a duty to care for their cemeteries in such a manner as to avoid neglect.
- Proscribe abandonment and neglect of cemeteries.
- Establish that a copy of all burial transit permits be filed with the Clerk of Court in the county of burial.
- Establish an easement or right of entry to enter and inspect private cemeteries for officially designated persons other than the next of kin.
- Establish that unlicensed cemeteries be required to post a sign providing notice of the existence of a cemetery at the posted location.
- Prohibit the creation of new cemeteries except under the provisions of Part I of ch. 497, F.S., thereby insuring that a care and maintenance fund is established for each new cemetery.²⁹

The specific findings and recommendations of the 1998 Task Force have not been addressed by subsequent legislation.

Zion Cemetery

Zion Cemetery, established in 1901, is believed to be Tampa's first cemetery for African-Americans with room for some 800 graves.³⁰ Zion Cemetery disappeared from public view and city maps by 1929.³¹ In 1951, the Tampa Housing Authority started construction on the Robles Park Apartments on land that includes part of the Zion Cemetery site, and construction crews found several unmarked graves and three caskets.³²

The Robles Park Village housing (still owned by the Tampa Housing Authority) and two other commercial businesses owned by two private sector individuals now stand on the land that once was the site of the African-American cemetery. Upon learning that the Zion Cemetery might still lie beneath at least a portion of its Robles Park Village Apartments, the Tampa Housing Authority organized a consultation committee and hired archaeologists to survey its property.³³ In late August 2019, archeologists used a ground-penetrating radar and discovered what they believe to be 126 caskets beneath the Tampa Housing Authority land.³⁴ As of January 2020, archaeologists have identified 314 graves in the 2.5 acre area of the Zion Cemetery: 144 under five buildings in the Robles Park Village; 55 under a wrecking company's tow lot; and 155 under warehouse property. More sites could be identified, as the ground-penetrating radar cannot detect every grave and cannot scan beneath buildings.³⁵

Other Rediscovered Abandoned Cemeteries in the Tampa Area

Due to the rediscovery of several abandoned cemeteries in the area, the Hillsborough County Commission is funding a forensic anthropologist at the University of South Florida to conduct deeper research into where other cemeteries may have been lost over time. The research will include review of historical records, maps, development records, and interviews with residents in the community. The nature of the difficulty with the search includes that some possible sites may be documented in less formal ways than official property records and may not have been evident on the landscape at the time.³⁶

Searches have recently begun on property within the MacDill Air Force Base for the Port Tampa Cemetery³⁷ and research on the existence and location of the Matri/Colón Cemetery is underway.³⁸

Ridgewood Cemetery

In October 2019, the Hillsborough County School District (HCSD) learned the old Ridgewood Cemetery may have been located at the southeast corner of the King High School campus, which is now occupied by a small building and open land used for the agricultural program.³⁹ Ridgewood was designated as a pauper's cemetery and at least 280 people – mostly African Americans – were interred between 1942 and 1954.⁴⁰

On October 28, the HCSD created an advisory committee, the Historical Response Committee, to determine how to handle the search for unmarked graves at King High School and what to do if they were found. The HCSD hired a geotechnical firm, Geoview, to conduct a survey on the south end of King High School campus using a ground-penetrating radar to look for any signs of the lost Richwood Cemetery on the campus.⁴¹ On November 20, 2019, the HCSD released the data of the ground-penetrating radar survey. The survey of the southern edge of the King High School campus showed evidence of burials, approximately 145 suspected graves. The scan performed on the northeast corner of the campus showed no evidence of burials or graves.⁴²

Historical records generally indicate that there were between 250 and 268 burials at Ridgewood Cemetery. Possible reasons why the radar survey only revealed a total of approximately 145 possible graves include:

- The radar may have more difficulty locating smaller coffins of infants and children.
- Some coffins may have decayed underground preventing detection by scan some 75 years later.
- Some graves may be under the agricultural workshop building.

⁴² Hillsborough County School District, Press Release, *School District Releases Findings from Scans on King High School Property*, Nov. 20, 2019, available at <https://www.sdhc.k12.fl.us/newsdesk/article/1578/school-district-releases-findings-from-scans-on-king-high-school-property> (last visited February 21, 2020).

- Some graves may have been moved to another cemetery.
- Limitations of radar technology.⁴³

The November press release indicates that HCSD will deliver Geoview’s findings to the “county medical examiner and the state archeologist” with the expectation that they will take the thirty days to review the findings.⁴⁴ HCSD indicates that if possession of the land is “turned back over to the school district,” it will work with members of the Historical Response Committee to “discuss proper ways to memorialize the individuals, how best to care for the space and learning opportunities for students at King High School and other schools.”⁴⁵

Fort Brooke Estuary Cemetery

Archeologists, in September 2018, uncovered three grave shafts with human remains during the development of the 50-plus acre Water Street Tampa project. The grave shafts were believed to be of an old military burial ground from the Seminole War era, known as Estuary Cemetery.⁴⁶ The archeologists’ July 2019 report announced that the three grave shafts had human remains, but it did not identify the ancestry and indicated that work could resume on the development site. However, not much more is known about the findings or what may have been discovered due to it being a private site.

III. Effect of Proposed Changes:

Section 1 creates the Task Force on Abandoned African-American Cemeteries to study the extent to which unmarked or abandoned African-American cemeteries and burial grounds exist throughout the state and develop and recommend strategies for identifying and recording cemeteries and burial grounds while preserving local history and ensuring dignity and respect for the deceased.

The task force is to be chaired by the Secretary of State, or his or her designee, and is composed of:

- A representative of the Bureau of Archaeological Research of the Division of Historical Resources, appointed by the Secretary of State;
- One person nominated by the President of the Florida State Conference of the National Association for the Advancement of Colored People and appointed by the Secretary of State;
- One representative of the Florida Council of Churches, nominated by the executive director of the council and appointed by the Secretary of State;
- One representative of the Florida African American Heritage Preservation Network, nominated by the executive director of the network and appointed by the Secretary of State;
- One representative of the Florida Public Archaeology Network, appointed by the Secretary of State;
- One representative of the cemetery industry, appointed by the Secretary of State;

⁴³ *Id.*

⁴⁴ *Id.*

⁴⁵ *Id.*

⁴⁶ Paul Guzzo, *More lost cemeteries will be found, historians say*, TAMPA BAY TIMES, Oct. 28, 2019 (Updated Jan. 13, 2020), available at <https://www.tampabay.com/news/tampa/2019/10/28/more-lost-cemeteries-will-be-found-historians-say> (last visited February 21, 2020).

- One member of the Senate, appointed by the President of the Senate;
- One member of the House of Representatives, appointed by the Speaker of the House of Representatives; and
- One elected official from a local government, appointed by the Secretary of State.

The task force is required to hold its first meeting by August 1, 2020, and meet as many times as it deems necessary to complete its duties. The task force is required to:

- Review the findings and recommendations made by the 1998 Task Force and any legislative or administrative action that was taken in response to the task force's findings and recommendations;
- Examine the adequacy of current practices regarding the preservation of unmarked and abandoned African-American cemeteries and burial grounds and identify any challenges unique to African-American cemeteries and burial grounds;
- Identify locations of unmarked and abandoned African-American cemeteries and burial grounds throughout the state and propose strategies, including any proposed legislation, for the preservation and evaluation of such sites; and
- Make recommendations regarding standards for the creation, placement, and maintenance of memorials at any identified locations of unmarked and abandoned African-American cemetery or burial ground throughout the state.

The task force is required to submit a report by March 1, 2021, detailing its findings and recommendations to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, and the Minority Leader of the House of Representatives.

This section expires on July 1, 2021.

Section 2 requires the DOS, upon receiving consent of the property owners at the former Zion Cemetery site in Tampa, to partner with the University of South Florida (USF), the Florida Agricultural and Mechanical University (FAMU), and the Zion Cemetery Archaeological Committee formed under the auspices of the Tampa Housing Authority to continue an investigation to determine how many graves remain at the site. Any historical resource, record, archive, artifact, public research, or medical record recovered through the course of the investigation by USF or FAMU shall remain in the custody of either university for archiving and preservation until the DOS requests custody of such resource, record, archive, artifact, public research, or medical record.

This section requires the DOS is to contract with USF and FAMU for the identification and location of eligible next of kin of those buried at the site.

By January 1, 2021, the universities must provide the DOS with a list of possible descendants of those buried at the site and, to the extent possible, their contact information. For any identification of next of kin occurring on or after January 1, 2021, the universities must provide contact information of the next of kin to the DOS.

Section 3 provides that the Division of Historical Resources (Division) of the DOS must ensure that any abandoned African-American cemetery identified by the task force is listed on the Florida Master Site File. Upon such a cemetery's listing in the Florida Master Site, the division is required to – in lieu of the normal application process – seek placement of an Official Florida Historical Marker at a site with approval of the property owner. The bill permits a person or organization affiliated with an abandoned cemetery to assist the division in researching the history of such a site in the preparation of a historical marker's creation and placement. The costs for the creation and placement of a historical marker are to be borne by the division.

Section 4 requires the DOS, subject to appropriation, to create, place, and maintain a memorial at the site of the former Zion Cemetery in Tampa and at the site of the former Ridgewood Cemetery at C. Leon High School in Tampa.

Section 5 provides that the bill is effective July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandate restrictions do not apply because the bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shared with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:**Task Force**

Because the bill is silent as to compensation and travel expense, s. 20.052(4)(d), F.S., governs and the task force members will not be entitled to additional compensation but are authorized to receive per diem and reimbursement for travel expenses as provided in s. 112.061, F.S. These costs will be borne by the DOS as the appointing authority of the task force members.

The DOS will incur an indeterminate amount of administrative expenses as the agency providing administrative and technical support for the task force.

Cemeteries – Memorials and Placement of Florida Historical Markers

SB 2500, the Senate General Appropriations Bill, includes specific appropriations for the memorials at the Zion Cemetery and the Ridgewood Cemetery of \$50,000 of nonrecurring funds from the General Revenue Fund for each memorial.⁴⁷

The DOS will incur costs each time it is required to place an Official Florida Historical Marker at a site of a cemetery identified by the task force. Currently, the cost of a Florida Historical Marker is determined by the amount of text. For a marker with the same text on both sides of the marker, the cost is \$2,010. For a double-sided marker with different text appearing on both sides of the marker, the cost is \$2,330.⁴⁸

USF, FAMU, and the Zion Cemetery Archaeological Committee may incur an indeterminate amount of administrative expenses in partnering with the DOS to determine how many graves remain at the site of the former Zion Cemetery and the identification and location of decedents.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Based on the statements made in the HCSD November press release regarding notification to the medical examiner and state archeologist and the possible return of jurisdiction of the property to HCSD, it appears HCSD is treating the burials found on the King High School campus as “unmarked human burials” pursuant to s. 872.05, F.S. The term “unmarked human burial” is defined to mean:

⁴⁷ Specific Appropriation 3153A, proviso (*Fighting for the Forgotten: Zion Cemetery Memorial – Tampa (Senate Form 2574)* and *Fighting for the Forgotten: Ridgewood Cemetery Memorial – Tampa (Senate Form 2576)*), s. 6, SB 2500 (2020).

⁴⁸ See DOS, Division of Historical Resources, *Historical Markers FAQ*, available at <https://dos.myflorida.com/historical/about/division-faqs/marker/> (last visited February 21, 2020).

...any human skeletal remains or associated burial artifacts or any location, including any burial mound or earthen or shell monument, where human skeletal remains or associated burial artifacts are discovered or believed to exist on the basis of archaeological or historical evidence, excluding any burial marked or previously marked by a tomb, monument, gravestone, or other structure or thing placed or designed as a memorial of the dead.⁴⁹

When an unmarked human burial is discovered – other than during an authorized archaeological excavation⁵⁰ – all disturbing activity of the burial must cease and the district medical examiner must be notified. Activity may not resume until authorized by the district medical examiner or the State Archaeologist.⁵¹ If the district medical examiner determines the unmarked human burial “may be involved in a legal investigation or represents the burial of an individual who has been dead less than 75 years,” he or she must “assume jurisdiction over and responsibility for the location of the burials.”⁵² The examiner is given 30 days after notification of the burial to determine whether he or she will maintain jurisdiction or refer the matter to the State Archaeologist.⁵³

If the district medical examiner finds the human burial is “not involved in a legal investigation and represents the burial of an individual who has been dead 75 years or more,” he or she must notify the State Archaeologist, and the Division of Historical Resources of the Department of State may assume jurisdiction over and responsibility for the burial.⁵⁴

The division is authorized to assume jurisdiction over and responsibility for an unmarked human burial in order to initiate efforts for the proper protection of the burial and the human remains and associated burial artifacts.⁵⁵ Upon assuming jurisdiction, the State Archaeologist must determine whether the burial is historically, archaeologically, or scientifically significant. If it is deemed to be significant, reinterment may not occur until the remains have been examined by a human skeletal analyst designated by the State Archaeologist.⁵⁶ Additionally, the State Archaeologist must make reasonable efforts to identify and locate a person who can establish kinship, tribal, community, or ethnic relationships with the remains which constitute the burial.⁵⁷ If unable to establish such relationships, he or she shall consult with persons with relevant experience.⁵⁸

⁴⁹ Section 872.05(2)(f), F.S.

⁵⁰ Section 872.05(5), F.S., provides for a similar process if an unmarked human burial is discovered during an authorized archeological excavation.

⁵¹ Section 872.05(4), F.S.

⁵² Section 872.05(4)(a), F.S.

⁵³ *Id.*

⁵⁴ Section 872.05(4)(c), F.S.

⁵⁵ Section 872.05(6), F.S.

⁵⁶ Section 872.05(6)(a), F.S.

⁵⁷ Section 872.05(6)(b), F.S.

⁵⁸ Section 872.05(6)(c), F.S.

The November press release states that HCSD provided notice to the medical examiner and State Archeologist on the same day as the release – November 21, 2019.⁵⁹ Thus, the medical examiner had 30 days (until December 23, 2019) to make a determination regarding jurisdiction and referral to the State Archeologist.⁶⁰ On December 20, 2019, the Hillsborough County Medical Examiner turned the matter over to the State Archeologist.⁶¹

VIII. Statutes Affected:

This bill does not amend the Florida Statutes.

IX. Additional Information:

- A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 25, 2020:

The committee substitute:

- Increases the number of members of the task force from seven to ten.
- Requires the task force to make recommendations for standards for the creation, placement, and maintenance of a memorial at any identified locations of unmarked and abandoned African-American cemetery or burial ground throughout the state, instead of for memorials at specific locations.
- Removes the \$50,000 appropriation for the former Zion Cemetery in Tampa and \$50,000 appropriation for the former Ridgewood Cemetery at C. Leon King High School in Tampa, and instead requires the DOS to create such memorials subject to specific appropriation.

CS by Governmental Oversight and Accountability on December 9, 2019:

The committee substitute:

- Provides that the task force make a recommendation on the creation, placement, and maintenance of a memorial at the site of the former Ridgewood Cemetery in Tampa.
- Eliminates any reference to exhumation of remains.
- Requires the DOS to partner with FAMU and Zion Cemetery Archaeological Committee as well as USF to determine the number of graves that remain at the site.
- Requires any historical resource recovered by USF or FAMU must remain in the custody of either university until DOS takes custody.
- Requires DOS to contract with USF and FAMU for the identification and location of eligible next of kin.

⁵⁹ Hillsborough County School District, Press Release, *School District Releases Findings from Scans on King High School Property*, Nov. 20, 2019, available at <https://www.sdhc.k12.fl.us/newsdesk/article/1578/school-district-releases-findings-from-scans-on-king-high-school-property> (last visited February 21, 2020).

⁶⁰ Section 872.05(4)(a), F.S.

⁶¹ Hillsborough County, *Hillsborough County Medical Examiner Refers Ridgewood Cemetery Conclusions to State Archaeologist*, Dec. 20, 2019, available at <https://www.hillsboroughcounty.org/en/media-center/press-releases/2019/12/20/medical-examiner-refers-ridgewood-cemetery-conclusions-to-state-archaeologist> (last visited February 21, 2020).

- Requires the DOS to list in the Florida Master Site File any abandoned African-American Cemeteries identified by the task force. Upon such listing, the DOS must seek placement of an Official Florida Historical Marker at a site with the costs of the historical marker's creation and placement being borne by DOS.
- Appropriates \$100,000, with \$50,000 allocated for a memorial at the site of the former Zion Cemetery and \$50,000 allocated for a memorial at the site of the former Ridgewood Cemetery.

B. Amendments:

None.

118046

576-04165-20

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Transportation, Tourism, and
Economic Development)

A bill to be entitled

An act relating to abandoned cemeteries; creating the
Task Force on Abandoned African-American Cemeteries;
specifying the purpose of the task force; requiring
the Department of State to provide administrative and
staff support; specifying the composition of the task
force; providing meeting requirements; prescribing
duties of the task force; requiring the task force to
submit a report to the Governor and the Legislature by
a specified date; providing for expiration of the task
force; requiring the department to partner with
specified entities to undertake an investigation of
the former Zion Cemetery site; specifying custody of
certain historical resources, records, archives,
artifacts, research, and medical records; requiring
the department to contract with the University of
South Florida and the Florida Agricultural and
Mechanical University for the identification and
location of eligible next of kin; requiring the
universities to provide certain information regarding
descendants to the department by a specified date;
directing the Division of Historical Resources of the
department to ensure the listing of certain cemeteries
in the Florida Master Site File; requiring the
division to seek placement of historical markers at
certain abandoned cemeteries, subject to certain

118046

576-04165-20

limitations; authorizing certain persons and
organizations to assist the division in researching
the history of such cemeteries; specifying that costs
associated with the creation and placement of such
historical markers be borne by the division; requiring
the department to create, place, and maintain
memorials at certain sites, subject to legislative
appropriation; providing an effective date.

WHEREAS, until the conclusion of the Civil War, millions of
African Americans in the United States, including Florida, were
enslaved, and

WHEREAS, following the end of slavery, African Americans
continued to be subject to various discriminatory practices,
including restrictions on burying the dead which resulted in
segregated cemeteries and burial grounds, and

WHEREAS, unlike predominantly white cemeteries and burial
grounds, African-American cemeteries and burial grounds were not
subject to regulations and recordkeeping necessary to protect
the dignity of the deceased, and

WHEREAS, as a result, many abandoned African-American
cemeteries and burial grounds have been inadvertently discovered
following years of disrepair and neglect when land is being
redeveloped or has been sold, and

WHEREAS, to this day, abandoned African-American cemeteries
throughout this state continue to be uncovered, as evidenced by
recent reports regarding the former Zion Cemetery site in the
Tampa Heights neighborhood and the former Ridgewood Cemetery on
the grounds of C. Leon King High School, both in the City of

118046

576-04165-20

56 Tampa, and

57 WHEREAS, the State of Florida recognizes its obligation to
58 identify and properly record abandoned African-American
59 cemeteries and burial grounds in order to preserve history,
60 better inform development decisions, and ensure dignity and
61 respect for the deceased, NOW, THEREFORE,

62
63 Be It Enacted by the Legislature of the State of Florida:

64
65 Section 1. (1) The Task Force on Abandoned African-American
66 Cemeteries, a task force as defined in s. 20.03(8), Florida
67 Statutes, is created adjunct to the Department of State for the
68 express purpose of studying the extent to which unmarked or
69 abandoned African-American cemeteries and burial grounds exist
70 throughout the state and developing and recommending strategies
71 for identifying and recording cemeteries and burial grounds
72 while also preserving local history and ensuring dignity and
73 respect for the deceased. Except as otherwise provided in this
74 section, the task force shall operate in a manner consistent
75 with s. 20.052, Florida Statutes. The department shall provide
76 administrative and staff support relating to the functions of
77 the task force.

78 (2) The task force is composed of the following members:

79 (a) The Secretary of State, or his or her designee, who
80 shall serve as chair.

81 (b) A representative of the Bureau of Archaeological
82 Research of the Division of Historical Resources, appointed by
83 the Secretary of State.

84 (c) One person nominated by the President of the Florida

118046

576-04165-20

85 State Conference of the National Association for the Advancement
86 of Colored People and appointed by the Secretary of State.

87 (d) One representative of the Florida Council of Churches,
88 nominated by the executive director of the council and appointed
89 by the Secretary of State.

90 (e) One representative of the Florida African American
91 Heritage Preservation Network, nominated by the executive
92 director of the network and appointed by the Secretary of State.

93 (f) One representative of the Florida Public Archaeology
94 Network, appointed by the Secretary of State.

95 (g) One representative of the cemetery industry, appointed
96 by the Secretary of State.

97 (h) One member of the Senate, appointed by the President of
98 the Senate.

99 (i) One member of the House of Representatives, appointed
100 by the Speaker of the House of Representatives.

101 (j) One elected official from a local government, appointed
102 by the Secretary of State.

103 (3) The task force shall hold its first meeting by August
104 1, 2020. The task force may meet as many times as it deems
105 necessary to complete the duties prescribed in this section.

106 (4) The task force shall:

107 (a) Review the findings and recommendations made by the
108 Task Force on Abandoned and Neglected Cemeteries created
109 pursuant to chapter 98-268, Laws of Florida, and any legislative
110 or administrative action that was taken in response to the task
111 force's findings and recommendations.

112 (b) Examine the adequacy of current practices regarding the
113 preservation of unmarked and abandoned African-American

118046

576-04165-20

114 cemeteries and burial grounds and identify any challenges unique
115 to African-American cemeteries and burial grounds.

116 (c) Identify locations of unmarked and abandoned African-
117 American cemeteries and burial grounds throughout the state and
118 propose strategies, including any proposed legislation, for the
119 preservation and evaluation of such sites.

120 (d) Make recommendations regarding standards for the
121 creation, placement, and maintenance of a memorial at any
122 identified locations of unmarked and abandoned African-American
123 cemetery or burial ground throughout the state.

124 (5) By March 1, 2021, the task force shall submit a report
125 detailing its findings and recommendations to the Governor, the
126 President of the Senate, the Speaker of the House of
127 Representatives, the Minority Leader of the Senate, and the
128 Minority Leader of the House of Representatives.

129 (6) This section expires July 1, 2021.

130 Section 2. (1) (a) Upon receiving consent of the property
131 owners at the former Zion Cemetery site in Tampa, the Department
132 of State shall partner with the University of South Florida, the
133 Florida Agricultural and Mechanical University, and the Zion
134 Cemetery Archaeological Committee formed under the auspices of
135 the Tampa Housing Authority, to continue an investigation to
136 determine how many graves remain at the site.

137 (b) Any historical resource, record, archive, artifact,
138 public research, or medical record that is recovered through the
139 course of the investigation by the University of South Florida
140 or the Florida Agricultural and Mechanical University shall
141 remain in the custody of either university for archiving and
142 preservation until the Department of State requests custody of

118046

576-04165-20

143 such resource, record, archive, artifact, public research, or
144 medical record.

145 (2) (a) The Department of State shall contract with the
146 University of South Florida and the Florida Agricultural and
147 Mechanical University for the identification and location of
148 eligible next of kin of those buried at the site.

149 (b) No later than January 1, 2021, the universities shall
150 provide the Department of State with a list of possible
151 descendants of those buried at the site and, to the extent
152 possible, their contact information.

153 (c) For any identification of next of kin occurring on or
154 after January 1, 2021, the universities must provide contact
155 information of the next of kin to the Department of State.

156 Section 3. The Division of Historical Resources of the
157 Department of State shall ensure that any abandoned African-
158 American cemetery identified by the Task Force on Abandoned
159 African-American Cemeteries is listed in the Florida Master Site
160 File. Upon such a cemetery's listing in the Florida Master Site
161 File and in lieu of the normal application process for
162 historical markers, the division must seek placement of an
163 Official Florida Historical Marker at a site so long as the
164 approval of the owner of the property where the marker will be
165 placed has been obtained. A person or an organization affiliated
166 with an abandoned cemetery may assist the division in
167 researching the history of such a site in the preparation of a
168 historical marker's creation and placement. The costs for the
169 creation and placement of a historical marker authorized
170 pursuant to this section shall be borne by the division.

171 Section 4. Subject to specific appropriation, the

118046

576-04165-20

172 Department of State shall create, place, and maintain a memorial
173 at the site of the former Zion Cemetery in Tampa and at the site
174 of the former Ridgewood Cemetery at C. Leon King High School in
175 Tampa.

176 Section 5. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 220

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Governmental Oversight and Accountability Committee; and Senators Cruz, Gibson, Rouson, and others

SUBJECT: Abandoned Cemeteries

DATE: March 4, 2020

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 220 creates a ten-member Task Force on Abandoned African-American Cemeteries. The stated purpose of the task force is to study the extent to which unmarked or abandoned African-American cemeteries and burial grounds exist throughout the state and to develop and recommend strategies for identifying and recording cemeteries and burial grounds while preserving local history and ensuring dignity and respect for the deceased. The task force is required to review the findings and recommendations made by the Task Force on Abandoned and Neglected Cemeteries created pursuant to chapter 98-268, Laws of Florida, and to make recommendations regarding the creation, placement, and maintenance of memorials at sites of the former cemeteries. The Department of State (DOS) must provide administrative and staff support relating to the functions of the task force. The task force must submit a report by March 1, 2021, that details its findings and recommendations. The bill provides for the termination of the task force on July 1, 2021.

The bill also requires the DOS, upon receiving consent of the property owners at the former Zion Cemetery site in Tampa, to partner with the University of South Florida, the Florida Agricultural and Mechanical University, and the Zion Cemetery Archaeological Committee formed under the auspices of the Tampa Housing Authority, to initiate an investigation to determine how many graves remain at the site. The DOS is to contract with the University of South Florida and the Florida Agricultural and Mechanical University for the identification and location of eligible

next of kin. The universities are required to provide the DOS, no later than January 1, 2021, with a list of possible descendants of those buried at the site and, to the extent possible, their contact information.

The Division of Historical Resources of the DOS must ensure that any abandoned African-American Cemetery identified by the task force is listed in the Florida Master Site File and seek placement of an Official Florida Historical Marker at a site with the approval of the land owner.

Subject to specific appropriation, the bill requires the DOS to create, place, and maintain a memorial at the site of the former Zion Cemetery in Tampa and at the site of the former Ridgewood Cemetery at C. Leon High School in Tampa. SB 2500, the Senate's General Appropriations Bill for Fiscal Year 2020-2021, appropriates a total of \$100,000 for this same purpose. See Section VII.

The bill takes effect July 1, 2020.

II. Present Situation:

Task Force Requirements under Section 20.03, Florida Statutes

Section 20.03(8), F.S., defines “task force” to mean an “advisory body created without specific statutory enactment for a time not to exceed 1 year or created by specific statutory enactment for a time not to exceed 3 years and appointed to study a specific problem and recommend a solution or policy alternative related to that problem.” This provision specifies that the existence of the task force terminates upon the completion of its assignment. Further, members, unless expressly provided otherwise by specific statutory enactment, serve without additional compensation and are authorized to receive only per diem and reimbursement for travel expenses.¹

Florida Law Related to Historic and Abandoned Cemeteries, and to Unmarked Human Remains

Cemetery Regulation

Chapter 497, F.S., known as the Florida Funeral, Cemetery, and Consumer Services Act, generally regulates funeral and cemetery services.² The act authorizes the Board of Funeral, Cemetery, and Consumer Services within the Department of Financial Services (DFS) to regulate cemeteries, columbaria, cremation services and practices, cemetery companies, dealers and monument builders, funeral directors, and funeral establishments.³

Section 497.005(13), F.S., defines the term “cemetery” to mean:

...a place dedicated to and used or intended to be used for the permanent interment of human remains or cremated remains. A cemetery may contain land or earth interment; mausoleum, vault, or crypt interment; a

¹ Section 20.052(4)(d), F.S.

² See s. 497.001, F.S.

³ Sections 497.101, F.S., and 497.103, F.S.

columbarium, ossuary, scattering garden, or other structure or place used or intended to be used for the interment or disposition of cremated remains; or any combination of one or more of such structures or places.

The act allows for the moving of graves – disinterment and reinterment.⁴ Disinterment and reinterment must be made in the physical presence of a licensed funeral director, unless reinterment occurs in the same cemetery.⁵ Further, the funeral director is to obtain written authorization from a legally authorized person or court of competent jurisdiction prior to any disinterment and reinterment. Section 497.005(43), F.S., defines the term “legally authorized person” by providing a priority listing which begins with the decedent (when written inter vivos authorizations and directions are provided by the decedent) and includes relatives of the decedent.⁶ Additionally, the definition provides for other persons who may qualify– such as a public health officer, medical examiner, or county commission – should a family member not exist or be available.⁷ Thus, if a legally authorized person is not available, a court of competent jurisdiction may provide the written authorization prior to the disinterment and reinterment of a dead human body.⁸

There is a large number of abandoned cemeteries in Florida.⁹ Section 497.284, F.S., governs abandoned cemeteries and authorizes counties and municipalities, upon notice to the DFS, to maintain and secure an abandoned cemetery or one that has not been maintained for more than six months. The solicitation of private funds and the expenditure of public funds are authorized for such maintenance and security.¹⁰ These efforts of maintenance and security are statutorily exempt from civil liabilities or penalties for damages to property at the cemetery.¹¹ Additionally, the county or municipality is permitted to maintain an action against the cemetery owner to recover costs for maintenance or security.¹²

Criminal Offenses Concerning Dead Bodies and Graves under Chapter 872, F.S.

In Florida, criminal offenses concerning dead bodies and graves are governed by ch. 872, F.S.¹³ Pursuant to s. 872.02(1), F.S., it is a third degree felony¹⁴ to willfully and knowingly destroy, mutilate, deface, injure, or remove any tomb containing human skeletal remains, any memorials, or anything protecting or ornamenting a tomb, including fences associated with a monument

⁴ See Section 497.384, F.S.

¹⁰ *Id.*

¹¹ Section 497.284(2), F.S.

¹² Section 497.284(3), F.S.

¹³ Chapter 872, F.S., is entitled “Offenses Concerning Dead Bodies and Graves.”

¹⁴ A third degree felony is punishable by up to 5 years imprisonment and up to a \$5,000 fine. Sections 775.082 and 775.083, F.S.

containing human skeletal remains.¹⁵ It is a second degree felony¹⁶ to willfully and knowingly disturb the contents of a grave or tomb.¹⁷ Section 872.02, F.S., specifies that the offenses described above do not apply to any:

- Person acting under the direction or authority of the Division of Historical Resources of the DOS;¹⁸
- Cemetery operating under ch. 497, F.S.;
- Cemetery removing or relocating the contents of a grave or tomb as a response to a natural disaster; or
- Person otherwise authorized by law to remove or disturb a tomb, monument, gravestone, burial mound, or similar structure, or its contents.

A “tomb” includes any mausoleum,¹⁹ columbarium,²⁰ or belowground crypt.²¹

The 1998 Task Force on Abandoned and Neglected Cemeteries

In 1998, prompted by the many neglected and abandoned cemeteries throughout Florida, the Legislature enacted the Cemetery Preservation and Consumer Protection Act (CPCPA).²² The CPCPA mandated and funded the creation of an 11-member Task Force on Abandoned and Neglected Cemeteries (the “1998 Task Force”) within the Department of Banking and Finance.²³ The CPCPA directed the 1998 Task Force to review and report on the status of neglected and abandoned cemeteries and, if necessary, propose legislation to counter this problem.²⁴

The 1998 Task Force submitted its final report on January 15, 1999.²⁵ The Task Force determined that the abandonment and neglect of cemeteries was “sufficiently widespread to warrant government intervention.”²⁶ Specifically, the 1998 Task Force found that:

- The data collected on some 3,580 cemeteries suggested 40 percent to 50 percent of the cemeteries in Florida are abandoned or neglected.
- Lack of funding appears to be a significant factor contributing to the neglect by private, unlicensed cemeteries.

¹⁵ Section 872.02(1), F.S.

¹⁶ A second degree felony is punishable by up to 15 years imprisonment and up to a \$10,000 fine. Sections 775.082 and 775.083, F.S.

¹⁷ Section 872.02(2), F.S.

¹⁸ The powers and duties of the Division of Historical Resources of the Department of State are set forth in s. 267.031, F.S. Subject to some limitations, a State Archaeologist, as employed by the Division, may assume jurisdiction over an unmarked human burial site in order to initiate efforts for the proper protection of the burial and the human skeletal remains and associated burial artifacts. See s. 872.05(4), (5), and (6), F.S.

¹⁹ Section 497.005(46), F.S., defines a “mausoleum” as “a structure or building that is substantially exposed above the ground and that is intended to be used for the entombment of human remains.”

²⁰ Section 497.005(18), F.S., defines a “columbarium” as “a structure or building that is substantially exposed above the ground and that is intended to be used for the inurnment of cremated remains.”

²¹ Section 872.02(4), F.S. Section 497.005(4), F.S., defines “belowground crypt” as consisting of “interment space in preplaced chambers, either side by side or multiple depth, covered by earth and sod.”

²² See ch. 98-268, L.O.F.

²⁵ *Final Report of Task Force on Abandoned and Neglected Cemeteries*, available at <https://www.coj.net/city-council/docs/brcemeteries-1999-statetaskforce-finalreport.aspx> (last visited February 21, 2020).

²⁶ *Id.* at p. 3.

- City and county representatives on the 1998 Task Force verified that neglected cemeteries create problems for citizens and local governments and burden governmental resources.
- Older neglected cemeteries may represent a loss of historic or archeological values.
- Legislation is needed to establish guidelines, definitions, methods of establishing care for neglected and abandoned cemeteries, which agencies will be responsible, the funding mechanism for such projects, as well as a permanent structure to continue the location, identification, protection, preservation, and care of such cemeteries.
- A grants-in-aid type program using matching funds would help ameliorate the problems created by abandoned and neglected cemeteries.
- Funding to address the problems and recommendations in the proposed legislation may be derived from: (1) a one-time appropriation by the legislature; (2) a fee on death certificates; (3) enabling legislation to permit cities and counties to include in their budgets funds for this purpose; and (4) the establishment of a nonprofit corporation within the Department of Banking and Finance to obtain donations.
- It is imperative to stop the proliferation of neglected and abandoned cemeteries.
- The legislature had already established in ch. 872, F.S., protection for all human burial sites and all human remains regardless of whether or not the site is abandoned.²⁷

The 1998 Task Force recommended that it be allowed to continue by either (i) “continu[ing] in its present form for a finite time” to more thoroughly examine the extent of the problems; or (ii) the nonprofit corporation suggested as part of proposed legislation “should continue these functions on a permanent basis.”²⁸ The 1998 Task Force also recommended to:

- Establish that local governments – combined with a statewide approach via the designated agency and nonprofit – are the best way to manage issues created by abandoned and neglected cemeteries.
- Establish that owners of unlicensed cemeteries have a duty to care for their cemeteries in such a manner as to avoid neglect.
- Proscribe abandonment and neglect of cemeteries.
- Establish that a copy of all burial transit permits be filed with the Clerk of Court in the county of burial.
- Establish an easement or right of entry to enter and inspect private cemeteries for officially designated persons other than the next of kin.
- Establish that unlicensed cemeteries be required to post a sign providing notice of the existence of a cemetery at the posted location.
- Prohibit the creation of new cemeteries except under the provisions of Part I of ch. 497, F.S., thereby insuring that a care and maintenance fund is established for each new cemetery.²⁹

The specific findings and recommendations of the 1998 Task Force have not been addressed by subsequent legislation.

Zion Cemetery

Zion Cemetery, established in 1901, is believed to be Tampa's first cemetery for African-Americans with room for some 800 graves.³⁰ Zion Cemetery disappeared from public view and city maps by 1929.³¹ In 1951, the Tampa Housing Authority started construction on the Robles Park Apartments on land that includes part of the Zion Cemetery site, and construction crews found several unmarked graves and three caskets.³²

The Robles Park Village housing (still owned by the Tampa Housing Authority) and two other commercial businesses owned by two private sector individuals now stand on the land that once was the site of the African-American cemetery. Upon learning that the Zion Cemetery might still lie beneath at least a portion of its Robles Park Village Apartments, the Tampa Housing Authority organized a consultation committee and hired archaeologists to survey its property.³³ In late August 2019, archeologists used a ground-penetrating radar and discovered what they believe to be 126 caskets beneath the Tampa Housing Authority land.³⁴ As of January 2020, archaeologists have identified 314 graves in the 2.5 acre area of the Zion Cemetery: 144 under five buildings in the Robles Park Village; 55 under a wrecking company's tow lot; and 155 under warehouse property. More sites could be identified, as the ground-penetrating radar cannot detect every grave and cannot scan beneath buildings.³⁵

Other Rediscovered Abandoned Cemeteries in the Tampa Area

Due to the rediscovery of several abandoned cemeteries in the area, the Hillsborough County Commission is funding a forensic anthropologist at the University of South Florida to conduct deeper research into where other cemeteries may have been lost over time. The research will include review of historical records, maps, development records, and interviews with residents in the community. The nature of the difficulty with the search includes that some possible sites may be documented in less formal ways than official property records and may not have been evident on the landscape at the time.³⁶

Searches have recently begun on property within the MacDill Air Force Base for the Port Tampa Cemetery³⁷ and research on the existence and location of the Matri/Colón Cemetery is underway.³⁸

Ridgewood Cemetery

In October 2019, the Hillsborough County School District (HCSD) learned the old Ridgewood Cemetery might have been located at the southeast corner of the King High School campus, which is now occupied by a small building and open land used for the agricultural program.³⁹ Ridgewood was designated as a pauper's cemetery and at least 280 people – mostly African Americans – were interred between 1942 and 1954.⁴⁰

On October 28, the HCSD created an advisory committee, the Historical Response Committee, to determine how to handle the search for unmarked graves at King High School and what to do if they were found. The HCSD hired a geotechnical firm, Geoview, to conduct a survey on the south end of King High School campus using a ground-penetrating radar to look for any signs of the lost Richwood Cemetery on the campus.⁴¹ On November 20, 2019, the HCSD released the data of the ground-penetrating radar survey. The survey of the southern edge of the King High School campus showed evidence of burials, approximately 145 suspected graves. The scan performed on the northeast corner of the campus showed no evidence of burials or graves.⁴²

Historical records generally indicate that there were between 250 and 268 burials at Ridgewood Cemetery. Possible reasons why the radar survey only revealed a total of approximately 145 possible graves include:

- The radar may have more difficulty locating smaller coffins of infants and children.
- Some coffins may have decayed underground preventing detection by scan some 75 years later.
- Some graves may be under the agricultural workshop building.

- Some graves may have been moved to another cemetery.
- Limitations of radar technology.⁴³

The November press release indicates that HCSD will deliver Geoview’s findings to the “county medical examiner and the state archeologist” with the expectation that they will take the thirty days to review the findings.⁴⁴ HCSD indicates that if possession of the land is “turned back over to the school district,” it will work with members of the Historical Response Committee to “discuss proper ways to memorialize the individuals, how best to care for the space and learning opportunities for students at King High School and other schools.”⁴⁵

Fort Brooke Estuary Cemetery

Archeologists, in September 2018, uncovered three grave shafts with human remains during the development of the 50-plus acre Water Street Tampa project. The grave shafts were believed to be of an old military burial ground from the Seminole War era, known as Estuary Cemetery.⁴⁶ The archeologists’ July 2019 report announced that the three grave shafts had human remains, but it did not identify the ancestry and indicated that work could resume on the development site. However, not much more is known about the findings or what may have been discovered due to it being a private site.

III. Effect of Proposed Changes:

Section 1 creates the Task Force on Abandoned African-American Cemeteries to study the extent to which unmarked or abandoned African-American cemeteries and burial grounds exist throughout the state and develop and recommend strategies for identifying and recording cemeteries and burial grounds while preserving local history and ensuring dignity and respect for the deceased.

The task force is to be chaired by the Secretary of State, or his or her designee, and is composed of:

- A representative of the Bureau of Archaeological Research of the Division of Historical Resources, appointed by the Secretary of State;
- One person nominated by the President of the Florida State Conference of the National Association for the Advancement of Colored People and appointed by the Secretary of State;
- One representative of the Florida Council of Churches, nominated by the executive director of the council and appointed by the Secretary of State;
- One representative of the Florida African American Heritage Preservation Network, nominated by the executive director of the network and appointed by the Secretary of State;
- One representative of the Florida Public Archaeology Network, appointed by the Secretary of State;
- One representative of the cemetery industry, appointed by the Secretary of State;

⁴³ *Id.*

⁴⁴ *Id.*

⁴⁵ *Id.*

⁴⁶ Paul Guzzo, *More lost cemeteries will be found, historians say*, TAMPA BAY TIMES, Oct. 28, 2019 (Updated Jan. 13, 2020), available at <https://www.tampabay.com/news/tampa/2019/10/28/more-lost-cemeteries-will-be-found-historians-say> (last visited February 21, 2020).

- One member of the Senate, appointed by the President of the Senate;
- One member of the House of Representatives, appointed by the Speaker of the House of Representatives; and
- One elected official from a local government, appointed by the Secretary of State.

The task force is required to hold its first meeting by August 1, 2020, and meet as many times as it deems necessary to complete its duties. The task force is required to:

- Review the findings and recommendations made by the 1998 Task Force and any legislative or administrative action that was taken in response to the task force's findings and recommendations;
- Examine the adequacy of current practices regarding the preservation of unmarked and abandoned African-American cemeteries and burial grounds and identify any challenges unique to African-American cemeteries and burial grounds;
- Identify locations of unmarked and abandoned African-American cemeteries and burial grounds throughout the state and propose strategies, including any proposed legislation, for the preservation and evaluation of such sites; and
- Make recommendations regarding standards for the creation, placement, and maintenance of memorials at any identified locations of unmarked and abandoned African-American cemetery or burial ground throughout the state.

The task force is required to submit a report by March 1, 2021, detailing its findings and recommendations to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, and the Minority Leader of the House of Representatives.

This section expires on July 1, 2021.

Section 2 requires the DOS, upon receiving consent of the property owners at the former Zion Cemetery site in Tampa, to partner with the University of South Florida (USF), the Florida Agricultural and Mechanical University (FAMU), and the Zion Cemetery Archaeological Committee formed under the auspices of the Tampa Housing Authority to continue an investigation to determine how many graves remain at the site. Any historical resource, record, archive, artifact, public research, or medical record recovered through the course of the investigation by USF or FAMU shall remain in the custody of either university for archiving and preservation until the DOS requests custody of such resource, record, archive, artifact, public research, or medical record.

This section requires the DOS is to contract with USF and FAMU for the identification and location of eligible next of kin of those buried at the site.

By January 1, 2021, the universities must provide the DOS with a list of possible descendants of those buried at the site and, to the extent possible, their contact information. For any identification of next of kin occurring on or after January 1, 2021, the universities must provide contact information of the next of kin to the DOS.

Section 3 provides that the Division of Historical Resources (Division) of the DOS must ensure that any abandoned African-American cemetery identified by the task force is listed on the Florida Master Site File. Upon such a cemetery's listing in the Florida Master Site, the division is required to – in lieu of the normal application process – seek placement of an Official Florida Historical Marker at a site with approval of the property owner. The bill permits a person or organization affiliated with an abandoned cemetery to assist the division in researching the history of such a site in the preparation of a historical marker's creation and placement. The costs for the creation and placement of a historical marker are to be borne by the division.

Section 4 requires the DOS, subject to appropriation, to create, place, and maintain a memorial at the site of the former Zion Cemetery in Tampa and at the site of the former Ridgewood Cemetery at C. Leon High School in Tampa.

Section 5 provides that the bill is effective July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The mandate restrictions do not apply because the bill does not require counties and municipalities to spend funds, reduce counties' or municipalities' ability to raise revenue, or reduce the percentage of state tax shared with counties and municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:**Task Force**

Because the bill is silent as to compensation and travel expense, s. 20.052(4)(d), F.S., governs and the task force members will not be entitled to additional compensation but are authorized to receive per diem and reimbursement for travel expenses as provided in s. 112.061, F.S. These costs will be borne by the DOS as the appointing authority of the task force members.

The DOS will incur an indeterminate amount of administrative expenses as the agency providing administrative and technical support for the task force.

Cemeteries – Memorials and Placement of Florida Historical Markers

SB 2500, the Senate General Appropriations Bill, includes specific appropriations for the memorials at the Zion Cemetery and the Ridgewood Cemetery of \$50,000 of nonrecurring funds from the General Revenue Fund for each memorial.⁴⁷

The DOS will incur costs each time it is required to place an Official Florida Historical Marker at a site of a cemetery identified by the task force. Currently, the cost of a Florida Historical Marker is determined by the amount of text. For a marker with the same text on both sides of the marker, the cost is \$2,010. For a double-sided marker with different text appearing on both sides of the marker, the cost is \$2,330.⁴⁸

USF, FAMU, and the Zion Cemetery Archaeological Committee may incur an indeterminate amount of administrative expenses in partnering with the DOS to determine how many graves remain at the site of the former Zion Cemetery and the identification and location of decedents.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Based on the statements made in the HCSD November press release regarding notification to the medical examiner and state archeologist and the possible return of jurisdiction of the property to HCSD, it appears HCSD is treating the burials found on the King High School campus as “unmarked human burials” pursuant to s. 872.05, F.S. The term “unmarked human burial” is defined to mean:

⁴⁷ Specific Appropriation 3153A, proviso (*Fighting for the Forgotten: Zion Cemetery Memorial – Tampa (Senate Form 2574)* and *Fighting for the Forgotten: Ridgewood Cemetery Memorial – Tampa (Senate Form 2576)*), s. 6, SB 2500 (2020).

⁴⁸ See DOS, Division of Historical Resources, *Historical Markers FAQ*, available at <https://dos.myflorida.com/historical/about/division-faqs/marker/> (last visited February 21, 2020).

...any human skeletal remains or associated burial artifacts or any location, including any burial mound or earthen or shell monument, where human skeletal remains or associated burial artifacts are discovered or believed to exist on the basis of archaeological or historical evidence, excluding any burial marked or previously marked by a tomb, monument, gravestone, or other structure or thing placed or designed as a memorial of the dead.⁴⁹

When an unmarked human burial is discovered – other than during an authorized archaeological excavation⁵⁰ – all disturbing activity of the burial must cease and the district medical examiner must be notified. Activity may not resume until authorized by the district medical examiner or the State Archaeologist.⁵¹ If the district medical examiner determines the unmarked human burial “may be involved in a legal investigation or represents the burial of an individual who has been dead less than 75 years,” he or she must “assume jurisdiction over and responsibility for the location of the burials.”⁵² The examiner is given 30 days after notification of the burial to determine whether he or she will maintain jurisdiction or refer the matter to the State Archaeologist.⁵³

If the district medical examiner finds the human burial is “not involved in a legal investigation and represents the burial of an individual who has been dead 75 years or more,” he or she must notify the State Archaeologist, and the Division of Historical Resources of the Department of State may assume jurisdiction over and responsibility for the burial.⁵⁴

The division is authorized to assume jurisdiction over and responsibility for an unmarked human burial in order to initiate efforts for the proper protection of the burial and the human remains and associated burial artifacts.⁵⁵ Upon assuming jurisdiction, the State Archaeologist must determine whether the burial is historically, archaeologically, or scientifically significant. If it is deemed to be significant, reinterment may not occur until the remains have been examined by a human skeletal analyst designated by the State Archaeologist.⁵⁶ Additionally, the State Archaeologist must make reasonable efforts to identify and locate a person who can establish kinship, tribal, community, or ethnic relationships with the remains that constitute the burial.⁵⁷ If unable to establish such relationships, he or she shall consult with persons with relevant experience.⁵⁸

⁴⁹ Section 872.05(2)(f), F.S.

⁵⁰ Section 872.05(5), F.S., provides for a similar process if an unmarked human burial is discovered during an authorized archeological excavation.

⁵¹ Section 872.05(4), F.S.

⁵² Section 872.05(4)(a), F.S.

⁵³ *Id.*

⁵⁴ Section 872.05(4)(c), F.S.

⁵⁵ Section 872.05(6), F.S.

⁵⁶ Section 872.05(6)(a), F.S.

⁵⁷ Section 872.05(6)(b), F.S.

⁵⁸ Section 872.05(6)(c), F.S.

The November press release states that HCSD provided notice to the medical examiner and State Archeologist on the same day as the release – November 21, 2019.⁵⁹ Thus, the medical examiner had 30 days (until December 23, 2019) to make a determination regarding jurisdiction and referral to the State Archeologist.⁶⁰ On December 20, 2019, the Hillsborough County Medical Examiner turned the matter over to the State Archeologist.⁶¹

VIII. Statutes Affected:

This bill does not amend the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes: (Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 3, 2020:

The committee substitute:

- Increases the number of members of the task force from seven to ten.
- Requires the task force to make recommendations for standards for the creation, placement, and maintenance of a memorial at any identified locations of unmarked and abandoned African-American cemetery or burial ground throughout the state, instead of for memorials at specific locations.
- Removes the \$50,000 appropriation for the former Zion Cemetery in Tampa and \$50,000 appropriation for the former Ridgewood Cemetery at C. Leon King High School in Tampa, and instead requires the DOS to create such memorials subject to specific appropriation.

CS by Governmental Oversight and Accountability on December 9, 2019:

The committee substitute:

- Provides that the task force make a recommendation on the creation, placement, and maintenance of a memorial at the site of the former Ridgewood Cemetery in Tampa.
- Eliminates any reference to exhumation of remains.
- Requires the DOS to partner with FAMU and Zion Cemetery Archaeological Committee as well as USF to determine the number of graves that remain at the site.
- Requires any historical resource recovered by USF or FAMU must remain in the custody of either university until DOS takes custody.
- Requires DOS to contract with USF and FAMU for the identification and location of eligible next of kin.
- Requires the DOS to list in the Florida Master Site File any abandoned African-American Cemeteries identified by the task force. Upon such listing, the DOS must

⁵⁹ Hillsborough County School District, Press Release, *School District Releases Findings from Scans on King High School Property*, Nov. 20, 2019, available at <https://www.sdhc.k12.fl.us/newsdesk/article/1578/school-district-releases-findings-from-scans-on-king-high-school-property> (last visited February 21, 2020).

⁶⁰ Section 872.05(4)(a), F.S.

⁶¹ Hillsborough County, *Hillsborough County Medical Examiner Refers Ridgewood Cemetery Conclusions to State Archaeologist*, Dec. 20, 2019, available at <https://www.hillsboroughcounty.org/en/media-center/press-releases/2019/12/20/medical-examiner-refers-ridgewood-cemetery-conclusions-to-state-archaeologist> (last visited February 21, 2020).

seek placement of an Official Florida Historical Marker at a site with the costs of the historical marker's creation and placement being borne by DOS.

- Appropriates \$100,000, with \$50,000 allocated for a memorial at the site of the former Zion Cemetery and \$50,000 allocated for a memorial at the site of the former Ridgewood Cemetery.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Governmental Oversight and Accountability;
and Senators Cruz, Gibson, and Rouson

32 appropriations; providing an effective date.
33

34 WHEREAS, until the conclusion of the Civil War, millions of
35 African Americans in the United States, including Florida, were
36 enslaved, and

37 WHEREAS, following the end of slavery, African Americans
38 continued to be subject to various discriminatory practices,
39 including restrictions on burying the dead which resulted in
40 segregated cemeteries and burial grounds, and

41 WHEREAS, unlike predominantly white cemeteries and burial
42 grounds, African-American cemeteries and burial grounds were not
43 subject to regulations and recordkeeping necessary to protect
44 the dignity of the deceased, and

45 WHEREAS, as a result, many abandoned African-American
46 cemeteries and burial grounds have been inadvertently discovered
47 following years of disrepair and neglect when land is being
48 redeveloped or has been sold, and

49 WHEREAS, to this day, abandoned African-American cemeteries
50 throughout this state continue to be uncovered, as evidenced by
51 recent reports regarding the former Zion Cemetery site in the
52 Tampa Heights neighborhood and the former Ridgewood Cemetery on
53 the grounds of C. Leon King High School, both in the City of
54 Tampa, and

55 WHEREAS, the State of Florida recognizes its obligation to
56 identify and properly record abandoned African-American
57 cemeteries and burial grounds in order to preserve history,
58 better inform development decisions, and ensure dignity and

585-02004-20

2020220c1

59 respect for the deceased, NOW, THEREFORE,

60
61 Be It Enacted by the Legislature of the State of Florida:

62
63 Section 1. (1) The Task Force on Abandoned African-American
64 Cemeteries, a task force as defined in s. 20.03(8), Florida
65 Statutes, is created adjunct to the Department of State for the
66 express purpose of studying the extent to which unmarked or
67 abandoned African-American cemeteries and burial grounds exist
68 throughout the state and developing and recommending strategies
69 for identifying and recording cemeteries and burial grounds
70 while also preserving local history and ensuring dignity and
71 respect for the deceased. Except as otherwise provided in this
72 section, the task force shall operate in a manner consistent
73 with s. 20.052, Florida Statutes. The department shall provide
74 administrative and staff support relating to the functions of
75 the task force.

76 (2) The task force is composed of the following members:

77 (a) The Secretary of State, or his or her designee, who
78 shall serve as chair.

79 (b) A representative of the Bureau of Archaeological
80 Research of the Division of Historical Resources, appointed by
81 the Secretary of State.

82 (c) One person nominated by the President of the Florida
83 State Conference of the National Association for the Advancement
84 of Colored People and appointed by the Secretary of State.

85 (d) One representative of the Florida Council of Churches,
86 nominated by the executive director of the council and appointed
87 by the Secretary of State.

Page 3 of 6

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-02004-20

2020220c1

88 (e) One representative of the Florida African American
89 Heritage Preservation Network, nominated by the executive
90 director of the network and appointed by the Secretary of State.

91 (f) One representative of the Florida Public Archaeology
92 Network, appointed by the Secretary of State.

93 (g) One representative of the cemetery industry, appointed
94 by the Secretary of State.

95 (3) The task force shall hold its first meeting by August
96 1, 2020. The task force may meet as many times as it deems
97 necessary to complete the duties prescribed in this section.

98 (4) The task force shall:

99 (a) Review the findings and recommendations made by the
100 Task Force on Abandoned and Neglected Cemeteries created
101 pursuant to chapter 98-268, Laws of Florida, and any legislative
102 or administrative action that was taken in response to the task
103 force's findings and recommendations.

104 (b) Examine the adequacy of current practices regarding the
105 preservation of unmarked and abandoned African-American
106 cemeteries and burial grounds and identify any challenges unique
107 to African-American cemeteries and burial grounds.

108 (c) Identify locations of unmarked and abandoned African-
109 American cemeteries and burial grounds throughout the state and
110 propose strategies, including any proposed legislation, for the
111 preservation and evaluation of such sites.

112 (d) Make recommendations regarding the creation, placement,
113 and maintenance of a memorial at the sites of the former Zion
114 Cemetery and the former Ridgewood Cemetery in Tampa.

115 (5) By March 1, 2021, the task force shall submit a report
116 detailing its findings and recommendations to the Governor, the

Page 4 of 6

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

585-02004-20

2020220c1

117 President of the Senate, the Speaker of the House of
 118 Representatives, the Minority Leader of the Senate, and the
 119 Minority Leader of the House of Representatives.

120 (6) This section expires July 1, 2021.

121 Section 2. (1) (a) Upon receiving consent of the property
 122 owners at the former Zion Cemetery site in Tampa, the Department
 123 of State shall partner with the University of South Florida, the
 124 Florida Agricultural and Mechanical University, and the Zion
 125 Cemetery Archaeological Committee formed under the auspices of
 126 the Tampa Housing Authority, to continue an investigation to
 127 determine how many graves remain at the site.

128 (b) Any historical resource, record, archive, artifact,
 129 public research, or medical record that is recovered through the
 130 course of the investigation by the University of South Florida
 131 or the Florida Agricultural and Mechanical University shall
 132 remain in the custody of either university for archiving and
 133 preservation until the Department of State requests custody of
 134 such resource, record, archive, artifact, public research, or
 135 medical record.

136 (2) (a) The Department of State shall contract with the
 137 University of South Florida and the Florida Agricultural and
 138 Mechanical University for the identification and location of
 139 eligible next of kin of those buried at the site.

140 (b) No later than January 1, 2021, the universities shall
 141 provide the Department of State with a list of possible
 142 descendants of those buried at the site and, to the extent
 143 possible, their contact information.

144 (c) For any identification of next of kin occurring on or
 145 after January 1, 2021, the universities must provide contact

585-02004-20

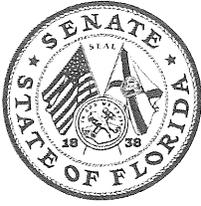

2020220c1

146 information of the next of kin to the Department of State.

147 Section 3. The Division of Historical Resources of the
 148 Department of State shall ensure that any abandoned African-
 149 American cemetery identified by the Task Force on Abandoned
 150 African-American Cemeteries is listed in the Florida Master Site
 151 File. Upon such a cemetery's listing in the Florida Master Site
 152 File and in lieu of the normal application process for
 153 historical markers, the division must seek placement of an
 154 Official Florida Historical Marker at a site so long as the
 155 approval of the owner of the property where the marker will be
 156 placed has been obtained. A person or an organization affiliated
 157 with an abandoned cemetery may assist the division in
 158 researching the history of such a site in the preparation of a
 159 historical marker's creation and placement. The costs for the
 160 creation and placement of a historical marker authorized
 161 pursuant to this section shall be borne by the division.

162 Section 4. For the 2020-2021 fiscal year, the sum of
 163 \$100,000 in nonrecurring funds is appropriated from the General
 164 Revenue Fund to the Department of State for the purpose of
 165 implementing this act. Of such sum, \$50,000 shall be allocated
 166 for the creation, placement, and maintenance of a memorial at
 167 the site of the former Zion Cemetery in Tampa, and \$50,000 shall
 168 be allocated for the creation, placement, and maintenance of a
 169 memorial at the site of the former Ridgewood Cemetery at C. Leon
 170 King High School in Tampa.

171 Section 5. This act shall take effect July 1, 2020.

The Florida Senate

Committee Agenda Request

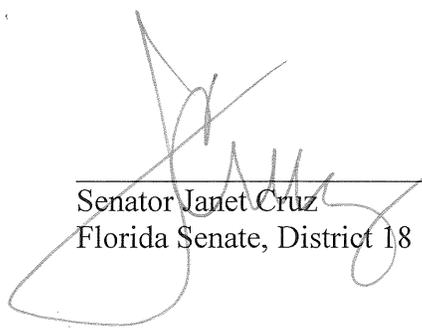

To: Senator Rob Bradley, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: February 24, 2020

I respectfully request that **Senate Bill #220**, relating to Abandoned Cemeteries, be placed on the:

- committee agenda at your earliest possible convenience.
- next committee agenda, if received.

Senator Janet Cruz
Florida Senate, District 18

Thank you!

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: PCS/CS/SB 402 (831164)

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Health and Human Services); Health Policy Committee; and Senator Harrell

SUBJECT: Assisted Living Facilities

DATE: March 2, 2020

REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 402 amends various statutes related to the regulation of an assisted living facility (ALF). The bill:

- Allows the use of certain physical restraints in ALFs, including any device the resident chooses to use and is able to remove or avoid independently.
- Requires ALFs to submit a preliminary adverse incident report and final report through the Agency for Health Care Administration's (AHCA) online portal, or by electronic mail if the portal is offline.
- Revises adverse incident reporting notifications for the AHCA and requirements for ALFs.
- Authorizes unlicensed ALF staff to change the bandages of residents for minor cuts and abrasions.
- Authorizes a resident or his or her representative, designee, surrogate, guardian, or attorney, as applicable, to contract for services with a third party and provides requirements for third-party communication with the facility and requires an ALF to document that it received such communication.
- Removes the requirement for ALF staff assisting with the self-administration of medication to read the label of the medication to the resident. Instead, the bill requires staff to, in the presence of the resident, confirm the medication is correct and advise the resident of the medication name and dosage. The bill also allows the resident to sign a waiver to opt-out of being orally advised and provides the waiver that must be immediately updated each time the resident's medications and dosage change.

- Allows ALFs to admit residents that require 24-hour nursing care, residents that are receiving hospice services, or residents who are bedridden that meet specific criteria.
- Clarifies the requirements for a resident to be admitted to and retained in an ALF.
- Requires each resident to have a medical examination performed no longer than 60 days prior to or up to 30 days after admission to the ALF and requires the AHCA to adopt a form in rule that may be used by the health care practitioner performing the medical examination.
- Amends the Resident Bill of Rights to allow the State Long-Term Care Ombudsman Program to provide assistance to a resident who needs to be relocated due to the closure of a facility.
- Requires an ALF to notify a resident's representative or designee of the need for health care services and assist in making appointments if an underlying condition of dementia or cognitive impairment is determined to exist. If the resident does not have a representative or designee or the ALF cannot reach their representative or designee, the ALF must arrange for the necessary care and services to treat the condition with an appropriate health care provider.
- Amends the AHCA's rulemaking authority to account for technological advances in the provision of care, safety, and security.
- Clarifies who may approve an ALF's comprehensive emergency management plan and allows an ALF to submit the plan up to 30 days after receiving a license.
- Requires the AHCA to conduct a full inspection instead of an abbreviated biennial licensure inspection to review the key quality-of-care standards for a facility that has a class I, class II, or uncorrected class III violation resulting from a complaint referred by the State Long-Term Care Ombudsman Program.
- Consolidates provisions related to firesafety into its own section of law rather than being intermingled with the AHCA's rulemaking authority.
- Amends several provisions related to the ALF administrator core competency curriculum and examination to clarify that the AHCA must adopt an outline and learning objectives for such curriculum.

The bill does not have a fiscal impact on state revenues or expenditures.

The bill takes effect July 1, 2020.

II. Present Situation:

An ALF is a residential establishment, or part of a residential establishment, that provides housing, meals, and one or more personal services for a period exceeding 24 hours to one or more adults who are not relatives of the owner or administrator.¹ A personal service is direct physical assistance with, or supervision of, the activities of daily living and the self-administration of medication.² Activities of daily living include ambulation, bathing, dressing, eating, grooming, toileting, and other similar tasks.³

¹ Section 429.02(5), F.S. An ALF does not include an adult family-care home or a non-transient public lodging establishment.

² Section 429.02(17), F.S.

³ Section 429.02(1), F.S.

An ALF is required to provide care and services appropriate to the needs of the residents accepted for admission to the facility.⁴ The owner or facility administrator determines whether an individual is appropriate for admission to the facility based on a number of criteria.⁵ If, as determined by the facility administrator or health care provider, a resident no longer meets the criteria for continued residency or the facility is unable to meet the resident's needs, the resident must be discharged in accordance with the Resident Bill of Rights.⁶

There are 3,069 licensed ALFs in Florida having a total of 107,144 beds.⁷ An ALF must have a standard license issued by the Agency for Health Care Administration (AHCA) under part I of ch. 429, F.S., and part II of ch. 408, F.S. In addition to a standard license, an ALF may have one or more specialty licenses that allow an ALF to provide additional care. These specialty licenses include limited nursing services,⁸ limited mental health,⁹ and extended congregate care.¹⁰

ALF Staff Training

Administrators and Managers

Administrators and other ALF staff must meet minimum training and education requirements established in rule by the AHCA,¹¹ that are intended to assist ALFs in appropriately responding to the needs of residents, maintaining resident care and facility standards, and meeting licensure requirements.¹²

The current ALF core training requirements established by the AHCA consist of a minimum of 26 hours of training and passing a competency test. Administrators and managers must successfully complete the core training requirements within three months after becoming an ALF administrator or manager. The minimum passing score for the competency test is 75 percent.¹³

Administrators and managers must participate in 12 hours of continuing education in topics related to assisted living every two years.¹⁴ A newly-hired administrator or manager, who has successfully completed the ALF core training and continuing education requirements, is not required to retake the core training. An administrator or manager, who has successfully completed the core training but has not maintained the continuing education requirements, must retake the ALF core training and retake the competency test.¹⁵

⁴ See Rule 59A-36.007, F.A.C., for specific minimum standards.

⁵ Section 429.26, F.S., and Rule 59A-36.006, F.A.C.

⁶ Section 429.28, F.S.

⁷ Agency for Health Care Administration, Health Care Finder. See

⁸ Section 429.07(3)(c), F.S.

⁹ Section 429.075, F.S.

¹⁰ Section 429.07(3)(b), F.S.

¹¹ Rule 59A-36.011, F.A.C.

¹² Section 429.52(1), F.S.

¹³ Administrators who have attended core training prior to July 1, 1997, and managers who attended the core training program prior to April 20, 1998, are not required to take the competency test. Administrators licensed as nursing home administrators in accordance with part II of chapter 468, F.S., are exempt from this requirement.

¹⁴ Rule 59A-36.011, F.A.C.

¹⁵ *Id.*

Staff with Direct Care Responsibilities

Facility administrators or managers are required to provide or arrange for six hours of in-service training for facility staff who provide direct care to residents.¹⁶ Staff training requirements must generally be met within 30 days after staff begin employment at the facility; however, staff must have at least one hour of infection control training before providing direct care to residents. Nurses, certified nursing assistants, and home health aides who are on staff with an ALF are exempt from many of the training requirements. In addition to the standard six hours of in-service training, staff must complete one hour of elopement training and one hour of training on “do not resuscitate” orders. The staff may be required to complete training on special topics such as self-administration of medication and Alzheimer’s disease, if applicable.

Inspections and Surveys

The AHCA is required to conduct a survey, investigation, or monitoring visit of an ALF:

- Prior to the issuance of a license;
- Prior to biennial renewal of a license;
- When there is a change of ownership;
- To monitor ALFs licensed to provide limited nursing services or extended congregate care services;
- To monitor ALFs cited in the previous year for a class I or class II violation or for four or more uncorrected class III violations;
- Upon receipt of an oral or written complaint of practices that threaten the health, safety, or welfare of residents;
- If the AHCA has reason to believe an ALF is violating a provision of part III of ch. 429, F.S., relating to adult day care centers or an administrative rule;
- To determine if cited deficiencies have been corrected; or
- To determine if an ALF is operating without a license.¹⁷

An applicant for licensure renewal is eligible for an abbreviated biennial survey by the AHCA if the applicant does not have any:

- Class I, class II, or uncorrected class III violations;
- Confirmed complaints from the long-term care ombudsman council¹⁸ which were reported to the AHCA by the council; or
- Confirmed licensing complaints within the two licensing periods immediately preceding the current renewal date.¹⁹

¹⁶ *Id.*

¹⁷ Section 429.34, F.S.

¹⁸ Florida’s Long-Term Care Ombudsman Program was founded in 1975 as a result of the federal Older Americans Act, which grants a special set of residents’ rights to individuals who live in long-term care facilities such as nursing homes, assisted living facilities and adult family care homes. Volunteer ombudsmen seek to ensure the health, safety, welfare and rights of these residents throughout Florida. See <http://ombudsman.myflorida.com/AboutUs.php> (last visited on October 30, 2019).

¹⁹ Rule 59A-36.023, F.A.C.

III. Effect of Proposed Changes:

The bill amends various sections in ch. 429, F.S., related to the regulation of ALFs. In addition to technical and conforming changes:

Section 1 amends s. 429.02, F.S., to define “assistive device” to mean any device designed or adapted to help a resident perform an action, a task, an activity of daily living, or a transfer; prevent a fall; or recover from a fall. The term does not include a total body lift or a motorized sit-to-stand lift, with the exception of a chair lift or recliner lift that a resident is able to operate independently. Additionally, the bill amends the definition of “extended congregate care” to make conforming and technical changes and “physical restraint” to eliminate specific examples of what qualifies as a physical restraint and to specify that a device the resident chooses to use and is able to remove does not qualify as a physical restraint.

Section 2 amends s. 429.07, F.S., to specify that required written progress reports maintained on the services offered by extended congregate care and limited nursing services must cover only those services offered by the ALF, not those offered by third parties.

Section 3 amends s. 429.11, F.S., to specify that a county or municipality may not issue a business tax receipt, rather than an occupational license, to an ALF without first determining that the ALF is licensed by the AHCA. This is a technical change in terminology.

Section 4 amends s. 429.176, F.S., to specify that when an ALF changes administrators, the owner of the ALF must provide the AHCA with documentation that the new administrator meets educational requirements (in addition to core training requirements that are already required) within 90 days of the change.

Section 5 amends s. 429.23, F.S., to require ALFs to submit the adverse incident preliminary report and final report through AHCA’s online portal, or by electronic mail if the portal is offline, instead of by facsimile or United States Mail. The bill also adds language to prevent an ALF from being fined for failing to submit a final report until three days after AHCA notifies the ALF that the final report is due if the incident is determined to, in fact, not be an adverse incident. The bill also eliminates the requirement that each ALF file a monthly report with the AHCA that includes any liability claim filed against it.

Section 6 amends s. 429.255, F.S., to authorize unlicensed ALF staff to change the bandages of residents for minor cuts and abrasions. The bill also authorizes a resident or his or her representative, designee, surrogate, guardian, or attorney, as applicable, to contract for services with a third party, provided the resident meets the criteria for residency and continued residency. The third-party is required to communicate with the facility regarding the resident’s condition and the services being provided in accordance with the facility’s policies. The ALF is required to document that it received such communication.

Section 7 amends s. 429.256, F.S., to include transdermal patches in the list of medications that unlicensed ALF staff may assist a resident in self-administering. The bill also clarifies that assistance with the self-administration of medication includes:

- A staff member confirming that the medication is intended for the resident and orally advising the resident of the medication's name and dosage.²⁰ The resident may sign a written waiver to opt-out of being orally advised the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of the medications, and must immediately be updated each time the resident's medications or dosages change; and
- A staff member assisting with the self-administration of a medication that is prescribed "as needed" if the resident requesting the medication is aware of his or her need for the medication and understands the purpose for taking the medication.²¹

Section 8 amends s. 429.26, F.S., to require that each resident receive a medical examination by a licensed physician, a licensed physician assistant, or a licensed advanced practice registered nurse within 60 days before admission to the facility or within 30 days after admission to the facility. The practitioner performing the examination must fill out and sign a form that reflects the resident's condition on the date the examination is performed. The bill specifies that the medical examination form required for admittance to an ALF does not guarantee admission to, continued residency in, or the delivery of services at the facility and must be used only as an informative tool to assist in the determination of the appropriateness of the resident's admission or continued residency. The form used may be the practitioner's own form or a form adopted by the AHCA in rule, both of which must include the following information on the resident:

- Height, weight, and known allergies.
- Significant medical history and diagnoses.
- Physical or sensory limitations, including the need for fall precautions or recommended use of assistive devices.
- Cognitive or behavioral status and a brief description of any behavioral issues known or ascertained by the examining practitioner, including any known history of wandering or elopement.
- Nursing, treatment, or therapy service requirements.
- Whether assistance is needed for ambulating, eating, or transferring.
- Special dietary instructions.
- Whether the resident has any communicable diseases, including necessary precautions that are necessary due to such diseases.
- Whether the resident is bedridden and the presence of any pressure sores.
- Whether the resident needs 24-hour nursing supervision or psychiatric care.
- A list of current prescribed medications as known or ascertained by the examining practitioner and whether the resident can self-administer medications, needs assistance, or needs medication administration.

The bill establishes criteria that for a resident's appropriateness for admission or continued residency, including:

- A facility may admit or retain a resident who receives a health care service or treatment that is designed to be provided within a private residential setting if all requirements for providing that service or treatment are met by the facility or a third party.

²⁰ Current law requires the staff member read the label on the medication. It is unclear whether the label must be read to the resident, however.

²¹ Current law requires the resident to be competent.

- A facility may admit or retain a resident who requires the use of assistive devices.²²
- A facility may admit or retain an individual receiving hospice services if the arrangement is agreed to by the facility and the resident, additional care is provided by a licensed hospice, and the resident is under the care of a physician who agrees that the physical needs of the resident can be met at the facility. The resident must have a plan of care that delineates how the facility and the hospice will meet the scheduled and unscheduled needs of the resident, including, if applicable, staffing for nursing care.
- A facility may not retain a resident who requires 24-hour nursing supervision, except for a resident who is enrolled in hospice services pursuant to part IV of chapter 400.
- A facility may not admit or retain a resident who is bedridden²³ except that:
 - A bedridden resident may be admitted or retained if he or she is receiving hospice services if the arrangement is agreed to by the facility and the resident, additional care is provided by a licensed hospice, and the resident is under the care of a physician who agrees that the physical needs of the resident can be met at the facility.
 - A facility may retain a bedridden resident if the resident is bedridden for no more than seven days or up to 14 days if the facility is licensed to provide extended congregate care.

Additionally, the bill amends the requirement that an ALF must arrange for the necessary care and services to treat a resident who has developed dementia or cognitive impairment to instead require the ALF to notify the resident's designee or representative of the need for such health care services and to assist in making appointments for the resident. If the resident's designee or representative cannot be located or is unresponsive, the ALF retains the requirement to arrange the necessary care for the resident.

Section 9 amends s. 429.28, F.S., to require that a document stating the reasons for relocation of a resident be provided to the resident or the resident's representative; and to clarify the AHCA rulemaking and inspection authority required by the resident's bill of rights.

Section 10 amends s. 429.31, F.S., to provide relocation assistance to a resident of an ALF whose residency is being terminated due to closure of the facility. Specifically, the bill requires the notice of relocation or termination to state that the resident may contact the State Long-Term Care Ombudsman Program for assistance with relocation and must include the statewide toll-free telephone number of the program. The bill requires an ALF to notify the AHCA of its plans to discontinue facility operation. Further, the bill requires the AHCA, upon receiving notice of a facility's voluntary or involuntary termination, to immediately inform the State Long-Term Care Ombudsman Program so they can provide assistance with relocation to the resident.

Section 11 amends s. 429.41, F.S., to:

- Clarify that the AHCA may account for technological advances in the provision of care, safety, and security, including the use of devices, equipment, and other security measures related to wander management, emergency response, staff risk management, and the general safety and security of residents, staff, and the facility in its rules.

²² The term "assistive devices" is defined in section 1 of the bill.

²³ The bill defines "bedridden" as a resident who is confined to a bed because of the inability to: move, turn, or reposition without total physical assistance; transfer to a chair or wheelchair without total physical assistance; or sit safely in a chair or wheelchair without personal assistance or a physical restraint.

- Remove language regarding firesafety standards that are being placed in new section 429.435, F.S. (See section 12 of the bill).
- Clarify that rule requirements for maintenance and sanitary conditions include furnishings for resident bedrooms or sleeping areas, locking devices and linens, but do not include requirements that are duplicative of those in ch. 553, or ss. 381.006, 381.0072, and 633.206, F.S. The bill also requires that the rules clearly delineate the respective responsibilities of the AHCA's licensure and survey staff and the county health departments to ensure that inspections are not duplicative and allows the AHCA to collect fees²⁴ for food service inspections conducted by the county health department and transfer such fees to the Department of Health.
- Remove the requirement that comprehensive emergency management plans be made available for review by appropriate volunteer organizations and require that an ALF submit its plan to the county emergency management agency within 30 days after being issued a license rather than requiring the plan to be approved prior to the issuance of the license.
- Allow the use of physical restraints (as defined in section 1 of the bill) other than Posey restraints²⁵ in accordance with the AHCA rules. Such rules must specify requirements for care planning, staff monitoring, and periodic review by a physician.
- Require the establishment of specific ALF elopement drill requirements, in addition to elopement policies and procedures on resident elopement, and require administrators and direct care staff to review elopement procedures to address resident elopement as part of the elopement drill.
- Allow the AHCA to use an abbreviated survey for an ALF that has had a confirmed ombudsman council complaint or licensure complaint unless such complaint results in a class I, II, or uncorrected class III violation.
- Require the AHCA to adopt key quality-of-care standards in rule and eliminate the requirement to incorporate input from the state long-term care ombudsman council and representatives of provider groups.

Section 12 creates s. 429.435, F.S., to consolidate requirements relating to uniform fire safety standards for ALFs into the new section. The requirements of this section are transposed from s. 429.41, F.S.

Section 13 amends s. 429.52, F.S., to require the AHCA, in conjunction with ALF providers, to develop core training requirements for administrators consisting of core training learning objectives. The bill also requires the AHCA to adopt a curriculum outline that includes the learning objectives.

The bill requires staff assisting with the self-administration of medication to complete six additional hours of training before providing such assistance and two hours of continuing education annually thereafter. The bill also specifies that topics covered in the preservice orientation for ALF staff are not required to be covered again in staff in-service training and that all required in-service training may be completed in a single course.

²⁴ The quarterly fee of \$300 is established in current law under s. 381.0072, F.S.

²⁵ Posey restraints are a generic term for a restraint that restricts a patient's free movement while the patient is in bed.

Additionally the bill requires the AHCA to establish core trainer registration and removal requirements.

Section 14 establishes an effective date of July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 429.02, 429.07, 429.11, 429.176, 429.23, 429.255, 429.256, 429.26, 429.28, 429.31, 429.41, and 429.52.

This bill creates section 429.435 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Health and Human Services on February 18, 2020:

The committee substitute:

- Removes the definitions of “abuse”, “exploitation”, and “neglect”.
- Amends the definition of “extended congregate care” to make conforming and technical changes.
- Clarifies that a facility that is licensed to provide extended congregate care services must maintain a written progress report on each person who receives nursing services from the facility’s staff. Previously, the bill did not specify nursing services.
- Removes the provision from the definition of “adverse incident” to only include events associated with the ALF’s intervention rather than the resident’s underlying disease or condition.
- Revises adverse incident reporting notifications for the AHCA and requirements for ALFs.
- Authorizes unlicensed ALF staff to change the bandages of residents for minor cuts and abrasions.
- Provides for a resident a resident or his or her representative, designee, surrogate, guardian, or attorney, as applicable, to contract for services with a third party. The third-party is required to communicate with the facility regarding the resident’s condition and the services. The ALF is required to document that it received such communication.
- Clarifies that residents who receive assistance with the self-administration of medication must be orally advised of the medication’s name and dosage and allows a resident to sign a waiver to opt-out of being orally advised. The waiver must include specified information and immediately be updated each time the resident’s medications or dosages change.
- Clarifies the medical examination form must (formerly may) be used only as an informative tool to determine the appropriateness of the resident’s admission to or continued residency on the facility.
- Amends the Resident Bill of Rights to allow the State Long-Term Care Ombudsman Program to provide assistance to a resident who needs to be relocated due to the closure of a facility.
- Removes the prohibition against geriatric chairs as an allowable use of physical restraints.
- Makes technical and conforming changes.

CS by Health Policy on November 5, 2019:

The CS:

- Amends the definition of “neglect” to include the failure to prevent sexual abuse.
- Maintains current law requiring an ALF to submit a preliminary adverse incident report to the AHCA within one business day of the incident occurring.
- Prevents AHCA from fining an ALF for not filing a full adverse incident report until three days after the AHCA provides the ALF with a reminder that the report is due.
- Specifies that the medical examination required for admittance to an ALF is not a guarantee of admission, continued residency, or services to be delivered and that the medical examination is to be used as an informative tool to assist in the determination of the appropriateness of the resident’s admission or continued residency.
- Specifies that an ALF must still arrange the necessary care and services to treat a resident with dementia or other similar condition if the ALF cannot locate the resident’s representative or he or she is not responsive.
- Specifies ss. 381.006 and 381.0072, F.S., in requiring that ALF rules not conflict with or duplicate provisions in the specified sections. Currently, the bill specifies the entire chapter of law.
- Maintains current law authority for AHCA to adopt rules over elopement policies and procedures.
- Specifies that the six hours of training necessary to provide assistance with medication is in addition to other required training.

B. Amendments:

None.

576-03911-20

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Health and Human Services)

A bill to be entitled

An act relating to assisted living facilities;
amending s. 429.02, F.S.; defining and revising terms;
amending s. 429.07, F.S.; requiring assisted living
facilities that provide certain services to maintain a
written progress report on each person receiving
services from the facility's staff; conforming a
cross-reference; amending s. 429.11, F.S.; prohibiting
a county or municipality from issuing a business tax
receipt, rather than an occupational license, to a
facility under certain circumstances; amending s.
429.176, F.S.; requiring an owner of a facility to
provide certain documentation to the Agency for Health
Care Administration within a specified timeframe;
amending s. 429.23, F.S.; authorizing a facility to
send certain reports regarding adverse incidents
through the agency's online portal; requiring the
agency to send reminders by electronic mail to certain
facility contacts regarding submission deadlines for
such reports within a specified timeframe; amending s.
429.255, F.S.; authorizing certain persons to change a
resident's bandage for a minor cut or abrasion;
authorizing certain persons to contract with a third-
party to provide services to a resident under certain
circumstances; providing requirements relating to the
third-party provider; clarifying that the absence of
an order not to resuscitate does not preclude a

831164

576-03911-20

physician from withholding or withdrawing
cardiopulmonary resuscitation or use of an automated
external defibrillator; amending s. 429.256, F.S.;
revising the types of medications that may be self-
administered; revising provisions relating to
assistance with the self-administration of such
medications; requiring a person assisting with a
resident's self-administration of medication to
confirm and advise the patient of specified
information; authorizing a resident to opt out of such
advisement through a signed waiver; providing
requirements for such waiver; revising provisions
relating to certain medications that are not self-
administered with assistance; amending s. 429.26,
F.S.; including medical examinations in the criteria
used for admission to an assisted living facility;
providing specified criteria for determination of
appropriateness for admission to and continued
residency in an assisted living facility; prohibiting
such facility from admitting certain individuals;
defining the term "bedridden"; authorizing a facility
to retain certain individuals under certain
conditions; requiring that a resident receive a
medical examination within a specified timeframe after
admission to a facility; requiring that such
examination be recorded on a form; providing
limitations on the use of such form; providing
requirements for the content of the form; revising
provisions relating to the placement of residents by

831164

576-03911-20

57 the Department of Children and Families; requiring a
58 facility to notify a resident's representative or
59 designee of specified information under certain
60 circumstances; requiring the facility to arrange with
61 an appropriate health care provider for the care and
62 services needed to treat a resident under certain
63 circumstances; removing provisions relating to the
64 retention of certain residents in a facility; amending
65 s. 429.28, F.S.; requiring facilities to provide
66 written notice of relocation or termination of
67 residency from a facility to the resident or the
68 resident's legal guardian; revising provisions related
69 to a licensure survey required by the agency; deleting
70 a requirement that the agency adopt certain rules;
71 amending s. 429.31, F.S.; revising notice requirements
72 for facilities that are terminating operations;
73 requiring the agency to inform the State Long-Term
74 Ombudsman Program immediately upon notice of a
75 facility's termination of operations; amending s.
76 429.41, F.S.; revising legislative intent; revising
77 provisions related to rules the agency, in
78 consultation with the Department of Children and
79 Families and the Department of Health, is required to
80 adopt regarding minimum standards of resident care;
81 requiring county emergency management agencies, rather
82 than local emergency management agencies, to review
83 and approve or disapprove of a facility's
84 comprehensive emergency management plan; requiring a
85 facility to submit a comprehensive emergency

831164

576-03911-20

86 management plan to the county emergency management
87 agency within a specified timeframe; prohibiting the
88 use of Posey restraints; authorizing the use of other
89 restraints under certain circumstances; revising the
90 criteria under which a facility must be fully
91 inspected; creating s. 429.435, F.S.; requiring the
92 State Fire Marshall to establish uniform firesafety
93 standards for assisted living facilities; providing
94 for a firesafety evacuation capability determination
95 within a specified timeframe under certain
96 circumstances; requiring the State Fire Marshall to
97 use certain standards from a specified national
98 association to determine the uniform firesafety
99 standards to be adopted; authorizing local governments
100 and utilities to charge certain fees relating to fire
101 sprinkler systems; requiring licensed facilities to
102 have an annual fire inspection; specifying certain
103 code requirements for facilities that undergo a
104 specific alteration or rehabilitation; amending s.
105 429.52, F.S.; revising certain provisions relating to
106 facility staff training and educational requirements;
107 requiring the agency, in conjunction with providers,
108 to establish core training requirements for facility
109 administrators; revising the training and continuing
110 education requirements for facility staff who assist
111 residents with the self-administration of medications;
112 revising provisions relating to the training
113 responsibilities of the agency; requiring the agency
114 to contract with another entity to administer a

576-03911-20

115 certain competency test; requiring the agency to adopt
116 a curriculum outline with learning objectives to be
117 used by core trainers; conforming provisions to
118 changes made by the act; providing an effective date.
119

120 Be It Enacted by the Legislature of the State of Florida:
121

122 Section 1. Present subsections (7) through (27) of section
123 429.02, Florida Statutes, are redesignated as subsections (8)
124 through (28), respectively, a new subsection (7) is added to
125 that section, and present subsections (11) and (18) are amended,
126 to read:

127 429.02 Definitions.—When used in this part, the term:

128 (7) “Assistive device” means any device designed or adapted
129 to help a resident perform an action, a task, an activity of
130 daily living, or a transfer; prevent a fall; or recover from a
131 fall. The term does not include a total body lift or a motorized
132 sit-to-stand lift, with the exception of a chair lift or
133 recliner lift that a resident is able to operate independently.

134 ~~(12)(11)~~ “Extended congregate care” means acts beyond those
135 authorized in subsection ~~(18)~~ which ~~(17)~~ ~~that~~ may be performed
136 pursuant to part I of chapter 464 by persons licensed thereunder
137 while carrying out their professional duties, and other
138 supportive services that ~~which~~ may be specified by rule. The
139 purpose of such services is to enable residents to age in place
140 in a residential environment despite mental or physical
141 limitations that might otherwise disqualify them from residency
142 in a facility licensed under this part.

143 ~~(19)(18)~~ “Physical restraint” means a device that ~~which~~

576-03911-20

144 physically limits, restricts, or deprives an individual of
145 movement or mobility, ~~including, but not limited to, a half-bed~~
146 ~~rail, a full bed rail, a geriatric chair, and a posey restraint.~~
147 ~~The term “physical restraint” shall also include any device that~~
148 ~~is which was~~ not specifically manufactured as a restraint but is
149 ~~which has been~~ altered, arranged, or otherwise used for that
150 ~~this~~ purpose. The term does shall not include any device that
151 the resident chooses to use and is able to remove or avoid
152 independently, or any bandage material used for the purpose of
153 binding a wound or injury.

154 Section 2. Paragraphs (b) and (c) of subsection (3) of
155 section 429.07, Florida Statutes, are amended to read:

156 429.07 License required; fee.—

157 (3) In addition to the requirements of s. 408.806, each
158 license granted by the agency must state the type of care for
159 which the license is granted. Licenses shall be issued for one
160 or more of the following categories of care: standard, extended
161 congregate care, limited nursing services, or limited mental
162 health.

163 (b) An extended congregate care license shall be issued to
164 each facility that has been licensed as an assisted living
165 facility for 2 or more years and that provides services,
166 directly or through contract, beyond those authorized in
167 paragraph (a), including services performed by persons licensed
168 under part I of chapter 464 and supportive services, as defined
169 by rule, to persons who would otherwise be disqualified from
170 continued residence in a facility licensed under this part. An
171 extended congregate care license may be issued to a facility
172 that has a provisional extended congregate care license and

831164

576-03911-20

173 meets the requirements for licensure under subparagraph 2. The
174 primary purpose of extended congregate care services is to allow
175 residents the option of remaining in a familiar setting from
176 which they would otherwise be disqualified for continued
177 residency as they become more impaired. A facility licensed to
178 provide extended congregate care services may also admit an
179 individual who exceeds the admission criteria for a facility
180 with a standard license, if he or she is determined appropriate
181 for admission to the extended congregate care facility.

182 1. In order for extended congregate care services to be
183 provided, the agency must first determine that all requirements
184 established in law and rule are met and must specifically
185 designate, on the facility's license, that such services may be
186 provided and whether the designation applies to all or part of
187 the facility. This designation may be made at the time of
188 initial licensure or relicensure, or upon request in writing by
189 a licensee under this part and part II of chapter 408. The
190 notification of approval or the denial of the request shall be
191 made in accordance with part II of chapter 408. Each existing
192 facility that qualifies to provide extended congregate care
193 services must have maintained a standard license and may not
194 have been subject to administrative sanctions during the
195 previous 2 years, or since initial licensure if the facility has
196 been licensed for less than 2 years, for any of the following
197 reasons:

- 198 a. A class I or class II violation;
199 b. Three or more repeat or recurring class III violations
200 of identical or similar resident care standards from which a
201 pattern of noncompliance is found by the agency;

831164

576-03911-20

202 c. Three or more class III violations that were not
203 corrected in accordance with the corrective action plan approved
204 by the agency;

205 d. Violation of resident care standards which results in
206 requiring the facility to employ the services of a consultant
207 pharmacist or consultant dietitian;

208 e. Denial, suspension, or revocation of a license for
209 another facility licensed under this part in which the applicant
210 for an extended congregate care license has at least 25 percent
211 ownership interest; or

212 f. Imposition of a moratorium pursuant to this part or part
213 II of chapter 408 or initiation of injunctive proceedings.

214
215 The agency may deny or revoke a facility's extended congregate
216 care license for not meeting the criteria for an extended
217 congregate care license as provided in this subparagraph.

218 2. If an assisted living facility has been licensed for
219 less than 2 years, the initial extended congregate care license
220 must be provisional and may not exceed 6 months. The licensee
221 shall notify the agency, in writing, when it has admitted at
222 least one extended congregate care resident, after which an
223 unannounced inspection shall be made to determine compliance
224 with the requirements of an extended congregate care license. A
225 licensee with a provisional extended congregate care license
226 which ~~that~~ demonstrates compliance with all the requirements of
227 an extended congregate care license during the inspection shall
228 be issued an extended congregate care license. In addition to
229 sanctions authorized under this part, if violations are found
230 during the inspection and the licensee fails to demonstrate

831164

576-03911-20

231 compliance with all assisted living facility requirements during
232 a followup inspection, the licensee shall immediately suspend
233 extended congregate care services, and the provisional extended
234 congregate care license expires. The agency may extend the
235 provisional license for not more than 1 month in order to
236 complete a followup visit.

237 3. A facility that is licensed to provide extended
238 congregate care services shall maintain a written progress
239 report on each person who receives nursing services from the
240 facility's staff which describes the type, amount, duration,
241 scope, and outcome of services that are rendered and the general
242 status of the resident's health. A registered nurse, or
243 appropriate designee, representing the agency shall visit the
244 facility at least twice a year to monitor residents who are
245 receiving extended congregate care services and to determine if
246 the facility is in compliance with this part, part II of chapter
247 408, and relevant rules. One of the visits may be in conjunction
248 with the regular survey. The monitoring visits may be provided
249 through contractual arrangements with appropriate community
250 agencies. A registered nurse shall serve as part of the team
251 that inspects the facility. The agency may waive one of the
252 required yearly monitoring visits for a facility that has:

- 253 a. Held an extended congregate care license for at least 24
254 months;
- 255 b. No class I or class II violations and no uncorrected
256 class III violations; and
- 257 c. No ombudsman council complaints that resulted in a
258 citation for licensure.
- 259 4. A facility that is licensed to provide extended

831164

576-03911-20

260 congregate care services must:

- 261 a. Demonstrate the capability to meet unanticipated
262 resident service needs.
- 263 b. Offer a physical environment that promotes a homelike
264 setting, provides for resident privacy, promotes resident
265 independence, and allows sufficient congregate space as defined
266 by rule.
- 267 c. Have sufficient staff available, taking into account the
268 physical plant and firesafety features of the building, to
269 assist with the evacuation of residents in an emergency.
- 270 d. Adopt and follow policies and procedures that maximize
271 resident independence, dignity, choice, and decisionmaking to
272 permit residents to age in place, so that moves due to changes
273 in functional status are minimized or avoided.
- 274 e. Allow residents or, if applicable, a resident's
275 representative, designee, surrogate, guardian, or attorney in
276 fact to make a variety of personal choices, participate in
277 developing service plans, and share responsibility in
278 decisionmaking.
- 279 f. Implement the concept of managed risk.
- 280 g. Provide, directly or through contract, the services of a
281 person licensed under part I of chapter 464.
- 282 h. In addition to the training mandated in s. 429.52,
283 provide specialized training as defined by rule for facility
284 staff.
- 285 5. A facility that is licensed to provide extended
286 congregate care services is exempt from the criteria for
287 continued residency set forth in rules adopted under s. 429.41.
288 A licensed facility must adopt its own requirements within

831164

576-03911-20

289 guidelines for continued residency set forth by rule. However,
290 the facility may not serve residents who require 24-hour nursing
291 supervision. A licensed facility that provides extended
292 congregate care services must also provide each resident with a
293 written copy of facility policies governing admission and
294 retention.

295 6. Before the admission of an individual to a facility
296 licensed to provide extended congregate care services, the
297 individual must undergo a medical examination as provided in s.
298 429.26(5) ~~s. 429.26(4)~~ and the facility must develop a
299 preliminary service plan for the individual.

300 7. If a facility can no longer provide or arrange for
301 services in accordance with the resident's service plan and
302 needs and the facility's policy, the facility must make
303 arrangements for relocating the person in accordance with s.
304 429.28(1)(k).

305 (c) A limited nursing services license shall be issued to a
306 facility that provides services beyond those authorized in
307 paragraph (a) and as specified in this paragraph.

308 1. In order for limited nursing services to be provided in
309 a facility licensed under this part, the agency must first
310 determine that all requirements established in law and rule are
311 met and must specifically designate, on the facility's license,
312 that such services may be provided. This designation may be made
313 at the time of initial licensure or licensure renewal, or upon
314 request in writing by a licensee under this part and part II of
315 chapter 408. Notification of approval or denial of such request
316 shall be made in accordance with part II of chapter 408. An
317 existing facility that qualifies to provide limited nursing

831164

576-03911-20

318 services must have maintained a standard license and may not
319 have been subject to administrative sanctions that affect the
320 health, safety, and welfare of residents for the previous 2
321 years or since initial licensure if the facility has been
322 licensed for less than 2 years.

323 2. A facility that is licensed to provide limited nursing
324 services shall maintain a written progress report on each person
325 who receives such nursing services from the facility's staff.
326 The report must describe the type, amount, duration, scope, and
327 outcome of services that are rendered and the general status of
328 the resident's health. A registered nurse representing the
329 agency shall visit the facility at least annually to monitor
330 residents who are receiving limited nursing services and to
331 determine if the facility is in compliance with applicable
332 provisions of this part, part II of chapter 408, and related
333 rules. The monitoring visits may be provided through contractual
334 arrangements with appropriate community agencies. A registered
335 nurse shall also serve as part of the team that inspects such
336 facility. Visits may be in conjunction with other agency
337 inspections. The agency may waive the required yearly monitoring
338 visit for a facility that has:

339 a. Had a limited nursing services license for at least 24
340 months;

341 b. No class I or class II violations and no uncorrected
342 class III violations; and

343 c. No ombudsman council complaints that resulted in a
344 citation for licensure.

345 3. A person who receives limited nursing services under
346 this part must meet the admission criteria established by the

831164

576-03911-20

347 agency for assisted living facilities. When a resident no longer
348 meets the admission criteria for a facility licensed under this
349 part, arrangements for relocating the person shall be made in
350 accordance with s. 429.28(1)(k), unless the facility is licensed
351 to provide extended congregate care services.

352 Section 3. Subsection (7) of section 429.11, Florida
353 Statutes, is amended to read:

354 429.11 Initial application for license; provisional
355 license.-

356 (7) A county or municipality may not issue a business tax
357 receipt ~~an occupational license~~ that is being obtained for the
358 purpose of operating a facility regulated under this part
359 without first ascertaining that the applicant has been licensed
360 to operate such facility at the specified location or locations
361 by the agency. The agency shall furnish to local agencies
362 responsible for issuing business tax receipts ~~occupational~~
363 ~~licenses~~ sufficient instruction for making such determinations.

364 Section 4. Section 429.176, Florida Statutes, is amended to
365 read:

366 429.176 Notice of change of administrator.-If, during the
367 period for which a license is issued, the owner changes
368 administrators, the owner must notify the agency of the change
369 within 10 days and provide documentation within 90 days that the
370 new administrator meets educational requirements and has
371 completed the applicable core educational requirements under s.
372 429.52. A facility may not be operated for more than 120
373 consecutive days without an administrator who has completed the
374 core educational requirements.

375 Section 5. Subsections (3), (4), and (5) of section 429.23,

831164

576-03911-20

376 Florida Statutes, are amended to read:

377 429.23 Internal risk management and quality assurance
378 program; adverse incidents and reporting requirements.-

379 (3) Licensed facilities shall provide within 1 business day
380 after the occurrence of an adverse incident, through the
381 agency's online portal or, if the portal is offline, by
382 electronic mail, ~~facsimile, or United States mail,~~ a preliminary
383 report to the agency on all adverse incidents specified under
384 this section. The report must include information regarding the
385 identity of the affected resident, the type of adverse incident,
386 and the status of the facility's investigation of the incident.

387 (4) Licensed facilities shall provide within 15 days,
388 through the agency's online portal or, if the portal is offline,
389 by electronic mail, ~~facsimile, or United States mail,~~ a full
390 report to the agency on all adverse incidents specified in this
391 section. The report must include the results of the facility's
392 investigation into the adverse incident.

393 (5) Three business days before the deadline for the
394 submission of the full report required under subsection (4), the
395 agency shall send by electronic mail a reminder to the
396 facility's administrator and other specified facility contacts.
397 Within 3 business days after the agency sends the reminder, a
398 facility is not subject to any administrative or other agency
399 action for failing to withdraw the preliminary report if the
400 facility determines the event was not an adverse incident or for
401 failing to file a full report if the facility determines the
402 event was an adverse incident ~~Each facility shall report monthly~~
403 ~~to the agency any liability claim filed against it. The report~~
404 ~~must include the name of the resident, the dates of the incident~~

831164

576-03911-20

405 ~~leading to the claim, if applicable, and the type of injury or~~
406 ~~violation of rights alleged to have occurred. This report is not~~
407 ~~discoverable in any civil or administrative action, except in~~
408 ~~such actions brought by the agency to enforce the provisions of~~
409 ~~this part.~~

410 Section 6. Paragraphs (a) and (b) of subsection (1) of
411 section 429.255, Florida Statutes, are amended, paragraph (d) is
412 added to that subsection, and subsection (4) of that section is
413 amended, to read:

414 429.255 Use of personnel; emergency care.—

415 (1) (a) Persons under contract to the facility, facility
416 staff, or volunteers, who are licensed according to part I of
417 chapter 464, or those persons exempt under s. 464.022(1), ~~and~~
418 ~~others as defined by rule,~~ may administer medications to
419 residents, take residents' vital signs, change residents'
420 bandages for minor cuts and abrasions, manage individual weekly
421 pill organizers for residents who self-administer medication,
422 give prepackaged enemas ordered by a physician, observe
423 residents, document observations on the appropriate resident's
424 record, and report observations to the resident's physician, ~~and~~
425 ~~contract or allow residents or a resident's representative,~~
426 ~~designee, surrogate, guardian, or attorney in fact to contract~~
427 ~~with a third party, provided residents meet the criteria for~~
428 ~~appropriate placement as defined in s. 429.26.~~ Nursing
429 assistants certified pursuant to part II of chapter 464 may take
430 residents' vital signs as directed by a licensed nurse or
431 physician.

432 (b) All staff of ~~in~~ facilities licensed under this part
433 shall exercise their professional responsibility to observe

831164

576-03911-20

434 residents, to document observations on the appropriate
435 resident's record, and to report the observations to the
436 resident's physician. However, the owner or administrator of the
437 facility shall be responsible for determining that the resident
438 receiving services is appropriate for residence in the facility.

439 (d) A resident or his or her representative, designee,
440 surrogate, guardian, or attorney in fact, as applicable, may
441 contract for services with a third party, provided the resident
442 meets the criteria for residency and continued residency as
443 defined in s. 429.26. The third party must communicate with the
444 facility regarding the resident's condition and the services
445 being provided in accordance with the facility's policies. The
446 facility must document that it received such communication.

447 (4) Facility staff may withhold or withdraw cardiopulmonary
448 resuscitation or the use of an automated external defibrillator
449 if presented with an order not to resuscitate executed pursuant
450 to s. 401.45. The agency shall adopt rules providing for the
451 implementation of such orders. Facility staff and facilities may
452 not be subject to criminal prosecution or civil liability, nor
453 be considered to have engaged in negligent or unprofessional
454 conduct, for withholding or withdrawing cardiopulmonary
455 resuscitation or use of an automated external defibrillator
456 pursuant to such an order and rules adopted by the agency. The
457 absence of an order not to resuscitate executed pursuant to s.
458 401.45 does not preclude a physician from withholding or
459 withdrawing cardiopulmonary resuscitation or use of an automated
460 external defibrillator as otherwise permitted by law.

461 Section 7. Subsection (2), paragraph (b) of subsection (3),
462 and paragraphs (e), (f), and (g) of subsection (4) of section

831164

576-03911-20

463 429.256, Florida Statutes, are amended to read:
464 429.256 Assistance with self-administration of medication.-
465 (2) Residents who are capable of self-administering their
466 own medications without assistance shall be encouraged and
467 allowed to do so. However, an unlicensed person may, consistent
468 with a dispensed prescription's label or the package directions
469 of an over-the-counter medication, assist a resident whose
470 condition is medically stable with the self-administration of
471 routine, regularly scheduled medications that are intended to be
472 self-administered. Assistance with self-medication by an
473 unlicensed person may occur only upon a documented request by,
474 and the written informed consent of, a resident or the
475 resident's surrogate, guardian, or attorney in fact. For the
476 purposes of this section, self-administered medications include
477 both legend and over-the-counter oral dosage forms, topical
478 dosage forms, transdermal patches, and topical ophthalmic, otic,
479 and nasal dosage forms including solutions, suspensions, sprays,
480 and inhalers.
481 (3) Assistance with self-administration of medication
482 includes:
483 (b) In the presence of the resident, confirming that the
484 medication is intended for that resident, orally advising the
485 resident of the medication name and dosage ~~reading the label,~~
486 opening the container, removing a prescribed amount of
487 medication from the container, and closing the container. The
488 resident may sign a written waiver to opt out of being orally
489 advised of the medication name and dosage. The waiver must
490 identify all of the medications intended for the resident,
491 including names and dosages of such medications, and must

831164

576-03911-20

492 immediately be updated each time the resident's medications or
493 dosages change.
494 (4) Assistance with self-administration does not include:
495 (e) The use of irrigations or debriding agents used in the
496 treatment of a skin condition.
497 (f) Assisting with rectal, urethral, or vaginal
498 preparations.
499 (g) Assisting with medications ordered by the physician or
500 health care professional with prescriptive authority to be given
501 "as needed," unless the order is written with specific
502 parameters that preclude independent judgment on the part of the
503 unlicensed person, and ~~at the request of a competent~~ resident
504 requesting the medication is aware of his or her need for the
505 medication and understands the purpose for taking the
506 medication.
507 Section 8. Section 429.26, Florida Statutes, is amended to
508 read:
509 429.26 Appropriateness of placements; examinations of
510 residents.-
511 (1) The owner or administrator of a facility is responsible
512 for determining the appropriateness of admission of an
513 individual to the facility and for determining the continued
514 appropriateness of residence of an individual in the facility. A
515 determination ~~must shall~~ be based upon an evaluation assessment
516 of the strengths, needs, and preferences of the resident, a
517 medical examination, the care and services offered or arranged
518 for by the facility in accordance with facility policy, and any
519 limitations in law or rule related to admission criteria or
520 continued residency for the type of license held by the facility

831164

576-03911-20

521 under this part. The following criteria apply to the
522 determination of appropriateness for admission and continued
523 residency of an individual in a facility:

524 (a) A facility may admit or retain a resident who receives
525 a health care service or treatment that is designed to be
526 provided within a private residential setting if all
527 requirements for providing that service or treatment are met by
528 the facility or a third party.

529 (b) A facility may admit or retain a resident who requires
530 the use of assistive devices.

531 (c) A facility may admit or retain an individual receiving
532 hospice services if the arrangement is agreed to by the facility
533 and the resident, additional care is provided by a licensed
534 hospice, and the resident is under the care of a physician who
535 agrees that the physical needs of the resident can be met at the
536 facility. The resident must have a plan of care which delineates
537 how the facility and the hospice will meet the scheduled and
538 unscheduled needs of the resident, including, if applicable,
539 staffing for nursing care.

540 (d)1. Except for a resident who is receiving hospice
541 services as provided in paragraph (c), a facility may not admit
542 or retain a resident who is bedridden or who requires 24-hour
543 nursing supervision. For purposes of this paragraph, the term
544 "bedridden" means that a resident is confined to a bed because
545 of the inability to:

546 a. Move, turn, or reposition without total physical
547 assistance;

548 b. Transfer to a chair or wheelchair without total physical
549 assistance; or

831164

576-03911-20

550 c. Sit safely in a chair or wheelchair without personal
551 assistance or a physical restraint.

552 2. A resident may continue to reside in a facility if,
553 during residency, he or she is bedridden for no more than 7
554 consecutive days.

555 3. If a facility is licensed to provide extended congregate
556 care, a resident may continue to reside in a facility if, during
557 residency, he or she is bedridden for no more than 14
558 consecutive days.

559 (2) A resident may not be moved from one facility to
560 another without consultation with and agreement from the
561 resident or, if applicable, the resident's representative or
562 designee or the resident's family, guardian, surrogate, or
563 attorney in fact. In the case of a resident who has been placed
564 by the department or the Department of Children and Families,
565 the administrator must notify the appropriate contact person in
566 the applicable department.

567 (3)(2) A physician, physician assistant, or advanced
568 practice registered nurse practitioner who is employed by an
569 assisted living facility to provide an initial examination for
570 admission purposes may not have financial interests interest in
571 the facility.

572 (4)(3) Persons licensed under part I of chapter 464 who are
573 employed by or under contract with a facility shall, on a
574 routine basis or at least monthly, perform a nursing assessment
575 of the residents for whom they are providing nursing services
576 ordered by a physician, except administration of medication, and
577 shall document such assessment, including any substantial
578 changes in a resident's status which may necessitate relocation

831164

576-03911-20

579 to a nursing home, hospital, or specialized health care
580 facility. Such records shall be maintained in the facility for
581 inspection by the agency and shall be forwarded to the
582 resident's case manager, if applicable.

583 (5) (a) (4) If possible, Each resident must ~~shall~~ have been
584 examined by a licensed physician, a licensed physician
585 assistant, or a licensed advanced practice registered nurse
586 practitioner within 60 days before admission to the facility or
587 within 30 days after admission to the facility, except as
588 provided in s. 429.07. The information from the medical
589 examination must be recorded on the practitioner's form or on a
590 form adopted by agency rule. The signed and completed medical
591 examination form, signed only by the practitioner, must ~~report~~
592 ~~shall~~ be submitted to the owner or administrator of the
593 facility, who shall use the information contained therein to
594 assist in the determination of the appropriateness of the
595 resident's admission to or ~~and~~ continued residency ~~stay~~ in the
596 facility.

597 (b) The medical examination form may be used only to record
598 the practitioner's direct observation of the patient at the time
599 of examination and must include the patient's medical history.
600 Such form does not guarantee admission to, continued residency
601 in, or the delivery of services at the facility and must be used
602 only as an informative tool to assist in the determination of
603 the appropriateness of the resident's admission to or continued
604 residency in the facility. The medical examination form,
605 reflecting the resident's condition on the date the examination
606 is performed, becomes ~~report shall become~~ a permanent part of
607 the facility's record of the resident at the facility and must

831164

576-03911-20

608 ~~shall~~ be made available to the agency during inspection or upon
609 request. An assessment that has been completed through the
610 Comprehensive Assessment and Review for Long-Term Care Services
611 (CARES) Program fulfills the requirements for a medical
612 examination under this subsection and s. 429.07(3)(b)6.

613 (c) The medical examination form must include all of the
614 following information about the resident:

- 615 1. Height, weight, and known allergies.
- 616 2. Significant medical history and diagnoses.
- 617 3. Physical or sensory limitations, including the need for
618 fall precautions or recommended use of assistive devices.
- 619 4. Cognitive or behavioral status and a brief description
620 of any behavioral issues known or ascertained by the examining
621 practitioner, including any known history of wandering or
622 elopement.
- 623 5. Nursing, treatment, or therapy service requirements.
- 624 6. Whether the resident needs assistance for ambulating,
625 eating, or transferring.
- 626 7. Special dietary instructions.
- 627 8. Whether the resident has any communicable diseases,
628 including precautions that are necessary due to such diseases.
- 629 9. Whether the resident is bedridden and the presence of
630 any pressure sores.
- 631 10. Whether the resident needs 24-hour nursing supervision
632 or psychiatric care.
- 633 11. A list of current prescribed medications as known or
634 ascertained by the examining practitioner and whether the
635 resident can self-administer medications, needs assistance with
636 medications, or needs medication administration.

831164

576-03911-20

637 ~~(5) Except as provided in s. 429.07, if a medical~~
638 ~~examination has not been completed within 60 days before the~~
639 ~~admission of the resident to the facility, a licensed physician,~~
640 ~~licensed physician assistant, or licensed nurse practitioner~~
641 ~~shall examine the resident and complete a medical examination~~
642 ~~form provided by the agency within 30 days following the~~
643 ~~admission to the facility to enable the facility owner or~~
644 ~~administrator to determine the appropriateness of the admission.~~
645 ~~The medical examination form shall become a permanent part of~~
646 ~~the record of the resident at the facility and shall be made~~
647 ~~available to the agency during inspection by the agency or upon~~
648 ~~request.~~

649 (6) Any resident accepted in a facility and placed by ~~the~~
650 ~~department or~~ the Department of Children and Families must shall
651 have been examined by medical personnel within 30 days before
652 placement in the facility. The examination must shall include an
653 assessment of the appropriateness of placement in a facility.
654 The findings of this examination must shall be recorded on the
655 examination form provided by the agency. The completed form must
656 ~~shall~~ accompany the resident and ~~shall~~ be submitted to the
657 facility owner or administrator. Additionally, in the case of a
658 mental health resident, the Department of Children and Families
659 must provide documentation that the individual has been assessed
660 by a psychiatrist, clinical psychologist, clinical social
661 worker, or psychiatric nurse, or an individual who is supervised
662 by one of these professionals, and determined to be appropriate
663 to reside in an assisted living facility. The documentation must
664 be in the facility within 30 days after the mental health
665 resident has been admitted to the facility. An evaluation

831164

576-03911-20

666 completed upon discharge from a state mental hospital meets the
667 requirements of this subsection related to appropriateness for
668 placement as a mental health resident, provided that providing
669 it was completed within 90 days before prior to admission to the
670 facility. The applicable Department of Children and Families
671 shall provide to the facility administrator any information
672 about the resident which that would help the administrator meet
673 his or her responsibilities under subsection (1). Further,
674 Department of Children and Families personnel shall explain to
675 the facility operator any special needs of the resident and
676 advise the operator whom to call should problems arise. The
677 applicable Department of Children and Families shall advise and
678 assist the facility administrator when where the special needs
679 of residents who are recipients of optional state
680 supplementation require such assistance.

681 (7) The facility shall must notify a licensed physician
682 when a resident exhibits signs of dementia or cognitive
683 impairment or has a change of condition in order to rule out the
684 presence of an underlying physiological condition that may be
685 contributing to such dementia or impairment. The notification
686 must occur within 30 days after the acknowledgment of such signs
687 by facility staff. If an underlying condition is determined to
688 exist, the facility must notify the resident's representative or
689 designee of the need for health care services and must assist in
690 making appointments for shall arrange, with the appropriate
691 health care provider, the necessary care and services to treat
692 the condition. If the resident does not have a representative or
693 designee or if the resident's representative or designee cannot
694 be located or is nonresponsive, the facility shall arrange with

831164

576-03911-20

695 an appropriate health care provider for the necessary care and
696 services to treat the condition.

697 (8) The Department of Children and Families may require an
698 examination for supplemental security income and optional state
699 supplementation recipients residing in facilities at any time
700 and shall provide the examination whenever a resident's
701 condition requires it. Any facility administrator; personnel of
702 the agency, the department, or the Department of Children and
703 Families; or a representative of the State Long-Term Care
704 Ombudsman Program who believes a resident needs to be evaluated
705 shall notify the resident's case manager, who shall take
706 appropriate action. A report of the examination findings must
707 ~~shall~~ be provided to the resident's case manager and the
708 facility administrator to help the administrator meet his or her
709 responsibilities under subsection (1).

710 ~~(9) A terminally ill resident who no longer meets the~~
711 ~~criteria for continued residency may remain in the facility if~~
712 ~~the arrangement is mutually agreeable to the resident and the~~
713 ~~facility; additional care is rendered through a licensed~~
714 ~~hospice, and the resident is under the care of a physician who~~
715 ~~agrees that the physical needs of the resident are being met.~~

716 (9)(10) Facilities licensed to provide extended congregate
717 care services shall promote aging in place by determining
718 appropriateness of continued residency based on a comprehensive
719 review of the resident's physical and functional status; the
720 ability of the facility, family members, friends, or any other
721 pertinent individuals or agencies to provide the care and
722 services required; and documentation that a written service plan
723 consistent with facility policy has been developed and

831164

576-03911-20

724 implemented to ensure that the resident's needs and preferences
725 are addressed.

726 ~~(11) No resident who requires 24-hour nursing supervision,~~
727 ~~except for a resident who is an enrolled hospice patient~~
728 ~~pursuant to part IV of chapter 400, shall be retained in a~~
729 ~~facility licensed under this part.~~

730 Section 9. Paragraph (k) of subsection (1) and subsection
731 (3) of section 429.28, Florida Statutes, are amended to read:
732 429.28 Resident bill of rights.-

733 (1) No resident of a facility shall be deprived of any
734 civil or legal rights, benefits, or privileges guaranteed by
735 law, the Constitution of the State of Florida, or the
736 Constitution of the United States as a resident of a facility.
737 Every resident of a facility shall have the right to:

738 (k) At least 45 days' notice of relocation or termination
739 of residency from the facility unless, for medical reasons, the
740 resident is certified by a physician to require an emergency
741 relocation to a facility providing a more skilled level of care
742 or the resident engages in a pattern of conduct that is harmful
743 or offensive to other residents. In the case of a resident who
744 has been adjudicated mentally incapacitated, the guardian shall
745 be given at least 45 days' notice of a nonemergency relocation
746 or residency termination. Reasons for relocation ~~must shall~~
747 be set forth in writing and provided to the resident or the
748 resident's legal representative. In order for a facility to
749 terminate the residency of an individual without notice as
750 provided herein, the facility shall show good cause in a court
751 of competent jurisdiction.

752 (3) (a) The agency shall conduct a survey to determine

831164

576-03911-20

753 ~~whether the facility is complying with this part general~~
754 ~~compliance with facility standards and compliance with~~
755 ~~residents' rights~~ as a prerequisite to initial licensure or
756 licensure renewal. ~~The agency shall adopt rules for uniform~~
757 ~~standards and criteria that will be used to determine compliance~~
758 ~~with facility standards and compliance with residents' rights.~~

759 (b) In order to determine whether the facility is
760 adequately protecting residents' rights, the licensure renewal
761 biennial survey must shall include private informal
762 conversations with a sample of residents and consultation with
763 the ombudsman council in the district in which the facility is
764 located to discuss residents' experiences within the facility.

765 Section 10. Subsections (1) and (2) of section 429.31,
766 Florida Statutes, are amended to read:

767 429.31 Closing of facility; notice; penalty.—

768 (1) In addition to the requirements of part II of chapter
769 408, the facility shall inform, in writing, the agency and each
770 resident or the next of kin, legal representative, or agency
771 acting on each resident's behalf, of the fact and the proposed
772 time of discontinuance of operation, following the notification
773 requirements provided in s. 429.28(1)(k). In the event a
774 resident has no person to represent him or her, the facility
775 shall be responsible for referral to an appropriate social
776 service agency for placement.

777 (2) Immediately upon the notice by the agency of the
778 voluntary or involuntary termination of such operation, the
779 agency shall inform the State Long-Term Care Ombudsman Program
780 and monitor the transfer of residents to other facilities and
781 ensure that residents' rights are being protected. The agency,

831164

576-03911-20

782 in consultation with the Department of Children and Families,
783 shall specify procedures for ensuring that all residents who
784 receive services are appropriately relocated.

785 Section 11. Subsections (1), (2), and (5) of section
786 429.41, Florida Statutes, are amended to read:

787 429.41 Rules establishing standards.—

788 (1) It is the intent of the Legislature that rules
789 published and enforced pursuant to this section shall include
790 criteria by which a reasonable and consistent quality of
791 resident care and quality of life may be ensured and the results
792 of such resident care may be demonstrated. Such rules shall also
793 promote ensure a safe and sanitary environment that is
794 residential and noninstitutional in design or nature and may
795 allow for technological advances in the provision of care,
796 safety, and security, including the use of devices, equipment,
797 and other security measures related to wander management,
798 emergency response, staff risk management, and the general
799 safety and security of residents, staff, and the facility. It is
800 further intended that reasonable efforts be made to accommodate
801 the needs and preferences of residents to enhance the quality of
802 life in a facility. ~~Uniform firesafety standards for assisted~~
803 ~~living facilities shall be established by the State Fire Marshal~~
804 ~~pursuant to s. 633.206. The agency may adopt rules to administer~~
805 ~~part II of chapter 408. In order to provide safe and sanitary~~
806 ~~facilities and the highest quality of resident care~~
807 ~~accommodating the needs and preferences of residents,~~ The
808 agency, in consultation with the Department of Children and
809 Families and the Department of Health, shall adopt rules,
810 ~~policies, and procedures~~ to administer this part, which must

831164

576-03911-20

811 include reasonable and fair minimum standards in relation to:

812 (a) The requirements for ~~and~~ maintenance ~~and~~ the sanitary
813 ~~condition~~ of facilities, not in conflict with, ~~or duplicative~~
814 ~~of, the requirements in s. 381.006, s. 381.0072, chapter 553, or~~
815 ~~s. 633.206, relating to a safe and decent living environment,~~
816 ~~including furnishings for resident bedrooms or sleeping areas,~~
817 ~~locking devices, linens plumbing, heating, cooling, lighting,~~
818 ~~ventilation, living space, and other housing conditions relating~~
819 ~~to hazards, which will promote ensure the health, safety, and~~
820 ~~welfare eomfort~~ of residents suitable to the size of the
821 structure. The rules must clearly delineate the respective
822 responsibilities of the agency's licensure and survey staff and
823 the county health departments and ensure that inspections are
824 not duplicative. The agency may collect fees for food service
825 inspections conducted by county health departments and may
826 transfer such fees to the Department of Health.

827 ~~1. Firesafety evacuation capability determination.-An~~
828 ~~evacuation capability evaluation for initial licensure shall be~~
829 ~~conducted within 6 months after the date of licensure.~~

830 ~~2. Firesafety requirements.-~~

831 ~~a. The National Fire Protection Association, Life Safety~~
832 ~~Code, NFPA 101 and 101A, current editions, shall be used in~~
833 ~~determining the uniform firesafety code adopted by the State~~
834 ~~Fire Marshal for assisted living facilities, pursuant to s.~~
835 ~~633.206.~~

836 ~~b. A local government or a utility may charge fees only in~~
837 ~~an amount not to exceed the actual expenses incurred by the~~
838 ~~local government or the utility relating to the installation and~~
839 ~~maintenance of an automatic fire sprinkler system in a licensed~~

831164

576-03911-20

840 ~~assisted living facility structure.~~

841 ~~e. All licensed facilities must have an annual fire~~
842 ~~inspection conducted by the local fire marshal or authority~~
843 ~~having jurisdiction.~~

844 ~~d. An assisted living facility that is issued a building~~
845 ~~permit or certificate of occupancy before July 1, 2016, may at~~
846 ~~its option and after notifying the authority having~~
847 ~~jurisdiction, remain under the provisions of the 1994 and 1995~~
848 ~~editions of the National Fire Protection Association, Life~~
849 ~~Safety Code, NFPA 101, and NFPA 101A. The facility opting to~~
850 ~~remain under such provisions may make repairs, modernizations,~~
851 ~~renovations, or additions to, or rehabilitate, the facility in~~
852 ~~compliance with NFPA 101, 1994 edition, and may utilize the~~
853 ~~alternative approaches to life safety in compliance with NFPA~~
854 ~~101A, 1995 edition. However, a facility for which a building~~
855 ~~permit or certificate of occupancy is issued before July 1,~~
856 ~~2016, that undergoes Level III building alteration or~~
857 ~~rehabilitation, as defined in the Florida Building Code, or~~
858 ~~seeks to utilize features not authorized under the 1994 or 1995~~
859 ~~editions of the Life Safety Code must thereafter comply with all~~
860 ~~aspects of the uniform firesafety standards established under s.~~
861 ~~633.206, and the Florida Fire Prevention Code, in effect for~~
862 ~~assisted living facilities as adopted by the State Fire Marshal.~~

863 ~~3. Resident clopement requirements.-Facilities are required~~
864 ~~to conduct a minimum of two resident clopement prevention and~~
865 ~~response drills per year. All administrators and direct care~~
866 ~~staff must participate in the drills, which shall include a~~
867 ~~review of procedures to address resident clopement. Facilities~~
868 ~~must document the implementation of the drills and ensure that~~

831164

576-03911-20

869 ~~the drills are conducted in a manner consistent with the~~
870 ~~facility's resident eopement policies and procedures.~~

871 (b) The preparation and annual update of a comprehensive
872 emergency management plan. Such standards must be included in
873 the rules adopted by the agency after consultation with the
874 Division of Emergency Management. At a minimum, the rules must
875 provide for plan components that address emergency evacuation
876 transportation; adequate sheltering arrangements; postdisaster
877 activities, including provision of emergency power, food, and
878 water; postdisaster transportation; supplies; staffing;
879 emergency equipment; individual identification of residents and
880 transfer of records; communication with families; and responses
881 to family inquiries. The comprehensive emergency management plan
882 is subject to review and approval by the county local emergency
883 management agency. During its review, the county local emergency
884 management agency shall ensure that the following agencies, at a
885 minimum, are given the opportunity to review the plan: the
886 Department of Health, the Agency for Health Care Administration,
887 and the Division of Emergency Management. ~~Also, appropriate~~
888 ~~volunteer organizations must be given the opportunity to review~~
889 ~~the plan.~~ The county local emergency management agency shall
890 complete its review within 60 days and either approve the plan
891 or advise the facility of necessary revisions. A facility must
892 submit a comprehensive emergency management plan to the county
893 emergency management agency within 30 days after issuance of a
894 license.

895 (c) The number, training, and qualifications of all
896 personnel having responsibility for the care of residents. The
897 rules must require adequate staff to provide for the safety of

831164

576-03911-20

898 all residents. Facilities licensed for 17 or more residents are
899 required to maintain an alert staff for 24 hours per day.

900 ~~(d) All sanitary conditions within the facility and its~~
901 ~~surroundings which will ensure the health and comfort of~~
902 ~~residents. The rules must clearly delineate the responsibilities~~
903 ~~of the agency's licensure and survey staff, the county health~~
904 ~~departments, and the local authority having jurisdiction over~~
905 ~~firesafety and ensure that inspections are not duplicative. The~~
906 ~~agency may collect fees for food service inspections conducted~~
907 ~~by the county health departments and transfer such fees to the~~
908 ~~Department of Health.~~

909 ~~(d)(e)~~ License application and license renewal, transfer of
910 ownership, proper management of resident funds and personal
911 property, surety bonds, resident contracts, refund policies,
912 financial ability to operate, and facility and staff records.

913 ~~(e)(f)~~ Inspections, complaint investigations, moratoriums,
914 classification of deficiencies, levying and enforcement of
915 penalties, ~~and use of income from fees and fines.~~

916 ~~(f)(g)~~ The enforcement of the resident bill of rights
917 specified in s. 429.28.

918 ~~(g)(h)~~ The care ~~and maintenance~~ of residents provided by
919 the facility, which must include, ~~but is not limited to:~~

- 920 1. The supervision of residents;
- 921 2. The provision of personal services;
- 922 3. The provision of, or arrangement for, social and leisure
923 activities;
- 924 4. The assistance in making arrangements ~~arrangement~~ for
925 appointments and transportation to appropriate medical, dental,
926 nursing, or mental health services, as needed by residents;

831164

576-03911-20

927 5. The management of medication stored within the facility
928 and as needed by residents;
929 6. The ~~dietary~~ nutritional needs of residents;
930 7. Resident records; and
931 8. Internal risk management and quality assurance.
932 ~~(h)(i)~~ Facilities holding a limited nursing, extended
933 congregate care, or limited mental health license.
934 ~~(i)(j)~~ The establishment of specific criteria to define
935 appropriateness of resident admission and continued residency in
936 a facility holding a standard, limited nursing, extended
937 congregate care, and limited mental health license.
938 ~~(j)(k)~~ The use of physical or chemical restraints. The use
939 of Posey restraints is prohibited. Other physical restraints may
940 be used in accordance with agency rules when ordered is limited
941 to half-bed rails as prescribed and documented by the resident's
942 physician and consented to by with the consent of the resident
943 or, if applicable, the resident's representative or designee or
944 the resident's surrogate, guardian, or attorney in fact. Such
945 rules must specify requirements for care planning, staff
946 monitoring, and periodic review by a physician. The use of
947 chemical restraints is limited to prescribed dosages of
948 medications authorized by the resident's physician and must be
949 consistent with the resident's diagnosis. Residents who are
950 receiving medications that can serve as chemical restraints must
951 be evaluated by their physician at least annually to assess:
952 1. The continued need for the medication.
953 2. The level of the medication in the resident's blood.
954 3. The need for adjustments in the prescription.
955 ~~(k)(l)~~ The establishment of specific resident elopement

831164

576-03911-20

956 drill requirements and policies and procedures on resident
957 elopement. Facilities shall conduct a minimum of two resident
958 elopement drills each year. All administrators and direct care
959 staff shall participate in the drills, which must include a
960 review of the facility's procedures to address resident
961 elopement. Facilities shall document participation in the
962 drills.
963 (2) In adopting any rules pursuant to this part, the agency
964 shall make distinct standards for facilities based upon facility
965 size; the types of care provided; the physical and mental
966 capabilities and needs of residents; the type, frequency, and
967 amount of services and care offered; and the staffing
968 characteristics of the facility. Rules developed pursuant to
969 this section may not restrict the use of shared staffing and
970 shared programming in facilities that are part of retirement
971 communities that provide multiple levels of care and otherwise
972 meet the requirements of law and rule. If a continuing care
973 facility licensed under chapter 651 or a retirement community
974 offering multiple levels of care licenses a building or part of
975 a building designated for independent living for assisted
976 living, staffing requirements established in rule apply only to
977 residents who receive personal, limited nursing, or extended
978 congregate care services under this part. Such facilities shall
979 retain a log listing the names and unit number for residents
980 receiving these services. The log must be available to surveyors
981 upon request. ~~Except for uniform firesafety standards,~~ The
982 agency shall adopt by rule separate and distinct standards for
983 facilities with 16 or fewer beds and for facilities with 17 or
984 more beds. The standards for facilities with 16 or fewer beds

831164

576-03911-20

985 must be appropriate for a noninstitutional residential
986 environment; however, the structure may not be more than two
987 stories in height and all persons who cannot exit the facility
988 unassisted in an emergency must reside on the first floor. The
989 agency may make other distinctions among types of facilities as
990 necessary to enforce this part. Where appropriate, the agency
991 shall offer alternate solutions for complying with established
992 standards, based on distinctions made by the agency relative to
993 the physical characteristics of facilities and the types of care
994 offered.

995 (5) The agency may use an abbreviated biennial standard
996 licensure inspection that consists of a review of key quality-
997 of-care standards in lieu of a full inspection in a facility
998 that has a good record of past performance. However, a full
999 inspection must be conducted in a facility that has a history of
1000 class I or class II violations; ~~7~~ uncorrected class III
1001 violations; or a class I, class II, or uncorrected class III
1002 violation resulting from a complaint referred by the State Long-
1003 Term Care Ombudsman Program, ~~confirmed ombudsman council~~
1004 ~~complaints, or confirmed licensure complaints~~ within the
1005 previous licensure period immediately preceding the inspection
1006 or if a potentially serious problem is identified during the
1007 abbreviated inspection. The agency shall adopt by rule develop
1008 the key quality-of-care standards ~~with input from the State~~
1009 ~~Long-Term Care Ombudsman Council and representatives of provider~~
1010 ~~groups for incorporation into its rules.~~

1011 Section 12. Section 429.435, Florida Statutes, is created
1012 to read:

1013 429.435 Uniform firesafety standards.—Uniform firesafety

831164

576-03911-20

1014 standards for assisted living facilities that are residential
1015 board and care occupancies shall be established by the State
1016 Fire Marshal pursuant to s. 633.206.

1017 (1) EVACUATION CAPABILITY.—A firesafety evacuation
1018 capability determination shall be conducted within 6 months
1019 after the date of initial licensure of an assisted living
1020 facility, if required.

1021 (2) FIRESAFETY REQUIREMENTS.—

1022 (a) The National Fire Protection Association, Life Safety
1023 Code, NFPA 101 and 101A, current editions, must be used in
1024 determining the uniform firesafety code adopted by the State
1025 Fire Marshal for assisted living facilities, pursuant to s.
1026 633.206.

1027 (b) A local government or a utility may charge fees that do
1028 not exceed the actual costs incurred by the local government or
1029 the utility for the installation and maintenance of an automatic
1030 fire sprinkler system in a licensed assisted living facility
1031 structure.

1032 (c) All licensed facilities must have an annual fire
1033 inspection conducted by the local fire marshal or authority
1034 having jurisdiction.

1035 (d) An assisted living facility that was issued a building
1036 permit or certificate of occupancy before July 1, 2016, at its
1037 option and after notifying the authority having jurisdiction,
1038 may remain under the provisions of the 1994 and 1995 editions of
1039 the National Fire Protection Association, Life Safety Code, NFPA
1040 101 and 101A. A facility opting to remain under such provisions
1041 may make repairs, modernizations, renovations, or additions to
1042 or rehabilitate the facility in compliance with NFPA 101, 1994

831164

576-03911-20

1043 edition, and may use the alternative approaches to life safety
1044 in compliance with NFPA 101A, 1995 edition. However, a facility
1045 for which a building permit or certificate of occupancy was
1046 issued before July 1, 2016, which undergoes Level III building
1047 alteration or rehabilitation, as defined in the Florida Building
1048 Code, or which seeks to use features not authorized under the
1049 1994 or 1995 editions of the Life Safety Code, shall thereafter
1050 comply with all aspects of the uniform firesafety standards
1051 established under s. 633.206 and the Florida Fire Prevention
1052 Code in effect for assisted living facilities as adopted by the
1053 State Fire Marshal.

1054 Section 13. Section 429.52, Florida Statutes, is amended to
1055 read:

1056 429.52 Staff training and educational requirements
1057 programs; core educational requirement.-

1058 (1) ~~Effective October 1, 2015,~~ Each new assisted living
1059 facility employee who has not previously completed core training
1060 must attend a preservice orientation provided by the facility
1061 before interacting with residents. The preservice orientation
1062 must be at least 2 hours in duration and cover topics that help
1063 the employee provide responsible care and respond to the needs
1064 of facility residents. Upon completion, the employee and the
1065 administrator of the facility must sign a statement that the
1066 employee completed the required preservice orientation. The
1067 facility must keep the signed statement in the employee's
1068 personnel record.

1069 (2) Administrators and other assisted living facility staff
1070 must meet minimum training and education requirements
1071 established by the agency by rule. This training and education

831164

576-03911-20

1072 is intended to assist facilities to appropriately respond to the
1073 needs of residents, to maintain resident care and facility
1074 standards, and to meet licensure requirements.

1075 (3) The agency, in conjunction with providers, shall
1076 develop core training requirements for administrators consisting
1077 of core training learning objectives, a competency test, and a
1078 minimum required score to indicate successful ~~passage completion~~
1079 of the core competency test ~~training and educational~~
1080 requirements. The required core competency test ~~training and~~
1081 education must cover at least the following topics:

1082 (a) State law and rules relating to assisted living
1083 facilities.

1084 (b) Resident rights and identifying and reporting abuse,
1085 neglect, and exploitation.

1086 (c) Special needs of elderly persons, persons with mental
1087 illness, and persons with developmental disabilities and how to
1088 meet those needs.

1089 (d) Nutrition and food service, including acceptable
1090 sanitation practices for preparing, storing, and serving food.

1091 (e) Medication management, recordkeeping, and proper
1092 techniques for assisting residents with self-administered
1093 medication.

1094 (f) Firesafety requirements, including fire evacuation
1095 drill procedures and other emergency procedures.

1096 (g) Care of persons with Alzheimer's disease and related
1097 disorders.

1098 (4) A ~~new~~ facility administrator must complete the required
1099 core training and education, including the competency test,
1100 within 90 days after the date of employment as an administrator.

831164

576-03911-20

1101 Failure to do so is a violation of this part and subjects the
1102 violator to an administrative fine as prescribed in s. 429.19.
1103 Administrators licensed in accordance with part II of chapter
1104 468 are exempt from this requirement. Other licensed
1105 professionals may be exempted, as determined by the agency by
1106 rule.

1107 (5) Administrators are required to participate in
1108 continuing education for a minimum of 12 contact hours every 2
1109 years.

1110 (6) Staff ~~involved with the management of medications and~~
1111 ~~assisting with the self-administration of medications under s.~~
1112 ~~429.256 must complete a minimum of 6 additional hours of~~
1113 ~~training provided by a registered nurse or, a licensed~~
1114 ~~pharmacist before providing assistance, or agency staff. Two~~
1115 ~~hours of continuing education are required annually thereafter.~~
1116 The agency shall establish by rule the minimum requirements of
1117 this ~~additional~~ training.

1118 (7) ~~Other~~ Facility staff shall participate in inservice
1119 training relevant to their job duties as specified by agency
1120 ~~of the agency. Topics covered during the preservice~~
1121 ~~orientation are not required to be repeated during inservice~~
1122 ~~training. A single certificate of completion which covers all~~
1123 ~~required inservice training topics may be issued to a~~
1124 ~~participating staff member if the training is provided in a~~
1125 ~~single training course.~~

1126 (8) If the agency determines that there are problems in a
1127 facility which could be reduced through specific staff training
1128 ~~or education~~ beyond that already required under this section,
1129 the agency may require, and provide, or cause to be provided,

831164

576-03911-20

1130 the training ~~or education~~ of any personal care staff in the
1131 facility.

1132 (9) The agency shall adopt rules related to these training
1133 and education requirements, the competency test, necessary
1134 procedures, and competency test fees and shall adopt or contract
1135 with another entity to develop and administer the competency
1136 test. The agency shall adopt a curriculum outline with learning
1137 objectives to be used by core trainers, which shall be used as
1138 the minimum core training content requirements. The agency shall
1139 consult with representatives of stakeholder associations and
1140 agencies in the development of the curriculum outline.

1141 (10) The core training required by this section ~~other than~~
1142 ~~the preservice orientation~~ must be conducted by persons
1143 registered with the agency as having the requisite experience
1144 and credentials to conduct the training. A person seeking to
1145 register as a core trainer must provide the agency with proof of
1146 completion of the ~~minimum~~ core training ~~education~~ requirements,
1147 successful passage of the competency test established under this
1148 section, and proof of compliance with the continuing education
1149 requirement in subsection (5).

1150 (11) A person seeking to register as a core trainer also
1151 must ~~also~~:

1152 (a) Provide proof of completion of a 4-year degree from an
1153 accredited college or university and must have worked in a
1154 management position in an assisted living facility for 3 years
1155 after being core certified;

1156 (b) Have worked in a management position in an assisted
1157 living facility for 5 years after being core certified and have
1158 1 year of teaching experience as an educator or staff trainer

831164

576-03911-20

1159 for persons who work in assisted living facilities or other
1160 long-term care settings;

1161 (c) Have been previously employed as a core trainer for the
1162 agency or department; or

1163 (d) Meet other qualification criteria as defined in rule,
1164 which the agency is authorized to adopt.

1165 (12) The agency shall adopt rules to establish core trainer
1166 registration and removal requirements.

1167 Section 14. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 402

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Health and Human Services); Health Policy Committee; and Senator Harrell

SUBJECT: Assisted Living Facilities

DATE: March 4, 2020

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 402 amends various statutes related to the regulation of an assisted living facility (ALF). The bill:

- Allows the use of certain physical restraints in ALFs, including any device the resident chooses to use and is able to remove or avoid independently.
- Requires ALFs to submit a preliminary adverse incident report and final report through the Agency for Health Care Administration's (AHCA) online portal, or by electronic mail if the portal is offline.
- Revises adverse incident reporting notifications for the AHCA and requirements for ALFs.
- Authorizes unlicensed ALF staff to change the bandages of residents for minor cuts and abrasions.
- Authorizes a resident or his or her representative, designee, surrogate, guardian, or attorney, as applicable, to contract for services with a third party and provides requirements for third-party communication with the facility and requires an ALF to document that it received such communication.
- Removes the requirement for ALF staff assisting with the self-administration of medication to read the label of the medication to the resident. Instead, the bill requires staff to, in the presence of the resident, confirm the medication is correct and advise the resident of the medication name and dosage. The bill also allows the resident to sign a waiver to opt-out of being orally advised and provides the waiver that must be immediately updated each time the resident's medications and dosage change.

- Allows ALFs to admit residents that require 24-hour nursing care, residents that are receiving hospice services, or residents who are bedridden that meet specific criteria.
- Clarifies the requirements for a resident to be admitted to and retained in an ALF.
- Requires each resident to have a medical examination performed no longer than 60 days prior to or up to 30 days after admission to the ALF and requires the AHCA to adopt a form in rule that may be used by the health care practitioner performing the medical examination.
- Amends the Resident Bill of Rights to allow the State Long-Term Care Ombudsman Program to provide assistance to a resident who needs to be relocated due to the closure of a facility.
- Requires an ALF to notify a resident's representative or designee of the need for health care services and assist in making appointments if an underlying condition of dementia or cognitive impairment is determined to exist. If the resident does not have a representative or designee or the ALF cannot reach their representative or designee, the ALF must arrange for the necessary care and services to treat the condition with an appropriate health care provider.
- Amends the AHCA's rulemaking authority to account for technological advances in the provision of care, safety, and security.
- Clarifies who may approve an ALF's comprehensive emergency management plan and allows an ALF to submit the plan up to 30 days after receiving a license.
- Requires the AHCA to conduct a full inspection instead of an abbreviated biennial licensure inspection to review the key quality-of-care standards for a facility that has a class I, class II, or uncorrected class III violation resulting from a complaint referred by the State Long-Term Care Ombudsman Program.
- Consolidates provisions related to firesafety into its own section of law rather than being intermingled with the AHCA's rulemaking authority.
- Amends several provisions related to the ALF administrator core competency curriculum and examination to clarify that the AHCA must adopt an outline and learning objectives for such curriculum.

The bill does not have a fiscal impact on state revenues or expenditures.

The bill takes effect July 1, 2020.

II. Present Situation:

An ALF is a residential establishment, or part of a residential establishment, that provides housing, meals, and one or more personal services for a period exceeding 24 hours to one or more adults who are not relatives of the owner or administrator.¹ A personal service is direct physical assistance with, or supervision of, the activities of daily living and the self-administration of medication.² Activities of daily living include ambulation, bathing, dressing, eating, grooming, toileting, and other similar tasks.³

¹ Section 429.02(5), F.S. An ALF does not include an adult family-care home or a non-transient public lodging establishment.

² Section 429.02(17), F.S.

³ Section 429.02(1), F.S.

An ALF is required to provide care and services appropriate to the needs of the residents accepted for admission to the facility.⁴ The owner or facility administrator determines whether an individual is appropriate for admission to the facility based on a number of criteria.⁵ If, as determined by the facility administrator or health care provider, a resident no longer meets the criteria for continued residency or the facility is unable to meet the resident's needs, the resident must be discharged in accordance with the Resident Bill of Rights.⁶

There are 3,069 licensed ALFs in Florida having a total of 107,144 beds.⁷ An ALF must have a standard license issued by the Agency for Health Care Administration (AHCA) under part I of ch. 429, F.S., and part II of ch. 408, F.S. In addition to a standard license, an ALF may have one or more specialty licenses that allow an ALF to provide additional care. These specialty licenses include limited nursing services,⁸ limited mental health,⁹ and extended congregate care.¹⁰

ALF Staff Training

Administrators and Managers

Administrators and other ALF staff must meet minimum training and education requirements established in rule by the AHCA,¹¹ that are intended to assist ALFs in appropriately responding to the needs of residents, maintaining resident care and facility standards, and meeting licensure requirements.¹²

The current ALF core training requirements established by the AHCA consist of a minimum of 26 hours of training and passing a competency test. Administrators and managers must successfully complete the core training requirements within three months after becoming an ALF administrator or manager. The minimum passing score for the competency test is 75 percent.¹³

Administrators and managers must participate in 12 hours of continuing education in topics related to assisted living every two years.¹⁴ A newly-hired administrator or manager, who has successfully completed the ALF core training and continuing education requirements, is not required to retake the core training. An administrator or manager, who has successfully completed the core training but has not maintained the continuing education requirements, must retake the ALF core training and retake the competency test.¹⁵

⁴ See Rule 59A-36.007, F.A.C., for specific minimum standards.

⁵ Section 429.26, F.S., and Rule 59A-36.006, F.A.C.

⁶ Section 429.28, F.S.

⁷ Agency for Health Care Administration, Health Care Finder. See

⁸ Section 429.07(3)(c), F.S.

⁹ Section 429.075, F.S.

¹⁰ Section 429.07(3)(b), F.S.

¹¹ Rule 59A-36.011, F.A.C.

¹² Section 429.52(1), F.S.

¹³ Administrators who have attended core training prior to July 1, 1997, and managers who attended the core training program prior to April 20, 1998, are not required to take the competency test. Administrators licensed as nursing home administrators in accordance with part II of chapter 468, F.S., are exempt from this requirement.

¹⁴ Rule 59A-36.011, F.A.C.

¹⁵ *Id.*

Staff with Direct Care Responsibilities

Facility administrators or managers are required to provide or arrange for six hours of in-service training for facility staff who provide direct care to residents.¹⁶ Staff training requirements must generally be met within 30 days after staff begin employment at the facility; however, staff must have at least one hour of infection control training before providing direct care to residents. Nurses, certified nursing assistants, and home health aides who are on staff with an ALF are exempt from many of the training requirements. In addition to the standard six hours of in-service training, staff must complete one hour of elopement training and one hour of training on “do not resuscitate” orders. The staff may be required to complete training on special topics such as self-administration of medication and Alzheimer’s disease, if applicable.

Inspections and Surveys

The AHCA is required to conduct a survey, investigation, or monitoring visit of an ALF:

- Prior to the issuance of a license;
- Prior to biennial renewal of a license;
- When there is a change of ownership;
- To monitor ALFs licensed to provide limited nursing services or extended congregate care services;
- To monitor ALFs cited in the previous year for a class I or class II violation or for four or more uncorrected class III violations;
- Upon receipt of an oral or written complaint of practices that threaten the health, safety, or welfare of residents;
- If the AHCA has reason to believe an ALF is violating a provision of part III of ch. 429, F.S., relating to adult day care centers or an administrative rule;
- To determine if cited deficiencies have been corrected; or
- To determine if an ALF is operating without a license.¹⁷

An applicant for licensure renewal is eligible for an abbreviated biennial survey by the AHCA if the applicant does not have any:

- Class I, class II, or uncorrected class III violations;
- Confirmed complaints from the long-term care ombudsman council¹⁸ which were reported to the AHCA by the council; or
- Confirmed licensing complaints within the two licensing periods immediately preceding the current renewal date.¹⁹

¹⁶ *Id.*

¹⁷ Section 429.34, F.S.

¹⁸ Florida’s Long-Term Care Ombudsman Program was founded in 1975 as a result of the federal Older Americans Act, which grants a special set of residents’ rights to individuals who live in long-term care facilities such as nursing homes, assisted living facilities and adult family care homes. Volunteer ombudsmen seek to ensure the health, safety, welfare and rights of these residents throughout Florida. See <http://ombudsman.myflorida.com/AboutUs.php> (last visited on October 30, 2019).

¹⁹ Rule 59A-36.023, F.A.C.

III. Effect of Proposed Changes:

The bill amends various sections in ch. 429, F.S., related to the regulation of ALFs. In addition to technical and conforming changes:

Section 1 amends s. 429.02, F.S., to define “assistive device” to mean any device designed or adapted to help a resident perform an action, a task, an activity of daily living, or a transfer; prevent a fall; or recover from a fall. The term does not include a total body lift or a motorized sit-to-stand lift, with the exception of a chair lift or recliner lift that a resident is able to operate independently. Additionally, the bill amends the definition of “extended congregate care” to make conforming and technical changes and “physical restraint” to eliminate specific examples of what qualifies as a physical restraint and to specify that a device the resident chooses to use and is able to remove does not qualify as a physical restraint.

Section 2 amends s. 429.07, F.S., to specify that required written progress reports maintained on the services offered by extended congregate care and limited nursing services must cover only those services offered by the ALF, not those offered by third parties.

Section 3 amends s. 429.11, F.S., to specify that a county or municipality may not issue a business tax receipt, rather than an occupational license, to an ALF without first determining that the ALF is licensed by the AHCA. This is a technical change in terminology.

Section 4 amends s. 429.176, F.S., to specify that when an ALF changes administrators, the owner of the ALF must provide the AHCA with documentation that the new administrator meets educational requirements (in addition to core training requirements that are already required) within 90 days of the change.

Section 5 amends s. 429.23, F.S., to require ALFs to submit the adverse incident preliminary report and final report through AHCA’s online portal, or by electronic mail if the portal is offline, instead of by facsimile or United States Mail. The bill also adds language to prevent an ALF from being fined for failing to submit a final report until three days after AHCA notifies the ALF that the final report is due if the incident is determined to, in fact, not be an adverse incident. The bill also eliminates the requirement that each ALF file a monthly report with the AHCA that includes any liability claim filed against it.

Section 6 amends s. 429.255, F.S., to authorize unlicensed ALF staff to change the bandages of residents for minor cuts and abrasions. The bill also authorizes a resident or his or her representative, designee, surrogate, guardian, or attorney, as applicable, to contract for services with a third party, provided the resident meets the criteria for residency and continued residency. The third-party is required to communicate with the facility regarding the resident’s condition and the services being provided in accordance with the facility’s policies. The ALF is required to document that it received such communication.

Section 7 amends s. 429.256, F.S., to include transdermal patches in the list of medications that unlicensed ALF staff may assist a resident in self-administering. The bill also clarifies that assistance with the self-administration of medication includes:

- A staff member confirming that the medication is intended for the resident and orally advising the resident of the medication's name and dosage.²⁰ The resident may sign a written waiver to opt-out of being orally advised the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of the medications, and must immediately be updated each time the resident's medications or dosages change; and
- A staff member assisting with the self-administration of a medication that is prescribed "as needed" if the resident requesting the medication is aware of his or her need for the medication and understands the purpose for taking the medication.²¹

Section 8 amends s. 429.26, F.S., to require that each resident receive a medical examination by a licensed physician, a licensed physician assistant, or a licensed advanced practice registered nurse within 60 days before admission to the facility or within 30 days after admission to the facility. The practitioner performing the examination must fill out and sign a form that reflects the resident's condition on the date the examination is performed. The bill specifies that the medical examination form required for admittance to an ALF does not guarantee admission to, continued residency in, or the delivery of services at the facility and must be used only as an informative tool to assist in the determination of the appropriateness of the resident's admission or continued residency. The form used may be the practitioner's own form or a form adopted by the AHCA in rule, both of which must include the following information on the resident:

- Height, weight, and known allergies.
- Significant medical history and diagnoses.
- Physical or sensory limitations, including the need for fall precautions or recommended use of assistive devices.
- Cognitive or behavioral status and a brief description of any behavioral issues known or ascertained by the examining practitioner, including any known history of wandering or elopement.
- Nursing, treatment, or therapy service requirements.
- Whether assistance is needed for ambulating, eating, or transferring.
- Special dietary instructions.
- Whether the resident has any communicable diseases, including necessary precautions that are necessary due to such diseases.
- Whether the resident is bedridden and the presence of any pressure sores.
- Whether the resident needs 24-hour nursing supervision or psychiatric care.
- A list of current prescribed medications as known or ascertained by the examining practitioner and whether the resident can self-administer medications, needs assistance, or needs medication administration.

The bill establishes criteria that for a resident's appropriateness for admission or continued residency, including:

- A facility may admit or retain a resident who receives a health care service or treatment that is designed to be provided within a private residential setting if all requirements for providing that service or treatment are met by the facility or a third party.

²⁰ Current law requires the staff member read the label on the medication. It is unclear whether the label must be read to the resident, however.

²¹ Current law requires the resident to be competent.

- A facility may admit or retain a resident who requires the use of assistive devices.²²
- A facility may admit or retain an individual receiving hospice services if the arrangement is agreed to by the facility and the resident, additional care is provided by a licensed hospice, and the resident is under the care of a physician who agrees that the physical needs of the resident can be met at the facility. The resident must have a plan of care that delineates how the facility and the hospice will meet the scheduled and unscheduled needs of the resident, including, if applicable, staffing for nursing care.
- A facility may not retain a resident who requires 24-hour nursing supervision, except for a resident who is enrolled in hospice services pursuant to part IV of chapter 400.
- A facility may not admit or retain a resident who is bedridden²³ except that:
 - A bedridden resident may be admitted or retained if he or she is receiving hospice services if the arrangement is agreed to by the facility and the resident, additional care is provided by a licensed hospice, and the resident is under the care of a physician who agrees that the physical needs of the resident can be met at the facility.
 - A facility may retain a bedridden resident if the resident is bedridden for no more than seven days or up to 14 days if the facility is licensed to provide extended congregate care.

Additionally, the bill amends the requirement that an ALF must arrange for the necessary care and services to treat a resident who has developed dementia or cognitive impairment to instead require the ALF to notify the resident's designee or representative of the need for such health care services and to assist in making appointments for the resident. If the resident's designee or representative cannot be located or is unresponsive, the ALF retains the requirement to arrange the necessary care for the resident.

Section 9 amends s. 429.28, F.S., to require that a document stating the reasons for relocation of a resident be provided to the resident or the resident's representative; and to clarify the AHCA rulemaking and inspection authority required by the resident's bill of rights.

Section 10 amends s. 429.31, F.S., to provide relocation assistance to a resident of an ALF whose residency is being terminated due to closure of the facility. Specifically, the bill requires the notice of relocation or termination to state that the resident may contact the State Long-Term Care Ombudsman Program for assistance with relocation and must include the statewide toll-free telephone number of the program. The bill requires an ALF to notify the AHCA of its plans to discontinue facility operation. Further, the bill requires the AHCA, upon receiving notice of a facility's voluntary or involuntary termination, to immediately inform the State Long-Term Care Ombudsman Program so they can provide assistance with relocation to the resident.

Section 11 amends s. 429.41, F.S., to:

- Clarify that the AHCA may account for technological advances in the provision of care, safety, and security, including the use of devices, equipment, and other security measures related to wander management, emergency response, staff risk management, and the general safety and security of residents, staff, and the facility in its rules.

²² The term "assistive devices" is defined in section 1 of the bill.

²³ The bill defines "bedridden" as a resident who is confined to a bed because of the inability to: move, turn, or reposition without total physical assistance; transfer to a chair or wheelchair without total physical assistance; or sit safely in a chair or wheelchair without personal assistance or a physical restraint.

- Remove language regarding firesafety standards that are being placed in new section 429.435, F.S. (See section 12 of the bill).
- Clarify that rule requirements for maintenance and sanitary conditions include furnishings for resident bedrooms or sleeping areas, locking devices and linens, but do not include requirements that are duplicative of those in ch. 553, or ss. 381.006, 381.0072, and 633.206, F.S. The bill also requires that the rules clearly delineate the respective responsibilities of the AHCA's licensure and survey staff and the county health departments to ensure that inspections are not duplicative and allows the AHCA to collect fees²⁴ for food service inspections conducted by the county health department and transfer such fees to the Department of Health.
- Remove the requirement that comprehensive emergency management plans be made available for review by appropriate volunteer organizations and require that an ALF submit its plan to the county emergency management agency within 30 days after being issued a license rather than requiring the plan to be approved prior to the issuance of the license.
- Allow the use of physical restraints (as defined in section 1 of the bill) other than Posey restraints²⁵ in accordance with the AHCA rules. Such rules must specify requirements for care planning, staff monitoring, and periodic review by a physician.
- Require the establishment of specific ALF elopement drill requirements, in addition to elopement policies and procedures on resident elopement, and require administrators and direct care staff to review elopement procedures to address resident elopement as part of the elopement drill.
- Allow the AHCA to use an abbreviated survey for an ALF that has had a confirmed ombudsman council complaint or licensure complaint unless such complaint results in a class I, II, or uncorrected class III violation.
- Require the AHCA to adopt key quality-of-care standards in rule and eliminate the requirement to incorporate input from the state long-term care ombudsman council and representatives of provider groups.

Section 12 creates s. 429.435, F.S., to consolidate requirements relating to uniform fire safety standards for ALFs into the new section. The requirements of this section are transposed from s. 429.41, F.S.

Section 13 amends s. 429.52, F.S., to require the AHCA, in conjunction with ALF providers, to develop core training requirements for administrators consisting of core training learning objectives. The bill also requires the AHCA to adopt a curriculum outline that includes the learning objectives.

The bill requires staff assisting with the self-administration of medication to complete six additional hours of training before providing such assistance and two hours of continuing education annually thereafter. The bill also specifies that topics covered in the preservice orientation for ALF staff are not required to be covered again in staff in-service training and that all required in-service training may be completed in a single course.

²⁴ The quarterly fee of \$300 is established in current law under s. 381.0072, F.S.

²⁵ Posey restraints are a generic term for a restraint that restricts a patient's free movement while the patient is in bed.

Additionally the bill requires the AHCA to establish core trainer registration and removal requirements.

Section 14 establishes an effective date of July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 429.02, 429.07, 429.11, 429.176, 429.23, 429.255, 429.256, 429.26, 429.28, 429.31, 429.41, and 429.52.

This bill creates section 429.435 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)**CS/CS by Appropriations on March 3, 2020:**

The committee substitute:

- Removes the definitions of “abuse”, “exploitation”, and “neglect”.
- Amends the definition of “extended congregate care” to make conforming and technical changes.
- Clarifies that a facility that is licensed to provide extended congregate care services must maintain a written progress report on each person who receives nursing services from the facility’s staff. Previously, the bill did not specify nursing services.
- Removes the provision from the definition of “adverse incident” to only include events associated with the ALF’s intervention rather than the resident’s underlying disease or condition.
- Revises adverse incident reporting notifications for the AHCA and requirements for ALFs.
- Authorizes unlicensed ALF staff to change the bandages of residents for minor cuts and abrasions.
- Provides for a resident or his or her representative, designee, surrogate, guardian, or attorney, as applicable, to contract for services with a third party. The third-party is required to communicate with the facility regarding the resident’s condition and the services. The ALF is required to document that it received such communication.
- Clarifies that residents who receive assistance with the self-administration of medication must be orally advised of the medication’s name and dosage and allows a resident to sign a waiver to opt-out of being orally advised. The waiver must include specified information and immediately be updated each time the resident’s medications or dosages change.
- Clarifies the medical examination form must (formerly may) be used only as an informative tool to determine the appropriateness of the resident’s admission to or continued residency on the facility.
- Amends the Resident Bill of Rights to allow the State Long-Term Care Ombudsman Program to provide assistance to a resident who needs to be relocated due to the closure of a facility.
- Removes the prohibition against geriatric chairs as an allowable use of physical restraints.
- Makes technical and conforming changes.

CS by Health Policy on November 5, 2019:

The CS:

- Amends the definition of “neglect” to include the failure to prevent sexual abuse.
- Maintains current law requiring an ALF to submit a preliminary adverse incident report to the AHCA within one business day of the incident occurring.
- Prevents AHCA from fining an ALF for not filing a full adverse incident report until three days after the AHCA provides the ALF with a reminder that the report is due.
- Specifies that the medical examination required for admittance to an ALF is not a guarantee of admission, continued residency, or services to be delivered and that the medical examination is to be used as an informative tool to assist in the determination of the appropriateness of the resident’s admission or continued residency.
- Specifies that an ALF must still arrange the necessary care and services to treat a resident with dementia or other similar condition if the ALF cannot locate the resident’s representative or he or she is not responsive.
- Specifies ss. 381.006 and 381.0072, F.S., in requiring that ALF rules not conflict with or duplicate provisions in the specified sections. Currently, the bill specifies the entire chapter of law.
- Maintains current law authority for AHCA to adopt rules over elopement policies and procedures.
- Specifies that the six hours of training necessary to provide assistance with medication is in addition to other required training.

B. Amendments:

None.

 52 and services if no resident representative or designee
 53 is available or responsive; removing provisions
 54 relating to the retention of certain residents in a
 55 facility; amending s. 429.28, F.S.; revising
 56 residents' rights relating to a safe and secure living
 57 environment; amending s. 429.41, F.S.; revising
 58 legislative intent; removing a provision to conform to

Page 2 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

59 changes made by the act; removing a redundant
 60 provision authorizing the Agency for Health Care
 61 Administration to adopt certain rules; removing
 62 provisions relating to firesafety requirements, which
 63 are relocated to another section; requiring county
 64 emergency management agencies, rather than local
 65 emergency management agencies, to review and approve
 66 or disapprove of a facility's comprehensive emergency
 67 management plan; requiring a facility to submit a
 68 comprehensive emergency management plan to the county
 69 emergency management agency within a specified
 70 timeframe after its licensure; revising the criteria
 71 under which a facility must be fully inspected;
 72 revising standards for the care of residents provided
 73 by a facility; prohibiting the use of geriatric chairs
 74 and Posey restraints in facilities; authorizing other
 75 physical restraints to be used under certain
 76 conditions and in accordance with certain rules;
 77 requiring the agency to establish resident elopement
 78 drill requirements; requiring that elopement drills
 79 include a review of a facility's procedures to address
 80 elopement; revising the criteria under which a
 81 facility must be fully inspected; revising provisions
 82 requiring the agency to adopt by rule key quality-of-
 83 care standards; creating s. 429.435, F.S.; revising
 84 uniform firesafety standards for assisted living
 85 facilities, which are relocated to this section;
 86 amending s. 429.52, F.S.; revising provisions relating
 87 to facility staff training and educational

Page 3 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

88 requirements; requiring the agency, in conjunction
 89 with providers, to establish core training
 90 requirements for facility administrators; revising
 91 continuing education requirements for facility staff
 92 who assist residents with the self-administration of
 93 medications; revising the training requirements for
 94 facility staff; revising provisions relating to the
 95 training responsibilities of the agency; requiring the
 96 agency to contract with another entity to administer a
 97 certain competency test; requiring the department to
 98 adopt a curriculum outline to be used by core
 99 trainers; providing an effective date.

100
101 Be It Enacted by the Legislature of the State of Florida:

102
103 Section 1. Present subsections (1) through (5), (6) through
 104 (10), (11) through (15), and (16) through (27) of section
 105 429.02, Florida Statutes, are redesignated as subsections (2)
 106 through (6), (8) through (12), (14) through (18), and (20)
 107 through (31), respectively, new subsections (1), (7), (13), and
 108 (19) are added, and present subsections (11) and (18) of that
 109 section are amended, to read:

110 429.02 Definitions.—When used in this part, the term:

111 (1) "Abuse" has the same meaning as in s. 415.102.

112 (7) "Assistive device" means any device designed or adapted
 113 to help a resident perform an action, a task, an activity of
 114 daily living, or a transfer; prevent a fall; or recover from a
 115 fall. The term does not include a total body lift or a motorized
 116 sit-to-stand lift, with the exception of a chair lift or

Page 4 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

117 recliner lift that a resident is able to operate independently.
 118 (13) "Exploitation" has the same meaning as in s. 415.102.
 119 (14)(11) "Extended congregate care" means acts beyond those
 120 authorized in subsection (21) which (17) that may be performed
 121 pursuant to part I of chapter 464 by persons licensed thereunder
 122 while carrying out their professional duties, and other
 123 supportive services ~~that~~ which may be specified by rule. The
 124 purpose of such services is to enable residents to age in place
 125 in a residential environment despite mental or physical
 126 limitations that might otherwise disqualify them from residency
 127 in a facility licensed under this part.
 128 (19) "Neglect" has the same meaning as in s. 415.102. For
 129 purposes other than reporting requirements within this part,
 130 "neglect" may also include the failure to prevent sexual abuse
 131 as defined in s. 415.102.
 132 (22)(18) "Physical restraint" means a device ~~that~~ which
 133 physically limits, restricts, or deprives an individual of
 134 movement or mobility, including, ~~but not limited to, a half-bed~~
 135 ~~rail, a full-bed rail, a geriatric chair, and a posey restraint.~~
 136 The term "physical restraint" shall also include any device ~~that~~
 137 ~~is~~ which was not specifically manufactured as a restraint but is
 138 ~~which has been~~ altered, arranged, or otherwise used for ~~that~~
 139 ~~this~~ purpose. The term ~~does shall~~ not include any device that
 140 ~~the resident chooses to use and is able to remove or avoid~~
 141 ~~independently, or any~~ bandage material used for the purpose of
 142 binding a wound or injury.
 143 Section 2. Paragraphs (b) and (c) of subsection (3) of
 144 section 429.07, Florida Statutes, are amended to read:
 145 429.07 License required; fee.-

Page 5 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

146 (3) In addition to the requirements of s. 408.806, each
 147 license granted by the agency must state the type of care for
 148 which the license is granted. Licenses shall be issued for one
 149 or more of the following categories of care: standard, extended
 150 congregate care, limited nursing services, or limited mental
 151 health.
 152 (b) An extended congregate care license shall be issued to
 153 each facility that has been licensed as an assisted living
 154 facility for 2 or more years and that provides services,
 155 directly or through contract, beyond those authorized in
 156 paragraph (a), including services performed by persons licensed
 157 under part I of chapter 464 and supportive services, as defined
 158 by rule, to persons who would otherwise be disqualified from
 159 continued residence in a facility licensed under this part. An
 160 extended congregate care license may be issued to a facility
 161 that has a provisional extended congregate care license and
 162 meets the requirements for licensure under subparagraph 2. The
 163 primary purpose of extended congregate care services is to allow
 164 residents the option of remaining in a familiar setting from
 165 which they would otherwise be disqualified for continued
 166 residency as they become more impaired. A facility licensed to
 167 provide extended congregate care services may also admit an
 168 individual who exceeds the admission criteria for a facility
 169 with a standard license, if he or she is determined appropriate
 170 for admission to the extended congregate care facility.
 171 1. In order for extended congregate care services to be
 172 provided, the agency must first determine that all requirements
 173 established in law and rule are met and must specifically
 174 designate, on the facility's license, that such services may be

Page 6 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

175 provided and whether the designation applies to all or part of
 176 the facility. This designation may be made at the time of
 177 initial licensure or relicensure, or upon request in writing by
 178 a licensee under this part and part II of chapter 408. The
 179 notification of approval or the denial of the request shall be
 180 made in accordance with part II of chapter 408. Each existing
 181 facility that qualifies to provide extended congregate care
 182 services must have maintained a standard license and may not
 183 have been subject to administrative sanctions during the
 184 previous 2 years, or since initial licensure if the facility has
 185 been licensed for less than 2 years, for any of the following
 186 reasons:

- 187 a. A class I or class II violation;
- 188 b. Three or more repeat or recurring class III violations
 189 of identical or similar resident care standards from which a
 190 pattern of noncompliance is found by the agency;
- 191 c. Three or more class III violations that were not
 192 corrected in accordance with the corrective action plan approved
 193 by the agency;
- 194 d. Violation of resident care standards which results in
 195 requiring the facility to employ the services of a consultant
 196 pharmacist or consultant dietitian;
- 197 e. Denial, suspension, or revocation of a license for
 198 another facility licensed under this part in which the applicant
 199 for an extended congregate care license has at least 25 percent
 200 ownership interest; or
- 201 f. Imposition of a moratorium pursuant to this part or part
 202 II of chapter 408 or initiation of injunctive proceedings.

203

588-01170-20

2020402c1

204 The agency may deny or revoke a facility's extended congregate
 205 care license for not meeting the criteria for an extended
 206 congregate care license as provided in this subparagraph.

207 2. If an assisted living facility has been licensed for
 208 less than 2 years, the initial extended congregate care license
 209 must be provisional and may not exceed 6 months. The licensee
 210 shall notify the agency, in writing, when it has admitted at
 211 least one extended congregate care resident, after which an
 212 unannounced inspection shall be made to determine compliance
 213 with the requirements of an extended congregate care license. A
 214 licensee with a provisional extended congregate care license
 215 which ~~that~~ demonstrates compliance with all the requirements of
 216 an extended congregate care license during the inspection shall
 217 be issued an extended congregate care license. In addition to
 218 sanctions authorized under this part, if violations are found
 219 during the inspection and the licensee fails to demonstrate
 220 compliance with all assisted living facility requirements during
 221 a followup inspection, the licensee shall immediately suspend
 222 extended congregate care services, and the provisional extended
 223 congregate care license expires. The agency may extend the
 224 provisional license for not more than 1 month in order to
 225 complete a followup visit.

226 3. A facility that is licensed to provide extended
 227 congregate care services shall maintain a written progress
 228 report on each person who receives services from the facility's
 229 staff which describes the type, amount, duration, scope, and
 230 outcome of services that are rendered and the general status of
 231 the resident's health. A registered nurse, or appropriate
 232 designee, representing the agency shall visit the facility at

588-01170-20

2020402c1

233 least twice a year to monitor residents who are receiving
 234 extended congregate care services and to determine if the
 235 facility is in compliance with this part, part II of chapter
 236 408, and relevant rules. One of the visits may be in conjunction
 237 with the regular survey. The monitoring visits may be provided
 238 through contractual arrangements with appropriate community
 239 agencies. A registered nurse shall serve as part of the team
 240 that inspects the facility. The agency may waive one of the
 241 required yearly monitoring visits for a facility that has:

242 a. Held an extended congregate care license for at least 24
 243 months;

244 b. No class I or class II violations and no uncorrected
 245 class III violations; and

246 c. No ombudsman council complaints that resulted in a
 247 citation for licensure.

248 4. A facility that is licensed to provide extended
 249 congregate care services must:

250 a. Demonstrate the capability to meet unanticipated
 251 resident service needs.

252 b. Offer a physical environment that promotes a homelike
 253 setting, provides for resident privacy, promotes resident
 254 independence, and allows sufficient congregate space as defined
 255 by rule.

256 c. Have sufficient staff available, taking into account the
 257 physical plant and firesafety features of the building, to
 258 assist with the evacuation of residents in an emergency.

259 d. Adopt and follow policies and procedures that maximize
 260 resident independence, dignity, choice, and decisionmaking to
 261 permit residents to age in place, so that moves due to changes

Page 9 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

262 in functional status are minimized or avoided.

263 e. Allow residents or, if applicable, a resident's
 264 representative, designee, surrogate, guardian, or attorney in
 265 fact to make a variety of personal choices, participate in
 266 developing service plans, and share responsibility in
 267 decisionmaking.

268 f. Implement the concept of managed risk.

269 g. Provide, directly or through contract, the services of a
 270 person licensed under part I of chapter 464.

271 h. In addition to the training mandated in s. 429.52,
 272 provide specialized training as defined by rule for facility
 273 staff.

274 5. A facility that is licensed to provide extended
 275 congregate care services is exempt from the criteria for
 276 continued residency set forth in rules adopted under s. 429.41.
 277 A licensed facility must adopt its own requirements within
 278 guidelines for continued residency set forth by rule. However,
 279 the facility may not serve residents who require 24-hour nursing
 280 supervision. A licensed facility that provides extended
 281 congregate care services must also provide each resident with a
 282 written copy of facility policies governing admission and
 283 retention.

284 6. Before the admission of an individual to a facility
 285 licensed to provide extended congregate care services, the
 286 individual must undergo a medical examination as provided in s.
 287 429.26(5) ~~s. 429.26(4)~~ and the facility must develop a
 288 preliminary service plan for the individual.

289 7. If a facility can no longer provide or arrange for
 290 services in accordance with the resident's service plan and

Page 10 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

291 needs and the facility's policy, the facility must make
 292 arrangements for relocating the person in accordance with s.
 293 429.28(1)(k).

294 (c) A limited nursing services license shall be issued to a
 295 facility that provides services beyond those authorized in
 296 paragraph (a) and as specified in this paragraph.

297 1. In order for limited nursing services to be provided in
 298 a facility licensed under this part, the agency must first
 299 determine that all requirements established in law and rule are
 300 met and must specifically designate, on the facility's license,
 301 that such services may be provided. This designation may be made
 302 at the time of initial licensure or licensure renewal, or upon
 303 request in writing by a licensee under this part and part II of
 304 chapter 408. Notification of approval or denial of such request
 305 shall be made in accordance with part II of chapter 408. An
 306 existing facility that qualifies to provide limited nursing
 307 services must have maintained a standard license and may not
 308 have been subject to administrative sanctions that affect the
 309 health, safety, and welfare of residents for the previous 2
 310 years or since initial licensure if the facility has been
 311 licensed for less than 2 years.

312 2. A facility that is licensed to provide limited nursing
 313 services shall maintain a written progress report on each person
 314 who receives such nursing services from the facility's staff.
 315 The report must describe the type, amount, duration, scope, and
 316 outcome of services that are rendered and the general status of
 317 the resident's health. A registered nurse representing the
 318 agency shall visit the facility at least annually to monitor
 319 residents who are receiving limited nursing services and to

Page 11 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

320 determine if the facility is in compliance with applicable
 321 provisions of this part, part II of chapter 408, and related
 322 rules. The monitoring visits may be provided through contractual
 323 arrangements with appropriate community agencies. A registered
 324 nurse shall also serve as part of the team that inspects such
 325 facility. Visits may be in conjunction with other agency
 326 inspections. The agency may waive the required yearly monitoring
 327 visit for a facility that has:

328 a. Had a limited nursing services license for at least 24
 329 months;

330 b. No class I or class II violations and no uncorrected
 331 class III violations; and

332 c. No ombudsman council complaints that resulted in a
 333 citation for licensure.

334 3. A person who receives limited nursing services under
 335 this part must meet the admission criteria established by the
 336 agency for assisted living facilities. When a resident no longer
 337 meets the admission criteria for a facility licensed under this
 338 part, arrangements for relocating the person shall be made in
 339 accordance with s. 429.28(1)(k), unless the facility is licensed
 340 to provide extended congregate care services.

341 Section 3. Subsection (7) of section 429.11, Florida
 342 Statutes, is amended to read:

343 429.11 Initial application for license; provisional
 344 license.—

345 (7) A county or municipality may not issue a business tax
 346 receipt ~~an occupational license~~ that is being obtained for the
 347 purpose of operating a facility regulated under this part
 348 without first ascertaining that the applicant has been licensed

Page 12 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

349 to operate such facility at the specified location or locations
 350 by the agency. The agency shall furnish to local agencies
 351 responsible for issuing ~~business tax receipts occupational~~
 352 ~~licenses~~ sufficient instruction for making such determinations.

353 Section 4. Section 429.176, Florida Statutes, is amended to
 354 read:

355 429.176 Notice of change of administrator.—If, during the
 356 period for which a license is issued, the owner changes
 357 administrators, the owner must notify the agency of the change
 358 within 10 days and provide documentation within 90 days that the
 359 new administrator meets educational requirements and has
 360 completed the applicable core educational requirements under s.
 361 429.52. A facility may not be operated for more than 120
 362 consecutive days without an administrator who has completed the
 363 core educational requirements.

364 Section 5. Subsections (2) through (5) of section 429.23,
 365 Florida Statutes, are amended to read:

366 429.23 Internal risk management and quality assurance
 367 program; adverse incidents and reporting requirements.—

368 (2) Every facility licensed under this part is required to
 369 maintain adverse incident reports. For purposes of this section,
 370 the term, “adverse incident” means:

371 (a) An event over which facility personnel could exercise
 372 control which is associated with the facility’s intervention,
 373 rather than as a result of the resident’s underlying disease or
 374 condition, and the injury results in:

- 375 1. Death;
- 376 2. Brain or spinal damage;
- 377 3. Permanent disfigurement;

Page 13 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

378 4. Fracture or dislocation of bones or joints;

379 5. Any condition that required medical attention to which
 380 the resident has not given his or her consent, including failure
 381 to honor advanced directives;

382 6. Any condition that requires the transfer of the resident
 383 from the facility to a unit providing more acute care due to the
 384 incident rather than the resident’s condition before the
 385 incident; or

386 7. A report made ~~An event that is reported~~ to law
 387 enforcement or its personnel for investigation; or

388 (b) Resident elopement, if the elopement places the
 389 resident at risk of harm or injury.

390 (3) Licensed facilities shall provide within 1 business day
 391 after the occurrence of an adverse incident, ~~by electronic mail,~~
 392 ~~facsimile, or United States mail,~~ a preliminary report to the
 393 agency on all adverse incidents specified under this section.
 394 The report must include information regarding the identity of
 395 the affected resident, the type of adverse incident, and the
 396 result status of the facility’s investigation of the incident.

397 (4) Licensed facilities shall provide within 15 days, ~~by~~
 398 ~~electronic mail, facsimile, or United States mail,~~ a full report
 399 to the agency on all adverse incidents specified in this
 400 section. The report must include the results of the facility’s
 401 investigation into the adverse incident.

402 (5) The agency shall send, by electronic mail, reminders to
 403 the facility’s administrator and other specified facility
 404 contacts 3 business days before the deadline for the submission
 405 of the full report. If the facility determines that the event is
 406 not an adverse incident, the facility must withdraw the

Page 14 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

407 preliminary report. Until 3 business days after the agency
 408 provides the reminder, facilities shall not be subject to any
 409 administrative or other action for failing to file a full report
 410 if the facility determined that the event was not an adverse
 411 incident after filing the preliminary report. Each facility
 412 ~~shall report monthly to the agency any liability claim filed~~
 413 ~~against it. The report must include the name of the resident,~~
 414 ~~the dates of the incident leading to the claim, if applicable,~~
 415 ~~and the type of injury or violation of rights alleged to have~~
 416 ~~occurred. This report is not discoverable in any civil or~~
 417 ~~administrative action, except in such actions brought by the~~
 418 ~~agency to enforce the provisions of this part.~~

419 Section 6. Subsection (4) of section 429.255, Florida
 420 Statutes, is amended to read:

421 429.255 Use of personnel; emergency care.—

422 (4) Facility staff may withhold or withdraw cardiopulmonary
 423 resuscitation or the use of an automated external defibrillator
 424 if presented with an order not to resuscitate executed pursuant
 425 to s. 401.45. The agency shall adopt rules providing for the
 426 implementation of such orders. Facility staff and facilities may
 427 not be subject to criminal prosecution or civil liability, nor
 428 be considered to have engaged in negligent or unprofessional
 429 conduct, for withholding or withdrawing cardiopulmonary
 430 resuscitation or use of an automated external defibrillator
 431 pursuant to such an order and rules adopted by the agency. The
 432 absence of an order not to resuscitate executed pursuant to s.
 433 401.45 does not preclude a physician from withholding or
 434 withdrawing cardiopulmonary resuscitation or use of an automated
 435 external defibrillator as otherwise permitted by law.

Page 15 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

436 Section 7. Subsection (2), paragraph (b) of subsection (3),
 437 and paragraphs (e), (f), and (g) of subsection (4) of section
 438 429.256, Florida Statutes, are amended to read:

439 429.256 Assistance with self-administration of medication.—

440 (2) Residents who are capable of self-administering their
 441 own medications without assistance shall be encouraged and
 442 allowed to do so. However, an unlicensed person may, consistent
 443 with a dispensed prescription's label or the package directions
 444 of an over-the-counter medication, assist a resident whose
 445 condition is medically stable with the self-administration of
 446 routine, regularly scheduled medications that are intended to be
 447 self-administered. Assistance with self-medication by an
 448 unlicensed person may occur only upon a documented request by,
 449 and the written informed consent of, a resident or the
 450 resident's surrogate, guardian, or attorney in fact. For the
 451 purposes of this section, self-administered medications include
 452 both legend and over-the-counter oral dosage forms, topical
 453 dosage forms, transdermal patches, and topical ophthalmic, otic,
 454 and nasal dosage forms including solutions, suspensions, sprays,
 455 and inhalers.

456 (3) Assistance with self-administration of medication
 457 includes:

458 (b) In the presence of the resident, confirming that the
 459 medication is intended for that resident, orally advising the
 460 resident of the medication name and purpose ~~reading the label,~~
 461 opening the container, removing a prescribed amount of
 462 medication from the container, and closing the container.

463 (4) Assistance with self-administration does not include:

464 (e) The use of irrigations or debriding agents used in the

Page 16 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

465 treatment of a skin condition.

466 (f) Assisting with rectal, urethral, or vaginal
467 preparations.

468 (g) Assisting with medications ordered by the physician or
469 health care professional with prescriptive authority to be given
470 "as needed," unless the order is written with specific
471 parameters that preclude independent judgment on the part of the
472 unlicensed person, and ~~at the request of a competent resident~~
473 requesting the medication is aware of his or her need for the
474 medication and understands the purpose for taking the
475 medication.

476 Section 8. Section 429.26, Florida Statutes, is amended to
477 read:

478 429.26 Appropriateness of placements; examinations of
479 residents.-

480 (1) The owner or administrator of a facility is responsible
481 for determining the appropriateness of admission of an
482 individual to the facility and for determining the continued
483 appropriateness of residence of an individual in the facility. A
484 determination ~~must shall~~ be based upon an evaluation assessment
485 of the strengths, needs, and preferences of the resident, a
486 medical examination, the care and services offered or arranged
487 for by the facility in accordance with facility policy, and any
488 limitations in law or rule related to admission criteria or
489 continued residency for the type of license held by the facility
490 under this part. The following criteria apply to the
491 determination of appropriateness for admission and continued
492 residency of an individual in a facility:

493 (a) A facility may admit or retain a resident who receives

588-01170-20

2020402c1

494 a health care service or treatment that is designed to be
495 provided within a private residential setting if all
496 requirements for providing that service or treatment are met by
497 the facility or a third party.

498 (b) A facility may admit or retain a resident who requires
499 the use of assistive devices.

500 (c) A facility may admit or retain an individual receiving
501 hospice services if the arrangement is agreed to by the facility
502 and the resident, additional care is provided by a licensed
503 hospice, and the resident is under the care of a physician who
504 agrees that the physical needs of the resident can be met at the
505 facility. The resident must have a plan of care which delineates
506 how the facility and the hospice will meet the scheduled and
507 unscheduled needs of the resident.

508 (d)1. Except for a resident who is receiving hospice
509 services as provided in paragraph (c), a facility may not admit
510 or retain a resident who is bedridden or who requires 24-hour
511 nursing supervision. For purposes of this paragraph, the term
512 "bedridden" means that a resident is confined to a bed because
513 of the inability to:

514 a. Move, turn, or reposition without total physical
515 assistance;

516 b. Transfer to a chair or wheelchair without total physical
517 assistance; or

518 c. Sit safely in a chair or wheelchair without personal
519 assistance or a physical restraint.

520 2. A resident may continue to reside in a facility if,
521 during residency, he or she is bedridden for no more than 7
522 consecutive days.

588-01170-20

2020402c1

523 3. If a facility is licensed to provide extended congregate
 524 care, a resident may continue to reside in a facility if, during
 525 residency, he or she is bedridden for no more than 14
 526 consecutive days.

527 (2) A resident may not be moved from one facility to
 528 another without consultation with and agreement from the
 529 resident or, if applicable, the resident's representative or
 530 designee or the resident's family, guardian, surrogate, or
 531 attorney in fact. In the case of a resident who has been placed
 532 by the department or the Department of Children and Families,
 533 the administrator must notify the appropriate contact person in
 534 the applicable department.

535 (3)(2) A physician, physician assistant, or advanced
 536 practice registered nurse practitioner who is employed by an
 537 assisted living facility to provide an initial examination for
 538 admission purposes may not have financial interests ~~interest~~ in
 539 the facility.

540 (4)(3) Persons licensed under part I of chapter 464 who are
 541 employed by or under contract with a facility shall, on a
 542 routine basis or at least monthly, perform a nursing assessment
 543 of the residents for whom they are providing nursing services
 544 ordered by a physician, except administration of medication, and
 545 shall document such assessment, including any substantial
 546 changes in a resident's status which may necessitate relocation
 547 to a nursing home, hospital, or specialized health care
 548 facility. Such records shall be maintained in the facility for
 549 inspection by the agency and shall be forwarded to the
 550 resident's case manager, if applicable.

551 (5)(4) ~~If possible,~~ Each resident must ~~shall~~ have been

Page 19 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

552 examined by a licensed physician, a licensed physician
 553 assistant, or a licensed advanced practice registered nurse
 554 ~~practitioner~~ within 60 days before admission to the facility or
 555 within 30 days after admission to the facility, except as
 556 provided in s. 429.07. The information from the medical
 557 examination must be recorded on the practitioner's form or on a
 558 form adopted by agency rule. The ~~signed and completed~~ medical
 559 examination form, signed by the practitioner, must ~~report~~ shall
 560 be submitted to the owner or administrator of the facility, who
 561 shall use the information contained therein to assist in the
 562 determination of the appropriateness of the resident's admission
 563 to or ~~and~~ continued residency ~~stay~~ in the facility. The medical
 564 examination form may be used only to record the health care
 565 provider's direct observation of the patient at the time of
 566 examination and must include any known medical history. The
 567 medical examination form is not a guarantee of admission,
 568 continued residency, or the delivery of services and may be used
 569 only as an informative tool to assist in the determination of
 570 the appropriateness of the resident's admission to or continued
 571 residency in the facility. The medical examination form,
 572 reflecting the resident's condition on the date the examination
 573 is performed, becomes ~~report~~ shall become a permanent part of
 574 the facility's record of the resident ~~at the facility~~ and must
 575 ~~shall~~ be made available to the agency during inspection or upon
 576 request. An assessment that has been completed through the
 577 Comprehensive Assessment and Review for Long-Term Care Services
 578 (CARES) Program fulfills the requirements for a medical
 579 examination under this subsection and s. 429.07(3)(b)6.

580 (6) The medical examination form submitted under subsection

Page 20 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

581 (5) must include the following information relating to the
 582 resident:

583 (a) Height, weight, and known allergies.
 584 (b) Significant medical history and diagnoses.
 585 (c) Physical or sensory limitations, including the need for
 586 fall precautions or recommended use of assistive devices.
 587 (d) Cognitive or behavioral status and a brief description
 588 of any behavioral issues known or ascertained by the examining
 589 practitioner, including any known history of wandering or
 590 elopement.

591 (e) Nursing, treatment, or therapy service requirements.
 592 (f) Whether assistance is needed for ambulating, eating, or
 593 transferring.

594 (g) Special dietary instructions.
 595 (h) Whether he or she has any communicable diseases,
 596 including necessary precautions.

597 (i) Whether he or she is bedridden and the status of any
 598 pressure sores that he or she has.

599 (j) Whether the resident needs 24-hour nursing supervision
 600 or psychiatric care.

601 (k) A list of current prescribed medications as known or
 602 ascertained by the examining practitioner and whether the
 603 resident can self-administer medications, needs assistance, or
 604 needs medication administration.

605 ~~(5) Except as provided in s. 429.07, if a medical~~
 606 ~~examination has not been completed within 60 days before the~~
 607 ~~admission of the resident to the facility, a licensed physician,~~
 608 ~~licensed physician assistant, or licensed nurse practitioner~~
 609 ~~shall examine the resident and complete a medical examination~~

Page 21 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

610 ~~form provided by the agency within 30 days following the~~
 611 ~~admission to the facility to enable the facility owner or~~
 612 ~~administrator to determine the appropriateness of the admission.~~
 613 ~~The medical examination form shall become a permanent part of~~
 614 ~~the record of the resident at the facility and shall be made~~
 615 ~~available to the agency during inspection by the agency or upon~~
 616 ~~request.~~

617 (7)(6) Any resident accepted in a facility and placed by
 618 ~~the department or~~ the Department of Children and Families must
 619 ~~shall~~ have been examined by medical personnel within 30 days
 620 before placement in the facility. The examination must shall
 621 include an assessment of the appropriateness of placement in a
 622 facility. The findings of this examination must shall be
 623 recorded on the examination form provided by the agency. The
 624 completed form must shall accompany the resident and ~~shall~~ be
 625 submitted to the facility owner or administrator. Additionally,
 626 in the case of a mental health resident, the Department of
 627 Children and Families must provide documentation that the
 628 individual has been assessed by a psychiatrist, clinical
 629 psychologist, clinical social worker, or psychiatric nurse, or
 630 an individual who is supervised by one of these professionals,
 631 and determined to be appropriate to reside in an assisted living
 632 facility. The documentation must be in the facility within 30
 633 days after the mental health resident has been admitted to the
 634 facility. An evaluation completed upon discharge from a state
 635 mental hospital meets the requirements of this subsection
 636 related to appropriateness for placement as a mental health
 637 resident provided that providing it was completed within 90 days
 638 prior to admission to the facility. The ~~applicable~~ Department of

Page 22 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

639 Children and Families shall provide to the facility
 640 administrator any information about the resident ~~which that~~
 641 would help the administrator meet his or her responsibilities
 642 under subsection (1). Further, Department of Children and
 643 Families personnel shall explain to the facility operator any
 644 special needs of the resident and advise the operator whom to
 645 call should problems arise. The ~~applicable~~ Department of
 646 Children and Families shall advise and assist the facility
 647 administrator ~~when where~~ the special needs of residents who are
 648 recipients of optional state supplementation require such
 649 assistance.

650 ~~(8)(7)~~ The facility shall must notify a licensed physician
 651 when a resident exhibits signs of dementia or cognitive
 652 impairment or has a change of condition in order to rule out the
 653 presence of an underlying physiological condition that may be
 654 contributing to such dementia or impairment. The notification
 655 must occur within 30 days after the acknowledgment of such signs
 656 by facility staff. If an underlying condition is determined to
 657 exist, the facility must notify the resident's representative or
 658 designee of the need for health care services and must assist in
 659 making appointments for shall arrange, with the appropriate
 660 health care provider, the necessary care and services to treat
 661 the condition. If the resident does not have a representative or
 662 designee or if the resident's representative or designee cannot
 663 be located or is unresponsive, the facility shall arrange, with
 664 the appropriate health care provider, the necessary care and
 665 services to treat the condition.

666 ~~(9)(8)~~ The Department of Children and Families may require
 667 an examination for supplemental security income and optional

588-01170-20

2020402c1

668 state supplementation recipients residing in facilities at any
 669 time and shall provide the examination whenever a resident's
 670 condition requires it. Any facility administrator; personnel of
 671 the agency, the department, or the Department of Children and
 672 Families; or a representative of the State Long-Term Care
 673 Ombudsman Program who believes a resident needs to be evaluated
 674 shall notify the resident's case manager, who shall take
 675 appropriate action. A report of the examination findings must
 676 ~~shall~~ be provided to the resident's case manager and the
 677 facility administrator to help the administrator meet his or her
 678 responsibilities under subsection (1).

679 ~~(9) A terminally ill resident who no longer meets the~~
 680 ~~criteria for continued residency may remain in the facility if~~
 681 ~~the arrangement is mutually agreeable to the resident and the~~
 682 ~~facility; additional care is rendered through a licensed~~
 683 ~~hospice, and the resident is under the care of a physician who~~
 684 ~~agrees that the physical needs of the resident are being met.~~

685 (10) Facilities licensed to provide extended congregate
 686 care services shall promote aging in place by determining
 687 appropriateness of continued residency based on a comprehensive
 688 review of the resident's physical and functional status; the
 689 ability of the facility, family members, friends, or any other
 690 pertinent individuals or agencies to provide the care and
 691 services required; and documentation that a written service plan
 692 consistent with facility policy has been developed and
 693 implemented to ensure that the resident's needs and preferences
 694 are addressed.

695 ~~(11) No resident who requires 24-hour nursing supervision,~~
 696 ~~except for a resident who is an enrolled hospice patient~~

588-01170-20

2020402c1

697 ~~pursuant to part IV of chapter 400, shall be retained in a~~
 698 ~~facility licensed under this part.~~

699 Section 9. Paragraphs (a) and (k) of subsection (1) and
 700 subsection (3) of section 429.28, Florida Statutes, are amended
 701 to read:

702 429.28 Resident bill of rights.—

703 (l) No resident of a facility shall be deprived of any
 704 civil or legal rights, benefits, or privileges guaranteed by
 705 law, the Constitution of the State of Florida, or the
 706 Constitution of the United States as a resident of a facility.
 707 Every resident of a facility shall have the right to:

708 (a) Live in a safe and decent living environment, free from
 709 abuse, ~~and neglect, and exploitation.~~

710 (k) At least 45 days' notice of relocation or termination
 711 of residency from the facility unless, for medical reasons, the
 712 resident is certified by a physician to require an emergency
 713 relocation to a facility providing a more skilled level of care
 714 or the resident engages in a pattern of conduct that is harmful
 715 or offensive to other residents. In the case of a resident who
 716 has been adjudicated mentally incapacitated, the guardian shall
 717 be given at least 45 days' notice of a nonemergency relocation
 718 or residency termination. Reasons for relocation ~~must shall~~ be
 719 set forth in writing and provided to the resident or the
 720 resident's legal representative. In order for a facility to
 721 terminate the residency of an individual without notice as
 722 provided herein, the facility shall show good cause in a court
 723 of competent jurisdiction.

724 (3) (a) The agency shall conduct a survey to determine
 725 whether the facility is complying with this section general

Page 25 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

726 ~~compliance with facility standards and compliance with~~
 727 ~~residents' rights as a prerequisite to initial licensure or~~
 728 ~~licensure renewal. The agency shall adopt rules for uniform~~
 729 ~~standards and criteria that will be used to determine compliance~~
 730 ~~with facility standards and compliance with residents' rights.~~

731 (b) In order to determine whether the facility is
 732 adequately protecting residents' rights, the licensure renewal
 733 biennial survey must shall include private informal
 734 conversations with a sample of residents and consultation with
 735 the ombudsman council in the district in which the facility is
 736 located to discuss residents' experiences within the facility.

737 Section 10. Section 429.41, Florida Statutes, is amended to
 738 read:

739 429.41 Rules establishing standards.—

740 (1) It is the intent of the Legislature that rules
 741 published and enforced pursuant to this section shall include
 742 criteria by which a reasonable and consistent quality of
 743 resident care and quality of life may be ensured and the results
 744 of such resident care may be demonstrated. Such rules shall also
 745 promote ensure a safe and sanitary environment that is
 746 residential and noninstitutional in design or nature and may
 747 allow for technological advances in the provision of care,
 748 safety, and security, including the use of devices, equipment,
 749 and other security measures related to wander management,
 750 emergency response, staff risk management, and the general
 751 safety and security of residents, staff, and the facility. It is
 752 further intended that reasonable efforts be made to accommodate
 753 the needs and preferences of residents to enhance the quality of
 754 life in a facility. ~~Uniform firesafety standards for assisted~~

755 ~~living facilities shall be established by the State Fire Marshal~~
 756 ~~pursuant to s. 633.206. The agency may adopt rules to administer~~
 757 ~~part II of chapter 408. In order to provide safe and sanitary~~
 758 ~~facilities and the highest quality of resident care~~
 759 ~~accommodating the needs and preferences of residents,~~ The
 760 agency, in consultation with the Department of Children and
 761 Families and the Department of Health, shall adopt rules,
 762 ~~policies, and procedures~~ to administer this part, which must
 763 include reasonable and fair minimum standards in relation to:
 764 (a) The requirements for and maintenance and the sanitary
 765 condition of facilities, not in conflict with, or duplicative
 766 of, rules adopted pursuant to s. 381.006(16) and s. 381.0072 and
 767 standards established under chapter 553 and s. 633.206, relating
 768 to a safe and decent living environment, including furnishings
 769 for resident bedrooms or sleeping areas, locking devices, lines
 770 plumbing, heating, cooling, lighting, ventilation, living space,
 771 and other housing conditions relating to hazards, which will
 772 promote ensure the health, safety, and welfare eomfort of
 773 residents suitable to the size of the structure. The rules must
 774 clearly delineate the respective responsibilities of the
 775 agency's licensure and survey staff and the county health
 776 departments and ensure that inspections are not duplicative. The
 777 agency may collect fees for food service inspections conducted
 778 by county health departments and may transfer such fees to the
 779 Department of Health.
 780 ~~1. Firesafety evacuation capability determination.—An~~
 781 ~~evacuation capability evaluation for initial licensure shall be~~
 782 ~~conducted within 6 months after the date of licensure.~~
 783 ~~2. Firesafety requirements.—~~

784 a. ~~The National Fire Protection Association, Life Safety~~
 785 ~~Code, NFPA 101 and 101A, current editions, shall be used in~~
 786 ~~determining the uniform firesafety code adopted by the State~~
 787 ~~Fire Marshal for assisted living facilities, pursuant to s.~~
 788 ~~633.206.~~
 789 b. ~~A local government or a utility may charge fees only in~~
 790 ~~an amount not to exceed the actual expenses incurred by the~~
 791 ~~local government or the utility relating to the installation and~~
 792 ~~maintenance of an automatic fire sprinkler system in a licensed~~
 793 ~~assisted living facility structure.~~
 794 e. ~~All licensed facilities must have an annual fire~~
 795 ~~inspection conducted by the local fire marshal or authority~~
 796 ~~having jurisdiction.~~
 797 d. ~~An assisted living facility that is issued a building~~
 798 ~~permit or certificate of occupancy before July 1, 2016, may at~~
 799 ~~its option and after notifying the authority having~~
 800 ~~jurisdiction, remain under the provisions of the 1994 and 1995~~
 801 ~~editions of the National Fire Protection Association, Life~~
 802 ~~Safety Code, NFPA 101, and NFPA 101A. The facility opting to~~
 803 ~~remain under such provisions may make repairs, modernizations,~~
 804 ~~renovations, or additions to, or rehabilitate, the facility in~~
 805 ~~compliance with NFPA 101, 1994 edition, and may utilize the~~
 806 ~~alternative approaches to life safety in compliance with NFPA~~
 807 ~~101A, 1995 edition. However, a facility for which a building~~
 808 ~~permit or certificate of occupancy is issued before July 1,~~
 809 ~~2016, that undergoes Level III building alteration or~~
 810 ~~rehabilitation, as defined in the Florida Building Code, or~~
 811 ~~seeks to utilize features not authorized under the 1994 or 1995~~
 812 ~~editions of the Life Safety Code must thereafter comply with all~~

Page 28 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

813 aspects of the uniform firesafety standards established under s.
814 633.206, and the Florida Fire Prevention Code, in effect for
815 assisted living facilities as adopted by the State Fire Marshal.

816 ~~3. Resident elopement requirements. Facilities are required~~
817 ~~to conduct a minimum of two resident elopement prevention and~~
818 ~~response drills per year. All administrators and direct care~~
819 ~~staff must participate in the drills, which shall include a~~
820 ~~review of procedures to address resident elopement. Facilities~~
821 ~~must document the implementation of the drills and ensure that~~
822 ~~the drills are conducted in a manner consistent with the~~
823 ~~facility's resident elopement policies and procedures.~~

824 (b) The preparation and annual update of a comprehensive
825 emergency management plan. Such standards must be included in
826 the rules adopted by the agency after consultation with the
827 Division of Emergency Management. At a minimum, the rules must
828 provide for plan components that address emergency evacuation
829 transportation; adequate sheltering arrangements; postdisaster
830 activities, including provision of emergency power, food, and
831 water; postdisaster transportation; supplies; staffing;
832 emergency equipment; individual identification of residents and
833 transfer of records; communication with families; and responses
834 to family inquiries. The comprehensive emergency management plan
835 is subject to review and approval by the county local emergency
836 management agency. During its review, the county local emergency
837 management agency shall ensure that the following agencies, at a
838 minimum, are given the opportunity to review the plan: the
839 Department of Health, the Agency for Health Care Administration,
840 and the Division of Emergency Management. ~~Also, appropriate~~
841 ~~volunteer organizations must be given the opportunity to review~~

Page 29 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

842 ~~the plan.~~ The county local emergency management agency shall
843 complete its review within 60 days and either approve the plan
844 or advise the facility of necessary revisions. A facility must
845 submit a comprehensive emergency management plan to the county
846 emergency management agency within 30 days after issuance of a
847 license.

848 (c) The number, training, and qualifications of all
849 personnel having responsibility for the care of residents. The
850 rules must require adequate staff to provide for the safety of
851 all residents. Facilities licensed for 17 or more residents are
852 required to maintain an alert staff for 24 hours per day.

853 ~~(d) All sanitary conditions within the facility and its~~
854 ~~surroundings which will ensure the health and comfort of~~
855 ~~residents. The rules must clearly delineate the responsibilities~~
856 ~~of the agency's licensure and survey staff, the county health~~
857 ~~departments, and the local authority having jurisdiction over~~
858 ~~firesafety and ensure that inspections are not duplicative. The~~
859 ~~agency may collect fees for food service inspections conducted~~
860 ~~by the county health departments and transfer such fees to the~~
861 ~~Department of Health.~~

862 ~~(d)(e)~~ License application and license renewal, transfer of
863 ownership, proper management of resident funds and personal
864 property, surety bonds, resident contracts, refund policies,
865 financial ability to operate, and facility and staff records.

866 ~~(e)(f)~~ Inspections, complaint investigations, moratoriums,
867 classification of deficiencies, ~~levying~~ and enforcement of
868 penalties, ~~and use of income from fees and fines.~~

869 ~~(f)(g)~~ The enforcement of the resident bill of rights
870 specified in s. 429.28.

Page 30 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

871 ~~(g)(h)~~ The care ~~and maintenance~~ of residents provided by
 872 the facility, which must include, ~~but is not limited to:~~
 873 1. The supervision of residents;
 874 2. The provision of personal services;
 875 3. The provision of, or arrangement for, social and leisure
 876 activities;
 877 4. The assistance in making arrangements ~~arrangement~~ for
 878 appointments and transportation to appropriate medical, dental,
 879 nursing, or mental health services, as needed by residents;
 880 5. The management of medication stored within the facility
 881 and as needed by residents;
 882 6. The dietary ~~nutritional~~ needs of residents;
 883 7. Resident records; and
 884 8. Internal risk management and quality assurance.
 885 ~~(h)(i)~~ Facilities holding a limited nursing, extended
 886 congregate care, or limited mental health license.
 887 ~~(i)(j)~~ The establishment of specific criteria to define
 888 appropriateness of resident admission and continued residency in
 889 a facility holding a standard, limited nursing, extended
 890 congregate care, and limited mental health license.
 891 ~~(j)(k)~~ The use of physical or chemical restraints. The use
 892 of geriatric chairs or Posey restraints is prohibited. Other
 893 physical restraints may be used in accordance with agency rules
 894 when ordered is limited to half-bed rails as prescribed and
 895 documented by the resident's physician and consented to by ~~with~~
 896 ~~the consent of~~ the resident or, if applicable, the resident's
 897 representative or designee or the resident's surrogate,
 898 guardian, or attorney in fact. Such rules must specify
 899 requirements for care planning, staff monitoring, and periodic

Page 31 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

900 review by a physician. The use of chemical restraints is limited
 901 to prescribed dosages of medications authorized by the
 902 resident's physician and must be consistent with the resident's
 903 diagnosis. Residents who are receiving medications that can
 904 serve as chemical restraints must be evaluated by their
 905 physician at least annually to assess:
 906 1. The continued need for the medication.
 907 2. The level of the medication in the resident's blood.
 908 3. The need for adjustments in the prescription.
 909 ~~(k)(l)~~ The establishment of specific resident elopement
 910 drill requirements, policies, and procedures ~~on resident~~
 911 ~~elopement~~. Facilities shall conduct a minimum of two resident
 912 elopement drills each year. All administrators and direct care
 913 staff shall participate in the drills, which must include a
 914 review of the facility's procedures to address resident
 915 elopement. Facilities shall document participation in the
 916 drills.
 917 (2) In adopting any rules pursuant to this part, the agency
 918 shall make distinct standards for facilities based upon facility
 919 size; the types of care provided; the physical and mental
 920 capabilities and needs of residents; the type, frequency, and
 921 amount of services and care offered; and the staffing
 922 characteristics of the facility. Rules developed pursuant to
 923 this section may not restrict the use of shared staffing and
 924 shared programming in facilities that are part of retirement
 925 communities that provide multiple levels of care and otherwise
 926 meet the requirements of law and rule. If a continuing care
 927 facility licensed under chapter 651 or a retirement community
 928 offering multiple levels of care licenses a building or part of

Page 32 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

929 a building designated for independent living for assisted
 930 living, staffing requirements established in rule apply only to
 931 residents who receive personal, limited nursing, or extended
 932 congregate care services under this part. Such facilities shall
 933 retain a log listing the names and unit number for residents
 934 receiving these services. The log must be available to surveyors
 935 upon request. ~~Except for uniform firesafety standards,~~ The
 936 agency shall adopt by rule separate and distinct standards for
 937 facilities with 16 or fewer beds and for facilities with 17 or
 938 more beds. The standards for facilities with 16 or fewer beds
 939 must be appropriate for a noninstitutional residential
 940 environment; however, the structure may not be more than two
 941 stories in height and all persons who cannot exit the facility
 942 unassisted in an emergency must reside on the first floor. The
 943 agency may make other distinctions among types of facilities as
 944 necessary to enforce this part. Where appropriate, the agency
 945 shall offer alternate solutions for complying with established
 946 standards, based on distinctions made by the agency relative to
 947 the physical characteristics of facilities and the types of care
 948 offered.

949 (3) Rules adopted by the agency shall encourage the
 950 development of homelike facilities that promote the dignity,
 951 individuality, personal strengths, and decisionmaking ability of
 952 residents.

953 (4) The agency may waive rules adopted under this part to
 954 demonstrate and evaluate innovative or cost-effective congregate
 955 care alternatives that enable individuals to age in place. Such
 956 waivers may be granted only in instances where there is
 957 reasonable assurance that the health, safety, or welfare of

Page 33 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

958 residents will not be endangered. To apply for a waiver, the
 959 licensee shall submit to the agency a written description of the
 960 concept to be demonstrated, including goals, objectives, and
 961 anticipated benefits; the number and types of residents who will
 962 be affected, if applicable; a brief description of how the
 963 demonstration will be evaluated; and any other information
 964 deemed appropriate by the agency. Any facility granted a waiver
 965 shall submit a report of findings to the agency within 12
 966 months. At such time, the agency may renew or revoke the waiver
 967 or pursue any regulatory or statutory changes necessary to allow
 968 other facilities to adopt the same practices. The agency may by
 969 rule clarify terms and establish waiver application procedures,
 970 criteria for reviewing waiver proposals, and procedures for
 971 reporting findings, as necessary to implement this subsection.

972 (5) The agency may use an abbreviated biennial standard
 973 licensure inspection that consists of a review of key quality-
 974 of-care standards in lieu of a full inspection in a facility
 975 that has a good record of past performance. However, a full
 976 inspection must be conducted in a facility that has a history of
 977 class I or class II violations; 7 uncorrected class III
 978 violations; or a class I, class II, or uncorrected class III
 979 violation resulting from a complaint referred by the State Long-
 980 Term Care Ombudsman Program, confirmed ombudsman council
 981 complaints, or confirmed licensure complaints within the
 982 previous licensure period immediately preceding the inspection
 983 or if a potentially serious problem is identified during the
 984 abbreviated inspection. The agency shall adopt by rule develop
 985 the key quality-of-care standards with input from the State
 986 Long-Term Care Ombudsman Council and representatives of provider

Page 34 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20 2020402c1

987 ~~groups for incorporation into its rules.~~

988 Section 11. Section 429.435, Florida Statutes, is created
989 to read:

990 429.435 Uniform firesafety standards.—Uniform firesafety
991 standards for assisted living facilities, which are residential
992 board and care occupancies, shall be established by the State
993 Fire Marshal pursuant to s. 633.206.

994 (1) EVACUATION CAPABILITY.—A firesafety evacuation
995 capability determination shall be conducted within 6 months
996 after the date of initial licensure of an assisted living
997 facility, if required.

998 (2) FIRESAFETY REQUIREMENTS.—

999 (a) The National Fire Protection Association, Life Safety
1000 Code, NFPA 101 and 101A, current editions, must be used in
1001 determining the uniform firesafety code adopted by the State
1002 Fire Marshal for assisted living facilities, pursuant to s.
1003 633.206.

1004 (b) A local government or a utility may charge fees that do
1005 not exceed the actual costs incurred by the local government or
1006 the utility for the installation and maintenance of an automatic
1007 fire sprinkler system in a licensed assisted living facility
1008 structure.

1009 (c) All licensed facilities must have an annual fire
1010 inspection conducted by the local fire marshal or authority
1011 having jurisdiction.

1012 (d) An assisted living facility that was issued a building
1013 permit or certificate of occupancy before July 1, 2016, at its
1014 option and after notifying the authority having jurisdiction,
1015 may remain under the provisions of the 1994 and 1995 editions of

Page 35 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20 2020402c1

1016 the National Fire Protection Association, Life Safety Code, NFPA
1017 101 and 101A. A facility opting to remain under such provisions
1018 may make repairs, modernizations, renovations, or additions to,
1019 or rehabilitate, the facility in compliance with NFPA 101, 1994
1020 edition, and may utilize the alternative approaches to life
1021 safety in compliance with NFPA 101A, 1995 edition. However, a
1022 facility for which a building permit or certificate of occupancy
1023 was issued before July 1, 2016, which undergoes Level III
1024 building alteration or rehabilitation, as defined in the Florida
1025 Building Code, or which seeks to utilize features not authorized
1026 under the 1994 or 1995 editions of the Life Safety Code, shall
1027 thereafter comply with all aspects of the uniform firesafety
1028 standards established under s. 633.206 and the Florida Fire
1029 Prevention Code in effect for assisted living facilities as
1030 adopted by the State Fire Marshal.

1031 Section 12. Section 429.52, Florida Statutes, is amended to
1032 read:

1033 429.52 Staff training and educational requirements
1034 programs; core educational requirement.—

1035 (1) ~~Effective October 1, 2015,~~ Each new assisted living
1036 facility employee who has not previously completed core training
1037 must attend a preservice orientation provided by the facility
1038 before interacting with residents. The preservice orientation
1039 must be at least 2 hours in duration and cover topics that help
1040 the employee provide responsible care and respond to the needs
1041 of facility residents. Upon completion, the employee and the
1042 administrator of the facility must sign a statement that the
1043 employee completed the required preservice orientation. The
1044 facility must keep the signed statement in the employee's

Page 36 of 40

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01170-20

2020402c1

1045 personnel record.

1046 (2) Administrators and other assisted living facility staff
1047 must meet minimum training and education requirements
1048 established by the agency by rule. This training and education
1049 is intended to assist facilities to appropriately respond to the
1050 needs of residents, to maintain resident care and facility
1051 standards, and to meet licensure requirements.

1052 (3) The agency, in conjunction with providers, shall
1053 develop core training requirements for administrators consisting
1054 of core training learning objectives, a competency test, and a
1055 minimum required score to indicate successful passage completion
1056 of the core competency test training and educational
1057 requirements. The required core competency test training and
1058 education must cover at least the following topics:

1059 (a) State law and rules relating to assisted living
1060 facilities.

1061 (b) Resident rights and identifying and reporting abuse,
1062 neglect, and exploitation.

1063 (c) Special needs of elderly persons, persons with mental
1064 illness, and persons with developmental disabilities and how to
1065 meet those needs.

1066 (d) Nutrition and food service, including acceptable
1067 sanitation practices for preparing, storing, and serving food.

1068 (e) Medication management, recordkeeping, and proper
1069 techniques for assisting residents with self-administered
1070 medication.

1071 (f) Firesafety requirements, including fire evacuation
1072 drill procedures and other emergency procedures.

1073 (g) Care of persons with Alzheimer's disease and related

588-01170-20

2020402c1

1074 disorders.

1075 (4) A ~~new~~ facility administrator must complete the required
1076 core training and education, including the competency test,
1077 within 90 days after the date of employment as an administrator.
1078 Failure to do so is a violation of this part and subjects the
1079 violator to an administrative fine as prescribed in s. 429.19.
1080 Administrators licensed in accordance with part II of chapter
1081 468 are exempt from this requirement. Other licensed
1082 professionals may be exempted, as determined by the agency by
1083 rule.

1084 (5) Administrators are required to participate in
1085 continuing education for a minimum of 12 contact hours every 2
1086 years.

1087 (6) Staff ~~involved with the management of medications and~~
1088 ~~assisting with the self-administration of medications under s.~~
1089 429.256 must complete a minimum of 6 additional hours of
1090 training provided by a registered nurse or, a licensed
1091 pharmacist before providing assistance, ~~or agency staff~~. Two
1092 hours of continuing education are required annually thereafter.
1093 The agency shall establish by rule the minimum requirements of
1094 this additional training.

1095 (7) ~~Other~~ Facility staff shall participate in in-service
1096 training relevant to their job duties as specified by agency
1097 ~~of the agency~~. Topics covered during the preservice
1098 orientation are not required to be repeated during in-service
1099 training. A single certificate of completion that covers all
1100 required in-service training topics may be issued to a
1101 participating staff member if the training is provided in a
1102 single training course.

588-01170-20

2020402c1

1103 (8) If the agency determines that there are problems in a
 1104 facility which could be reduced through specific staff training
 1105 ~~or education~~ beyond that already required under this section,
 1106 the agency may require, and provide, or cause to be provided,
 1107 the training ~~or education~~ of any personal care staff in the
 1108 facility.

1109 (9) The agency shall adopt rules related to these training
 1110 and education requirements, the competency test, necessary
 1111 procedures, and competency test fees and shall adopt or contract
 1112 with another entity to develop and administer the competency
 1113 test. The agency shall adopt a curriculum outline with learning
 1114 objectives to be used by core trainers, which shall be used as
 1115 the minimum core training content requirements. The agency shall
 1116 consult with representatives of stakeholder associations and
 1117 agencies in the development of the curriculum outline.

1118 (10) The core training required by this section ~~other than~~
 1119 ~~the preservice orientation~~ must be conducted by persons
 1120 registered with the agency as having the requisite experience
 1121 and credentials to conduct the training. A person seeking to
 1122 register as a core trainer must provide the agency with proof of
 1123 completion of the ~~minimum~~ core training ~~education~~ requirements,
 1124 successful passage of the competency test established under this
 1125 section, and proof of compliance with the continuing education
 1126 requirement in subsection (5).

1127 (11) A person seeking to register as a core trainer also
 1128 must ~~also~~:

1129 (a) Provide proof of completion of a 4-year degree from an
 1130 accredited college or university and must have worked in a
 1131 management position in an assisted living facility for 3 years

588-01170-20

2020402c1

1132 after being core certified;

1133 (b) Have worked in a management position in an assisted
 1134 living facility for 5 years after being core certified and have
 1135 1 year of teaching experience as an educator or staff trainer
 1136 for persons who work in assisted living facilities or other
 1137 long-term care settings;

1138 (c) Have been previously employed as a core trainer for the
 1139 agency or department; or

1140 (d) Meet other qualification criteria as defined in rule,
 1141 which the agency is authorized to adopt.

1142 (12) The agency shall adopt rules to establish core trainer
 1143 registration and removal requirements.

1144 Section 13. This act shall take effect July 1, 2020.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 412 creates 34 specialty license plates (SLP) and provides for the design and use of the annual fees associated with the SLPs. The bill also makes additional changes to the license plate laws:

- Revises four existing SLPs and repeals provisions related to four discontinued SLPs;
- Authorizes the Department of Highway Safety and Motor Vehicles (DHSMV) to issue SLPs for fleet vehicles and motor vehicle dealer vehicles upon approval by the SLP's sponsoring organization;
- Establishes a cap of 200 SLPs and provides a revised process for the discontinuation of low performing SLPs;
- Requires the DHSMV to conduct an audit every three years of certain SLP recipient organizations;
- Clarifies which military-related SLPs may make out-of-state expenditures; and
- Expands the prohibition against using SLP revenues for lobbying.

The bill also creates two new SLPs for recipients of the Purple Heart and the Bronze Star.

SB 414 (2020), to which this bill is linked, provides for an annual use fee of \$25 for a newly created SLP and \$50 for certain out-of-state collegiate SLPs.

The bill will have a negative indeterminate fiscal impact associated with programming costs to the DHSMV. These costs can be absorbed within existing resources.

The bill has an effective date of October 1, 2020, but only if SB 414 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

II. Present Situation:

Specialty License Plates

Presently, there are over 120 specialty license plates available for purchase in Florida.¹ Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.² The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified on the plate's design and designated in statute.³

In order to establish a specialty license plate and after the plate is approved by law, s. 320.08053, F.S., requires the following actions within certain timelines:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the specialty license plate; and
- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 1,000 voucher sales before manufacturing of the plate may begin.

If the minimum sales requirement has not been met by the end of the 24-month pre-sale period, then the DHSMV will discontinue the plate and issuance of pre-sale vouchers. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund with the DHSMV.⁴

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.⁵ Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.⁶

DHSMV Costs Defrayed

The DHSMV is authorized to retain a sufficient portion of annual use fees collected from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated

¹ A list of Florida's specialty license plates is available on the DHSMV website at <http://www.flhsmv.gov/dmv/specialtytags/> (last visited February 11, 2020).

² Section 320.08056, F.S.

³ Section 320.08058, F.S.

⁴ Section 320.08053(2)(b), F.S.

⁵ Section 320.08056(10)(a), F.S.

⁶ Section 320.08062, F.S.

with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.⁷

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty license plate registrations is below 1,000 plates. Collegiate plates for Florida universities are exempt from the minimum specialty license plate requirement.⁸ In addition, the DHSMV is authorized to discontinue any specialty license plate if the organization no longer exists, stops providing services that are authorized to be funded from the annual use fee proceeds, or pursuant to an organizational recipient's request.⁹

Fleet/Dealer License Plates

A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate is subject to an annual license tax of \$17.¹⁰ These license plates are imprinted with the word "Dealer" at the bottom of the plate.¹¹ Dealers may, upon payment of the dealer plate license tax, secure one or more dealer license plates. These plates are valid while the motor vehicles are in the dealer's inventory and for sale, or while being operated in connection with the dealer's business, except when used as for-hire vehicles.¹²

Fleet license plates¹³ are available for companies that own or lease a minimum number of nonapportioned motor vehicles used for business purposes. In order to participate in the fleet vehicle program the company must have a minimum of 200 vehicles or a minimum of 25 trailers or semitrailers used exclusively to haul agricultural products.¹⁴ Fleet license plates are available upon approval by the DHSMV and payment of license taxes prescribed under s. 320.08, F.S. Fleet vehicle license plates have the word "Fleet" imprinted at the bottom of the plate.¹⁵ All vehicles with a fleet license plate must have the company's name or logo and unit number displayed so that they are readily identifiable.¹⁶

Neither dealer license plates nor fleet license plates are eligible to be specialty license plates.

⁷ Section 320.08056(7), F.S.

⁸ Section 320.08056(8)(a), F.S.

⁹ Section 320.08056(8)(b), F.S.

¹⁰ Section 320.08(12), F.S.

¹¹ Section 320.06(3)(a), F.S.

¹² Section 320.13, F.S.

¹³ The term "fleet" means nonapportioned motor vehicles owned or leased by a company and used for business purposes. Section 320.0657(1), F.S.

¹⁴ Florida Department of Highway Safety and Motor Vehicles, *Motor Vehicle Procedures Manual, Section 2. Registration, Procedure RS-55 II D.*, <https://www3.flhsmv.gov/dmv/Proc/rs/rs-55.pdf> (last visited February 6, 2020).

¹⁵ *Id.*

¹⁶ Section 320.0657(2)(a), F.S.

Existing Specialty License Plates

Special Olympics Florida License Plate

Section 320.08058(7), F.S., creates the Special Olympics Florida SLP with an annual use fee of \$15.¹⁷ The license plate contains the official Special Olympics Florida logo with “Florida” centered at the bottom of the plate, and “Everyone Wins” centered at the top of the plate. The first \$5 million collected annually must be forwarded to the Florida Developmental Disabilities Council to be used solely for the Special Olympics as approved by the Developmental Disabilities Council.¹⁸ Any additional fees must be deposited into the General Revenue Fund.

Live the Dream License Plate

Section 320.08058(48), F.S., creates the Live the Dream SLP with an annual use fee of \$25.¹⁹ The words “Live the Dream” must appear at the bottom of the plate. Proceeds from the Live the Dream SLP are distributed to the Dream Foundation, Inc., which retained the first \$60,000 in proceeds from the annual use fees as reimbursement for administrative costs, startup costs, and costs incurred in the SLP approval process. After those costs are reimbursed, up to 25 percent of the proceeds must be used for continuing promotion and marketing of the license plate and concept. The remaining funds must be distributed as follows:

- Twenty-five percent equally among the sickle cell organizations that are Florida members of the Sickle Cell Disease Association of America, Inc., for programs providing research, care, and treatment for sickle cell disease.
- Twenty-five percent to the Florida chapter of the March of Dimes for programs and services improving the health of babies through preventing birth defects and infant mortality.
- Ten percent to the Florida Association of Healthy Start Coalitions to decrease racial disparity in infant mortality and to increase healthy birth outcomes. Funding will be used by local Healthy Start Coalitions to provide services and increase screening rates for high-risk pregnant women, children under 4 years of age, and women of childbearing age.
- Ten percent to the Community Partnership for Homeless, Inc., for programs that provide relief from poverty, hunger, and homelessness.
- Five percent to the Dream Foundation, Inc., for administrative costs directly associated with operations relating to the management and distribution of the proceeds.

In March 2015, the DHSMV began withholding funds from the Dream Foundation, Inc., because the organization failed to produce financial documentation that the DHSMV requested. In August 2015, a DHSMV Inspector General Audit found that the funds from the sale of the Live the Dream SLP were being improperly distributed. Additionally, a royalty payment was due to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., for the use of Dr. Martin Luther King Jr.’s image on the license plate. In 2016, the Dream Foundation, Inc., was administratively dissolved and was subsequently reinstated in 2017 with new corporate officers.²⁰

In God We Trust License Plate

Section 320.08058(66), F.S., creates an In God We Trust SLP with an annual use fee of \$25.²¹ The words “In God We Trust” must appear at the bottom of the plate. The annual use fees are distributed to the In God We Trust Foundation, Inc., to fund educational scholarships for the children of Florida residents who are members of the United States Armed Forces, the National Guard, and the United States Armed Forces Reserve and for the children of public safety employees who have died in the line of duty who are not covered by existing state law. Funds must also be distributed to other nonprofit organizations that may apply for grants and scholarships and to provide educational grants to public and private schools to promote the historical and religious significance of American and Florida history. The In God We Trust Foundation, Inc., must distribute the license plate annual use fees in the following manner:

- The In God We Trust Foundation, Inc., retains all revenues from the sale of the license plates until all startup costs for developing and establishing the license plate have been recovered.
- Ten percent of the funds received by the In God We Trust Foundation, Inc., must be spent on administrative costs, promotion, and marketing of the license plate directly associated with the operations of the In God We Trust Foundation, Inc.
- All remaining funds must be expended by the In God We Trust Foundation, Inc., for programs.

Fallen Law Enforcement Officer License Plate

Section 320.08058(80), F.S., creates the Fallen Law Enforcement Officers SLP with an annual use fee of \$25.²² The words “A Hero Remembered Never Dies” must appear at the bottom of the plate. The annual use fees are distributed to the Police and Kids Foundation, Inc., which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remainder of the proceeds must be used by the Police and Kids Foundation, Inc., to invest and reinvest and the interest earnings must be used for the operation of the Police and Kids Foundation, Inc.

Military Service Special License Plates

Currently, s. 320.089, F.S., authorizes 21 special license plates available to military service members or veterans for certain types of military service. Examples of service include Veteran of the U.S. Armed Forces, World War II Veteran, and Woman Veteran. While anyone who pays the appropriate fees may purchase most SLPs, one must provide proof of eligibility to obtain a military special license plate.

Military special license plates are each stamped with words consistent with the type of special license plate issued. A likeness of the related campaign medal or badge appears on the plate followed by the license plate serial number.

found by searching at <http://search.sunbiz.org/Inquiry/CorporationSearch/ByName> (last visited February 7, 2020) by entity name or by detail by document number.

²¹ Section 320.08056(4)(nnn), F.S.

²² Section 320.08056(4)(bbbb), F.S.

Applicants for special license plates are required to pay the annual license tax²³ with the exception of certain disabled veterans who qualify for the Pearl Harbor, Purple Heart, or Prisoner of War plate, to whom such plates are issued at no cost.²⁴ The first \$100,000 of the revenue generated annually from the issuance of special use plates is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act. Any additional revenue is deposited into the State Homes for Veterans Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.²⁵

The Bronze Star

The Bronze Star Medal is awarded to any person who, after December 6, 1941, while serving in any capacity with the U.S. Armed Forces, distinguishes himself or herself by heroic or meritorious achievement or service not involving participation in aerial flight.²⁶

Existing Motorcycle Specialty License Plates

Section 320.08068, F.S., creates a motorcycle SLP with an annual use fee of \$20. The annual use fee is distributed equally to the Brain and Spinal Cord Injury Program Trust Fund, Prevent Blindness Florida, the Blind Services Foundation of Florida, the Florida Association of Centers for Independent Living, and the Florida Association of Centers for Independent Living (20 percent to each organization).²⁷

Prevent Blindness Florida

Preserve Vision Florida, formerly Prevent Blindness Florida, is a nonprofit organization offering vision education and services to Florida's children and adults. Its focus is promoting a lifetime of healthy vision care through advocacy, education, screening, and research. Its mission is to promote healthy vision through vision awareness and education, vision screening, assistance to receive medical eye care, and advocacy for vision and medical eye care health service. In May 2016, the organization Prevent Blindness Florida changed its name to Preserve Vision Florida.²⁸

The Purple Heart

The Purple Heart is awarded to members of the U.S. Armed Forces who are wounded by an instrument of war in the hands of the enemy and posthumously to the next of kin in the name of those who are killed in action or die of wounds received in action.²⁹

²³ The annual license tax is provided in s. 320.08, F.S.

Ducks Unlimited

Ducks Unlimited is a waterfowl and wetlands conservation organization founded in 1937. The mission of Ducks Unlimited is habitat conservation.³⁰ Since 1985, Ducks Unlimited has worked to conserve more than 29,000 acres of Florida wetlands.³¹

The Dan Marino Foundation, Inc.

Based in Fort Lauderdale, the Dan Marino Foundation, Inc., is a nonprofit organization dedicated to improving the lives of persons with autism or other developmental disabilities.³² “Opened in 2013, Marino Campus is a 10-month, non-residential program for young adults with autism and other developmental disabilities. Marino Campus offers three programs of study: computer technology, hospitality, and retail. Class instruction combined with real-world internships prepare Marino Campus students to obtain industry-leading certifications.”³³

Donate Life Florida

Florida’s organ, tissue, and eye donor registry is named for Joshua Abbott, the recipient of a lung transplant who passed away in 2006. In 2009, the Agency for Health Care Administration chose Donate Life Florida to create a statewide donor registry to increase registry enrollment and educate Floridians about donation.

Donate Life Florida is a charitable organization established in 1997 and is “dedicated to motivating Floridians to designate themselves as organ, tissue and eye donors, so lives are saved and enhanced through donation and transplantation.”³⁴

Florida State Beekeepers Association

The Florida State Beekeepers Association³⁵ is dedicated to providing “resources for the improvement of Beekeeping using proven techniques and procedures in the management of Honeybees and to share this knowledge with everyone interested in the Art of Beekeeping.”³⁶

Childhood Cancer

Neuroblastoma is among the most common childhood cancers and typically affects children under 5 years old. Not usually diagnosed until the tumor grows and presents symptoms, the majority of childhood neuroblastoma cases are aggressive; survival rates are less than 60 percent

with standard chemotherapy, and the relapse rate is 50 percent. Once relapsed, there is currently no curative treatment, and for those under 5 years old, the survival rate is less than 10 percent.³⁷ Beat Nb, Inc., is a nonprofit organization that has the mission to drive neuroblastoma cancer research and to raise awareness of the disease.³⁸

No Kid Should Know Cancer, Inc., is a nonprofit organization based in Melbourne, Florida, that is organized to bring awareness to childhood cancer and help families who have been affected by childhood cancer financially and spiritually. Additionally, the organization sponsors, hosts, and participates in events that benefit clinical trials and improved treatment plans.³⁹

University of Alabama

The Pensacola Bama Club is a chapter of the University of Alabama National Alumni Association. The club is a nonprofit, fan-based organization representing the University of Alabama National Alumni Association in Pensacola, Florida, and are open to alumni, friends, and fans of the university. “The organization’s primary mission is to provide scholarships to deserving local high school students as well as play host to an annual kick-off event and game watching parties.”⁴⁰

Rotary

Rotary is a global network of 1.2 million neighbors, friends, leaders, and problem-solvers who come together to make positive, lasting change in communities at home and abroad.⁴¹

Founded in 1990, the Community Foundation of Tampa Bay is dedicated to helping individuals in Citrus, Hernando, Hillsborough, Pinellas, and Pasco counties. The foundation functions as a partnership between donors, nonprofits, community and business leaders, professional advisors, volunteers, and the residents of the counties.⁴²

Florida National Parks Association, Inc.

The Florida National Parks Association, Inc., (FNPA) is the official nonprofit entity of Everglades National Park, Biscayne National Park, Dry Tortugas National Park, and Big Cypress National Preserve. The purpose of the FNPA is to generate additional revenues to help supplement the park service’s budget as well as support educational, interpretive, historical, and scientific research. The FNPA also operates the bookstores within the parks to help generate revenues as well as provide a visitor information services function on behalf of the National Park Service.⁴³

Bonefish and Tarpon Trust

The Bonefish and Tarpon Trust's mission is to conserve and restore bonefish and tarpon fisheries and habitats through research, stewardship, education, and advocacy.⁴⁴

Florida Benevolent Group, Inc.

Based in Gainesville, Florida, Benevolent Group, Inc., assists students in obtaining a medical education through a college or certificate program. The organization's mission is to offer assistance to individuals struggling to make it into school or to stay in school.⁴⁵

University of Georgia

Founded in 1946 as the Georgia Alumni Association of Jacksonville, the Georgia Bulldog Club of Jacksonville is America's largest University of Georgia alumni and fan club.⁴⁶ In 1988, the club established the Vince Dooley Scholarship Fund to award scholarships to attend the University of Georgia for students from Duval, Nassau, St. Johns, Clay, or Baker counties, based on academic and economic need.⁴⁷

Highwaymen

The "Florida Highwaymen" were a group of African-American artists who painted the beautiful, untouched Florida landscape from the early 1950s through the 1980s.

The Florida Highwaymen painted wind-bent palm trees, serene sunsets, churning oceans and bright red Poinciana trees. They painted from their garages and back yards on inexpensive Upson board and then on the weekends would travel and sell their Highwaymen paintings to hotels, offices, businesses and individuals who appreciated the artwork for approximately \$25 apiece.

Currently, the market for an original work of art by a Florida Highwayman can bring \$5,000 or more. Some of the Highwaymen who are still living have resumed painting to meet the continuing demand for their work.⁴⁸

St. Lucie County Education Foundation

In 1990, the St. Lucie County Education Foundation⁴⁹ was organized as a direct support organization of the St. Lucie County School Board to raise private funds for programs to support students, teachers and public schools. The foundation is a nonprofit organization that advances K-12 public education in St. Lucie County by increasing the capacity and resources of the district in partnership with key stakeholders.⁵⁰

Florida Professional Sports Team License Plates

Section 320.08058(9), F.S., requires the DHSMV to develop a professional sports team license plate for Major League Baseball, National Basketball Association, National Football League, Arena Football League, National Hockey League, and Major League Soccer teams domiciled in Florida. The plates must bear DHSMV-approved colors and design and must include the official league or team logo, or both, as appropriate for each team. The word “Florida” must appear at the top of the plate.

The \$25 annual use fee⁵¹ is distributed as follows:

- Fifty-five percent to the Professional Sports Development Trust Fund within the Department of Economic Opportunity (DEO), to be used solely to attract and support major sports events in this state.
- The remaining proceeds must be allocated to Enterprise Florida, Inc., (for the Florida Sports Foundation) and must be deposited into the Professional Sports Development Trust Fund within the DEO. These funds must be used by Enterprise Florida, Inc., to:
 - Promote the economic development of the sports industry;
 - Distribute licensing and royalty fees to participating professional sports teams;
 - Promote education programs in Florida schools that provide an awareness of the benefits of physical activity and nutrition standards;
 - Partner with the Department of Education and the Department of Health to develop a program that recognizes schools whose students demonstrate excellent physical fitness or fitness improvement;
 - Institute a grant program for communities bidding on minor sporting events that create an economic impact for the state;
 - Distribute funds to Florida-based charities designated by Enterprise Florida, Inc., and the participating professional sports teams; and
 - Fulfill the sports promotion responsibilities of the DEO.

The proceeds from the Professional Sports Development Trust Fund may also be used for operational expenses of Enterprise Florida, Inc., (Florida Sports Foundation) and financial support of the Sunshine State Games.⁵²

⁵¹ Section 320.08056(4)(i), F.S.

⁵² Section 320.08058(9), F.S.

There are nine Florida Professional Sports Teams SLPs available for purchase: Florida Panthers, Tampa Bay Lightning, Miami Heat, Orlando Magic, Tampa Bay Buccaneers, Jacksonville Jaguars, Miami Dolphins, Miami Marlins, and Tampa Bay Rays.⁵³

Orlando City Soccer

The Orlando City Soccer Club was formed in 2010 and was awarded a Major League Soccer franchise in late November of 2013. The first game was played in March 2015 against another expansion team from New York; the game ended in a tie. The team moved into its new stadium in 2017.⁵⁴

Coastal Conservation Association Florida

The Coastal Conservation Association Florida (CCAF) is a statewide, nonprofit marine organization working in an advocacy role to protect the state's marine resources and the interests of saltwater anglers. It is comprised of 30 local chapters from Key West to Pensacola and it supports resource-based law enforcement, access to recreational fishing, and fishery regulations to protect state and federal fish stocks. CCAF is one of the 19 state chapters of the Coastal Conservation Association.⁵⁵

Palm Beach Zoo and Conservation Society

In 1969, the Zoological Society of the Palm Beaches was founded based on the interest of a group of citizens in West Palm Beach to create a society for the advancement and support of the Dreher Park Zoo. On October 1, 1969, the operation of the Dreher Park Zoo was transferred over to the Zoological Society. Since then the Zoological Society has operated the zoo, while the city owned and rented the land on which the Palm Beach Zoo was located. In 2014 the Palm Beach Zoo changed its name to the Palm Beach Zoo and Conservation Society. Today, the zoo houses over 500 animals on 23 acres and sees approximately 300,000 visitors annually.⁵⁶

Florida Society for Ethical Ecotourism

In 1998 the CREW Land and Water Trust and the Florida Department of Environmental Protection Rookery Bay National Estuarine Research Reserve received a grant from the Advisory Council of Environmental Education, within the Florida Game & Fresh Water Fish Commission, to provide an educational workshop for ecotour providers of Southwest Florida. As a result of the grant, a day-long Southwest Florida Eco/Heritage Tourism Workshop took place in downtown Ft. Myers in which 85 people participated.⁵⁷

⁵⁷ Florida Society for Ethical Ecotourism, *History of the "Florida Society for Ethical Ecotourism"*, <https://www.floridasee.com/docs/Florida%20SEE%20History.pdf> (last visited February 7, 2020).

Following the workshop, a group of volunteers from Southwest Florida communities met and formed the Society for Ethical Ecotourism in Southwest Florida. In 2011 they changed their name to the Florida Society for Ethical Ecotourism, Inc.⁵⁸ The Florida Society for Ethical Ecotourism, Inc., is registered as an active nonprofit corporation with the DOS.⁵⁹

Paddle Florida, Inc.

Paddle Florida, Inc., is a nonprofit corporation⁶⁰ organized to support canoeing and kayaking in Florida. The organization supports multi-day paddling/camping trips in each of Florida's five water management districts, showcasing the state's natural beauty and rich cultural heritage while promoting water conservation, wildlife preservation, springs restoration, and waterways protection. Paddle Florida seeks to promote Florida as an international destination for nature-based tourism.⁶¹

Knights of Columbus

The Connecticut State Legislature officially chartered the Knights of Columbus as a fraternal benefit society on March 29, 1882. The order's founding principles were charity, unity, and fraternity. It offers mutual aid and assistance to sick, disabled, and needy members and their families. Fellowship is promoted among members and their families through educational, charitable, religious, social welfare, war relief, and public relief works. The Knights of Columbus now has 15,900 councils and 1.9 million members throughout the United States and the world.⁶² In Florida, the Florida KofC Charities, Inc., was formed to assist and contribute to the Florida State Council of the Knights of Columbus and its Florida chapters.⁶³

Daughters of the American Revolution

The National Society Daughters of the American Revolution (DAR) was founded on October 11, 1890, by a group of women in Washington, D.C., as a result of being excluded from the men's organizations to celebrate the women's ancestors who fought during the Revolutionary War. The objectives of the DAR are to continue the memory and spirit of men and women who achieved America's independence; to educate the public; and to foster patriotism and love of county. Since its founding in 1890, DAR has admitted more than 950,000 members.⁶⁴

Florida Guardian Ad Litem Foundation, Inc.

The Florida Guardian Ad Litem (GAL) Foundation’s mission is “to provide additional resources for the (GAL) Program, its volunteers, and its affiliated circuit nonprofit organizations in order to promote Guardian Ad Litem representation for abused, neglected, and abandoned children in Florida’s dependency system.”⁶⁵

For 35 years, over 30,000 GAL volunteers have represented the interests of over 200,000 children with 10,000 GAL volunteers. The GAL Foundation has worked to provide targeted support to children involved in the GAL Program through grants, individual or corporate donations, or time. The foundation funds medical needs and activities related to normalcy for children represented by GAL volunteers.⁶⁶

St. Johns Riverkeeper

St. Johns Riverkeeper is a privately-funded and independent organization for the St. Johns River. It is a nonprofit organization that relies on the support of members, donors, and volunteers to defend, advocate, and activate others to protect and restore the St. Johns River. The organization is a member of the Waterkeeper Alliance. Waterkeeper Alliance is the world’s fastest growing environmental movement, with over 300 Waterkeeper Organizations protecting waterways on 6 continents.⁶⁷

Florida Veterans Foundation

The Florida Veterans Foundation is a direct-support organization of the Department of Veterans’ Affairs established by the Legislature in 2008.⁶⁸

“The Florida Veterans Foundation serves as the statewide lead organization for Florida veterans and their families by providing direct services and partnering with state and local governments, veteran service organizations, and educational institutions to improve their physical, financial, mental, emotional, and social well-being.”⁶⁹ The foundation supports the Department of Veterans Affairs’ mission of advocacy and “advocates for Florida veterans through local and statewide outreach to educate the public and governmental entities, increasing awareness on veteran-related issues.”⁷⁰

K9s United Inc.

K9s United Inc.⁷¹ is “committed to supporting and honoring K9 law enforcement officers who detect, protect and serve communities by giving them the best equipment, amenities, and quality of life during and after their service, and memorializing those who give the ultimate sacrifice.”⁷²

Florida Off Road Foundation, Inc.

Florida Off Road Foundation, Inc., is a nonprofit corporation that was incorporated in 2019. The corporation’s filing documents state that it is organized to provide and distribute funds to the foundation from the sales of Florida Off Road specialty license plates to help preserve and protect Florida’s off road natural habitat, environmental, and other programs.⁷³

Florida Solar Energy Research and Education Foundation, Inc.

The Florida Solar Energy Research and Education Foundation was created in 1991.⁷⁴ The foundation was established to further the development and use of solar energy. Under a grant from the Florida Department of Community Affairs Energy Office, the foundation began to develop strategic alliances with sectors influencing the use of solar energy, such as a home builder, utility, financial, and institutional.

Florida Solar Energy Center

The mission of the Florida Solar Energy Center (center) is to research and develop energy technologies that enhance Florida’s and the nation’s economy and environment and educate the public, students, and practitioners on the results of the research. The Florida Solar Energy Center is administered by the University of Central Florida.⁷⁵ The center was created by the Florida Legislature in 1976 to serve as the state’s energy research institute.⁷⁶ The main responsibilities of the center are to:

- Develop and adopt standards for solar energy systems manufactured or sold in this state.
- Establish criteria for testing performance of solar energy systems.

The center may receive a testing fee for any testing performed.

All solar energy systems manufactured or sold in the state must meet the standards established by the center and must display accepted results of an approved performance test in a manner prescribed by the center.⁷⁷

Florida Native Plant Society, Inc.

The Florida Native Plant Society, Inc. was founded in 1980.⁷⁸ The mission of the Florida Native Plant Society, Inc., is “to promote the preservation, conservation, and restoration of the native plants and native plant communities of Florida.”⁷⁹ The mission is fulfilled through:

- Support for conservation land acquisition;
- Land management that enhances habitat suitability for native plants;
- Education;
- Public policies that protect native flora, especially rare species;
- Research on native plant species; and
- Encouragement of local landscaping practices and policies that preserve Florida’s native plant heritage.

Florida 4-H Club Foundation, Inc.

The Florida 4-H Club Foundation, Inc., was founded in 1963.⁸⁰ The 4-H began around the turn of the century when educators began to emphasize the needs of young people and to introduce nature study as a basis for a better agricultural education. Boys and girls clubs and leagues were established in schools and churches to meet these needs and farmers institutes worked with schools to spark the interest of young people by promoting production contests, soil tests, and plant identification.⁸¹

Most states organized clubs outside of schools with rural parents acting as volunteer leaders and county extension office agents providing materials. Farmers saw the practical benefits and public support and enthusiasm for 4-H grew throughout the nation. The overall objective of 4-H has remained the same since the beginning – to develop youth as individuals and as responsible and productive citizens. Current activities include organized clubs, centers, school enrichment programs, various activities, and individual memberships.⁸²

Give Kids the World, Inc.

The Give Kids the World, Inc., was founded in 1986.⁸³ Give Kids the World, Inc., is a central Florida-based nonprofit resort on 84 acres that fulfills wish vacations for critically ill children and their families to visit the area’s theme parks. In addition to receiving theme park passes, the families enjoy free accommodations, transportation, entertainment, and accessible rides.⁸⁴

Johnson and Wales University-North Miami

Johnson and Wales University-North Miami is a campus of the Johnson & Wales University⁸⁵ (JWU) located in Providence, RI. JWU purchased the recently vacated North Miami General Hospital to house students and classrooms and an adjacent office building and parking garage in 1992 to establish its Florida campus. The university began with a culinary program. In 1996 a hospitality program was launched in 1996 and a College of Business began in 1997, offering seven majors.⁸⁶

From a venture in culinary education, JWU's North Miami Campus is now a center of higher education and community involvement celebrating 20 years of strategic growth and offering 34 majors and programs.⁸⁷

SFC Charitable Foundation, Inc.

The SFC Charitable Foundation, Inc., was founded in 1994.⁸⁸ The foundation, also known as Singing for Change, is a private foundation established in 1995 by Jimmy Buffett, as a way of saying thank you to the friends, fans, and concert-goers around the country who have loyally supported his music career.⁸⁹

Initially funded with contributions from Jimmy Buffett's 1995 summer tour, Singing for Change continues to receive one dollar from each concert ticket sold during his tours. Funds are used to provide grants to small, grassroots organizations located primarily in communities where concerts are held. Singing for Change has disbursed almost \$11 million in grants in its 23-year history.⁹⁰

Hatzalah of Miami-Dade, Inc.

The Hatzalah of Miami-Dade, Inc., was founded in 2008⁹¹ and is a volunteer not-for-profit organization. Its mission is to improve medical outcomes and save lives by augmenting existing emergency medical services in South Florida with community-based state-certified EMT volunteer responders.⁹² Hatzalah provides "provide trained volunteers capable of responding to any type of emergency with the skill and equipment necessary to provide competent medical care until the arrival of those professional personnel who have primary responsibility of treating and transporting ill or injured persons."⁹³

Make-A-Wish Foundation of Central and Northern Florida, Inc.

The Make-A-Wish Foundation of Central and Northern Florida, Inc., was founded in 1994⁹⁴ and serves 45 counties including the central, northern, and Space Coast regions of Florida.⁹⁵ Volunteers, donors, and supporters assist with the Make-A-Wish vision to grant the wish of every child diagnosed with a critical illness. The Make-A-Wish Foundation believes a wish experience can be a game-changer. This one belief guides them and inspires them to grant wishes that change the lives of the kids they serve.⁹⁶

Lake-Sumter State College Foundation, Inc.

Since 1980, the Lake-Sumter State College Foundation, Inc.,⁹⁷ has helped individuals, businesses, and organizations support the college's mission of developing the community through education. The foundation supports the Lake-Sumter State College through the funding of projects that directly or indirectly benefit students. These projects have included assistance for equipment for classroom instruction and the athletics department; libraries; the nursing program; computer labs; and support for faculty, staff, and students.⁹⁸

Best Buddies International, Inc.

The Best Buddies International, Inc., is a nonprofit organization founded in 1992.⁹⁹ Best Buddies International is “dedicated to establishing a global volunteer movement that creates opportunities for one-to-one friendships, integrated employment, leadership development, and inclusive living for individuals with intellectual and developmental disabilities (IDD).”¹⁰⁰

Morehouse College

Morehouse College is a private, historically black college for men founded in 1867. Located in Atlanta, Morehouse College's mission is to “produce academically superior, morally conscious leaders.”¹⁰¹

College. The alumni chapter supports and advances the interests of Morehouse College and its alumni to foster interest to prospective students.¹⁰³

Audits and Attestations

All organizations receiving annual use fee proceeds from the DHSMV are responsible for ensuring that proceeds are used in accordance with state law.¹⁰⁴ Any organization not subject to an audit pursuant to the Florida Single Audit Act¹⁰⁵ must annually attest, under penalties of perjury, that such proceeds were used in compliance with applicable state laws.¹⁰⁶

Any organization subject to audit pursuant to the Florida Single Audit Act¹⁰⁷ must submit an audit report in accordance with the Auditor General's rules. The annual attestation must be submitted to the DHSMV for review within nine months after the end of the organization's fiscal year.¹⁰⁸

Within 120 days after receiving an organization's audit or attestation, the DHSMV must determine which recipients of revenues from SLP annual use fees have not complied with the appropriate statutory provisions. In determining compliance, the DHSMV may commission an independent actuarial consultant, or an independent certified public accountant, who has expertise in nonprofit and charitable organizations.¹⁰⁹

The DHSMV must discontinue the distribution of revenues to any organization that fails to submit the required documentation, but may resume distribution of the revenues upon receipt of the required information.¹¹⁰

If the DHSMV determines that an organization has not complied with or has failed to use the revenues in accordance with applicable law, the DHSMV must discontinue the distribution of the revenues to the organization. The DHSMV must notify the organization of its findings and direct the organization to make the changes necessary in order to comply. If the officers of the organization sign an affidavit under penalties of perjury stating they acknowledge the findings of the DHSMV and attest they have taken corrective action and that the organization will submit to a follow-up review by the DHSMV, then the department may resume the distribution of revenues.¹¹¹

¹⁰³ Morehouse Broward County Alumni, *About Us*, <https://morehouse-broward.org/> (last visited March 3, 2020).

¹⁰⁴ Section 320.08062(1)(a), F.S.

¹⁰⁵ Section 215.97, F.S.

¹⁰⁶ Section 320.08062(1)(b), F.S.

¹⁰⁷ Nonstate entities that receive state financial assistance and meets audit thresholds are subject to the act. Section 215.97(2)(a), F.S., defines an "audit threshold" to include each nonstate entity that expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year. Every 2 years the Auditor General, after consulting with the Executive Office of the Governor, the Department of Financial Services, and all state awarding agencies, shall review the threshold amount for requiring audits and may adjust such threshold amount consistent with the purposes of the statute.

¹⁰⁸ Section 320.08062(1)(c), F.S.

¹⁰⁹ Section 320.08062(2)(a), F.S.

¹¹⁰ Section 320.08062(2)(b), F.S.

¹¹¹ Section 320.08062(2)(c), F.S.

If an organization fails to comply with the DHSMV's recommendations and corrective actions as outlined above, the revenue distributions must be discontinued until completion of the next regular session of the Legislature. The DHSMV must notify the President of the Senate and the Speaker of the House of Representatives by the first day of the next regular session of any organization whose revenues have been withheld. If the Legislature does not provide direction to the organization and the DHSMV regarding the status of the undistributed revenues, the DHSMV must de-authorize the plate and the undistributed revenues are immediately deposited into the Highway Safety Operating Trust Fund.¹¹²

The DHSMV has the authority to examine all records pertaining to the use of funds from the sale of SLPs.¹¹³

III. Effect of Proposed Changes:

Establishing Specialty License Plates (section 4)

The bill amends s. 320.08053(2)(b), F.S., requiring a minimum sale of 3,000 vouchers prior to the DHSMV manufacturing a SLP, instead of the current 1,000 voucher sales requirement. However, for *out-of-state* college or university license plates, the minimum sale is 4,000 vouchers.

The bill creates s. 320.08053(3)(a), F.S., providing that new SLPs that have been approved by law but are awaiting issuance are issued in the order they appear in s. 320.08058, F.S.,¹¹⁴ provided that the plates have met the presale requirement and all other provisions of s. 320.08053, F.S. If the next awaiting SLP has not met the presale requirement, the DHSMV must proceed in the order provided in s. 320.08058, F.S., to identify the next qualified SLP that has met the presale requirement. The DHSMV must cycle through the list in statutory order.

The bill creates s. 320.08053(3)(b), F.S., prohibiting the DHSMV from making any new SLPs available for design or issuance until a sufficient number of plates are discontinued if the Legislature has approved 200 or more SLPs.¹¹⁵ The 200 license plate limit does not apply to *in-state* collegiate license plates established under s. 320.08058(3), F.S.

Discontinuing Specialty License Plates (sections 5 and 6)

The bill amends s. 320.08056(8)(a), F.S., effective July 1, 2022, requiring the DHSMV to discontinue the issuance of an approved SLP if the number of valid registrations falls below 3,000 plates for 12 consecutive months, instead of the current 1,000-plate threshold. However, *out-of-state* college or university license plates have a 4,000-plate threshold. In addition to the existing exemption from this requirement for *in-state* collegiate license plates, the bill provides exceptions for institutions and entities of the State University System, SLPs with statutory eligibility limitations for purchase, SLPs for which the annual use fees are distributed by a

¹¹² Section 320.08062(2)(d), F.S.

¹¹³ Section 320.08062(3), F.S.

¹¹⁴ Section 320.08058, F.S., lists specific specialty license plates.

¹¹⁵ Specialty license plates will be discontinued pursuant to s. 320.08056(8), F.S.

foundation for student and teacher leadership programs and teacher recruitment and retention, and Florida professional sports team license plates.¹¹⁶

The bill creates s. 320.08056(8)(c), F.S., providing that a vehicle owner or lessee issued a SLP that has been discontinued by the DHSMV may keep the discontinued SLP for the remainder of the 10-year license plate replacement period¹¹⁷ and must pay all other applicable registration fees. However, the owner or lessee is exempt from paying the applicable SLP fee for the remainder of the 10-year license plate replacement period.

The bill creates s. 320.08056(8)(d), F.S., providing that if the DHSMV discontinues issuance of an SLP, all annual use fees held or collected by the DHSMV must be distributed within 180 days after the date the SLP is discontinued. Of those fees, the DHSMV must retain an amount sufficient to defray the applicable administrative and inventory closeout costs associated with discontinuing the plate. The remaining funds are distributed to the appropriate organization or organizations.¹¹⁸

The bill creates s. 320.08056(8)(e), F.S., providing that if an organization that is the intended recipient of SLP funds no longer exists, the DHSMV must deposit any undistributed funds into the Highway Safety Operating Trust Fund.

The bill creates s. 320.08056(8)(f), F.S., providing that on January 1 of each year, the DHSMV must discontinue the SLP with the fewest number of plates in circulation, including license plates exempt from a statutory sales requirement. The DHSMV must mail a warning letter to the sponsoring organization of the 10 percent of SLPs with the lowest number of valid, active registrations as of December 1 of each year.¹¹⁹

Specialty License Plates – Other Provisions (section 5)

The bill amends s. 320.08056(4), F.S., to repeal references to each SLP that has an annual use fee of \$25. SB 414, which is linked to this bill, standardizes the annual use fee for all SLPs of \$25, unless otherwise specified in the statute, into one subsection of s. 320.08056, F.S.

The bill amends s. 320.08056(10)(a), F.S., authorizing out-of-state expenditure of SLP fees for the Support Our Troops, American Legion, Florida Salutes Veterans, United States Marine Corps, Military Services, and U.S. Paratroopers license plates.

The bill amends s. 320.08056(11), F.S., prohibiting any entity from using SLP revenue for lobbying. The current prohibition is limited to agencies.

¹¹⁶ Florida Professional Sports Team license plates are established in s. 320.08058(9), F.S.

¹¹⁷ License plates are issued for a 10-year period pursuant to s. 320.06(1)(b)1., F.S.

¹¹⁸ Distributions to recipient organizations are pursuant to s. 320.08058, F.S.

¹¹⁹ This applies to plates with registrations that fall below 1,000 before July 1, 2022. After July 1, 2022, the provisions of the bill increasing the registration thresholds apply. *See* previous discussion of amendment to s. 320.08056(8)(a), F.S.

The bill creates s. 320.08056(12), F.S., requiring the recipient organization for any *out-of-state* college or university license plates to:

- Have established an endowment, based in this state, for the purpose of providing scholarships to Florida residents meeting the requirements of ch. 320, F.S.
- Provide documentation to the DHSMV that the recipient organization and the DHSMV have the college's or university's consent to use an appropriate image on a license plate.

Currently, s. 320.01(34), F.S., defines "resident" to mean a person who has his or her principal place of domicile in Florida for a six-month period or more, is registered to vote, and has made a statement of domicile or filed for a homestead property tax exemption. Thus, the endowment must provide scholarships to students who meet the definition of "resident."¹²⁰

It is unclear what recourse, if any, is available to the DHSMV if the recipient organization fails to comply with the requirements of s. 320.08056(12), F.S.

Fleet/Dealer Specialty License Plates (sections 1, 2, 3, and 5)

The bill creates ss. 320.08056(2)(b) and (c), F.S., allowing the DHSMV to authorize dealer and fleet SLPs. With the permission of the sponsoring SLP organization, a dealer or fleet company may purchase SLPs to be used on dealer and fleet vehicles. Because the bill does not specify a method, it would be up to the DHSMV to establish how permission of the sponsoring SLP organization must be obtained.

Notwithstanding s. 320.08058, F.S., which establishes certain letters or words to be displayed on each SLP, a dealer or fleet SLP must include the letters "DLR" or "FLT" on the right side of the license plate. Dealer and fleet SLPs must be ordered directly through the DHSMV. The bill amends ss. 320.06(3)(a) and 320.0657(2)(b), F.S., providing that a dealer SLP is not required to say "Dealer" and a fleet SLP is not required to say "Fleet" at the bottom of the license plate.

The bill amends ss. 320.0657(2)(b) and 320.08(12), F.S., authorizing the purchase of dealer and fleet SLPs. The bill provides that for the additional annual use fee for the specific SLP, dealers and fleet companies may purchase SLPs in lieu of the standard fleet license plates. Dealers and fleet companies are responsible for all costs associated with the SLPs, including all annual use fees, processing fees, fees associated with switching license plate types, and other applicable fees.

Discontinued Specialty License Plates (sections 5 and 7)

The bill repeals the American Red Cross SLP, Donate Organs Pass It On SLP, St. Johns River SLP, and Hispanic Achievers SLP from law as these SLPs have been discontinued.

¹²⁰ While the bill language could be read differently, it is more likely that the phrase "meeting the requirements of ch. 320, F.S.," applies to "Florida residents." There does not appear to be any other requirements for "residents" in ch. 320, F.S., beyond the definition.

Existing Specialty License Plates (section 7)

Special Olympics Florida License Plate

The bill redesigns the Special Olympics Florida SLP with “Florida” centered at the top of the plate and “Be a Fan” centered at the bottom of the plate. The bill requires the first \$5 million collected annually to be forwarded to Special Olympics Florida instead of the nonprofit corporation known as the “Developmental Disabilities Council.”¹²¹

Live the Dream License Plate

The bill amends the distribution of funds for the Live the Dream SLP. The Dream Foundation, Inc., must use the distributions as follows:

- Up to 5 percent may be used to administer, promote, and market the license plate.
- At least 60 percent must be distributed equally among the sickle cell organizations that are Florida members of the Sickle Cell Disease Association of America, Inc.
- At least 30 percent must be distributed to Chapman Partnership, Inc., to be spent on programs in Florida.¹²²
- Up to 5 percent may be distributed by the DHSMV on behalf of The Dream Foundation, Inc., to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., as a royalty for the use of the image of Dr. Martin Luther King, Jr.

The bill also provides (**section 12**) that by November 1, 2020, the annual use fees withheld by the DHSMV from the sale of the Live the Dream SLP will first be used to satisfy all outstanding royalty payments due to The Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., for the use of Dr. Martin Luther King, Jr.’s image. All remaining funds will be distributed to the sub-recipients on a pro rata basis according to the revised distributions described above.

In God We Trust License Plate

The bill amends the distribution of the annual use fees from the In God We Trust SLP. The annual use fees will be distributed to the In God We Trust Foundation, Inc., which may use up to 10 percent of the proceeds to offset marketing, administration, and promotion, and the balance of the fees to address the needs of the military community and the needs of the public safety community, to provide educational grants and scholarships to foster self-reliance and stability in Florida’s children, and to provide education in public and private schools regarding the historical significance of religion in American and Florida history.

Fallen Law Enforcement Officer License Plate

The bill amends the uses of the annual use fees from the Fallen Law Enforcement Officer SLP. The bill provides that the Police and Kids Foundation, Inc., may use up to 10 percent of the proceeds for marketing the plate. The bill requires the remaining proceeds to be used by the foundation for its operations, activities, programs, and projects in Florida.

¹²¹ Created in s. 393.002, F.S.

¹²² In 2011, Community Partnership for the Homeless changed its name to Chapman Partnership.

New Military Service Special License Plate (section 11)

Bronze Star Special License Plate

The bill amends s. 320.089, F.S., authorizing the DHSMV to create the Bronze Star special use license plate for recipients of the Bronze Star medal who provide proof of their qualification. The license plate will be stamped with the term “Bronze Star” and a likeness of the related campaign medal. Revenue generated from the sale of the Bronze Star special use license plate will be administered the same as the existing military special license plates and deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund to support the State Veterans Homes Program.

Motorcycle Specialty License Plates

Existing Motorcycle Specialty License Plate – Preserve Vision (section 9)

The bill amends s. 320.08068(4)(b), F.S., changing the statutory reference from “Prevent Blindness Florida” to “Preserve Vision Florida, Inc.” to reflect the change in the organization’s name.

New Motorcycle Specialty License Plate – Purple Heart Motorcycle Special License Plate (section 10)

The bill creates s. 320.0875, F.S., creating the Purple Heart motorcycle SLP. Upon application to the DHSMV and payment of the motorcycle license tax,¹²³ a resident who owns or leases a motorcycle that is not used for-hire or commercial use shall be issued a Purple Heart motorcycle license plate if he or she provides documentation acceptable to the DHSMV that he or she is a recipient of the Purple Heart medal.

The Purple Heart motorcycle SLP will be stamped with the term “Combat-wounded Veteran” followed by the serial number of the license plate. It may have the term “Purple Heart” stamped on the plate and a likeness of the Purple Heart medal.

New Specialty License Plates (section 7)

Ducks Unlimited License Plate

The bill creates the Ducks Unlimited license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Conserving Florida Wetlands” appears at the bottom of the plate.

The annual use fees are distributed to Ducks Unlimited, Inc., to be used as follows:

- Up to 5 percent may be used for administrative costs and marketing of the plate.
- At least 95 percent must be used in Florida to support Ducks Unlimited’s mission and efforts to conserve, restore, and manage Florida wetlands and associated habitats for the benefit of waterfowl, other wildlife, and people.

¹²³ The license tax is provided in s. 320.08, F.S.,

Dan Marino Campus License Plate

The bill creates the Dan Marino Campus license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Marino Campus” appears at the bottom of the plate.

The annual use fees are distributed to the Dan Marino Foundation, Inc., which may use up to 10 percent of the fees for administrative costs and marketing the plate. The remaining proceeds must be used by foundation to assist Floridians with developmental disabilities in becoming employed, independent, and productive; to promote awareness of such services; and to promote and fund education scholarships related to such services.

Donate Life Florida License Plate

The bill creates the Donate Life Florida license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Donors Save Lives” appears at the bottom of the plate.

The annual use fees are distributed to Donate Life Florida, which may use up to 10 percent of the proceeds for marketing and administrative costs. The remaining proceeds must be used by Donate Life Florida to educate Florida residents on the importance of organ, tissue, and eye donation and for the continued maintenance of the Joshua Abbott Organ and Tissue Donor Registry, which is Florida’s organ, tissue, and eye donor registry.

Florida State Beekeepers Association License Plate

The bill creates the Florida State Beekeepers Association license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Save the Bees” appears the bottom of the plate.

The annual use fees are distributed to the Florida State Beekeepers Association, which may use up to 18 percent of the annual use fees for:

- Direct reimbursement for administrative costs, startup costs, and costs incurred in the development and approval process of the license plate.
- Promotion and marketing costs of the license plate.

The bill requires that all vendors associated with the administrative costs be selected by competitive bid.

The remaining proceeds must be used to raise awareness of the importance of beekeeping to Florida agriculture by funding honeybee research, education, outreach, and husbandry. The Florida State Beekeepers Association board of managers must approve and is accountable for all expenditures.

Beat Childhood Cancer License Plate

The bill creates the Beat Childhood Cancer license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Beat Childhood Cancer” appears at the bottom of the plate.

The annual use fees are distributed as follows:

- Eighty percent to Beat Nb, Inc., which may use up to 10 percent of the proceeds for administrative costs directly associated with the operation of the corporation and for marketing and promoting the plate. The remaining proceeds must be used by Beat Nb, Inc., to fund pediatric cancer treatment and research in Florida.
- Twenty percent to No Kid Should Know Cancer, Inc., which may use up to 5 percent of the proceeds for administrative costs and for the marketing of the plate. The remaining proceeds must be used by No Kid Should Know Cancer, Inc., to:
 - Support Florida families who have a child recently diagnosed with cancer;
 - Hold events in Florida that raise awareness about childhood cancer; and
 - Support clinical trials in Florida that work to provide better treatment plans for children diagnosed with cancer.

University of Alabama License Plate

The bill creates the University of Alabama license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Roll Tide” appears at the bottom of the plate.

The annual use fees are distributed to the Pensacola Bama Club, which must use the proceeds to award scholarships to Florida residents attending the University of Alabama. Students receiving these scholarships must be eligible for the Florida Bright Futures Scholarship Program¹²⁴ and use the scholarship funds for tuition and other expenses related to attending the University of Alabama.

Rotary License Plate

The bill creates the Rotary license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Rotary” appears at the bottom of the plate. The license plate will also bear the Rotary International wheel emblem.

The annual use fees are distributed to the Community Foundation of Tampa Bay, Inc., to be used as follows:

- Up to 10 percent for administrative costs and for marketing the plate;
- Ten percent distributed to Rotary’s Camp Florida for direct support to all programs and services provided to special needs children who attend the camp; and
- The remaining proceeds distributed, proportionally based on sales, to each Rotary district in the state to support Rotary youth programs in Florida.

Florida Bay Forever License Plate

The bill creates the Florida Bay Forever license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Florida Bay Forever” appears at the bottom of the plate.

¹²⁴ Section 1009.531, F.S.

The annual use fees are distributed to the Florida National Parks Association, Inc., which may use up to 10 percent of the proceeds for administrative costs and marketing the plate. The remaining proceeds must be used to supplement the Everglades National Park's budget and to support educational, interpretive, historical, and scientific research relating to the Everglades National Park.

Bonefish and Tarpon Trust License Plate

The bill creates the Bonefish and Tarpon Trust license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Bonefish and Tarpon Trust" appears at the bottom of the plate.

The annual use fees are distributed to the Bonefish and Tarpon Trust, which may use up to 10 percent of the proceeds to promote and market the plate. The remaining proceeds must be used to conserve and enhance Florida bonefish and tarpon fisheries and their respective environments through stewardship, research, education, and advocacy.

Medical Professionals Who Care License Plate

The bill creates the Medical Professionals Who Care license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Medical Professionals Who Care" appears at the bottom of the plate.

The annual use fees are distributed to Florida Benevolent Group, Inc., which may use up to 10 percent of the fees for administrative costs, marketing, and promoting the plate. The remaining proceeds must be used to assist low-income individuals in obtaining medical education and careers through scholarships, support, and guidance.

University of Georgia License Plate

The bill creates the University of Georgia license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "University of Georgia" appears at the bottom of the plate.

The annual use fees are distributed to the Georgia Bulldog Club of Jacksonville, which must use the proceeds to award scholarships to Florida residents attending the University of Georgia. Students receiving these scholarships must be eligible for the Florida Bright Futures Scholarship Program¹²⁵ and use the scholarship funds for tuition and other expenses related to attending the University of Georgia.

Highwaymen License Plate

The bill creates the Highwaymen license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Highwaymen" appears at the bottom of the plate.

¹²⁵ *Id.*

The annual use fees are distributed to the City of Fort Pierce, subject to a city resolution designating the city as the fiscal agent of the SLP. The city may use up to 10 percent of the fees for administrative costs and marketing of the plate and the remaining proceeds as follows:

- Before completion of construction of the Highwaymen Museum and African-American Cultural Center:
 - A minimum of 15 percent must be distributed to the St. Lucie Education Foundation, Inc., to fund art education and art projects in public schools within St. Lucie County.
 - The remaining proceeds must be used by the city to fund the construction of the Highwaymen Museum and African-American Cultural Center.
- Upon completion of construction of the Highwaymen Museum and African-American Cultural Center:
 - A minimum of 10 percent must be distributed to the St. Lucie Education Foundation, Inc., to fund art education and art projects in public schools within St. Lucie County.
 - The remaining proceeds must be used by the city to fund the day-to-day operations of the Highwaymen Museum and African-American Cultural Center.

Orlando City Soccer License Plate

The bill creates the Orlando City Soccer Club license plate as a Florida professional sports team SLP. Section 320.08058(9), F.S., requires the Florida Professional Sports Team license plates to bear the DHSMV-approved colors and design and include the official league or team logo, or both, as appropriate for each team. The word “Florida” must appear at the top of the plate.

The annual use fees are distributed as required in current law for Florida professional sports team SLPs.¹²⁶

Coastal Conservation Association License Plate

The bill creates the Coastal Conservation Association (CCA) license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Conserve Florida’s Fisheries” appears at the bottom of the plate.

The annual use fees are distributed to the CCA Florida to be used as follows:

- Up to 10 percent for administrative costs and to promote and market the plate; and
- The remaining proceeds to support the mission and efforts of the CCA Florida for habitat enhancement and restoration, saltwater fisheries conservation, and education; to advise the public on the conservation of marine resources; and to promote and enhance the present and future availability of those coastal resources for the benefit and enjoyment of the general public.

Palm Beach Zoo and Conservation Society License Plate

The bill creates the Palm Beach Zoo and Conservation Society license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Palm Beach Zoo and Conservation Society” appears at the bottom of the plate.

¹²⁶ See discussion in the Present Situation under the heading Florida Professional Sports Team License Plates.

The annual use fees are distributed to the Palm Beach Zoo and Conservation Society to fund educational programs for students in pre-K through grade 12, conservation projects to protect endangered or threatened species, and services for the health and welfare of animals in the zoo's care. The Palm Beach Zoo and Conservation Society may retain all proceeds until all startup costs for developing and establishing the plate have been recovered. Thereafter, up to 10 percent may be used for promoting and marketing the plate and administrative costs directly associated with the programs of the society and the plate.

Ethical Ecotourism License Plate

The bill creates the Ethical Ecotourism license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Florida Ecotourism" appears at the bottom of the plate.

The annual use fees are distributed equally between the Florida Society for Ethical Ecotourism and Paddle Florida, Inc., each of which may use up to 10 percent of the proceeds for administrative costs and the marketing the plate. The remaining proceeds must be used by the Florida Society for Ethical Ecotourism to provide environmental education and awareness that encourage behaviors that contribute to the sustainability of Florida's natural ecosystems and resources, and by Paddle Florida, Inc., to raise awareness about water conservation, wildlife preservation, restoration of springs, and protection of waterways in this state.

Knights of Columbus License Plate

The bill creates the Knights of Columbus license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "In God We Trust" appears at the bottom of the plate.

The annual use fees are distributed to the Florida KofC Charities, Inc., which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remaining proceeds must be used by the organization to fund its charitable activities, including, but not limited to, the Christian Refugee Relief Fund, disaster relief, Ultrasound Initiative, Food for Families, and Coats for Kids.

Daughters of the American Revolution License Plate

The bill creates the Daughters of the American Revolution license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Daughters of the American Revolution" appears at the bottom of the plate.

The annual use fees are distributed to the Daughters of the American Revolution. Up to 10 percent of the proceeds may be used to promote and market the plate. The remaining proceeds must be used by the organization to promote patriotism, preserve American history, and secure America's future through educational programs for local public and private K-12 students and scholarships and other educational funding for underprivileged children.

Guardian Ad Litem License Plate

The bill creates the Guardian Ad Litem license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Heartfelt Child Advocacy” appears at the bottom of the plate.

The annual use fees are distributed to the Florida Guardian Ad Litem Foundation, Inc. Up to 10 percent of the proceeds may be used for administrative costs and the marketing of the plate. The remaining proceeds must be used in this state to support the mission and efforts of the statewide Guardian Ad Litem Program to represent abused, abandoned, and neglected children and advocate for their best interests; recruit and retain volunteer child advocates; and meet the unique needs of the dependent children the program serves.

Jumbo Shrimp License Plate

The bill creates the Jumbo Shrimp license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Jumbo Shrimp” appears at the bottom of the plate.

The annual use fees are distributed to the St. Johns Riverkeeper, Inc. Up to 10 percent of the proceeds may be used to promote and market the plate. The remaining proceeds must be used by St. Johns Riverkeeper for programs and activities related to fulfilling its mission to protect and restore the health of the St. Johns River.

Gadsden Flag License Plate

The bill creates the Gadsden Flag license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Don’t Tread on Me” appears at the bottom of the plate.

The annual use fees are distributed to the Florida Veterans Foundation, a direct-support organization of the Department of Veterans’ Affairs, and must be used to benefit veterans. Up to 10 percent of the proceeds may be used for continuing promotion and marketing of the plate.

K9s United License Plate

The bill creates the K9s United license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “K9s United” appears at the bottom of the plate.

The annual use fees are distributed to K9s United, Inc. Up to 10 percent of the proceeds may be used to promote and market the plate. The remaining proceeds must be used by K9s United, Inc., to support K9 units throughout the state.

Explore Off Road Florida Plate

The bill creates the Explore Off Road Florida license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Explore Off Road” appears at the bottom of the plate.

The annual use fees are distributed to the Florida Off Road Foundation, Inc. Up to 10 percent of the funds may be used for marketing of the plate, costs directly associated with creation of the plate, and administrative costs related to distribution of proceeds, including annual audit services and compliance affidavit costs. The remaining proceeds must be used by the Florida Off Road Foundation, Inc., to fund qualified nonprofit organizations that protect and preserve Florida's natural off-road habitat; educate Floridians about responsible use of the off-road environment; support civilian volunteer programs to promote the use of off-road vehicles to assist law enforcement in situations such as search and rescue; support organized cleanups, trail maintenance, and restoration; or preserve Florida's off-road culture.

Solar Power License Plate

The bill creates the Solar Power license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Powered by the Sun" appears at the bottom of the plate.

The annual fees from the sale of the plate must be distributed to the Florida Solar Energy Research and Education Foundation, Inc., to fund its activities, programs, and projects aimed at solar workforce training, employment, internships, and related programs. The foundation may retain all revenue from the annual use fees until all startup costs for developing and establishing the plate have been recovered. Thereafter, up to 10 percent of the proceeds may be used for promotion and marketing of the plate and administrative costs directly associated with the corporation's programs and the plate. The remaining proceeds must be used as follows:

- To provide funds to the Florida Solar Energy Center for the purpose of developing and administering solar energy industry workforce training programs;
- To provide funds to veteran support facilities for solar demonstration projects that will lower energy costs to the veteran support facilities; and
- To provide funds to nonprofit, educational, or charitable organizations for projects or promotional campaigns which further the goal of solar energy development in this state.

Florida Native License Plate

The bill creates the Florida Native license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Native" appears at the bottom of the plate. The plate must contain a camouflage background including leaves, flowers, or fronds of a minimum of five different Florida native plants.

The DHSMV will retain all annual use fees from the sale of the plate until all startup costs for developing and issuing the plate have been recovered. Thereafter, the annual use fees are distributed to the Florida Native Plant Society. A maximum of 10 percent of the proceeds may be used for administrative costs and to market and promote the plate. The remaining proceeds must be used by the Florida Native Plant Society to fulfill the mission of the society, which is to restore and preserve native Florida plants on private and public lands through grants, education, and community projects.

Florida 4-H License Plate

The bill creates the Florida 4-H license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “4-H” appears at the bottom of the plate.

The annual use fees are distributed to the Florida 4-H. Florida 4-H must use the proceeds as follows:

- A maximum of 10 percent for administrative and marketing costs of the plate;
- Twenty percent to support leadership development in this state, including leadership development programs operated by 4-H University, state agencies, and the Legislature;
- Twenty percent to support competitive teams in this state; and
- The remaining proceeds to support Florida 4-H camps under the Florida 4-H program as designated by the University of Florida.

Give Kids the World License Plate

The bill creates the Give Kids the World license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Give Kids the World” appears at the bottom of the plate.

The annual use fees are distributed to Give Kids the World, Inc. Up to 10 percent of the proceeds may be used to promote and market the plate. The remaining proceeds must be used to support the mission of Give Kids the World of providing weeklong, cost-free vacations to children with critical illnesses and their families.

Johnson and Wales University License Plate

The bill creates the Johnson and Wales University license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Johnson and Wales University” appears at the bottom of the plate. The official Johnson and Wales University logo must appear on the left side of plate.

The annual use fees are distributed to Johnson and Wales University-North Miami. A maximum of 10 percent may be used to promote and market the plate. The remaining proceeds must be used to fund Johnson and Wales University-North Miami’s charitable activities, including, but not limited to, student need-based scholarships.

Margaritaville License Plate

The bill creates the Margaritaville license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Margaritaville” appears at the bottom of the plate.

The annual use fees are distributed to the SFC Charitable Foundation, Inc., (d/b/a/ Singing for Change Foundation). The Singing for Change Foundation will retain all revenue from the annual

use fees until all startup costs for developing and establishing the plate have been recovered. Thereafter, proceeds must be used as follows:

- Up to 10 percent may be used for administration, promotion, and marketing of the plate; and
- The remaining proceeds must be used for the foundation's educational, economic, and cultural programs that:
 - Assist local communities impacted by natural and manmade disasters with recovery, rebuilding, and future sustainability efforts; and
 - Promote and inspire local grassroots leadership that works to improve the quality of life in those communities and other communities in this state.

Florida Stands with Israel License Plate

The bill creates the Florida Stands with Israel license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Florida Stands with Israel" appears at the bottom of the plate.

The annual use fees are distributed to the Hatzalah of Miami-Dade, Inc., to be used as follows:

- Ten percent must be used solely to promote and market the plate; and
- Ninety percent must be used to assist in training and deploying first responders to expedite emergency response.

Walt Disney World License Plate

The bill creates the Walt Disney World license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Walt Disney World" appears at the bottom of the plate.

The annual use fees are distributed to the Make-A-Wish Foundation of Central and Northern Florida, Inc. A maximum of 10 percent of the proceeds may be used for administrative and marketing costs. The bill does not set any other requirements for use of the proceeds by the foundation.

Thank a Lineman License Plate

The bill creates the Thank a Lineman license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Thank a Lineman" appears at the bottom of the plate.

The annual use fees are distributed to the Lake-Sumter State College Foundation, Inc., to fund scholarships for students enrolled in the Electrical Distribution Technology Program at Lake-Sumter State College. Up to 10 percent of the proceeds may be used for marketing the plate and costs directly associated with the administration of the foundation.

Best Buddies License Plate

The bill creates the Best Buddies license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “BestBuddies.org” appears at the bottom of the plate.

The annual use fees are distributed to Best Buddies International, Inc. Up to ten percent of the proceeds may be used for administrative costs and marketing the plate. The remaining proceeds must be used to create opportunities for one-to-one friendships, integrated employment, leadership development, and inclusive living for individuals with intellectual and developmental disabilities.

Morehouse College License Plate

The bill creates the Morehouse College license plate. The license plate must bear the DHSMV-approved colors and design. The word “Florida” appears at the top of the plate and “Morehouse College” appears at the bottom of the plate.

The annual use fees are distributed to the Morehouse College Alumni Association of Broward County, which must use the proceeds to award scholarships to Florida residents attending Morehouse College. Proceeds must be deposited into the endowment required in s. 320.08056(12), F.S. Students receiving these scholarships must be eligible for the Florida Bright Futures Scholarship Program¹²⁷ and use the scholarship funds for tuition and other expenses related to attending Morehouse College.

Audits and Attestations (section 8)

The bill amends s. 320.08062(1)(b), F.S., requiring the DHSMV to audit any SLP revenue recipient every three years if the organization is not subject to the Florida Single Audit Act. The purpose of this audit is to ensure that SLP proceeds have been used in compliance with ss. 320.08056 and 320.08058, F.S.

Effective Date

The bill takes effect October 1, 2020, but only if SB 414 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

¹²⁷ *Id.*

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

SB 414 establishes a \$25 annual use fee that will be charged for any specialty license plate that the DHSMV is required to develop and a \$50 annual use fee for University of Alabama, University of Georgia, and Auburn University specialty license plates.¹²⁸

Individuals who choose to purchase a specialty license plate created in the bill will pay an additional use fee of \$25 in addition to required vehicle license taxes and fees.

Individuals who choose to purchase a University of Alabama or University of Georgia specialty license plate created in the bill will pay an additional use fee of \$50 in addition to required vehicle license taxes and fees.

B. Private Sector Impact:

Organizations receiving SLP revenue may receive additional revenues associated with the sale of SLPs.

Current law prohibits the redesign of a SLP unless the inventory of the license plate has been depleted. However, the organization may purchase the remaining inventory of the SLP from the DHSMV at the DHSMV's cost.¹²⁹ Special Olympics Florida may be required to purchase the remaining inventory of its SLPs at the DHSMV's cost prior to the authorized redesign of these SLPs.

C. Government Sector Impact:

Revenues from the sale of the Orlando City Soccer Club SLP will be deposited into the Professional Sports Development Trust Fund within the DEO. To the extent that

¹²⁸ Currently, this bill does not create a specialty license plate for Auburn University.

¹²⁹ Section 320.08056(9), F.S.

individuals choose to purchase this SLP, there may be a positive, but indeterminate impact to the Professional Sports Development Trust Fund.

Revenues from the sale of the Purple Heart motorcycle plate and the Bronze Star plate will be deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund within the Department of Veterans Affairs; to the extent that eligible individuals choose to purchase these license plates, there may be an indeterminate, positive fiscal impact on these trust funds.

Depending on the number of distributions tied to the plates, the amount of programming may vary as will the resources needed to complete the changes. The DHSMV is authorized to retain revenues from the first proceeds of SLP sales to defray departmental expenditures related to the SLP program.¹³⁰

Additionally, the DHSMV states the cost to perform an audit every 3 years of each SLP may result in an insignificant workload impact that can be absorbed within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Section 320.08056, F.S., (currently and as amended by the bill) requires the fees and any interest earned from the fees to be expended only for use in this state. There is no exception created in the bill to pay for tuition or other expenses for attendance at an out-of-state university. The bill creates a plate for the University of Georgia, the University of Alabama, and Morehouse College and requires the proceeds of the plates to be used to fund scholarships for students attending one of the schools to pay for tuition or other expenses related to attending the out-of-state school. The recipient organizations of the SLP proceeds must expend the funds as awards of scholarships to Florida students. The students will then expend the scholarship funds out-of-state at the university. The ultimate use of the funds will be out-of-state, but the initial expenditure of funds by the recipient organizations will likely be in state. It is uncertain how a court would interpret this provision.

The provisions creating the plate for Morehouse College requires the proceeds from the sales of the plates to be deposited into the endowment required by s. 320.08056(12), F.S. (created by the bill). However, the provisions creating the plates for the University of Georgia and the University of Alabama do not include this specific requirement. The bill does not specifically require either university's club to deposit plate proceeds into their respective endowment; just that each club must have an endowment for providing scholarships to Florida residents.

SB 414 creates an annual use fee of \$50 for an Auburn University specialty license plate; however, this bill does not create such a plate.

¹³⁰ Section 320.08056(7), F.S.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 320.06, 320.0657, 320.08, 320.08053, 320.08056, 320.08058, 320.08062, 320.08068, 320.0875, and 320.089.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 3, 2020:

The committee substitute:

- Clarifies that the proceeds from sales of the Live the Dream, the Fallen Law Enforcement Officer, and the Beat Childhood Cancer plates must be spent in Florida.
- Specifies that the Ethical Ecotourism plate says “Florida Ecotourism” at the bottom of the plate, instead of words approved by the DHSMV.
- Creates a specialty license plate for Morehouse College.

CS by Infrastructure and Security on February 3, 2020:

Corrects a reference from “fleet” to “dealer”;

- Further modifies the Special Olympics Florida SLP to require the first \$5 million collected annually to be forwarded to Special Olympics Florida instead of the nonprofit corporation known as the “Developmental Disabilities Council” created in s. 393.002, F.S.;
- Removes the America the Beautiful SLP from the bill;
- Removes the Lighthouse SLP modifications from the bill;
- Modifies the description of the Explore Off Road Florida SLP to have “Florida” at the top and “Explore Off Road” at the bottom;
- Adds reference to the linked bill, SB 414; and
- Adds the following 10 SLPs to the bill;
 - Solar Power;
 - Florida Native;
 - Florida 4-H;
 - Give Kids the World;
 - Johnson and Wales University;
 - Margaritaville;
 - Florida Stands with Israel;
 - Walt Disney World;
 - Thank a Lineman; and
 - Best Buddies.

B. Amendments:

None.

| | . | |
| | . | |
| | . | |

The Committee on Appropriations (Bean) recommended the following:

Senate Amendment

Delete lines 478 - 899
and insert:
programs in Florida that provide relief from poverty, hunger,
and homelessness.

4. Up to 5 percent may be distributed by the department on behalf of the Dream Foundation, Inc., to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., as a royalty for

10 the use of the image of Dr. Martin Luther King, Jr.

11 ~~5. Five percent of the proceeds shall be used by the~~
12 ~~foundation for administrative costs directly associated with~~
13 ~~operations as they relate to the management and distribution of~~
14 ~~the proceeds.~~

15 ~~(57) DONATE ORGANS-PASS IT ON LICENSE PLATES.-~~

16 ~~(a) The department shall develop a Donate Organs Pass It On~~
17 ~~license plate as provided in this section. The word "Florida"~~
18 ~~must appear at the top of the plate, and the words "Donate~~
19 ~~Organs Pass It On" must appear at the bottom of the plate.~~

20 ~~(b) The annual use fees shall be distributed to Transplant~~
21 ~~Foundation, Inc., and shall use up to 10 percent of the proceeds~~
22 ~~from the annual use fee for marketing and administrative costs~~
23 ~~that are directly associated with the management and~~
24 ~~distribution of the proceeds. The remaining proceeds shall be~~
25 ~~used to provide statewide grants for patient services, including~~
26 ~~preoperative, rehabilitative, and housing assistance; organ~~
27 ~~donor education and awareness programs; and statewide medical~~
28 ~~research.~~

29 ~~(64)(66) IN GOD WE TRUST LICENSE PLATES.-~~

30 (b) The license plate annual use fees shall be distributed
31 to the In God We Trust Foundation, Inc., which may use a maximum
32 of 10 percent of the proceeds to offset marketing,
33 administration, and promotion, and the balance of the fees to
34 address the needs of the military community and the needs of the
35 public safety community, to provide educational grants and
36 scholarships to foster self-reliance and stability in Florida's
37 children, and to provide education in public and private schools
38 regarding the historical significance of religion in American

839910

39 ~~and Florida history to fund educational scholarships for the~~
40 ~~children of Florida residents who are members of the United~~
41 ~~States Armed Forces, the National Guard, and the United States~~
42 ~~Armed Forces Reserve and for the children of public safety~~
43 ~~employees who have died in the line of duty who are not covered~~
44 ~~by existing state law. Funds shall also be distributed to other~~
45 ~~s. 501(c)(3) organizations that may apply for grants and~~
46 ~~scholarships and to provide educational grants to public and~~
47 ~~private schools to promote the historical and religious~~
48 ~~significance of American and Florida history. The In God We~~
49 ~~Trust Foundation, Inc., shall distribute the license plate~~
50 ~~annual use fees in the following manner:~~

51 ~~1. The In God We Trust Foundation, Inc., shall retain all~~
52 ~~revenues from the sale of such plates until all startup costs~~
53 ~~for developing and establishing the plate have been recovered.~~

54 ~~2. Ten percent of the funds received by the In God We Trust~~
55 ~~Foundation, Inc., shall be expended for administrative costs,~~
56 ~~promotion, and marketing of the license plate directly~~
57 ~~associated with the operations of the In God We Trust~~
58 ~~Foundation, Inc.~~

59 ~~3. All remaining funds shall be expended by the In God We~~
60 ~~Trust Foundation, Inc., for programs.~~

61 ~~(69) ST. JOHNS RIVER LICENSE PLATES.—~~

62 ~~(a) The department shall develop a St. Johns River license~~
63 ~~plate as provided in this section. The St. Johns River license~~
64 ~~plates must bear the colors and design approved by the~~
65 ~~department. The word "Florida" must appear at the top of the~~
66 ~~plate, and the words "St. Johns River" must appear at the bottom~~
67 ~~of the plate.~~

839910

68 ~~(b) The requirements of s. 320.08053 must be met prior to~~
69 ~~the issuance of the plate. Thereafter, the license plate annual~~
70 ~~use fees shall be distributed to the St. Johns River Alliance,~~
71 ~~Inc., a s. 501(c)(3) nonprofit organization, which shall~~
72 ~~administer the fees as follows:~~

73 ~~1. The St. Johns River Alliance, Inc., shall retain the~~
74 ~~first \$60,000 of the annual use fees as direct reimbursement for~~
75 ~~administrative costs, startup costs, and costs incurred in the~~
76 ~~development and approval process. Thereafter, up to 10 percent~~
77 ~~of the annual use fee revenue may be used for administrative~~
78 ~~costs directly associated with education programs, conservation,~~
79 ~~research, and grant administration of the organization, and up~~
80 ~~to 10 percent may be used for promotion and marketing of the~~
81 ~~specialty license plate.~~

82 ~~2. At least 30 percent of the fees shall be available for~~
83 ~~competitive grants for targeted community-based or county-based~~
84 ~~research or projects for which state funding is limited or not~~
85 ~~currently available. The remaining 50 percent shall be directed~~
86 ~~toward community outreach and access programs. The competitive~~
87 ~~grants shall be administered and approved by the board of~~
88 ~~directors of the St. Johns River Alliance, Inc. A grant advisory~~
89 ~~committee shall be composed of six members chosen by the St.~~
90 ~~Johns River Alliance board members.~~

91 ~~3. Any remaining funds shall be distributed with the~~
92 ~~approval of and accountability to the board of directors of the~~
93 ~~St. Johns River Alliance, Inc., and shall be used to support~~
94 ~~activities contributing to education, outreach, and springs~~
95 ~~conservation.~~

96 ~~(70) HISPANIC ACHIEVERS LICENSE PLATES.—~~

839910

97 ~~(a) Notwithstanding the requirements of s. 320.08053, the~~
98 ~~department shall develop a Hispanic Achievers license plate as~~
99 ~~provided in this section. The plate must bear the colors and~~
100 ~~design approved by the department. The word "Florida" must~~
101 ~~appear at the top of the plate, and the words "Hispanic~~
102 ~~Achievers" must appear at the bottom of the plate.~~

103 ~~(b) The proceeds from the license plate annual use fee~~
104 ~~shall be distributed to National Hispanic Corporate Achievers,~~
105 ~~Inc., a nonprofit corporation under s. 501(c)(3) of the Internal~~
106 ~~Revenue Code, to fund grants to nonprofit organizations to~~
107 ~~operate programs and provide scholarships and for marketing the~~
108 ~~Hispanic Achievers license plate. National Hispanic Corporate~~
109 ~~Achievers, Inc., shall establish a Hispanic Achievers Grant~~
110 ~~Council that shall provide recommendations for statewide grants~~
111 ~~from available Hispanic Achievers license plate proceeds to~~
112 ~~nonprofit organizations for programs and scholarships for~~
113 ~~Hispanic and minority Floridians. National Hispanic Corporate~~
114 ~~Achievers, Inc., shall also establish a Hispanic Achievers~~
115 ~~License Plate Fund. Moneys in the fund shall be used by the~~
116 ~~grant council as provided in this paragraph. All funds received~~
117 ~~under this subsection must be used in this state.~~

118 ~~(c) National Hispanic Corporate Achievers, Inc., may retain~~
119 ~~all proceeds from the annual use fee until documented startup~~
120 ~~costs for developing and establishing the plate have been~~
121 ~~recovered. Thereafter, the proceeds from the annual use fee~~
122 ~~shall be used as follows:~~

123 ~~1. Up to 5 percent of the proceeds may be used for the cost~~
124 ~~of administration of the Hispanic Achievers License Plate Fund,~~
125 ~~the Hispanic Achievers Grant Council, and related matters.~~

839910

126 ~~2. Funds may be used as necessary for annual audit or~~
127 ~~compliance affidavit costs.~~

128 ~~3. Up to 20 percent of the proceeds may be used to market~~
129 ~~and promote the Hispanic Achievers license plate.~~

130 ~~4. Twenty-five percent of the proceeds shall be used by the~~
131 ~~Hispanic Corporate Achievers, Inc., located in Seminole County,~~
132 ~~for grants.~~

133 ~~5. The remaining proceeds shall be available to the~~
134 ~~Hispanic Achievers Grant Council to award grants for services,~~
135 ~~programs, or scholarships for Hispanic and minority individuals~~
136 ~~and organizations throughout Florida. All grant recipients must~~
137 ~~provide to the Hispanic Achievers Grant Council an annual~~
138 ~~program and financial report regarding the use of grant funds.~~
139 ~~Such reports must be available to the public.~~

140 ~~(d) Effective July 1, 2014, the Hispanic Achievers license~~
141 ~~plate will shift into the presale voucher phase, as provided in~~
142 ~~s. 320.08053(2) (b). National Hispanic Corporate Achievers, Inc.,~~
143 ~~shall have 24 months to record a minimum of 1,000 sales. Sales~~
144 ~~include existing active plates and vouchers sold subsequent to~~
145 ~~July 1, 2014. During the voucher period, new plates may not be~~
146 ~~issued, but existing plates may be renewed. If, at the~~
147 ~~conclusion of the 24-month presale period, the requirement of a~~
148 ~~minimum of 1,000 sales has been met, the department shall resume~~
149 ~~normal distribution of the Hispanic Achievers license plate. If,~~
150 ~~after 24 months, the minimum of 1,000 sales has not been met,~~
151 ~~the department shall discontinue the Hispanic Achievers license~~
152 ~~plate. This subsection is repealed June 30, 2016.~~

153 ~~(76)-(80) FALLEN LAW ENFORCEMENT OFFICERS LICENSE PLATES.-~~

154 (b) The annual use fees must ~~shall~~ be distributed to the

839910

155 Police and Kids Foundation, Inc., which may use up to a maximum
156 of 10 percent of the proceeds for marketing to promote and
157 market the plate. All remaining proceeds must be used by the
158 Police and Kids Foundation, Inc., for its operations,
159 activities, programs, and projects in Florida ~~The remainder of~~
160 ~~the proceeds shall be used by the Police and Kids Foundation,~~
161 ~~Inc., to invest and reinvest, and the interest earnings shall be~~
162 ~~used for the operation of the Police and Kids Foundation, Inc.~~

163 (81) DUCKS UNLIMITED LICENSE PLATES.—

164 (a) The department shall develop a Ducks Unlimited license
165 plate as provided in this section and s. 320.08053. Ducks
166 Unlimited license plates must bear the colors and design
167 approved by the department. The word "Florida" must appear at
168 the top of the plate, and the words "Conserving Florida
169 Wetlands" must appear at the bottom of the plate.

170 (b) The annual use fees from the sale of the plate must be
171 distributed to Ducks Unlimited, Inc., a nonprofit corporation
172 under s. 501(c)(3) of the Internal Revenue Code, to be used as
173 follows:

174 1. Up to 5 percent may be used for administrative costs and
175 the marketing of the plate.

176 2. At least 95 percent must be used in this state to
177 support the mission and efforts of Ducks Unlimited, Inc., to
178 conserve, restore, and manage Florida wetlands and associated
179 habitats for the benefit of waterfowl, other wildlife, and
180 people.

181 (82) DAN MARINO CAMPUS LICENSE PLATES.—

182 (a) The department shall develop a Dan Marino Campus
183 license plate as provided in this section and s. 320.08053. The

839910

184 plate must bear the colors and design approved by the
185 department. The word "Florida" must appear at the top of the
186 plate, and the words "Marino Campus" must appear at the bottom
187 of the plate.

188 (b) The annual use fees from the sale of the plate must be
189 distributed to the Dan Marino Foundation, a Florida nonprofit
190 corporation, which may use up to 10 percent of such fees for
191 administrative costs and the marketing of the plate. The balance
192 of the fees must be used by the Dan Marino Foundation to assist
193 Floridians with developmental disabilities in becoming employed,
194 independent, and productive and to promote and fund education
195 scholarships and awareness of these services.

196 (83) DONATE LIFE FLORIDA LICENSE PLATES.—

197 (a) The department shall develop a Donate Life Florida
198 license plate as provided in this section and s. 320.08053. The
199 plate must bear the colors and design approved by the
200 department. The word "Florida" must appear at the top of the
201 plate, and the words "Donors Save Lives" must appear at the
202 bottom of the plate.

203 (b) The annual use fees from the sale of the plate must be
204 distributed to Donate Life Florida, which may use up to 10
205 percent of the proceeds for marketing and administrative costs.
206 The remaining proceeds must be used by Donate Life Florida to
207 educate Florida residents on the importance of organ, tissue,
208 and eye donation and for the continued maintenance of the Joshua
209 Abbott Organ and Tissue Donor Registry.

210 (84) FLORIDA STATE BEEKEEPERS ASSOCIATION LICENSE PLATES.—

211 (a) The department shall develop a Florida State Beekeepers
212 Association license plate as provided in this section and s.

839910

213 320.08053. The plate must bear the colors and design approved by
214 the department. The word "Florida" must appear at the top of the
215 plate, and the words "Save the Bees" must appear at the bottom
216 of the plate.

217 (b) The annual use fees must be distributed to the Florida
218 State Beekeepers Association, a Florida nonprofit corporation.
219 The Florida State Beekeepers Association may use up to 18
220 percent of the annual use fees for:

221 1. Direct reimbursement for administrative costs, startup
222 costs, and costs incurred in the development and approval
223 process of the license plate. All vendors associated with the
224 administrative costs must be selected by competitive bid.

225 2. Promotion and marketing costs of the license plate.

226 (c) The remaining funds must be distributed to the Florida
227 State Beekeepers Association and used to raise awareness of the
228 importance of beekeeping to Florida agriculture by funding
229 honeybee research, education, outreach, and husbandry. The
230 Florida State Beekeepers Association board of managers shall
231 approve, and is accountable for, all such expenditures.

232 (85) BEAT CHILDHOOD CANCER LICENSE PLATES.-

233 (a) The department shall develop a Beat Childhood Cancer
234 license plate as provided in this section and s. 320.08053. The
235 plate must bear the colors and design approved by the
236 department. The word "Florida" must appear at the top of the
237 plate, and the words "Beat Childhood Cancer" must appear at the
238 bottom of the plate.

239 (b) The annual use fees from the sale of the plate shall be
240 distributed as follows:

241 1. Eighty percent shall be distributed to Beat Nb, Inc.,

242 which may use up to 10 percent of the proceeds for
243 administrative costs directly associated with the operation of
244 the corporation and for marketing and promoting the plate. The
245 remaining proceeds shall be used by the corporation to fund
246 pediatric cancer treatment and research in Florida.

247 2. Twenty percent shall be distributed to No Kid Should
248 Know Cancer, Inc., a nonprofit corporation under s. 501(c)(3) of
249 the Internal Revenue Code, which may use up to 5 percent of the
250 proceeds for administrative costs and for the marketing of the
251 plate. The balance of the fees shall be used by No Kid Should
252 Know Cancer, Inc., to:

253 a. Support Florida families who have a child recently
254 diagnosed with cancer;

255 b. Hold events in Florida that raise awareness about
256 childhood cancer; and

257 c. Support clinical trials in Florida that work to provide
258 better treatment plans for children diagnosed with cancer and,
259 ultimately, a better prognosis.

260 (86) UNIVERSITY OF ALABAMA LICENSE PLATES.—

261 (a) The department shall develop a University of Alabama
262 license plate as provided in this section and s. 320.08053. The
263 plate must bear the colors and design approved by the
264 department. The word "Florida" must appear at the top of the
265 plate, and the words "Roll Tide" must appear at the bottom of
266 the plate.

267 (b) The annual use fees from the sale of the plate shall be
268 distributed to the Pensacola Bama Club, which must use the
269 moneys for the purpose of awarding scholarships to Florida
270 residents attending the University of Alabama. Students

839910

271 receiving these scholarships must be eligible for the Florida
272 Bright Futures Scholarship Program pursuant to s. 1009.531 and
273 shall use the scholarship funds for tuition and other expenses
274 related to attending the University of Alabama.

275 (87) ROTARY LICENSE PLATES.—

276 (a) The department shall develop a Rotary license plate as
277 provided in this section and s. 320.08053. The plate must bear
278 the colors and design approved by the department. The word
279 “Florida” must appear at the top of the plate, and the word
280 “Rotary” must appear on the bottom of the plate. The license
281 plate must bear the Rotary International wheel emblem.

282 (b) The annual use fees shall be distributed to the
283 Community Foundation of Tampa Bay, Inc., to be used as follows:

284 1. Up to 10 percent may be used for administrative costs
285 and for marketing of the plate.

286 2. Ten percent shall be distributed to Rotary’s Camp
287 Florida for direct support to all programs and services provided
288 to children with special needs who attend the camp.

289 3. The remainder shall be distributed, proportionally based
290 on sales, to each Rotary district in the state in support of
291 Rotary youth programs in Florida.

292 (88) FLORIDA BAY FOREVER LICENSE PLATES.—

293 (a) The department shall develop a Florida Bay Forever
294 license plate as provided in this section and s. 320.08053. The
295 plate must bear the colors and design approved by the
296 department. The word “Florida” must appear at the top of the
297 plate, and the words “Florida Bay Forever” must appear at the
298 bottom of the plate.

299 (b) The annual use fees from the sale of the plate shall be

839910

300 distributed to the Florida National Parks Association, Inc.,
301 which may use up to 10 percent of the proceeds for
302 administrative costs and marketing of the plate. The remainder
303 of the funds shall be used to supplement the Everglades National
304 Park's budgets and to support educational, interpretive,
305 historical, and scientific research relating to the Everglades
306 National Park.

307 (89) BONEFISH AND TARPON TRUST LICENSE PLATES.—

308 (a) The department shall develop a Bonefish and Tarpon
309 Trust license plate as provided in this section and s.
310 320.08053. The plate must bear the colors and design approved by
311 the department. The word "Florida" must appear at the top of the
312 plate, and the words "Bonefish and Tarpon Trust" must appear at
313 the bottom of the plate.

314 (b) The annual use fees from the sale of the plate shall be
315 distributed to the Bonefish and Tarpon Trust, which may use up
316 to 10 percent of the proceeds to promote and market the license
317 plate. The remainder of the proceeds shall be used to conserve
318 and enhance Florida bonefish and tarpon fisheries and their
319 respective environments through stewardship, research,
320 education, and advocacy.

321 (90) MEDICAL PROFESSIONALS WHO CARE LICENSE PLATES.—

322 (a) The department shall develop a Medical Professionals
323 Who Care license plate as provided in this section and s.
324 320.08053. The plate must bear the colors and design approved by
325 the department. The word "Florida" must appear at the top of the
326 plate, and the words "Medical Professionals Who Care" must
327 appear at the bottom of the plate.

328 (b) The annual use fees from the sale of the plate shall be

839910

329 distributed to Florida Benevolent Group, Inc., a Florida
330 nonprofit corporation, which may use up to 10 percent of such
331 fees for administrative costs, marketing, and promotion of the
332 plate. The remainder of the revenues shall be used by Florida
333 Benevolent Group, Inc., to assist low-income individuals in
334 obtaining a medical education and career through scholarships,
335 support, and guidance.

336 (91) UNIVERSITY OF GEORGIA LICENSE PLATES.—

337 (a) The department shall develop a University of Georgia
338 license plate as provided in this section and s. 320.08053. The
339 plate must bear the colors and design approved by the
340 department. The word "Florida" must appear at the top of the
341 plate, and the words "The University of Georgia" must appear at
342 the bottom of the plate.

343 (b) The annual use fees from the sale of the plate shall be
344 distributed to the Georgia Bulldog Club of Jacksonville, which
345 must use the moneys for the purpose of awarding scholarships to
346 Florida residents attending the University of Georgia. Students
347 receiving these scholarships must be eligible for the Florida
348 Bright Futures Scholarship Program pursuant to s. 1009.531 and
349 shall use the scholarship funds for tuition and other expenses
350 related to attending the University of Georgia.

351 (92) HIGHWAYMEN LICENSE PLATES.—

352 (a) The department shall develop a Highwaymen license plate
353 as provided in this section and s. 320.08053. The plate must
354 bear the colors and design approved by the department. The word
355 "Florida" must appear at the top of the plate, and the word
356 "Highwaymen" must appear at the bottom of the plate.

357 (b) The annual use fees shall be distributed to the City of

839910

358 Fort Pierce, subject to a city resolution designating the city
359 as the fiscal agent of the license plate. The city may use up to
360 10 percent of the fees for administrative costs and marketing of
361 the plate and shall use the remainder of the fees as follows:

362 1. Before completion of construction of the Highwaymen
363 Museum and African-American Cultural Center, the city shall
364 distribute at least 15 percent to the St. Lucie County Education
365 Foundation, Inc., to fund art education and art projects in
366 public schools within St. Lucie County. The remainder of the
367 fees shall be used by the city to fund the construction of the
368 Highwaymen Museum and African-American Cultural Center.

369 2. Upon completion of construction of the Highwaymen Museum
370 and African-American Cultural Center, the city shall distribute
371 at least 10 percent to the St. Lucie County Education
372 Foundation, Inc., to fund art education and art projects in
373 public schools within St. Lucie County. The remainder of the
374 fees shall be used by the city to fund the day-to-day operations
375 of the Highwaymen Museum and African-American Cultural Center.

376 (93) ORLANDO CITY SOCCER CLUB LICENSE PLATES.—

377 (a) The department shall develop an Orlando City Soccer
378 Club license plate as provided in paragraph (9) (a).

379 (b) The annual use fees from the sale of the plate shall be
380 distributed and used as provided in paragraph (9) (b).

381 (94) COASTAL CONSERVATION ASSOCIATION LICENSE PLATES.—

382 (a) The department shall develop a Coastal Conservation
383 Association license plate as provided in this section and s.
384 320.08053. The plate must bear the colors and design approved by
385 the department. The word "Florida" must appear at the top of the
386 plate, and the words "Conserve Florida's Fisheries" must appear

839910

387 at the bottom of the plate.

388 (b) The annual use fees from the sale of the plate shall be
389 distributed to Coastal Conservation Association Florida, a
390 nonprofit corporation under s. 501(c)(3) of the Internal Revenue
391 Code, to be used as follows:

392 1. Up to 10 percent of the proceeds may be used for
393 administrative costs and to promote and market the plate.

394 2. The remainder of the proceeds shall be used to support
395 the mission and efforts of Coastal Conservation Association
396 Florida for habitat enhancement and restoration, saltwater
397 fisheries conservation, and education; to advise the public on
398 the conservation of marine resources; and to promote and enhance
399 the present and future availability of those coastal resources
400 for the benefit and enjoyment of the general public.

401 (95) PALM BEACH ZOO AND CONSERVATION SOCIETY LICENSE
402 PLATES.—

403 (a) The department shall develop a Palm Beach Zoo and
404 Conservation Society license plate as provided in this section
405 and s. 320.08053. Palm Beach Zoo and Conservation Society
406 license plates must bear the colors and design approved by the
407 department. The word "Florida" must appear at the top of the
408 plate, and the words "Palm Beach Zoo and Conservation Society"
409 must appear at the bottom of the plate.

410 (b) The license plate annual use fees shall be distributed
411 to the Palm Beach Zoo and Conservation Society to fund
412 educational programs for students in pre-K through grade 12,
413 conservation projects to protect endangered or threatened
414 species, and services for the health and welfare of animals in
415 the zoo's care. The Palm Beach Zoo and Conservation Society may

839910

416 retain all revenue from the annual use fees until all startup
417 costs for developing and establishing the plate have been
418 recovered. Thereafter, up to 10 percent of the annual use fee
419 revenue may be used for promotion and marketing of the specialty
420 license plate and administrative costs directly associated with
421 the programs of the society and the specialty license plate.

422 (96) ETHICAL ECOTOURISM LICENSE PLATES.—

423 (a) The department shall develop an Ethical Ecotourism
424 license plate as provided in this section and s. 320.08053. The
425 word "Florida" must appear at the top of the plate, and words
426 "Florida Ecotourism" must appear at the bottom of

Senate Amendment (with directory amendment)

Between lines 1208 and 1209
insert:

(114) MOREHOUSE COLLEGE LICENSE PLATES.-

(a) The department shall develop a Morehouse College license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Morehouse College" must appear at the

916530

11 bottom of the plate.

12 (b) The annual use fees from the sale of the plate shall be
13 distributed to the Morehouse College Alumni Association of
14 Broward County, which must use the proceeds for the purpose of
15 awarding scholarships to Florida residents attending Morehouse
16 College. The proceeds must be deposited in the endowment
17 required in s. 320.08056(12). Students receiving these
18 scholarships must be eligible for the Florida Bright Futures
19 Scholarship Program pursuant to s. 1009.531 and shall use the
20 scholarship funds for tuition and other expenses related to
21 attending Morehouse College.

 68 annual use fees withheld by the department; providing
 69 contingent effective dates.

70
 71 Be It Enacted by the Legislature of the State of Florida:

72
 73 Section 1. Paragraph (a) of subsection (3) of section
 74 320.06, Florida Statutes, is amended to read:

75 320.06 Registration certificates, license plates, and
 76 validation stickers generally.—

77 (3) (a) Registration license plates must be made of metal
 78 specially treated with a retroreflection material, as specified
 79 by the department. The registration license plate is designed to
 80 increase nighttime visibility and legibility and must be at
 81 least 6 inches wide and not less than 12 inches in length,
 82 unless a plate with reduced dimensions is deemed necessary by
 83 the department to accommodate motorcycles, mopeds, or similar
 84 smaller vehicles. Validation stickers must also be treated with
 85 a retroreflection material, must be of such size as specified by
 86 the department, and must adhere to the license plate. The
 87 registration license plate must be imprinted with a combination

Page 3 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

88 of bold letters and numerals or numerals, not to exceed seven
 89 digits, to identify the registration license plate number. The
 90 license plate must be imprinted with the word "Florida" at the
 91 top and the name of the county in which it is sold, the state
 92 motto, or the words "Sunshine State" at the bottom. Apportioned
 93 license plates must have the word "Apportioned" at the bottom
 94 and license plates issued for vehicles taxed under s.
 95 320.08(3) (d), (4) (m) or (n), (5) (b) or (c), or (14) must have
 96 the word "Restricted" at the bottom. License plates issued for
 97 vehicles taxed under s. 320.08(12) must be imprinted with the
 98 word "Florida" at the top and the word "Dealer" at the bottom
 99 unless the license plate is a specialty license plate as
 100 authorized in s. 320.08056. Manufacturer license plates issued
 101 for vehicles taxed under s. 320.08(12) must be imprinted with
 102 the word "Florida" at the top and the word "Manufacturer" at the
 103 bottom. License plates issued for vehicles taxed under s.
 104 320.08(5) (d) or (e) must be imprinted with the word "Wrecker" at
 105 the bottom. Any county may, upon majority vote of the county
 106 commission, elect to have the county name removed from the
 107 license plates sold in that county. The state motto or the words
 108 "Sunshine State" shall be printed in lieu thereof. A license
 109 plate issued for a vehicle taxed under s. 320.08(6) may not be
 110 assigned a registration license number, or be issued with any
 111 other distinctive character or designation, that distinguishes
 112 the motor vehicle as a for-hire motor vehicle.

113 Section 2. Paragraph (b) of subsection (2) of section
 114 320.0657, Florida Statutes, is amended to read:

115 320.0657 Permanent registration; fleet license plates.—

116 (2)

Page 4 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

117 (b) The plates, which shall be of a distinctive color,
 118 shall have the word "Fleet" appearing at the bottom and the word
 119 "Florida" appearing at the top unless the license plate is a
 120 specialty license plate as authorized in s. 320.08056. The
 121 plates shall conform in all respects to the provisions of this
 122 chapter, except as specified herein. For additional fees as set
 123 forth in s. 320.08056, fleet companies may purchase specialty
 124 license plates in lieu of the standard fleet license plates.
 125 Fleet companies shall be responsible for all costs associated
 126 with the specialty license plates, including all annual use
 127 fees, processing fees, fees associated with switching license
 128 plate types, and any other applicable fees.

129 Section 3. Subsection (12) of section 320.08, Florida
 130 Statutes, is amended to read:

131 320.08 License taxes.—Except as otherwise provided herein,
 132 there are hereby levied and imposed annual license taxes for the
 133 operation of motor vehicles, mopeds, motorized bicycles as
 134 defined in s. 316.003(4), tri-vehicles as defined in s. 316.003,
 135 and mobile homes as defined in s. 320.01, which shall be paid to
 136 and collected by the department or its agent upon the
 137 registration or renewal of registration of the following:

138 (12) DEALER AND MANUFACTURER LICENSE PLATES.—A franchised
 139 motor vehicle dealer, independent motor vehicle dealer, marine
 140 boat trailer dealer, or mobile home dealer and manufacturer
 141 license plate: \$17 flat. For additional fees as set forth in s.
 142 320.08056, dealer companies may purchase specialty license
 143 plates in lieu of the standard dealer license plates. Dealer
 144 companies shall be responsible for all costs associated with the
 145 specialty license plates, including all annual use fees,

596-03033-20

2020412c1

146 processing fees, fees associated with switching license plate
 147 types, and any other applicable fees.

148 Section 4. Section 320.08053, Florida Statutes, is amended
 149 to read:

150 320.08053 ~~Establishment of Requirements for requests to~~
 151 ~~establish~~ specialty license plates.—

152 (1) If a specialty license plate requested by an
 153 organization is approved by law, the organization must submit
 154 the proposed art design for the specialty license plate to the
 155 department, in a medium prescribed by the department, as soon as
 156 practicable, but no later than 60 days after the act approving
 157 the specialty license plate becomes a law.

158 (2) (a) Within 20 days after following the specialty
 159 license plate becomes becoming law, the department shall
 160 establish a method to issue a specialty license plate voucher to
 161 allow for the presale of the specialty license plate. The
 162 processing fee as prescribed in s. 320.08056, the service charge
 163 and branch fee as prescribed in s. 320.04, and the annual use
 164 fee as prescribed in s. 320.08056 shall be charged for the
 165 voucher. All other applicable fees shall be charged at the time
 166 of issuance of the license plate plates.

167 (b) Within 24 months after the presale specialty license
 168 plate voucher is established, the approved specialty license
 169 plate organization must record with the department a minimum of
 170 3,000 4,000 voucher sales, or, in the case of an out-of-state
 171 college or university license plate, 4,000 voucher sales, before
 172 manufacture of the license plate may commence. If, at the
 173 conclusion of the 24-month presale period, the minimum sales
 174 requirement has requirements have not been met, the specialty

596-03033-20

2020412c1

175 plate is deauthorized and the department shall discontinue
 176 development of the plate and discontinue issuance of the presale
 177 vouchers. Upon deauthorization of the license plate, a purchaser
 178 of the license plate voucher may use the annual use fee
 179 collected as a credit towards any other specialty license plate
 180 or apply for a refund on a form prescribed by the department.

181 (3) (a) New specialty license plates that have been approved
 182 by law but are awaiting issuance under paragraph (b) must be
 183 issued in the order they appear in s. 320.08058 provided that
 184 they have met the presale requirement. All other provisions of
 185 this section must also be met before a plate is issued. If the
 186 next specialty license plate awaiting issuance has not met the
 187 presale requirement, the department shall proceed in the order
 188 provided in s. 320.08058 to identify the next qualified
 189 specialty license plate that has met the presale requirement.
 190 The department shall cycle through the list in statutory order.

191 (b) If the Legislature has approved 200 or more specialty
 192 license plates, the department may not make any new specialty
 193 license plates available for design or issuance until a
 194 sufficient number of plates are discontinued pursuant to s.
 195 320.08056(8) such that the number of plates being issued does
 196 not exceed 200. This paragraph does not apply to collegiate
 197 license plates established under s. 320.08058(3).

198 Section 5. Present subsection (12) of section 320.08056,
 199 Florida Statutes, is redesignated as subsection (13), paragraphs
 200 (c) through (f) are added to subsection (8) of that section, a
 201 new subsection (12) is added to that section, and subsections
 202 (2) and (4), paragraph (a) of subsection (10), and subsection
 203 (11) of that section are amended, to read:

Page 7 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

204 320.08056 Specialty license plates.-

205 (2) (a) The department shall issue a specialty license plate
 206 to the owner or lessee of any motor vehicle, except a vehicle
 207 registered under the International Registration Plan, a
 208 commercial truck required to display two license plates pursuant
 209 to s. 320.0706, or a truck tractor, upon request and payment of
 210 the appropriate license tax and fees.

211 (b) The department may authorize dealer and fleet specialty
 212 license plates. With the permission of the sponsoring specialty
 213 license plate organization, a dealer or fleet company may
 214 purchase specialty license plates to be used on dealer and fleet
 215 vehicles.

216 (c) Notwithstanding s. 320.08058, a dealer or fleet
 217 specialty license plate must include the letters "DLR" or "FLT"
 218 on the right side of the license plate. Dealer and fleet
 219 specialty license plates must be ordered directly through the
 220 department.

221 (4) The following license plate annual use fees shall be
 222 collected for the appropriate specialty license plates:

223 (a) ~~Manatee license plate, \$25-~~

224 ~~(b)~~ Challenger/Columbia license plate, \$25, except that a
 225 person ~~who that~~ purchases 1,000 or more of such license plates
 226 shall pay an annual use fee of \$15 per plate.

227 ~~(c)~~ Collegiate license plate, ~~\$25-~~

 316 (8)
 317 (c) A vehicle owner or lessee issued a specialty license
 318 plate that has been discontinued by the department may keep the
 319 discontinued specialty license plate for the remainder of the

Page 11 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

320 10-year license plate replacement period and shall pay all other
 321 applicable registration fees. However, such owner or lessee is
 322 exempt from paying the applicable specialty license plate fee
 323 under paragraph (3) (d) or subsection (4) for the remainder of
 324 the 10-year license plate replacement period.
 325 (d) If the department discontinues issuance of a specialty
 326 license plate, all annual use fees held or collected by the
 327 department must be distributed within 180 days after the date on
 328 which the specialty license plate is discontinued. Of those
 329 fees, the department shall retain an amount sufficient to defray
 330 the applicable administrative and inventory closeout costs
 331 associated with discontinuance of the plate. The remaining funds
 332 must be distributed to the appropriate organization or
 333 organizations pursuant to s. 320.08058.
 334 (e) If an organization that is the intended recipient of
 335 the funds pursuant to s. 320.08058 no longer exists, the
 336 department shall deposit any undisbursed funds into the Highway
 337 Safety Operating Trust Fund.
 338 (f) Notwithstanding paragraph (a), on January 1 of each
 339 year, the department shall discontinue the specialty license
 340 plate with the fewest number of plates in circulation, including
 341 license plates exempt from a statutory sales requirement. A
 342 warning letter must be mailed to the sponsoring organizations of
 343 the 10 percent of the total number of specialty license plates
 344 with the fewest valid, active registrations as of December 1 of
 345 each year.
 346 (10) (a) A specialty license plate annual use fee collected
 347 and distributed under this chapter, or any interest earned from
 348 those fees, may not be used for commercial or for-profit

Page 12 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

349 activities nor for general or administrative expenses, except as
 350 authorized by s. 320.08058 or to pay the cost of the audit or
 351 report required by s. 320.08062(1). The fees and any interest
 352 earned from the fees may be expended only for use in this state
 353 unless the annual use fee is derived from the sale of United
 354 States Armed Forces and veterans-related specialty license
 355 plates pursuant to paragraph (3) (d) for the Support Our Troops
 356 and American Legion license plates; paragraphs (4) (b), (q), and
 357 (v) for the Florida Salutes Veterans, United States Marine
 358 Corps, and Military Services license plates, respectively;
 359 paragraphs (4) (d), (bb), (ll), (kkk), and (yyy) and s. 320.0891
 360 for the U.S. Paratroopers license plate.

361 (11) The annual use fee from the sale of specialty license
 362 plates, the interest earned from those fees, or any fees
 363 received by any entity an agency as a result of the sale of
 364 specialty license plates may not be used for the purpose of
 365 marketing to, or lobbying, entertaining, or rewarding, an
 366 employee of a governmental agency that is responsible for the
 367 sale and distribution of specialty license plates, or an elected
 368 member or employee of the Legislature.

369 (12) For out-of-state college or university license plates
 370 created pursuant to this section, the recipient organization
 371 shall meet both of the following requirements:

372 (a) Have an established endowment, based in this state, for
 373 the purpose of providing scholarships to Florida residents
 374 meeting the requirements of this chapter.

375 (b) Provide documentation to the department that the
 376 organization and the department have the college's or
 377 university's consent to use an appropriate image on a license

Page 13 of 46

596-03033-20

2020412c1

378 plate.

379 Section 6. Effective July 1, 2022, paragraph (a) of
 380 subsection (8) of section 320.08056, Florida Statutes, is
 381 amended to read:

382 320.08056 Specialty license plates.—

383 (8) (a) The department must discontinue the issuance of an
 384 approved specialty license plate if the number of valid
 385 specialty plate registrations falls below 3,000, or, in the case
 386 of an out-of-state college or university license plate, below
 387 4,000, ~~1,000~~ plates for at least 12 consecutive months. A
 388 warning letter shall be mailed to the sponsoring organization
 389 following the first month in which the total number of valid
 390 specialty plate registrations is below 3,000, or, in the case of
 391 an out-of-state college or university license plate, below 4,000
 392 ~~1,000~~ plates. This paragraph does not apply to in-state
 393 collegiate license plates established under s. 320.08058(3),
 394 license plates of institutions in and entities of the State
 395 University System, specialty license plates that have statutory
 396 eligibility limitations for purchase, specialty license plates
 397 for which annual use fees are distributed by a foundation for
 398 student and teacher leadership programs and teacher recruitment
 399 and retention, or Florida Professional Sports Team license
 400 plates established under s. 320.08058(9).

401 Section 7. Subsections (7) and (31), present subsections
 402 (48) and (57), paragraph (b) of present subsection (66), present
 403 subsections (69) and (70), and paragraph (b) of present
 404 subsection (80) of section 320.08058, Florida Statutes, are
 405 amended, and new subsections (81) through (84) and subsections
 406 (85) through (113) are added to that section, to read:

Page 14 of 46

2020412c1

407 320.08058 Specialty license plates.-
 408 (7) SPECIAL OLYMPICS FLORIDA LICENSE PLATES.-
 409 (a) Special Olympics Florida license plates must contain
 410 the official Special Olympics Florida logo and must bear the
 411 ~~colors and a design and colors that are~~ approved by the
 412 department. The word "Florida" must be centered at the top
 413 ~~bottom~~ of the plate, and the words "Be a Fan" "Everyone Wins"
 414 must be centered at the bottom ~~top~~ of the plate.
 415 (b) The license plate annual use fees must ~~are to be~~ be
 416 annually distributed as follows:
 417 1. The first \$5 million collected annually must be
 418 forwarded to Special Olympics Florida ~~the private nonprofit~~
 419 ~~corporation as described in s. 393.002 and must be used solely~~
 420 ~~for Special Olympics purposes as approved by the private~~
 421 ~~nonprofit corporation.~~
 422 2. Any additional fees must be deposited into the General
 423 Revenue Fund.
 424 ~~(31) AMERICAN RED CROSS LICENSE PLATES.-~~
 425 ~~(a) Notwithstanding the provisions of s. 320.08053, the~~
 426 ~~department shall develop an American Red Cross license plate as~~
 427 ~~provided in this section. The word "Florida" must appear at the~~
 428 ~~top of the plate, and the words "American Red Cross" must appear~~
 429 ~~at the bottom of the plate.~~
 430 ~~(b) The department shall retain all revenues from the sale~~
 431 ~~of such plates until all startup costs for developing and~~
 432 ~~issuing the plates have been recovered. Thereafter, 50 percent~~
 433 ~~of the annual use fees shall be distributed to the American Red~~
 434 ~~Cross Chapter of Central Florida, with statistics on sales of~~
 435 ~~license plates, which are tabulated by county. The American Red~~

596-03033-20

2020412c1

436 ~~Cross Chapter of Central Florida must distribute to each of the~~
 437 ~~chapters in this state the moneys received from sales in the~~
 438 ~~counties covered by the respective chapters, which moneys must~~
 439 ~~be used for education and disaster relief in Florida. Fifty~~
 440 ~~percent of the annual use fees shall be distributed~~
 441 ~~proportionately to the three statewide approved poison control~~
 442 ~~centers for purposes of combating bioterrorism and other poison-~~
 443 ~~related purposes.-~~
 444 ~~(47)-(48) LIVE THE DREAM LICENSE PLATES.-~~
 445 (a) The department shall develop a Live the Dream license
 446 plate as provided in this section. Live the Dream license plates
 447 must bear the colors and design approved by the department. The
 448 word "Florida" must appear at the top of the plate, and the
 449 words "Live the Dream" must appear at the bottom of the plate.
 450 (b) The proceeds of the annual use fee shall be distributed
 451 to the Dream Foundation, Inc., to The Dream Foundation, Inc.,
 452 ~~shall retain the first \$60,000 in proceeds from the annual use~~
 453 ~~fees as reimbursement for administrative costs, startup costs,~~
 454 ~~and costs incurred in the approval process. Thereafter, up to 25~~
 455 ~~percent shall be used for continuing promotion and marketing of~~
 456 ~~the license plate and concept. The remaining funds shall be used~~
 457 ~~in the following manner:~~
 458 1. Up to 5 percent may be used to administer, promote, and
 459 market the license plate.
 460 2.1- At least 60 ~~Twenty-five~~ percent shall be distributed
 461 equally among the sickle cell organizations that are Florida
 462 members of the Sickle Cell Disease Association of America, Inc.,
 463 for programs that provide research, care, and treatment for
 464 sickle cell disease.

Page 16 of 46

596-03033-20

2020412c1

465 ~~2. Twenty-five percent shall be distributed to the Florida~~
 466 ~~chapter of the March of Dimes for programs and services that~~
 467 ~~improve the health of babies through the prevention of birth~~
 468 ~~defects and infant mortality.~~

469 ~~3. Ten percent shall be distributed to the Florida~~
 470 ~~Association of Healthy Start Coalitions to decrease racial~~
 471 ~~disparity in infant mortality and to increase healthy birth~~
 472 ~~outcomes. Funding will be used by local Healthy Start Coalitions~~
 473 ~~to provide services and increase screening rates for high-risk~~
 474 ~~pregnant women, children under 4 years of age, and women of~~
 475 ~~childbearing age.~~

476 3.4. At least 30 ~~Ten~~ percent shall be distributed to
 477 Chapman the Community Partnership for Homeless, Inc., for
 478 programs that provide relief from poverty, hunger, and
 479 homelessness.

480 4. Up to 5 percent may be distributed by the department on
 481 behalf of the Dream Foundation, Inc., to the Martin Luther King,
 482 Jr., Center for Nonviolent Social Change, Inc., as a royalty for
 483 the use of the image of Dr. Martin Luther King, Jr.

484 ~~5. Five percent of the proceeds shall be used by the~~
 485 ~~foundation for administrative costs directly associated with~~
 486 ~~operations as they relate to the management and distribution of~~
 487 ~~the proceeds.~~

488 ~~(57) DONATE ORGANS-PASS IT ON LICENSE PLATES.-~~

489 ~~(a) The department shall develop a Donate Organs-Pass It On~~
 490 ~~license plate as provided in this section. The word "Florida"~~
 491 ~~must appear at the top of the plate, and the words "Donate~~
 492 ~~Organs Pass It On" must appear at the bottom of the plate.~~

2020412c1

494 ~~Foundation, Inc., and shall use up to 10 percent of the proceeds~~
 495 ~~from the annual use fee for marketing and administrative costs~~
 496 ~~that are directly associated with the management and~~
 497 ~~distribution of the proceeds. The remaining proceeds shall be~~
 498 ~~used to provide statewide grants for patient services, including~~
 499 ~~preoperative, rehabilitative, and housing assistance; organ~~
 500 ~~donor education and awareness programs; and statewide medical~~
 501 ~~research.~~

502 ~~(64)(66) IN GOD WE TRUST LICENSE PLATES.-~~

503 (b) The license plate annual use fees shall be distributed
 504 to the In God We Trust Foundation, Inc., which may use a maximum
 505 of 10 percent of the proceeds to offset marketing,
 506 administration, and promotion, and the balance of the fees to
 507 address the needs of the military community and the needs of the
 508 public safety community, to provide educational grants and
 509 scholarships to foster self-reliance and stability in Florida's
 510 children, and to provide education in public and private schools
 511 regarding the historical significance of religion in American
 512 and Florida history to fund educational scholarships for the
 513 children of Florida residents who are members of the United
 514 States Armed Forces, the National Guard, and the United States
 515 Armed Forces Reserve and for the children of public safety
 516 employees who have died in the line of duty who are not covered
 517 by existing state law. Funds shall also be distributed to other
 518 s. 501(c)(3) organizations that may apply for grants and
 519 scholarships and to provide educational grants to public and
 520 private schools to promote the historical and religious
 521 significance of American and Florida history. The In God We
 522 Trust Foundation, Inc., shall distribute the license plate

Page 18 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

523 ~~annual use fees in the following manner:~~

524 ~~1. The In God We Trust Foundation, Inc., shall retain all~~
 525 ~~revenues from the sale of such plates until all startup costs~~
 526 ~~for developing and establishing the plate have been recovered.~~

527 ~~2. Ten percent of the funds received by the In God We Trust~~
 528 ~~Foundation, Inc., shall be expended for administrative costs,~~
 529 ~~promotion, and marketing of the license plate directly~~
 530 ~~associated with the operations of the In God We Trust~~
 531 ~~Foundation, Inc.~~

532 ~~3. All remaining funds shall be expended by the In God We~~
 533 ~~Trust Foundation, Inc., for programs.~~

534 ~~(69) ST. JOHNS RIVER LICENSE PLATES.~~

535 ~~(a) The department shall develop a St. Johns River license~~
 536 ~~plate as provided in this section. The St. Johns River license~~
 537 ~~plates must bear the colors and design approved by the~~
 538 ~~department. The word "Florida" must appear at the top of the~~
 539 ~~plate, and the words "St. Johns River" must appear at the bottom~~
 540 ~~of the plate.~~

541 ~~(b) The requirements of s. 320.08053 must be met prior to~~
 542 ~~the issuance of the plate. Thereafter, the license plate annual~~
 543 ~~use fees shall be distributed to the St. Johns River Alliance,~~
 544 ~~Inc., a s. 501(c)(3) nonprofit organization, which shall~~
 545 ~~administer the fees as follows:~~

546 ~~1. The St. Johns River Alliance, Inc., shall retain the~~
 547 ~~first \$60,000 of the annual use fees as direct reimbursement for~~
 548 ~~administrative costs, startup costs, and costs incurred in the~~
 549 ~~development and approval process. Thereafter, up to 10 percent~~
 550 ~~of the annual use fee revenue may be used for administrative~~
 551 ~~costs directly associated with education programs, conservation,~~

596-03033-20

2020412c1

552 ~~research, and grant administration of the organization, and up~~
 553 ~~to 10 percent may be used for promotion and marketing of the~~
 554 ~~specialty license plate.~~

555 ~~2. At least 30 percent of the fees shall be available for~~
 556 ~~competitive grants for targeted community based or county based~~
 557 ~~research or projects for which state funding is limited or not~~
 558 ~~currently available. The remaining 50 percent shall be directed~~
 559 ~~toward community outreach and access programs. The competitive~~
 560 ~~grants shall be administered and approved by the board of~~
 561 ~~directors of the St. Johns River Alliance, Inc. A grant advisory~~
 562 ~~committee shall be composed of six members chosen by the St.~~
 563 ~~Johns River Alliance board members.~~

564 ~~3. Any remaining funds shall be distributed with the~~
 565 ~~approval of and accountability to the board of directors of the~~
 566 ~~St. Johns River Alliance, Inc., and shall be used to support~~
 567 ~~activities contributing to education, outreach, and springs~~
 568 ~~conservation.~~

569 ~~(70) HISPANIC ACHIEVERS LICENSE PLATES.~~

570 ~~(a) Notwithstanding the requirements of s. 320.08053, the~~
 571 ~~department shall develop a Hispanic Achievers license plate as~~
 572 ~~provided in this section. The plate must bear the colors and~~
 573 ~~design approved by the department. The word "Florida" must~~
 574 ~~appear at the top of the plate, and the words "Hispanic~~
 575 ~~Achievers" must appear at the bottom of the plate.~~

576 ~~(b) The proceeds from the license plate annual use fee~~
 577 ~~shall be distributed to National Hispanic Corporate Achievers,~~
 578 ~~Inc., a nonprofit corporation under s. 501(c)(3) of the Internal~~
 579 ~~Revenue Code, to fund grants to nonprofit organizations to~~
 580 ~~operate programs and provide scholarships and for marketing the~~

596-03033-20

2020412c1

581 ~~Hispanic Achievers license plate. National Hispanic Corporate~~
 582 ~~Achievers, Inc., shall establish a Hispanic Achievers Grant~~
 583 ~~Council that shall provide recommendations for statewide grants~~
 584 ~~from available Hispanic Achievers license plate proceeds to~~
 585 ~~nonprofit organizations for programs and scholarships for~~
 586 ~~Hispanic and minority Floridians. National Hispanic Corporate~~
 587 ~~Achievers, Inc., shall also establish a Hispanic Achievers~~
 588 ~~License Plate Fund. Moneys in the fund shall be used by the~~
 589 ~~grant council as provided in this paragraph. All funds received~~
 590 ~~under this subsection must be used in this state.~~

591 ~~(c) National Hispanic Corporate Achievers, Inc., may retain~~
 592 ~~all proceeds from the annual use fee until documented startup~~
 593 ~~costs for developing and establishing the plate have been~~
 594 ~~recovered. Thereafter, the proceeds from the annual use fee~~
 595 ~~shall be used as follows:~~

596 ~~1. Up to 5 percent of the proceeds may be used for the cost~~
 597 ~~of administration of the Hispanic Achievers License Plate Fund,~~
 598 ~~the Hispanic Achievers Grant Council, and related matters.~~

599 ~~2. Funds may be used as necessary for annual audit or~~
 600 ~~compliance affidavit costs.~~

601 ~~3. Up to 20 percent of the proceeds may be used to market~~
 602 ~~and promote the Hispanic Achievers license plate.~~

603 ~~4. Twenty-five percent of the proceeds shall be used by the~~
 604 ~~Hispanic Corporate Achievers, Inc., located in Seminole County,~~
 605 ~~for grants.~~

606 ~~5. The remaining proceeds shall be available to the~~
 607 ~~Hispanic Achievers Grant Council to award grants for services,~~
 608 ~~programs, or scholarships for Hispanic and minority individuals~~
 609 ~~and organizations throughout Florida. All grant recipients must~~

596-03033-20

2020412c1

610 ~~provide to the Hispanic Achievers Grant Council an annual~~
 611 ~~program and financial report regarding the use of grant funds.~~
 612 ~~Such reports must be available to the public.~~

613 ~~(d) Effective July 1, 2014, the Hispanic Achievers license~~
 614 ~~plate will shift into the presale voucher phase, as provided in~~
 615 ~~s. 320.08053(2)(b). National Hispanic Corporate Achievers, Inc.,~~
 616 ~~shall have 24 months to record a minimum of 1,000 sales. Sales~~
 617 ~~include existing active plates and vouchers sold subsequent to~~
 618 ~~July 1, 2014. During the voucher period, new plates may not be~~
 619 ~~issued, but existing plates may be renewed. If, at the~~
 620 ~~conclusion of the 24-month presale period, the requirement of a~~
 621 ~~minimum of 1,000 sales has been met, the department shall resume~~
 622 ~~normal distribution of the Hispanic Achievers license plate. If,~~
 623 ~~after 24 months, the minimum of 1,000 sales has not been met,~~
 624 ~~the department shall discontinue the Hispanic Achievers license~~
 625 ~~plate. This subsection is repealed June 30, 2016.~~

626 ~~(76)(80) FALLEN LAW ENFORCEMENT OFFICERS LICENSE PLATES.-~~

627 ~~(b) The annual use fees must ~~shall~~ be distributed to the~~
 628 ~~Police and Kids Foundation, Inc., which may use up to a maximum~~
 629 ~~of 10 percent of the proceeds for marketing to promote and~~
 630 ~~market the plate. All remaining proceeds must be used by the~~
 631 ~~Police and Kids Foundation, Inc., for its operations,~~
 632 ~~activities, programs, and projects The remainder of the proceeds~~
 633 ~~shall be used by the Police and Kids Foundation, Inc., to invest~~
 634 ~~and reinvest, and the interest earnings shall be used for the~~
 635 ~~operation of the Police and Kids Foundation, Inc.~~

636 ~~(81) DUCKS UNLIMITED LICENSE PLATES.-~~

637 ~~(a) The department shall develop a Ducks Unlimited license~~
 638 ~~plate as provided in this section and s. 320.08053. Ducks~~

596-03033-20

2020412c1

639 Unlimited license plates must bear the colors and design
 640 approved by the department. The word "Florida" must appear at
 641 the top of the plate, and the words "Conserving Florida
 642 Wetlands" must appear at the bottom of the plate.

643 (b) The annual use fees from the sale of the plate must be
 644 distributed to Ducks Unlimited, Inc., a nonprofit corporation
 645 under s. 501(c)(3) of the Internal Revenue Code, to be used as
 646 follows:

647 1. Up to 5 percent may be used for administrative costs and
 648 the marketing of the plate.

649 2. At least 95 percent must be used in this state to
 650 support the mission and efforts of Ducks Unlimited, Inc., to
 651 conserve, restore, and manage Florida wetlands and associated
 652 habitats for the benefit of waterfowl, other wildlife, and
 653 people.

654 (82) DAN MARINO CAMPUS LICENSE PLATES.—

655 (a) The department shall develop a Dan Marino Campus
 656 license plate as provided in this section and s. 320.08053. The
 657 plate must bear the colors and design approved by the
 658 department. The word "Florida" must appear at the top of the
 659 plate, and the words "Marino Campus" must appear at the bottom
 660 of the plate.

661 (b) The annual use fees from the sale of the plate must be
 662 distributed to the Dan Marino Foundation, a Florida nonprofit
 663 corporation, which may use up to 10 percent of such fees for
 664 administrative costs and the marketing of the plate. The balance
 665 of the fees must be used by the Dan Marino Foundation to assist
 666 Floridians with developmental disabilities in becoming employed,
 667 independent, and productive and to promote and fund education

596-03033-20

2020412c1

668 scholarships and awareness of these services.

669 (83) DONATE LIFE FLORIDA LICENSE PLATES.—

670 (a) The department shall develop a Donate Life Florida
 671 license plate as provided in this section and s. 320.08053. The
 672 plate must bear the colors and design approved by the
 673 department. The word "Florida" must appear at the top of the
 674 plate, and the words "Donors Save Lives" must appear at the
 675 bottom of the plate.

676 (b) The annual use fees from the sale of the plate must be
 677 distributed to Donate Life Florida, which may use up to 10
 678 percent of the proceeds for marketing and administrative costs.
 679 The remaining proceeds must be used by Donate Life Florida to
 680 educate Florida residents on the importance of organ, tissue,
 681 and eye donation and for the continued maintenance of the Joshua
 682 Abbott Organ and Tissue Donor Registry.

683 (84) FLORIDA STATE BEEKEEPERS ASSOCIATION LICENSE PLATES.—

684 (a) The department shall develop a Florida State Beekeepers
 685 Association license plate as provided in this section and s.
 686 320.08053. The plate must bear the colors and design approved by
 687 the department. The word "Florida" must appear at the top of the
 688 plate, and the words "Save the Bees" must appear at the bottom
 689 of the plate.

690 (b) The annual use fees must be distributed to the Florida
 691 State Beekeepers Association, a Florida nonprofit corporation.
 692 The Florida State Beekeepers Association may use up to 18
 693 percent of the annual use fees for:

694 1. Direct reimbursement for administrative costs, startup
 695 costs, and costs incurred in the development and approval
 696 process of the license plate. All vendors associated with the

596-03033-20 2020412c1

697 administrative costs must be selected by competitive bid.
 698 2. Promotion and marketing costs of the license plate.
 699 (c) The remaining funds must be distributed to the Florida
 700 State Beekeepers Association and used to raise awareness of the
 701 importance of beekeeping to Florida agriculture by funding
 702 honeybee research, education, outreach, and husbandry. The
 703 Florida State Beekeepers Association board of managers shall
 704 approve, and is accountable for, all such expenditures.
 705 (85) BEAT CHILDHOOD CANCER LICENSE PLATES.—
 706 (a) The department shall develop a Beat Childhood Cancer
 707 license plate as provided in this section and s. 320.08053. The
 708 plate must bear the colors and design approved by the
 709 department. The word “Florida” must appear at the top of the
 710 plate, and the words “Beat Childhood Cancer” must appear at the
 711 bottom of the plate.
 712 (b) The annual use fees from the sale of the plate shall be
 713 distributed as follows:
 714 1. Eighty percent shall be distributed to Beat Nb, Inc.,
 715 which may use up to 10 percent of the proceeds for
 716 administrative costs directly associated with the operation of
 717 the corporation and for marketing and promoting the plate. The
 718 remaining proceeds shall be used by the corporation to fund
 719 pediatric cancer treatment and research.
 720 2. Twenty percent shall be distributed to No Kid Should
 721 Know Cancer, Inc., a nonprofit corporation under s. 501(c)(3) of
 722 the Internal Revenue Code, which may use up to 5 percent of the
 723 proceeds for administrative costs and for the marketing of the
 724 plate. The balance of the fees shall be used by No Kid Should
 725 Know Cancer, Inc., to:

Page 25 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20 2020412c1

726 a. Support families who have a child recently diagnosed
 727 with cancer;
 728 b. Hold events that raise awareness about childhood cancer;
 729 and
 730 c. Support clinical trials that work to provide better
 731 treatment plans for children diagnosed with cancer and,
 732 ultimately, a better prognosis.
 733 (86) UNIVERSITY OF ALABAMA LICENSE PLATES.—
 734 (a) The department shall develop a University of Alabama
 735 license plate as provided in this section and s. 320.08053. The
 736 plate must bear the colors and design approved by the
 737 department. The word “Florida” must appear at the top of the
 738 plate, and the words “Roll Tide” must appear at the bottom of
 739 the plate.
 740 (b) The annual use fees from the sale of the plate shall be
 741 distributed to the Pensacola Bama Club, which must use the
 742 moneys for the purpose of awarding scholarships to Florida
 743 residents attending the University of Alabama. Students
 744 receiving these scholarships must be eligible for the Florida
 745 Bright Futures Scholarship Program pursuant to s. 1009.531 and
 746 shall use the scholarship funds for tuition and other expenses
 747 related to attending the University of Alabama.
 748 (87) ROTARY LICENSE PLATES.—
 749 (a) The department shall develop a Rotary license plate as
 750 provided in this section and s. 320.08053. The plate must bear
 751 the colors and design approved by the department. The word
 752 “Florida” must appear at the top of the plate, and the word
 753 “Rotary” must appear on the bottom of the plate. The license
 754 plate must bear the Rotary International wheel emblem.

Page 26 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

755 (b) The annual use fees shall be distributed to the
 756 Community Foundation of Tampa Bay, Inc., to be used as follows:
 757 1. Up to 10 percent may be used for administrative costs
 758 and for marketing of the plate.
 759 2. Ten percent shall be distributed to Rotary's Camp
 760 Florida for direct support to all programs and services provided
 761 to children with special needs who attend the camp.
 762 3. The remainder shall be distributed, proportionally based
 763 on sales, to each Rotary district in the state in support of
 764 Rotary youth programs in Florida.
 765 (88) FLORIDA BAY FOREVER LICENSE PLATES.—
 766 (a) The department shall develop a Florida Bay Forever
 767 license plate as provided in this section and s. 320.08053. The
 768 plate must bear the colors and design approved by the
 769 department. The word "Florida" must appear at the top of the
 770 plate, and the words "Florida Bay Forever" must appear at the
 771 bottom of the plate.
 772 (b) The annual use fees from the sale of the plate shall be
 773 distributed to the Florida National Parks Association, Inc.,
 774 which may use up to 10 percent of the proceeds for
 775 administrative costs and marketing of the plate. The remainder
 776 of the funds shall be used to supplement the Everglades National
 777 Park's budgets and to support educational, interpretive,
 778 historical, and scientific research relating to the Everglades
 779 National Park.
 780 (89) BONEFISH AND TARPON TRUST LICENSE PLATES.—
 781 (a) The department shall develop a Bonefish and Tarpon
 782 Trust license plate as provided in this section and s.
 783 320.08053. The plate must bear the colors and design approved by

Page 27 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

784 the department. The word "Florida" must appear at the top of the
 785 plate, and the words "Bonefish and Tarpon Trust" must appear at
 786 the bottom of the plate.
 787 (b) The annual use fees from the sale of the plate shall be
 788 distributed to the Bonefish and Tarpon Trust, which may use up
 789 to 10 percent of the proceeds to promote and market the license
 790 plate. The remainder of the proceeds shall be used to conserve
 791 and enhance Florida bonefish and tarpon fisheries and their
 792 respective environments through stewardship, research,
 793 education, and advocacy.
 794 (90) MEDICAL PROFESSIONALS WHO CARE LICENSE PLATES.—
 795 (a) The department shall develop a Medical Professionals
 796 Who Care license plate as provided in this section and s.
 797 320.08053. The plate must bear the colors and design approved by
 798 the department. The word "Florida" must appear at the top of the
 799 plate, and the words "Medical Professionals Who Care" must
 800 appear at the bottom of the plate.
 801 (b) The annual use fees from the sale of the plate shall be
 802 distributed to Florida Benevolent Group, Inc., a Florida
 803 nonprofit corporation, which may use up to 10 percent of such
 804 fees for administrative costs, marketing, and promotion of the
 805 plate. The remainder of the revenues shall be used by Florida
 806 Benevolent Group, Inc., to assist low-income individuals in
 807 obtaining a medical education and career through scholarships,
 808 support, and guidance.
 809 (91) UNIVERSITY OF GEORGIA LICENSE PLATES.—
 810 (a) The department shall develop a University of Georgia
 811 license plate as provided in this section and s. 320.08053. The
 812 plate must bear the colors and design approved by the

Page 28 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

813 department. The word "Florida" must appear at the top of the
 814 plate, and the words "The University of Georgia" must appear at
 815 the bottom of the plate.

816 (b) The annual use fees from the sale of the plate shall be
 817 distributed to the Georgia Bulldog Club of Jacksonville, which
 818 must use the moneys for the purpose of awarding scholarships to
 819 Florida residents attending the University of Georgia. Students
 820 receiving these scholarships must be eligible for the Florida
 821 Bright Futures Scholarship Program pursuant to s. 1009.531 and
 822 shall use the scholarship funds for tuition and other expenses
 823 related to attending the University of Georgia.

824 (92) HIGHWAYMEN LICENSE PLATES.-

825 (a) The department shall develop a Highwaymen license plate
 826 as provided in this section and s. 320.08053. The plate must
 827 bear the colors and design approved by the department. The word
 828 "Florida" must appear at the top of the plate, and the word
 829 "Highwaymen" must appear at the bottom of the plate.

830 (b) The annual use fees shall be distributed to the City of
 831 Fort Pierce, subject to a city resolution designating the city
 832 as the fiscal agent of the license plate. The city may use up to
 833 10 percent of the fees for administrative costs and marketing of
 834 the plate and shall use the remainder of the fees as follows:

835 1. Before completion of construction of the Highwaymen
 836 Museum and African-American Cultural Center, the city shall
 837 distribute at least 15 percent to the St. Lucie County Education
 838 Foundation, Inc., to fund art education and art projects in
 839 public schools within St. Lucie County. The remainder of the
 840 fees shall be used by the city to fund the construction of the
 841 Highwaymen Museum and African-American Cultural Center.

Page 29 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

842 2. Upon completion of construction of the Highwaymen Museum
 843 and African-American Cultural Center, the city shall distribute
 844 at least 10 percent to the St. Lucie County Education
 845 Foundation, Inc., to fund art education and art projects in
 846 public schools within St. Lucie County. The remainder of the
 847 fees shall be used by the city to fund the day-to-day operations
 848 of the Highwaymen Museum and African-American Cultural Center.

849 (93) ORLANDO CITY SOCCER CLUB LICENSE PLATES.-

850 (a) The department shall develop an Orlando City Soccer
 851 Club license plate as provided in paragraph (9) (a).

852 (b) The annual use fees from the sale of the plate shall be
 853 distributed and used as provided in paragraph (9) (b).

854 (94) COASTAL CONSERVATION ASSOCIATION LICENSE PLATES.-

855 (a) The department shall develop a Coastal Conservation
 856 Association license plate as provided in this section and s.
 857 320.08053. The plate must bear the colors and design approved by
 858 the department. The word "Florida" must appear at the top of the
 859 plate, and the words "Conserve Florida's Fisheries" must appear
 860 at the bottom of the plate.

861 (b) The annual use fees from the sale of the plate shall be
 862 distributed to Coastal Conservation Association Florida, a
 863 nonprofit corporation under s. 501(c) (3) of the Internal Revenue
 864 Code, to be used as follows:

865 1. Up to 10 percent of the proceeds may be used for
 866 administrative costs and to promote and market the plate.

867 2. The remainder of the proceeds shall be used to support
 868 the mission and efforts of Coastal Conservation Association
 869 Florida for habitat enhancement and restoration, saltwater
 870 fisheries conservation, and education; to advise the public on

Page 30 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

871 the conservation of marine resources; and to promote and enhance
 872 the present and future availability of those coastal resources
 873 for the benefit and enjoyment of the general public.

874 (95) PALM BEACH ZOO AND CONSERVATION SOCIETY LICENSE
 875 PLATES.-

876 (a) The department shall develop a Palm Beach Zoo and
 877 Conservation Society license plate as provided in this section
 878 and s. 320.08053. Palm Beach Zoo and Conservation Society
 879 license plates must bear the colors and design approved by the
 880 department. The word "Florida" must appear at the top of the
 881 plate, and the words "Palm Beach Zoo and Conservation Society"
 882 must appear at the bottom of the plate.

883 (b) The license plate annual use fees shall be distributed
 884 to the Palm Beach Zoo and Conservation Society to fund
 885 educational programs for students in pre-K through grade 12,
 886 conservation projects to protect endangered or threatened
 887 species, and services for the health and welfare of animals in
 888 the zoo's care. The Palm Beach Zoo and Conservation Society may
 889 retain all revenue from the annual use fees until all startup
 890 costs for developing and establishing the plate have been
 891 recovered. Thereafter, up to 10 percent of the annual use fee
 892 revenue may be used for promotion and marketing of the specialty
 893 license plate and administrative costs directly associated with
 894 the programs of the society and the specialty license plate.

895 (96) ETHICAL ECOTOURISM LICENSE PLATES.-

896 (a) The department shall develop an Ethical Ecotourism
 897 license plate as provided in this section and s. 320.08053. The
 898 word "Florida" must appear at the top of the plate, and words
 899 that are approved by the department must appear at the bottom of

596-03033-20

2020412c1

900 the plate.

901 (b) The annual use fees from the sale of the plate must be
 902 distributed equally between the Florida Society for Ethical
 903 Ecotourism and Paddle Florida, Inc., each of which may use up to
 904 10 percent of such proceeds for administrative costs and the
 905 marketing of the plate. The remaining proceeds must be used by
 906 the Florida Society for Ethical Ecotourism to provide
 907 environmental education and awareness that encourage behaviors
 908 that contribute to the sustainability of Florida's natural
 909 ecosystems and resources, and by Paddle Florida, Inc., to raise
 910 awareness about water conservation, wildlife preservation,
 911 restoration of springs, and protection of waterways in this
 912 state.

913 (97) KNIGHTS OF COLUMBUS LICENSE PLATES.-

914 (a) The department shall develop a Knights of Columbus
 915 license plate as provided in this section and s. 320.08053. The
 916 plate must bear the colors and design approved by the
 917 department. The word "Florida" must appear at the top of the
 918 plate, and the words "In God We Trust" must appear at the bottom
 919 of the plate.

920 (b) The license plate annual use fees shall be distributed
 921 to Florida KofC Charities, Inc., which may use a maximum of 10
 922 percent of the proceeds to promote and market the plate. The
 923 remainder of the proceeds shall be used by Florida KofC
 924 Charities, Inc., a Knights of Columbus organization under s.
 925 501(c) (3) of the Internal Revenue Code, to fund its charitable
 926 activities, including, but not limited to, the Christian Refugee
 927 Relief Fund, disaster relief, Ultrasound Initiative, Food for
 928 Families, and Coats for Kids.

596-03033-20

2020412c1

929 (98) DAUGHTERS OF THE AMERICAN REVOLUTION LICENSE PLATES.-

930 (a) The department shall develop a Daughters of the
 931 American Revolution license plate as provided in this section
 932 and s. 320.08053. The plate must bear the colors and design
 933 approved by the department. The word "Florida" must appear at
 934 the top of the plate, and the word "Daughters of the American
 935 Revolution" must appear at the bottom of the plate.

936 (b) The annual use fees from the sale of the plate shall be
 937 distributed to the Daughters of the American Revolution, a
 938 nonprofit organization under s. 501(c)(3) of the Internal
 939 Revenue Code. Up to 10 percent of the proceeds may be used for
 940 the promotion and marketing of the plate. The remainder of the
 941 proceeds shall be used within this state by the Daughters of the
 942 American Revolution, a nonpolitical volunteer women's service
 943 organization, to promote patriotism, preserve American history,
 944 and secure America's future through educational programs for
 945 local public and private K-12 students and scholarships and
 946 other educational funding for underprivileged children.

947 (99) GUARDIAN AD LITEM LICENSE PLATES.-

948 (a) The department shall develop a Guardian Ad Litem
 949 license plate as provided in this section and s. 320.08053. The
 950 plate must bear the colors and design approved by the
 951 department. The word "Florida" must appear at the top of the
 952 plate, and the words "Heartfelt Child Advocacy" must appear at
 953 the bottom of the plate.

954 (b) The annual use fees from the sale of the plate shall be
 955 distributed to the Florida Guardian Ad Litem Foundation, Inc., a
 956 direct-support organization and a nonprofit corporation under s.
 957 501(c)(3) of the Internal Revenue Code. Up to 10 percent of the

596-03033-20

2020412c1

958 proceeds may be used for administrative costs and the marketing
 959 of the plate. The remainder of the proceeds must be used in this
 960 state to support the mission and efforts of the statewide
 961 Guardian Ad Litem Program to represent abused, abandoned, and
 962 neglected children and advocate for their best interests;
 963 recruit and retain volunteer child advocates; and meet the
 964 unique needs of the dependent children the program serves.

965 (100) JUMBO SHRIMP LICENSE PLATES.-

966 (a) The department shall develop a Jumbo Shrimp license
 967 plate as provided in this section and s. 320.08053. The plate
 968 must bear the colors and design approved by the department. The
 969 word "Florida" must appear at the top of the plate, and the
 970 words "Jumbo Shrimp" must appear at the bottom of the plate.

971 (b) The annual use fees from the sale of the plate shall be
 972 distributed to St. Johns Riverkeeper, Inc., a nonprofit
 973 organization under s. 501(c)(3) of the Internal Revenue Code. Up
 974 to 10 percent of the proceeds may be used for the promotion and
 975 marketing of the plate. The remainder of the proceeds shall be
 976 used by St. Johns Riverkeeper, Inc., for programs and activities
 977 related to fulfilling its mission to protect and restore the
 978 health of the St. Johns River.

979 (101) GADSDEN FLAG LICENSE PLATES.-

980 (a) The department shall develop a Gadsden Flag license
 981 plate as provided in this section and s. 320.08053. The design
 982 of the plate must replicate the color, layout, and design of the
 983 Gadsden Flag. The word "Florida" must appear at the top of the
 984 plate, and the words "Don't Tread on Me" must appear at the
 985 bottom of the plate.

986 (b) The annual use fees shall be distributed to the Florida

596-03033-20

2020412c1

987 Veterans Foundation, a direct-support organization of the
 988 Department of Veterans' Affairs, and must be used to benefit
 989 veterans. Up to 10 percent of the proceeds may be used for
 990 continuing promotion and marketing of the plate.

991 (102) K9S UNITED LICENSE PLATES.-

992 (a) The department shall develop a K9s United license plate
 993 as provided in this section and s. 320.08053. The plate must
 994 bear the colors and design approved by the department. The word
 995 "Florida" must appear at the top of the plate, and the words
 996 "K9s United" must appear at the bottom of the plate.

997 (b) The annual use fees from the sale of the plate shall be
 998 distributed to K9s United, Inc., a nonprofit organization under
 999 s. 501(c)(3) of the Internal Revenue Code. Up to 10 percent of
 1000 the proceeds may be used for the promotion and marketing of the
 1001 plate. The remainder of the proceeds shall be used by K9s
 1002 United, Inc., to support K9 units throughout the state.

1003 (103) EXPLORE OFF ROAD FLORIDA LICENSE PLATES.-

1004 (a) The department shall develop an Explore Off Road
 1005 Florida license plate as provided in this section and s.
 1006 320.08053. The plate must bear the colors and design approved by
 1007 the department. The word "Florida" must appear at the top of the
 1008 plate, and the words "Explore Off Road" must appear at the
 1009 bottom of the plate.

1010 (b) The annual use fees from the sale of the plate shall be
 1011 distributed to the Florida Off Road Foundation, Inc., a
 1012 nonprofit corporation under s. 501(c)(3) of the Internal Revenue
 1013 Code. Up to 10 percent of the funds may be used for marketing of
 1014 the plate, costs directly associated with creation of the plate,
 1015 and administrative costs related to distribution of proceeds,

596-03033-20

2020412c1

1016 including annual audit services and compliance affidavit costs.
 1017 The remainder of the funds shall be used by the Florida Off Road
 1018 Foundation, Inc., to fund qualified nonprofit organizations that
 1019 protect and preserve Florida's natural off-road habitat; educate
 1020 Floridians about responsible use of the off-road environment;
 1021 support civilian volunteer programs to promote the use of off-
 1022 road vehicles to assist law enforcement in situations such as
 1023 search and rescue; support organized cleanups, trail
 1024 maintenance, and restoration; or preserve Florida's off-road
 1025 culture.

1026 (104) SOLAR POWER LICENSE PLATES.-

1027 (a) The department shall develop a Solar Power license
 1028 plate as provided in this section and s. 320.08053. The plate
 1029 must bear the colors and design approved by the department. The
 1030 word "Florida" must appear at the top of the plate, and the
 1031 words "Powered by the Sun" must appear at the bottom of the
 1032 plate.

1033 (b) The annual fees from the sale of the plate must be
 1034 distributed to the Florida Solar Energy Research and Education
 1035 Foundation, Inc., a nonprofit Florida corporation under s.
 1036 501(c)(3) of the Internal Revenue Code, to fund its activities,
 1037 programs, and projects aimed at solar workforce training,
 1038 employment, internships, and related programs. The Florida Solar
 1039 Energy Research and Education Foundation, Inc., may retain all
 1040 revenue from the annual use fees until all startup costs for
 1041 developing and establishing the plate have been recovered.
 1042 Thereafter, up to 10 percent of the annual use fee revenue may
 1043 be used for promotion and marketing of the specialty license
 1044 plate and administrative costs directly associated with the

596-03033-20 2020412c1

1045 corporation's programs and the specialty license plate. The
 1046 Florida Solar Energy Research and Education Foundation, Inc.,
 1047 shall use the remaining funds as follows:

1048 1. To provide funds to the Florida Solar Energy Center for
 1049 the purpose of developing and administering solar energy
 1050 industry workforce training programs.

1051 2. To provide funds to veteran support facilities for solar
 1052 demonstration projects that will lower energy costs to the
 1053 veteran support facilities.

1054 3. To provide funds to nonprofit, educational, or
 1055 charitable organizations for projects or promotional campaigns
 1056 which further the goal of solar energy development in this
 1057 state.

1058 (105) FLORIDA NATIVE LICENSE PLATES.—

1059 (a) The department shall develop a Florida Native license
 1060 plate as provided in this section and s. 320.08053. The word
 1061 "Florida" must appear at the top of the plate, and the word
 1062 "Native" must appear at the bottom of the plate. The plate must
 1063 contain a camouflage background including leaves, flowers, or
 1064 fronds of a minimum of five different Florida native plants.

1065 (b)1. The department shall retain all annual use fees from
 1066 the sale of the plate until all startup costs for developing and
 1067 issuing the plate have been recovered.

1068 2. Thereafter, the annual use fees from the sale of the
 1069 plate shall be distributed to the Florida Native Plant Society,
 1070 a Florida nonprofit corporation, which may use a maximum of 10
 1071 percent of the fees for administrative costs and to market and
 1072 promote the plate. The balance of the fees shall be used by the
 1073 Florida Native Plant Society to fulfill the mission of the

596-03033-20 2020412c1

1074 Florida Native Plant Society, which is to restore and preserve
 1075 native Florida plants on private and public lands through
 1076 grants, education, and community projects.

1077 (106) FLORIDA 4-H LICENSE PLATES.—

1078 (a) The department shall develop a Florida 4-H license
 1079 plate as provided in this section and s. 320.08053. The plate
 1080 must bear the colors and design approved by the department. The
 1081 word "Florida" must appear at the top of the plate, and the word
 1082 "4-H" must appear at the bottom of the plate.

1083 (b) The annual use fees from the sale of the plate shall be
 1084 distributed to Florida 4-H and used for the following purposes:

1085 1. A maximum of 10 percent of the fees may be used by
 1086 Florida 4-H for administrative and marketing costs of the plate.

1087 2. Twenty percent must be used to support leadership
 1088 development in this state, including leadership development
 1089 programs operated by 4-H University, state agencies, and the
 1090 Legislature.

1091 3. Twenty percent must be used to support competitive teams
 1092 in this state.

1093 4. The remainder must be used to support Florida 4-H camps
 1094 under the Florida 4-H program as designated by the University of
 1095 Florida.

1096 (107) GIVE KIDS THE WORLD LICENSE PLATES.—

1097 (a) The department shall develop a Give Kids The World
 1098 license plate as provided in this section and s. 320.08053. The
 1099 plate must bear the colors and design approved by the
 1100 department. The word "Florida" must appear at the top of the
 1101 plate, and the words "Give Kids The World" must appear at the
 1102 bottom of the plate.

596-03033-20

2020412c1

1103 (b) The annual use fees from the sale of the plate shall be
 1104 distributed to Give Kids The World, Inc., a nonprofit
 1105 organization under s. 501(c)(3) of the Internal Revenue Code. Up
 1106 to 10 percent of the proceeds may be used for the promotion and
 1107 marketing of the plate. The remainder of the proceeds shall be
 1108 used by Give Kids The World, Inc., to support their mission of
 1109 providing weeklong, cost-free vacations to children with
 1110 critical illnesses and their families.

1111 (108) JOHNSON AND WALES UNIVERSITY LICENSE PLATES.—

1112 (a) The department shall develop a Johnson and Wales
 1113 University license plate as provided in this section and s.
 1114 320.08053. The plate must bear the colors and design approved by
 1115 the department. The word "Florida" must appear at the top of the
 1116 plate, the words "Johnson and Wales University" must appear at
 1117 the bottom of the plate, and the official Johnson and Wales
 1118 University logo must appear on the left side of plate.

1119 (b) The license plate annual use fees shall be distributed
 1120 to Johnson and Wales University-North Miami, which may use a
 1121 maximum of 10 percent of the proceeds to promote and market the
 1122 plate. The remainder of the proceeds shall be used by Johnson
 1123 and Wales University-North Miami, a Johnson and Wales University
 1124 organization under s. 501(c)(3) of the Internal Revenue Code, to
 1125 fund its charitable activities, including, but not limited to,
 1126 student need-based scholarships.

1127 (109) MARGARITAVILLE LICENSE PLATES.—

1128 (a) The department shall develop a Margaritaville license
 1129 plate as provided in s. 320.08053 and this section. The plate
 1130 must bear the colors and design approved by the department. The
 1131 word "Florida" must appear at the top of the plate, and the word

596-03033-20

2020412c1

1132 "Margaritaville" must appear at the bottom or side of the plate.

1133 (b) The annual use fees must be distributed to the SFC
 1134 Charitable Foundation, Inc., a Florida nonprofit corporation
 1135 doing business as the Singing for Change Foundation, to fund its
 1136 activities, programs, and projects. The Singing for Change
 1137 Foundation shall retain all revenue from the annual use fees
 1138 until all startup costs for developing and establishing the
 1139 plate have been recovered.

1140 (c) Thereafter, the annual use fees shall be distributed as
 1141 follows:

1142 1. Up to 10 percent of the annual use fee revenue may be
 1143 used for administration, promotion, and marketing of the
 1144 specialty license plate.

1145 2. The remaining proceeds must be used by the Singing for
 1146 Change Foundation for its educational, economic, and cultural
 1147 programs that assist local communities impacted by natural and
 1148 manmade disasters with recovery, rebuilding, and future
 1149 sustainability efforts, and that promote and inspire local
 1150 grassroots leadership that works to improve the quality of life
 1151 in those communities and other communities in this state.

1152 (110) FLORIDA STANDS WITH ISRAEL LICENSE PLATES.—

1153 (a) The department shall develop a Florida Stands with
 1154 Israel license plate as provided in s. 320.08053 and this
 1155 section. The plate must bear the colors and design approved by
 1156 the department. The word "Florida" must appear at the top of the
 1157 plate, and the words "Florida Stands with Israel" must appear at
 1158 the bottom of the plate.

1159 (b) The annual use fees from the sale of the plate must be
 1160 distributed to the Hatzalah of Miami-Dade, Inc., to be used as

596-03033-20

2020412c1

1161 follows:

1162 1. Ten percent must be used solely for the promotion and
 1163 marketing of the plate.

1164 2. Ninety percent must be used by Hatzalah of Miami-Dade,
 1165 Inc., to assist in training and deploying first responders to
 1166 expedite emergency response.

1167 (111) WALT DISNEY WORLD LICENSE PLATES.-

1168 (a) The department shall develop a Walt Disney World
 1169 license plate as provided in this section. The plate must bear
 1170 the colors and design approved by the department. The word
 1171 "Florida" must appear at the top of the plate, and the words
 1172 "Walt Disney World" must appear at the bottom of the plate.

1173 (b) The annual use fees from the sale of the plate shall be
 1174 distributed to the Make-A-Wish Foundation of Central and
 1175 Northern Florida, Inc., a nonprofit organization under s.
 1176 501(c)(3) of the Internal Revenue Code. A maximum of 10 percent
 1177 of the proceeds from the sale of such plates may be used for
 1178 administrative and marketing costs.

1179 (112) THANK A LINEMAN LICENSE PLATES.-

1180 (a) The department shall develop a Thank a Lineman license
 1181 plate as provided in this section and s. 320.08053. The plate
 1182 must bear the colors and design approved by the department. The
 1183 word "Florida" must appear at the top of the plate, and the
 1184 words "Thank a Lineman" must appear at the bottom of the plate.

1185 (b) The annual use fees from the sale of the plate shall be
 1186 distributed to the Lake-Sumter State College Foundation, Inc., a
 1187 nonprofit Florida corporation under s. 501(c)(3) of the Internal
 1188 Revenue Code, to fund scholarships for students enrolled in the
 1189 Electrical Distribution Technology Program at Lake-Sumter State

Page 41 of 46

596-03033-20

2020412c1

1190 College. Up to 10 percent of the funds received by the Lake-
 1191 Sumter State College Foundation, Inc., may be used for marketing
 1192 of the plate and costs directly associated with the
 1193 administration of the foundation.

1194 (113) BEST BUDDIES LICENSE PLATES.-

1195 (a) The department shall develop a Best Buddies license
 1196 plate as provided in this section and s. 320.08053. The plate
 1197 must bear the colors and design approved by the department. The
 1198 word "Florida" must appear at the top of the plate, and the
 1199 words "BestBuddies.org" must appear at the bottom of the plate.

1200 (b) The annual use fees from the sale of the plate shall be
 1201 distributed to Best Buddies International, Inc., a nonprofit
 1202 corporation under s. 501(c)(3) of the Internal Revenue Code,
 1203 which may use up to 10 percent of the fees for administrative
 1204 costs and marketing of the plate. The balance of the fees shall
 1205 be used by Best Buddies International, Inc., to create
 1206 opportunities for one-to-one friendships, integrated employment,
 1207 leadership development, and inclusive living for individuals
 1208 with intellectual and developmental disabilities.

1209 Section 8. Subsection (1) of section 320.08062, Florida
 1210 Statutes, is amended to read:

1211 320.08062 Audits and attestations required; annual use fees
 1212 of specialty license plates.-

1213 (1)(a) All organizations that receive annual use fee
 1214 proceeds from the department are responsible for ensuring that
 1215 proceeds are used in accordance with ss. 320.08056 and
 1216 320.08058.

1217 (b) Any organization not subject to audit pursuant to s.
 1218 215.97 shall annually attest, under penalties of perjury, that

Page 42 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20 2020412c1

1219 such proceeds were used in compliance with ss. 320.08056 and
 1220 320.08058. The attestation shall be made annually in a form and
 1221 format determined by the department. In addition, the department
 1222 shall audit any such organization every 3 years to ensure that
 1223 proceeds have been used in compliance with ss. 320.08056 and
 1224 320.08058.

1225 (c) Any organization subject to audit pursuant to s. 215.97
 1226 shall submit an audit report in accordance with rules adopted
 1227 ~~promulgated~~ by the Auditor General. The annual attestation shall
 1228 be submitted to the department for review within 9 months after
 1229 the end of the organization's fiscal year.

1230 Section 9. Paragraph (b) of subsection (4) of section
 1231 320.08068, Florida Statutes, is amended to read:

1232 320.08068 Motorcycle specialty license plates.—

1233 (4) A license plate annual use fee of \$20 shall be
 1234 collected for each motorcycle specialty license plate. Annual
 1235 use fees shall be distributed as follows:

1236 (b) Twenty percent to Preserve Vision ~~Prevent Blindness~~
 1237 Florida, Inc.

1238 Section 10. Section 320.0875, Florida Statutes, is created
 1239 to read:

1240 320.0875 Purple Heart special motorcycle license plate.—

1241 (1) Upon application to the department and payment of the
 1242 license tax for the motorcycle as provided in s. 320.08, a
 1243 resident of this state who owns or leases a motorcycle that is
 1244 not used for hire or commercial use shall be issued a Purple
 1245 Heart special motorcycle license plate if he or she provides
 1246 documentation acceptable to the department that he or she is a
 1247 recipient of the Purple Heart medal.

596-03033-20 2020412c1

1248 (2) The Purple Heart special motorcycle license plate must
 1249 be stamped with the term "Combat-wounded Veteran" followed by
 1250 the serial number of the license plate. The Purple Heart special
 1251 motorcycle license plate may have the term "Purple Heart"
 1252 stamped on the plate and the likeness of the Purple Heart medal
 1253 appearing on the plate.

1254 Section 11. Paragraph (a) of subsection (1) of section
 1255 320.089, Florida Statutes, is amended to read:

1256 320.089 Veterans of the United States Armed Forces; members
 1257 of National Guard; survivors of Pearl Harbor; Purple Heart medal
 1258 recipients; Bronze Star recipients; active or retired United
 1259 States Armed Forces reservists; Combat Infantry Badge, Combat
 1260 Medical Badge, or Combat Action Badge recipients; Combat Action
 1261 Ribbon recipients; Air Force Combat Action Medal recipients;
 1262 Distinguished Flying Cross recipients; former prisoners of war;
 1263 Korean War Veterans; Vietnam War Veterans; Operation Desert
 1264 Shield Veterans; Operation Desert Storm Veterans; Operation
 1265 Enduring Freedom Veterans; Operation Iraqi Freedom Veterans;
 1266 Women Veterans; World War II Veterans; and Navy Submariners;
 1267 special license plates; fee.—

1268 (1) (a) Each owner or lessee of an automobile or truck for
 1269 private use or recreational vehicle as specified in s.
 1270 320.08(9)(c) or (d), which is not used for hire or commercial
 1271 use, who is a resident of the state and a veteran of the United
 1272 States Armed Forces, a Woman Veteran, a World War II Veteran, a
 1273 Navy Submariner, an active or retired member of the Florida
 1274 National Guard, a survivor of the attack on Pearl Harbor, a
 1275 recipient of the Purple Heart medal, a recipient of the Bronze
 1276 Star, an active or retired member of any branch of the United

596-03033-20

2020412c1

1277 States Armed Forces Reserve, or a recipient of the Combat
 1278 Infantry Badge, Combat Medical Badge, Combat Action Badge,
 1279 Combat Action Ribbon, Air Force Combat Action Medal, or
 1280 Distinguished Flying Cross, upon application to the department,
 1281 accompanied by proof of release or discharge from any branch of
 1282 the United States Armed Forces, proof of active membership or
 1283 retired status in the Florida National Guard, proof of
 1284 membership in the Pearl Harbor Survivors Association or proof of
 1285 active military duty in Pearl Harbor on December 7, 1941, proof
 1286 of being a Purple Heart medal recipient, proof of being a Bronze
 1287 Star recipient, proof of active or retired membership in any
 1288 branch of the United States Armed Forces Reserve, or proof of
 1289 membership in the Combat Infantrymen's Association, Inc., proof
 1290 of being a recipient of the Combat Infantry Badge, Combat
 1291 Medical Badge, Combat Action Badge, Combat Action Ribbon, Air
 1292 Force Combat Action Medal, or Distinguished Flying Cross, and
 1293 upon payment of the license tax for the vehicle as provided in
 1294 s. 320.08, shall be issued a license plate as provided by s.
 1295 320.06 which, in lieu of the serial numbers prescribed by s.
 1296 320.06, is stamped with the words "Veteran," "Woman Veteran,"
 1297 "WWII Veteran," "Navy Submariner," "National Guard," "Pearl
 1298 Harbor Survivor," "Combat-wounded veteran," "Bronze Star," "U.S.
 1299 Reserve," "Combat Infantry Badge," "Combat Medical Badge,"
 1300 "Combat Action Badge," "Combat Action Ribbon," "Air Force Combat
 1301 Action Medal," or "Distinguished Flying Cross," as appropriate,
 1302 and a likeness of the related campaign medal or badge, followed
 1303 by the serial number of the license plate. Additionally, the
 1304 Purple Heart plate may have the words "Purple Heart" stamped on
 1305 the plate and the likeness of the Purple Heart medal appearing

Page 45 of 46

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-03033-20

2020412c1

1306 on the plate.

1307 Section 12. By November 1, 2020, the annual use fees
 1308 withheld by the Department of Highway Safety and Motor Vehicles
 1309 from the sale of the Live the Dream specialty license plate
 1310 shall be used first to satisfy all outstanding royalty payments
 1311 due to the Martin Luther King, Jr., Center for Nonviolent Social
 1312 Change, Inc., for the use of the image of Dr. Martin Luther
 1313 King, Jr. All remaining funds shall be distributed to the
 1314 subrecipients on a pro rata basis according to the percentages
 1315 specified in s. 320.08058(47), Florida Statutes.

1316 Section 13. Except as otherwise expressly provided in this
 1317 act, this act shall take effect October 1, 2020, but only if SB
 1318 414 or similar legislation takes effect, if such legislation is
 1319 adopted in the same legislative session or an extension thereof
 1320 and becomes a law.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: PCS/CS/SB 414 (627258)

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Infrastructure and Security Committee; and Senators Bean and Harrell

SUBJECT: Fees/Specialty License Plates

DATE: March 2, 2020

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 414 establishes a standard annual use fee for specialty license plates of \$25, unless the amount is otherwise specified. The bill also establishes an annual use fee of \$50 for University of Alabama, University of Georgia, and Auburn University specialty license plates.

SB 412 (2020), to which this bill is linked, authorizes the creation of numerous specialty license plates, including the Alabama and Georgia collegiate plates; and provides for the design of the plates and the use of the annual fees associated with the specialty license plates.

According to the Department of Highway Safety and Motor Vehicles (DHSMV), the bill will have a negative, but insignificant fiscal impact associated with programming costs. These costs can be absorbed within existing resources.

The bill has an effective date on the same date that SB 412 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

II. Present Situation:

Specialty License Plates

Presently, there are over 120 specialty license plates available for purchase in Florida.¹ Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.² The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified on the plate's design and designated in statute.³

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.⁴ Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.⁵

DHSMV Costs Defrayed

The DHSMV is authorized to retain a sufficient portion of annual use fees collected from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.⁶

University of Georgia

Founded in 1946 as the Georgia Alumni Association of Jacksonville, the Georgia Bulldog Club of Jacksonville is America's largest bulldog club.⁷ In 1988, the club established the Vince Dooley Scholarship Fund to award scholarships to attend the University of Georgia for students from Duval, Nassau, St. Johns, Clay, or Baker counties based on academic and economic need.⁸

University of Alabama

The Pensacola Bama Club is a chapter of the University of Alabama National Alumni Association. The club is a 501(c)(3) non-profit, fan-based organization representing the University of Alabama National Alumni Association in Pensacola, Florida, open to alumni, friends, and fans of the university. The organization's primary mission is to provide scholarships to deserving local high school students as well as play host to an annual kick-off event and game watching parties.⁹

¹ A list of Florida's specialty license plates is available on the DHSMV website at <http://www.flhsmv.gov/dmv/specialtytags/> (last visited February 6, 2020).

² Section 320.08056, F.S.

³ Section 320.08058, F.S.

⁴ Section 320.08056(10)(a), F.S.

⁵ Section 320.08062, F.S.

⁶ Section 320.08056(7), F.S.

⁷ Georgia Bulldog Club of Jacksonville, *Welcome to the Home of the Georgia Bulldog Club of Jacksonville*, <https://jaxbulldogs.com/> (last visited February 6, 2020)

⁸ Georgia Bulldog Club of Jacksonville, *Scholarship*, <https://jaxbulldogs.com/scholarship-fund/> (last visited February 6, 2020).

⁹ Pensacola Bama Club, *About*, <https://www.pensacolabamaclub.org/about> (last visited February 6, 2020).

III. Effect of Proposed Changes:

The bill amends s. 320.08056, F.S., to provide that, unless the amount of an annual use fee is otherwise specified for a particular specialty license plate, the annual use fee is \$25 for any specialty license plate that is required to be developed under s. 320.08058, F.S.

The bill also establishes an annual use fee of \$50 for University of Alabama, University of Georgia, and Auburn University specialty license plates.

The bill has an effective date on the same date that SB 412 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Article VII, s.19 of the Florida Constitution requires “a supermajority vote” of two-thirds of the membership of each house to pass legislation which will impose or authorize a new state tax or fee.¹⁰ A “fee” is defined as “any charge or payment required by law, including any fee for service, fee or cost for licenses, and charge for service.”¹¹ A state tax or fee imposed or authorized must be contained in a separate bill that contains no other subject.¹²

The \$25 annual use fee that will be charged for any specialty license plate that the DHSMV is required to develop and the \$50 annual use fee for University of Alabama, University of Georgia, and Auburn University specialty license plates may be new state fees subject to the constitutional requirements.

E. Other Constitutional Issues:

None.

¹⁰ FLA. CONST. art. VII, s. 19(a).

¹¹ FLA. CONST. art. VII, s. 19(d)(1).

¹² FLA. CONST. art. VII, s. 19(e).

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

Individuals who choose to purchase a specialty license plate created in SB 412 will pay an additional use fee of \$25 in addition to required vehicle license taxes and fees.

Individuals who choose to purchase a University of Alabama or University of Georgia specialty license plate will pay an additional use fee of \$50 in addition to required vehicle license taxes and fees.

B. Private Sector Impact:

Revenue from the sale of the specialty license plates created in SB 412 will benefit numerous organizations listed in that bill.

Revenue from the sale of the University of Alabama specialty license plate created in SB 412 will benefit the Pensacola Bama Club, which must use the moneys for the purpose of awarding scholarships to Florida residents attending the University of Alabama.

Revenue from the sale of the University of Georgia specialty license plate created in SB 412 will benefit the Georgia Bulldog Club of Jacksonville, which must distribute the moneys received for the purpose of awarding scholarships to Florida residents attending the University of Georgia.

C. Government Sector Impact:

The DHSMV is authorized to retain revenues from the first proceeds of specialty license plate sales to defray departmental expenditures related to the specialty license plate program.¹³

VI. Technical Deficiencies:

This bill creates an annual use fee for a new specialty license plate for Auburn University, however the linked bill, SB 412, does not create a specialty license plate for Auburn University at this time.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 320.08056 of the Florida Statutes.

¹³ Section 320.08056(7), F.S.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 13, 2020:

The committee substitute adds a \$50 annual use fee for specialty license plates for Auburn University.

CS by Infrastructure and Security on February 3, 2020:

- Incorporates the linked bill number of SB 412.

- B. **Amendments:**

None.

627258

576-03604-20

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Transportation, Tourism, and
Economic Development)

A bill to be entitled

An act relating to fees; amending s. 320.08056, F.S.;
creating a uniform annual use fee collected for a
specialty license plate unless otherwise specified;
adding annual use fees for certain specialty license
plates; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (d) of subsection (3) of section
320.08056, Florida Statutes, is amended, and paragraphs (z),
(aa), and (bb) are added to subsection (4) of that section, as
amended by SB 412, 2020 Regular Session, to read:

320.08056 Specialty license plates.—

(3) Each request must be made annually to the department or
an authorized agent serving on behalf of the department,
accompanied by the following tax and fees:

(d) Unless the amount of an annual use fee is otherwise
specified A license plate annual use fee as required in
subsection (4) for a particular specialty license plate, an
annual use fee of \$25 for any specialty license plate that is
required to be developed under s. 320.08058.

A request may be made any time during a registration period. If
a request is made for a specialty license plate to replace a
current valid license plate, the specialty license plate must be

627258

576-03604-20

issued with appropriate decals attached at no tax for the plate,
but all fees and service charges must be paid. If a request is
made for a specialty license plate at the beginning of the
registration period, the tax, together with all applicable fees
and service charges, must be paid.

(4) The following license plate annual use fees shall be
collected for the appropriate specialty license plates:

(z) University of Alabama license plate, \$50.

(aa) University of Georgia license plate, \$50.

(bb) Auburn University license plate, \$50.

Section 2. This act shall take effect on the same date that
SB 412 or similar legislation takes effect, if such legislation
is adopted in the same legislative session or an extension
thereof and becomes a law.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 506 amends the definition of “continuing contract” under the Consultants’ Competitive Negotiation Act (CCNA) to increase the maximum dollar amount for each individual project and each individual study under the contract for construction projects. The maximum dollar amount for each individual project is increased from \$2 million to \$4 million, and the maximum dollar amount for each individual study is increased from \$200,000 to \$500,000.

The bill makes conforming revisions to section 255.103(4), Florida Statutes (authorizing local governmental entities to use the CCNA selection process), increasing the maximum dollar amount for continuing contracts of local governments from \$2 million to \$4 million.

With the enactment of a higher monetary threshold for these continuing contracts, the state and local governments may have fewer procurements of these services, resulting in lower overall costs.

The bill takes effect July 1, 2020.

II. Present Situation:

State Agency Construction and Department of Management Services (DMS)

Section 255.29, F.S., authorizes the DMS to adopt rules pursuant to Chapter 120, F.S., for bidding on building construction contracts. Specifically, the DMS is required to establish procedures:

- Determining the qualifications and responsibility of potential bidders prior to advertisement for and receipt of bids for building construction contracts, including procedures for the rejection of bidders who are reasonably determined from prior experience to be unqualified or irresponsible to perform the work required by a proposed contract.
- Awarding each state agency construction project to the lowest qualified bidder as well as procedures for waiver of the rules in an emergency.
- Negotiating and modifying construction contracts.
- Entering into performance-based contracts for the development of public facilities when determined to be in the best interest of the state.¹

Competitive Procurement Generally

Chapter 255, F.S., provides the procurement process for public construction works.² Section 255.103, F.S., authorizes a “governmental entity”³ to select a construction management entity or program management entity pursuant to s. 287.055, F.S., and at the option of the governmental entity, to require a guaranteed maximum price or a guaranteed completion date.⁴ If a project includes a grouping of substantially similar construction, rehabilitation, or renovation activities, the public subdivision may require a separate guaranteed maximum price and a separate guaranteed completion date for each grouping of substantially similar construction, rehabilitation, or renovation activities.⁵

Section 255.103(4), F.S., authorizes a governmental entity to enter into a continuing contract for construction projects, in accordance with s. 287.055, F.S., in which the estimated contract does not exceed \$2 million. The term “continuing contract” is defined in s. 255.103(4), F.S., to mean “a contract with a construction management or program management entity for work during a defined period on construction projects described by type which may or may not be identified at the time of entering into the contract.”

Part I of ch. 287, F.S., provides “a system of uniform procedures to be utilized by state agencies in managing and procuring commodities and contractual services” to protect the public by promoting “fair and open competition,” thereby reducing the appearance and opportunity for favoritism and misconduct.⁶ The term “agency” is defined to mean “any of the various state officers, departments, board commissions, divisions, bureaus, and councils and any other unit of

¹ Section 255.29, F.S.

² Section 255.065(2), F.S.

³ Section 255.103(1), F.S. defines the term “governmental entity” to mean “a county, municipality, school district, special district, special district as defined in chapter 189, or political subdivision of the state.”

⁴ Section 255.103(2), F.S.

⁵ *Id.*

⁶ Section 287.001, F.S.

organization, however designated, of the executive boards of state government.⁷ University and college boards of trustees, and the state universities and colleges are excluded from this definition.⁸ Agencies, pursuant to s. 287.057, F.S., may procure commodities and contractual services via competitive solicitation processes that include: (i) the invitation to bid; (ii) the request for proposals; and (iii) the invitation to negotiate.

The Consultants' Competitive Negotiation Act

The CCNA, s. 287.055, F.S., deviates from the remainder of part I chapter 287 in two ways. First, unlike the competitive solicitation process outlined in s. 287.057, F.S., the CCNA creates a qualifications based process - for the procurement of professional architectural, engineering, landscape architectural, or registered surveyor and mapper services.⁹ Additionally, the CCNA applies to local governments as well as state agencies and defines providing its own definition of agency.¹⁰ "Agency" is defined by the CCNA to mean the "state, a state agency, a municipality, a political subdivision, a school district or a school board."¹¹

The CCNA permits the use of continuing contracts for professional services defining the term "continuing contract" as:

A contract for professional services entered into in accordance with all procedures of this act between an agency and a firm whereby the firm provides professional services to the agency for projects in which the estimated construction cost of each individual project under the contract does not exceed \$2 million, for study activity if the fee for professional services for each individual study under the contract does not exceed \$200,000, or for work of a specified nature as outlined in the contract required by the agency, with the contract being for a fixed term or with no time limitation except that the contract must provide a termination clause. Firms providing professional services under continuing contracts shall not be required to bid against one another."¹²

The qualifications based selection process of the CCNA contemplates a three-step process: public announcement of the project, qualifications-based selection of the professional firm, and arms-length competitive negotiations with the most qualified firm.¹³

The public announcement is to be conducted by agencies in a consistent and uniform manner and is to occur on each occasion when professional services are required to be purchased for:

⁷ Section 287.012(1), F.S.

⁸ *Id.*

⁹ *See* Section 287.055, F.S.

¹⁰ *See* Section 287.055(1)(b), F.S.

¹¹ Section 287.055(2)(b), F.S. *See* Section 1.01(8), F.S., defining "political subdivision" to include "counties, cities, towns, villages, special tax school districts, special road and bridge districts, bridge districts, and all other districts in this state."

¹² Section 287.055(2)(g), F.S.

¹³ *See* Section 287.055, F.S.

- A project when the basic construction cost of which is estimated by the agency to exceed \$325,000;¹⁴ or
- A planning or study activity for professional services that exceeds \$35,000.¹⁵

The public notice must provide a general description of the project and describe how the interested consultants are to apply for consideration.

A consultant who wishes to provide professional services to an agency must first be certified by the agency as qualified to provide the needed services pursuant to law and the agency's regulations.¹⁶ In determining a firm or individual to be qualified, the agency must consider the capabilities, adequacy of personnel, past record, experience as well as whether the firm or individual is a certified minority business enterprise.¹⁷

During the competitive selection phase, the agency must evaluate current statements of qualifications and performance data of the bidders.¹⁸ The agency must select no fewer than three firms deemed to be the most highly qualified to perform the required services.¹⁹ The statute directs agencies to consider the following when determining whether a firm is qualified:

- The ability of professional personnel;
- Whether a firm is a certified minority business enterprise;
- Past performance;
- Willingness to meet time and budget requirements;
- Location;
- Recent, current, and projected workloads of the firms; and
- The volume of work previously awarded to each firm by the agency, with the object of effecting an equitable distribution of contracts among qualified firms, provided such distribution does not violate the principle of selection of the most highly qualified firms.²⁰

The agency is prohibited from requesting, accepting and considering proposals for the compensation to be paid during the competitive selection process.²¹ Section 287.055(d), F.S., defines "compensation" to mean "the amount paid by the agency for professional services regardless of whether stated as compensation or stated as hourly rates, overhead rates, or other figures or formulas from which compensation can be calculated."

Next, the agency negotiates compensation to be paid under the contract with the most qualified of the three selected firms.²² Should the agency be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the agency determines to be fair, competitive, and reasonable, negotiations may be made with the second most qualified firm.²³

¹⁴ The amount provided in Category Five from the purchasing categories in s. 287.017, F.S.

¹⁵ The amount provide in Category Two from the purchasing categories in s. 287.017, F.S.

¹⁶ Section 287.055(3)(c) F.S.

¹⁷ Section 287.055(3)(d), F.S.

¹⁸ Section 287.055(4)(a), F.S.

¹⁹ Section 287.055(4)(b), F.S.

²⁰ *Id.*

²¹ *Id.*

²² Section 287.055(5)(a), F.S.

²³ Section 287.055(5)(b), F.S.

The agency may negotiate with the third most qualified firm if the negotiation with the second fails to produce a satisfactory contract.²⁴ If a satisfactory contract cannot be negotiated with any of the three firms selected, the agency must begin the qualifications-based selection process again.²⁵

III. Effect of Proposed Changes:

The bill revises the maximum dollar amount for continuing contracts for construction projections.

Section 1 amends s. 255.103, F.S., to increase the maximum dollar amount for a continuing contract for construction projects from \$2 million to \$4 million.

Section 2 revises s. 287.055, F.S., to increase the maximum dollar amount for a continuing contract for professional services from \$2 million to \$4 million. Additionally, the bill increases the maximum amount for professional services for each individual study under the contract from \$200,000 to \$500,000.

Section 3 provides that the bill takes effect July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. This bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

This bill does not impact state or local taxes or fees.

E. Other Constitutional Issues:

None identified.

²⁴ *Id.*

²⁵ Section 287.055(5)(c), F.S.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

The bill may have an indeterminate positive fiscal impact on the private sector. The increased maximum dollar amount for continuing contracts for construction projects would theoretically allow for more projects to be covered under a continuing contract and reduce the frequency in which a firm must undergo the lengthy CCNA qualification process.

C. Government Sector Impact:

The competitive selection and negotiation process is time consuming and costly for the government sector. The bill, by increasing the maximum dollar amount for continuing contracts, captures more related services and may reduce costs with a more efficient delivery of services to market. Thus, the bill may have an indeterminate positive fiscal impact on the government sector.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Because ss. 287.055 and 255.103, F.S., are substantially similar, and Part 1 of ch. 287, F.S., generally applies only state agencies, it is suggested consideration be given to moving s. 287.055, F.S., to ch. 255, F.S.

Section 255.32, F.S., authorizes the DMS to select and contract with a construction management entity pursuant to the process provided in s. 287.055, F.S. and to enter into continuing contracts²⁶ for projects in which construction costs do not exceed \$2 million. It is suggested that the monetary limitation for a continuing contract in s. 255.32(3), F.S., be revised to conform to the maximum dollar amount provided for in the bill for continuing contracts.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 255.103 and 287.055.

²⁶ Section 255.32, F.S., defines “continuing contract” as “a contract with a construction management entity for work during a defined time period on construction projects described by type, which may or may not be identified at the time of entering into the contract.”

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/ by Appropriations on March 3, 2020:

The committee substitute revises the maximum dollar amounts included in the bill for continuing contracts covered by the CCNA by reducing the estimated per-project construction cost from \$5 million to \$4 million.

CS by Governmental Oversight and Accountability on January 13, 2020:

The committee substitute eliminates a provision allowing the statutory cap for continuing contracts procured under the CCNA to be adjusted annually and removes the accompanying language requiring DMS to engage in annual rulemaking to adjust the statutory maximum dollar amount based on the Engineering News-Record's Construction Cost Index.

- B. **Amendments:**

None.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 728

INTRODUCER: Criminal Justice Committee; Infrastructure and Security Committee; and Senators Stargel and Hutson

SUBJECT: Threats

DATE: March 2, 2020

REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |
|----|---------------|----------------|-----------|------------------|
| 1. | <u>Price</u> | <u>Miller</u> | <u>IS</u> | <u>Fav/CS</u> |
| 2. | <u>Cellon</u> | <u>Jones</u> | <u>CJ</u> | <u>Fav/CS</u> |
| 3. | <u>Forbes</u> | <u>Kynoch</u> | <u>AP</u> | <u>Favorable</u> |

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 728 amends section 790.162, Florida Statutes, to prohibit threatening to use a firearm or weapon at certain locations with intent to do bodily harm to any person or to do damage to any of the designated properties, if the threat is sufficient to cause alarm in a reasonable person. The crime is punishable as a third degree felony. The bill also amends the current degree of the offense of threatening to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person from a second degree felony to a third degree felony.

The bill provides that a person is not in violation of the new law prohibiting threatening to use a firearm or weapon at certain locations if he or she uses or threatens to use a firearm or any other weapon in lawful self-defense, lawful defense of others, or lawful defense of property.

The Criminal Punishment Code offense severity ranking chart is amended to include the new crime of threatening to use a firearm or weapon with intent to do bodily harm to any person or to do damage to any property of any person, if the threat is sufficient to cause alarm in a reasonable person as a Level 5 and to incorporate changes made by the bill.

The Criminal Justice Impact Conference considered the previous version of this bill (CS/SB 728) on January 27, 2020, and determined that it would have a positive insignificant prison bed impact (an increase of 10 or fewer prison beds). See Section V.

The bill takes effect October 1, 2020.

II. Present Situation:

Definitions

Chapter 790, F.S., relating to weapons and firearms defines the following terms for purposes of that chapter:

- “Destructive device” means any bomb, grenade, mine, rocket, missile, pipebomb, or similar device containing an explosive, incendiary, or poison gas and includes any frangible container filled with an explosive, incendiary, explosive gas, or expanding gas, which is designed or so constructed as to explode by such filler and is capable of causing bodily harm or property damage; any combination of parts either designed or intended for use in converting any device into a destructive device and from which a destructive device may be readily assembled; any device declared a destructive device by the Bureau of Alcohol, Tobacco, and Firearms;¹ any type of weapon which will, is designed to, or may readily be converted to expel a projectile by the action of any explosive and which has a barrel with a bore of one-half inch or more in diameter; and ammunition for such destructive devices, but not including shotgun shells or any other ammunition designed for use in a firearm other than a destructive device.²
- “Firearm” means any weapon (including a starter gun) which will, is designed to, or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; any destructive device; or any machine gun.³
- “Weapon” means any dirk, knife, metallic knuckles, slungshot, billie, tear gas gun, chemical weapon or device, or other deadly weapon except a firearm or a common pocketknife, plastic knife, or blunt-bladed table knife.⁴

¹ For the purposes of the National Firearms Act, the term “destructive device” means (1) any explosive, incendiary, or poison gas (A) bomb, (B) grenade, (C) rocket having a propellant charge of more than four ounces, (D) missile having an explosive or incendiary charge of more than one-quarter ounce, (E) mine, or (F) similar device; (2) any type of weapon by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, the barrel or barrels of which have a bore of more than one-half inch in diameter, except a shotgun or shotgun shell which the Secretary finds is generally recognized as particularly suitable for sporting purposes; and (3) any combination of parts either designed or intended for use in converting any device into a destructive device as defined in subparagraphs (1) and (2) and from which a destructive device may be readily assembled. The term “destructive device” shall not include any device which is neither designed nor redesigned for use as a weapon; any device, although originally designed for use as a weapon, which is redesigned for use as a signaling, pyrotechnic, line throwing, safety, or similar device; surplus ordnance sold, loaned, or given by the Secretary of the Army pursuant to the provisions of section 7684(2), 7685, or 7686 of title 10, United States Code; or any other device which the Secretary finds is not likely to be used as a weapon, or is an antique or is a rifle which the owner intends to use solely for sporting purposes. 26 U.S.C. 5845(f).

² Section 790.001(4), F.S. The term under Florida law does not include a device which is not designed, redesigned, used, or intended for use as a weapon; any destructive device, although originally designed as a weapon, which is redesigned so that it may be used solely as a signaling, line-throwing, safety, or similar device; any shotgun other than a short-barreled shotgun; or any nonautomatic rifle (other than a short-barreled rifle) generally recognized or particularly suitable for use for the hunting of big game.

³ Section 790.001(6), F.S. The term does not include an antique firearm unless the antique firearm is used in the commission of a crime.

⁴ Section 790.001(13), F.S.

Threat to Throw, Project, Place, or Discharge Any Destructive Device

Section 790.162, F.S., currently makes it unlawful for any person to threaten to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person. A violation is a second degree felony, punishable by an imprisonment term not exceeding 15 years and up to a \$10,000 fine.⁵

The courts have construed s. 790.162, F.S., determining that whether an offender intended to carry out a threat is irrelevant,⁶ and there need not be proof that an actual destructive device existed.⁷

Criminal Punishment Code

The Criminal Punishment Code (Code) is Florida's primary sentencing policy.⁸ Noncapital felonies sentenced under the Code receive an offense severity level ranking (Levels 1-10).⁹ Points are assigned and accrue based upon the level ranking assigned to the primary offense, additional offenses, and prior offenses. Sentence points escalate as the offense level escalates. Points may also be added or multiplied for other factors such as victim injury or the commission of certain offenses like a Level 7 or 8 drug trafficking offense. The lowest permissible sentence is any nonstate prison sanction in which total sentence points equal or are less than 44 points, unless the court determines that a prison sentence is appropriate. If total sentence points exceed 44 points, the lowest permissible sentence in prison months is calculated by subtracting 28 points from the total sentence points and decreasing the remaining total by 25 percent.¹⁰ Absent mitigation,¹¹ the permissible sentencing range under the Code is generally the lowest permissible sentence scored up to and including the maximum penalty provided under s. 775.082, F.S.

III. Effect of Proposed Changes:

The bill amends s. 790.162, F.S., to expand that section's applicability to include threats involving the use of a firearm or any weapon.

Specifically, the bill makes it a third degree felony¹² for any person to threaten the use of a firearm or any weapon at a child care facility as defined in s. 402.302, F.S., a school as defined

⁵ Sections 775.082, and 775.083, F.S.

⁶ "[T]he threat must convey an intent to do bodily harm or damage to property. Here, appellant's threat obviously conveyed this intent. Therefore, under our construction of the statute, whether appellant intended to follow through with his threat was irrelevant." *Reid v. State*, 405 So.2d 500, 501 (Fla. 2d DCA 1981).

⁷ "[T]he State need not prove the existence of an actual destructive device. It is sufficient that the State prove that the defendant threatened to throw, place, or discharge a destructive device with the stated intent to do bodily harm to any person or with the stated intent to do damage to any property of any person, regardless of whether the defendant had the actual ability to carry out that threat." *Valdes v. State*, 443 So.2d 221, 222 (Fla. 1st DCA 1983).

⁸ Sections 921.002-921.0027, F.S. See chs. 97-194 and 98-204, L.O.F. The Code is effective for offenses committed on or after October 1, 1998.

⁹ Offenses are either ranked in the offense severity level ranking chart in s. 921.0022, F.S., or are ranked by default based on a ranking assigned to the felony degree of the offense as provided in s. 921.0023, F.S.

¹⁰ Section 921.0024, F.S. Unless otherwise noted, information on the Code is from this source.

¹¹ The court may "mitigate" or "depart downward" from the scored lowest permissible sentence if the court finds a mitigating circumstance. Section 921.0026, F.S., provides a list of mitigating circumstances.

¹² A third degree felony is punishable by up to 5 years' imprisonment and a \$5,000 fine. Sections 775.082 and 775.083, F.S.

in s. 790.115(2)(a), F.S., a religious institution as defined in s. 496.404(23), F.S., a theme park complex as defined in s. 817.361(1)(c), F.S., or any building owned by a federal, state, county, municipality, or other local government or political subdivision, with intent to do bodily harm to any person or with intent to do damage to any of the designated properties, if the threat is sufficient to cause alarm in a reasonable person.

The bill provides that a person does not violate the prohibition against threatening to use a firearm or any weapon if the person uses or threatens to use a firearm or any other weapon in lawful self-defense, lawful defense of others, or lawful defense of property.

The bill also changes the felony degree of the offense of threatening to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person from a second degree felony to a third degree felony.

The bill amends s. 921.0222, F.S., the offense severity ranking chart of the Criminal Punishment Code to revise the degree of crime for the violation of s. 790.162(1), F.S., as amended, from a second to a third degree felony. This is the crime of threatening to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person.

The bill also adds the crime of threat involving a firearm or weapon as a Level 5 to the Criminal Punishment Code offense severity ranking chart.

The bill takes effect October 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Criminal Justice Impact Conference which provides the final, official estimate of the prison bed impact, if any, considered the previous version of this bill (CS/SB 728) on January 27, 2020, and determined that it would have a positive insignificant prison bed impact (an increase of 10 or fewer prison beds).

According the Department of Corrections (DOC), there have only been an average of 4 probation and 3 prison admissions for this offense over the past 3 years. However, for a similar offense of Aggravated Assault with a Weapon, there have been an average of 1,048 probation admissions and 483 prison admissions over the past 3 years. The impact of adding the elements of firearms and weapons to this section is unknown, because currently these offenses would probably be captured in another offense such as Aggravated Assault with a Weapon, therefore the impact is indeterminate.¹³

The Public Defender Association, Inc. indicates the bill would have an indeterminate effect on public defender caseloads. The Association also notes that it is difficult to project how many cases would be filed under the new felony created in s. 790.162, F.S.¹⁴

VI. Technical Deficiencies:

None.

VII. Related Issues:**Threats**

The First Amendment to the U.S. Constitution does not protect “true threats” as free speech and states are not restricted from banning such threats.¹⁵ The speaker need not actually intend to carry out the threat. Rather, a prohibition on true threats “protect[s] individuals from the fear of violence” and “from the disruption that fear engenders,” in addition to protecting people “from the possibility that the threatened violence will occur.”¹⁶

¹³ The Department of Corrections, *2020 Agency Legislative Bill Analysis* for SB 728, (January 24, 2020), p. 2 (on file with the Senate Committee on Appropriations).

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 790.162 and 921.0022.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Criminal Justice on February 4, 2020:

The committee substitute:

- Renumbers and reorganizes subsections in s. 790.162, F.S.
- Deletes the reference to the *future* throwing, projecting, placing, or discharging of any destructive device in s. 790.162, F.S.
- Deletes provisions related to the *future* threat to use a firearm or any weapon in s. 790.162, F.S.
- Changes the felony degree of the crime of threatening to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person to a third degree felony from a second degree felony and makes the corresponding changes in the Criminal Punishment Code offense severity ranking chart.
- Limits the application of s. 790.162(2), F.S., to the following locations:
 - A child care facility as defined in s. 402.302, F.S.;
 - A school as defined in s. 790.115(2)(a), F.S.;
 - A religious institution as defined in s. 496.404(23), F.S.;
 - A theme park complex as defined in s. 817.361(1)(c), F.S.; or
 - Any building owned by a federal, state, county, municipality, or other local government or political subdivision.
- Deletes sections 2 and 3 from the CS, which removes the provisions related to *current or future false reports* regarding the placing or planting of any bomb, dynamite, other deadly explosive, or weapon of mass destruction (s. 790.163, F.S.) and the use of firearms in a violent manner against a person (s. 790.164, F.S.).

CS by Infrastructure and Security on January 13, 2020:

The committee substitute:

- Includes as a violation of law a threat of *future* use of a firearm or any weapon if the threat is sufficient to cause alarm in a reasonable person;
- Includes the *future* throwing, projecting, placing, or discharging of any destructive device in the existing prohibition against such threats;
- Provides a person is not in violation if he or she threatens to use a firearm or any other weapon in lawful self-defense, or in lawful defense of others or of property; and
- Revises existing prohibitions against making a false report, with intent to deceive, mislead, or misinform any person, to apply to those reports concerning the *current or future* placing or planting of any bomb, dynamite, other deadly explosive, or weapon of mass destruction, or concerning the *current or future* use of firearms in a violent manner against a person.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committees on Criminal Justice; and Infrastructure and Security; and Senators Stargel and Hutson

591-03085-20

2020728c2

1 A bill to be entitled
 2 An act relating to threats; amending s. 790.162, F.S.;
 3 decreasing the criminal penalty for threatening to
 4 throw, project, place, or discharge any destructive
 5 device with intent to do bodily harm to any person or
 6 with intent to do damage to any property of any
 7 person; prohibiting threats to use a firearm or weapon
 8 with specified intent; providing applicability;
 9 providing criminal penalties; amending s. 921.0022,
 10 F.S.; conforming provisions to changes made by the
 11 act; providing an effective date.

13 Be It Enacted by the Legislature of the State of Florida:

14
 15 Section 1. Section 790.162, Florida Statutes, is amended to
 16 read:

17 790.162 Threats involving a firearm, weapon, or Threat to
 18 throw, project, place, or discharge any destructive device,
 19 felony; penalty.-

20 (1) It is unlawful for any person to threaten to throw,
 21 project, place, or discharge any destructive device with intent
 22 to do bodily harm to any person or with intent to do damage to
 23 any property of any person. A person who violates this
 24 subsection, and any person convicted thereof commits a felony of
 25 the third ~~second~~ degree, punishable as provided in s. 775.082,
 26 s. 775.083, or s. 775.084.

27 (2) It is unlawful for any person to threaten the use of a
 28 firearm or any weapon at a child care facility as defined in s.
 29 402.302, a school as defined in s. 790.115(2)(a), a religious

POLICY ANALYSIS

1. EXECUTIVE SUMMARY

This bill amends s. 790.162, F.S., prohibits the use of a firearm or weapon to threaten a person with intent to do bodily harm or to do damage to their property.

2. SUBSTANTIVE BILL ANALYSIS

1. PRESENT SITUATION:

The current language of this statute reads, s. "790.162, F.S., Threat to throw, project, place, or discharge any destructive device, felony; penalty.—It is unlawful for any person to threaten to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person, and any person convicted thereof commits a felony of the second degree, punishable as provided in s. 775.082, F.S., s. 775.083, F.S., or s. 775.084, F.S."

S. 784.011, F.S., assault currently reads: "an intentional, unlawful threat by word or act to do violence to the person of another, coupled with an apparent ability to do so, and doing some act which creates a well-founded fear in such other person that such violence is imminent."

In s. 784.021, F.S., "aggravated assault is an assault,

- (a) with a deadly weapon without intent to kill; or
- (b) with an intent to commit a felony".

Whoever commits an aggravated assault shall be guilty of a felony of the third degree.

2. EFFECT OF THE BILL:

This bill adds firearms and weapons with destructive devices to this section. Over the past 3 years there have only been an average of 4 probation and 3 prison admissions for this offense. However, for a similar offense of Aggravated Assault with a Weapon, there have been an average of 1,048 probation admissions and 483 prison admissions over the past 3 years. The impact of adding the elements of firearms and weapons to this section is unknown, because currently these offenses would probably be captured in another offense such as Aggravated Assault with a Weapon, therefore the impact is indeterminate.

FISCAL ANALYSIS

1. DOES THE BILL HAVE A FISCAL IMPACT TO LOCAL GOVERNMENT? Y N

| | |
|---|---------|
| Revenues: | Unknown |
| Expenditures: | Unknown |
| Does the legislation increase local taxes or fees? If yes, explain. | No |
| If yes, does the legislation provide for a local referendum or local governing body public vote prior to implementation of the tax or fee increase? | |

2. DOES THE BILL HAVE A FISCAL IMPACT TO STATE GOVERNMENT? Y N

| | |
|--|---|
| Revenues: | N/A |
| Expenditures: | <p>Overall inmate and community supervision population fiscal impact is indeterminate.</p> <p>When inmate population is impacted in small increments statewide, the inmate variable per diem of \$20.04 is the most appropriate to use. This per diem includes costs more directly aligned with individual inmate care such as medical, food, inmate clothing, personal care items, etc. The Department's FY 17-18 average per diem for community supervision was \$5.47.</p> |
| Does the legislation contain a State Government appropriation? | No |
| If yes, was this appropriated last year? | |

3. DOES THE BILL HAVE A FISCAL IMPACT TO THE PRIVATE SECTOR? Y N

| | |
|---------------|---------|
| Revenues: | Unknown |
| Expenditures: | Unknown |
| Other: | |

4. DOES THE BILL INCREASE OR DECREASE TAXES, FEES, OR FINES?

Y N

| | |
|-------------------------|--|
| If yes, explain impact. | |

Bill Analysis- This bill adds language to section 790.162 to make it a second-degree felony to threaten the use of a firearm or any weapon with intent to harm a person or property. It is already a second-degree felony to threaten to throw, place, project or discharge any destructive device with intent to harm a person or property.

Public Defenders have concerns about bills that make threatening speech into a crime that could send a person to prison for up to 15 years. Youthful offenders particularly are prone to make ill-considered threatening statements without the ability or true criminal intent to carry them out.

Fiscal Analysis- The bill would have an indeterminate effect on public defender caseloads. It is difficult to project how many cases would be filed under the new language in this bill that are not already charged under existing statutes.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 852 amends section 944.241, Florida Statutes, which currently addresses the use of restraints on pregnant prisoners in Florida’s correctional institutions, to expand the prohibition on the use of restraints on pregnant prisoners. Additionally, the bill prescribes when a corrections officer may conduct an invasive body cavity search and when a pregnant prisoner may be placed in restrictive housing.

The bill expands the prohibition of using restraints on a pregnant prisoner under current law to cover when a pregnant prisoner is being transported. This applies to a pregnant prisoner at any point in her known pregnancy. The bill prescribes certain circumstances in which restraints may not be used, which are substantively similar to the exceptions provided for in current law.

The bill provides that an invasive body cavity search of a pregnant prisoner may only be conducted by a medical professional, unless a correctional officer has a reasonable belief that the prisoner is concealing contraband and such correctional officer submits a written report to the corrections official within 72 hours after the search including specified information supporting the need for the search.

The bill prohibits a pregnant prisoner from being involuntarily placed in restrictive housing unless specified correctional staff determine that an extraordinary circumstance exists such that restrictive housing is necessary and there are no less restrictive means available.

The bill requires the corrections official to write a report documenting the need for the use of restrictive housing prior to placing the prisoner in restrictive housing. The corrections official is required to review the report at least every 24 hours to confirm that the extraordinary circumstance still exists. A copy of the report and each review must be provided to the prisoner.

Additionally, the bill requires a pregnant prisoner who is placed in restrictive housing to be seen at least every 24 hours, housed in the least restrictive setting consistent with the health and safety of the individual, and given an intensive treatment plan for prenatal care and medical treatment at the facility.

In the case that a pregnant prisoner needs infirmary care, the bill requires a primary care nurse practitioner or obstetrician to provide an order for the prisoner to be admitted to the infirmary and requires that a prisoner who is passed her due date be admitted to the infirmary until labor begins or until the obstetrician makes other housing arrangements.

The bill has a significant negative fiscal impact. See Section V.

The bill is effective July 1, 2020.

II. Present Situation:

Pregnancy in Prison

Reports predict that an estimated four to ten percent of women are pregnant upon being committed to prison or jail.¹ However, documentation of pregnancies and pregnancy care while incarcerated is sparse. The most recent data from the Bureau of Justice Statistics (BJS) was collected more than 15 years ago. In 2002, the BJS found that five percent of women in local jails were pregnant when admitted. In 2004, the BJS reported that four percent of women in state prisons and three percent of women in federal prisons were pregnant upon admission. The government has not released any further national data since.²

The American College of Obstetricians and Gynecologists (ACOG) report that pregnancies among incarcerated women are often higher risk due to a number of factors, including that such

² Prison Policy Initiative Report. See also Sufrin, C., Beal, L., Clarke, J., Jones, R., and Mosher, W., *The American Journal of Public Health, Pregnancy Outcomes in US Prison, 2016-2017*, January 15, 2019, available at <https://ajph.aphapublications.org/doi/full/10.2105/AJPH.2019.305006> (hereinafter cited as "Pregnancy Outcomes Report") (last visited on January 3, 2020).

pregnancies are often unplanned and are compromised by a lack of prenatal care, poor nutrition, domestic violence, mental illness, and drug and alcohol abuse.³

Further, the ACOG reports a number of risks that are directly related to a pregnant inmate being restrained, including:

- Added discomfort during the common pregnancy symptoms of nausea and vomiting.
- The inability of a pregnant inmate to break a fall and protect herself and the fetus in the case of a forward fall.
- The inability for healthcare providers to perform a number of tests to evaluate for conditions such as appendicitis, preterm labor, or kidney infection if a pregnant inmate has abdominal pain during pregnancy.
- A delay in diagnosing issues after vaginal bleeding during pregnancy.
- The inability to safely treat a pregnant inmate who is suffering from seizures related to hypertensive disease and preeclampsia,⁴ which are common in pregnancy.
- Interference with normal labor and delivery, such as prohibiting the pregnant inmate from:
 - Ambulating during labor, which increases the likelihood for adequate pain management, successful cervical dilation, and a successful vaginal delivery.
 - Moving or being moved in preparation for emergencies of labor and delivery, including shoulder dystocia, hemorrhage, or abnormalities of the fetal heart rate requiring intervention, including urgent cesarean delivery.⁵

The Florida Department of Corrections (DOC) has five female correctional institutions statewide.⁶ The DOC assigns female prisoners to institutions based on current classification procedures while facilitating the individual risk and needs of prisoners to the extent possible considering security, medical and mental health needs, programmatic needs, geographic realities, and prohibitive monetary factors. The Lowell Correctional Institution houses all pregnant prisoners for the duration of the pregnancy and prisoners within six weeks post-delivery. Lowell Correctional Institution is the only institution in the state designed and staffed to care for expectant and early postpartum prisoners.

Upon confirmation of pregnancy, the prisoner's medical grade is changed and the pregnant prisoner is referred to a licensed physician for obstetrical care to provide prenatal care and follow

⁴ Preeclampsia results in a pregnant woman exhibiting high blood pressure, protein in the urine, and swelling in the body. It also results in signs of damage to another organ system, most often the liver and kidneys. Preeclampsia usually begins after 20 weeks of pregnancy in women whose blood pressure had been normal. See Mayo Clinic, *Preeclampsia, Overview*, available at <https://www.mayoclinic.org/diseases-conditions/preeclampsia/symptoms-causes/syc-20355745>; WebMD, *What is Preeclampsia?*, available at <https://www.webmd.com/baby/preeclampsia-eclampsia#1> (all sites last visited January 6, 2020).

The DOC, *Agency Analysis for SB 852*, January 10, 2020, p. 2 (on file with Senate Criminal Justice Committee)(hereinafter cited as "The DOC SB 852 Analysis").

them throughout the pregnancy. High risk patients are identified by obstetricians and given the necessary medical care. Inmates receive prenatal counseling, vitamins, and exams. They also are prescribed a prenatal diet that includes three fortified breakfast beverages per day and is adjusted for the caloric value and nutritional recommendations for pregnancy.⁷ Pregnant prisoners are transferred to a contract hospital for the actual delivery and then returned to the institution when discharged by the attending obstetrician. The DOC reports that postpartum care is provided at the institution according to the discharge orders of the attending obstetrician, but that the six-week checkup is provided by the obstetrician.⁸

The DOC reports that the pregnant prisoner population over the last three fiscal years is as follows:

- 101 prisoners in Fiscal Year 2018-2019.
- 98 in Fiscal Year 2017-2018.
- 109 in Fiscal Year 2016-2017.⁹

The Federal First Step Act's Prohibition on the Use of Restraints

In December, 2018, the United States Congress passed, and President Trump signed into law, the “Formerly Incarcerated Reenter Society Transformed Safely Transitioning Every Person Act” or the “FIRST STEP Act” (First Step Act).¹⁰ The law makes a number of changes to the federal criminal justice system and procedures applicable to inmates in the Federal Bureau of Prisons (BOP), including, in part, imposing a prohibition on the use of restraints on pregnant prisoners in the custody of the BOP and the U.S. Marshalls Office.

The prohibition on the use of restraints begins on the date that pregnancy is confirmed by a healthcare professional and ends when postpartum recovery is completed. However, the First Step Act authorizes restraints to be used in limited circumstances, including when the:

- Pregnant inmate is determined to be an immediate and credible flight risk;
- Pregnant inmate poses an immediate and serious threat of harm to herself or others that cannot be reasonably prevented by other means; or
- Healthcare professional determines that the use of restraints is appropriate for the medical safety of the inmate.¹¹

If one of the above-mentioned exceptions apply, the BOP or U.S. Marshall Service still may not:

- Use restraints around the ankles, legs, or waist of an inmate;
- Restrain an inmate's hands behind her back;
- Use four-point restraints; or
- Attach an inmate to another inmate.¹²

⁷ The DOC SB 852 Analysis, p. 2.

⁸ *Id.*

⁹ *Id.*

¹⁰ The First Step Act of 2018, Pub. L. No. 115-391 (2018).

¹¹ Congressional Research Service, *The First Step Act of 2018: An Overview*, March 4, 2019, available at <https://crsreports.congress.gov/product/pdf/R/R45558> (last visited January 2, 2020). The Act provides that only the least restrictive restraints necessary to prevent escape or harm may be used if one of the exceptions applies.

¹² *Id.*

Additionally, upon the request of a healthcare professional, correctional officials or deputy marshals must refrain from using restraints on an inmate or must remove restraints used on an inmate. If restraints are used on a pregnant inmate, the correctional official or deputy marshal who used the restraints is required to submit a report within 30 days that describes the facts and circumstances surrounding the use of the restraints, including the reasons for using the restraints, the details of the use, including the type of restraint and length of time they were used, and any observable physical effects on the inmate.¹³

The First Step Act also requires the BOP and U.S. Marshall Service to develop training guidelines regarding the use of restraints on inmates during pregnancy, labor, and postpartum recovery. The guidelines are required to include:

- How to identify certain symptoms of pregnancy that require immediate referral to a healthcare professional;
- Circumstances under which exceptions to the prohibition on the use of restraints would apply;
- How to use restraints in a way that does not harm the inmate, the fetus, or the newborn in the case that an above-mentioned exception applies;
- Details on the information required to be reported when restraints are used; and
- The right of a healthcare professional to request that restraints not be used and the requirement to comply with such a request.¹⁴

The First Step Act does not include provisions related to various types of searches of or the use of restrictive housing for pregnant prisoners.

Florida's Prohibition on the Use of Restraints

Section 944.241, F.S., prohibits restraints¹⁵ from being used on a prisoner¹⁶ who is known to be pregnant during labor,¹⁷ delivery, and postpartum recovery,¹⁸ unless the corrections official¹⁹ makes an individualized determination that the prisoner presents an extraordinary

¹³ *Id.* The reports must be submitted to the BOP or U.S. Marshall Service and the healthcare provider responsible for the inmate's health and safety.

¹⁴ *Id.*

¹⁵ Section 944.241(2)(h), F.S., defines "restraints" to mean any physical restraint or mechanical device used to control the movement of a prisoner's body or limbs, including, but not limited to, flex cuffs, soft restraints, hard metal handcuffs, a black box, chubb cuffs, leg irons, belly chains, a security or tether chain, or a convex shield.

¹⁶ Section 944.241(2)(g), F.S., defines "prisoner" to mean any person incarcerated or detained in any correctional institution who is accused of, convicted of, sentenced for, or adjudicated delinquent for a violation of criminal law or the terms and conditions of parole, probation, community control, pretrial release, or a diversionary program. Additionally, the term includes any woman detained under the immigration laws of the United States at any correctional institution.

¹⁷ Section 944.241(2)(e), F.S., defines "labor" to mean the period of time before a birth during which contractions are of sufficient frequency, intensity, and duration to bring about effacement and progressive dilation of the cervix.

¹⁸ Section 944.241(2)(f), F.S., defines "postpartum recovery" to mean, as determined by her physician, the period immediately following delivery, including the recovery period when a woman is in the hospital or infirmary following birth, up to 24 hours after delivery unless the physician after consultation with the DOC or correctional institution recommends a longer period of time.

¹⁹ Section 944.241(2)(b), F.S., defines "corrections official" to mean the official who is responsible for oversight of a correctional institution, or his or her designee.

circumstance.²⁰ This section applies to any facility under the authority of the DOC, the DJJ, a county or municipal detention facility, or a detention facility operated by a private entity.²¹

A physician may request that restraints not be used for documentable medical purposes. In that case, the correctional officer, correctional institution employee, or other officer accompanying the pregnant prisoner may consult with the medical staff and if the officer determines there is an extraordinary public safety risk, the officer is authorized to apply restraints. However, leg, ankle, or waist restraints may not be used on any pregnant prisoner who is in labor or delivery.²² If restraints are used on a pregnant prisoner, the:

- Type of restraint applied and the application of the restraint must be done in the least restrictive manner necessary; and
- Corrections official is required to make written findings within ten days after the use of restraints to document the extraordinary circumstance that required the use of the restraints.²³

Leg, ankle, and waist restraints may not be used during the third trimester of pregnancy or when requested by the physician treating a pregnant prisoner unless there are significant documentable security reasons noted by the correctional institution to the contrary that would threaten the safety of the prisoner, the unborn child, or the public in general. In addition, if wrist restraints are used, they must be applied in the front so the pregnant prisoner is able to protect herself in the event of a forward fall.²⁴ Any restraint of a prisoner who is known to be pregnant must be done in the least restrictive manner necessary in order to mitigate the possibility of adverse clinical consequences.²⁵

Section 944.241(4), F.S., provides that any prisoner who is restrained may file a grievance with the correctional institution and be granted a 45-day extension if requested in writing pursuant to rules promulgated by the correctional institution and that a woman harmed through the use of restraints in violation of s. 944.241, F.S., is not prohibited from filing a complaint under any other relevant provision of federal or state law.

The DOC and the DJJ are required to adopt rules to administer the provisions and must inform female prisoners of such rules upon admission to the correctional institution, including the policies and practices in the prisoner handbook, and post the policies and practices in locations in the correctional institution where such notices are commonly posted and will be seen by female prisoners, including common housing areas and medical care facilities.²⁶

The Florida Model Jail Standards (FMJS) are minimum standards that jails across Florida must meet to ensure the constitutional rights of those incarcerated are upheld. The FMJS Committee is

²⁰ Section 944.241(2)(d), F.S., defines “extraordinary circumstance” to mean a substantial flight risk or some other extraordinary medical or security circumstance that dictates restraints be used to ensure the safety and security of the prisoner, the staff of the correctional institution or medical facility, other prisoners, or the public.

²¹ See s. 944.241(2)(a), F.S.

²² Section 944.241(3)(a), F.S.

²³ Section 944.241(3)(b), F.S. The written findings must be kept on file by the DOC or correctional institution for at least five years.

²⁴ Section 244.241(3)(c), F.S.

²⁵ Section 944.241(3)(d), F.S.

²⁶ Section 944.241(5), F.S.

required to develop and continually enforce model standards adopted by the group.²⁷ The FMJS Rule 11.15 adopts the language of s. 944.241, F.S., related to the use of restraints on pregnant inmates.

Searches of Detained Persons in Florida's Prisons and Other Facilities

Department of Corrections

There are a number of searches of inmates that are utilized to control the introduction and movement of contraband and to prevent escapes of inmates, including searches while clothed, strip searches, and body cavity searches.²⁸

Rule 33-602.204, of the Florida Administrative Code (Rule 33-602.204), in part, requires that body cavity searches must be conducted only by appropriate Health Services staff, but allows authorized staff to be of the opposite sex from the inmates.²⁹ Body orifice and cavity searches must be conducted only when authorized by the warden, assistant warden, or the correctional officer chief upon a finding that there exists reasonable cause to believe that an inmate has contraband secreted in a body cavity.³⁰

Specified procedures and conditions must apply to body orifice and cavity searches, including, in part, that:

- The degree and intensity of the search must be the least required to bring the search to a conclusion.
- Oral cavity searches may be conducted visually as a routine element of any search of an inmate.³¹
- Physical intrusion into the inmate's body³² or physical isolation and observation may be utilized in specified circumstances.³³

²⁷ The Florida Sheriff's Association (FSA), *Florida Model Jail Standards as of 1/1/2019, What is FMJS?*, available at <https://www.flsheriffs.org/law-enforcement-programs/training/florida-model-jail-standards> (last visited January 10, 2020) (hereinafter cited as "FMJS Rule").

²⁸ Fla. Admin. Code R. 33-602.204.

²⁹ Fla. Admin. Code R. 33-602.204(3)(a).

³⁰ Fla. Admin. Code R. 33-602(3)(b). Reasonable cause may be established from specified evidence, including confidential information received from a reliable source, irregularities found in the area of the body during a strip search, or observed actions or behavior resulting in reasonable cause to believe that the individual has secreted contraband within a body cavity.

³¹ Additionally, if there are indications that an inmate is concealing contraband in his or her mouth, the Rule states that the inmate will be restrained or be placed under constant visual observation and no restraints or holds may be applied in any manner which inhibit breathing or swallowing. However, the inmate may be physically controlled and isolated from other inmates if necessary in order to avoid his or her disposal of the contraband. When there is reasonable cause to believe contraband has been swallowed, any attempt to retrieve the contraband will be accomplished by Health Service staff. No physical intrusion into the inmate's oral cavity will be attempted by any other person other than Health Service staff.

³² Fla. Admin. Code R. 33-602(3)(c)d.3. The specified circumstances allowing physical intrusion into the body include when: a member of the Health Services staff has determined that failure to remove the contraband presents an imminent danger to the health of the inmate; the contraband is clearly identified and is determined to be a clear and present danger to the security of the institution or the safety of the inmate or other persons; or the intrusion is necessary to retrieve the contraband for purposes of identification or to secure it as evidence and less intrusive means to retrieve such contraband are not feasible.

³³ Fla. Admin. Code R. 33-602(3)(c)d.4. Physical isolation and observation are authorized when the inmate cannot or will not voluntarily remove and surrender the contraband or in the event that a Medical Doctor has determined that the physical removal of contraband may be hazardous to the health and safety of the inmate. The isolation must occur in a medically approved isolated setting under constant visual supervision until the contraband can be retrieved through natural means. The

- Prior to the initiation of the first phase of the search, and before each successive escalation of the search, the individual must be given opportunities to voluntarily remove and surrender the contraband.³⁴
- A specified correctional officer of the same sex must be physically present when the search is conducted.³⁵
- The search must be made only by a physician or a designated member of the Health Services staff working under sanitary conditions and in a medically approved way using only the force necessary to ensure the person submits to the examination.³⁶
- Complete and detailed documentation of all body cavity searches other than visual or metal detector searches must be submitted to the warden and include specified information.³⁷

Department of Juvenile Justice

The DJJ has implemented procedures for conducting searches of juveniles who are in detention as well as those that have been committed to a residential facility. Rule 63G-2.019(11), F.A.C., which addresses detention services within the DJJ, and Rule 63E-7.107, F.A.C., which addresses residential placement, provide very similar procedures for when searches of juveniles may occur.

These rules provide, in part, that:

- The Superintendent must ensure that the primary function of any search is to locate contraband and to identify any item or situation that may be hazardous or otherwise compromise safety or security.³⁸
- All searches and the result of each search must be documented in specified documents.³⁹
- Any item or situation that may compromise safety or security must be immediately reported to the detention officer supervisor and law enforcement must be contacted if any item found would be considered illegal under Florida law or if there is evidence of any type of unlawful activity.⁴⁰

Further, the rules provide, in part, that:

- A frisk search must be conducted by an officer of the same sex as the youth being searched and such searches must be conducted:
 - During admission.
 - Following activities outside the secure area of the facility or visitation with a person from outside of the facility.
 - Prior to and after transportation.
 - When there is a reasonable suspicion that a youth is harboring contraband.⁴¹

natural process of waste elimination must be used as an alternative to forcible intrusion into the body cavities or surgery when a Medical Doctor determines that the natural method is feasible and does not pose a hazard to the inmate's health and safety.

³⁴ Fla. Admin. Code R. 33-602(3)(c)d.6.

³⁵ Fla. Admin. Code R. 33-602(3)(c)d.7.

³⁶ Fla. Admin. Code R. 33-602(3)(c)d.9.-10.

³⁷ Fla. Admin. Code R. 33-602(3)(c)d.12.

³⁸ Fla. Admin. Code R. 63G-2.019(11)(a); Fla. Admin. Code R. 63E-7.107(2)(b).

³⁹ Fla. Admin. Code R. 63G-2.019(11)(b); Fla. Admin. Code R. 63E-7.107(2)(a).

⁴⁰ Fla. Admin. Code R. 63G-2.019(11)(d). These provisions do not appear in Rule 63E-7.107.

⁴¹ Fla. Admin. Code R. 63G-2.019(11)(e); *See* Fla. Admin. Code R. 63E-7.107(2)(a) and (b).

- Strip searches must be conducted during admission or if there is a reasonable suspicion a youth is harboring contraband and the strip search must be conducted in a private area with two staff members present, both of the same sex as the youth being searched.⁴²
- Staff must explain the purpose and procedure of the search, assure the youth of his or her safety, avoid using unnecessary force, and treat the youth with dignity and respect to minimize the youth's stress and embarrassment.⁴³
- Staff may not search or physically examine a transgender or intersex youth for the sole purpose of determining the youth's genital status.⁴⁴
- Cavity searches must be approved by the superintendent, conducted by trained medical personnel in a hospital setting, and only conducted when it is strongly suspected that a youth has concealed contraband in a body cavity.⁴⁵

County Detention Facilities

The FMJS also had model standards for conducting searches on inmates in the custody of a county detention facility. FMJS Rules 4.2 and 4.3, provide that inmates must be searched by certified staff when being admitted to a detention facility and that the provisions of s. 901.211, F.S., must apply to such searches. Additionally, a body cavity search is only authorized to be conducted by licensed medical personnel.⁴⁶

Section 901.211, F.S., in part, provides that a person arrested for a traffic, regulatory, or misdemeanor offense, except in a case that is violent in nature, which involves a weapon, or which involves a controlled substance, may not be strip searched⁴⁷ unless certain circumstances apply.⁴⁸ Each strip search is required to be performed by a person of the same gender as the arrested person and on premises where the search cannot be observed by persons not physically conducting or observing the search. Additionally, an observer must be of the same gender as the arrested person.⁴⁹ Any body cavity search must be performed under sanitary conditions.⁵⁰

⁴² See Fla. Admin. Code R. 63G-2.019(11)(e)4. and 5.; Fla. Admin. Code R. 63E-7.107(2)(a). A strip search is a visual check of a youth without clothing. Both of these Rules also provide that if two staff of the same sex as the youth are not available that one staff of the same sex as the youth may conduct the strip search while a staff of the opposite sex is positioned to observe the staff person conducting the search outside the view of the youth.

⁴³ Fla. Admin. Code R. 63G-2.019(11)(e)6.; Fla. Admin. Code R. 63E-7.107(2).

⁴⁴ Fla. Admin. Code R. 63G-2.019(11)(e)7. Further, if the youth's genital status is unknown, it may be determined during conversation with the youth, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. Rule 63E-7.107 is silent on this provision.

⁴⁵ Fla. Admin. Code R. 63G-2.019(11)(e)8.; Fla. Admin. Code R. 63E-7.107(2)(c).

⁴⁶ FMJS Rule 4.2 and 4.3. A written report documenting such action must be submitted to the officer-in-charge or designee.

⁴⁷ Section 901.211(1), F.S., defines the term "strip search" to mean having an arrested person remove or arrange some or all of his or her clothing so as to permit a visual or manual inspection of the genitals; buttocks; anus; breasts, in the case of a female; or undergarments of such person.

⁴⁸ See s. 901.211(2), F.S.

⁴⁹ Section 901.211(3), F.S.

⁵⁰ Section 901.211(4), F.S.

Confinement in Florida's Correctional Facilities

Department of Corrections

Confinement - General

Inmates in the custody of the DOC may be placed in confinement status based on specified conditions, which are detailed in the DOC's rules. Confinement status types used by the DOC include administrative or disciplinary confinement and protective management. "Administrative confinement" means the temporary removal of an inmate from the general inmate population in order to provide for security and safety until such time as more permanent inmate management processes can be concluded.⁵¹ "Disciplinary confinement" means a form of punishment in which inmates found guilty of committing violations of the DOC rules are confined for specified periods of time to individual cells based upon authorized penalties for prohibited conduct.⁵² "Protective management" means a special management status for the protection of inmates from other inmates in an environment as representative of that of the general population as is safely possible.⁵³

All inmates are subject to the same consideration for placement in administrative or disciplinary confinement. These types of confinement may limit conditions and privileges to assist with promoting the security, order, and effective management of the institution, but otherwise the treatment of inmates in confinement is as near to that of the general population as assignment to confinement permits.⁵⁴ For protective management, the rule provides that other privileges may be restricted on a daily case-by-case basis when such restrictions are necessary for the security, order, or effective management of the institution.⁵⁵

Certain procedures appear to apply consistently across all types of confinement, such as:

- Prior to placing the inmate in confinement, the inmate is given a pre-confinement health assessment or medical evaluation.⁵⁶
- The ability to house inmates in confinement with other inmates, subject to the inmates being interviewed by the housing supervisor to ensure that none of the inmates constitute a threat to each other prior to placing inmates in the same cell.⁵⁷

⁵¹ Fla. Admin. Code R. 33-602.220(1)(a).

⁵² Fla. Admin. Code R. 33-602.222(1)(f).

⁵³ Fla. Admin. Code R. 33-602.221(1)(j). Protective management is not disciplinary in nature and, to the extent possible, all less restrictive avenues to address protection needs must be employed.

⁵⁴ Fla. Admin. Code R. 33-602.220(5); Fla. Admin. Code R. 33-602.221(2)(a) and (4); and Fla. Admin. Code R. 33-602.222(4).

⁵⁵ Fla. Admin. Code R. 33-602.221(4)(t). All such restrictions must be documented on a specified form and reported to the Inmate Classification Team (ICT). The ICT is authorized to restrict privileges on a continuing basis after a determination that such restrictions are necessary for the security, order or effective management of the institution. The ICT's decision for continuing restriction must also be documented on a specified form.

⁵⁶ See Fla. Admin. Code R. 33-602.220(2)(b) and (c) and Fla. Admin. Code R. 33-602.222(2)(a). An inmate does not have to be given the pre-confinement evaluation if he or she is currently in another confinement status that required a pre-confinement medical assessment. Rule 33-602.221, related to protective management is silent on whether a pre-confinement evaluation is necessary.

⁵⁷ Fla. Admin. Code R. 33-602.220(4)(a); Fla. Admin. Code R. 33-602.221(3)(a); and Fla. Admin. Code R. 33-602.222(3).

- The number of inmates housed in an administrative confinement cell must not exceed the number of bunks in the cell.⁵⁸

Inmates in confinement retain certain modified privileges, as mentioned above. For example, such inmates are provided:

- Exercise, which occurs either in the inmate's cell, if confined on a 24-hour basis, or, if confinement extends beyond a 30-day period, three hours per week of exercise at a minimum outdoors.
- Showers at least three times per week and on days that the inmate works.
- Normal institution meals.⁵⁹
- The same clothing and clothing exchange as is provided to the general inmate population.⁶⁰
- Out of cell time is permitted for regularly scheduled mental health services, unless, within the past four hours, the inmate has displayed hostile, threatening, or other behavior that could present a danger to others.
- Correspondence opportunities that are the same as the general inmate population.
- Telephone privileges for emergency situations, when necessary to ensure the inmate's access to courts, or in any other circumstance when a call is authorized by the warden or duty warden.
- Visits, when authorized by the warden or his or her designated representative.
- Legal visits, unless there is evidence that the visit is a threat to security and order.⁶¹
- Legal materials in the same manner as in the general population as long as security concerns permit.^{62, 63}

Administrative Confinement

Florida Administrative Rule 33-602.220 provides that an inmate may be placed into administrative confinement for the following reasons:

- Disciplinary charges are pending and the inmate needs to be temporarily removed from the general inmate population in order to provide for security or safety until such time as the disciplinary hearing is held.
- Outside charges are pending against the inmate and the presence of the inmate in the general population would present a danger to the security or order of the institution.
- Pending review of an inmate's request for protection from other inmates.
- An inmate has presented a signed written statement alleging that they are in fear of staff and has provided specific information to support this claim.

⁵⁸ Fla. Admin. Code R. 33-602.220(4)(a) and (d); Fla. Admin. Code R. 33-602.221(3); and Fla. Admin. Code R. 33-602.222(3)(a).

⁵⁹ The exception to this is when an item on the normal menu creates a security problem in the confinement unit, in which case, another item of comparable quality is substituted. Utilization of the special management meal is authorized for any inmate in administrative confinement who uses food or food service equipment in a manner that is hazardous to him or herself, staff, or other inmates.

⁶⁰ The exception to this is when there is an individual factual basis that exceptions are necessary for the welfare of the inmate or the security of the institution.

⁶¹ The warden or his or her designee must approve all legal visits in advance.

⁶² An inmate in confinement may be required to conduct legal business by correspondence rather than a personal visit to the law library if security requirements prevent a personal visit. However, all steps are taken to ensure the inmate is not denied needed access while in administrative confinement.

⁶³ Fla. Admin. Code R. 33-602.220(5); 33-602.221(4); and 33-602.222(4).

- An investigation, evaluation for change of status, or transfer is pending and the presence of the inmate in the general population might interfere with that investigation or present a danger to the inmate, other inmates, or to the security and order of the institution.
- An inmate is received from another institution when classification staff is not available to review the inmate file and classify the inmate into general population.⁶⁴

Staff are required to conduct regular visits to administrative confinement. These visits are to be conducted a minimum of:

- At least every 30 minutes by a correctional officer, but on an irregular schedule.
- Daily by the housing supervisor.
- Daily by the shift supervisor on duty for all shifts except in the case of riot or other institutional emergency.
- Weekly by the chief of security, when on duty at the facility, except in the case of riot or other institutional emergency.
- Daily by a clinical health care person.
- Weekly by the chaplain, warden, assistant wardens, a classification officer, and a member of the ICT.⁶⁵

An inmate is assessed weekly to determine the appropriateness of placement with the goal of returning the inmate to general population as soon as the facts of the case indicate that such return can be done safely.⁶⁶ Other assessment requirements that are applicable to inmates who have been confined for more than 30 days include:

- A psychological screening assessment by a mental health professional to determine his or her mental condition.⁶⁷
- An interview by the ICT, who must prepare a formal assessment and evaluation report after each 30 day period in administrative confinement.⁶⁸

Disciplinary Confinement

Staff are required to conduct regular visits to disciplinary confinement in the same frequency as mentioned above related to administrative confinement with the addition of specific visits as follows:

- As frequently as necessary, but not less than once every 30 days, by a member of the ICT to ensure that the inmate's welfare is properly provided for and to determine the time and method of release.

⁶⁴ Fla. Admin. Code R. 33-602.220(3).

⁶⁵ Fla. Admin. Code R. 33-602.220(4).

⁶⁶ Fla. Admin. Code R. 63-602.220(8)(a).

⁶⁷ Fla. Admin. Code R. 33.602.220(8)(b). The assessment includes a personal interview if determined necessary by mental health staff. All such assessments are documented in the inmate's mental health record. The psychologist or psychological specialist prepares a report and presents it to the ICT regarding the results of the assessment with recommendations. The ICT then makes the decision to continue administrative confinement. If the decision is to continue confinement, a psychological screening assessment is completed at least every 90-day period.

⁶⁸ Fla. Admin. Code R. 33-602.220(8)(c) and (d). Additionally, the state classification office (SCO) reviews the reports provided by mental health and the ICT, and may interview the inmate, to determine the final disposition of the inmate's administrative confinement status.

- As frequently as necessary by the SCO to ensure that the inmate's welfare is provided for and to determine if the inmate should be released if said inmate is housed in disciplinary confinement for longer than 60 consecutive days.⁶⁹

Department of Juvenile Justice

The DJJ does not use solitary confinement with youth that are in the custody of its secure detention centers⁷⁰ or residential commitment programs.⁷¹ Section 985.03(7), F.S., defines a "child" or "juvenile" or "youth" to mean any person under the age of 18 or any person who is alleged to have committed a violation of law occurring prior to the time that person reached the age of 18 years.

The DJJ, in conjunction with the Annie E. Casey Foundation, has implemented the Juvenile Detention Alternatives Initiative (JDAI). JDAI is the most widely recognized set of national best practices on the practices and conditions inside juvenile justice facilities. The JDAI Standards provide that solitary confinement can never be used for purposes of punishment or discipline and must be limited to periods of less than four hours.⁷²

The DJJ does use short-term supervised confinement, precautionary observation, and secure and controlled observation for youth presenting an immediate danger to themselves or others in its detention and residential facilities. Additionally, medical confinement is used for youth who present with a communicable disease that may infect others.⁷³

Detention Facilities

The applicable DJJ Rules provide definitions related to types of confinement, including behavioral confinement and medical confinement. "Behavioral confinement" is defined to mean placement of a youth in a secure room during volatile situations in which a youth's sudden or unforeseen onset of behavior imminently and substantially threatens the physical safety of others or himself or herself.⁷⁴ "Medical confinement" is defined to mean the placement of a youth in a

⁶⁹ Fla. Admin. Code R. 33-602.222(7). Fla. Admin. Code R. 33-602.222(1)(l) provides that the SCO refers to the office or office staff at the central office level that is responsible for the review of inmate classification decisions. Duties include approving, disapproving, or modifying ICT recommendations.

⁷⁰ Section 985.03(19), F.S., defines "detention center or facility" to mean a facility used pending court adjudication or disposition or execution of court order for the temporary care of a child alleged or found to have committed a violation of law. A detention center or facility may provide secure custody. A facility used for the commitment of adjudicated delinquents is not considered a detention center or facility.

⁷¹ Section 985.43, F.S., provides that upon adjudication of a delinquency case a court may commit a youth to the DJJ for placement in a residential commitment program. Section 985.03(44), F.S., which defines "restrictiveness level," addresses the different levels of commitment programs, including, in part, "minimum-risk nonresidential," "nonsecure residential," and "high-risk residential."

⁷² See JDAI, A Project of the Annie E. Casey Foundation, *Revised JDAI Standards, Standards Instrument, 2014 Update*, p. 6, December 2014, available at <http://www.cclp.org/wp-content/uploads/2016/06/JDAI-Detention-Facility-Assessment-Standards.pdf> (last visited January 10, 2020).

⁷³ The DJJ, *SB 624 Agency Analysis*, p. 2, January 31, 2019 (on file with the Senate Committee on Criminal Justice)(hereinafter cited as "The DJJ SB 624 Analysis")[SB 624 (2019) addressed confinement for youth in the custody of the DOC, the DJJ, and county detention facilities]; See also Fla. Admin. Code Chs. 63E-7, 63G-2, and 63N-1.

⁷⁴ Fla. Admin. Code R. 63G-2.014(7).

secure room to allow the youth to rest and recover from illness and/or prevents the spread of a communicable illness (i.e. flu, H1N1 virus, etc.).⁷⁵

Additionally, confinement may not be used to harass, embarrass, demean, or otherwise abuse a youth. The use of confinement must be monitored by the superintendent or designee and the time limit for placement of a youth in confinement is no more than eight hours unless the superintendent or his or her designee grants an extension because release of the youth would imminently threaten his or her safety or the safety of others. The Regional Director or designee must review and grant any confinement extended beyond 24 hours, and, if granted, must notify the Assistant Secretary or designee.⁷⁶

A confinement report must be submitted by the detention officer as soon as possible, but no later than one hour after the youth's confinement. The confinement report must be reviewed by the detention officer's supervisor as soon as possible, but no later than two hours after the youth's confinement. The detention officer supervisor must evaluate and document the youth's status, at a minimum, every three hours to determine if the continued confinement of the youth is required. A youth is prohibited from being held in confinement beyond 72 hours without a confinement hearing.⁷⁷

Residential Commitment Facilities

The DJJ Rules applicable to residential facilities prohibits a residential commitment program's behavior management system from including disciplinary confinement, wherein a youth is isolated in a locked room, as discipline for misbehavior.⁷⁸ A residential commitment program may use room restriction, which is described to mean temporarily restricting the youth's participation in routine activities by requiring the youth to remain in his or her sleeping quarters, when:

- A youth is out of control or a suicide risk.
- A supervisor has given prior approval for each use of room restriction.
- It does not exceed four hours and the door to the room remains open to facilitate staff supervision.
- Staff engages, or attempts to engage, the youth in productive interactions at least every 30 minutes.
- The program does not deny a youth basic services, such as regular meals and physical or mental health services.
- The program staff uses strategies, such as conflict resolution and constructive dialogue, to facilitate the youth's reintegration into the general population.⁷⁹

The program documents certain details for each case of room restriction, including:

- A description of the behavior that resulted in room restriction;
- The date and time room restriction was implemented;

⁷⁵ Fla. Admin. Code R. 63G-2.014(50). The use of medical confinement is not intended as punishment or discipline and is ordered by the Designated Health Authority.

⁷⁶ Fla. Admin. Code R. 63G-2.022(4).

⁷⁷ Fla. Admin. Code R. 63G-2.022(4).

⁷⁸ Fla. Admin. Code R. 63E-7.009(3)(e).

⁷⁹ Fla. Admin. Code R. 63E-7.009(4).

- The name of the staff person who recommended the use of room restriction and the name of the approving supervisor;
- The name of the staff person removing the youth from room restriction;
- The date and time of removal and a description of the youth's behavior and attitude upon removal; and
- Follow-up actions taken or attempted to help re-integrate the youth back into the general population when released from room restriction.⁸⁰

A residential commitment program must ensure that staff observe a youth at least every ten minutes while in their sleeping quarters, including when on room restriction. Staff must conduct the observations in a manner to ensure the safety and security of each youth and document real time observations manually or electronically.⁸¹

Further, a residential commitment program may use controlled observation only when necessary and as a last resort.⁸² Controlled observation is defined to mean an immediate, short-term crisis management strategy, not authorized for use as punishment or discipline, wherein a youth in a residential commitment program is placed in a separate, identified, safe, and secure room.⁸³ Such specified programs are authorized to temporarily place a youth in a controlled observation room only in the following situations when non-physical interventions would not be effective:

- Emergency safety situations where there is imminent risk of the youth physically harming himself or herself, staff, or others; or
- When the youth is engaged in major property destruction that is likely to compromise the security of the program or jeopardize the youth's safety or the safety of others.⁸⁴

Controlled observation has a maximum time limit of two hours, that can be extended by the program director in two-hour increments for no longer than 24 hours. Youth who are in controlled observation receive the standard 10-minute sight and sound check along with documentation of their behavior in 15-minute intervals.⁸⁵

A supervisor with delegated authority must give prior authorization for each use of controlled observation unless the delay caused by seeking prior approval would further jeopardize the safety of others and the program's security. Staff is prohibited from leaving a youth alone in a controlled observation room until an inspection of the room is conducted and it is deemed safe, secure, and in compliance with specified guidelines.⁸⁶ The Rule further provides specific

⁸⁰ *Id.* Further, Rule 63E-7.011, F.A.C., provides that a youth is prohibited from large muscle exercise when he or she is temporarily separated from the general population, including when placed on controlled observation or room restriction status pursuant to Rule 63E-7.013, F.A.C. However, if a youth is restricted to a room, the program must give the youth an opportunity for large muscle exercise as soon as is reasonably possible after the youth is reintegrated into the general population.

procedures for how to address a youth whose health or safety deteriorates once placed into controlled observation.⁸⁷

The Rule prohibits the use of controlled observation as punishment or discipline.⁸⁸

County Detention Facilities

The FMJS defines terms such as administrative confinement and disciplinary confinement. “Administrative confinement” is defined to mean the segregation of an inmate for investigation, protection, or some cause other than disciplinary action.⁸⁹ “Disciplinary confinement” is defined to mean the segregation of an inmate for disciplinary reasons.⁹⁰

The FMJS provides that inmates may be placed in administrative confinement for the purpose of ensuring immediate control and supervision when it is determined they constitute a threat to themselves, to others, or to the safety and security of the detention facility. The Rule requires an incident report or disciplinary report to follow the action that prompted placement in administrative confinement. Additionally, the time of release for inmates in disciplinary or administrative confinement must be recorded and filed in the inmate’s file.⁹¹

Each inmate in administrative confinement must receive housing, food, clothing, medical care, exercise, visitation, showers, and other services and privileges comparable to those available to the general population except as justified by his or her classification status or special needs inmate status.^{92, 93} Further, special needs inmates should be checked by medical staff at intervals not exceeding 72 hours and inmates in administrative or disciplinary confinement must bathe twice weekly.⁹⁴ The FMJS provides that the Officer-in-Charge or designee must see and talk to each inmate in disciplinary or administrative confinement at least once each morning and once each afternoon and document the inmate’s general condition and attitude at each visit.⁹⁵

Additionally, the FMJS requires that an inmate confined in an isolation cell used for medical purposes be examined by a physician or designee within 48 hours following his or her confinement in such area or cell. A physician or designee must determine when the inmate will be returned to the general population. The inmate must remain in isolation if the physician or designee:

- Finds that the inmate presents a serious risk to himself or others; or

⁸⁷ See Fla. Admin. Code R. 63E-7.013(16)(e)-(i). For example, a youth must be immediately removed from the controlled observation room and provided follow-up mental health services if he or she begins demonstrating acute psychological distress or suicide risk behaviors subsequent to placement in controlled observation.

⁸⁸ Fla. Admin. Code R. 63E-7.001(20).

⁸⁹ The FMJS Rule 1.2.

⁹⁰ The FMJS Rule 1.17.

⁹¹ The FMJS Rule 13.13.

⁹² *Id.*

⁹³ The FMJS Rule 5.4 defines “special needs inmates” as “inmates who have been determined by the health authority to be mentally ill, suicidal, alcoholic or drug addicted going through withdrawal and in need of close monitoring.”

⁹⁴ The FMJS Rule 13.13.

⁹⁵ The FMJS Rule 13.14.

- Continues to provide the inmate with follow-up medical care and treatment during the entire time that the inmate remains confined in such area or cell as deemed necessary.⁹⁶

Florida law and the rules of the DOC, the DJJ, and the FMJS do not appear to address restrictive housing of pregnant prisoners in separate provisions.

III. Effect of Proposed Changes:

The bill amends s. 944.241, F.S., modifying current provisions for using restraints on a pregnant prisoner and prescribing procedures for when a pregnant prisoner may be subject to an invasive body cavity search or placed in restrictive housing.

Additionally, the bill renames the Act the “Tammy Jackson Healthy Pregnancies for Incarcerated Women Act.”

Definitions

The bill amends the definitions section to:

- Expand the term “extraordinary circumstance” to apply to the exceptions of circumstances that dictate the use of restrictive housing in addition to the use of restraints.
- Add the definitions:
 - “Invasive body cavity search,” which means a search that involves a manual inspection using touch, insertion, or probing of the openings, cavities, and orifices of the human body, including, but not limited to the genitals, buttocks, anus, or breasts that is not conducted for a medical purpose; and
 - “Restrictive housing,” which means the placement of pregnant prisoners separately from the general population of a correctional institution and imposing restrictions on their movement, behavior, and privileges solely based on the condition of being pregnant. The term includes placing the prisoner in medical isolation or in the infirmary.

Use of Restraints

The bill expands the prohibition of using restraints on a pregnant prisoner under current law to cover when a pregnant prisoner, at any point in her known pregnancy, is being transported. The bill prescribes that restraints may not be used:

- If any doctor, nurse, or other health professional treating the prisoner in labor, in delivery, or in postpartum recovery requests that restraints not be used due to a documentable medical purpose. If the doctor, nurse, or other health professional makes such a request, the correctional officer or other law enforcement officer accompanying the prisoner must immediately remove all restraints.
- During transport, labor, delivery, and postpartum recovery, unless the corrections official makes an individualized determination that the prisoner presents an extraordinary circumstance.

⁹⁶ The FMJS Rule 7.23.

The bill provides an exception to the prohibition on the use of restraints, which specifically provides that:

- A restraint may be used on a pregnant prisoner or a prisoner who is in postpartum recovery only if all of the following apply:
 - The corrections official makes an individualized determination that the prisoner presents an extraordinary circumstance.
 - The restraints used are the least restrictive necessary.
 - If wrist restraints are used, the restraints are applied in the front of the prisoner so that she may protect herself in the event of a forward fall.
- A pregnant prisoner who is transported by a correctional institution must be transported using a restraint that is the least restrictive necessary.

Current law remains the same as it relates to the requirement that the corrections official must provide written findings when restraints are used on a pregnant prisoner due to an extraordinary circumstance that dictated the use of the restraints.

Invasive Body Cavity Searches

The bill provides that an invasive body cavity search of a pregnant prisoner may only be conducted by a medical professional, unless a correctional officer has a reasonable belief that the prisoner is concealing contraband. The bill requires that an officer who conducts an invasive body cavity search submit a written report to the corrections official within 72 hours after the search, which must:

- Explain the reasons for the search; and
- Identify any contraband recovered in the search.

Restrictive Housing

The bill prohibits, with limited exceptions, a pregnant prisoner from being involuntarily placed in restrictive housing. However, the bill provides that a corrections official is not prohibited from placing a pregnant prisoner in restrictive housing for disciplinary violations or to address security risks to the pregnant prisoner, other prisoners, or staff directly related to the pregnant prisoner, provided the corrections official complies with the requirements discussed below.

The only exception provided for in the bill authorizes a pregnant prisoner to be involuntarily placed in restrictive housing if the corrections official of the correctional institution, in consultation with the individual overseeing prenatal care and medical treatment at the correctional institution, determines that an extraordinary circumstance exists such that restrictive housing is necessary and that there are no less restrictive means available.

The bill requires the corrections official to, *before* placing a prisoner in restrictive housing, write a report that states:

- The extraordinary circumstance that is present; and
- The reason less restrictive means are not available.

The corrections official is required to review the report at least every 24 hours to confirm that the extraordinary circumstances cited in the report still exist and a copy of the report and each review must be provided to the prisoner.

A pregnant prisoner who is placed in restrictive housing under s. 944.241, F.S., must be:

- Seen at least every 24 hours by the person overseeing prenatal care and medical treatment in the facility;
- Housed in the least restrictive setting consistent with the health and safety of the individual; and
- Given an intensive treatment plan developed and approved by the person overseeing prenatal care and medical treatment at the facility.

In the case that a pregnant prisoner needs infirmary care, the bill requires an authorized medical staff to provide an order for the prisoner to be admitted to the infirmary. Further, if the prisoner has passed her due date, she must be admitted to the infirmary until labor begins or until the obstetrician makes other housing arrangements. The bill provides that a pregnant prisoner who has been placed in the infirmary must be provided:

- The same access to outdoor recreation, visitation, mail, and telephone calls as other prisoners; and
- The ability to continue to participate in other privileges and classes granted to the general population.

The bill amends s. 944.215(7), F.S., deleting a date related to the rulemaking authority, therefore providing the entities covered under the section with the necessary rulemaking authority to implement the changes made by the act.

The bill is effective July 1, 2020.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill requires that the DOC, DJJ, and county and municipal detention facilities comply with new standards for using restraints with, conducting invasive body cavity searches on, and placing in restrictive housing pregnant prisoners. These new standards require that specific staff document the extraordinary circumstance leading to the utilization of the enumerated exceptions to the use of restraints or restrictive housing with pregnant prisoners and to conduct reviews of the extraordinary circumstance that is the basis for the exception. The prisoner must be reviewed every 24 hours and must also be placed in the infirmary in certain circumstances.

According to the Department of Corrections and the Department of Juvenile Justice, changing the requirement for the frequency of interaction with medical staff from every eight hours to every 24 hours eliminates the fiscal impact.⁹⁷

Similarly, the Sheriffs' Association previously advised that the medical examinations every 8 hours is a concern. They report that many medium and small jails do not have 24/7 medical staff onsite and would not be able to conduct the medical examinations without hiring or contracting for additional staff.⁹⁸ It is anticipated that the impact to sheriffs will be reduced with this change.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

⁹⁷ Telephone call with Mark Talent at the Department of Corrections, and with Rachel Moscosco at the Department of Juvenile Justice. (February 18, 2020).

⁹⁸ Email from the Sheriffs' Association (February 7, 2020) (on file with the Senate Committee on Criminal and Civil Justice Appropriations).

VIII. Statutes Affected:

This bill substantially amends section 944.241 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Criminal and Civil Justice on February 18, 2020:

The committee substitute revised the previous requirement that pregnant prisoners who are placed in restrictive housing be “examined” at least every eight hours, to require that they be “seen” at least every 24 hours.

CS by Criminal Justice on January 14, 2020:

The committee substitute:

- Renames the Act the “Tammy Jackson Healthy Pregnancies for Incarcerated Women Act”;
- Modifies the term “extraordinary circumstance” to apply to restraints and restrictive housing;
- Defines the terms “invasive body cavity search” and “restrictive housing”;
- Expands the prohibition on using restraints on pregnant prisoners to cover a pregnant prisoner at any point in her pregnancy if she is being transported;
- Provides an exception to when restraints can be used on a pregnant prisoner and requires the corrections official to document the reasons why restraints were necessary;
- Prohibits invasive body cavity searches on a pregnant prisoner and provides an exception for when a correctional officer can conduct such a search;
- Prohibits a corrections institution from placing a pregnant prisoner in restrictive housing just as a result of the condition of being pregnant;
- Provides exceptions to when restrictive housing can be used on a pregnant prisoner and requires the corrections official to document the reasons why restrictive housing was necessary;
- Requires a corrections official to examine a pregnant prisoner placed into restrictive housing every eight hours to ensure the restrictive housing is still necessary;
- Requires pregnant prisoners placed in the infirmary for restrictive housing to be provided the same rights as in the general population; and
- Provides rulemaking authority.

- B. **Amendments:**

None.

703954

576-03897-20

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to incarcerated pregnant women;
amending s. 944.241, F.S.; amending the short title;
redefining the term "extraordinary circumstance";
defining the terms "invasive body cavity search" and
"restrictive housing"; revising the circumstances
under which a prisoner who is known to be pregnant may
not be restrained; specifying conditions under which
restraints may be used; requiring that invasive body
cavity searches on a pregnant prisoner be conducted by
a medical professional; providing an exception;
prohibiting the involuntary placement of pregnant
prisoners in restrictive housing; providing
exceptions; requiring corrections officials to write a
specified report if an extraordinary circumstance
necessitates placing a pregnant prisoner in
restrictive housing; providing requirements for the
report; requiring corrections officials to review such
reports at specified intervals; requiring a copy of
such reports and reviews to be provided to pregnant
prisoners in restrictive housing; providing
requirements for the treatment of pregnant prisoners
placed in restrictive housing; requiring pregnant
prisoners to be admitted to the infirmary under
certain circumstances; providing certain rights for
pregnant prisoners admitted to the infirmary;
providing an effective date.

703954

576-03897-20

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 944.241, Florida Statutes, is amended to
read:

944.241 ~~Shackling of~~ Incarcerated pregnant women.—

(1) SHORT TITLE.—This section may be cited as the "Tammy
Jackson Healthy Pregnancies for Incarcerated Women Act."

(2) DEFINITIONS.—As used in this section, the term:

(a) "Correctional institution" means any facility under the
authority of the department or the Department of Juvenile
Justice, a county or municipal detention facility, or a
detention facility operated by a private entity.

(b) "Corrections official" means the official who is
responsible for oversight of a correctional institution, or his
or her designee.

(c) "Department" means the Department of Corrections.

(d) "Extraordinary circumstance" means a substantial flight
risk or some other extraordinary medical or security
circumstance that dictates restraints or restrictive housing be
used to ensure the safety and security of the prisoner, the
staff of the correctional institution or medical facility, other
prisoners, or the public.

(e) "Invasive body cavity search" means a search that
involves a manual inspection using touch, insertion, or probing
of the openings, cavities, and orifices of the human body,
including, but not limited to, the genitals, buttocks, anus, or
breasts that is not conducted for a medical purpose.

(f) ~~(e)~~ "Labor" means the period of time before a birth

703954

576-03897-20

57 during which contractions are of sufficient frequency,
58 intensity, and duration to bring about effacement and
59 progressive dilation of the cervix.

60 ~~(g)(f)~~ "Postpartum recovery" means, as determined by her
61 physician, the period immediately following delivery, including
62 the recovery period when a woman is in the hospital or infirmary
63 following birth, up to 24 hours after delivery unless the
64 physician after consultation with the department or correctional
65 institution recommends a longer period of time.

66 ~~(h)(g)~~ "Prisoner" means any person incarcerated or detained
67 in any correctional institution who is accused of, convicted of,
68 sentenced for, or adjudicated delinquent for a violation of
69 criminal law or the terms and conditions of parole, probation,
70 community control, pretrial release, or a diversionary program.
71 For purposes of this section, the term includes any woman
72 detained under the immigration laws of the United States at any
73 correctional institution.

74 ~~(i)(h)~~ "Restraints" means any physical restraint or
75 mechanical device used to control the movement of a prisoner's
76 body or limbs, including, but not limited to, flex cuffs, soft
77 restraints, hard metal handcuffs, a black box, chubb cuffs, leg
78 irons, belly chains, a security or tether chain, or a convex
79 shield.

80 ~~(j)~~ "Restrictive housing" means the placement of pregnant
81 prisoners separately from the general population of a
82 correctional institution and imposing restrictions on their
83 movement, behavior, and privileges solely based on the condition
84 of being pregnant. The term includes placing the prisoner in
85 medical isolation or in the infirmary.

703954

576-03897-20

86 (3) RESTRAINT OF PRISONERS.—

87 (a) Except as provided in paragraph (b), restraints may not
88 be used on a prisoner who is known to be pregnant:

89 1. If any doctor, nurse, or other health professional
90 treating the prisoner in labor, in delivery, or in postpartum
91 recovery requests that restraints not be used due to a
92 documentable medical purpose. If the doctor, nurse, or other
93 health professional makes such a request, the correctional
94 officer or other law enforcement officer accompanying the
95 prisoner must immediately remove all restraints.

96 2. During transport, labor, delivery, or and postpartum
97 recovery, unless the corrections official makes an
98 individualized determination that the prisoner presents an
99 extraordinary circumstance, except that:

100 1. The physician may request that restraints not be used
101 for documentable medical purposes. The correctional officer,
102 correctional institution employee, or other officer accompanying
103 the pregnant prisoner may consult with the medical staff;
104 however, If the corrections official officer determines there is
105 an extraordinary public safety risk, the official may officer is
106 authorized to apply restraints as limited by paragraph (b)
107 subparagraph 2.

108 (b) A restraint may be used on a prisoner who is known to
109 be pregnant or in postpartum recovery only if all of the
110 following apply:

111 1. The corrections official makes an individualized
112 determination that the prisoner presents an extraordinary
113 circumstance.

114 2. The restraints used are the least restrictive necessary.

703954

576-03897-20

115 3. If wrist restraints are used, the restraints are applied
116 in the front of the prisoner so that she may protect herself in
117 the event of a forward fall.

118 ~~4.2- Under no circumstances shall Leg, ankle, or waist~~
119 ~~restraints are not be used on any pregnant prisoner who is in~~
120 ~~labor or delivery.~~

121 ~~(b) If restraints are used on a pregnant prisoner pursuant~~
122 ~~to paragraph (a):~~

123 ~~1. The type of restraint applied and the application of the~~
124 ~~restraint must be done in the least restrictive manner~~
125 ~~necessary; and~~

126 ~~(c)2- The corrections official shall make written findings~~
127 ~~within 10 days after the use of restraints as to the~~
128 ~~extraordinary circumstance that dictated the use of the~~
129 ~~restraints. These findings shall be kept on file by the~~
130 ~~department or correctional institution for at least 5 years.~~

131 ~~(d) A pregnant prisoner who is transported by a~~
132 ~~correctional institution must be transported using a restraint~~
133 ~~that is the least restrictive necessary. A correctional~~
134 ~~institution that uses restraints on a pregnant prisoner during~~
135 ~~transport must comply with the written findings required in~~
136 ~~paragraph (c).~~

137 ~~(e) During the third trimester of pregnancy or when~~
138 ~~requested by the physician treating a pregnant prisoner, unless~~
139 ~~there are significant documentable security reasons noted by the~~
140 ~~department or correctional institution to the contrary that~~
141 ~~would threaten the safety of the prisoner, the unborn child, or~~
142 ~~the public in general:~~

143 ~~1. Leg, ankle, and waist restraints may not be used; and~~

703954

576-03897-20

144 ~~2. If wrist restraints are used, they must be applied in~~
145 ~~the front so the pregnant prisoner is able to protect herself in~~
146 ~~the event of a forward fall.~~

147 ~~(d) In addition to the specific requirements of paragraphs~~
148 ~~(a)-(c), any restraint of a prisoner who is known to be pregnant~~
149 ~~must be done in the least restrictive manner necessary in order~~
150 ~~to mitigate the possibility of adverse clinical consequences.~~

151 ~~(4) INVASIVE BODY CAVITY SEARCHES.-~~

152 ~~(a) Except as provided under paragraph (b), an invasive~~
153 ~~body cavity search of a pregnant prisoner may be conducted only~~
154 ~~by a medical professional.~~

155 ~~(b) A correctional officer may conduct an invasive body~~
156 ~~cavity search of a pregnant prisoner only if the officer has a~~
157 ~~reasonable belief that the prisoner is concealing contraband. An~~
158 ~~officer who conducts an invasive body cavity search must submit~~
159 ~~a written report to the corrections official within 72 hours~~
160 ~~after the search. The report must:~~

- 161 ~~1. Explain the reasons for the search; and~~
162 ~~2. Identify any contraband recovered in the search.~~

163 ~~(5) RESTRICTIVE HOUSING.-~~

164 ~~(a) Except as provided in paragraph (b), a pregnant~~
165 ~~prisoner may not be involuntarily placed in restrictive housing.~~
166 ~~This subsection does not prohibit a corrections official from~~
167 ~~placing a pregnant prisoner in restrictive housing for~~
168 ~~disciplinary violations or to address security risks to the~~
169 ~~pregnant prisoner, other prisoners, or staff directly related to~~
170 ~~the pregnant prisoner provided the corrections official complies~~
171 ~~with the reporting requirements of subparagraph (b)1.~~

172 ~~(b) A pregnant prisoner may be involuntarily placed in~~

703954

576-03897-20

173 restrictive housing only if the corrections official of the
174 correctional institution, in consultation with the medical staff
175 overseeing prenatal care and medical treatment at the
176 correctional institution, determines that an extraordinary
177 circumstance exists such that restrictive housing is necessary
178 and that there are no less restrictive means available.

179 1. The corrections official shall, before placing a
180 prisoner in restrictive housing, write a report that states:

181 a. The extraordinary circumstance that is present; and
182 b. The reason less restrictive means are not available.

183 2. The corrections official shall review the report at
184 least every 24 hours to confirm that the extraordinary
185 circumstance cited in the report still exists. A copy of the
186 report and each review must be provided to the pregnant
187 prisoner.

188 (c) A pregnant prisoner who is placed in restrictive
189 housing under this section shall be:

190 1. Seen at least every 24 hours by the medical staff
191 overseeing prenatal care and medical treatment in the facility;

192 2. Housed in the least restrictive setting consistent with
193 the health and safety of the pregnant prisoner; and

194 3. Given an intensive treatment plan developed and approved
195 by the medical staff overseeing prenatal care and medical
196 treatment at the facility.

197 (d) If a pregnant prisoner needs infirmary care, an
198 authorized medical staff must provide an order for the pregnant
199 prisoner to be admitted to the infirmary. If the pregnant
200 prisoner has passed her due date, she must be admitted to the
201 infirmary until labor begins or until other housing arrangements

703954

576-03897-20

202 are made. A pregnant prisoner who has been placed in the
203 infirmary shall be provided:

204 1. The same access to outdoor recreation, visitation, mail,
205 and telephone calls as other prisoners; and

206 2. The ability to continue to participate in other
207 privileges and classes granted to the general population.

208 (6)-(4) ENFORCEMENT.-

209 (a) Notwithstanding any relief or claims afforded by
210 federal or state law, any prisoner who is restrained in
211 violation of this section may file a grievance with the
212 correctional institution, and be granted a 45-day extension if
213 requested in writing pursuant to rules promulgated by the
214 correctional institution.

215 (b) This section does not prevent a woman harmed through
216 the use of restraints under this section from filing a complaint
217 under any other relevant provision of federal or state law.

218 (7)-(5) NOTICE TO PRISONERS.-

219 (a) ~~By September 1, 2012,~~ The department and the Department
220 of Juvenile Justice shall adopt rules pursuant to ss. 120.536(1)
221 and 120.54 to administer this section.

222 (b) Each correctional institution shall inform female
223 prisoners of the rules developed pursuant to paragraph (a) upon
224 admission to the correctional institution, including the
225 policies and practices in the prisoner handbook, and post the
226 policies and practices in locations in the correctional
227 institution where such notices are commonly posted and will be
228 seen by female prisoners, including common housing areas and
229 medical care facilities.

230 Section 2. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: CS/CS/SB 852

INTRODUCER: Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); Criminal Justice Committee; and Senators Pizzo, Taddeo, Braynon, and others

SUBJECT: Incarcerated Pregnant Women

DATE: March 4, 2020

REVISED: _____

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 852 amends section 944.241, Florida Statutes, which currently addresses the use of restraints on pregnant prisoners in Florida's correctional institutions, to expand the prohibition on the use of restraints on pregnant prisoners. Additionally, the bill prescribes when a corrections officer may conduct an invasive body cavity search and when a pregnant prisoner may be placed in restrictive housing.

The bill expands the prohibition of using restraints on a pregnant prisoner under current law to cover when a pregnant prisoner is being transported. This applies to a pregnant prisoner at any point in her known pregnancy. The bill prescribes certain circumstances in which restraints may not be used, which are substantively similar to the exceptions provided for in current law.

The bill provides that an invasive body cavity search of a pregnant prisoner may only be conducted by a medical professional, unless a correctional officer has a reasonable belief that the prisoner is concealing contraband and such correctional officer submits a written report to the corrections official within 72 hours after the search including specified information supporting the need for the search.

The bill prohibits a pregnant prisoner from being involuntarily placed in restrictive housing unless specified correctional staff determine that an extraordinary circumstance exists such that restrictive housing is necessary and there are no less restrictive means available.

The bill requires the corrections official to write a report documenting the need for the use of restrictive housing prior to placing the prisoner in restrictive housing. The corrections official is required to review the report at least every 24 hours to confirm that the extraordinary circumstance still exists. A copy of the report and each review must be provided to the prisoner.

Additionally, the bill requires a pregnant prisoner who is placed in restrictive housing to be seen at least every 24 hours, housed in the least restrictive setting consistent with the health and safety of the individual, and given an intensive treatment plan for prenatal care and medical treatment at the facility.

In the case that a pregnant prisoner needs infirmary care, the bill requires a primary care nurse practitioner or obstetrician to provide an order for the prisoner to be admitted to the infirmary and requires that a prisoner who is passed her due date be admitted to the infirmary until labor begins or until the obstetrician makes other housing arrangements.

The bill has a significant negative fiscal impact. See Section V.

The bill is effective July 1, 2020.

II. Present Situation:

Pregnancy in Prison

Reports predict that an estimated four to ten percent of women are pregnant upon being committed to prison or jail.¹ However, documentation of pregnancies and pregnancy care while incarcerated is sparse. The most recent data from the Bureau of Justice Statistics (BJS) was collected more than 15 years ago. In 2002, the BJS found that five percent of women in local jails were pregnant when admitted. In 2004, the BJS reported that four percent of women in state prisons and three percent of women in federal prisons were pregnant upon admission. The government has not released any further national data since.²

The American College of Obstetricians and Gynecologists (ACOG) report that pregnancies among incarcerated women are often higher risk due to a number of factors, including that such

¹ Ferszt, G., Palmer, M., and McGrane, C., Nursing for Women's Health, *Where Does Your State Stand on Shackling of Pregnant Incarcerated Women?*, February 2018, available at [https://nwhjournal.org/article/S1751-4851\(17\)30335-5/pdf](https://nwhjournal.org/article/S1751-4851(17)30335-5/pdf) (hereinafter cited as "Nursing for Women's Health Report"); Daniel, R., Prison Policy Initiative, *Prisons neglect pregnant women in their healthcare policies*, December 5, 2019, available at <https://www.prisonpolicy.org/blog/2019/12/05/pregnancy/> (hereinafter cited as "Prison Policy Initiative report") (all sites last visited January 3, 2020).

² Prison Policy Initiative Report. See also Sufrin, C., Beal, L., Clarke, J., Jones, R., and Mosher, W., The American Journal of Public Health, *Pregnancy Outcomes in US Prison, 2016-2017*, January 15, 2019, available at <https://ajph.aphapublications.org/doi/full/10.2105/AJPH.2019.305006> (hereinafter cited as "Pregnancy Outcomes Report") (last visited on January 3, 2020).

pregnancies are often unplanned and are compromised by a lack of prenatal care, poor nutrition, domestic violence, mental illness, and drug and alcohol abuse.³

Further, the ACOG reports a number of risks that are directly related to a pregnant inmate being restrained, including:

- Added discomfort during the common pregnancy symptoms of nausea and vomiting.
- The inability of a pregnant inmate to break a fall and protect herself and the fetus in the case of a forward fall.
- The inability for healthcare providers to perform a number of tests to evaluate for conditions such as appendicitis, preterm labor, or kidney infection if a pregnant inmate has abdominal pain during pregnancy.
- A delay in diagnosing issues after vaginal bleeding during pregnancy.
- The inability to safely treat a pregnant inmate who is suffering from seizures related to hypertensive disease and preeclampsia,⁴ which are common in pregnancy.
- Interference with normal labor and delivery, such as prohibiting the pregnant inmate from:
 - Ambulating during labor, which increases the likelihood for adequate pain management, successful cervical dilation, and a successful vaginal delivery.
 - Moving or being moved in preparation for emergencies of labor and delivery, including shoulder dystocia, hemorrhage, or abnormalities of the fetal heart rate requiring intervention, including urgent cesarean delivery.⁵

The Florida Department of Corrections (DOC) has five female correctional institutions statewide.⁶ The DOC assigns female prisoners to institutions based on current classification procedures while facilitating the individual risk and needs of prisoners to the extent possible considering security, medical and mental health needs, programmatic needs, geographic realities, and prohibitive monetary factors. The Lowell Correctional Institution houses all pregnant prisoners for the duration of the pregnancy and prisoners within six weeks post-delivery. Lowell Correctional Institution is the only institution in the state designed and staffed to care for expectant and early postpartum prisoners.

Upon confirmation of pregnancy, the prisoner's medical grade is changed and the pregnant prisoner is referred to a licensed physician for obstetrical care to provide prenatal care and follow

³ The American College of Obstetricians and Gynecologists, Committee Opinion, *Health Care for Pregnancy and Postpartum Incarcerated Women and Adolescent Females*, November 2011, available at <https://www.acog.org/Clinical-Guidance-and-Publications/Committee-Opinions/Committee-on-Health-Care-for-Underserved-Women/Health-Care-for-Pregnant-and-Postpartum-Incarcerated-Women-and-Adolescent-Females?IsMobileSet=false> (last visited January 3, 2020); See also Nursing for Women's Health Report.

⁴ Preeclampsia results in a pregnant woman exhibiting high blood pressure, protein in the urine, and swelling in the body. It also results in signs of damage to another organ system, most often the liver and kidneys. Preeclampsia usually begins after 20 weeks of pregnancy in women whose blood pressure had been normal. See Mayo Clinic, *Preeclampsia, Overview*, available at <https://www.mayoclinic.org/diseases-conditions/preeclampsia/symptoms-causes/syc-20355745>; WebMD, *What is Preeclampsia?*, available at <https://www.webmd.com/baby/preeclampsia-eclampsia#1> (all sites last visited January 6, 2020).

⁶ These facilities are Gadsden Correctional Facility in Quincy, Lowell Correctional Institution in Ocala, Florida Women's Reception Center in Ocala, Hernando Correctional Institution in Brooksville, and Homestead Correctional Institution in Florida City. The DOC, *Agency Analysis for SB 852*, January 10, 2020, p. 2 (on file with Senate Criminal Justice Committee)(hereinafter cited as "The DOC SB 852 Analysis").

them throughout the pregnancy. High risk patients are identified by obstetricians and given the necessary medical care. Inmates receive prenatal counseling, vitamins, and exams. They also are prescribed a prenatal diet that includes three fortified breakfast beverages per day and is adjusted for the caloric value and nutritional recommendations for pregnancy.⁷ Pregnant prisoners are transferred to a contract hospital for the actual delivery and then returned to the institution when discharged by the attending obstetrician. The DOC reports that postpartum care is provided at the institution according to the discharge orders of the attending obstetrician, but that the six-week checkup is provided by the obstetrician.⁸

The DOC reports that the pregnant prisoner population over the last three fiscal years is as follows:

- 101 prisoners in Fiscal Year 2018-2019.
- 98 in Fiscal Year 2017-2018.
- 109 in Fiscal Year 2016-2017.⁹

The Federal First Step Act's Prohibition on the Use of Restraints

In December, 2018, the United States Congress passed, and President Trump signed into law, the “Formerly Incarcerated Reenter Society Transformed Safely Transitioning Every Person Act” or the “FIRST STEP Act” (First Step Act).¹⁰ The law makes a number of changes to the federal criminal justice system and procedures applicable to inmates in the Federal Bureau of Prisons (BOP), including, in part, imposing a prohibition on the use of restraints on pregnant prisoners in the custody of the BOP and the U.S. Marshalls Office.

The prohibition on the use of restraints begins on the date that pregnancy is confirmed by a healthcare professional and ends when postpartum recovery is completed. However, the First Step Act authorizes restraints to be used in limited circumstances, including when the:

- Pregnant inmate is determined to be an immediate and credible flight risk;
- Pregnant inmate poses an immediate and serious threat of harm to herself or others that cannot be reasonably prevented by other means; or
- Healthcare professional determines that the use of restraints is appropriate for the medical safety of the inmate.¹¹

If one of the above-mentioned exceptions apply, the BOP or U.S. Marshall Service still may not:

- Use restraints around the ankles, legs, or waist of an inmate;
- Restrain an inmate's hands behind her back;
- Use four-point restraints; or
- Attach an inmate to another inmate.¹²

⁷ The DOC SB 852 Analysis, p. 2.

⁸ *Id.*

⁹ *Id.*

¹⁰ The First Step Act of 2018, Pub. L. No. 115-391 (2018).

¹¹ Congressional Research Service, *The First Step Act of 2018: An Overview*, March 4, 2019, available at <https://crsreports.congress.gov/product/pdf/R/R45558> (last visited January 2, 2020). The Act provides that only the least restrictive restraints necessary to prevent escape or harm may be used if one of the exceptions applies.

¹² *Id.*

Additionally, upon the request of a healthcare professional, correctional officials or deputy marshals must refrain from using restraints on an inmate or must remove restraints used on an inmate. If restraints are used on a pregnant inmate, the correctional official or deputy marshal who used the restraints is required to submit a report within 30 days that describes the facts and circumstances surrounding the use of the restraints, including the reasons for using the restraints, the details of the use, including the type of restraint and length of time they were used, and any observable physical effects on the inmate.¹³

The First Step Act also requires the BOP and U.S. Marshall Service to develop training guidelines regarding the use of restraints on inmates during pregnancy, labor, and postpartum recovery. The guidelines are required to include:

- How to identify certain symptoms of pregnancy that require immediate referral to a healthcare professional;
- Circumstances under which exceptions to the prohibition on the use of restraints would apply;
- How to use restraints in a way that does not harm the inmate, the fetus, or the newborn in the case that an above-mentioned exception applies;
- Details on the information required to be reported when restraints are used; and
- The right of a healthcare professional to request that restraints not be used and the requirement to comply with such a request.¹⁴

The First Step Act does not include provisions related to various types of searches of or the use of restrictive housing for pregnant prisoners.

Florida's Prohibition on the Use of Restraints

Section 944.241, F.S., prohibits restraints¹⁵ from being used on a prisoner¹⁶ who is known to be pregnant during labor,¹⁷ delivery, and postpartum recovery,¹⁸ unless the corrections official¹⁹ makes an individualized determination that the prisoner presents an extraordinary

¹³ *Id.* The reports must be submitted to the BOP or U.S. Marshall Service and the healthcare provider responsible for the inmate's health and safety.

¹⁴ *Id.*

¹⁵ Section 944.241(2)(h), F.S., defines "restraints" to mean any physical restraint or mechanical device used to control the movement of a prisoner's body or limbs, including, but not limited to, flex cuffs, soft restraints, hard metal handcuffs, a black box, chubb cuffs, leg irons, belly chains, a security or tether chain, or a convex shield.

¹⁶ Section 944.241(2)(g), F.S., defines "prisoner" to mean any person incarcerated or detained in any correctional institution who is accused of, convicted of, sentenced for, or adjudicated delinquent for a violation of criminal law or the terms and conditions of parole, probation, community control, pretrial release, or a diversionary program. Additionally, the term includes any woman detained under the immigration laws of the United States at any correctional institution.

¹⁷ Section 944.241(2)(e), F.S., defines "labor" to mean the period of time before a birth during which contractions are of sufficient frequency, intensity, and duration to bring about effacement and progressive dilation of the cervix.

¹⁸ Section 944.241(2)(f), F.S., defines "postpartum recovery" to mean, as determined by her physician, the period immediately following delivery, including the recovery period when a woman is in the hospital or infirmary following birth, up to 24 hours after delivery unless the physician after consultation with the DOC or correctional institution recommends a longer period of time.

¹⁹ Section 944.241(2)(b), F.S., defines "corrections official" to mean the official who is responsible for oversight of a correctional institution, or his or her designee.

circumstance.²⁰ This section applies to any facility under the authority of the DOC, the DJJ, a county or municipal detention facility, or a detention facility operated by a private entity.²¹

A physician may request that restraints not be used for documentable medical purposes. In that case, the correctional officer, correctional institution employee, or other officer accompanying the pregnant prisoner may consult with the medical staff and if the officer determines there is an extraordinary public safety risk, the officer is authorized to apply restraints. However, leg, ankle, or waist restraints may not be used on any pregnant prisoner who is in labor or delivery.²² If restraints are used on a pregnant prisoner, the:

- Type of restraint applied and the application of the restraint must be done in the least restrictive manner necessary; and
- Corrections official is required to make written findings within ten days after the use of restraints to document the extraordinary circumstance that required the use of the restraints.²³

Leg, ankle, and waist restraints may not be used during the third trimester of pregnancy or when requested by the physician treating a pregnant prisoner unless there are significant documentable security reasons noted by the correctional institution to the contrary that would threaten the safety of the prisoner, the unborn child, or the public in general. In addition, if wrist restraints are used, they must be applied in the front so the pregnant prisoner is able to protect herself in the event of a forward fall.²⁴ Any restraint of a prisoner who is known to be pregnant must be done in the least restrictive manner necessary in order to mitigate the possibility of adverse clinical consequences.²⁵

Section 944.241(4), F.S., provides that any prisoner who is restrained may file a grievance with the correctional institution and be granted a 45-day extension if requested in writing pursuant to rules promulgated by the correctional institution and that a woman harmed through the use of restraints in violation of s. 944.241, F.S., is not prohibited from filing a complaint under any other relevant provision of federal or state law.

The DOC and the DJJ are required to adopt rules to administer the provisions and must inform female prisoners of such rules upon admission to the correctional institution, including the policies and practices in the prisoner handbook, and post the policies and practices in locations in the correctional institution where such notices are commonly posted and will be seen by female prisoners, including common housing areas and medical care facilities.²⁶

The Florida Model Jail Standards (FMJS) are minimum standards that jails across Florida must meet to ensure the constitutional rights of those incarcerated are upheld. The FMJS Committee is

²⁰ Section 944.241(2)(d), F.S., defines “extraordinary circumstance” to mean a substantial flight risk or some other extraordinary medical or security circumstance that dictates restraints be used to ensure the safety and security of the prisoner, the staff of the correctional institution or medical facility, other prisoners, or the public.

²¹ See s. 944.241(2)(a), F.S.

²² Section 944.241(3)(a), F.S.

²³ Section 944.241(3)(b), F.S. The written findings must be kept on file by the DOC or correctional institution for at least five years.

²⁴ Section 244.241(3)(c), F.S.

²⁵ Section 944.241(3)(d), F.S.

²⁶ Section 944.241(5), F.S.

required to develop and continually enforce model standards adopted by the group.²⁷ The FMJS Rule 11.15 adopts the language of s. 944.241, F.S., related to the use of restraints on pregnant inmates.

Searches of Detained Persons in Florida's Prisons and Other Facilities

Department of Corrections

There are a number of searches of inmates that are utilized to control the introduction and movement of contraband and to prevent escapes of inmates, including searches while clothed, strip searches, and body cavity searches.²⁸

Rule 33-602.204, of the Florida Administrative Code (Rule 33-602.204), in part, requires that body cavity searches must be conducted only by appropriate Health Services staff, but allows authorized staff to be of the opposite sex from the inmates.²⁹ Body orifice and cavity searches must be conducted only when authorized by the warden, assistant warden, or the correctional officer chief upon a finding that there exists reasonable cause to believe that an inmate has contraband secreted in a body cavity.³⁰

Specified procedures and conditions must apply to body orifice and cavity searches, including, in part, that:

- The degree and intensity of the search must be the least required to bring the search to a conclusion.
- Oral cavity searches may be conducted visually as a routine element of any search of an inmate.³¹
- Physical intrusion into the inmate's body³² or physical isolation and observation may be utilized in specified circumstances.³³

²⁷ The Florida Sheriff's Association (FSA), *Florida Model Jail Standards as of 1/1/2019, What is FMJS?*, available at <https://www.flsheriffs.org/law-enforcement-programs/training/florida-model-jail-standards> (last visited January 10, 2020) (hereinafter cited as "FMJS Rule").

²⁸ Fla. Admin. Code R. 33-602.204.

²⁹ Fla. Admin. Code R. 33-602.204(3)(a).

³⁰ Fla. Admin. Code R. 33-602(3)(b). Reasonable cause may be established from specified evidence, including confidential information received from a reliable source, irregularities found in the area of the body during a strip search, or observed actions or behavior resulting in reasonable cause to believe that the individual has secreted contraband within a body cavity.

³¹ Additionally, if there are indications that an inmate is concealing contraband in his or her mouth, the Rule states that the inmate will be restrained or be placed under constant visual observation and no restraints or holds may be applied in any manner which inhibit breathing or swallowing. However, the inmate may be physically controlled and isolated from other inmates if necessary in order to avoid his or her disposal of the contraband. When there is reasonable cause to believe contraband has been swallowed, any attempt to retrieve the contraband will be accomplished by Health Service staff. No physical intrusion into the inmate's oral cavity will be attempted by any other person other than Health Service staff.

³² Fla. Admin. Code R. 33-602(3)(c)d.3. The specified circumstances allowing physical intrusion into the body include when: a member of the Health Services staff has determined that failure to remove the contraband presents an imminent danger to the health of the inmate; the contraband is clearly identified and is determined to be a clear and present danger to the security of the institution or the safety of the inmate or other persons; or the intrusion is necessary to retrieve the contraband for purposes of identification or to secure it as evidence and less intrusive means to retrieve such contraband are not feasible.

³³ Fla. Admin. Code R. 33-602(3)(c)d.4. Physical isolation and observation are authorized when the inmate cannot or will not voluntarily remove and surrender the contraband or in the event that a Medical Doctor has determined that the physical removal of contraband may be hazardous to the health and safety of the inmate. The isolation must occur in a medically approved isolated setting under constant visual supervision until the contraband can be retrieved through natural means. The

- Prior to the initiation of the first phase of the search, and before each successive escalation of the search, the individual must be given opportunities to voluntarily remove and surrender the contraband.³⁴
- A specified correctional officer of the same sex must be physically present when the search is conducted.³⁵
- The search must be made only by a physician or a designated member of the Health Services staff working under sanitary conditions and in a medically approved way using only the force necessary to ensure the person submits to the examination.³⁶
- Complete and detailed documentation of all body cavity searches other than visual or metal detector searches must be submitted to the warden and include specified information.³⁷

Department of Juvenile Justice

The DJJ has implemented procedures for conducting searches of juveniles who are in detention as well as those that have been committed to a residential facility. Rule 63G-2.019(11), F.A.C., which addresses detention services within the DJJ, and Rule 63E-7.107, F.A.C., which addresses residential placement, provide very similar procedures for when searches of juveniles may occur.

These rules provide, in part, that:

- The Superintendent must ensure that the primary function of any search is to locate contraband and to identify any item or situation that may be hazardous or otherwise compromise safety or security.³⁸
- All searches and the result of each search must be documented in specified documents.³⁹
- Any item or situation that may compromise safety or security must be immediately reported to the detention officer supervisor and law enforcement must be contacted if any item found would be considered illegal under Florida law or if there is evidence of any type of unlawful activity.⁴⁰

Further, the rules provide, in part, that:

- A frisk search must be conducted by an officer of the same sex as the youth being searched and such searches must be conducted:
 - During admission.
 - Following activities outside the secure area of the facility or visitation with a person from outside of the facility.
 - Prior to and after transportation.
 - When there is a reasonable suspicion that a youth is harboring contraband.⁴¹

natural process of waste elimination must be used as an alternative to forcible intrusion into the body cavities or surgery when a Medical Doctor determines that the natural method is feasible and does not pose a hazard to the inmate's health and safety.

³⁴ Fla. Admin. Code R. 33-602(3)(c)d.6.

³⁵ Fla. Admin. Code R. 33-602(3)(c)d.7.

³⁶ Fla. Admin. Code R. 33-602(3)(c)d.9.-10.

³⁷ Fla. Admin. Code R. 33-602(3)(c)d.12.

³⁸ Fla. Admin. Code R. 63G-2.019(11)(a); Fla. Admin. Code R. 63E-7.107(2)(b).

³⁹ Fla. Admin. Code R. 63G-2.019(11)(b); Fla. Admin. Code R. 63E-7.107(2)(a).

⁴⁰ Fla. Admin. Code R. 63G-2.019(11)(d). These provisions do not appear in Rule 63E-7.107.

⁴¹ Fla. Admin. Code R. 63G-2.019(11)(e); *See* Fla. Admin. Code R. 63E-7.107(2)(a) and (b).

- Strip searches must be conducted during admission or if there is a reasonable suspicion a youth is harboring contraband and the strip search must be conducted in a private area with two staff members present, both of the same sex as the youth being searched.⁴²
- Staff must explain the purpose and procedure of the search, assure the youth of his or her safety, avoid using unnecessary force, and treat the youth with dignity and respect to minimize the youth's stress and embarrassment.⁴³
- Staff may not search or physically examine a transgender or intersex youth for the sole purpose of determining the youth's genital status.⁴⁴
- Cavity searches must be approved by the superintendent, conducted by trained medical personnel in a hospital setting, and only conducted when it is strongly suspected that a youth has concealed contraband in a body cavity.⁴⁵

County Detention Facilities

The FMJS also had model standards for conducting searches on inmates in the custody of a county detention facility. FMJS Rules 4.2 and 4.3, provide that inmates must be searched by certified staff when being admitted to a detention facility and that the provisions of s. 901.211, F.S., must apply to such searches. Additionally, a body cavity search is only authorized to be conducted by licensed medical personnel.⁴⁶

Section 901.211, F.S., in part, provides that a person arrested for a traffic, regulatory, or misdemeanor offense, except in a case that is violent in nature, which involves a weapon, or which involves a controlled substance, may not be strip searched⁴⁷ unless certain circumstances apply.⁴⁸ Each strip search is required to be performed by a person of the same gender as the arrested person and on premises where the search cannot be observed by persons not physically conducting or observing the search. Additionally, an observer must be of the same gender as the arrested person.⁴⁹ Any body cavity search must be performed under sanitary conditions.⁵⁰

⁴² See Fla. Admin. Code R. 63G-2.019(11)(e)4. and 5.; Fla. Admin. Code R. 63E-7.107(2)(a). A strip search is a visual check of a youth without clothing. Both of these Rules also provide that if two staff of the same sex as the youth are not available that one staff of the same sex as the youth may conduct the strip search while a staff of the opposite sex is positioned to observe the staff person conducting the search outside the view of the youth.

⁴³ Fla. Admin. Code R. 63G-2.019(11)(e)6.; Fla. Admin. Code R. 63E-7.107(2).

⁴⁴ Fla. Admin. Code R. 63G-2.019(11)(e)7. Further, if the youth's genital status is unknown, it may be determined during conversation with the youth, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. Rule 63E-7.107 is silent on this provision.

⁴⁵ Fla. Admin. Code R. 63G-2.019(11)(e)8.; Fla. Admin. Code R. 63E-7.107(2)(c).

⁴⁶ FMJS Rule 4.2 and 4.3. A written report documenting such action must be submitted to the officer-in-charge or designee.

⁴⁷ Section 901.211(1), F.S., defines the term "strip search" to mean having an arrested person remove or arrange some or all of his or her clothing so as to permit a visual or manual inspection of the genitals; buttocks; anus; breasts, in the case of a female; or undergarments of such person.

⁴⁸ See s. 901.211(2), F.S.

⁴⁹ Section 901.211(3), F.S.

⁵⁰ Section 901.211(4), F.S.

Confinement in Florida's Correctional Facilities

Department of Corrections

Confinement - General

Inmates in the custody of the DOC may be placed in confinement status based on specified conditions, which are detailed in the DOC's rules. Confinement status types used by the DOC include administrative or disciplinary confinement and protective management. "Administrative confinement" means the temporary removal of an inmate from the general inmate population in order to provide for security and safety until such time as more permanent inmate management processes can be concluded.⁵¹ "Disciplinary confinement" means a form of punishment in which inmates found guilty of committing violations of the DOC rules are confined for specified periods of time to individual cells based upon authorized penalties for prohibited conduct.⁵² "Protective management" means a special management status for the protection of inmates from other inmates in an environment as representative of that of the general population as is safely possible.⁵³

All inmates are subject to the same consideration for placement in administrative or disciplinary confinement. These types of confinement may limit conditions and privileges to assist with promoting the security, order, and effective management of the institution, but otherwise the treatment of inmates in confinement is as near to that of the general population as assignment to confinement permits.⁵⁴ For protective management, the rule provides that other privileges may be restricted on a daily case-by-case basis when such restrictions are necessary for the security, order, or effective management of the institution.⁵⁵

Certain procedures appear to apply consistently across all types of confinement, such as:

- Prior to placing the inmate in confinement, the inmate is given a pre-confinement health assessment or medical evaluation.⁵⁶
- The ability to house inmates in confinement with other inmates, subject to the inmates being interviewed by the housing supervisor to ensure that none of the inmates constitute a threat to each other prior to placing inmates in the same cell.⁵⁷

⁵¹ Fla. Admin. Code R. 33-602.220(1)(a).

⁵² Fla. Admin. Code R. 33-602.222(1)(f).

⁵³ Fla. Admin. Code R. 33-602.221(1)(j). Protective management is not disciplinary in nature and, to the extent possible, all less restrictive avenues to address protection needs must be employed.

⁵⁴ Fla. Admin. Code R. 33-602.220(5); Fla. Admin. Code R. 33-602.221(2)(a) and (4); and Fla. Admin. Code R. 33-602.222(4).

⁵⁵ Fla. Admin. Code R. 33-602.221(4)(t). All such restrictions must be documented on a specified form and reported to the Inmate Classification Team (ICT). The ICT is authorized to restrict privileges on a continuing basis after a determination that such restrictions are necessary for the security, order or effective management of the institution. The ICT's decision for continuing restriction must also be documented on a specified form.

⁵⁶ See Fla. Admin. Code R. 33-602.220(2)(b) and (c) and Fla. Admin. Code R. 33-602.222(2)(a). An inmate does not have to be given the pre-confinement evaluation if he or she is currently in another confinement status that required a pre-confinement medical assessment. Rule 33-602.221, related to protective management is silent on whether a pre-confinement evaluation is necessary.

⁵⁷ Fla. Admin. Code R. 33-602.220(4)(a); Fla. Admin. Code R. 33-602.221(3)(a); and Fla. Admin. Code R. 33-602.222(3).

- The number of inmates housed in an administrative confinement cell must not exceed the number of bunks in the cell.⁵⁸

Inmates in confinement retain certain modified privileges, as mentioned above. For example, such inmates are provided:

- Exercise, which occurs either in the inmate's cell, if confined on a 24-hour basis, or, if confinement extends beyond a 30-day period, three hours per week of exercise at a minimum outdoors.
- Showers at least three times per week and on days that the inmate works.
- Normal institution meals.⁵⁹
- The same clothing and clothing exchange as is provided to the general inmate population.⁶⁰
- Out of cell time is permitted for regularly scheduled mental health services, unless, within the past four hours, the inmate has displayed hostile, threatening, or other behavior that could present a danger to others.
- Correspondence opportunities that are the same as the general inmate population.
- Telephone privileges for emergency situations, when necessary to ensure the inmate's access to courts, or in any other circumstance when a call is authorized by the warden or duty warden.
- Visits, when authorized by the warden or his or her designated representative.
- Legal visits, unless there is evidence that the visit is a threat to security and order.⁶¹
- Legal materials in the same manner as in the general population as long as security concerns permit.^{62, 63}

Administrative Confinement

Florida Administrative Rule 33-602.220 provides that an inmate may be placed into administrative confinement for the following reasons:

- Disciplinary charges are pending and the inmate needs to be temporarily removed from the general inmate population in order to provide for security or safety until such time as the disciplinary hearing is held.
- Outside charges are pending against the inmate and the presence of the inmate in the general population would present a danger to the security or order of the institution.
- Pending review of an inmate's request for protection from other inmates.
- An inmate has presented a signed written statement alleging that they are in fear of staff and has provided specific information to support this claim.

⁵⁸ Fla. Admin. Code R. 33-602.220(4)(a) and (d); Fla. Admin. Code R. 33-602.221(3); and Fla. Admin. Code R. 33-602.222(3)(a).

⁵⁹ The exception to this is when an item on the normal menu creates a security problem in the confinement unit, in which case, another item of comparable quality is substituted. Utilization of the special management meal is authorized for any inmate in administrative confinement who uses food or food service equipment in a manner that is hazardous to him or herself, staff, or other inmates.

⁶⁰ The exception to this is when there is an individual factual basis that exceptions are necessary for the welfare of the inmate or the security of the institution.

⁶¹ The warden or his or her designee must approve all legal visits in advance.

⁶² An inmate in confinement may be required to conduct legal business by correspondence rather than a personal visit to the law library if security requirements prevent a personal visit. However, all steps are taken to ensure the inmate is not denied needed access while in administrative confinement.

⁶³ Fla. Admin. Code R. 33-602.220(5); 33-602.221(4); and 33-602.222(4).

- An investigation, evaluation for change of status, or transfer is pending and the presence of the inmate in the general population might interfere with that investigation or present a danger to the inmate, other inmates, or to the security and order of the institution.
- An inmate is received from another institution when classification staff is not available to review the inmate file and classify the inmate into general population.⁶⁴

Staff are required to conduct regular visits to administrative confinement. These visits are to be conducted a minimum of:

- At least every 30 minutes by a correctional officer, but on an irregular schedule.
- Daily by the housing supervisor.
- Daily by the shift supervisor on duty for all shifts except in the case of riot or other institutional emergency.
- Weekly by the chief of security, when on duty at the facility, except in the case of riot or other institutional emergency.
- Daily by a clinical health care person.
- Weekly by the chaplain, warden, assistant wardens, a classification officer, and a member of the ICT.⁶⁵

An inmate is assessed weekly to determine the appropriateness of placement with the goal of returning the inmate to general population as soon as the facts of the case indicate that such return can be done safely.⁶⁶ Other assessment requirements that are applicable to inmates who have been confined for more than 30 days include:

- A psychological screening assessment by a mental health professional to determine his or her mental condition.⁶⁷
- An interview by the ICT, who must prepare a formal assessment and evaluation report after each 30 day period in administrative confinement.⁶⁸

Disciplinary Confinement

Staff are required to conduct regular visits to disciplinary confinement in the same frequency as mentioned above related to administrative confinement with the addition of specific visits as follows:

- As frequently as necessary, but not less than once every 30 days, by a member of the ICT to ensure that the inmate's welfare is properly provided for and to determine the time and method of release.

⁶⁴ Fla. Admin. Code R. 33-602.220(3).

⁶⁵ Fla. Admin. Code R. 33-602.220(4).

⁶⁶ Fla. Admin. Code R. 63-602.220(8)(a).

⁶⁷ Fla. Admin. Code R. 33.602.220(8)(b). The assessment includes a personal interview if determined necessary by mental health staff. All such assessments are documented in the inmate's mental health record. The psychologist or psychological specialist prepares a report and presents it to the ICT regarding the results of the assessment with recommendations. The ICT then makes the decision to continue administrative confinement. If the decision is to continue confinement, a psychological screening assessment is completed at least every 90-day period.

⁶⁸ Fla. Admin. Code R. 33-602.220(8)(c) and (d). Additionally, the state classification office (SCO) reviews the reports provided by mental health and the ICT, and may interview the inmate, to determine the final disposition of the inmate's administrative confinement status.

- As frequently as necessary by the SCO to ensure that the inmate's welfare is provided for and to determine if the inmate should be released if said inmate is housed in disciplinary confinement for longer than 60 consecutive days.⁶⁹

Department of Juvenile Justice

The DJJ does not use solitary confinement with youth that are in the custody of its secure detention centers⁷⁰ or residential commitment programs.⁷¹ Section 985.03(7), F.S., defines a “child” or “juvenile” or “youth” to mean any person under the age of 18 or any person who is alleged to have committed a violation of law occurring prior to the time that person reached the age of 18 years.

The DJJ, in conjunction with the Annie E. Casey Foundation, has implemented the Juvenile Detention Alternatives Initiative (JDAI). JDAI is the most widely recognized set of national best practices on the practices and conditions inside juvenile justice facilities. The JDAI Standards provide that solitary confinement can never be used for purposes of punishment or discipline and must be limited to periods of less than four hours.⁷²

The DJJ does use short-term supervised confinement, precautionary observation, and secure and controlled observation for youth presenting an immediate danger to themselves or others in its detention and residential facilities. Additionally, medical confinement is used for youth who present with a communicable disease that may infect others.⁷³

Detention Facilities

The applicable DJJ Rules provide definitions related to types of confinement, including behavioral confinement and medical confinement. “Behavioral confinement” is defined to mean placement of a youth in a secure room during volatile situations in which a youth’s sudden or unforeseen onset of behavior imminently and substantially threatens the physical safety of others or himself or herself.⁷⁴ “Medical confinement” is defined to mean the placement of a youth in a

⁶⁹ Fla. Admin. Code R. 33-602.222(7). Fla. Admin. Code R. 33-602.222(1)(l) provides that the SCO refers to the office or office staff at the central office level that is responsible for the review of inmate classification decisions. Duties include approving, disapproving, or modifying ICT recommendations.

⁷⁰ Section 985.03(19), F.S., defines “detention center or facility” to mean a facility used pending court adjudication or disposition or execution of court order for the temporary care of a child alleged or found to have committed a violation of law. A detention center or facility may provide secure custody. A facility used for the commitment of adjudicated delinquents is not considered a detention center or facility.

⁷¹ Section 985.43, F.S., provides that upon adjudication of a delinquency case a court may commit a youth to the DJJ for placement in a residential commitment program. Section 985.03(44), F.S., which defines “restrictiveness level,” addresses the different levels of commitment programs, including, in part, “minimum-risk nonresidential,” “nonsecure residential,” and “high-risk residential.”

⁷² See JDAI, A Project of the Annie E. Casey Foundation, *Revised JDAI Standards, Standards Instrument, 2014 Update*, p. 6, December 2014, available at <http://www.cclp.org/wp-content/uploads/2016/06/JDAI-Detention-Facility-Assessment-Standards.pdf> (last visited January 10, 2020).

⁷³ The DJJ, *SB 624 Agency Analysis*, p. 2, January 31, 2019 (on file with the Senate Committee on Criminal Justice)(hereinafter cited as “The DJJ SB 624 Analysis”)[SB 624 (2019) addressed confinement for youth in the custody of the DOC, the DJJ, and county detention facilities]; See also Fla. Admin. Code Chs. 63E-7, 63G-2, and 63N-1.

⁷⁴ Fla. Admin. Code R. 63G-2.014(7).

secure room to allow the youth to rest and recover from illness and/or prevents the spread of a communicable illness (i.e. flu, H1N1 virus, etc.).⁷⁵

Additionally, confinement may not be used to harass, embarrass, demean, or otherwise abuse a youth. The use of confinement must be monitored by the superintendent or designee and the time limit for placement of a youth in confinement is no more than eight hours unless the superintendent or his or her designee grants an extension because release of the youth would imminently threaten his or her safety or the safety of others. The Regional Director or designee must review and grant any confinement extended beyond 24 hours, and, if granted, must notify the Assistant Secretary or designee.⁷⁶

A confinement report must be submitted by the detention officer as soon as possible, but no later than one hour after the youth's confinement. The confinement report must be reviewed by the detention officer's supervisor as soon as possible, but no later than two hours after the youth's confinement. The detention officer supervisor must evaluate and document the youth's status, at a minimum, every three hours to determine if the continued confinement of the youth is required. A youth is prohibited from being held in confinement beyond 72 hours without a confinement hearing.⁷⁷

Residential Commitment Facilities

The DJJ Rules applicable to residential facilities prohibits a residential commitment program's behavior management system from including disciplinary confinement, wherein a youth is isolated in a locked room, as discipline for misbehavior.⁷⁸ A residential commitment program may use room restriction, which is described to mean temporarily restricting the youth's participation in routine activities by requiring the youth to remain in his or her sleeping quarters, when:

- A youth is out of control or a suicide risk.
- A supervisor has given prior approval for each use of room restriction.
- It does not exceed four hours and the door to the room remains open to facilitate staff supervision.
- Staff engages, or attempts to engage, the youth in productive interactions at least every 30 minutes.
- The program does not deny a youth basic services, such as regular meals and physical or mental health services.
- The program staff uses strategies, such as conflict resolution and constructive dialogue, to facilitate the youth's reintegration into the general population.⁷⁹

The program documents certain details for each case of room restriction, including:

- A description of the behavior that resulted in room restriction;
- The date and time room restriction was implemented;

⁷⁵ Fla. Admin. Code R. 63G-2.014(50). The use of medical confinement is not intended as punishment or discipline and is ordered by the Designated Health Authority.

⁷⁶ Fla. Admin. Code R. 63G-2.022(4).

⁷⁷ Fla. Admin. Code R. 63G-2.022(4).

⁷⁸ Fla. Admin. Code R. 63E-7.009(3)(e).

⁷⁹ Fla. Admin. Code R. 63E-7.009(4).

- The name of the staff person who recommended the use of room restriction and the name of the approving supervisor;
- The name of the staff person removing the youth from room restriction;
- The date and time of removal and a description of the youth's behavior and attitude upon removal; and
- Follow-up actions taken or attempted to help re-integrate the youth back into the general population when released from room restriction.⁸⁰

A residential commitment program must ensure that staff observe a youth at least every ten minutes while in their sleeping quarters, including when on room restriction. Staff must conduct the observations in a manner to ensure the safety and security of each youth and document real time observations manually or electronically.⁸¹

Further, a residential commitment program may use controlled observation only when necessary and as a last resort.⁸² Controlled observation is defined to mean an immediate, short-term crisis management strategy, not authorized for use as punishment or discipline, wherein a youth in a residential commitment program is placed in a separate, identified, safe, and secure room.⁸³ Such specified programs are authorized to temporarily place a youth in a controlled observation room only in the following situations when non-physical interventions would not be effective:

- Emergency safety situations where there is imminent risk of the youth physically harming himself or herself, staff, or others; or
- When the youth is engaged in major property destruction that is likely to compromise the security of the program or jeopardize the youth's safety or the safety of others.⁸⁴

Controlled observation has a maximum time limit of two hours, that can be extended by the program director in two-hour increments for no longer than 24 hours. Youth who are in controlled observation receive the standard 10-minute sight and sound check along with documentation of their behavior in 15-minute intervals.⁸⁵

A supervisor with delegated authority must give prior authorization for each use of controlled observation unless the delay caused by seeking prior approval would further jeopardize the safety of others and the program's security. Staff is prohibited from leaving a youth alone in a controlled observation room until an inspection of the room is conducted and it is deemed safe, secure, and in compliance with specified guidelines.⁸⁶ The Rule further provides specific

⁸⁰ *Id.* Further, Rule 63E-7.011, F.A.C., provides that a youth is prohibited from large muscle exercise when he or she is temporarily separated from the general population, including when placed on controlled observation or room restriction status pursuant to Rule 63E-7.013, F.A.C. However, if a youth is restricted to a room, the program must give the youth an opportunity for large muscle exercise as soon as is reasonably possible after the youth is reintegrated into the general population.

procedures for how to address a youth whose health or safety deteriorates once placed into controlled observation.⁸⁷

The Rule prohibits the use of controlled observation as punishment or discipline.⁸⁸

County Detention Facilities

The FMJS defines terms such as administrative confinement and disciplinary confinement. “Administrative confinement” is defined to mean the segregation of an inmate for investigation, protection, or some cause other than disciplinary action.⁸⁹ “Disciplinary confinement” is defined to mean the segregation of an inmate for disciplinary reasons.⁹⁰

The FMJS provides that inmates may be placed in administrative confinement for the purpose of ensuring immediate control and supervision when it is determined they constitute a threat to themselves, to others, or to the safety and security of the detention facility. The Rule requires an incident report or disciplinary report to follow the action that prompted placement in administrative confinement. Additionally, the time of release for inmates in disciplinary or administrative confinement must be recorded and filed in the inmate’s file.⁹¹

Each inmate in administrative confinement must receive housing, food, clothing, medical care, exercise, visitation, showers, and other services and privileges comparable to those available to the general population except as justified by his or her classification status or special needs inmate status.^{92, 93} Further, special needs inmates should be checked by medical staff at intervals not exceeding 72 hours and inmates in administrative or disciplinary confinement must bathe twice weekly.⁹⁴ The FMJS provides that the Officer-in-Charge or designee must see and talk to each inmate in disciplinary or administrative confinement at least once each morning and once each afternoon and document the inmate’s general condition and attitude at each visit.⁹⁵

Additionally, the FMJS requires that an inmate confined in an isolation cell used for medical purposes be examined by a physician or designee within 48 hours following his or her confinement in such area or cell. A physician or designee must determine when the inmate will be returned to the general population. The inmate must remain in isolation if the physician or designee:

- Finds that the inmate presents a serious risk to himself or others; or

⁸⁷ See Fla. Admin. Code R. 63E-7.013(16)(e)-(i). For example, a youth must be immediately removed from the controlled observation room and provided follow-up mental health services if he or she begins demonstrating acute psychological distress or suicide risk behaviors subsequent to placement in controlled observation.

⁸⁸ Fla. Admin. Code R. 63E-7.001(20).

⁸⁹ The FMJS Rule 1.2.

⁹⁰ The FMJS Rule 1.17.

⁹¹ The FMJS Rule 13.13.

⁹² *Id.*

⁹³ The FMJS Rule 5.4 defines “special needs inmates” as “inmates who have been determined by the health authority to be mentally ill, suicidal, alcoholic or drug addicted going through withdrawal and in need of close monitoring.”

⁹⁴ The FMJS Rule 13.13.

⁹⁵ The FMJS Rule 13.14.

- Continues to provide the inmate with follow-up medical care and treatment during the entire time that the inmate remains confined in such area or cell as deemed necessary.⁹⁶

Florida law and the rules of the DOC, the DJJ, and the FMJS do not appear to address restrictive housing of pregnant prisoners in separate provisions.

III. Effect of Proposed Changes:

The bill amends s. 944.241, F.S., modifying current provisions for using restraints on a pregnant prisoner and prescribing procedures for when a pregnant prisoner may be subject to an invasive body cavity search or placed in restrictive housing.

Additionally, the bill renames the Act the “Tammy Jackson Healthy Pregnancies for Incarcerated Women Act.”

Definitions

The bill amends the definitions section to:

- Expand the term “extraordinary circumstance” to apply to the exceptions of circumstances that dictate the use of restrictive housing in addition to the use of restraints.
- Add the definitions:
 - “Invasive body cavity search,” which means a search that involves a manual inspection using touch, insertion, or probing of the openings, cavities, and orifices of the human body, including, but not limited to the genitals, buttocks, anus, or breasts that is not conducted for a medical purpose; and
 - “Restrictive housing,” which means the placement of pregnant prisoners separately from the general population of a correctional institution and imposing restrictions on their movement, behavior, and privileges solely based on the condition of being pregnant. The term includes placing the prisoner in medical isolation or in the infirmary.

Use of Restraints

The bill expands the prohibition of using restraints on a pregnant prisoner under current law to cover when a pregnant prisoner, at any point in her known pregnancy, is being transported. The bill prescribes that restraints may not be used:

- If any doctor, nurse, or other health professional treating the prisoner in labor, in delivery, or in postpartum recovery requests that restraints not be used due to a documentable medical purpose. If the doctor, nurse, or other health professional makes such a request, the correctional officer or other law enforcement officer accompanying the prisoner must immediately remove all restraints.
- During transport, labor, delivery, and postpartum recovery, unless the corrections official makes an individualized determination that the prisoner presents an extraordinary circumstance.

⁹⁶ The FMJS Rule 7.23.

The bill provides an exception to the prohibition on the use of restraints, which specifically provides that:

- A restraint may be used on a pregnant prisoner or a prisoner who is in postpartum recovery only if all of the following apply:
 - The corrections official makes an individualized determination that the prisoner presents an extraordinary circumstance.
 - The restraints used are the least restrictive necessary.
 - If wrist restraints are used, the restraints are applied in the front of the prisoner so that she may protect herself in the event of a forward fall.
- A pregnant prisoner who is transported by a correctional institution must be transported using a restraint that is the least restrictive necessary.

Current law remains the same as it relates to the requirement that the corrections official must provide written findings when restraints are used on a pregnant prisoner due to an extraordinary circumstance that dictated the use of the restraints.

Invasive Body Cavity Searches

The bill provides that an invasive body cavity search of a pregnant prisoner may only be conducted by a medical professional, unless a correctional officer has a reasonable belief that the prisoner is concealing contraband. The bill requires that an officer who conducts an invasive body cavity search submit a written report to the corrections official within 72 hours after the search, which must:

- Explain the reasons for the search; and
- Identify any contraband recovered in the search.

Restrictive Housing

The bill prohibits, with limited exceptions, a pregnant prisoner from being involuntarily placed in restrictive housing. However, the bill provides that a corrections official is not prohibited from placing a pregnant prisoner in restrictive housing for disciplinary violations or to address security risks to the pregnant prisoner, other prisoners, or staff directly related to the pregnant prisoner, provided the corrections official complies with the requirements discussed below.

The only exception provided for in the bill authorizes a pregnant prisoner to be involuntarily placed in restrictive housing if the corrections official of the correctional institution, in consultation with the individual overseeing prenatal care and medical treatment at the correctional institution, determines that an extraordinary circumstance exists such that restrictive housing is necessary and that there are no less restrictive means available.

The bill requires the corrections official to, *before* placing a prisoner in restrictive housing, write a report that states:

- The extraordinary circumstance that is present; and
- The reason less restrictive means are not available.

The corrections official is required to review the report at least every 24 hours to confirm that the extraordinary circumstances cited in the report still exist and a copy of the report and each review must be provided to the prisoner.

A pregnant prisoner who is placed in restrictive housing under s. 944.241, F.S., must be:

- Seen at least every 24 hours by the person overseeing prenatal care and medical treatment in the facility;
- Housed in the least restrictive setting consistent with the health and safety of the individual; and
- Given an intensive treatment plan developed and approved by the person overseeing prenatal care and medical treatment at the facility.

In the case that a pregnant prisoner needs infirmary care, the bill requires an authorized medical staff to provide an order for the prisoner to be admitted to the infirmary. Further, if the prisoner has passed her due date, she must be admitted to the infirmary until labor begins or until the obstetrician makes other housing arrangements. The bill provides that a pregnant prisoner who has been placed in the infirmary must be provided:

- The same access to outdoor recreation, visitation, mail, and telephone calls as other prisoners; and
- The ability to continue to participate in other privileges and classes granted to the general population.

The bill amends s. 944.215(7), F.S., deleting a date related to the rulemaking authority, therefore providing the entities covered under the section with the necessary rulemaking authority to implement the changes made by the act.

The bill is effective July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None Identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill requires that the DOC, DJJ, and county and municipal detention facilities comply with new standards for using restraints with, conducting invasive body cavity searches on, and placing in restrictive housing pregnant prisoners. These new standards require that specific staff document the extraordinary circumstance leading to the utilization of the enumerated exceptions to the use of restraints or restrictive housing with pregnant prisoners and to conduct reviews of the extraordinary circumstance that is the basis for the exception. The prisoner must be reviewed every 24 hours and must also be placed in the infirmary in certain circumstances.

According to the Department of Corrections and the Department of Juvenile Justice, changing the requirement for the frequency of interaction with medical staff from every eight hours to every 24 hours eliminates the fiscal impact.⁹⁷

Similarly, the Sheriffs' Association previously advised that the medical examinations every 8 hours is a concern. They report that many medium and small jails do not have 24/7 medical staff onsite and would not be able to conduct the medical examinations without hiring or contracting for additional staff.⁹⁸ It is anticipated that the impact to sheriffs will be reduced with this change.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

⁹⁷ Telephone call with Mark Talent at the Department of Corrections, and with Rachel Moscosco at the Department of Juvenile Justice. (February 18, 2020).

⁹⁸ Email from the Sheriffs' Association (February 7, 2020) (on file with the Senate Committee on Criminal and Civil Justice Appropriations).

VIII. Statutes Affected:

This bill substantially amends section 944.241 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 3, 2020:

The committee substitute revises the previous requirement that pregnant prisoners who are placed in restrictive housing be “examined” at least every eight hours, to require that they be “seen” at least every 24 hours.

CS by Criminal Justice on January 14, 2020:

The committee substitute:

- Renames the Act the “Tammy Jackson Healthy Pregnancies for Incarcerated Women Act”;
- Modifies the term “extraordinary circumstance” to apply to restraints and restrictive housing;
- Defines the terms “invasive body cavity search” and “restrictive housing”;
- Expands the prohibition on using restraints on pregnant prisoners to cover a pregnant prisoner at any point in her pregnancy if she is being transported;
- Provides an exception to when restraints can be used on a pregnant prisoner and requires the corrections official to document the reasons why restraints were necessary;
- Prohibits invasive body cavity searches on a pregnant prisoner and provides an exception for when a correctional officer can conduct such a search;
- Prohibits a corrections institution from placing a pregnant prisoner in restrictive housing just as a result of the condition of being pregnant;
- Provides exceptions to when restrictive housing can be used on a pregnant prisoner and requires the corrections official to document the reasons why restrictive housing was necessary;
- Requires a corrections official to examine a pregnant prisoner placed into restrictive housing every eight hours to ensure the restrictive housing is still necessary;
- Requires pregnant prisoners placed in the infirmary for restrictive housing to be provided the same rights as in the general population; and
- Provides rulemaking authority.

B. Amendments:

None.

By the Committee on Criminal Justice; and Senator Pizzo

591-02249-20

591-02249-20

2020852c1

30
 31 Section 1. Section 944.241, Florida Statutes, is amended to
 32 read:
 33 944.241 ~~Shackling of~~ Incarcerated pregnant women.—
 34 (1) SHORT TITLE.—This section may be cited as the "Tammy
 35 Jackson Healthy Pregnancies for Incarcerated Women Act."
 36 (2) DEFINITIONS.—As used in this section, the term:
 37 (a) "Correctional institution" means any facility under the
 38 authority of the department or the Department of Juvenile
 39 Justice, a county or municipal detention facility, or a
 40 detention facility operated by a private entity.
 41 (b) "Corrections official" means the official who is
 42 responsible for oversight of a correctional institution, or his
 43 or her designee.
 44 (c) "Department" means the Department of Corrections.
 45 (d) "Extraordinary circumstance" means a substantial flight
 46 risk or some other extraordinary medical or security
 47 circumstance that dictates restraints or restrictive housing be
 48 used to ensure the safety and security of the prisoner, the
 49 staff of the correctional institution or medical facility, other
 50 prisoners, or the public.
 51 (e) "Invasive body cavity search" means a search that
 52 involves a manual inspection using touch, insertion, or probing
 53 of the openings, cavities, and orifices of the human body,
 54 including, but not limited to the genitals, buttocks, anus, or
 55 breasts that is not conducted for a medical purpose.
 56 (f)-(e) "Labor" means the period of time before a birth
 57 during which contractions are of sufficient frequency,
 58 intensity, and duration to bring about effacement and

Page 2 of 8

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

591-02249-20

2020852c1

59 progressive dilation of the cervix.

60 ~~(g)(#)~~ "Postpartum recovery" means, as determined by her
61 physician, the period immediately following delivery, including
62 the recovery period when a woman is in the hospital or infirmary
63 following birth, up to 24 hours after delivery unless the
64 physician after consultation with the department or correctional
65 institution recommends a longer period of time.

66 ~~(h)(g)~~ "Prisoner" means any person incarcerated or detained
67 in any correctional institution who is accused of, convicted of,
68 sentenced for, or adjudicated delinquent for a violation of
69 criminal law or the terms and conditions of parole, probation,
70 community control, pretrial release, or a diversionary program.
71 For purposes of this section, the term includes any woman
72 detained under the immigration laws of the United States at any
73 correctional institution.

74 ~~(i)(h)~~ "Restraints" means any physical restraint or
75 mechanical device used to control the movement of a prisoner's
76 body or limbs, including, but not limited to, flex cuffs, soft
77 restraints, hard metal handcuffs, a black box, chubb cuffs, leg
78 irons, belly chains, a security or tether chain, or a convex
79 shield.

80 ~~(j)~~ "Restrictive housing" means the placement of pregnant
81 prisoners separately from the general population of a
82 correctional institution and imposing restrictions on their
83 movement, behavior, and privileges solely based on the condition
84 of being pregnant. The term includes placing the prisoner in
85 medical isolation or in the infirmary.

86 (3) RESTRAINT OF PRISONERS.—

87 (a) Except as provided in paragraph (b), restraints may not

591-02249-20

2020852c1

88 be used on a prisoner who is known to be pregnant:

89 1. If any doctor, nurse, or other health professional
90 treating the prisoner in labor, in delivery, or in postpartum
91 recovery requests that restraints not be used due to a
92 documentable medical purpose. If the doctor, nurse, or other
93 health professional makes such a request, the correctional
94 officer or other law enforcement officer accompanying the
95 prisoner must immediately remove all restraints.

96 2. During transport, labor, delivery, or ~~and~~ postpartum
97 recovery, unless the corrections official makes an
98 individualized determination that the prisoner presents an
99 extraordinary circumstance, ~~except that:~~

100 1. The physician may request that restraints not be used
101 for documentable medical purposes. The correctional officer,
102 correctional institution employee, or other officer accompanying
103 the pregnant prisoner may consult with the medical staff;
104 however, if the corrections official ~~officer~~ determines there is
105 an extraordinary public safety risk, the official may ~~officer is~~
106 authorized to apply restraints as limited by paragraph (b)
107 subparagraph 2.

108 (b) A restraint may be used on a prisoner who is known to
109 be pregnant or in postpartum recovery only if all of the
110 following apply:

111 1. The corrections official makes an individualized
112 determination that the prisoner presents an extraordinary
113 circumstance.

114 2. The restraints used are the least restrictive necessary.

115 3. If wrist restraints are used, the restraints are applied
116 in the front of the prisoner so that she may protect herself in

591-02249-20

2020852c1

117 ~~the event of a forward fall.~~

118 ~~4.2- Under no circumstances shall Leg, ankle, or waist~~
 119 ~~restraints are not be used on any pregnant prisoner who is in~~
 120 ~~labor or delivery.~~

121 ~~(b) If restraints are used on a pregnant prisoner pursuant~~
 122 ~~to paragraph (a):~~

123 ~~1. The type of restraint applied and the application of the~~
 124 ~~restraint must be done in the least restrictive manner~~
 125 ~~necessary; and~~

126 ~~(c)2- The corrections official shall make written findings~~
 127 ~~within 10 days after the use of restraints as to the~~
 128 ~~extraordinary circumstance that dictated the use of the~~
 129 ~~restraints. These findings shall be kept on file by the~~
 130 ~~department or correctional institution for at least 5 years.~~

131 ~~(d) A pregnant prisoner who is transported by a~~
 132 ~~correctional institution must be transported using a restraint~~
 133 ~~that is the least restrictive necessary. A correctional~~
 134 ~~institution that uses restraints on a pregnant prisoner during~~
 135 ~~transport must comply with the written findings required in~~
 136 ~~paragraph (c).~~

137 ~~(e) During the third trimester of pregnancy or when~~
 138 ~~requested by the physician treating a pregnant prisoner, unless~~
 139 ~~there are significant documentable security reasons noted by the~~
 140 ~~department or correctional institution to the contrary that~~
 141 ~~would threaten the safety of the prisoner, the unborn child, or~~
 142 ~~the public in general:~~

143 ~~1. Leg, ankle, and waist restraints may not be used; and~~

144 ~~2. If wrist restraints are used, they must be applied in~~
 145 ~~the front so the pregnant prisoner is able to protect herself in~~

591-02249-20

2020852c1

146 ~~the event of a forward fall.~~

147 ~~(d) In addition to the specific requirements of paragraphs~~
 148 ~~(a)-(c), any restraint of a prisoner who is known to be pregnant~~
 149 ~~must be done in the least restrictive manner necessary in order~~
 150 ~~to mitigate the possibility of adverse clinical consequences.~~

151 ~~(4) INVASIVE BODY CAVITY SEARCHES.-~~

152 ~~(a) Except as provided under paragraph (b), an invasive~~
 153 ~~body cavity search of a pregnant prisoner may be conducted only~~
 154 ~~by a medical professional.~~

155 ~~(b) A correctional officer may conduct an invasive body~~
 156 ~~cavity search of a pregnant prisoner only if the officer has a~~
 157 ~~reasonable belief that the prisoner is concealing contraband. An~~
 158 ~~officer who conducts an invasive body cavity search must submit~~
 159 ~~a written report to the corrections official within 72 hours~~
 160 ~~after the search. The report must:~~

161 ~~1. Explain the reasons for the search; and~~

162 ~~2. Identify any contraband recovered in the search.~~

163 ~~(5) RESTRICTIVE HOUSING.-~~

164 ~~(a) Except as provided in paragraph (b), a pregnant~~
 165 ~~prisoner may not be involuntarily placed in restrictive housing.~~
 166 ~~This subsection does not prohibit a corrections official from~~
 167 ~~placing a pregnant prisoner in restrictive housing for~~
 168 ~~disciplinary violations or to address security risks to the~~
 169 ~~pregnant prisoner, other prisoners, or staff directly related to~~
 170 ~~the pregnant prisoner provided the corrections official complies~~
 171 ~~with the reporting requirements of subparagraph (b)1.~~

172 ~~(b) A pregnant prisoner may be involuntarily placed in~~
 173 ~~restrictive housing only if the corrections official of the~~
 174 ~~correctional institution, in consultation with the medical staff~~

591-02249-20

2020852c1

175 overseeing prenatal care and medical treatment at the
 176 correctional institution, determines that an extraordinary
 177 circumstance exists such that restrictive housing is necessary
 178 and that there are no less restrictive means available.

179 1. The corrections official shall, before placing a
 180 prisoner in restrictive housing, write a report that states:

181 a. The extraordinary circumstance that is present; and
 182 b. The reason less restrictive means are not available.

183 2. The corrections official shall review the report at
 184 least every 24 hours to confirm that the extraordinary
 185 circumstance cited in the report still exist. A copy of the
 186 report and each review must be provided to the pregnant
 187 prisoner.

188 (c) A pregnant prisoner who is placed in restrictive
 189 housing under this section shall be:

190 1. Examined at least every 8 hours by the medical staff
 191 overseeing prenatal care and medical treatment in the facility;

192 2. Housed in the least restrictive setting consistent with
 193 the health and safety of the pregnant prisoner; and

194 3. Given an intensive treatment plan developed and approved
 195 by the medical staff overseeing prenatal care and medical
 196 treatment at the facility.

197 (d) If a pregnant prisoner needs infirmary care, an
 198 authorized medical staff must provide an order for the pregnant
 199 prisoner to be admitted to the infirmary. If the pregnant
 200 prisoner has passed her due date, she must be admitted to the
 201 infirmary until labor begins or until other housing arrangements
 202 are made. A pregnant prisoner who has been placed in the
 203 infirmary shall be provided:

591-02249-20

2020852c1

204 1. The same access to outdoor recreation, visitation, mail,
 205 and telephone calls as other prisoners; and

206 2. The ability to continue to participate in other
 207 privileges and classes granted to the general population.

208 ~~(6)(4)~~ ENFORCEMENT.—

209 (a) Notwithstanding any relief or claims afforded by
 210 federal or state law, any prisoner who is restrained in
 211 violation of this section may file a grievance with the
 212 correctional institution, and be granted a 45-day extension if
 213 requested in writing pursuant to rules promulgated by the
 214 correctional institution.

215 (b) This section does not prevent a woman harmed through
 216 the use of restraints under this section from filing a complaint
 217 under any other relevant provision of federal or state law.

218 ~~(7)(5)~~ NOTICE TO PRISONERS.—

219 (a) ~~By September 1, 2012,~~ The department and the Department
 220 of Juvenile Justice shall adopt rules pursuant to ss. 120.536(1)
 221 and 120.54 to administer this section.

222 (b) Each correctional institution shall inform female
 223 prisoners of the rules developed pursuant to paragraph (a) upon
 224 admission to the correctional institution, including the
 225 policies and practices in the prisoner handbook, and post the
 226 policies and practices in locations in the correctional
 227 institution where such notices are commonly posted and will be
 228 seen by female prisoners, including common housing areas and
 229 medical care facilities.

230 Section 2. This act shall take effect July 1, 2020.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL: SB 912

INTRODUCER: Senator Diaz

SUBJECT: Department of Business and Professional Regulation

DATE: March 2, 2020

REVISED: _____

| | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION |
|----|-----------------|----------------|-----------|------------------|
| 1. | <u>Oxamendi</u> | <u>Imhof</u> | <u>IT</u> | Favorable |
| 2. | <u>Toman</u> | <u>Ryon</u> | <u>CA</u> | Favorable |
| 3. | <u>Davis</u> | <u>Kynoch</u> | <u>AP</u> | Favorable |

I. Summary:

SB 912 revises provisions related to the licensing and regulation of tobacco products, alcoholic beverages, pugilistic events, condominium associations, and public food and lodging establishments by the Department of Business and Professional Regulation (DBPR).

Related to reporting requirements for tobacco product wholesalers, the bill:

- Requires that reports required to be filed with the Division of Alcoholic Beverages and Tobacco must be filed through the agency's electronic system; and
- Revises the reporting requirements.

Related to procedures for licensing public lodging establishments and public food service establishments licensing, the bill:

- Deletes the requirement for a staggered license renewal schedule; and
- Requires that the full annual license fee be paid at the time of application, instead of the current requirement for payment of a prorated initial license fee.

Related to regulation of pugilistic events, the bill:

- Changes the name of the Florida State Boxing Commission to the Florida Athletic Commission (commission);
- Authorizes the commission to establish by rule the weight of any gloves used in pugilistic matches; and
- Deletes the requirement for all participants in pugilistic matches to wear gloves.

Related to alcohol beverage regulations, the bill:

- Requires applicants for an alcoholic beverage license to submit fingerprints to the DBPR electronically, provide proof of the applicant's right of occupancy for the entire premises for

which the applicant is seeking to license, and maintain a current electronic mail address with the DBPR;

- Requires licensees to submit reports on alcohol sales through the DBPR's electronic system;
- Requires notices related to a vendor's delinquent payment to a distributor be provided by the DBPR through electronic mail; and
- Revises the compliance audit timeframes for special restaurant licensees.

Related to condominium associations, the bill:

- Requires that a proposed annual budget be provided to members of the association and adopted by its board of directors no later than 30 days before the beginning of the fiscal year;
- Defines when a person is delinquent in a payment due to an association;
- Deletes the requirement that the condominium ombudsman keep his or her principal office in Leon County; and
- Authorizes the DBPR to adopt rules for the submission of complaints against condominium associations.

The bill has a significant fiscal impact on state revenues. According to the DBPR, the elimination of the staggered and prorated renewal schedule for food and lodging establishment licensees under the bill is estimated to reduce state revenues by \$1.4 million in Fiscal Year 2020-2021.

The bill has an effective date of July 1, 2020.

II. Present Situation:

For ease of reference, the Present Situation for each section of SB 912 is addressed in the Effect of Proposed Changes portion of this bill analysis. Background information about the Department of Business and Professional Regulation (DBPR) is provided below.

Organization of the Department of Business and Professional Regulation

Section 20.165, F.S., establishes the organizational structure of the DBPR, which has 12 divisions:

- Administration;
- Alcoholic Beverages and Tobacco;
- Certified Public Accounting;
- Drugs, Devices, and Cosmetics;
- Florida Condominiums, Timeshares, and Mobile Homes;
- Hotels and Restaurants;
- Pari-mutuel Wagering;
- Professions;
- Real Estate;
- Regulation;
- Service Operations; and
- Technology.

The Florida State Boxing Commission is assigned to the DBPR for administrative and fiscal accountability purposes only.¹ The DBPR also administers the Child Labor Law and Farm Labor Contractor Registration Law.²

Powers and Duties of the DBPR

Chapter 455, F.S., applies to the regulation of professions constituting “any activity, occupation, profession, or vocation regulated by the [DBPR] in the Divisions of Certified Public Accounting, Professions, Real Estate, and Regulation,”³ as well as the procedural and administrative framework for those divisions and all of the professional boards within the DBPR.⁴

The DBPR’s regulation of professions is to be undertaken “only for the preservation of the health, safety, and welfare of the public under the police powers of the state,”⁵ and regulation is required when:

- The potential for harming or endangering public health, safety, and welfare is recognizable and outweighs any anticompetitive impact that may result;
- The public is not effectively protected by other state statutes, local ordinances, federal legislation, or other means; and
- Less restrictive means of regulation are not available.⁶

However, “neither the department nor any board may create a regulation that has an unreasonable effect on job creation or job retention,” or a regulation that unreasonably restricts the ability of those who desire to engage in a profession or occupation to find employment.⁷

Division of Florida Condominiums, Timeshares, and Mobile Homes

The Division of Florida Condominiums, Timeshares, and Mobile Homes (FCTMH) provides consumer protection for Florida residents living in regulated communities through education, complaint resolution, mediation and arbitration, and developer disclosure.⁸ The FCTMH has limited regulatory authority over the following entities and individuals:⁹

- Condominium Associations;
- Cooperative Associations;
- Florida Mobile Home Parks;
- Vacation Units and Timeshares;
- Yacht and Ship Brokers and related business entities; and

⁹ *Id.*

- Homeowners' Associations (jurisdiction is limited to arbitration of election and recall disputes).

Division of Hotels and Restaurants

The Division of Hotels and Restaurants (DHR) licenses, inspects, and regulates public lodging and food service establishments in Florida. The DHR also licenses and regulates elevators, escalators, and other vertical conveyance devices.¹⁰

Division of Alcoholic Beverages and Tobacco

The Division of Alcoholic Beverages and Tobacco (DABT) regulates the manufacture, distribution, sale, and service of alcoholic beverages and tobacco products in Florida, including:

- Receipt and processing of license applications;
- Collection and auditing of taxes, surcharges, and fees paid by licensees; and
- Enforcement of the laws and regulations governing the sale of alcoholic beverages and tobacco products.¹¹

III. Effect of Proposed Changes:

Tobacco Products Regulation and Taxation

Present Situation

The Division of Alcoholic Beverages and Tobacco (DABT) is responsible for the regulation of tobacco products under ch. 210, F.S., which sets out tax requirements for cigarettes and other tobacco products, and ch. 569, F.S., which sets out requirements for the retail sale of tobacco products.¹²

“Cigarettes” are defined in s. 210.01(1), F.S., for the purpose of taxation, as “any roll for smoking, except one of which the tobacco is fully naturally fermented, without regard to the kind of tobacco or other substances used in the inner roll or the nature or composition of the material in which the roll is wrapped, which is made wholly or in part of tobacco irrespective of size or shape and whether such tobacco is flavored, adulterated or mixed with any other ingredient.”

“Tobacco products” are defined in s. 210.25(11), F.S., in the context of state taxes on tobacco products other than cigarettes or cigars, as “loose tobacco suitable for smoking; snuff; snuff flour; cavendish; plug and twist tobacco; fine cuts and other chewing tobaccos; shorts; refuse scraps; clippings, cuttings, and sweepings of tobacco, and other kinds and forms of tobacco prepared in such manner as to be suitable for chewing.”

¹⁰ Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants, <http://www.myfloridalicense.com/DBPR/hotels-restaurants/> (last visited Feb.12, 2020).

¹¹ Florida Department of Business and Professional Regulation, Division of Alcoholic Beverages and Tobacco, <http://www.myfloridalicense.com/DBPR/alcoholic-beverages-and-tobacco/> (last visited Feb. 12, 2020).

¹² Section 561.02, F.S.

Cigars, nicotine products, and nicotine dispensing devices are not included in the above definitions and therefore are not taxed as a cigarette or tobacco product in Florida.¹³

A person, firm, association, or corporation must obtain a permit from the DABT to function as any of the following in Florida:

- Retail tobacco products dealer;¹⁴
- Cigarette manufacturer;¹⁵
- Cigarette wholesale dealer;¹⁶
- Cigarette distributing agent;¹⁷
- Cigarette importer;¹⁸
- Cigarette exporter;¹⁹
- Cigar wholesale dealer;²⁰ or
- Tobacco wholesale dealer/distributor.²¹

The DABT collects monthly business records related to cigarettes, which are used to accurately collect and distribute cigarette taxes. Such records must be submitted to the DABT by any manufacturer, importer, distributing agent, wholesale dealer, retail dealer, common carrier, or any other person handling, transporting, or possessing cigarettes for sale or distribution in Florida. The DABT prescribes the manner in which these records are submitted.²²

The DABT also collects monthly returns showing the taxable price of each tobacco product (other than cigarettes or cigars) brought or caused to be brought into Florida for sale, or made, manufactured, or fabricated in this state for sale in this state. Such returns must be submitted by every place of business that sells or manufactures such tobacco products in Florida. The DABT prescribes the form and content for submitting such returns to the DABT. Each return must be accompanied by a remittance for the full tax liability shown.²³

Effect of Proposed Changes

The bill amends ss. 210.09(2) and 210.55(1), F.S., related to monthly reports and records for cigarettes and other tobacco products, to require that all reports filed with the DABT must be made through the DABT's electronic data submission system.

¹³ Sections 210.01(1) and 210.25(12), F.S. "Nicotine dispensing device" means any product that employs an electronic, chemical, or mechanical means to produce vapor from a nicotine product. "Nicotine products" do not include tobacco products, certain smoking cessation products, and products with incidental nicotine. Section 877.112(1)(a) and (b), F.S.

¹⁴ Section 569.003, F.S.

¹⁵ Sections 210.01(21) and 210.15, F.S.

¹⁶ Sections 210.01(6) and 210.15(1), F.S.

¹⁷ Sections 210.01(14) and 210.15(1), F.S.

¹⁸ Sections 210.01(20) and 210.15(1), F.S.

¹⁹ Sections 210.01(17) and 210.15(1), F.S.

²⁰ Section 210.65(2), F.S.

²¹ Sections 210.25(5) and 210.40, F.S.

²² Section 210.09(2), F.S. Some tax forms are electronically filed with the DABT, and some require manual transmission. Department of Business and Professional Regulation, *Alcoholic Beverages and Tobacco- Forms & Publications, Licensing Related Forms, Tax-Related Forms*, <http://www.myfloridalicense.com/DBPR/alcoholic-beverages-and-tobacco/forms-and-publications/#1516309637983-6566a2a4-a2f1> (last visited Feb. 12, 2020).

²³ Sections 210.55(1), F.S.

The bill also amends s. 210.55(1), F.S., to require a tobacco wholesaler (the taxpayer) to submit a full and complete report with the DABT showing the tobacco products (other than cigars or cigarettes) brought or caused to be brought into Florida for sale, or made, manufactured, or fabricated in this state for sale in this state. The bill deletes the requirement that the report show the taxable price of each tobacco product.

Division of Hotels and Restaurants

Present Situation

The Division of Hotels and Restaurants (DHR) licenses, inspects, and regulates public lodging establishments and public food service establishments in Florida.²⁴

The term “public lodging establishment” includes:²⁵

- “Transient public lodging establishments,” which means “any unit, group of units, dwelling, building, or group of buildings within a single complex of buildings which is rented to guests more than three times in a calendar year for periods of less than 30 days, or one calendar month, whichever is less, or which is advertised or held out to the public as a place regularly rented to guests;” and
- “Nontransient public lodging establishments,” which means “any unit, group of units, dwelling, building, or group of buildings within a single complex of buildings which is rented to guests for periods of at least 30 days or one calendar month, whichever is less, or which is advertised or held out to the public as a place regularly rented to guests for periods of at least 30 days or one calendar month.”

“Public food service establishments” means “any building, vehicle, place, or structure, or any room or division thereof, where food is prepared, served, or sold for immediate consumption on or in the vicinity of the premises; called for or taken out by customers; or prepared prior to being delivered to another location for consumption,” with certain exceptions.²⁶

Each public lodging establishment and public food service establishment must obtain a license from the DHR. Licenses are renewed annually, and the DHR must adopt a rule establishing a staggered schedule for license renewals.²⁷ For public lodging establishments, the DHR must adopt, by rule, a schedule of fees to be paid based on the number of rental units in the public lodging establishment, and based on seating capacity and services offered for public food service establishments. Such fees may not exceed \$1,000.²⁸

License fees generally range from \$91 for a temporary food vendor to \$370 for a hotel with more than 500 rental units.²⁹

²⁴ Section 509.032, F.S.

²⁵ Section 509.013(4), F.S.

²⁶ Section 509.013(5), F.S.

²⁷ Section 509.241(1), F.S.

²⁸ Section 509.251(1) and (2), F.S.

²⁹ See Fla. Admin. Code R. 61C-1.008 and Department of Business and Professional Regulation, *Hotel and Restaurants – Hotel-Motel Guide*, <http://www.myfloridalicense.com/DBPR/hotels-restaurants/licensing/hotels-and-restaurants-hotel-motel-guide/> (last visited Feb. 12, 2020); Department of Business and Professional Regulation, *Hotel and Restaurants – Food*

The fee schedule for a public lodging establishment and public food service establishment license must require an applicant for an initial license to pay the full license fee if the application is made during the annual renewal period or more than six months before the next such renewal period, and one-half of the fee if the application is made six months or less before the next renewal period.³⁰

Effect of Proposed Changes

The bill amends s. 509.241(1), F.S., to delete the requirement for a staggered license renewal schedule for public lodging establishments and public food service establishments. The bill authorizes the DHR to adopt rules to establish procedures for license issuance and renewals.

The bill amends s. 509.251(1) and (2), F.S., to delete the requirement for payment of a prorated initial license fee based on when an application is submitted. Under the bill, the full annual license fees must be paid at the time of the initial license application.

State Boxing Commission

Present Situation:

Chapter 548, F.S., provides for the regulation of professional and amateur boxing, kickboxing,³¹ and mixed martial arts³² by the Florida State Boxing Commission (commission), which is assigned to the Department of Business and Professional Regulation (DBPR) for administrative and fiscal purposes.³³

The commission has exclusive jurisdiction over every boxing, kickboxing, and mixed martial arts match held in Florida³⁴ which involves a professional.³⁵ Professional matches held in Florida must meet the requirements set forth in ch. 548, F.S., and the rules adopted by the commission.³⁶ Chapter 548, F.S., does not apply to certain professional or amateur “martial arts,” such as karate, aikido, judo, and kung fu; the term “martial arts” is distinct from and does not include “mixed martial arts.”³⁷

However, as to amateur matches, the commission’s jurisdiction is limited to the approval, disapproval, suspension of approval, and revocation of approval of all amateur sanctioning

Service Fees, <http://www.myfloridalicense.com/DBPR/hotels-restaurants/licensing/hotels-and-restaurants-hotel-motel-guide/> (last visited Feb. 12, 2020).

³⁰ Sections 509.251(1) and (2), F.S., relating to the fee schedule for public lodging establishments and public food service establishments, respectively, and Fla. Admin. Code R. 61C-1.008.

³¹ The term “kickboxing” means the unarmed combat sport of fighting by striking with the fists, hands, feet, legs, or any combination, but does not include ground fighting techniques. *See* s. 548.002(12), F.S.

³² The term “mixed martial arts” means the unarmed combat sport involving the use of a combination of techniques, including, but not limited to, grappling, kicking, striking, and using techniques from martial arts disciplines, including, but not limited to, boxing, kickboxing, Muay Thai, jujitsu, and wrestling. *See* s. 548.002(16), F.S.

³³ *See* s. 548.003(1), F.S.

³⁴ *See* s. 548.006(1), F.S.

³⁵ The term “professional” means a person who has “received or competed for a purse or other article of a value greater than \$50, either for the expenses of training or for participating in a match.” *See* s. 548.002(19), F.S.

³⁶ *See* s. 548.006(4), F.S.

³⁷ *See* s. 548.007(6), F.S., and *see supra* note 32 for the definition of “mixed martial arts.”

organizations for amateur boxing, kickboxing, and mixed martial arts matches held in Florida.³⁸ Amateur sanctioning organizations are business entities organized for sanctioning and supervising matches involving amateurs.³⁹ During Fiscal Year 2018-2019, there were 59 sanctioned professional events and 137 amateur events.⁴⁰

Under current law, certain persons providing certain services for a match involving a professional competing in a boxing, kickboxing, or mixed martial arts match must be licensed by the commission before directly or indirectly performing those services. Licensing is mandated for a participant, manager, trainer, second, timekeeper, referee, judge, announcer, physician, matchmaker, or promoter.⁴¹

The commission must establish by rule appropriate weight of gloves to be used in each boxing match. All participants in boxing matches must wear gloves weighing not less than eight ounces each, and participants in mixed martial arts matches must wear gloves weighing between four to eight ounces each. Participants must also wear any protective devices that the commission deems necessary.⁴²

Effect of Proposed Changes

The bill amends s. 458.003, F.S., to change the name of the commission to the Florida Athletic Commission.

The bill amends s. 548.043(3), F.S., to authorize the commission to establish by rule the need for gloves, if any, in each pugilistic match. The bill also authorizes the commission to establish by rule the weight of any gloves used in pugilistic matches, and deletes the requirement that the gloves weigh between four to eight ounces each. The bill also deletes the requirement for all participants in pugilistic matches to wear gloves.

The bill amends ss. 455.219, 548.002, 548.05, 548.071, and 548.077, F.S., to conform references to the name of the commission.

Division of Alcoholic Beverages and Tobacco

Present Situation

The DABT is responsible for enforcing the Beverage Law and supervising the conduct, management, and operation of the manufacturing, packaging, distribution, and sale of all alcoholic beverages in Florida.⁴³

³⁸ See s. 548.006(3), F.S.

³⁹ Section 548.002(2), F.S.

⁴⁰ See DBPR, *Florida State Boxing Commission Annual Report, Fiscal Year 2018-2019*, at p. 2, available at: http://www.myfloridalicense.com/dbpr/os/documents/Boxing18_19.pdf (last visited Feb. 12, 2020).

⁴¹ The term “participant” means a professional competing in a boxing, kickboxing, or mixed martial arts match. See s. 548.002, F.S., for the definitions of “participant,” “manager,” “second,” “judge,” “physician,” “matchmaker,” and “promoter.” The terms “trainer,” “timekeeper,” “referee,” and “announcer” are not defined in ch. 548, F.S.

⁴² Section 548.043(3), F.S.

⁴³ Section 561.02, F.S.

License Application Process

Any person, before engaging in the business of manufacturing, bottling, distributing, selling, or in any way dealing in alcoholic beverages, must file a sworn application in the format prescribed by the DABT. The applicant must be a legal or business entity, person, or persons and must include all persons, officers, shareholders, and directors of such legal or business entity that have a direct or indirect interest in the business seeking to be licensed under this part. The format and content of the application is determined by the DABT.⁴⁴

Before any application is approved, the DABT may require an applicant, and any person or persons interested directly or indirectly with the applicant in the business for which the license is being sought, to file a set of fingerprints with the DABT on regular United States Department of Justice forms.⁴⁵

All applications for alcoholic beverage licenses for consumption on the premises must be accompanied by a certificate from the DHR, the Department of Agriculture and Consumer Services, the Department of Health, the Agency for Health Care Administration, or the county health department stating that the place of business where the business is to be conducted meets all of the sanitary requirements of the state.⁴⁶

The application for an alcoholic beverage license must include a sketch of the licensed premises over which the applicant must have some dominion and control.⁴⁷ Current law does not require an applicant for an alcoholic beverage license to submit proof of the applicant's right of occupancy for the entire premises sought to be licensed.

Current law does not require an alcoholic beverage licensee or an applicant for a license to provide and maintain an electronic mail address for communications with the DABT.

Recordkeeping and Reporting Requirements

Each manufacturer, distributor, broker, sales agent, importer, and exporter must keep a complete and accurate record and make reports to the DABT showing the amount of alcoholic beverages:⁴⁸

- Manufactured or sold within the state and to whom sold;
- Imported from beyond the limits of the state and to whom sold; and
- Exported beyond the limits of the state, to whom sold, the place where sold, and the address of the person to whom sold.

Each manufacturer, distributor, broker, sales agent, and importer must send this full and complete report to the DABT by the 10th day of each month for the previous calendar month. The report must be made out in triplicate with two copies sent to the DABT and a third copy to be retained for the licensee's record. Reports must be made on forms prepared and furnished by the DABT.⁴⁹

⁴⁴ Section 561.17(1), F.S.

⁴⁵ *Id.*

⁴⁶ *Id.*

⁴⁷ Section 561.01(11), F.S., defining the term "licensed premises, and s. 565.03(2)(c), F.S., dealing with craft distilleries.

⁴⁸ Section 561.55(1), F.S.

⁴⁹ Section 561.55(2), F.S.

Credit for the Sale of Liquor

A retail vendor must make a timely payment to a distributor of alcoholic beverages within 10 days after the calendar week in which the alcoholic beverages were purchased. When a vendor does not make a timely payment, the distributor who made the sale must, within three days, notify the DABT in writing that payment has not been made.⁵⁰

The DABT must then give notice to the vendor that it has received a notice of payment delinquency from a distributor. The vendor has five days after receipt of the notice to show cause why further sales to the vendor should not be prohibited. The vendor may demand a hearing before the DABT. The demand for a hearing must be delivered to the DABT in person or by mail within those five days.⁵¹

If a vendor does not demand a hearing, the DABT must declare in writing to the vendor and to all manufacturers and distributors in Florida that all further sales to such vendor are prohibited until the DABT certifies in writing that such vendor has fully paid for all liquors previously purchased.⁵²

Permit Carriers

Section 561.57(1), F.S., permits an alcoholic beverage vendor to make deliveries away from its place of business for sales made at the licensed place of business. Deliveries made by a manufacturer, distributor, or a vendor away from its place of business may only be made in vehicles owned or leased by the licensee. By acceptance of an alcoholic beverage license and the use of vehicles owned by or leased by the vendor, the vendor agrees the vehicle is subject to be inspected and searched without a search warrant by employees of the division or law enforcement officers to ascertain compliance with all provisions of the alcoholic beverage laws.⁵³

The term “permit carrier” is defined as a licensee authorized to make deliveries as provided in s. 561.57, F.S.⁵⁴ A permit is not required for licensees making a delivery of alcoholic beverages under this section.

In 2015, the Legislature amended s. 561.57, F.S., to delete a requirement for a permit for each vehicle used to deliver alcoholic beverages from a distributor’s place of business to the vendor’s licensed premises or to an off-premises storage permitted by the DABT. The 2015 amendment to s. 561.57, F.S., also removed a requirement for vendors to possess an invoice or sales ticket during the transportation of alcoholic beverages.⁵⁵

⁵⁰ Section 561.42(3), F.S.

⁵¹ Section 561.42(4), F.S.

⁵² *Id.*

⁵³ Section 561.57(2), F.S.

⁵⁴ Section 561.01(20), F.S.

⁵⁵ Chapter 2015-52, Laws of Fla.

Special Restaurant Licenses

Section 561.20(1), F.S., limits, by county, the number of alcoholic beverage licenses that may be issued for the sale of distilled spirits, to one license per 7,500 residents within the county. These limited alcoholic beverage licenses are known as “quota” licenses. The quota license is the only alcoholic beverage license that is limited in number; all other types of alcoholic beverage licenses are available without limitation, if certain conditions are met.

A “special license” is an exception to the quota licensing scheme to allow the sale of beer, wine, and distilled spirits without a quota license and subject to conditions. One such special license is a “special restaurant license,” which applies to a food service establishment that has 2,500 square feet, is equipped to serve 150 persons at one time, and derives at least 51 percent of its gross food and beverage revenue from the sale of food and nonalcoholic beverages. The DABT must perform an audit to confirm compliance with the food and nonalcoholic beverage sales percentage requirements during the first 60-day operating period and each 12-month operating period thereafter.⁵⁶

If a special restaurant licensee fails to satisfy the percentage requirements for the sale of food and nonalcoholic beverage, the license must be revoked or a pending license application must be denied. A licensee whose license is revoked is ineligible to have an interest in a subsequent application for a license for 120 days after the revocation or denial of a license application.⁵⁷

Effect of Proposed Changes

The bill deletes the definition for the term “permit carrier” in s. 561.01(20), F.S. The bill also corrects cross-references in s. 561.20(2)(a), F.S., affected by the deletion of the definition of the term “permit carrier.”

The bill amends the alcoholic beverage license application process in s. 561.17(1), F.S., to require applicants to file fingerprints electronically through an approved electronic fingerprinting vendor, or to use a form prescribed by the Florida Department of Law Enforcement. The bill deletes the requirement that the fingerprints be submitted on regular United States Department of Justice forms.

The bill amends s. 561.17(2), F.S., to require an applicant for any alcoholic beverage license to provide proof of the applicant’s right of occupancy for the entire premises sought to be licensed.

The bill creates s. 561.17(5), F.S., to require any person or entity licensed or permitted by the DABT to provide an electronic mail address to the DABT to function as the primary contact for all communication by the DABT to the licensee or permittee. Under the bill, licensees and permittees are responsible for maintaining accurate contact information with the DABT. The bill amends s. 561.20(2)(a)4., F.S., to revise the auditing timeframes for special restaurant licensees. Under the bill, the DABT must perform the initial compliance audit within the first 120 days of operation, instead of within the first 60 days.

⁵⁶ Section 561.20(2)(a)4., F.S.

⁵⁷ Section 561.20(2)(a)4., F.S.

In addition, the bill revises the frequency of subsequent audits. Under the bill, the frequency of compliance audits is determined by the percentage of the licensee's gross revenue from the sale of food and nonalcoholic beverages, as established by the licensee's most recent audit. The bill provides the following audit levels:

- Level 1 licensees, with 51 to 60 percent, will be audited every year;
- Level 2 licensees, with 61 to 75 percent, will be audited every two years;
- Level 3 licensees, with 76 to 90 percent, will be audited every three years; and
- Level 4 licensees, with 91 to 100 percent, will be audited every four years.

The bill amends s. 561.42(4), F.S., to require the DABT to give a retail vendor notice of a payment delinquency via electronic mail. The bill deletes the requirement that the delinquency notice must be a written notice. The bill also allows a vendor to send a demand for a hearing to the DABT by electronic mail.

The bill amends s. 561.55(2), F.S., to delete the requirement that reports by a manufacturer, distributor, broker, sales agent, and importer must be made out in triplicate. Under the bill, the reports must be submitted to the DABT through the DABT's electronic data submission system.

Condominiums

Present Situation

A condominium is a form of ownership of real property created pursuant to ch. 718, F.S., (the Condominium Act) comprised of units which may be owned by one or more persons along with an undivided right of access to common elements.⁵⁸ A condominium is created by recording a declaration of condominium in the public records of the county where the condominium is located.⁵⁹ All unit owners are members of the condominium association, an entity responsible for the operation and maintenance of the common elements owned by the unit owners. The condominium association is overseen by an elected board of directors, which enacts bylaws which govern the administration of the association.

Division of Florida Condominiums, Timeshares, and Mobile Homes

The Division of Florida Condominiums, Timeshares, and Mobile Homes (FCTMH) within the DBPR administers the provisions of chs. 718 and 719, F.S., for condominium and cooperative associations, respectively. The FCTMH may investigate complaints and enforce compliance with chs. 718 and 719, F.S., with respect to associations that are still under developer control.⁶⁰ The FCTMH also has the authority to investigate complaints against developers involving improper turnover or failure to transfer control to the association.⁶¹ After control of the condominium is transferred from the developer to the unit owners, the FCTMH's jurisdiction is limited to investigating complaints related to financial issues, elections, and unit owner access to association records.⁶² For cooperatives, the FCTMH's jurisdiction extends to the development,

⁵⁸ Section 718.103(11), F.S.

⁵⁹ Section 718.104(2), F.S.

⁶⁰ Sections 718.501(1) and 719.501(1), F.S.

⁶¹ *Id.*

⁶² Section 718.501(1), F.S.

construction, sale, lease, ownership, operation, and management of residential cooperative units.⁶³

As part of the FCTMH's authority to investigate complaints, the FCTMH may subpoena witnesses, take sworn statements from witnesses, issue cease and desist orders, and impose civil penalties against developers and associations.⁶⁴

If the FCTMH has reasonable cause to believe that a violation of any provision of ch. 718, F.S., ch. 719, F.S., or a related rule has occurred, the FCTMH may institute enforcement proceedings in its own name against any developer, bulk assignee, bulk buyer, association, officer, or member of the board of administration, or its assignees or agents. The FCTMH may conduct an investigation and issue an order to cease and desist from unlawful practices and to take affirmative action to carry out the purpose of the applicable chapter. In addition, the FCTMH is authorized to petition a court to appoint a receiver or conservator to implement a court order, or to enforce an injunction or temporary restraining order. The FCTMH may also impose civil penalties.⁶⁵

Annual Budget

Every condominium association must have an annual financial budget that sets forth the proposed expenditure of funds for the maintenance, management, and operation of the condominium association. The annual budget must include operating expenses for the coming year and reserve accounts for capital expenditures and deferred maintenance.⁶⁶

An association must hold a meeting to adopt a proposed budget. The association must provide notice of the meeting and a copy of the proposed budget to the members of the association at least 14 days before the meeting.⁶⁷ The proposed budget must be detailed, and, at a minimum, include the condominium's estimated revenues and expenses.⁶⁸ Current law does not define the timing for adoption of the budget.

Board of Directors – Eligibility based on Payment of Monetary Obligations

A condominium association is overseen by an elected board of directors (termed a Board of Administration). The board is responsible for managing the affairs of the association, has a fiduciary relationship with the unit owners, has the responsibility to act with the highest degree of good faith, and must place the interests of the unit owners above the personal interests of the directors.⁶⁹

To become a board member, a person may be:

- Elected to the board by the members of the association;⁷⁰ or

⁶³ Section 719.501(1), F.S.

⁶⁴ Sections 718.501(1) and 719.501(1), F.S.

⁶⁵ *Id.*

⁶⁶ Section 718.112(2)(f), F.S.

⁶⁷ Section 718.112(2)(e)1., F.S.

⁶⁸ Sections 718.112(2)(f) and 718.504(21), F.S.

⁶⁹ Sections 718.103(4), 718.111, and 718.112, F.S.

⁷⁰ Section 718.112(2)(d)4., F.S.

- Appointed to the board by the developer if the developer is still entitled to representation; or by the board of directors if a vacancy on the board occurs between meetings.⁷¹

A condominium association's bylaws establish the eligibility requirements to serve on the association's board of directors.⁷² However, current law also establishes minimum qualification to serve on an association's board of directors.⁷³ To serve as a director, a person may not:⁷⁴

- Be a co-owner of a unit with another director unless they own more than one unit or the condominium association is made up of less than ten units;
- Be delinquent in the payment of any monetary obligation to the condominium association;
- Have been previously suspended or removed from a condominium association's board of directors or by the FCTMH; or
- Have been convicted of a felony, under certain circumstances.⁷⁵

Chapter 718, F.S., does not define the terms "monetary obligation" or "delinquent." According to the DBPR, defining the term "delinquent" would assist in the FCTMH's investigation of cases in which the unit owner alleges they were left off of an election ballot because of a delinquent payment to the association.⁷⁶ The DBPR also maintains that it is the practice of a "controlling board of directors to issue fines to unit owners in an effort to limit the pool of eligible candidates who can compete in an election."⁷⁷

Condominium Ombudsman

The Office of the Ombudsman within the FCTMH is an attorney appointed by the Governor to be a neutral resource for unit owners and condominium associations. The ombudsman is authorized to prepare and issue reports and recommendations to the Governor, the FCTMH, and the Legislature on any matter or subject within the jurisdiction of the FCTMH. In addition, the ombudsman may make recommendations to the FCTMH for changes in rules and procedures for the filing, investigation, and resolution of complaints.⁷⁸

The ombudsman also acts as a liaison among the FCTMH, unit owners, and condominium associations and is responsible for developing policies and procedures to help affected parties understand their rights and responsibilities.⁷⁹

The ombudsman is required to maintain his or her principal office in Leon County.⁸⁰

⁷⁹ *Id.*

⁸⁰ Section 718.5014, F.S.

Effect of Proposed Changes

The bill amends s. 718.112(2)(d)2.F.S., to replace the term “monetary obligation” with the term “assessment.” The bill also provides that a person is delinquent if a payment is not made by the due date identified in the association’s declaration, articles of incorporation, or bylaws (governing documents). If no due date is specifically identified in the governing documents, the due date is the first day of the monthly or quarterly assessment period.

The bill amends s. 718.112(2)(f), F.S., to require a condominium association’s annual budget to be proposed to unit owners and adopted by the board of directors no later than 30 days before the beginning of the fiscal year. Under the bill, an association must also satisfy the 14-day notice requirement in s. 718.112(2)(e)1., F.S., for any meeting at which a proposed annual budget of an association will be considered by the board or unit owners.

The bill amends s. 718.501, F.S., to authorize the FCTMH to adopt rules regarding the submission of a complaint against a condominium association.

The bill amends s. 718.5014, F.S., to delete the requirement that the condominium ombudsman maintain his or her principal office in Leon County.

Effective Date

The bill has an effective date of July 1, 2020.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

According to the Department of Business and Professional Regulation (DBPR), the bill may reduce license fees paid by food and lodging licensees during their first 12 months of licensure. The Division of Hotels and Restaurants (DHR) estimates licensees will save approximately \$1.4 million in Fiscal Year 2020-2021 by the elimination of the staggered and prorated renewal schedule which would provide new licensees with a full year of licensure.⁸¹

C. Government Sector Impact:

According to the DBPR, “tax revenue may be maximized by the required electronic submission of tax reports” to the Division of Alcoholic Beverages and Tobacco.⁸²

For the DHR, the DBPR projects that the bill will reduce the division’s revenue by approximately 3.9 percent (approximately \$1.4 million) for Fiscal Year 2020-2021.⁸³

The DBPR indicates that the bill will require modifications to the department’s regulatory data system and the Electronic Data Submission system. The DBPR indicates that these modifications can be implemented using existing resources.⁸⁴

VI. Technical Deficiencies:

None.

VII. Related Issues:

According to the Florida Department of Law Enforcement (FDLE), to facilitate state and natural criminal history record checks, the FDLE recommends modifying the proposed language on lines 329-332 to read:

An applicant must submit a full set of fingerprints to the department or to a vendor, entity, or agency authorized by s. 943.053(13), F.S. The department, vendor, entity, or agency shall forward the fingerprints to the Department of Law Enforcement for state processing and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for national processing.

⁸¹ See Department of Business and Professional Regulation, *SB 912 Bill Analysis*, (Dec. 9, 2019) (on file with Senate Committee on Innovation, Industry, and Technology).

⁸² *Id.*

⁸³ *Id.*

⁸⁴ *Id.*

Fees for the state and federal fingerprint processing shall be borne by the applicant. The state cost for fingerprint processing shall be as provided in s. 943.053(3)(e), F.S., for records provided to persons or entities other than those specified as exceptions therein.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 210.09, 210.55, 509.241, 509.251, 548.003, 548.043, 561.01, 561.17, 561.20, 561.42, 561.55, 718.112, 718.501, 718.5014, 455.219, 548.002, 548.05, 548.071, and 548.077.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

The Committee on Appropriations (Book) recommended the following:

Senate Amendment (with title amendment)

Between lines 1035 and 1036

insert:

Section 15. Paragraph (a) of subsection (2) of section 849.0931, Florida Statutes, is amended, and paragraph (f) is added to subsection (11) of that section, to read:

849.0931 Bingo authorized; conditions for conduct; permitted uses of proceeds; limitations.—

(2) (a) None of the provisions of this chapter shall be

359406

11 construed to prohibit or prevent charitable, nonprofit, or
12 veterans' organizations engaged in charitable, civic, community,
13 benevolent, religious, or scholastic works or other similar
14 endeavors, which organizations have been in existence and active
15 for a period of 3 years or more, from conducting bingo games or
16 instant bingo, provided the entire proceeds derived from the
17 conduct of such games, less actual business expenses for
18 articles designed for and essential to the operation, conduct,
19 and playing of bingo or instant bingo, are donated by such
20 organizations to the endeavors mentioned above. In no case may
21 the net proceeds from the conduct of such games be used for any
22 other purpose whatsoever. The proceeds derived from the conduct
23 of bingo games or instant bingo shall not be considered
24 solicitation of public donations. A pari-mutuel permitholder who
25 holds a pari-mutuel permit issued under chapter 550 may allow
26 such charitable, nonprofit, or veterans' organization to conduct
27 bingo games or instant bingo at the pari-mutuel permitholder's
28 pari-mutuel facility.

29 (11) Bingo games or instant bingo may be held only on the
30 following premises:

31 (f) If a pari-mutuel permitholder has authorized a
32 charitable, nonprofit, or veterans' organization to conduct
33 bingo games or instant bingo pursuant to paragraph (2)(a), at
34 the pari-mutuel facility of the permitholder.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

59 examination.-

60 (2) The division is authorized to prescribe and promulgate
61 by rules and regulations, which shall have the force and effect
62 of the law, such records to be kept and reports to be made to
63 the division by any manufacturer, importer, distributing agent,
64 wholesale dealer, retail dealer, common carrier, or any other
65 person handling, transporting or possessing cigarettes for sale
66 or distribution within the state as may be necessary to collect
67 and properly distribute the taxes imposed by s. 210.02. All
68 reports shall be made on or before the 10th day of the month
69 following the month for which the report is made, unless the
70 division by rule or regulation shall prescribe that reports be
71 made more often. All reports shall be filed with the division
72 through the division's electronic data submission system.

73 Section 2. Subsection (1) of section 210.55, Florida
74 Statutes, is amended to read:

75 210.55 Distributors; monthly returns.-

76 (1) On or before the 10th of each month, every taxpayer
77 with a place of business in this state shall file a full and
78 complete report return with the division showing the tobacco
79 products taxable price of each tobacco product brought or caused
80 to be brought into this state for sale, or made, manufactured,
81 or fabricated in this state for sale in this state, during the
82 preceding month. Every taxpayer outside this state shall file a
83 full and complete report with the division through the
84 division's electronic data submission system return showing the
85 quantity and taxable price of each tobacco product shipped or
86 transported to retailers in this state, to be sold by those
87 retailers, during the preceding month. Reports must Returns

Page 3 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

88 ~~shall~~ be made upon forms furnished and prescribed by the
89 division and must ~~shall~~ contain any other information that the
90 division requires. Each report must return ~~shall~~ be accompanied
91 by a remittance for the full tax liability shown and be filed
92 with the division through the division's electronic data
93 submission system.

94 Section 3. Subsection (1) of section 509.241, Florida
95 Statutes, is amended to read:

96 509.241 Licenses required; exceptions.-

97 (1) LICENSES; ANNUAL RENEWALS.-Each public lodging
98 establishment and public food service establishment shall obtain
99 a license from the division. Such license may not be transferred
100 from one place or individual to another. It shall be a
101 misdemeanor of the second degree, punishable as provided in s.
102 775.082 or s. 775.083, for such an establishment to operate
103 without a license. Local law enforcement shall provide immediate
104 assistance in pursuing an illegally operating establishment. The
105 division may refuse a license, or a renewal thereof, to any
106 establishment that is not constructed and maintained in
107 accordance with law and with the rules of the division. The
108 division may refuse to issue a license, or a renewal thereof, to
109 any establishment an operator of which, within the preceding 5
110 years, has been adjudicated guilty of, or has forfeited a bond
111 when charged with, any crime reflecting on professional
112 character, including soliciting for prostitution, pandering,
113 letting premises for prostitution, keeping a disorderly place,
114 or illegally dealing in controlled substances as defined in
115 chapter 893, whether in this state or in any other jurisdiction
116 within the United States, or has had a license denied, revoked,

Page 4 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

117 or suspended pursuant to s. 429.14. Licenses shall be renewed
 118 annually, and the division shall adopt rules ~~a rule~~ establishing
 119 ~~procedures a staggered schedule~~ for license issuance and
 120 renewals. If any license expires while administrative charges
 121 are pending against the license, the proceedings against the
 122 license shall continue to conclusion as if the license were
 123 still in effect.

124 Section 4. Subsections (1) and (2) of section 509.251,
 125 Florida Statutes, are amended to read:

126 509.251 License fees.-

127 (1) The division shall adopt, by rule, a schedule of fees
 128 to be paid by each public lodging establishment as a
 129 prerequisite to issuance or renewal of a license. Such fees
 130 shall be based on the number of rental units in the
 131 establishment. The aggregate fee per establishment charged any
 132 public lodging establishment may not exceed \$1,000; however, the
 133 fees described in paragraphs (a) and (b) may not be included as
 134 part of the aggregate fee subject to this cap. Vacation rental
 135 units or timeshare projects within separate buildings or at
 136 separate locations but managed by one licensed agent may be
 137 combined in a single license application, and the division shall
 138 charge a license fee as if all units in the application are in a
 139 single licensed establishment. ~~The fee schedule shall require an~~
 140 ~~establishment which applies for an initial license to pay the~~
 141 ~~full license fee if application is made during the annual~~
 142 ~~renewal period or more than 6 months before the next such~~
 143 ~~renewal period and one half of the fee if application is made 6~~
 144 ~~months or less before such period.~~ The fee schedule shall
 145 include fees collected for the purpose of funding the

36-00914A-20

2020912__

146 Hospitality Education Program, pursuant to s. 509.302. All fees,
 147 ~~which~~ are payable in full for each application at the time
 148 ~~regardless of when~~ the application is submitted.

149 (a) Upon making initial application or an application for
 150 change of ownership, the applicant shall pay to the division a
 151 fee as prescribed by rule, not to exceed \$50, in addition to any
 152 other fees required by law, which shall cover all costs
 153 associated with initiating regulation of the establishment.

154 (b) A license renewal filed with the division after the
 155 expiration date shall be accompanied by a delinquent fee as
 156 prescribed by rule, not to exceed \$50, in addition to the
 157 renewal fee and any other fees required by law.

158 (2) The division shall adopt, by rule, a schedule of fees
 159 to be paid by each public food service establishment as a
 160 prerequisite to issuance or renewal of a license. The fee
 161 schedule shall prescribe a basic fee and additional fees based
 162 on seating capacity and services offered. The aggregate fee per
 163 establishment charged any public food service establishment may
 164 not exceed \$400; however, the fees described in paragraphs (a)
 165 and (b) may not be included as part of the aggregate fee subject
 166 to this cap. ~~The fee schedule shall require an establishment~~
 167 ~~which applies for an initial license to pay the full license fee~~
 168 ~~if application is made during the annual renewal period or more~~
 169 ~~than 6 months before the next such renewal period and one-half~~
 170 ~~of the fee if application is made 6 months or less before such~~
 171 ~~period.~~ The fee schedule shall include fees collected for the
 172 purpose of funding the Hospitality Education Program, pursuant
 173 to s. 509.302. All fees, ~~which~~ are payable in full for each
 174 application at the time ~~regardless of when~~ the application is

36-00914A-20

2020912__

175 submitted.

176 (a) Upon making initial application or an application for
177 change of ownership, the applicant shall pay to the division a
178 fee as prescribed by rule, not to exceed \$50, in addition to any
179 other fees required by law, which shall cover all costs
180 associated with initiating regulation of the establishment.

181 (b) A license renewal filed with the division after the
182 expiration date shall be accompanied by a delinquent fee as
183 prescribed by rule, not to exceed \$50, in addition to the
184 renewal fee and any other fees required by law.

185 Section 5. Section 548.003, Florida Statutes, is amended to
186 read:

187 548.003 Florida Athletic State Boxing Commission.—

188 (1) The Florida Athletic State Boxing Commission is created
189 and is assigned to the Department of Business and Professional
190 Regulation for administrative and fiscal accountability purposes
191 only. The ~~Florida State Boxing~~ commission shall consist of five
192 members appointed by the Governor, subject to confirmation by
193 the Senate. One member must be a physician licensed pursuant to
194 chapter 458 or chapter 459, who must maintain an unencumbered
195 license in good standing, and who must, at the time of her or
196 his appointment, have practiced medicine for at least 5 years.
197 Upon the expiration of the term of a commissioner, the Governor
198 shall appoint a successor to serve for a 4-year term. A
199 commissioner whose term has expired shall continue to serve on
200 the commission until such time as a replacement is appointed. If
201 a vacancy on the commission occurs prior to the expiration of
202 the term, it shall be filled for the unexpired portion of the
203 term in the same manner as the original appointment.

36-00914A-20

2020912__

204 (2) The ~~Florida State Boxing~~ commission, as created by
205 subsection (1), shall administer the provisions of this chapter.
206 The commission has authority to adopt rules pursuant to ss.
207 120.536(1) and 120.54 to implement the provisions of this
208 chapter and to implement each of the duties and responsibilities
209 conferred upon the commission, including, but not limited to:

210 (a) Development of an ethical code of conduct for
211 commissioners, commission staff, and commission officials.

212 (b) Facility and safety requirements relating to the ring,
213 floor plan and apron seating, emergency medical equipment and
214 services, and other equipment and services necessary for the
215 conduct of a program of matches.

216 (c) Requirements regarding a participant's apparel,
217 bandages, handwraps, gloves, mouthpiece, and appearance during a
218 match.

219 (d) Requirements relating to a manager's participation,
220 presence, and conduct during a match.

221 (e) Duties and responsibilities of all licensees under this
222 chapter.

223 (f) Procedures for hearings and resolution of disputes.

224 (g) Qualifications for appointment of referees and judges.

225 (h) Qualifications for and appointment of chief inspectors
226 and inspectors and duties and responsibilities of chief
227 inspectors and inspectors with respect to oversight and
228 coordination of activities for each program of matches regulated
229 under this chapter.

230 (i) Designation and duties of a knockdown timekeeper.

231 (j) Setting fee and reimbursement schedules for referees
232 and other officials appointed by the commission or the

36-00914A-20

2020912__

233 representative of the commission.

234 (k) Establishment of criteria for approval, disapproval,
 235 suspension of approval, and revocation of approval of amateur
 236 sanctioning organizations for amateur boxing, kickboxing, and
 237 mixed martial arts held in this state, including, but not
 238 limited to, the health and safety standards the organizations
 239 use before, during, and after the matches to ensure the health,
 240 safety, and well-being of the amateurs participating in the
 241 matches, including the qualifications and numbers of health care
 242 personnel required to be present, the qualifications required
 243 for referees, and other requirements relating to the health,
 244 safety, and well-being of the amateurs participating in the
 245 matches. The commission may adopt by rule, or incorporate by
 246 reference into rule, the health and safety standards of USA
 247 Boxing as the minimum health and safety standards for an amateur
 248 boxing sanctioning organization, the health and safety standards
 249 of the International Sport Kickboxing Association as the minimum
 250 health and safety standards for an amateur kickboxing
 251 sanctioning organization, and the minimum health and safety
 252 standards for an amateur mixed martial arts sanctioning
 253 organization. The commission shall review its rules for
 254 necessary revision at least every 2 years and may adopt by rule,
 255 or incorporate by reference into rule, the then-existing current
 256 health and safety standards of USA Boxing and the International
 257 Sport Kickboxing Association. The commission may adopt emergency
 258 rules to administer this paragraph.

259 (3) The commission shall maintain an office in Tallahassee.
 260 At the first meeting of the commission after June 1 of each
 261 year, the commission shall select a chair and a vice chair from

Page 9 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

262 among its membership. Three members shall constitute a quorum
 263 and the concurrence of at least three members is necessary for
 264 official commission action.

265 (4) Three consecutive unexcused absences or absences
 266 constituting 50 percent or more of the commission's meetings
 267 within any 12-month period shall cause the commission membership
 268 of the member in question to become void, and the position shall
 269 be considered vacant. The commission shall, by rule, define
 270 unexcused absences.

271 (5) Each commission member shall be accountable to the
 272 Governor for the proper performance of duties as a member of the
 273 commission. The Governor shall cause to be investigated any
 274 complaint or unfavorable report received by the Governor or the
 275 department concerning an action of the commission or any member
 276 and shall take appropriate action thereon. The Governor may
 277 remove from office any member for malfeasance, unethical
 278 conduct, misfeasance, neglect of duty, incompetence, permanent
 279 inability to perform official duties, or pleading guilty or nolo
 280 contendere to or being found guilty of a felony.

281 (6) Each member of the commission shall be compensated at
 282 the rate of \$50 for each day she or he attends a commission
 283 meeting and shall be reimbursed for other expenses as provided
 284 in s. 112.061.

285 (7) The commission shall be authorized to join and
 286 participate in the activities of the Association of Boxing
 287 Commissions (ABC).

288 (8) The department shall provide all legal and
 289 investigative services necessary to implement this chapter. The
 290 department may adopt rules as provided in ss. 120.536(1) and

Page 10 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

291 120.54 to carry out its duties under this chapter.

292 Section 6. Subsection (3) of section 548.043, Florida
293 Statutes, is amended to read:

294 548.043 Weights and classes, limitations; gloves.—

295 (3) The commission shall establish by rule the need for
296 gloves, if any, and the weight of any such gloves to be used in
297 each pugilistic match ~~the appropriate weight of gloves to be~~
298 ~~used in each boxing match; however, all participants in boxing~~
299 ~~matches shall wear gloves weighing not less than 8 ounces each~~
300 ~~and participants in mixed martial arts matches shall wear gloves~~
301 ~~weighing 4 to 8 ounces each. Participants shall wear such~~
302 protective devices as the commission deems necessary.

303 Section 7. Subsection (20) of section 561.01, Florida
304 Statutes, is amended to read:

305 561.01 Definitions.—As used in the Beverage Law:

306 ~~(20) "Permit carrier" means a licensee authorized to make~~
307 ~~deliveries as provided in s. 561.57.~~

308 Section 8. Subsections (1) and (2) of section 561.17,
309 Florida Statutes, are amended, and subsection (5) is added to
310 that section, to read:

311 561.17 License and registration applications; approved
312 person.—

313 (1) Any person, before engaging in the business of
314 manufacturing, bottling, distributing, selling, or in any way
315 dealing in alcoholic beverages, shall file, with the district
316 licensing personnel of the district of the division in which the
317 place of business for which a license is sought is located, a
318 sworn application in the format prescribed by the division. The
319 applicant must be a legal or business entity, person, or persons

36-00914A-20

2020912__

320 and must include all persons, officers, shareholders, and
321 directors of such legal or business entity that have a direct or
322 indirect interest in the business seeking to be licensed under
323 this part. However, the applicant does not include any person
324 that derives revenue from the license solely through a
325 contractual relationship with the licensee, the substance of
326 which contractual relationship is not related to the control of
327 the sale of alcoholic beverages. Before any application is
328 approved, the division may require the applicant to file a set
329 of fingerprints electronically through an approved electronic
330 fingerprinting vendor or on regular United States Department of
331 Justice forms prescribed by the Florida Department of Law
332 Enforcement for herself or himself and for any person or persons
333 interested directly or indirectly with the applicant in the
334 business for which the license is being sought, when required by
335 the division. If the applicant or any person who is interested
336 with the applicant either directly or indirectly in the business
337 or who has a security interest in the license being sought or
338 has a right to a percentage payment from the proceeds of the
339 business, either by lease or otherwise, is not qualified, the
340 division shall deny the application. However, any company
341 regularly traded on a national securities exchange and not over
342 the counter; any insurer, as defined in the Florida Insurance
343 Code; or any bank or savings and loan association chartered by
344 this state, another state, or the United States which has an
345 interest, directly or indirectly, in an alcoholic beverage
346 license is not required to obtain the division's approval of its
347 officers, directors, or stockholders or any change of such
348 positions or interests. A shopping center with five or more

36-00914A-20

2020912__

349 stores, one or more of which has an alcoholic beverage license
 350 and is required under a lease common to all shopping center
 351 tenants to pay no more than 10 percent of the gross proceeds of
 352 the business holding the license to the shopping center, is not
 353 considered as having an interest, directly or indirectly, in the
 354 license. A performing arts center, as defined in s. 561.01,
 355 which has an interest, directly or indirectly, in an alcoholic
 356 beverage license is not required to obtain division approval of
 357 its volunteer officers or directors or of any change in such
 358 positions or interests.

359 (2) All applications for any alcoholic beverage license
 360 must be accompanied by proof of the applicant's right of
 361 occupancy for the entire premises sought to be licensed. All
 362 applications for alcoholic beverage licenses for consumption on
 363 the premises shall be accompanied by a certificate of the
 364 Division of Hotels and Restaurants of the Department of Business
 365 and Professional Regulation, the Department of Agriculture and
 366 Consumer Services, the Department of Health, the Agency for
 367 Health Care Administration, or the county health department that
 368 the place of business wherein the business is to be conducted
 369 meets all of the sanitary requirements of the state.

370 (5) Any person or entity licensed or permitted by the
 371 division must provide an electronic mail address to the division
 372 to function as the primary contact for all communication by the
 373 division to the licensee or permittees. Licensees and permittees
 374 are responsible for maintaining accurate contact information on
 375 file with the division.

376 Section 9. Paragraph (a) of subsection (2) of section
 377 561.20, Florida Statutes, is amended to read:

Page 13 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

378 561.20 Limitation upon number of licenses issued.-

379 (2) (a) The limitation of the number of licenses as provided
 380 in this section does not prohibit the issuance of a special
 381 license to:

382 1. Any bona fide hotel, motel, or motor court of not fewer
 383 than 80 guest rooms in any county having a population of less
 384 than 50,000 residents, and of not fewer than 100 guest rooms in
 385 any county having a population of 50,000 residents or greater;
 386 or any bona fide hotel or motel located in a historic structure,
 387 as defined in s. 561.01(20) ~~s. 561.01(21)~~, with fewer than 100
 388 guest rooms which derives at least 51 percent of its gross
 389 revenue from the rental of hotel or motel rooms, which is
 390 licensed as a public lodging establishment by the Division of
 391 Hotels and Restaurants; provided, however, that a bona fide
 392 hotel or motel with no fewer than 10 and no more than 25 guest
 393 rooms which is a historic structure, as defined in s. 561.01(20)
 394 ~~s. 561.01(21)~~, in a municipality that on the effective date of
 395 this act has a population, according to the University of
 396 Florida's Bureau of Economic and Business Research Estimates of
 397 Population for 1998, of no fewer than 25,000 and no more than
 398 35,000 residents and that is within a constitutionally chartered
 399 county may be issued a special license. This special license
 400 shall allow the sale and consumption of alcoholic beverages only
 401 on the licensed premises of the hotel or motel. In addition, the
 402 hotel or motel must derive at least 60 percent of its gross
 403 revenue from the rental of hotel or motel rooms and the sale of
 404 food and nonalcoholic beverages; provided that this subparagraph
 405 shall supersede local laws requiring a greater number of hotel
 406 rooms;

Page 14 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

407 2. Any condominium accommodation of which no fewer than 100
 408 condominium units are wholly rentable to transients and which is
 409 licensed under chapter 509, except that the license shall be
 410 issued only to the person or corporation that operates the hotel
 411 or motel operation and not to the association of condominium
 412 owners;

413 3. Any condominium accommodation of which no fewer than 50
 414 condominium units are wholly rentable to transients, which is
 415 licensed under chapter 509, and which is located in any county
 416 having home rule under s. 10 or s. 11, Art. VIII of the State
 417 Constitution of 1885, as amended, and incorporated by reference
 418 in s. 6(e), Art. VIII of the State Constitution, except that the
 419 license shall be issued only to the person or corporation that
 420 operates the hotel or motel operation and not to the association
 421 of condominium owners;

422 4. A food service establishment that has 2,500 square feet
 423 of service area, is equipped to serve meals to 150 persons at
 424 one time, and derives at least 51 percent of its gross food and
 425 beverage revenue from the sale of food and nonalcoholic
 426 beverages during the first 120-day ~~60-day~~ operating period and
 427 the first each 12-month operating period thereafter. Subsequent
 428 audit timeframes must be based upon the audit percentage
 429 established by the most recent audit and conducted on a
 430 staggered scale as follows: level 1, 51 percent to 60 percent,
 431 every year; level 2, 61 percent to 75 percent, every 2 years;
 432 level 3, 76 percent to 90 percent, every 3 years; and level 4,
 433 91 percent to 100 percent, every 4 years. A food service
 434 establishment granted a special license on or after January 1,
 435 1958, pursuant to general or special law may not operate as a

36-00914A-20

2020912__

436 package store and may not sell intoxicating beverages under such
 437 license after the hours of serving or consumption of food have
 438 elapsed. Failure by a licensee to meet the required percentage
 439 of food and nonalcoholic beverage gross revenues during the
 440 covered operating period shall result in revocation of the
 441 license or denial of the pending license application. A licensee
 442 whose license is revoked or an applicant whose pending
 443 application is denied, or any person required to qualify on the
 444 special license application, is ineligible to have any interest
 445 in a subsequent application for such a license for a period of
 446 120 days after the date of the final denial or revocation;

447 5. Any caterer, deriving at least 51 percent of its gross
 448 food and beverage revenue from the sale of food and nonalcoholic
 449 beverages at each catered event, licensed by the Division of
 450 Hotels and Restaurants under chapter 509. This subparagraph does
 451 not apply to a culinary education program, as defined in s.
 452 381.0072(2), which is licensed as a public food service
 453 establishment by the Division of Hotels and Restaurants and
 454 provides catering services. Notwithstanding any law to the
 455 contrary, a licensee under this subparagraph shall sell or serve
 456 alcoholic beverages only for consumption on the premises of a
 457 catered event at which the licensee is also providing prepared
 458 food, and shall prominently display its license at any catered
 459 event at which the caterer is selling or serving alcoholic
 460 beverages. A licensee under this subparagraph shall purchase all
 461 alcoholic beverages it sells or serves at a catered event from a
 462 vendor licensed under s. 563.02(1), s. 564.02(1), or licensed
 463 under s. 565.02(1) subject to the limitation imposed in
 464 subsection (1), as appropriate. A licensee under this

36-00914A-20 2020912__

465 subparagraph may not store any alcoholic beverages to be sold or
 466 served at a catered event. Any alcoholic beverages purchased by
 467 a licensee under this subparagraph for a catered event that are
 468 not used at that event must remain with the customer; provided
 469 that if the vendor accepts unopened alcoholic beverages, the
 470 licensee may return such alcoholic beverages to the vendor for a
 471 credit or reimbursement. Regardless of the county or counties in
 472 which the licensee operates, a licensee under this subparagraph
 473 shall pay the annual state license tax set forth in s.
 474 565.02(1)(b). A licensee under this subparagraph must maintain
 475 for a period of 3 years all records and receipts for each
 476 catered event, including all contracts, customers' names, event
 477 locations, event dates, food purchases and sales, alcoholic
 478 beverage purchases and sales, nonalcoholic beverage purchases
 479 and sales, and any other records required by the department by
 480 rule to demonstrate compliance with the requirements of this
 481 subparagraph. Notwithstanding any law to the contrary, any
 482 vendor licensed under s. 565.02(1) subject to the limitation
 483 imposed in subsection (1), may, without any additional licensure
 484 under this subparagraph, serve or sell alcoholic beverages for
 485 consumption on the premises of a catered event at which prepared
 486 food is provided by a caterer licensed under chapter 509. If a
 487 licensee under this subparagraph also possesses any other
 488 license under the Beverage Law, the license issued under this
 489 subparagraph shall not authorize the holder to conduct
 490 activities on the premises to which the other license or
 491 licenses apply that would otherwise be prohibited by the terms
 492 of that license or the Beverage Law. Nothing in this section
 493 shall permit the licensee to conduct activities that are

36-00914A-20 2020912__

494 otherwise prohibited by the Beverage Law or local law. The
 495 Division of Alcoholic Beverages and Tobacco is hereby authorized
 496 to adopt rules to administer the license created in this
 497 subparagraph, to include rules governing licensure,
 498 recordkeeping, and enforcement. The first \$300,000 in fees
 499 collected by the division each fiscal year pursuant to this
 500 subparagraph shall be deposited in the Department of Children
 501 and Families' Operations and Maintenance Trust Fund to be used
 502 only for alcohol and drug abuse education, treatment, and
 503 prevention programs. The remainder of the fees collected shall
 504 be deposited into the Hotel and Restaurant Trust Fund created
 505 pursuant to s. 509.072; or
 506 6. A culinary education program as defined in s.
 507 381.0072(2) which is licensed as a public food service
 508 establishment by the Division of Hotels and Restaurants.
 509 a. This special license shall allow the sale and
 510 consumption of alcoholic beverages on the licensed premises of
 511 the culinary education program. The culinary education program
 512 shall specify designated areas in the facility where the
 513 alcoholic beverages may be consumed at the time of application.
 514 Alcoholic beverages sold for consumption on the premises may be
 515 consumed only in areas designated pursuant to s. 561.01(11) and
 516 may not be removed from the designated area. Such license shall
 517 be applicable only in and for designated areas used by the
 518 culinary education program.
 519 b. If the culinary education program provides catering
 520 services, this special license shall also allow the sale and
 521 consumption of alcoholic beverages on the premises of a catered
 522 event at which the licensee is also providing prepared food. A

36-00914A-20 2020912__

523 culinary education program that provides catering services is
 524 not required to derive at least 51 percent of its gross revenue
 525 from the sale of food and nonalcoholic beverages.
 526 Notwithstanding any law to the contrary, a licensee that
 527 provides catering services under this sub-subparagraph shall
 528 prominently display its beverage license at any catered event at
 529 which the caterer is selling or serving alcoholic beverages.
 530 Regardless of the county or counties in which the licensee
 531 operates, a licensee under this sub-subparagraph shall pay the
 532 annual state license tax set forth in s. 565.02(1)(b). A
 533 licensee under this sub-subparagraph must maintain for a period
 534 of 3 years all records required by the department by rule to
 535 demonstrate compliance with the requirements of this sub-
 536 subparagraph.

537 c. If a licensee under this subparagraph also possesses any
 538 other license under the Beverage Law, the license issued under
 539 this subparagraph does not authorize the holder to conduct
 540 activities on the premises to which the other license or
 541 licenses apply that would otherwise be prohibited by the terms
 542 of that license or the Beverage Law. Nothing in this
 543 subparagraph shall permit the licensee to conduct activities
 544 that are otherwise prohibited by the Beverage Law or local law.
 545 Any culinary education program that holds a license to sell
 546 alcoholic beverages shall comply with the age requirements set
 547 forth in ss. 562.11(4), 562.111(2), and 562.13.

548 d. The Division of Alcoholic Beverages and Tobacco may
 549 adopt rules to administer the license created in this
 550 subparagraph, to include rules governing licensure,
 551 recordkeeping, and enforcement.

36-00914A-20 2020912__

552 e. A license issued pursuant to this subparagraph does not
 553 permit the licensee to sell alcoholic beverages by the package
 554 for off-premises consumption.
 555

556 However, any license heretofore issued to any such hotel, motel,
 557 motor court, or restaurant or hereafter issued to any such
 558 hotel, motel, or motor court, including a condominium
 559 accommodation, under the general law shall not be moved to a new
 560 location, such license being valid only on the premises of such
 561 hotel, motel, motor court, or restaurant. Licenses issued to
 562 hotels, motels, motor courts, or restaurants under the general
 563 law and held by such hotels, motels, motor courts, or
 564 restaurants on May 24, 1947, shall be counted in the quota
 565 limitation contained in subsection (1). Any license issued for
 566 any hotel, motel, or motor court under this law shall be issued
 567 only to the owner of the hotel, motel, or motor court or, in the
 568 event the hotel, motel, or motor court is leased, to the lessee
 569 of the hotel, motel, or motor court; and the license shall
 570 remain in the name of the owner or lessee so long as the license
 571 is in existence. Any special license now in existence heretofore
 572 issued under this law cannot be renewed except in the name of
 573 the owner of the hotel, motel, motor court, or restaurant or, in
 574 the event the hotel, motel, motor court, or restaurant is
 575 leased, in the name of the lessee of the hotel, motel, motor
 576 court, or restaurant in which the license is located and must
 577 remain in the name of the owner or lessee so long as the license
 578 is in existence. Any license issued under this section shall be
 579 marked "Special," and nothing herein provided shall limit,
 580 restrict, or prevent the issuance of a special license for any

36-00914A-20

2020912__

581 restaurant or motel which shall hereafter meet the requirements
 582 of the law existing immediately prior to the effective date of
 583 this act, if construction of such restaurant has commenced prior
 584 to the effective date of this act and is completed within 30
 585 days thereafter, or if an application is on file for such
 586 special license at the time this act takes effect; and any such
 587 licenses issued under this proviso may be annually renewed as
 588 now provided by law. Nothing herein prevents an application for
 589 transfer of a license to a bona fide purchaser of any hotel,
 590 motel, motor court, or restaurant by the purchaser of such
 591 facility or the transfer of such license pursuant to law.

592 Section 10. Subsection (4) of section 561.42, Florida
 593 Statutes, is amended to read:

594 561.42 Tied house evil; financial aid and assistance to
 595 vendor by manufacturer, distributor, importer, primary American
 596 source of supply, brand owner or registrant, or any broker,
 597 sales agent, or sales person thereof, prohibited; procedure for
 598 enforcement; exception.—

599 (4) Before the division shall so declare and prohibit such
 600 sales to such vendor, ~~it shall,~~ within 2 days after receipt of
 601 such notice, the division shall give written notice to such
 602 vendor by electronic mail of the receipt by the division of such
 603 notification of delinquency and such vendor shall be directed to
 604 forthwith make payment thereof or, upon failure to do so, to
 605 show cause before the division why further sales to such vendor
 606 shall not be prohibited. Good and sufficient cause to prevent
 607 such action by the division may be made by showing payment,
 608 failure of consideration, or any other defense which would be
 609 considered sufficient in a common-law action. The vendor shall

Page 21 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

610 have 5 days after service receipt of such notice via electronic
 611 mail within which to show such cause, and he or she may demand a
 612 hearing thereon, provided he or she does so in writing within
 613 said 5 days, such written demand to be delivered to the division
 614 either in person, by electronic mail, or by due course of mail
 615 within such 5 days. If no such demand for hearing is made, the
 616 division shall thereupon declare in writing to such vendor and
 617 to all manufacturers and distributors within the state that all
 618 further sales to such vendor are prohibited until such time as
 619 the division certifies in writing that such vendor has fully
 620 paid for all liquors previously purchased. In the event such
 621 prohibition of sales and declaration thereof to the vendor,
 622 manufacturers, and distributors is ordered by the division, the
 623 vendor may seek review of such decision by the Department of
 624 Business and Professional Regulation within 5 days. In the event
 625 application for such review is filed within such time, such
 626 prohibition of sales shall not be made, published, or declared
 627 until final disposition of such review by the department.

628 Section 11. Subsection (2) of section 561.55, Florida
 629 Statutes, is amended to read:

630 561.55 Manufacturers', distributors', brokers', sales
 631 agents', importers', vendors', and exporters' records and
 632 reports.—

633 (2) Each manufacturer, distributor, broker, sales agent,
 634 and importer shall make a full and complete report by the 10th
 635 day of each month for the previous calendar month. The report
 636 ~~must be shall be made out in triplicate; two copies shall be~~
 637 ~~sent to the division, and the third copy shall be retained for~~
 638 ~~the manufacturer's, distributor's, broker's, sales agent's, or~~

Page 22 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

639 ~~importer's record. Reports shall be made on forms prepared and~~
 640 ~~furnished by the division and filed with the division through~~
 641 the division's electronic data submission system.

642 Section 12. Paragraphs (d) and (f) of subsection (2) of
 643 section 718.112, Florida Statutes, are amended to read:

644 718.112 Bylaws.—

645 (2) REQUIRED PROVISIONS.—The bylaws shall provide for the
 646 following and, if they do not do so, shall be deemed to include
 647 the following:

648 (d) *Unit owner meetings.*—

649 1. An annual meeting of the unit owners must be held at the
 650 location provided in the association bylaws and, if the bylaws
 651 are silent as to the location, the meeting must be held within
 652 45 miles of the condominium property. However, such distance
 653 requirement does not apply to an association governing a
 654 timeshare condominium.

655 2. Unless the bylaws provide otherwise, a vacancy on the
 656 board caused by the expiration of a director's term must be
 657 filled by electing a new board member, and the election must be
 658 by secret ballot. An election is not required if the number of
 659 vacancies equals or exceeds the number of candidates. For
 660 purposes of this paragraph, the term "candidate" means an
 661 eligible person who has timely submitted the written notice, as
 662 described in sub-subparagraph 4.a., of his or her intention to
 663 become a candidate. Except in a timeshare or nonresidential
 664 condominium, or if the staggered term of a board member does not
 665 expire until a later annual meeting, or if all members' terms
 666 would otherwise expire but there are no candidates, the terms of
 667 all board members expire at the annual meeting, and such members

36-00914A-20

2020912__

668 may stand for reelection unless prohibited by the bylaws. Board
 669 members may serve terms longer than 1 year if permitted by the
 670 bylaws or articles of incorporation. A board member may not
 671 serve more than 8 consecutive years unless approved by an
 672 affirmative vote of unit owners representing two-thirds of all
 673 votes cast in the election or unless there are not enough
 674 eligible candidates to fill the vacancies on the board at the
 675 time of the vacancy. If the number of board members whose terms
 676 expire at the annual meeting equals or exceeds the number of
 677 candidates, the candidates become members of the board effective
 678 upon the adjournment of the annual meeting. Unless the bylaws
 679 provide otherwise, any remaining vacancies shall be filled by
 680 the affirmative vote of the majority of the directors making up
 681 the newly constituted board even if the directors constitute
 682 less than a quorum or there is only one director. In a
 683 residential condominium association of more than 10 units or in
 684 a residential condominium association that does not include
 685 timeshare units or timeshare interests, co-owners of a unit may
 686 not serve as members of the board of directors at the same time
 687 unless they own more than one unit or unless there are not
 688 enough eligible candidates to fill the vacancies on the board at
 689 the time of the vacancy. A unit owner in a residential
 690 condominium desiring to be a candidate for board membership must
 691 comply with sub-subparagraph 4.a. and must be eligible to be a
 692 candidate to serve on the board of directors at the time of the
 693 deadline for submitting a notice of intent to run in order to
 694 have his or her name listed as a proper candidate on the ballot
 695 or to serve on the board. A person who has been suspended or
 696 removed by the division under this chapter, or who is delinquent

36-00914A-20 2020912__

697 in the payment of any ~~assessment monetary obligation~~ due to the
 698 association, is not eligible to be a candidate for board
 699 membership and may not be listed on the ballot. A person is
 700 delinquent if a payment is not made by the due date as
 701 specifically identified in the declaration of condominium,
 702 bylaws, or articles of incorporation. If a due date is not
 703 specifically identified in the declaration of condominium,
 704 bylaws, or articles of incorporation, the due date is the first
 705 day of the monthly or quarterly assessment period. A person who
 706 has been convicted of any felony in this state or in a United
 707 States District or Territorial Court, or who has been convicted
 708 of any offense in another jurisdiction which would be considered
 709 a felony if committed in this state, is not eligible for board
 710 membership unless such felon's civil rights have been restored
 711 for at least 5 years as of the date such person seeks election
 712 to the board. The validity of an action by the board is not
 713 affected if it is later determined that a board member is
 714 ineligible for board membership due to having been convicted of
 715 a felony. This subparagraph does not limit the term of a member
 716 of the board of a nonresidential or timeshare condominium.

717 3. The bylaws must provide the method of calling meetings
 718 of unit owners, including annual meetings. Written notice must
 719 include an agenda, must be mailed, hand delivered, or
 720 electronically transmitted to each unit owner at least 14 days
 721 before the annual meeting, and must be posted in a conspicuous
 722 place on the condominium property at least 14 continuous days
 723 before the annual meeting. Upon notice to the unit owners, the
 724 board shall, by duly adopted rule, designate a specific location
 725 on the condominium property where all notices of unit owner

36-00914A-20 2020912__

726 meetings must be posted. This requirement does not apply if
 727 there is no condominium property for posting notices. In lieu
 728 of, or in addition to, the physical posting of meeting notices,
 729 the association may, by reasonable rule, adopt a procedure for
 730 conspicuously posting and repeatedly broadcasting the notice and
 731 the agenda on a closed-circuit cable television system serving
 732 the condominium association. However, if broadcast notice is
 733 used in lieu of a notice posted physically on the condominium
 734 property, the notice and agenda must be broadcast at least four
 735 times every broadcast hour of each day that a posted notice is
 736 otherwise required under this section. If broadcast notice is
 737 provided, the notice and agenda must be broadcast in a manner
 738 and for a sufficient continuous length of time so as to allow an
 739 average reader to observe the notice and read and comprehend the
 740 entire content of the notice and the agenda. In addition to any
 741 of the authorized means of providing notice of a meeting of the
 742 board, the association may, by rule, adopt a procedure for
 743 conspicuously posting the meeting notice and the agenda on a
 744 website serving the condominium association for at least the
 745 minimum period of time for which a notice of a meeting is also
 746 required to be physically posted on the condominium property.
 747 Any rule adopted shall, in addition to other matters, include a
 748 requirement that the association send an electronic notice in
 749 the same manner as a notice for a meeting of the members, which
 750 must include a hyperlink to the website where the notice is
 751 posted, to unit owners whose e-mail addresses are included in
 752 the association's official records. Unless a unit owner waives
 753 in writing the right to receive notice of the annual meeting,
 754 such notice must be hand delivered, mailed, or electronically

36-00914A-20

2020912__

755 transmitted to each unit owner. Notice for meetings and notice
 756 for all other purposes must be mailed to each unit owner at the
 757 address last furnished to the association by the unit owner, or
 758 hand delivered to each unit owner. However, if a unit is owned
 759 by more than one person, the association must provide notice to
 760 the address that the developer identifies for that purpose and
 761 thereafter as one or more of the owners of the unit advise the
 762 association in writing, or if no address is given or the owners
 763 of the unit do not agree, to the address provided on the deed of
 764 record. An officer of the association, or the manager or other
 765 person providing notice of the association meeting, must provide
 766 an affidavit or United States Postal Service certificate of
 767 mailing, to be included in the official records of the
 768 association affirming that the notice was mailed or hand
 769 delivered in accordance with this provision.

770 4. The members of the board of a residential condominium
 771 shall be elected by written ballot or voting machine. Proxies
 772 may not be used in electing the board in general elections or
 773 elections to fill vacancies caused by recall, resignation, or
 774 otherwise, unless otherwise provided in this chapter. This
 775 subparagraph does not apply to an association governing a
 776 timeshare condominium.

777 a. At least 60 days before a scheduled election, the
 778 association shall mail, deliver, or electronically transmit, by
 779 separate association mailing or included in another association
 780 mailing, delivery, or transmission, including regularly
 781 published newsletters, to each unit owner entitled to a vote, a
 782 first notice of the date of the election. A unit owner or other
 783 eligible person desiring to be a candidate for the board must

Page 27 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

784 give written notice of his or her intent to be a candidate to
 785 the association at least 40 days before a scheduled election.
 786 Together with the written notice and agenda as set forth in
 787 subparagraph 3., the association shall mail, deliver, or
 788 electronically transmit a second notice of the election to all
 789 unit owners entitled to vote, together with a ballot that lists
 790 all candidates. Upon request of a candidate, an information
 791 sheet, no larger than 8 1/2 inches by 11 inches, which must be
 792 furnished by the candidate at least 35 days before the election,
 793 must be included with the mailing, delivery, or transmission of
 794 the ballot, with the costs of mailing, delivery, or electronic
 795 transmission and copying to be borne by the association. The
 796 association is not liable for the contents of the information
 797 sheets prepared by the candidates. In order to reduce costs, the
 798 association may print or duplicate the information sheets on
 799 both sides of the paper. The division shall by rule establish
 800 voting procedures consistent with this sub-subparagraph,
 801 including rules establishing procedures for giving notice by
 802 electronic transmission and rules providing for the secrecy of
 803 ballots. Elections shall be decided by a plurality of ballots
 804 cast. There is no quorum requirement; however, at least 20
 805 percent of the eligible voters must cast a ballot in order to
 806 have a valid election. A unit owner may not authorize any other
 807 person to vote his or her ballot, and any ballots improperly
 808 cast are invalid. A unit owner who violates this provision may
 809 be fined by the association in accordance with s. 718.303. A
 810 unit owner who needs assistance in casting the ballot for the
 811 reasons stated in s. 101.051 may obtain such assistance. The
 812 regular election must occur on the date of the annual meeting.

Page 28 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

813 Notwithstanding this sub-subparagraph, an election is not
 814 required unless more candidates file notices of intent to run or
 815 are nominated than board vacancies exist.

816 b. Within 90 days after being elected or appointed to the
 817 board of an association of a residential condominium, each newly
 818 elected or appointed director shall certify in writing to the
 819 secretary of the association that he or she has read the
 820 association's declaration of condominium, articles of
 821 incorporation, bylaws, and current written policies; that he or
 822 she will work to uphold such documents and policies to the best
 823 of his or her ability; and that he or she will faithfully
 824 discharge his or her fiduciary responsibility to the
 825 association's members. In lieu of this written certification,
 826 within 90 days after being elected or appointed to the board,
 827 the newly elected or appointed director may submit a certificate
 828 of having satisfactorily completed the educational curriculum
 829 administered by a division-approved condominium education
 830 provider within 1 year before or 90 days after the date of
 831 election or appointment. The written certification or
 832 educational certificate is valid and does not have to be
 833 resubmitted as long as the director serves on the board without
 834 interruption. A director of an association of a residential
 835 condominium who fails to timely file the written certification
 836 or educational certificate is suspended from service on the
 837 board until he or she complies with this sub-subparagraph. The
 838 board may temporarily fill the vacancy during the period of
 839 suspension. The secretary shall cause the association to retain
 840 a director's written certification or educational certificate
 841 for inspection by the members for 5 years after a director's

Page 29 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

842 election or the duration of the director's uninterrupted tenure,
 843 whichever is longer. Failure to have such written certification
 844 or educational certificate on file does not affect the validity
 845 of any board action.

846 c. Any challenge to the election process must be commenced
 847 within 60 days after the election results are announced.

848 5. Any approval by unit owners called for by this chapter
 849 or the applicable declaration or bylaws, including, but not
 850 limited to, the approval requirement in s. 718.111(8), must be
 851 made at a duly noticed meeting of unit owners and is subject to
 852 all requirements of this chapter or the applicable condominium
 853 documents relating to unit owner decisionmaking, except that
 854 unit owners may take action by written agreement, without
 855 meetings, on matters for which action by written agreement
 856 without meetings is expressly allowed by the applicable bylaws
 857 or declaration or any law that provides for such action.

858 6. Unit owners may waive notice of specific meetings if
 859 allowed by the applicable bylaws or declaration or any law.
 860 Notice of meetings of the board of administration, unit owner
 861 meetings, except unit owner meetings called to recall board
 862 members under paragraph (j), and committee meetings may be given
 863 by electronic transmission to unit owners who consent to receive
 864 notice by electronic transmission. A unit owner who consents to
 865 receiving notices by electronic transmission is solely
 866 responsible for removing or bypassing filters that block receipt
 867 of mass emails sent to members on behalf of the association in
 868 the course of giving electronic notices.

869 7. Unit owners have the right to participate in meetings of
 870 unit owners with reference to all designated agenda items.

Page 30 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

871 However, the association may adopt reasonable rules governing
872 the frequency, duration, and manner of unit owner participation.

873 8. A unit owner may tape record or videotape a meeting of
874 the unit owners subject to reasonable rules adopted by the
875 division.

876 9. Unless otherwise provided in the bylaws, any vacancy
877 occurring on the board before the expiration of a term may be
878 filled by the affirmative vote of the majority of the remaining
879 directors, even if the remaining directors constitute less than
880 a quorum, or by the sole remaining director. In the alternative,
881 a board may hold an election to fill the vacancy, in which case
882 the election procedures must conform to sub-subparagraph 4.a.
883 unless the association governs 10 units or fewer and has opted
884 out of the statutory election process, in which case the bylaws
885 of the association control. Unless otherwise provided in the
886 bylaws, a board member appointed or elected under this section
887 shall fill the vacancy for the unexpired term of the seat being
888 filled. Filling vacancies created by recall is governed by
889 paragraph (j) and rules adopted by the division.

890 10. This chapter does not limit the use of general or
891 limited proxies, require the use of general or limited proxies,
892 or require the use of a written ballot or voting machine for any
893 agenda item or election at any meeting of a timeshare
894 condominium association or nonresidential condominium
895 association.

896
897 Notwithstanding subparagraph (b)2. and sub-subparagraph 4.a., an
898 association of 10 or fewer units may, by affirmative vote of a
899 majority of the total voting interests, provide for different

36-00914A-20

2020912__

900 voting and election procedures in its bylaws, which may be by a
901 proxy specifically delineating the different voting and election
902 procedures. The different voting and election procedures may
903 provide for elections to be conducted by limited or general
904 proxy.

905 (f) *Annual budget.*—

906 1. The proposed annual budget of estimated revenues and
907 expenses must be detailed and must show the amounts budgeted by
908 accounts and expense classifications, including, at a minimum,
909 any applicable expenses listed in s. 718.504(21). The annual
910 budget must be proposed to unit owners and adopted by the board
911 of directors no later than 30 days before the beginning of the
912 fiscal year. A multicondominium association shall adopt a
913 separate budget of common expenses for each condominium the
914 association operates and shall adopt a separate budget of common
915 expenses for the association. In addition, if the association
916 maintains limited common elements with the cost to be shared
917 only by those entitled to use the limited common elements as
918 provided for in s. 718.113(1), the budget or a schedule attached
919 to it must show the amount budgeted for this maintenance. If,
920 after turnover of control of the association to the unit owners,
921 any of the expenses listed in s. 718.504(21) are not applicable,
922 they need not be listed.

923 2.a. In addition to annual operating expenses, the budget
924 must include reserve accounts for capital expenditures and
925 deferred maintenance. These accounts must include, but are not
926 limited to, roof replacement, building painting, and pavement
927 resurfacing, regardless of the amount of deferred maintenance
928 expense or replacement cost, and any other item that has a

36-00914A-20 2020912__
 929 deferred maintenance expense or replacement cost that exceeds
 930 \$10,000. The amount to be reserved must be computed using a
 931 formula based upon estimated remaining useful life and estimated
 932 replacement cost or deferred maintenance expense of each reserve
 933 item. The association may adjust replacement reserve assessments
 934 annually to take into account any changes in estimates or
 935 extension of the useful life of a reserve item caused by
 936 deferred maintenance. This subsection does not apply to an
 937 adopted budget in which the members of an association have
 938 determined, by a majority vote at a duly called meeting of the
 939 association, to provide no reserves or less reserves than
 940 required by this subsection.

941 b. Before turnover of control of an association by a
 942 developer to unit owners other than a developer pursuant to s.
 943 718.301, the developer may vote the voting interests allocated
 944 to its units to waive the reserves or reduce the funding of
 945 reserves through the period expiring at the end of the second
 946 fiscal year after the fiscal year in which the certificate of a
 947 surveyor and mapper is recorded pursuant to s. 718.104(4)(e) or
 948 an instrument that transfers title to a unit in the condominium
 949 which is not accompanied by a recorded assignment of developer
 950 rights in favor of the grantee of such unit is recorded,
 951 whichever occurs first, after which time reserves may be waived
 952 or reduced only upon the vote of a majority of all nondeveloper
 953 voting interests voting in person or by limited proxy at a duly
 954 called meeting of the association. If a meeting of the unit
 955 owners has been called to determine whether to waive or reduce
 956 the funding of reserves and no such result is achieved or a
 957 quorum is not attained, the reserves included in the budget

36-00914A-20 2020912__
 958 shall go into effect. After the turnover, the developer may vote
 959 its voting interest to waive or reduce the funding of reserves.

960 3. Reserve funds and any interest accruing thereon shall
 961 remain in the reserve account or accounts, and may be used only
 962 for authorized reserve expenditures unless their use for other
 963 purposes is approved in advance by a majority vote at a duly
 964 called meeting of the association. Before turnover of control of
 965 an association by a developer to unit owners other than the
 966 developer pursuant to s. 718.301, the developer-controlled
 967 association may not vote to use reserves for purposes other than
 968 those for which they were intended without the approval of a
 969 majority of all nondeveloper voting interests, voting in person
 970 or by limited proxy at a duly called meeting of the association.

971 4. The only voting interests that are eligible to vote on
 972 questions that involve waiving or reducing the funding of
 973 reserves, or using existing reserve funds for purposes other
 974 than purposes for which the reserves were intended, are the
 975 voting interests of the units subject to assessment to fund the
 976 reserves in question. Proxy questions relating to waiving or
 977 reducing the funding of reserves or using existing reserve funds
 978 for purposes other than purposes for which the reserves were
 979 intended must contain the following statement in capitalized,
 980 bold letters in a font size larger than any other used on the
 981 face of the proxy ballot: WAIVING OF RESERVES, IN WHOLE OR IN
 982 PART, OR ALLOWING ALTERNATIVE USES OF EXISTING RESERVES MAY
 983 RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED
 984 SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.

985 Section 13. Paragraph (m) of subsection (1) of section
 986 718.501, Florida Statutes, is amended to read:

36-00914A-20

2020912__

987 718.501 Authority, responsibility, and duties of Division
 988 of Florida Condominiums, Timeshares, and Mobile Homes.—
 989 (1) The division may enforce and ensure compliance with the
 990 provisions of this chapter and rules relating to the
 991 development, construction, sale, lease, ownership, operation,
 992 and management of residential condominium units. In performing
 993 its duties, the division has complete jurisdiction to
 994 investigate complaints and enforce compliance with respect to
 995 associations that are still under developer control or the
 996 control of a bulk assignee or bulk buyer pursuant to part VII of
 997 this chapter and complaints against developers, bulk assignees,
 998 or bulk buyers involving improper turnover or failure to
 999 turnover, pursuant to s. 718.301. However, after turnover has
 1000 occurred, the division has jurisdiction to investigate
 1001 complaints related only to financial issues, elections, and unit
 1002 owner access to association records pursuant to s. 718.111(12).
 1003 (m) If a complaint is made, the division must conduct its
 1004 inquiry with due regard for the interests of the affected
 1005 parties. Within 30 days after receipt of a complaint, the
 1006 division shall acknowledge the complaint in writing and notify
 1007 the complainant whether the complaint is within the jurisdiction
 1008 of the division and whether additional information is needed by
 1009 the division from the complainant. The division shall conduct
 1010 its investigation and, within 90 days after receipt of the
 1011 original complaint or of timely requested additional
 1012 information, take action upon the complaint. However, the
 1013 failure to complete the investigation within 90 days does not
 1014 prevent the division from continuing the investigation,
 1015 accepting or considering evidence obtained or received after 90

Page 35 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20

2020912__

1016 days, or taking administrative action if reasonable cause exists
 1017 to believe that a violation of this chapter or a rule has
 1018 occurred. If an investigation is not completed within the time
 1019 limits established in this paragraph, the division shall, on a
 1020 monthly basis, notify the complainant in writing of the status
 1021 of the investigation. When reporting its action to the
 1022 complainant, the division shall inform the complainant of any
 1023 right to a hearing pursuant to ss. 120.569 and 120.57. The
 1024 division may adopt rules regarding the submission of a complaint
 1025 against an association.

1026 Section 14. Section 718.5014, Florida Statutes, is amended
 1027 to read:

1028 718.5014 Ombudsman location.—The ombudsman shall maintain
 1029 his or her principal office at a in Leon County on the premises
 1030 of the division or, if suitable space cannot be provided there,
 1031 at another place convenient to the offices of the division which
 1032 will enable the ombudsman to expeditiously carry out the duties
 1033 and functions of his or her office. The ombudsman may establish
 1034 branch offices elsewhere in the state upon the concurrence of
 1035 the Governor.

1036 Section 15. Subsection (1) of section 455.219, Florida
 1037 Statutes, is amended to read:

1038 455.219 Fees; receipts; disposition; periodic management
 1039 reports.—

1040 (1) Each board within the department shall determine by
 1041 rule the amount of license fees for its profession, based upon
 1042 department-prepared long-range estimates of the revenue required
 1043 to implement all provisions of law relating to the regulation of
 1044 professions by the department and any board; however, when the

Page 36 of 39

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

36-00914A-20 2020912__

1045 department has determined, based on the long-range estimates of
 1046 such revenue, that a profession's trust fund moneys are in
 1047 excess of the amount required to cover the necessary functions
 1048 of the board, or the department when there is no board, the
 1049 department may adopt rules to implement a waiver of license
 1050 renewal fees for that profession for a period not to exceed 2
 1051 years, as determined by the department. Each board, or the
 1052 department when there is no board, shall ensure license fees are
 1053 adequate to cover all anticipated costs and to maintain a
 1054 reasonable cash balance, as determined by rule of the
 1055 department, with advice of the applicable board. If sufficient
 1056 action is not taken by a board within 1 year of notification by
 1057 the department that license fees are projected to be inadequate,
 1058 the department shall set license fees on behalf of the
 1059 applicable board to cover anticipated costs and to maintain the
 1060 required cash balance. The department shall include recommended
 1061 fee cap increases in its annual report to the Legislature.
 1062 Further, it is legislative intent that no regulated profession
 1063 operate with a negative cash balance. The department may provide
 1064 by rule for the advancement of sufficient funds to any
 1065 profession or the Florida Athletic State Boxing Commission
 1066 operating with a negative cash balance. Such advancement may be
 1067 for a period not to exceed 2 consecutive years and shall require
 1068 interest to be paid by the regulated profession. Interest shall
 1069 be calculated at the current rate earned on Professional
 1070 Regulation Trust Fund investments. Interest earned shall be
 1071 allocated to the various funds in accordance with the allocation
 1072 of investment earnings during the period of the advance.
 1073 Section 16. Subsection (4) of section 548.002, Florida

36-00914A-20 2020912__

1074 Statutes, is amended to read:
 1075 548.002 Definitions.—As used in this chapter, the term:
 1076 (4) "Commission" means the Florida Athletic State Boxing
 1077 Commission.
 1078 Section 17. Subsections (3) and (4) of section 548.05,
 1079 Florida Statutes, are amended to read:
 1080 548.05 Control of contracts.—
 1081 (3) The commission may require that each contract contain
 1082 language authorizing the ~~Florida State Boxing~~ commission to
 1083 withhold any or all of any manager's share of a purse in the
 1084 event of a contractual dispute as to entitlement to any portion
 1085 of a purse. The commission may establish rules governing the
 1086 manner of resolution of such dispute. In addition, if the
 1087 commission deems it appropriate, the commission is hereby
 1088 authorized to implead interested parties over any disputed funds
 1089 into the appropriate circuit court for resolution of the dispute
 1090 prior to release of all or any part of the funds.
 1091 (4) Each contract subject to this section shall contain the
 1092 following clause: "This agreement is subject to the provisions
 1093 of chapter 548, Florida Statutes, and to the rules of the
 1094 Florida Athletic State Boxing Commission and to any future
 1095 amendments of either."
 1096 Section 18. Subsection (12) of section 548.071, Florida
 1097 Statutes, is amended to read:
 1098 548.071 Suspension or revocation of license or permit by
 1099 commission.—The commission may suspend or revoke a license or
 1100 permit if the commission finds that the licensee or permittee:
 1101 (12) Has been disciplined by the ~~Florida State Boxing~~
 1102 commission or similar agency or body of any jurisdiction.

36-00914A-20

2020912__

1103 Section 19. Section 548.077, Florida Statutes, is amended
1104 to read:

1105 548.077 Florida Athletic State Boxing Commission;
1106 collection and disposition of moneys.—All fees, fines,
1107 forfeitures, and other moneys collected under the provisions of
1108 this chapter shall be paid by the commission to the Chief
1109 Financial Officer who, after the expenses of the commission are
1110 paid, shall deposit them in the Professional Regulation Trust
1111 Fund to be used for the administration and operation of the
1112 commission and to enforce the laws and rules under its
1113 jurisdiction. In the event the unexpended balance of such moneys
1114 collected under the provisions of this chapter exceeds \$250,000,
1115 any excess of that amount shall be deposited in the General
1116 Revenue Fund.

1117 Section 20. This act shall take effect July 1, 2020.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 998 addresses several housing issues related to development zoning; the provision of affordable housing; and regulation, ownership, and tenancy related to mobile homes, mobile home parks, and related homeowners' associations.

With respect to zoning and affordable housing, the bill includes provisions that:

- Notwithstanding other laws and regulations, authorize local governments to approve the development of affordable housing on any parcel zoned for residential, commercial, or industrial use;
- Allow a local government to adopt an ordinance to allow accessory dwelling units in any area zoned for single-family residential use;
- Require the reporting of impact fee charges data within the annual financial audit report submitted to the Department of Financial Services;
- Require reporting on annual expenditures for affordable housing in reports of economic status information to the Office of Economic and Demographic Research.
- Authorize the Florida Housing Finance Corporation (FHFC) to preclude applicants and affiliates of applicants from participation in FHFC programs for certain actions and provide procedures for such preclusion.
- Require the evaluation of additional local government contribution criteria within applications submitted for State Apartment Incentive Loan Program funding;

- Transition the “pilot” features of a workforce housing program into the Community Workforce Housing Loan Program, administered by the FHFC;
- Establish biannual regional workshops for locally elected officials serving on affordable housing advisory committees to identify and share best affordable housing practices;
- Add data reporting within a State Housing Initiatives Partnership Program participant’s submissions to the FHFC on affordable housing applications approved and denied; and
- Permit the FHFC to prioritize a portion of the State Apartment Incentive Loan Program funds set aside for persons with special needs, to provide funding for the development of newly constructed permanent rental housing on a campus that provides housing for persons in foster care or persons aging out of foster care.

With respect to housing issues related to mobile homes, the bill includes provisions that:

- Allow a mobile home dealer to display a model of a manufactured home;
- Exempt a recreational vehicle dealer from the garage liability insurance requirements if it only sells park trailers;
- Clarify provisions exempting mobile home park owners from the jurisdiction of the Public Service Commission when the park owners provide water and wastewater;
- Revise when a mobile home park owner can require a mobile home owner to make improvements;
- Require a mobile home park owner to amend the prospectus and increase shared facilities when adding lots;
- Create a strict prohibition to prevent the park owner from passing on to mobile home owners taxes in an amount in excess of what is actually paid to the tax collector;
- Allow the mobile home park owner to give notice of lot rental increases for multiple anniversary dates at the same time;
- Permit a mobile home park damaged or destroyed by wind, water, or other natural force to be rebuilt on the same site with the same density as was approved, permitted, and built before being damaged or destroyed;
- Allow a mobile home buyer to assume the seller’s prospectus or be offered a new prospectus by the park owner;
- Require mobile home owner to receive written permission from park owner before exterior modifications or additions;
- Require the mobile home park owner to notify the Department of Business and Professional Regulation, who in turn notifies the Florida Mobile Home Relocation Company, when tenants will be evicted due to a change in land use;
- Revise numerous rights, obligations, and record retention requirements of a mobile home park homeowners’ association, including how elections are conducted; and
- Require certain disputes between the homeowners’ association and a member to be resolved via mandatory binding arbitration at the Department of Business and Professional Regulation.

The Department of Business and Professional Regulation and the FHFC will incur costs to implement the provisions of the bill.

The bill has an effective date of July 1, 2020.

II. Present Situation:

The various features of the bill principally address housing issues affecting local government development zoning, impact fees, and affordable housing in chs. 125, 163, 166, 196, 420, and 423, F.S., and statutes governing mobile homes within chs. 320, 367, and 723, F.S. The Present Situation within these general topic groupings is included in the Effect of Proposed Changes.

III. Effect of Proposed Changes:

Bill Sections Addressing Development Zoning, Impact Fees, and Affordable Housing

Zoning for Affordable Housing (Sections 1 and 5)

Present Situation

Comprehensive Plans and Land Use Regulation

The Growth Management Act requires every city and county to create and implement a comprehensive plan to guide future development. A locality's comprehensive plan lays out the locations for future public facilities, including roads, water and sewer facilities, neighborhoods, parks, schools, and commercial and industrial developments.

- The land use element of the plan designates proposed future general distribution, location, and extent of the uses of land. Specified use designations include those for residential, commercial, industry, agriculture, recreation, conservation, education, and public facilities.¹
- The housing element of the plan sets forth guidelines and strategies for the creation and preservation of affordable housing for all current and anticipated future residents of the jurisdiction, elimination of substandard housing conditions, provision of adequate sites for future housing, and distribution of housing for a range of incomes and types.²

Development that does not conform to the comprehensive plan may not be approved by a local government unless the local government amends its comprehensive plan first. State law requires a proposed comprehensive plan amendment to receive public hearings, the first held by the local planning board.³ The local government must then hold an initial public hearing regarding the proposed amendment and subsequently transmit it to several statutorily identified reviewing agencies, including the Department of Economic Opportunity (DEO), the relevant Regional Planning Council, and adjacent local governments that request to participate in the review process.⁴ The process for approving comprehensive plan amendments is bifurcated. Most plan amendments are placed into the Expedited State Review Process, while plan amendments relating to large-scale developments are placed into the State Coordinated Review Process.⁵

¹ Section 163.3177(6)(a), F.S.

² Section 163.3177(6)(f), F.S.

³ Sections 163.3174(4)(a) and 163.3184, F.S.

⁴ Section 163.3184, F.S.

⁵ See ss. 163.3184 and 380.06, F.S.

Local governments regulate aspects of land development by enacting ordinances that address local zoning, rezoning, subdivision, building construction, landscaping, tree protection, or sign regulations or any other regulations controlling the development of land.⁶

Sections 125.66 and 166.041, F.S., outline regular and emergency ordinance adoption procedures for counties and municipalities. Ordinances or resolutions that change the actual list of permitted, conditional, or prohibited uses within a zoning category or ordinances or resolutions initiated by the local government that change the actual zoning map designation of a parcel or parcels of land must follow additional enhanced procedures and requirements.⁷

Affordable Housing

Affordable housing is defined in terms of household income. Housing is considered affordable when monthly rent or mortgage payments including taxes and insurance do not exceed 30 percent of the household income.⁸ Resident eligibility for Florida's state and federally funded housing programs is typically governed by area median income (AMI) levels, published annually by the U.S. Department of Housing and Urban Development (HUD) for every county and metropolitan area. The following are standard household income level definitions and their relationship to the 2019 Florida state median of \$65,100 for a family of four (as family size increases or decreases, the income range also increases or decreases):⁹

- Extremely low income – earning up to 30 percent AMI (at or below \$19,550);¹⁰
- Very low income – earning from 30.01 to 50 percent AMI (\$19,551 to \$32,550);¹¹
- Low income – earning from 50.01 to 80 percent AMI (\$32,551 to \$52,100);¹² and
- Moderate income – earning from 80.01 to 120 percent of AMI (\$52,100 to \$78,120).¹³

Statutory Guidance on County and Municipal Affordable Housing

In 2001, the Legislature created ss. 125.01055¹⁴ and 166.04151, F.S.,¹⁵ respectively authorizing a county or municipality, notwithstanding any other provision of law, to “adopt and maintain in effect any law, ordinance, rule, or other measure that is adopted for the purpose of increasing the supply of affordable housing using land use mechanisms such as inclusionary housing ordinances.”

⁶ See ss. 163.3164 and 163.3213, F.S. Pursuant to s. 163.3213, F.S., substantially affected persons have the right to maintain administrative actions which assure that land development regulations implement and are consistent with the local comprehensive plan.

⁷ See sections 125.66(4) and 166.041(3), F.S.

⁸ Section 420.0004(3), F.S. Public housing, commonly referred to as Section 8 Housing, is provided by local housing agencies (HAs) for low-income residents. Funding for HAs is provided directly from HUD.

⁹ U.S. Department of Housing and Urban Development, *Income Limits, Access Individual Income Limits Areas – Click Here for FY 2019 IL Documentation*, April 24, 2019, available at <https://www.huduser.gov/portal/datasets/il.html#2019> (last visited February 21, 2020).

¹⁰ Section 420.0004(9), F.S.

¹¹ Section 420.0004(17), F.S.

¹² Section 420.0004(11), F.S.

¹³ Section 420.0004(12), F.S.

¹⁴ Section 16, ch. 2001-252, Laws of Fla.

¹⁵ Section 15, ch. 2001-252, Laws of Fla.

“Inclusionary housing ordinances (often called inclusionary “zoning” ordinances) are land use regulations that require affordable housing units to be provided in conjunction with the development of market rate units.”¹⁶ The intent of the ordinances is to increase the production of affordable housing in general and also in specific geographic areas that might otherwise not include affordable housing.¹⁷

Effect of Proposed Changes

Sections 1 and 5 amend ss. 125.01055 and 166.04151, F.S., to – notwithstanding any other law or local ordinance or regulation to the contrary – authorize the board of a county commission and the governing body of a municipality, respectively, to approve the development of affordable housing on any parcel zoned for residential, commercial, or industrial use. This will allow the development of affordable housing on such parcels without regard to the locality’s comprehensive plan.

Local Government Reporting (Sections 2, 4, and 6)

Present Situation

Local Government Impact Fees

Impact fees are amounts imposed by local governments to fund local infrastructure required to provide for increased local services needs caused by new growth.¹⁸ Adopted by ordinance of a county, municipality, or special district, impact fees must meet the minimum criteria, including that the local government adopting the impact fee must account for and report fee collections and expenditures.¹⁹

The types of impact fees, amounts, and timing of collection are within the discretion of the local government authorities choosing to impose the fees. Impact fees vary from jurisdiction to jurisdiction and from fee to fee. Impact fees also vary extensively depending on local costs, capacity needs, resources, and the local government’s determination to charge the full cost or only part of the cost of the infrastructure improvement through utilization of the impact fee.

The 2017 Affordable Housing Workgroup²⁰ was charged with providing recommendations for, among other components, a review of land use for affordable housing developments.²¹ The review included fee impacts of fees such as impact fees, exactions, mitigation fees, and development fees.²² To provide context to workgroup members, the Florida Housing Finance Corporation queried local State Housing Initiatives Partnership administrators regarding impact fee calculations and waivers in their locales. Based on responses from approximately two-thirds of those surveyed, nearly 25 percent did not currently assess any impact fees. For the remaining

²⁰ Chapter 2017-71, Laws of Fla.

²¹ Section 46, ch. 2017-71, Laws of Fla.

²² Florida Housing Finance Corporation, *Affordable Housing Workgroup Final Report 2017*, December 19, 2017, p. 23, available at https://issuu.com/fhfc/docs/ahwg-report_2017-web (last visited February 21, 2018).

cities and counties that did impose impact fees, the fees were calculated using a combination of methodologies, including by square footage, number of bedrooms, geographic location, resident status as a senior citizen, or as a flat fee. Approximately 30 percent of the reporting entities indicated the existence of mechanisms to waive fees in part or whole for affordable housing development.²³

Local Government Financial and Economic Status Reporting

Counties, district school boards, charter schools, charter technical career centers, and certain municipalities and special districts must submit annual financial audit to the Auditor General no later than 9 months of the close of the entity's fiscal year.²⁴ Additionally, a local government, including a special district, is required to submit an annual financial report to the Department of Financial Services no later than 9 months of the close of the local government's fiscal year.²⁵ Local government entities complete and electronically submit their annual financial reports to the Department of Financial Services Bureau of Local Government via the bureau's web-based system called Local Government Electronic Reporting (LOGER).²⁶

In addition to the above local government financial reporting, ch. 2019-56, Laws of Fla., amended ss. 129.03 and 166.241, F.S., to require counties and municipalities respectively to report certain economic status information to the Office of Economic and Demographic Research. This includes information on government spending and debt per resident, median income, average local government employee salary, percentage of budget spent on employee salaries and benefits, and the number of taxing districts.

Effect of Proposed Changes

Section 4 amends s. 163.31801, F.S., to require each county, municipality, and special district to include, in their annual financial reports, the following information pertaining to impact fees imposed:

- The specific purpose of each impact fee, including the specific infrastructure need to be met, such as transportation, parks, water, sewer, and schools.
- The impact fee schedule policy describing the method of calculating impact fees, such as flat fees, tiered scales based on number of bedrooms, and tiered scales based on square footage.
- The amount assessed for each purpose and type of dwelling.
- The total amount of impact fees charged by type of dwelling.
- Each exception and waiver provided for construction or development of affordable housing.

Section 2 amends s. 129.03, F.S., and **section 6** amends s. 166.241, F.S., to require county and municipalities to include annual expenditures for affordable housing in their reports to the Office of Economic and Demographic Research. The information must include expenditures for financing, acquisition, construction, reconstruction, and rehabilitation and must indicate the funding sources (federal, state, local, or other). The information must be included in the report of economic status information annually beginning October 15, 2020.

²⁵ Section 218.32, F.S.

²⁶ LOGER is available at <https://apps.fldfs.com/LocalGov/Reports/> (last visited Feb. 21, 2020).

Accessory Dwelling Units (Section 3)

Present Situation

An accessory dwelling unity (ADU) is an ancillary or secondary living unit that has a separate kitchen, bathroom, and sleeping area existing either within the same structure, or on the same lot, as the primary dwelling unit.²⁷ Section 163.31771, F.S., finds that encouraging local governments to permit ADUs to increase the availability of affordable rentals serves a public purpose. A local government may adopt an ordinance allowing ADUs in any area zoned for single-family residential use based upon a finding that there is a shortage of affordable rentals in its jurisdiction.²⁸

Each ADU allowed by an ordinance under s. 163.31771, F.S., counts towards the affordable housing component of the housing element in the local government's comprehensive plan.²⁹ An application for a building permit to construct such ADUs must include an affidavit which attests that the unit will be rented at an affordable rate to an extremely-low-income, very-low-income, low-income, or moderate-income person or persons.³⁰

In 2019, the Florida Housing Coalition published the *Accessory Dwelling Unit Guidebook*.³¹ The stated intent of the guidebook is to address the challenges and benefits a community might face as it considers allowing the implementation of ADUs and the guidebook presents a range of alternatives for local governments and other stakeholders to consider and evaluate. Among other data points, the guidebook found that:

- Of Florida's 67 counties, 16 did not address any ADU in their land development codes; and
- Of the 15 most populous cities in Florida, 11 of them explicitly allow ADUs in single-family districts.³²

Effect of Proposed Changes

Section 3 amends s. 163.31771, F.S., to allow a local government to adopt an ordinance to allow ADUs in any area zoned for single family residential use. The ordinance would not be conditioned upon a finding that there is a shortage of affordable rentals within the local jurisdiction.

²⁷ Section 163.31771(2)(a), F.S. ADUs are sometimes referred to as "granny flats" to denote their use in accommodating the housing needs of aging parents. ADUs have the potential to make the primary home more affordable by creating rental income for the homeowner, while also providing affordable rental housing.

²⁸ Section 163.31771(3), F.S.

²⁹ Section 163.31771(5), F.S.

³⁰ Section 163.31771(4), F.S. The parameters defining the various income designations are specified in s 420.0004, F.S.

³¹ See Florida Housing Coalition, *Accessory Dwelling Unit Guidebook*, May 2019, available at <https://www.flhousing.org/wp-content/uploads/2019/08/ADU-Guidebook.pdf> (last visited February 13, 2020).

³² *Id.* at 19.

State Apartment Incentive Loan (SAIL) Program: Local Government Contributions (Section 13)

Present Situation

The SAIL program provides low-interest loans on a competitive basis to affordable housing developers as gap financing for the construction or substantial rehabilitation of multifamily affordable housing developments.³³ Applicant may include individuals, public entities, nonprofit organizations, or for-profit organizations that propose the construction or substantial rehabilitation of multifamily units affordable to very-low-income individuals and families. In most cases, the SAIL loan cannot exceed 25 percent of the total development cost and can be used in conjunction with other state and federal programs.

The FHFC administers the SAIL program and is required to establish a review committee for the competitive evaluation and selection of applications submitted. The evaluation criteria include local government contributions and local government comprehensive planning and activities that promote affordable housing.³⁴

Effect of Proposed Changes

Section 13 amends s. 420.5087(6), F.S., add components to the evaluation criteria related to local government in the review and selection process of applications. The additional components for evaluation are local government policies that promote access to public transportation, reduce the need for on-site parking, and expedite permits for affordable housing projects.

Community Workforce Housing Innovation Pilot Program (Section 14)

Present Situation

Established by ch. 2006-69, Laws of Fla., the Community Workforce Housing Innovation Pilot Program (CWHIP) was created for the purpose of providing affordable rental and home ownership community workforce housing for essential services personnel with medium incomes in high-cost and high-growth counties. Designed to use regulatory incentives and state and local funds to promote local public-private partnerships and to leverage government and private sources, the FHFC administered the program in 2006 and 2007.³⁵

The CWHIP targeted households earning higher incomes than traditionally served through other affordable housing programs to create homeowner or rental housing for persons such as teachers, firefighters, healthcare providers, and others as defined by local governments. Households earning up to 140 percent of area median income (AMI) could be served through the program with that provision rising up to 150 percent of AMI in the Florida Keys.³⁶

³³ See s. 420.5087, F.S., and Florida Housing Finance Corporation, *State Apartment Incentive Loan, Background*, for information cited in this section, available at <http://www.floridahousing.org/programs/developers-multifamily-programs/state-apartment-incentive-loan> (last visited February 22, 2020).

³⁴ Section 420.5087(6)(c), F.S.

³⁵ Section 420.5095(2), F.S. See also Specific Appropriation 1658A, s. 5, ch. 2006-25, Laws of Fla.; and Specific Appropriation 1694, s. 5, 2007-72, Laws of Fla.

³⁶ Section 420.5095(3)(a), F.S.

CWHIP provided priority funding consideration to projects in counties where the disparity between the AMI and the median sales price for a single family home was greatest. Priority funding consideration was specified where:³⁷

- The local jurisdiction established local incentives such as expedited reviews of development orders and permits and supported development near transportation hubs;
- Financial strategies like tax increment financing were utilized;
- Projects were innovative, including mixed-use elements; and
- Projects set aside at least 80 percent of units for workforce housing and at least 50 percent for essential services personnel.

The CWHIP loans were awarded with a 1 to 3 percent interest rate and could be forgiven where long-term affordability was provided and where at least 80 percent of the units were set aside for workforce housing and at least 50 percent of the units were set aside for essential services.³⁸

The FHFC administered two rounds of funding for CWHIP: \$50 million in October of 2006 and \$62.4 million in December of 2007.³⁹

Effect of Proposed Changes

Section 14 amends s. 420.5095, F.S., to transition the “pilot” features of a workforce housing program into the Community Workforce Housing Loan Program, administered by the FHFC. Households earning up to 80 percent of AMI will be served through the program with that provision rising up to 120 percent of AMI in the Florida Keys. The FHFC is required to establish a loan application process pursuant to the SAIL program provisions under s. 420.5087, F.S., and all application requirements of the former CWHIP program are repealed.

Priority funding consideration is specified where:

- The local jurisdiction establishes local incentives such as expedited reviews of development orders and permits and supported development near transportation hubs; and
- Financial strategies like tax increment financing are utilized.

The FHFC is required to award loans with a 1 percent interest rate for a term not to exceed 15 years. The FHFC is authorized to adopt rules to implement this program.

Funding Transitional Housing for Persons Aging out of Foster Care (Section 13)

Present Situation

Affordable Housing Funding for Special Needs Populations

For purposes of affordable housing, s. 420.0004(13), F.S., defines a person with special needs as:

- An adult requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition.

³⁷ Section 420.5095(8), F.S.

³⁸ Section 420.5095(11), F.S.

³⁹ See Florida Housing Finance Corporation, *2007 Annual Report*, at p. 3, and *2008 Annual Report*, at p. 11, available at <http://www.floridahousing.org/docs/default-source/data-docs-and-reports/annual-reports/2007AnnualReport.pdf> and http://www.floridahousing.org/docs/default-source/data-docs-and-reports/annual-reports/2008AnnualReport_CDfile.pdf (both sites last visited February 22, 2020).

- A young adult formerly in foster care who is eligible for services under the Road-to-Independence Program.⁴⁰
- A survivor of domestic violence.
- A person receiving benefits under the Social Security Disability Insurance program or the Supplemental Security Income program or from veterans' disability benefits.

According to the statewide 2019 Rental Market Study, the estimates of rental households with persons with special needs were 2,574 youth aging out of foster care, 7,836 survivors of domestic violence, and 104,273 cost burdened renter households receiving disability-related Social Security, SSI, and veterans' benefits statewide.⁴¹

FHFC is authorized to make SAIL program funds available during the first six months of SAIL funding availability for recipients who set aside at least 20 percent of the units in the project for certain tenant groups, including persons with special needs. Within each notice of fund availability, at least 10 percent must be for the tenant groups.

Section 420.507(48), F.S., requires the FHFC to reserve up to 5 percent of certain annual allocations⁴² for high-priority affordable housing projects for veterans and their families and for other special needs populations. The FHFC must reserve an additional 5 percent of each allocation for affordable housing projects that target persons who have a disabling condition.⁴³ Each local government participating in the State Housing Initiatives Partnership program must use a minimum of 20 percent of its local housing distribution to serve persons with special needs.⁴⁴

Services and Support for Youth Aging Out of Foster Care

Sections 39.6251 and 409.1451, F.S., require the Department of Children and Families to administer an array of independent living services to eligible young adults ranging in ages 18-22 (not yet 23), including supports in making the transition to self-sufficiency.⁴⁵

Extended Foster Care (EFC) provides eligible young adults the option of remaining in foster care until the age of 21 or until the age of 22 if they have a disability. EFC is a voluntary program that requires the young adult to agree to participate in school, work, or a work training program in accordance with federal and state guidelines. Exceptions and accommodations are made for young adults with a documented disability.

⁴⁰ See s. 409.1451, F.S.

⁴¹ Shimberg Center for Housing Studies, University of Florida, *2019 Rental Market Study*, May 2019, available at http://www.shimberg.ufl.edu/publications/RMS_2019.pdf (last visited February 13, 2020). The Rental Market Study defines "cost burdened" to mean the household is paying at least 40 percent of income toward gross rent.

⁴² These allocations include those for low-income housing tax credits, nontaxable revenue bonds, and SAIL funds appropriated by the Legislature.

⁴³ Section 420.0004(7), F.S., defines "disabling condition."

⁴⁴ Section 420.9075(5)(d), F.S.

⁴⁵ Information in this section related to independent living services and extended foster care is drawn from the Department of Children and Families, *Independent Living Services Annual Report*, January 31, 2019, available at <https://www.myflfamilies.com/service-programs/child-welfare/docs/2019LMRs/Independent%20Living%20Services%202018%20Annual%20Report.pdf> (last visited February 22, 2020).

Effect of Proposed Changes

Section 13 amends s. 420.5087(10), F.S., to authorize the FHFC to prioritize a portion of the SAIL program funds set aside under s. 420.5087(3)(d), F.S., for persons with special needs, to provide funding for the development of newly constructed permanent rental housing on a campus that provides housing for persons in foster care or persons aging out of foster care under the Road-to-Independence Program. The housing must promote and facilitate access to community-based supportive, educational, and employment services and resources that assist persons aging out of foster care to successfully transition to independent living and adulthood. The FHFC must consult with the Department of Children and Families to create minimum criteria for such housing.

Affordable Housing Workshops for Locally Elected Officials Utilizing the Catalyst and the State Housing Initiatives Partnership (SHIP) Programs (Sections 15 and 17)

Present Situation

Affordable Housing Catalyst Program

Section 420.531, F.S., directs the FHFC to operate the Affordable Housing Catalyst Program (Catalyst Program) to provide specialized technical support to local governments and community-based organizations to implement the HOME Investment Partnership Program, the SHIP program, and other affordable housing programs.⁴⁶ The FHFC currently contracts with the Florida Housing Coalition to provide Catalyst Program training and technical assistance.⁴⁷

The Florida Housing Coalition's technical assistance team consists of a geographically dispersed network of personnel who provide on-site and telephone or e-mail technical assistance as well as training through workshops and webinars.⁴⁸ This technical assistance targets local governments and nonprofit organizations and includes:⁴⁹

- Leveraging program dollars with other public and private funding sources;
- Working effectively with lending institutions;
- Implementing regulatory reform;
- Training for boards of directors;
- Implementing rehabilitation and emergency repair programs;
- Assisting with the creation of fiscal and program tracking systems; and
- Meeting compliance requirements of state and federally funded housing programs.

⁴⁶ To the maximum extent feasible, the entity to provide the necessary expertise must be recognized by the Internal Revenue Service as a nonprofit tax-exempt organization. It must have a primary mission of providing training and technical assistance on affordable housing, an ability to provide the services statewide, and a proven track record of providing the services under the Catalyst Program.

⁴⁷ *Contract for Affordable Housing Catalyst Services between Florida Housing Finance Corporation and the Florida Housing Coalition, Inc.*, July 1, 2019, available at https://www.floridahousing.org/docs/default-source/legal/contracts/2019/014-2019---the-florida-housing-coalition-inc---affordable-housing-catalyst-program-services.pdf?sfvrsn=c09dea7b_2 (last visited February 22, 2020).

⁴⁸ Florida Housing Coalition's 2019/2020 Catalyst Training Schedule is available at <https://www.floridahousing.org/docs/default-source/programs/special-programs/catalyst/training-schedule-catalyst-2019-2020.pdf?sfvrsn=2>. ⁴⁹ See s. 420.531(1), F.S.

State Housing Initiatives Partnership (SHIP) Program

Administered by the FHFC, the SHIP program provides funds to all 67 counties and 52 Community Development Block Grant entitlement cities on a population-based formula to finance and preserve affordable housing based on locally adopted housing plans.⁵⁰ The program targets very-low-, low-, and moderate-income families

Subject to specific appropriation, funds are distributed quarterly to local governments participating in the program.⁵¹ Funds are expended per each local government's adopted Local Housing Assistance Plan (LHAP), which details the housing strategies it will use.⁵² Local governments submit their LHAPs to the FHFC for review to ensure that they meet the broad statutory guidelines and the requirements of the program rules. The FHFC must approve an LHAP before a local government may receive the SHIP funding.

SHIP Incentive Strategies and Advisory Committee

Within 12 months of adopting a LHAP, each participating local government must amend the plan to include local housing incentive strategies.⁵³ The strategies must:

- Assure that permits for affordable housing projects are expedited;
- Establish an ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing; and
- Include a schedule for implementing the incentive strategies.⁵⁴

Local governments must appoint members to an Affordable Housing Advisory Committee (AHAC) to triennially review the established policies and procedures, ordinances, land development regulations, and adopted local government comprehensive plan.⁵⁵ The AHAC is comprised of local citizens representing a range of affordable housing stakeholders.⁵⁶ At a minimum, each AHAC must submit a report to the local governing body on certain affordable housing incentives including:

- The processing of approvals of development orders or permits for affordable housing.
- The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.
- The allowance of flexibility in densities for affordable housing.
- The allowance of affordable accessory residential units in residential zoning districts.
- The reduction of parking and setback requirements for affordable housing.

Local governments that receive the minimum allocation under the SHIP⁵⁷ must perform the initial incentives review but may elect to not perform the subsequent triennial reviews.

⁵⁰ See ss. 420.907-420.9089, F.S.

⁵¹ Section 420.9073, F.S.

⁵² Section 420.9075, F.S.

⁵³ Section 420.9076(1), F.S.

⁵⁴ Section 420.9071(16), F.S.

⁵⁵ Section 420.9076(4), F.S.

⁵⁶ Section 420.9076(2), F.S.

⁵⁷ Pursuant to s. 420.9073(3), F.S., the minimum local housing distribution is \$350,000.

Effect of Proposed Changes

Section 15 amends s. 420.531, F.S., to establish biannual regional workshops for locally elected officials serving on AHACs. The Florida Housing Coalition⁵⁸ will administer and conduct the workshops with the intent of facilitating peer-to-peer identification and sharing of affordable housing best practices. Workshops may be conducted through teleconferencing or other technological means. Annual reports summarizing each region's deliberations and recommendations, as well as local official attendance records, must be submitted to the President of the Senate, the Speaker of the House, and the FHFC by March 31 of the following year.

The bill also amends the Catalyst Program to include SAIL among the programs listed for which the Florida Housing Coalition may provide technical support.

Section 17 amends s. 420.9076, F.S., to modify requirements of the AHACs. Effective October 1, 2020, at least one locally elected official from each participating SHIP county or municipality must serve on the advisory committee. This official, or a locally elected designee, must attend the biannual regional workshops on affordable housing best practices. If a locally elected official fails to attend three consecutive regional workshops, the FHFC may withhold the participating SHIP entity's funds pending the person's attendance at the next regularly scheduled biannual meeting.

The bill also requires annual, rather than triennial, AHAC reviews of local policies and provisions affecting affordable housing. The annual report of advisory committee reviews and recommendations must be submitted to the local governing body and to the Florida Housing Coalition. In addition, the report must include information about all allowable fee waivers provided for affordable housing, instead of the just the modification of impact-fee requirements.

Annual SHIP Entity Reporting Submissions to Florida Housing (Section 16)

Present Situation

Section 420.9075(10), F.S., requires each local government participating in the SHIP to annually submit a report of its affordable housing programs and accomplishments to the FHFC. The local government's chief elected official or his or her designee must certify the report as accurate and complete.⁵⁹ Among the many items included in the report are:

- The number of households served by income category, age, family size, and race, and data regarding any special needs populations;
- The number of units and the average cost of producing units under each local housing assistance strategy;
- By income category, the number of mortgages made, the average mortgage amount, and the rate of default; and
- A description of the status of implementation of each local housing incentive strategy.⁶⁰

⁵⁸ The entity that provides the statewide training and technical assistance under s. 420.531, F.S.

⁵⁹ Section 420.9075(11), F.S., requires report to be made available for public inspection and comment prior to certifying and transmitting it to the FHFC.

⁶⁰ Section 420.9075(10), F.S.

If, as a review of the report, the FHFC determines that the local government has a pattern of violation of the criteria for its LHAP or that an eligible sponsor or eligible person has violated the applicable award conditions, then the FHFC reports the violation to its compliance monitoring agent and the Governor. If a violation is deemed to have occurred, the distribution of program funds to the local government must be suspended until the violation is corrected.⁶¹

Effect of Proposed Changes

Section 16 amends s. 420.9075(10), F.S., to require the annual report by the local government to include data on the number of affordable housing applications submitted, approved, and denied.

Material Misrepresentations or Fraudulent Actions by Applicants (Section 12)

Present Situation

Section 420.507(35), F.S., authorizes the FHFC to preclude any applicant or affiliate of an applicant from further participation in any FHFC program if that applicant or affiliate made a material misrepresentation or engaged in fraudulent action in connection with any application for a program.

If the FHFC board of directors determines that an applicant or any principal, financial beneficiary, or affiliate of the applicant has made a material misrepresentation or engaged in fraudulent actions in connection with any application for a FHFC program, then an applicant will be ineligible for funding or allocation in any program administered by the corporation.⁶²

There is a rebuttable presumption that an applicant has engaged in fraudulent actions if the applicant or its principal, financial beneficiary, or affiliate has:⁶³

- Been convicted of fraud, theft, or misappropriation of funds.
- Been excluded from federal or Florida procurement programs for any reason.
- Been convicted of a felony in connection with any FHFC program.
- Offered or given consideration with respect to a local contribution, other than consideration to provide affordable housing.

The period of time that an applicant may be ineligible may be for a specific period of time or permanent in nature. To establish the duration of the ineligibility, the board must consider the facts and circumstances, inclusive of the applicant's compliance history, the type of misrepresentation or fraud committed, and the degree of harm to the FHFC programs that has been or may be done.⁶⁴

The FHFC must serve an administrative complaint affording reasonable notice to an applicant of the facts or conduct that warrants the intended action, specifies a proposed duration of ineligibility, and advises the applicant of its right to request an administrative hearing pursuant to

⁶¹ Section 420.9075(13), F.S.

⁶² Rule 67-48.004(2), F.A.C.

⁶³ *Id.* at (2)(a).

⁶⁴ *Id.* at (2)(c).

ss. 120.569 and 120.57, F.S.⁶⁵ Upon service of the complaint, all pending transactions under any FHFC program involving the applicant or its principal, financial beneficiary, or affiliate are suspended until a final order is issued or the administrative complaint is dismissed.⁶⁶

Effect of Proposed Changes

Section 12 creates s. 420.518, F.S., to preclude any applicant or affiliate of an applicant from participation in any FHFC program under certain conditions. An applicant or affiliate can be precluded if the applicant or affiliate has:

- Made a material misrepresentation or engaged in fraudulent actions in connection with any FHFC program.
- Been convicted or found guilty of, or pled guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction that directly relates to:
 - Financing, construction, or management of affordable housing; or
 - Fraudulent procurement of state or federal funds.
- Been excluded from any Florida procurement program.
- Offered or given consideration with respect to a local contribution, other than consideration to provide affordable housing.
- Demonstrated a pattern of noncompliance and a failure to correct any such noncompliance after notice from the FHFC in the construction, operation, or management of one or more developments funded through a FHFC program.

Upon a determination by the board of directors of the FHFC to preclude an applicant or affiliate from participation in any FHFC program, the board may issue an order taking certain actions:

- Preclude the applicant or affiliate from applying for funding from any FHFC program for a specified period of time.
- Revoke any funding previously awarded for any development for which construction or rehabilitation has not yet commenced.

The period of time that an applicant or affiliate may be precluded may be for a specific period of time or permanent in nature. To establish the duration of the ineligibility, the board must consider the facts and circumstances, inclusive of the applicant's compliance history, the type of action for which the applicant or affiliate is being precluded, and the degree of harm to the FHFC programs that has been or may be done.

Before an order by the FHFC board becomes final, an administrative complaint must be served on the applicant, its affiliate, or its registered agent. The complaint must provide notification of the findings of the board, the intended action, and the opportunity to request an administrative hearing pursuant to ss. 120.569 and 120.57, F.S.

Upon the service of the complaint, any funding, allocation of federal housing credits, credit underwriting procedures, or application review for any development for which construction or

⁶⁵ Section 120.569, F.S., provides the procedures under the Administrative Procedures Act which apply to all proceedings in which the substantial interests of a party are determined by an agency. Section 120.57, F.S., provides additional procedures, such as whenever there is a disputed issue of material facts. Chapter 120, F.S., applies to the FHFC, pursuant to s. 420.504(2), F.S.

⁶⁶ Rule 67-40.004(2)(b), F.A.C.

rehabilitation has not yet occurred is suspended. The suspension is effective from the date on which the complaint is served until an order issued by the FHFC related to the complaint becomes final.

Bill Sections Addressing Mobile Homes

Chapter 723, F.S., the “Florida Mobile Home Act” addresses the unique relationship between a mobile home owner and a mobile home park owner.⁶⁷ The provisions in ch. 723, F.S., apply to residential tenancies where a mobile home is placed upon a lot that is rented or leased from a mobile home park that has ten or more lots offered for rent or lease.⁶⁸ Mobile home parks are regulated by the Division of Condominiums, Timeshares, and Mobile Homes within the Department of Business and Professional Regulation.⁶⁹

Further, mobile home dealers/brokers, installers, and manufacturers are required to register with the Department of Highway Safety and Motor Vehicles (DHSMV).⁷⁰

A mobile home is a structure, transportable in one or more sections, that has a body width of 8 feet or more and which is built on an integral chassis, is designed to be used as a dwelling when connected to utilities, and includes the plumbing, heating, air-conditioning, and electrical systems.⁷¹ Similarly, under ch. 723, F.S., a mobile home is a residential structure, transportable in one or more sections, that has a body width of 8 feet or more and a length of over 35 feet with the hitch, which is built on an integral chassis, is designed to be used as a dwelling when connected to utilities, includes the plumbing, heating, air-conditioning, and electrical systems, and was not originally sold as a recreational vehicle.

Mobile Home Dealer Display Requirements (Section 7)

Present Situation

A mobile home dealer must hold a license issued by the DHSMV.⁷² The term “dealer” generally means “any person engaged in the business of buying, selling, or dealing in mobile homes or offering or displaying mobile homes for sale.”⁷³

The place of business of the mobile home dealer must be at a permanent location, not a tent or a temporary stand or other temporary quarters. The location of the place of business must afford sufficient unoccupied space to store all mobile homes offered and displayed for sale.⁷⁴

⁶⁷ Section 723.004, F.S.

⁶⁸ Section 723.002(1), F.S.

⁶⁹ Section 723.003(12), F.S. defines a “mobile home park” or “park” as a use of land in which lots or spaces are offered for rent or lease for the placement of mobile homes and in which the primary use of the park is residential

⁷⁰ See Department of Highway Safety and Motor Vehicles, *Motor Vehicles, Tags & Titles – Dealers, Installers, Manufacturers, Distributors, and Importers*, available at <https://www.flhsmv.gov/motor-vehicles-tags-titles/dealers-installers-manufacturers-distributors-importers/> (last visited February 22, 2020).

⁷¹ Section 320.1(2)(a), F.S., which provides such definition as used in Florida Statutes.

⁷² Section 320.77(2), F.S.

⁷³ See s. 320.77(1)(b), F.S.

⁷⁴ Section 320.77(3)(h), F.S.

Effect of Proposed Changes

Section 7 amends s. 320.77, F.S., to remove the requirement that a place of business of a mobile home dealer must afford sufficient unoccupied space to store all mobile homes offered and displayed for sale. Under the bill, the place of business of a mobile home dealer must have sufficient space to display a manufactured home as a model home.

Recreational Vehicle Dealer Requirements (Section 8)

Present Situation

A recreational vehicle dealer must hold a license issued by the DHSMV.⁷⁵ The term “dealer” generally means any person engaged in the business of buying, selling, or dealing in recreational vehicles or offering or displaying recreational vehicles for sale.⁷⁶

A recreational vehicle is a type of motor vehicle primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle.⁷⁷ One type of a recreational vehicle is known as a “park trailer,” which is a transportable unit that has a body width not exceeding 14 feet and which is built on a single chassis and is designed to provide seasonal or temporary living quarters when connected to utilities necessary for operation of installed fixtures and appliances.⁷⁸

A recreational vehicle dealer must be insured under a garage liability insurance policy that includes a minimum \$25,000 combined single-limit liability coverage, including bodily injury and property damage protection, and \$10,000 personal injury protection.⁷⁹

Effect of Proposed Changes

Section 8 amends s. 320.771, F.S., to exempt a recreational vehicle dealer from the requirement to be insured under a garage liability insurance policy, if the dealer sells only park trailers.

Repair and Remodeling Codes for Mobile and Manufactured Homes (Sections 9 and 10)

Present Situation

A manufactured home is a mobile home fabricated on or after June 15, 1976, in an offsite manufacturing facility for installation or assembly at the building site, with each section bearing a seal certifying that it is built in compliance with the federal Manufactured Home Construction and Safety Standard Act.⁸⁰

Sections 320.8232(2), F.S., provides that the provisions of the repair and remodeling code for mobile homes must ensure safe and livable housing and must not be more stringent than those standards required to be met in the manufacture of mobile homes. The provisions of the code must include, but are not limited to, standards for structural adequacy, plumbing, heating,

⁷⁵ Section 320.771(2), F.S.

⁷⁶ Section 320.771(1)(a), F.S.

⁷⁷ See s. 320.01(1)(b), F.S.

⁷⁸ Section 320.01(1)(b)7., F.S.

⁷⁹ Section 320.771(3)(j), F.S.

⁸⁰ Section 320.01(2)(b), F.S.

electrical systems, and fire and life safety. Section 320.822(2), F.S., uses the term “Repair and Remodeling Code” and not the term “Mobile Home Repair and Remodeling Code.”

Rule 15C-2.0081, F.A.C, provides more specificity for the Mobile/Manufactured Home Repair and Remodeling Code. The rule provides guidelines for structure additions, anchoring, repair, and remodeling; electrical repair and replacement; and plumbing repair and replacement.

Effect of Proposed Changes

Section 9 amends s. 320.822, F.S., to revise the term “Mobile Home Repair and Remodeling Code” to the “Mobile and Manufactured Home Repair and Remodeling Code.”

Section 10 amends s. 320.8232, F.S., by changing the reference to the “Repair and Remodel Code” to the “Mobile and Manufactured Home Repair and Remodeling Code” which has been adopted by rule by the DHSMV. The bill also requires all repair and remodeling of mobile and manufactured homes be done in accordance with the DHSMV rules.

Jurisdiction of the Public Service Commission: Mobile Home Parks/Subdivisions and Water and Wastewater Service (Section 11)

Present Situation

In various areas throughout Florida, water and wastewater services are provided through privately-owned and operated water and wastewater companies. These privately-owned companies are referred to as “investor-owned utilities.”⁸¹ If the utility is operating within a single Florida county, the county has the option to regulate rates and service or allow the Public Service Commission (PSC) to regulate those utilities.⁸² Currently, the PSC has jurisdiction over 150 water and wastewater IOUs in 38 of 67 counties in Florida.⁸³

The remaining water and wastewater customers in the state are not subject to PSC regulation and are served either by IOUs in non-jurisdictional counties, by wells and septic tanks, or by systems owned, operated, managed, or controlled by governmental authorities or by statutorily exempt utilities (such as municipal utilities, cooperatives, and non-profits).⁸⁴

Section 367.022(5), F.S., exempts from regulation by the PSC “landlords providing [water or wastewater] service to their tenants without specific compensation for the service.”

Section 367.022(9), F.S., also exempts from regulation any person who resells water service to his or her tenants or to individually metered residents for a fee that does not exceed the actual purchase price of the water plus the actual cost of meter reading and billing, not to exceed 9 percent of the actual cost of service.

⁸¹ IOUs can range in size from very small systems, owned by individuals as sole proprietorships and serving only a few dozen customers in a small neighborhood, to systems owned by large interstate corporations that serve tens of thousands of customers in multiple Florida counties.

⁸² Section 367.171, F.S.

⁸³ Public Service Commission, *2019 Facts & Figures of the Florida Utility Industry*, at p. 31, June 2019, available at <http://www.psc.state.fl.us/Files/PDF/Publications/Reports/General/Factsandfigures/June%202019.pdf> (last visited February 13, 2020).

⁸⁴ See s. 367.022, F.S.

A mobile home park is land used by providing lots or spaces rented or leased for the placement of mobile homes for primarily residential use. In a mobile home subdivision, the individual lots are owned by the lot owners and a portion of the subdivision or the amenities exclusively serving the subdivision are owned by the subdivision developer.⁸⁵

Effect of Proposed Changes

Section 11 amends s. 367.022, F.S., to exempt from regulation by the PSC the owner of a mobile home park operating both as a mobile home park and a mobile home subdivision who provides service within the park and subdivision to a combination of both tenants and lot owners, provided that the service to tenants is without specific compensation. The bill also amends the current exemption for any person who sells water service to his or her tenants or individual metered residents to provide that the fee charged cannot exceed the actual purchase price of the water and wastewater service.

Prospectus or Offering Circular and Rental Agreements (Sections 18 and 19)

Present Situation

Prospectus

The prospectus in a mobile home park is the document that governs the landlord-tenant relationship between the park owner and the mobile home owner.⁸⁶ The prospectus or offering circular, together with its attached exhibits, is a disclosure document intended to afford protection to homeowners and prospective homeowners in a mobile home park. The purpose of the document is to disclose the representations of the mobile home park owner concerning the operations of the mobile home park.⁸⁷

The prospectus must include the specified information including a description of the mobile home park property, the number of lots in each section, the maximum number of lots that will use shared facilities, and a description of the recreational and other common facilities to be used by mobile home owners.⁸⁸

Section 723.012(7), F.S., requires the prospectus to include a description of all improvements, whether temporary or permanent, which are required to be installed by the mobile home owner as a condition of his or her occupancy in the park.

If the tenancy was in existence on June 4, 1984,⁸⁹ the mobile home park owner must offer a prospectus or offering circular offered that contains the same terms and conditions as rental agreements offered to all other mobile home owners residing in the park on the same date. However, the prospectus or offering circular may include rent variations based upon lot location and size. The prospectus or offering circular may not require any mobile home owner to install any permanent improvements.⁹⁰

⁸⁵ Section 723.003(13) and (14), F.S.

⁸⁶ Section 723.012, F.S.

⁸⁷ Section 723.011(3), F.S.

⁸⁸ Section 723.012(4) and (5), F.S.

⁸⁹ The effective date of ch. 723, F.S. See ch. 84-80, Laws of Fla.

⁹⁰ Section 723.011(4), F.S.

In a mobile home park containing 26 or more lots, the park owner must file a prospectus with the Division of Condominiums, Timeshares, and Mobile Homes for approval.⁹¹ The park owner must provide a copy of the prospectus with exhibits to each prospective lessee prior to the execution of the lot rental agreement or at the time of occupancy, whichever occurs first.⁹² By rule of the division, the prospectus distributed to a home owner or prospective home owner is binding for the length of the tenancy, including any assumptions of that tenancy, and may not be changed except in certain specified circumstances.⁹³

Effect of Proposed Changes

Section 18 amends s. 723.011, F.S., to provide that a mobile home owner may be required to install permanent improvements to the mobile home as disclosed in the prospectus, with respect to a tenancy in existence on June 4, 1984.

Section 19 amends s. 723.012, F.S., to provide that, if a mobile home park owner intends to include additional property and mobile home lots and to increase the number of lots that will use the shared facilities of the park, the mobile home park owner must amend the prospectus to disclose such additions. If the number of mobile home lots in the park increases by more than 15 percent of the total number of lots in the original prospectus, the mobile home park owner must reasonably offset the impact of the additional lots by increasing the shared facilities. The amendment to the prospectus must include a reasonable timeframe for providing the required additional shared facilities and the costs and expenses necessary to increase the shared facilities may not be passed on or passed through to the existing mobile home owners.

Mobile Home Owner's General Obligations (Section 20)

Present Situation

Section 723.023, F.S., sets forth the mobile home owner's general obligations. A mobile home owner shall at all times:

- Comply with building, housing, and health codes, including compliance with all building permits and construction requirements for construction on the mobile home and lot. The home owner is responsible for all fines imposed by the local government for noncompliance with any local codes.
- Keep the mobile home lot that he or she occupies clean, neat, and sanitary, and maintained in compliance with all local codes.
- Comply with properly promulgated park rules and regulations and require other persons on the premises with his or her consent to comply with such rules and to conduct themselves, and other persons on the premises with his or her consent, in a manner that does not unreasonably disturb other residents of the park or constitute a breach of the peace.

⁹¹ Section 723.011(1)(a), F.S.

⁹² Sections 723.011(2), F.S.

⁹³ See Rule 61B-31.001, F.A.C.

Effect of Proposed Changes

Section 20 amends s. 723.023, F.S., to require the mobile home owner to remove any debris and other property of any kind that is left on the mobile home lot when vacating the premises.

The bill also requires the mobile home owner to receive written approval from the mobile home park owner before making any exterior modification or addition to the home. The bill grants this new authority to the mobile home park owner without conditioning this new power on the prospectus granting the mobile home park owner such right or on the prospectus being amended upon agreement of the park owner and the mobile home owner to include such power.

*Mobile Home Park Rent Increases (Sections 21 and 22)**Present Situation*

The rental agreement for a mobile home park lot must contain the lot rental amount and the services included. Generally, lot rental agreements must be for a 1-year term and the lot rental amount may not be increased during the term of the agreement.⁹⁴ However, the mobile home park owner may pass on ad valorem property taxes and other fees and assessments as long as this is done as a matter of custom between the mobile home park owner and the mobile home owner or as authorized by law. A park owner is deemed to have disclosed the passing on of ad valorem property taxes and non-ad valorem assessments if these were disclosed as a factor for increasing the lot rental amount in the prospectus or rental agreement.⁹⁵

A mobile home park owner may increase the lot rental amount by providing at least a 90-day notice, generally before the renewal date of the renewal agreement.⁹⁶ The park owner must give the notice to the affected mobile home owners and the board of directors of the homeowners' association, if one has been formed.⁹⁷

Lot rental increases may not be arbitrary or discriminatory between similarly situated tenants in the park.⁹⁸ The notice must identify all other affected homeowners, which may be by lot number, name, group, or phase. If the affected homeowners are not identified by name, the park owner must provide the names and addresses upon request.⁹⁹

A committee of no more than five people, designated by a majority of the owners or by the board of directors of the homeowners' association (if formed), and the park owner must meet at least 60 days before the effective date of a rent increase to discuss the reasons for the increase.¹⁰⁰ Current law does not specify that the five members of the committee must be mobile home owners in the park. At the meeting, the park owner or subdivision developer must in good faith disclose and explain all material factors resulting in the decision to increase the lot rental amount and, with specificity, how those factors justify the increase proposed.¹⁰¹

⁹⁴ Section 723.031(4) and (5), F.S.

⁹⁵ *Id.*

⁹⁶ Section 723.031(5)(d), F.S.

⁹⁷ Section 723.037(1), F.S.

⁹⁸ Section 723.031(5), F.S.

⁹⁹ Section 723.037(1), F.S.

¹⁰⁰ Section 723.037(4)(a), F.S.

¹⁰¹ Section 723.037(4)(b), F.S.

If the committee disagrees with the lot rental increase reasoning, then the committee and the park owner may continue to meet. However, if subsequent meetings are unsuccessful, within 30 days of the last scheduled meeting, the mobile home owners may petition the Division of Condominiums, Timeshares, and Mobile Homes to initiate mediation.¹⁰² If the mediation does not successfully resolve the dispute, then the parties may file an action in circuit court to challenge the lot rental increase as unreasonable.¹⁰³

Effect of Proposed Changes

Section 21 amends s. 723.031, F.S., to add that that a park owner is deemed to have disclosed the passing on of ad property taxes and non-ad valorem assessments if these were disclosed as a *separate charge* for increasing the lot rental amount in the prospectus or rental agreement

Additionally, the bill prohibits a park owner from charging or collecting from the mobile home owners any sum of ad valorem taxes or non-ad valorem tax charges in an amount in excess of the sums remitted by the park owner to the tax collector.

Section 22 amends s. 723.037, F.S., to permit the park owner to give notice of all rent increases for multiple anniversary dates in the same 90-day notice. To conform to this change, the bill requires the committee designated to consider the lot rental increases must address all lot rental amount increases that are specified in the notice of lot rental amount increase, regardless of the effective date of the increase.

The bill also provides that the requirement of the park owner to provide, upon request, the identifying information for homeowners affected by a rent increase does not authorize the park owner to release the names, addresses, or other private information of the homeowners to the association or any other person for any other purpose.

Replacing Mobile Homes in a Mobile Home Park (Section 23)

Present Situation

Except as expressly preempted by the requirements of the DHSMV, a mobile home owner or the park owner is authorized to “site any size new or used mobile home and appurtenances on a mobile home lot in accordance with the lot sizes, separation and setback distances, and other requirements in effect at the time of the approval of the mobile home park.”¹⁰⁴

Effect of Proposed Changes

Section 23 amends s. 723.041, F.S., to allow a mobile home park that is damaged or destroyed due to wind, water, or other natural force to be rebuilt on the same site with the same density as was approved, permitted, and built before being damaged or destroyed. The bill also provides that the regulation of the uniform fire safety standards established under s. 633.206, F.S., are not limited by s. 723.041, F.S. However, s. 723.041, F.S., supersedes any other density, separation,

¹⁰² Section 723.037(5)(a), F.S.

¹⁰³ Section 723.0381, F.S.

¹⁰⁴ Section 723.041(4), F.S.

setback, or lot size regulation adopted after initial permitting and construction of the mobile home park.

Park Owner Disclosures Prior to Residence (Section 24)

Present Situation

A mobile home park owner or developer may not require a person, as a precondition to occupancy in the mobile home park, to provide any improvement unless the requirement is disclosed pursuant to s. 723.011, F.S., which requires the park owner to deliver a prospectus to the prospective homeowner before the rental of a mobile home lot.¹⁰⁵ Section 723.012, F.S., sets forth specific requirements for a prospectus, including that the prospectus must include a “description of all improvements, whether temporary or permanent, which are required to be installed by the mobile home owner as a condition of his or her occupancy in the park.”¹⁰⁶

Effect of Proposed Changes

Section 24 amends s. 723.042, F.S., to reference subsection (7) of s. 723.012, F.S., relating to the information a mobile park owner must disclose in the prospectus or offering circular. The bill deletes the reference to s. 723.011, F.S., which requires a mobile home park owner or developer file a prospectus with the division and to provide a copy to a prospective tenant, but does not detail the information that must be disclosed in the prospectus. Under the bill, a mobile home park owner or developer may not require a person, as a precondition to occupancy in the mobile home park, to provide any improvement unless the requirement is disclosed in the prospectus as required under s. 723.012(7), F.S.

Purchasers of a Mobile Home within Mobile Home Park (Section 25)

Present Situation

The purchaser of a mobile home has the right to assume the remainder of the term of any rental agreement in effect between the mobile home park owner and the seller. The purchaser is entitled to rely on the terms and conditions of the prospectus or offering circular as delivered to the initial recipient.¹⁰⁷

Upon the expiration of the assumed rental agreement, the mobile home park owner may increase the rental amount if the increase is disclosed to the purchaser prior to his or her occupancy and is imposed in a manner consistent with the initial offering circular or prospectus and ch. 723, F.S.¹⁰⁸

Effect of Proposed Changes

Section 25 amends s. 723.059, F.S., to instead permit the purchaser to assume the seller’s prospectus, instead of entitling the purchaser to rely upon the prospectus of the initial recipient. This change may be to ensure that the purchaser who intends to become a resident of the mobile home park is doing so under the most recent prospectus. However, the bill provides that nothing

¹⁰⁵ Section 723.011(2), F.S.

¹⁰⁶ Section 723.012(7), F.S.

¹⁰⁷ Section 723.059(3), F.S.

¹⁰⁸ Section 723.059(4), F.S.

will prohibit a mobile home park owner from offering the purchaser of a mobile home any approved prospectus.

The bill also allows the mobile home park owner to increase the lot rental amount if the increase is imposed in a manner consistent with the purchaser's prospectus, instead of the initial offering circular or prospectus.

The bill also clarifies the title of s. 723.059, F.S., to more accurately reflect the substance of the statute.

Mobile Home Park Termination of Tenancy (Section 26)

Present Situation

Section 723.061, F.S., provides grounds for the termination of a mobile home park lot rental agreement, including when there will be a change in the use of the land from a mobile home park to some other use. This type of termination and eviction can occur if the park owner gives written notice to the homeowners' association of its right to purchase the park and to the affected mobile home owners and tenant at least 6 months in advance of the eviction of their need to secure other accommodations. The evicted mobile home owners may apply to the Florida Mobile Home Relocation Corporation for payment of moving expenses and the mobile home park owner is required to pay the corporation for the relocation expenses.¹⁰⁹

Other grounds for termination include a tenant's:¹¹⁰

- Conviction of a violation of a federal or state law or local ordinance, if the violation is detrimental to the health, safety, or welfare of other residents of the mobile home park.
- Violation of park rules, the rental agreement, or ch. 723, F.S.
- Failure to qualify as, and to obtain approval to become, a tenant or occupant of the home, if such approval is required by a properly promulgated rule.

Effect of Proposed Changes

Section 26 amends s. 723.061, F.S., to require, within 20 days after giving an eviction notice to a mobile home owner due to a change in land use, the park owner to provide the Division of Condominiums, Timeshares, and Mobile Homes with a copy of the notice. The division must then provide the executive director of the Florida Mobile Home Relocation Corporation with a copy of the notice.

In addition, the bill provides that a park owner does not waive the right to terminate the rental agreement or the right to bring a civil action for the noncompliance, if a park owner accepts payment for any portion of a lot rental amount with actual knowledge of noncompliance after notice and termination of the rental agreement. This provision applies to violations related to the tenant's conviction as described above; violation of the park rules, the rental agreement, or ch. 723, F.S.; or failure to qualify as a tenant or occupant of the home. Any rent received by the park owner must be accounted for at the final hearing.

¹⁰⁹ Section 723.06116, F.S.

¹¹⁰ Section 723.061(1)(b) and (e), F.S.

Homeowners' Association Officers and Members (Section 27)

Present Situation

Mobile home owners can form a homeowners' association, and therefore exercise the rights of an association, in part by getting two-thirds of all the mobile home owners within the park to consent in writing to join.¹¹¹ Upon receiving its certificate of incorporation the association must notify the mobile home park owner in writing of its creation and the names and addresses of the association officers. This notice must be made by personal delivery upon the park owner's representative as designated in the prospectus or by certified mail, return receipt requested.¹¹²

Effect of Proposed Changes

Section 27 amends s. 723.076, F.S., to specify that the association must notify the park owner in writing by certified mail, return receipt requested, of the names and addresses of newly elected or appointed officers or board members of the association.

Homeowners' Association Bylaws (Section 28)

Present Situation

Voting Requirements and Proxies

Unless otherwise provided in the bylaws, 30 percent of the total membership is required to constitute a quorum for a meeting of the association.¹¹³ Members are allowed to vote by limited proxies, not general proxies. However, no votes may be cast by proxy to elect association board members. If a mobile home or subdivision lot is jointly owned, the owners of the mobile home or subdivision lot must be counted as one for the purpose of determining the number of votes required for a majority. Only one vote per mobile home or subdivision lot will be counted.¹¹⁴

Board of Directors' and Committee Meetings

Meetings of the board of directors and meetings of its committees at which a quorum is present must be open to all members. This requirement does not apply to meetings held for the purpose of discussing personnel matters or meetings with the association's attorney where the contents of the discussion would be governed by the attorney-client privilege.¹¹⁵

Member Meetings

The association must conduct at least one member meeting annually during which members of the board of the directors are elected. All nominations for candidates for board membership made from the floor must be made at a meeting of the members held at least 30 days before the annual meeting. Unless waived in writing, the notice of the annual meeting must be mailed, hand delivered, or electronically transmitted to each member to at least 14 days before the meeting.

¹¹¹ Section 723.075(1), F.S.

¹¹² Section 723.076(1), F.S.

¹¹³ Section 723.078(2)(b)1., F.S.

¹¹⁴ Section 723.078(2)(b)2., F.S.

¹¹⁵ Section 723.078(2)(c), F.S.

An officer of the association must provide an affidavit affirming that the notices were mailed or hand delivered to each member at the address last furnished to the corporation.¹¹⁶

Minutes of Meetings

The minutes of all meetings of members of the association, the board of directors, and a committee must be maintained in writing and approved by the members, board, or committee, as applicable. The minutes of all meetings of members and of the board of directors must be maintained, available for inspection, and retained for at least seven years.¹¹⁷

Effect of Proposed Changes

Section 28 amends s. 723.078, F.S., related to mobile home park homeowners' associations bylaws.

Voting Requirements and Proxies

The bill specifies that a proxy may not be used in the election of board members in general elections or elections to fill vacancies caused by recall, resignation, or otherwise. Board members must be elected by written ballot or by voting in person.

Under the bill, elections must be decided by a plurality of the ballots cast. There is no quorum requirement for an election but at least 20 percent of the eligible voters must cast a ballot for an election to be valid. A member is prohibited from allowing any other person to cast his or her ballot; improperly cast ballots are invalid. An election is required only if there are more candidates nominated than vacancies that exist on the board.

The bill requires candidates for the board of directors to appear on the ballot in alphabetical order by surname. Ballots may not indicate if a candidate is an incumbent on the board. Ballots must be uniform in appearance and may not provide a space for the signature of, or any other means of identifying, a voter. If the ballot contains more votes than vacancies or fewer votes than vacancies, the ballot is invalid unless otherwise stated in the bylaws. Write-in candidates and more than one vote per candidate per ballot are not allowed.

The bill requires election oversight by an impartial committee responsible for complying with all ballot requirements. The bill defines "impartial committee" to mean a committee whose members do not include any of the following people or their spouses:

- Current board members.
- Current association officers.
- Candidates for the association or board.

The bill requires the association bylaws provide a method for determining the winner of an election in which there is more than one candidate for the same position receiving the same number of votes.

¹¹⁶ Section 723.078(2)(d), F.S.

¹¹⁷ Section 723.078(2)(e), F.S.

The bill directs the Division of Condominiums, Timeshares, and Mobile Homes to adopt procedural rules to govern elections, including, but not limited to, rules for providing notice by electronic transmission and rules for maintaining secrecy of ballots.

Board of Directors' and Committee Meetings

The bill provides that meetings between the park owner and the board of directors or any of the board's committees are not required to be open to the association members. The bill clarifies that notices of all board or committee meetings *open to association members* must be posted in a conspicuous place upon the park property at least 48 hours in advance, except in an emergency.

Member Meetings

The bill changes the date for the meeting at which to nominate candidates to the board of directors to 27, rather than 30, days before the annual meeting. Unless otherwise stated in the bylaws, notices may be delivered electronically.

Minutes of Meetings

Under the bill, the minutes of board or committee meetings that are closed to members are privileged, confidential, and not available for inspection or photocopying. The bill clarifies that minutes of meetings *open to association members* must be maintained in writing. All minutes of *open meetings* must be retained within this state for a period of at least five years, rather than seven years as provided in current law that applies to all meetings.

Powers and Duties of Homeowners' Associations (Section 29)

Present Situation

The powers of the association include, but are not limited to, the maintenance, management, and operation of the park property.¹¹⁸ The association must maintain the certain items, when applicable, which constitute the official records of the association. These include:¹¹⁹

- A copy of the articles of incorporation, bylaws, and each amendment.
- A copy of the written rules or policies and each amendment.
- Approved minutes for all meetings of the members, board of directors, and committees of the board, which must be retained within this state for at least seven years.
- A current roster of all members and their mailing address and lot identifications.
- All insurance policies or copies, which must be retained for at least seven years.
- A copy of all contracts or agreements to which the association is a party, which must be retained for at least seven years.
- The financial and accounting records, which must be maintained for at least seven years; and
- All other written records that are related to the operation of the association.

In addition to the specific time and location retention mentioned above for certain official records, the statute also specifies that all official records must be maintained within the state for at least seven years. The official records must be made available to a member for inspection or

¹¹⁸ Section 723.079(1), F.S.

¹¹⁹ Section 723.079(4)(a)-(i), F.S.

photocopying within 10 business days after receipt by the board or its designee of a written request submitted by certified mail, return receipt requested.¹²⁰

Failure to provide access to the records creates a rebuttable presumption that the association willfully failed to comply with the law.¹²¹ A member who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are \$10 per day up to 10 days and calculation begins on the 11th business day after receipt of the written request by certified mail, return receipt requested.¹²²

Effect of Proposed Changes

Section 29 amends s. 723.079, F.S., modify the retention of certain official records of the association. The following written records must be retained within this state for at least 5 years:

- Approved minutes of all meetings of members of the association and meetings open to members.¹²³
- Insurance policies (time for retention begins after the expiration date of the policy).
- Contracts and agreements of the association (time for retention begins after the expiration date of the contract or agreement).
- Financial and accounting records.
- Other written records not specified as official records in the statute (described above under the Present Situation) (time for retention begins after the expiration date, as applicable).

The bill repeals the requirement that all official records must be maintained within the state for at least seven years. Thus the association is not required to retain the copy of the articles of incorporation, bylaws, and each amendment;¹²⁴ written rules or policies and each amendment; and the current roster of all members and their mailing addresses and lot numbers.

The bill extends the time that the records must be made available for inspection from 10 days to 20 days of receipt of a written request. Under the bill, an association member denied access to association records may recover only \$10 per calendar day up to 10 days, not to exceed \$100, and the calculation for the damages begins on the 21st business day after the association receives the written request for records.

The bill requires a dispute between a member and an association regarding inspecting or photocopying official records to be submitted to mandatory binding arbitration with the Division of Condominiums, Timeshares, and Mobile Homes. The arbitration must be conducted pursuant to s. 723.1255, F.S., (created by the bill) and procedural rules adopted by the division.

¹²⁰ Section 723.079(5), F.S.

¹²¹ Section 723.079(5)(a), F.S.

¹²² Section 723.079(5)(b), F.S.

¹²³ Similar to the changes in section 29 of the bill, discussed above under the sub-subheading.

¹²⁴ These documents should be available on the Department of State corporate filings website for the association.

Alternative Resolution of Recall, Election, and Inspection and Photocopying of Official Records Disputes (Section 30)

Present Situation

Recall disputes in a mobile home park homeowners' association are subject to mandatory binding arbitration by the Division of Condominiums, Timeshares, and Mobile Homes.¹²⁵ In contrast, election, of officers, recall of officers, and other disputes in a condominium association are subject to mandatory nonbinding arbitration.¹²⁶ Election disputes in a homeowners' association are subject to mandatory binding arbitration,¹²⁷ and all other disputes between a homeowner and a homeowners' association are subject to mandatory mediation before an action may be filed in court.¹²⁸ The division has adopted rules of procedure governing arbitration for recall proceedings related to board members of a condominium, cooperative, or mobile home homeowners' association.¹²⁹ There is a \$50 filing fee for arbitration of a condominium dispute.¹³⁰ However, ch. 723, F.S., does not authorize a filing fee as a precondition for mandatory binding arbitration by the division for a recall dispute at a mobile home park homeowners' association.

Effect of Proposed Changes

Section 30 amends s. 723.1255, F.S., to require disputes between a mobile home owner and a homeowners' association regarding the election and recall of officers or directors or the inspection and photocopying of official records to be submitted to a mandatory binding arbitration with the division. The arbitration will be conducted pursuant to procedural rules adopted by the division.

Each party is responsible for paying its own attorney fees, expert and investigator fees, and associated costs. The cost of the arbitrator must be divided equally between the parties regardless of the outcome.

Bill Sections Addressing Reenacting Issues and Effective Date

Effect of Proposed Changes

Section 31 reenacts a portion of s. 420.507, F.S., to incorporate the amendments to the SHIP program in section 12 of the bill.

Section 32 reenacts a portion of s. 193.018, F.S., to incorporate the amendments to the CWHIP program in section 13 of the bill.

Section 33 provides an effective date of July 1, 2020.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Mandatory Binding Arbitration

The bill requires mobile home homeowners' associations and members to submit certain disputes to the Division of Condominiums, Timeshares, and Mobile Homes (division) within the Department of Business and Professional Regulation. The application of these provisions is unclear and it is unknown how the division will implement these requirements. The bill specifically requires the "cost of the arbitrators" to be paid by the parties. The amount of the cost for the division's arbitration of disputes is not specified in the bill.

The bill addresses additional subjects unrelated to the requirement that the "cost of the arbitrators" be paid by the parties. To the extent the bill imposes a fee for arbitration of certain disputes while addressing other subjects, the bill may be unconstitutional as a violation the single-subject requirement for the imposition, authorization, or raising of a state tax or fee under Article VII, s. 19 of the Florida Constitution. Under that section, a "state tax or fee imposed, authorized, or raised under this section must be contained in a separate bill that contains no other subject." A "fee" is defined by the Florida Constitution to mean "any charge or payment required by law, including any fee for service, fee or cost for licenses, and charge for service."¹³¹

E. Other Constitutional Issues:

Homeowners' Associations

The may create a conflict with the governing documents of homeowners' associations to the extent the documents set forth procedures and requirements for election of board members (section 28 of the bill), establish open meetings for meetings with the park owner (section 28 of the bill), and set forth procedures for disputes regarding inspection and copying of records (sections 29 and 30 of the bill).

¹³¹ FLA. CONST. art. VII, s. 19(d)(1).

The governing documents of these associations are generally considered contracts.¹³² To the extent that the provisions of this bill may be applied retroactively, provisions of the bill may prompt concerns regarding the unconstitutional impairment of contract.

Some contracts forego the impairment of contract analysis by incorporating the relevant governing statute for that particular type of association, including future changes. In the context of condominiums, for example, the contract may include what is referred to as the “Kaufman language,” which states that the contract or association “shall be governed by the Condominium Act, as amended from time-to-time.”¹³³ Without the Kaufman language, newly enacted statutes may only affect new association documents (or amendments to existing documents) or prior association documents in a limited manner.

Article I, s. 10 of the United States Constitution prohibits state legislatures from enacting laws impairing the obligation of contracts. As early as 1880, the federal courts recognized that the contract clause does not override the police power of the states to establish regulations to promote the health, safety, and morals of the community.¹³⁴ The severity of the impairment is a key issue when evaluating whether a state law impairs a contract.¹³⁵ In *Exxon Corp. v. Eagerton*, 462 U.S. 176 (1983), the Supreme Court suggested it would uphold legislation that imposes a generally applicable rule of conduct designed to advance a broad societal interest that only incidentally disrupts existing contractual relationships.

Article I, s. 10 of the Florida Constitution also prohibits the state from enacting laws impairing the obligation of contracts. While Florida courts have historically strictly applied this restriction, they have exempted laws when they find there is an overriding public necessity for the state to exercise its police powers.¹³⁶ This exception extends to laws that are reasonable and necessary to serve an important public purpose,¹³⁷ to include protecting the public’s health, safety or welfare.¹³⁸ For a statute to offend the constitutional prohibition against impairment of contract, the statute must have the effect of changing substantive rights of the parties to an existing contract. Any retroactive application of a statute affecting substantive contractual rights would be constitutionally suspect.¹³⁹

Historically, both the state and federal courts have attempted to find a rational and defensible compromise between individual rights and public welfare when laws are enacted that may impair existing contracts.¹⁴⁰ The balancing process focuses on whether “the nature and extent of the impairment is constitutionally tolerable in light of the

importance of the state’s objective, or whether it unreasonably intrudes into the parties’ bargain to a degree greater than is necessary to achieve that objective.”¹⁴¹

Mandatory Binding Arbitration

The bill amends ss. 723.079(5) and 723.1255, F.S., to require mobile home homeowners’ associations and members to submit certain disputes to the Department of Business and Professional Regulation for mandatory binding arbitration. The application of these provisions is unclear and it is unknown how the department will implement them. However, it appears that the outcome of the arbitration is meant to be the final action on the dispute; the bill may prevent a party to the dispute from appealing or taking other legal recourse, thereby limiting a party’s access to courts.

This provision may implicate concerns related to the constitutional right of access to courts. Article I, s. 21 of the Florida Constitution, provides: “The courts shall be open to every person for redress of any injury, and justice shall be administered without sale, denial or delay.” No similar provision exists in the federal constitution. If the Legislature asserts a valid public purpose, it can restrict access to the courts as long as it provides a reasonable alternative to litigation. In *Nationwide Mut. Fire Ins. Co. v. Pinnacle Medical, Inc.*, the Florida Supreme Court held that requiring mandatory binding arbitration of medical expense claims under the no-fault law without also providing for an appeal to the circuit court for a trial de novo is an unconstitutional denial of access to court.¹⁴² Alternatively, in *Lasky v. State Farm Ins. Co.*,¹⁴³ the Florida Supreme Court upheld the constitutionality of the state’s no-fault automobile insurance statute, although the statute restricted access to the courts. Unless medical expenses reached a certain level, the statute restricted an injured party from bringing a tort action to recover for pain and suffering. The court reasoned that because the statute required every owner of a motor vehicle to obtain insurance, a reasonable alternative to traditional tort actions was available. The court concluded that the statute did not deprive the appellants of their right to a trial by jury because it only abolished the right of recovery in narrow circumstances where it left “nothing to be tried by jury”¹⁴⁴

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

While the extent to which the prioritizing of SAIL funding for youth aging out of foster care will lead to the development of such housing, any housing created will be to the benefit of such youth and any campus that provides such housing.

¹⁴⁴ *Id.* at 22. See generally Mark M. Hager, *No Fault Drives Again: A Contemporary Primer*, 52 U. Miami L. Rev. 793 (1998).

The Florida Housing Coalition, as provider of the Catalyst Program, will incur new costs related to the administration of statewide regional affordable housing workshops for locally elected officials and required reporting as specified in sections 15 and 17 of the bill. The coalitions estimates that the workshops and report may cost approximately \$72,900 to \$101,000, depending on the number of regions and whether the method of delivery is by teleconference or in person.¹⁴⁵ SB 2500 includes an appropriation of \$500,000 in nonrecurring funds to the Catalyst Program.¹⁴⁶

A recreational vehicle dealer may avoid the costs of obtaining a garage insurance policy, if the dealer sells only park trailers.

Mobile home dealers may benefit by only being required to have enough space to display a manufactured home as a mobile home.

Mobile home park homeowners' associations may incur costs to change bylaws and related policies to meet the requirements of the bill, including those related to elections, and costs related to notifications required to the park owner by certified mail.

Mobile home owners and homeowners' associations will bear the costs of any disputes about elections, recalls, or inspection and copying of records that must be submitted to mandatory binding arbitration.

C. Government Sector Impact:

Local governments may incur indeterminate, but likely insignificant, expenses to comply with certain provisions related to affordable housing and reporting information about impact fees and expenditures for affordable housing.

There is currently no appropriation in SB 2500, the Senate's General Appropriations Bill for Fiscal Year 2020-2021, for the Community Workforce Housing Innovation Pilot Program (CWHIP) or its successor program under the bill. It is unknown if the FHFC would dedicate funds to the program without a specific appropriation in the General Appropriations Act (section 14 of the bill)

The amount of funds set aside for persons with special needs that the FHFC would prioritize for the housing for youth aging out of foster care as provided in section 13 of the bill is unknown. The cost to the FHFC and the Department of Children and Families to create minimum criteria can likely be absorbed within existing resources.

Local governments may incur travel expenses linked to elected official attendance at regional affordable housing workshops.

¹⁴⁵ Kody Glazer, Legal Director, Florida Housing Coalition, *Senate Bill 998: Cost Estimate of Proposed Catalyst Additions*, February 14, 2020 (on file with the Senate Appropriations Committee).

¹⁴⁶ Specific Appropriation 2282, s. 6, SB 2500 (2020).

The costs to the Department of Business and Professional Regulation to conduct the mandatory binding arbitration required under section 31 of the bill is unknown at this time. However, the bill does require the costs to be borne by the parties.

VI. Technical Deficiencies:

Sections 9 and 10 of the bill change references to a repair and remodeling code for mobile and manufactured homes. Currently, Rule 15C-2.0081, F.A.C., references the “Mobile/Manufactured Home Repair and Remodeling Code,” not the “Mobile and Manufactured Home Repair and Remodeling Code” referenced by the bill. Additionally, the title of s. 320.8232, F.S., is currently “Establishment of uniform standards for used recreational vehicles and repair and remodeling code for mobile homes.” The sponsor may wish to amend the bill to update the title of the statute to include “manufactured homes.”¹⁴⁷

VII. Related Issues:

The FHFC is authorized to adopt rules to implement the Community Workforce Housing Loan Program created in section 14 of the bill.

The Division of Condominiums, Timeshares, and Mobile Homes is required to adopt procedural rules to:

- Govern mobile home park homeowners’ association elections, including, but not limited to, rules for providing notice by electronic transmission and rules for maintaining secrecy of ballots in section 28 of the bill.
- Govern mandatory binding arbitration for disputes of election of homeowners’ association officers, recall of officers, and inspection and photocopying of official records in section 29 of the bill.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 125.01055, 129.03, 163.31771, 163.31801, 166.04151, 166.241, 320.77, 320.771, 320.822, 320.8232, 367.022, 420.5087, 420.5095, 420.531, 420.9075, 420.9076, 723.011, 723.012, 723.023, 723.031, 723.037, 723.041, 723.042, 723.059, 723.061, 723.076, 723.078, 723.079, and 723.1255.

The bill reenacts the following sections of the Florida Statutes: 193.018 and 420.507.

The bill creates section 420.518 of the Florida Statutes.

IX. Additional Information:

- A. **Committee Substitute – Statement of Substantial Changes:**
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Appropriations on March 3, 2020:

The committee substitute:

¹⁴⁷ Department of Highway Safety and Motor Vehicles, *2020 Agency Legislative Bill Analysis SB 998*, February 12, 2020 (on file with the Senate Committee on Infrastructure and Security).

- Requires counties, municipalities, and special districts to report on each exception and waiver of impact fees for affordable housing within the annual financial audit report submitted to the Department of Financial Services.
- Requires counties and municipalities to report annually on all funds spent on affordable housing, including federal, state, local, and other funds expended, in their annual reports of economic status information to the Office of Economic and Demographic Research.
- Authorizes the FHFC to preclude applicants and affiliates of applicants from participation in FHFC programs for certain actions and provides procedures for such preclusion.
- Clarifies that the required notice to a mobile home park owner is of the new board members, not new homeowners' association members.
- Moves the provisions related to prioritization of SAIL funds for housing for youth aging out of foster care into the SAIL statute (the provision was drafted in the SHIP statute).
- Makes technical amendments to the title.
- Removes all provisions of the bill related to property tax exemptions, which:
 - Authorized counties and municipalities to grant property tax exemptions for property that is being used to provide or being prepared to provide affordable housing;
 - Extended a current property tax exemption for affordable housing to vacant units within an affordable housing property, as well as units occupied by persons who no longer meet the income limitations of affordable housing, but who did meet those limitations at the time they became tenants;
 - Authorized a current property tax exemption for affordable housing to apply when owned by multiple limited liability companies or limited partnerships, as long as the ultimate owner is a 501(c)(3) organization; and
 - Extended the current tax exemption for housing authority property to instrumentalities of the housing authority.

CS/CS by Infrastructure and Security on February 17, 2020:

- Reverts accessory dwelling units back to optional instead of mandatory for local governments.
- Allows property used for certain purpose to be eligible for exemption from ad valorem taxes.
- Modifies the CWHIP program into a loan program, and removes workforce housing set aside requirements.
- Modifies numerous issues related to the mobile home park owners, mobile home owners, and mobile home homeowners' associations.
- Allows a mobile home park to be rebuilt to same density as was approved, permitted, and built prior to destruction from natural force. The bill allows for "same density as was approved, permitted, or built."
- Changes mobile home eviction notification back to current law requiring certified or registered mail, return receipt requested.

CS by Community Affairs on January 13, 2020:

- Removes a provision prohibiting local governments from collecting impact fees and specified other fees for the development or construction of affordable housing.
- Restores language set for removal in the original bill providing that local governments granting impact fee waivers for affordable housing do not have to use revenues to offset such waivers.
- Provides that the bill's required local government ordinance allowing ADUs applies in areas zoned for single-family residential use rather than areas zoned for any residential use.
- Removes a newly proposed process for local government approvals of development permits, construction permits, or certificates of occupancy which would apply specifically for affordable housing.
- Changes an intended priority funding criteria within the Workforce Housing Loan Program to set aside "at least 50 percent of units" for workforce housing.
- Removes a newly proposed Rental to Homeownership Program tied to the awarding of rental funding in ch. 420, F.S.
- Authorizes the FHFC to withhold up to 5 percent of annual Local Government Housing Trust Fund distributions to fund transitional housing for persons aging out of foster care.
- Removes proposed changes to funding reservation percentage categories and administrative cost caps in the SHIP Program.
- Adds data reporting within a SHIP entity's submissions to the FHFC on applications received, approved and denied.
- Changes the frequency of proposed locally elected regional workshops on affordable housing from quarterly to biannually and permits three absences (rather than one) before the FHFC may withhold a local government's SHIP funding.
- Removes some cross references and statutory reenactments made unnecessary by the other changes in the bill.
- Clarifies provisions exempting mobile home park owners from the jurisdiction of the PSC when they provide water and wastewater.

B. Amendments:

None.

| Senate | . | House |
| Comm: RS | . | |
| 03/04/2020 | . | |
| | . | |
| | . | |
| | . | |

The Committee on Appropriations (Hutson) recommended the following:

- 1 **Senate Amendment (with title amendment)**
- 2
- 3 Delete lines 201 - 1257
- 4 and insert:
- 5 Section 2. Paragraph (d) of subsection (3) of section
- 6 129.03, Florida Statutes, is amended to read:
- 7 129.03 Preparation and adoption of budget.—
- 8 (3) The county budget officer, after tentatively

9 ascertaining the proposed fiscal policies of the board for the
10 next fiscal year, shall prepare and present to the board a
11 tentative budget for the next fiscal year for each of the funds
12 provided in this chapter, including all estimated receipts,
13 taxes to be levied, and balances expected to be brought forward
14 and all estimated expenditures, reserves, and balances to be
15 carried over at the end of the year.

16 (d) By ~~October 15, 2019,~~ and each October 15 annually
17 ~~thereafter,~~ the county budget officer shall electronically
18 submit the following information regarding the final budget and
19 the county's economic status to the Office of Economic and
20 Demographic Research in the format specified by the office:

21 1. Government spending per resident, including, at a
22 minimum, the spending per resident for the previous 5 fiscal
23 years.

24 2. Government debt per resident, including, at a minimum,
25 the debt per resident for the previous 5 fiscal years.

26 3. Median income within the county.

27 4. The average county employee salary.

28 5. Percent of budget spent on salaries and benefits for
29 county employees.

30 6. Number of special taxing districts, wholly or partially,
31 within the county.

32 7. Annual county expenditures providing for the financing,
33 acquisition, construction, reconstruction, or rehabilitation of
34 housing that is affordable, as that term is defined in s.
35 420.0004. The reported expenditures must indicate the source of
36 such funds as "federal," "state," "local," or "other," as
37 applicable. The information required by this subparagraph must

385228

38 be included in the submission due by October 15, 2020, and each
39 annual submission thereafter.

40 Section 3. Subsections (3) and (4) of section 163.31771,
41 Florida Statutes, are amended to read:

42 163.31771 Accessory dwelling units.—

43 (3) ~~A Upon a finding by a local government that there is a~~
44 ~~shortage of affordable rentals within its jurisdiction, the~~
45 local government may adopt an ordinance to allow accessory
46 dwelling units in any area zoned for single-family residential
47 use.

48 (4) ~~If the local government adopts an ordinance under this~~
49 ~~section,~~ An application for a building permit to construct an
50 accessory dwelling unit must include an affidavit from the
51 applicant which attests that the unit will be rented at an
52 affordable rate to an extremely-low-income, very-low-income,
53 low-income, or moderate-income person or persons.

54 Section 4. Subsection (10) is added to section 163.31801,
55 Florida Statutes, to read:

56 163.31801 Impact fees; short title; intent; minimum
57 requirements; audits; challenges.—

58 (10) In addition to the items that must be reported in the
59 annual financial reports under s. 218.32, a county,
60 municipality, or special district must report all of the
61 following data on all impact fees charged:

62 (a) The specific purpose of the impact fee, including the
63 specific infrastructure needs to be met, including, but not
64 limited to, transportation, parks, water, sewer, and schools.

65 (b) The impact fee schedule policy describing the method of
66 calculating impact fees, such as flat fees, tiered scales based

385228

67 on number of bedrooms, or tiered scales based on square footage.

68 (c) The amount assessed for each purpose and for each type
69 of dwelling.

70 (d) The total amount of impact fees charged by type of
71 dwelling.

72 (e) Each exception and waiver provided for construction or
73 development of housing that is affordable.

74 Section 5. Subsection (4) is added to section 166.04151,
75 Florida Statutes, to read:

76 166.04151 Affordable housing.—

77 (4) Notwithstanding any other law or local ordinance or
78 regulation to the contrary, the governing body of a municipality
79 may approve the development of housing that is affordable, as
80 defined in s. 420.0004, on any parcel zoned for residential,
81 commercial, or industrial use.

82 Section 6. Paragraph (g) is added to subsection (4) of
83 section 166.241, Florida Statutes, to read:

84 166.241 Fiscal years, budgets, and budget amendments.—

85 (4) By ~~Beginning October 15, 2019,~~ and each October 15
86 ~~thereafter,~~ the municipal budget officer shall electronically
87 submit the following information regarding the final budget and
88 the municipality's economic status to the Office of Economic and
89 Demographic Research in the format specified by the office:

90 (g) Annual municipal expenditures providing for the
91 financing, acquisition, construction, reconstruction, or
92 rehabilitation of housing that is affordable, as that term is
93 defined in s. 420.0004. The reported expenditures must indicate
94 the source of such funds as "federal," "state," "local," or
95 "other," as applicable. This information must be included in the

385228

96 submission due by October 15, 2020, and each annual submission
97 thereafter.

98 Section 7. Paragraph (h) of subsection (3) of section
99 320.77, Florida Statutes, is amended to read:

100 320.77 License required of mobile home dealers.-

101 (3) APPLICATION.-The application for such license shall be
102 in the form prescribed by the department and subject to such
103 rules as may be prescribed by it. The application shall be
104 verified by oath or affirmation and shall contain:

105 (h) Certification by the applicant:

106 1. That the location is a permanent one, not a tent or a
107 temporary stand or other temporary quarters. ~~;~~ ~~and,~~

108 2. Except in the case of a mobile home broker, that the
109 location affords sufficient ~~unoccupied~~ space to display ~~store~~
110 ~~all mobile homes offered and displayed~~ for sale. A space to
111 display a manufactured home as a model home is sufficient to
112 satisfy this requirement. ~~;~~ ~~and that~~ The location must be ~~is~~ a
113 suitable place in which the applicant can in good faith carry on
114 business and keep and maintain books, records, and files
115 necessary to conduct such business, which must ~~will~~ be available
116 at all reasonable hours to inspection by the department or any
117 of its inspectors or other employees.

118
119 This paragraph does ~~subsection shall~~ not preclude a licensed
120 mobile home dealer from displaying and offering for sale mobile
121 homes in a mobile home park.

122
123 The department shall, if it deems necessary, cause an
124 investigation to be made to ascertain if the facts set forth in

385228

125 the application are true and shall not issue a license to the
126 applicant until it is satisfied that the facts set forth in the
127 application are true.

128 Section 8. Paragraph (j) of subsection (3) of section
129 320.771, Florida Statutes, is amended to read:

130 320.771 License required of recreational vehicle dealers.-

131 (3) APPLICATION.-The application for such license shall be
132 in the form prescribed by the department and subject to such
133 rules as may be prescribed by it. The application shall be
134 verified by oath or affirmation and shall contain:

135 (j) A statement that the applicant is insured under a
136 garage liability insurance policy, which shall include, at a
137 minimum, \$25,000 combined single-limit liability coverage,
138 including bodily injury and property damage protection, and
139 \$10,000 personal injury protection, if the applicant is to be
140 licensed as a dealer in, or intends to sell, recreational
141 vehicles. However, a garage liability policy is not required for
142 the licensure of a mobile home dealer who sells only park
143 trailers.

144
145 The department shall, if it deems necessary, cause an
146 investigation to be made to ascertain if the facts set forth in
147 the application are true and shall not issue a license to the
148 applicant until it is satisfied that the facts set forth in the
149 application are true.

150 Section 9. Paragraph (c) of subsection (2) of section
151 320.822, Florida Statutes, is amended to read:

152 320.822 Definitions; ss. 320.822-320.862.-In construing ss.
153 320.822-320.862, unless the context otherwise requires, the

385228

154 following words or phrases have the following meanings:

155 (2) "Code" means the appropriate standards found in:

156 (c) The Mobile and Manufactured Home Repair and Remodeling
157 Code and the Used Recreational Vehicle Code.

158 Section 10. Subsection (2) of section 320.8232, Florida
159 Statutes, is amended to read:

160 320.8232 Establishment of uniform standards for used
161 recreational vehicles and repair and remodeling code for mobile
162 homes.—

163 (2) The Mobile and Manufactured Home ~~provisions of the~~
164 Repair and Remodeling Code must be a uniform code, must shall
165 ensure safe and livable housing, and may shall not be more
166 stringent than those standards required to be met in the
167 manufacture of mobile homes. Such code must provisions shall
168 include, ~~but not be limited to,~~ standards for structural
169 adequacy, plumbing, heating, electrical systems, and fire and
170 life safety. All repairs and remodeling of mobile and
171 manufactured homes must be performed in accordance with
172 department rules.

173 Section 11. Subsection (9) of section 367.022, Florida
174 Statutes, is amended, and subsection (14) is added to that
175 section, to read:

176 367.022 Exemptions.—The following are not subject to
177 regulation by the commission as a utility nor are they subject
178 to the provisions of this chapter, except as expressly provided:

179 (9) Any person who resells water service to his or her
180 tenants or to individually metered residents for a fee that does
181 not exceed the actual purchase price of the water and wastewater
182 service plus the actual cost of meter reading and billing, not

385228

183 to exceed 9 percent of the actual cost of service.

184 (14) The owner of a mobile home park operating both as a
185 mobile home park and a mobile home subdivision, as those terms
186 are defined in s. 723.003, who provides service within the park
187 and subdivision to a combination of both tenants and lot owners,
188 provided that the service to tenants is without specific
189 compensation.

190 Section 12. Section 420.518, Florida Statutes, is created
191 to read:

192 420.518 Fraudulent or material misrepresentation.—

193 (1) An applicant or affiliate of an applicant may be
194 precluded from participation in any corporation program if the
195 applicant or affiliate of the applicant has:

196 1. Made a material misrepresentation or engaged in
197 fraudulent actions in connection with any corporation program.

198 2. Been convicted or found guilty of, or entered a plea of
199 guilty or nolo contendere to, regardless of adjudication, a
200 crime in any jurisdiction which directly relates to the
201 financing, construction, or management of affordable housing or
202 the fraudulent procurement of state or federal funds. The record
203 of a conviction certified or authenticated in such form as to be
204 admissible in evidence under the laws of the state shall be
205 admissible as prima facie evidence of such guilt.

206 3. Been excluded from any federal funding program related
207 to the provision of housing.

208 4. Been excluded from any Florida procurement programs.

209 5. Offered or given consideration, other than the
210 consideration to provide affordable housing, with respect to a
211 local contribution.

385228

212 6. Demonstrated a pattern of noncompliance and a failure to
213 correct any such noncompliance after notice from the corporation
214 in the construction, operation, or management of one or more
215 developments funded through a corporation program.

216 (2) Upon a determination by the board of directors of the
217 corporation that an applicant or affiliate of the applicant be
218 precluded from participation in any corporation program, the
219 board may issue an order taking any or all of the following
220 actions:

221 (a) Preclude such applicant or affiliate from applying for
222 funding from any corporation program for a specified period. The
223 period may be a specified period of time or permanent in nature.
224 With regard to establishing the duration, the board shall
225 consider the facts and circumstances, inclusive of the
226 compliance history of the applicant or affiliate of the
227 applicant, the type of action under subsection (1), and the
228 degree of harm to the corporation's programs that has been or
229 may be done.

230 (b) Revoke any funding previously awarded by the
231 corporation for any development for which construction or
232 rehabilitation has not commenced.

233 (3) Before any order issued under this section can be
234 final, an administrative complaint must be served on the
235 applicant, affiliate of the applicant, or its registered agent
236 that provides notification of findings of the board, the
237 intended action, and the opportunity to request a proceeding
238 pursuant to ss. 120.569 and 120.57.

239 (4) Any funding, allocation of federal housing credits,
240 credit underwriting procedures, or application review for any

385228

241 development for which construction or rehabilitation has not
242 commenced may be suspended by the corporation upon the service
243 of an administrative complaint on the applicant, affiliate of
244 the applicant, or its registered agent. The suspension shall be
245 effective from the date the administrative complaint is served
246 until an order issued by the corporation in regard to that
247 complaint becomes final.

248 Section 13. Paragraph (c) of subsection (6) of section
249 420.5087, Florida Statutes, is amended, and subsection (10) is
250 added to that section, to read:

251 420.5087 State Apartment Incentive Loan Program.—There is
252 hereby created the State Apartment Incentive Loan Program for
253 the purpose of providing first, second, or other subordinated
254 mortgage loans or loan guarantees to sponsors, including for-
255 profit, nonprofit, and public entities, to provide housing
256 affordable to very-low-income persons.

257 (6) On all state apartment incentive loans, except loans
258 made to housing communities for the elderly to provide for
259 lifesafety, building preservation, health, sanitation, or
260 security-related repairs or improvements, the following
261 provisions shall apply:

262 (c) The corporation shall provide by rule for the
263 establishment of a review committee for the competitive
264 evaluation and selection of applications submitted in this
265 program, including, but not limited to, the following criteria:

266 1. Tenant income and demographic targeting objectives of
267 the corporation.

268 2. Targeting objectives of the corporation which will
269 ensure an equitable distribution of loans between rural and

- 270 urban areas.
- 271 3. Sponsor's agreement to reserve the units for persons or
272 families who have incomes below 50 percent of the state or local
273 median income, whichever is higher, for a time period that
274 exceeds the minimum required by federal law or this part.
- 275 4. Sponsor's agreement to reserve more than:
- 276 a. Twenty percent of the units in the project for persons
277 or families who have incomes that do not exceed 50 percent of
278 the state or local median income, whichever is higher; or
- 279 b. Forty percent of the units in the project for persons or
280 families who have incomes that do not exceed 60 percent of the
281 state or local median income, whichever is higher, without
282 requiring a greater amount of the loans as provided in this
283 section.
- 284 5. Provision for tenant counseling.
- 285 6. Sponsor's agreement to accept rental assistance
286 certificates or vouchers as payment for rent.
- 287 7. Projects requiring the least amount of a state apartment
288 incentive loan compared to overall project cost, except that the
289 share of the loan attributable to units serving extremely-low-
290 income persons must be excluded from this requirement.
- 291 8. Local government contributions and local government
292 comprehensive planning and activities that promote affordable
293 housing and policies that promote access to public
294 transportation, reduce the need for onsite parking, and expedite
295 permits for affordable housing projects.
- 296 9. Project feasibility.
- 297 10. Economic viability of the project.
- 298 11. Commitment of first mortgage financing.

385228

299 12. Sponsor's prior experience.
300 13. Sponsor's ability to proceed with construction.
301 14. Projects that directly implement or assist welfare-to-
302 work transitioning.
303 15. Projects that reserve units for extremely-low-income
304 persons.
305 16. Projects that include green building principles, storm-
306 resistant construction, or other elements that reduce long-term
307 costs relating to maintenance, utilities, or insurance.
308 17. Job-creation rate of the developer and general
309 contractor, as provided in s. 420.507(47).
310 (10) The corporation may prioritize a portion of the
311 program funds set aside under paragraph (3)(d) for persons with
312 special needs as defined in s. 420.0004(13) to provide funding
313 for the development of newly constructed permanent rental
314 housing on a campus that provides housing for persons in foster
315 care or persons aging out of foster care pursuant to s.
316 409.1451. Such housing shall promote and facilitate access to
317 community-based supportive, educational, and employment services
318 and resources that assist persons aging out of foster care to
319 successfully transition to independent living and adulthood. The
320 corporation must consult with the Department of Children and
321 Families to create minimum criteria for such housing.
322 Section 14. Section 420.5095, Florida Statutes, is amended
323 to read:
324 420.5095 Community Workforce Housing Loan Innovation Pilot
325 Program.—
326 (1) The Legislature finds and declares that recent rapid
327 increases in the median purchase price of a home and the cost of

385228

328 rental housing have far outstripped the increases in median
329 income in the state, ~~preventing essential services personnel~~
330 ~~from living in the communities where they serve and thereby~~
331 creating the need for innovative solutions for the provision of
332 housing opportunities ~~for essential services personnel.~~

333 (2) The Community Workforce Housing Loan Innovation Pilot
334 Program is created to provide ~~affordable rental and home~~
