## I. Summary:

SB 216 requires the Department of Commerce (department) to:

- Disqualify claimants who fail to contact the required number of employers, appear for scheduled job interviews, and return to employment when recalled.
- Verify the identity of claimants before paying benefits and cross-check claim information with the SAVE database for initial claims and as necessary.
- Verify claimants are living, not incarcerated, and not employed every two weeks.
- Investigate claims with duplicative information from existing claims.
- Scrutinize claims filed from foreign IP addresses before paying any benefits.
- Share fraudulent claim information with specified state and federal agencies.
- Maintain a web page for reporting violations of reemployment assistance laws.
- Publish a yearly report on its website which details fraudulent claim data.

The bill will likely have a positive fiscal impact on private and government sectors. See Section V., Fiscal Impact Statement.

The bill takes effect on July 1, 2026.

## II. Present Situation:

### Unemployment Compensation Overview

According to the U.S. Department of Labor (USDOL), the Federal-State Unemployment Insurance Program provides unemployment benefits to eligible workers who are unemployed through no-fault of their own (as determined under state law) and who meet the requirements of

state law.<sup>1</sup> The program is administered as a partnership of the federal government and the states.<sup>2</sup> The individual states collect unemployment compensation payroll taxes on a quarterly basis, which are used to pay benefits, while the Internal Revenue Service collects an annual federal payroll tax under the Federal Unemployment Tax Act (FUTA).<sup>3</sup> FUTA collections go to the states for costs of administering state unemployment compensation and job service programs.<sup>4</sup> In addition, FUTA pays one-half of the cost of extended unemployment benefits (during periods of high unemployment) and provides for a fund from which states may borrow, if necessary, to pay benefits.<sup>5</sup>

States are permitted to set benefit eligibility requirements, the amount and duration of benefits, and the state tax structure, as long as state law does not conflict with FUTA or Social Security Act requirements.<sup>6</sup> Florida's program was created by the Legislature in 1937.<sup>7</sup> The department is the current agency responsible for administering Florida's laws, primarily through its Division of Workforce Services.<sup>8</sup> The department contracts with the Florida Department of Revenue (DOR) to provide unemployment tax collections services.<sup>9</sup>

### State Reemployment Assistance Benefits

In Florida, which rebranded the unemployment compensation program as the reemployment assistance program in 2012,<sup>10</sup> a qualified claimant may receive benefits equal to 25% of wages, not to exceed \$6,325 in a benefit year.<sup>11</sup> Benefits range from a minimum of \$32 per week to a maximum weekly benefit amount<sup>12</sup> of \$275, for a maximum of between 12 weeks and 23 weeks,<sup>13</sup> depending on the claimant's length of prior employment, wages earned, and the unemployment rate.<sup>14</sup>

<sup>9</sup> *Id.*

<sup>10</sup> Chapter 2012-30, Laws of Fla.

<sup>11</sup> Section 443.111(5), F.S. The maximum amount of benefits available is calculated by multiplying an individual's weekly benefit amount by the number of available benefit weeks.

<sup>12</sup> Pursuant to section 443.111(3), F.S., the "weekly benefit amount," is an amount equal to one twenty-sixth of the total wages for insured work paid during the quarter of the base period where the wages paid were highest.

<sup>13</sup> Section 443.111(5)(c), F.S.

<sup>14</sup> The average weekly benefit amount for each quarter in 2024 was: first quarter – \$264; second quarter – \$265; third quarter – \$263; and fourth quarter – \$265. USDOL, *Unemployment Insurance Data*, run report for Florida, available at [https://oui.doleta.gov/unemploy/data\\_summary/DataSum.asp](https://oui.doleta.gov/unemploy/data_summary/DataSum.asp) (last visited Dec. 9, 2025).

The maximum number of weeks available is set at the beginning of the year and applies for the entire calendar year. The maximum number of weeks is based upon the average seasonally adjusted statewide unemployment rate for the months of July, August, and September.<sup>15</sup> If the average rate for that most recent third calendar year quarter is at or below 5%, then the maximum number of weeks of benefits available is 12 weeks. For each 0.5% step above 5%, an additional week of benefits is added to the maximum duration, up to 23 weeks of benefits if that average third quarter unemployment rate is 10.5%. On January 1, 2021, the maximum number of weeks of benefits increased from 12 weeks to 19 weeks based on the three month average of July, August, and September of 2020, which was 8.6%.<sup>16</sup>

To receive benefits, a claimant must meet certain monetary and non-monetary eligibility requirements, including a claimant's earnings during a certain period of time, the manner in which the claimant became unemployed, and the claimant's efforts to find new employment.<sup>17</sup>

### ***Benefit Eligibility Conditions***

A claimant must meet certain requirements in order to be eligible for benefits for each week of unemployment. Generally, these include efforts related to finding new employment, such as:<sup>18</sup>

- Completing the department's online work registration;
- Reporting to the One-Stop Career Center when directed to do so by the local CareerSource board;
- Being able to and available for work;<sup>19</sup>
- Contacting at least 5 prospective employers each week or going to the One-Stop Career Center for reemployment services; and
- Participating in reemployment services.<sup>20</sup>

For each week of benefits claimed, a claimant must submit to the department the name, address, and telephone number of each prospective employer contacted.<sup>21</sup> A claimant must be actively seeking work to be considered available for work. "This means engaging in systematic and sustained efforts to find work, including contacting at least five prospective employers for each week of unemployment claimed" or three prospective employers for individuals who live in

### ***Disqualification for Reemployment Assistance Benefits***

Section 443.101, F.S., specifies the circumstances under which an individual would be disqualified from receiving benefits. These circumstances include:

- Voluntarily leaving work without good cause, or being discharged by his or her employing unit for misconduct connected with the work;<sup>25</sup>
- Failing to apply for available suitable work when directed by the department or the One-Stop Career Center, to accept suitable work when offered, or to return to suitable self-employment when directed to do so;<sup>26</sup>
- Making false or fraudulent representations in filing for benefits;
- Being discharged from employment due to drug use or rejection from a job offer for failing a drug test; and
- Becoming unavailable for work due to incarceration or imprisonment.

The statute specifies the duration of the disqualification and the requirements for requalification for an individual's next benefit claim, depending on the reason for the disqualification.

### **Fraud Prevention Measures**

Currently, the department employs multiple measures to combat fraud. The department:

- Uses software that blocks foreign or suspicious IP addresses to prevent claims from being filed outside the country and detects multiple claim attempts from different states.
- Verifies identities through ID.me at the time of filing and interfaces with the Division of Highway Safety and Motor Vehicles to verify identities.
- Uses ICON with the Social Security Administration to ensure no duplicate claims have been filed with other states.<sup>27</sup>

Moreover, the department has enhanced its fraud detection procedures by developing the Fraud Initiative Rules and Ratings Engine (FIRRE) system, which is integrated with the National Association of State Workforce Agencies' (NASWA) Integrity Data Hub (IDH).<sup>28</sup> The FIRRE system, in combination with IDH, applies business rules designed to detect, flag, or lock suspicious claims for further investigation by fraud unit staff.<sup>29</sup>

Additionally, the following cross-checks are performed regularly to verify claimant information:

- The United States Department of Health and Human Services National Directory of New Hires conducts a weekly cross-check.
- The State Directory of New Hires completes a daily review.
- Incarceration data is cross-checked weekly using a vendor separate from the Department of Corrections and the Social Security Administration, which gathers federal, state, and local incarceration records.
- The Systemic Alien Verification for Entitlements Program (SAVE) is used upon filing an initial claim to confirm eligibility.<sup>30</sup>

### III. Effect of Proposed Changes:

#### Title

**Section 1** creates the title “Promoting Work, Deterring Fraud Act of 2026.”

#### Disqualification

**Section 2** amends s. 443.101, F.S., to mandate that a claimant be disqualified from reemployment assistance benefits if the department finds that the claimant failed without good cause to:

- Contact the required number of prospective employers per week;
- Appear on three or more occasions for a scheduled job interview without notifying the prospective employer of the need to cancel or reschedule; or
- Return to employment when recalled to work after a temporary layoff.

Such disqualification continues for the next full period of unemployment following one of these failures until the claimant has earned income of at least seventeen times their weekly benefit amount.

#### Verification

**Section 3** creates s. 443.1112, F.S., to require the department to verify the identity of each claimant who applies for reemployment assistance benefits before paying any benefits to that individual. For the initial claim for benefits, and as necessary to verify a claimant’s eligibility, the department must cross-check the information from the claim with the SAVE database. Every two weeks that a claimant makes a claim, including the initial claim for benefits, the department must cross-check the claimant’s information to ensure the claimant is living, not incarcerated, and not employed.

Under the bill, the department must:

- Investigate claims that are associated with a mailing address, bank account, e-mail address, phone number, or IP address that is also associated with another existing claim for benefits in this state or another state. For such claims, the department must verify the claim is legitimate before paying out benefits.
- Scrutinize claims filed from foreign IP addresses before paying any benefits.
- Work with the USDOL, U.S. Department of Justice, other state workforce agencies, the Department of Law Enforcement, the state attorneys, or the Office of the Statewide Prosecutor to share information pertaining to fraudulent claims for further investigation.

Additionally, the department must maintain a web page through which individuals and employers can report known or suspected violations of ch. 443, F.S. The department must also make a yearly report available on its website which identifies:

- The number of fraudulent reemployment assistance claims identified the previous year;
- The number of claims not paid due to successful detection of fraudulent intentions;
- The number of claims and the amount of reemployment assistance benefits paid against claims subsequently identified as fraudulent;
- The amount of fraudulent overpayments recovered;
- The number of fraudulent claims referred for investigation/prosecution; and
- The list of sources used to cross-check the claims.

#### **Effective Date**

**Section 4** sets out an effective date of July 1, 2026.

**D. State Tax or Fee Increases:**

**V. Fiscal Impact Statement:****A. Tax/Fee Issues:**

None.

**B. Private Sector Impact:**

Indeterminate. If the provisions of the bill function to lower the amount of reemployment assistance benefits paid out, employers could see a reduction in their contribution rates over time.

**C. Government Sector Impact:**

Indeterminate. As of April 2025, state government entities can use the SAVE database at no cost, resulting in a reduction in expenditures to verify claimants' eligibility.<sup>31</sup>

**VI. Technical Deficiencies:**

None.

**VII. Related Issues:**

The Social Security Act (SSA) requires that state unemployment laws use “methods of administration... to [e]nsure full payment of unemployment compensation when due.”<sup>32</sup> Federal regulation interprets this to mean that unemployment compensation benefits must be paid to eligible claimants with the greatest promptness as administratively feasible.<sup>33</sup> To comply with this, states must issue at least 87% of all first payments within fourteen or twenty-one days after the week ending date of the first compensable week in the benefit year.<sup>34</sup> The U.S. Supreme Court has determined that even when a claimant's initial determination of eligibility is being appealed by an employer, a state must continue to pay unemployment benefits each week while the appeal process is taking place.<sup>35</sup> As a result of this interpretation of the “when due” provision of the SSA, a state cannot withhold benefits until a decision is made regarding a claimant's continuing eligibility.<sup>36</sup>

As the state must act promptly to verify an individual's identity to ensure full payment of unemployment benefits, the cross-checks under the bill may impact the department's ability to ensure full payments when due. For continued claims, a timely payment requires that the department decides each claim no later than the end of the week following the week in which the

notifying the prospective employer of the need to cancel or reschedule the interview, to accept suitable work when offered to him or her, ~~to~~ ~~or~~ return to the individual's customary self-employment when directed by the department, or to return to employment when recalled to work by the individual's employer after a temporary layoff, the disqualification continues for the next full period of unemployment ~~next ensuing~~ after he or she failed without good cause to apply for available suitable work, accept suitable work, or return to his or her customary employment or self-employment, and until the individual has earned income of at least 17 times his or her weekly benefit amount. The department shall by rule adopt criteria to implement this subsection, including for determining the "suitability of work," or "suitable work," as used in this section. In developing these rules, the department shall consider the duration of a claimant's unemployment in determining the suitability of work and the suitability of proposed rates of compensation for available work. Further, after an individual has received 25 weeks of benefits in a single year, suitable work is a job that pays the minimum wage and is 120 percent or more of the weekly benefit amount the individual is drawing.

(a) In determining whether ~~or not any~~ work is suitable for an individual, the department shall consider the degree of risk to the individual's health, safety, and morals; the individual's physical fitness, prior training, experience, prior earnings, length of unemployment, and prospects for securing local work in his or her customary occupation; and the distance of the available work from his or her residence.

(b) Notwithstanding ~~any other provisions of~~ this chapter,

work is not deemed suitable and benefits may not be denied to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

1. The position offered is vacant due directly to a strike, lockout, or other labor dispute.

2. The wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.

3. As a condition of being employed, the individual is required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(c) If the department finds that an individual was rejected for offered employment as the direct result of a positive, confirmed drug test required as a condition of employment, the individual is disqualified for refusing to accept an offer of suitable work.

Section 3. Section 443.1112, Florida Statutes, is created to read:

443.1112 Verification of reemployment assistance benefit eligibility; detection of fraud.—

(1) The Department of Commerce shall verify the identity of each claimant who applies for reemployment assistance benefits before paying any benefits to that individual.

(2) For the initial claim for benefits made by a claimant and as necessary to verify a claimant's eligibility for benefits, the department shall cross-check the information contained in the claim with information in the database of the Systematic Alien Verification for Entitlements Program established by the United States Bureau of Citizenship and

Immigration Services.

(3) For every 2 weeks that a claimant makes a claim for benefits, including the initial claim for benefits, to verify a claimant's eligibility for benefits, the department shall cross-check the information contained in the claim to make sure that the claimant is:

(a) Living.

(b) Not incarcerated.

(c) Not already employed.

(4) The department shall do all of the following:

(a) Investigate any claim in this state associated with a mailing address, a bank account, an e-mail address, a telephone number, or an Internet protocol address that is also associated with another existing claim for reemployment assistance benefits in this state or another state and verify that the claim in this state is legitimate and not fraudulent before paying any benefits for the claim.

(b) Scrutinize any claim in this state filed from a foreign Internet protocol address before paying any benefits for the claim.

(c) Work with the United States Department of Labor, the United States Department of Justice, other state workforce agencies, the Department of Law Enforcement, the state attorneys, or the Office of the Statewide Prosecutor to share information related to fraudulent claims or attempted fraudulent claims to the extent feasible for further investigation and proceedings brought under this chapter.

(d) Maintain a web page through which an individual or an employer may report known or suspected violations of this

9-00402-26 2026216\_\_

chapter, including identity theft or fraud. Each year, the department shall notify employers in this state of this web page for reporting violations.

(e) Each year, make available on its website a report identifying the number of fraudulent reemployment assistance claims identified for the previous year, the number of claims not paid due to successful detection of fraudulent intentions, the number of claims and the amount of reemployment assistance benefits paid against claims subsequently identified as fraudulent, the amount of fraudulent overpayments recovered, and the number of fraudulent claims referred for investigation and possible prosecution. The report must also list the sources of information which were used to cross-check claims during the reporting period.

Section 4. This act shall take effect July 1, 2026.

BILL: SB 246

INTRODUCER: Senators Gruters and Rodriguez

SUBJECT: Specialty License Plates/Ultimate Fighting Championship (UFC)

DATE: January 21, 2026

REVISED: \_\_\_\_\_

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. <u>Shutes</u>	<u>Vickers</u>	<u>TR</u>	<b>Favorable</b>
2. <u>Wells</u>	<u>Nortelus</u>	<u>ATD</u>	<b>Favorable</b>
3. _____	_____	<u>FP</u>	_____

---

## **I. Summary:**

SB 246 authorizes the Department of Highway Safety and Motor Vehicles (DHSMV) to create a new specialty license plate for the Ultimate Fighting Championship (UFC). The annual use fee for the plate is \$25.

Proceeds of the sale of the UFC specialty license plate will be distributed to the UFC Foundation, Inc., to support charities and nonprofits in the state of Florida that align with the foundation's mission and goals, such as children's hospitals, support for first responders and the military, and youth advocacy and mentorship, and to fund the development and operation of youth mentorship programs in partnership with local law enforcement agencies. The organization may use up to 10 percent of the proceeds for marketing and promotion of the plate.

The estimated fiscal impact associated with the implementation of the new specialty license plate is \$8,160.<sup>1</sup> **See Section V. Fiscal Impact Statement.**

The bill takes effect October 1, 2026.

## **II. Present Situation:**

### **UFC Foundation**

The UFC Foundation is a Nevada not-for-profit corporation registered with the Nevada Department of State.<sup>2</sup> According to the Foundation's website: "Established in 2021, the UFC Foundation is dedicated to making a positive impact on the community by advocating for youth,

arts and education, public service, equality, sustainability, growing the sport of MMA, and those who fight to overcome critical and life-threatening illnesses”.<sup>3</sup> In 2023-24, UFC and the UFC Foundation partnered with 148 non-profit organizations in eight countries around the world (U.S., Australia, Brazil, Canada, France, Jamaica, Mexico, and the United Kingdom). By producing a series of fundraising campaigns throughout the year, UFC charitable partners received gifts and direct donations to help further their respective missions and goals.<sup>4</sup>

### **Specialty License Plates**

According to the DHSMV, as of October 2025, there are 132 specialty license plates authorized by the Legislature. Of these plates, 118 are available for immediate purchase and 14 are in the presale process.<sup>5</sup> Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.<sup>6</sup> The annual use fees are distributed to organizations in support of a particular cause or charity signified on the plate’s design and designated in statute.<sup>7</sup>

### ***Authorization of Specialty License Plates***

In order to establish a specialty license plate (after the plate is approved by law) s. 320.08053, F.S., requires the following actions within certain timelines:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue presale vouchers for the specialty license plate; and
- Within 24 months after the presale vouchers are established, the organization must obtain a minimum of 3,000 voucher sales before manufacturing of the plate may begin.<sup>8</sup>

If the minimum sales requirement has not been met by the end of the 24-month presale period, then the DHSMV will discontinue the plate and issuance of presale vouchers.<sup>9</sup> Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund with the DHSMV.<sup>10</sup>

New specialty license plates that have been approved by law but are awaiting issuance will be issued in the order they appear in s. 320.08058, F.S., provided that presale requirements have been met. If the next listed specialty license plate has not met the presale requirement, the

<sup>6</sup> Section 320.08056(3)(d), F.S., provides that except if specifically provided in s. 320.08056(4), the annual use fee for a specialty license plate is \$25.

<sup>7</sup> Section 320.08058, F.S.

<sup>8</sup> Chapter 2022-189, Laws of Fla., extended the presale requirement by an additional 24 months for an approved specialty license plate organization that, as of June 15, 2022, is in the presale period but had not recorded at least 3,000 voucher sales.

<sup>9</sup> Section 320.08058(3), F.S., provides that any collegiate plate established after October 1, 2002, must comply with the requirements of s. 320.08053, F.S., other than the presale voucher requirements in s. 320.08053(2)(b), F.S., and be specifically authorized by the Legislature.

<sup>10</sup> Section 320.08053(2)(b), F.S.

DHSMV will proceed in the order provided in s. 320.08058, F.S., to identify the next qualified specialty license plate that has met the presale requirement.<sup>11</sup>

The Department must discontinue the issuance of an approved specialty license plate if the number of valid specialty license plate registrations falls below 3,000 (4,000 for out-of-state college or university specialty license plates), for at least 12 consecutive months and must mail a warning letter to the sponsoring organization following the first month in which the total number of valid specialty license plate registrations is below the minimum number of plates.<sup>12</sup>

If the Legislature has approved 135 or more specialty license plates, the DHSMV may not make any new specialty license plates available for design or issuance until a sufficient number of plates are discontinued so that the number of plates being issued does not exceed 135.<sup>13</sup>

### ***Use of Specialty License Plate Fees***

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.<sup>14</sup> Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.<sup>15</sup>

The annual use fees collected by an organization and the interest earned from those fees may not be used for commercial or for-profit activities, or general or administrative expenses, unless authorized by s. 320.08058, F.S.<sup>16</sup> Additionally, the annual use fees and interest earned from those fees may not be used for the purpose of marketing to, or lobbying, entertaining, or rewarding, any employee of a governmental agency that is responsible for the sale and distribution of specialty license plates, or any elected member or employee of the Legislature.<sup>17</sup>

### **III. Effect of Proposed Changes:**

The bill amends s. 320.08058, F.S., to authorize the DHSMV to create a new specialty license plate for the UFC. The annual use fee for the plate is \$25. The plate must bear the colors and design approved by the DHSMV, with the word “Florida” at the top of the plate and the words “UFC Lives Here” at the bottom of the plate.

Proceeds of the sale of the UFC specialty license plate will be distributed to the UFC Foundation, Inc. The organization may use up to 10 percent of the proceeds for marketing and

**I. Summary:**

SB 356 creates a definition for “utility terrain vehicle” (UTV) and authorizes the operation of such vehicles on certain roadways. Specifically, the bill defines a UTV as a vehicle less than 70 inches in width which has at least two seats allowing passengers to sit in a side-by-side manner, is operated by foot controls and a steering wheel, and is equipped with headlamps, stop lamps, turn signals, tail lamps, rearview mirrors, a windshield, seat belts, and a horn. A UTV must comply with specified insurance and registration requirements.

The bill authorizes a UTV to legally operate on two-lane county roads and two-lane municipal streets in which the posted speed limit is less than 55 miles per hour. A UTV may only be operated on a part of the State Highway System necessary to cross the highway at an angle of approximately 90 degrees to the direction of the roadway and at a place where a quick and safe crossing can be made. The bill allows the operator to drive the UTV during all hours, however, a UTV may only be operated by a licensed driver or a person possessing a learner’s driver license who is under the direct supervision of a licensed driver.

A county or municipality may enact an ordinance regulating UTV operation and equipment that is more restrictive than statutory requirements. A county or municipality is authorized to prohibit the operation of a UTV on any road under its jurisdiction if the governing body determines that such prohibition is necessary in the interest of safety.

The bill establishes penalties associated with the unlawful operation of a UTV. A violation is a noncriminal traffic infraction, punishable as a nonmoving violation, as provided in ch. 318, F.S.

The bill will likely have both positive and negative fiscal impacts on private and governmental sectors. *See* Section V., Fiscal Impact Statement.

The bill takes effect January 1, 2027.

## II. Present Situation:

Florida law establishes various regulations governing golf carts, all terrain vehicles and low speed vehicles, among others. These regulations generally address applicable traffic laws, equipment, registration, titling, and insurance. Currently, Florida law does not define a utility terrain vehicle or authorize their operation on public roads.

### Golf Carts

A golf cart is defined as a motor vehicle that is designed and manufactured for operation on a golf course for sporting or recreational purposes and that is not capable of exceeding speeds of 20 miles per hour.<sup>1</sup> Section 316.212, F.S, provides for the operation of golf carts on certain roadways. Except as provided in statute, the operation of a golf cart upon public roads or streets is prohibited.

A golf cart may be operated upon a county road designated by the county, a municipal street designated by the municipality, or a two-lane county road located within the jurisdiction of a municipality designated by that municipality, for use by golf carts. Prior to making a designation, the responsible local governmental entity must first determine that golf carts may safely travel on or cross the public road or street, considering factors including the speed, volume, and character of motor vehicle traffic using the road or street. Upon a determination that golf carts may be safely operated on a designated road or street, the responsible governmental entity must post appropriate signs to indicate that such operation is allowed.<sup>2</sup>

A golf cart may be operated on a part of the State Highway System<sup>3</sup> under the following conditions:<sup>4</sup>

- To cross a portion of the State Highway System which intersects a county road or municipal street that has been designated for use by golf carts if the Florida Department of Transportation (FDOT) has reviewed and approved the location and design of the crossing and any traffic control devices needed for safety purposes.
- To cross, at midblock, a part of the State Highway System where a golf course is constructed on both sides of the highway if the FDOT has reviewed and approved the location and design of the crossing and any traffic control devices needed for safety purposes.

Upon its determination that golf carts may be operated on a given road, the FDOT must post appropriate signs on the road to indicate that such operation is allowed.<sup>5</sup>

A golf cart may only be operated during the hours between sunrise and sunset, unless the responsible governmental entity has determined that a golf cart may be operated during the hours

<sup>1</sup> Section 320.01(22), F.S.

<sup>2</sup> Section 316.212(1), F.S.

<sup>3</sup> Section 334.03(24), F.S., defines the term "State Highway System" to mean the interstate system and all other roads within the state which were under the jurisdiction of the state on June 10, 1995, and roads constructed by an agency of the state for the State Highway System, plus roads transferred to the state's jurisdiction after that date by mutual consent with another governmental entity, but not including roads so transferred from the state's jurisdiction. These facilities shall be facilities to which access is regulated.

between sunset and sunrise and the golf cart is equipped with headlights, brake lights, turn signals, and a windshield.<sup>6</sup>

A golf cart must be equipped with efficient brakes, reliable steering apparatus, safe tires, a rearview mirror, and red reflectorized warning devices in both the front and rear.<sup>7</sup>

A golf cart may not be operated on public roads or streets by a person:

- Who is under 18 unless that person has a valid learner's driver license or driver license.
- Who is 18 or older unless that person possesses a valid government-issued photographic identification.<sup>8</sup>

A local governmental entity may enact an ordinance relating to golf cart operation and equipment that is more restrictive than those enumerated in s. 316.212, F.S. However, such an ordinance must apply only to an unlicensed driver. Upon enactment of such ordinance, the local governmental entity must post appropriate signs or otherwise inform the residents that such an ordinance exists and that it will be enforced within the local government's jurisdictional territory.<sup>9</sup>

A violation of age or equipment requirements regarding the use of a golf cart is a noncriminal traffic infraction punishable as a nonmoving violation.<sup>10</sup> A violation of the permissible operation of a golf cart on public roads or a violation of the hours of permissible operation of a golf cart is a noncriminal traffic infraction punishable as a moving violation.<sup>11</sup>

### **All Terrain Vehicles (ATVs)**

An ATV is defined as any motorized off-highway or all-terrain vehicle 55 inches or less in width which has a dry weight of 1,500 pounds or less, is designed to travel on three or more nonhighway tires, and is manufactured for recreational use by one or more persons.<sup>12</sup>

Section 316.2123, F.S., provides for the operation of an ATV on certain roadways. An ATV is prohibited upon public roads or streets of Florida, except that an ATV may be operated during the daytime on an unpaved roadway where a posted speed limit is less than 35 miles per hour.<sup>13</sup>

A county is exempt from s. 316.2123, F.S., (specifically, the authorization for ATV operation on specified roadways) if the governing body of the county, by a majority vote, following a noticed public hearing, votes to exempt the county from this provision. Alternatively, a county may, by majority vote after such hearing, designate certain unpaved roadways where an ATV may be

<sup>11</sup> Section 316.212(9), F.S. Section 318.18, F.S., provides the statutory base fine for a moving violation is \$60 plus court costs and fees, which can increase the total penalty up to \$158.

operated during the daytime as long as each such designated roadway has a posted speed limit of 35 miles per hour or less, and appropriately marked to indicate permissible ATV use.<sup>14</sup>

Any ATV operation that is permitted under s. 316.2123, F.S., may be undertaken only by a licensed driver or a minor, who may be unlicensed, who is under the direct supervision of licensed driver. The operator must provide proof of ownership under ch. 317, F.S., upon the request of a law enforcement officer.<sup>15</sup>

ATVs are titled pursuant to ch. 317, F.S.,<sup>16</sup> but not registered nor provided with a license plate. The manufacturing, distribution, and sale of ATVs is not regulated under ch. 320, F.S., as a motor vehicle and therefore are not required to meet Florida's motor vehicle franchise laws.

### **Low-speed Vehicles and Mini Trucks**

A low-speed vehicle is defined as any four-wheeled vehicle whose top speed is greater than 20 miles per hour but not greater than 25 miles per hour, including, but not limited to, neighborhood electric vehicles. Low-speed vehicles must comply with the safety standards in 49 C.F.R. s. 571.500 and s. 316.2122, F.S.<sup>17</sup> A mini-truck is defined as any four-wheeled vehicle whose top speed is greater than 20 miles per hour but not greater than 25 miles per hour, including, but not limited to, neighborhood electric vehicles. Low-speed vehicles must comply with the safety standards in 49 C.F.R. s. 571.500 and s. 316.2122, F.S.<sup>18</sup>

A low-speed vehicle or mini truck may be operated only on streets where the posted speed limit is 35 miles per hour or less. This does not prohibit a low-speed vehicle or mini truck from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour. A low-speed vehicle must be equipped with headlamps, stop lamps, turn signal lamps, tail lamps, reflex reflectors, parking brakes, rearview mirrors, windshields, seat belts, and vehicle identification numbers.<sup>19</sup>

A low-speed vehicle or mini truck must be registered and insured in accordance with s. 320.02, F.S., and titled pursuant to ch. 319, F.S. Any person operating a low-speed vehicle or mini truck must have in his or her possession a valid driver license.<sup>20</sup>

---

<sup>14</sup> Section 316.2123(2), F.S.

<sup>15</sup> Section 316.2123(3), F.S.

<sup>16</sup> Chapter 317, F.S., provides that the administration of off-highway vehicle titling laws is under the DHSMV, which shall provide for the issuing, handling, and recording of all off-highway vehicle titling applications and certificates, including the receipt and accounting of off-highway vehicle titling fees. Section 317.0002, F.S., states that it is the intent of the Legislature that all off-highway vehicles operated on public lands be titled and issued a certificate of title to allow for easy determination of ownership.

<sup>17</sup> Section 320.01(41), F.S. 49 CFR Part 571 is a set of Federal Motor Vehicle Safety Standards that establish minimum performance requirements for motor vehicles and motor vehicle equipment in the United States. This standard specifies requirements for low-speed vehicles.

<sup>18</sup> Section 320.01(41), F.S.

<sup>19</sup> Section 316.2122(1), F.S.

<sup>20</sup> *Id.*

Low-speed vehicles and mini trucks are regulated under ch. 320, F.S., and fall under the manufacturing, distribution, and sales requirements, which are included in Florida's motor vehicle franchise dealer laws.

### Utility Terrain Vehicles (UTVs)

As previously noted, current Florida law does not define a UTV (sometimes referred to as Recreational Off-Highway Vehicles (ROVs)<sup>21</sup> or "side-by-sides"), nor does it allow for UTVs to be operated on public roads or streets. Section 317.0003(6), F.S., defines "OHM" or "Off-highway vehicles" to mean any ATV, two-rider ATV, ROV, or OHM that is used off the roads or highways of this state and that is not registered and licensed for highway use pursuant to ch. 320, F.S.

While there are various definitions used in connection with UTVs, the Recreational Off-Highway Vehicle Association<sup>22</sup> provides the following definition:

- Designed to travel on four or more non-highway tires;
- Intended by the manufacturer for use by one or more persons and having the following characteristics:
  - A steering wheel for steering control;
  - Non-straddle seating;
  - Seatbelts;
  - An occupant protective structure;
  - Engine displacement of up to 1,000 cc;
  - Maximum speed capability greater than 30 miles per hour; and
  - Less than 80 inches in overall width, exclusive of accessories.<sup>23</sup>

Currently, 20 states allow for UTVs (variously defined) to be operated on public roadways, but regulations vary widely from state to state in terms of the requirements for making a UTV street-legal.<sup>24</sup> "Street-legal UTVs are universally required to have brake lights, turn signals, headlights, and hazard lights. Some states require additional equipment before they deem a UTV to be street-legal. Just as each state has different regulations for the equipment that street-legal UTVs must have, each state also has varying regulations for how these vehicles can be operated on public roads. Most states only allow UTVs to be operated on county roads. UTVs are not allowed on interstate highways."<sup>25</sup>

---

<sup>21</sup> Section 317.0003, F.S., provides the following definition for the term "ROV": any motorized recreational off-highway vehicle 80 inches or less in width which has a dry weight of 3,500 pounds or less, is designed to travel on four or more nonhighway tires, and is manufactured for recreational use by one or more persons. The term does not include a golf cart as defined in ss. 316.003 and 320.01, F.S., or a low-speed vehicle as defined in s. 320.01, F.S.

### III. Effect of Proposed Changes:

The bill creates s. 316.21275, F.S., to define the term “utility terrain vehicle” or “UTV” to mean a vehicle less than 70 inches in width which has at least two seats allowing passengers to sit in a side-by-side manner, operated by foot controls and a steering wheel and which is equipped with headlamps, stop lamps, turn signals, tail lamps, rearview mirrors, a windshield, seat belts, and a horn. The bill defines the term “direct supervision” to mean a person who is in the adjacent front passenger seat of the UTV being operated.

A UTV may only be operated on designated two-lane county roads or two-lane municipal streets in which the posted speed limit is less than 55 miles per hour. Before making such designation, the responsible county or municipality must first determine that a UTV may safely travel on or cross the public road or street, considering factors including speed, volume, and character of motor vehicle traffic using the road or street.

A UTV may be operated only on a part of the State Highway System necessary to cross the highway at an angle of approximately 90 degrees to the direction of the roadway and at a place where a quick and safe crossing can be made. The Department of Transportation may prohibit the operation of UTVs on any road in its jurisdiction if it determines that such prohibition is necessary in the interest of safety.

A UTV may only be operated by a licensed driver pursuant to s. 322.18, F.S., or a person possessing a learner’s driver license pursuant to s. 322.1615, F.S., who is under the direct supervision of a licensed driver. The bill allows the operator to drive the UTV during all hours.

The owner or operator of a UTV must comply with all of the following requirements and regulations:

- Obey traffic regulations enumerated in ch. 316, F.S., and operate his or her UTV with due care.
- Provide proof of ownership under ch. 317, F.S., upon the request of a law enforcement officer.
- Fulfill all insurance requirements pursuant to ss. 324.022 and 627.736, F.S.
- Ensure that the UTV has the proper license plate pursuant to s. 320.0847, F.S.
- Maintain registration certificate or copy thereof in the UTV pursuant to s. 320.0605, F.S.

The bill allows a county or municipality to enact an ordinance regarding UTV operation and equipment which is more restrictive than those requirements enumerated in statute. A county or municipality may also prohibit the use of UTVs on any road under its jurisdiction if the governing body of such county or municipality determines that such prohibition is necessary in the interest of safety.

The bill establishes penalties associated with the unlawful operation of a UTV. A violation is a noncriminal traffic infraction, punishable as a nonmoving violation, as provided in ch. 318, F.S.

In order to implement the bill, the DHSMV would issue a title to the UTV owner and the operator of a UTV would be required to provide proof of ownership under ch. 317, F.S., upon the request of a law enforcement officer. As a result, UTVs would be titled as an Off-Highway

Vehicle, but unlike ATVs that are not registered, UTVs would be registered as an on-highway vehicle (like low-speed vehicles and mini-trucks).<sup>26</sup>

The bill takes effect January 1, 2027.

**I. Summary:**

SB 388 increases the annual use fee for the existing Florida Wildflower specialty license plate from \$15 to \$25, consistent with the annual use fee amount applicable to all new specialty license plates. The bill provides that for a vehicle owner purchasing the Florida Wildflower specialty license plate for more than 10 vehicles registered to that owner, the annual use fee remains \$15 per plate.

The bill will likely have an indeterminate positive fiscal impact on the private sector. **See Section V., Fiscal Impact Statement.**

The bill takes effect October 1, 2026.

**II. Present Situation:**

According to the Department of Highway Safety and Motor Vehicles (DHSMV), as of October 2025, there are 132 specialty license plates authorized by the Legislature. Of these plates, 118 are available for immediate purchase and 14 are in the presale process.<sup>1</sup> Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.<sup>2</sup> The annual use fees are distributed to organizations in support of a particular cause or charity signified on the plate's design and designated in statute.<sup>3</sup>

---

<sup>1</sup> Email from Jonas Marquez, Director of Legislative Affairs, Department of Highway Safety and Motor Vehicles, RE: Specialty License Plates, regarding specialty license plate sales (November 25, 2025).

<sup>2</sup> Section 320.08056(3)(d), F.S., provides that except if specifically provided in s. 320.08056(4), F.S., the annual use fee for a specialty license plate is \$25.

<sup>3</sup> Section 320.08058, F.S.

### **Use of Specialty License Plate Fees**

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.<sup>4</sup> Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.<sup>5</sup>

The annual use fees collected by an organization and the interest earned from those fees may not be used for commercial or for-profit activities, or general or administrative expenses, unless authorized by s. 320.08058, F.S.<sup>6</sup> Additionally, the annual use fees and interest earned from those fees may not be used for the purpose of marketing to, or lobbying, entertaining, or rewarding, any employee of a governmental agency that is responsible for the sale and distribution of specialty license plates, or any elected member or employee of the Legislature.<sup>7</sup>

### **Florida Wildflower Specialty License Plate**

Current law provides that the \$15 annual use fee from the sale of the Florida Wildflower specialty license plate shall be distributed to the Florida Wildflower Foundation, Inc., a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code. The proceeds must be used to establish native Florida wildflower research programs, wildflower educational programs, and wildflower grant programs to municipal, county, and community-based groups in this state.<sup>8</sup>

According to the DHSMV, as of December 2025 there were 37,885 total sales of the Florida Wildflower specialty license plate.<sup>9</sup>

### **III. Effect of Proposed Changes:**

The bill amends s. 320.08056, F.S., to increase the annual use fee of the Florida Wildflower specialty license plate from \$15 to \$25, except for an owner purchasing the specialty license plate for more than 10 vehicles registered to that owner, the annual use fee remains at \$15 per plate.

The \$25 annual use fee is consistent with the amount established in s. 320.08056(3)(d), F.S., which is applicable to all new specialty license plates.

The bill takes effect October 1, 2026.

The Honorable Nick DiCeglie, Chair  
414 Senate Building  
404 South Monroe Street  
Tallahassee, FL 32399-1100

Dear Chair DiCeglie,

I am respectfully requesting that you place SB 388, Specialty License Plates/Florida Wildflower, on the agenda for the next Appropriations Committee on Transportation, Tourism, and Economic Development meeting at your earliest opportunity.

SB 388 proposes an amendment to Section 320.08056 of the Florida Statutes, which governs specialty license plates. The bill aims to increase the annual use fee for the Florida Wildflower license plate to \$25, except for owners purchasing the specialty plate for more than 10 vehicles registered to that owner. The fee for owners purchasing the specialty plate for more than 10 vehicles resistered to that owener will be reduced to \$15 per plate.

The primary objective of this legislation is to promote and raise awareness of Florida's native wildflowers. By adjusting the fee structure, the bill seeks to encourage broader participation in the program, thereby supporting conservation and educational initiatives related to Florida's unique floral heritage

If you have any questions, please do not hesitate to reach me at (407) 973-4070. Thank you for your consideration in placing SB 388 on the next committee agenda.

Respectfully,

Senator Kristen Arrington

BILL: SB 470

INTRODUCER: Senator Wright

SUBJECT: Fraternal Order of Police License Plate

DATE: January 21, 2026

REVISED: \_\_\_\_\_

## **I. Summary:**

SB 470 deletes the restriction on who may be issued the Fraternal Order of Police specialty license plate which will expand the eligibility for the purchase of the specialty plate. The bill also redirects the funds associated with the sale of the plate to the Florida State Lodge Fraternal Order of Police Memorial Foundation, Inc., a nonprofit organization.

The bill will likely have an indeterminate positive and negative fiscal impacts on the private sector. The Department of Highway Safety and Motor Vehicles (DHSMV) can absorb the costs associated with the changes to license plate eligibility within existing resources. **See Section V., Fiscal Impact Statement.**

The bill will take effect October 1, 2026.

## **II. Present Situation:**

The Fraternal Order of Police specialty license plate was established in 2009 and has a \$25 annual use fee. The DHSMV may issue the plate only to an applicant who submits a notarized letter from the Florida State Lodge of the Fraternal Order of Police stating that the applicant is a member of the lodge in good standing or a member of a lodge member's family, together with other fees and documents required for a specialty license plate.<sup>1</sup>

The annual use fees from the sale of the plate are distributed to the Florida State Lodge of the Fraternal Order of the Police. A maximum of 10 percent of the proceeds may be used to promote and market the plate, to administer the license plate program, and to pay administrative costs directly associated with the state Fraternal Order of Police Law Enforcement Memorial. The

<sup>1</sup> Section 320.08058(67)(a), F.S.

remaining funds are to be used by the foundation to fund projects, programs, events related to the memorial or to fund improvements, maintenance, or other support of the memorial.<sup>2</sup>

According to the Florida State Fraternal Order of Police website, the “Fraternal Order of Police is the world’s largest organization of sworn law enforcement officers, with more than 373,000 members and more than 3,100 lodges.”<sup>3</sup> The Fraternal Order of Police Memorial Foundation (a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code) honors those who died in the line of duty and are added to the Florida State Fraternal Order of Police Law Enforcement Memorial located at the State Capitol.<sup>4</sup> The Memorial Foundation also provides a state scholarship program that consists of a variety of scholarships that range anywhere from \$500 to a four-year renewable scholarship of \$2,000.<sup>5</sup>

According to the DHSMV, as of December 2025 there were 4,756 total sales of the Fraternal Order of Police specialty license plate.<sup>6</sup>

### III. Effect of Proposed Changes:

The bill amends s. 320.08058(67), F.S., to delete the requirement that applicants provide a notarized membership verification letter from the Fraternal Order of Police in order to purchase the Fraternal Order of Police specialty license plate. The elimination of the membership verification will significantly expand the eligibility for the purchase of the specialty plate.

The bill redistributes the funds from the sale of the specialty license plate to the Florida State Lodge Fraternal Order of Police Memorial Foundation, Inc., and specifies that those funds must be used in accordance with the foundation’s articles of incorporation. The bill also eliminates the stipulation that a maximum of 10 percent of the proceeds may be used to promote and market the plate, to administer the license plate program, and to pay administrative costs directly associated with the Fraternal Order of Police Law Enforcement Memorial.

The bill takes effect July 1, 2026.

## **II. Present Situation:**

### **Florida Diesel Fuel and Motor Fuel Use Tax Act of 1981**

In 1981, the Florida Legislature passed Chapter 207, F.S., as the “Florida Diesel and Fuel Motor Use Tax Act of 1981,” which levied taxes for the privilege of operating any commercial motor vehicle upon the public highways of this state. In 1987, responsibility was moved from the Department of Revenue to the Department of Highway Safety and Motor Vehicles (DHSMV) and authority to enter into a cooperative reciprocal agreement with other states was enacted. In 1991, the International Fuel Tax Agreement (IFTA) was formed.

In 1992, Florida joined IFTA, and in 1996, Congress enacted 49 USC 31701-31707, requiring all states (except Alaska and Hawaii) to join IFTA. The legislation provided authority to each state to establish, maintain, or enforce a law or regulation requirement, including any tax reporting form, only if the requirement conforms with IFTA. It also detailed how payment, collection, and proportional sharing of fuel use taxes would work among member states. Chapter 207, F.S., contains language that no longer conforms with the federal IFTA Articles of Agreement.<sup>1</sup>

### **International Fuel Tax Agreement (IFTA)**

The IFTA simplifies fuel tax reporting for interstate carriers, such as commercial motor vehicles. Commercial motor vehicles qualify for IFTA if they are used, designed, or maintained for the interstate transportation of persons or property and:

- Have two axles and a gross vehicle weight (GVW) or registered GVW exceeding 26,000 pounds; or
- Have three or more axles, regardless of weight; or
- Are used in combination with a trailer, for a combined GVW or registered GVW in excess of 26,000 pounds.<sup>2</sup>

The IFTA is a reciprocal agreement, meaning that an IFTA license issued by the jurisdiction where the motor carrier is based, is valid in all the other IFTA member jurisdictions. Additionally, the licensee reports and pays all motor fuel taxes to the base jurisdiction, which handles distribution to all the other member jurisdictions in which the licensee travelled and incurred motor fuel use tax liability. The IFTA member jurisdictions are the lower 48 states and the 10 Canadian provinces.<sup>3</sup>

### **IFTA Credentials**

Each calendar year, Florida will issue an IFTA license and a set of two IFTA decals per each qualified vehicle. The original IFTA license is kept with the carrier’s records, and copies of the original must be kept in each vehicle, and IFTA decals must be affixed to the outside of each of

those vehicles. By having copies of the licenses, and the decals affixed to the outside of the vehicles, it qualifies them to be operational in all other IFTA jurisdictions without the need for obtaining additional licenses from those jurisdictions.<sup>4</sup> The IFTA licenses and decals are valid for one calendar year (January 1 – December 31), and reporting for motor fuel taxes is divided into four reporting periods. There is no annual fee associated with the IFTA license, and IFTA decals are \$4.00 per set.<sup>5</sup>

### **Crash Reporting – Damage Thresholds**

A driver of a vehicle involved in a crash that results in injury or death of any person, or results in damage to any vehicle or other property in an apparent amount of at least \$500, must give immediate notification to local law enforcement whether a municipality, county, or Florida Highway Patrol. A violation of this provision is a non-criminal traffic infraction, punishable as a nonmoving violation. The statutory base fine is \$30, but with additional fees and court costs, the total fine may be up to \$108.<sup>6</sup>

In 1989, the amount of property damage necessary to require notification to law enforcement was increased from \$100 to \$500.<sup>7</sup> Currently, the normal amount for a deductible for vehicle insurance contracts within the insurance industry is between \$500 and \$1,500.<sup>8</sup> From 2021 to the present, the typical vehicle crash damage repair cost ranged between \$1,000 to \$1,499. The second highest percentage was \$2,000 to \$2,499. Within the same period 60 percent of the vehicle crashes resulted in more than \$2,500 in damage.<sup>9</sup>

### **Application and Issuance for Certificate of Title**

If a certificate of title has not previously been issued for a motor vehicle or mobile home in this state, the application, unless otherwise provided, must be accompanied by a proper bill of sale or sworn statement of ownership, or a duly certified copy thereof, or by a certificate of title, bill of sale, or other evidence of ownership required by the state or county from which the motor vehicle or mobile home was brought into this state.<sup>10</sup> The application must also be accompanied by:

- A sworn affidavit from the seller and purchaser verifying that the vehicle identification number shown on the affidavit is identical to the vehicle identification number shown on the motor vehicle; or
- An appropriate DHSMV form evidencing that a physical examination has been made of the motor vehicle by the owner and by a duly constituted law enforcement officer in any state, a licensed motor vehicle dealer, a license inspector as provided by s. 320.58, F.S., or a notary

- If the vehicle is a used car original, a sworn affidavit from the owner verifying that the odometer reading shown on the affidavit is identical to the odometer reading shown on the motor vehicle in accordance with the requirements of certain federal regulations.

Verification of the vehicle identification number is not required for any new motor vehicle; any mobile home; any trailer or semitrailer with a net weight of less than 2,000 pounds; or any travel trailer, camping trailer, truck camper, or fifth-wheel recreation trailer.<sup>11</sup>

### **Vehicle Registration Requirements – Permanent Address**

With limited exceptions, every owner or person in charge of a motor vehicle that is operated or driven on the roads must register the vehicle in this state. The owner or person in charge must apply to the DHSMV or to its authorized agent for registration of each vehicle on a form prescribed by the DHSMV. A registration is not required for any motor vehicle that is not operated on the roads of this state during the registration period.<sup>12</sup>

The application for registration must include the street address of the owner's permanent residence or the address of his or her permanent place of business and be accompanied by personal or business identification information. An individual applicant must provide a valid driver license or identification card issued by Florida or another state or a valid passport. A business applicant must provide a federal employer identification number, if applicable, or verification that the business is authorized to conduct business in the state, or a Florida municipal or county business license or number.<sup>13</sup>

If the owner does not have a permanent residence or permanent place of business, or if the owner's permanent residence or permanent place of business cannot be identified by a street address, the application must include:

- If the vehicle is registered to a business, the name and street address of the permanent residence of an owner of the business, an officer of the corporation, or an employee who is in a supervisory position.
- If the vehicle is registered to an individual, the name and street address of the permanent residence of a close relative or friend who is a resident of this state.<sup>14</sup>

If the vehicle is registered to an active-duty member of the Armed Forces of the United States who is a Florida resident, the active-duty member is exempt from the requirement to provide the street address of a permanent residence.<sup>15</sup>

### **Electronic Notification to Customers – Use of Email**

Notices related to the cancellation, suspension, revocation, or disqualification issued under the provisions of chs. 318, 320, 322, 324, or ss. 627.732-627.734, F.S.,<sup>16</sup> must be given via personal delivery to the customer via the United States Postal Service at which it is placed in an envelope, first class, postage prepaid and addressed to the customer at his or her last known mailing address that has been furnished to the DHSMV.

Currently, the DHSMV is authorized to collect and utilize email addresses for the limited purpose of providing certain motor vehicle registration and driver's license renewal notices.

### **Definition of Tank Vehicles**

Section 322.01(44), F.S. defines a “tank vehicle” as a vehicle that is designed to transport any liquid or any liquid gaseous material within a tank either permanently or temporarily attached to the vehicle, if such tank has a designed capacity of 1,000 gallons or more.

According to the DHSMV, this definition is not currently aligned with the Federal Motor Carrier Safety Administration (FMSCA) definition.<sup>17</sup> The FMSCA has the power to withhold federal funding from the state should they find that the DHSMV is not in compliance with the applicable federal legal requirements.<sup>18</sup>

## **III. Effect of Proposed Changes:**

### **International Fuel Tax Agreement**

The bill amends various sections of ch. 207, F.S., to update Florida law to reflect the changes in federal regulations pertaining to IFTA so that Florida remains compliant with those federal regulations. For example, the bill:

- Specifies the requirements for calculating and reporting the motor fuel use tax and updates other definitions and requirements under the Florida Motor Fuel Use Tax Act.
- Establishes a licensing system for motor carriers in lieu of registration and mandates electronic submission for tax and licensing documents.
- Creates penalties for counterfeiting or illegally altering fuel tax licenses and the related permits.
- Amends the required procedures for due dates, electronic submissions, and methods of communications related to motor vehicles and fuel taxes.

---

<sup>16</sup> These chapters govern the disposition of traffic infractions, motor vehicle registration, driver licensing, financial responsibility, and motor vehicle insurance.

<sup>17</sup> 49 CFR 383.5, provides that a “tank vehicle” means any commercial motor vehicle that is designed to transport any liquid or gaseous materials within a tank or tanks having an individual rated capacity of more than 119 gallons and an aggregate rated capacity of 1,000 gallons or more that is either permanently or temporarily attached to the vehicle or the chassis. A commercial motor vehicle transporting an empty storage container tank, not designed for transportation, with a rated capacity of 1,000 gallons or more that is temporarily attached to a flatbed trailer is not considered a tank vehicle.

<sup>18</sup> DHSMV, *2025 Legislative Bill Analysis: SB 1290* (February 26, 2025) at p. 5 (on file with the Senate Transportation Committee).

- Revises penalties and interest calculations for delinquent tax payments and revises the provisions related to the inspection and discontinuation of business operations for motor carriers.
- Provides penalties for specific offenses related to the misuse of motor fuel-tax related documents and establishes detailed requirements for recordkeeping by motor carriers.
- Incorporates numerous conforming provisions throughout ch. 207, F.S.

### **Crash Reporting – Damage Thresholds**

The bill amends s. 316.065, F.S., to require the driver of a vehicle that is involved in a crash that results in injury or death of any person, or results in damage to any vehicle or other property in an apparent amount of at least \$2,000 (currently \$500), to give immediate notification to local law enforcement or the Florida Highway Patrol.

### **Motor Vehicle Registration – Permanent Address**

The bill amends s. 320.02, F.S., to provide that an application for registration of a motor vehicle must include the street address of the owner's Florida residence or the address of his or her permanent place of business in Florida and be accompanied by specified personal or business identification. The bill repeals the current authorization for a vehicle owner who does not have a permanent address or place of business in Florida to register a vehicle under certain conditions.

Specifically, the bill provides that an applicant for a motor vehicle registration is required to have a valid, REAL ID compliant driver's license or identification card issued by Florida or another state, a valid unexpired United States passport, or a valid, unexpired passport issued by another country and an unexpired Form I-94 issued by the United States Bureau of Customs and Border Protection. According to the DHSMV, there are currently 262,167 driver licenses in Florida that are not yet REAL-ID compliant, even though the federal REAL-ID deadline was May 7, 2025.<sup>19</sup>

The bill also stipulates that if a vehicle is registered to a service member of the U.S. Armed Forces as defined in s. 322.57(4)(a), F.S., who is a Florida resident, the registrant is exempt from the requirement to provide a street address for a permanent Florida residence.

### **Electronic Notification of Customers Via Email**

The bill amends ss. 320.95, 322.08, 322.18, 322.21, 322.251, 322.2616, 322.64, 324.091, and 328.30, F.S., to expand the types of transactions and circumstances in which DHSMV may use email in lieu of the United States Postal Service to communicate with customers. Specifically, the bill authorizes email to be used as a method of general notification for various notices and orders issued by DHSMV, including, but not limited to, notices related to driver licenses, identification cards, motor vehicle registrations, motor vehicle insurance, and vessel registrations.

SB 490, which is linked to this bill, expands provisions related to current public record exemptions for email addresses held by the DHSMV used in connection with:

---

<sup>19</sup> *Id* at p. 6

- Motor vehicle title transactions.
- Motor vehicle registration renewal notices.
- Driver license renewal notices.
- Vessel title transactions and liens.

### **Definition of Tank Vehicles**

The bill amends s. 322.01(44), F.S., to change the definition of a “tank vehicle” to a vehicle designed to transport any liquid or gaseous material within one or more tanks, each with a capacity above 119 gallons and an aggregate rated capacity of 1,000 gallons or more. A commercial motor vehicle transporting an empty storage container that is not designed for transportation but that is temporarily attached to a flatbed trailer is not a tank vehicle. This change places Florida in substantial compliance with Parts 383 and 384 of the FMCSA.

The bill includes various conforming provisions and corrects several cross-references.

This bill takes effect July 1, 2026.

**I. Summary:**

SB 490 expands the exemption from public records for email addresses collected by the Department of Highway Safety and Motor Vehicles (DHSMV) to include email addresses to be used as a method of general notification to customers. The bill also creates a public record exemption for email addresses collected by the DHSMV and used for purposes of renewal notices for vessel titles and liens.

A public necessity statement is included in the bill as required by the Florida Constitution.

The bill is subject to the Open Government Sunset Review Act and the new exemption will be repealed on October 2, 2031, unless reviewed and reenacted by the Legislature.

Because this bill creates a new public records exemption, a two-thirds vote of the members present and voting in each chamber of the Legislature is required for passage.

The bill takes effect on the same date that SB 488 or similar legislation takes effect (July 1, 2026), if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

The bill has no fiscal impact on state resources or expenditures. **See Section V. Fiscal Impact Statement.**

## II. Present Situation:

### Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.<sup>1</sup> The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.<sup>2</sup>

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and the statutory provisions are adopted in the rules of each chamber of the legislature.<sup>3</sup> Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.<sup>4</sup> Lastly, ch. 119, F.S., provides requirements for public records held by executive agencies.

### Executive Agency Records – The Public Records Act

Chapter 119, F.S., known as the Public Records Act, provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.<sup>5</sup>

A public record includes virtually any document or recording, regardless of its physical form or how it may be transmitted.<sup>6</sup> The Florida Supreme Court has interpreted the statutory definition of “public record” to include “material prepared in connection with official agency business which is intended to perpetuate, communicate, or formalize knowledge of some type.”<sup>7</sup>

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the

<sup>4</sup> *State v. Wooten*, 260 So. 3d 1060 (Fla. 4<sup>th</sup> DCA 2018).

<sup>5</sup> Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

<sup>6</sup> Section 119.011(12), F.S., defines “public record” to mean “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.”

<sup>7</sup> *Shevin v. Byron, Harless, Schaffer, Reid, and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

custodian of the public record.<sup>8</sup> A violation of the Public Records Act may result in civil or criminal liability.<sup>9</sup>

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.<sup>10</sup> The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.<sup>11</sup>

General exemptions from the public records requirements are contained in the Public Records Act.<sup>12</sup> Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.<sup>13</sup>

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” Custodians of records designated as “exempt” are not prohibited from disclosing the record; rather, the exemption means that the custodian cannot be compelled to disclose the record.<sup>14</sup> Custodians of records designated as “confidential and exempt” may not disclose the record except under circumstances specifically defined by the Legislature.<sup>15</sup>

### **Open Government Sunset Review Act**

The Open Government Sunset Review Act<sup>16</sup> (the Act) prescribes a legislative review process for newly created or substantially amended<sup>17</sup> public records or open meetings exemptions, with specified exceptions.<sup>18</sup> It requires the automatic repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.<sup>19</sup>

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.<sup>20</sup>

<sup>16</sup> Section 119.15, F.S.

<sup>17</sup> An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

<sup>18</sup> Section 119.15(2)(a) and (b), F.S., provide that exemptions that are required by federal law or are applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

<sup>19</sup> Section 119.15(3), F.S.

<sup>20</sup> Section 119.15(6)(b), F.S.

An exemption serves an identifiable purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;<sup>21</sup>
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;<sup>22</sup> or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.<sup>23</sup>

The Act also requires specified questions to be considered during the review process.<sup>24</sup> In examining an exemption, the Act directs the Legislature to carefully question the purpose and necessity of the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.<sup>25</sup> If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to sunset, the previously exempt records will remain exempt unless provided for by law.<sup>26</sup>

### **Existing Public Record Exemptions for DHSMV-Related Email Addresses**

Section 119.0712(2)(c), F.S., provides that email addresses collected by the DHSMV pursuant to specified provisions of law are exempt from public disclosure. Specifically, email addresses associated with the following types of transactions are exempt:

- Motor vehicle title notifications.<sup>27</sup>
- Motor vehicle registration renewals.<sup>28</sup>
- Driver license renewal notices.<sup>29</sup>

**SB 488 – Department of Highway Safety and Motor Vehicles**

SB 488 expands the circumstances in which email may be used in lieu of the United States Postal Service (currently limited to certain renewal notices) by authorizing email to be used as method of notification for various notices and orders issued by the DHSMV, including but not limited to, notices and orders related to driver licenses, identification cards, motor vehicle registrations, motor vehicle insurance and vessel titles.

**III. Effect of Proposed Changes:**

The bill amends s. 119.0712, F.S., to expand the exemption from public records for email addresses collected by the DHSMV to include email addresses to be used as a method of general notification, and not just renewal notices. The bill also creates a public records exemption for email addresses collected by the DHSMV and used for the purpose of providing renewal notices for vessel titles.

The bill is subject to the Open Government Sunset Review Act and the exemptions will be repealed on October 2, 2031, unless reviewed and reenacted by the Legislature. Because this bill creates a new public records exemption, a two-thirds vote of the members present and voting in each chamber of the Legislature is required for passage.

The bill contains a public necessity statement as required by the Florida Constitution. It provides that the Legislature finds that:

- It is a public necessity that e-mail addresses collected by the Department of Highway Safety and Motor Vehicles for the use of e-mail in lieu of the United States Postal Service as a method of notification be made exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. Sections 320.95(2) and 322.08(10), Florida Statutes, authorize the department to collect e-mail addresses and use e-mail in lieu of the United States Postal Service to provide renewal notices related to motor vehicle license plates, driver licenses, and identification cards. The department is also authorized to collect e-mail addresses and use e-mail to provide renewal notices related to vessel registrations pursuant to s. 328.30(3), Florida Statutes.
- SB 488 expands the circumstances in which e-mail may be used in lieu of the United States Postal Service by authorizing e-mail to be used as a method of general notification for various notices and orders issued by the department in addition to renewal notices, including, but not limited to, notices related to driver licenses, identification cards, motor vehicle registrations, vessel registrations, and orders to revoke, cancel, or suspend driver licenses.
- The department's use of e-mail as a method for corresponding with customers has steadily increased in recent decades. E-mail addresses are unique to each individual and, when combined with other personal identifying information, can be used for identity theft, consumer scams, unwanted solicitations, or other invasive contacts. The public availability of personal e-mail addresses puts the department's customers at increased risk of these problems. Such risks may be significantly limited by permitting the department to keep customer e-mail addresses exempt. The Legislature finds that these risks to consumers outweigh the state's public policy favoring open government.

The bill is effective on the same date that SB 488 or similar legislation takes effect (July 1, 2026), if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

#### **IV. Constitutional Issues:**

##### **A. Municipality/County Mandates Restrictions:**

Not applicable. The bill does not require counties or municipalities to take action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

##### **B. Public Records/Open Meetings Issues:**

###### **Vote Requirement**

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. This bill expands the exemption from public records for email addresses collected by the DHSMV for providing renewal notices to include email addresses to be used as a method of general notification. The bill also creates a public records exemption for email addresses collected by the DHSMV and used for the purpose of providing renewal notices for vessel titles. Thus, the bill requires a two-thirds vote to be enacted.

###### **Public Necessity Statement**

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption.

###### **Breadth of Exemption**

Article I, s. 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law.

The purpose of the law is to protect email addresses held by the DHSMV for purposes of providing various general notifications, notices, orders and instructions to customers. This bill exempts only that specific information. The exemption does not appear to be broader than necessary to accomplish the purpose of the law.

**I. Summary:**

SB 528 designates a Chief Manufacturing Officer (CMO) among the Department of Commerce (department) senior leadership to support, promote, and coordinate manufacturing statewide. Duties include serving as subject-matter expert for manufacturing, promoting and coordinating manufacturing efforts statewide, working with state and federal agencies to support manufacturing, and collaborating with education/training entities to promote manufacturing career paths.

The bill creates the Florida Manufacturers' Workforce Development Grant Program (program) within the department to fund proposed projects, subject to appropriation by the Legislature, that support small manufacturers in Florida in deploying new technologies or cybersecurity infrastructure, and to strengthen the manufacturing workforce pipeline from elementary education through postsecondary training and workforce reentry.

The bill establishes the voluntary Florida Manufacturing Promotional Campaign (campaign) within the department to increase consumer awareness of manufacturing activities in Florida and expand exposure for products and goods manufactured in Florida.

The bill authorizes the department to adopt rules to administer the program and campaign.

The bill may have an indeterminate impact on state expenditures. It does not appear to impact local government revenues or expenditures. See Section V., Fiscal Impact Statement.

The bill takes effect July 1, 2026.

## II. Present Situation:

### Manufacturing

According to the Department of Commerce, Florida has more than 430,000 manufacturing jobs, and experienced the highest growth in manufacturing employment among large states from 2014-2022. In 2024, Florida's manufacturing output grew to \$80.7 billion. Manufacturing jobs generally pay higher wages than those in other industries and are economically resilient against downturns. Manufacturing jobs also create seven jobs for every one manufacturing job.<sup>1</sup>

The North American Industry Classification System (NAICS) is the standard used by federal statistical agencies to classify businesses by industry for statistical data collection and analysis on the U.S. economy.<sup>2</sup> NAICS Sector Codes 311-339 include unique manufacturing industries in Florida that have outpaced the nation in job growth, which include, but are not limited to, all of the following:

- Food manufacturing.
- Beverage and tobacco product manufacturing.
- Textile mills and textile product mills.
- Apparel manufacturing.
- Leather and allied product manufacturing.
- Wood product and paper manufacturing.
- Printing and related support activities.
- Petroleum and coal products manufacturing.
- Chemical manufacturing.
- Plastics and rubber products manufacturing.
- Nonmetallic mineral product manufacturing.
- Primary metal manufacturing.
- Fabricated metal product manufacturing.
- Machinery manufacturing.
- Computer and electronic product manufacturing.
- Electrical equipment and appliances.
- Transportation equipment manufacturing.
- Furniture and related product manufacturing.
- Miscellaneous manufacturing.<sup>3</sup>

Additionally, manufacturing sectors with a high value-added component, such as aviation and aerospace, defense, microelectronics, medical devices and equipment, marine, fabricated metal products, and industrial machinery, have helped Florida's small and mid-size manufacturers grow quickly.<sup>4</sup>

Under the Local Manufacturing Development Program, a local government may adopt an ordinance establishing a local manufacturing development program through which the local government may grant master development approval for developing or expanding sites operated by manufacturers.<sup>5</sup> Local governments may establish a manufacturing master development plan review process that allows new or expanding manufacturing businesses to go through a single local-level master development plan process and, upon approval, proceed to development without requiring additional approvals or permits, except for building permits.<sup>6</sup> The approval process must be coordinated with the department.<sup>7</sup> Additionally, the department has developed a model local manufacturing development program ordinance to guide local governments that intend to establish a local manufacturing development program.<sup>8</sup> Currently, only Manatee and Volusia County have adopted an ordinance.<sup>9</sup>

### **Workforce Training Programs**

CareerSource Florida, a not-for-profit corporation administratively housed within the department,<sup>10</sup> is the statewide workforce policy and investment board comprised of business and government leaders that helps Floridians enter, remain in, and advance in the workplace so that they may become more highly skilled and successful. The program also connects employers with qualified and skilled employees.<sup>11</sup> Workforce training is administered through the 21 local workforce development boards.

The Florida Job Growth Grant Fund is an economic development program that promotes public infrastructure and workforce training across the state. Proposals are reviewed by the department and selected by the Governor to meet workforce or infrastructure needs in the communities to which they are awarded.<sup>12</sup>

### **Manufacturing Extension Partnership (MEP)**

The MEP National Network is a public-private partnership that delivers comprehensive solutions to U.S. manufacturers, fueling growth and advancing the U.S. manufacturing sector.<sup>13</sup> MEP is part of the U.S. Department of Commerce's National Institute of Standards and Technology (NIST).<sup>14</sup> The MEP National Network, the mission of which is to strengthen and empower U.S. manufacturers, is comprised of NIST's Manufacturing Extension Partnership (NIST MEP), the 51 MEP Centers located in all 50 states and Puerto Rico, the MEP Advisory Board, MEP Center boards, and the Foundation for Manufacturing Excellence, as well as over 1,440 trusted advisors

### III. Effect of Proposed Changes:

#### Chief Manufacturing Officer

**Section 1** amends s. 20.60, F.S., to expand the Department of Commerce's (department) responsibilities to encourage and oversee manufacturing in the state in coordination with the newly created Chief Manufacturing Officer (CMO) within the department.

**Section 2** creates s. 20.602, F.S., to designate a CMO among the department's senior leadership to promote manufacturing statewide. Duties of the CMO include:

- Serving as the subject-matter expert on manufacturing;
- Promoting and coordinating manufacturing efforts in the state and identifying gaps across state-supported activities;
- Providing strategic direction for interagency and cross-disciplinary initiatives to promote and support manufacturing in the state;
- Working with federal, state, regional, and local governmental entities and nongovernmental entities to align manufacturing priorities;
- Engaging with state agencies and water management districts to create processes, programs, decision frameworks, and reporting mechanisms intended to support manufacturing in the state; and
- Collaborating with the Department of Education, elementary, middle, and high schools, technical colleges, and workforce boards to promote manufacturing career paths through career development initiatives and funding manufacturing training centers.

The bill requires the department to submit a report by December 15, 2027, and every two years thereafter, on the strength and economic importance of Florida's manufacturing industry.

#### Florida Manufacturers' Workforce Development Grant Program

**Section 3** creates s. 288.103, F.S., to establish the Manufacturers' Workforce Development Grant Program (program) within the department, under the direction of the CMO in consultation with the state's National Institute of Standards and Technology Manufacturing Extension Partnership organization. The purpose of the program is to support small manufacturers in Florida in deploying new technologies or cybersecurity infrastructure, and to strengthen the

manufacturing workforce pipeline from elementary education through postsecondary training and workforce reentry. Grants may be used for workforce and development operations, subject to appropriations.

The bill establishes ranking metrics for the program, including the number of employees, applicants' matching funds, and expected benefits from the grant awards. Priority must be given to projects with innovative plans, advanced technologies, development strategies focusing on workforce development for small manufacturers, and must include one or more of the following:

- Regional manufacturing training center establishment or expansion;
- Partnerships with school districts, technical and state colleges to support manufacturing curricula, dual enrollment, and industry certification programs;
- Development of career awareness programs in elementary and middle schools;
- Outreach and training programs targeting underrepresented populations, including reentry populations; and
- Marketing and promotion of manufacturing careers.

The department must include project grant awards and each project's status in its annual incentives report.

The department may adopt rules to implement the grant program.

### **Florida Manufacturing Promotional Campaign**

**Section 4** creates s. 288.1031, F.S., to establish the Florida Manufacturing Promotional Campaign to:

- Increase consumer awareness of manufacturing;
- Expand market exposure for manufactured products and goods; and
- Inspire future generations of entrepreneurs, fabricators, and skilled workers to build and grow domestic businesses and manufacturing operations.

The campaign is voluntary, managed by the department, and coordinated with the National Institute of Standards and Technology Manufacturing Extension Partnership. The department must develop logos, promotional materials, register participants, create in-kind advertising, and contract with the media. The department must prepare an annual report on campaign performance (submitted as part of the department's annual report) that includes performance measures and outcomes, sources of in-kind advertising, contracts, participant names, and other relevant information.

The bill defines a "manufactured product" as any durable or non-durable tangible personal property or consumer good that has been processed, fabricated, or produced through industrial or mechanical processes. This includes items sold or leased to consumers.

The department may adopt rules to implement and administer the campaign, establish logos or product identifiers used in the campaign, ensure compliance with the campaign, and govern participant registration.

146 in this state.

147 Section 3. Section 288.103, Florida Statutes, is created to  
148 read:

149 288.103 Florida Manufacturers' Workforce Development Grant

151 (1) The Florida Manufacturers' Workforce Development Grant  
152 Program is created within the Department of Commerce, under the

**I. Summary:**

SB 584 authorizes the Department of Highway Safety and Motor Vehicles (DHSMV) and county tax collectors to enter into interagency agreements authorizing county tax collectors to enforce statutory provisions related to commercial driving schools. The interagency agreement may include, but is not limited to, grants of authority to the county tax collector, or his or her agent, to do any of the following:

- Prohibit licensees operating commercial driving schools, and their agents, from entering upon the tax collector's premises except under specified circumstances.
- Prohibit conduct by licensees operating commercial driving schools, and their agents, which operates or would operate as a fraud or deceit.
- Prohibit any transaction, practice, or course of business related to a commercial driving school which undermines the driver license issuance process.
- Require persons licensed to operate commercial driving schools, and their agents, to present certain documents upon the demand of a law enforcement officer, a DHSMV employee, or an employee of the tax collector.
- Enter the premises of a commercial driving school to ensure compliance with laws regulating commercial driving schools.

The DHSMV may experience a reduction in costs associated with entering into these interagency agreements. County tax collectors entering into such agreements may incur indeterminate costs associated with enforcing commercial driving school regulations. See Section V., Fiscal Impact Statement for details.

This bill takes effect July 1, 2026.

## **II. Present Situation:**

### **Commercial Driving Schools**

Commercial driving schools provide education about driving skills, traffic laws, road safety, and substance abuse. Commercial driving schools also teach behind-the-wheel skills for driving non-commercial vehicles to prepare drivers to take the Class E skills test.<sup>1, 2</sup>

Except for truck driving schools,<sup>3</sup> the Department of Highway Safety and Motor Vehicles (DHSMV) oversees and licenses all commercial driving schools. A person or other entity may not operate a commercial driving school without first obtaining a license from DHSMV.<sup>4</sup>

An application for a license to become a commercial driving school is submitted to the DHSMV. If the DHSMV approves the application, and the license fee is paid, the DHSMV issues the appropriate license. A license for a commercial driving school is valid for one year from the date of issuance and is not transferable.<sup>5</sup>

### ***Commercial Driving School Instructors and Agents***

A person may not be compensated for giving instructions on operating motor vehicles or act as a driving school instructor without first obtaining an instructor's certificate from the DHSMV.<sup>6</sup> An instructor's certificate is only valid in connection with the driving school or schools listed on the certificate or in connection with a driver education course offered by a district school board.<sup>7</sup>

### ***Agents of Commercial Driving Schools – Identification Cards***

A person may not serve as an agent for a commercial driving school without first obtaining an agent identification card from the DHSMV. An agent identification card is only valid in connection with the commercial driving school or schools listed on the card.<sup>8</sup>

### ***Certification of Motor Vehicles Used by Commercial Driving Schools***

A motor vehicle owned or controlled by a commercial driving school may not be used to give driving instructions until the licensee has obtained a school vehicle identification certificate from the DHSMV. Such vehicles must also meet the DHSMV's safety requirements.<sup>9</sup>

<sup>9</sup> Section 488.05, F.S. Vehicle requirements for commercial driving schools are codified in Rule 15A-11.010(1), F.A.C.

***Revocation or Suspension of License or Certificate Related to Commercial Driving Schools***

The DHSMV may suspend or revoke any license or certificate related to commercial driving schools, if the holder of the license or certificate or an instructor, agent, or employee of the commercial driving school has:

- Violated statutory provisions relating to commercial driving schools;
- Been convicted of, pled no contest to, or had adjudication withheld for any felony offense or misdemeanor offense, as shown by a fingerprint-based criminal background check;<sup>10</sup>
- Committed any fraud or willful misrepresentation in applying for or obtaining a license; or
- Solicited business on any premises, including parking areas, used by the DHSMV or a tax collector for the purpose of licensing drivers.<sup>11</sup>

**Commercial Driving School Fees and Distribution**

All fees the DHSMV receives related to commercial driving schools are deposited in the General Revenue Fund.<sup>12</sup> The statutory fees are as follows:

- Commercial Driving School Fees:
  - License application fee: \$50.
  - Initial license fee: \$200.
  - Annual license renewal fee: \$100.
- Instructor or Agent Fees:
  - Instructor or agent application fee: \$25.
  - Annual instructor or agent renewal fee: \$10.
  - Duplicate instructor certificate fee: \$2.
- Vehicle-Related Fees:
  - Vehicle identification certificate application fee: \$15.
  - Annual vehicle renewal fee: \$10.<sup>13</sup>

***Penalties***

A violation related to commercial driving or any of its implementing rules or regulations<sup>14</sup> is a misdemeanor of the first degree, punishable by a term of imprisonment not exceeding one year<sup>15</sup> or a fine of up to \$1,000.<sup>16,17</sup>

**Application for a Class E Driver License**

Florida law requires the DHSMV to examine every applicant for a driver's license. For a Class E driver license, the examination must include:

- A test of the applicant's eyesight;
- A test of the applicant's hearing;

- A test of the applicant's ability to read and understand highway signs regulating, warning, and directing traffic; his or her knowledge of the traffic laws of this state; and
- An actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle.<sup>18</sup>

### **Duties of County Tax Collectors**

Among their statutorily prescribed duties, county tax collectors serve as the DHSMV's agents for purposes of motor vehicle and vessel registrations and title applications and for this issuance of driver licenses. County tax collectors are funded from fees or commissions from services rendered.<sup>19</sup> For example, the county tax collector charges a \$6.25 service fee for providing driver license and identification card services.<sup>20</sup>

### **III. Effect of Proposed Changes:**

**Section 1** creates s. 488.09, F.S., authorizing the DHSMV to enter into interagency agreements with county tax collectors regarding the enforcement of statutory provisions related to commercial driving school. Such agreements will allow county tax collectors to enforce statutes related to commercial driving schools.

The interagency agreement may include, but is not limited to, grants of authority to the county tax collector, or his or her agent, to do any of the following:

- Prohibit licensees operating commercial driving schools, and their agents, from entering upon the tax collector's premises, including its parking areas, unless such licensees and agents are seeking tax collector services in their personal capacities.
- Prohibit any course of conduct by licensees operating commercial driving schools, and their agents, which operates or would operate as a fraud or deceit upon a person, the DHSMV, or the tax collector.
- Prohibit any transaction, practice, or course of business related to a commercial driving school which undermines the integrity of the driver license issuance process.
- Require persons licensed to operate commercial driving schools, and their agents, to present their licenses, agent identification cards, and certificates upon the demand of a law enforcement officer, a the DHSMV employee, or an employee of the tax collector.
- Enter the premises of a commercial driving school to ensure compliance with state and local laws regulating commercial driving schools.

**I. Summary:**

SB 594 provides that a county's or municipality's local housing assistance plan under the State Housing Initiatives Partnership (SHIP) Program must include a strategy for providing program funds to mobile home owners, including lot rental assistance. The bill specifies that lot rental assistance is considered home ownership activity for purposes of allocating program funds, while rehabilitation and emergency repairs for mobile homes is considered construction, rehabilitation, or emergency repair of affordable, eligible housing.

The bill allows local governments to expend funds from their local housing distribution on lot rental assistance for mobile home owners not to exceed 6 months' rent.

The bill does not have a fiscal impact on state revenues or expenditures. See Section V., Fiscal Impact Statement.

The bill takes effect on July 1, 2026.

**II. Present Situation:**

**Affordable Housing**

Affordable housing is defined in terms of household income. Housing is considered affordable when monthly rent or mortgage payments, including taxes and insurance, do not exceed 30 percent of the household income.<sup>1</sup> Resident eligibility for Florida's state and federally funded housing programs is typically determined by area median income levels, which are published annually by the U.S. Department of Housing and Urban Development for each county and metropolitan area.

---

<sup>1</sup> Section 420.9071(2), F.S.

The two primary state housing assistance programs are the State Housing Initiatives Partnership (SHIP)<sup>2</sup> and the State Apartment Incentive Loan (SAIL)<sup>3</sup> programs. SHIP provides funds to eligible local governments, allocated using a population-based formula, to address local housing needs as identified by the local government. SAIL provides low interest loans on a competitive basis as gap financing for the construction or substantial rehabilitation<sup>4</sup> of multifamily affordable housing developments.<sup>5</sup>

### ***State Housing Initiatives Partnership (SHIP) Program***

The SHIP Program was created in 1992<sup>6</sup> to provide funds to local governments as an incentive to create partnerships that produce and preserve affordable homeownership and multifamily housing.<sup>7</sup> SHIP provides funds to all 67 counties and 55 Community Development Block Grant<sup>8</sup> entitlement municipalities on a population-based formula to finance and preserve affordable housing based on locally adopted housing plans.<sup>9</sup> The program is administered by the Florida Housing Finance Corporation (FHFC) and serves very-low,<sup>10</sup> low,<sup>11</sup> and moderate<sup>12</sup> income families.<sup>13</sup>

A dedicated funding source for SHIP was established by the passage of the 1992 William E. Sadowski Affordable Housing Act.<sup>14</sup> SHIP is funded through a statutory distribution of documentary stamp tax revenues, which are deposited into the Local Government Housing Trust Fund. Subject to specific appropriation, funds are distributed quarterly to local governments participating in the program under an established formula.<sup>15</sup> A county or eligible municipality seeking funds from SHIP must adopt an ordinance that:

- Creates a local housing assistance trust fund;
- Adopts a local housing assistance plan (LHAP)<sup>16</sup> to be implemented through a local housing partnership;
- Designates responsibility for administering the local housing assistance plan; and
- Creates an affordable housing advisory committee.<sup>17</sup>

<sup>15</sup> Section 420.9073, F.S.

<sup>16</sup> “Local housing assistance plan” means a concise description of the local housing assistance strategies and local housing incentive strategies adopted by local government resolution with an explanation of the way in which the program meets specified requirements and corporation rule. Section 420.9071(15), F.S.

<sup>17</sup> Section 420.9072(2)(b), F.S.

Funds are expended per each local government's adopted LHAP, which details the housing strategies it will use.<sup>18</sup> Local governments must submit their LHAPs to the FHFC for review to ensure that they meet the broad statutory guidelines and the requirements of the program rules. The FHFC must approve an LHAP before a local government may receive SHIP funding.

A local government may not use SHIP funds to provide ongoing rent subsidies, except for:

- Security and utility deposit assistance;
- Eviction prevention not to exceed 6 months' rent; or
- A rent subsidy program for very-low-income households with at least one adult who is a person with special needs<sup>19</sup> or is homeless,<sup>20</sup> not to exceed 12 months' rental assistance.<sup>21</sup>

A local government's use of SHIP funds is subject to certain restrictions (excluding amounts set aside for administrative costs):

- At least 75 percent of SHIP funds *must* be reserved for construction, rehabilitation, or emergency repair of affordable, eligible housing;<sup>22</sup> and
- Up to 25 percent of SHIP funds *may* be reserved for allowed rental services.<sup>23, 24</sup>

Within those specified distributions by local governments, additional requirements must be met:

- At least 65 percent of SHIP funds must be reserved for home ownership for eligible persons;<sup>25</sup>
- At least 20 percent of SHIP funds must serve persons with special needs;
- Up to 20 percent of SHIP funds may be used for manufactured housing; and
- At least 30 percent of SHIP funds must be used for awards to very-low-income persons or eligible sponsors<sup>26</sup> serving very-low-income persons, and another 30 percent must be used for awards for low-income-persons or eligible sponsors serving low-income persons.<sup>27</sup>

---

<sup>18</sup> Section 420.9075, F.S. Section 420.9075(3), F.S., provides a list of strategies LHAPs are encouraged to develop, such as helping those impacted by mobile home park closures, encouraging innovative housing design to reduce long-term housing costs, preserving assisted housing, and reducing homelessness.

<sup>19</sup> "Person with special needs" means an adult person requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition; a young adult formerly in foster care who is eligible for services under circumstances; a survivor of domestic violence as defined by law; or a person receiving benefits under the Social Security Disability Insurance (SSDI) Program or the Supplemental Security Income (SSI) program or from veterans' disability benefits. Section 420.0004(13), F.S.

<sup>20</sup> "Homeless" means an individual or family who lacks or will imminently lose access to a fixed, regular, and adequate nighttime residence. Section 420.621(5), F.S.

<sup>21</sup> Section 420.9072(7)(b), F.S.

<sup>22</sup> "Eligible housing" means any real and personal property located within the county or the eligible municipality which is designed and intended for the primary purpose of providing decent, safe, and sanitary residential units, or manufactured housing constructed after June 1994, for homeownership or rental for eligible persons as designated by each county or eligible municipality participating in SHIP. Section 420.9071(9), F.S.

<sup>23</sup> See section 420.9072(7)(b), F.S.

<sup>24</sup> Section 420.9075(5), F.S.

<sup>25</sup> "Eligible person" or "eligible household" means one or more natural persons or a family determined by the county or eligible municipality to be of very low income, low income, or moderate income based upon the annual gross income of the household. Section 420.9071(11), F.S.

<sup>26</sup> "Eligible sponsor" means a person or a private or public for-profit or not-for-profit entity that applies for an award under the local housing assistance plan for the purpose of providing housing for eligible persons. Section 420.9071(12), F.S.

<sup>27</sup> Section 420.9075(5), F.S.

## Mobile Homes

As of June 2024, there were about 3,500 mobile home parks in the state.<sup>28</sup> Current law defines a mobile home as a residential structure, transportable in one or more sections, which is 8 body feet or more in width, over 35 body feet in length with the hitch, built on an integral chassis, designed to be used as a dwelling when connected to the required utilities, and not originally sold as a recreational vehicle, and includes the plumbing, heating, air-conditioning, and electrical systems contained therein.<sup>29</sup>

A mobile home park is land in which lots or spaces are offered for rent or lease for the placement of mobile homes and in which the primary use of the park is residential.<sup>30</sup> Owners of mobile home parks typically charge mobile home owners<sup>31</sup> a monthly fee for the rental of a lot.

### III. Effect of Proposed Changes:

**Section 1** amends s. 420.9072, F.S., to allow local governments to expend funds from their local housing distribution on lot rental assistance for mobile home owners not to exceed 6 months' rent.

**Section 2** amends s. 420.9075, F.S., to provide that a local housing assistance plan must include a strategy for providing funds to mobile home owners, including lot rental assistance. The bill specifies that lot rental assistance is considered home ownership activity for purposes of allocating program funds, while the rehabilitation and emergency repairs for mobile homes is considered construction, rehabilitation, or emergency repair of affordable, eligible housing.

**Section 3** makes a conforming change to amend a cross-reference in another statutory provision.

The bill takes effect on July 1, 2026.

### IV. Constitutional Issues:

#### A. Municipality/County Mandates Restrictions:

The bill does not appear to require counties and municipalities to expend funds or further limit their authority to raise revenue or receive state-shared revenues as specified by Art. VII, s. 18 of the State Constitution.

#### B. Public Records/Open Meetings Issues:

None.
