COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 36 explicitly authorizes advanced practice registered nurses to use the titles “Doctor of Nursing Practice” or “Doctor of Philosophy” and the corresponding abbreviations, “D.N.P.” or “Ph.D.,” if the nurse holds that doctoral degree. The bill prohibits an APRN who holds a doctoral degree from using the title “doctor” in advertising, that he or she directly produces, without clearly specifying his or her profession.

The bill has no fiscal impact on state expenditures or revenues. **See Section V., Fiscal Impact Statement.**

The bill takes effect July 1, 2026.

II. Present Situation:

Nurse Licensure and Regulation

The Division of Medical Quality Assurance (MQA), within the Department of Health (DOH), has general regulatory authority over Florida’s licensed health care practitioners. The MQA works in conjunction with the Board of Nursing (Board) to license and regulate approximately 50,378 advanced practice registered nurses (APRNs), 62,230 licensed practical nurses (LPNs), and 347,857 registered nurses (RNs) who are practicing in Florida under an active Florida

license.¹ The DOH and the Board also regulate approximately 4,195 RNs and 549 LPNs from other states who are authorized to practice in Florida through the Nurse Licensure Compact.²

To become initially licensed as an LPN or RN in Florida, an applicant must have completed an accredited or Board-approved pre-licensure nursing education program and passed the National Council of State Boards of Nursing Licensure Examination (NCLEX).³ Nurses licensed in other states may apply for licensure by endorsement under the Mobile Opportunity by Interstate Licensure Endorsement (MOBILE) Act.⁴ Additionally, Florida is a member of the Nurse Licensure Compact which enables RNs and LPNs licensed to practice in other compact states to be able to practice in Florida if they have been issued a multistate license under the compact.⁵

Within the nursing profession, there are two primary categories of licensure: practical nurses and professional nurses. The Nurse Practice Act, codified within part I of ch. 464, F.S., distinguishes between the practice of practical nursing and the practice of professional nursing.

Practical nursing consists of performing selected nursing acts, such as administering treatments and medications, under the direction of a registered nurse, physician, or certain other licensed health care providers. It focuses on the care of individuals who are ill or infirm, and on promoting wellness and preventing illness.⁶

Professional nursing involves the performance of acts that require substantial, specialized knowledge, judgment, and skill based on scientific principles from the psychological, biological, physical, and social sciences. This includes comprehensive responsibilities such as assessing and diagnosing patient needs, planning and evaluating care, administering treatments and medications under proper authorization, and supervising or teaching others in the performance of these duties.⁷

The licensed practical nurses (LPNs) are licensed to practice practical nursing under supervision whereas the registered (professional) nurses (RNs) are licensed to practice professional nursing. The RNs who complete additional graduate- or doctoral-level education may obtain licensure as an advanced practice registered nurse (APRN). In Florida, The APRNs are licensed in one or more of the following roles: nurse practitioner (NP), certified nurse midwife (CNM), clinical nurse specialist (CNS), psychiatric-mental health nurse practitioner, and certified registered nurse anesthetist (CRNA).⁸

The APRNs seeking to register to practice primary care autonomously, i.e. without physician supervision, must complete 3,000 clinical practice hours, which may include clinical instruction

provided by faculty in a clinical setting in a graduate program leading to a master's or doctoral degree in a clinical nursing specialty area.⁹

Post-licensure Nursing Programs

A post-licensure nursing program is a nursing education program designed for people who are already licensed as nurses, most commonly RNs, who want to build upon their existing clinical foundation to advance their education, role, or specialty. Common programs include:

- Registered Nurse to Bachelor of Science in Nursing (RN to BSN);
- Master of Science in Nursing (MSN);
- Doctor of Nursing Practice (DNP);
- Doctor of Philosophy (Ph.D.); and
- Specialty nursing certificates.

The Florida Center for Nursing reported that in 2023, 11.9 percent of Florida APRNs and 1.1 percent of RNs hold a DNP or a Ph.D. in nursing.¹⁰

A DNP degree focuses on advanced clinical practice and leadership. The DNP programs emphasize evidence-based care, system improvement, and public health, addressing Florida's health care needs, and managing chronic conditions.¹¹

A Ph.D. degree in nursing is research-focused and prepares nurses for careers as nurse scientists in primarily academic settings.¹²

Titles and Abbreviations

Within the Nurse Practice Act, s. 464.015, F.S., restricts the use of nursing titles and corresponding abbreviations such as RN, LPN, APRN, unless the individual holds a license as such. Title violations under this section are a misdemeanor of the first degree.¹³

Section 464.018, F.S., details the specific acts that can lead to a denial of a license or disciplinary action by the Board of Nursing, and the acts include violating any provision of ch. 456, F.S.¹⁴

Chapter 456, F.S., outlines the general grounds for discipline and applicable penalties for all health care professions, and the relevant board of each profession are authorized to impose penalties for violations.¹⁵ The following two acts are considered violations under s. 456.072, F.S.:

- Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee's profession.¹⁶

- Failing to identify through written notice, which may include the wearing of a name tag, or orally to a patient the type of license under which the practitioner is practicing.¹⁷

For a nurse who violates either provision, the penalty can range from a reprimand and a \$250 fine up to a \$700 fine and license suspension.¹⁸

Current law does not explicitly authorize or prohibit the use of the titles “Doctor of Nursing Practice” or “Doctor of Philosophy” and the corresponding abbreviations, “D.N.P.” or “Ph.D.,” for persons who do not hold those degrees.

III. Effect of Proposed Changes:

The bill amends s. 464.015, F.S., to authorize advanced practice registered nurses (APRN) licensed under ch. 464, F.S., to use the titles “Doctor of Nursing Practice” or “Doctor of Philosophy” and the corresponding abbreviations, “D.N.P.” or “Ph.D.,” if the nurse holds that doctoral degree.

The bill provides that such APRN who is authorized above to use a title or abbreviation associated with a doctoral degree in a clinical setting may not hold himself or herself out as a doctor to patients or prospective patients in advertising, that he or she directly produces, using an authorized title or abbreviation without also clearly denoting his or her licensed profession.

The bill exempts title violations under this section from being considered a first-degree misdemeanor. Instead, these violations constitute grounds for disciplinary action under the s. 416.018(1)(o), F.S. (the Nurse Practice Act). This section allows the Board of Nursing to fine or discipline a licensee for title violations.

The bill takes effect July 1, 2026.

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations Committee on Health and Human Services on February 12, 2026:

The committee substitute:

- Authorizes an advanced practice registered nurse (APRN) who holds a doctorate degree (Doctor of Philosophy or Doctor of Nursing Practice) to use specific titles or abbreviations associated with his or her degree in a manner consistent with that degree.
- Provides that such APRN who is authorized above to use a title or abbreviation associated with a doctoral degree in a clinical setting may not hold himself or herself out as a doctor to patients or prospective patients in advertising, that he or she directly produces, using an authorized title or abbreviation without also clearly denoting his or her licensed profession.
- Provides that violations of the above provisions constitute grounds for discipline under the Nurse Practice Act.

CS by Health Policy on February 2, 2026:

The CS clarifies that a licensed nurse may use certain titles and abbreviations consistent with the doctoral degree the nurse has obtained. By removing the word “only” from the underlying bill, out-of-state degree holders are allowed to use the titles and abbreviations enumerated in the bill. Rather than requiring all doctoral degree holders to specify their profession when using the title “doctor,” the CS provides that a nurse who holds a doctoral degree may not use the title “doctor” in a clinical setting without clearly specifying his or her profession.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 354 creates a framework for “Blue Ribbon Projects,” large scale development projects which trade state preemption over local governments’ comprehensive planning and land use regulations in exchange for a certain amount of “reserve area.” Such projects must include at least 10,000 acres of land, with at least 60 percent reserved for uses such as environmental protection, agriculture, recreation, and utilities sites, while the remainder may be developed over 50 years into towns and cities regardless of underlying comprehensive planning and land use allocations.

The bill provides the requirements under which a plan for such a project must be crafted and administratively approved by the Department of Commerce. The bill also provides for an appeal procedure for a denied applicant or an individual impacted by an approval.

The bill will have an indeterminate fiscal impact on private and governmental sectors. See Section V., Fiscal Impact Statement.

The bill takes effect July 1, 2026.

II. Present Situation:

Comprehensive Plans

The Community Planning Act directs counties and municipalities to plan for future development by adopting comprehensive plans.¹ Each local government must maintain a comprehensive plan to guide future development.²

All development, both public and private, and all development orders approved by local governments must be consistent with the local government's comprehensive plan.³ A comprehensive plan is intended to provide for the future use of land, which contemplates gradual and ordered growth, and establishes a long-range maximum limit on the possible intensity of land use.

Comprehensive plans lay out the locations for future public facilities, including roads, water and sewer facilities, neighborhoods, parks, schools, and commercial and industrial developments. They are made up of 10 required elements, each laying out regulations for different facets of development.⁴

The 10 required elements consider and address capital improvements; future land uses; transportation; general sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge; conservation; recreation and open space; housing; coastal management; intergovernmental coordination; and property rights. Other plans and programs may be added as optional elements to a comprehensive plan.⁵

Future Land Use Element and Compatibility

Comprehensive plans must include an element regarding future land use that designates the proposed future general distribution, location, and extent of the uses of land for a number of uses and categories of public and private uses of land.⁶ Each future land use category must be defined in terms of uses included, and must include standards to be followed in the control and distribution of population densities and building and structure intensities.⁷ The proposed distribution, location, and extent of the various categories of land use must be shown on a land use map or map series. Future land use plans and plan amendments are based on surveys, studies, and data regarding the area.⁸

⁷ Section 163.3177(6)(a)1., F.S.

⁸ Section 163.3177(6)(a)2., F.S.

A comprehensive plan's future land use element establishes a range of allowable uses and densities and intensities over large areas, and the specific use and intensities for specific parcels within that range are decided by a more detailed, implementing zoning map.⁹

The future land use element must consider what uses are compatible with one another to guide rezoning requests, development orders, and plan amendments.¹⁰ Compatibility means "a condition in which land uses or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use or condition is unduly negatively impacted directly or indirectly by another use or condition."¹¹ In other words, the compatibility requirement permits local governments to consider whether a proposed use can peacefully coexist with existing uses.

Local governments, through the future land use plan, are responsible for ensuring compatibility of uses on adjacent lands, and particularly those lands in proximity to military installations and airports.¹² To act on this requirement, land use regulations are required to contain specific and detailed provisions necessary to ensure the compatibility of adjacent land uses.¹³ In practice, these regulations take the form of zoning codes with compatibility standards for height, density, setbacks, parking, and other general regulations on what types of developments can coexist.¹⁴

Comprehensive Plan Amendments

Development that does not conform to the comprehensive plan may not be approved by a local government unless the local government amends its comprehensive plan first. State law requires a proposed comprehensive plan amendment to receive two public hearings, the first held by the local planning board, and subsequently by the governing board.¹⁵

Comprehensive plan amendment adoption must be by an affirmative vote of at least a majority of the governing body's members present at the hearing, and failure to hold a timely adoption hearing causes the amendment to be deemed withdrawn unless the timeframe is extended by agreement with specified notice to the state land planning agency, which is currently the Department of Commerce (Department), and other parties.¹⁶

Within 10 working days, the local government must transmit the plan amendment to the Department and any affected person who provided timely comments on the amendment.¹⁷ If no deficiencies are found following Department review, the amendment takes effect 31 days after the Department notifies the local government that the amendment package is complete for the expedited state review process, 31 days after the adoption of the amendment for small-scale

development amendments, or pursuant to the Department's notice of intent determining the amendment is in compliance for the state coordinated review process.¹⁸

Amendments to comprehensive land use plans are legislative decisions that are subject to "fairly debatable" standard of review, even when amendments to plans are being sought as part of a rezoning application in respect to only one piece of property.¹⁹ "Fairly debatable" means that the government's action must be upheld if reasonable minds could differ as to the propriety of the decision reached.²⁰

Land Development Regulations

Comprehensive plans are implemented via land development regulations. Land development regulations are ordinances enacted by governing bodies for the regulation of any aspect of development and include any local government zoning, rezoning, subdivision, building construction, or sign regulations or any other regulations controlling the development of land.²¹

Each county and municipality must adopt and enforce land development regulations that are consistent with and implement their adopted comprehensive plan.²² Local governments are encouraged to use innovative land development regulations²³ and may adopt measures for the purpose of increasing affordable housing using land use mechanisms.²⁴ Land development regulations relating to all public and private development, including special district projects, must be consistent with the local comprehensive plan.²⁵

Zoning

A comprehensive plan's future land use element establishes a range of allowable uses and densities²⁶ and intensities²⁷ over large areas, while the specific use and intensities for specific parcels within that range are decided by a more detailed, implementing zoning map.²⁸

Zoning maps and zoning districts are adopted by a local government for developments within each land use category or sub-category. While land uses are general in nature, one or more zoning districts may apply within each land use designation.²⁹ Common regulations within the zoning map districts include density, height and bulk of buildings, setbacks, and parking

requirements. Regulations for a zoning category in a downtown area may allow for more density and height than allowed in a suburb, for instance.

If a developer or landowner believes that a proposed development may have merit but it does not meet the requirements of a zoning map in a jurisdiction, the developer or landowner can seek a rezoning through a rezoning application.³⁰ Rezoning applications are initially reviewed by local government staff, followed by a review by an appointed body that makes recommendations to the governing body of the local government, which makes the final determination.³¹ If a property has unique circumstances or small nonconformities but otherwise meets zoning regulations, local governments may ease restrictions on certain regulations such as building size or setback through an application for a variance.³² However, any action to rezone or grant a variance must be consistent with the local government's comprehensive plan.

Concurrency and Proportionate Share

“Concurrency” is a phrase referring to a set of land use regulations requiring local governments to ensure that new development does not outstrip a local government's ability to provide necessary services. Developments meet concurrency requirements when the local government has the infrastructure capacity to serve the new growth.

A concurrency requirement is a law stating that certain infrastructure must be in place and available to serve new development before the local government may allow new citizens to live in the new development.³³ For example, before a local government can approve a building permit to allow a new development, it must consult with its water suppliers to ensure adequate supplies to serve the new development will be available by the time citizens can move in.³⁴ Certain services are subject to concurrency statewide (sanitary sewer, solid waste, drainage, and potable water) while other services, such as public transportation or schools, may optionally be subjected to concurrency by a local government.³⁵

Proportionate share is a tool local governments may use to require developers to help mitigate the impacts of their development notwithstanding a failure to achieve and maintain the adopted level of service standards.³⁶ Proportionate share generally requires developers to contribute to costs, or build facilities, necessary to offset a new development's impacts.³⁷

Development Rights

Land development, especially large-scale development, is completed in stages. During the development process, a landowner will often commence a particular land use activity in accordance with then-current zoning regulations that are amended at some later point in the development process in a manner that would prohibit the use. At this point, a landowner may claim a vested right to complete the project under the prior zoning regulations, asserting that when development activities commenced under the prior zoning scheme, he or she acquired a property right, which cannot now be abridged by the government's exercise of its police powers, that is, the amended zoning ordinance.³⁸

Florida common law provides that vested rights may be established if a landowner or development has made a substantial change in position or has incurred extensive obligations that would make interfering with the acquired right inequitable in good faith reliance on an act or omission of government.³⁹

Florida law also allows for local governments to enter into development agreements with developers.⁴⁰ These agreements are “contract[s] between a local government and a property owner/developer, which provides the developer with vested rights by freezing the existing zoning regulations applicable to a property in exchange for public benefits.”⁴¹ A development agreement must contain:

- A legal description of the land subject to the agreement and the names of its legal and equitable owners.
- The duration of the agreement.
- The development uses permitted on the land, including population densities, and building intensities and height.
- A description of public facilities that will service the development, including who will provide such facilities, the date any new facilities (if needed) will be constructed, and a schedule to assure public facilities are available concurrent with the impacts of the development.
- A description of any reservation or dedication of land for public purposes.
- A description of all local development permits approved or needed to be approved for the development of the land.
- A finding that the development permitted or proposed is consistent with the local government's comprehensive plan and land development regulations.
- A description of any conditions, terms, restrictions, or other requirements determined to be necessary by the local government for the public health, safety, or welfare of its citizens.
- A statement indicating that the failure of the agreement to address a particular permit, condition, term, or restriction does not relieve the developer of the necessity of complying

with the law governing said permitting requirements, conditions, terms, or restrictions.⁴²

Within 14 days after a local government enters into a development agreement, the local government must record the agreement with the clerk of the circuit court in the county where the local government is located, and such an agreement is not effective until it is properly recorded.⁴³ A development agreement binds any person who obtains ownership of a property already subject to an agreement (successor in interest).⁴⁴ A development agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest.⁴⁵

Preemption

Preemption refers to the principle that a federal or state statute can supersede or supplant state or local law that stands as an obstacle to accomplishing the full purposes and objectives of the overriding federal or state law.⁴⁶

Where state preemption applies, a local government may not exercise authority in that area.⁴⁷ Whether a local government ordinance or other measure violates preemption is ultimately decided by a court. If a local government improperly enacts an ordinance or other measure on a matter preempted to the state, a person may challenge the ordinance by filing a lawsuit. A court ruling against the local government may declare the preempted ordinance void.⁴⁸

Affordable Housing

One major goal at all levels of government is to ensure that citizens have access to affordable housing. Housing is considered affordable when it costs less than 30 percent of a family's gross income. A family paying more than 30 percent of its income for housing is considered "cost burdened," while those paying more than 50 percent are considered "extremely cost burdened."

What makes housing "affordable" is a decrease in monthly rent so that income eligible households can pay less for the housing than it would otherwise cost at "market rate."⁴⁹ Lower monthly rent payment is a result of affordable housing financing that comes with an enforceable agreement from the developer to restrict the rent that can be charged based on the size of the household and the number of bedrooms in the unit.⁵⁰ The financing of affordable housing is made possible through government programs such as the federal Low-Income Housing Tax Credit Program and the Florida's State Apartment Incentive Loan program.⁵¹

Resident eligibility for Florida's state and federally funded housing programs is typically governed by area median income (AMI) levels. These levels are published annually by the U.S. Department of Housing and Urban Development for every county and metropolitan area.⁵² Florida Statutes categorizes the levels of household income as follows:

- Extremely low income – households at or below 30 percent AMI,⁵³
- Very low income – households at or below 50 percent AMI,⁵⁴
- Low income – households at or below 80 percent AMI,⁵⁵ and
- Moderate income – households at or below 120 percent AMI.⁵⁶

Florida Hometown Hero Program

The Live Local Act⁵⁷ established in statute the Florida Hometown Hero Program,⁵⁸ a homeownership assistance program administered by the Florida Housing Finance Corporation (FHFC). Under the program, eligible first-time homebuyers have access to zero-interest loans to reduce the amount of down payment and closing costs by a minimum of \$10,000 and up to 5 percent of the first mortgage loan, not exceeding \$35,000. Loans must be repaid when the property is sold, refinanced, rented, or transferred unless otherwise approved by the FHFC. Repayments for loans made under this program must be retained within the program to make additional loans.

Such loans are available to those first-time homebuyers⁵⁹ seeking first mortgages whose family incomes do not exceed 150 percent of the state or local AMI, whichever is greater, and is employed full-time by a Florida-based employer.

Conservation Lands

Article X, section 18 of the Florida Constitution requires that “the fee interest in real property held by an entity of the state and designated for natural resources conservation purposes as provided by general law shall be managed for the benefit of the citizens of this state...”⁶⁰

Conservation Land Management

The Board of the Internal Improvement Trust Fund (board) is charged with the management, control, supervision, conservation, and protection of all lands owned by, or which may hereafter inure to, the state or any of its agencies, departments, boards or commissions.⁶¹ Section 253.034, F.S., specifies that state lands acquired pursuant to ch. 259, F.S., are required to be managed to

ensure the conservation of the state's plant and animal species and to ensure the accessibility of state lands for the benefit and enjoyment of all people of the state, both present and future.⁶² Additionally, all lands acquired and managed under ch. 259, F.S., are required to be managed in a manner that provides the greatest combination of benefits to the public and to the resources, for public outdoor recreation which is compatible with the conservation and protection of public lands, and for the purposes for which the lands were acquired.⁶³

Short-term and long-term management goals must include measurable objectives for the following, as appropriate:

- Habitat restoration and improvement.
- Public access and recreational opportunities.
- Hydrological preservation and restoration.
- Sustainable forest management.
- Exotic and invasive species maintenance and control.
- Capital facilities and infrastructure.
- Cultural and historical resources.
- Imperiled species habitat maintenance, enhancement, restoration, or population restoration.⁶⁴

The Department of Agriculture and Consumer Services, on behalf of the board, is authorized to allocate money to acquire perpetual, less-than-fee interests in land, enter into agricultural protection agreements, and enter into resource conservation agreements.⁶⁵ To qualify for acquisition, the agricultural land must protect the integrity and function of working landscapes, ensure opportunities for viable agricultural activities on working lands threatened by conversion to other uses, and meet at least one of the following public purposes:

- Promoting and protecting wildlife habitats.
- Perpetuating open space on working lands that contain significant natural areas.
- Protecting, restoring, or enhancing water bodies, aquifer recharge areas, wetlands, or watersheds.
- Protecting agricultural lands threatened by conversion to other uses.⁶⁶

Florida Wildlife Corridor

The 2021 Legislature created the Florida Wildlife Corridor Act to “create incentives for conservation and sustainable development while sustaining and conserving green infrastructure that acts as the foundation of the state's economy and quality of life.”⁶⁷ The Legislature appropriated \$300 million,⁶⁸ directing the DEP to encourage and promote investments in areas that protect and enhance the Wildlife Corridor by establishing a “network of connected wildlife

III. Effect of Proposed Changes:

Blue Ribbon Projects

The bill creates a framework for “Blue Ribbon Projects,” large scale development projects which trade state preemption over local governments’ comprehensive planning and land use regulations in exchange for a certain amount of “reserve area.”⁷⁰ An individual will develop a “Blue Ribbon Plan” which, when administratively approved, grants development rights regardless of the land’s underlying comprehensive plan, zoning, and land development regulations.

An eligible project must contain at least 10,000 acres of contiguous land controlled by a single owner, and the majority must not be within a municipality. At least 60 percent of the land must be reserved, while the other 40 percent may be developed.

Reserve Area

The bill provides that the reserve area is land set aside for any or all of the following:

- Environmental conservation, wildlife corridors, or wetland and wildlife mitigation;
- Productive agriculture and silviculture (forestry);
- Uses consistent with the public purposes described by 570.71(1), which include:
 - Promotion and improvement of wildlife habitat;
 - Protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds;
 - Perpetuation of open space on lands with significant natural areas; or
 - Protection of agricultural lands threatened by conversion to other uses;
- Parks and recreational activities;
- Utility sites;
- Reservoirs and lakes; or
- Other similar types of open space.

Reserve areas may not include golf courses or data centers. Some proposed uses for the reserve area, particularly recreational activities and utility sites, are undefined and unclear as to the breadth of permitted use.

If any project boundary is contiguous to state-owned environmental preservation land or the Florida wildlife corridor, an unspecified amount of the project’s reserve area must be adjacent to such land.

⁶⁹ Section 259.1055(4)(g), F.S.

⁷⁰ The bill’s stated intent is to balance environmental stewardship with the need for development to provide for future growth. The bill states the Legislature intends for these projects to promote the preservation of natural areas, encourage agricultural land uses and rural land stewardship, protect critical ecological systems, expand wildlife corridors, and provide for more compact mixed-use developments designed for long-term viability.

Development Area

The remaining area, up to 40 percent of the project, may be utilized for development, subject to the following limitations:

- Individual development areas within the project must promote walkability, mobility, and mixed uses;
- At least 15 percent of the development must be nonresidential, which may include mixed use where the ground floor is nonresidential;
- An unspecified portion must be allocated to provide economic development and create “high-wage” jobs (undefined) in a location within 60 miles of an interstate interchange, rail line, airport, or any other transportation; The area must have a dense, walkable, mixed-use, “human-centered” development pattern including “new urban design”⁷¹ with towns, villages, and “hamlets” with reserve area separating them; and
- Residential units must include single-family, multifamily, attached, and detached units.

The bill grants the development area a maximum residential density of 12 units per gross acre, and nonresidential intensity of 85 percent surface ratio per acre within the development area. At least 20 percent of residential units within the development area in each phase must include affordable housing, missing middle housing,⁷² or housing for people eligible for the Florida Hometown Hero Program.⁷³

The development area may be developed in phases, with development rights to be vested for at least 50 years. If the development is at least 50 percent developed within 50 years, the vested period must be extended another 25 years.

Blue Ribbon Plans

Each project must be developed in accordance with a blue ribbon plan that is the master development plan for the project. These plans, which are based on a planning period longer than the 20-year period required in a local government’s comprehensive plan, must specify a population projection for the planning area during the chosen planning period. A plan is not required to demonstrate need based on projected population growth or any other basis.

Each blue ribbon plan must contain documentation, as well as exhibits including maps, illustrations, and text supported by data and analysis, that include:

- A long-term master development map that depicts the locations of the reserve and development areas.
- Identification and analysis of necessary water supplies and available sources of water, including water resource development and water supply development projects, and water conservation measures required to meet the projected demand from each phase of the project.

⁷¹ Defined by the bill as “development design that creates walkable, mixed-use, human-centered places.”

⁷² Defined by the bill as any of a range of for-sale and for-rent housing types more dense than single-family home and less dense than large apartments.

⁷³ A borrower must be seeking to purchase a home as a primary residence; must be a first-time homebuyer and a Florida resident; and must be employed full-time by a Florida-based employer. Section 420.5096(3), F.S.

- Identification and analysis of transportation facilities and future transportation corridors necessary to serve development area land uses contained in the blue ribbon plan, including guidelines for each modal component to optimize mobility.
- Identification of other regionally significant public facilities, which must include utilities, parks, and schools, necessary to support the project's permitted density for each phase of the project and policies providing procedures to mitigate the impacts of the project's permitted density on public facilities.
- Identification of regionally significant natural resources within the reserve area based on the best available data and policies, and mechanisms to ensure the perpetual protection or conservation of specific resources, consistent with the overall conservation and development strategy for the project area.
- General principles and guidelines to:
 - Address land uses within the development and reserve areas, including the interrelationships between those areas.
 - Address the protection, restoration, and management of reserve areas identified in the blue ribbon plan for permanent conservation and public use, which must be phased in coordination with the phased development.
 - Achieve a cleaner and healthier environment.
 - Limit urban sprawl.
 - Provide a range of housing types.
 - Protect wildlife and natural areas.
 - Advance the efficient use of land and other resources.
 - Create quality communities of a design that reduces and captures vehicle trips and promotes mobility options.
 - Enhance the prospects for state and local economic development objectives and high-wage job creation.
- Provision for an easement granted to the Department of Agriculture and Consumer Services for any portion of the reserve area to be reserved for uses consistent with 570.71. The department and landowner must enter into an agreement regarding uses for the easement interest prior to an easement being granted.
- A covenant requiring easements granted to state or local governments be granted without charge.
- Development standards for each type of land use proposed within the development area which is typically found in a planned unit development.⁷⁴

Water and wastewater facilities, transportation facilities, and other regionally significant public facilities must be provided. The bill provides that these facilities may be provided by the applicant, a local unit of special purpose government or special district except an improvement district, a local government, or the state.

The bill encourages local governments to enter into public-private partnerships to provide public facilities, including partnerships for water storage and other water quality and capacity

⁷⁴ A "planned unit development" is an area of land that is planned and developed as a single entity or in approved stages with uses and structures substantially related to the character of the entire development, or a self-contained development in which the subdivision and zoning controls are applied to the project as a whole rather than to individual lots. Section 163.3202(5)(b)2., F.S.

improvements that operate in the same manner as public-private partnerships for water improvements on private agricultural lands.

For certain infrastructure, the bill provides that a special assessment district may enter agreement with the applicant to fund and construct required improvements. The special assessment district created by the bill allows for the assessment of ad valorem or non-ad valorem taxes on parcels of real property located within the project for the purpose of constructing, maintaining, repairing, and replacing capital improvements.

If a project under a blue ribbon plan contributes land, funds, or otherwise causes the construction of public facilities necessary for achieving concurrency, the project must receive dollar-for-dollar credits against impact, mobility, proportionate share, or other fee credits from the local government for such facility improvements as required under the concurrency statute.⁷⁵

Administrative Review

Department of Commerce Review

A landowner first applies to the Department of Commerce for approval of a blue ribbon project with a fully compliant blue ribbon plan. The department reviews a project for compliance, in conjunction with comments from the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, the Department of Transportation, and the applicable water management district. The Department of Commerce will either approve the project or provide notice of any noncompliance, with an opportunity to respond.

If the department fails to either approve the application or provide notice of noncompliance within 45 days after receipt, the application is automatically approved. At any point after the initial 45-day period, the applicant may request a final determination, and the department must provide the determination within 7 days after the request, or the application is automatically deemed approved.

Local Government Review

Following state review, the landowner applies to the relevant local government(s) for approval. Within 30 days the local government must conduct a public workshop at which the project is presented. Within 15 days of receipt the local government must review the project for compliance with the requirements of the bill. A project in compliance must be administratively approved without further action. A project approved by the Department of Commerce is presumed to be in compliance; for a local government to overcome such presumption, the local government must find that the blue ribbon plan fails to meet all specified criteria. The local government must provide written notice of any specific noncompliance and provide the applicant 60 days to respond. If the local government fails to provide such notice within 90 days after receipt or fails to respond within 30 days after receiving response, the application is deemed approved.

⁷⁵ Section 163.3180, F.S.

A project may be located on land with any future land use designation and with any zoning designation listed in the applicable local government's land development regulations. The local government may not require a comprehensive plan amendment or rezoning for approval of the project.

The bill provides that an application is automatically approved if a local government fails to provide written comments on the application within 90 days after receipt of the application or within 30 days after the applicant files amended application documents that are responsive to the local government's initial review. At any point after the conclusion of the initial 90-day review period, the applicant may request a final determination, which must be made within seven days after receipt of the request.

If a project is approved, the bill requires the applicant to publish notice of the approval in a newspaper of general circulation in the area in which the land is located within 14 days after the approval is issued. The applicant must also record the blue ribbon plan in the public records of the county in which the project is located. The bill provides that the plan runs with the title to the land. A recorded plan may be amended using the same review procedures as the initial application, with the local government's review being limited to the portion of the plan being amended.

Appeal Procedure

If the Department of Commerce denies an application for a blue ribbon project, the applicant may request an administrative hearing within 21 days after receipt of the denial.

If a local government denies an application, the applicant may appeal the decision by filing a written petition with the Department of Commerce (Department) within 21 days after receipt of the denial. The applicant must provide a copy of the notice of appeal to the local government.

Additionally, any person whose substantial interests are or may be affected by a local government's approval may file a written petition with the Department challenging the approval. This petition must be filed within 21 days of the publication of public notice of the approval. The petition must clearly state the reasons for the petition and describe how the project will adversely affect the person more substantially than the general population of the geographical area in which the project is located. The petitioner must provide a copy of the petition to the local government. If the petition is timely filed, the applicant may intervene as a party to the hearing.

Upon receipt of an appeal or petition, the Department must hold a hearing in accordance with ch. 120, F.S., and determine whether the plan meets all requirements and issue a final order granting or denying the application. The Department may attach conditions or restrictions to the order.

The bill authorizes a prevailing party in proceedings brought by a person whose substantial interests are or may be affected by the local government's approval of a plan to be awarded reasonable attorney fees if the non-prevailing party has been determined by the administrative law judge to have participated in the proceeding for an improper purpose.

The bill takes effect July 1, 2026.

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriation Committee on Transportation, Tourism and Economic Development on February 12, 2026:

The committee substitute:

- Adds and revises definitions, including establishment of “special assessment district” as an authorized financing mechanism for project related infrastructure.
- Codifies minimum eligibility criteria for blue ribbon project designation, including a minimum 10,000 contiguous acres under common ownership or control.
- Requires at least 60% of project acreage to be designated as reserve/conservation land, with adjacency and protection requirements near state conservation lands and wildlife corridors.
- Limits the developable area to no more than 40% of total acreage and excludes certain uses (e.g., golf courses and data centers) from counting toward reserve requirements.
- Imposes additional land use and design standards intended to ensure mixed-use, walkable, and integrated development patterns within the developable area.

CS by Community Affairs on January 13, 2026:

The committee substitute adds to the list of approved uses of reserve land uses consistent with public purposes under s. 570.71(1), F.S., and requires a Blue Ribbon Plan to include provision for an easement granted to the Department of Agriculture and Consumer Services for any portion of the reserve area to be reserved for such uses; the department and landowner must enter into an agreement regarding uses for the easement interest prior to an easement being granted. A Blue Ribbon Plan must also include a covenant requiring easements granted to state or local governments be granted without charge.

The Committee on Rules (McClain) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. Section 163.3249, Florida Statutes, is created
to read:

163.3249 Blue ribbon projects.—

(1) PURPOSE AND INTENT.—The purpose of this section is to
balance the protection of important state resources, such as the
natural environment and existing agricultural and silvicultural
uses, with the need to provide longer-term, well-planned

408320

communities and job opportunities for the state's future. It is the intent of the Legislature to accomplish this goal by incentivizing large landowners in this state to be good stewards of the natural environment and existing agricultural and silvicultural land while at the same time promoting a more sustainable pattern of development. The Legislature intends to create blue ribbon projects, and to provide a mechanism by which local governments shall implement those projects within their boundaries, in order to promote the goals of preserving natural areas, encouraging agricultural land uses and rural land stewardship, protecting critical ecological systems, expanding wildlife corridors, and providing more compact mixed-use developments designed for long-term viability.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Applicant" means the owner of land on which a blue ribbon project is proposed.

(b) "Blue ribbon plan" or "plan" means the conceptual master plan for the blue ribbon project that is required by subsection (5).

(c) "Blue ribbon project" or "project" means a project that meets the requirements of this section.

(d) "Blue ribbon project overlay" means an overlay district approved by a local government in its comprehensive plan which must adhere to the blue ribbon plan approved by the local government.

(e) "Development area" means land that may be used for residential, commercial, industrial, office, civic, and institutional purposes and complies with the requirements of paragraph (3)(c) and subsection (4).

408320

41 (f) "Missing middle housing" means a range of for-sale and
42 for-rent housing types, including, but not limited to, duplexes,
43 triplexes, townhomes, small multifamily buildings, and small
44 detached single-family homes, that fill the gap between larger
45 single-family homes and larger apartment buildings. Such housing
46 may be vertically and horizontally integrated.

47 (g) "Reserve area" means land that is set aside for
48 environmental conservation, wildlife corridors, wetland and
49 wildlife mitigation, lakes, passive recreation, productive
50 agriculture and silviculture, conservation agreements granted to
51 the Department of Agriculture and Consumer Services pursuant to
52 s. 570.71, activities permitted by conservation easements
53 entered into with the Department of Agriculture and Consumer
54 Services pursuant to s. 570.71, and uses of public benefit and
55 that complies with the requirements of paragraph (3)(b). Reserve
56 areas may not contain golf courses, data centers, or solar
57 farms.

58 (h) "Uses of public benefit" means uses including parks,
59 active recreation, stormwater management facilities, flood
60 control facilities, utility facilities, and reservoirs.

61 (3) MINIMUM REQUIREMENTS.—A property must meet all of the
62 following requirements to qualify as a blue ribbon project:

63 (a) The property must contain a minimum of 15,000 acres of
64 land which are contiguous, as defined in s. 163.3163(3), which
65 are owned by the same person or by entities owned or controlled
66 by the same person, and a majority of which are not located
67 within a municipality.

68 (b) At least 60 percent of the land contained in the
69 project must be reserve area. Land contained in a conservation

408320

easement before July 1, 2026, does not qualify as reserve area for the purposes of meeting the 60 percent threshold. The reserve area must meet all of the following requirements:

1. If any property boundary is contiguous to state-owned environmental land or the Florida wildlife corridor, a portion of the project's reserve area must be located adjacent to a portion of the state-owned land or the Florida wildlife corridor, as applicable.

2. At least 70 percent of the reserve area must be contiguous, as defined in s. 163.3163(3).

3. Uses of public benefit may not exceed 15 percent of the reserve area.

(c) Up to 40 percent of the land contained in the project may be development area. The development area must meet all of the following requirements:

1. Individual development areas within the project must be designed to enhance walkability and mobility and must include a mixture of land uses.

2. At least 10 percent of the development area must be allocated to nonresidential land use.

3. A portion of the development area must be allocated to uses intended to provide economic development within the area where the property is located. The development area so allocated must be in a location that is accessible to an interstate interchange, a state road, an active rail line, or an airport or other transportation facility.

4. The development area must have a dense, walkable, mixed-use development pattern.

5. Types of residential units within the development area

408320

must be varied and include single-family, multifamily, and attached and detached residential units.

(4) DEVELOPMENT AREA DENSITIES AND INTENSITIES.—

(a) A maximum residential density of 12 units per gross acre, and a maximum nonresidential intensity of 85 percent impervious surface ratio per gross acre, are permitted within the development area, as measured in combination throughout all phases of the project. A building that contains residential units and nonresidential uses shall be considered residential.

(b) At least 20 percent of residential units within the development area in each phase of the project must be a combination of the following:

1. Housing that is affordable, as defined in s. 420.0004, for natural persons or families who meet the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004.

2. Missing middle housing.

3. Housing that is affordable, as defined in s. 420.0004, for persons eligible for the Florida Hometown Hero Program under s. 420.5096.

(c) The development area must be developed in phases. Development rights and mitigation of project impacts shall be vested for 50 years. If the applicant achieves development, as defined in s. 380.04, of at least 50 percent of the development area within 50 years after the project's date of initial public dedication of infrastructure, the vested period must be extended for an additional 25 years.

(5) BLUE RIBBON PLANS.—

(a) A blue ribbon project must have a blue ribbon plan that

408320

complies with the requirements of subsections (3) and (4).

(b) A blue ribbon plan must contain the following documents:

1. A long-term master development map that, at a minimum, depicts the conceptual locations of:

a. Reserve area and development area throughout the property.

b. Major planned transportation corridors, including roads, multipurpose trails, and transit.

c. Proposed civic and school sites.

d. Proposed utility sites.

2. A conceptual phasing plan depicting land uses within reserve areas and development areas, densities and intensities of development within development areas, public facility mitigation for such development within each phase, and approximate acreage of reserve area in each phase.

3. A conceptual water supply plan and a conceptual wastewater plan to show the project's compliance with s. 163.3180. The plans may allow water and wastewater supplies to be provided in phases.

4. A conceptual transportation and mobility plan to show the project's compliance with s. 163.3180. The plans may allow transportation facilities to be provided in phases.

5. A conceptual parks and recreation plan to show the project's compliance with s. 163.3180. The plans may allow parks and recreational facilities to be provided in phases.

6. A conceptual resource protection plan to show the conservation of, and, as appropriate, restoration and management of, regionally significant natural resources within the reserve

408320

area. The protection of regionally significant natural resources within the reserve area is determined to be a net ecosystem benefit.

7. Development standards for each type of land use proposed within the development area which is typically found in a planned unit development as defined in s. 163.3202(5)(b).

(c) A blue ribbon plan must be based on a planning period longer than the generally applicable planning period of the local comprehensive plan and must specify the projected population within the planning area during the chosen planning period. A plan is not required to demonstrate need based on projected population growth or any other basis. If, under the plan, a project contributes land or funds or otherwise causes the construction of public facilities pursuant to s. 163.3180, the project must receive dollar-for-dollar credits against impact, mobility, proportionate share, or other fee credits from the local government for such facility improvements as required by s. 163.3180.

(d) All park and recreational uses in the parks and recreation plan required by subparagraph (b)5. must comply with the achieved level of service based on the latest local government impact fee study in place at the time of enactment of this section.

(e) A blue ribbon plan must provide that any easement granted to the Department of Agriculture and Consumer Services pursuant to s. 570.71 for portions of the reserve area that will be reserved for uses consistent with that section must be granted without charge. The granting of the easement shall occur upon agreement between the Department of Agriculture and

408320

Consumer Services and the landowner regarding allowable uses of the easement interest. If an easement or property is granted to any other state agency, water management district, or local government, the easement or property shall be granted without charge.

(f) A blue ribbon plan may not contemplate the use of a stewardship district.

(6) LOCAL GOVERNMENT REVIEW OF BLUE RIBBON PLANS.—

(a) A landowner must apply to the local government for approval of a blue ribbon plan, including the proposed text amendment to the comprehensive plan's future land use element and a site-specific comprehensive plan future land use map amendment to designate the property a blue ribbon project overlay. A blue ribbon plan that meets the requirements of this section is presumed, subject to rebuttal, to be consistent with the local government's comprehensive plan and in compliance with s. 163.3177(1)(f) and (6), as applicable. The presumption may be overcome by the local governing authority upon a finding that the blue ribbon plan is substantially inconsistent with the provisions of the governing comprehensive plan. At any time during the local government review of the plan application, the applicant shall have the right to request that the application be placed on the soonest-available agenda of the local government for a public hearing. However, such a request may not be made sooner than 60 days after public notice of the first public hearing conducted pursuant to paragraph (b).

(b) The local government must conduct two public hearings relating to the approval of a blue ribbon plan application, including the proposed text amendment to the comprehensive

408320

plan's future land use element and a site-specific comprehensive plan future land use map amendment. The first public hearing must be conducted by the local government's land planning agency. The second public hearing must be conducted by the local government's commission or council, at which time the application must be approved or denied by the commission or council. The local government shall give public notice of the public hearings in the same manner as it provides notice for comprehensive plan amendment applications.

(c) If the local government denies a blue ribbon plan application, the local government must give written notice to the applicant within 5 days after denial of the application, stating the grounds for the denial, including any applicable ordinances, rules, statutes, comprehensive plan provisions, or other authority for the denial.

(d) Upon approval by the local government of a blue ribbon plan, including the proposed text amendment to the comprehensive plan's future land use element and a site-specific comprehensive plan future land use map amendment, the plan shall govern use of the property in lieu of applicable comprehensive plan future land use requirements and applicable land development regulations. The blue ribbon plan shall serve as the governing document for the blue ribbon project overlay.

(e) A blue ribbon project may be located on land with any future land use designation provided in the applicable local government's comprehensive plan and with any zoning designation listed in the applicable local government's land development regulations.

(f) Following approval by the local government of a blue

408320

ribbon plan application, the local government must record the plan in the public records of the county in which the property is located, and the plan shall run with title to the land. The local government must also insert the text amendment into the comprehensive plan's future land use element and denote the site-specific amendment on the comprehensive plan's future land use map. The recorded plan or text amendment may not be amended or revised without local government review in accordance with paragraph (a), and such review is limited to the portions of the plan or text amendment which are being amended or revised.

(g) An applicant may hire a private company to conduct plan reviews and building inspections pursuant to s. 553.791.

(7) APPEAL PROCEDURE.—

88 Be It Enacted by the Legislature of the State of Florida:

89
 90 Section 1. Section 163.3249, Florida Statutes, is created
 91 to read:

92 163.3249 Blue ribbon projects.—

93 (1) PURPOSE AND INTENT.—The purpose of this section is to
 94 ensure the appropriate use of important state resources and
 95 facilities. It is the intent of the Legislature to accomplish
 96 this goal by incentivizing large landowners in this state to be
 97 good stewards of the natural environment while at the same time
 98 promoting a more sustainable pattern of development. The
 99 Legislature intends to create blue ribbon projects, and to
 100 provide a mechanism by which local governments shall implement
 101 those projects within their boundaries, in order to promote the
 102 goals of preserving natural areas, encouraging agricultural land
 103 uses and rural land stewardship, protecting critical ecological
 104 systems, expanding wildlife corridors, and providing more
 105 compact mixed-use developments designed for long-term viability.

106 (2) DEFINITIONS.—As used in this section, the term:

107 (a) "Applicant" means the owner of land on which a blue
 108 ribbon project is proposed.

109 (b) "Blue ribbon plan" or "plan" means the plan required by
 110 subsection (5).

111 (c) "Blue ribbon project" or "project" means a project that
 112 meets the requirements of subsection (3).

113 (d) "Development area" means land that may be developed
 114 with residential, commercial, industrial, or other uses.

115 (e) "Missing middle housing" means a range of for-sale and
 116 for-rent housing types, including, but not limited to, duplexes,

606-02821-26

2026354c2

triplexes, townhomes, small multifamily buildings, and small detached single-family homes, that fill the gap between larger single-family homes and larger apartment buildings. Such housing may be vertically and horizontally integrated.

(f) "New urban design" means a development design that creates walkable, mixed-use, human-centered places.

(g) "Reserve area" means land that is set aside for environmental conservation, wildlife corridors, wetland and wildlife mitigation, productive agriculture and silviculture, uses consistent with the public purposes described under s. 570.71(1), parks, recreational activities, utility sites, reservoirs and lakes, or other uses that support such activities. Reserve areas may not include golf courses or data centers.

(h) "Special assessment district" means a community development district, municipal services taxing district, municipal services benefit district, or other district available under state law that allows for the assessment of ad valorem or non-ad valorem taxes on parcels of real property located within a blue ribbon project for the purpose of constructing, maintaining, repairing, and replacing capital improvements that serve the blue ribbon project. The term does not include an improvement district.

(3) MINIMUM REQUIREMENTS.—A development project must meet all of the following requirements to qualify as a blue ribbon project:

(a) The project must contain a minimum of 10,000 acres of land which are contiguous as defined in s. 163.3163(3)(a) and which are owned by the same person or by entities owned or

606-02821-26

2026354c2

controlled by the same person, and the majority of which are not located within a municipality.

(b) At least 60 percent of the land contained in the project must be reserve area. If any project boundary is contiguous to state-owned environmental preservation land or the Florida wildlife corridor, a portion of the project's reserve area must be located adjacent to the state-owned land or the Florida wildlife corridor, as applicable.

(c) Up to 40 percent of the land contained in the project may be development area. The development area must meet all of the following requirements:

1. Individual development areas within the project must be designed to enhance walkability and mobility and must include a mix of land uses.

2. At least 15 percent of the development area must be allocated to nonresidential land uses, which may include mixed-use buildings that contain ground floor nonresidential units. Conservation easement areas may not be counted toward the 15 percent.

3. A portion of the development area must be allocated to uses intended to provide economic development and create high-wage jobs. The development area so allocated must be in a location that is within 60 miles of an interstate interchange, an active rail line, or a regional or international airport or other transportation facility.

4. The development area must have a dense, walkable, mixed-use, human-centered development pattern that includes new urban design, including, but not limited to, towns, villages, and hamlets that have reserve area between them.

606-02821-26

2026354c2

- 175 5. Types of residential units within the development area
 176 must be varied and include single-family, multifamily, and
 177 attached and detached residential units.
- 178 (4) DEVELOPMENT AREA DENSITIES AND INTENSITIES.—
 179 (a) A maximum residential density of 12 units per gross
 180 acre, and a maximum nonresidential intensity of 85 percent
 181 impervious surface ratio per gross acre, is permitted within the
 182 development area, as measured in combination throughout all
 183 phases of the project.
- 184 (b) At least 20 percent of residential units within the
 185 development area in each phase of the project must be a
 186 combination of the following:
- 187 1. Affordable housing, with initial sale prices and ongoing
 188 rents at or below 80 percent of adjusted gross income, as
 189 defined in s. 420.602, for the county in which the development
 190 area is located.
- 191 2. Missing middle housing.
- 192 3. Housing for people eligible for the Florida Hometown
 193 Hero Program under s. 420.5096.
- 194 (c) The development area may be developed in phases to
 195 accommodate growth projections in the geographical area in which
 196 the project is located. Development rights and mitigation of
 197 project impacts shall be vested for at least 50 years. If the
 198 applicant achieves development as defined in s. 380.04 of at
 199 least 50 percent of the development area within 50 years after
 200 the project's date of initial public dedication of
 201 infrastructure, the vested period must be extended for an
 202 additional 25 years.
- 203 (5) BLUE RIBBON PLANS.—A blue ribbon project must have a

606-02821-26

2026354c2

- 204 blue ribbon plan, which is the master development plan for the
 205 project. Blue ribbon plans must include a document that
 206 addresses the requirements of this section and exhibits,
 207 including maps, illustrations, and text supported by data and
 208 analysis, that demonstrate compliance therewith. The plan must
 209 include all of the following:
- 210 (a) A long-term master development map that, at a minimum,
 211 generally depicts the locations of reserve area and development
 212 area throughout the project area.
- 213 (b) Identification and analysis of necessary water supplies
 214 and available sources of water, including water resource
 215 development and water supply development projects, and water
 216 conservation measures required to meet the projected demand from
 217 each phase of the project. Water and wastewater facilities must
 218 be provided in compliance with s. 163.3180. Such facilities may
 219 be provided by the applicant; a local unit of special purpose
 220 government or a special district, except an improvement
 221 district; a local government; or the state. Local governments
 222 are encouraged to enter into public-private partnerships to
 223 accomplish water storage and other water quality and capacity
 224 improvements within the boundaries of blue ribbon projects
 225 pursuant to s. 373.4591.
- 226 (c) Identification and analysis of the transportation
 227 facilities and future transportation corridors necessary to
 228 serve development area land uses in the master development plan,
 229 including guidelines to be used to establish each modal
 230 component intended to optimize mobility. Transportation
 231 facilities must be provided in compliance with s. 163.3180. Such
 232 facilities must be provided by the applicant or a special

606-02821-26

2026354c2

assessment district created at the request of the applicant. A special assessment district, a local government, or the state may enter into a public-private partnership with the applicant pursuant to s. 255.065 to provide such facilities. Internal roads must be designed in accordance with the Department of Transportation's traditional neighborhood development guidelines provided in chapter 19 of the Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways, 2023 edition.

(d) Identification of other regionally significant public facilities necessary to support the project's permitted density as provided in paragraph (4)(a) for each phase of the project, which facilities must include utilities, parks, and schools, and policies providing the procedures to mitigate the impacts of the project's permitted density on public facilities. Public facilities must be provided in compliance with s. 163.3180. Such facilities must be provided by the applicant or a special assessment district created at the request of the applicant. A special assessment district, a local government, or the state may enter into a public-private partnership with the applicant pursuant to s. 255.065 to provide such facilities.

(e) Identification of regionally significant natural resources within the reserve area based on the best available data and policies, and provision of mechanisms to ensure the perpetual protection or conservation of specific resources, consistent with the overall conservation and development strategy for the project area. The provision of regionally significant natural resources within the reserve area is determined to be a net ecosystem benefit.

606-02821-26

2026354c2

(f) General principles and guidelines that do all of the following:

1. Address the land uses within the development area and reserve area, and the interrelationships between such areas.
 2. Address the protection and, as appropriate, restoration and management of reserve areas identified in the recorded blue ribbon plan for permanent conservation and public use, which must be phased in coordination with the phased development within the development area as specified in the master development plan.
 3. Achieve a cleaner, healthier environment.
 4. Limit urban sprawl.
 5. Provide a range of housing types.
 6. Protect wildlife and natural areas.
 7. Advance the efficient use of land and other resources.
 8. Create quality communities of a design that reduces and captures vehicle trips and promotes mobility options.
 9. Enhance the prospects for state and local economic development objectives and high-wage job creation.
- (g) Development standards for each type of land use proposed within the development area which is typically found in a planned unit development as defined in s. 163.3202(5)(b) and which is consistent with new urban design.
- (h) Provision for an easement granted without charge to the Department of Agriculture and Consumer Services under s. 570.71 for any portion of the reserve area which will be reserved for uses consistent with the public purposes provided in s. 570.71(1). The Department of Agriculture and Consumer Services and the landowner must enter into an agreement regarding

606-02821-26

2026354c2

allowable uses for the easement interest before an easement is granted. The plan must also include a covenant that any easement or property granted to another state agency, a water management district, or a local government will be granted without charge.

A blue ribbon plan must be based on a planning period longer than the generally applicable planning period of the local comprehensive plan and must specify the projected population within the planning area during the chosen planning period. A plan is not required to demonstrate need based on projected population growth or any other basis. If under the plan a project contributes land or funds or otherwise causes the construction of public facilities pursuant to s. 163.3180, the project must receive dollar-for-dollar credits against impact, mobility, proportionate share, or other fee credits from the local government for such facility improvements as required by s. 163.3180. Impact fees must be calculated as applicable at the time of issuance of building permits.

(6) STATE ADMINISTRATIVE REVIEW OF BLUE RIBBON PLANS.—In order to initiate approval of a blue ribbon plan, a landowner shall apply first to the Department of Commerce for approval of a blue ribbon project. The application must include a blue ribbon plan that meets the requirements of subsection (5). The department's review of a project is limited to a review for compliance with this section. The department shall provide copies of the application to the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, the Department of Transportation, and the applicable water management district for

606-02821-26

2026354c2

review and comment within each entity's respective legal purview on the plan's compliance with this section. Such entities shall provide written comments to the Department of Commerce within 21 days after receipt of the application by the department. Within 45 days after receipt of the application, the department shall approve the application or provide to the applicant a written notice that identifies with specificity any areas of noncompliance and includes the written comments received from the specified entities. If the department fails to either approve the application or provide such notice within 45 days after receipt of the application, or fails to provide a written approval or denial of the application within 20 days after the applicant provides a response to the notice, the application is automatically approved by the department. At any point after the department's initial 45-day review period, the applicant may request a final determination of approval or denial by the department, and the department must provide the determination within 7 days after receipt of the request. If the department fails to provide the determination within the 7-day period, the application is automatically approved by the department.

(7) LOCAL GOVERNMENT ADMINISTRATIVE REVIEW OF BLUE RIBBON PLANS.—

(a) A blue ribbon project may be located on land with any future land use designation provided in the applicable local government's comprehensive plan and with any zoning designation listed in the applicable local government's land development regulations. A local government's approval of a project creates an overlay special district within the local government's comprehensive plan which must adhere to the project's blue

606-02821-26

2026354c2

349 ribbon plan. A local government may not require a comprehensive
 350 plan amendment or rezoning for approval of a project.

351 (b)1. Upon approval of a blue ribbon project by the
 352 Department of Commerce, the landowner shall apply to the local
 353 government for approval of the project. If the project is
 354 located within more than one local government's jurisdiction,
 355 the landowner must apply to each applicable local government. In
 356 reviewing the project, each applicable local government shall
 357 apply subsections (3), (4), and (5) to the project as a whole.

358 2. Within 30 days after receipt of an application for
 359 approval of a project, the local government shall conduct a duly
 360 noticed public workshop at which the project is presented. The
 361 applicant must be permitted to attend and participate in the
 362 workshop.

363 3. The local government shall review the project within 15
 364 days after receipt of the application. The review is limited to
 365 a review for compliance with this section. A project that is in
 366 compliance with this section must be administratively approved
 367 without further action by the local government or any quasi-
 368 judicial or administrative reviewing body. A project approved by
 369 the Department of Commerce is presumed to be in compliance with
 370 this section. In order for a local government to overcome such
 371 presumption, the local government must find that the blue ribbon
 372 plan does not comply with subsection (5). If the local
 373 government makes such a finding, the local government must
 374 provide a written notice to the applicant which identifies with
 375 specificity the area of noncompliance and provides the applicant
 376 60 days to respond and submit any information necessary to
 377 comply with subsection (5). If the local government fails to

606-02821-26

2026354c2

378 provide such notice within 90 days after receipt of the
 379 application, or fails to provide a written approval or denial of
 380 the application within 30 days after the applicant provides a
 381 response to such notice, the application is automatically
 382 approved. At any point after the local government's initial 90-
 383 day review period, the applicant may request a final
 384 determination of approval or denial by the local government, and
 385 the local government must provide the determination within 7
 386 days after receipt of the request. If the local government fails
 387 to provide the determination within the 7-day period, the
 388 application is automatically approved.

389 (c) Applicants may hire private companies to conduct plan
 390 reviews and building inspections pursuant to s. 553.791.

391 (d) If a blue ribbon project is approved, the applicant
 392 must publish notice of such approval in a newspaper of general
 393 circulation in the area in which the land is located. The notice
 394 must include the local government order number, if any; the
 395 section, township, and range in which the land is located; and a
 396 description of the project. The notice must be published within
 397 14 days after the approval is issued.

398 (e) After a blue ribbon project has been reviewed and
 399 approved, the applicant must record the blue ribbon plan in the
 400 public records of the county in which the project property is
 401 located, and the plan shall run with title to the land. The
 402 applicant may not amend the recorded plan without undergoing
 403 local government review of the plan amendment in accordance with
 404 paragraph (b). Local government review of a plan amendment is
 405 limited to the portions of the plan which are being revised.

406 (8) APPEAL PROCEDURE.—

606-02821-26

2026354c2

(a)1. If the Department of Commerce denies an application for a blue ribbon project, the applicant may request an administrative hearing pursuant to ss. 120.569 and 120.57 within 21 days after the date on which the applicant receives the department's written denial.

2. If a local government denies an application for a blue ribbon project, the applicant may appeal the decision by filing a written petition with the Department of Commerce within 21 days after the date on which the applicant receives the local government's written denial. The applicant shall provide a copy of the notice of appeal to the local government.

(b) Any person whose substantial interests are or may be affected by the local government's approval of a blue ribbon project may request an administrative hearing by filing a written petition with the Department of Commerce pursuant to ss. 120.569 and 120.57. The petition must be filed with the Department of Commerce within 21 days after newspaper publication of the notice of the local government decision in accordance with paragraph (7)(d). The petition must clearly state the reasons for the petition and describe how the project will adversely affect the person more substantially than the general population of the geographic area in which the project is located. A copy of the petition must also be provided to the local government. If a petition is timely filed pursuant to this paragraph, the applicant may intervene as a party to the hearing.

(c) Before issuing an order on an appeal or petition under this subsection, the Department of Commerce must hold a hearing in accordance with chapter 120.

606-02821-26

2026354c2

(d) The Department of Commerce shall determine whether the blue ribbon project meets the requirements of this section and issue a final order granting or denying the application. The department may attach conditions and restrictions to the order. The department may provide a determination in the final order which is different from the determination it provided after review of the application under subsection (6).

(e) Section 120.595 applies to proceedings brought by a person whose substantial interests are or may be affected by the local government's approval of a blue ribbon project under this section.

(9) A blue ribbon project must comply with applicable provisions of chapters 373 and 403.

Section 2. This act shall take effect July 1, 2026.

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Rules

BILL: SB 620

INTRODUCER: Senator Mayfield

SUBJECT: Candidate Qualifying

DATE: March 2, 2026

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Biehl</u>	<u>Roberts</u>	<u>EE</u>	Favorable
2.	<u>Davis</u>	<u>Cibula</u>	<u>JU</u>	Favorable
3.	<u>Biehl</u>	<u>Kruse</u>	<u>RC</u>	Pre-meeting

I. Summary:

SB 620 adds an additional item to the current list of items that a candidate must submit to the relevant filing officer in order to qualify for nomination or election to a federal, state, county, or district office. Specifically, if a candidate is a citizen of another country, in addition to being a citizen of the United States, the candidate must submit a written statement disclosing any other country in which he or she is also a citizen.

Dual citizenship, or dual nationality, means that a person is a citizen or national of both the United States and a foreign country at the same time. In practical terms, this person owes allegiance to both countries and is required to obey the laws of both countries. If the foreign country places a claim on a dual citizen, conflicting obligations may arise. Under current law, no one qualifying for office is required to disclose if he or she has dual citizenship, and therefore, might have conflicting allegiance to another country. The requirement for a person to disclose his or her dual citizenship may make voters aware of a potential conflicting allegiance.

The bill takes effect July 1, 2026.

II. Present Situation:

Current law prescribes the process by which a person seeking nomination or election to a public office may qualify to do so.¹ Such a person must file his or her qualification papers with, and pay the qualifying fee² to, the relevant filing officer.³ The law also provides a process by which a person can obtain a certain number of signed petitions in lieu of paying the qualifying fee.⁴

In order for a candidate⁵ for an office other than a judgeship or a school board member to be qualified, the following items must be received by the filing officer by the end of the qualifying period:⁶

- A properly executed check drawn upon the candidate's campaign account for the filing fee, unless the candidate qualified by petition.⁷
- The candidate's oath, as required by s. 99.021, F.S.⁸
- If the office sought is partisan, the written statement of political party affiliation required by s. 99.021(1)(b), F.S.; or if the candidate is running without party affiliation for a partisan office, the written statement required by s. 99.021(1)(c), F.S.
- The completed form for the appointment of campaign treasurer and the designation of a campaign depository.

¹ Sections 99.061 and 105.031, F.S.

² The qualifying fee consists of the filing fee and election assessment, and party assessment, if applicable (ss. 99.061(1), 99.092(1), and 105.031(3), F.S.). Write-in candidates are exempt from the filing fee requirement (s. 99.092(1), F.S.).

³ The filing officer for a federal, state, or multicounty district office, other than a judicial office or school board member, is the Department of State (s. 99.061(1), F.S.). The filing officer for a county office, or for a district office that is not multicounty, is the local supervisor of elections (s. 99.061(2), F.S.). Except for candidates for judicial office, nonpartisan candidates for multicounty office qualify with the Department of State, and nonpartisan candidates for countywide or less than countywide office file with the supervisor of elections. Candidates for county court judge file with the supervisor of elections; all other judicial candidates file with the Department of State. Section 105.031(1), F.S.

⁴ Sections 99.095 and 105.035, F.S.

⁵ Section 106.011(3), F.S., defines "candidate" to mean a person to whom any of the following applies: 1) a person who seeks to qualify for nomination or election by means of the petitioning process; 2) a person who seeks to qualify for election as a write-in candidate; 3) a person who receives contributions or makes expenditures, or consents for any other person to receive contributions or make expenditures, with a view to bring about his or her nomination or election to, or retention in, public office; 4) a person who appoints a treasurer and designates a primary depository; or 5) a person who files qualification papers and subscribes to a candidate's oath as required by law. The definition excludes any candidate for a political party executive committee.

⁶ The qualifying period for the following offices is between the 120th and 116th days prior to the primary election: federal office, state attorney, public defender, or judicial office. The qualifying period for the following offices is between the 71st and 67th days prior to the primary election: state or multicounty district office, other than state attorney or public defender; county office or single-county district office; or school board. See ss. 99.061 and 105.031, F.S.

⁷ The filing fee for a special district candidate is not required to be drawn upon his or her campaign account (s. 99.061(7)(a)1., F.S.).

⁸ Each candidate for an elected office in Florida must take and subscribe to in writing an oath or affirmation. Current law specifies oath formats for a candidate for federal office (s. 99.021(1)(a)2., F.S.), a candidate for a non-federal office other than a judicial office (s. 99.021(1)(a)1., F.S.), and a candidate for a state judicial office (s. 105.031(4)(b), F.S.). Generally, the oath or affirmation must, in substance, provide the name of the office for which the candidate is running; affirm that the candidate is a qualified elector of the county or court jurisdiction, as applicable; affirm that the candidate is qualified under the State Constitution and laws of Florida to hold the office for which he or she is running; affirm that the candidate has not qualified for any other public office in the state for which the term runs concurrently and that he or she has resigned from any office from which he or she is required to resign; and affirm that the candidate will support the constitutions of the United States and the State of Florida.

- The candidate's financial disclosure.⁹

In order for a candidate for judicial office or the office of school board member to be qualified, the following items must be received by the filing officer by the end of the qualifying period:

- Except for candidates for retention to judicial office, a properly executed check drawn upon the candidate's campaign account for the filing fee, unless the candidate qualified by petition.
- The candidate's oath, as required by s. 105.031(4), F.S.
- The loyalty oath required by s. 876.05, F.S.¹⁰
- The completed form for the appointment of campaign treasurer and the designation of a campaign depository.
- For a candidate for judicial office, a signed statement that he or she has read and understands the requirements of the Florida Code of Judicial Conduct.
- The candidate's financial disclosure.¹¹

Dual Citizenship

Dual citizenship, or dual nationality, means that a person is a citizen or "national"¹² of both the United States and a foreign country at the same time. In practical terms, a person owes allegiance to both the United States and a foreign country and is required to obey the laws of both countries. If the foreign country places a claim on a United States dual national, conflicting obligations may arise.¹³

The advantages for someone who has dual citizenship are that he or she might be able to vote in both countries, be authorized to work in both countries, have passports from both countries, and own property in both countries. However, a person with dual citizenship might be expected to provide military service in the second country, pay income taxes in both countries, and be prevented from holding senior positions in the government and military.¹⁴

Proposed Federal Legislation

Federal law does not require a member of Congress to disclose whether he or she has dual citizenship or to renounce that additional citizenship. However, a bill that expresses a concern similar to this bill was recently introduced in Congress. The "Disqualifying Dual Loyalty Act of 2025" was introduced October 24, 2025. The bill's intent is to prohibit someone who holds

⁹ Section 99.061(7)(a)5., F.S.

¹⁰ Section 876.05, F.S., requires all persons who are employed by or are on the payroll of the state or any county, city, school board, school system, or institution of higher learning, except candidates for federal office, to swear or affirm that he or she will support the Constitution of the United States and of the State of Florida.

¹¹ Section 105.031(5)(a), F.S.

¹² According to the U.S. Department of State website, Section 101(a)(22) of the Immigration and Nationality Act (INA) states that "the term 'national of the United States' means (A) a citizen of the United States, or (B) a person who, though not a citizen of the United States, owes permanent allegiance to the United States." foreign citizenship from holding office in the U.S. Senate or U.S. House of Representatives. H.R. 5817 states:

No person, without regard to whether that person is a United States national, may be elected to the office of Representative or Senator if that person is a national of any country other than the United States.¹⁵

It appears that the intent of the legislation is to require candidates to renounce dual citizenship and demonstrate their loyalty to this country. The bill, which does not have a Senate companion, has been referred to the House Committee on House Administration.

III. Effect of Proposed Changes:

SB 620 adds an additional item to the current list of items that a candidate must submit to the relevant filing officer in order to qualify for nomination or election to a federal, state, county, or district office. Specifically, if a candidate is a citizen of another country in addition to being a citizen of the United States, the candidate must submit a written statement disclosing any other country where he or she is a citizen.

The bill, by requiring the disclosure of dual citizenship, will allow voters to know of the possibility that a candidate could be at risk of having a conflict between their allegiance to the United States and allegiance to a foreign country.

The bill takes effect July 1, 2026.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 796 creates the Veterinary Workforce and Innovation Act and amends the regulatory framework for veterinary medicine in Florida. The bill creates a new level of veterinary professional, a “veterinary professional associate,” that must be registered with the Department of Business and Professional Regulation (DBPR) and is allowed to work under a licensed veterinarian.

The bill defines the new position, specifies a formal registration process, and provides prohibitions, duties and actions, for the newly created “veterinary professional associate.”

The bill increases the duration for prescriptions based solely on telehealth evaluations from one month to six months for flea and tick medication and from 14 days to 30 days for other animal drugs. Additionally, the bill amends the exemptions in ch. 474, F.S., to include the newly created position.

The bill has an indeterminate fiscal impact. See Section V., Fiscal Impact Statement.

The bill takes effect January 1, 2027.

II. Present Situation:

Practice of Veterinary Medicine

The Board of Veterinary Medicine (board) within the Department of Business and Professional Regulation (DBPR) implements the provisions of ch. 474, F.S., relating to veterinary medical practice (practice act). The purpose of the practice act is to ensure that every veterinarian practicing in this state meets minimum requirements for safe practices to protect public health and safety.¹

A “veterinarian” is a health care practitioner licensed by the board to engage in the practice of veterinary medicine in Florida² and they are subject to disciplinary action from the board for various violations of the practice act.³

The practice of “veterinary medicine” is the diagnosis of medical conditions of animals, and the prescribing or administering of medicine and treatment to animals for the prevention, cure, or relief of a wound, fracture, bodily injury, or disease, or holding oneself out as performing any of these functions.⁴

Veterinary medicine includes, with respect to animals, all of the following:⁵

- Surgery;
- Acupuncture;
- Obstetrics;
- Dentistry;
- Physical therapy;
- Radiology;
- Theriogenology (reproductive medicine); and
- Other branches or specialties of veterinary medicine.

Any permanent or mobile establishment where a licensed veterinarian practices must have a premises permit issued by the DBPR.⁶ Each person to whom a veterinary license or premises permit is issued must conspicuously display such document in her or his office, place of business, or place of employment in a permanent or mobile veterinary establishment or clinic.⁷

By virtue of accepting a license to practice veterinary medicine in Florida, a veterinarian consents to:

- Render a handwriting sample to an agent of the DBPR and, further, to have waived any objections to its use as evidence against her or him.

¹ Section 474.201, F.S.

² Section 474.202(11), F.S.

³ Sections 474.213 and 474.214, F.S.

⁴ Section 474.202(9), F.S. Also included is the determination of the health, fitness, or soundness of an animal, and the performance of any manual procedure for the diagnosis or treatment of pregnancy or fertility or infertility of animals.

⁵ Section 474.202(13), F.S. Section 474.202(1), F.S., defines “animal” as “any mammal other than a human being or any bird, amphibian, fish, or reptile, wild or domestic, living or dead.”

⁶ Section 474.215(1), F.S.

⁷ Section 474.216, F.S.

- Waive the confidentiality and authorize the preparation and release of medical reports pertaining to the mental or physical condition of the licensee when the DBPR has reason to believe that a violation of this chapter has occurred and when the DBPR issues an order, based on the need for additional information, to produce such medical reports for the time period relevant to the complaint.⁸

For Fiscal Year 2023-2024, there were 13,392 actively licensed veterinarians in Florida. The DBPR received 611 complaints, which resulted in 44 disciplinary actions.⁹

Veterinary Telehealth

In 2024, the Legislature created and passed the Providing Equity in Telehealth Services Act (PETS act), establishing a framework for the practice of veterinary telehealth.¹⁰ The PETS act allows veterinarians who hold current licenses to practice veterinary telehealth.¹¹

Limitations

The PETS act puts certain limitations on what veterinarians are able to do via telehealth.

The PETS act requires a veterinarian:

- Provide certain information to the client, including the veterinarian's name, license number and contact information.
- Must prescribe all drugs and medications in accordance with federal and state laws.
- May not order or prescribe medicinal drugs or drugs as defined in s. 465.003, F.S., approved by the United States Food and Drug Administration for human use, or compounded antibacterial, antifungal, antiviral, or antiparasitic medications, unless the veterinarian has conducted an in-person physical examination of the animal or made medically appropriate and timely visits within the past year to the premises where the animal is kept.
- May not use veterinary telehealth to prescribe a controlled substance as defined in ch. 893, F.S. (Drug Abuse Preventions and Control), unless the veterinarian has conducted an in-person physical examination of the animal or made medically appropriate and timely visits to the premises where the animal is kept.
- May not prescribe a drug or other medication for use on a horse engaged in racing or training at a facility under the jurisdiction of the Florida Gaming Control Commission or on a horse that is a covered horse, as defined in the federal Horseracing Integrity and Safety Act, 15 U.S.C., ss. 3051 et seq.

⁸ Section 474.2185, F.S.

⁹ Department of Business and Professional Regulation, *Division of Professions Annual Report Fiscal Year 2023-2024*, <https://www2.myfloridalicense.com/os/documents/Division%20Annual%20Report%20FY%2023-24.pdf> (last visited January 14, 2026).

¹⁰ Chapter 2024-260, Laws of Fla. (codified at section 474.2021, F.S., effective July 1, 2024).

¹¹ *Id.* Florida law requires the practice of telehealth to be consistent with a veterinarian's scope of practice and the prevailing professional standard of practice for a veterinarian who provides in-person veterinary services to patients in Florida, and who must employ sound, professional judgment to determine whether using veterinary telehealth is an appropriate method for delivering medical advice or treatment to the patient.

Telehealth Prescriptions

Prescriptions based solely on a telehealth evaluation may be issued for up to one month for products labeled solely for flea and tick control and up to 14 days of treatment for other animal drugs.¹² Prescriptions based solely on a telehealth evaluation may not be renewed without an in-person examination.¹³

Immediate Supervision

Currently, certain individuals that are not licensed doctors of veterinary medicine (employees, veterinary nurses, students, preceptors, interns, post-exam graduates) can provide some level of care to animals if they are under immediate supervision.¹⁴ The practice act defines “immediate supervision” to mean that a “licensed doctor of veterinary medicine is on the premises whenever veterinary services are being provided.”¹⁵

Veterinary tasks requiring immediate supervision include:¹⁶

- Administering anesthesia and tranquilization by a veterinary aide, nurse, laboratory technician, intern, or other employee of a licensed veterinarian.
- Administering certain vaccinations by a veterinary aide, nurse, technician, intern, or other employee of a licensed veterinarian which is not specifically prohibited.

Responsible Supervision

The term “responsible supervision” is defined in s. 474.202(10), F.S., as the “control, direction, and regulation by a licensed doctor of veterinary medicine of the duties involving veterinary services” delegated to unlicensed personnel. Under the DBPR rules the following tasks may be performed (under responsible supervision) without the licensed veterinarian on the premises:¹⁷

- Administering medication and treatment, excluding vaccinations, as directed by the licensed veterinarian; and
- Obtaining samples and the performance of those diagnostic tests, including radiographs, as directed by the licensed veterinarian.

Exemptions

Ten categories of persons are exempt from complying with ch. 474, F.S.:¹⁸

- Faculty veterinarians with assigned teaching duties at accredited¹⁹ institutions.

¹⁴ Section 474.207(5), F.S.

¹⁵ Section 474.202(5), F.S.

¹⁶ Fla. Admin. Code R. 61G18-17.005, provides that all tasks that may be delegated to a veterinary aide, nurse, laboratory technician, intern, or other employee of a licensed veterinarian shall be performed only under the “immediate supervision” of a licensed veterinarian as that phrase is defined in s. 474.202(5), F.S., with the exception of the following tasks which may be performed without the licensed veterinarian on the premises.

Veterinarian Shortage

According to a survey conducted by the American Pet Products Association (APPA), 70 percent of U.S. households, or about 90.5 million families, own a pet. This is an increase from 56 percent of U.S. households in 1988, and 67 percent in 2019.³⁰ As a result, experts say there is a shortage of veterinarians in the U.S., which is expected to result in the need for approximately 15,000 veterinarians by the year 2030.³¹ A study from Banfield Pet Hospital reveals an estimated 75 million pets in the U.S. may not have access to the veterinary care they need by 2030, with an important factor being a critical shortage of veterinarians.³²

The University of Florida's Dean of the College of Veterinary Medicine, Dana Zimmer, has indicated that there is a shortage of veterinarians in Florida, which in addition to pets has "1.7 million beef cattle and dairy cows, more horses than Kentucky and an alarming decline of manatee." The state's only veterinary medical college, the University of Florida, also reports that due to limited capacity, it must turn away 1,500 qualified candidates a year.³³

According to the AVMA:

Conditions have pushed the idea of a midlevel practitioner to the fore as veterinary practices have struggled to meet service demands. This issue has been compounded by continued inefficiencies in practices as pandemic disruptions persist and client expectations for availability and convenience. Inflation has also increased costs for labor and for products such as medical equipment and medications, creating additional concern around clients' ability to afford needed care. Additionally, retention of veterinary practice staff members and attrition from the profession are ongoing and increasing concerns.³⁴

The AVMA found that a midlevel practitioner may not be the best option to address these concerns, and that time and effort should be spent on resources, tools, and programs designed to retain veterinarians and credentialed veterinary technicians; further develop veterinary technician specialties; help veterinary practices operate at optimum efficiency; and effectively collaborate—

within practice teams and across the profession—to meet clients’ needs for high-quality veterinary services.³⁵

However, according to a study conducted by the National Library of Medicine:

The projected shortage of veterinarians has created a need to explore alternatives designed to meet society's future demands. A veterinary professional health care provider, similar to the human medical profession's physician assistant (PA), is one such alternative. It is suggested that perhaps veterinary professional associates, modeled after PAs, could be employed to handle routine veterinary care and thereby allow veterinarians additional time to focus on the more demanding and challenging aspects of veterinary medicine. Perhaps a team approach, similar to the physician/PA team, could help the field of veterinary medicine to better serve both clients and patients. As veterinary medicine directs its attention toward the new challenges on the horizon, creative solutions will be needed. Perhaps some variation of a veterinary professional associate is worthy of future discussion.³⁶

Human Physician Assistants

According to the Mayo Clinic, PAs are “licensed medical professionals who hold an advanced degree and are able to provide direct patient care. They work with patients of all ages in virtually all specialty and primary care areas, diagnosing and treating common illnesses and working with minor procedures. With an increasing shortage of health care providers, PAs are a critical part of today’s team-based approach to health care. They increase access to quality health care for many populations and communities. The specific duties of a PA are determined by their supervising physician and state law, but they provide many of the same services as a primary care physician. They practice in every state and in a wide variety of clinical settings and specialties.”³⁷

In Florida, PAs are licensed medical professionals that are authorized to perform services delegated by a supervising physician.³⁸ PAs are regulated by the Florida Council on Physician Assistants in conjunction with either the Board of Medicine for PAs licensed under ch. 458, F.S., or the Board of Osteopathic Medicine for PAs licensed under ch. 459, F.S. During Fiscal Year 2023-2024, there were 11,890 actively licensed PAs in the state, and 1,339 initial PA licenses were issued by the Florida Department of Health.³⁹

Veterinary Professional Associates in Other Jurisdictions

States

In 2024, voters of the state of Colorado approved a ballot measure to create a new, state-regulated veterinary position (Veterinary Professional Associate) that was to address, in part, the shortage of care, especially in rural areas, for pets.⁴⁰ Colorado's proposition empowered the state to create a regulatory scheme to license and regulate these Veterinary Professional Associates.

Similarly to what is being proposed in the bill, Colorado would provide this Veterinary Professional Associate with a pathway for those who complete a master's degree in veterinary clinical care, or an equivalent degree determined by the state board.⁴¹ This new Colorado law went into effect on January 1, 2026.⁴²

Universities

In 2022, The Lincoln Memorial University-College of Veterinary Medicine created the first-of-its-kind Master of Veterinary Clinical Care degree.⁴³ Students can obtain this degree fully online and in as little as three semesters (30 credit hours).⁴⁴

In June of 2025, Lincoln Memorial University announced plans to expand its medical and veterinary education programs into Orange Park, Florida.⁴⁵

In 2025, Colorado State University developed a similar program that is now admitting students.⁴⁶

III. Effect of Proposed Changes:

Section 1 establishes the title of the bill as the "Veterinary Workforce Innovation Act."

Section 2 amends s. 474.201, F.S., to update the state's legislative findings and intent, stating that the "practice of educated, trained and experienced veterinary professional associates will increase consumer access to high-quality medical services at reasonable cost to consumers, while also increasing the efficiency of the practice of veterinary medicine in this state."

Section 3 amends s. 474.202, F.S., to define the new role of "veterinary professional associate" to mean an individual who has graduated with a master's degree or the equivalent in veterinary

clinical care from an accredited institution and who meets the requirements to be registered by the DPBR.

Section 4 amends s. 474.2021, F.S., to change the duration of time medications can be prescribed via telehealth from one month to six months for flea and tick medication and from 14 days to 30 days for other animal drugs.

Section 5 amends s. 474.203, F.S., to provide that a veterinary professional associate is exempt from ch. 474, F.S., while under the supervision of a licensed veterinarian. The bill clarifies that licensed veterinarians will be responsible for all such acts performed by persons under her or his supervision, including veterinary professional associates.

Section 6 creates s. 474.2426, F.S., to lay out the regulatory framework for the newly created position of “veterinary professional associate.” The bill requires the Department of Business and Professional Regulation (DBPR) to:

- Issue a certificate of registration to each veterinary professional associate or applicant whom the DBPR verifies has applied, graduated from the relevant accredited program, and received a passing score on the relevant professional national competency examination approved by the board.
- Make a list of registrants available to the public on its website.

The bill authorizes the DBPR to suspend the registration of any veterinary professional associate whom the board determines has caused serious harm to an animal due to negligence, incompetence, or misconduct related to duties performed under this section and in a manner inconsistent with the supervising veterinarian’s specific direction, until which time as the registrant has completed remedial training or education directed by the board.

The bill allows for the DBPR to rescind the registration of any veterinary professional associate who is convicted of animal cruelty or animal fighting.

The bill prohibits any individual from holding themselves out as a registered veterinary professional associate or in any other way represent themselves as a veterinary professional associate unless he or she has a valid certificate of registration from the DBPR.

Duties and Actions of a Registered Veterinary Professional Associate

The bill authorizes a registered veterinary professional associate to engage in the practice of veterinary medicine as delegated under the responsible supervision, as defined in s. 474.202, F.S., of a licensed veterinarian, unless prohibited by other state or federal law, to the extent that he or she is competent and has the necessary training, current knowledge, and experience to provide such care.

A registered veterinary professional associate may not do any of the following:

- Prescribe a controlled substance listed in s. 893.03, F.S.,
 - With the exception that a registered veterinary professional associate may perform humane euthanasia and prepare, log, and administer controlled substances for the purpose

- of analgesia, anesthesia, or humane euthanasia, as delegated by a licensed veterinarian and performed under responsible supervision.
- Perform a surgical procedure,
 - With the exception that a veterinary professional associate may perform an orchiectomy,⁴⁷ veterinary dental surgery, or veterinary suturing or stapling of skin lacerations, gingival incisions, or existing surgical incisions.

Section 7 amends s. 828.30, F.S., to allow registered veterinary professional associates to administer rabies vaccinations.

Section 8 provides an effective date of January 1, 2027.

(5) (a) Any person, or the person's regular employee, administering to the ills or injuries of her or his own animals, including, but not limited to, castration, spaying, and dehorning of herd animals, unless title is transferred or employment provided for the purpose of circumventing this law. This exemption does not apply to any person licensed as a veterinarian in another state or foreign jurisdiction and practicing temporarily in this state. However, the licensed veterinarian is responsible for all such acts performed under this subsection by persons under her or his supervision.

For the purposes of chapters 465 and 893, persons exempt pursuant to subsection (1), subsection (2), or subsection (4) are deemed to be duly licensed practitioners authorized by the laws of this state to prescribe drugs or medicinal supplies.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 934 exempts from payment or performance bond requirements, a person entering into a construction contract for work done on property in an area of critical state concern that is subject to a long-term ground lease with Habitat for Humanity International, Inc. or its affiliates, provided that the leasehold interest is subject to any claims by claimants who qualify as lienors.

The bill extends funding from the Florida Forever Trust Fund for land acquisition within the Florida Keys Area of Critical State Concern to fiscal year 2035-2036.

The bill has an effective date of July 1, 2026.

II. Present Situation:

Areas of Critical State Concern (ACSC)

The Administration Commission¹ may designate an ACSC for the following areas:

- An area that contains or has a significant impact on environmental or natural resources of regional or statewide importance, where uncontrolled private or public development would cause substantial deterioration of the area's resources.² This includes state or federal parks,

¹ The Administration Commission consists of the Governor and the Cabinet. The commission acts on simple majority.

² Section 380.05(2)(a), F.S.

forests, wildlife refuges, wilderness areas, aquatic preserves, major rivers and estuaries, state environmentally endangered lands, Outstanding Florida Waters, and aquifer recharge areas.³

- An area that contains or has a significant impact on historical or archaeological resources, sites, or statutorily defined historical or archaeological districts, where private or public development would cause substantial deterioration or complete loss of the area's resources, sites, or districts.⁴
- An area that has a significant impact on, or is significantly affected by, an existing or proposed major public facility or other area of major public investment, including highways, ports, airports, energy facilities, and water management projects.⁵

The Florida Department of Commerce, which is the state land planning agency,⁶ may recommend an area for designation as an area of critical state concern.⁷ In its recommendations, the department must include:⁸

- Recommendations for the purchase of land within the boundaries of the proposed area as environmentally endangered lands and outdoor recreation lands under the Land Conservation Program;
- Any report or recommendation of a resource planning and management committee;⁹
- The dangers that would result from uncontrolled or inadequate development of the area and the advantages of developing the area in a coordinated manner;
- A detailed boundary description of the proposed area;
- Specific principles for guiding development within the area;¹⁰
- An inventory of lands owned by the federal, state, and local governments within the proposed area; and
- A list of the state agencies with programs that affect the purpose of the designation.

Following the designation of the ACSC, any local government that is wholly or partially located within the area must conform its previously adopted comprehensive plan to the principles for guiding development of the area of critical state concern.¹¹

⁹ Prior to recommending the designation of an area of critical state concern, the Governor, acting as chief planning officer of the state, must appoint a resource planning and management committee for the area under study by the Florida Department of Commerce (DOC). The committee must organize a voluntary, cooperative resource planning and management program to resolve any problems that might endanger the area's resources and facilities. Section 380.045(1), F.S.

¹⁰ Regarding the principles for guiding development, DOC must recommend actions which state and regional agencies and local governments must accomplish to implement these principles. These actions may include, but are not limited to, revisions of the local comprehensive plan and adoption of land development regulations, density requirements, and special permitting requirements. Section 380.05(1)(a), F.S.

¹¹ Section 380.05(14), F.S.

There are currently six ACSC designated in Florida: The Big Cypress ACSC, the Green Swamp ACSC, the Florida Keys ACSC, the City of Key West ACSC, the Brevard Barrier Island ACSC, and the Apalachicola Bay ACSC.¹²

Florida Keys ACSC

The Florida Keys ACSC was designated in 1975 and currently includes the municipalities of Islamorada, Marathon, Layton, and Key Colony Beach, as well as unincorporated Monroe County.¹³

State, regional, and local governments in the Florida Keys ACSC are required to coordinate their development plans and conduct program and regulatory activities to be consistent with the principles for guiding development.¹⁴ The principles for guiding development include managing

and limiting the adverse impacts of development, and protecting the environmental resources, historical heritage, and water quality of the Florida Keys to maintain its status as a unique Florida resource.¹⁵

A land development regulation or element of a local comprehensive plan in the Florida Keys ACSC may be enacted, amended, or rescinded by a local government, but such actions must be approved by the Florida Department of Commerce.¹⁶ Amendments to local comprehensive plans must be reviewed for compliance with the principles for guiding development.¹⁷

Construction Liens

Florida law seeks to ensure that people working on construction projects are paid for their work. Any person who provides services, labor, or materials for improving, repairing, or maintaining real property (except public property) may place a construction lien¹⁸ on the property, provided the person complies with statutory procedures.¹⁹ A lienor is a contractor; subcontractor; sub-subcontractor, laborer, or materialman who furnishes materials under contract; or a professional lienor.²⁰

A construction lien extends to the right, title, and interest of the person who contracts for the improvement to the extent that such right, title, and interest exists at the improvement's commencement or is acquired in the real property.²¹ However, when a lessee makes an improvement under an agreement between the lessee and his or her lessor, the lien also extends to the lessor's interest unless:²²

- The lease, or a short form or a memorandum of the lease, is recorded in the official records of the county where the property is located before the recording of a notice of commencement for improvements to the property and the lease's terms expressly prohibit such liability; or
- The lease's terms expressly prohibit such liability, and a notice advising that leases for the rental of premises on a property prohibit such liability has been recorded in the official records of the county in which the property is located before the recording of a notice of commencement for improvements to the premises and the notice includes specified information.²³

If a lease expressly provides that the lessor's interest will not be subject to the construction liens relating to improvements made by the lessee, the lessee must notify the contractor making any such improvements of the lease provision, and the knowing and willful failure of the lessee to provide such notice renders the contract voidable at the contractor's option.²⁴

Payment and Performance Bonds

A contractor who contracts with the state or any local government or other public authority or private entity for the construction of, or repairs to, a public building or public work must execute and record²⁵ a payment and performance bond with a surety insurer authorized to do business in Florida as a surety, if the contract is above a certain threshold.²⁶ A payment bond is a type of surety that generally guarantees that all subcontractors, laborers, and material suppliers will be promptly paid for their labor, services, and materials contributed to a construction project.²⁷

The bond forms a three-part contract between the owner, the contractor, and the surety insurer where the bond substitutes for the property as the security for payment in lieu of the typical right to claim a lien.²⁸ The payment bond must be furnished in at least the amount of the original contract price before beginning the construction project, and a certified copy of the recorded bond must be provided to the public entity before commencing work.²⁹

Habitat for Humanity

Habitat for Humanity is a nonprofit organization working across the United States and over 70 countries to increase access to housing through constructing, renovating, and repairing homes; innovating new building and financing methods; and advocating for policies to enhance housing construction and access.³⁰ Families in need of decent, affordable housing apply for homeownership with their local Habitat for Humanity affiliate.³¹ Habitat for Humanity affiliates are independent local nonprofit organizations that coordinate all aspects of Habitat home building in their local areas.³² Three affiliates operate in the Florida Keys: Habitat for Humanity of the Upper Keys, Habitat for Humanity of the Middle Keys, and Habitat for Humanity of Key West and Lower Florida Keys.³³

To keep properties affordable, Habitat for Humanity structures its home ownership model by first leasing land from a local government or community land trust subject to a ground lease of

²⁵ The payment and performance bond must be executed and recorded before the work is begun, and the recording must be in the public records of the county where the improvement is located. Section 255.05(1), F.S.

²⁶ Section 255.05(1), F.S. No bond is required for work done for the state where the contract is \$100,000 or less. A county, city, political subdivision, or public authority may choose to exempt contracts for \$200,000 or less. S. 255.05(1)(d), F.S.

²⁷ See generally sections 255.05, and 713.23, F.S. (“The bond shall be conditioned upon the contractor's performance of the construction work in the time and manner prescribed in the contract and promptly making payments to all persons defined in s. 713.01 who furnish labor, services, or materials for the prosecution of the work provided for in the contract.” S. 255.05(1)(c), F.S.

For a contract in excess of \$250 million, if the state, county, municipality, political subdivision, or other public entity finds that a bond in the amount of the contract price is not reasonably available, the public owner shall set the amount of the bond at the largest amount reasonably available, but not less than \$250 million. 99 years.³⁴ An eligible family will then purchase the home from Habitat from Humanity without purchasing the land.³⁵ The 99-year ground lease places limitations on resale, such as setting income limits for future purchasers and providing a formula to keep the resale price affordable.³⁶

Florida Forever Trust Fund

The Florida Forever Program is the state's main conservation and recreation lands acquisition program.³⁷ The Florida Forever Act prescribes the uses and distribution of funds to the Florida Forever Program.³⁸

Thirty-five percent of Florida Forever funds must be distributed to the Florida Department of Environmental Protection for the acquisition of lands and capital project expenditures described in the Florida Forever Act.³⁹ Of this distribution:

- Increased priority must be given to acquisition that would achieve a combination of conservation goals, including protecting Florida's water resources and natural groundwater recharge.
- Between three and ten percent must be spent on capital project expenditures that meet land management planning activities necessary for public access.⁴⁰

Beginning in fiscal year 2017-2018 and continuing through fiscal year 2026-2027, at least \$5 million must be spent on land acquisition within the Florida Keys Area of Critical State Concern.⁴¹

III. Effect of Proposed Changes:

Section 1 amends s. 255.05, F.S., to exempt a person entering into a contract with the state, a county, city, or political subdivision for construction of or repairs to a public building or public work or repairs from being required to execute a payment and performance bond, if the person meets the following conditions:

- The work is done on property located within an ACSC subject to a long-term ground lease of 99 years or more with Habitat for Humanity International, Inc., or any of its affiliates, at the discretion of the official or board that owns the underlying property in fee simple, and
- The leasehold interest created by the 99-year ground lease is subject to any claims by claimants who qualify as lienors.

Section 2 amends s. 259.105, F.S., to extend the date through which at least \$5 million of the funds allocated from the Florida Forever Act to the Florida Department of Environmental Protection for the acquisition of lands and capital project expenditures must be spent on land acquisition within the Florida Keys ACSC. The funding requirement currently extends through the 2026-2027 fiscal year and the bill extends it through the 2035-2037 fiscal year.

Section 3 provides an effective date of July 1, 2026.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require counties and municipalities to expend funds or further limit their authority to raise revenue or receive state-shared revenues as specified by Article VII, s. 18 of the State Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

By providing an exemption from payment and performance bonds for those performing construction work on property subject to long-term ground leases with Habitat for Humanity International, Inc., or any of its affiliates in the Florida Keys ACSC, the bill may have an indeterminate positive impact on those involved with construction in that area.

C. Government Sector Impact:

This bill has no net impact on state funds; however, the extension of dedicated funding from Florida Forever specifically for Florida Keys ACSC projects would impact the availability of funds for other Florida Forever land acquisition projects.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends sections 255.05 and 259.105 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Community Affairs on February 10, 2026:

The committee substitute removes the section of the bill amending s. 196.1978, F.S., which would have revised eligibility criteria for the Live Local property tax exemption for affordable housing properties in the Florida Keys Area of Critical State Concern.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1080 requires the Florida Department of Transportation (FDOT) to adopt rules providing circumstances under which it may make direct payments to a first-tier subcontractor, including specified conditions, with the amount paid to the subcontractor deducted from the amount paid to the contractor.

The bill also requires that, if due to default by the contract, the FDOT and the surety enter into a takeover agreement, such agreement must require the surety's completion contractor to meet the certificate of qualification requirements of the original contract bid solicitation and that the surety must follow the contract's procedures regarding the payment of subcontractors.

This bill does not appear to have a fiscal impact on state or local government entities.

This bill takes effect July 1, 2026.

II. Present Situation:

Florida Prompt Payment Act

Florida law has several "Prompt Payment Acts" regulating various aspects of payments connected to construction projects and services. Part VII of ch. 218, F.S., addresses payment for local government construction projects. Chapter 255, F.S., governs payments connected to state

agency construction projects, and payments for private construction projects are regulated in chs. 713 and 715, F.S.

Prompt Payment Act for State Construction Projects

Sections 255.0705 - 255.078, F.S., are known as the Florida Prompt Payment Act. This act governs the timely payment for construction services by the state or any agency thereof (public entity).¹ This act also governs payments made by contractors to subcontractors and suppliers when the construction services are in connection with a public entity construction project.

Payment Deadline for Public Entity to Contractor

For public entities contracting with a prime contractor, the public entity must submit the contractor's request to the Chief Financial Officer within 14 days of receiving the payment application.² If a public entity disputes a portion of a payment request, the undisputed portion must be paid by the date required under the contract or by 20 business days after receipt of the request, whichever is earlier.³

When a contractor receives payment from a public entity for labor, services, or materials furnished by subcontractors and suppliers hired by the contractor, the contractor is required to remit payment due to those subcontractors and suppliers within 10 days after the contractor's receipt of payment.⁴ When a subcontractor receives payment from a contractor for labor, services, or materials furnished by subcontractors and suppliers hired by the subcontractor, the subcontractor is required to remit payment due to those subcontractors and suppliers within 7 days after the subcontractor's receipt of payment.⁵

Penalties for Late Payment

All payments due for the purchase of construction services under the Florida Prompt Payment Act and wrongfully withheld by a public entity or prime contractor bear statutorily imposed interest at the rate of 2 percent per month.⁶

Florida Department of Transportation Contracting Authority

Section 337.11, F.S., authorizes the Florida Department of Transportation (FDOT) to enter into contracts for the construction and maintenance of roads and related facilities under its jurisdiction.⁷

¹ Section 255.072, F.S., defines "public entity" to mean the state, or any office, board, bureau, commission, department, branch, division, or institution thereof, but does not include a local governmental entity as defined in s. 218.72, F.S.

² Section 255.074, F.S.

³ Section 255.073(2), F.S.

⁴ Section 255.073(3), F.S.

⁵ *Id.* A contractor or subcontractor is still permitted to dispute, pursuant to the terms of the relevant contract, all or any portion of a payment alleged to be due to another party if the contractor or subcontractor notifies the party whose payment is disputed, in writing, of the amount in dispute and the actions required to cure the dispute. The contractor or subcontractor must pay all undisputed amounts due within the time limits imposed by this subsection.

⁶ Section 255.073(4), F.S.

⁷ Section 337.11(1), F.S.

Every contract let by the FDOT for the performance of work must require the prime contractor, before receiving any progress payment under such contract, to certify that the prime contractor has disbursed to all of its subcontractors and suppliers their pro rata shares of the payment out of previous progress payments received by the prime contractor for all work completed and materials furnished in the previous period,⁸ as FDOT approved payment.⁹ The FDOT may not make any such progress payment before receiving such certification, unless the contractor demonstrates good cause for not making any such required payment and furnishes written notification of any such good cause to both the FDOT and the affected subcontractors and suppliers.¹⁰

Every contract let by the FDOT for the performance of work must require the prime contractor, within 30 days of receipt of the final progress payment or any other payments received thereafter except the final payment, to pay all of its subcontractors and suppliers their pro rata shares of the payment for all work completed and materials furnished, unless the contractor demonstrates good cause for not making any such required payment and furnishes written notification of any such good cause to both the FDOT and the affected subcontractors or suppliers within such 30-day period.¹¹

Surety Bonds for FDOT's Construction and Maintenance Contracts

Section 337.18, F.S., requires a surety bond of the successful bidder in an amount equal to the awarded contract price for a FDOT contract. However, in limited circumstances, the FDOT has the discretion to authorize phased bonding or waive all or a portion of the bond requirement.¹²

The FDOT's contracts must provide for the determination of default on the part of any contractor for cause attributable to such contractor. The FDOT is not liable for anticipated profits for unfinished work on a contract which it has determined to be in default.¹³

FDOT Certificate of Qualification

Section 337.14, F.S., requires the FDOT to prequalify any contractor wishing to bid on a contract in excess of \$250,000. Rule 14-22, F.A.C., provides the FDOT's rules regarding obtaining a certificate of qualification.

III. Effect of Proposed Changes:

Section 1 amends s. 337.11, F.S. to require the FDOT to adopt rules establishing circumstances under which it may make direct payments to first-tier subcontractors. Such circumstances must include all of the following:

- The contractor has not requested payment from the FDOT in the past six months.

⁸ Section 337.11(11)(a), F.S. This is less any retainage withheld by the prime contractor pursuant to an agreement with a subcontractor.

- There is a binding, written subcontract between the contractor and the subcontractor, and the FDOT is in possession of a complete copy of the contract.
- The subcontractor has performed work that is unpaid by the subcontractor, and the FDOT has sufficient documentation of such unpaid work.
- There is no bona fide, documented dispute between the contractor and the subcontractor.

The amounts the FDOT pays to the subcontractor must be deducted from amounts otherwise due to the contractor.

Section 2 amends s. 337.18, F.S., to provide that if, due to a default by the contractor, the FDOT and the surety enter into a takeover agreement such agreement must require the surety's completion contractor to meet the certification of qualification requirements in the original contract's bid solicitation. The bill also requires the surety to follow the contract's procedures regarding the certification of disbursement of payment to subcontractors.

Section 3 provides that this bill takes effect July 1, 2026.

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. The Department of Transportation and any
impacted local government shall increase the minimum perception-
reaction time for each steady yellow signal located at an
intersection equipped with a traffic infraction detector by 0.4
seconds.

Section 2. Paragraphs (a) and (b) of subsection (9) of
section 316.008, Florida Statutes, are amended to read:

494040

316.008 Powers of local authorities.—

(9)(a) A county or municipality may enforce the applicable speed limit on a roadway properly maintained as a school zone pursuant to s. 316.1895:

1. Within 30 minutes before through 30 minutes after the start of a regularly scheduled breakfast program;

2. Within 30 minutes before through 30 minutes after the start of a regularly scheduled school session;

3. During the entirety of a regularly scheduled school session; and

4. Within 30 minutes before through 30 minutes after the end of a regularly scheduled school session

through the use of a speed detection system for the detection of speed and capturing of photographs or videos for violations in excess of 10 miles per hour over the speed limit in force in the school zone at the time of the violation. A school zone's compliance with s. 316.1895 creates a rebuttable presumption that the school zone is properly maintained. The restrictive school zone speed limit may only be enforced through the use of a speed detection system when any flashing beacon used to provide notice of the restrictive school zone speed limit is activated. For speed detection systems installed before July 1, 2026, capturing the beacon status in photographic or video evidence or by other evidence is not required for proof of the beacon status until January 1, 2028. An area maintained as a school zone which has no beacon installed before July 1, 2026, has until January 1, 2028, to place and install a beacon, and, until a beacon is installed, the county or municipality may

494040

41 provide proof of the school zone speed limit in force at the
42 time of violation without evidence of the beacon status.

43 (b) A county or municipality may place or install, or
44 contract with a vendor to place or install, a speed detection
45 system within a roadway maintained as a school zone as provided
46 in s. 316.1895 to enforce unlawful speed limit violations in the
47 school zone, as specified in s. 316.1895 ~~s. 316.1895(10)~~ or s.
48 316.183, which are in excess of 10 miles per hour over the
49 school zone speed limit in force at the time of violation, on
50 that roadway. The physical placement of a speed detection system
51 may be outside the boundaries of the school zone but within the
52 roadway maintained as a school zone. Any notice of violation or
53 uniform traffic citation issued using a speed detection system
54 must be based solely on a violation occurring within the
55 boundaries of the school zone and during the times authorized
56 under this subsection.

57 Section 3. Present paragraph (c) of subsection (4) of
58 section 316.0083, Florida Statutes, is redesignated as paragraph
59 (d), a new paragraph (c) is added to that subsection, and
60 paragraph (a) of subsection (1), subsection (2), and paragraph
61 (b) of subsection (4) of that section are amended, to read:

62 316.0083 Mark Wandall Traffic Safety Program;
63 administration; report.—

64 (1)(a) For purposes of administering this section, the
65 department, a county, or a municipality may authorize a traffic
66 infraction enforcement officer under s. 316.640 to issue a
67 traffic citation for a violation of s. 316.074(1) or s.
68 ~~316.075(1)(c)1. A notice of violation and a traffic citation may~~
69 ~~not be issued for failure to stop at a red light if the driver~~

494040

~~is making a right-hand turn in a careful and prudent manner at an intersection where right-hand turns are permissible. A notice of violation and a traffic citation may not be issued under this section if the driver of the vehicle came to a complete stop after crossing the stop line and before turning right if permissible at a red light, but failed to stop before crossing over the stop line or other point at which a stop is required.~~

This paragraph does not prohibit a review of information from a traffic infraction detector by an authorized employee or agent of the department, a county, or a municipality before issuance of the traffic citation by the traffic infraction enforcement officer. This paragraph does not prohibit the department, a county, or a municipality from issuing notification as provided in paragraph (b) to the registered owner of the motor vehicle involved in the violation of s. 316.074(1) or s. 316.075(1)(c)1.

(2) A notice of violation and a traffic citation may not be issued for failure to stop at a red light if the driver is making a right-hand turn in a careful and prudent manner at an intersection where right-hand turns are permissible. For purposes of this subsection, the term "careful and prudent manner" means that the driver made a right-hand turn after coming to a complete stop and, in the traffic enforcement officer's determination, yielded to any pedestrian or bicyclist and did not place a pedestrian or bicyclist in danger of injury as a result of the right-hand turn, yielded to any other vehicle, and substantially reduced the speed of the motor vehicle before making the right-hand turn.

(4)

(b) Each county or municipality that operates a traffic

494040

infracrion detector shall submit a report by October 1, annually, to the department which details the results of using the traffic infracrion detector and the procedures for enforcement for the preceding state fiscal year. The information submitted by the counties and municipalities must include:

1. The number of notices of violation issued, the number that were contested, the number that were upheld, the number that were dismissed, the number that were issued as uniform traffic citations, the number that were paid, and the number in each of the preceding categories for which the notice of violation was issued for a right-hand turn violation.

2. A description of alternative safety countermeasures taken before and after the placement or installation of a traffic infracrion detector.

3. Statistical data and information required by the department to complete the summary report required under paragraph (d) ~~(e)~~.

The department must publish each report submitted by a county or municipality pursuant to this paragraph on its website.

(c) Each county or municipality that operates a traffic infracrion detector is responsible for and shall maintain its respective data for reporting purposes under this subsection for at least 2 years after such data is reported to the department.

Section 4. Subsection (3) of section 316.0776, Florida Statutes, is amended to read:

316.0776 Traffic infracrion detectors; speed detection systems; placement and installation.—

(3) A speed detection system authorized by s. 316.008(9)

494040

may be placed or installed anywhere in an area maintained, as defined in s. 316.1895(3)(d), as a school zone on a state road when permitted by the Department of Transportation and in accordance with placement and installation specifications developed by the Department of Transportation. The speed detection system may be placed or installed anywhere in an area maintained, as defined in s. 316.1895(3)(d), as a school zone on a street or highway under the jurisdiction of a county or a municipality in accordance with placement and installation specifications established by the Department of Transportation. The placement and installation specifications must allow the placement of a speed detection system or components thereof outside the boundaries of the school zone but within the area maintained as a school zone. The speed detection system may only capture violations occurring within the school zone and during the times authorized under s. 316.008(9), regardless of the placement of the speed detection system or its components ~~The Department of Transportation must establish such placement and installation specifications by December 31, 2023.~~

(a) If a county or municipality places or installs a speed detection system as authorized by s. 316.008(9), the county or municipality must notify the public that a speed detection system may be in use by posting signage indicating photographic or video enforcement of the school zone speed limits. Such signage shall clearly designate the time period during which the school zone speed limits are enforced using a speed detection system and must meet the placement and installation specifications established by the Department of Transportation. For a speed detection system enforcing violations of s. 316.1895

494040

or s. 316.183 on a roadway maintained as a school zone, this paragraph governs the signage notifying the public of the use of a speed detection system.

(b) If a county or municipality begins a school zone speed detection system program in a county or municipality that has never conducted such a program, the respective county or municipality must make a public announcement and conduct a public awareness campaign of the proposed use of speed detection systems at least 30 days before commencing enforcement under the speed detection system program and must notify the public of the specific date on which the program will commence. During the 30-day public awareness campaign, only a warning may be issued to the registered owner of a motor vehicle for a violation of s. 316.1895 or s. 316.183 enforced by a speed detection system, and liability may not be imposed for the civil penalty under s. 318.18(3)(d).

(c) A county or municipality that operates one or more school zone speed detection systems must annually report the results of all systems within the county's or municipality's jurisdiction by placing the report required under s. 316.1896(16)(a) as a single reporting item on the agenda of a regular or special meeting of the county's or municipality's governing body. Before a county or municipality contracts or renews a contract to place or install a speed detection system in a school zone pursuant to s. 316.008(9), the county or municipality must approve the contract or contract renewal at a regular or special meeting of the county's or municipality's governing body.

1. Interested members of the public must be allowed to

494040

comment regarding the report, contract, or contract renewal under the county's or municipality's public comment policies or formats, and the report, contract, or contract renewal may not be considered as part of a consent agenda.

2. The report required under this paragraph must include a written summary, which must be read aloud at the regular or special meeting, and the summary must contain, for the same time period pertaining to the annual report to the department under s. 316.1896(16)(a), the number of notices of violation issued, the number that were contested, the number that were upheld, the number that were dismissed, the number that were issued as uniform traffic citations, and the number that were paid and how collected funds were distributed and in what amounts. The county or municipality must report to the department that the county's or municipality's annual report was considered in accordance with this paragraph, including the date of the regular or special meeting at which the annual report was considered.

3. The compliance or sufficiency of compliance with this paragraph may not be raised in a proceeding challenging a violation of s. 316.1895 or s. 316.183 enforced by a speed detection system in a school zone.

Section 5. Effective October 1, 2026, present subsections (3), (4), and (5) of section 316.0777, Florida Statutes, are redesignated as subsections (4), (5), and (6), respectively, and a new subsection (3) and subsection (7) are added to that section, to read:

316.0777 Automated license plate recognition systems; installation within rights-of-way of State Highway System and on and within property owned or controlled by private entity;

494040

public records exemption.—

(3) A private property owner may install an automated license plate recognition system solely for use on and within the property owned or controlled by the property owner. A private property owner that installs or directs the installation of such a system:

(a) May not access vehicle registration or title data for vehicles identified by the system, unless the private property owner is acting to the extent permitted by the Driver's Privacy Protection Act, 18 U.S.C. ss. 2721-2725, or for the limited purpose of providing notice to vehicle owners that they failed to pay for parking and that such failure has resulted in a parking charge pursuant to s. 715.075.

(b) May not share or sell images, personal identifying information, vehicle identification numbers or license plate numbers, or any data that could be reasonably connected to an individual collected or generated by the system, except:

1. To the extent required to respond to a lawful request from a criminal justice agency;

2. To the extent required to control or enforce access to the property or for parking enforcement;

3. To the extent sharing such information is necessary to report suspicious activity or suspected criminal activity to a criminal justice agency; or

4. To the extent permitted by the Driver's Privacy Protection Act, 18 U.S.C. ss. 2721-2725.

(c) Must contractually obligate any third party that installs, maintains, or operates the system or receives information pursuant to subparagraph (b)2. to protect the images

494040

or data collected or generated by the system from disclosure,
including a prohibition on sharing or selling such images or
data, except to the extent authorized under paragraph (b).

(d) Must implement, and must contractually obligate any
third party that installs, maintains, or operates the system or
receives information pursuant to subparagraph (b)2. to
implement, all of the following:

1. Industry-recognized encryption protocols to ensure that
images and associated data collected or generated by the system
are encrypted in transmission and at rest.

2. An auditable access control system that records access
to images and associated data.

3. A data retention schedule that provides for deletion of
images and data no later than 30 days after the images or data
is collected or generated by the system, except to the extent
needed to comply with a court order or subpoena, comply with the
appeal process provided in s. 715.075(1)(c) and (d), or collect
an unpaid invoice for parking enforcement. Records detailing
disclosure logs or transaction information may be retained
longer in accordance with federal law.

(e) May not offer or provide as payment or other
consideration any portion of the proceeds derived from a fine or
charge imposed based on images or data collected or generated by
the system to any third party that installs, maintains, or
operates the system, except to the extent that the fine or
violation is issued in connection with controlling or enforcing
access to such property or for parking enforcement.

(7) A person who uses or releases information in violation
of this section commits a noncriminal infraction, punishable by

494040

a fine not exceeding \$2,000.

Section 6. Paragraph (b) of subsection (6), paragraph (a) of subsection (17), and paragraph (a) of subsection (18) of section 316.173, Florida Statutes, are amended to read:

316.173 School bus infraction detection systems.—

(6)

(b) Procedures for an administrative hearing conducted under this subsection are as follows:

1. The department shall make available electronically to the school district or its designee or the county a Request for Hearing form to assist each district or county with administering this subsection.

2. The school district shall assign existing staff to serve as the clerk to the local hearing officer. A person, referred to in this paragraph as the petitioner, who elects to request a hearing under this subsection shall be scheduled for a hearing by the clerk to the local hearing officer. The hearing may be conducted either virtually via live video conferencing or in person.

3. Within 120 days after receipt of a timely request for a hearing, the law enforcement agency or its designee shall provide a replica of the notice of violation data to the school district or county by manual or electronic transmission, and thereafter the school district or its designee or the county shall mail a notice of hearing, which shall include a hearing date and may at the discretion of the district or county include virtual and in-person hearing options, to the petitioner by first-class mail. Mailing of the notice of hearing constitutes notification. Upon receipt of the notice of hearing, the

494040

petitioner may reschedule the hearing up to two times ~~once~~ by submitting a written request to the local hearing officer at least 5 calendar days before the day of the ~~originally~~ scheduled hearing. The petitioner may cancel his or her hearing by paying the penalty assessed in the notice of violation.

4. All testimony at the hearing shall be under oath. The local hearing officer shall take testimony from a representative of the law enforcement agency and the petitioner, and may take testimony from others. The local hearing officer shall review the video and images recorded by a school bus infraction detection system. Formal rules of evidence do not apply, but due process shall be observed and govern the proceedings.

5. At the conclusion of the hearing, the local hearing officer shall determine by a preponderance of the evidence whether a violation has occurred and shall uphold or dismiss the violation. The local hearing officer shall issue a final administrative order including the determination and, if the notice of violation is upheld, require the petitioner to pay the civil penalty previously assessed in the notice of violation, and may ~~shall~~ also require the petitioner to pay costs, not to exceed those established in s. 316.0083(5)(e), to be used by the county for operational costs relating to the hearing process or by the school district for technology and operational costs relating to the hearing process as well as school transportation safety-related initiatives. The final administrative order shall be mailed to the petitioner by first-class mail.

6. An aggrieved party may appeal a final administrative order consistent with the process provided in s. 162.11.

(17)(a)1. A school bus infraction detection system may not

494040

be used for remote surveillance. The collection of evidence by a school bus infraction detection system to enforce violations of s. 316.172 does not constitute remote surveillance.

2. Notwithstanding any other provision of law, video and images recorded as part of a school bus infraction detection system may only be used for traffic enforcement and for purposes of determining criminal or civil liability ~~for incidents~~ captured by the school bus infraction detection system incidental to the permissible use of the school bus infraction detection system.

3. To the extent practicable, a school bus infraction detection system must use necessary technology to ensure that personal identifying information contained in the video or still images recorded by the system which is not relevant to the alleged violation, including, but not limited to, the identity of the driver and any passenger of a motor vehicle, the interior or contents of a motor vehicle, the identity of an uninvolved person, a number identifying the address of a private residence, and the contents or interior of a private residence, is sufficiently obscured so as not to reveal such personal identifying information.

4. A notice of a violation or uniform traffic citation issued under this section may not be dismissed solely because a recorded video or still images reveal personal identifying information as provided in subparagraph 3. as long as a reasonable effort has been made to comply with this subsection.

(18)(a) By October 1, annually ~~2023, and quarterly thereafter~~, each school district operating a school bus infraction detection system must submit, in consultation with

494040

the law enforcement agencies with which it has interlocal agreements pursuant to this section, a report to the department which details the results of the school bus infraction detection systems in the school district in the preceding state fiscal year. The department shall publish each report on its website

~~quarter~~. The information from the school districts must be submitted in a form and manner determined by the department, ~~which the department must make available to the school districts by August 1, 2023,~~ and must include at least the following:

1. The number of school buses that have a school bus infraction detection system installed, including the date of installation and, if applicable, the date the systems were removed.

2. The number of notices of violations issued, the number that were contested, the number that were upheld, the number that were dismissed, the number that were issued as uniform traffic citations, and the number that were paid.

3. Data for each infraction to determine locations in need of safety improvements. Such data may include, but is not limited to, global positioning system coordinates of the infraction, the date and time of the infraction, and the name of the school that the school bus was transporting students to or from.

4. Any other statistical data and information required by the department to complete the report required by paragraph (c).

Section 7. Subsection (2) of section 316.183, Florida Statutes, is amended to read:

316.183 Unlawful speed.—

(2) On all streets or highways, the maximum speed limits

494040

for all vehicles must be 30 miles per hour in business or residence districts, and 55 miles per hour at any time at all other locations. However, with respect to a residence district, a county or municipality may set a lower maximum speed limit ~~of 20 or 25 miles per hour~~ on local streets and highways after an investigation determines that such a limit is reasonable. It is not necessary to conduct a separate investigation for each residence district. The minimum speed limit on all highways that comprise a part of the National System of Interstate and Defense Highways and have not fewer than four lanes is 40 miles per hour, except that when the posted speed limit is 70 miles per hour, the minimum speed limit is 50 miles per hour.

Section 8. Paragraph (a) of subsection (2) of section 316.189, Florida Statutes, is amended to read:

316.189 Establishment of municipal and county speed zones.—

(2) SPEED ON COUNTY ROADS.—The maximum speed on any county-maintained road is:

(a) In any business or residence district, 30 miles per hour in the daytime or nighttime; provided that with respect to residence districts a county may set a lower maximum speed limit ~~of 25 miles per hour~~ after an investigation determines that such a limit is reasonable; and it shall not be necessary to conduct a separate investigation in each residence district.

However, the board of county commissioners may set speed zones altering such speeds, both as to maximum and minimum, after investigation determines such a change is reasonable and in conformity to criteria promulgated by the Department of Transportation, except that no such speed zone shall permit a

494040

speed of more than 60 miles per hour.

Section 9. Subsection (6) of section 316.1895, Florida Statutes, is amended to read:

316.1895 Establishment of school speed zones, enforcement; designation.—

(6) Permanent signs designating school zones and school zone speed limits shall be uniform in size and color, and shall have the times during which the restrictive school zone speed limit is enforced clearly designated thereon. Flashing beacons activated by a time clock, or other automatic device, or manually activated may be used as an alternative to posting the times during which the restrictive school zone speed limit is enforced. However, if a restrictive school zone speed limit is enforced through a speed detection system as provided in s. 316.1896, the school zone and restrictive school zone speed limit must be designated using flashing beacons. An area maintained as a school zone that has no flashing beacon installed before July 1, 2026, has until January 1, 2028, to place and install a beacon. Beginning July 1, 2008, for any newly established school zone or any school zone in which the signing has been replaced, a sign stating "Speeding Fines Doubled" shall be installed within the school zone. The Department of Transportation shall establish adequate standards for the signs and flashing beacons.

Section 10. Subsections (1), (2), (3), (6), and (8), paragraph (a) of subsection (15), and paragraph (a) of subsection (16) of section 316.1896, Florida Statutes, are amended to read:

316.1896 Roadways maintained as school zones; speed

494040

detection system enforcement; penalties; appeal procedure;
privacy; reports.—

(1) For purposes of administering this section, a county or municipality may authorize a traffic infraction enforcement officer under s. 316.640 to issue uniform traffic citations for violations of ss. 316.1895 and 316.183 as authorized by s. 316.008(9), as follows:

(a) For a violation of s. 316.1895 in excess of 10 miles per hour over the school zone speed limit which occurs within 30 minutes before through 30 minutes after the start of a regularly scheduled breakfast program.

(b) For a violation of s. 316.1895 in excess of 10 miles per hour over the school zone speed limit which occurs within 30 minutes before through 30 minutes after the start of a regularly scheduled school session.

(c) For a violation of s. 316.183 in excess of 10 miles per hour over the posted speed limit during the entirety of a regularly scheduled school session.

(d) For a violation of s. 316.1895 in excess of 10 miles per hour over the school zone speed limit which occurs within 30 minutes before through 30 minutes after the end of a regularly scheduled school session.

Such violation must be evidenced by a speed detection system described in ss. 316.008(9) and 316.0776(3). This subsection does not prohibit a review of information from a speed detection system by an authorized employee or agent of a county or municipality before issuance of the uniform traffic citation by the traffic infraction enforcement officer. This subsection does

494040

not prohibit a county or municipality from issuing notices as provided in subsection (2) to the registered owner of the motor vehicle for a violation of s. 316.1895 or s. 316.183. The restrictive school zone speed limit may only be enforced through the use of a speed detection system when any flashing beacon used to provide notice of the restrictive school zone speed limit is activated. For speed detection systems installed before July 1, 2026, capturing the beacon status in photographic or video evidence or by other evidence is not required for proof of the beacon status until January 1, 2028. An area maintained as a school zone which has no beacon installed before July 1, 2026, has until January 1, 2028, to place and install a beacon, and, until the beacon is installed, the county or municipality may provide proof of the school zone speed limit in force at the time of violation without evidence of the beacon status.

(2) Within 30 days after a violation, notice must be sent to the registered owner of the motor vehicle involved in the violation specifying the remedies available under s. 318.14 and that the violator must pay the penalty under s. 318.18(3)(d) to the county or municipality, or furnish an affidavit in accordance with subsection (8), within 60 ~~30~~ days after the date of the notice of violation in order to avoid court fees, costs, and the issuance of a uniform traffic citation. The notice of violation must:

(a) Be sent by first-class mail.

(b) Include a photograph or other recorded image showing the license plate of the motor vehicle; the date, time, and location of the violation; the maximum speed at which the motor vehicle was traveling within the school zone; and the speed

494040

limit within the school zone at the time of the violation.

(c) Include a notice that the owner has the right to review, in person or remotely, the photograph or video captured by the speed detection system and the evidence of the speed of the motor vehicle detected by the speed detection system which constitute a rebuttable presumption that the motor vehicle was used in violation of s. 316.1895 or s. 316.183.

(d) State the time when, and the place or website at which, the photograph or video captured and evidence of speed detected may be examined and observed.

(3) Notwithstanding any other law, a person who receives a notice of violation under this section may request a hearing within 60 ~~30~~ days after the notice of violation or may pay the penalty pursuant to the notice of violation, but a payment or fee may not be required before the hearing requested by the person. The notice of violation must be accompanied by, or direct the person to a website that provides, information on the person's right to request a hearing and on all costs related thereto and a form used for requesting a hearing. As used in this subsection, the term "person" includes a natural person, the registered owner or co-owner of a motor vehicle, or the person identified in an affidavit as having actual care, custody, or control of the motor vehicle at the time of the violation.

(6) A uniform traffic citation must be issued by mailing the uniform traffic citation by certified mail to the address of the registered owner of the motor vehicle involved in the violation if payment has not been made within 60 ~~30~~ days after notification under subsection (2), if the registered owner has

494040

not requested a hearing as authorized under subsection (3), and if the registered owner has not submitted an affidavit in accordance with subsection (8).

(a) Delivery of the uniform traffic citation constitutes notification of a violation under this subsection. If the registered owner or co-owner of the motor vehicle; the person identified as having care, custody, or control of the motor vehicle at the time of the violation; or a duly authorized representative of the owner, co-owner, or identified person initiates a proceeding to challenge the citation pursuant to this section, such person waives any challenge or dispute as to the delivery of the uniform traffic citation.

(b) In the case of joint ownership of a motor vehicle, the uniform traffic citation must be mailed to the first name appearing on the motor vehicle registration, unless the first name appearing on the registration is a business organization, in which case the second name appearing on the registration may be used.

(c) The uniform traffic citation mailed to the registered owner of the motor vehicle involved in the infraction must be accompanied by the information described in paragraphs (2)(b)-(d).

(8) To establish such facts under subsection (7), the registered owner of the motor vehicle must, within 60 ~~30~~ days after the date of issuance of the notice of violation or the uniform traffic citation, furnish to the appropriate governmental entity an affidavit setting forth information supporting an exception under subsection (7).

(a) An affidavit supporting the exception under paragraph

494040

(7) (a) must include the name, address, date of birth, and, if known, the driver license number of the person who leased, rented, or otherwise had care, custody, or control of the motor vehicle at the time of the alleged violation. If the motor vehicle was stolen at the time of the alleged violation, the affidavit must include the police report indicating that the motor vehicle was stolen.

(b) If a uniform traffic citation for a violation of s. 316.1895 or s. 316.183 was issued at the location of the violation by a law enforcement officer, the affidavit must include the serial number of the uniform traffic citation.

(c) If the motor vehicle's owner to whom a notice of violation or a uniform traffic citation has been issued is deceased, the affidavit must include a certified copy of the owner's death certificate showing that the date of death occurred on or before the date of the alleged violation and one of the following:

1. A bill of sale or other document showing that the deceased owner's motor vehicle was sold or transferred after his or her death but on or before the date of the alleged violation.

2. Documented proof that the registered license plate belonging to the deceased owner's motor vehicle was returned to the department or any branch office or authorized agent of the department after his or her death but on or before the date of the alleged violation.

3. A copy of the police report showing that the deceased owner's registered license plate or motor vehicle was stolen after his or her death but on or before the date of the alleged violation.

494040

592
593 Upon receipt of the affidavit and documentation required under
594 paragraphs (b) and (c), or 60 ~~30~~ days after the date of issuance
595 of a notice of violation sent to a person identified as having
596 care, custody, or control of the motor vehicle at the time of
597 the violation under paragraph (a), the county or municipality
598 must dismiss the notice or citation and provide proof of such
599 dismissal to the person who submitted the affidavit. If, within
600 30 days after the date of a notice of violation sent to a person
601 under subsection (9), the county or municipality receives an
602 affidavit under subsection (10) from the person sent a notice of
603 violation affirming that the person did not have care, custody,
604 or control of the motor vehicle at the time of the violation,
605 the county or municipality must notify the registered owner that
606 the notice or citation will not be dismissed due to failure to
607 establish that another person had care, custody, or control of
608 the motor vehicle at the time of the violation.

609 (15) (a) A speed detection system in a school zone may not
610 be used for remote surveillance. The collection of evidence by a
611 speed detection system to enforce violations of ss. 316.1895 and
612 316.183, or user-controlled pan or tilt adjustments of speed
613 detection system components, do not constitute remote
614 surveillance. Notwithstanding any other law, recorded video or
615 photographs collected as part of a speed detection system in a
616 school zone may only be used to document violations of ss.
617 316.1895 and 316.183 and for purposes of determining criminal or
618 civil liability ~~for incidents~~ captured by the speed detection
619 system incidental to the permissible use of the speed detection
620 system.

494040

(16) (a) Each county or municipality that operates one or more speed detection systems shall ~~must~~ submit a report by October 1, 2024, ~~and annually thereafter~~, to the department which identifies the public safety objectives used to identify a school zone for enforcement under this section, reports compliance with s. 316.0776(3)(c), and details the results of the speed detection system in the school zone during the preceding state fiscal year and the procedures for enforcement.

The information from counties and municipalities must be submitted in a form and manner determined by the department, ~~which the department must make available to the counties and municipalities by August 1, 2023, and the department may require data components to be submitted quarterly.~~ The report must include at least the following:

1. Information related to the location of each speed detection system, including the geocoordinates of the school zone, the directional approach of the speed detection system, the school name, the school level, the times the speed detection system was active, the restrictive ~~restricted~~ school zone speed limit enforced pursuant to s. 316.1895(5), the posted speed limit enforced at times other than those authorized by s. 316.1895(5), the date the systems were activated to enforce violations of ss. 316.1895 and 316.183, and, if applicable, the date the systems were deactivated.

2. The number of notices of violation issued, the number, if any, that were issued outside of the enforcement periods authorized in subsection (1), the number that were contested, the number that were upheld, the number that were dismissed, the number that were issued as uniform traffic citations, and the

494040

number that were paid.

3. Any other statistical data and information related to the procedures for enforcement which is required by the department to complete the report required under paragraph (c).

The department must publish each report submitted by a county or municipality pursuant to this paragraph on its website.

Section 11. Subsection (3) of section 316.1906, Florida Statutes, is amended to read:

316.1906 Radar speed-measuring devices; speed detection systems; evidence, admissibility.—

(3) A speed detection system is exempt from the design requirements for radar or LiDAR units established by the department, and the radar or LiDAR units used in the speed detection system are not required to be on any approved list of the department. A speed detection system must have the ability to perform self-tests as to its detection accuracy. The system must perform a self-test at least once every 30 days. The law enforcement agency, or an agent acting on behalf of the law enforcement agency, operating a speed detection system must maintain a log of the results of the system's self-tests. The law enforcement agency, or an agent acting on behalf of the law enforcement agency, operating a speed detection system must also perform an independent calibration test on the speed detection system at least once every 12 months. The self-test logs, as well as the results of the annual calibration test, are admissible in any court proceeding for a uniform traffic citation issued for a violation of s. 316.1895 or s. 316.183 enforced pursuant to s. 316.1896. Notwithstanding subsection

494040

(2), evidence of the speed of a motor vehicle detected by a speed detection system compliant with this subsection and the determination by a traffic enforcement officer that a motor vehicle is operating in excess of the applicable speed limit is admissible in any proceeding with respect to an alleged violation of law regulating the speed of motor vehicles in school zones.

Section 12. Paragraph (c) of subsection (3) of section 316.650, Florida Statutes, is amended to read:

316.650 Traffic citations.—

(3)

(c) If a traffic citation is issued under s. 316.0083 or s. 316.1896, the traffic infraction enforcement officer, or, if the citation is issued under s. 316.173, the law enforcement officer, must ~~shall~~ provide by electronic transmission a replica of the traffic citation data to the court having jurisdiction over the alleged offense or its traffic violations bureau within 5 business days after the date of issuance of the traffic citation to the violator. If a hearing is requested, the traffic infraction enforcement officer or law enforcement officer, as applicable, must ~~shall~~ provide a replica of the traffic notice of violation data to the clerk to ~~for~~ the local hearing officer having jurisdiction over the alleged offense within 14 days.

Section 13. Subsection (3) of section 318.15, Florida Statutes, is amended to read:

318.15 Failure to comply with civil penalty or to appear; penalty.—

316.075(1)(c)1. pursuant to s. 316.0083, s. 316.172(1)(a) or (b)

pursuant to s. 316.1896 and who failed to enter into, or comply
with the terms of, a penalty payment plan, or order with the
clerk to the local hearing officer or failed to appear at a
scheduled hearing within 10 days after such failure, and shall
reference the person's driver license number, or in the case of
a business entity, vehicle registration number.

(a) Upon receipt of such notice, the department, or
authorized agent thereof, may not issue a license plate or
revalidation sticker for any motor vehicle owned or co-owned by
that person pursuant to s. 320.03(8) until the amounts assessed
have been fully paid.

(b) After the issuance of the person's license plate or
revalidation sticker is withheld pursuant to paragraph (a), the
person may challenge the withholding of the license plate or
revalidation sticker only on the basis that the outstanding
fines and civil penalties have been paid pursuant to s.
320.03(8).

and subsection (23) of section 318.18, Florida Statutes, are

(11)

(d)1. The department may make direct payments to a first-tier subcontractor. Such payments do not create any enforceable third-party beneficiary rights. The department shall adopt by rule procedures to implement this paragraph. Such procedures must establish the circumstances under which such payments may be made and must include, at a minimum, all of the following:

a. The contractor has not requested payment from the department for at least 6 months.

b. There is a binding, written subcontract between the contractor and the subcontractor, and the department is in possession of a complete copy of the subcontract.

c. The subcontractor has performed work that is unpaid by the contractor, and the department has sufficient documentation

of such unpaid work.

d. There is no legitimate dispute between the contractor and the subcontractor.

e. The department has provided written notice to the payment and performance bond surety at least 30 days before releasing a payment under this paragraph, and the surety has not objected in writing within the 30-day period based on a documented dispute or claim regarding the unpaid work or payment.

2. Amounts paid by the department pursuant to rules adopted under this paragraph must be deducted from amounts otherwise due to the contractor.

Section 22. Present subsection (6) of section 337.18, Florida Statutes, is redesignated as subsection (7), and a new subsection (6) is added to that section, to read:

337.18 Surety bonds for construction or maintenance contracts; requirement with respect to contract award; bond requirements; defaults; damage assessments.—

(6) If the department and the surety enter into a takeover agreement, such agreement must set forth procedures regarding the surety's certification of disbursement of payment to subcontractors.

Section 23. Paragraph (j) is added to subsection (6) of section 339.175, Florida Statutes, to read:

339.175 Metropolitan planning organization.—

(6) POWERS, DUTIES, AND RESPONSIBILITIES.—The powers, privileges, and authority of an M.P.O. are those specified in this section or incorporated in an interlocal agreement authorized under s. 163.01. Each M.P.O. shall perform all acts

required by federal or state laws or rules, now and subsequently applicable, which are necessary to qualify for federal aid. It is the intent of this section that each M.P.O. be involved in the planning and programming of transportation facilities, including, but not limited to, airports, intercity and high-speed rail lines, seaports, and intermodal facilities, to the extent permitted by state or federal law. An M.P.O. may not perform project production or delivery for capital improvement projects on the State Highway System.

(j) By December 31, 2026, the M.P.O.'s serving Charlotte, Collier, and Lee Counties must submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives a feasibility report exploring the benefits, costs, and process of consolidation into a single M.P.O. serving the contiguous urbanized area, the goal of which is to:

1. Coordinate transportation projects deemed to be regionally significant.

2. Review the impact of regionally significant land use decisions on the region.

3. Review all proposed regionally significant transportation projects in the transportation improvement programs.

Section 24. Section 339.85, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 339.85, F.S., for present text.)

339.85 Next-generation Traffic Signal Modernization Grant Program.—

(1) The department shall implement a Next-generation

494040

Traffic Signal Modernization Grant Program. The purpose of the program is to assist counties and municipalities in upgrading eligible signalized intersections with artificial intelligence- and machine learning-enabled detection, controllers, communications, and software that prioritize modernization in key corridors across this state.

(2) (a) The department shall implement a state-local partnership through a cost-sharing arrangement as follows:

1. Authorize the department to fund first-year pilot corridors at up to 80 percent of eligible costs, with a minimum 20 percent local contribution.

2. Authorize the department to fund 50 percent of ensuing year research and development and installation.

(b) Ongoing maintenance after signal modernization shall be the responsibility of the local government and the vendor.

(3) The department may waive any local match requirement for state-owned or state-operated intersections.

(4) The department shall prioritize grant applications for intersections at which a signal modernization will measurably:

(a) Reduce average control delay and corridor travel times.

(b) Improve surrogate safety measures, such as failures to stop at red lights and hard-braking events, and support emergency vehicle preemption.

(c) Provide transit signal priority and multimodal benefits to pedestrians and cyclists.

(5) The department shall use competitive procurement as provided in chapter 287 to find a vendor or vendors that use state-of-the-art technology that complies with leading cybersecurity standards, such as SOC 2 and ISO 27001, ensuring

494040

robust data protection. Additionally, the program shall:

(a) Require open, interoperable, and secure systems that avoid vendor lock-in and protect cybersecurity.

(b) Ensure data transparency through standardized performance dashboards and annual public reports demonstrating benefits relative to cost.

(c) Coordinate with metropolitan planning organizations, regional traffic management centers, and law enforcement, fire rescue, and transit agencies to maximize systemwide benefits.

(d) Encourage use of state-based pilots, sandboxes, and independent evaluations to validate performance before large-scale rollout.

(e) Support workforce development and local operations staff training so upgrades remain effective over the life of the equipment.

(6) Beginning in fiscal year 2026-2027, \$20 million is appropriated annually from the State Transportation Trust Fund to the department to fund the Next-generation Traffic Signal Modernization Grant Program as described in this section.

Section 25. Subsection (23) is added to section 775.15, Florida Statutes, to read:

775.15 Time limitations; general time limitations; exceptions.—

(23) For a traffic citation enforced pursuant to s. 316.0083, s. 316.173, s. 316.183, or s. 316.1896, the 1-year period of limitation for a noncriminal violation pursuant to paragraph (2)(d) is extended for 1 year upon receipt of an affidavit indicating that the motor vehicle was in the care, custody, or control of another person at the time of the

494040

violation, as authorized in s. 316.0083, s. 316.173, s. 316.183, or s. 316.1896, respectively.

Section 26. Railroad crossing safety technology study.—

(1)(a) The Legislature finds that improving safety at railroad crossings is critical to protecting the lives of pedestrians, motorists, railway workers, and the general public. Advanced detection and monitoring systems using such technologies as sensors, high-resolution cameras, and data analytics may provide a reliable means to enhance situational awareness and reduce collisions at railroad crossings.

(b) The Legislature further finds that additional analysis is necessary to evaluate the effectiveness, feasibility, costs, and implementation considerations of such systems.

(c) It is the intent of the Legislature to direct the Department of Transportation to study the technologies referenced in paragraph (a) before considering any statewide requirements for their deployment.

(2) As used in this section, the term:

(a) "Advanced detection and monitoring system" means a system capable of detecting and classifying objects, such as pedestrians, vehicles, or other obstructions at or approaching a railroad crossing, using technologies including, but not limited to, sensors, cameras, and data analytics.

(b) "Public railroad-highway grade crossing" has the same meaning as provided in s. 335.141(1)(b), Florida Statutes.

(3)(a) The Department of Transportation shall conduct a statewide study on the use of advanced detection and monitoring systems at public railroad-highway grade crossings in this state.

494040

(b) The study must include, but is not limited to, an analysis of all of the following:

1. Available and emerging advanced detection and monitoring technologies applicable to railroad crossings.

2. The effectiveness of such technologies in improving safety outcomes, including collision prevention and hazard mitigation, based on available data from pilot programs, deployments in other jurisdictions, or academic research.

3. Technical and operational considerations, including interoperability with existing railroad safety systems and operating protocols.

4. Costs associated with the deployment of advanced detection and monitoring systems, including installation, operation, maintenance, and long-term lifecycle costs.

5. Potential funding mechanisms, including federal funds, state funds, grants, or public-private partnerships.

6. Criteria for identifying higher-risk railroad crossings where such technologies may provide the greatest safety benefit.

7. Legal, regulatory, and operational considerations related to the deployment and oversight of advanced detection and monitoring systems.

8. The respective roles of the state, local governments, and railroad owners in the implementation of such systems.

(4) In conducting the study, the department may consult with, as appropriate, any of the following:

(a) Railroad owners and railroad industry representatives.

(b) Local governments with jurisdiction over public railroad-highway grade crossings.

(c) Transportation safety experts and academic

494040

institutions.

(d) Federal agencies or national organizations with
expertise in railroad safety.

(5) By December 1, 2026, the department shall submit a
report of its findings and any recommendations to the Governor,
the President of the Senate, and the Speaker of the House of
Representatives. The report may include policy recommendations
for legislative consideration, but may not recommend or require
the mandatory installation or upgrade of railroad crossings.

Section 27. For the purpose of incorporating the amendment
made by this act to section 318.18, Florida Statutes, in a
reference thereto, section 318.121, Florida Statutes, is
reenacted to read:

318.121 Preemption of additional fees, fines, surcharges,
and costs.—Notwithstanding any general or special law, or
municipal or county ordinance, additional fees, fines,
surcharges, or costs other than the court costs and surcharges
assessed under s. 318.18(12), (14), (19), (20), and (23) may not
be added to the civil traffic penalties assessed under this
chapter.

Section 28. Except as otherwise expressly provided in this
act, this act shall take effect July 1, 2026.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

BILL: SB 1096

INTRODUCER: Senator Burgess

SUBJECT: Remedies for Violations of the Florida Civil Rights Act

DATE: March 2, 2026

I. Summary:

SB 1096 clarifies the statute of limitation for the amount of time that a person who files an employment discrimination complaint with the Equal Employment Opportunity Commission or the Florida Human Relations Commission has to file a civil action for the alleged discrimination.

The bill provides that a complainant who chooses to file a civil action must file *no later than* 1 year after the Florida Commission issues a determination of reasonable cause or the EEOC issues a Notice of Right to Sue, whichever occurs *first*. However, if a determination is not made or a notice is not issued within 180 days after a complaint is filed, a civil action may be brought by the complainant, but no later than 18 months after the complaint was filed.

This bill is not expected to impact state and local government revenues and expenditures.

The bill takes effect July 1, 2026.

II. Present Situation:

Background

The Florida Civil Rights Act of 1992 (the Act) provides a forum for people to seek redress if they believe they have been discriminated against on the basis of race, color, religion, sex, pregnancy, national origin, age, handicap, or marital status.¹ The Florida Commission on Human Relations (Commission) is authorized to receive, investigate, hold hearings on, and act upon complaints that allege a discriminatory practice as defined in the Act.²

¹ Section 760.01(2), F.S.

² Section 760.06(5), F.S.

Procedure and Timelines

The Complaint Must Be Filed within 365 Days of the Alleged Violation

Anyone who believes that he or she has been discriminated against may file a complaint with the Commission, but it must be filed within 365 days after the alleged violation. The complaint must name the employer or alleged violator, describe the violation, and the relief that is sought. On the same day that the complaint is filed with the Commission, the Commission is required to clearly stamp the filing date on the complaint. In lieu of filing the complaint with the Commission, the person alleging discrimination may file a complaint with the federal Equal Employment Opportunity Commission (EEOC)³ or a unit of state government that is a fair-employment practice agency under the federal code.⁴

The Commission, within five days of the complaint being filed, must then send by registered mail a copy of the complaint to the alleged violator. The alleged violator then has 25 days from the date the complaint was filed to file an answer with the Commission.⁵

180 Days to Investigate and Make a Determination

The Commission must investigate the allegations in a complaint and has 180 days after the filing date to determine if there is reasonable cause to believe that a discriminatory practice occurred in violation of the Act.⁶ If the Commission fails, within 180 days after the complaint is filed, to determine whether there is reasonable cause, the complainant may bring a civil action or request an administrative hearing. The Commission must notify the complainant in writing of the failure to make a determination as to whether there is reasonable cause and provide the complainant with their options. The complainant then has 1 year to file a civil action after the date the Commission certifies that the notice was mailed to the complainant.⁷

Some people choose to dual-file a complaint with the EEOC and the Commission when they believe that their rights have been violated under federal and state law. Under a work-share agreement with the EEOC, both entities act as agents for each other and only one agency investigates a claim. This avoids duplicating an investigation. If the EEOC issues a determination, that serves as a determination for both agencies.⁸

If the EEOC conducts an investigation, it generally has 180 days to resolve the charge. If the EEOC finds reasonable cause to believe a violation has occurred, it will issue a Notice of Right to Sue to the complainant and the notice serves as the determination for both the EEOC and the Commission.⁹

³ The EEOC is authorized to investigate discrimination charges against employers who are covered under federal law. See U.S. Equal Employment Opportunity Commission, *Overview, Authority & Role*, <https://www.eeoc.gov/overview> (last visited Jan. 29, 2026).

Statute of Limitation - A Civil Action Must Be Brought Within 1 Year

A statute of limitations is a law that bars a legal claim after a specific period of time. Its purpose is to bring finality to a legal situation. The statute also serves to ensure that claims will be resolved while evidence is available, before memories fade, and before witnesses can no longer be found.¹⁰

If the Commission determines that there is reasonable cause to believe that employment discrimination occurred, the aggrieved person may either bring a civil action against the employer named in the complaint or request an administrative hearing.¹¹ A civil action must be brought within 1 year after the date the Commission determines that reasonable cause exists.¹² However, the statute is silent on when a civil action must be filed when the EEOC conducts the investigation. This omission has led to confusion for attorneys who represent claimants as well as defense attorneys who represent business interests.¹³ A plaintiff's attorney could be sued for malpractice if he or she files an action after the deadline has passed for filing a claim. A defense attorney who is not made aware of a potential lawsuit until years after the alleged violation occurred is then tasked with locating evidence and witnesses that might no longer be available.

III. Effect of Proposed Changes:

The bill clarifies and limits the amount of time a person has to file a civil action for employment discrimination after filing an employment discrimination complaint with the Florida Human Relations Commission or the Equal Employment Opportunity Commission. This will resolve confusion for litigants who are uncertain what the time constraints are for filing a civil action for discrimination.

When a Determination of Reasonable Cause or a Notice of Right to Sue is Issued

Existing law provides that a civil action must be brought “no later than 1 year” after the Commission issues a determination of reasonable cause. The bill similarly establishes that someone who chooses to file a civil action must do so no later than 1 year after the EEOC issues a Notice of Right to Sue. The 1-year time frame for filing a civil action begins when the *first* organization, whether the Commission or the EEOC, issues its decision.

When a Determination of Reasonable Cause or a Notice of Right to Sue is *Not* Issued

If, however, a determination of reasonable cause is not made by the Commission or a Notice of Right to Sue is not issued by the EEOC within 180 days after the filing of the complaint, a civil

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1260 requires the Department of Management Services to enter into and maintain one or more contracts with private providers of building code inspection services under s. 553.791, F.S., relating to alternative plans review and inspection.

The bill authorizes a person that is qualified for work in any state that has entered into a state term contract or a mutual aid agreement or who has held a valid license in any state for the five years immediately preceding the date of the declaration, to act under the direction of the local building official in certain positions relating to building inspections for up to one year from the declaration of a state of emergency for a natural, a manmade, or a technological emergency issued by the Governor.

The bill is not expected to negatively impact state government revenues and expenditures. See Section V., Fiscal Impact Statement.

The bill takes effect July 1, 2026.

II. Present Situation:

The Division of Emergency Management (division) within the Executive Office of the Governor is the agency responsible for carrying out the provisions of ss. 252.31-252.90, F.S., relating to the implementation of the State Emergency Management Act (the act).

The division's duties include implementing "training programs to maintain this state's status as a national leader in emergency management."¹ These training programs may be provided by the division or, for county personnel, by a foundation that is a not-for-profit corporation under s. 501(c)(3) of the Internal Revenue Code and has a governing board that includes in its membership county commissioners and professional county staff (foundation). If training is provided by a foundation, the division must approve the training.²

Each county and municipality is required to develop a poststorm permitting plan to expedite recovery and rebuilding by providing special building permit and inspection procedures after a hurricane or tropical storm. Such plans must include training requirements and protocols for supplemental personnel to ensure compliance with local floodplain management requirements that apply within the county or municipality.³

Building Code Inspectors

The Florida Building Code Administrators and Inspectors Board within the Department of Business and Professional Regulation regulates and certifies inspectors and plans examiners under part XII of ch. 468, F.S.

To qualify for certification as an inspector or plans examiner, a person must be at least 18 years of age, be of good moral character, and meet the experience and education requirements set forth in s. 468.609, F.S., which includes passing an examination.

Section 468.603(4), F.S., defines the term "building code inspector" to mean:

...any of those employees of local governments or state agencies, or any person contracted, with building construction regulation responsibilities who themselves conduct inspections of building construction, erection, repair, addition, or alteration projects that require permitting indicating compliance with building, plumbing, mechanical, electrical, gas, fire prevention, energy, accessibility, and other construction codes as required by state law or municipal or county ordinance.

Building code inspectors include professionals in the following categories:⁴

- "Building inspector," which means a person who is qualified to inspect and determine that buildings and structures are constructed in accordance with the provisions of the governing building codes and state accessibility laws.

¹ Section 252.35(2)(n), F.S.

² *Id.*

³ Section 252.381(2)(a), F.S.

⁴ Section 468.603(5), F.S.

- “Coastal construction inspector,” which means a person who is qualified to inspect and determine that buildings and structures are constructed to resist near-hurricane and hurricane velocity winds in accordance with the provisions of the governing building code.
- “Commercial electrical inspector,” which means a person who is qualified to inspect and determine the electrical safety of commercial buildings and structures by inspecting for compliance with the provisions of the National Electrical Code.
- “Electrical inspector,” which means a person who is qualified to inspect and determine the electrical safety of commercial and residential buildings and accessory structures by inspecting for compliance with the provisions of the National Electrical Code.
- “Mechanical inspector,” which means a person who is qualified to inspect and determine that the mechanical installations and systems for buildings and structures are in compliance with the provisions of the governing mechanical code.
- “Plumbing inspector,” which means a person who is qualified to inspect and determine that the plumbing installations and systems for buildings and structures are in compliance with the provisions of the governing plumbing code.
- “Residential electrical inspector,” which means a person who is qualified to inspect and determine the electrical safety of one-family and two-family dwellings and accessory structures by inspecting for compliance with the applicable provisions of the governing electrical code.
- “Residential inspector,” which means a person who is qualified to inspect and determine that one-family, two-family, or three-family residences not exceeding two habitable stories above no more than one uninhabitable story and accessory use structures in connection therewith are constructed in accordance with the provisions of the governing building, plumbing, mechanical, accessibility, and electrical codes.

Section 468.603(8), F.S., defines the term “plans examiner” to mean:

...a person who is qualified to determine that plans submitted for purposes of obtaining building and other permits comply with the applicable building, plumbing, mechanical, electrical, gas, fire prevention, energy, accessibility, and other applicable construction codes. The term includes a residential plans examiner who is qualified to determine that plans submitted for purposes of obtaining building and other permits comply with the applicable residential building, plumbing, mechanical, electrical, gas, energy, accessibility, and other applicable construction codes.

Plans examiners include professionals in the following categories:

- Building plans examiner.
- Plumbing plans examiner.
- Mechanical plans examiner.
- Electrical plans examiner.

Private Providers

In 2002, s. 553.791, F.S., was created to allow property owners and contractors to hire licensed building code administrators, engineers, and architects, referred to as private providers, to review

building plans, perform building inspections, and prepare certificates of completion.⁵ “Private provider” means a person licensed as a building code administrator, engineer, or as an architect. Additionally, the term includes licensed building inspectors and plans examiners who perform inspections for additions and alterations that are limited to 1,000 square feet or less in residential buildings.⁶

A private provider and their duly authorized representative⁷ may approve building plans and perform building code inspections, including single-trade inspections, as long as the plans’ approval and building inspections are within the scope of the provider’s or representative’s license.⁸ All private provider services must be subject to a written contract between the private provider, or their firm, and the owner or the owner’s contractor.⁹ Counties, municipalities, school districts, or independent special districts are authorized to use private providers for building code inspection services.¹⁰

A local government may establish, for private providers and duly authorized representatives working within the local government’s jurisdiction, a system of registration to verify compliance with the license and insurance requirements for private providers.¹¹

If an owner or contractor opts to use a private provider for plans review or building inspection services, the local government must calculate the cost savings to its building department for not having to perform such services and reduce the building permit fees accordingly.¹² The reduction may be calculated on a flat fee or percentage basis, or any other reasonable means by which a building department assesses the cost for its plans review or inspection services.¹³ Additionally, a local government may not charge a fee for building inspections when an owner or contractor uses a private provider but may charge a reasonable administrative fee for the clerical and supervisory assistance required.¹⁴

A local government that provides access to permitting and inspection documents and reports using software that protects exempt documents from disclosure must provide equal access to private providers, owners, and contractors if a private provider is retained.¹⁵

An owner or contractor must notify the local government that a private provider has been contracted to perform building code inspection services, in writing on a form specifying the services to be provided, contact and licensure information, qualification statements or resumes, and an acknowledgement form from the owner or contractor. Such notice must be provided at the

⁶ Section 553.791(1)(n), F.S.

⁷ Section 553.791(1)(f), F.S., defines the term “duly authorized representative” to mean an agent of a private provider identified in a permit application who reviews plans or performs inspections, and is licensed as an engineer, architect, building code administrator, inspector, or plans examiner.

time of permit application, or by 2 p.m., two business days before the first scheduled inspection by the local building official.¹⁶ After construction has commenced, and if the local building official is unable to provide inspection services in a timely manner or the work subject to inspection is related to a single-trade inspection for a single-family or two-family dwelling, the owner or contractor may elect to use a private provider to perform inspection services by notifying the local building official by 2 p.m., two days before the next scheduled inspection.¹⁷

A private provider performing required inspections must inspect each phase of construction as required by the applicable codes, and such inspection may be performed in person or virtually. A duly authorized representative of the private provider may perform the inspections, but the representative must be an employee of the private provider and entitled to receive reemployment assistance benefits under ch. 443, F.S., relating to reemployment assistance.¹⁸

Private providers are required to notify a building department of the approximate date and time of the inspection.¹⁹ However, private providers may perform emergency inspections of equipment replacements and repairs in emergency situations without notifying the local building official.²⁰ Local building officials may not prohibit private providers from performing inspections outside of the local building official's normal operating hours. The local building official is allowed to visit a building site as often as necessary to verify a private provider's performance of required inspections.²¹

For plans review, a private provider must review the plans to determine compliance with the applicable codes and prepare an affidavit certifying, under oath, that the plans are in compliance and the private provider is duly authorized to perform plans review.²² The affidavit may bear a written or electronic signature and be submitted electronically.²³ For single-trade plans reviews, a private provider may use an automated or software-based plans review system designed to determine compliance.²⁴

Upon completion of the required inspections, a private provider is required to record the inspections on a form acceptable to the local building official which bears the provider's or their duly authorized representative's signature. The private provider must post and provide the inspection, indicating pass or fail to the local building official within two business days. The private provider may waive the requirements if the record is posted electronically or at the project site and all inspection records are submitted with the certificate of compliance. Unless the inspection records are posted electronically, the inspection records must be maintained at the building site and made available for review by the local building official.²⁵

The private provider must also prepare a certificate of compliance on a form acceptable to the local building official upon completion of the required inspections which summarizes the inspections and represents that the inspections were performed and the construction complies with the approved plans and codes.²⁶

Upon receipt of a building permit application and the required affidavit from the private provider, a building official has 20 business days, or five days if the permit application is related to single-trade plans review for a single-family or two-family dwelling, to issue the permit or provide written notice of the plan features that do not comply with the codes.²⁷ If the local building official does not provide written notice of plan deficiencies within the prescribed time period, the permit application must be deemed approved and the permit must be issued on the next business day.²⁸ If the building official provides a written notice of plan deficiencies, the time period is tolled pending resolution of the matter.²⁹

Deficiency notices must be posted by the private provider, their duly authorized representative, or the building department. Local governments may not charge reinspection or reaudit fees resulting from the local government audit that occurs before a private provider performs their inspection, or for any other administrative matter involving the detection of Building Code or permit requirement violations.³⁰ The law further specifies the process for a private provider to submit revisions to correct the deficiencies and also allows the permit applicant to dispute the deficiencies.³¹

Upon receipt of a request for a certificate of occupancy or certificate of completion and approval of all governmental approvals required by law, a building official has 10 business days, or two business days if the permit application is related to single-family or two-family dwellings, to issue the certificate of occupancy or certificate of completion or provide notice to the applicant identifying the specific deficiencies. If the local building official does not provide notice of the deficiencies within the required time period, the request is automatically granted the next business day, and the local building official must provide the written certificate of occupancy or certificate of completion within 10 days thereafter. Applicants are authorized to dispute any identified deficiencies or submit a corrected request.³²

Local building officials are authorized to deny permits or requests for certificates of occupancy or certificates of completion if they determine the construction or plans do not comply with applicable codes, subject to conditions to work with the private provider to resolve the dispute.³³ Section 553.791, F.S., does not limit the authority of local building officials to issue stop-work orders for any building project or portion thereof, if the official determines that a condition onsite constitutes an immediate threat to public safety and welfare.³⁴

A building department may audit private provider inspection services within its jurisdiction only after creating standard operating private provider audit procedures for internal staff. The same private provider or firm may not be audited more than four times per year unless the local building official determines the condition of a building is an immediate threat to public safety and welfare. Work may not be delayed for an audit by a building department.³⁵

All notices provided for under the law related to the regulation of private providers may be transmitted electronically and have the same legal effect as if physically posted or mailed.³⁶

Procurement of Commodities and Services

Chapter 287, F.S., regulates state agency procurement of personal property and services. The term “agency” is defined broadly to mean any unit of the executive branch of state government.³⁷ The Department of Management Services (DMS) is responsible for overseeing state purchasing activity, including professional and contractual services, as well as commodities needed to support agency activities.³⁸

The DMS is authorized to evaluate contracts let by the federal government, another state, or a political subdivision for the provision of commodities and contract services and, when it is determined to be cost effective and in the best interest of the state, to enter into written agreement authorizing a state agency to make purchases under such contract.³⁹ The DMS negotiates contracts and purchasing agreements that are intended to leverage the state’s buying power.

Section 287.056, F.S., requires agencies and permits eligible users⁴⁰ to purchase commodities and contractual services from purchasing agreements and state term contracts⁴¹ procured by the DMS.

III. Effect of Proposed Changes:

The bill amends s. 287.056, F.S., which relates to state agency purchases from purchasing agreement and state term contracts, to require the DMS to enter into and maintain one or more contracts with private providers of building code inspection services under s. 553.791, F.S., relating to alternative plans review and inspection.

³⁵ Section 553.791(20), F.S.

³⁶ Section 553.791(1)(h), F.S.

The term “agency” is defined as “any of the various state officers, departments, boards, commissions, divisions, bureaus, and councils and any other unit of organization, however designated, of the executive branch of state government. “Agency” does not include the university and college boards of trustees or the state universities and colleges.”

³⁸ See ss. 287.032 and 287.042, F.S.

³⁹ Section 287.042(16), F.S.

⁴⁰ Section 287.012(11), F.S., defines “eligible user” to mean any person or entity authorized by the Department of Management Services (DMS) pursuant to rule to purchase from state term contracts or to use the online procurement system.

⁴¹ Section 287.012(28), F.S., defines “state term contract” to mean a term contract that is competitively procured by the DMS pursuant to s. 287.057, F.S., and that is used by agencies and eligible users pursuant to s. 287.056, F.S.

The bill authorizes a person that is qualified for work in any state that has entered into a state term contract or a mutual aid agreement or who has held a valid license in any state for the five years immediately preceding the date of the declaration, to act under the direction of the local building official in the following positions for up to one year from the declaration of a state of emergency for a natural, a manmade, or a technological emergency issued by the Governor:

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

BILL: SB 1366

INTRODUCER: Senators Brodeur and Rouson

SUBJECT: Claims Against the Government

DATE: March 2, 2026

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. Collazo	Cibula	JU	Favorable

3. Collazo	Kruse	RC	Pre-meeting

I. Summary:

SB 1366 revises the statutory cap, attorney fee, and filing timeframe provisions of s. 768.28, F.S., which is the state's limited waiver of sovereign immunity statute.

Under common law, the state and its agencies and subdivisions (i.e. the "sovereign") are immune from lawsuits for the tortious conduct of their agents and employees. However, the statute modifies the common law by generally allowing for suits in tort against the State of Florida (State) and its agencies and subdivisions but generally limits the payment of claims and the collectability of judgments absent the approval of a claim bill by the Legislature.

Specifically, the bill:

- Increases the statutory caps on payment of claims or the collectability of judgments against the state or its agencies or subdivisions, from \$200,000 per person and \$300,000 per incident, to \$300,000 per person and \$450,000 per incident.
- Requires the Department of Financial Services to adjust, beginning July 1, 2031, and every five years thereafter, the limitations of liability in the statute to reflect changes in the Consumer Price Index.
- Provides that the Legislature has the sole discretion to determine attorney fees and costs that are payable from the proceeds of a claim bill.
- Revises certain statutes of limitation and presuit procedures for certain types of claims against government entities, including claims for negligence, contribution, medical malpractice, wrongful death, and sexual battery on victims under 16 years of age.
- Provides that it applies to causes of action accruing on or after October 1, 2026.

The bill has an indeterminate, significant negative impact to state and local revenues and expenditures. *See Section. V., Fiscal Impact Statement.*

The bill takes effect October 1, 2026.

II. Present Situation:

Civil Tort Action

One of the goals of the civil justice system is to redress tortious conduct, or “torts.” A tort is a wrong for which the law provides a remedy. Torts are generally divided into two categories, as follows:

- An intentional tort, examples of which include an assault, battery, or false imprisonment.
- Negligence, which is a tort that is unintentionally committed. To prevail in a negligence lawsuit, the party seeking the remedy, the “plaintiff,” must demonstrate that the:
 - Defendant had a legal duty of care requiring the defendant to conform to a certain standard of conduct for the protection of others, including the plaintiff, against unreasonable risks.
 - Defendant breached his or her duty of care by failing to conform to the required standard.
 - Defendant’s breach caused the plaintiff to suffer an injury.
 - Plaintiff suffered actual damage or loss resulting from such injury.¹

Sovereign Immunity

Sovereign immunity is a principle under which a government cannot be sued without its consent.² Article X, s. 13 of the Florida Constitution allows the Legislature to waive this immunity. Consistent with this provision, Florida law allows for suits in tort against the state and its agencies and subdivisions for damages resulting from the negligence of government employees acting within the scope of their employment.³ This liability exists only where a private person would be liable for the same conduct. The waiver of sovereign immunity provided under s. 768.28, F.S., applies only to “injury or loss of property, personal injury, or death caused by the negligent or wrongful act or omission of any employee of the agency or subdivision while acting within the scope of the employee’s office or employment.”⁴

Individual government employees, officers, or agents are immune from suit or liability for damages caused by any action taken within the scope of their employment, unless the damages result from the employee’s acting in bad faith, with malicious purpose, or in a manner exhibiting wanton and willful disregard for human rights, safety, or property.⁵ A government entity is not liable for any damages resulting from actions by an employee outside the scope of his or her employment, and is not liable for damages resulting from actions committed by the employee in

Sovereign immunity is a common law doctrine under which a sovereign cannot be sued in its courts without its consent. *Id.* The doctrine had its origin with the judge-made law of England. During English feudal times, the king was the sovereign. One could not sue the king in his own courts; hence the phrase, “the king can do no wrong.” *Id.*; see also *Cauley v. City of Jacksonville*, 403 So. 2d 379, 381 (Fla. 1981). Today, the term “sovereign” in Florida refers to state agencies and subdivisions including local governments.

bad faith, with malicious purpose, or in a manner exhibiting wanton and willful disregard for human rights, safety, or property.⁶

Statutory Caps on Recovery of Damages

Section 768.28(5), F.S., caps damages recoverable in a tort action against a state or local governmental entity at \$200,000 per person and \$300,000 per incident.⁷ Although a court may enter an excess judgment, absent a claim bill passed by the Legislature or private insurance, a claimant may not actually collect more than the caps provide.⁸

State Agency

A state agency means any department, agency, or instrumentality of a state or of a political subdivision of a state. Generally, a state agency is a government department, office, or board that operates within a state; state agencies are responsible for carrying out laws enacted by the state legislature.⁹ Some examples of current state agencies include the Agency for Health Care Administration, the Department of Management Services, the Florida Department of Agriculture and Consumer Services, the Florida Department of Environmental Protection, and the University of South Florida.¹⁰

Subdivision

A political subdivision is a separate legal entity of the State which usually has specific governmental functions.¹¹ Section 218.077(1)(f), F.S., defines a political subdivision as a county, municipality, department, commission, district, board, or other public body, whether corporate or otherwise, created by or under state law. Local governments are incorporated by special acts of the Florida Legislature and include counties, municipalities, school districts, and special districts.¹²

Division of Risk Management

The Department of Financial Services' Division of Risk Management (Division) is responsible for ensuring participating state agencies and universities receive assistance in managing risk and in providing quality workers' compensation, liability, federal civil rights, automobile liability, property, and firefighter cancer benefits insurance coverage at reasonable rates by providing self-insurance, purchase of insurance, and claims administration.¹³ The General Liability Program within the Division provides general liability claims coverage through the State Risk Management Trust Fund. The state is liable for damages for injury, death, or loss of property

caused by the negligence of its employees, agents or volunteers while acting within the course and scope of their employment or responsibilities. The state's self-insurance coverage includes premises and operations, personal injury and professional liability.¹⁴

A government entity may, without a claim bill, settle a claim against it for an amount above the cap in s. 768.28, F.S., if that amount is within the limits of the insurance coverage.¹⁵

Legislative Claim Bill

A plaintiff may recover an amount greater than the caps described in s. 768.28(5), F.S., by way of a legislative claim bill. A claim bill is not an action at law, but rather is a legislative measure that directs the Chief Financial Officer, or if appropriate, a unit of local government, to pay a specific sum of money to a claimant to satisfy an equitable or moral obligation.¹⁶ Such obligations typically arise from the negligence of officers or employees of the State or a local governmental entity.¹⁷ Legislative claim bills are typically pursued after procurement of a judgment or settlement in an action at law where the full amount of damages awarded cannot be satisfied because of statutory caps.¹⁸ The amount awarded is based on the Legislature's concept of fair treatment of a person who has been injured or damaged but who is without a complete judicial remedy or who is not otherwise compensable.¹⁹ Unlike civil judgments, claim bills are not obtainable by right; rather, they are granted as a matter of legislative grace.²⁰

Once a legislative claim bill is formally introduced, a special master²¹ usually conducts a hearing.²² This hearing may resemble a trial during which the claimant offers testimony as well as documentary and physical evidence necessary to establish the claim. Trial records may be substituted for witness testimony. Testifying witnesses are sworn and subject to cross-examination.²³ A respondent may present a defense to contest the claim, and the special master may then prepare a report with an advisory recommendation to the Legislature if the bill is placed on an agenda.²⁴

Alternatively, a government entity may, without the need for a claim bill, settle a claim or pay a judgment against it for an amount in excess of the caps in s. 768.28, F.S., but only if that amount is within the limits of its insurance coverage.²⁵

Claim Bill Attorney Fees Cap

Section 768.28(8), F.S., provides that no attorney may charge, demand, receive, or collect, for services rendered, fees in excess of 25 percent of any judgment or settlement. Fees contingent upon the outcome of any specific legislative action are generally prohibited by s. 11.047(2), F.S., except in the case of claim bills. It is considered a conflict of interest for a legislator to file a claim bill if that legislator, or the legislator's law partner, would receive a fee for services.²⁶

In 2017, the Florida Supreme Court issued its opinion in *Searcy, Denney, Scarola, Barnhart & Shipley v. Florida*.²⁷ In that case, the Legislature passed a claim bill that authorized payment of \$15 million to a child whose family obtained a \$28.3 million negligence judgment against a state hospital. The law firm that had assisted the family in obtaining the judgment and claim bill petitioned for approval of a closing statement authorizing payment of \$2.5 million in attorney fees.²⁸

The Fifteenth Judicial Circuit Court denied the request for fees pursuant to a provision of the claim bill that limited fees to \$100,000. The Fourth District Court of Appeal affirmed.²⁹ However, the Supreme Court (Court) majority reversed, holding that although the Legislature has complete discretion in its decision whether to grant a legislative claim bill, which is an act of grace, impairing a preexisting contract between the claimant and a law firm for attorney fees was unconstitutional.³⁰ The dissent disagreed, noting that the enactment of s. 768.28, F.S., did not undermine the reasoning in the Court's earlier decision in *Gamble v. Wells*, which concluded that the Legislature was in no way bound to pass legislation conforming with the provisions of a prior contingent fee contract.³¹ Moreover, because the parties explicitly anticipated and agreed in the fee agreement to an award of fees as limited by Florida law and in the amount provided by law, there could be no unconstitutional impairment of contract.³²

Accrual of a Claim

An important date for the purpose of a claim bill is the date a claim accrues. Under s. 95.031(1), F.S., a claim accrues when the last element constituting the cause of action occurs. In a negligence claim, the cause of action accrues "upon the happening of an accident and the attendant injuries."³³ Further, s. 768.28(6)(b), F.S., specifies that the requirements of notice to an agency and denial of the claim required under sovereign immunity are not deemed to be elements of the cause of action and do not affect the date on which the cause of action accrues.

Statutes of Limitations

A statute of limitations is an absolute bar to the filing of a lawsuit after a date set by law. A statute of limitations specifies when such time period begins, how long the limitation period runs, and the circumstances by which the running of the statute may be “tolled,” or suspended. A statute of limitations usually begins to run when a cause of action accrues, which generally, is when the harm occurs.

Section 95.11(5)(a), F.S., currently provides that general actions against a private citizen or entity founded on negligence are subject to a two-year statute of limitations. This limitations period was recently reduced from four years to two years in ch. 2023-15, s. 3, Laws of Florida. But general actions based on negligence against the government remain subject to a four-year statute of limitations.³⁴

Contribution

Section 768.31, F.S., provides for the right to contribution. Generally, contribution is a legal action that allows a tortfeasor to collect from others responsible for the same tort after the tortfeasor has paid more than his or her pro rata share of the damages. No single tortfeasor is compelled to make contribution beyond his or her own pro rata share of the entire liability.³⁵

An action for contribution must be filed within one year after the judgment has become final by lapse of time for appeal or after appellate review.³⁶

Medical Malpractice

Section 766.102, F.S., provides for the recovery of damages based on the death or personal injury of any person in which it is alleged the injury resulted from the negligence of a health care provider. In a medical malpractice case, the claimant has the burden of proving by a greater weight of the evidence that the alleged actions of the provider represented a breach in the prevailing professional standard of care for that healthcare provider.³⁷

An action for medical malpractice must be filed within two years from the time the incident giving rise to the action occurred or within two years from the time the incident is discovered, or should have been discovered with the exercise of due diligence.³⁸ However, generally, no medical malpractice action may be filed more than four years after the date of the incident or occurrence out of which the cause of action accrued.³⁹

Wrongful Death

Generally, an action for wrongful death may be brought when a person dies due to the wrongful act, negligence, default, or breach of contract or warranty of any person, and the event would have entitled the person injured to bring an action and recover damages if the death had not

ensued.⁴⁰ An action for wrongful death must be initiated within two years after the death of the subject person.⁴¹

Civil Claim for Sexual Battery

Section 794.011, F.S., establishes the criminal offense of sexual battery. Pursuant to statute, sexual battery means oral, anal, or female genital penetration, by or union with, the sexual organ of another or the anal or female genital penetration of another by any other object. The definition of sexual battery, however, does not include an act done for a bona fide medical purpose. Sexual battery by an adult (18 years of age or older) upon another adult is a first-degree felony punishable, in general, by imprisonment for up to 30 years and a fine of up to \$10,000.⁴² The penalties for sexual battery are increased for victims under the age of 18, vulnerable victims, and habitual offenders.

Section 95.11, F.S., provides statutes of limitation for various types of civil actions. In 2010, the Legislature amended s. 95.11, F.S., to remove any statute of limitations applying to a civil action against a private entity for sexual battery if the victim was under 16 at the time of the crime.⁴³ The Legislature provided, however, that this amendment would not resuscitate any civil claims that were already barred by the statute of limitations at the time.⁴⁴

Presuit Procedures

Before a claimant files a lawsuit against a government entity, the claimant generally must present the claim in writing to the government entity within a time period prescribed by law, which is generally three years.⁴⁵ If the claim is brought against the state, the claimant must also present the claim to the Department of Financial Services. The government entity generally then has six months to review the claim. If the government entity does not dispose of the claim within that six-month period, the claimant may generally proceed with the lawsuit.⁴⁶

Private Correctional Facility Vendor Indemnification

Pursuant to s. 944.713, F.S., a private vendor who submits a bid to contract for the construction, lease, or operation of a correctional facility to the state must provide proof of certain insurance coverage to cover liability for any claim or judgment which arises. Under current law, such private vendor must provide insurance for claims up to \$100,000 for a single person or \$200,000 for the total aggregate claims arising out of a single incident or occurrence.⁴⁷

III. Effect of Proposed Changes:

Amendments to the Waiver of Sovereign Immunity Statute

Section 1 revises the statutory cap, attorney fee, and filing timeframe provisions of s. 768.28, F.S., which is the waiver of sovereign immunity statute.

Statutory Caps

The bill amends s. 768.28(5), F.S., which allows for suits in tort against the State of Florida (State) and its agencies and subdivisions subject to statutory caps.

Specifically, the bill increases the statutory caps on the payment of claims or the collectability of judgments against the state or its agencies or subdivisions, from \$200,000 per person and \$300,000 per incident, to \$300,000 per person and \$450,000 per incident. It also provides that when determining liability limits for a claim, the caps in effect on the date the claim accrues will apply to the underlying claim.

Additionally, under the bill, beginning July 1, 2031, and on July 1 every five years thereafter, the Department of Financial Services (DFS) is required to adjust the limitations of liability in the statute to reflect changes in the Consumer Price Index for the South region or a successor index as calculated by the U.S. Department of Labor, not to exceed three percent for any such adjustment.

Claim Bill Attorney Fees

The bill revises s. 768.28(8), F.S., which caps attorney fees in actions against the state. Under the bill, an attorney may not charge, demand, receive, or collect, for services rendered, fees in excess of 25 percent of any funds recovered as a result of judgment or settlement. In the enactment of a claim bill, as to payments made to the claimant in excess of the limits in s. 768.28(5)(a), F.S., the Legislature has the sole discretion to award an attorney fee applicable to the excess which is less than 25 percent, notwithstanding any agreement. The Legislature may also limit payments for costs or otherwise reserve a portion of the proceeds to the claimant. This provision is deemed to be a part of any fee agreement.

Timeframes for Filing an Action

Consistent with the shortened statute of limitations for negligence enacted by ch. 2023-15, s. 3, Laws of Florida, the bill changes the current general four-year statute of limitations for filing a claim against the state or its agencies or subdivisions to the following timeframes:

- For claims based on negligence: the claim must be filed within two years.

⁴⁸ Section 944.710(3), F.S.

- For claims based on contribution: the claim must be filed within the limitations established in s. 768.31(4), F.S.⁴⁹
- For claims based on medical malpractice or wrongful death: the claim must be filed within the limitations established in s. 95.11(5), F.S.⁵⁰
- For claims based on sexual battery on a victim under 16, the claim may be filed at any time; however, this does not resuscitate any claims that may have already been time barred by previous statutes of limitations.
- For any other claim: the claim must be filed within four years.

To accommodate these changes in the statutes of limitations, the bill decreases the allotted presuit notice period for a claimant to present the required written notice of the claim to the appropriate agency from three years to 18 months. Similarly, the bill decreases the time period in which a claimant must present written notice of a claim for wrongful death from two years to 18 months. However, if the claim is based on a sexual battery of a victim under the age of 16, in violation of s. 794.011, F.S., the claimant may present written notice of the claim at any time.

The bill also decreases from six months to four months, the time period in which the DFS or the appropriate agency must dispose of a presuit notice of a claim. As such, the responding agency must dispose of a claim within four months of a claim being filed or it is deemed a final denial (thus allowing the claimant to move forward with a civil suit). However, the bill does not change the time period by which an agency must dispose of a claim for medical malpractice or wrongful death. As such, a final disposition for a claim made for medical malpractice or wrongful death must still be made within 90 days from the date of filing or it is deemed a final denial of the claim.

The bill provides that the statute of limitations for all prospective defendants, not just those in medical malpractice or wrongful death actions, is tolled for the period of time taken by the agency to deny the claim.

Applicability upon Accrual

Section 2 provides that the provisions of the bill apply to causes of action accruing on or after October 1, 2026.

Private Correctional Facility Vendor Indemnification

Section 6 of the bill amends s. 944.713(2), F.S., clarifying that when a private vendor contracts to build, lease, or operate a correctional facility, it must agree to indemnify the state for certain incurred liability up to the amount of the sovereign immunity caps provided in the bill.

⁴⁹ An action for contribution must be filed within one year after the judgment has become final by lapse of time for appeal or after appellate review. Section 768.31(4)(c), F.S.

⁵⁰ An action for medical malpractice must be filed within two years from the time the incident giving rise to the action occurred or within two years from the time the incident is discovered or should have been discovered with the exercise of due diligence. However, generally, no medical malpractice action may be filed more than four years after the date of the incident or occurrence out of which the cause of action accrued. Section 95.11(5)(c), F.S. An action for wrongful death must be initiated within two years from the death of the subject person. Section 95.11(5)(e), F.S.

Cross-References and Reenactments

Sections 3 through 5 amend ss. 29.0081, 39.8297, 343.811, and 944.713, F.S., respectively, to conform cross-references to the changes made by the bill.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

The bill revises the statutory cap on attorney fees to provide that with respect to payments made to claimants in excess of the statutory caps on claims or judgment against the state, the Legislature has the sole discretion to award attorney fees and costs in a claim bill. Accordingly, the bill is likely to reduce attorney fees and other costs payable from the proceeds of a claim bill should the Legislature exercise this authority. Historically, before the Legislature's authority over fee and cost awards was invalidated by the Florida Supreme Court, the Legislature reduced awards of fees and costs only on rare occasions.

C. Government Sector Impact:

The bill has an indeterminate impact to state and local government revenues and expenditures.

The increase in liability caps for claims against the state and its agencies and subdivisions may decrease the number of claim bills filed within the Legislature. However, local and state governments may experience an increase in expenditures due to settlements, awards, and other legal costs.

By reducing the statute of limitations for claims against the government, the bill may reduce the number of cases initiated and the potential damages sought by claimants from the government. Further, by reducing the pre-suit time period for a government entity or the Department of Financial Services (DFS) to review and dispose of a claim against the State, the bill may affect the pre-suit settlement process.

By increasing the statute of limitations for sexual battery on a victim under 16, the bill may increase the number of claims against the government for such sexual battery. The bill may reduce the workload of the Legislature by reducing the number of claim bills filed but may also reduce the legislative oversight of claims against local government entities.

The impact to the Department of Financial Services' Division of Risk Management is unknown.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 768.28, 29.0081, 39.8297, 343.811, and 944.713.

This bill reenacts the following sections of the Florida Statutes: 45.061, 95.11, 110.504, 111.071, 125.01015, 163.01, 190.043, 213.015, 252.51, 252.89, 252.944, 260.0125, 284.31, 284.38, 322.13, 337.19, 341.302, 351.03, 373.1395, 375.251, 381.0056, 393.075, 394.9085, 395.1055, 403.706, 409.175, 409.993, 420.504, 455.221, 455.32, 456.009, 456.076, 471.038, 472.006, 497.167, 513.118, 548.046, 556.106, 589.19, 627.7491, 723.0611, 760.11, 766.1115, 766.112, 768.1355, 768.1382, 768.295, 946.5026, 946.514, 961.06, 984.09, 1002.33, 1002.333, 1002.34, 1002.37, 1002.55, 1002.83, 1002.88, 1006.24, and 1006.261.

19 limits of insurance coverage provided, to settle a claim made or
20 a judgment rendered against it without further action by the
21 Legislature, but the state or agency or subdivision of the state
22 may ~~thereof shall~~ not be deemed to have waived any defense of
23 sovereign immunity or to have increased the limits of its
24 liability as a result of its obtaining insurance coverage for
25 tortious acts in excess of the \$350,000 ~~\$200,000~~ or \$500,000
26 ~~\$300,000~~ waiver in paragraph (a) ~~provided above~~.

27 (c) The limitations of liability ~~set forth~~ in this
28 subsection ~~shall~~ apply to the state and its agencies and
29 subdivisions whether or not the state or its agencies or
30 subdivisions possessed sovereign immunity before July 1, 1974.

31 (d) ~~(b)~~ A municipality has a duty to allow the municipal law
32 enforcement agency to respond appropriately to protect persons
33 and property during a riot or an unlawful assembly based on the
34 availability of adequate equipment to its municipal law
35 enforcement officers and relevant state and federal laws. If the
36 governing body of a municipality or a person authorized by the
37 governing body of the municipality breaches that duty, the
38 municipality is civilly liable for any damages, including
39 damages arising from personal injury, wrongful death, or
40 property damages proximately caused by the municipality's breach

of duty. The sovereign immunity recovery limits in paragraph (a) do not apply to an action under this paragraph.

(6) (a) An action may not be instituted on a claim against the state or one of its agencies or subdivisions unless the claimant presents the claim in writing to the appropriate agency, and also, except as to any claim against a municipality, county, or the Florida Space Authority, presents the ~~such~~ claim in writing to the Department of Financial Services, within 18 months ~~3 years~~ after the ~~such~~ claim accrues and the Department of Financial Services or the appropriate agency denies the claim in writing; except that, if:

1. The ~~Such~~ claim is for contribution pursuant to s. 768.31, it must be ~~so~~ presented within 6 months after the judgment against the tortfeasor seeking contribution has become final by lapse of time for appeal or after appellate review or, if there is no final ~~such~~ judgment, within 6 months after the tortfeasor seeking contribution has either discharged the common liability by payment or agreed, while the action is pending against her or him, to discharge the common liability; or

2. The ~~Such~~ action arises from a violation of s. 794.011 involving a victim who was younger than 16 years of age at the time of the act, the claimant may present the claim in writing at any time. This subparagraph applies to any action other than an action that would have been time barred on or before October 1, 2026 ~~is for wrongful death, the claimant must present the claim in writing to the Department of Financial Services within 2 years after the claim accrues.~~

(b) For purposes of this section, the requirements of notice to the agency and denial of the claim pursuant to

491330

paragraph (a) are conditions precedent to maintaining an action but ~~may shall~~ not be deemed to be elements of the cause of action and ~~do shall~~ not affect the date on which the cause of action accrues.

(c) The claimant shall also provide to the agency the claimant's date and place of birth and social security number if the claimant is an individual, or a federal identification number if the claimant is not an individual. The claimant shall also state the case style, tribunal, the nature and amount of all adjudicated penalties, fines, fees, victim restitution fund, and other judgments in excess of \$200, whether imposed by a civil, criminal, or administrative tribunal, owed by the claimant to the state, its agency, officer or subdivision. If there exists no prior adjudicated unpaid claim in excess of \$200, the claimant shall so state.

(d) For purposes of this section, complete, accurate, and timely compliance with the requirements of paragraph (c) must ~~shall~~ occur before ~~prior to~~ settlement payment, close of discovery, or commencement of trial, whichever is earlier ~~sooner~~; provided the ability to plead setoff is not precluded by the delay. This setoff applies ~~shall apply~~ only against that part of the settlement or judgment payable to the claimant, minus claimant's reasonable attorney ~~attorney's~~ fees and costs. Incomplete or inaccurate disclosure of unpaid adjudicated claims due the state, or ~~or~~ its agency, officer, or subdivision, may be excused by the court upon a showing by the preponderance of the evidence of the claimant's lack of knowledge of an adjudicated claim and reasonable inquiry by, or on behalf of, the claimant to obtain the information from public records. Unless the

491330

appropriate agency had actual notice of the information required to be disclosed by paragraph (c) in time to assert a setoff, an unexcused failure to disclose shall, upon hearing and order of court, cause the claimant to be liable for double the original undisclosed judgment and, upon further motion, the court shall enter judgment for the agency in that amount. Except as provided otherwise in this subsection, the failure of the Department of Financial Services or the appropriate agency to make final disposition of a claim within 4 ~~6~~ months after it is filed shall be deemed a final denial of the claim for purposes of this section. For purposes of this subsection, in medical malpractice actions and in wrongful death actions, the failure of the Department of Financial Services or the appropriate agency to make final disposition of a claim within 90 days after it is filed shall be deemed a final denial of the claim. The statute of limitations ~~for medical malpractice actions and wrongful death actions~~ is tolled as to all prospective defendants for the period of time taken by the Department of Financial Services or the appropriate agency to deny the claim. ~~The provisions of This subsection~~ does ~~do~~ not apply to ~~such~~ claims that ~~as~~ may be asserted by counterclaim pursuant to s. 768.14.

(7) In actions brought pursuant to this section, process must ~~shall~~ be served upon the head of the agency concerned and also, except as to a defendant municipality, county, or the Florida Space Authority, upon the Department of Financial Services. ~~and The department or the agency served has concerned shall have~~ 30 days within which to file responsive pleadings ~~plead thereto~~.

963 125.01015 Office of the sheriff.—

964 (2) To ensure the successful transfer of the exclusive
 965 policing responsibility and authority to the sheriff in a
 966 county, as defined in s. 125.011(1), the board of county
 967 commissioners shall:

968 (b) After the election of the sheriff is certified:

969 1. Provide funding for all of the necessary staff and
 970 office space for the sheriff-elect to establish an independent
 971 office of the sheriff, so that the office may effectively
 972 operate and perform all of the functions required by general law
 973 when the sheriff-elect takes office.

974 2. Provide funding for the sheriff-elect to select any
 975 necessary insurances not provided by the county through the
 976 interlocal agreement required under sub-subparagraph 6.d. to
 977 allow the sheriff to effectively operate and perform all of the
 978 functions required by general law when he or she takes office.

979 3. Provide funding for the sheriff-elect to establish bank
 980 and other accounts, as necessary, in his or her official
 981 capacity as sheriff, so that such accounts become operational
 982 when he or she takes office.

983 4. Unless otherwise transferable based on existing surety
 984 bonds for the sheriff's deputies, provide funding for and
 985 facilitate procurement of the required surety bonds for deputy
 986 sheriffs pursuant to s. 30.09, so that such bonds are in place

10-01036B-26

when the sheriff-elect takes office.

5. Prepare and deliver to the office of the sheriff all documents, property, and other items listed in subsection (4).

6. Notwithstanding any provision to the contrary, for a term commencing on January 7, 2025, and ending on or after September 30, 2028, provide the sheriff-elect taking office with, and require the sheriff-elect taking office to use, not less than the substantially and materially same support services, facilities, office space, and information technology infrastructure provided to county offices or departments performing the duties to be performed by the sheriff-elect upon taking office in the 1-year period before he or she takes office.

a. As used in this subparagraph, the term "support services" includes:

(I) Property and facilities, and the management and maintenance for such property and facilities.

(II) Communications infrastructure, including telephone and Internet connectivity.

(III) Risk management, including processing, adjusting, and payment of all claims and demands, including those made under s. 768.28. The county shall provide the sheriff with all required general liability, property, and other insurance coverage through its self-insurance program, a self-insurance risk pool, or commercial insurance. If the county provides insurance through a self-insurance program, the county must also provide the sheriff with commercial stop-loss coverage in an amount and with a self-insured retention agreed upon by the sheriff and the county.

(IV) Legal representation and advice through the office of the county attorney for all claims, demands, and causes of action brought against the sheriff, his or her deputies, or other personnel in their official and individual capacities, while acting in their official and individual capacities, including any required outside counsel due to conflicts of interest. This sub-sub-subparagraph does not prohibit the sheriff from employing or retaining his or her own legal representation as he or she deems necessary.

(V) Purchasing and procurement services using procedures under the laws and ordinances applicable to the county for purchases requiring competitive procurement.

(VI) Budget and fiscal software and budget development services.

(VII) Human resource services, including, but not limited to, facilitation of the hiring process, including employee applicant screening and employee applicant background checks, and employee benefit administration. The county may provide human resource services to the sheriff. However, the sheriff is the employer of his or her employees, and the sheriff retains full and complete control and authority over the hiring of his or her employees and the terms and conditions of employment, including employee discipline and termination of employment. The provision of human resource services by the county to the sheriff does not create a joint-employer relationship. The sheriff's employees shall remain members of the county's health insurance and workers' compensation plans for at least the term set forth in this subparagraph.

(VIII) Fleet management, including procurement of all

10-01036B-26 20261366__

vehicles and other mobile assets such as boats and aircraft, and all vehicle repair and maintenance.

b. As used in this subparagraph, the term "information technology infrastructure" includes:

(I) All hardware, including computers.

(II) Budget and fiscal software, including payroll and purchasing software.

(III) Computer-aided dispatch.

c. Under a cost allocation plan agreed to by the county and the sheriff, the sheriff shall pay the county for such support services and information technology infrastructure from his or her general fund budget, except for any support services and information technology infrastructure costs that general law otherwise and expressly requires the county to fund outside the sheriff's budget.

d. To satisfy compliance with this subsection and to establish the office of the sheriff in a manner that minimizes unnecessary financial expenditures, the county and the sheriff shall execute an interlocal agreement addressing the requirements of this subsection and other expenditures, including an appropriate phase-in period for identification of the sheriff's assets with the sheriff's markings to minimize the cost to taxpayers. The interlocal agreement shall have a term that ends no earlier than September 30, 2028, and may be amended, renewed, extended, or newly adopted at any time following the expiration or termination of the agreement. After the initial period ending no earlier than September 30, 2028, an interlocal agreement may be entered into between the county and the sheriff which provides for the same or different

requirements as set forth in this subsection.

Section 12. For the purpose of incorporating the amendment made by this act to section 768.28, Florida Statutes, in references thereto, paragraph (h) of subsection (3) and paragraph (k) of subsection (15) of section 163.01, Florida Statutes, are reenacted to read:

163.01 Florida Interlocal Cooperation Act of 1969.—

(3) As used in this section:

(h) "Local government liability pool" means a reciprocal insurer as defined in s. 629.011 or any self-insurance program created pursuant to s. 768.28(16), formed and controlled by counties or municipalities of this state to provide liability insurance coverage for counties, municipalities, or other public agencies of this state, which pool may contract with other parties for the purpose of providing claims administration, processing, accounting, and other administrative facilities.

(15) Notwithstanding any other provision of this section or of any other law except s. 361.14, any public agency of this state which is an electric utility, or any separate legal entity created pursuant to the provisions of this section, the membership of which consists only of electric utilities, and which exercises or proposes to exercise the powers granted by part II of chapter 361, the Joint Power Act, may exercise any or all of the following powers:

(k) The limitations on waiver in the provisions of s. 768.28 or any other law to the contrary notwithstanding, the Legislature, in accordance with s. 13, Art.  1313 Corporation, from and against any liability, cost, and expense,
 1314 including, but not limited to, commuter rail passengers and rail
 1315 corridor invitees in the rail corridor, regardless of whether
 1316 the loss, damage, destruction, injury, or death giving rise to
 1317 any such liability, cost, or expense is caused in whole or in
 1318 part, and to whatever nature or degree, by the fault, failure,

 1320 Railroad Passenger Corporation, its successors, or its officers,
 1321 agents, and employees, or any other person or persons
 1322 whomsoever.

1323 2. The assumption of liability of the department by
 1324 contract pursuant to sub-subparagraph 1.a. or sub-subparagraph
 1325 1.b. may not in any instance exceed the following parameters of
 1326 allocation of risk:

1327 a. The department may be solely responsible for any loss,
 1328 injury, or damage to commuter rail passengers, or rail corridor
 1329 invitees, or trespassers, regardless of circumstances or cause,
 1330 subject to sub-subparagraph b. and subparagraphs 3., 4., 5., and
 1331 6.

(II) In the event of a limited covered accident, the authority of the department to protect, defend, and indemnify National Railroad Passenger Corporation for all liability, cost, and expense, including punitive or exemplary damages, in excess of the deductible or self-insurance retention fund established under paragraph (b) and actually in force at the time of the limited covered accident exists only if National Railroad Passenger Corporation agrees, with respect to the limited covered accident, to protect, defend, and indemnify the department for the amount of the deductible or self-insurance retention fund established under paragraph (b) and actually in force at the time of the limited covered accident.

3. When only one train is involved in an incident, the department may be solely responsible for any loss, injury, or damage if the train is a department train or other train pursuant to subparagraph 4., but only if:

a. When an incident occurs with only a freight train involved, including incidents with trespassers or at grade crossings, the freight rail operator is solely responsible for any loss, injury, or damage, except for commuter rail passengers

b. When an incident occurs with only a National Railroad Passenger Corporation train involved, including incidents with trespassers or at grade crossings, National Railroad Passenger Corporation is solely responsible for any loss, injury, or damage, except for commuter rail passengers and rail corridor invitees.

4. For the purposes of this subsection:

a. Any train involved in an incident that is neither the department's train nor the freight rail operator's train, hereinafter referred to in this subsection as an "other train," may be treated as a department train, solely for purposes of any allocation of liability between the department and the freight rail operator only, but only if the department and the freight rail operator share responsibility equally as to third parties outside the rail corridor who incur loss, injury, or damage as a result of any incident involving both a department train and a freight rail operator train, and the allocation as between the department and the freight rail operator, regardless of whether the other train is treated as a department train, shall remain one-half each as to third parties outside the rail corridor who incur loss, injury, or damage as a result of the incident. The involvement of any other train shall not alter the sharing of equal responsibility as to third parties outside the rail corridor who incur loss, injury, or damage as a result of the incident; or

1393 as an "other train," may be treated as a department train,
 1394 solely for purposes of any allocation of liability between the
 1395 department and National Railroad Passenger Corporation only, but
 1396 only if the department and National Railroad Passenger
 1397 Corporation share responsibility equally as to third parties
 1398 outside the rail corridor who incur loss, injury, or damage as a
 1399 result of any incident involving both a department train and a
 1400 National Railroad Passenger Corporation train, and the
 1401 allocation as between the department and National Railroad
 1402 Passenger Corporation, regardless of whether the other train is
 1403 treated as a department train, shall remain one-half each as to
 1404 third parties outside the rail corridor who incur loss, injury,
 1405 or damage as a result of the incident. The involvement of any
 1406 other train shall not alter the sharing of equal responsibility
 1407 as to third parties outside the rail corridor who incur loss,
 1408 injury, or damage as a result of the incident.

1409 5. When more than one train is involved in an incident:

1410 a.(I) If only a department train and freight rail
 1411 operator's train, or only an other train as described in sub-
 1412 subparagraph 4.a. and a freight rail operator's train, are
 1413 involved in an incident, the department may be responsible for
 1414 its property and all of its people, all commuter rail
 1415 passengers, and rail corridor invitees, but only if the freight
 1416 rail operator is responsible for its property and all of its
 1417 people, and the department and the freight rail operator each
 1418 share one-half responsibility as to trespassers or third parties
 1419 outside the rail corridor who incur loss, injury, or damage as a
 1420 result of the incident; or

1421 (II) If only a department train and a National Railroad

1422 Passenger Corporation train, or only an other train as described
 1423 in sub-subparagraph 4.b. and a National Railroad Passenger
 1424 Corporation train, are involved in an incident, the department
 1425 may be responsible for its property and all of its people, all
 1426 commuter rail passengers, and rail corridor invitees, but only
 1427 if National Railroad Passenger Corporation is responsible for
 1428 its property and all of its people, all National Railroad
 1429 Passenger Corporation's rail passengers, and the department and
 1430 National Railroad Passenger Corporation each share one-half
 1431 responsibility as to trespassers or third parties outside the
 1432 rail corridor who incur loss, injury, or damage as a result of
 1433 the incident.

1434 b.(I) If a department train, a freight rail operator train,
 1435 and any other train are involved in an incident, the allocation
 1436 of liability between the department and the freight rail
 1437 operator, regardless of whether the other train is treated as a
 1438 department train, shall remain one-half each as to third parties
 1439 outside the rail corridor who incur loss, injury, or damage as a
 1440 result of the incident; the involvement of any other train shall
 1441 not alter the sharing of equal responsibility as to third
 1442 parties outside the rail corridor who incur loss, injury, or
 1443 damage as a result of the incident; and, if the owner, operator,
 1444 or insurer of the other train makes any payment to injured third
 1445 parties outside the rail corridor who incur loss, injury, or
 1446 damage as a result of the incident, the allocation of credit
 1447 between the department and the freight rail operator as to such
 1448 payment shall not in any case reduce the freight rail operator's
 1449 third-party-sharing allocation of one-half under this paragraph
 1450 to less than one-third of the total third party liability; or

10-01036B-26

20261366

1451 (II) If a department train, a National Railroad Passenger
 1452 Corporation train, and any other train are involved in an
 1453 incident, the allocation of liability between the department and
 1454 National Railroad Passenger Corporation, regardless of whether
 1455 the other train is treated as a department train, shall remain
 1456 one-half each as to third parties outside the rail corridor who
 1457 incur loss, injury, or damage as a result of the incident; the
 1458 involvement of any other train shall not alter the sharing of
 1459 equal responsibility as to third parties outside the rail
 1460 corridor who incur loss, injury, or damage as a result of the
 1461 incident; and, if the owner, operator, or insurer of the other
 1462 train makes any payment to injured third parties outside the
 1463 rail corridor who incur loss, injury, or damage as a result of
 1464 the incident, the allocation of credit between the department
 1465 and National Railroad Passenger Corporation as to such payment
 1466 shall not in any case reduce National Railroad Passenger
 1467 Corporation's third-party-sharing allocation of one-half under
 1468 this sub-subparagraph to less than one-third of the total third
 1469 party liability.

1470 6. Any such contractual duty to protect, defend, indemnify,
 1471 and hold harmless such a freight rail operator or National
 1472 Railroad Passenger Corporation shall expressly include a
 1473 specific cap on the amount of the contractual duty, which amount
 1474 shall not exceed \$200 million without prior legislative
 1475 approval, and the department to purchase liability insurance and
 1476 establish a self-insurance retention fund in the amount of the
 1477 specific cap established under this subparagraph, provided that:

1478 a. No such contractual duty shall in any case be effective
 1479 nor otherwise extend the department's liability in scope and

10-01036B-26

20261366

1480 effect beyond the contractual liability insurance and self-
 1481 insurance retention fund required pursuant to this paragraph;
 1482 and

1483 b.(I) The freight rail operator's compensation to the
 1484 department for future use of the department's rail corridor
 1485 shall include a monetary contribution to the cost of such
 1486 liability coverage for the sole benefit of the freight rail
 1487 operator.

1488 (II) National Railroad Passenger Corporation's compensation
 1489 to the department for future use of the department's rail
 1490 corridor shall include a monetary contribution to the cost of
 1491 such liability coverage for the sole benefit of National
 1492 Railroad Passenger Corporation.

1493 (b) Purchase liability insurance, which amount shall not
 1494 exceed \$200 million, and establish a self-insurance retention
 1495 fund for the purpose of paying the deductible limit established
 1496 in the insurance policies it may obtain, including coverage for
 1497 the department, any freight rail operator as described in
 1498 paragraph (a), National Railroad Passenger Corporation, commuter
 1499 rail service providers, governmental entities, or any ancillary
 1500 development, which self-insurance retention fund or deductible
 1501 shall not exceed \$10 million. The insureds shall pay a
 1502 reasonable monetary contribution to the cost of such liability
 1503 coverage for the sole benefit of the insured. Such insurance and
 1504 self-insurance retention fund may provide coverage for all
 1505 damages, including, but not limited to, compensatory, special,
 1506 and exemplary, and be maintained to provide an adequate fund to
 1507 cover claims and liabilities for loss, injury, or damage arising
 1508 out of or connected with the ownership, operation, maintenance,

and management of a rail corridor.

(c) Incur expenses for the purchase of advertisements, marketing, and promotional items.

(d) Without altering any of the rights granted to the department under this section, agree to assume the obligations to indemnify and insure, pursuant to s. 343.545, freight rail service, intercity passenger rail service, and commuter rail service on a department-owned rail corridor, whether ownership is in fee or by easement, or on a rail corridor where the department has the right to operate.

Neither the assumption by contract to protect, defend, indemnify, and hold harmless; the purchase of insurance; nor the establishment of a self-insurance retention fund shall be deemed to be a waiver of any defense of sovereign immunity for torts nor deemed to increase the limits of the department's or the governmental entity's liability for torts as provided in s. 768.28. The requirements of s. 287.022(1) shall not apply to the purchase of any insurance under this subsection. The provisions of this subsection shall apply and inure fully as to any other governmental entity providing commuter rail service and constructing, operating, maintaining, or managing a rail corridor on publicly owned right-of-way under contract by the governmental entity with the department or a governmental entity designated by the department. Notwithstanding any law to the contrary, procurement for the construction, operation, maintenance, and management of any rail corridor described in this subsection, whether by the department, a governmental entity under contract with the department, or a governmental

Further, any such contract for design-build shall be procured pursuant to the criteria in s. 337.11(7).

(II) In the event of a limited covered accident caused by Brightline, the authority of an agency to protect, defend, and indemnify Brightline for all liability, cost, and expense, including punitive or exemplary damages, in excess of the self-insurance retention amount exists only if Brightline agrees, with respect to such limited covered accident, to protect, defend, and indemnify the agency for the amount of the self-insurance retention amount.

4. When an incident involves more than one operator, each operator is responsible for:

a. Its property; passengers; employees, excluding employees who are, at the time of the incident, rail corridor invitees of another operator; and other rail corridor invitees.

b. Its proportionate share of any loss or damage to the joint infrastructure.

c. Its proportionate share of any loss, injury, or damage to:

5. Any such contractual duty to protect, defend, indemnify, and hold harmless FECR or Brightline with respect to claims by rail passengers shall expressly include a specific cap on the amount of the contractual duty, which amount may not exceed \$323 million per occurrence and shall be adjusted so that the per-occurrence insurance requirement is equal to the aggregate allowable awards to all rail passengers, against all defendants, for all claims, including claims for punitive damages, arising from a single accident or incident in accordance with 49 U.S.C. s. 28103, or any successor provision, without prior legislative approval.

1828 (15)

1829 (b) This subsection may not be construed as designating or
1830 not designating that a person who owns or operates a family
1831 foster home as described in this subsection or any other person
1832 is an employee or agent of the state. Nothing in this subsection
1833 amends, expands, or supersedes the provisions of s. 768.28.

1834 Section 34. For the purpose of incorporating the amendment
1835 made by this act to section 768.28, Florida Statutes, in
1836 references thereto, subsection (1), paragraph (a) of subsection
1837 (2), and paragraph (a) of subsection (3) of section 409.993,
1838 Florida Statutes, are reenacted to read:

1839 409.993 Lead agencies and subcontractor liability.—

1840 (1) FINDINGS.—

1841 (a) The Legislature finds that the state has traditionally
1842 provided foster care services to children who are the
1843 responsibility of the state. As such, foster children have not
1844 had the right to recover for injuries beyond the limitations
1845 specified in s. 768.28. The Legislature has determined that
1846 foster care and related services should be outsourced pursuant
1847 to this section and that the provision of such services is of
1848 paramount importance to the state. The purpose of such
1849 outsourcing is to increase the level of safety, security, and
1850 stability of children who are or become the responsibility of
1851 the state. One of the components necessary to secure a safe and
1852 stable environment for such children is the requirement that
1853 private providers maintain liability insurance. As such,
1854 insurance needs to be available and remain available to
1855 nongovernmental foster care and related services providers
1856 without the resources of such providers being significantly

10-01036B-26

20261366__

reduced by the cost of maintaining such insurance.

(b) The Legislature further finds that, by requiring the following minimum levels of insurance, children in outsourced foster care and related services will gain increased protection and rights of recovery in the event of injury than currently provided in s. 768.28.

(2) LEAD AGENCY LIABILITY.—

(a) Other than an entity to which s. 768.28 applies, an eligible community-based care lead agency, or its employees or officers, except as otherwise provided in paragraph (b), shall, as a part of its contract, obtain a minimum of \$1 million per occurrence with a policy period aggregate limit of \$3 million in general liability insurance coverage. The lead agency must also require that staff who transport client children and families in their personal automobiles in order to carry out their job responsibilities obtain minimum bodily injury liability insurance in the amount of \$100,000 per person per any one automobile accident, and subject to such limits for each person, \$300,000 for all damages resulting from any one automobile accident, on their personal automobiles. In lieu of personal motor vehicle insurance, the lead agency's casualty, liability, or motor vehicle insurance carrier may provide nonowned automobile liability coverage. This insurance provides liability insurance for an automobile that the lead agency uses in connection with the lead agency's business but does not own, lease, rent, or borrow. This coverage includes an automobile owned by an employee of the lead agency or a member of the employee's household but only while the automobile is used in connection with the lead agency's business. The nonowned

10-01036B-26

20261366__

automobile coverage for the lead agency applies as excess coverage over any other collectible insurance. The personal automobile policy for the employee of the lead agency shall be primary insurance, and the nonowned automobile coverage of the lead agency acts as excess insurance to the primary insurance. The lead agency shall provide a minimum limit of \$1 million in nonowned automobile coverage. In a tort action brought against such a lead agency or employee, net economic damages shall be limited to \$2 million per liability claim and \$200,000 per automobile claim, including, but not limited to, past and future medical expenses, wage loss, and loss of earning capacity, offset by any collateral source payment paid or payable. In any tort action brought against a lead agency, noneconomic damages shall be limited to \$400,000 per claim. A claims bill may be brought on behalf of a claimant pursuant to s. 768.28 for any amount exceeding the limits specified in this paragraph. Any offset of collateral source payments made as of the date of the settlement or judgment shall be in accordance with s. 768.76. The lead agency is not liable in tort for the acts or omissions of its subcontractors or the officers, agents, or employees of its subcontractors.

(3) SUBCONTRACTOR LIABILITY.—

(a) A subcontractor of an eligible community-based care lead agency that is a direct provider of foster care and related services to children and families, and its employees or officers, except as otherwise provided in paragraph (c), must, as a part of its contract, obtain a minimum of \$1 million per occurrence with a policy period aggregate limit of \$3 million in general liability insurance coverage. The subcontractor of a

 1916 children and families in their personal automobiles in order to
 1917 carry out their job responsibilities obtain minimum bodily
 1918 injury liability insurance in the amount of \$100,000 per person
 1919 in any one automobile accident, and subject to such limits for
 1920 each person, \$300,000 for all damages resulting from any one
 1921 automobile accident, on their personal automobiles. In lieu of
 1922 personal motor vehicle insurance, the subcontractor's casualty,
 1923 liability, or motor vehicle insurance carrier may provide
 1924 nonowned automobile liability coverage. This insurance provides
 1925 liability insurance for automobiles that the subcontractor uses
 1926 in connection with the subcontractor's business but does not
 1927 own, lease, rent, or borrow. This coverage includes automobiles
 1928 owned by the employees of the subcontractor or a member of the
 1929 employee's household but only while the automobiles are used in
 1930 connection with the subcontractor's business. The nonowned
 1931 automobile coverage for the subcontractor applies as excess
 1932 coverage over any other collectible insurance. The personal
 1933 automobile policy for the employee of the subcontractor shall be
 1934 primary insurance, and the nonowned automobile coverage of the
 1935 subcontractor acts as excess insurance to the primary insurance.
 1936 The subcontractor shall provide a minimum limit of \$1 million in
 1937 nonowned automobile coverage. In a tort action brought against
 1938 such subcontractor or employee, net economic damages shall be
 1939 limited to \$2 million per liability claim and \$200,000 per
 1940 automobile claim, including, but not limited to, past and future
 1941 medical expenses, wage loss, and loss of earning capacity,
 1942 offset by any collateral source payment paid or payable. In a
 1943 tort action brought against such subcontractor, noneconomic

 1946 any amount exceeding the limits specified in this paragraph. Any
 1947 offset of collateral source payments made as of the date of the
 1948 settlement or judgment shall be in accordance with s. 768.76.

The bill:

- Clarifies licensure disqualification provisions for certain crimes. An applicant who has been found guilty of a felony of the first degree, felony involving prohibited conduct under ch. 497, F.S., (Funeral, Cemetery, and Consumer Services), ch. 787, F.S., (Kidnapping and Human Trafficking), ch. 794, F.S., (Sexual Battery), ch. 796, F.S., (Prostitution), ch. 800, F.S., (Lewdness and Indecent Exposure), ch. 825, F.S., (Abuse, Neglect, and Exploitation of an Elderly or Disabled Adult), ch. 827, F.S., (Abuse of Children), ch. 847, F.S., (Obscenity), or a felony involving moral turpitude is permanently barred from licensure.
- Provides that an applicant who is found guilty of a felony beyond the scope of the offenses listed above is barred from licensure for 10 years, and authorizes mitigating factors to reduce the disqualifying period. An applicant who is guilty of a misdemeanor directly related to ch. 497, F.S., is barred for five years.
- Authorizes the Board of Funeral, Cemetery, and Consumer Services to adopt rules to implement these provisions.

The Division of Insurance Agent and Agency Services

The bill:

- Streamlines the process for transferring an out-of-state license to Florida.
- Eliminates the license type, reinsurance intermediary, due to the license not being used.
- Authorizes the DFS to make provisions for applicants to voluntarily submit their cellular telephone number as part of the application process solely for the purpose of two-factor authentication of secure login to their licensing portal.
- Expands the exemption for an insurance application filing fee to include any veteran honorably discharged from the United States Armed Forces or their spouse, by removing the limitation within 24 months of discharge of the veteran.
- Removes the requirement for applicants to provide verification of home state license cancellation prior to being approved as a Florida resident licensee. Instead, the prior home state license must be cancelled within 30 days.
- Clarifies a provision relating to title insurers and the applicability of ch. 626, F.S., to provide that title insurers, acting through corporate officers, are exempt from ch. 626, F.S., relating to title insurance licensing and appointment requirements.
- Requires a public adjuster to respond to a consumer's written or electronic request for information in 14 days, mirroring the existing timeline for a public adjuster to respond to the DFS.
- Eliminates the requirement of an applicant to submit a photograph to the DFS as part of the bail bond application license.
- Clarifies that the insurer must obtain the Bail Bond Appointment Form to and secure all necessary certifications of the agent, rather than submitting them directly to the department, in an effort to minimize duplicative process.

The Division of Unclaimed Property

The bill:

- Revises the short title of the Unclaimed Property Act to reflect the use of the term “abandoned property,” aligning the title with the chapter’s revised terminology.
- Clarifies the meaning of the term, “abandoned property,” distinguish custodial holding from reporting status, and modernize terminology to reflect current business practices, electronic records, and evolving property types.
- Clarifies what actions constitute an owner’s expression of continued interest in property. It provides a nonexclusive list of actions that rebut the presumption of abandonment, offering greater consistency in determining dormancy and reducing the likelihood that property will be reported despite meaningful owner engagement.
- Clarifies the conditions under which intangible property becomes subject to the custody of the DFS. It expressly ties custody to the expiration of the applicable dormancy period and the completion of required due diligence, reinforcing the distinction between property that is merely presumed abandoned and property that is reportable and transferable to state custody.
- Updates dormancy provisions for traveler’s checks, money orders, and checks to align owner-interest standards with those in s. 717.102, F.S.
- Revises dormancy triggers for equity and debt interests of business associations by reinstating returned mail as a dormancy trigger and extending the dormancy period tied to owner-initiated activity from three to five years. These changes better reflect meaningful owner inactivity and provide additional time and opportunity for owners to maintain or reestablish contact before the property is presumed abandoned.
- Strengthens holder due-diligence requirements by enhancing notice obligations and requiring more detailed, consumer-focused disclosures. For higher-value property (more than \$1,000), holders must send a second notice by certified mail. The bill also requires holders to certify that reports are complete and all due diligence requirements have been satisfied, improving reporting accuracy and accountability. Additionally, the bill provides that securities identified as non-freely transferable or worthless are not reportable, reducing administrative burden and preventing delays in claims processing.
- Revises notice provisions of the DFS to ensure owners receive clear, accessible, and cost-effective notice after property is reported. It updates requirements for the publicly searchable electronic database to include owners with property valued at \$10 or more, improving transparency and owner access.
- Clarifies procedures for handling firearms discovered in abandoned safe-deposit boxes.
- Requires the submission of a certified copy of a death certificate before the DFS may release wills or trust instruments, thereby protecting sensitive documents.
- Strengthens claim verification requirements for certain claims, including those submitted on behalf of active corporations, by requiring additional identification.
- Strengthens claim verification requirements for certain claims, including those submitted on behalf of active corporations, by requiring additional identification. It clarifies the definition of “conflicting claim” and standardizes procedures for handling conflicting claims, promoting fairness and consistency in claims determinations.
- Clarifies which acts constitute violations of ch. 717, F.S., and the procedures available to the DFS for administrative and civil enforcement.

- Reorganizes provisions governing the purchase of abandoned property by maintaining existing restrictions on claimant representatives while creating a new section governing purchases by persons or entities other than claimant representatives. The bill establishes detailed disclosure and documentation requirements, including minimum formatting standards, notarization, and consumer-protection safeguards to ensure owners receive a substantial portion of the property's value.
- Clarifies the public purpose underlying Chapter 717, F.S., reinforcing its role as a consumer protection program designed to safeguard abandoned property and facilitate its return to rightful owners through a custodial framework.
- Clarifies registration requirements and ongoing standards for claimant representatives, including disclosure obligations, minimum activity thresholds, and grounds for revocation. These changes strengthen oversight and promote accountability while maintaining access to representation for owners.

The Division of Workers' Compensation

The bill:

- Changes the due date of the Three-Member Panel Report to the Legislature from every two years to every five years, which will provide the DFS additional time for the panel to assess and provide recommendations to improve the workers' compensation health care delivery system.
- The bill also extends the amount of time a provider has to file a petition with the DFS to resolve disputes from 45 days to 60 days after the receipt of notice of disallowance or adjustment of payment by the carrier and expands the methods by which providers can use to submit utilization and reimbursement dispute petitions to the DFS from the United States Postal Service certified mail to also include common carrier with verifiable tracking methods.

My Safe Florida Home Program

The bill:

- Revises eligibility on whether a residential property is attached or detached and its height, ensuring that applicants in attached residential properties of three stories or less may qualify for a full range of improvements, including roof replacements when recommended. These changes address inconsistencies in property appraiser classifications that can mislabel physically detached homes as condominiums, inadvertently disqualifying them from participation.
- Clarifies building-type definitions and how the age of a home is determined, relying on the construction date listed by property appraisers rather than the initial permit date, and codifies prior budget language eliminating an exemption that allowed certain higher-value homes to qualify based on income alone.
- Streamlines program administration and reduces disputes by reinforcing that only improvements recommended in the initial and final inspection reports are eligible for grant funding, including roof coverings when necessary to complete approved roof-related work.
- Codifies existing law by removing a home's insured value of \$700,000 or less exemption for low income homeowners.
- Codifies exiting law by limiting mitigation grants to low and moderate income owners.

- Establishes a 24-month deadline to submit a grant application after the initial inspection to eliminate a backlog of inactive applicants, extends the completion deadline for approved improvements to 18 months without requiring an extension request, and allows applicants to certify their age directly to support program prioritization.
- Replaces the term “withdrawn” with “abandoned” to close out unresponsive applications and prevent reapplication, preserving grant funds for homeowners who actively participate and meet program requirements.

The bill has an indeterminate impact on state revenues and expenditures.

Provides the bill takes effect upon becoming a law.

Florida Accounting Information Resource Subsystem

In 1980, the Florida Legislature enacted the Florida Fiscal Accounting Management Information System Act,⁴ which standardized the financial management and accounting practices for the state and was meant to provide timely statewide financial statements. The State Automated Management Accounting Subsystem (SAMAS) was developed from 1983-1986 and agencies

² Section 17.001, F.S.

³ Section 633.104, F.S.

⁴ Chapter 80-45, Laws of Florida

began implementing SAMAS to manage their financial accounting.⁵ In 1997, SAMAS was renamed as the Florida Accounting Information Resource Subsystem (FLAIR).

FLAIR is the State of Florida's accounting system. Sections 215.93(1)(b) and 215.94(2), F.S., establishes FLAIR as a subsystem of the Florida Financial Management Information System and DFS as the functional owner of FLAIR. FLAIR is used to provide accounting, data for financial statements, auditing and settling of claims against the State. Pursuant to s. 216.102(3), F.S., FLAIR is used for the State's Annual Comprehensive Financial Report (ACFR). FLAIR comprises four components: Departmental Accounting, Central Accounting, Payroll Component and Information Warehouse. All state agencies' payroll, expense processing, retirement, reemployment compensation, and public assistance are processed and tracked through FLAIR.^{6,7}

Florida Planning and Ledger Management

The Florida PALM project was initiated in 2014 to replace FLAIR and the cash management and accounting management components of the CMS with a cloud-hosted enterprise resource planning financial management solution designed to modernize the state's financial management processes and system. Beginning with the CMS implementation (CMS Wave) in July 2021, this multiyear project was designed to transition FLAIR and CMS functions, as well as additional functionality. The CMS Wave transitioned the functions related to the management of bank cash, participant invested cash, and Treasury investments from the CMS to Florida PALM.⁸ Until Florida PALM is fully implemented, FLAIR remains the State's accounting system. The Florida PALM project has a current go-live date of January 2027.

My Safe Florida Home Program

Background

Following the 2004 and 2005 hurricane seasons, where 2.8 million Florida homeowners suffered more than \$33 billion in insured property damage, 86 percent of the 4.4 million homes in Florida were built prior to the adoption of stronger building codes in 2002, and the average age of a home was 26 years, Florida began to experience a decline in the availability of property insurance and an increase in its cost.⁹ In 2006, the Legislature created the My Safe Florida Home Program (program) within DFS.¹⁰ The original appropriation for the program was \$250 million for a period not to exceed three years with any unused appropriated funds reverting to the General Revenue Fund on June 30, 2009.¹¹

¹¹ Chapter 2006-12, L.O.F.

The program was created with the intent to provide trained and certified inspectors to perform mitigation inspections for owners of site-built, single-family, residential properties, and mitigation grants to eligible applicants, subject to the availability of funds.¹² The program was to “develop and implement a comprehensive and coordinated approach for hurricane damage mitigation...”¹³ The program allows DFS to undertake a public outreach and advertising campaign to inform consumers of the availability and benefits of the mitigation inspections and grants.¹⁴ From its inception to January 30, 2009, the program received approximately 425,193 applications, performed more than 391,000 inspections and awarded 39,000 grants. From July 2007 through January 2009, program expenditures totaled approximately \$151.9 million.¹⁵ Funding for the program ceased June 30, 2009.¹⁶

Renewal and Funding of the Program

In May 2022, during Special Session 2022-D, and under a property insurance bill (SB 2-D), the Legislature reestablished the program and appropriated \$150 million in nonrecurring funds from the General Revenue Fund designated for the following purposes:

- \$25 million for hurricane mitigation inspections;
- \$115 million for hurricane mitigation grants;
- Four million dollars for education and consumer awareness;
- One million dollars for public outreach to contractors, real estate brokers, and sales associates; and
- Five million dollars for administrative costs.¹⁷

During the 2023 Regular Legislative Session, the Legislature appropriated an additional \$100 million in nonrecurring funds from the General Revenue Fund for mitigation grants and \$2,065,000 for operations and administration costs.¹⁸ During Special Session 2023-C, the Legislature appropriated \$176,170,000 in nonrecurring funds from the General Revenue Fund for hurricane mitigation grants and \$5,285,100 for administrative costs. During the 2024 Regular Legislative Session, the Legislature appropriated \$200 million in nonrecurring funds from the General Revenue Fund for hurricane mitigation grants, inspections, and administrative costs.¹⁹ During the 2025 Regular Legislative Session, the Legislature appropriated \$280 million in nonrecurring funds from the General Revenue Fund for hurricane mitigation grants, inspections, and administrative costs.²⁰

Division of Workers' Compensation

The Division of Workers' Compensation (DWC) provides regulatory oversight of Florida's workers' compensation system,²¹ which includes the enforcement of coverage requirements,²² administration of the health care delivery system,²³ and assisting injured workers, employers, insurers, and providers in fulfilling their responsibilities under ch. 440, F.S.²⁴ Florida's workers' compensation law provides for medically necessary treatment and care of injured employees, including medications.²⁵

Reimbursement for Health Care Providers

Health care providers must receive authorization from the insurer before providing treatment and must submit treatment reports to the insurer.²⁶ Insurers must reimburse an individual physician, hospital, ambulatory surgical center, pain program, or work-hardening program at either the agreed-upon contract price or the maximum reimbursement allowance (MRA) in the appropriate schedule.²⁷ A three-member panel (panel) consisting of the CFO or his or her designee and two Governor's appointees sets the MRAs.²⁸ The DFS incorporates the statewide schedules of the MRAs by rule in reimbursement manuals. In establishing the MRA manuals, the panel considers the usual and customary levels of reimbursement for treatment, services, and care; the cost impact to employers for providing reimbursement that ensures that injured workers have access to necessary medical care; and the financial impact of the MRAs on healthcare providers and facilities.²⁹ Florida law requires the panel to develop MRA manuals that are reasonable, promote the workers' compensation system's health care cost containment and efficiency, and are sufficient to ensure that medically necessary treatment is available for injured workers.³⁰

Funeral, Cemetery, and Consumer Services

Chapter 497, F.S., known as the Florida Funeral, Cemetery, and Consumer Services Act (Act), provides for the regulation of funeral and cemetery services.³¹ The Act authorizes the Board of Funeral, Cemetery, and Consumer Services (Board) within the DFS to regulate cemeteries, columbaria, cremation services and practices, cemetery companies, dealers and monument builders, funeral directors, and funeral establishments.³² Section 20.121(4), F.S., creates the Board within the Division of Funeral, Cemetery, and Consumer Services of DFS. The Board acts as the licensing and rulemaking authority for certain matters related to examinations and other

Funeral Director and Embalmer Licensure

The practice of funeral services is divided into three relevant licenses. Persons may be licensed as a funeral director,³⁴ an embalmer,³⁵ or with a combination license for the practice of funeral directing and embalming.³⁶

Applicants for an embalmer license must take courses in mortuary science, complete a one-year internship, pass state and federal law examinations, and pass the Funeral Services Science section of the national board examination prepared by the Conference of Funeral Service Examining Boards.³⁷ These applicants do not have to take courses in funeral service arts. Applicants for a combination funeral directing and embalmer license must meet the requirements for an embalmer's license, as well as take approved courses in funeral service arts, and pass the funeral services arts section of the national board examination.³⁸

Similarly, applicants for a funeral director-only license are required to take classes in both mortuary science and funeral service arts whether or not the student wishes to apply for an embalming license or practice embalming. They must also complete a one-year internship, pass the state and federal laws and rules examination relating to the disposition of human remains, and pass the funeral services arts section of the national board examination.³⁹

Division of Insurance Agent and Agency Services

Chapter 626, F.S., governs the regulation and licensure of insurance field representatives, navigators, insurance administrators, unauthorized insurers and surplus lines, viatical settlements, structured settlements, and operations.⁴⁰ The powers and duties of the CFO and the DFS in part I of ch. 626, F.S., apply to insurance agents, insurance agencies, managing general agents, insurance adjusters, reinsurance intermediaries, viatical settlement brokers, customer representatives, service representatives, and agencies.⁴¹

³³ See s. 497.103(1)(a)-(cc), F.S. Licenses available to natural persons include: embalmer apprentice and intern; funeral directors and intern; funeral director and embalmer, direct disposer, monument establishment sales agent, and preneed sales agent. Section 497.141(12)(a), F.S. Licenses available to natural persons, corporations, limited liability companies, and partnerships include: funeral establishment, centralized embalming facility, refrigeration facility, direct disposal establishment, monument establishment, cinerary facility, removal service, preneed sales business under s. 497.453, F.S., and cemetery. ⁴¹ Section 626.016(1), F.S.

The Division of Insurance Agent and Agency Services (division) licenses and appoints individuals and entities authorized to transact insurance in Florida as provided in s. 626.016, F.S. Further, the division examines licensees and oversees continuing education of licensees. The division conducts investigations of alleged violations of the Florida Insurance Code and refers suspected criminal violations to the Division of Criminal Investigations' within DFS or other law enforcement agencies, as appropriate.⁴² Further, DFS has jurisdiction to enforce provisions of parts VIII and IX of ch. 626, F.S., with respect to persons engaged in actions for which a license issued by DFS is required.⁴³

DFS may not issue a license an agent, customer representative, adjuster, service representative, or reinsurance intermediary until the person has submits a written application, meets the necessary qualifications, and pays in advance all applicable fees.⁴⁴ Members of the United States Armed Forces and their spouses, and veterans of the United States Armed Forces who have separated from service within 24 months before application, are exempt from the application fee.⁴⁵

Section 626.292, F.S., provides that an individual licensed in good standing in another state may apply to have that license transferred to Florida for the same lines of authority covered by the license in the other state. To qualify for the transfer, the applicant must:

- Become a Florida resident.
- Have been licensed in the other state at least one year immediately preceding the date the individual became a Florida resident.
- Submit a completed application, along with payment of the applicable fees.
- Submit a certification from the other state identifying the type of license and lines of authority under the license and the applicant was in good standing at the time the license from that state was canceled; and a set of the applicant's fingerprints.
- Satisfy any prelicensing education requirements.
- Satisfy the examination requirement.⁴⁶

Grounds for Refusal, Suspension, or Revocation

Section 626.611, F.S., provides grounds for the mandatory denial of an application, suspension, revocation, or refusal to renew or continue the license or appointment of any applicant, agent, title agency, adjuster, customer representative, service representative, or managing general agent. One of these grounds is for "lack of reasonably adequate knowledge and technical competence to engage in the transactions authorized by the license or appointment."⁴⁷

Section 626.621, F.S., provides grounds for the discretionary denial of an application, suspension, revocation, or refusal to renew or continue the license or appointment of any applicant, agent, title agency, adjuster, customer representative, service representative, or managing general agent. One of these grounds is for the "[f]ailure to inform the department

Insurance Agents

In general, insurance agents transact insurance on behalf of an insurer or insurers. Insurance agents must be licensed by DFS to act as an agent for an insurer, and be appointed (i.e., given the authority by an insurance company to transact business on its behalf) by at least one insurer to act as the agent for that particular appointing insurer or insurers.⁴⁹

A “general lines agent” is an individual representing one or more of the following kinds of insurance: property insurance, casualty insurance, surety insurance, health insurance, or marine insurance.⁵⁰ A “life agent” is an individual representing an insurer as to life insurance and annuity contracts, or acting as a viatical settlement broker.⁵¹ A “health agent” is an individual representing a health maintenance organization or, as to health insurance only, an insurer transacting health insurance.⁵² Any person applying to be a general lines agent, a health agent, or life agent, must be a “bona fide resident” of Florida.⁵³ An applicant that is a resident of another state at the time of application may be deemed a “bona fide resident” of Florida if the applicant furnishes a letter of clearance satisfactory to the DFS that the resident licenses from the other state have been canceled or changed to a nonresident basis and that such license is in good standing.⁵⁴

Public Adjuster

Section 626.854, F.S., defines a public adjuster as any person, except a duly licensed attorney at law as exempted under s. 626.860, F.S., who, for money, commission, or any other thing of value, prepares, completes, or files an insurance claim for an insured or third-party claimant, or who, for money, commission, or any other thing of value, acts on behalf of, or aids an insured or third-party claimant in negotiating for or effecting the settlement of a claim or claims for loss or damage covered by an insurance contract, or who advertises for employment as an adjuster of such claims. The term also includes any person who, for money, commission, or any other thing of value, directly or indirectly solicits, investigates, or adjusts such claims on behalf of a public adjuster, an insured, or a third-party claimant.⁵⁵ DFS licenses public adjusters who meet pre-

licensing requirements, which include submitting an application, paying required fees, complying with requirements as to knowledge, experience, or instruction, and submitting fingerprints.

A public adjuster may not receive compensation for services provided before the date the insured receives an unaltered copy of the executed contract, or the date the executed contract is submitted to the insurer.⁵⁶ A public adjuster contract for a property and casualty claim must include:

- The full name, permanent business address, phone number, e-mail address, and license number of the public adjuster;
- The full name and license number of the public adjusting firm;
- The insured's full name, street address, phone number, and e-mail address;
- A brief description of the loss;
- The percentage of compensation for the public adjuster's services in minimum 18-point bold type before the space reserved in the contract for the signature of the insured;
- The type of claim, including an emergency claim, nonemergency claim, or supplemental claim;
- The initials of the named insured on every page that does not contain the insured's signature;
- The signatures of the public adjuster and all named insureds; and
- The signature date.⁵⁷

Title Insurers

Title insurance insures owners of real property, or lenders using real property as collateral, against loss arising out of defective or invalid titles and the existence of other liens or other legal claims against titles to real property.⁵⁸ Title insurers are exempt from the provisions of ch. 626, F.S., relating to title insurance licensing and appointment requirements, and may only act through officers and agents.⁵⁹ However, a corporate office can occasionally issue and countersign binders, commitments, and policies.⁶⁰

Bail Bond Agents and Agencies

A bail bond is a guarantee by a third-party that a defendant in a criminal case will appear in court at all scheduled proceedings. A bail bond agent posts a surety bond to secure the defendant's release from custody; the defendant provides money or other collateral to secure the bail bond and forfeits the premium (10 percent of the amount of bail set by the court) if he or she fails to appear in court or comply with other conditions of the bond. Bail bond agents must be licensed by the DFS and appointed by insurance carriers to execute bail bonds. If a defendant fails to appear in court, the bail bond agent may apprehend and detain the defendant until the defendant

is surrendered to the authorities.⁶¹ Bail bond agents may execute or sign bonds, handle collateral receipts, deliver bonds to appropriate authorities, or operate an agency or branch agency at a separate location from the supervising bail bond agent, managing general agent, or insurer that employs the bail bond agent.⁶²

Licensure as a Bail Bond Agent

All applicants for bail bond licenses must submit fingerprints for a national criminal background check and pay an application fee. Bail bond agents may not have been convicted of a felony, must be age 18 or older, and must be eligible to work in the United States. A bail bond agent must be appointed by a licensed insurer, and the insurer must report the appointment to DFS. A bail bond agent may not charge a premium other than the rate that has been approved by the Office of Insurance Regulation (OIR) and must retain records related to any bail bonds the agent has executed or countersigned for at least three years after the liability of the surety has been terminated. Additionally, bail bond agents must register with the sheriff and the clerk of the circuit court in the county where the bail bond agent resides. Bail bond agents may not solicit clients at a jail, prison, or courthouse, and may not pay fees for referrals from any person working in the law enforcement community.⁶³

Ownership of a Bail Bond Agency

The owner of a bail bond agency must be a licensed and appointed bail bond agent.⁶⁴ The owner or operator of a bail bond agency must designate a primary bail bond agent who is responsible for the overall operation and management of a bail bond agency location and file the name and license number of the primary bail bond agent and the address of the bail bond agency with the DFS.

Florida Disposition of Unclaimed Property Act

Chapter 717, F.S., is entitled the Florida Disposition of Unclaimed Property Act, which the DFS administers. The DFS collects and returns unclaimed property belonging to Florida residents. Unclaimed property is any funds or other property, tangible or intangible, that has remained unclaimed by the owner for a certain number of years. Unclaimed property may include savings and checking accounts, money orders, travelers' checks, uncashed payroll or cashiers' checks, stocks, bonds, other securities, insurance policy payments, refunds, security and utility deposits, and contents of safe deposit boxes.⁶⁵ Until claimed, unclaimed money is deposited into the State School Trust Fund to be used for public education.

A claimant representative, who must be a Florida-licensed attorney, a licensed Florida-certified public accountant (CPA), or a private investigator licensed under Chapter 493, F.S., is required

to register with DFS.⁶⁶ A claimant representative must register with DFS on a form designated by the DFS and provide certain documentation (including tax identification number, identification, electronic funds transfer information, business address, and employees and agents) and credentials as to their status as an attorney, certified public accountant, or private investigator.⁶⁷ In order to move forward in obtaining unclaimed property on a potential client's behalf, the representative must first obtain the client's authorization.

Chapter 717, F.S., prescribes how to determine whether property held by a person belonging to another is unclaimed and how to dispose of it. Any intangible property or income held in the possession of a "holder"⁶⁸ for the benefit of another is presumed unclaimed if the owner fails to claim such property for more than five years after the property becomes payable or distributable.⁶⁹

Once the five year period elapses, the holder may file a petition with the DFS and request that DFS accept custody of the property.⁷⁰ Upon delivery of property to DFS, the state assumes custody and responsibility for the safekeeping of the property. So long as the person who delivers the property to DFS has done so in good faith, he or she is relieved of any liability to manage the property.⁷¹ While DFS serves as the custodian for the State of Florida, it does not assume legal ownership of the property.⁷²

To notify owners of their unclaimed property, the DFS employs various methods, including database searches.⁷³ Residents have the right to claim their property at any time, irrespective of the amount, without incurring any costs.⁷⁴ The original amount reported as unclaimed can always be claimed by the owner or their heirs at no cost.⁷⁵

Recent Federal Litigation Relating to Florida's Disposition of Unclaimed Property Act⁷⁶

On May 16, 2025, the U.S. Appeals Court for the 11th Circuit vacated a 2023 district court ruling in *Aleida Maron et al v. Chief Financial Officer of Florida*. Plaintiffs in the case alleged that the state's Unclaimed Property Act (Act) violates the Takings Clause of the Fifth Amendment⁷⁷ by authorizing Florida to take their property without compensating them for their earnings.

⁶⁸ Section 717.101(12), F.S., defines "holder" as a person, wherever organized or domiciled, who is in possession of property belonging to another; a trustee in case of a trust; or indebted to another on an obligation.

⁷⁷

Alieda Maron learned that she was entitled to unclaimed property that had been delivered to the DFS, premium refunds in the amount of \$26.24, based on Florida's online records. Because the Act, as Maron alleged, precludes her from obtaining earnings that accrued on her refund after it entered Florida's custody, she filed a class action complaint against Jimmy Patronis, the former Chief Financial Officer of the State of Florida, in his official capacity.

The district court dismissed the suit for failure to state a claim reasoning that, because the Act could have constitutionally escheated their property altogether, the state could keep custody of the property or return it without any compensation, let alone compensation for the property and earnings.

In its 2023 ruling, the district court wrote, “The Florida Disposition of Unclaimed Property Act requires the holder of property that is unclaimed for a specified period – property that appears to be abandoned – to turn the property over to the state... The Act gives the owner unlimited time to recover the property or the proceeds of the property’s sale or other conversion to money. But the Act does not require the state to pay interest or other compensation for the period when the property was abandoned. This does not violate the United States Constitution Fifth Amendment Taking Clause.”

The appeals court disagreed, writing, “The Act provides that after an owner fails to claim property for a set number of years, the property is ‘presumed unclaimed.’ It does not say that property unclaimed for several years becomes abandoned or ‘presumed abandoned.’ And, after the unclaimed property is placed in the state’s custody, the Act does not provide for a transfer of title but merely gives the state ‘custody and responsibility for the safekeeping of the property.’”

In vacating the dismissal and returning the case to the district court, the appeals court panel recommended that the parties focus on three issues:

- Whether the refund was the plaintiffs’ property, that is, whether they in fact abandoned their property before or when it entered the state’s custody and, if the Act itself effectuated an abandonment of property, whether the Act did so constitutionally.
- Whether the State “directly appropriated” the property “for its own use.”
- If the state appropriated the plaintiffs’ private property for the state’s own use, the Act fails to provide just compensation.

III. Effect of Proposed Changes:

State Financial Accounting System

Sections 1, 2, 3, 6-12 of the bill relate to the state financial accounting system. The bill deletes statutory references to Florida’s current accounting system, the Florida Accounting Information Resource Subsystem (FLAIR), and removes obsolete terms and processes, conforms statute to the new state accounting system known as the Florida Planning and Ledger Management (PALM) system, updates provisions, and provides technical conforming changes.

Section 1 amends s. 17.11, F.S., relating to report disbursements made, to make technical and conforming changes to remove references to the Florida Accounting Information Resource

Subsystem (FLAIR). The bill conforms statute to the new state accounting system known as the Florida Planning and Ledger Management (PALM) system.

Section 2 amends s. 17.13, F.S., relating to the replacement of warrants lost or stolen, to make technical changes.

Section 3 amends s. 110.113, F.S., relating to pay periods for state officers and employees, by removing a provision that requires semimonthly salary payments by direct deposit.

Section 6 amends s. 215.89, F.S., relating to charts of account reporting structure, to remove obsolete requirements for the Chief Financial Officer (CFO). The CFO maintains the charts of account for state agencies. The charts of account is a compilation of uniform data codes that are to be used for reporting governmental assets, liabilities, equities, revenues, and expenditures to the CFO.⁷⁸

Section 7 amends s. 215.93, F.S., relating to the Florida Financial Management Information System, to specify a request for a copy of a document or accounting record, whether made by a public records request or subpoena, must be made to the state entity for which the document or accounting record is recorded and not to the DFS, as owner of the financial subsystem.

Section 8 amends s. 215.94, F.S., relating to Financial Management Subsystem, to remove obsolete terms and clarify existing provisions.

Section 9 amends s. 215.96, F.S., relating to the Coordinating Council (council) established under the CFO, to add the executive director of the Department of Revenue and to eliminate members of two organizations and replace them with two members appointed by the council. The council reviews and recommends to the board solutions and policy alternatives to ensure coordination between functional owners of the various information subsystems described in ss. 215.90-215.96 to the extent necessary to unify all the subsystems into a financial management information system.

Sections 10-12 amends ss. 215.985, 216.102, and 216.141, F.S., respectively to remove obsolete terms and revise terms.

Payments, Warrants, and Invoices

Section 4 amends s. 215.422, F.S., relating to payments, warrants and invoices, to clarify that if interest is incurred on an invoice owed by the state, but the original appropriation is no longer available or has been depleted, the agency may pay the interest with a similar appropriation category. The bill provides this section is not to be construed as an appropriation. Generally, under current law, DFS must approve payment of an invoice no later than 10 days after the agency the approved invoice.⁷⁹ If a warrant in payment of an invoice is not issued within 40 days after receipt of the invoice and receipt, inspection, and approval of the goods and services, the agency or judicial branch must pay to the vendor interest at the statutory interest rate.⁸⁰ Any

interest that becomes due may only be paid from the appropriation charged for such goods or services.⁸¹

My Safe Florida Home Program

Section 5 amends s. 215.5586, F.S., relating to the My Safe Florida Home Program (program) to:

- Define the terms “attached,” “detached,” and “single-family.”
- Provide that a home for which the inspection is sought must be a single-family unit on an individual parcel of land that is:
 - A detached residential property; or
 - An attached residential property not exceeding three stories.
- Provide that an applicant may submit a subsequent hurricane mitigation inspection application for the same home if more than 24 months have passed since the applicant received a hurricane mitigation inspection under this section, and the applicant has not received a grant payment through the program for that inspection.
- Codify existing law by removing a home’s insured value of \$700,000 or less exemption for low income homeowners.
- Codify existing law by limiting mitigation grants to low and moderate income owners.
- Provides an applicant’s home must undergo an initial hurricane mitigation inspection through the Program within 24 months immediately preceding the date of application.
- Provide that a grant may be spent on replacing a roof covering.
- Remove all other applications from the list of eligible applicants and removes applicants who apply 60 days after the program initially accepts applications.
- Provide that improvements must be identified by the final hurricane mitigation inspection to receive grant funds.
- Provide that the program may accept a certification directly from an applicant attesting to his or her age if the applicant provides such certification in a signed or electronically verified statement made under penalty of perjury.
- Remove the expiration date of July 1, 2026, relating to hurricane mitigation grants.
- Makes technical and conforming changes.

Workers’ Compensation Utilization and Reimbursement Disputes and the Three-Member Panel

Section 13 amends s. 440.13, F.S., relating to medical services, to allow reimbursement dispute petitions to be served via U.S. Post Office certified mail or by common carrier with verifiable tracking methods. The section extends the response time a provider has to petition the Division of Workers’ Compensation to resolve a dispute from 45 days to 60 days after receipt of notice of disallowance or adjustment of a payment by a carrier. This section is further amended to require the DFS to submit a three-member panel biennial report every five years, rather than every two years, on methods to improve the worker’s compensation health care delivery system.

Funeral, Cemetery, and Consumer Services Licensure

Section 14 creates s. 497.1411, F.S., relating to disqualification of applicants and licenses, to provide DFS the authority to permanently disqualify a licensure applicant who has been found guilty of or has pleaded guilty or nolo contendere to, regardless of adjudication, a felony of the first degree, any felony directly or indirectly involving conduct regulated under ch. 497, F.S., or a felony involving moral turpitude. An applicant who has been found guilty of or has pleaded guilty or nolo contendere to some other crime, regardless of adjudication, is subject to:

- A 10-year disqualifying period for all felonies not requiring permanent disqualification; however, an applicant who has completed at least one-half of the disqualifying period may apply for a probationary license for the remainder of the disqualifying period if, during that time, the applicant has not been found guilty of, or has not entered a plea of guilty or nolo contendere to, any offense.
- A five-year disqualifying period for all misdemeanors directly related to ch. 497, F.S.

The Board of Funeral, Cemetery, and Consumer Services (Board) is required to adopt rules to administer these provisions. Such rules must provide for additional disqualifying periods due to the commitment of multiple crimes and may include other factors reasonably related to the applicant's criminal history and must provide for mitigating and aggravating factors. However, mitigation may not reduce any disqualifying period to less than five years and may not be applied to reduce the five-year disqualifying period for all misdemeanors directly related to ch. 497, F.S.

The disqualifying period begins upon the applicant's final release from supervision or upon completion of the applicant's criminal sentence. The Board may not approve issuance of a license to an applicant until the applicant provides proof that all related fines, court costs, fees, and court-ordered restitution have been paid. After the disqualifying period has expired, the applicant has the burden to demonstrate that he or she has been rehabilitated, does not pose a risk to the public, is fit and trustworthy to engage in business regulated by ch. 497, F.S., and is otherwise qualified for licensure. An applicant who has been found guilty of, or has pleaded guilty or nolo contendere to, a crime in subsection (2) or subsection (3), and who has subsequently been granted a pardon or the restoration of civil rights is not barred or disqualified from licensure; however, such a pardon or restoration of civil rights does not require the Board to award such license.

If an applicant clearly and convincingly demonstrates that he or she would not pose a risk to persons or property if licensed, the Board may grant an exemption from such disqualification to any person disqualified under subsection (3) if:

- The applicant has paid in full any fee, fine, fund, lien, civil judgment, restitution, or cost of prosecution imposed by the court as part of the judgment and sentence for any disqualifying offense; and
- At least two years have elapsed since the applicant completed or has been lawfully released from confinement, supervision, or nonmonetary condition imposed by the court for a disqualifying offense.

The disqualification periods do not apply to the renewal of a license or to a new application for licensure if the applicant has an active license as of July 1, 2026, and the applicable criminal

history was considered by the board on the prior approval of any active license or licenses held by the applicant.

Section 15 amends s. 497.142, F.S., to remove the 10-year limitation on the disclosure of an applicant's criminal history and to require the disclosure of any felony, not just those felonies directly or indirectly related to or involving any aspect of the practice or business of funeral directing, embalming, direct disposition, cremation, funeral or cemetery preneed sales, funeral establishment operations, cemetery operations, or cemetery monument or marker sales or installation.

Division of Insurance Agent and Agency Services

Section 17 amends s. 626.171, F.S., relating to application for license as an agent, to remove reference to the unused licensure category of "reinsurance intermediary" and to authorize the DFS to accept the uniform application for resident agents and adjusters. The bill further provides that the submission by applicants of cellular telephone numbers to the DFS for the purpose of two-factor authentication of secure login credentials is voluntary. The bill also expands the current exemption for an insurance agent application filing fee to include any veteran honorably discharged from the United States Armed Forces or their spouses by removing the limitation of the exemption from the fee if the application is submitted within 24 months of their separation of service.

Section 18 amends s. 626.292, F.S., relating to transfer of a license from another state, to remove the requirement for persons transferring a license from another state to cancel the license in another state before DFS issues the license in Florida for resident agent or all-lines adjuster. The bill provides that an applicant may hold a resident license in another state for 30 days after the Florida resident license has been issued to facilitate the transfer of licensure between states.

Grounds for Refusal, Suspension, or Revocation

Section 19 amends s. 626.611, F.S., relating to the penalties DFS may impose for actions that constitute grounds for mandatory refusal, suspension, or revocation of licensure, to include requiring license reexamination. The bill also specifies that the ground for discipline for failure to pass to the satisfaction of DFS any examination required under the Florida Insurance Code includes cheating on an examination required for licensure or violating test center or examination procedures.

Section 20 amends s. 626.621, F.S., regarding the penalties DFS may impose for actions that constitute grounds for a discretionary action against a licensee or applicant for licensure, to provide that in addition to application denial, renewal denial, suspension, or revocation of a license or an appointment of an agent, adjuster, customer representative, service representative, or managing general agent, for a violation of this section, DFS may require license reexamination. This section provides that cheating on an examination required for licensure or violating test center or examination procedures published orally, in writing, or electronically at the test site by authorized representatives of the examination program administrator is a violation of the section.

Insurance Agents

Section 21 amends s. 626.731, F.S., relating to qualifications for general lines agent's license, to remove the provision that an applicant from another state for a general lines agent's license may be deemed a "bona fide resident" of Florida if the applicant furnishes a letter of clearance satisfactory to DFS that the resident licenses from the other state have been canceled or changed to a nonresident basis and that such license is in good standing.

Section 22 amends s. 626.785, F.S., relating to qualifications for license, to remove the provision that an applicant from another state for a life insurance agent's license may be deemed a "bona fide resident" of Florida if the applicant furnishes a letter of clearance satisfactory to DFS that the resident licenses from the other state have been canceled or changed to a nonresident basis and that such license is in good standing.

Section 23 amends s. 626.831, F.S., relating to qualifications for license, to remove the provision that an applicant from another state for a health insurance agent's license may be deemed a "bona fide resident" of Florida if the applicant furnishes a letter of clearance satisfactory to DFS that the resident licenses from the other state have been canceled or changed to a nonresident basis and that such license is in good standing.

Public Adjuster

Section 25 amends s. 626.854, F.S., relating to public adjusters, to provide that a public adjuster, public adjuster apprentice, or public adjusting firm must respond with specific information to a written or electronic request for claims status from a claimant or insured or their designated representative within 14 days after the date of the request and shall document in the file the response or information provided.

Title Insurers

Section 16 amends s. 626.0428, F.S., relating to agency personnel powers, duties, and limitations, to provide a technical conforming change to remove a reference to s. 626.0428(5), F.S., which is deleted in **Section 24** of the bill.

Section 24 amends s. 626.8417, F.S., relating to title insurance agent licensure and exemptions, to clarify that title insurers, acting through corporate officers, or attorneys are exempt from licensing and appointment requirements under ch. 626, F.S. Subsection (5) of s. 626.0428 is deleted since it conflicted with subsection (4), which is amended, as described above.

Section 26 repeals s. 627.797, F.S., relating to exempt agent list, which requires insurers to file a list of attorney agents with DFS. However, the report appears to be obsolete since the Division of Agent and Agency Services does not use the list.

Bail Bond Agents and Agencies

Section 27 amends s. 648.34, F.S., relating to bail bond agents and qualifications, to remove the requirement that a bail bond applicant must provide a recent photograph as part of the

application process since their photo is already taken by the examination vendor who issues the license badge.

Section 28 amends s. 648.382, F.S., relating to appointment of bail bond agents and bail bond agencies, to require that prior to any insurer or managing general agent appointing a bail bond agent or bail bond agency, the insurer or agent must obtain, rather than submit, all of the required information.

Florida Disposition of Unclaimed Property Act

(Sections 29 through 83)

The Unclaimed Property Act (Act), which is codified in ch. 717, F.S., is substantially revised by replacing the term, “unclaimed property,” with the term, “abandoned property.” **Section 29** renames the Act the “Florida Disposition of Abandoned Personal Property Act.” Technical, conforming changes are made in the Act to use the term, “apparent owner,” instead of “owner.”

Section 30 amends s. 717.101, F.S., to revise and create definitions. The bill creates a definition of the term, “abandoned property,” which means property held by a holder for which all the following are true:

- The apparent owner has shown no activity or indication of interest for the duration of the applicable dormancy period established under this chapter.
- The holder has complied with the due diligence requirements set forth in this chapter, including the issuance of notice to the apparent owner, and has received no response or contact sufficient to demonstrate continued interest in the property.

The bill defines “abandoned property purchase agreement” to mean the form adopted by the DFS pursuant to s. 717.135, F.S., which must be used, without modification or amendment, by a claimant representative to obtain consent to purchase abandoned property from an owner.

The bill defines “abandoned property recovery agreement” to mean the form adopted by the DFS pursuant to s. 717.135, F.S., which must be used, without modification or amendment, by a claimant representative to obtain consent and authority to recover abandoned property on behalf of a person.

The bill revises the definition of the term, “apparent owner,” to mean the person whose name appears on the record of the holder as the owner of the abandoned property, but whose status as the true owner entitled to receive the property may be subject to change due to the passage of time or changes in circumstances.

The bill defines the term “authorized representative” to mean a person or entity legally empowered to act on behalf of the apparent owner or his or [her] estate, including but not limited to, an agent, a fiduciary, a personal representative, a trustee, a legal heir, a guardian, or any other individual or entity authorized by law or agreement.

The term “banking organization” is revised to include financial organizations including savings associations, banking organizations, international bank agencies, cooperative banks, building and loan associations.

The definition of the term, “claimant,” is revised to expressly exclude locators, who engage in locating owners of abandoned property for a fee but are not registered with DFS. A locator is defined to mean a private individual or business that locates owners of abandoned property in exchange for a fee, typically a percentage of the recovered property. A locator is not an employee or agent of the state and is not registered with the DFS.

The term “business association” is revised to include banking organizations and transfer agents.

The definition of the term, “holder,” is revised to mean a person who is in possession of property belonging to another or whom owes a debt or an obligation to another person, including but not limited to, financial institutions, insurance companies, corporations, partnerships, fiduciaries, and government agencies.

The definition of the term, “intangible property,” is amended to specify the term does not include a non-freely transferable security; or a security that is subject to a lien, legal hold, or restriction evidenced on the records of the holder or imposed by operation of law, if the lien, legal hold, or restriction restricts the holder’s or owner’s ability to receive, transfer, sell, or otherwise negotiate the security.

The bill provides the term “locator” to mean a private individual or business that locates owners of abandoned property in exchange for a fee, typically a percentage of the recovered property. The bill specifies locators are not employees or agents of the state and are not registered with the DFS.

The bill creates a definition of the term, “non-freely transferable security” to mean a security that cannot be delivered to the administrator by the Depository Trust Clearing Corporation or similar custodian of securities providing post-trade clearing and settlement services to financial markets or cannot be delivered because there is no agent to effect transfer. The term includes a worthless security.

The bill revises the definitions of the terms, “owner,” “lawful charges” and “record.” The bill repeals obsolete terms.

Section 31 amends s. 717.102, F.S., relating to property presumed unclaimed, to provide that, unless otherwise specified, the dormancy period is five years from the date the property becomes payable or distributable. Property must be considered payable or distributable property once the holder’s obligation to pay or deliver the property arises, regardless of whether the apparent owner or authorized representative has failed to demand or to present documents required to receive payment. This section also makes technical changes to include references to abandoned property versus unclaimed property.

Further, the section provides that a presumption that property is abandoned may be rebutted by the affirmative demonstration of continued interest by the apparent owner or authorized

representative. The section clarifies how an apparent owner may demonstrate continued interest in the property. Routine automatic transactions previously excluded are not considered an indication of continued interest.

Section 32 amends s. 717.103, F.S., relating to general rules for taking custody of intangible unclaimed property, to clarify the conditions under which intangible property becomes subject to the custody of the DFS. It expressly ties custody to the expiration of the applicable dormancy period and the completion of required due diligence by the holder, reinforcing the distinction between property that is merely presumed abandoned and property that is reportable and transferable to state custody. The section makes technical changes related to the term abandoned property versus unclaimed property.

Section 33 repeals s. 717.1035, F.S., an obsolete provision, relating to property originated or issued by this state, any political subdivision of this state, or any entity incorporated, organized, created, or otherwise located in the state

Section 34 amends s. 717.104, F.S., relating to traveler's checks and money orders, to update dormancy provisions for traveler's checks and money orders to align owner-interest standards with s. 717.102, F.S. These changes promote uniform treatment across property types and reflect modern communication and recordkeeping practices

Sections 35, 36, 38 through 41, 43 through 48, 53 through 60, 62 through 73, 75, 76, 78, and 80 through 81. These sections make technical updates to reflect the change from "unclaimed property" to "abandoned property," as well as updating the term, "owner" with the term, "apparent owner," and use of the term, "authorized representative," and other terms.

Section 37 amends s. 717.106, F.S., relating to bank deposits and funds in financial organizations, to update dormancy provisions for bank deposits to align owner-interest standards with those in s. 717.102, F.S.

Section 42 amends s. 717.1101, F.S., relating to unclaimed equity and debt of business associations, to revise dormancy triggers for equity and debt interests of business associations by reinstating returned mail as a dormancy trigger and extending the dormancy period tied to owner-initiated activity from three to five years. The bill provides that stock, other equity interests, or debt of a business association is presumed abandoned if on the date of the earliest of any of the following:

- Three years after the communication sent by the holder by first class mail is returned to holder undelivered by the United States Postal Service. If such returned communication is resent within one month to the apparent owner, the three-year dormancy period does not begin until the day the resent item is returned undeliverable.
- Five years after the most recent communication of any account was initiated by the apparent owner or their authorized representative which demonstrates continued interest in the account.

The bill provides that if a holder does not send communications to the apparent holder of a security by first class mail annually, the holder must attempt to confirm the apparent owner's interest in the equity interest by sending the apparent owner an e-mail communication not later

than three years after the apparent owner's or authorized representative's last demonstration of continued interest.

The holder is required to attempt to contact the apparent owner promptly by first class mail if the holder does not have an email address or believes the email address is invalid. If the holder's first class mail is returned to the holder, the equity interest is presumed abandoned.

The bill provides that routine automatic reinvestments or other routine transactions previously authorized by the apparent owner or authorized representative do not prevent, interrupt, or reset the dormancy period and do not constitute an affirmative demonstration of continued interest. These changes are intended to reflect meaningful owner inactivity and provide additional time and opportunity for owners to maintain or reestablish contact before the property is presumed abandoned.

The section makes technical changes related to the term abandoned property versus unclaimed property.

Section 49 amends s. 717.117, F.S., to enhance holder due-diligence requirements by enhancing notice obligations and requiring more detailed, consumer-focused disclosures. Specifies the content of the notice, ensuring owners are informed of the property's type, value, potential transfer to DFS, and steps to retain or reclaim it.

Holders of property presumed abandoned that has a value of \$50 or more must use due diligence to locate and notify apparent owners by first class mail. For higher-value property of \$1,000 or more, holders must send a second notice by certified mail. Property is presumed abandoned upon the expiration of the applicable dormancy period in ch. 717, F.S., The section also requires holders to certify that reports are complete and that all due diligence requirements have been satisfied. Additionally, the section provides that securities identified as non-freely transferable or worthless are not reportable, reducing administrative burden and preventing delays in claims processing.

Section 50 amends s. 717.118, F.S., to revise the notice provisions provided by the DFS to ensure owners receive clear, accessible, and cost-effective notice after property is reported. The DFS must use cost-effective means to make at least one active attempt to notify apparent owners of abandoned property valued at \$50 or more, abandoned tangible property and abandoned shares of stock for which a reported address or taxpayer identification number is available. It updates requirements for the publicly searchable electronic database to include owners with property valued at \$10 or more, improving transparency and owner access. The current minimum dollar amount for the database is \$250.

The bill provides that this section is not applicable to abandoned sums payable on traveler's checks, money orders, and other written instruments presumed unclaimed under s. 717.104, F.S., or any other abandoned property reported without the necessary identifying information to establish ownership.

Section 51 amends s. 717.119, F.S., to clarify procedures for handling firearms discovered in abandoned safe-deposit boxes and requires a certified copy of a death certificate before the department may release wills or trust instruments, thereby protecting sensitive documents.

Section 52 amends s. 717.1201, F.S., to provide that a holder's substantial compliance with the due diligence provisions in s. 717.117, F.S., and good faith payment or delivery of abandoned unclaimed property to the department releases the holder from liability that may arise from such payment or delivery, and such delivery and payment may be pleaded as a defense in any suit or action brought by reason of such delivery or payment.

Section 61 amends s. 717.1241, F.S., to define the term "conflicting claim" to mean two or more claims received by DFS for the same abandoned property account or accounts in which two or more claimants appear to be equally entitled to the property. The term also includes circumstances in which the same claimant has more than one claim pending for the same property, including when the claimant is represented by more than one claimant representative or submits both a personal claim and a claim through a representative. The bill clarifies process and makes conforming changes to strengthen the claim verification requirements for conflicting claims for the same abandoned property, including those submitted on behalf of active corporations, by requiring additional identification.

Sections 74 and 77 amend ss. 717.1322 and 717.1341, F.S., respectively, to clarify which acts constitute violations of ch. 717, F.S., and the procedures available to the DFS for administrative and civil enforcement.

 - The agreement includes the social security number or taxpayer identification number of the seller, if a number has been issued to the seller; a valid e-mail address, mailing address, and telephone number for the seller; and is manually signed and dated by the seller with the signature notarized.
 - The agreement discloses with specificity the nature and value of the abandoned property, including the name of the apparent owner as shown by the records of the DFS, the name of the holder who remitted the property, the date of last contact, and the property category. With respect to the value of the abandoned property, the agreement must contain the following:
 - The total dollar amount of all abandoned property to be sold.
 - The total percentage of the value of the abandoned property to be paid as net gain to the purchaser.
 - The total net dollar amount to be received by the seller
 - The agreement states the abandoned property account number for each abandoned property account sold.
 - The purchase price does not discount the total value of all abandoned property subject to the sale by more than 30 percent.

- The agreement states that the amount of the purchase price will be remitted to the seller by the purchaser within 30 days after the execution of the agreement by the seller.
- The agreement includes the name, address, e-mail address, and phone number of the purchaser.

- A copy of an executed Florida Abandoned Property Purchase Agreement must be filed with the purchaser's claim, along with proof that the purchaser has made payment in full, and all other required documentation. If proof of payment is not provided, the DFS may not approve the claim.
- A purchase agreement under this section that discounts the value of abandoned property by more than the amount authorized in paragraph (1)(e) is enforceable only by the seller.

Sections 82 amends s. 717.139, F.S., to provide Legislative intent and findings and clarify the public purpose underlying ch. 717, F.S., reinforcing the program's role as a consumer protection program designed to safeguard abandoned property and facilitate its return to rightful owners through a consistent custodial framework. The section provides that it is the intent of the Legislature that property reported under ch. 717, F.S., remains the property of the owner, and the State of Florida acts solely as a custodian, not as the owner, of such property.

Section 83 amends s. 717.1400, F.S., to clarify registration requirements and ongoing standards for claimant representatives, including disclosure obligations, minimum activity thresholds, and grounds for revocation.

Sections 86 and 87 provide technical conforming changes to update statutory cross references in ss. 197.582 and 626.9541, F.S.

Section 88 reenacts s. 772.13, F.S., for the purpose of incorporating a change within s. 717.101, F.S.

payment of the principal or income, communicated concerning the property, or otherwise indicated an interest in the property as evidenced by a memorandum or other record on file with the fiduciary.

Section 49. Section 717.1125, Florida Statutes, is amended to read:

717.1125 Property held by fiduciaries under trust instruments.—All intangible property and any income or increment thereon held in a fiduciary capacity for the benefit of another person under a trust instrument is presumed abandoned ~~unclaimed~~ unless the apparent owner has, within 2 years after it has become payable or distributable, increased or decreased the principal, accepted payment of principal or income, communicated concerning the property, or otherwise indicated an interest as evidenced by a memorandum or other record on file with the fiduciary. This section does not relieve a fiduciary of his or her duties under the Florida Trust Code.

Section 50. Section 717.113, Florida Statutes, is amended to read:

717.113 Property held by courts and public agencies.—All intangible property held for the apparent owner by any court, government or governmental subdivision or agency, public corporation, or public authority that has not been claimed by the apparent owner for more than 1 year after it became payable or distributable is presumed abandoned ~~unclaimed~~. Except as provided in s. 45.032(3)(c), money held in the court registry and for which no court order has been issued to determine an owner does not become payable or distributable and is not subject to reporting under this chapter. Notwithstanding the

557824

provisions of this section, funds deposited in the Minerals Trust Fund pursuant to s. 377.247 are presumed abandoned ~~unclaimed~~ only if the funds have not been claimed by the apparent owner for more than 5 years after the date of first production from the well.

Section 51. Section 717.115, Florida Statutes, is amended to read:

717.115 Wages.—Unpaid wages, including wages represented by unrepresented payroll checks, owing in the ordinary course of the holder's business that have not been claimed by the apparent owner for more than 1 year after becoming payable are presumed abandoned ~~unclaimed~~.

Section 52. Section 717.116, Florida Statutes, is amended to read:

717.116 Contents of safe-deposit box or other safekeeping repository.—All tangible and intangible property held by a banking or financial organization in a safe-deposit box or any other safekeeping repository in this state in the ordinary course of the holder's business, and proceeds resulting from the sale of the property permitted by law, that has not been claimed by the apparent owner or authorized representative for more than 3 years after the lease or rental period on the box or other repository has expired are presumed abandoned ~~unclaimed~~.

Section 53. Section 717.117, Florida Statutes, is amended to read:

717.117 Holder due diligence and report of abandoned ~~unclaimed~~ property.—

(1) Property is presumed abandoned upon expiration of the applicable dormancy period under this chapter. However, such

557824

property is not deemed abandoned for purposes of reporting or
remittance to the department until the holder has conducted
reasonable due diligence as required by this section, resulting
in no indication of interest from the apparent owner or
authorized representative.

(2) Holders of property presumed abandoned that has a value
of \$50 or more shall use due diligence to locate and notify the
apparent owner that the holder is in possession of property
subject to this chapter. At least 90 days, but not more than 180
days, before filing the report required by this section, a
holder in possession of presumed abandoned property shall send
written notice by first-class United States mail to the apparent
owner's last known address as shown in the holder's records or
from other available sources, or by e-mail if the apparent owner
has elected for e-mail delivery, informing the apparent owner
that the holder is in possession of property subject to this
chapter, provided that the holder's records contain a mailing or
e-mail address for the apparent owner which is not known by the
holder to be inaccurate. The holder may provide notice by mail,
by e-mail, or by both methods. If the holder's records indicate
that the mailing address is inaccurate, notice may be provided
by e-mail if the apparent owner has elected e-mail delivery.

(3) If the value of the property is greater than \$1,000,
the holder shall send a second written notice by certified
United States mail, return receipt requested, to the apparent
owner's last known address at least 60 days before filing the
report required by this section, if the holder's records contain
a mailing address for the apparent owner which is not known by
the holder to be inaccurate. Reasonable costs paid to the United

557824

States Postal Service for certified mail, return receipt requested, may be deducted from the property as a service charge. A signed return receipt received in response to the certified mail notice constitutes an affirmative demonstration of continued interest as described in s. 717.102.

(4) The written notice required under this section must include:

(a) A heading that reads substantially as follows: "Notice: The State of Florida requires us to notify you that your property may be transferred to the custody of the Florida Department of Financial Services if you do not contact us before ...(insert date that is at least 30 days after the date of notice)...."

(b) A description of the type, nature, and, unless the property does not have a fixed value, value of the property that is the subject of the notice.

(c) A statement that the property will be turned over to the custody of the department as abandoned property if no response is received.

(d) A statement that noncash property will be sold or liquidated by the department.

(e) A statement that, after the property is remitted to the department, a claim must be filed with the department to recover the property.

(f) A statement that the property is currently in the custody of the holder and that the apparent owner may prevent transfer of the property by contacting the holder before the deadline stated in the notice.

(g) If the property is virtual currency, a statement that

557824

the virtual currency will be liquidated by the holder before it is remitted to the department and that only the proceeds of the liquidation will be transferred.

(5) Every holder of abandoned ~~person holding funds or other~~ property, tangible or intangible, ~~presumed unclaimed and~~ subject to custody ~~as unclaimed property~~ under this chapter shall submit a report to the department via electronic medium as the department may prescribe by rule. The report must include:

(a) Except for traveler's checks and money orders, the name, social security number or taxpayer identification number, date of birth, if known, and last known address, if any, of each ~~apparent person appearing from the records of the holder to be~~ the owner of any property which is abandoned ~~presumed unclaimed~~ and which has a value of \$10 or more.

(b) For abandoned ~~unclaimed~~ funds that have a value of \$10 or more held or owing under any life or endowment insurance policy or annuity contract, the identifying information provided in paragraph (a) for both the insured or annuitant and the beneficiary according to records of the insurance company holding or owing the funds.

(c) For all tangible property held in a safe-deposit box or other safekeeping repository, a description of the property and the place where the property is held and may be inspected by the department, and any amounts owing to the holder. Contents of a safe-deposit box or other safekeeping repository which consist of documents or writings ~~of a private nature and~~ which have little or no commercial value ~~may apparent value shall~~ not be reported as abandoned property ~~presumed unclaimed~~.

(d) The nature or type of property, any accounting or

557824

identifying number associated with the property, a description of the property, and the amount appearing from the records to be due. Items of value of less than \$10 each may be reported in the aggregate.

(e) The date the property became payable, demandable, or returnable, and the date of the last transaction with the apparent owner with respect to the property.

(f) Any other information the department may prescribe by rule as necessary for the administration of this chapter.

~~(6)(2)~~ If the total value of all abandoned ~~presumed~~ ~~unclaimed~~ property, whether tangible or intangible, held by a person is less than \$10, a zero balance report may be filed for that reporting period.

~~(7)(3)~~ Credit balances, customer overpayments, security deposits, and refunds having a value of less than \$10 may not be reported as abandoned property ~~shall not be presumed unclaimed.~~

(8) A security identified by the holder as non-freely transferable or worthless may not to be included in a report filed under this section. If the holder determines that a security is no longer non-freely transferable or worthless, the holder shall report and deliver the security on the next regular report date prescribed for delivery of securities by the holder under this chapter.

~~(9)(4)~~ If the holder of abandoned property ~~presumed unclaimed~~ ~~and subject to custody under this chapter as unclaimed property~~ is a successor holder or if the holder has changed the holder's name while in possession of the property, the holder shall file with the holder's report all known names and addresses of each prior holder of the property. Compliance with

557824

this subsection means the holder exercises reasonable and prudent efforts to determine the names of all prior holders.

(10) The report must be signed by or on behalf of the holder and verified as to its completeness and accuracy, and the holder must state that it has complied with the due diligence requirements of this section.

(11)~~(5)~~ The report must be filed before May 1 of each year. The report applies to the preceding calendar year. Upon written request by any person required to file a report, and upon a showing of good cause, the department may extend the reporting date. The department may impose and collect a penalty of \$10 per day up to a maximum of \$500 for the failure to timely report, if an extension was not provided or if the holder of the property failed to include in a report information required by this chapter which was in the holder's possession at the time of reporting. The penalty shall be remitted to the department within 30 days after the date of the notification to the holder that the penalty is due and owing. As necessary for proper administration of this chapter, the department may waive any penalty due with appropriate justification. The department must provide information contained in a report filed with the department to any person requesting a copy of the report or information contained in a report, to the extent the information requested is not confidential, within 45 days after the department determines that the report is accurate and acceptable and that the reported property is the same as the remitted property.

~~(6) Holders of inactive accounts having a value of \$50 or more shall use due diligence to locate and notify apparent~~

557824

~~owners that the entity is holding unclaimed property available for them to recover. Not more than 120 days and not less than 60 days prior to filing the report required by this section, the holder in possession of property presumed unclaimed and subject to custody as unclaimed property under this chapter shall send written notice by first-class United States mail to the apparent owner at the apparent owner's last known address from the holder's records or from other available sources, or via electronic mail if the apparent owner has elected this method of delivery, informing the apparent owner that the holder is in possession of property subject to this chapter, if the holder has in its records a mailing or electronic address for the apparent owner which the holder's records do not disclose to be inaccurate. These two means of contact are not mutually exclusive; if the mailing address is determined to be inaccurate, electronic mail may be used if so elected by the apparent owner.~~

~~(7) The written notice to the apparent owner required under this section must:~~

~~(a) Contain a heading that reads substantially as follows: "Notice. The State of Florida requires us to notify you that your property may be transferred to the custody of the Florida Department of Financial Services if you do not contact us before ... (insert date that is at least 30 days after the date of notice)"~~

~~(b) Identify the type, nature, and, except for property that does not have a fixed value, value of the property that is the subject of the notice.~~

~~(c) State that the property will be turned over to the~~

557824

~~eustody of the department as unclaimed property if no response to this letter is received.~~

~~(d) State that any property that is not legal tender of the United States may be sold or liquidated by the department.~~

~~(e) State that after the property is turned over to the department, an apparent owner seeking return of the property may file a claim with the department.~~

~~(f) State that the property is currently with a holder and provide instructions that the apparent owner must follow to prevent the holder from reporting and paying for the property or from delivering the property to the department.~~

~~(12)(8)~~ Any holder of intangible property may file with the department a petition for determination that the property is abandoned and unclaimed requesting the department to accept custody of the property. The petition shall state any special circumstances that exist, contain the information required by subsection (9) ~~subsection (4)~~, and show that a diligent search has been made to locate the apparent owner. If the department finds that the proof of diligent search is satisfactory, it shall give notice as provided in s. 717.118 and accept custody of the property.

~~(13)(9)~~ Upon written request by any entity or person required to file a report, stating such entity's or person's justification for such action, the department may place that entity or person in an inactive status as an abandoned unclaimed property "holder."

~~(14)(10)~~ (a) This section does not apply to the abandoned unclaimed patronage refunds as provided for by contract or through bylaw provisions of entities organized under chapter 425

557824

or that are exempt from ad valorem taxation pursuant to s.
196.2002.

(b) This section does not apply to intangible property held, issued, or owing by a business association subject to the jurisdiction of the United States Surface Transportation Board or its successor federal agency if the apparent owner of such intangible property is a business association. The holder of such property does not have any obligation to report, to pay, or to deliver such property to the department.

(c) This section does not apply to credit balances, overpayments, refunds, or outstanding checks owed by a health care provider to a managed care payor with whom the health care provider has a managed care contract, provided that the credit balances, overpayments, refunds, or outstanding checks become due and owing pursuant to the managed care contract.

~~(15)~~~~(11)~~(a) As used in this subsection, the term "property identifier" means the descriptor used by the holder to identify the abandoned ~~unclaimed~~ property.

(b) Social security numbers and property identifiers contained in reports required under this section, held by the department, are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(c) This exemption applies to social security numbers and property identifiers held by the department before, on, or after the effective date of this exemption.

(16) Notwithstanding any other provision of this section, equity interests in business associations and securities accounts are not presumed abandoned solely due to inactivity if the holder knows the location of the apparent owner.

557824

(a) For purposes of this subsection, a holder shall perform annual data matching of owner records maintained in its database against commercially available third-party data comparison sources to identify updated owner address information and indicators of deceased status. Using any updated information, together with existing information of record, the holder is deemed to know the location of the apparent owner under this subsection if:

1. The holder communicates with the apparent owner at least annually by first-class United States mail or electronic means, including, but not limited to, electronic mail, text message, mobile application, or similar mechanism;

2. Such communication is successfully delivered, meaning not returned as undeliverable;

3. One or more additional account-level indicators demonstrate an owner indication of interest occurring at least once every 10 years, including:

a. Owner-initiated activity, such as authenticated access to website, mobile engagement via mobile messaging, or other authenticated third-party account servicing software;

b. Updated contact information received through an authorized financial adviser;

c. Responses to account notifications or alerts;

d. Negotiation of distributions, including dividends; and

e. Any other action by the apparent owner or authorized representative which reasonably demonstrates to the holder that the apparent owner or authorized representative is aware of and maintains an interest in the property.

(b) Automatic deposits, reinvestments, or other recurring

557824

transactions initiated by the holder may not independently constitute an indication of apparent owner interest for purposes of this subsection.

(c) If the conditions in paragraph (a) are not satisfied and the owner's location is deemed unknown, the equity interest or securities account may be presumed abandoned:

1. Ten years after the owner's most recent indication of interest in the property; or

2. Five years after the date a communication is returned as undeliverable, unless the owner responds to a due-diligence notice before the reporting deadline.

(d) The equity interest or securities account may be presumed abandoned only after reasonable efforts to locate the owner have been unsuccessful and the holder has complied with the due-diligence requirements of this chapter.

(e) This subsection applies to equity interests and securities accounts held directly by the owner or indirectly through a brokerage account or similar account.

Section 54. Section 717.118, Florida Statutes, is amended to read:

717.118 Notification of apparent owners of abandoned ~~unclaimed~~ property.—

(1) It is specifically recognized that the state has an obligation to make an effort to notify apparent owners in a cost-effective manner that their abandoned property has been reported and remitted to the department ~~of unclaimed property in a cost-effective manner~~. In order to provide all the citizens of this state an effective and efficient program for the recovery of abandoned personal ~~unclaimed~~ property, the department shall

557824

use cost-effective means to make at least one active attempt to notify apparent owners of abandoned ~~unclaimed~~ property ~~accounts~~ valued at \$50 or more, abandoned tangible property, and abandoned shares of stock for which more than \$250 with a reported address or taxpayer identification number is available. Such active attempt to notify apparent owners shall include any attempt by the department to directly contact the apparent owner. Other means of notification, such as publication of the names of apparent owners in the newspaper, on television, on the Internet, or through other promotional efforts and items in which the department does not directly attempt to contact the apparent owner are expressly declared to be passive attempts. ~~Nothing in~~ This subsection does not preclude ~~precludes~~ other agencies or entities of state government from notifying owners of the existence of abandoned ~~unclaimed~~ property or attempting to notify apparent owners of abandoned ~~unclaimed~~ property.

(2) Notification provided directly to individual apparent owners shall contain ~~consist of~~ a description of the abandoned property and information regarding recovery of the ~~unclaimed~~ property from the department. The form and content of the department's notice shall be tailored to the type of property reported and shall include any information necessary to reasonably inform the apparent owner of the consequences of failure to claim the property, including potential sale or disposition under s. 717.122.

(3) The department shall maintain a publicly accessible, electronically searchable website that includes the names of apparent owners of abandoned property reported to the department and instructions for filing a claim. The website must list

557824

property valued at \$10 or more and provide instructions for
filing a claim. Abandoned property valued at less than \$10
remains recoverable from the department in accordance with this
chapter.

(4) This section is not applicable to abandoned sums
payable on traveler's checks, money orders, and other written
instruments ~~presumed unclaimed~~ under s. 717.104, or any other
abandoned property reported without the necessary identifying
information to establish ownership.

Section 55. Section 717.119, Florida Statutes, is amended
to read:

717.119 Payment or delivery of abandoned ~~unclaimed~~
property.—

(1) Every person who is required to file a report under s.
717.117 shall simultaneously pay or deliver to the department
all abandoned ~~unclaimed~~ property required to be reported. Such
payment or delivery shall accompany the report as required in
this chapter for the preceding calendar year.

(2) Payment of abandoned ~~unclaimed~~ funds may be made to the
department by electronic funds transfer.

(3) If the apparent owner establishes the right to receive
the abandoned ~~unclaimed~~ property to the satisfaction of the
holder before the property has been delivered to the department
or it appears that for some other reason ~~the presumption that~~
the property was erroneously classified as abandoned ~~is~~
~~unclaimed is erroneous~~, the holder need not pay or deliver the
property to the department. In lieu of delivery, the holder
shall file a verified written explanation of the proof of claim
or of the error in classification of ~~the presumption that the~~

557824

property as abandoned ~~was unclaimed~~.

(4) All virtual currency reported under this chapter on the annual report filing required in s. 717.117 shall be remitted to the department with the report. The holder shall liquidate the virtual currency and remit the proceeds to the department. The liquidation must occur within 30 days before the filing of the report. Upon delivery of the virtual currency proceeds to the department, the holder is relieved of all liability of every kind in accordance with the provisions of s. 717.1201 to every person for any losses or damages resulting to the person by the delivery to the department of the virtual currency proceeds.

(5) All stock or other intangible ownership interest reported under this chapter on the annual report filing required in s. 717.117 shall be remitted to the department with the report. Upon delivery of the stock or other intangible ownership interest to the department, the holder and any transfer agent, registrar, or other person acting for or on behalf of a holder is relieved of all liability of every kind in accordance with the provisions of s. 717.1201 to every person for any losses or damages resulting to the person by the delivery to the department of the stock or other intangible ownership interest.

(6) All intangible and tangible property held in a safe-deposit box or any other safekeeping repository reported under s. 717.117 shall not be delivered to the department until 120 days after the report due date. The delivery of the property, through the United States mail or any other carrier, shall be insured by the holder at an amount equal to the estimated value of the property. Each package shall be clearly marked on the outside "Deliver Unopened." A holder's safe-deposit box contents

557824

shall be delivered to the department in a single shipment. In lieu of a single shipment, holders may provide the department with a single detailed shipping schedule that includes package tracking information for all packages being sent pursuant to this section.

(a) Holders may remit the value of cash and coins found in abandoned ~~unclaimed~~ safe-deposit boxes to the department by cashier's check or by electronic funds transfer, unless the cash or coins have a value above face value. The department shall identify by rule those cash and coin items having a numismatic value. Cash and coin items identified as having a numismatic value shall be remitted to the department in their original form.

(b) Any firearm or ammunition found in an abandoned ~~unclaimed~~ safe-deposit box or any other safekeeping repository shall be delivered by the holder to a law enforcement agency for property handling or disposal pursuant to s. 705.103(2)(b). If the firearm is sold by the law enforcement agency, with the balance of the proceeds shall be deposited into the State School Fund ~~if the firearm is sold. However,~~ The department is authorized to make a reasonable attempt to ascertain the historical value to collectors of any firearm that has been delivered to the department. Any firearm appearing to have historical value to collectors may be sold by the department pursuant to s. 717.122 to a person having a federal firearms license. Any firearm which is not sold pursuant to s. 717.122 shall be delivered by the department to a law enforcement agency in this state for proper handling or disposal. In accordance with ~~pursuant to~~ s. 705.103(2)(b), if the firearm is sold by the

557824

law enforcement agency, ~~with~~ the balance of the proceeds shall
be deposited into the State School Fund ~~if the firearm is sold~~.
The department shall not be administratively, civilly, or
criminally liable for any firearm delivered by the department to
a law enforcement agency in this state for disposal.

(c) If such property is not paid or delivered to the
department on or before the applicable payment or delivery date,
the holder shall pay to the department a penalty for each safe-
deposit box shipment received late. The penalty shall be \$100
for a safe-deposit box shipment container that is late 30 days
or less. Thereafter, the penalty shall be \$500 for a safe-
deposit box shipment container that is late for each additional
successive 30-day period. The penalty assessed against a holder
for a late safe-deposit box shipment container shall not exceed
\$4,000 annually. The penalty shall be remitted to the department
within 30 days after the date of the notification to the holder
that the penalty is due and owing.

(d) The department may waive any penalty due with
appropriate justification, as provided by rule.

(e) If a will or trust instrument is included among the
contents of an abandoned ~~a~~ safe-deposit box or other safekeeping
repository delivered to the department, the department must
provide a copy of the will, trust, and any codicils or
amendments to such will or trust instrument, upon request, to
anyone who provides the department with a certified copy of the
death certificate or another government-certified record
evidencing ~~evidence of~~ the death of the testator or settlor.

(7) Any holder may request an extension in writing of up to
60 days for the delivery of property if extenuating

557824

circumstances exist for the late delivery of the property. Any such extension the department may grant shall be in writing.

(8) A holder may not assign or otherwise transfer its obligation to report, pay, or deliver property or to comply with the provisions of this chapter, other than to a parent, subsidiary, or affiliate of the holder.

(a) Unless otherwise agreed to by the parties to a transaction, the holder's successor by merger or consolidation, or any person or entity that acquires all or substantially all of the holder's capital stock or assets, is responsible for fulfilling the holder's obligation to report, pay, or deliver property or to comply with the duties of this chapter regarding the transfer of property owed to the holder's successor and being held for an owner resulting from the merger, consolidation, or acquisition.

(b) This subsection does not prohibit a holder from contracting with a third party for the reporting of abandoned ~~unclaimed~~ property, but the holder remains responsible to the department for the complete, accurate, and timely reporting of the property.

Section 56. Subsections (1), (2), and (4) of section 717.1201, Florida Statutes, are amended to read:

717.1201 Custody by state; holder liability; reimbursement of holder paying claim; reclaiming for owner; payment of safe-deposit box or repository charges.—

(1) Upon the good faith payment or delivery of abandoned ~~unclaimed~~ property to the department, the state assumes custody and responsibility for the safekeeping of the property. Any person who pays or delivers abandoned ~~unclaimed~~ property to the

557824

department in good faith is relieved of all liability to the extent of the value of the property paid or delivered for any claim then existing or which thereafter may arise or be made with ~~in~~ respect to the property.

(a) A holder's substantial compliance with the due diligence provisions in s. 717.117 ~~s. 717.117(6)~~ and good faith payment or delivery of abandoned ~~unclaimed~~ property to the department releases the holder from liability that may arise from such payment or delivery, and such delivery and payment may be pleaded as a defense in any suit or action brought by reason of such delivery or payment. This section does not relieve a fiduciary of his or her duties under the Florida Trust Code or Florida Probate Code.

(b) If the holder pays or delivers property to the department in good faith and thereafter any other person claims the property from the holder paying or delivering, or another state claims the money or property under that state's laws relating to escheat or abandoned or unclaimed property, the department, upon written notice of the claim, shall defend the holder against the claim and indemnify the holder against any liability on the claim, except that a holder may not be indemnified against penalties imposed by another state.

(2) For the purposes of this section, a payment or delivery of abandoned ~~unclaimed~~ property is made in good faith if:

(a) The payment or delivery was made in conjunction with an accurate and acceptable report.

(b) The payment or delivery was made in a reasonable attempt to comply with this chapter and other applicable general law.

557824

(c) The holder had a reasonable basis for believing, based on the facts then known, that the property was abandoned ~~unclaimed~~ and subject to this chapter.

(d) There is no showing that the records pursuant to which the delivery was made did not meet reasonable commercial standards of practice in the industry.

(4) Any holder who has delivered property, including a certificate of any interest in a business association, other than money to the department pursuant to this chapter may reclaim the property if still in the possession of the department, without payment of any fee or other charges, upon filing proof that the person entitled to the property ~~owner~~ has claimed it ~~the property~~ from the holder.

Section 57. Section 717.122, Florida Statutes, is amended to read:

717.122 Public sale of abandoned ~~unclaimed~~ property.—

(1) Except as provided in paragraph (2)(a), the department after the receipt of abandoned ~~unclaimed~~ property shall sell it to the highest bidder at public sale on the Internet or at a specified physical location wherever in the judgment of the department the most favorable market for the property involved exists. The department may decline the highest bid and reoffer the property for sale if in the judgment of the department the bid is insufficient. The department shall have the discretion to withhold from sale any abandoned ~~unclaimed~~ property that the department deems to be of benefit to the people of the state. If in the judgment of the department the probable cost of sale exceeds the value of the property, it need not be offered for sale and may be disposed of as the department determines

557824

appropriate. Any sale at a specified physical location held under this section must be preceded by a single publication of notice, at least 3 weeks in advance of sale, in a newspaper of general circulation in the county in which the property is to be sold. The department shall proportionately deduct auction fees, preparation costs, and expenses from the amount posted to an ~~the~~ ~~owner's~~ account for an abandoned ~~when~~ safe-deposit box when the contents are sold. No action or proceeding may be maintained against the department for or on account of any decision to decline the highest bid or withhold any abandoned ~~unclaimed~~ property from sale.

(2)(a) Securities listed on an established stock exchange must be sold at prices prevailing at the time of sale on the exchange. Other securities may be sold over the counter at prices prevailing at the time of sale or by any other method the department deems advisable. The department may authorize the agent or broker acting on behalf of the department to deduct fees from the proceeds of these sales at a rate agreed upon in advance by the agent or broker and the department. The department shall reimburse owners' accounts for these brokerage fees from the State School Fund unless the securities are sold at the owner's request.

(b) Unless the department deems it to be in the public interest to do otherwise, all abandoned securities ~~presumed unclaimed and~~ delivered to the department may be sold upon receipt. Any person making a claim pursuant to this chapter is entitled to receive either the securities delivered to the department by the holder, if they still remain in the hands of the department, or the proceeds received from sale, but no

557824

person has any claim under this chapter against the state, the holder, any transfer agent, any registrar, or any other person acting for or on behalf of a holder for any appreciation in the value of the property occurring after delivery by the holder to the state.

(c) Certificates for abandoned ~~unclaimed~~ stock or other equity interest of business associations that cannot be canceled and registered in the department's name or that cannot be readily liquidated and converted into the currency of the United States may be sold for the value of the certificate, if any, in accordance with subsection (1) or may be destroyed in accordance with s. 717.128.

(3) The purchaser of property at any sale conducted by the department pursuant to this chapter is entitled to ownership of the property purchased free from all claims of the owner or previous holder thereof and of all persons claiming through or under them. The department shall execute all documents necessary to complete the transfer of ownership.

(4) The sale of abandoned ~~unclaimed~~ tangible personal property is not subject to tax under chapter 212 when such property is sold by or on behalf of the department pursuant to this section.

Section 58. Section 717.123, Florida Statutes, is amended to read:

717.123 Deposit of funds.—

(1) All funds received under this chapter, including the proceeds from the sale of abandoned ~~unclaimed~~ property under s. 717.122, shall immediately ~~forthwith~~ be deposited by the department in the Unclaimed Property Trust Fund. The department

557824

shall retain, from funds received under this chapter, an amount not exceeding \$15 million from which the department shall make prompt payment of claims allowed by the department and shall pay the costs incurred by the department in administering and enforcing this chapter. All remaining funds received by the department under this chapter shall be deposited by the department into the State School Fund.

2968 statement with the original claim form and the original
2969 Abandoned Unclaimed Property Recovery Agreement or Abandoned

557824

~~Unclaimed~~ Property Purchase Agreement, if applicable, is void.

(a) Within 90 days after receipt of a claim, the department may return any claim that provides for the receipt of fees and costs greater than that permitted under this chapter or that contains any apparent errors or omissions. The department may also request that the claimant or the claimant ~~claimant's~~ representative provide additional information. The department shall retain a copy or electronic image of the claim.

(b) A claim is ~~considered to have been~~ withdrawn by a ~~claimant or the claimant's representative~~ if any of the following applies: the department does not receive a response to its request for additional information within 60 days after the notification of any apparent errors or omissions.

1. The department receives a written acknowledgment from the claimant confirming withdrawal of the claim.

2. The department receives a written notice to withdraw the claim from a claimant representative which is accompanied by written authorization from the claimant expressly approving withdrawal of the claim.

a. The authorization must state the reason for the withdrawal, contain an acknowledgment that the claimant understands that withdrawal will affect the processing of that claim and may affect the processing of other pending claims, and must be signed by the claimant.

b. The claimant's authorization must be submitted concurrently with, or as part of, the withdrawal notice.

3. The claimant or the claimant's representative fails to respond to the department's written request for additional information within 60 days after the department provides notice

557824

of any apparent errors or omissions.

(c) Within 90 days after receipt of the claim, or the response of the claimant or the claimant ~~claimant's~~ representative to the department's request for additional information, whichever is later, the department shall determine each claim. Such determination shall contain a notice of rights provided by ss. 120.569 and 120.57. The 90-day period shall be extended by 60 days if the department has good cause to need additional time or if the abandoned ~~unclaimed~~ property:

1. Is owned by a person who has been a debtor in bankruptcy;

2. Was reported with an address outside of the United States;

3. Is being claimed by a person outside of the United States; or

4. Contains documents filed in support of the claim that are not in the English language and have not been accompanied by an English language translation.

(2) A claim for a cashier's check or a stock certificate without the original instrument may require an indemnity bond equal to the value of the claim to be provided prior to issue of the stock or payment of the claim by the department.

(3) The department may require an affidavit swearing to the authenticity of the claim, lack of documentation, and an agreement to allow the department to provide the name and address of the claimant to subsequent claimants coming forward with substantiated proof to claim the account. This shall apply to claims equal to or less than \$250. The exclusive remedy of a subsequent claimant to the property shall be against the person

557824

who received the property from the department.

(4)(a) Except as otherwise provided in this chapter, if a claim is determined in favor of the claimant, the department shall deliver or pay over to the claimant the property or the amount the department actually received or the proceeds if it has been sold by the department, together with any additional amount required by s. 717.121.

(b) If a claimant ~~an owner~~ authorizes a claimant representative ~~an attorney licensed to practice law in this state, a Florida-certified public accountant, or a private investigator licensed under chapter 493, and~~ registered with the department under this chapter, to claim the abandoned ~~unclaimed~~ property on the claimant's ~~owner's~~ behalf, the department is authorized to make distribution of the property or money in accordance with the Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement under s. 717.135. The original Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement must be executed by the claimant or seller and must be filed with the department.

(c)1. Payments of approved claims for unclaimed cash accounts must be made to the owner after deducting any fees and costs authorized by the claimant under an Abandoned ~~Unclaimed~~ Property Recovery Agreement. The contents of a safe-deposit box or shares of securities must be delivered directly to the claimant.

2. Payments of fees and costs authorized under an Abandoned ~~Unclaimed~~ Property Recovery Agreement for approved claims must be made or issued to the law firm of the designated attorney

557824

(5) The department is ~~shall~~ not be administratively, civilly, or criminally liable for any property or funds distributed pursuant to this section, provided such distribution is made in good faith.

(6) This section does not supersede the licensing requirements of chapter 493.

(7) The department may allow an apparent owner to electronically submit a claim for abandoned ~~unclaimed~~ property to the department. If a claim is submitted electronically for \$2,000 or less, the department may use a method of identity verification other than a copy of a valid driver license, other government-issued photographic identification, or a sworn notarized statement. The department may adopt rules to implement this subsection.

(8) Notwithstanding any other provision of this chapter, the department may develop and implement an identification verification and disbursement process by which an account valued at \$2,000 or less, after being received by the department and

557824

added to the abandoned ~~unclaimed~~ property database, may be disbursed to an apparent owner after the department has verified that the apparent owner is living and that the apparent owner's current address is correct. The department shall include with the payment a notification and explanation of the dollar amount, the source, and the property type of each account included in the disbursement. The department shall adopt rules to implement this subsection.

(9)(a) Notwithstanding any other provision of this chapter, the department may develop and implement a verification and disbursement process by which an account, after being received by the department and added to the abandoned ~~unclaimed~~ property database, for which the apparent owner entity is:

1. A state agency in this state or a subdivision or successor agency thereof;
2. A county government in this state or a subdivision thereof;
3. A public school district in this state or a subdivision thereof;
4. A municipality in this state or a subdivision thereof;
- or
5. A special taxing district or authority in this state,

may be disbursed to the apparent owner entity or successor entity. The department shall include with the payment a notification and explanation of the dollar amount, the source, and the property type of each account included in the disbursement.

(b) The department may adopt rules to implement this

557824

subsection.

(10) Notwithstanding any other provision of this chapter, the department may develop a process by which a claimant ~~claimant's~~ representative ~~or a buyer of unclaimed property~~ may electronically submit to the department an electronic image of a completed claim and claims-related documents under this chapter, including an Abandoned Unclaimed Property Recovery Agreement or Abandoned Unclaimed Property Purchase Agreement that has been signed and dated by a claimant or seller under s. 717.135, after the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~ receives the original documents provided by the claimant or the seller for any claim. Each claim filed by a claimant ~~claimant's~~ representative ~~or a buyer of unclaimed property~~ must include a statement by the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~ attesting that all documents are true copies of the original documents and that all original documents are physically in the possession of the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~. All original documents must be kept in the original form, by claim number, under the secure control of the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~ and must be available for inspection by the department in accordance with s. 717.1315. The department may adopt rules to implement this subsection.

(11) This section applies to all abandoned unclaimed property reported and remitted to the Chief Financial Officer, including, but not limited to, property reported pursuant to ss. 45.032, 732.107, 733.816, and 744.534.

557824

to read:

717.12403 Abandoned ~~Unclaimed~~ demand, savings, or checking account in a financial institution held in the name of more than one person.—

(1) (a) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported as an “and” account in the name of two or more persons who are not beneficiaries, it is presumed that each person must claim the account in order for the claim to be approved by the department. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and convincing evidence demonstrating that the account should have been reported by the financial institution as an “or” account.

(b) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported as an “and” account and one of the persons on the account is deceased, it is presumed that the account is a survivorship account. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and convincing evidence demonstrating that the account is not a survivorship account.

(2) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported as an “or” account in the name of two or more persons who are not beneficiaries, it is presumed that either person listed on the account may claim the entire amount held in the account. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and

557824

convincing evidence demonstrating that the account should have been reported by the financial institution as an "and" account.

(3) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported in the name of two or more persons who are not beneficiaries without identifying whether the account is an "and" account or an "or" account, it is presumed that the account is an "or" account. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and convincing evidence demonstrating that the account should have been reported by the financial institution as an "and" account.

(4) The department shall be deemed to have made a distribution in good faith if the department remits funds consistent with this section.

Section 62. Subsection (2) of section 717.12404, Florida Statutes, is amended to read:

717.12404 Claims on behalf of a business entity or trust.—

(2) Claims on behalf of an active or a dissolved corporation, a business entity ~~other than an active corporation~~, or a trust must include a legible copy of a valid driver license of the person acting on behalf of the ~~dissolved~~ corporation, business entity ~~other than an active corporation~~, or trust. If the person has not been issued a valid driver license, the department shall be provided with a legible copy of a photographic identification of the person issued by the United States, a foreign nation, or a political subdivision or agency thereof. In lieu of photographic identification, a notarized sworn statement by the person may be provided which affirms the

557824

person's identity and states the person's full name and address. The person must produce his or her photographic identification issued by the United States, a state or territory of the United States, a foreign nation, or a political subdivision or agency thereof or other evidence deemed acceptable by the department by rule. The notary shall indicate the notary's full address on the notarized sworn statement. Any claim filed without the required identification or the sworn statement with the original claim form and the original Abandoned Unclaimed Property Recovery Agreement or Abandoned Unclaimed Property Purchase Agreement, if applicable, is void.

Section 63. Section 717.12405, Florida Statutes, is amended to read:

717.12405 Claims by estates.—An estate or any person representing an estate or acting on behalf of an estate may claim abandoned ~~unclaimed~~ property only after the heir or legatee of the decedent entitled to the property has been located. Any estate, or any person representing an estate or acting on behalf of an estate, that receives abandoned ~~unclaimed~~ property before the heir or legatee of the decedent entitled to the property has been located, is personally liable for the abandoned ~~unclaimed~~ property and must immediately return the full amount of the abandoned ~~unclaimed~~ property or the value thereof to the department in accordance with s. 717.1341.

Section 64. Section 717.12406, Florida Statutes, is amended to read:

717.12406 Joint ownership of abandoned ~~unclaimed~~ securities or dividends.—For the purpose of determining joint ownership of abandoned ~~unclaimed~~ securities or dividends, the term:

557824

(1) "TEN COM" means tenants in common.

(2) "TEN ENT" means tenants by the entireties.

(3) "JT TEN" or "JT" means joint tenants with the right of survivorship and not as tenants in common.

(4) "And" means tenants in common with each person entitled to an equal pro rata share.

(5) "Or" means that each person listed on the account is entitled to all of the funds.

Section 65. Section 717.1241, Florida Statutes, is amended to read:

717.1241 Conflicting claims.—

(1) For purposes of this section, the term "conflicting claim" means two or more claims received by the department for the same abandoned property account or accounts in which two or more claimants appear to be equally entitled to the property. The term also includes circumstances in which the same claimant has more than one claim pending for the same property, including when the claimant is represented by more than one claimant representative or submits both a personal claim and a claim through a representative.

(2) When conflicting claims have been received by the department for the same abandoned ~~unclaimed~~ property account or accounts, the property shall be remitted in accordance with the claim filed by the person as follows, notwithstanding the withdrawal of a claim:

(a) To the person submitting the first claim received by the ~~Division of Unclaimed Property of the~~ department that is complete or made complete.

(b) If a claimant's claim and a claimant ~~claimant's~~

557824

representative's claim for the recovery of property are received by the ~~Division of Unclaimed Property of the~~ department on the same day and both claims are complete, to the claimant.

(c) If a buyer's claim or a purchasing claimant representative's claim and a claimant's claim or a claimant ~~claimant's~~ representative's claim for the recovery of property are received by the ~~Division of Unclaimed Property of the~~ department on the same day and the claims are complete, to the buyer.

(d) As between two or more claimant representatives' ~~claimant's representative's~~ claims received by the ~~Division of Unclaimed Property of the~~ department that are complete or made complete on the same day, to the claimant ~~claimant's~~ representative who has agreed to receive the lowest fee. If the two or more claimant ~~claimant's~~ representatives whose claims received by the ~~Division of Unclaimed Property of the~~ department were complete or made complete on the same day are charging the same ~~lowest~~ fee, the fee shall be divided equally between the claimant ~~claimant's~~ representatives.

(e) If more than one buyer's claim received by the ~~Division of Unclaimed Property of the~~ department is complete or made complete on the same day, the department shall remit the abandoned ~~unclaimed~~ property to the buyer who paid the highest amount to the seller. If the buyers paid the same amount to the seller, the department shall remit the abandoned ~~unclaimed~~ property to the buyers divided in equal amounts.

(3) ~~(2)~~ The purpose of this section is solely to provide guidance to the department regarding to whom it should remit the abandoned ~~unclaimed~~ property and is not intended to extinguish

557824

or affect any private cause of action that any person may have against another person for breach of contract or other statutory or common-law remedy. A buyer's sole remedy, if any, shall be against the claimant ~~claimant's~~ representative or the seller, or both. A claimant ~~claimant's~~ representative's sole remedy, if any, shall be against the buyer or the seller, or both. A claimant's or seller's sole remedy, if any, shall be against the buyer or the claimant ~~claimant's~~ representative, or both. Nothing in this section forecloses the right of a person to challenge the department's determination of completeness in a proceeding under ss. 120.569 and 120.57.

~~(4)(3)~~ A claim is complete when entitlement to the abandoned ~~unclaimed~~ property has been established.

Section 66. Subsection (1) of section 717.1242, Florida Statutes, is amended to read:

717.1242 Restatement of jurisdiction of the circuit court sitting in probate and the department.—

(1) It is and has been the intent of the Legislature that, pursuant to s. 26.012(2)(b), circuit courts have jurisdiction of proceedings relating to the settlement of the estates of decedents and other jurisdiction usually pertaining to courts of probate. It is and has been the intent of the Legislature that, pursuant to this chapter, the department determines the merits of claims and entitlement to abandoned ~~unclaimed~~ property paid or delivered to the department under this chapter. Consistent with this legislative intent, any beneficiary, devisee, heir, personal representative, or other interested person, as those terms are defined in the Florida Probate Code and the Florida Trust Code, of an estate seeking to obtain property paid or

557824

delivered to the department under this chapter must file a claim with the department as provided in s. 717.124.

Section 67. Subsections (1) and (4) of section 717.1243, Florida Statutes, are amended to read:

717.1243 Small estate accounts.—

(1) A claim for abandoned ~~unclaimed~~ property made by a beneficiary, as defined in s. 731.201, of a deceased owner need not be accompanied by an order of a probate court if the claimant files with the department an affidavit, signed by all beneficiaries, stating that all the beneficiaries have amicably agreed among themselves upon a division of the estate and that all funeral expenses, expenses of the last illness, and any other lawful claims have been paid, and any additional information reasonably necessary to make a determination of entitlement. If the owner died testate, the claim shall be accompanied by a copy of the will.

(4) This section applies only if all of the abandoned ~~unclaimed~~ property held by the department on behalf of the owner has an aggregate value of \$20,000 or less and no probate proceeding is pending.

Section 68. Section 717.1244, Florida Statutes, is amended to read:

717.1244 Determinations of abandoned ~~unclaimed~~ property claims.—In rendering a determination regarding the merits of an abandoned ~~unclaimed~~ property claim, the department shall rely on the applicable statutory, regulatory, common, and case law. Agency statements applying the statutory, regulatory, common, and case law to abandoned ~~unclaimed~~ property claims are not agency statements subject to s. 120.56(4).

557824

Section 69. Section 717.1245, Florida Statutes, is amended to read:

717.1245 Garnishment of abandoned ~~unclaimed~~ property.—If any person files a petition for writ of garnishment seeking to obtain property paid or delivered to the department under this chapter, the petitioner shall be ordered to pay the department reasonable costs and attorney ~~attorney's~~ fees in any proceeding brought by the department to oppose, appeal, or collaterally attack the petition or writ if the department is the prevailing party in any such proceeding.

Section 70. Subsection (1) of section 717.125, Florida Statutes, is amended to read:

717.125 Claim of another state to recover property; procedure.—

(1) At any time after property has been paid or delivered to the department under this chapter, another state may recover the property if:

(a) The property was subjected to custody by this state because the records of the holder did not reflect the last known address of the apparent owner when the property was presumed abandoned ~~unclaimed~~ under this chapter, and the other state establishes that the last known address of the apparent owner or other person entitled to the property was in that state and under the laws of that state the property escheated to or was subject to a claim of abandonment or being unclaimed by that state;

(b) The last known address of the apparent owner or other person entitled to the property, as reflected by the records of the holder, is in the other state and under the laws of that

557824

state the property has escheated to or become subject to a claim of abandonment by that state;

(c) The records of the holder were erroneous in that they did not accurately reflect the actual owner of the property and the last known address of the actual owner is in the other state and under laws of that state the property escheated to or was subject to a claim of abandonment by that state;

(d) The property was subject to custody by this state under s. 717.103(6) and under the laws of the state of domicile of the holder the property has escheated to or become subject to a claim of abandonment by that state; or

(e) The property is the sum payable on a traveler's check, money order, or other similar instrument that was subjected to custody by this state under s. 717.104, and the instrument was purchased in the other state, and under the laws of that state the property escheated to or became subject to a claim of abandonment by that state.

Section 71. Subsection (1) of section 717.126, Florida Statutes, is amended to read:

717.126 Administrative hearing; burden of proof; proof of entitlement; venue.—

(1) Any person aggrieved by a decision of the department may petition for a hearing as provided in ss. 120.569 and 120.57. In any proceeding for determination of a claim to property paid or delivered to the department under this chapter, the burden shall be upon the claimant to establish entitlement to the property by a preponderance of evidence. Having the same name as that reported to the department is not sufficient, in the absence of other evidence, to prove entitlement to abandoned

557824

~~unclaimed~~ property.

Section 72. Section 717.1261, Florida Statutes, is amended to read:

717.1261 Death certificates.—Any person who claims entitlement to abandoned ~~unclaimed~~ property by means of the death of one or more persons shall file a copy of the death certificate of the decedent or decedents that has been certified as being authentic by the issuing governmental agency.

Section 73. Section 717.1262, Florida Statutes, is amended to read:

717.1262 Court documents.—Any person who claims entitlement to abandoned ~~unclaimed~~ property by reason of a court document shall file a certified copy of the court document with the department. Section 74. Section 717.129, Florida Statutes, is amended to read:

717.129 Periods of limitation.—

(1) The expiration before or after July 1, 1987, of any period of time specified by contract, statute, or court order, during which a claim for money or property may be made or during which an action or proceeding may be commenced or enforced to obtain payment of a claim for money or to recover property, does not prevent the money or property from being presumed abandoned ~~unclaimed~~ or affect any duty to file a report or to pay or deliver abandoned ~~unclaimed~~ property to the department as

557824

required by this chapter.

(2) The department may not commence an action or proceeding to enforce this chapter with respect to the reporting, payment, or delivery of property or any other duty of a holder under this chapter more than 10 years after the duty arose. The period of limitation established under this subsection is tolled by the earlier of the department's or audit agent's delivery of a notice that a holder is subject to an audit or examination under s. 717.1301 or the holder's written election to enter into an abandoned ~~unclaimed~~ property voluntary disclosure agreement.

Section 75. Subsections (3) and (4) of section 717.1301, Florida Statutes, are amended to read:

717.1301 Investigations; examinations; subpoenas.—

(3) The department may authorize a compliance review of a report for a specified reporting year. The review must be limited to the contents of the report filed, as required by s. 717.117 and subsection (2), and all supporting documents related to the reports. If the review results in a finding of a deficiency in abandoned ~~unclaimed~~ property due and payable to the department, the department shall notify the holder in writing of the amount of deficiency within 1 year after the authorization of the compliance review. If the holder fails to pay the deficiency within 90 days, the department may seek to enforce the assessment under subsection (1). The department is not required to conduct a review under this section before initiating an audit.

(4) Notwithstanding any other provision of law, in a contract providing for the location or collection of abandoned ~~unclaimed~~ property, the department may authorize the contractor

557824

to deduct its fees and expenses for services provided under the contract from the abandoned ~~unclaimed~~ property that the contractor has recovered or collected under the contract. The department shall annually report to the Chief Financial Officer the total amount collected or recovered by each contractor during the previous fiscal year and the total fees and expenses deducted by each contractor.

Section 76. Section 717.1315, Florida Statutes, is amended to read:

717.1315 Retention of records by claimant ~~claimant's~~ representatives and buyers of abandoned ~~unclaimed~~ property.—

(1) Every claimant ~~claimant's~~ representative and buyer of abandoned ~~unclaimed~~ property shall keep and use in his or her business such books, accounts, and records of the business conducted under this chapter to enable the department to determine whether such person is complying with this chapter and the rules adopted by the department under this chapter. Every claimant ~~claimant's~~ representative and buyer of abandoned ~~unclaimed~~ property shall preserve such books, accounts, and records, including every Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement between the owner and such claimant ~~claimant's~~ representative or buyer, for at least 3 years after the date of the initial agreement.

(2) A claimant ~~claimant's~~ representative or buyer of abandoned ~~unclaimed~~ property, operating at two or more places of business in this state, may maintain the books, accounts, and records of all such offices at any one of such offices, or at any other office maintained by such claimant ~~claimant's~~

557824

(3) A claimant ~~claimant's~~ representative or buyer of abandoned ~~unclaimed~~ property shall make all books, accounts, and records available at a convenient location in this state upon request of the department.

Section 77. Subsection (2) of section 717.132, Florida Statutes, is amended to read:

717.132 Enforcement; cease and desist orders; fines.—

(2) In addition to any other powers conferred upon it to enforce and administer the provisions of this chapter, the department may issue and serve upon a person an order to cease and desist and to take corrective action whenever the department finds that such person is violating, has violated, or is about to violate any provision of this chapter, any rule or order promulgated under this chapter, or any written agreement entered into with the department. For purposes of this subsection, the term "corrective action" includes refunding excessive charges, requiring a person to return abandoned ~~unclaimed~~ property, requiring a holder to remit abandoned ~~unclaimed~~ property, and requiring a holder to correct a report that contains errors or omissions. Any such order shall contain a notice of rights provided by ss. 120.569 and 120.57.

Section 78. Paragraphs (c), (d), and (j) of subsection (1), subsections (2) and (3), paragraph (b) of subsection (4), and subsection (5) of section 717.1322, Florida Statutes, are amended to read:

557824

(2)(a) After a United States savings bond is abandoned ~~and unclaimed~~ in accordance with subsection (1), the department may commence a civil action in a court of competent jurisdiction in

(1) The Legislature finds that laws governing abandoned property serve a vital public purpose by protecting the property rights of owners, facilitating the return abandoned property to its owners, preventing private escheatment, and ensuring that abandoned assets are preserved and safeguarded from waste or misuse. It is the public policy of the state to protect the interests of owners of abandoned ~~unclaimed~~ property. ~~It is declared to be in the best interests of owners of unclaimed property that such owners receive the full amount of any unclaimed property without any fee.~~

restoration of civil rights does not require the board to award
such license.

(8) (a) The board may grant an exemption from
disqualification to any person disqualified from licensure under
subsection (3) if:

1. The applicant has paid in full any fee, fine, fund,
lien, civil judgment, restitution, or cost of prosecution

Compliance with

341966

this subsection means the holder exercises reasonable and prudent efforts to determine the names of all prior holders.

(10) The report must be signed by or on behalf of the holder and verified as to its completeness and accuracy, and the holder must state that it has complied with the due diligence requirements of this section.

(11)~~(5)~~ The report must be filed before May 1 of each year. The report applies to the preceding calendar year. Upon written request by any person required to file a report, and upon a showing of good cause, the department may extend the reporting date. The department may impose and collect a penalty of \$10 per day up to a maximum of \$500 for the failure to timely report, if an extension was not provided or if the holder of the property failed to include in a report information required by this chapter which was in the holder's possession at the time of reporting. The penalty shall be remitted to the department within 30 days after the date of the notification to the holder that the penalty is due and owing. As necessary for proper administration of this chapter, the department may waive any penalty due with appropriate justification. The department must provide information contained in a report filed with the department to any person requesting a copy of the report or information contained in a report, to the extent the information requested is not confidential, within 45 days after the department determines that the report is accurate and acceptable and that the reported property is the same as the remitted property.

~~(6) Holders of inactive accounts having a value of \$50 or more shall use due diligence to locate and notify apparent~~

341966

~~owners that the entity is holding unclaimed property available for them to recover. Not more than 120 days and not less than 60 days prior to filing the report required by this section, the holder in possession of property presumed unclaimed and subject to custody as unclaimed property under this chapter shall send written notice by first-class United States mail to the apparent owner at the apparent owner's last known address from the holder's records or from other available sources, or via electronic mail if the apparent owner has elected this method of delivery, informing the apparent owner that the holder is in possession of property subject to this chapter, if the holder has in its records a mailing or electronic address for the apparent owner which the holder's records do not disclose to be inaccurate. These two means of contact are not mutually exclusive; if the mailing address is determined to be inaccurate, electronic mail may be used if so elected by the apparent owner.~~

~~(7) The written notice to the apparent owner required under this section must:~~

~~(a) Contain a heading that reads substantially as follows: "Notice. The State of Florida requires us to notify you that your property may be transferred to the custody of the Florida Department of Financial Services if you do not contact us before ... (insert date that is at least 30 days after the date of notice)"~~

~~(b) Identify the type, nature, and, except for property that does not have a fixed value, value of the property that is the subject of the notice.~~

~~(c) State that the property will be turned over to the~~

341966

~~eustody of the department as unclaimed property if no response to this letter is received.~~

~~(d) State that any property that is not legal tender of the United States may be sold or liquidated by the department.~~

~~(e) State that after the property is turned over to the department, an apparent owner seeking return of the property may file a claim with the department.~~

~~(f) State that the property is currently with a holder and provide instructions that the apparent owner must follow to prevent the holder from reporting and paying for the property or from delivering the property to the department.~~

~~(12)(8)~~ Any holder of intangible property may file with the department a petition for determination that the property is abandoned and unclaimed requesting the department to accept custody of the property. The petition shall state any special circumstances that exist, contain the information required by subsection (9) ~~subsection (4)~~, and show that a diligent search has been made to locate the apparent owner. If the department finds that the proof of diligent search is satisfactory, it shall give notice as provided in s. 717.118 and accept custody of the property.

~~(13)(9)~~ Upon written request by any entity or person required to file a report, stating such entity's or person's justification for such action, the department may place that entity or person in an inactive status as an abandoned unclaimed property "holder."

~~(14)(10)~~ (a) This section does not apply to the abandoned unclaimed patronage refunds as provided for by contract or through bylaw provisions of entities organized under chapter 425

341966

or that are exempt from ad valorem taxation pursuant to s.
196.2002.

(b) This section does not apply to intangible property held, issued, or owing by a business association subject to the jurisdiction of the United States Surface Transportation Board or its successor federal agency if the apparent owner of such intangible property is a business association. The holder of such property does not have any obligation to report, to pay, or to deliver such property to the department.

(c) This section does not apply to credit balances, overpayments, refunds, or outstanding checks owed by a health care provider to a managed care payor with whom the health care provider has a managed care contract, provided that the credit balances, overpayments, refunds, or outstanding checks become due and owing pursuant to the managed care contract.

~~(15)~~~~(11)~~(a) As used in this subsection, the term "property identifier" means the descriptor used by the holder to identify the abandoned ~~unclaimed~~ property.

(b) Social security numbers and property identifiers contained in reports required under this section, held by the department, are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(c) This exemption applies to social security numbers and property identifiers held by the department before, on, or after the effective date of this exemption.

(16) Notwithstanding any other provision of this section, equity interests in business associations and securities accounts are not presumed abandoned solely due to inactivity if the holder knows the location of the apparent owner.

341966

(a) For purposes of this subsection, a holder shall perform annual data matching of owner records maintained in its database against commercially available third-party data comparison sources to identify updated owner address information and indicators of deceased status. Using any updated information, together with existing information of record, the holder is deemed to know the location of the apparent owner under this subsection if:

1. The holder communicates with the apparent owner at least annually by first-class United States mail or electronic means, including, but not limited to, electronic mail, text message, mobile application, or similar mechanism;

2. Such communication is successfully delivered, meaning not returned as undeliverable;

3. One or more additional account-level indicators demonstrate an owner indication of interest occurring at least once every 10 years, including:

a. Owner-initiated activity, such as authenticated access to website, mobile engagement via mobile messaging, or other authenticated third-party account servicing software;

b. Updated contact information received through an authorized financial adviser;

c. Responses to account notifications or alerts;

d. Negotiation of distributions, including dividends; and

e. Any other action by the apparent owner or authorized representative which reasonably demonstrates to the holder that the apparent owner or authorized representative is aware of and maintains an interest in the property.

(b) Automatic deposits, reinvestments, or other recurring

341966

transactions initiated by the holder may not independently constitute an indication of apparent owner interest for purposes of this subsection.

(c) If the conditions in paragraph (a) are not satisfied and the owner's location is deemed unknown, the equity interest or securities account may be presumed abandoned:

1. Ten years after the owner's most recent indication of interest in the property; or

2. Five years after the date a communication is returned as undeliverable, unless the owner responds to a due-diligence notice before the reporting deadline.

(d) The equity interest or securities account may be presumed abandoned only after reasonable efforts to locate the owner have been unsuccessful and the holder has complied with the due-diligence requirements of this chapter.

(e) This subsection applies to equity interests and securities accounts held directly by the owner or indirectly through a brokerage account or similar account.

Section 57. Section 717.118, Florida Statutes, is amended to read:

717.118 Notification of apparent owners of abandoned ~~unclaimed~~ property.—

(1) It is specifically recognized that the state has an obligation to make an effort to notify apparent owners in a cost-effective manner that their abandoned property has been reported and remitted to the department ~~of unclaimed property in a cost-effective manner~~. In order to provide all the citizens of this state an effective and efficient program for the recovery of abandoned personal ~~unclaimed~~ property, the department shall

341966

use cost-effective means to make at least one active attempt to notify apparent owners of abandoned ~~unclaimed~~ property ~~accounts~~ valued at \$50 or more, abandoned tangible property, and abandoned shares of stock for which more than \$250 with a reported address or taxpayer identification number is available. Such active attempt to notify apparent owners shall include any attempt by the department to directly contact the apparent owner. Other means of notification, such as publication of the names of apparent owners in the newspaper, on television, on the Internet, or through other promotional efforts and items in which the department does not directly attempt to contact the apparent owner are expressly declared to be passive attempts. ~~Nothing in~~ This subsection does not preclude ~~precludes~~ other agencies or entities of state government from notifying owners of the existence of abandoned ~~unclaimed~~ property or attempting to notify apparent owners of abandoned ~~unclaimed~~ property.

(2) Notification provided directly to individual apparent owners shall contain ~~consist of~~ a description of the abandoned property and information regarding recovery of the ~~unclaimed~~ property from the department. The form and content of the department's notice shall be tailored to the type of property reported and shall include any information necessary to reasonably inform the apparent owner of the consequences of failure to claim the property, including potential sale or disposition under s. 717.122.

(3) The department shall maintain a publicly accessible, electronically searchable website that includes the names of apparent owners of abandoned property reported to the department and instructions for filing a claim. The website must list

341966

property valued at \$10 or more and provide instructions for filing a claim. Abandoned property valued at less than \$10 remains recoverable from the department in accordance with this chapter.

(4) This section is not applicable to abandoned sums payable on traveler's checks, money orders, and other written instruments ~~presumed unclaimed~~ under s. 717.104, or any other abandoned property reported without the necessary identifying information to establish ownership.

Section 58. Section 717.119, Florida Statutes, is amended to read:

717.119 Payment or delivery of abandoned ~~unclaimed~~ property.—

(1) Every person who is required to file a report under s. 717.117 shall simultaneously pay or deliver to the department all abandoned ~~unclaimed~~ property required to be reported. Such payment or delivery shall accompany the report as required in this chapter for the preceding calendar year.

(2) Payment of abandoned ~~unclaimed~~ funds may be made to the department by electronic funds transfer.

(3) If the apparent owner establishes the right to receive the abandoned ~~unclaimed~~ property to the satisfaction of the holder before the property has been delivered to the department or it appears that for some other reason ~~the presumption that the property was erroneously classified as abandoned is unclaimed is erroneous~~, the holder need not pay or deliver the property to the department. In lieu of delivery, the holder shall file a verified written explanation of the proof of claim or of the error in classification of ~~the presumption that the~~

341966

property as abandoned ~~was unclaimed~~.

(4) All virtual currency reported under this chapter on the annual report filing required in s. 717.117 shall be remitted to the department with the report. The holder shall liquidate the virtual currency and remit the proceeds to the department. The liquidation must occur within 30 days before the filing of the report. Upon delivery of the virtual currency proceeds to the department, the holder is relieved of all liability of every kind in accordance with the provisions of s. 717.1201 to every person for any losses or damages resulting to the person by the delivery to the department of the virtual currency proceeds.

(5) All stock or other intangible ownership interest reported under this chapter on the annual report filing required in s. 717.117 shall be remitted to the department with the report. Upon delivery of the stock or other intangible ownership interest to the department, the holder and any transfer agent, registrar, or other person acting for or on behalf of a holder is relieved of all liability of every kind in accordance with the provisions of s. 717.1201 to every person for any losses or damages resulting to the person by the delivery to the department of the stock or other intangible ownership interest.

(6) All intangible and tangible property held in a safe-deposit box or any other safekeeping repository reported under s. 717.117 shall not be delivered to the department until 120 days after the report due date. The delivery of the property, through the United States mail or any other carrier, shall be insured by the holder at an amount equal to the estimated value of the property. Each package shall be clearly marked on the outside "Deliver Unopened." A holder's safe-deposit box contents

341966

shall be delivered to the department in a single shipment. In lieu of a single shipment, holders may provide the department with a single detailed shipping schedule that includes package tracking information for all packages being sent pursuant to this section.

(a) Holders may remit the value of cash and coins found in abandoned ~~unclaimed~~ safe-deposit boxes to the department by cashier's check or by electronic funds transfer, unless the cash or coins have a value above face value. The department shall identify by rule those cash and coin items having a numismatic value. Cash and coin items identified as having a numismatic value shall be remitted to the department in their original form.

(b) Any firearm or ammunition found in an abandoned ~~unclaimed~~ safe-deposit box or any other safekeeping repository shall be delivered by the holder to a law enforcement agency for property handling or disposal pursuant to s. 705.103(2)(b). If the firearm is sold by the law enforcement agency, with the balance of the proceeds shall be deposited into the State School Fund ~~if the firearm is sold. However,~~ The department is authorized to make a reasonable attempt to ascertain the historical value to collectors of any firearm that has been delivered to the department. Any firearm appearing to have historical value to collectors may be sold by the department pursuant to s. 717.122 to a person having a federal firearms license. Any firearm which is not sold pursuant to s. 717.122 shall be delivered by the department to a law enforcement agency in this state for proper handling or disposal. In accordance with ~~pursuant to~~ s. 705.103(2)(b), if the firearm is sold by the

341966

law enforcement agency, ~~with~~ the balance of the proceeds shall
be deposited into the State School Fund ~~if the firearm is sold~~.
The department shall not be administratively, civilly, or
criminally liable for any firearm delivered by the department to
a law enforcement agency in this state for disposal.

(c) If such property is not paid or delivered to the
department on or before the applicable payment or delivery date,
the holder shall pay to the department a penalty for each safe-
deposit box shipment received late. The penalty shall be \$100
for a safe-deposit box shipment container that is late 30 days
or less. Thereafter, the penalty shall be \$500 for a safe-
deposit box shipment container that is late for each additional
successive 30-day period. The penalty assessed against a holder
for a late safe-deposit box shipment container shall not exceed
\$4,000 annually. The penalty shall be remitted to the department
within 30 days after the date of the notification to the holder
that the penalty is due and owing.

(d) The department may waive any penalty due with
appropriate justification, as provided by rule.

(e) If a will or trust instrument is included among the
contents of an abandoned ~~a~~ safe-deposit box or other safekeeping
repository delivered to the department, the department must
provide a copy of the will, trust, and any codicils or
amendments to such will or trust instrument, upon request, to
anyone who provides the department with a certified copy of the
death certificate or another government-certified record
evidencing ~~evidence of~~ the death of the testator or settlor.

(7) Any holder may request an extension in writing of up to
60 days for the delivery of property if extenuating

341966

circumstances exist for the late delivery of the property. Any such extension the department may grant shall be in writing.

(8) A holder may not assign or otherwise transfer its obligation to report, pay, or deliver property or to comply with the provisions of this chapter, other than to a parent, subsidiary, or affiliate of the holder.

(a) Unless otherwise agreed to by the parties to a transaction, the holder's successor by merger or consolidation, or any person or entity that acquires all or substantially all of the holder's capital stock or assets, is responsible for fulfilling the holder's obligation to report, pay, or deliver property or to comply with the duties of this chapter regarding the transfer of property owed to the holder's successor and being held for an owner resulting from the merger, consolidation, or acquisition.

(b) This subsection does not prohibit a holder from contracting with a third party for the reporting of abandoned ~~unclaimed~~ property, but the holder remains responsible to the department for the complete, accurate, and timely reporting of the property.

Section 59. Subsections (1), (2), and (4) of section 717.1201, Florida Statutes, are amended to read:

717.1201 Custody by state; holder liability; reimbursement of holder paying claim; reclaiming for owner; payment of safe-deposit box or repository charges.—

(1) Upon the good faith payment or delivery of abandoned ~~unclaimed~~ property to the department, the state assumes custody and responsibility for the safekeeping of the property. Any person who pays or delivers abandoned ~~unclaimed~~ property to the

341966

department in good faith is relieved of all liability to the extent of the value of the property paid or delivered for any claim then existing or which thereafter may arise or be made with ~~in~~ respect to the property.

(a) A holder's substantial compliance with the due diligence provisions in s. 717.117 ~~s. 717.117(6)~~ and good faith payment or delivery of abandoned ~~unclaimed~~ property to the department releases the holder from liability that may arise from such payment or delivery, and such delivery and payment may be pleaded as a defense in any suit or action brought by reason of such delivery or payment. This section does not relieve a fiduciary of his or her duties under the Florida Trust Code or Florida Probate Code.

(b) If the holder pays or delivers property to the department in good faith and thereafter any other person claims the property from the holder paying or delivering, or another state claims the money or property under that state's laws relating to escheat or abandoned or unclaimed property, the department, upon written notice of the claim, shall defend the holder against the claim and indemnify the holder against any liability on the claim, except that a holder may not be indemnified against penalties imposed by another state.

(2) For the purposes of this section, a payment or delivery of abandoned ~~unclaimed~~ property is made in good faith if:

(a) The payment or delivery was made in conjunction with an accurate and acceptable report.

(b) The payment or delivery was made in a reasonable attempt to comply with this chapter and other applicable general law.

341966

(c) The holder had a reasonable basis for believing, based on the facts then known, that the property was abandoned ~~unclaimed~~ and subject to this chapter.

(d) There is no showing that the records pursuant to which the delivery was made did not meet reasonable commercial standards of practice in the industry.

(4) Any holder who has delivered property, including a certificate of any interest in a business association, other than money to the department pursuant to this chapter may reclaim the property if still in the possession of the department, without payment of any fee or other charges, upon filing proof that the person entitled to the property ~~owner~~ has claimed it ~~the property~~ from the holder.

Section 60. Section 717.122, Florida Statutes, is amended to read:

717.122 Public sale of abandoned ~~unclaimed~~ property.—

(1) Except as provided in paragraph (2)(a), the department after the receipt of abandoned ~~unclaimed~~ property shall sell it to the highest bidder at public sale on the Internet or at a specified physical location wherever in the judgment of the department the most favorable market for the property involved exists. The department may decline the highest bid and reoffer the property for sale if in the judgment of the department the bid is insufficient. The department shall have the discretion to withhold from sale any abandoned ~~unclaimed~~ property that the department deems to be of benefit to the people of the state. If in the judgment of the department the probable cost of sale exceeds the value of the property, it need not be offered for sale and may be disposed of as the department determines

341966

appropriate. Any sale at a specified physical location held under this section must be preceded by a single publication of notice, at least 3 weeks in advance of sale, in a newspaper of general circulation in the county in which the property is to be sold. The department shall proportionately deduct auction fees, preparation costs, and expenses from the amount posted to an ~~the~~ ~~owner's~~ account for an abandoned ~~when~~ safe-deposit box when the contents are sold. No action or proceeding may be maintained against the department for or on account of any decision to decline the highest bid or withhold any abandoned ~~unclaimed~~ property from sale.

(2)(a) Securities listed on an established stock exchange must be sold at prices prevailing at the time of sale on the exchange. Other securities may be sold over the counter at prices prevailing at the time of sale or by any other method the department deems advisable. The department may authorize the agent or broker acting on behalf of the department to deduct fees from the proceeds of these sales at a rate agreed upon in advance by the agent or broker and the department. The department shall reimburse owners' accounts for these brokerage fees from the State School Fund unless the securities are sold at the owner's request.

(b) Unless the department deems it to be in the public interest to do otherwise, all abandoned securities ~~presumed unclaimed and~~ delivered to the department may be sold upon receipt. Any person making a claim pursuant to this chapter is entitled to receive either the securities delivered to the department by the holder, if they still remain in the hands of the department, or the proceeds received from sale, but no

341966

person has any claim under this chapter against the state, the holder, any transfer agent, any registrar, or any other person acting for or on behalf of a holder for any appreciation in the value of the property occurring after delivery by the holder to the state.

(c) Certificates for abandoned ~~unclaimed~~ stock or other equity interest of business associations that cannot be canceled and registered in the department's name or that cannot be readily liquidated and converted into the currency of the United States may be sold for the value of the certificate, if any, in accordance with subsection (1) or may be destroyed in accordance with s. 717.128.

(3) The purchaser of property at any sale conducted by the department pursuant to this chapter is entitled to ownership of the property purchased free from all claims of the owner or previous holder thereof and of all persons claiming through or under them. The department shall execute all documents necessary to complete the transfer of ownership.

(4) The sale of abandoned ~~unclaimed~~ tangible personal property is not subject to tax under chapter 212 when such property is sold by or on behalf of the department pursuant to this section.

Section 61. Section 717.123, Florida Statutes, is amended to read:

717.123 Deposit of funds.—

(1) All funds received under this chapter, including the proceeds from the sale of abandoned ~~unclaimed~~ property under s. 717.122, shall immediately ~~forthwith~~ be deposited by the department in the Unclaimed Property Trust Fund. The department

341966

shall retain, from funds received under this chapter, an amount not exceeding \$15 million from which the department shall make prompt payment of claims allowed by the department and shall pay the costs incurred by the department in administering and enforcing this chapter. All remaining funds received by the department under this chapter shall be deposited by the department into the State School Fund.

(2) The department shall record the name and last known address of each person appearing from the holder's reports to be entitled to the abandoned ~~unclaimed~~ property in the total amounts of \$5 or greater; the name and the last known address of each insured person or annuitant; and with respect to each policy or contract listed in the report of an insurance corporation, its number, the name of the corporation, and the amount due.

Section 62. Section 717.1235, Florida Statutes, is amended to read:

717.1235 Dormant campaign accounts; ~~report of unclaimed property.~~ Abandoned ~~Unclaimed~~ funds reported in the name of a campaign for public office, for any campaign that must dispose of surplus funds in its campaign account pursuant to s. 106.141, after being reported to the department, shall be deposited with the Chief Financial Officer to the credit of the State School Fund.

Section 63. Section 717.124, Florida Statutes, is amended to read:

717.124 Abandoned ~~Unclaimed~~ property claims.—

(1) Any person, excluding another state, claiming an interest in any property paid or delivered to the department

341966

2999 under this chapter may file with the department a claim on a
3000 form prescribed by the department and verified by the claimant
3001 or the claimant ~~claimant's~~ representative. ~~The claimant's~~
3002 ~~representative must be an attorney licensed to practice law in~~
3003 ~~this state, a licensed Florida-certified public accountant, or a~~
3004 ~~private investigator licensed under chapter 493.~~ The claimant
3005 ~~claimant's~~ representative must be registered with the department
3006 under this chapter. The claimant, or the claimant ~~claimant's~~
3007 representative, shall provide the department with a legible copy
3008 of a valid driver license of the claimant at the time the
3009 original claim form is filed. If the claimant has not been
3010 issued a valid driver license at the time the original claim
3011 form is filed, the department shall be provided with a legible
3012 copy of a photographic identification of the claimant issued by
3013 the United States, a state or territory of the United States, a
3014 foreign nation, or a political subdivision or agency thereof or
3015 other evidence deemed acceptable by the department by rule. In
3016 lieu of photographic identification, a notarized sworn statement
3017 by the claimant may be provided which affirms the claimant's
3018 identity and states the claimant's full name and address. The
3019 claimant must produce to the notary photographic identification
3020 of the claimant issued by the United States, a state or
3021 territory of the United States, a foreign nation, or a political
3022 subdivision or agency thereof or other evidence deemed
3023 acceptable by the department by rule. The notary shall indicate
3024 the notary's full address on the notarized sworn statement. Any
3025 claim filed without the required identification or the sworn
3026 statement with the original claim form and the original
3027 Abandoned Unclaimed Property Recovery Agreement or Abandoned

341966

~~Unclaimed~~ Property Purchase Agreement, if applicable, is void.

(a) Within 90 days after receipt of a claim, the department may return any claim that provides for the receipt of fees and costs greater than that permitted under this chapter or that contains any apparent errors or omissions. The department may also request that the claimant or the claimant ~~claimant's~~ representative provide additional information. The department shall retain a copy or electronic image of the claim.

(b) A claim is ~~considered to have been~~ withdrawn by a ~~claimant or the claimant's representative~~ if any of the following applies: the department does not receive a response to its request for additional information within 60 days after the notification of any apparent errors or omissions.

1. The department receives a written acknowledgment from the claimant confirming withdrawal of the claim.

2. The department receives a written notice to withdraw the claim from a claimant representative which is accompanied by written authorization from the claimant expressly approving withdrawal of the claim.

a. The authorization must state the reason for the withdrawal, contain an acknowledgment that the claimant understands that withdrawal will affect the processing of that claim and may affect the processing of other pending claims, and must be signed by the claimant.

b. The claimant's authorization must be submitted concurrently with, or as part of, the withdrawal notice.

3. The claimant or the claimant's representative fails to respond to the department's written request for additional information within 60 days after the department provides notice

341966

of any apparent errors or omissions.

(c) Within 90 days after receipt of the claim, or the response of the claimant or the claimant ~~claimant's~~ representative to the department's request for additional information, whichever is later, the department shall determine each claim. Such determination shall contain a notice of rights provided by ss. 120.569 and 120.57. The 90-day period shall be extended by 60 days if the department has good cause to need additional time or if the abandoned ~~unclaimed~~ property:

1. Is owned by a person who has been a debtor in bankruptcy;

2. Was reported with an address outside of the United States;

3. Is being claimed by a person outside of the United States; or

4. Contains documents filed in support of the claim that are not in the English language and have not been accompanied by an English language translation.

(2) A claim for a cashier's check or a stock certificate without the original instrument may require an indemnity bond equal to the value of the claim to be provided prior to issue of the stock or payment of the claim by the department.

(3) The department may require an affidavit swearing to the authenticity of the claim, lack of documentation, and an agreement to allow the department to provide the name and address of the claimant to subsequent claimants coming forward with substantiated proof to claim the account. This shall apply to claims equal to or less than \$250. The exclusive remedy of a subsequent claimant to the property shall be against the person

341966

who received the property from the department.

(4)(a) Except as otherwise provided in this chapter, if a claim is determined in favor of the claimant, the department shall deliver or pay over to the claimant the property or the amount the department actually received or the proceeds if it has been sold by the department, together with any additional amount required by s. 717.121.

(b) If a claimant ~~an owner~~ authorizes a claimant representative ~~an attorney licensed to practice law in this state, a Florida-certified public accountant, or a private investigator licensed under chapter 493, and~~ registered with the department under this chapter, to claim the abandoned ~~unclaimed~~ property on the claimant's ~~owner's~~ behalf, the department is authorized to make distribution of the property or money in accordance with the Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement under s. 717.135. The original Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement must be executed by the claimant or seller and must be filed with the department.

(c)1. Payments of approved claims for unclaimed cash accounts must be made to the owner after deducting any fees and costs authorized by the claimant under an Abandoned ~~Unclaimed~~ Property Recovery Agreement. The contents of a safe-deposit box or shares of securities must be delivered directly to the claimant.

2. Payments of fees and costs authorized under an Abandoned ~~Unclaimed~~ Property Recovery Agreement for approved claims must be made or issued to the law firm of the designated attorney

341966

licensed to practice law in this state, the public accountancy firm of the licensed Florida-certified public accountant, or the designated employing private investigative agency licensed by this state. Such payments shall be made by electronic funds transfer and may be made on such periodic schedule as the department may define by rule, provided the payment intervals do not exceed 31 days. Payment made to an attorney licensed in this state, a Florida-certified public accountant, or a private investigator licensed under chapter 493, operating individually or as a sole practitioner, must be to the attorney, certified public accountant, or private investigator.

(5) The department is ~~shall~~ not be administratively, civilly, or criminally liable for any property or funds distributed pursuant to this section, provided such distribution is made in good faith.

(6) This section does not supersede the licensing requirements of chapter 493.

(7) The department may allow an apparent owner to electronically submit a claim for abandoned ~~unclaimed~~ property to the department. If a claim is submitted electronically for \$2,000 or less, the department may use a method of identity verification other than a copy of a valid driver license, other government-issued photographic identification, or a sworn notarized statement. The department may adopt rules to implement this subsection.

(8) Notwithstanding any other provision of this chapter, the department may develop and implement an identification verification and disbursement process by which an account valued at \$2,000 or less, after being received by the department and

341966

added to the abandoned ~~unclaimed~~ property database, may be disbursed to an apparent owner after the department has verified that the apparent owner is living and that the apparent owner's current address is correct. The department shall include with the payment a notification and explanation of the dollar amount, the source, and the property type of each account included in the disbursement. The department shall adopt rules to implement this subsection.

Each claim filed by a claimant ~~claimant's~~ representative ~~or a buyer of unclaimed property~~ must include a statement by the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~ attesting that all documents are true copies of the original documents and that all original documents are physically in the possession of the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~. All original documents must be kept in the original form, by claim number, under the secure control of the claimant ~~claimant's~~ representative ~~or the buyer of unclaimed property~~ and must be available for inspection by the department in accordance with s. 717.1315. The department may adopt rules to implement this subsection.

341966

to read:

717.12403 Abandoned ~~Unclaimed~~ demand, savings, or checking account in a financial institution held in the name of more than one person.—

(1) (a) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported as an “and” account in the name of two or more persons who are not beneficiaries, it is presumed that each person must claim the account in order for the claim to be approved by the department. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and convincing evidence demonstrating that the account should have been reported by the financial institution as an “or” account.

(b) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported as an “and” account and one of the persons on the account is deceased, it is presumed that the account is a survivorship account. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and convincing evidence demonstrating that the account is not a survivorship account.

(2) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported as an “or” account in the name of two or more persons who are not beneficiaries, it is presumed that either person listed on the account may claim the entire amount held in the account. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and

341966

convincing evidence demonstrating that the account should have been reported by the financial institution as an "and" account.

(3) If an abandoned ~~unclaimed~~ demand, savings, or checking account in a financial institution is reported in the name of two or more persons who are not beneficiaries without identifying whether the account is an "and" account or an "or" account, it is presumed that the account is an "or" account. This presumption may be rebutted by showing that entitlement to the account has been transferred to another person or by clear and convincing evidence demonstrating that the account should have been reported by the financial institution as an "and" account.

(4) The department shall be deemed to have made a distribution in good faith if the department remits funds consistent with this section.

If the person has not been issued a valid driver license, the department shall be provided with a legible copy of a photographic identification of the person issued by the United States, a foreign nation, or a political subdivision or agency thereof. In lieu of photographic identification, a notarized sworn statement by the person may be provided which affirms the

341966

person's identity and states the person's full name and address. The person must produce his or her photographic identification issued by the United States, a state or territory of the United States, a foreign nation, or a political subdivision or agency thereof or other evidence deemed acceptable by the department by rule. The notary shall indicate the notary's full address on the notarized sworn statement. Any claim filed without the required identification or the sworn statement with the original claim form and the original Abandoned Unclaimed Property Recovery Agreement or Abandoned Unclaimed Property Purchase Agreement, if applicable, is void.

Section 66. Section 717.12405, Florida Statutes, is amended to read:

717.12405 Claims by estates.—An estate or any person representing an estate or acting on behalf of an estate may claim abandoned ~~unclaimed~~ property only after the heir or legatee of the decedent entitled to the property has been located. Any estate, or any person representing an estate or acting on behalf of an estate, that receives abandoned ~~unclaimed~~ property before the heir or legatee of the decedent entitled to the property has been located, is personally liable for the abandoned ~~unclaimed~~ property and must immediately return the full amount of the abandoned ~~unclaimed~~ property or the value thereof to the department in accordance with s. 717.1341.

Section 67. Section 717.12406, Florida Statutes, is amended to read:

(4) "And" means tenants in common with each person entitled to an equal pro rata share.

(5) "Or" means that each person listed on the account is entitled to all of the funds.

Section 68. Section 717.1241, Florida Statutes, is amended to read:

717.1241 Conflicting claims.—

(1) For purposes of this section, the term "conflicting claim" means two or more claims received by the department for the same abandoned property account or accounts in which two or more claimants appear to be equally entitled to the property. The term also includes circumstances in which the same claimant has more than one claim pending for the same property, including when the claimant is represented by more than one claimant representative or submits both a personal claim and a claim through a representative.

(2) When conflicting claims have been received by the department for the same abandoned ~~unclaimed~~ property account or accounts, the property shall be remitted in accordance with the claim filed by the person as follows, notwithstanding the withdrawal of a claim:

(a) To the person submitting the first claim received by the ~~Division of Unclaimed Property of the~~ department that is complete or made complete.

(d) As between two or more claimant representatives' ~~claimant's representative's~~ claims received by the ~~Division of Unclaimed Property of the~~ department that are complete or made complete on the same day, to the claimant ~~claimant's~~ representative who has agreed to receive the lowest fee. If the two or more claimant ~~claimant's~~ representatives whose claims received by the ~~Division of Unclaimed Property of the~~ department were complete or made complete on the same day are charging the same ~~lowest~~ fee, the fee shall be divided equally between the claimant ~~claimant's~~ representatives.

(e) If more than one buyer's claim received by the ~~Division of Unclaimed Property of the~~ department is complete or made complete on the same day, the department shall remit the abandoned ~~unclaimed~~ property to the buyer who paid the highest amount to the seller. If the buyers paid the same amount to the seller, the department shall remit the abandoned ~~unclaimed~~ property to the buyers divided in equal amounts.

(3) ~~(2)~~ The purpose of this section is solely to provide guidance to the department regarding to whom it should remit the abandoned ~~unclaimed~~ property and is not intended to extinguish

341966

or affect any private cause of action that any person may have against another person for breach of contract or other statutory or common-law remedy. A buyer's sole remedy, if any, shall be against the claimant ~~claimant's~~ representative or the seller, or both. A claimant ~~claimant's~~ representative's sole remedy, if any, shall be against the buyer or the seller, or both. A claimant's or seller's sole remedy, if any, shall be against the buyer or the claimant ~~claimant's~~ representative, or both. ~~(4)(3)~~ A claim is complete when entitlement to the abandoned ~~unclaimed~~ property has been established.

717.1242 Restatement of jurisdiction of the circuit court sitting in probate and the department.—

(1) It is and has been the intent of the Legislature that, pursuant to s. 26.012(2)(b), circuit courts have jurisdiction of proceedings relating to the settlement of the estates of decedents and other jurisdiction usually pertaining to courts of probate. It is and has been the intent of the Legislature that, pursuant to this chapter, the department determines the merits of claims and entitlement to abandoned ~~unclaimed~~ property paid or delivered to the department under this chapter. Consistent with this legislative intent, any beneficiary, devisee, heir, personal representative, or other interested person, as those terms are defined in the Florida Probate Code and the Florida Trust Code, of an estate seeking to obtain property paid or

(1) A claim for abandoned ~~unclaimed~~ property made by a beneficiary, as defined in s. 731.201, of a deceased owner need not be accompanied by an order of a probate court if the claimant files with the department an affidavit, signed by all beneficiaries, stating that all the beneficiaries have amicably agreed among themselves upon a division of the estate and that all funeral expenses, expenses of the last illness, and any other lawful claims have been paid, and any additional information reasonably necessary to make a determination of entitlement. If the owner died testate, the claim shall be accompanied by a copy of the will.

(4) This section applies only if all of the abandoned ~~unclaimed~~ property held by the department on behalf of the owner has an aggregate value of \$20,000 or less and no probate proceeding is pending.

717.1245 Garnishment of abandoned ~~unclaimed~~ property.—If any person files a petition for writ of garnishment seeking to obtain property paid or delivered to the department under this chapter, the petitioner shall be ordered to pay the department reasonable costs and attorney ~~attorney's~~ fees in any proceeding brought by the department to oppose, appeal, or collaterally attack the petition or writ if the department is the prevailing party in any such proceeding.

Section 73. Subsection (1) of section 717.125, Florida Statutes, is amended to read:

717.125 Claim of another state to recover property; procedure.—

(1) At any time after property has been paid or delivered to the department under this chapter, another state may recover the property if:

(a) The property was subjected to custody by this state because the records of the holder did not reflect the last known address of the apparent owner when the property was presumed abandoned ~~unclaimed~~ under this chapter, and the other state establishes that the last known address of the apparent owner or other person entitled to the property was in that state and under the laws of that state the property escheated to or was subject to a claim of abandonment or being unclaimed by that state;

(b) The last known address of the apparent owner or other person entitled to the property, as reflected by the records of the holder, is in the other state and under the laws of that

341966

state the property has escheated to or become subject to a claim of abandonment by that state;

(d) The property was subject to custody by this state under s. 717.103(6) and under the laws of the state of domicile of the holder the property has escheated to or become subject to a claim of abandonment by that state; or

(e) The property is the sum payable on a traveler's check, money order, or other similar instrument that was subjected to custody by this state under s. 717.104, and the instrument was purchased in the other state, and under the laws of that state the property escheated to or became subject to a claim of abandonment by that state.

Section 74. Subsection (1) of section 717.126, Florida Statutes, is amended to read:

717.126 Administrative hearing; burden of proof; proof of entitlement; venue.—

(1) Any person aggrieved by a decision of the department may petition for a hearing as provided in ss. 120.569 and 120.57. In any proceeding for determination of a claim to property paid or delivered to the department under this chapter, the burden shall be upon the claimant to establish entitlement to the property by a preponderance of evidence. Having the same name as that reported to the department is not sufficient, in the absence of other evidence, to prove entitlement to abandoned

341966

~~unclaimed~~ property.

Section 75. Section 717.1261, Florida Statutes, is amended to read:

717.1261 Death certificates.—Any person who claims entitlement to abandoned ~~unclaimed~~ property by means of the death of one or more persons shall file a copy of the death certificate of the decedent or decedents that has been certified as being authentic by the issuing governmental agency.

Section 77. Section 717.129, Florida Statutes, is amended to read:

717.129 Periods of limitation.—

(1) The expiration before or after July 1, 1987, of any period of time specified by contract, statute, or court order, during which a claim for money or property may be made or during which an action or proceeding may be commenced or enforced to obtain payment of a claim for money or to recover property, does not prevent the money or property from being presumed abandoned ~~unclaimed~~ or affect any duty to file a report or to pay or deliver abandoned ~~unclaimed~~ property to the department as

341966

required by this chapter.

(2) The department may not commence an action or proceeding to enforce this chapter with respect to the reporting, payment, or delivery of property or any other duty of a holder under this chapter more than 10 years after the duty arose. The period of limitation established under this subsection is tolled by the earlier of the department's or audit agent's delivery of a notice that a holder is subject to an audit or examination under s. 717.1301 or the holder's written election to enter into an abandoned ~~unclaimed~~ property voluntary disclosure agreement.

Section 78. Subsections (3) and (4) of section 717.1301, Florida Statutes, are amended to read:

717.1301 Investigations; examinations; subpoenas.—

If the review results in a finding of a deficiency in abandoned ~~unclaimed~~ property due and payable to the department, the department shall notify the holder in writing of the amount of deficiency within 1 year after the authorization of the compliance review. If the holder fails to pay the deficiency within 90 days, the department may seek to enforce the assessment under subsection (1). The department is not required to conduct a review under this section before initiating an audit.

(4) Notwithstanding any other provision of law, in a contract providing for the location or collection of abandoned ~~unclaimed~~ property, the department may authorize the contractor

341966

to deduct its fees and expenses for services provided under the contract from the abandoned ~~unclaimed~~ property that the contractor has recovered or collected under the contract. The department shall annually report to the Chief Financial Officer the total amount collected or recovered by each contractor during the previous fiscal year and the total fees and expenses deducted by each contractor.

Section 79. Section 717.1315, Florida Statutes, is amended to read:

717.1315 Retention of records by claimant ~~claimant's~~ representatives and buyers of abandoned ~~unclaimed~~ property.—

(1) Every claimant ~~claimant's~~ representative and buyer of abandoned ~~unclaimed~~ property shall keep and use in his or her business such books, accounts, and records of the business conducted under this chapter to enable the department to determine whether such person is complying with this chapter and the rules adopted by the department under this chapter. Every claimant ~~claimant's~~ representative and buyer of abandoned ~~unclaimed~~ property shall preserve such books, accounts, and records, including every Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement between the owner and such claimant ~~claimant's~~ representative or buyer, for at least 3 years after the date of the initial agreement.

(2) A claimant ~~claimant's~~ representative or buyer of abandoned ~~unclaimed~~ property, operating at two or more places of business in this state, may maintain the books, accounts, and records of all such offices at any one of such offices, or at any other office maintained by such claimant ~~claimant's~~

717.132 Enforcement; cease and desist orders; fines.—

(2) In addition to any other powers conferred upon it to enforce and administer the provisions of this chapter, the department may issue and serve upon a person an order to cease and desist and to take corrective action whenever the department finds that such person is violating, has violated, or is about to violate any provision of this chapter, any rule or order promulgated under this chapter, or any written agreement entered into with the department. For purposes of this subsection, the term "corrective action" includes refunding excessive charges, requiring a person to return abandoned ~~unclaimed~~ property, requiring a holder to remit abandoned ~~unclaimed~~ property, and requiring a holder to correct a report that contains errors or omissions. Any such order shall contain a notice of rights provided by ss. 120.569 and 120.57.

Section 81. Paragraphs (c), (d), and (j) of subsection (1), subsections (2) and (3), paragraph (b) of subsection (4), and subsection (5) of section 717.1322, Florida Statutes, are amended to read:

(j) Requesting or receiving compensation for notifying a person of his or her abandoned unclaimed property or assisting another person in filing a claim for abandoned unclaimed property, ~~unless the person is an attorney licensed to practice law in this state, a Florida-certified public accountant, or a private investigator licensed under chapter 493,~~ or entering into, or making a solicitation to enter into, an agreement to file a claim for abandoned unclaimed property owned by another, unless such person is a registered claimant representative ~~registered with the department under this chapter and an attorney licensed to practice law in this state in the regular practice of her or his profession, a Florida-certified public accountant who is acting within the scope of the practice of public accounting as defined in chapter 473, or a private investigator licensed under chapter 493.~~ This paragraph does not apply to a person who has been granted a durable power of

341966

attorney to convey and receive all of the real and personal property of the owner, is the court-appointed guardian of the owner, has been employed as an attorney or qualified representative to contest the department's denial of a claim, or has been employed as an attorney to probate the estate of the owner or an heir or legatee of the owner.

(2) Upon a finding by the department that any person has committed any of the acts set forth in subsection (1), the department may enter an order doing any of the following:

(4)

(b) The disciplinary guidelines shall specify a meaningful range of designated penalties based upon the severity or repetition of specific offenses, or both. It is the legislative intent that minor violations be distinguished from more serious violations; that such guidelines consider the amount of the claim involved, the complexity of locating the owner, the steps taken to ensure the accuracy of the claim by the person filing the claim, the acts of commission and omission of the claimant ~~ultimate owners~~ in establishing themselves as rightful owners of the funds, the acts of commission or omission of the agent or employee of a claimant representative or its ~~an~~ employer in the filing of the claim, the actual knowledge of the agent, employee, employer, or owner in the filing of the claim, the departure, if any, by the agent or employee from the internal controls and procedures established by the claimant representative or its employer with regard to the filing of a claim, the number of defective claims previously filed by the agent, employee, employer, or owner; that such guidelines provide reasonable and meaningful notice of likely penalties that may be imposed for proscribed conduct; and that such penalties be consistently applied by the department.

(5) The department may seek any appropriate civil legal remedy available to it by filing a civil action in a court of competent jurisdiction against any person who has, directly or through a claimant ~~claimant's~~ representative, wrongfully

(3) At the request of another state, the department may bring an action in the name of the other state in any court of competent jurisdiction to enforce the abandoned ~~unclaimed~~ property laws of the other state against a holder in this state of property subject to escheat or a claim of abandonment by the other state, if the other state has agreed to pay expenses incurred in bringing the action.

Section 83. Subsection (2) of section 717.1333, Florida Statutes, is amended to read:

717.1333 Evidence; estimations; audit reports and worksheets, investigator reports and worksheets, other related documents.—

(2)(a) After a United States savings bond is abandoned ~~and unclaimed~~ in accordance with subsection (1), the department may commence a civil action in a court of competent jurisdiction in

341966

Leon County for a determination that the bond shall escheat to the state. (b) Service of process by publication may be made on a party in a civil action pursuant to this section. (c) The notice of action shall require a person claiming an interest in the bond to file a written defense with the clerk of the court and serve a copy of the defense by the date fixed in the notice. The date must not be less than 28 or more than 60 days after the first publication of the notice.

(d) The notice of action shall be published once a week for 4 consecutive weeks in a newspaper of general circulation published in Leon County. Proof of publication shall be placed in the court file.

3. If a person files a claim for one or more bonds and, after notice and hearing, the court determines that the claimant is entitled to the bonds claimed by such claimant, the court shall enter a judgment in favor of the claimant.

Section 89. Section 717.139, Florida Statutes, is amended to read:

717.139 Uniformity of application and construction.—

(1) The Legislature finds that laws governing abandoned property serve a vital public purpose by protecting the property rights of owners, facilitating the return abandoned property to its owners, preventing private escheatment, and ensuring that abandoned assets are preserved and safeguarded from waste or misuse. It is the public policy of the state to protect the interests of owners of abandoned ~~unclaimed~~ property. ~~It is declared to be in the best interests of owners of unclaimed property that such owners receive the full amount of any unclaimed property without any fee.~~

(2) This chapter shall be applied and construed as to effectuate its general purpose of protecting the interest of missing owners of abandoned property, while providing that the benefit of all ~~unclaimed and~~ abandoned property shall go to all the people of the state, and to make uniform the law with respect to the subject of this chapter among states enacting it.

341966

It is the intent of the Legislature that property reported under this chapter remains the property of the owner and that the State of Florida acts solely as a custodian, not as the owner, of such property. Title to abandoned property may not transfer to the state except as expressly provided by law and only after all reasonable efforts to identify and return the property to its rightful owner have been exhausted.

(c) The board has discretion whether to grant or deny an exemption under this subsection. The board's decision is subject to chapter 120.

(9) The disqualification periods provided in this section do not apply to the renewal of a license or to a new application for licensure if the applicant has an active license as of July 1, 2026, and the applicable criminal history was considered by the board on the prior approval of any active license held by the applicant. (c) Within 90 days after receipt of the claim, or the response of the claimant or the claimant ~~claimant's~~ representative to the department's request for additional

 3134 checking account in a financial institution is reported as an
 3135 "and" account in the name of two or more persons who are not
 3136 beneficiaries, it is presumed that each person must claim the
 3137 account in order for the claim to be approved by the department.
 3138 This presumption may be rebutted by showing that entitlement to
 3139 the account has been transferred to another person or by clear
 3140 and convincing evidence demonstrating that the account should
 3141 have been reported by the financial institution as an "or"
 3142 account.

3143 (b) If an abandoned ~~unclaimed~~ demand, savings, or checking
 3144 account in a financial institution is reported as an "and"
 3145 account and one of the persons on the account is deceased, it is
 3146 presumed that the account is a survivorship account. This
 3147 presumption may be rebutted by showing that entitlement to the
 3148 account has been transferred to another person or by clear and
 3149 convincing evidence demonstrating that the account is not a
 3150 survivorship account.

3151 (2) If an abandoned ~~unclaimed~~ demand, savings, or checking
 3152 account in a financial institution is reported as an "or"
 3153 account in the name of two or more persons who are not
 3154 beneficiaries, it is presumed that either person listed on the
 3155 account may claim the entire amount held in the account. This
 3156 presumption may be rebutted by showing that entitlement to the
 3157 account has been transferred to another person or by clear and
 3158 convincing evidence demonstrating that the account should have
 3159 been reported by the financial institution as an "and" account.

3160 (3) If an abandoned ~~unclaimed~~ demand, savings, or checking
 3161 account in a financial institution is reported in the name of

601-03236-26

20261452c2

3162 two or more persons who are not beneficiaries without
 3163 identifying whether the account is an "and" account or an "or"
 3164 account, it is presumed that the account is an "or" account.
 3165 This presumption may be rebutted by showing that entitlement to
 3166 the account has been transferred to another person or by clear
 3167 and convincing evidence demonstrating that the account should
 3168 have been reported by the financial institution as an "and"
 3169 account.

3170 (4) The department shall be deemed to have made a
 3171 distribution in good faith if the department remits funds
 3172 consistent with this section.

3173 Section 58. Subsection (2) of section 717.12404, Florida

 3178 or a trust must include a legible copy of a valid driver license
 3179 of the person acting on behalf of the ~~dissolved~~ corporation,

 3181 the person has not been issued a valid driver license, the
 3182 department shall be provided with a legible copy of a
 3183 photographic identification of the person issued by the United
 3184 States, a foreign nation, or a political subdivision or agency
 3185 thereof. In lieu of photographic identification, a notarized
 3186 sworn statement by the person may be provided which affirms the
 3187 person's identity and states the person's full name and address.
 3188 The person must produce his or her photographic identification
 3189 issued by the United States, a state or territory of the United
 3190 States, a foreign nation, or a political subdivision or agency

thereof or other evidence deemed acceptable by the department by rule. The notary shall indicate the notary's full address on the notarized sworn statement. Any claim filed without the required identification or the sworn statement with the original claim form and the original ~~Abandoned Unclaimed~~ Property Recovery Agreement or ~~Abandoned Unclaimed~~ Property Purchase Agreement, if applicable, is void.

Section 59. Section 717.12405, Florida Statutes, is amended to read:

717.12405 Claims by estates.—An estate or any person representing an estate or acting on behalf of an estate may claim ~~abandoned unclaimed~~ property only after the heir or legatee of the decedent entitled to the property has been located. Any estate, or any person representing an estate or acting on behalf of an estate, that receives ~~abandoned unclaimed~~ property before the heir or legatee of the decedent entitled to the property has been located, is personally liable for the ~~abandoned unclaimed~~ property and must immediately return the full amount of the ~~abandoned unclaimed~~ property or the value thereof to the department in accordance with s. 717.1341.

Section 60. Section 717.12406, Florida Statutes, is amended to read:

717.12406 Joint ownership of ~~abandoned unclaimed~~ securities or dividends.—For the purpose of determining joint ownership of ~~abandoned unclaimed~~ securities or dividends, the term:

(1) "TEN COM" means tenants in common.

(2) "TEN ENT" means tenants by the entirety.

(3) "JT TEN" or "JT" means joint tenants with the right of survivorship and not as tenants in common.

601-03236-26

20261452c2

(4) "And" means tenants in common with each person entitled to an equal pro rata share.

(5) "Or" means that each person listed on the account is entitled to all of the funds.

Section 61. Section 717.1241, Florida Statutes, is amended to read:

717.1241 Conflicting claims.—

(1) For purposes of this section, the term "conflicting claim" means two or more claims received by the department for the same abandoned property account or accounts in which two or more claimants appear to be equally entitled to the property. The term also includes circumstances in which the same claimant has more than one claim pending for the same property, including when the claimant is represented by more than one claimant representative or submits both a personal claim and a claim through a representative.

(2) When conflicting claims have been received by the department for the same ~~abandoned unclaimed~~ property account or accounts, the property shall be remitted in accordance with the claim filed by the person as follows, notwithstanding the withdrawal of a claim:

(a) To the person submitting the first claim received by the ~~Division of Unclaimed Property of the~~ department that is complete or made complete.

(b) If a claimant's claim and a claimant claimant's representative's claim for the recovery of property are received by the ~~Division of Unclaimed Property of the~~ department on the same day and both claims are complete, to the claimant.

(c) If a buyer's claim or a purchasing claimant

20261452c2

3249 representative's claim and a claimant's claim or a claimant
 3250 claimant's representative's claim for the recovery of property
 3251 are received by the ~~Division of Unclaimed Property of the~~
 3252 department on the same day and the claims are complete, to the
 3253 buyer.

3254 (d) As between two or more claimant representatives'
 3255 ~~claimant's representative's~~ claims received by the ~~Division of~~
 3256 ~~Unclaimed Property of the~~ department that are complete or made
 3257 complete on the same day, to the claimant claimant's
 3258 representative who has agreed to receive the lowest fee. If the
 3259 two or more claimant claimant's representatives whose claims
 3260 received by the ~~Division of Unclaimed Property of the~~ department
 3261 were complete or made complete on the same day are charging the
 3262 same ~~lowest~~ fee, the fee shall be divided equally between the
 3263 claimant claimant's representatives.

3264 (e) If more than one buyer's claim received by the ~~Division~~
 3265 ~~of Unclaimed Property of the~~ department is complete or made
 3266 complete on the same day, the department shall remit the
 3267 abandoned unclaimed property to the buyer who paid the highest
 3268 amount to the seller. If the buyers paid the same amount to the
 3269 seller, the department shall remit the abandoned unclaimed
 3270 property to the buyers divided in equal amounts.

3271 ~~(3)(2)~~ The purpose of this section is solely to provide
 3272 guidance to the department regarding to whom it should remit the
 3273 abandoned unclaimed property and is not intended to extinguish
 3274 or affect any private cause of action that any person may have
 3275 against another person for breach of contract or other statutory
 3276 or common-law remedy. A buyer's sole remedy, if any, shall be
 3277 against the claimant claimant's representative or the seller, or

 3279 any, shall be against the buyer or the seller, or both. A
 3280 claimant's or seller's sole remedy, if any, shall be against the
 3281 buyer or the claimant claimant's representative, or both.
 3282 Nothing in this section forecloses the right of a person to
 3283 challenge the department's determination of completeness in a
 3284 proceeding under ss. 120.569 and 120.57.

3285 ~~(4)(3)~~ A claim is complete when entitlement to the
 3286 abandoned unclaimed property has been established.

3287 Section 62. Subsection (1) of section 717.1242, Florida
 3288 Statutes, is amended to read:

3289 717.1242 Restatement of jurisdiction of the circuit court
 3290 sitting in probate and the department.—

3291 (1) It is and has been the intent of the Legislature that,
 3292 pursuant to s. 26.012(2)(b), circuit courts have jurisdiction of
 3293 proceedings relating to the settlement of the estates of
 3294 decedents and other jurisdiction usually pertaining to courts of
 3295 probate. It is and has been the intent of the Legislature that,
 3296 pursuant to this chapter, the department determines the merits
 3297 of claims and entitlement to abandoned unclaimed property paid
 3298 or delivered to the department under this chapter. Consistent
 3299 with this legislative intent, any beneficiary, devisee, heir,
 3300 personal representative, or other interested person, as those
 3301 terms are defined in the Florida Probate Code and the Florida
 3302 Trust Code, of an estate seeking to obtain property paid or
 3303 delivered to the department under this chapter must file a claim
 3304 with the department as provided in s. 717.124.

3308 (1) A claim for ~~abandoned unclaimed~~ property made by a
 3309 beneficiary, as defined in s. 731.201, of a deceased owner need
 3310 not be accompanied by an order of a probate court if the
 3311 claimant files with the department an affidavit, signed by all
 3312 beneficiaries, stating that all the beneficiaries have amicably
 3313 agreed among themselves upon a division of the estate and that
 3314 all funeral expenses, expenses of the last illness, and any
 3315 other lawful claims have been paid, and any additional
 3316 information reasonably necessary to make a determination of
 3317 entitlement. If the owner died testate, the claim shall be
 3318 accompanied by a copy of the will.

3319 (4) This section applies only if all of the abandoned
 3320 ~~unclaimed~~ property held by the department on behalf of the owner
 3321 has an aggregate value of \$20,000 or less and no probate
 3322 proceeding is pending.

3323 Section 64. Section 717.1244, Florida Statutes, is amended
 3324 to read:

3325 717.1244 Determinations of abandoned ~~unclaimed~~ property
 3326 claims.—In rendering a determination regarding the merits of an

 3328 the applicable statutory, regulatory, common, and case law.
 3329 Agency statements applying the statutory, regulatory, common,
 3330 and case law to abandoned ~~unclaimed~~ property claims are not

3336 obtain property paid or delivered to the department under this
 3337 chapter, the petitioner shall be ordered to pay the department
 3338 reasonable costs and ~~attorney~~ attorney's fees in any proceeding
 3339 brought by the department to oppose, appeal, or collaterally
 3340 attack the petition or writ if the department is the prevailing
 3341 party in any such proceeding.

3342 Section 66. Subsection (1) of section 717.125, Florida
 3343 Statutes, is amended to read:

3344 717.125 Claim of another state to recover property;
 3345 procedure.—

3346 (1) At any time after property has been paid or delivered
 3347 to the department under this chapter, another state may recover
 3348 the property if:

3349 (a) The property was subjected to custody by this state
 3350 because the records of the holder did not reflect the last known
 3351 address of the apparent owner when the property was presumed
 3352 abandoned ~~unclaimed~~ under this chapter, and the other state
 3353 establishes that the last known address of the apparent owner or
 3354 other person entitled to the property was in that state and
 3355 under the laws of that state the property escheated to or was
 3356 subject to a claim of abandonment or being unclaimed by that
 3357 state;

3358 (b) The last known address of the apparent owner or other
 3359 person entitled to the property, as reflected by the records of
 3360 the holder, is in the other state and under the laws of that
 3361 state the property has escheated to or become subject to a claim
 3362 of abandonment by that state;

3363 (c) The records of the holder were erroneous in that they
 3364 did not accurately reflect the actual owner of the property and

601-03236-26 20261452c2

3365 the last known address of the actual owner is in the other state
3366 and under laws of that state the property escheated to or was
3367 subject to a claim of abandonment by that state;

3368 (d) The property was subject to custody by this state under
3369 s. 717.103(6) and under the laws of the state of domicile of the
3370 holder the property has escheated to or become subject to a
3371 claim of abandonment by that state; or

3372 (e) The property is the sum payable on a traveler's check,
3373 money order, or other similar instrument that was subjected to
3374 custody by this state under s. 717.104, and the instrument was
3375 purchased in the other state, and under the laws of that state
3376 the property escheated to or became subject to a claim of
3377 abandonment by that state.

3378 Section 67. Subsection (1) of section 717.126, Florida
3379 Statutes, is amended to read:

3380 717.126 Administrative hearing; burden of proof; proof of
3381 entitlement; venue.—

3382 (1) Any person aggrieved by a decision of the department
3383 may petition for a hearing as provided in ss. 120.569 and
3384 120.57. In any proceeding for determination of a claim to
3385 property paid or delivered to the department under this chapter,
3386 the burden shall be upon the claimant to establish entitlement
3387 to the property by a preponderance of evidence. Having the same
3388 name as that reported to the department is not sufficient, in
3389 the absence of other evidence, to prove entitlement to abandoned
3390 ~~unclaimed~~ property.

3391 Section 68. Section 717.1261, Florida Statutes, is amended
3392 to read:

3393 717.1261 Death certificates.—Any person who claims

3394 entitlement to abandoned ~~unclaimed~~ property by means of the
3395 death of one or more persons shall file a copy of the death
3396 certificate of the decedent or decedents that has been certified
3397 as being authentic by the issuing governmental agency.

3398 Section 69. Section 717.1262, Florida Statutes, is amended
3399 to read:

3400 717.1262 Court documents.—Any person who claims entitlement
3401 to abandoned ~~unclaimed~~ property by reason of a court document
3402 shall file a certified copy of the court document with the
3403 department. A certified copy of each pleading filed with the
3404 court to obtain a court document establishing entitlement, filed
3405 within 180 days before the date the claim form was signed by the
3406 claimant or claimant ~~claimant's~~ representative, must also be
3407 filed with the department.

3408 Section 70. Section 717.129, Florida Statutes, is amended
3409 to read:

3410 717.129 Periods of limitation.—

3411 (1) The expiration before or after July 1, 1987, of any
3412 period of time specified by contract, statute, or court order,
3413 during which a claim for money or property may be made or during
3414 which an action or proceeding may be commenced or enforced to
3415 obtain payment of a claim for money or to recover property, does
3416 not prevent the money or property from being presumed abandoned
3417 ~~unclaimed~~ or affect any duty to file a report or to pay or
3418 deliver abandoned ~~unclaimed~~ property to the department as
3419 required by this chapter.

3420 (2) The department may not commence an action or proceeding
3421 to enforce this chapter with respect to the reporting, payment,
3422 or delivery of property or any other duty of a holder under this

601-03236-26

20261452c2

The period of limitation established under this subsection is tolled by the earlier of the department's or audit agent's delivery of a notice that a holder is subject to an audit or examination under s. 717.1301 or the holder's written election to enter into an abandoned ~~unclaimed~~ property voluntary disclosure agreement.

Section 71. Subsections (3) and (4) of section 717.1301, Florida Statutes, are amended to read:

717.1301 Investigations; examinations; subpoenas.—

(3) The department may authorize a compliance review of a report for a specified reporting year. The review must be limited to the contents of the report filed, as required by s. 717.117 and subsection (2), and all supporting documents related to the reports. If the review results in a finding of a deficiency in abandoned ~~unclaimed~~ property due and payable to the department, the department shall notify the holder in writing of the amount of deficiency within 1 year after the authorization of the compliance review. If the holder fails to pay the deficiency within 90 days, the department may seek to enforce the assessment under subsection (1). The department is not required to conduct a review under this section before initiating an audit.

(4) Notwithstanding any other provision of law, in a contract providing for the location or collection of abandoned ~~unclaimed~~ property, the department may authorize the contractor to deduct its fees and expenses for services provided under the contract from the abandoned ~~unclaimed~~ property that the contractor has recovered or collected under the contract. The department shall annually report to the Chief Financial Officer

20261452c2

Section 72. Section 717.1315, Florida Statutes, is amended to read:

717.1315 Retention of records by claimant ~~claimant's~~ representatives and buyers of abandoned ~~unclaimed~~ property.—

(1) Every claimant ~~claimant's~~ representative and buyer of abandoned ~~unclaimed~~ property shall keep and use in his or her business such books, accounts, and records of the business conducted under this chapter to enable the department to determine whether such person is complying with this chapter and the rules adopted by the department under this chapter. Every claimant ~~claimant's~~ representative and buyer of abandoned ~~unclaimed~~ property shall preserve such books, accounts, and records, including every Abandoned ~~Unclaimed~~ Property Recovery Agreement or Abandoned ~~Unclaimed~~ Property Purchase Agreement between the owner and such claimant ~~claimant's~~ representative or buyer, for at least 3 years after the date of the initial agreement.

(2) A claimant ~~claimant's~~ representative or buyer of abandoned ~~unclaimed~~ property, operating at two or more places of business in this state, may maintain the books, accounts, and records of all such offices at any one of such offices, or at any other office maintained by such claimant ~~claimant's~~ representative or buyer of abandoned ~~unclaimed~~ property, upon the filing of a written notice with the department designating in the written notice the office at which such records are maintained.

601-03236-26

20261452c2

3481 (3) A claimant ~~claimant's~~ representative or buyer of
 3482 ~~abandoned unclaimed~~ property shall make all books, accounts, and
 3483 records available at a convenient location in this state upon
 3484 request of the department.

3485 Section 73. Subsections (2) and (3) of section 717.132,
 3486 Florida Statutes, are amended to read:

3487 717.132 Enforcement; cease and desist orders; fines.—

3488 (2) In addition to any other powers conferred upon it to
 3489 enforce and administer the provisions of this chapter, the
 3490 department may issue and serve upon a person an order to cease
 3491 and desist and to take corrective action whenever the department
 3492 finds that such person is violating, has violated, or is about
 3493 to violate any provision of this chapter, any rule or order
 3494 promulgated under this chapter, or any written agreement entered
 3495 into with the department. For purposes of this subsection, the
 3496 term "corrective action" includes refunding excessive charges,
 3497 requiring a person to return abandoned unclaimed property,
 3498 requiring a holder to remit abandoned unclaimed property, and
 3499 requiring a holder to correct a report that contains errors or
 3500 omissions. Any such order shall contain a notice of rights
 3501 provided by ss. 120.569 and 120.57.

3502 (3) In addition to any other powers conferred upon it to
 3503 enforce and administer the provisions of this chapter, the
 3504 department or a court of competent jurisdiction may impose fines
 3505 against any person found to have violated any provision of this
 3506 chapter, any rule or order promulgated under this chapter, or
 3507 any written agreement entered into with the department in an
 3508 amount not to exceed \$2,000 for each violation. All fines

 3514 amended to read:

3515 717.1322 Administrative and civil enforcement.—

3915 (1) The Legislature finds that laws governing abandoned

601-03236-26 20261452c2

3916 property serve a vital public purpose by protecting the property

3918 its owners, preventing private escheatment, and ensuring that
3919 abandoned assets are preserved and safeguarded from waste or
3920 misuse. It is the public policy of the state to protect the
3921 interests of owners of abandoned unclaimed property. ~~It is~~

3932 this chapter remains the property of the owner and that the
3933 State of Florida acts solely as a custodian, not as the owner,
3934 of such property. Title to abandoned property may not transfer
3935 to the state except as expressly provided by law and only after
3936 all reasonable efforts to identify and return the property to
3937 its rightful owner have been exhausted.

BILL: SB 1536

INTRODUCER: Senator Pizzo

SUBJECT: Digital Voyeurism

DATE: February 23, 2026

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

I. Summary:

SB 1536 amends s. 810.145, F.S., to revise the definition of the term “reasonable expectation of privacy” for purposes relating to the offense of digital voyeurism, to include a privately fenced yard.

This bill is estimated to have a positive indeterminate prison bed impact on the Department of Corrections. See Section V., Fiscal Impact Statement.

The bill takes effect on July 1, 2026.

II. Present Situation:

Digital voyeurism is a growing issue in Florida, with cases involving the secret recording of people in private settings. On January 3, 2026, a deputy with the Palm Beach County Sheriff’s Office was called to Target in Royal Palm Beach for reports of voyeurism. A 14-year-old victim told deputies that she was in a fitting room with her shirt off when a stranger in an adjacent stall stuck his arm over into her stall and used a phone to take a photograph of her while she was changing.¹

In another incident a 20-year-old Gainesville man was arrested and charged with voyeurism and burglary of an occupied dwelling after he allegedly snuck onto a lawn and peered at a teenager through her bedroom window. According to police reports, the man either scaled a 6-foot fence or entered through a closed gate to get into the backyard of the teen’s home. He allegedly

watched the 15-year-old through the window secretly and was spotted by the girl's mother who reported the incident to police.²

In 2024, Florida renamed and expanded the offense of “video voyeurism” to “digital voyeurism,” strengthening penalties and reclassifying the offense under state law to better address privacy violations committed through modern digital recording devices, including smartphones and hidden cameras.

Digital Voyeurism

Section 810.145, F.S., provides that a person commits the offense of digital voyeurism if that person:

- For his or her own amusement, entertainment, sexual arousal, gratification, or profit, or for the purpose of degrading, exploiting, or abusing another person, intentionally uses or installs an imaging device to secretly view, broadcast, or record a person, without that person's knowledge and consent, who is dressing, undressing, or privately exposing the body, at a place and time when that person has a reasonable expectation of privacy;³
- For the amusement, entertainment, sexual arousal, gratification, or profit of another, or on behalf of another, intentionally permits the use or installation of an imaging device to secretly view, broadcast, or record a person, without that person's knowledge and consent, who is dressing, undressing, or privately exposing the body, at a place and time when that person has a reasonable expectation of privacy;⁴ or
- For the amusement, entertainment, sexual arousal, gratification, or profit of oneself or another, or on behalf of oneself or another, intentionally uses an imaging device to secretly view, broadcast, or record under or through the clothing being worn by another person, without that person's knowledge and consent, for the purpose of viewing the body of, or the undergarments worn by, that person.⁵

For purposes of digital voyeurism, the term “reasonable expectation of privacy” means circumstances under which a reasonable person would believe that he or she could fully disrobe in privacy, without being concerned that the person's undressing was being viewed, recorded, or broadcasted by another, including, but not limited to, the interior of a residential dwelling, bathroom, changing room, fitting room, dressing room, or tanning booth.⁶

A person who is under 19 years of age and who commits this offense commits a first degree misdemeanor.^{7,8}

⁸ A first degree misdemeanor is punishable by a definite term of imprisonment not exceeding 1 year and a \$1,000 fine, as provided in ss. 775.082 and 775.083, F.S.

A person who is 19 years of age or older who commits this offense commits a third degree felony.^{9,10}

Digital Voyeurism Dissemination

A person commits the offense of digital voyeurism dissemination if that person, knowing or having reason to believe that an image or recording was created by committing digital voyeurism and he or she intentionally disseminates, distributes, or transfers the image or recording to another person for the purpose of the amusement, entertainment, sexual arousal, or gratification of any person, or for the purpose of degrading, exploiting, or abusing another person.¹¹ A person who commits the offense of digital voyeurism dissemination commits a third degree felony.¹²

A person commits the offense of commercial digital voyeurism dissemination if that person:

- Knowing or having reason to believe that an image or recording was created by committing digital voyeurism and sells the image or recording for consideration to another person;¹³ or
- Having created the image by committing digital voyeurism, and disseminates, distributes, or transfers the image or recording to another person for that person to sell the image or recording to others.¹⁴

Commercial digital voyeurism dissemination is a third degree felony.

Digital voyeurism penalties

Each instance of viewing, broadcasting, recording, disseminating, distributing, or transferring of an image or recording made in violation of this section is a separate offense for which a separate penalty is authorized.

A person who commits the offense of digital voyeurism, digital voyeurism dissemination, or commercial digital voyeurism and has previously been convicted of or adjudicated delinquent for any of those offenses commits a felony of the second degree.¹⁵

If a person who is 19 years of age or older and is convicted of committing any violation of s. 810.145, F.S., relating to digital voyeurism and is a family or household member of the victim, or holds a position of authority or trust with the victim, the court shall reclassify the felony to the next higher degree as follows:

- A felony of the third degree is reclassified as a felony of the second degree.¹⁶
- A felony of the second degree is reclassified as a felony of the first degree.¹⁷

⁹ Section 810.145(2)(c), F.S.

¹⁰ A third degree felony is punishable by a term of imprisonment not exceeding 5 years and a \$5,000 fine, as provided in ss. 775.082 and 775.083. A person who is designated as a violent career criminal, habitual felony offender, habitual violent felony offender, or three-time violent felony offender is subjected to enhanced penalties provided in 775.084, F.S.

¹⁵ Section 810.145(7)(a), F.S.

¹⁶ Section 810.145(7)(b)1., F.S.

¹⁷ Section 810.145(7)(b)2., F.S.

For purposes of sentencing under ch. 921, F.S., and incentive gain-time eligibility under ch. 944, F.S., a felony that is reclassified is ranked one level above the ranking in s. 921.0022, F.S.

III. Effect of Proposed Changes:

The bill amends s. 810.145, F.S., to revise the definition of the term “reasonable expectation of privacy” for purposes relating to the offense of digital voyeurism.

The bill adds *privately fenced yard* to the places in which a reasonable person would believe that he or she could fully disrobe in privacy, without being concerned the person undressing was being viewed, recorded, or broadcasted by another.

The bill takes effect on July 1, 2026.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Art. VII, s. 18 of the State Constitution.

C. Government Sector Impact:

The Legislature's Office of Economic and Demographics Research (EDR) and the Criminal Justice Impact Conference, which provides the final, official estimate of the prison bed impact, if any, of legislation, has determined that the bill may have a positive indeterminate prison bed impact on the Department of Corrections (DOC), meaning that the bill may increase the number of individuals admitted to prison. The EDR provides the following additional information regarding its estimate:

Per the DOC, in FY 24-25, there were 13 new commitments to prison for felonies under s. 810.145, F.S. It is not known how many additional offenders there would be with the addition of privately fenced yard to where someone would have a reasonable expectation of privacy.¹⁸

I. Summary:

SB 1548 makes a variety of changes regarding the Live Local Act, passed during the 2023 Regular Session to require the authorization of certain affordable housing developments by local governments under certain conditions. The bill:

- Provides that the preemptions of the Live Local Act permitting the development of affordable housing apply on any property owned by a county, municipality, or school district;
- Provides that a local government may not utilize other dimensional means such as setbacks to constructively restrict the height of a project authorized by the Live Local Act;
- Provides that farming and farm operations, including the packaging and sale of those products raised on the premises, are excluded from the definitions of commercial, industrial, or mixed-use zoning which would require the local government to approve affordable housing developments;
- Permits the utilization of the Live Local Act in the vicinity of airports when approved by the airport's governing body; and
- Clarifies language around the prohibition against discriminating against affordable housing development in land use decisions by a local government, and waives sovereign immunity in cases based on such discrimination.

The bill takes effect July 1, 2026.

II. Present Situation:

Zoning and Land Use Preemption for Affordable Developments

The Growth Management Act requires every city and county to create and implement a comprehensive plan to guide future development.¹ All development, both public and private, and

¹ Section 163.3167(2), F.S.

all development orders² approved by local governments must be consistent with the local government's comprehensive plan unless otherwise provided by law.³ The Future Land Use Element in a comprehensive plan establishes a range of allowable uses and densities and intensities over large areas, and the specific use and intensities for specific parcels⁴ within that range are decided by a more detailed, implementing zoning map.⁵

The Live Local Act (act)⁶ preempts certain county and municipal zoning and land use decisions to encourage development of affordable multifamily rental housing in targeted land use areas. Specifically, the act requires counties and municipalities to allow a multifamily or mixed-use residential⁷ rental development in any area zoned for commercial, industrial, or mixed-use if the development meets certain affordability requirements.⁸ To qualify, the proposed development must reserve 40 percent of the units for residents with incomes up to 120% AMI, for a period of at least 30 years.

Additionally, the local government may not restrict the density or floor area ratio of qualifying developments below the highest allowed density, or below 150 percent of the highest allowed floor area ratio, on land within its jurisdiction where residential development is allowed, and may not restrict the height below the highest currently allowed height for a commercial or residential development in its jurisdiction within 1 mile of the proposed development or 3 stories, whichever is higher. Further height restrictions apply where a proposed development is adjacent to single family residential development.

An application for a development must be administratively approved, and no further action is required from the governing body of the local government if the development satisfies the local government's land development regulations for multifamily in areas zoned for such use and is otherwise consistent with the jurisdiction's comprehensive plan.

These zoning and land use provisions do not apply to recreational and commercial working waterfronts in industrial areas, and only mixed-use residential developments must be authorized under these provisions in areas where commercial or industrial capacity is exceptionally limited.

² "Development order" means any order granting, denying, or granting with conditions an application for a development permit. See s. 163.3164(15), F.S. "Development permit" includes any building permit, zoning permit, subdivision approval, rezoning, certification, special exception, variance, or any other official action of local government having the effect of permitting the development of land. See s. 163.3164(16), F.S.

³ Section 163.3194(3), F.S.

⁴ When local governments make changes to their zoning regulations or comprehensive plans some structures may no longer be in compliance with the newly approved zoning and may be deemed a "nonconforming use." A nonconforming use or structure is one in which the use or structure was legally permitted prior to a change in the law, and the change in law would no longer permit the re-establishment of such structure or use.

⁵ Richard Grosso, A Guide to Development Order "Consistency" Challenges Under Florida Statutes Section 163.3215, 34 J. Envtl. L. & Litig. 129, 154 (2019) citing *Brevard Cty. v. Snyder*, 627 So. 2d 469, 475 (Fla. 1993).

⁶ The "Live Local Act", Ch. 2023-17, Laws of Fla., made various changes to affordable housing related programs and policies at the state and local levels, including zoning and land use preemptions favoring affordable housing, funding for state affordable housing programs, and tax provisions intended to incentivize affordable housing development.

⁷ For mixed-use residential, at least 65 percent of the total square footage must be used for residential purposes.

⁸ See ss. 125.01055(7) and 166.04151(7), F.S., this analysis section.

Commercial, Industrial, and Mixed Use⁹

For the purposes of the Live Local Act, “commercial use” means activities associated with the sale, rental, or distribution of products or the performance of services related thereto. It includes, but is not limited to:

- Retail sales; wholesale sales; rentals of equipment, goods, or products;
- Offices; restaurants;
- Food service vendors; sports arenas; theaters; and tourist attractions; and
- Other for-profit business activities

A parcel that is zoned to permit these uses by right (without a variance or waiver) is considered commercial use for this statute, regardless of its local land development category or title.

Excluded from commercial use are:

- Home-based businesses and cottage food operations on residential property;
- Certain public lodging establishments;
- Accessory, ancillary, incidental, or temporary uses; and
- Recreational uses (e.g., golf courses, tennis courts, swimming pools, clubhouses) when located within an area designated for residential use.

For the purposes of the Live Local Act, “industrial use” means activities associated with the manufacture, assembly, processing, or storage of products or the performance of related services. It includes, but is not limited to:

- Automobile manufacturing or repair; boat manufacturing or repair;
- Junk yards; meat packing facilities; citrus or produce processing and packing;
- Electrical generating plants; water treatment plants; sewage treatment plants; and
- Solid waste disposal sites.

A parcel zoned to permit these uses by right is considered industrial use for the statute. The term does not include accessory, ancillary, incidental, or temporary uses, or the same set of recreational uses as above.

For the purposes of the Live Local Act, “mixed use” refers to any use that combines multiple types of approved land uses from at least two of the residential use, commercial use, and industrial use categories.¹⁰ The commercial and industrial exclusions for accessory, ancillary, incidental, temporary, and recreational uses apply to mixed use as well.

Fair Housing

The Florida Fair Housing Act¹¹ prohibits discrimination in housing-related activities, including the sale, rental, and financing of housing. The law protects individuals from discrimination based on race, color, national origin, sex, disability, familial status, or religion. The law also specifically prohibits local governments from discriminatory practices in land use decisions and development permitting, including discrimination based on the source of financing of a

development, except as otherwise provided by law.¹² The Act is enforced by the Florida Commission on Human Relations, which investigates complaints and can seek legal remedies for violations.

Sovereign Immunity

Sovereign immunity is “[a] government’s immunity from being sued in its own courts without its consent.”¹³ The doctrine had its origin with the judge-made law of England. The basis of the existence of the doctrine of sovereign immunity in the United States was explained as follows: A sovereign is exempt from suit, not because of any formal conception or obsolete theory, but on the logical and practical ground that there can be no legal right as against the authority that makes the law on which the right depends.¹⁴

Article X, s. 13 of the Florida Constitution authorizes the Legislature to enact laws that permit suits against the State and its subdivisions, thereby waiving sovereign immunity. Currently, Florida law allows tort lawsuits against the State and its subdivisions¹⁵ for damages that result from the negligence of government employees acting in the scope of their employment, but limits payment of judgments to \$200,000 per person and \$300,000 per incident.¹⁶ This liability exists only where a private person would be liable for the same conduct.¹⁷ Harmed persons who seek to recover amounts in excess of these limits may request that the Legislature enact a claim bill to appropriate the remainder of their court-awarded judgment.¹⁸ Article VII, s. 1(c) of the Florida Constitution prohibits funds from being drawn from the State Treasury except in pursuance of an appropriation made by law. However, local governments and municipalities are not subject to this provision, and therefore may appropriate their local funds according to their processes.

III. Effect of Proposed Changes:

Sections 1 and 2 amend ss. 125.01055 and 166.04151, F.S., related to the administrative approval of certain affordable housing developments under the Live Local Act. The amendments are organized below.

¹⁵ Section 768.28(2), F.S., defines “state agencies or subdivisions” to include “executive departments, the Legislature, the judicial branch (including public defenders), and the independent establishments of the state, including state university boards of trustees; counties and municipalities; and corporations primarily acting as instrumentalities or agencies of the state, counties, or municipalities, including the Florida Space Authority.”

Land Owned by a County, City, or School District

The bill provides that the preemptions requiring approval of certain affordable housing developments applies to any property owned by a county, municipality, or school district. This provision enables local governments, working in conjunction with affordable housing developers, to bypass processes otherwise required for developing affordable housing.

Setbacks and Stepbacks

The bill provides that a local government may not restrict height of a proposed development utilizing the Live Local Act constructively through other dimensional means, such as height determined by setbacks¹⁹ or stepbacks,²⁰ or require setbacks or stepbacks that are more restrictive than the minimums of the underlying zoning applicable to the proposed development.

Commercial, Industrial, and Mixed-Use Definitions

The bill provides that for the purposes of the Live Local Act farms or farm operations, or uses associated therewith, to include the packaging and sale of those products raised on the premises, are excluded from the definitions of commercial, industrial, or mixed use.

The bill refers to s. 823.14(3), F.S., which provides that:

- “Farm” means the land, buildings, support facilities, machinery, and other appurtenances used in the production of farm or aquaculture products; and
- “Farm operation” means all conditions or activities by the owner, lessee, agent, independent contractor, or supplier which occur on a farm in connection with the production of farm, honeybee, or apiculture products or in connection with complementary agritourism activities.

The referenced statute includes examples such as roadside stands, agritourism, and the use of certain farm-related machinery.

With this change, counties and municipalities are not required to authorize multifamily and mixed-use residential uses for an area if the area is also a farm or farm operation, or utilized for uses associated therewith.

Section 3 provides that that an applicant for a proposed development authorized under ss. 125.01055(7) or 166.04151(7), F.S., who submitted documentation before July 1, 2026, may proceed under the provisions of law as they existed at the time of submission, or notify the local government of their intent to revise their submission to account for the changes made by the bill.

Proposed Developments Near Airports

The preemptions of the Live Local Act do not apply to a proposed development near a runway, within an airport noise zone, or exceeding maximum height restrictions identified in an airport

zoning regulation.²¹ **Section 5** amends s. 333.03, F.S., to provide that the Live Local Act may apply if the development application is approved by the governing body of the relevant airport.

Discrimination in Regulatory Decisions

Section 6 amends s. 760.26, F.S., to provide that it is unlawful to discriminate in land use decisions or in the permitting of development based on the nature of a development or proposed development's financing as affordable housing.

Section 7 amends s. 760.35, F.S., to waive sovereign immunity for a cause of action based on a violation of the Florida Fair Housing Act.

The bill takes effect July 1, 2026.

purposes. A proposed development on property owned by a county, municipality, or school district must be within the geographic boundaries of the respective county, municipality, or school district, and the respective county, municipality, or school district must be a party to the application for the proposed development.

(d)1. A county may not restrict the height of a proposed development authorized under this subsection below the highest currently allowed, or allowed on July 1, 2023, height for a commercial or residential building located in its jurisdiction within 1 mile of the proposed development or three stories, whichever is higher. A county may not restrict height below the height authorized under this paragraph through other dimensional means, such as height determined by setbacks or stepbacks, or vice versa, or require setbacks or stepbacks that are more restrictive than the minimum setbacks or stepbacks of the underlying zoning applicable to the proposed development. For purposes of this paragraph, the term "highest currently allowed height" does not include the height of any building that met the requirements of this subsection or the height of any building that has received any bonus, variance, or other special exception for height provided in the county's land development regulations as an incentive for development.

2. If the proposed development is adjacent to, on two or more sides, a parcel zoned for single-family residential use which is within a single-family residential development with at least 25 contiguous single-family homes, the county may restrict the height of the proposed development to 150 percent of the tallest building on any property adjacent to the proposed

development, the highest currently allowed, or allowed on July 1, 2023, height for the property provided in the county's land development regulations, or three stories, whichever is higher, not to exceed 10 stories. For the purposes of this paragraph, the term "adjacent to" means those properties sharing more than one point of a property line, but does not include properties separated by a public road.

3. If the proposed development is on a parcel with a contributing structure or building within a historic district which was listed in the National Register of Historic Places before January 1, 2000, or is on a parcel with a structure or building individually listed in the National Register of Historic Places, the county may restrict the height of the proposed development to the highest currently allowed, or allowed on July 1, 2023, height for a commercial or residential building located in its jurisdiction within three-fourths of a mile of the proposed development or three stories, whichever is higher. The term "highest currently allowed" in this paragraph includes the maximum height allowed for any building in a zoning district irrespective of any conditions.

(n) As used in this subsection, the term:

1. "Commercial use" means activities associated with the sale, rental, or distribution of products or the performance of services related thereto. The term includes, but is not limited to, such uses or activities as retail sales; wholesale sales; rentals of equipment, goods, or products; offices; restaurants; public lodging establishments as described in s. 509.242(1)(a); food service vendors; sports arenas; theaters; tourist attractions; and other for-profit business activities. A parcel

38-01065A-26

20261548

zoned to permit such uses by right without the requirement to obtain a variance or waiver is considered commercial use for the purposes of this section, irrespective of the local land development regulation's listed category or title. The term does not include home-based businesses or cottage food operations undertaken on residential property, public lodging establishments as described in s. 509.242(1)(c), or uses that are accessory, ancillary, incidental to the allowable uses, or allowed only on a temporary basis. Recreational uses, such as golf courses, tennis courts, swimming pools, and clubhouses, within an area designated for residential use are not commercial use, irrespective of how they are operated. Farms and farm operations as those terms are defined in s. 823.14(3) and uses associated therewith, including the packaging and sale of products raised on the premises, are not commercial use.

2. "Industrial use" means activities associated with the manufacture, assembly, processing, or storage of products or the performance of services related thereto. The term includes, but is not limited to, such uses or activities as automobile manufacturing or repair, boat manufacturing or repair, junk yards, meat packing facilities, citrus processing and packing facilities, produce processing and packing facilities, electrical generating plants, water treatment plants, sewage treatment plants, and solid waste disposal sites. A parcel zoned to permit such uses by right without the requirement to obtain a variance or waiver is considered industrial use for the purposes of this section, irrespective of the local land development regulation's listed category or title. The term does not include uses that are accessory, ancillary, incidental to the allowable

uses, or allowed only on a temporary basis. Recreational uses, such as golf courses, tennis courts, swimming pools, and clubhouses, within an area designated for residential use are not industrial use, irrespective of how they are operated. Farms and farm operations as those terms are defined in s. 823.14(3) and uses associated therewith, including the packaging and sale of products raised on the premises, are not industrial use.

3. "Mixed use" means any use that combines multiple types of approved land uses from at least two of the residential use, commercial use, and industrial use categories. The term does not include uses that are accessory, ancillary, incidental to the allowable uses, or allowed only on a temporary basis. Recreational uses, such as golf courses, tennis courts, swimming pools, and clubhouses, within an area designated for residential use are not mixed use, irrespective of how they are operated.

4. "Planned unit development" has the same meaning as provided in s. 163.3202(5)(b).

Section 2. Paragraphs (a), (d), and (n) of subsection (7) of section 166.04151, Florida Statutes, are amended to read:

166.04151 Affordable housing.—

(7)(a) A municipality must authorize multifamily and mixed-use residential as allowable uses in any area zoned for commercial, industrial, or mixed use, ~~and~~ in portions of any flexibly zoned area such as a planned unit development permitted for commercial, industrial, or mixed use, and on property owned by a county, municipality, or school district, if at least 40 percent of the residential units in a proposed multifamily development are rental units that, for a period of at least 30 years, are affordable as defined in s. 420.0004. Notwithstanding

any other law, local ordinance, or regulation to the contrary, a municipality may not require a proposed multifamily development to obtain a zoning or land use change, special exception, conditional use approval, variance, transfer of density or development units, amendment to a development of regional impact, amendment to a municipal charter, or comprehensive plan amendment for the building height, zoning, and densities authorized under this subsection. For mixed-use residential projects, at least 65 percent of the total square footage must be used for residential purposes. The municipality may not require that more than 10 percent of the total square footage of such mixed-use residential projects be used for nonresidential purposes. A proposed development on property owned by a county, municipality, or school district must be within the geographic boundaries of the respective county, municipality, or school district, and the respective county, municipality, or school district must be a party to the application for the proposed development.

(d)1. A municipality may not restrict the height of a proposed development authorized under this subsection below the highest currently allowed, or allowed on July 1, 2023, height for a commercial or residential building located in its jurisdiction within 1 mile of the proposed development or three stories, whichever is higher. A municipality may not restrict height below the height authorized under this paragraph through other dimensional means, such as height determined by setbacks or stepbacks, or vice versa, or require setbacks or stepbacks that are more restrictive than the minimum setbacks or stepbacks of the underlying zoning applicable to the proposed development.

For purposes of this paragraph, the term "highest currently allowed height" does not include the height of any building that met the requirements of this subsection or the height of any building that has received any bonus, variance, or other special exception for height provided in the municipality's land development regulations as an incentive for development.

2. If the proposed development is adjacent to, on two or more sides, a parcel zoned for single-family residential use that is within a single-family residential development with at least 25 contiguous single-family homes, the municipality may restrict the height of the proposed development to 150 percent of the tallest building on any property adjacent to the proposed development, the highest currently allowed, or allowed on July 1, 2023, height for the property provided in the municipality's land development regulations, or three stories, whichever is higher, not to exceed 10 stories. For the purposes of this paragraph, the term "adjacent to" means those properties sharing more than one point of a property line, but does not include properties separated by a public road or body of water, including manmade lakes or ponds. For a proposed development located within a municipality within an area of critical state concern as designated by s. 380.0552 or chapter 28-36, Florida Administrative Code, the term "story" includes only the habitable space above the base flood elevation as designated by the Federal Emergency Management Agency in the most current Flood Insurance Rate Map. A story may not exceed 10 feet in height measured from finished floor to finished floor, including space for mechanical equipment. The highest story may not exceed 10 feet from finished floor to the top plate.

3. If the proposed development is on a parcel with a contributing structure or building within a historic district which was listed in the National Register of Historic Places before January 1, 2000, or is on a parcel with a structure or building individually listed in the National Register of Historic Places, the municipality may restrict the height of the proposed development to the highest currently allowed, or allowed on July 1, 2023, height for a commercial or residential building located in its jurisdiction within three-fourths of a mile of the proposed development or three stories, whichever is higher. The term "highest currently allowed" in this paragraph includes the maximum height allowed for any building in a zoning district irrespective of any conditions.

CS/CS/SB 1566 provides that the act may be cited as the “Local Government Financial Transparency and Accountability Act.”

The bill requires county and municipal tentative, adopted tentative, and final budgets, as well as budget amendments, be posted on their official websites to allow the public to search, review, filter, download, and compare data and view graphs. The bill revises timeframes for posting budget information and noticing public budget hearings.

The bill has an indeterminate effect on state revenues and expenditures. *See Section V., Fiscal Statement.*

The bill takes effect July 1, 2026.

II. Present Situation:

County Budget Systems and Information

Chapter 129, F.S., establishes a budget system that controls the finances of the boards of county commissioners of Florida counties. Pursuant to s. 129.01, F.S., each county is required to prepare, approve, adopt, and execute an annual budget each fiscal year. The budget must show

for each fund, as required by law and sound financial practices, budgeted revenues and expenditures by organizational unit.¹ The level of detail for the budget must meet the level of detail requirements for annual financial reports submitted to the Department of Financial Services under s. 218.32, F.S.² The budget is approved by the Board of County Commissioners (Board) and must be balanced so that the total of the estimated receipts, including balances brought forward, equals the total of the appropriations and reserves.³ Notwithstanding other provisions of law, the budgets of all county officers must be in sufficient detail and contain such information as the board of county commissioners may require in furtherance of their powers and responsibilities.⁴

Preparation, Adoption, and Amendment of County Budgets

On or before June 1 of each year, the Sheriff, the Clerk of the Circuit Court and County Comptroller, the Tax Collector, and the Supervisor of Elections each submit to the Board a tentative budget for their respective offices for the ensuing fiscal year.⁵ Upon receipt of the tentative budgets and any revisions, the board prepares a summary of the adopted tentative budgets.⁶ Public hearings are held to explain tentative and final budgets and to entertain community requests and complaints prior to budget adoption.⁷ The tentative budget must be posted on the county's official website at least two days before a public hearing and remain on the website for at least 45 days.⁸ The final budget must be posted on the website within 30 days after adoption, and remain on the website for at least two years.⁹ The tentative budgets, adopted tentative budgets, and final budgets are filed in the Office of the County Auditor as a public record.¹⁰

A board of county commissioners may amend a budget at any time within a fiscal year for that year's budget or within the first 60 days of a fiscal year for the budget for the prior fiscal year.¹¹ Except for certain amendments for specifically authorized purposes, the Board may adopt an amendment by resolution or ordinance following a public hearing.¹² The Board must provide notice at least two days, but not more than five days before the hearing and include each budgetary fund to be amended, the source of the funds, the use of the funds, and the total amount of each fund's appropriations.¹³ If adopted, the amendment must be posted on the website within five days after adoption and remain on the website for at least two years.¹⁴

Municipal Budget Requirements

The preparation, adoption, and website posting of municipal budgets follows a similar process to that of counties. Section 166.241(2), F.S., provides that each municipality must annually adopt a budget by ordinance or resolution unless the municipality has a charter that specifies another method for adoption. The funds available from taxation and other sources, including balances brought forward, must equal the total appropriations for expenditures and reserves.¹⁵ The tentative budget must be posted on the municipality's official website at least two days before a public hearing and remain on the website for at least 45 days.¹⁶ The final budget must be posted on the website within 30 days after adoption and remain on the website for at least two years.¹⁷

If the governing body of a municipality amends the budget, the adopted amendment must be posted on the official website of the municipality within five days after adoption and must remain on the website for at least two years.¹⁸

III. Effect of Proposed Changes:

Local Government Budget Procedures

The bill provides that the act may be cited as the "Local Government Financial Transparency and Accountability Act."

The bill requires any tentative, adopted tentative or final budget, as well as any budget amendments, posted to a county or municipality's official website to allow members of the public to:

- View budget data in a searchable format.
- View and filter data according to categories in the local government's chart of accounts, including, but not limited to, fund, department, division, program, or activity.
- Review revenue and expense trends in the county's chart of accounts, and view and compare such data on a comparison chart.
- View data submitted to the Office of Economic and Demographic Research (EDR) related to government spending and debt per resident for the previous five fiscal years.
- Download budget data.
- View data in different graphical formats.
- View information for multiple departments, divisions, funds, or financial categories at the same time.
- View the average employee salary, the percentage of the budget spent on salaries and benefits for employees, and all employee salaries in a searchable format.

¹⁵ Section 166.241(2), F.S.

¹⁶ Section 166.241(3), F.S.

¹⁷ *Id.* If the municipality does not operate an official website, the municipality must, within a reasonable period of time as established by the county or counties in which the municipality is located, transmit the tentative budget and final budget to the manager or administrator of such county or counties who shall post the budgets on the county's website. *Id.*

¹⁸ Section 166.241(9). Just as with the tentative and final budgets, a municipality without its own website must transmit amendments to the county or counties which posted the budget within a reasonable time. *Id.*

The bill revises the length of time for which each county and municipality must post certain budget information on its official website. Specifically, the bill would require:

- Tentative budgets to be posted seven days (rather than two days under current law) before the public hearing to adopt the budget;
- Proposed budget amendments to be posted seven days (rather than two days) before the public hearing to adopt the amendment; and
- Final budgets and adopted budget amendments to be posted for five years (rather than two years under current law) following adoption.

The bill requires counties and municipalities to provide public notice of a hearing on a proposed budget amendment at least seven days (rather than two days under current law) before the hearing.

The effective date of the bill is July 1, 2026.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, section 18(a) of the Florida Constitution provides in part that a county or municipality may not be bound by a general law requiring a county or municipality to spend funds or take an action that requires the expenditure of funds unless certain specified exemptions or exceptions are met. The mandate requirement does not apply to laws having an insignificant impact,¹⁹ which for Fiscal Year 2026-2027²⁰ is forecast at approximately \$2.4 million or less.

The fiscal impact of the bill has not been determined; however, the bill may require municipalities and counties to incur additional costs related to posting budget information. If the impact exceeds the threshold for insignificant impact, the mandate requirements may apply. If the bill does qualify as a mandate, in order to be binding upon cities and counties, the bill must contain a finding of important state interest and be approved by a two-thirds vote of the membership of each house.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

¹⁹ An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year multiplied by \$0.10. See FLA. IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on Agriculture, Environment, and General Government on February 25, 2026:

The committee substitute:

- Removes all provisions from the bill related to the use of county- or municipal-owned utility revenues; and
- Makes a technical revision to clarify that the proposed budget amendments must be posted on the county's or municipal's website within seven days before adoption.

CS by Community Affairs on February 10, 2026:

The committee substitute:

- Adds provisions regulating the use and budgeting of revenues by county and municipal utilities, including:

Senate Amendment (with title amendment)

Delete lines 137 - 186
and insert:

Section 4. Present subsections (22) through (38) and (39) through (54) of section 163.3164, Florida Statutes, are redesignated as subsections (23) through (39) and (41) through (56), respectively, and new subsections (22) and (40) are added to that section, to read:

163.3164 Community Planning Act; definitions.—As used in this act:

920006

(22) "Impact fee" means a one-time charge imposed by a local government on new development to fund the capital costs of public infrastructure needed to serve that development.

(40) "Plan-based methodology" means a study methodology that uses the most recent and localized data to project growth within a jurisdiction over a 10-year period, anticipate capacity impacts on relevant systems which will be created by the projected growth, and establish a list of capital projects to be constructed or purchased in a defined time period to mitigate the anticipated capacity impacts as part of a new or updated impact fee study. The capital projects identified in a county or municipal impact fee study and any necessary interlocal agreement must comport with the requirements of s. 163.3177(6)(h).

Section 5. Paragraphs (i) and (j) of subsection (5) of section 163.3180, Florida Statutes, are amended to read:

163.3180 Concurrency.—

(5)

(i) If a local government elects to repeal transportation concurrency, the local government may adopt an alternative transportation system that is mobility-plan and fee-based or an alternative transportation system that is not mobility-plan and fee-based, including impact fees. The local government may not use an alternative transportation system to deny, time, or phase an application for site plan approval, plat approval, final subdivision approval, building permits, or the functional equivalent of such approvals provided that the developer agrees to pay for the development's identified transportation impacts via the funding mechanism implemented by the local government.

920006

The revenue from the funding mechanism used in the alternative transportation system must be used to implement the needs of the local government's plan which serves as the basis for the fee imposed. An alternative transportation system must comply with s. 163.31801 governing impact fees. An alternative transportation system may not impose upon new development any responsibility for funding an existing transportation deficiency as defined in paragraph (h). This section does not require a local government to adopt a mobility fee in lieu of an impact fee for transportation.

(j)1. If a county and municipality charge the developer of a new development or redevelopment a fee for transportation capacity impacts, the county and municipality must create and execute an interlocal agreement to coordinate the mitigation of their respective transportation capacity impacts.

2. The interlocal agreement must, at a minimum:

a. Ensure that any new development or redevelopment is not charged twice for the same transportation capacity impacts.

b. Establish a plan-based methodology for determining the legally permissible fee to be charged to a new development or redevelopment.

c. Require the county or municipality issuing the building permit to collect the fee, unless agreed to otherwise.

d. Provide a method for the proportionate distribution of the revenue collected by the county or municipality to address the transportation capacity impacts of a new development or redevelopment, or provide a method of assigning responsibility for the mitigation of the transportation capacity impacts belonging to the county and the municipality.

920006

70 3. By October 1, 2025, if an interlocal agreement is not
71 executed pursuant to this paragraph:

72 a. The fee charged to a new development or redevelopment
73 shall be based on the transportation capacity impacts
74 apportioned to the county and municipality as identified in the
75 developer's traffic impact study or the mobility plan adopted by
76 the county or municipality.

77 b. The developer shall receive a 10 percent reduction in
78 the total fee calculated pursuant to sub-subparagraph a.

79 c. The county or municipality issuing the building permit
80 must collect the fee charged pursuant to sub-subparagraphs a.
81 and b. and distribute the proceeds of such fee to the county and
82 municipality within 60 days after the developer's payment.

83 4. This paragraph does not apply to:

84 a. A county as defined in s. 125.011(1).

85 b. A county or municipality that has entered into, or
86 otherwise updated, an existing interlocal agreement, as of
87 October 1, 2024, to coordinate the mitigation of transportation
88 impacts. However, if such existing interlocal agreement is
89 terminated, the affected county and municipality that have
90 entered into the agreement are ~~shall be~~ subject to the
91 requirements of this paragraph. An interlocal agreement entered
92 into before October 1, 2024, may not extend beyond October 1,
93 2031 unless the county and municipality mutually agree to extend
94 ~~the existing interlocal agreement before the expiration of the~~
95 ~~agreement.~~

96 Section 6. Present paragraphs (a) and (b) of subsection (3)
97 of section 163.31801, Florida Statutes, are redesignated as
98 paragraphs (b) and (c), respectively, a new paragraph (a) is

920006

added to that subsection, subsection (15) is added to that section, and subsection (4) and paragraph (g) of subsection (6) of that section are amended, to read:

163.31801 Impact fees; short title; intent; minimum requirements; audits; challenges.—

(3) For purposes of this section, the term:

(a) "Extraordinary circumstances" means measurable effects of development which will require mitigation by the affected local government, school district, or special district and which exceed the total of the current adopted impact fee amount and any increase as provided in paragraphs (6)(c), (d), and (e) in less than 4 years.

(4) For impact fees adopted or increased after July 1, 2026, at a minimum, each local government that adopts and collects an impact fee by ordinance and each special district that adopts, collects, and administers an impact fee by resolution must:

(a) Ensure that the calculation of the impact fee is based on a demonstrated-need study that is plan based and uses ~~using~~ the most recent and localized data available within 4 years of the current impact fee update. The new study must be adopted by the local government within 12 months of the initiation of the new impact fee study if the local government increases the impact fee.

(b) Provide for accounting and reporting of impact fee collections and expenditures and account for the revenues and expenditures of such impact fee in a separate accounting fund.

(c) Limit administrative charges for the collection of impact fees to actual costs.

920006

(d) Provide notice at least 90 days before the effective date of an ordinance or resolution imposing a new or increased impact fee. A local government is not required to wait 90 days to decrease, suspend, or eliminate an impact fee. Unless the result is to reduce the total mitigation costs or impact fees imposed on an applicant, new or increased impact fees may not apply to current or pending permit applications submitted before the effective date of a new or increased impact fee.

(e) Ensure that collection of the impact fee may not be required to occur earlier than the date of issuance of the building permit for the property that is subject to the fee.

(f) Ensure that the impact fee is proportional and reasonably connected to, or has a rational nexus with, the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.

(g) Ensure that the impact fee is proportional and reasonably connected to, or has a rational nexus with, the expenditures of the funds collected and the benefits accruing to the new residential or nonresidential construction.

(h) Specifically earmark funds collected under the impact fee for use in acquiring, constructing, or improving capital facilities to benefit new users.

(i) Ensure that revenues generated by the impact fee are not used, in whole or in part, to pay existing debt or for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential or nonresidential construction.

(6) A local government, school district, or special

920006

district may increase an impact fee only as provided in this subsection.

(g)1. A local government, school district, or special district may increase an impact fee rate beyond the phase-in limitations established under paragraph (b), paragraph (c), paragraph (d), or paragraph (e) by establishing the need for such increase in full compliance with the requirements of subsection (4), provided the following criteria are met:

a. A demonstrated-need study using a plan-based methodology which justifies ~~justifying~~ any increase in excess of those authorized in paragraph (b), paragraph (c), paragraph (d), or paragraph (e) has been completed within the 12 months before the adoption of the impact fee increase and expressly demonstrates the extraordinary circumstances necessitating the need to exceed the phase-in limitations. The capacity standards used to support the existence of such extraordinary circumstances must be specified in the impact fee study adopted under paragraph (4) (a). The demonstrated-need study must be accompanied by a declaration stating how and the timeframe during which the proposed impact fee increase will be used to construct or purchase the improvements necessary to increase capacity. The local government, school district, or special district must use localized data reflecting differences in costs and modality of projects between urban, emerging urban, and rural areas, as applicable within the study area, to project the anticipated growth or capacity impacts that underlie the extraordinary circumstances necessitating the impact fee increase.

b. The local government jurisdiction has held at least two publicly noticed workshops dedicated to the extraordinary

920006

circumstances necessitating the need to exceed the phase-in limitations set forth in paragraph (b), paragraph (c), paragraph (d), or paragraph (e).

c. The impact fee increase ordinance is approved by a unanimous vote of the governing body.

2. An impact fee increase approved under this paragraph must be implemented in at least two but not more than four equal annual increments beginning with the date on which the impact fee increase ordinance is adopted.

3. A local government, school district, or special district may not:

a. Increase an impact fee rate beyond the phase-in limitations under this paragraph if the local government, school district, or special district has not increased the impact fee within the past 5 years. Any year in which the local government, school district, or special district is prohibited from increasing an impact fee because the jurisdiction is in a hurricane disaster area is not included in the 5-year period.

b. Use data that is more than 4 years old to demonstrate extraordinary circumstances.

c. Include in the impact fee increase any deduction authorized by a previous or existing impact fee.

d. Increase an impact fee rate beyond the phase-in limitations under this paragraph by more than 100 percent divided equally over a 4-year period.

(15) When an impact fee payor submits a written request to the chief administrative officer of a local government, school district, or special district for a refund or credit from alleged overpayment of an impact fee, the local government,

920006

school district, or special district that levied the impact fee shall provide a written approval or denial to the payor within 30 days after receiving the written request. If the local government, school district, or special district approves the payor's request, the impact fee payor may, at the payor's discretion, elect to receive either a refund or a credit. The impact fee payor has 30 days after receipt of the written response from the local government, school district, or special district to provide written notice to the chief administrator of the local government, school district, or special district of the payor's election. It is the intent of the Legislature that the impact fee payor elect a credit if the payor has the reasonable opportunity to use the credit, in accordance with law. A full refund or credit of the impact fee must be provided to the payor within 30 days after the chief administrator receives the payor's written election. A request or response provided in accordance with this subsection may not be used as an admission against interest of either party in any subsequent action challenging the impact fee.

Section 7. Subsections (3) and (9) of section 166.241, Florida Statutes, are amended to read:

166.241 Fiscal years, budgets, appeal of municipal law enforcement agency budget, and budget amendments.—

(3)(a) The tentative budget must be posted on the municipality's official website at least 7 ~~2~~ days before the budget hearing, held pursuant to s. 200.065 or other law, to consider such budget and must remain on the website for at least 45 days. The final adopted budget must be posted on the municipality's official website within 30 days after adoption

920006

and must remain on the website for at least 5 ~~2~~ years. If the municipality does not operate an official website, the municipality must, within a reasonable period of time as established by the county or counties in which the municipality is located, transmit the tentative budget and final budget to the manager or administrator of such county or counties who shall post the budgets on the county's website.

(b) Each tentative budget, adopted tentative budget, or final budget posted on the municipality's official website or the county's official website, as applicable, must allow members of the public to do all of the following:

1. View budget data in a searchable format.
2. View and filter data according to categories in the municipality's chart of accounts, including, but not limited to, fund, department, division, program, or activity.
3. Review revenue and expense trends in the categories in the municipality's chart of accounts, and view and compare such data on a comparison chart.
4. Download budget data.
5. View data in different graphical formats.
6. View information for one or more municipal departments, divisions, funds, or financial categories at the same time.
7. View the average municipal employee salary, the percentage of the budget spent on salaries and benefits for municipal employees, and all municipal employee salaries in a searchable format.

(9) A proposed amendment to the budget must be posted on the municipality's official website within 7 days before adoption. If the governing body of a municipality amends the

920006

budget pursuant to paragraph (8)(c), the adopted amendment must
~~be posted on the official website of the municipality within 5~~
~~days after adoption and must~~ remain on the website for at least
5 2 years. If the municipality does not operate an official
website, the municipality must, within a reasonable period of
time as established by the county or counties in which the
municipality is located, transmit the adopted amendment to the
manager or administrator of such county or counties who shall
post the adopted amendment on the county's website. The adopted
amendment must be incorporated into the budget data made
available to the public under paragraph (3)(b).

Section 8. Paragraph (d) of subsection (2) of section
212.055, Florida Statutes, is amended to read:

212.055 Discretionary sales surtaxes; legislative intent;
authorization and use of proceeds.—It is the legislative intent
that any authorization for imposition of a discretionary sales
surtax shall be published in the Florida Statutes as a
subsection of this section, irrespective of the duration of the
levy. Each enactment shall specify the types of counties
authorized to levy; the rate or rates which may be imposed; the
maximum length of time the surtax may be imposed, if any; the
procedure which must be followed to secure voter approval, if
required; the purpose for which the proceeds may be expended;
and such other requirements as the Legislature may provide.
Taxable transactions and administrative procedures shall be as
provided in s. 212.054.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(d) The proceeds of the surtax authorized by this
subsection and any accrued interest shall be expended by the

920006

school district, within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, to finance, plan, and construct infrastructure; to acquire any interest in land for public recreation, conservation, or protection of natural resources or to prevent or satisfy private property rights claims resulting from limitations imposed by the designation of an area of critical state concern; to provide loans, grants, or rebates to residential or commercial property owners who make energy efficiency improvements to their residential or commercial property, if a local government ordinance authorizing such use is approved by referendum; or to finance the closure of county-owned or municipally owned solid waste landfills that have been closed or are required to be closed by order of the Department of Environmental Protection. Any use of the proceeds or interest for purposes of landfill closure before July 1, 1993, is ratified. The proceeds and any interest may not be used for the operational expenses of infrastructure, except that a county that has a population of fewer than 75,000 and that is required to close a landfill may use the proceeds or interest for long-term maintenance costs associated with landfill closure. Counties, as defined in s. 125.011, and charter counties may, in addition, use the proceeds or interest to retire or service indebtedness incurred for bonds issued before July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of the proceeds or interest for purposes of retiring or servicing indebtedness incurred for refunding bonds before July 1, 1999, is ratified.

1. For the purposes of this paragraph, the term

920006

“infrastructure” means:

a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy of 5 or more years, any related land acquisition, land improvement, design, and engineering costs, and all other professional and related costs required to bring the public facilities into service. For purposes of this sub-subparagraph, the term “public facilities” means facilities as defined in s. 163.3164(43) ~~s. 163.3164(41)~~, s. 163.3221(13), or s. 189.012(5), and includes facilities that are necessary to carry out governmental purposes, including, but not limited to, fire stations, general governmental office buildings, and animal shelters, regardless of whether the facilities are owned by the local taxing authority or another governmental entity.

d. Any fixed capital expenditure or fixed capital outlay associated with the improvement of private facilities that have a life expectancy of 5 or more years and that the owner agrees to make available for use on a temporary basis as needed by a local government as a public emergency shelter or a staging area for emergency response equipment during an emergency officially

920006

declared by the state or by the local government under s.
252.38. Such improvements are limited to those necessary to
comply with current standards for public emergency evacuation
shelters. The owner must enter into a written contract with the
local government providing the improvement funding to make the
private facility available to the public for purposes of
emergency shelter at no cost to the local government for a
minimum of 10 years after completion of the improvement, with
the provision that the obligation will transfer to any
subsequent owner until the end of the minimum period.

e. Any land acquisition expenditure for a residential

local government or by a special district that enters into a
written agreement with the local government to provide such
housing. The local government or special district may enter into
a ground lease with a public or private person or entity for

and includes the necessary hardware and software to operate the
interactive device. The term also includes support systems in
which an interactive device may mount and is not required to be

920006

affixed to the facilities.

2. For the purposes of this paragraph, the term "energy efficiency improvement" means any energy conservation and efficiency improvement that reduces consumption through conservation or a more efficient use of electricity, natural gas, propane, or other forms of energy on the property, including, but not limited to, air sealing; installation of insulation; installation of energy-efficient heating, cooling, or ventilation systems; installation of solar panels; building modifications to increase the use of daylight or shade; replacement of windows; installation of energy controls or energy recovery systems; installation of electric vehicle charging equipment; installation of systems for natural gas fuel as defined in s. 206.9951; and installation of efficient lighting equipment.

3. Notwithstanding any other provision of this subsection, a local government infrastructure surtax imposed or extended after July 1, 1998, may allocate up to 15 percent of the surtax proceeds for deposit into a trust fund within the county's accounts created for the purpose of funding economic development projects having a general public purpose of improving local economies, including the funding of operational costs and incentives related to economic development. The ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

Senate Amendment (with title amendment)

Delete lines 137 - 186
and insert:

Section 4. Present subsections (22) through (38) and (39) through (54) of section 163.3164, Florida Statutes, are redesignated as subsections (23) through (39) and (41) through (56), respectively, and new subsections (22) and (40) are added to that section, to read:

163.3164 Community Planning Act; definitions.—As used in this act:

707548

(22) "Impact fee" means a one-time charge imposed by a local government on new development to fund the capital costs of public infrastructure needed to serve that development.

(40) "Plan-based methodology" means a study methodology that uses the most recent and localized data to project growth within a jurisdiction over a 10-year period, anticipate capacity impacts on relevant systems which will be created by the projected growth, and establish a list of capital projects to be constructed or purchased in a defined time period to mitigate the anticipated capacity impacts as part of a new or updated impact fee study. The capital projects identified in a county or municipal impact fee study and any necessary interlocal agreement must comport with the requirements of s. 163.3177(6)(h).

Section 5. Paragraphs (i) and (j) of subsection (5) of section 163.3180, Florida Statutes, are amended to read:

163.3180 Concurrency.—

(5)

(i) If a local government elects to repeal transportation concurrency, the local government may adopt an alternative transportation system that is mobility-plan and fee-based or an alternative transportation system that is not mobility-plan and fee-based, including impact fees. The local government may not use an alternative transportation system to deny, time, or phase an application for site plan approval, plat approval, final subdivision approval, building permits, or the functional equivalent of such approvals provided that the developer agrees to pay for the development's identified transportation impacts via the funding mechanism implemented by the local government.

707548

The revenue from the funding mechanism used in the alternative transportation system must be used to implement the needs of the local government's plan which serves as the basis for the fee imposed. An alternative transportation system must comply with s. 163.31801 governing impact fees. An alternative transportation system may not impose upon new development any responsibility for funding an existing transportation deficiency as defined in paragraph (h). This section does not require a local government to adopt a mobility fee in lieu of an impact fee for transportation.

(j)1. If a county and municipality charge the developer of a new development or redevelopment a fee for transportation capacity impacts, the county and municipality must create and execute an interlocal agreement to coordinate the mitigation of their respective transportation capacity impacts.

2. The interlocal agreement must, at a minimum:

a. Ensure that any new development or redevelopment is not charged twice for the same transportation capacity impacts.

b. Establish a plan-based methodology for determining the legally permissible fee to be charged to a new development or redevelopment.

c. Require the county or municipality issuing the building permit to collect the fee, unless agreed to otherwise.

d. Provide a method for the proportionate distribution of the revenue collected by the county or municipality to address the transportation capacity impacts of a new development or redevelopment, or provide a method of assigning responsibility for the mitigation of the transportation capacity impacts belonging to the county and the municipality.

707548

70 3. By October 1, 2025, if an interlocal agreement is not
71 executed pursuant to this paragraph:

72 a. The fee charged to a new development or redevelopment
73 shall be based on the transportation capacity impacts
74 apportioned to the county and municipality as identified in the
75 developer's traffic impact study or the mobility plan adopted by
76 the county or municipality.

77 b. The developer shall receive a 10 percent reduction in
78 the total fee calculated pursuant to sub-subparagraph a.

79 c. The county or municipality issuing the building permit
80 must collect the fee charged pursuant to sub-subparagraphs a.
81 and b. and distribute the proceeds of such fee to the county and
82 municipality within 60 days after the developer's payment.

83 4. This paragraph does not apply to:

84 a. A county as defined in s. 125.011(1).

85 b. A county or municipality that has entered into, or
86 otherwise updated, an existing interlocal agreement, as of
87 October 1, 2024, to coordinate the mitigation of transportation
88 impacts. However, if such existing interlocal agreement is
89 terminated, the affected county and municipality that have
90 entered into the agreement are ~~shall be~~ subject to the
91 requirements of this paragraph. An interlocal agreement entered
92 into before October 1, 2024, may not extend beyond October 1,
93 2031 unless the county and municipality mutually agree to extend
94 ~~the existing interlocal agreement before the expiration of the~~
95 ~~agreement.~~

96 Section 6. Present paragraphs (a) and (b) of subsection (3)
97 of section 163.31801, Florida Statutes, are redesignated as
98 paragraphs (b) and (c), respectively, a new paragraph (a) is

707548

added to that subsection, subsection (15) is added to that section, and subsection (4) and paragraph (g) of subsection (6) of that section are amended, to read:

163.31801 Impact fees; short title; intent; minimum requirements; audits; challenges.—

(3) For purposes of this section, the term:

(a) "Extraordinary circumstances" means measurable effects of development which will require mitigation by the affected local government, school district, or special district and which exceed the total of the current adopted impact fee amount and any increase as provided in paragraphs (6)(c), (d), and (e) in less than 4 years.

(4) For impact fees adopted or increased after July 1, 2026, at a minimum, each local government that adopts and collects an impact fee by ordinance and each special district that adopts, collects, and administers an impact fee by resolution must:

(a) Ensure that the calculation of the impact fee is based on a demonstrated-need study that is plan based and uses ~~using~~ the most recent and localized data available within 4 years of the current impact fee update. The new study must be adopted by the local government within 12 months of the initiation of the new impact fee study if the local government increases the impact fee.

(b) Provide for accounting and reporting of impact fee collections and expenditures and account for the revenues and expenditures of such impact fee in a separate accounting fund.

(c) Limit administrative charges for the collection of impact fees to actual costs.

707548

(d) Provide notice at least 90 days before the effective date of an ordinance or resolution imposing a new or increased impact fee. A local government is not required to wait 90 days to decrease, suspend, or eliminate an impact fee. Unless the result is to reduce the total mitigation costs or impact fees imposed on an applicant, new or increased impact fees may not apply to current or pending permit applications submitted before the effective date of a new or increased impact fee.

(e) Ensure that collection of the impact fee may not be required to occur earlier than the date of issuance of the building permit for the property that is subject to the fee.

(f) Ensure that the impact fee is proportional and reasonably connected to, or has a rational nexus with, the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.

(g) Ensure that the impact fee is proportional and reasonably connected to, or has a rational nexus with, the expenditures of the funds collected and the benefits accruing to the new residential or nonresidential construction.

(h) Specifically earmark funds collected under the impact fee for use in acquiring, constructing, or improving capital facilities to benefit new users.

(i) Ensure that revenues generated by the impact fee are not used, in whole or in part, to pay existing debt or for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential or nonresidential construction.

(6) A local government, school district, or special

707548

district may increase an impact fee only as provided in this subsection.

(g)1. A local government, school district, or special district may increase an impact fee rate beyond the phase-in limitations established under paragraph (b), paragraph (c), paragraph (d), or paragraph (e) by establishing the need for such increase in full compliance with the requirements of subsection (4), provided the following criteria are met:

a. A demonstrated-need study using a plan-based methodology which justifies ~~justifying~~ any increase in excess of those authorized in paragraph (b), paragraph (c), paragraph (d), or paragraph (e) has been completed within the 12 months before the adoption of the impact fee increase and expressly demonstrates the extraordinary circumstances necessitating the need to exceed the phase-in limitations. The capacity standards used to support the existence of such extraordinary circumstances must be specified in the impact fee study adopted under paragraph (4) (a). The demonstrated-need study must be accompanied by a declaration stating how and the timeframe during which the proposed impact fee increase will be used to construct or purchase the improvements necessary to increase capacity. The local government, school district, or special district must use localized data reflecting differences in costs and modality of projects between urban, emerging urban, and rural areas, as applicable within the study area, to project the anticipated growth or capacity impacts that underlie the extraordinary circumstances necessitating the impact fee increase.

b. The local government jurisdiction has held at least two publicly noticed workshops dedicated to the extraordinary

707548

circumstances necessitating the need to exceed the phase-in limitations set forth in paragraph (b), paragraph (c), paragraph (d), or paragraph (e).

c. The impact fee increase ordinance is approved by a unanimous vote of the governing body.

2. An impact fee increase approved under this paragraph must be implemented in at least two but not more than four equal annual increments beginning with the date on which the impact fee increase ordinance is adopted.

3. A local government, school district, or special district may not:

a. Increase an impact fee rate beyond the phase-in limitations under this paragraph if the local government, school district, or special district has not increased the impact fee within the past 5 years. Any year in which the local government, school district, or special district is prohibited from increasing an impact fee because the jurisdiction is in a hurricane disaster area is not included in the 5-year period.

b. Use data that is more than 4 years old to demonstrate extraordinary circumstances.

c. Include in the impact fee increase any deduction authorized by a previous or existing impact fee.

d. Increase an impact fee rate beyond the phase-in limitations under this paragraph by more than 100 percent divided equally over a 4-year period.

(15) When an impact fee payor submits a written request to the chief administrative officer of a local government, school district, or special district for a refund or credit from alleged overpayment of an impact fee, the local government,

707548

school district, or special district that levied the impact fee shall provide a written approval or denial to the payor within 30 days after receiving the written request. If the local government, school district, or special district approves the payor's request, the impact fee payor may, at the payor's discretion, elect to receive either a refund or a credit. The impact fee payor has 30 days after receipt of the written response from the local government, school district, or special district to provide written notice to the chief administrator of the local government, school district, or special district of the payor's election. It is the intent of the Legislature that the impact fee payor elect a credit if the payor has the reasonable opportunity to use the credit, in accordance with law. A full refund or credit of the impact fee must be provided to the payor within 30 days after the chief administrator receives the payor's written election. A request or response provided in accordance with this subsection may not be used as an admission against interest of either party in any subsequent action challenging the impact fee.

Section 7. Subsections (3) and (9) of section 166.241, Florida Statutes, are amended to read:

166.241 Fiscal years, budgets, appeal of municipal law enforcement agency budget, and budget amendments.—

(3)(a) The tentative budget must be posted on the municipality's official website at least 7 ~~2~~ days before the budget hearing, held pursuant to s. 200.065 or other law, to consider such budget and must remain on the website for at least 45 days. The final adopted budget must be posted on the municipality's official website within 30 days after adoption

707548

and must remain on the website for at least 5 ~~2~~ years. If the municipality does not operate an official website, the municipality must, within a reasonable period of time as established by the county or counties in which the municipality is located, transmit the tentative budget and final budget to the manager or administrator of such county or counties who shall post the budgets on the county's website.

(b) Each tentative budget, adopted tentative budget, or final budget posted on the municipality's official website or the county's official website, as applicable, must allow members of the public to do all of the following:

1. View budget data in a searchable format.
2. View and filter data according to categories in the municipality's chart of accounts, including, but not limited to, fund, department, division, program, or activity.
3. Review revenue and expense trends in the categories in the municipality's chart of accounts, and view and compare such data on a comparison chart.
4. Download budget data.
5. View data in different graphical formats.
6. View information for one or more municipal departments, divisions, funds, or financial categories at the same time.
7. View the average municipal employee salary, the percentage of the budget spent on salaries and benefits for municipal employees, and all municipal employee salaries in a searchable format.

(9) A proposed amendment to the budget must be posted on the municipality's official website within 7 days before adoption. If the governing body of a municipality amends the

707548

budget pursuant to paragraph (8)(c), the adopted amendment must
~~be posted on the official website of the municipality within 5~~
~~days after adoption and must~~ remain on the website for at least
5 2 years. If the municipality does not operate an official
website, the municipality must, within a reasonable period of
time as established by the county or counties in which the
municipality is located, transmit the adopted amendment to the
manager or administrator of such county or counties who shall
post the adopted amendment on the county's website. The adopted
amendment must be incorporated into the budget data made
available to the public under paragraph (3)(b).

Section 8. Paragraph (d) of subsection (2) of section
212.055, Florida Statutes, is amended to read:

212.055 Discretionary sales surtaxes; legislative intent;
authorization and use of proceeds.—It is the legislative intent
that any authorization for imposition of a discretionary sales
surtax shall be published in the Florida Statutes as a
subsection of this section, irrespective of the duration of the
levy. Each enactment shall specify the types of counties
authorized to levy; the rate or rates which may be imposed; the
maximum length of time the surtax may be imposed, if any; the
procedure which must be followed to secure voter approval, if
required; the purpose for which the proceeds may be expended;
and such other requirements as the Legislature may provide.
Taxable transactions and administrative procedures shall be as

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(d) The proceeds of the surtax authorized by this
subsection and any accrued interest shall be expended by the

707548

school district, within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, to finance, plan, and construct infrastructure; to acquire any interest in land for public recreation, conservation, or protection of natural resources or to prevent or satisfy private property rights claims resulting from limitations imposed by the designation of an area of critical state concern; to provide loans, grants, or rebates to residential or commercial property owners who make energy efficiency improvements to their residential or commercial property, if a local government ordinance authorizing such use is approved by referendum; or to finance the closure of county-owned or municipally owned solid waste landfills that have been closed or are required to be closed by order of the Department of Environmental Protection. Any use of the proceeds or interest for purposes of landfill closure before July 1, 1993, is ratified. The proceeds and any interest may not be used for the operational expenses of infrastructure, except that a county that has a population of fewer than 75,000 and that is required to close a landfill may use the proceeds or interest for long-term maintenance costs associated with landfill closure. Counties, as defined in s. 125.011, and charter counties may, in addition, use the proceeds or interest to retire or service indebtedness incurred for bonds issued before July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of the proceeds or interest for purposes of retiring or servicing indebtedness incurred for refunding bonds before July 1, 1999, is ratified.

707548

707548

declared by the state or by the local government under s.
252.38. Such improvements are limited to those necessary to
comply with current standards for public emergency evacuation
shelters. The owner must enter into a written contract with the
local government providing the improvement funding to make the
private facility available to the public for purposes of

local government or by a special district that enters into a
written agreement with the local government to provide such

The ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1568 establishes the Florida Stablecoin Pilot Program (the “program”) which allows the Department of Financial Services (the “Department”) to accept, purchase, hold, or disburse any payment stablecoins (“stablecoins”) that are designated by the Department and meet certain criteria. The bill provides the Legislative intent of the voluntary program is to yield benefits from acceptance of stablecoins for the payment of governmental fees.

The Department is authorized by the bill to accept stablecoins for the payment of government fees, issue certain disbursements and purchase stablecoins that are necessary to make such disbursements and hold stablecoins which are restricted to a specified amount for a certain period if interest or yields are not earned on them. Any yields earned on them must be credited to the benefit of the state.

The bill authorizes the Department to designate one or more stablecoins for the authorized activities. Designated stablecoins must meet several requirements, including complying with relevant federal and state laws, having a minimum market capitalization, being fully backed by reserve assets on a one to one basis, being subjected to reasonable network or exchange platform fees, and being issued by a permitted payment stablecoin issuer. The Department must make certain information regarding the program available on its website within a specified time.

An applicant, a licensee, or other program participant may elect to participate in the program and remit designated stablecoins to a compatible digital wallet address designated by the Department. The Department is required to provide a compatible digital wallet address for the receipt of designated stablecoins and must convert such coins to U.S. currency and credit the applicable account within a reasonable time after receipt of payment. A participant that elects to receive authorized disbursements in designated stablecoin must provide the Department with a compatible digital wallet address where payment may be sent.

The Department is authorized to conduct examinations, audits, and investigations of the designated stablecoin issuer to verify asset backing, redeemability, and adherence to consumer protection standards, including standards related to fraud prevention and dispute resolution. The Department is required to coordinate with the Office of Financial Regulation (OFR) when conducting such activity.

There is an indeterminate fiscal impact to state revenues and expenditures. *See Section V., Fiscal Impact Statement.*

The bill is effective upon becoming a law.

II. Present Situation:

There are approximately 300 stablecoins issued¹ with a market cap of over \$300 billion.² Stablecoin transaction volume in August 2025 totaled \$969.9 billion.³ Tether and USDC are the top two stablecoin issuers based on their market cap of \$187.03 billion and \$75.43 billion, respectively.⁴

Stablecoins are a type of digital asset that maintain a stable value relative to a referenced asset, such as the United States dollar or another fiat currency, or a commodity like gold.⁵ Such value usually tracks the referenced assets on a one-for-one basis and may use different methods to maintain a stable value, such as holding the referenced asset in reserves or applying algorithms that “increase or decrease the supply of stablecoins in response to demand.”⁶

A stablecoin is created in the form of a digital token and logged on a shared digital ledger.⁷ Stablecoin may be secured in a custodial or noncustodial wallet that stores private keys required

for transaction authorization.⁸ Custodial wallets are maintained by third-party services for key management, whereas noncustodial wallets are maintained by the stablecoin owner keeping full control.⁹ There are “hot” wallets that are connected to the internet or a device that is connected to the internet and “cold” wallets that have no connection.¹⁰ The most common types of wallets are noncustodial software hot wallets, noncustodial hardware cold or hot wallets, or custodial hardware cold wallets.¹¹

Some reported benefits of stablecoins include: fast transactions, transparency, programmability, unrestricted availability, minimal cost, global access, and flexibility in models.¹² Some risks or challenges include: liquidity gaps, technology and integration challenges, regulatory uncertainty, trustworthiness of issuers and custodians, market risks, a lack of understanding about stablecoins, and costs to convert from fiat currencies to stablecoins.¹³

Stablecoin Regulation

Last year, the Guiding and Establishing National Innovation for U.S. Stablecoins Act (the “GENIUS Act”)¹⁴ was passed to regulate stablecoins. Prior to the GENIUS Act, New York passed comprehensive legislation relating to virtual currencies, including stablecoins. Several states attempted to pass legislation in 2025, and some states have pending legislation now to regulate the industry.

Federal Law

GENIUS Act

The GENIUS Act was signed into law on July 18, 2025, and is effective January 2027 or 120 days after final regulations implementing the Act are issued, whichever is earlier. The GENIUS Act establishes a framework for the regulation of payment stablecoin issuers, and

restricts the issuance, offer, or sale of a payment stablecoin¹⁵ to permitted payment stablecoin issuers,^{16,17} which must:¹⁸

- Maintain identifiable reserves backing the outstanding payment stablecoins on at least a one-to-one basis¹⁹ comprising on specified types of reserves, such as U.S. coin and currency.
- Publicly disclose the issuer's redemption policy that meets certain criteria.
- Publish the monthly composition of the issuer's reserve containing specified information on its website.

A permitted payment stablecoin issuer must have monthly reports examined by a registered public accounting firm.²⁰ The GENIUS Act requires the primary federal payment stablecoin regulator (the "federal regulator"),²¹ or the state payment stablecoin regulator (the "state regulator") for a state payment stablecoin regulatory regime, to issue regulations implementing:

- Capital requirements that meet certain criteria;
- Liquidity standards;
- Reserve asset diversification and interest rate risk management standards; and

¹⁵ 12 U.S.C. s. 5901(22) defines "payment stablecoin" as (A) a digital asset – (A) that is, or is designed to be, used as a means of payment or settlement; and (ii) the issuer of which – (I) is obligated to convert, redeem, or repurchase for a fixed amount of monetary value, not including a digital asset denominated in a fixed amount of monetary value; and (II) represents that such issuer will maintain, or create the reasonable expectation that it will maintain, a stable value relative to the value of a fixed amount of monetary value; and (B) does not include a digital asset that – (i) is a national currency; (ii) is a deposit (as defined in section 1813 of Title 12), including a deposit recorded using distributed ledger technology; or (iii) is a security, as defined in section 77b of title 15, section 78c of title 15, or section 80a-2 of title 15, except that, for the avoidance of doubt, no bond, note, evidence of indebtedness, or investment contract that was issued by a permitted payment stablecoin issuer shall qualify as a security solely by virtue of its satisfying the conditions described in subparagraph (A), consistent with section 17 of this Act.

¹⁶ 12 U.S.C. s. 5901(23) defines "permitted payment stablecoin issuer" as a person formed in the United States that is – (A) a subsidiary of an insured depository institution that has been approved to issue payment stablecoins under section 5904 of title 12; (B) a federal qualified payment stablecoins issuer; or (C) a state qualified payment stablecoin issuer.

12 U.S.C. s. 5901(11) defines "federal qualified payment stablecoin issuer" as (A) a nonbank entity, other than a state qualified payment stablecoin issuer, approved by the Comptroller, pursuant to section 5904 of title 12, to issue payment stablecoins; (B) an uninsured national bank – (i) that is chartered by the Comptroller, pursuant to title LXII of the Revised Statutes; and (ii) that is approved by the Comptroller, pursuant to section 5904 of this title, to issue payment stablecoins; and (C) a federal branch that is approved by the Comptroller, pursuant to section 5904 of this title, to issue payment stablecoins.

12 U.S.C. s. 5901(31) defines "state qualified payment stablecoin issuer" as an entity that – (A) is legally established under the laws of a state and approved to issue payment stablecoins by a state payment stablecoin regulator; and (B) is not an uninsured national bank chartered by the Comptroller pursuant to title LXII of the Revised Statutes, a Federal branch, an insured depository institution, or a subsidiary of such national bank, Federal branch, or insured depository institution.

¹⁷ 12 U.S.C. s. 5902(a).

¹⁸ 12 U.S.C. s. 5903(a)(1).

¹⁹ 12 U.S.C. s. 5903(a)(2) prohibits the required reserves from being pledged, rehypothecated, or reused by the permitted payment stablecoin issuer except for specified bases provided in the Act.

²⁰ 12 U.S.C. s. 5903(a)(3). 12 U.S.C. s. 5901(26) provides the term "registered public accounting firm" has the same meaning as the term is given under section 7201 of title 15. 15 U.S.C. s. 7201 defines "registered public accounting firm" as a public accounting firm registered with the Public Company Accounting Oversight Board in accordance with Public Company Accounting Reform and Corporate Responsibility Act.

²¹ 12 U.S.C. s. 5901(25) defines "primary federal payment stablecoin regulator" to mean – (A) with respect to a subsidiary of an insured depository institution (other than an insured credit union), the appropriate federal banking agency of such insured depository institution; (B) with respect to an insured credit union or a subsidiary of an insured credit union, the National Credit Union Administration; (C) with respect to a State chartered depository institution not specified under subparagraph (A), the Federal Deposit Insurance Corporation, the Office of the Comptroller (the "Comptroller"), or the Board of Governors of the Federal Reserve System (the "Board"); and (D) with respect to a federal qualified payment stablecoin issuer, the Comptroller.

- Appropriate operational, compliance and information technology risk management principles-based requirements and standards.²²

The GENIUS Act creates a tiered oversight model between federal and state authorities. A state regulator has authority to supervisor, examine, and enforcement all state qualified payment stablecoin issuers²³ with a consolidated total outstanding issuance of less than \$10 billion that elect to be regulated under a state-level regulatory regime provided such regime is “substantially similar” to the GENIUS Act regulatory framework.²⁴

Other Federal Regulation

Congress is considering passage of the Digital Asset Market Clarity Act of 2025 (the “CLARITY Act”)²⁵ which would establish a regulatory framework for digital commodities²⁶ that are defined as digital assets²⁷ and rely upon blockchain²⁸ for their value.²⁹ The CLARITY Act requires a digital commodity broker, dealer, or exchange to register with the Commodity Futures Trading Commission unless an exemption applies,³⁰ and requires a digital commodities transaction to meet specified requirements including qualifications to trade on an exchange.³¹ While the CLARITY Act is consistent with the GENIUS Act in that it does not authorize interest or yield on stablecoins, there has been some discussion and negotiation about allowing interest, yield, or activity-based rewards.³² The CLARITY Act has passed the House and is currently in the Senate Banking, Housing, and Urban Affairs Committee.³³

Florida Regulation

Florida law does not specifically address the regulation of payment stablecoin issuers. Entities engaging in the issuance or redemption of payment stablecoins may fall within the scope of ch. 560, F.S., relating to money services businesses, as payment instrument sellers. The OFR reports that if Florida does not enact a state framework for payment stablecoins then the state's oversight would be limited to violations of the Florida Deceptive and Unfair Trade Act and related laws. Stablecoin issuers operating in Florida would be required to obtain licensure in another state or at the federal level.³⁴

Department of Financial Services

The Department of Financial Services (the "Department") consists of several divisions including, for instance, the Division of Insurance Agent and Agency Services (the "Insurance Division"),³⁵ and is jointly responsible with the Office of Insurance Regulation for enforcing the applicable statutory provisions related to the Florida Insurance Code.³⁶ Part of the Department's responsibilities include licensing insurance agents, agencies, adjusters, and adjusting firms,³⁷ and collecting licensing fees with respect to such licensing.³⁸

The Insurance Division "monitors 1.27 million active licenses, processes more than 2.9 million appointment requests, reviews over 100,00 (sic) applications, and conducts over 3,000 investigations each year."³⁹ The Insurance Division's efforts generate approximately \$120 million which are credited to the Insurance Regulatory Trust Fund.⁴⁰

Qualified Public Depositories

Unless a specific exemption applies, state and local governments must deposit public funds in a bank or savings association that has been designated as a qualified public depository (QPD) under the Florida Security for Public Deposits Act.⁴¹

To be designated as a QPD by the CFO, a bank, savings bank, or savings association must:

- Have authority to accept deposits because it has been chartered and regulated by the state or federal government;
- Have its principal place of business in Florida, or a branch office in Florida;

- Have deposit insurance pursuant to the Federal Deposit Insurance Act⁴² or the National Credit Union Share Insurance Fund;
- Have procedures and practices for accurate identification, classification, reporting, and collateralization of public deposits;
- Meet all the requirements of ch. 280, F.S., relating to security for public deposits; and
- Refrain from engaging in the unsafe and unsound practice of discriminating against a person in providing services.⁴³

Qualified public depositories must secure public deposits with a pledge of eligible collateral, to protect the deposit against losses that could occur in the event of insolvency or default.⁴⁴ The amount of collateral that is required is based on statutory guidelines and the QPD's overall financial condition.⁴⁵

Public deposits include, but are not limited to, time deposit accounts, demand deposit accounts, and nonnegotiable certificates of deposits; they do not include moneys in deposit notes, securities, mutual funds, and similar investments.⁴⁶

A bank or savings association must guarantee public depositors against losses caused by the default or insolvency of other QPDs.⁴⁷ Any shortfall that is not covered by the maximum federal deposit insurance of \$250,000, the CFO must demand payment under letters of credit or the sale of pledged or deposited collateral by the defaulting depository. The CFO may assess QPDs for the total loss if the demand for payment or sale cannot be accomplished within seven days.⁴⁸

Money Services Businesses

The Office of Financial Regulation (OFR) regulates money services businesses (MSB) under ch. 560, F.S. A "money service business" is defined as any person located in or doing business in this state, from this state, or into this state from locations outside this state or country who acts as a payment instrument seller, foreign currency exchanger, check casher, or money transmitter.⁴⁹ The OFR is responsible for enforcing regulations and imposing disciplinary actions against MSBs.⁵⁰

 - A national currency.
 - A deposit as defined in section 3 of the Federal Deposit Insurance Act, 12 U.S.C. s. 1813, including a deposit recorded using distributed ledger technology. For purposes of this subparagraph, the term “distributed ledger” has the same meaning as in the GENIUS Act, Pub. L. No. 119-27.
 - A security, as defined in s. 517.21, section 2 of the Securities Act of 1933, 15 U.S.C. s. 77b, section 3 of the Securities and Exchange Act of 1934, 15 U.S.C. s. 78c, or section 2 of the Investment Company Act of 1940, 15 U.S.C. s. 80a-2.

- “Permitted payment stablecoin issuer” means a person formed in the United States which is one of the following:
 - A subsidiary of an insured depository institution that has been approved to issue payment stablecoins under the GENIUS Act, Pub. L. No. 119-27. For purposes of this subparagraph, the term “insured depository institution” has the same meaning as in the GENIUS Act, Pub. L. No. 119-27.
 - A federal qualified payment stablecoin issuer.
 - A state qualified payment stablecoin issuer.
- “State qualified payment stablecoin issuer” means an entity legally established under the laws of a state and approved by the Office of Financial Regulation (OFR) to issue payment stablecoins.

The bill authorizes the Department to engage in the following activities:

- Accept payment stablecoin (“stablecoin”) as a form of payment for licensing, application, renewal, other regulatory fees, or any other fee owed to the Department.
- Issue refunds, reimbursements, or other similar disbursements in the form of stablecoins to any participant who elects to participate in the program. The Department is authorized to purchase stablecoins in an amount that is necessary to support such activity.
- Hold stablecoins. The Department may hold stablecoins only in the amount that is estimated to be required to issue refunds, reimbursements, or other similar disbursements during a revolving 30-day period if the stablecoin does not earn any interest or yields. Any interest earned on stablecoin must be credited to the benefit of the state.

The Department may designate one or more payment stablecoins for activities authorized under the bill if the payment stablecoin meets all requirements specified in the bill. The requirements are that the stablecoin must:

- Have an average market capitalization of at least one billion dollars during the preceding 12 month period.
- Be fully backed by reserve assets on a one-to-one basis limited to U.S. currency, demand deposits at insured depository institutions, U.S. Treasury bills having a remaining maturity of 93 days or less, or reverse repurchase agreements collateralized by the Treasury bills.
- Be redeemable at all times at a one-to-one ratio for U.S. dollars through the permitted payment stablecoin issuer or its agent.
- Be issued by a permitted payment stablecoin issuer.
- Be purchased by the department directly from a permitted payment stablecoin issuer through a blockchain network or indirectly through an exchange platform or received by the department from a program participant.
- Be subject to reasonable network or exchange fees that are consistent with industry standards if they are paid by the department. Examples of fees that may be paid are fees for purchasing, selling, transacting, converting, withdrawing, payment processing, or gas fees. The fees must not exceed the fees that would be charged to the department if payment were accepted by similar mediums of exchange.
- Be issued by an issuer that meets any additional criteria for a permitted payment stablecoin issuer under any applicable federal or state law, such as the GENIUS Act, unless the provisions of the bill provide otherwise.

The bill allows the Department to accept payment stablecoins as a form of payment for fees, which may include licensing fees, registration fees, certification fees, assessment fees, application fees, renewal fees, and other regulatory fees administered by the department. An applicant, a licensee, or other program participant may remit stablecoins to a compatible digital wallet address designated by the Department as a valid form of payment for such fees.

If the Department decides to engage in any of the authorized activities, the Department must comply with several requirements, as applicable:

- Ensure that any payment stablecoin issuer designated for use in the pilot program is a permitted payment stablecoin issuer. The Department may not designate a payment stablecoin or engage in any activities that are authorized in the pilot program if a federal or state qualified payment stablecoin issuer has not been approved by the respective regulator.
- Provide a compatible digital wallet address for the receipt of stablecoins.
- Within a reasonable time after receiving a stablecoin from any program participant, convert the stablecoins into U.S. currency and credit the account where the funds would be held in a qualified public depository, unless an exception applies, in the same manner as they would have been credited for payments made by other authorized means. The Department is required to attempt to minimize the amount of potential fees when determining the date and time to convert the payment stablecoin.
- Make certain information available on the Department's website at least 15 days before the information, designation, or change of information become effective, including:
 - The intended or actual start date of the pilot program.
 - An explanation of how the pilot program operates and how to elect to participate in the pilot program.
 - The designation of any payment stablecoins that meet all of the requirements in this section, and information about the process of being selected as a designated payment stablecoin.
 - Whether the Department will engage or is engaging in any of the activities authorized in the program.
 - Whether the Department will cease or has ceased engaging in one or more of the authorized activities.

The bill authorizes the Department to send stablecoins for refunds, reimbursements, or other disbursements to participants who elect to receive the payments in stablecoins. The bill allows a participant who receives funds from the Department to elect to receive refunds, reimbursements, or other disbursements in those stablecoins designated by the Department for participation in the pilot program. A participant who elects to receive authorized disbursements in stablecoin must provide the Department with a compatible digital wallet address where the payment may be sent.

The bill authorizes the Department to conduct examinations, audits, and investigations of the issuer of the stablecoin that is designated for use in the program to verify asset backing, redeemability, and adherence to consumer protection standards, such as standards related to fraud prevention and dispute resolution. The bill requires the Department and the Office of Financial Regulation (OFR) to coordinate any examinations, audits, and investigations of state payment stablecoin issuers to avoid duplicative efforts and ensure for efficient use of resources.

The bill requires the Department to monitor and evaluate the program and collect data on transaction volume, cost savings, security incidents, regulatory compliance, economic impacts, and any instances of fraud or disputes. Every February 1st beginning in 2027, the Department must submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which must include the following:

- A summary of the data the Department is required to collect.
- Any findings related to the pilot program, such as trends or patterns relating to financial matters, like fiscal impacts, or nonfinancial matters, like utilization analysis.
- Recommendations for expansion or termination of the program.
- Proposed statutory changes, if appropriate.

The bill includes statutory construction which specifies that the bill's provisions:

- Do not alter or supersede any existing statutory fee obligations, licensing requirements, or enforcement authority of the Department.
- May not construed to require the Department to implement the pilot program, or to engage in any or all of the authorized activities.
- Clarify that acceptance of stablecoins is an optional payment method and does not require acceptance of any other digital asset.
- May not be construed to relieve the Chief Financial Officer or the Department of any obligation to secure public funds, including any stablecoins, in a qualified public depository unless an exemption applies or, with respect to payment stablecoins, to hold such stablecoins in a manner similar to how direct United States Treasury obligations are held pursuant to s. 17.57(2)(a), F.S.⁵¹

The Department is authorized to adopt rules to implement the provisions of the bill.

Section 2 provides the bill is effective upon becoming a law.

C. Government Sector Impact:

The bill has an indeterminate impact on state revenues and expenditures. The Department of Financial Services (Department) reports that “[t]he bill may result in operational efficiencies or cost savings associated with payment processing, settlement times, and transactions fees; however, the magnitude of any savings is indeterminate and would depend on program participation and implementation decisions made by the department.”⁵²

The Department also recognizes that there could be expenditures associated with the program, noting “[t]here could be associated custody costs with the stablecoin program. More information will have to be obtained through the contracting process. In addition, there will be nominal, but indeterminate network fees for each transaction.”⁵³ The bill requires the Department to pay only reasonable network and exchange fees that do not exceed the fees that would be charged to the department if payment were accepted by credit card or wire transfer. Further, the Department must attempt to minimize the amount of potential fees when determining the date and time to convert stablecoins.

The Department expects a fiscal impact to the Department’s technology systems and reports “[t]he Treasury will have to contract with the appropriate custody and technology providers in order to receive, convert, and/or create stablecoin. The impact to current business systems and processes will have to be addressed throughout.”⁵⁴

Finally, the Department anticipates a fiscal impact because “[t]he state will have to remain in compliance with federal law related to stablecoin and financial reporting.”⁵⁵

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1580 is a comprehensive update to Florida’s gaming and gambling laws.

The bill clarifies some duties and restrictions for the Florida Gaming Control Commission (FGCC) by transferring the authority to appoint the Inspector General to the commission and refining ethics rules regarding post-employment interests. To address specialized staffing needs in the gaming industry, the bill permits the FGCC to grant employment waivers for technical experts with prior gaming industry experience. Additionally, the bill enhances annual reporting requirements for the FGCC to provide more transparency for the state of Florida.

The bill strengthens enforcement by enhancing criminal penalties for wagering on events with prearranged outcomes and incorporating illegal gambling violations into portions of existing law.

Additionally, the bill provides immediate administrative consequences for businesses that facilitate illegal gaming, authorizing the summary suspension of business and alcoholic beverage licenses for establishments deemed an immediate danger to public welfare.

The bill further targets the proliferation of illegal hardware by creating the first-degree felony of “Trafficking in Slot Machines” for the unauthorized possession or sale of illegal slot machines.

In an effort to reduce costs to the government, the bill allows the physical destruction of seized slot machines upon court order. Additionally, the bill creates a slot machine surrender program to allow for voluntary compliance without prosecution.

For digital activities, the bill defines “internet gambling” and “internet sports wagering” to close any “gray market” loopholes, declaring any such unauthorized activity a third-degree felony.

To provide clarity for certain non-profit entities, a formal declaratory statement process is established with specific guidelines for what needs to be provided to the FGCC. The bill prohibits the FGCC from declining to provide a declaratory statement when asked and requirements are met.

The bill establishes specific criteria for bail determinations, clarifying what is to be considered for bail determination in certain illegal gambling crimes.

In addition, the bill:

- Prohibits the false impersonation of commission personnel or representatives and provides a criminal penalty.
- Increases criminal penalties for keeping an illegal gambling house.
- Increases criminal penalties for agents or employees of a gambling house.
- Increases criminal penalties for renting a house for gambling purposes.
- Prohibits trafficking in slot machines or devices and provides a criminal penalty.
- Requires the imposition of a specified fine for an offender convicted of trafficking in a specified number of slot machines and provide for the deposit of fines and use of proceeds.
- Prohibits the transport or procurement of the transport of a specified number of persons to facilitate illegal gambling, defines the term “illegal gambling” and provides criminal penalties.
- Prohibits the making or disseminating of specified advertisements to promote or facilitate illegal gambling, prohibits activities for the creation of specified advertisements, defines the term “illegal gambling”, and provides a criminal penalty and provides exceptions.
Preempts enactment or enforcement of local ordinances on activities under s. 546.10 and ch. 849, F.S.
- Ranks offenses created by the act on the offense severity ranking chart of the Criminal Punishment Code.
Changes the rank of certain specified offenses on the offense severity ranking chart.

The bill has an indeterminate fiscal impact to the state. See Section V., Fiscal Impact Statement.

The bill provides an effective date of July 1, 2026.

II. Present Situation:

Background

In general, gambling is illegal in Florida.¹ Chapter 849, F.S., prohibits keeping a gambling house,² running a lottery,³ or the manufacture, sale, lease, play, or possession of slot machines.⁴ However, the following gaming activities are authorized by law and regulated by the state:

- Pari-mutuel⁵ wagering at licensed greyhound and horse tracks and jai alai frontons;⁶
- Slot machine gaming at certain licensed pari-mutuel locations in Miami-Dade County and Broward County;⁷
- Cardrooms⁸ at certain pari-mutuel facilities;⁹
- The state lottery authorized by section 15 of Article X of the State Constitution and established under ch. 24, F.S.;¹⁰
- Skill-based amusement games and machines at specified locations as authorized by s. 546.10, F.S., the Family Amusement Games Act;¹¹ and

Enforcement of Gaming Laws and Florida Gaming Control Commission

In 2021, the Legislature updated Florida law for authorized gaming in the state, and for enforcement of the gambling laws and other laws relating to authorized gaming.²⁰ The Office of Statewide Prosecution in the Department of Legal Affairs is authorized to investigate and prosecute, in addition to gambling offenses, any violation of ch. 24, F.S., (State Lotteries), part II of ch. 285, F.S., (Gaming Compact), ch. 546, F.S., (Amusement Facilities), ch. 550, F.S., (Pari-mutuel Wagering), ch. 551, F.S., (Slot Machines), or ch. 849, F.S., (Gambling), which are referred to the Office of Statewide Prosecution by the Florida Gaming Control Commission (FGCC).²¹

In addition to the enhanced authority of the Office of Statewide Prosecution, the FGCC was created²² within the Department of Legal Affairs. The FGCC has two divisions, the Division of Gaming Enforcement (DGE), and the Division of Pari-mutuel Wagering (DPMW) which was transferred from the Department of Business and Professional Regulation (DBPR) effective July 1, 2022, (as discussed below).

The FGCC must do all of the following:²³

- Exercise all of the regulatory and executive powers of the state with respect to gambling, including pari-mutuel wagering, cardrooms, slot machine facilities, oversight of gaming compacts executed by the state pursuant to the Federal Indian Gaming Regulatory Act, and any other forms of gambling authorized by the State Constitution or law, excluding state lottery games as authorized by the State Constitution.
- Establish procedures consistent with ch. 120, F.S., the Administrative Procedure Act, to ensure adequate due process in the exercise of the FGCC’s regulatory and executive functions.

¹⁸ The pari-mutuel pools that were authorized by law on the effective date of the State Constitution, as revised in 1968, include horseracing, greyhound racing, and jai alai games. The revision was ratified by the electorate on November 5, 1968.

¹⁹ The Department of the Lottery is authorized by s. 15, Art. X of the State Constitution. Chapter 24, F.S., was enacted by ch. 87-65, Laws of Fla., to establish the state lottery. Section 24.102, F.S., states the legislative purpose and intent for the operations of the state lottery.

- Ensure that the laws of this state are not interpreted in any manner that expands the activities authorized in ch. 24, F.S. (State Lotteries), part II of ch. 285, F.S. (Gaming Compact), ch. 546, F.S. (Amusement Facilities), ch. 550, F.S. (Pari-mutuel Wagering), ch. 551, F.S., (Slot Machines), or ch. 849, F.S. (Gambling).
- Review the rules and regulations promulgated by the Seminole Tribal Gaming Commission for the operation of sports betting and propose to the Seminole Tribe Gaming Commission any additional consumer protection measures it deems appropriate. The proposed consumer protection measures may include, but are not limited to, the types of advertising and marketing conducted for sports betting, the types of procedures implemented to prohibit underage persons from engaging in sports betting, and the types of information, materials, and procedures needed to assist patrons with compulsive or addictive gambling problems.
- Evaluate, as the state compliance agency or as the FGCC, information that is reported by sports governing bodies or other parties to the FGCC relating to:
 - Any abnormal betting activity or patterns that may indicate a concern about the integrity of a sports event or events;
 - Any other conduct with the potential to corrupt a betting outcome of a sports event for purposes of financial gain, including, but not limited to, match fixing; suspicious or illegal wagering activities, including the use of funds derived from illegal activity, wagers to conceal or launder funds derived from illegal activity, use of agents to place wagers, or use of false identification; and
 - The use of data deemed unacceptable by the FGCC or the Seminole Tribal Gaming Commission.
- Provide reasonable notice to state and local law enforcement, the Seminole Tribal Gaming Commission, and any appropriate sports governing body of non-proprietary information that may warrant further investigation of nonproprietary information by such entities to ensure the integrity of wagering activities in the state.
- Review any matter within the scope of the jurisdiction of the DPMW.
- Review the regulation of licensees, permitholders, or persons regulated by the DPMW and the procedures used by that division to implement and enforce the law.
- Review the procedures of the DPMW which are used to qualify applicants applying for a license, permit, or registration.
- Receive and review violations reported by a state or local law enforcement agency, the Department of Law Enforcement, the Department of Legal Affairs, the Department of Agriculture and Consumer Services, the DBPR, the Department of the Lottery, the Seminole Tribe of Florida, or any person licensed under ch. 24, F.S. (Gambling), and determine whether such violation is appropriate for referral to the Office of Statewide Prosecution.
- Refer criminal violations of ch. 24, F.S., (State Lotteries), part II of ch. 285, F.S., (Gaming Compact), ch. 546, F.S., (Amusement Facilities), ch. 550, F.S., (Pari-mutuel Wagering), ch. 551, F.S., (Slot Machines), or ch. 849, F.S., (Gambling) to the appropriate state attorney or to the Office of Statewide Prosecution, as applicable.
- Exercise all other powers and perform any other duties prescribed by the Legislature and adopt rules to implement the above.

Commissioners

As set forth in s. 16.71, F.S., of the five commissioners appointed as members of the commission, at least one member must have at least 10 years of experience in law enforcement and criminal investigations, at least one member must be a certified public accountant licensed in this state with at least 10 years of experience in accounting and auditing, and at least one member must be an attorney admitted and authorized to practice law in this state for the preceding 10 years. All members serve four-year terms but may not serve more than 12 years.

Division of Gaming Enforcement

Section 16.711, F.S., sets forth the duties of the DGE within the FGCC.²⁴ The DGE is a criminal justice agency, as defined in s. 943.045, F.S. The commissioners must appoint a director of the DGE who is qualified by training and experience in law enforcement or security to supervise, direct, coordinate, and administer all activities of the DGE.²⁵

The DGE director and all investigators employed by the DGE must meet the requirements for employment and appointment provided by s. 943.13, F.S., and must be certified as law enforcement officers, as defined in s. 943.10(1), F.S. The DGE director and such investigators must be designated law enforcement officers and must have the power to detect, apprehend, and arrest for any alleged violation of ch. 24, F.S., (State Lotteries), part II of ch. 285, F.S., (Gaming Compact), ch. 546, F.S., (Amusement Facilities), ch. 550, F.S., (Pari-mutuel Wagering), ch. 551, F.S., (Slot Machines), or ch. 849, F.S., (Gambling), or any rule adopted pursuant thereto, or any law of this state.²⁶

Such law enforcement officers may enter upon any premises at which gaming activities are taking place in the state for the performance of their lawful duties and may take with them any necessary equipment, and such entry does not constitute a trespass. In any instance in which there is reason to believe that a violation has occurred, such officers have the authority, without warrant, to search and inspect any premises where the violation is alleged to have occurred or is occurring.²⁷

Further, any such officer may, consistent with the United States and Florida Constitutions, seize or take possession of any papers, records, tickets, currency, or other items related to any alleged violation. Investigators employed by the FGCC also have access to, and the right to inspect, premises licensed by the FGCC, to collect taxes and remit them to the officer entitled to them, and to examine the books and records of all persons licensed by the FGCC.²⁸

The DGE and its investigators are specifically authorized to seize any contraband in accordance with the Florida Contraband Forfeiture Act. The term “contraband” has the same meaning as the

The authority of any other person authorized by law to seize contraband is not limited by these provisions.³⁰

Section 16.711(5), F.S., requires the Florida Department of Law Enforcement (FDLE) to provide assistance in obtaining criminal history information relevant to investigations required for honest, secure, and exemplary gaming operations, and such other assistance as may be requested by the FGCC’s executive director and agreed to by the FDLE’s executive director. Any other state agency, including the DBPR and the Department of Revenue, must, upon request, provide the FGCC with any information relevant to any investigation conducted as described above, and the FGCC must reimburse any agency for the actual cost of providing any such assistance.³¹

Division of Pari-mutuel Wagering

The FGCC has regulatory oversight of permitted and licensed pari-mutuel wagering facilities, cardrooms located at pari-mutuel facilities, and slot machines at pari-mutuel facilities located in Miami-Dade and Broward counties. The DPMW is charged with the regulation of Florida’s pari-mutuel, cardroom, and slot gaming industries, as authorized by ch. 550, F.S., (Pari-mutuel Wagering), ch. 551, F.S., (Slot Machines), and ch. 849, F.S., (Gambling), as well as collecting and safeguarding associated revenues due to the state. The DPMW supports the FGCC in meeting the FGCC’s obligations as the State Compliance Agency (SCA)³² in carrying out the state’s oversight responsibilities under the provisions of the Gaming Compact between the Seminole Tribe of Florida and the State of Florida.³³

Commission Annual Report

By December 1 of each year, the FGCC is required to make an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must include, in part, a summary of actions taken and investigations conducted by the FGCC.³⁴

Cardrooms

Cardrooms are authorized at certain pari-mutuel facilities.³⁵ Under current law, notwithstanding any other provision of law, a pari-mutuel permitholder (other than a limited thoroughbred permitholder) may not be issued a license for the operation of a cardroom if the permitholder did not hold an operating license for the conduct of pari-mutuel wagering for Fiscal Year 2020-2021.³⁶ An initial cardroom license may be issued to a pari-mutuel permitholder only after its facilities are in place and after it conducts its first day of pari-mutuel activities on racing or games.³⁷

A licensed pari-mutuel permitholder that holds a valid pari-mutuel permit may hold a cardroom license authorizing the operation of a cardroom and the conduct of authorized games at the cardroom.³⁸ An authorized game is a game or series of games of poker or dominoes.³⁹ Such games must be played in a non-banking manner,⁴⁰ where the participants play against each other, instead of against the house (cardroom).

Prohibited activities of cardrooms include the following:⁴¹

- Conducting any banking game or game not specifically authorized, or any game that violates the exclusivity provided in the gaming compact.
- Allowing persons under 18 years of age to hold a cardroom or employee license, or engage in any game.
- Allowing electronic or mechanical devices, except mechanical card shufflers to be used to conduct any authorized game in a cardroom.
- Allowing cards, game components, or game implements to be used in playing an authorized game unless such has been furnished or provided to the players by the cardroom operator.

Internet Gambling

Online gaming has rapidly normalized in the United States, with recent data showing that 22 percent of American adults now hold an active account with an online sportsbook.⁴² In Florida, the only legal form of gambling by means of the Internet is through the Seminole Tribe of Florida's Hard Rock Bet: Sportsbook App.

³⁵ Section 849.086, F.S.; s. 849.086(2)(c), F.S., defines "cardroom" to mean "a facility where authorized games are played for money or anything of value and to which the public is invited to participate in such games and charged a fee for participation by the operator of such facility."

Prohibitions for Commission Employees and Commissioners

Commissioners are public officers, and employees are public employees, subject to the Code of Ethics for Public Officers and Employees set forth in part III of ch. 112, F.S., (Code of Ethics). Commissioners and employees are also governed by standards of conduct and provisions limiting ex parte communications, as provided in the bill, similar to the standards applicable to commissioners serving on the Public Service Commission.

For a period of two years immediately preceding appointment to, or employment with, the FGCC, and while appointed or employed with the FGCC, a person may not:

- Hold a permit or license issued under ch. 550, F.S., (Pari-mutuel Wagering), or a license issued under ch. 551, F.S., (Slot Machines), or ch. 849, F.S., (Gambling); be an officer, official, or employee of such permitholder or licensee; or be an ultimate equitable owner, as defined in s. 550.002(37), F.S.,⁴⁴ of such permitholder or licensee;
- Be an officer, official, employee, or other person with duties or responsibilities relating to a gaming operation owned by an Indian tribe that has a valid and active compact with the state; be a contractor or subcontractor of such tribe, or an entity employed, licensed, or contracted by such tribe; or be an ultimate equitable owner, as defined in s. 550.002(37), F.S., of such entity;
- Be or have been, a member of the Legislature;
- Be a registered lobbyist for the executive or legislative branch, except while a commissioner when officially representing the FGCC; or
- Be a bingo game operator or an employee of a bingo game operator.

Persons who fail to meet or who violate the above requirements are ineligible for appointment to or employment with the FGCC, or if, within the two years immediately preceding such appointment or employment, he or she has solicited or accepted employment with; acquired any direct or indirect interest in; has any direct or indirect business association, partnership, or financial relationship with; or is a relative of, any person or entity who is:

- An applicant, licensee, or registrant with the FGCC;
- An officer, official, employee, or other person with duties or responsibilities relating to a gaming operation owned by an Indian tribe that has a valid and active compact with the state;
- A contractor or subcontractor of such tribe or an entity employed, licensed, or contracted by such tribe; or
- An ultimate equitable owner, as defined in s. 550.002(37), F.S., of such entity.

⁴⁴ Section 550.002, F.S., defines the term “ultimate equitable owner” to mean “a natural person who, directly or indirectly, owns or controls five percent or more of an ownership interest in a corporation, foreign corporation, or alien business organization, regardless of whether such person owns or controls such ownership through one or more natural persons or one or more proxies, powers of attorney, nominees, corporations, associations, partnerships, trusts, joint stock companies, or other entities or devices, or any combination thereof.”

The term “relative” means a spouse, father, mother, son, daughter, grandfather, grandmother, brother, sister, uncle, aunt, cousin, nephew, niece, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, or half-sister.

A person who is ineligible for employment with the FGCC due to being a relative of one of the persons described above may submit a waiver request to the FGCC for the person to be considered eligible for employment. Waiver requests must be considered on a case-by-case basis, and the FGCC must approve or deny each request. If the FGCC approves the request, the person is eligible for employment with the FGCC. The waiver procedure does not apply to candidates for appointment as a commissioner.

A person is ineligible for employment with the FGCC if he or she were:

- Convicted or found guilty of, or pled nolo contendere to, regardless of adjudication, in any jurisdiction, a felony within five years of the date of application;
- Convicted or found guilty of, or pled nolo contendere to, regardless of adjudication, in any jurisdiction, a misdemeanor within five years of the date of application which the FGCC determines bears a close relationship to the duties and responsibilities of the position for which employment is sought; or
- Dismissed from prior employment for gross misconduct or incompetence or intentionally making a false statement concerning a material fact in connection with the application for employment to FGCC.

If an employee of the FGCC is charged with a felony while employed by the FGCC, the FGCC must suspend the employee, with or without pay, and terminate employment with the FGCC upon conviction. If an employee is charged with a misdemeanor while employed, the FGCC must suspend the employee, with or without pay, and may terminate employment upon conviction if the FGCC determines that the offense bears a close relationship to the duties and responsibilities of the position held with the FGCC.

A commissioner or an employee must notify the FGCC within three calendar days of arrest for any offense. In addition, a commissioner or an employee must provide detailed written notice of the circumstances to the FGCC if the member or employee is indicted, charged with, convicted of, pleads guilty or nolo contendere to, or forfeits bail for:

- A misdemeanor involving gambling, dishonesty, theft, or fraud;
- A violation of any law in any state, or a law of the United States or any other jurisdiction, involving gambling, dishonesty, theft, or fraud which would constitute a misdemeanor in Florida; or
- A felony under the laws of Florida or any other state, the United States, or any other jurisdiction.

Veterans Service Organizations

Veterans Service Organizations (VSOs) that are granted a federal charter under Title 36, U.S.C., are groups that have been formally recognized by Congress. While recognized federally, these groups are private, non-profit entities that must maintain a specific standard of service and submit an annual report to Congress. Examples of these VSOs are groups like The American

Legion, the Veterans of Foreign Wars, the Disabled American Veterans, the American Veterans, and Paralyzed Veterans of America. Some VSOs choose to operate facilities with a valid alcoholic beverage license.

If certain requirements are met, alcohol licenses for VSOs are issued by the Division of Alcoholic Beverages and Tobacco within the DBPR.

Under Florida law, VSOs operating with alcoholic beverage licenses receive certain gaming privileges; notably, s. 546.10(6)(a), F.S., provides specific exemptions regarding amusement games or machines. These and similar provisions exempt licensed VSOs from certain limitations on amusement machine operations, authorizing them to facilitate gaming activities that support their charitable missions.

Slot Machine Controversy

At any location other than licensed pari-mutuel facilities⁴⁵ and Seminole tribe facilities⁴⁶, it is a violation to “manufacture, own, store, keep, possess, sell, rent, lease, let on shares, lend or give away, transport, or expose for sale or lease, or to offer to sell, rent, lease, let on shares, lend or give away, or permit the operation of any slot machine or device or any part thereof.”⁴⁷

The legal community in general has spent decades trying to find the right balance in defining and differentiating a slot machine from an amusement machine. Because of this, amusement games or machines are primarily governed by a tension between the Florida statutes that allow amusement games under certain exemptions and Florida’s prohibition on slot machines.

Florida law prohibits slot machines in VSOs but allows certain types of amusement machines or games. In Florida, a slot machine is defined as a machine or device that:⁴⁸

- Is activated by inserting something of value (money, coin, account number, code, or other object or information);
- Is caused to operate or be operated by a user by application of skill, element of chance, or other outcome that is unpredictable to the user; and
- Entitles the user to receive something of value or additional chances or rights to use the device or machine.

A person who violates the prohibitions⁴⁹ against manufacturing, selling, or possessing slot machines or devices commits a:⁵⁰

- First degree misdemeanor upon a second conviction.⁵²
- Third degree felony upon a third or subsequent conviction, and the person is deemed a “common offender.”⁵³

There is a rebuttable presumption that a device, system, or network is a prohibited slot machine or device if it is used to display images of games of chance and is part of a scheme involving any payment or donation of money or its equivalent and awarding anything of value.⁵⁴

In recent years, legal discussion has existed over slot machine and amusement machine distinctions including the “material element of chance” test; if a machine’s outcome can be influenced by factors outside the player’s immediate skill – such as a predetermined win/loss ratio or invisible game logic – the device is legally classified as a slot machine under s. 849.16, F.S.⁵⁵

Amusement Games or Machines

In 2015, the Legislature created s. 546.10, F.S., in an attempt to regulate the operation of skill-based amusement games or machines at specified locations to prevent expansion of casino-style gambling in the state.⁵⁶ To differentiate between slot machines, which are generally prohibited, and amusement machines there is a lengthy definition of what includes an amusement game or machine and what does not constitute an amusement game or machine.

An “amusement game or machine” is defined in s. 546.10(3)(a), F.S., as:

...a game or machine operated only for the bona fide entertainment of the general public which a person activates by inserting or using currency or a coin, card, coupon, slug, token, or similar device, and, *by the application of skill, with no material element of chance* inherent in the game or machine, the person playing or operating the game or machine controls the outcome of the game.

The term does not include:

- Any game or machine that uses mechanical slot reels, video depictions of slot machine reels or symbols, or video simulations or video representations of any other casino game, including, but not limited to, any banked or banking card game, poker, bingo, pull-tab, lotto, roulette, or craps.

- A game in which the player does not control the outcome of the game through skill or a game where the outcome is determined by factors not visible, known, or predictable to the player.
- A video poker game or any other game or machine that may be construed as a gambling device under the laws of this state.
- Any game or device defined as a gambling device in 15 U.S.C. s. 1171, unless excluded under 15 U.S.C. s. 1178.

Florida law further distinguishes amusement machines or games into three types of machines, Type A, Type B, and Type C.

A Type A amusement game or machine is a game or machine that offers no prizes, or any other thing of value other than free replays so long as:

- The amusement game or machine can accumulate and react to no more than 15 such replays;
- The amusement game or machine can be discharged of accumulated replays only by reactivating the game or device for one additional play for each accumulated replay;
- The amusement game or machine cannot make a permanent record, directly or indirectly, of any free replay;
- The amusement game or machine does not entitle the player to receive anything of value other than a free replay;
- An unused free replay may not be exchanged for anything of value, including merchandise or a coupon or a point that may be redeemed for merchandise; and
- The amusement game or machine does not contain any device that awards a credit and contains a circuit, meter, or switch capable of removing and recording the removal of a credit if the award of a credit is dependent upon chance.⁵⁷

A Type B amusement game or machine is a game or machine that, upon activation and game play, entitles or enables a person to receive a coupon or a point that *may be redeemed onsite for merchandise* and the coupon or point:

- Has no value other than for redemption onsite for merchandise;
- The redemption value that a person receives for a single game played does not exceed the maximum value determined under s. 546.10(7), F.S. The maximum value was set at \$5.25 in 2016 and is adjusted annually by the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items by the Department of Revenue. The current maximum value is \$7.10.⁵⁸ However, a player may accumulate coupons or points to redeem onsite for a single item of merchandise that has a wholesale cost of not more than 100 times the maximum value, or for a prize consisting of more than one item, unit, or part, only if the aggregate wholesale cost of all items, units, or parts does not exceed 100 times the maximum value; and
- The redemption value that a person receives for playing multiple games simultaneously or competing against others in a multiplayer game does not exceed the maximum value.⁵⁹

A Type B amusement game or machine may only be operated at:

- A facility as defined in s. 721.05(17), F.S., that is under the control of a timeshare plan;

⁵⁹ Section 546.10(5)(b), F.S.

- A public lodging establishment or public food service establishment licensed pursuant to ch. 509, F.S.;
- The following premises, if the owner or operator of the premises has a current license issued by the DBPR pursuant to ch. 509, ch. 561, ch. 562, ch. 563, ch. 564, ch. 565, ch. 567, or ch. 568, of the Florida Statutes;
- An arcade amusement center;
- A bowling center, as defined in s. 849.141, F.S.; or
- A truck stop.⁶⁰

A Type C amusement game or machine is a game or machine that allows the player to manipulate a claw or similar device within an enclosure that entitles or enables a person to receive merchandise directly from the game or machine, if the wholesale cost of the merchandise does not exceed 10 times the maximum value determined under s. 546.10(7), F.S.

A type C amusement game or machine may only be operated at:

- A facility as defined in s. 721.05(17), F.S., that is under the control of a timeshare plan;
- An arcade amusement center;
- A bowling center, as defined in s. 849.141, F.S.;
- The premises of a retailer, as defined in s. 212.02, F.S.;
- A public lodging establishment or public food service establishment licensed pursuant to ch. 509, F.S.;
- A truck stop; or
- The premises of a veterans' service organization (VSO) granted a federal charter under Title 36, U.S.C., or a division, department, post, or chapter of such organization, for which an alcoholic beverage license has been issued.⁶¹

Chapter 120 Declaratory Statement Process

As a matter of general policy, a declaratory statement serves as an administrative tool designed to resolve regulatory uncertainty. Under the Florida Administrative Procedure Act, a declaratory statement is a formal mechanism that allows any “substantially affected person” to obtain an agency’s opinion regarding the applicability of a statutory provision, rule, or order to their specific set of circumstances.⁶²

The petitioning party must state their particular circumstances with specificity and identify the exact law or regulation they believe applies to that situation.⁶³ Upon receiving a petition, an agency is required to give notice of the filing in the Florida Administrative Register and must either issue the statement or deny the petition within 90 days.⁶⁴

⁶² Section 120.565(1), F.S.

⁶³ Section 120.565(2), F.S.

⁶⁴ Section 120.565(3), F.S.

Once issued, a declaratory statement constitutes a “final agency action,” making it a legally binding interpretation that provides the petitioner with a definitive regulatory position upon which they can rely.⁶⁵

IGRA and Indian Tribes ability to Transport Slot Machines

Gambling on Indian lands is regulated by the Indian Gaming Regulatory Act of 1988 (IGRA), which generally preempts state law on tribal land.⁶⁶

Under the IGRA, gaming is categorized in three classes:

- **Class I** gaming means social games for minimal value or traditional forms of Indian gaming engaged in by individuals for tribal ceremonies or celebrations;
- **Class II** gaming includes bingo and pull-tabs, lotto, punch boards, tip jars, instant bingo, other games similar to bingo, and certain non-banked card games if not explicitly prohibited by the laws of the state and if played in conformity with state law; and
- **Class III** gaming includes all forms of gaming that are not Class I or Class II gaming, such as banked card games such as baccarat, chemin de fer, and blackjack (21), casino games such as craps and roulette, electronic or electromechanical facsimiles of games of chance, slot machines, and pari-mutuel wagering.⁶⁷

Under the IGRA, Class III gaming is lawful on Indian lands only if conducted pursuant to a tribal-state compact that has been ratified by the state and approved by the United States Secretary of the Interior.⁶⁸

The Seminole Tribe of Florida is the only Indian tribe in Florida to have a legally binding compact recognized by the IGRA, and therefore is the only Indian tribe allowed to offer Class III gaming. The Miccosukee Tribe of Indians of Florida offers Class II type of gaming and is prohibited from offering Class III type of gaming, like slot machines.

Because shipments of slot machines for Indian casinos physically travel through the state and not exclusively on tribal lands, there is some potential ambiguity as to whether the general prohibition on transporting slot machines in s. 849.15, F.S., applies to devices destined for tribal lands.

Recent Regulatory Efforts by the FGCC

The FGCC employs approximately 18 sworn law enforcement officers.⁶⁹ The FGCC reported seizing around \$14.47 million and over 6,700 slot machines in 2025, more than doubling its enforcement totals from the previous year.⁷⁰

Preservation of Slot Machines

The FGCC has been faced with is the cost associated with the preservation of potentially criminal slot machines. Most slot machines are bulky, heavy, and require climate-controlled environments to prevent the degradation of digital components and mechanical parts needed for trial. Beyond the monthly storage fees, which for items this size can range significantly, the FGCC must spend time and resources to document and transport these devices, creating a cost for preservation that often exceeds the administrative fines collected from the illegal operators.

State Preemption

There are two ways that a local enactment can be inconsistent with state law. First, a local government cannot legislate in a field if the subject area has been preempted to the state. Second, in a field where both the state and local government can legislate concurrently, a local government cannot enact an ordinance that directly conflicts with the state statute.⁷¹

State law recognizes two types of state preemption: express and implied. Express preemption requires a specific legislative statement of intent to preempt a specific area of law; it cannot be implied or inferred.⁷² In contrast, implied preemption exists if the legislative scheme is so pervasive as to evidence an intent to preempt the particular area, and where strong public policy reasons exist for finding such an area to be preempted by the Legislature.⁷³ Courts determining the validity of local government ordinances enacted in the face of state preemption, whether express or implied, have found such ordinances to be null and void.⁷⁴

III. Effect of Proposed Changes:

Section 1 repeals s. 849.23, F.S., relating to general penalties for criminal penalties for the possession, manufacturing, or sale of prohibited slot machines, replacing them with specific criminal penalties tailored to the individual offenses established throughout the bill.

Operations of the FGCC

Section 2 amends s. 16.71, F.S., to provide that the Florida Gaming Control Commission (FGCC or commission), rather than only the chair of the commission, must appoint an inspector general and to authorize the FGCC to delegate any of the other duties and powers of an agency head under s. 20.055, F.S., to a commissioner.

Section 3 amends s. 16.712, F.S., to require the FGCC to include within the annual report submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives:

- The number of investigations that led to criminal charges being filed and the resolution of such a criminal case, the number of complaints received by the FGCC, categorized by subject matter or type, and a summary of the action taken on each such complaint; and
- A list of property seized by the FGCC during the course of investigations and the disposition of such property, including a list of forfeiture actions.

Section 6 amends s. 20.055, F.S., to provide that the commissioners of the FGCC, rather than the chair, are authorized to act as an agency head for the purposes of s. 20.055, F.S.

Section 8 amends s. 551.107(6)(b), F.S., to expand the waiver process to all disqualifying offenses under the statute.

Employment Restrictions and Waiver Authority

Section 4 amends s. 16.713, F.S., to authorize a person ineligible for employment based on pre-employment activities otherwise prohibited under s. 16.713(2)(d), F.S., to request a waiver from such prohibitions if such person is applying for a career service or other-personal-services position and possesses industry expertise in pari-mutuel wagering, cardrooms, or slot machine operations.

The FGCC is required to consider the waiver requests on a case-by-case basis. The waiver does not apply to persons seeking appointment to the commission. Any standard of review for the decision is abuse of discretion. The FGCC is authorized to adopt rules to implement these provisions.

Section 5 amends s. 16.715(1)(b)3, F.S., to remove repetitive post-employment and post-appointment restrictions applicable to future employment. Also, s. 16.715(2)(c), F.S., is amended to:

- Clarify that the post-employment restrictions apply to employees classified as Senior Management Service, Selected Exempt Service, or career service.
- Impose additional post-employment restrictions on such employees relating to future employment with business entities that directly or indirectly owns or controls a person regulated by the FGCC, a person regulated by the commission, an entity that is an affiliate or subsidiary of a person regulated by the commission or any entity that has been a party before the commission within two years before the person's resignation or termination of employment from the commission.
- Provide for a waiver process from such restrictions for employees classified as career service.

Declaratory Statement for VSOs

Section 7 creates s. 546.10(10), F.S., to allow Veterans Service Organizations (VSOs) which are granted a federal charter under Title 36, U.S.C., or a division, a department, a post, or a chapter of such organization, for which an alcoholic beverage license has been issued, to petition the FGCC for a declaratory statement under s. 120.565, F.S., to determine whether the operation of a

game or machine would be authorized under this section or would be a violation of this section or ch. 849, F.S. Specifically, subsection (10) is created to:

- Authorize certain VSOs to petition the FGCC for a declaratory statement under s. 120.565, F.S., on whether the operation of a game or machine is authorized under s. 546.10, F.S., or whether it violates Florida law. Under the newly created subsection, a VSO may not purchase or install a machine that is the subject of a pending declaratory statement and may not petition the commission for a declaratory statement for any machine subject to an ongoing criminal investigation.
- Require the FGCC to deny the petition or issue a declaratory statement within the earlier of 60 days after completing its investigation of the game or machine or 90 days after receiving the complete application.
- Provide that a petition is deemed complete if it provides information required by the FGCC to issue a declaratory statement, including access to hardware and associated software.
- Provide that a declaratory statement issued under the subsection is binding on the FGCC and may be introduced in proceedings to demonstrate a good faith effort to comply with Florida law.
- Allow the FGCC or any other criminal justice agency as defined in s. 943.045, F.S., from detecting, apprehending, and arresting a person for any alleged violation of part II of ch. 285, F.S., chs. 24, 550, 551, 546, or 849, F.S., or any rule adopted pursuant thereto, or of any law of this state.
- Provide that an owner or operator of an amusement game or machine under this section is not required to request or obtain a declaratory statement in order to operate.

Enhancement of Penalties

Section 9 amends s. 782.04(3), F.S., to provide that when a human being is killed during the perpetration of, or during the attempt to perpetrate, a violation of s. 849.01, F.S., (keeping a gambling house) by a person other than the person perpetrating or attempting to perpetrate the violation of s. 849.01, F.S., the person in violation of s. 849.01, F.S., commits murder in the second degree, which constitutes a felony of the first degree.

Section 10 creates s. 838.12(3), F.S., to provide that a person who stakes, bets, or wagers on the result of a professional or amateur game, contest, match, race, or sport with the knowledge that the outcome of such an event is prearranged or predetermined commits a third-degree felony.

Section 12 amends s. 849.01, F.S., relating to the keeping of gambling houses, to increase the penalty for that offense from a second degree misdemeanor (up to 60 days/\$500 fine)⁷⁸ to a:

This section prohibits a government employee from knowingly certifying, licensing, approving, aiding, facilitating, or concealing the operation of a gambling house in violation of s. 849.01, F.S.; and imposes a criminal penalty for a violation of s. 849.021, F.S., of: (i) for a first offense, a third-degree felony; and (ii) for a second or subsequent offense, a second-degree felony. The bill also specifies that for purposes of sentencing, a felony offense that is reclassified under this provision is ranked one level above the ranking under s. 921.0022, F.S., or s. 921.0023, F.S., of the felony offense committed.

The bill also provides a definition for “person of authority” to mean a person who, at any business, establishment, premises, or other locations at which a slot machine or device is offered for play, has:

- Actual authority to act on behalf of the business, establishment, premises, or other location where a slot machine or device is offered for play; or
- Any ownership interest in the business, establishment, premises, or other location. The term “ownership interest” includes being an officer, director, or managing member of the business, establishment, premises, or other location.

The bill also provides the following criminal penalties:

- A person who violates the prohibitions on slot machines commits a first-degree misdemeanor (imprisonment up to one year and a fine up to \$1,000).
- A person commits a third-degree felony (imprisonment up to five years and a fine up to \$5,000), if he or she violates the prohibitions on slot machines and:
 - At the time of the violation, the person was a person of authority; or

Trafficking Slot Machines

Section 24 creates s. 849.155(1), F.S., relating to trafficking in slot machines or devices or parts thereof. The bill makes it a:

- First degree felony, (imprisonment up to 30 years and a fine up to \$10,000), to knowingly sell, purchase, manufacture, transport, deliver, or bring into Florida more than 15 slot machines or devices or any part thereof; and includes:
 - An additional fine of \$100,000, if the quantity of slot machines or devices or any part thereof involved is more than 15 slot machines or devices or any part thereof, but less than 25 slot machines or devices or any part thereof.
 - An additional fine of \$250,000, if the quantity of slot machines or devices or any part thereof involved is more than 25 slot machines or devices or any part thereof, but less than 50 slot machines or devices or any part thereof.
 - An additional fine of \$500,000, if the quantity of slot machines or devices or any part thereof involved is more than 50 slot machines or devices or any part thereof.

The bill provides an exemption from criminal and financial penalties if such person is trafficking slot machines into any Florida county that has authorized slot machine gaming. Such machines are to be deemed legal shipments, provided that the destination of such shipments is an eligible facility as defined in s. 551.102, F.S., or the facility of a slot machine manufacturer or slot machine distributor as provided in s. 551.109(2)(a), F.S. All shipments of legal gaming devices, including legal slot machines, into Indian lands located within the state shall be deemed legal shipments, so long as the Indian lands are held in federal trust for the benefit of a federally recognized compact with the state.

The bill requires all fines imposed and collected pursuant these provisions be deposited into the Pari-mutuel Wagering Trust Fund and authorizes such funds to be used for the enforcement of chs. 546, 550, 551, and 849, F.S., by the commission.

Section 27 creates s. 849.181, F.S., to authorize a seizing agency to destroy excess slot machines seized during an investigation provided certain requirements are met. Under subsection (2), the term “excess slot machines” means more than five slot machines.

The offense severity ranking chart must be used with the Criminal Punishment Code worksheet to compute a sentence score for each felony offender whose offense was committed on or after October 1, 1998. The offense severity ranking chart has 10 offense levels, ranked from least severe, which are Level 1 offenses, to most severe, which are Level 10 offenses, and each felony offense is assigned to a level according to the severity of the offense.⁸¹

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

Persons who violate the gambling laws will be subject to increased penalties.

Such violators may be impacted by the information that must be considered by a court for determining bail or release of persons arrested for crimes involving controlled substances, a slot machine, or illegal gambling or gaming, including the amount of currency seized that is connected to a violation of the gambling laws.

C. Government Sector Impact:

The fiscal impact on state and local government is indeterminate. The bill increases and creates new criminal penalties for violations relating to illegal gambling. This may create a positive fiscal impact on the state and local governmental entities that receive proceeds

from related fines. There could also be a possible positive fiscal impact due to an increase in forfeitures of contraband.⁸²

This bill may have a positive indeterminate prison bed impact (an unquantifiable increase in prison beds) due to expanding the crimes eligible for enhancements which may lead to an increased number of offenders receiving enhanced sentences. The Criminal Justice Impact Conference (conference), which provides the final, official estimate of the prison bed impact, if any, of legislation, evaluated a similar bill, CS/HB 189 on February 12, 2024, and the conference adopted the estimate of “Positive Indeterminate.”⁸³ (i.e., an unquantifiable positive prison bed impact).

The Florida Gaming Control Commission (commission) may see a fiscal impact due to the revised procedures that allow VSOs to petition the commission for a declaratory statement under s. 120.565, F.S., on whether the operation of the game or machine would be authorized under this section or ch. 849, F.S. Under these revised procedures, the commission would now have to respond within 60 days instead of the current 90-day timeline laid out under s. 120.565, F.S.⁸⁴ However, the workload associated with issuing declaratory statements required in the bill is anticipated to be handled with existing resources. The commission may experience an increase in revenues resulting from increased confiscation of contraband under the bill. The bill also requires all fines imposed and collected for violations of trafficking in slot machines or devices to be deposited into the Pari-mutuel Wagering Trust Fund and authorizes the use of such funds by the commission for the enforcement of chs. 546, 550, 551, and 849, F.S.

that certain persons or entities owning, storing, keeping,
possessing, transporting, permitting the operation of, or
otherwise offering illegal gaming devices for play may have been
misled regarding the legality of the otherwise illegal gaming
devices. Therefore, the Legislature finds that there is a
compelling state interest in creating a limited period of time
in which otherwise illegal gaming devices may be surrendered
without penalty to ensure that any unknowing or otherwise
innocent party may avoid criminal prosecution or civil penalty.

(2) There is created within the commission the Limited Slot
Machine Surrender Program. The purpose of the program is to
allow individuals and organizations an opportunity to surrender

(4) The program shall begin by September 1, 2026, and end on October 1, 2026.

(5) The commission shall advertise the program no earlier than 60 days before October 1, 2026.

The Committee on Rules (Martin) recommended the following:

Senate Amendment (with title amendment)

Delete lines 1312 - 1938
and insert:

849.49 Preemption.-

(1) The Legislature finds that illegal gambling is a
detriment to public safety and pervasive in local communities
throughout this state. It is the intent of the Legislature that,
in order to preserve the safety and welfare of residents, laws
regarding illegal gambling be enforced uniformly throughout this
state and regardless of local jurisdiction. Any ordinance,

498764

regulation, resolution, rule, or other policy relating to
illegal gambling which is passed by any county, municipality, or
political subdivision commenced or in effect on or after October
1, 2026, is deemed null and void and of no legal force and
effect unless authorized in subsection (2).

(2) A county, municipality, or other political subdivision
of the state may not enact or enforce any ordinance or local
rule relating to gaming, gambling, lotteries, or any activity
described in s. 546.10 or this chapter, except as otherwise
expressly provided by general law, special law, or the State
Constitution. This subsection does not apply to a local land use
or zoning regulation that prohibits gaming, gambling, lotteries,
or any activity described in s. 546.10 or this chapter.

Section 31. Effective July 1, 2026, section 849.51, Florida
Statutes, is created to read:

849.51 Limited Slot Machine Surrender Program.—

(1) The Legislature finds that illegal gaming operations
not only undermine public trust but also expose citizens of this
state to organized criminal conduct, financial exploitation, and
a host of other social harms. Furthermore, the Legislature finds
that certain persons or entities owning, storing, keeping,
possessing, transporting, permitting the operation of, or
otherwise offering illegal gaming devices for play may have been
misled regarding the legality of the otherwise illegal gaming
devices. Therefore, the Legislature finds that there is a
compelling state interest in creating a limited period of time
in which otherwise illegal gaming devices may be surrendered
without penalty to ensure that any unknowing or otherwise
innocent party may avoid criminal prosecution or civil penalty.

498764

41 (2) There is created within the commission the Limited Slot
42 Machine Surrender Program. The purpose of the program is to
43 allow individuals and organizations an opportunity to surrender
44 or otherwise disclaim any and all interest in any gaming
45 devices, including, but not limited to, those devices or games
46 described in ss. 849.09 and 849.16, and devices or games
47 purported to be authorized by ss. 546.10, 849.0931, 849.094, and
48 849.14, and convey such gaming devices to the commission. The
49 surrender of a gaming device pursuant to the program is deemed
50 irrevocable and final.

51 (3) Any individual or organization that surrenders a gaming
52 device to the commission pursuant to the program is immune from
53 criminal prosecution for a violation of this chapter related to
54 any of the surrendered devices.

55 (4) The program shall begin by September 1, 2026, and end
56 on October 1, 2026.

57 (5) The commission shall advertise the program no earlier
58 than 60 days before October 1, 2026.

59 (6) A person or an entity does not have any right to
60 property in any of the devices surrendered to the commission
61 pursuant to this section.

62 (7) The commission may execute memoranda of understanding
63 with other criminal justice agencies to administer the program.

64 Section 32. Present paragraphs (i) through (m) of
65 subsection (2) of section 903.046, Florida Statutes, are
66 redesignated as paragraphs (j) through (n), respectively, and a
67 new paragraph (i) is added to that subsection, to read:

68 903.046 Purpose of and criteria for bail determination.—

69 (2) When determining whether to release a defendant on bail

498764

or other conditions, and what that bail or those conditions may be, the court shall consider:

(i) The amount of currency seized which is connected to or involved in a violation of chapter 546, chapter 550, chapter 551, or chapter 849.

Section 33. Paragraphs (c), (e), (g), and (h) of subsection (3) of section 921.0022, Florida Statutes, are amended to read:

2. <u>Sanders</u>	<u>Betta</u>	<u>AEG</u>	Favorable
3. <u>Moody</u>	<u>Kruse</u>	<u>RC</u>	Pre-meeting

I. Summary:

SB 1588 amends CS/HB 999 (2025) adopted in chapter 2025-100, Laws of Florida, an act relating to legal tender (the “Act”),¹ that recognizes gold and silver as legal tender, expands regulation of financial institutions and money services businesses to regulate gold and silver legal tender, and establishes a regulatory scheme for custodians of gold and silver coin. The Act requires the Department of Financial Services (DFS) and the Office of Financial Regulation (OFR) to adopt rules to implement the Act, and repeals the Act on June 30, 2026, unless reviewed and saved from repeal through reenactment by the Legislature.

The bill makes the following changes:

- Saves from repeal ch. 2025-100, L.O.F.
- Clarifies purity requirements for “gold coin” and “silver coin.”
- Prohibits certain marks on gold or silver coin that indicate a face value, country’s name, or governmental issuance.
- Authorizes certain artistic or decorative designs on the gold or silver coin.
- Limits custodial services to “transactional gold or silver” that is “intended to be capable of electronic transfer.”
- Removes “custodian” from the services offered by a “money transmitter.”
- Limits the money services businesses requirements relating to gold or silver coin to transmissions.
- Requires a licensee to verify insurance coverage in certain circumstances.
- Requires a money transmitter that transmits gold coin or silver coin, rather than a custodian, to be examined at least annually.
- Repeals s. 560.214, F.S., regulating custodian services, and provisions cross-referencing such section.

¹ CS/HB 999 (2025), Legal Tender, Ch. 2025-100, L.O.F.,

- Removes the OFR’s obligation to conduct an examination of the custodian’s vault before issuing a license.
- Removes additional licensing requirements for custodians and requires evidence as prescribed by rule for a licensee that transmits gold or silver coin.
- Removes gold and silver from services offered by a “foreign currency exchanger.”

The bill has an indeterminate fiscal impact on state revenues and expenditures. *See Section V., Fiscal Impact.*

The bill is effective upon becoming a law.

II. Present Situation:

Legal Tender and Specie under Federal and State Law

Article I, Section 8, Clause 5 of the U.S. Constitution grants Congress the exclusive power to coin money and regulate its value.² Under 31 U.S.C. § 5103, only United States coins and currency (including Federal Reserve notes) are recognized as legal tender³ for the payment of debts, public charges, taxes, and dues.⁴ Foreign gold or silver coins are not legal tender for debts under federal law.⁵ Federal law also provides:

“Whoever, except as authorized by law, makes or utters or passes, or attempts to utter or pass, any coins of gold or silver or other metal, or alloys of metals, intended for use as current money, whether in the resemblance of coins of the United States or of foreign countries, or of original design, shall be fined under [Title 18] or imprisoned not more than five years, or both.”⁶

While prohibited from coining money, under Article I, Section 10, Clause 1 of the U.S. Constitution, states are expressly authorized to “make gold and silver coin a tender in payment of debts.”⁷ This provision authorizes states to recognize gold and silver coin as legal tender for the payment of debts but prohibits states from creating or issuing their own currencies

² U.S. Const. art. 1. s. 8. Cl. 5.

³ The term “legal tender” means “the money (bills and coins) approved in a country for the payment of debts, the purchase of goods, and other exchanges for value.” Garner, B. *Definition of Legal Tender*, Black’s Law Dictionary (12th ed. 2024), [LEGAL TENDER | Secondary Sources | FE | Westlaw Edge](#) (last visited Feb. 8, 2026).

⁴ 31 U.S.C. s. 5103. The Board of Governors of the Federal Reserve System explains that “[t]his statute means that all U.S. money as identified above is a valid and legal offer of payment for debts when tendered to a creditor.” Board of Governors of the Federal Reserve System, *Is It Legal for a Business in the United States to Refuse Cash as a Form of Payment?* (July 21, 2020) https://www.federalreserve.gov/faqs/currency_12772.htm (last visited Feb. 13, 2026). A business or person may generally refuse legal tender if they do so clearly in advance. *Id.* However, if a debt already exists and does not specify the type of legal tender that must be paid, there may be consequences for refusing to accept legal tender which include, but are not limited to, the debt may be discharged. *See Spurgeon v. Smith*, 17 N.E. 105, 107 (1888) (holding “where the money is actually produced, and an unconditional offer is made to pay it at once to the creditor, and he refuses to accept it, and asks the debtor to retain it, the sureties are discharged.”).

⁵ 31 U.S.C. s. 5103.

⁷ U.S. Const. art. 1. s. 10. Cl. 1.

or recognizing other forms of money as tender.⁸ The U.S. Supreme Court (Court) held that debts are an obligation to pay money under contract, including judgments and recognizances, but does not include taxes which are "...impost levied by authority of government on its citizens...and it is not founded on contract or agreement."⁹ However, the Court also held that a state legislature has the authority to "...require the collection of taxes in kind, that is to say, by the delivery to the proper officers of a certain proportion of products, or in gold and silver bullion, or in gold and silver coin..."¹⁰

Tax Treatment of Specie and Bullion

Federal Taxation

At the federal level, gold and silver coins and bullion are classified as "collectibles" under 26 U.S.C. s. 408(m), and gains from their sale are subject to a maximum long-term capital gains tax rate of 28 percent.¹¹ The Internal Revenue Code defines "collectible" to include any work of art, rug or antique, metal or gem, stamp or coin, alcoholic beverage, or any other tangible personal property specified by the Secretary of Treasury.¹² Certain U.S.-minted gold and silver coins are explicitly exempt from being classified as "collectibles."¹³

Florida Taxation

Florida imposes a tax on the sale, use, consumption, or storage of any coin when such coin:

- Is not legal tender;
- If legal tender, is sold, exchanged, or traded at a rate in excess of its face value; or
- Is sold, exchanged, or traded at a rate based on its precious metal content.¹⁴

The tax rate is six percent of sale, use, consumption, or storage price. All of the following are exempt from this six percent tax:

- Coin or currency that is legal tender of the U.S.¹⁵
- Coins or currency of two nations which are in general circulation and are exchanged solely for use as legal tender and at an exchange rate based on the relative value of each as a medium of exchange.¹⁶
- Transactions in which the taxable amount represented by the sale exceeds \$500, the entire amount represented by the sale of such coins or currency is exempt from the tax.¹⁷

Florida Law

Last year, the Legislature passed HB 999 (2025), an act relating to legal tender, that was adopted into law in ch. 2025-100, L.O.F., (the “Act”)¹⁸ which has a delayed implementation date of July 1, 2026.¹⁹ The laws recognize gold coin²⁰ and silver coin²¹ as legal tender²² for the payment of debts²³ and contain the following provisions:

- Gold and silver coin are defined as the solid, pure form of gold or silver in various physical forms.²⁴
- The coin must comply with required, discretionary, and prohibited content.²⁵
- The use of gold or silver coin for payment is optional.²⁶
- Exempts gold and silver coin recognized as legal tender from sales tax.²⁷
- Governmental entities may recognize such coin as legal tender for payment of taxes, charges, or dues, and may tender such coin for the payment of debts.²⁸

Any governmental entity choosing to accept or tender gold and silver coin may only do so only electronically²⁹ and must contract with a qualified public depository that can act as a custodian of gold and silver coin.³⁰

The Act also established a framework to regulate money services businesses, including custodians³¹ who safekeep and store such gold and silver coin, and financial institutions that offer products and services in gold or silver.³² The regulation of these entities include:

¹⁸ CS/HB 999 (2025), Legal Tender, Ch. 2025-100, L.O.F.,

¹⁹ Chapter 2025-100, s. 19, L.O.F.

²⁰ Section 215.986(1)(c), F.S., defines “gold coin” as a precious metal with the chemical element of atomic number 79 in solid form, in the shape of rounds, bars, ingots, or bullion coins, which is valued for its metal content and stamped or imprinted with its weight and purity and which solid form of chemical element atomic number 79 consists of at least 99.5 percent purity. The term does not include any goods as defined in s. 672.105(1), such as jewelry, other items of utility, such as picture frames, or collectables.

²¹ Section 215.986(1)(f), F.S., defines “silver coin” as a precious metal with the chemical element of atomic number 47 in solid form, in the shape of rounds, bars, ingots, or bullion coins, which is valued for its metal content and is stamped or imprinted with its weight and purity and which solid form of chemical element atomic number 47 consists of at least 99.9 percent purity. The term does not mean any goods as defined in s. 672.105(1), F.S., such as jewelry, other items of utility, such as picture frames, or collectables.

²² Section 215.986(1)(e), F.S., defines “legal tender” as a medium of exchange recognized by this state pursuant to s. 10, Art. I, of the United States Constitution as a valid and legal offer of payment for debts when tendered to a creditor that agrees to receive such medium of exchange.

³¹ Section 560.103(13), F.S., defines “custodian of gold coin or silver coin” or “custodian” as any person or entity providing secure vault facilities to one or more persons for the safekeeping and storage of gold coin or silver coin, the ownership of which is or may be transferred electronically as defined in s. 215.986(1), F.S. The term includes any person who holds gold coin or silver coin for more than 10 days. The term does not include a person who holds gold coin or silver coin for personal use as legal tender.

³² See ss. 560.155, 560.214, and 655.97, F.S.

- Custodians of gold and silver coin (vault facilities) must be licensed as money transmitters³³ and meet additional requirements regarding privately insuring deposits, security, recordkeeping, maintaining separate ledger accounts, and other consumer protections.³⁴
- Money services businesses that effectuate transactions involving gold or silver coin must meet additional requirements regarding privately insuring deposits, maintaining separate accounts, contracting with a licensed custodian, recordkeeping, and providing consumer disclosures.³⁵
- Financial institutions are not required to accept deposits of gold and silver coin and do not incur liability for refusing to offer services related to gold and silver coin. A financial institution that does offer such services must comply with the requirements of a custodian or contract with a licensed custodian and meet additional regulatory requirements that are similar to the requirements for money services businesses.³⁶

The Act requires the Department of Financial Services (DFS) and the OFR to adopt rules to implement the act.³⁷ The Act will be repealed on June 30, 2026, unless reviewed and saved from repeal through reenactment by the Legislature after ratification of the implementing rules adopted by the DFS and the OFR.³⁸

Other States' Treatment of Specie and Bullion

Several states have adopted laws to recognize gold and silver as legal tender or to remove various tax barriers to facilitate their use in commerce. These laws vary in scope and effect, ranging from simple tax exemptions to the establishment of state-run bullion depositories.

- Alabama recently passed legislation that recognizes any refined gold or silver bullion, specie, or coin that has been stamped, marked, or imprinted with its weight or purity as legal tender.³⁹
- Arkansas law defines specie, in part, as “coin having gold or silver content” and provides that specie and legal tender consists of specie coin issued by the United States Government or other specie that an Arkansas court rules to be within the state’s authority to make legal tender but does not explicitly provide that gold and silver coin are legal tender.⁴⁰
- Arizona has removed state capital gains taxes on sales of precious metals. Like Wyoming, Arizona's approach focuses on tax treatment rather than establishing state-operated depositories or payment systems.⁴¹ For purposes of reducing gross income with any net loss

³³ Section 560.205(2), F.S., provides additional licensing requirements for custodians to include evidence of: 1. Insurance against loss for all gold coin or silver coin held in its custody; 2. Custody of the exact quantity and type of asset for all of its customers’ gold coin or silver coin held in its physical custody; and 3. Depository accreditation from an entity approved by the OFR; and a statement of a business plan providing for the safe and sound operation of custodial services pertaining to the storage, security, insurance, auditing, administration, authorized access, transacting, and transfer of gold coin or silver coin.

- Louisiana recently declared gold or silver coin, specie, or bullion issued by any state or the United States government as legal tender.⁴⁵
- Missouri codified the “Constitutional Money Act” that requires electronic specie currency to be accepted as legal tender for the payment of all public debts and authorizes specie legal tender and electronic specie currency to be accepted as payment for all private debts.⁴⁶
- Oklahoma law provides that gold and silver coin issued by the United State government are legal tender.⁴⁷
- Texas has established a state-operated bullion depository, known as the Texas Bullion Depository, to securely store precious metals for individuals, businesses, and governmental entities. The depository provides secure storage and the ability for account holders to deposit and withdraw physical bullion. Texas recently adopted legislation to recognize gold and silver as legal tender for payment of debts but the laws are effective in phases during 2026 and 2027.⁴⁸
- Utah was the first state to recognize U.S.-minted gold and silver coins as legal tender through its Legal Tender Act of 2011. Utah law also provides a tax exemption for capital gains derived from the sale or exchange of gold and silver coins that are recognized as legal tender. In addition, Utah permits private firms to operate accounts backed by physical, precious metals, which allows individuals to conduct transactions denominated in gold and silver.⁴⁹ Utah recently legislation that authorizes the state treasurer to issue a competitive procurement for a precious metals-backed electronic payment platform that would allow state vendors to elect to be paid in gold and silver.⁵⁰

treatment of specie as taxable tangible personal property, effectively removing several barriers to the private holding and use of gold and silver for commerce.⁵¹

Other states, such as Kansas and Indiana, have adopted various forms of tax exemptions related to the sale or exchange of gold and silver bullion, though these laws do not necessarily recognize precious metals as legal tender or create infrastructure to support their use as a medium of exchange.⁵² Some states have legislation pending that would recognize gold and silver as legal tender, such as Tennessee,⁵³ South Carolina,⁵⁴ and West Virginia.⁵⁵

While these states have taken steps to encourage the use of gold and silver by removing tax barriers and recognizing their status as lawful money in specific contexts, no state currently operates a fully integrated, government-supported electronic payment system backed by physical precious metals that are recognized for payment of all state taxes, fees, or other obligations. Most existing laws focus on facilitating private holding and exchange of gold and silver, and on removing disincentives such as sales and capital gains taxes, rather than creating comprehensive alternative currency systems.⁵⁶

Chief Financial Officer

Florida law provides that the Chief Financial Officer (CFO) must serve as the state's chief fiscal officer and, amongst other things, is responsible for keeping all state funds.⁵⁷ The CFO is tasked with examining, auditing, adjusting, and settling all accounts of any person who may receive moneys of, or owes money to, the state.⁵⁸ Florida Statutes grant the CFO several powers to carry out these duties, such as the discretion on how to invest state funds within certain limitations,⁵⁹ authority to determine the frequency of certain state employee salary payments,⁶⁰ and requirement to report disbursements made.⁶¹

Qualified Public Depositories

Unless a specific exemption applies, state and local governments must deposit public funds in a bank or savings association that has been designated as a qualified public depository (QPD)

under the Florida Security for Public Deposits Act.⁶² As of December 2025, Florida had 128 authorized QPDs.⁶³

To be designated as a QPD by the CFO, a bank, credit union, savings bank, or savings association must:

- Have authority to accept deposits because it has been chartered and regulated by the state or federal government;
- Have its principal place of business in Florida, or a branch office in Florida;
- Have deposit insurance pursuant to the Federal Deposit Insurance Act⁶⁴ or the National Credit Union Share Insurance Fund;
- Have procedures and practices for accurate identification, classification, reporting, and collateralization of public deposits;
- Meet all the requirements of ch. 280, F.S., relating to security for public deposits; and
- Refrain from engaging in the unsafe and unsound practice of discriminating against a person in providing services.⁶⁵

Qualified public depositories must secure public deposits with a pledge of eligible collateral, to protect the deposit against losses that could occur in the event of insolvency or default.⁶⁶ The amount of collateral that is required is based on statutory guidelines and the QPD's overall financial condition.⁶⁷

Public deposits include, but are not limited to, time deposit accounts, demand deposit accounts, and nonnegotiable certificates of deposits; they do not include moneys in deposit notes, securities, mutual funds, and similar investments.⁶⁸

A bank or savings association must guarantee public depositors against losses caused by the default or insolvency of other QPDs.⁶⁹ Any shortfall that is not covered by the maximum federal deposit insurance of \$250,000, the CFO must demand payment under letters of credit or the sale of pledged or deposited collateral by the defaulting depository. The CFO may assess QPDs for the total loss if the demand for payment or sale cannot be accomplished within seven days.⁷⁰

⁶² Sections 280.01 and 280.03(1)(b), F.S. Certain public deposits, including those that are fully collateralized under other laws and moneys contributions to the state retirement system that are held in the System Trust Fund, are exempt pursuant to s. 280.03(3), F.S.

Financial Institutions

Dual Oversight of Depository Institutions

An institution must have a federal or state charter to accept deposits. Banks are chartered and regulated as national banks by the Office of the Comptroller of the Currency within the U.S. Department of the Treasury or as state banks by a state regulator.⁷¹

The Florida Financial Institutions Codes apply to all state-authorized or state-chartered financial banks, trust companies, credit unions and related entities.⁷² The Office of Financial Regulation (OFR) licenses and regulates 196 financial entities, including 57 state-chartered banks.⁷³ There are at least 25 federally chartered banks operating in Florida.⁷⁴

Due to federal preemptions, a state's regulatory powers in relation to federally chartered institutions is limited. However, the state may exercise powers within their exceptions to exclusive federal visitorial authority. Such exceptions are those recognized by federal law and courts of law or created by the U.S. Congress.⁷⁵

Once a financial institution obtains a charter, one of the regulator's primary tasks is to ensure solvency, which is achieved by conducting financial exams of its licensed entities. Financial institutions also need approval from their regulator to make changes in their upper management, merge with another company, pay dividends to shareholders, engage in material transactions with subsidiaries and affiliates, or make significant changes to their business operations.⁷⁶

Banks chartered by the OFR must become a member of the Federal Reserve or obtain insurance from the Federal Deposit Insurance Corporation.⁷⁷ Credit Unions chartered by the OFR must insure their accounts by becoming a member of the National Credit Union Administration.⁷⁸ Thus, state-chartered banks and credit unions are subject to a dual-regulatory system.

The OFR must examine the condition of each state-chartered financial institution at least every 18 months, and may conduct more frequent examinations as needed, based on risks associated with a licensee, such as prior examination results or significant operational changes.⁷⁹ When a state-chartered financial institution also has a federal regulator, the OFR may accept an

Financial institutions that become insolvent are liquidated by their primary regulator.⁸¹ Financial institutions must also comply with the Florida Control of Money Laundering and Terrorist Financing in Financial Institutions Act (Act).⁸² Such Act requires, amongst other things, for a financial institution to designate and retain a Bank Secrecy Act and Anti-Money Laundering (BSA/AML) compliance officer^{83, 84} and keep a record of certain financial transactions which involves monetary instruments greater than \$10,000 which the financial institution believes is suspicious activity.⁸⁵ “Monetary instrument” is defined as:

“Coin or currency of the United States or of any other country, travelers’ checks, personal checks, bank checks, money orders, stored value cards, prepaid cards, investment securities or negotiable instruments in bearer form or otherwise in such form that title thereto passes upon delivery, or similar devices.”⁸⁶

Authority of the OFR

The OFR may impose administrative sanctions on financial institutions subject to the Florida Financial Institutions Codes, such as engaging in an “unsafe or unsound practice.”⁸⁷ Possible penalties include: issuance of a cease and desist order,⁸⁸ removal of an institution-affiliated party,⁸⁹ administrative fines,⁹⁰ and a court-ordered injunction to restrain conduct that violates a formal enforcement action.⁹¹ When imposing a sanction or requiring a remedy, the OFR must consider “the appropriateness of the penalty with respect to the size of the financial resources and good faith of the person charged, the gravity of the violation, the history of previous violations, and such other matters as justice may require.”⁹²

In making this determination, the office must consider the size and condition of the financial institution, the gravity of the violation, and the prior conduct of the person or institution involved.

The OFR may impose monetary fines if a licensee violates a provision of the financial institutions codes or associated rules, an order of the office, or a written agreement with the office.⁹³ In general, administrative fines may not exceed \$2,500 per day for each violation.⁹⁴ Larger fines are allowed in certain circumstances.⁹⁵ Criminal violations – like embezzlement and fraud – may be prosecuted under the penal code.⁹⁶

The OFR has authority to monitor state-chartered banks, to ensure compliance with state and federal laws, and may enforce state consumer protection laws on federally chartered banks operating within their boundaries so long as the state law is not pre-empted by federal law.⁹⁷ Federal pre-emption permits federally chartered banks and savings associations to operate under a uniform set of rules when they operate across state lines.⁹⁸

Money Services Businesses

The OFR also has regulatory authority over money services businesses⁹⁹ (MSBs) that assist consumers in transacting instruments,¹⁰⁰ transmitting money,¹⁰¹ cashing checks,¹⁰² and exchanging foreign currency.¹⁰³ Examples include check cashers like The Check Cashing Store,¹⁰⁴ money transmitters like PayPal,¹⁰⁵ and exchangers like Florida Currency Exchange.¹⁰⁶ Money services businesses also include “payday lenders” who offer short-term, high-interest loans that are due on the consumer’s next pay day.

The term does not include an instrument that is redeemable by the issuer in merchandise or service, a credit card voucher, or a letter of credit.

¹⁰¹ Section 560.105, F.S. Section 560.103(23), F.S., defines “money transmitter” as a corporation, limited liability corporation, limited liability partnership, or foreign entity qualified to do business in this state which receives currency, monetary value, a payment instrument, or virtual currency for the purpose of acting as an intermediary to transmit currency, monetary value, a payment instrument, or virtual currency from one person to another location or person by any means, including transmission by wire, facsimile, electronic transfer, courier, the Internet, or through bill payment services or other businesses that facilitate such transfer within this country, or to or from this country.

Licensing of Money Services Businesses

MSBs are regulated under two license categories created pursuant to ch. 560, F.S. The first category, money transmitters and persons selling or issuing payment instruments, is regulated under part II of ch. 560, F.S. The second category, check cashers and foreign currency exchangers, is regulated under part III of ch. 560, F.S.

To be licensed under ch. 560, F.S., a money services business applicant must:

- Demonstrate to the OFR the character and general fitness necessary to command the confidence of the public and warrant the belief that the MSB or deferred presentment provider shall be operated lawfully and fairly;
- Be legally authorized to do business in Florida;
- Be registered as a MSB with the Financial Crimes Enforcement Network, if applicable;¹⁰⁷
- Have an anti-money laundering program in compliance with federal law;¹⁰⁸ and
- Provide the OFR with all the information required under ch. 560, F.S., and related rules.¹⁰⁹

To apply as a money services business a person must submit:

- An application to the OFR for an MSB license that must include, on a form prescribed by rule, specified information and documents, such as:
 - The legal name and address of the applicant;
 - The date of the applicant's formation and the state where the applicant was formed;
 - The name, specified identification number, business and residence addresses, and employment history for the past five years for each control person;
 - A description of the organizational structure of the applicant;
 - A description of the money services business activities the applicant proposes to conduct;
 - The location at which the applicant proposes to establish its principal place of business and any other location.¹¹⁰
- A nonrefundable application fee.^{111, 112}
- Fingerprints for live-scan processing in accordance with rules adopted by the Financial Services Commission (Commission), for each control person.¹¹³
- A copy of the applicant's written anti-money laundering program.^{114, 115}
- Within the time allotted by rule, any information needed to resolve any deficiencies found in the application.¹¹⁶

Licenses issued to MSBs cannot be for more than two years,¹¹⁷ after which, the money services business must reapply for licensure. Once licensed, an MSB is required to report any change in

Administrative sanctions for money services businesses may include issuance of a Cease and Desist Order, removal of an Institution-Affiliated Party, suspension or revocation of a license, an injunction, or a fine of at least \$1,000 but not more than \$10,000 for each violation.¹²² Money laundering may be prosecuted under state or federal law.¹²³

Money Transmitters

A person is prohibited from engaging in money transmitter activity for compensation without first obtaining a license.¹²⁴ Money transmitters are subject to additional licensing requirements, if applicable, including:

- A sample authorized vendor¹²⁵ contract.¹²⁶
- Documents demonstrating that the net worth and bonding requirements have been fulfilled.
- A copy of the applicant's financial audit for the most recent fiscal year.¹²⁷

A licensed money transmitter is authorized to conduct its business at one or more locations within Florida through branches or by means of authorized vendors and may charge a different price for a money transmitter service based on the mode of transmission provided a customer is not charged more for service that is paid by credit card. A money transmitter is required to:

- Place assets that are a customer's property in a segregated account in a federally insured financial institution and maintain separate accounts for operating capital and the clearing of customer funds.
- Ensure currency or monetary value is available to the recipient within 10 business days after receipt.

III. Effect of Proposed Changes:

SB 1588 modifies ch. 2025-100, L.O.F., that was adopted during the 2025 Regular Session to recognize gold and silver as legal tender.

Section 1 saves ch. 2025-100, L.O.F., from repeal by repealing the sunset clause that expires on June 30, 2026, unless the act is reenacted.

Section 2 amends s. 215.986, F.S., to modify the definitions of “gold coin” and “silver coin” to clarify that the purity requirement applies to the entire coin or item as a single unit and not to any isolated component or embedded portion of the gold or silver. The term does not include items that incorporate gold or silver within nonmetal substrates, such as polymer, plastic, paper, or other composite materials, regardless of the gold or silver component.

The bill restricts any marks indicating the face value of a coin in the official currency of any government, a country’s name on the coin, or phrases implying governmental issuance or that the coin was minted by a government mint.

The bill authorizes artistic or decorative designs, such as images of animals, historical figures, or patterns, to be marked on the coin if they are integral to the coin’s surface and do not imply governmental issuance, provided the coin otherwise meets the requirements for legal tender.

Section 3 amends s. 560.103, F.S., to modify the definition of “custodian of gold coin or silver coin” to apply only to transactional gold or silver that is “intended to be capable of electronic transfer.” The term “transactional gold and silver” is defined as gold or silver held by a third party which is intended to be used, transferred, or exchanged as legal tender in a commercial or financial transaction through electronic or digital means. The term does not include an individual or entity that holds gold or silver that is not intended to be used as legal tender.

The bill removes “gold coin” and “silver coin” from services offered by a “foreign currency exchanger.” The bill also removes a “custodian of gold coin or silver coin” from the types of

services offered by a money services business. This removes the Office of Financial Regulation's (OFR) direct regulatory authority of custodians that safekeep and store gold and silver coin.

Section 4 amends s. 560.109, F.S., to revise the requirement that the OFR must examine a custodian at least annually to instead require the OFR to annually examine a money services business that transmits gold or silver coin.

Section 5 amends s. 560.141, F.S., to remove the requirement that the OFR must conduct an examination of a proposed custodian's vault before issuing a license to determine the applicant's ability to conduct business immediately upon opening for business.

Section 6 amends s. 560.155, F.S., to limit the money services business requirements for offering products or services in gold or silver coin to apply only to transmission of such coin, and removes storing, exchanging, or accepting payment as types of services that require compliance with the requirements.¹³³

The bill requires a licensee that relies on a custodian's insurance to independently verify the insurance coverage is current and active.

Section 7 amends s. 560.205, F.S., to remove the additional license application requirements for custodians, and requires evidence, as prescribed by rule, of an applicant's compliance with certain money services business requirements for transmission of gold or silver coin¹³⁴ if the applicant intends to offer such services.

Section 8 repeals section 560.214, F.S., relating to custodian requirements that were adopted in ch. 2025-100, L.O.F.¹³⁵ This eliminates statutory standards adopted to protect consumers assets that are held by custodians in vault facilities. The deleted standards are related to security against theft, accurate recordkeeping and accounting, safeguards against misappropriation of deposits, disclosures and quarterly statements to consumers, and returning gold to its owners upon request.

Sections 9, 10, and 11 amends ss. 280.21, 559.952, 655.97, F.S., to conform to changes made as a result of s. 560.214, F.S., being repealed in Section 8 of the bill.

Section 12 provides the bill is effective upon becoming a law.

¹³⁴ *Supra* note 109.

¹³⁵ *Supra* note 110.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

While the U.S. Constitution authorizes states to make gold and silver coin legal tender for a payment of debt, gold coin or silver coin are not defined. The definitions established in the bill for these terms are broad and a federal court may interpret the meaning of these terms, and therefore the scope of a state's authority to make such coin legal tender, to be narrower than provided in the bill.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill has an indeterminate fiscal impact on the state revenue expenditures.

VI. Technical Deficiencies:

The Office of Financial Regulation (OFR) reports that the agency is unsure how to determine whether any of the following conditions in the definition of "custodian of gold coin or silver coin" have been met:

- Ownership of gold coin and/or silver coin is/is not intended to be capable of electronic transfer for legal tender as defined in s. 215.986(1), F.S. (Lines 96-99).
- A person or entity holding gold coin and/or silver coin is/is not intending to use the gold coin and/or silver coin as legal tender. (Lines 101-104).
- The gold or silver held by a third party is/is not intended to be used, transferred, or exchanged as legal tender in a commercial or financial transaction through electronic or digital media. (Lines 104-108).¹³⁶

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1620 creates a “District School Board Members’ Bill of Rights” to clarify and expand individual school board members’ oversight authority. The bill requires districts to provide board members free and timely access to all district documents and allows school board members to request information directly from the superintendent and staff except for documents or information that the member would be prohibited by law from accessing. The bill also authorizes consultation with the district chief financial officer and access to any budget line item or financial transaction detail, and permits members to seek information from staff without superintendent permission.

Other provisions of the bill:

- Grant to a school board the authority to permit an attorney, who is employed by the district, to represent a board member who has been sued in his or her official capacity.
- Require school employees and officers to complete training on the open meeting requirements of the State Constitution.
- Define “good cause” for rejecting superintendent nominees.
- Prohibit districts from requiring or providing incentives to employees to sign nondisclosure or confidentiality agreements.
- Expand the budget information that must be posted on district websites.

The bill takes effect July 1, 2026.

II. Present Situation:

District School Boards

District school boards are constitutionally and statutorily charged with the operation and control of public K-12 education within their school districts. The State Constitution mandates that each school board operate, control, and supervise all free public schools within the district and determine the rate of school district taxes within constitutional limits.¹ District school boards are responsible for establishing, organizing, and operating public K-12 schools and educational programs, as well as overseeing district employees and facilities. These responsibilities include, among others, student instruction, exceptional student education, career and adult education programs, and services for students in juvenile justice programs.²

District School Board Powers and Duties

The district school board, acting as a board, is required to exercise powers and perform duties including but not limited to:³

- Requiring the district school superintendent, as secretary, to keep such minutes and records as are necessary to set forth clearly all actions and proceedings of the school board.
- Adopting and providing for the execution of plans for the establishment, organization, and operation of the schools of the district.
- Designating positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees.
- Adopting policies establishing standards of ethical conduct for educational support employees, instructional personnel, administrative personnel, and school officers.
- Providing for the proper accounting for all students of school age, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students.
- Adopting an annual school budget.
- Providing for the keeping of all necessary records and the making of all needed or required reports.
- Requiring that all laws and rules of the State Board of Education or of the district school board are properly enforced.
- Adopting procedures whereby the general public may be adequately informed of the educational programs, needs, and objectives of public education within the district.
- Maintaining a system of school improvement and education accountability.
- Visiting the schools, observing the management and instruction, giving suggestions for improvement, and advising citizens with the view of promoting interest in education and improving the schools.

Each district school board must hold at least one regular meeting each month to transact business according to a schedule arranged by the district school board. The board must convene in special sessions when called by the district school superintendent or by the district school superintendent

on request of the chair of the district school board, or on request of a majority of the members of the district school board.⁴

School Board Duties: Public School Personnel

District school boards must designate positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees.⁵ District school boards must act upon written recommendations submitted by the district school superintendent for positions to be filled, for minimum qualifications for personnel for the various positions, and for the persons nominated to fill such positions. The district school board may reject for good cause any employee nominated.⁶ If the third nomination by the district school superintendent for any position is rejected for good cause, the district school board may proceed on its own motion to fill such position.⁷

District school board members are exempt from the prohibition on agencies⁸ nominating, appointing, promoting, or employing a relative.⁹ However, if a relative is appointed or employed by a board member or superintendent, he or she may not work under the direct supervision of that related board member or school superintendent.¹⁰

Parents' and Teachers' Bill of Rights

Florida law provides for a bill of rights for both parents and teachers in this state. These rights provide legislative findings that recognize the importance that both parents and teachers have in the education of children in this state.

Teachers are provided with specific rights related to:¹¹

- Employment;
- Continuing education;
- Control of the classroom; and
- Direct classroom instruction.

Parents are provided with specific rights related to:¹²

- The protection from infringement on the fundamental rights of a parent to direct the upbringing, education, health care, and mental health of his or her minor child;
- School district policies; and

⁹ Section 112.3135, F.S. defines "Relative" as an individual who is related to the public official as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

School District Fiscal Transparency

School districts are required to provide budgetary transparency to enable taxpayers, parents, and education advocates to obtain school district budget and related information in a manner that is simply explained and easily understandable.¹³ To provide easily understandable budget information, school districts must post a graphical representation of the budget for each public school in the district and for the district as a whole. The representation must include the following:¹⁴

- Summary financial efficiency data.
- Fiscal trend information for the previous 3 years on:
 - The ratio of full-time equivalent students to full-time equivalent instructional personnel.
 - The ratio of full-time equivalent students to full-time equivalent administrative personnel.
 - The total operating expenditures per full-time equivalent student.
 - The total instructional expenditures per full-time equivalent student.
 - The general administrative expenditures as a percentage of total budget.
 - The rate of change in the general fund's ending fund balance that is not classified as restricted.

III. Effect of Proposed Changes:

CS/SB 1620 creates a “District School Board Members’ Bill of Rights” to clarify and expand individual school board members’ oversight.

District School Boards

District School Board Powers and Duties

The bill creates s. 1001.366, F.S., to provide legislative intent that finds it necessary to adopt a “District School Board Members’ Bill of Rights” to clarify and expand the rights of individual school board members in the exercise of their statutory oversight and responsibility. The bill clarifies that district school board members have the right:

- Upon request, to be given free and timely access to all school district documents, except for documents that the member would be prohibited by law from accessing. Access must include documents that are not public records, including, but not limited to, notes, invoices, correspondences, memoranda, and internal legal opinions.
- To request any document or information from the district school superintendent or the superintendent’s staff, except for documents or information that the member would be prohibited by law from accessing.
- To consult with the school district’s chief financial officer on general matters related to the budget, and sources and uses of school district funds, and have reasonable access, upon request, to any detail or line item in any proposed or approved budget or in any financial transaction by the school district.

¹³ Section 1011.035(1), F.S.

¹⁴ Section 1011.035(2)(a), F.S.

- To seek information from school district staff without the permission of the superintendent or other members of the administration.
- To confidentially use any school district electronic or communications device, such as a cellular telephone or laptop computer, without the school district monitoring its use. This provision may not be construed to violate any public records law.
- To keep confidential the content of all communications or discussions relating to union contracts of school district employees, unless otherwise advised by an attorney employed by the school district.
- To comment publicly during or outside of district school board meetings on any matter of district school board business, except for student and employee disciplinary hearings.

If any legal action is brought against an individual school board member related to his or her official position and conduct, the school board may authorize an attorney, who is employed by the school district, to provide legal representation.

The bill amends s. 1001.372, F.S., to provide that a member of the district school board may discuss matters relating to any item or action scheduled to be heard or likely to be heard at a future school board meeting with the district school superintendent, an attorney employed by the school district, or district staff, if an attorney employed by the school district advises the school board member that the conduct would not violate the open meetings requirements of the State Constitution.¹⁵

The bill amends s. 1001.42, F.S., to authorize a district school board, during a regular school board meeting, to approve the employment of an additional attorney recommended for employment by an attorney currently employed by the school district. The additional attorney must be employed by the school district and solely represent the district school board. At the school board meeting to approve the employment of the attorney, the bill requires that the board provide:

- The purpose of hiring an additional attorney; and
- The costs of such representation. Any payment to the additional attorney must be noticed and approved by the district school board.

The bill requires that certain records, including agenda item attachments, vendor contracts, and budget documents, be kept as a public record with the minutes. The bill requires district school boards adopted policies on standards of ethical conduct to require training for school officers on compliance with the open meeting requirements of the State Constitution.¹⁶ The bill also prohibits a school board member from publicly disclosing proposed terms of collective bargaining agreements unless advised by an attorney employed by the district school board.

¹⁵ FLA. CONST. art. I s.24(b) requires that all meetings of any collegial public body of a school district at which official acts are to be taken or at which public business of such body is to be transacted or discussed, to be open and noticed to the public, except with respect to meetings exempted pursuant to constitutional requirements or specifically closed by the Constitution.

¹⁶ *Id.*

School Board Duties: Public School Personnel

The bill amends s. 1012.22, F.S., to define the term “good cause” as it relates to the rejection of an employee nominated for a position. The bill defines “good cause” to mean the district school board has determined any of the following:

- That the nominated employee received his or her nomination due to nepotism, as defined by the district school board.
- That the nominated employee fabricated or materially exaggerated his or her credentials or background.
- That the nominated employee does not meet the minimum requirements for the position.
- That the nominated employee’s educator certificate has been revoked by another state.

The bill amends s. 1015.03, F.S., to prohibit a school district from requiring or otherwise providing incentives to an employee to sign a nondisclosure agreement or confidentiality agreement. Additionally, the school district may not impose any conditions on employment that would circumvent the prohibition against the use of nondisclosure or confidentiality agreements.

School District Fiscal Transparency

The bill amends s. 1011.035, F.S., to require that district school boards include, with the graphical representation of the budget, full line-item budget information on the proposed, tentative, and official budgets posted on the school district’s website.

The bill takes effect July 1, 2026.

- Clarifies that the rights of a board member to access documents and information does not include the right to access documents or information that he or she is prohibited by law from accessing.
- Removes the provision that prohibited an attorney employed by a school district from representing the board unless multiple criteria were met.
- Provides that a school district may not circumvent the prohibition in the bill against the use of nondisclosure and confidentiality agreements by imposing conditions on an employee's employment.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1668 revises provisions relating to the Florida Birth-Related Neurological Injury Compensation Association (NICA). In 1988, the Legislature created the Florida Birth-Related Neurological Injury Compensation plan¹ (plan) to provide compensation, long-term medical care, and other services to participants with birth-related neurological injuries.² If an infant suffers such an injury, and the physician participates in the NICA and delivers obstetrical services in connection with the birth, then an administrative award for a compensable injury is the individual's sole and exclusive remedy for the injury, with exceptions.³ Although the benefits paid under the plan are limited, the plan does not require the claimant to prove malpractice and provides a streamlined administrative hearing process to resolve the claim.⁴ The primary, initial funding for the plan is provided through assessments on physicians and hospitals with exceptions.

³ Section 766.31(1), F.S.

⁴ See *Florida Birth-Related Neurological Injury Compensation Ass'n v. McKaughan*, 668 So.2d 974, 977 (Fla. 1996).

The bill:

- Codifies the agreement between NICA and the Agency for Health Care Administration (AHCA), which provides that NICA is responsible for reimbursing Medicaid for fee-for-service claims since Medicaid is the payor of last resort.
- Authorizes NICA to pay for health insurance premiums and cost sharing expenses for participants and requires participants to have health coverage through the commercial market or Medicaid, if applicable. Health insurance coverage for a participant must be obtained within a specified amount of time after an administrative law judge (ALJ) enters a final order approving a claim for compensation. Coverage for a plan participant, as of June 30, 2026, must be obtained by January 1, 2027.
- Requires NICA to submit a plan of operation (plan), and any amendments thereto, for review and approval to the OIR. The bill requires the plan to include a fraud and overpayment prevention and detection program.

The bill also:

- Updates the statutory provisions to replace the term, “child” with “participant.”
- Requires family members to maintain comprehensive major medical health insurance coverage for a NICA participant or the participant must be covered by Medicaid.
- Specifies that NICA benefits include:
 - The costs of major medical health coverage for the participant, including the premium and out-of-pocket costs.
 - Dental services.
 - Legal costs associated with establishing and maintaining guardianship for a participant.
- Requires the NICA to include the amount of compensation paid to independent contractors within its annual report.
- Prohibits the NICA board of directors from creating new benefits or expanding existing benefits that result in additional costs to the plan if the plan is operating at an annual cash flow deficit, as documented in the plan’s audited financial statements for the prior year.

The effective date of the bill is July 1, 2026.

II. Present Situation:

In 1988, the Legislature created the Florida Birth-Related Neurological Injury Compensation Association (NICA) to provide exclusive remedy, irrespective of fault, for infants who have sustained a birth-related neurological injury.⁵ A “birth-related neurological injury” is an injury to the brain or spinal cord of a live infant who weighs at least 2,500 grams for a single gestation or, in the case of a multiple gestation, a live infant who weighs at least 2,000 grams at birth caused by oxygen deprivation or by mechanical injury occurring in the course of labor, delivery, or resuscitation in the immediate post-delivery period in a hospital.⁶ Such an injury addressed by this statute renders the infant permanently and substantially mentally and physically impaired.⁷

⁵ Section 766.301, F.S.

⁶ Section 766.302(2), F.S.

⁷ *Id.*

As of June 30, 2025, there were 253 NICA participants receiving ongoing benefits through the Florida Birth-Related Neurological Injury Compensation plan (plan).⁸

The NICA is governed by a board of directors appointed by the Chief Financial Officer.⁹ Board meetings are subject to public meetings and record requirements of s. 286.011, F.S.¹⁰

Filing a Claim for Benefits

A claim for compensation under the plan must be filed within five years of the birth of an infant alleged to be injured.¹¹ First, the parents or guardians of the infant must file a petition with the Division of Administrative Hearings (DOAH).¹² Then, the DOAH serves a copy of the petition upon the NICA, the physician and hospital named in the petition, the Division of Medical Quality Assurance of the Department of Health, and the Agency for Health Care Administration (agency or AHCA).¹³ Within 10 days of filing the petition, the parents or guardian must provide to the NICA all medical records, assessments, evaluations and prognoses, documentation of expenses, and documentation of any private or governmental source of services, or reimbursement relative to the impairments.¹⁴

Within 45 days from the date of service of a complete claim, the NICA must file a response to the petition and submit relevant written information relating to the issue of whether the injury alleged is a birth-related neurological injury.¹⁵ An administrative law judge (ALJ) at DOAH will set a hearing on the claim, to be conducted 60-120 days from the petition filing date.¹⁶

The issue of whether the claim for compensation is covered by the plan is determined exclusively in an administrative proceeding.¹⁷ The ALJ presiding over the hearing makes the following determinations:

- Whether the injury claimed is a birth-related neurological injury;
- Whether obstetrical services were delivered by a participating physician;
- How much compensation, if any, is awardable under s. 766.31, F.S.; and
- Whether, if raised by the claimant or other party, the factual determination regarding the notice requirement in s. 766.316, F.S.¹⁸

If the ALJ determines that an injury meets the definition of a birth-related neurological injury, compensation from the plan is the exclusive legal remedy.¹⁹ If the ALJ determines that, the injury alleged is not a birth-related neurological injury or that a participating physician did not deliver the obstetrical services, the ALJ will enter an order to that effect.²⁰ The ALJ may also bifurcate the proceeding and address compensability and notice first, and address an award, if any, in a separate proceeding.²¹ If any party chooses to appeal the ALJ's order under s. 766.309, F.S., the appeal must be filed in the District Court of Appeal.²²

Benefits²³

The plan pays benefits, on behalf of a participant, including actual expenses for medically necessary and reasonable medical and hospital, habilitative and training, family residential or custodial care and service, professional residential, and custodial care and service, drugs, special equipment, facilities, and related travel. At a minimum, the statutes require the plan to pay compensation for the following actual expenses:

- Annual psychotherapeutic services benefit of up to \$10,000 for immediate family members who reside with the plan participant.
- Transportation benefits, which includes providing parents or legal guardians with a reliable method of transportation for the care of the participant or reimbursing the cost of upgrading an existing vehicle to accommodate the participant's needs when it becomes medically necessary for wheelchair transportation. The plan must replace any vans purchased by the plan every seven years or 150,000 miles, whichever comes first.
- Housing assistance of up to \$100,000 for the life of the participant, including home construction and modifications.

In addition, the plan must provide compensation for the following items:

- Periodic or lump-sum award to the parents or legal guardians, in an amount not to exceed \$250,000;²⁴
- Death benefit in the amount of \$50,000 for the participant;²⁵ and
- Reasonable expenses for filing the claim under the plan, including attorney's fees.²⁶

The plan does not reimburse or pay expenses that might otherwise be covered by insurance or any private or governmental programs, unless such exclusion is prohibited by state or federal law.²⁷

¹⁹ Section 766.303(2), F.S., only allows a civil action in place of a claim under the plan where there is clear and convincing evidence of bad faith or malicious purpose or willful and wanton disregard of human rights, safety, or property.

NICA Funding

The Florida Legislature appropriated \$20 million²⁸ to initially fund the plan at its inception and authorized annual assessments of physicians and hospitals thereafter.²⁹ A participating physician is required to pay a \$5,000 fee each year for coverage on a calendar year basis.³⁰ All licensed Florida physicians pay a mandatory fee of \$250, regardless of specialty.³¹ Hospitals pay \$50 for each live birth during the previous calendar year. Certain exemptions apply to all these categories, including resident physicians, retired physicians, government physicians, and facilities.³² The amount of the physician and hospital assessments have remained unchanged since the plan's inception in 1988.³³ Section 755.314, F.S., also requires the OIR to maintain an appropriation of \$20 million in the Insurance Regulatory Trust Fund for the NICA.

Section 766.314, F.S., provide alternative funding mechanisms for the plan if the assessments collected by the NICA “are insufficient to maintain the plan on an actuarially sound basis.” The first remedy is to require the OIR to transfer up to \$20 million from the Insurance Regulatory Trust Fund.³⁴ If the appropriation and assessments do not result in the plan being maintained on an actuarially sound basis, the OIR may assess casualty insurers up to 0.25 percent of net direct premiums written in proportion to the total amount of all net direct premiums written by casualty insurers.³⁵ Lastly, s. 766.314(7)(b), F.S., requires that, if the OIR finds that the plan cannot be maintained on an actuarially sound basis based on the assessments and appropriations, the OIR must increase the assessments on physicians and hospitals on a proportional basis as needed. The statutory provisions do not define the term, “actuarial soundness,” and while the OIR is required to biennially produce an actuarial valuation, that valuation does not opine on the actuarial soundness of the plan.

Within 60 days after a claim is filed, the NICA must estimate the present value of the total cost of the claim, including the estimated amount to be paid to the claimant, the claimant's attorney, the attorney's fees of the NICA incident to the claim, and any other expenses that are reasonably anticipated to be incurred by the NICA in connection with the adjudication and payment of the claim.³⁶ Every quarter, the NICA must update these estimates based upon the actual costs incurred and any additional information that becomes available to the NICA since the last review

³³ If the assessments amounts at June 30, 1988, were adjusted for inflation, as of June 30, 2024, the assessments will increase in the following manner: participating physicians \$5,000 would be \$13,312.50; participating nurse midwives \$2,500 would be \$6,656.26; hospital assessments \$50 would be \$133.12; and nonparticipating physician assessments of \$250 would be \$665.62. See NICA Report on Actuarial Soundness (Sep. 2024) <https://www.nica.com/wp-content/uploads/2025/06/20240930-FTI-Consulting-Reserve-Evaluation.pdf> (last visited Feb. 19, 2026).

³⁴ Section 766.314(5)(b), F.S.

³⁵ Section 766.314(5)(c)1, F.S. provides that casualty insurance described in s. 624.605(b),(k), and (q) would be subject to this assessment, which would include liability insurance, malpractice insurance, and miscellaneous insurance (insurance against liability for any other kind of loss or damage to person or property, properly a subject of insurance and not within any other kind of insurance as defined in the Florida Insurance Code).

³⁶ Section 766.314(9)(a), F.S.

of this estimate.³⁷ The estimate must be reduced by any amounts paid by the NICA that were included in the current estimate.

If the total of all current estimates equals or exceeds 100 percent of the funds on hand and the funds that will become available to the association within the next 12 months from all sources, including physician and provider assessments, funds from the Insurance Regulatory Trust Fund, and assessments on specified casualty insurance, the NICA may not accept any new claims without express authority from the Legislature.³⁸ However, this does not preclude NICA from accepting any claim if the injury occurred 18 months or more before the effective date of this enrollment suspension.³⁹ Notwithstanding this requirement, the NICA is authorized to accept new claims during the 2025-2026 fiscal year if the total of all current estimates exceeds the limits described above during that fiscal year.⁴⁰

Within 30 days after the effective date of this enrollment suspension, the NICA must notify the Governor, the Speaker of the House of Representatives, the President of the Senate, the Office of Insurance Regulation, the agency, and the Department of Health of this suspension.⁴¹

Recent Financial Trends

Since its inception and until recently, the NICA has taken in more cash than it has spent, thus, there was never an issue about its actuarial soundness and none of the above remedies have ever initiated.⁴² Because the NICA is operating at an annual cash flow deficit while the number of participants and associated expenses are increasing, significant cash from investment income and other income must be used to fund operating expenses.

For Fiscal Year 2023 - 2024, the NICA collected approximately \$37.9 million in annual physician and hospital assessment revenue. However, total operating expenses⁴³ exceeded total revenues by about \$156 million, thereby requiring the NICA to use about \$93 million in investment income and other income to fund the plan's operations.⁴⁴ Subsequently, for Fiscal Year 2024 - 2025, the NICA collected \$37.5 million in hospital and physician assessments. Although total operating expenses were significantly lower due to a decrease in claims incurred for this fiscal year; total operating expenses exceeded total revenues by about \$110 million, resulting in the NICA using investment income and other income to fund

Operating expenses for Fiscal Year 2023-2024 were comprised of claims incurred (\$189.7 million) and other operating expenses (\$4.6 million). For Fiscal Year 2024-2025, operating expenses were comprised of claims incurred of about \$143 million and other operating expenses of about \$4.9 million.

operations.⁴⁵ At June 30, 2025, and 2204, the NICA had a deficit net position of approximately \$189.3 million and \$216.6 million, respectively.⁴⁶ The average claim size for an open active claim increased from \$3.68 million at June 30, 2020, to \$5.42 million at June 30, 2025, and the amount of total annual claims payments increased from \$19.8 million to \$51.7 million for the same period.⁴⁷

In recent years, many factors have increased the NICA's financial obligations and expenses. For example, in 2021, the Florida Legislature substantially revised benefits and the provision of benefits in response to concerns of family members of plan participants, which increased the financial obligations of NICA.⁴⁸ Further, as the result of the Medicaid settlement,⁴⁹ NICA was required to pay approximately \$51 million to the federal government and Medicaid will no longer reimburse NICA participants for expenses, and instead the NICA will be responsible for quarterly payments.⁵⁰ Claim payments are expected to increase an additional \$12 million annually once the Medicaid reimbursement process begins.⁵¹

Federal Medicaid Settlement and Agreement with the Agency for Health Care Administration

Medicaid Program⁵²

The Medicaid program provides medical assistance to certain low-income individuals and individuals with disabilities.⁵³ The federal government and states jointly fund and administer the Medicaid program. At the federal level, the Centers for Medicare and Medicaid Services (CMS) administers the program, and each state administers its Medicaid program according to a CMS approved State plan that establishes which services the Medicaid program will cover. Although each state has considerable flexibility in designing and operating its Medicaid program, it must comply with federal requirements. The federal government pays its share of a state's medical assistance costs under the Medicaid program based on the Federal medical assistance percentage (FMAP). In Florida, the Agency for Health Care Administration, the State Medicaid agency, is responsible for computing and reporting the federal share, which is based on the total computable amount multiplied by the FMAP.

Medicaid Third-Party Liability

Federal law requires states to take all reasonable measures to ascertain the legal liability of third parties to pay for care and services that are available under the Medicaid State plan.⁵⁴ The third party liability effectuates the payor of last resort policy. Specifically, states are required to: (1) identify Medicaid enrollees' third-party health coverage, (2) determine third party liability⁵⁵ for services, (3) avoid payment for services in most circumstances in which the state believes that a third party is liable, and (4) recover reimbursement from liable third parties after Medicaid payment if the state can reasonably expect to recover more than it paid to seek reimbursement.

Section 409.910, F.S., the "Medicaid Third-Party Liability Act," which governs third party liability in Florida provides that "it is the intent of the Legislature that Medicaid be the payor of last resort for medically necessary goods and services furnished to Medicaid recipients." This provision is consistent with federal law, which provides that Medicaid pays for services only after other responsible third parties have met their burden of costs.⁵⁶ In "applying for or accepting medical assistance [Medicaid], an applicant, recipient, or legal representative automatically assigns to the agency any right, title, and interest such person has to any third-party benefit, excluding any Medicare benefit to the extent required to be excluded by federal law." Section 409.910, F.S., also requires that "if benefits of a liable third party are discovered or become available after medical assistance has been provided by Medicaid, Medicaid is to be repaid in full and prior to any other person, program, or entity. Medicaid is to be repaid in full, from and to the extent of, any third-party benefits, regardless of whether a recipient is made whole or other creditors paid."

2022 Medicaid Settlement

On November 14, 2022, the plan and NICA, its administrator, agreed to pay \$51 million to resolve allegations that they violated the False Claims Act by causing NICA participants to submit their health care claims to Medicaid rather than the NICA, in violation of Medicaid's status as the payer of last resort under federal law.⁵⁷ The civil settlement resolves a lawsuit filed under the whistleblower provisions of the False Claims Act, which permits a private party to file a lawsuit on behalf of the United States and receive a portion of any recovery.⁵⁸ Incorporated in the settlement, the NICA represented that it would, with respect to NICA participants who also qualified for Medicaid, set aside a financial reserve, effective August 31, 2021, to pay claims it

Third parties that may be liable to pay for services include private health insurance, Medicare, employer-sponsored health insurance, settlements from a liability insurer, workers' compensation, long-term care insurance, and other State and Federal programs (unless specifically excluded by Federal statute).

NICA and Agency for Health Care Administration Agreement⁶⁰

The agency and the NICA entered into an agreement to coordinate payment for services for individuals who are both enrolled in NICA and Florida Medicaid participant. The purpose of the agreement is to allow participants to receive services through the Medicaid delivery system while ensuring that the NICA is the primary payor for these services. At the end of each quarter, the agency will calculate each participants' monthly plan capitation rate payments and any fee-for-service payments made. The agency will include the sum of these payments on an invoice and submit them to the NICA. The NICA will reimburse the agency in accordance with s. 409.910, F.S., and the executed agreement.

In mid-December 2025, the AHCA submitted a retroactive invoice to the NICA for the collection of outstanding payments made by Medicaid on behalf of NICA participants. For this invoice, the AHCA identified a little over 200 NICA members enrolled in Florida Medicaid. Pursuant to the agreement, the NICA is required to provide the agency with an updated member listing each month.

III. Effect of Proposed Changes:

Section 1 amends s. 409.910, F.S., the “Medicaid Third Party Liability Act,” to authorize the Agency for Health Care Administration (AHCA) to recover the full amount of all medical assistance provided by Medicaid on behalf of recipients to the full extent of third-party benefits, including incurred costs of Florida Birth-Related Neurological Injury Compensation Association (NICA) plan participants pursuant to s. 766.31, F.S. The agency and the NICA entered into an agreement to coordinate payment for services for individuals who are enrolled in both NICA and Florida Medicaid. The purpose of the agreement is to allow participants to receive services through the Medicaid delivery system while ensuring that NICA is the “primary payor” for these services.

Section 2 amends s. 766.302, F.S., to revise the definition of the term, “claimant,” to provide that the administrative law judge has exclusive jurisdiction to determine compensability and notice even if the claimant does not seek the NICA compensation. Definitions for the following terms are created:

- “Office” to mean the OIR.
- “Participant” means the person who suffered a birth related neurological injury as an infant and who accepted compensation under the plan by final order entered by an administrative law judge pursuant to s. 766.309, F.S.

NICA adjusts claim reserves to provide for a risk margin in the event future contingent events and actual payments significantly exceed management's best estimate. The risk margin was approximately \$82 million as of June 30, 2025.⁶⁶

Section 3 amends s. 766.303, F.S., relating to the plan, to provide technical changes and clarify terms used. The term, “children,” as used in the context of participants of the plan is replaced with the term, “participant.”

Section 4 amends s. 766.305, F.S., relating to the filing of claims, to provide technical conforming changes.

Section 5 amends s. 766.309, F.S., to provide a technical, conforming cross reference.

Section 6 amends s. 766.31, F.S., relating to awards for birth-related injuries, to revise the types of compensation of actual expenses for medically necessary care or services an administrative law judge may award and to provide technical changes. The bill revises the types of

compensation of actual expenses for medically necessary care or services an administration law judge may award. The bill provides the following changes in benefits:

- Codifies coverage of medically necessary dental services. Many participants require medically necessary sedation due to their birth injury. However, routine cleanings are not currently covered.
- Revises the current statutory benefit for psychotherapeutic services to provide access to these services for immediate family members who no longer live with the participant or do not live in Florida. The board of the NICA extended the benefit to families whose children are deceased. Family members and relatives would be capped at \$10,000 annually during the participant's lifetime and up to a total of \$20,000 subsequent to the participant's death.
- Codifies coverage for legal costs associated with establishing and maintaining guardianship for a participant.
- Revises the current statutory benefit for transportation to provide family members, rather than only parents and guardians, with a reliable method of transporting the participant's wheelchair and medically necessary equipment. The bill expands the type of vehicles covered to include vehicles rather than just vans.
- Clarifies the coverage of housing assistance benefit of up to \$100,000 for the life of the participant to include, but is not limited to, a down payment on a new home, and moving expenses. Currently, this benefit includes home construction and modification costs.
- Requires the NICA to reimburse plan participants for the payment of major medical health insurance coverage, which includes the premium and any cost sharing incurred by the participant.
- Clarifies that the NICA will not provide compensation for professional custodial care provided by a family member while such care is being provided by another person or entity or the family member is being compensated from another source of work during the same time for which compensation is sought from the NICA. If the family member disputes that an overpayment has occurred, the NICA is authorized to file a petition for division review of an overpayment for a determination of the amount, if any, to be recouped by the NICA,
- Expands the list of individuals eligible to receive an award of up to \$250,000 to include family members instead of only parents or legal guardians.

The bill requires a family member to continuously maintain comprehensive major medical health coverage for the participant.⁶⁷ A family member must obtain insurance coverage within 60 days after an administrative law judge enters a final order approving a claim for compensation or apply for Medicaid coverage within 30 days after entry of such order. If the participant is ineligible for Medicaid, the family member must obtain other coverage within 60 days after receipt of a Medicaid denial. A family member of an individual who is a participant on June 30, 2026, must obtain the required coverage for the participant by January 1, 2027.

⁶⁷ NICA, Benefit Handbook (Dec. 12, 2024), <https://www.nica.com/wp-content/uploads/2025/06/NICA-Benefit-Handbook-1-13-25.pdf> (last visited Feb. 19, 2026). The benefit manual provides that it is the NICA's expectation that health insurance is always maintained for participants. The NICA reimburses families for the cost of the participant's health insurance. For families with Medicaid, the NICA reimburses the Agency for Health Care Administration for the cost of those premiums. For items such as therapy, equipment, and some supplies, the NICA may request documentation of an insurance denial prior to authorizing a reimbursement request. If there is a lapse in insurance coverage and expenses are incurred that would have been covered by insurance, the NICA will not reimburse for those items.

The bill requires NICA to reimburse the agency for fee-for-service claims and capitation payments for participants enrolled in Medicaid, as well as for the payment of administrative and support costs associated with the provision of Medicaid services. This provision codifies the agreement between the agency and NICA. The bill provides that such funds be credited to the Health Care Administration Medical Care Trust Fund.

The bill requires the plan to reimburse by December 31, 2026, any participant for reasonable, medically necessary care received by the participant on or before June 30, 2026, which was reduced or not paid by the plan because the participant did not have health insurance coverage.

In the case of an alleged overpayment of an expense reimbursement by the NICA to a family member, if the family member does not agree that an overpayment has occurred, the NICA may file a petition for review of the overpayment for a determination of the amount, if any, to be recouped by the NICA.

Section 7 amends s. 766.314, F.S., relating to assessments and plan of operation, to require the NICA to submit a plan of operation and any amendments thereto to the OIR for review and approval. The bill requires the plan to include a fraud and overpayment prevention and detection program in the plan of operation that is subject to review and approval by the OIR.

Provisions relating to the assessment process are revised in the following manner:

- Requires hospital and physician assessments to be paid on or before December 31 of each year;
- Provides licensed physicians who wish to participate in the NICA shall pay an annual assessment of \$5,000 and any assessment required, if assessed. Current law provides licensed physicians pay an annual assessment of \$5,000.
- Provides payment of required assessments are due on or before December 31 of each year for qualification as a participating physician during the next calendar year. If payment of assessments is received by the NICA on or before January 31 of any calendar year, the physician shall qualify as a participating physician for the entire calendar year. If the payment is received after January 31, the physician shall qualify as a participating physician for that calendar year only from the date the payment was received by the NICA.

For the 2026-2027 fiscal year, the bill authorizes NICA to accept new claims during the fiscal year if the total current estimates exceed 100 percent of the funds on hand and the funds that will be available to the NICA within the next 12 months. NICA is required to notify the Governor, the President of the Senate, the Speaker of the House of Representatives, OIR, AHCA, and the Department of Health within five days after NICA makes such determination. This provision expires July 1, 2027.

Section 8 amends s. 766.315, F.S., to substitute the one board director representative for a parent or legal guardian of an injured infant with one family member of a participant. Notwithstanding this section, the board of directors of the plan may not create new benefits or expand existing benefits that result in additional costs to the plan if the plan is operating at an annual cash flow deficit, as documented in the plan's audited financial statements for the prior fiscal year.

The bill provides NICA must furnish audited financial reports, prepared in accordance with generally accepted auditing standards, to any plan participant upon request, to OIR and the Joint Legislative Auditing Committee. The bill requires NICA to include the amount of compensation paid to independent contractors within its annual report.

Section 9 provides the bill takes effect July 1, 2026.

The bill codifies benefits previously approved by the NICA board of directors, which will assist parents, other family members, and legal guardians in funding significant medical expenses and other necessary services and care of participants.

The bill codifies the settlement agreement between the Agency for Health Care Administration that allows Florida Birth-Related Neurological Injury Compensation Association (NICA) participants, if eligible, to enroll or to continue enrollment in the Florida Medicaid program. Florida Medicaid will then have to seek reimbursement from the NICA for services previously reimbursed pursuant to the settlement agreement.⁶⁸

C. Government Sector Impact:

Pursuant to current law, in the event the Florida Birth-Related Neurological Injury Compensation Association (NICA) is determined to lack adequate cash flow, the Office of Insurance Regulation (OIR) is authorized to transfer \$20 million from the Insurance Regulatory Trust Fund to the NICA.

In the event NICA indicates the Birth-Related Neurological Injury Compensation Plan (plan) is not actuarially sound, and the OIR subsequently determines an actuarial valuation is necessary, such costs are indeterminate. The bill does not provide an appropriation for such costs.

The Agency for Health Care Administration (AHCA) indicates the bill does not impact its revenue or expenditures as the updates are specific to the NICA and do not have any operational or fiscal impact to the AHCA.⁶⁹

409.910, Florida Statutes, is amended to read:

409.910 Responsibility for payments on behalf of Medicaid-
eligible persons when other parties are liable.—

(7) The agency shall recover the full amount of all medical
assistance provided by Medicaid on behalf of the recipient to
the full extent of third-party benefits.

799824

(a) Recovery of such benefits shall be collected directly from:

1. Any third party;
2. The recipient or legal representative, if he or she has received third-party benefits;
3. The provider of a recipient's medical services if third-party benefits have been recovered by the provider; notwithstanding any provision of this section, to the contrary, however, no provider shall be required to refund or pay to the agency any amount in excess of the actual third-party benefits received by the provider from a third-party payor for medical services provided to the recipient; ~~or~~
4. Any person who has received the third-party benefits; or
5. The Florida Birth-Related Neurological Injury Compensation Association for plan participant costs incurred under s. 766.31.

The provisions of this subsection do not apply to any proceeds received by the state, or any agency thereof, pursuant to a final order, judgment, or settlement agreement, in any matter in which the state asserts claims brought on its own behalf, and not as a subrogee of a recipient, or under other theories of liability. The provisions of this subsection do not apply to any proceeds received by the state, or an agency thereof, pursuant to a final order, judgment, or settlement agreement, in any matter in which the state asserted both claims as a subrogee and additional claims, except as to those sums specifically identified in the final order, judgment, or settlement agreement as reimbursements to the recipient as expenditures for the named

799824

recipient on the subrogation claim.

Section 2. Section 766.302, Florida Statutes, is reordered and amended to read:

766.309 Determination of claims; presumption; findings of administrative law judge binding on participants.—

(1) The administrative law judge shall make the following determinations based upon all available evidence:

If the claimant has demonstrated, to the satisfaction of the administrative law judge, that the infant has sustained a brain or spinal cord injury caused by oxygen deprivation or mechanical injury and that the infant was thereby rendered permanently and substantially mentally and physically impaired, a rebuttable presumption shall arise that the injury

799824

is a birth-related neurological injury as defined in s. 766.302
~~s. 766.302(2)~~.

Section 6. Section 766.31, Florida Statutes, is amended to

By December 31, 2026, the plan shall reimburse any participant for reasonable, medically necessary care received by the participant on or before June 30, 2026, which was reduced or not paid by the plan because such participant did not have comprehensive or major medical health insurance coverage through an insurer or a health maintenance organization.

~~(d)~~ However, the following expenses are not subject to compensation:

In determining an award for attorney ~~attorney's~~ fees, the administrative law judge shall consider the following factors:

799824

the legal services properly.

2. The fee customarily charged in the locality for similar legal services.

3. The time limitations imposed by the claimant or the circumstances.

(2) The award shall require the immediate payment of expenses previously incurred and shall require that future expenses be paid as incurred.

(3) A family member must continuously maintain a health insurance policy or health maintenance contract that provides comprehensive major medical health insurance coverage for the participant.

(a) If the participant does not have such coverage at the time of entry of a final order by an administrative law judge approving a claim for compensation, the family member must obtain coverage within 60 days after entry of such order or apply for Medicaid coverage within 30 days after entry of such

799824

order.

(b) If the participant is determined to be ineligible for Medicaid, the family member must obtain other coverage within 60 days after receiving the Medicaid application denial.

(c) A family member of an individual who is a participant on June 30, 2026, must obtain the required coverage for the participant by January 1, 2027.

~~(4)~~ (3) A copy of the award shall be sent immediately by registered or certified mail to each person served with a copy of the petition under s. 766.305(2).

766.314 Assessments; plan of operation.—

(1) The assessments established under ~~pursuant to~~ this section shall be used to finance the Florida Birth-Related Neurological Injury Compensation Plan.

(2) The assessments and appropriations dedicated to the plan shall be administered by the Florida Birth-Related Neurological Injury Compensation Association established in s. 766.315, in accordance with the following requirements:

(a) ~~On or before July 1, 1988,~~ The directors of the association shall submit to the office ~~Department of Insurance~~ for review and approval a plan of operation and any amendment thereto which shall provide for the efficient administration of the plan and for prompt processing of claims against and awards made on behalf of the plan.

(b) The plan of operation must ~~shall~~ include provision for:

1. Establishment of necessary facilities;
2. Management of the funds collected on behalf of the plan;

799824

3. Processing of claims against the plan;

4. Assessment of the persons and entities listed in subsections (4) and (5) to pay awards and expenses, which assessments shall be on an actuarially sound basis subject to the limits set forth in subsections (4) and (5);

~~6.5.~~ Any other matters necessary for the efficient operation of the Florida Birth-Related Neurological Injury Compensation Plan.

~~(b) Amendments to the plan of operation may be made by the directors of the plan, subject to the approval of the office of Insurance Regulation of the Financial Services Commission.~~

(3) All assessments shall be deposited with the ~~Florida Birth-Related Neurological Injury Compensation~~ association. The funds collected by the association and any income therefrom shall be disbursed only for the payment of awards under ss. 766.301-766.316 and for the payment of the reasonable expenses of administering the plan.

(4) The following persons and entities shall pay into the association assessments as follows ~~an initial assessment in accordance with the plan of operation:~~

(a) ~~1. On or before October 1, 1988,~~ Each hospital licensed under chapter 395 shall pay an ~~initial~~ assessment of \$50 per infant delivered in that ~~the~~ hospital ~~during the prior calendar year,~~ as reported to the Agency for Health Care Administration; provided, however, that a hospital owned or operated by the state or a county, special taxing district, or other political subdivision of the state shall not be required to pay ~~the~~

799824

~~initial assessment~~ or any assessment required by this subsection
or subsection (5). The term "infant delivered" includes live
births and not stillbirths, but the term does not include
infants delivered by employees or agents of the board of
trustees of a state university, those born in a teaching
hospital as defined in s. 408.07, or those born in a teaching
hospital as defined in s. 395.806 that have been deemed by the
association as being exempt from assessments since fiscal year
1997 to fiscal year 2001. The ~~initial~~ assessment and any
assessment imposed pursuant to subsection (5) may not include
any infant born to a charity patient (as defined by rule of the
Agency for Health Care Administration) or born to a patient for
whom the hospital receives Medicaid reimbursement, if the sum of
the annual charges for charity patients plus the annual Medicaid
contractuals of the hospital exceeds 10 percent of the total
annual gross operating revenues of the hospital. The hospital is
responsible for documenting, to the satisfaction of the
association, the exclusion of any birth from the computation of
the assessment. Upon demonstration of financial need by a
hospital, the association may provide for installment payments
of assessments.

2. Assessments are due, and hospitals shall pay all
assessments required under this section, by December 31 of the
calendar year immediately subsequent to the birth year.

(b)1.a. ~~On or before October 15, 1988,~~ All physicians
licensed pursuant to chapter 458 or chapter 459 ~~as of October 1,~~
~~1988,~~ other than participating physicians, shall be assessed an
annual ~~initial~~ assessment of \$250.7

b. Payment for all assessments required under this

799824

paragraph is due on or before December 31 of each year ~~which must be paid no later than December 1, 1988.~~

~~2. Any such physician who becomes licensed after September 30, 1988, and before January 1, 1989, shall pay into the association an initial assessment of \$250 upon licensure.~~

~~3. Any such physician who becomes licensed on or after January 1, 1989, shall pay an initial assessment equal to the most recent assessment made pursuant to this paragraph, paragraph (5) (a), or paragraph (7) (b).~~

2.4. However, if the physician is a physician specified in this subparagraph, the assessment is not applicable:

a. A resident physician, assistant resident physician, or intern in an approved postgraduate training program, as defined by the Board of Medicine or the Board of Osteopathic Medicine by rule;

b. A retired physician who has withdrawn from the practice of medicine but who maintains an active license as evidenced by an affidavit filed with the Department of Health. Prior to reentering the practice of medicine in this state, a retired physician as herein defined must notify the Board of Medicine or the Board of Osteopathic Medicine and pay the appropriate assessments pursuant to this section;

c. A physician who holds a limited license pursuant to s. 458.317 and who is not being compensated for medical services;

d. A physician who is employed full time by the United States Department of Veterans Affairs and whose practice is confined to United States Department of Veterans Affairs hospitals; or

e. A physician who is a member of the Armed Forces of the

799824

United States and who meets the requirements of s. 456.024.

f. A physician who is employed full time by the State of Florida and whose practice is confined to state-owned correctional institutions, a county health department, or state-owned mental health or developmental services facilities, or who is employed full time by the Department of Health.

(c) 1. On or before December 1, 1988, Each physician licensed pursuant to chapter 458 or chapter 459 who wishes to participate in the Florida Birth-Related Neurological Injury Compensation Plan and who otherwise qualifies as a participating physician under ss. 766.301-766.316 shall pay an annual initial assessment of \$5,000 and any assessment required under paragraph (5) (a), if assessed. However, if the physician is either a resident physician, assistant resident physician, or intern in an approved postgraduate training program, as defined by the Board of Medicine or the Board of Osteopathic Medicine by rule, and is supervised in accordance with program requirements established by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association by a physician who is participating in the plan, such resident physician, assistant resident physician, or intern is deemed to be a participating physician without the payment of the assessment. Participating physicians also include any employee of the board of trustees of a state university who has paid the assessment required by this paragraph and, if assessed, paragraph (5) (a), and any certified nurse midwife supervised by such employee. Participating physicians include any certified nurse midwife who has paid 50 percent of the physician assessment required by this paragraph and, if assessed, paragraph (5) (a) and who is

799824

supervised by a participating physician who has paid the assessment required by this paragraph and, if assessed, paragraph (5)(a). Supervision for nurse midwives shall require that the supervising physician will be easily available and have a prearranged plan of treatment for specified patient problems which the supervised certified nurse midwife may carry out in the absence of any complicating features. ~~Any physician who elects to participate in such plan on or after January 1, 1989, who was not a participating physician at the time of such election to participate and who otherwise qualifies as a participating physician under ss. 766.301-766.316 shall pay an additional initial assessment equal to the most recent assessment made pursuant to this paragraph, paragraph (5)(a), or paragraph (7)(b).~~

2. Payment of assessments required by this paragraph is due on or before December 31 of each year for qualification as a participating physician during the next calendar year. If payment of the assessments is received by the association on or before January 31 of any calendar year, the physician shall qualify as a participating physician for that entire calendar year. If the payment is received after January 31, the physician shall qualify as a participating physician for that calendar year only from the date the payment was received by the association.

(d) Any hospital located in a county with a population in excess of 1.1 million as of January 1, 2003, as determined by the Agency for Health Care Administration under the Health Care Responsibility Act, may elect to pay the assessments required by paragraph (c) ~~fee~~ for the participating physician and the

799824

certified nurse midwife if the hospital first determines that the primary motivating purpose for making such payment is to ensure coverage for the hospital's patients under the provisions of ss. 766.301-766.316; however, no hospital may restrict any participating physician or nurse midwife, directly or indirectly, from being on the staff of hospitals other than the staff of the hospital making the payment. ~~Each hospital shall file with the association an affidavit setting forth specifically the reasons why the hospital elected to make the payment on behalf of each participating physician and certified nurse midwife. The payments authorized under this paragraph shall be in addition to the assessment set forth in paragraph (5)(a).~~

(5)(a) ~~Beginning January 1, 1990,~~ The persons and entities listed in paragraphs (4)(b) and (c), except those persons or entities who are specifically excluded from such ~~said~~ provisions, as of the date determined in accordance with the plan of operation, taking into account persons licensed subsequent to the payment of the ~~initial~~ assessment, shall pay an annual assessment in the amount equal to the ~~initial~~ assessments provided in paragraphs (4)(b) and (c). ~~If payment of the annual assessment by a physician is received by the association by January 31 of any calendar year, the physician shall qualify as a participating physician for that entire calendar year. If the payment is received after January 31 of any calendar year, the physician shall qualify as a participating physician for that calendar year only from the date the payment was received by the association.~~ On January 1, 1991, and on each January 1 thereafter, the association shall

799824

determine the amount of additional assessments necessary pursuant to subsection (7), in the manner required by the plan of operation, subject to any increase determined to be necessary by the office ~~of Insurance Regulation~~ pursuant to paragraph (7)(b). On July 1, 1991, and on each July 1 thereafter, the persons and entities listed in paragraphs (4)(b) and (c), except those persons or entities who are specifically excluded from such ~~said~~ provisions, shall pay the additional assessments which were determined on January 1. ~~Beginning January 1, 1990, the entities listed in paragraph (4)(a), including those licensed on or after October 1, 1988, shall pay an annual assessment of \$50 per infant delivered during the prior calendar year. The additional assessments which were determined on January 1, 1991, pursuant to the provisions of subsection (7) shall not be due and payable by the entities listed in paragraph (4)(a) until July 1.~~

(b) If the assessments collected pursuant to subsection (4) and the appropriation of funds provided by s. 76, chapter 88-1, Laws of Florida, as amended by s. 41, chapter 88-277, Laws of Florida, to the plan from the Insurance Regulatory Trust Fund are insufficient to maintain the plan on an actuarially sound basis, there is hereby appropriated for transfer to the association from the Insurance Regulatory Trust Fund an additional amount of up to \$20 million.

(c)1. Taking into account the assessments collected pursuant to subsection (4) and appropriations from the Insurance Regulatory Trust Fund, if required to maintain the plan on an actuarially sound basis, the office ~~of Insurance Regulation~~ shall require each entity licensed to issue casualty insurance

799824

as defined in s. 624.605(1)(b), (k), and (q) to pay into the association an annual assessment in an amount determined by the office pursuant to paragraph (7)(a), in the manner required by the plan of operation.

2. All annual assessments shall be made on the basis of net direct premiums written for the business activity that ~~which~~ forms the basis for each such entity's inclusion as a funding source for the plan in the state during the prior year ending December 31, as reported to the office ~~of Insurance Regulation~~, and ~~shall be in the proportion that the net direct premiums written by each carrier on account of the business activity forming the basis for its inclusion in the plan~~ bears to the aggregate net direct premiums for all such business activity written in this state by all such entities.

3. No entity listed in this paragraph shall be individually liable for an annual assessment in excess of 0.25 percent of that entity's net direct premiums written.

4. Casualty insurance carriers shall be entitled to recover their initial and annual assessments through a surcharge on future policies, a rate increase applicable prospectively, or a combination of the two.

(6)(a) The association shall make all assessments required by this section, except initial assessments of physicians newly licensed by the Department of Health, which assessments will be made by the Department of Health, and except assessments of casualty insurers pursuant to subparagraph (5)(c)1., which assessments will be made by the office ~~of Insurance Regulation~~. The Department of Health shall provide the association, in an electronic format, with a monthly report of the names and

799824

license numbers of all physicians licensed under chapter 458 or chapter 459.

(b)1. The association may enforce collection of assessments required to be paid pursuant to ss. 766.301-766.316 by suit filed in county court, or in circuit court if the amount due could exceed the jurisdictional limits of county court. The association is entitled to an award of attorney fees, costs, and interest upon the entry of a judgment against a physician for failure to pay such assessment, with such interest accruing until paid. Notwithstanding chapters 47 and 48, the association may file such suit in either Leon County or the county of the residence of the defendant. The association shall notify the Department of Health and the applicable board of any unpaid final judgment against a physician within 7 days after the entry of final judgment.

2. The Department of Health, upon notification by the association that an assessment has not been paid and that there is an unsatisfied judgment against a physician, shall refuse to renew any license issued to such physician under chapter 458 or chapter 459 until the association notifies the Department of Health that the judgment is satisfied in full.

(c) The Agency for Health Care Administration shall, upon notification by the association that an assessment has not been timely paid, enforce collection of such assessments required to be paid by hospitals pursuant to ss. 766.301-766.316. Failure of a hospital to pay such assessment is grounds for disciplinary action pursuant to s. 395.1065 notwithstanding any law to the contrary.

(7)(a) The office ~~of Insurance Regulation~~ shall undertake

799824

an actuarial investigation of the requirements of the plan based on the plan's experience in the first year of operation and any additional relevant information, including without limitation the assets and liabilities of the plan. Pursuant to such investigation, the office ~~of Insurance Regulation~~ shall establish the rate of contribution of the entities listed in paragraph (5)(c) for the tax year beginning January 1, 1990. Following the initial valuation, the office ~~of Insurance Regulation~~ shall cause an actuarial valuation to be made of the assets and liabilities of the plan no less frequently than biennially. Pursuant to the results of such valuations, the office ~~of Insurance Regulation~~ shall prepare a statement as to the contribution rate applicable to the entities listed in paragraph (5)(c). However, at no time shall the rate be greater than 0.25 percent of net direct premiums written.

(b) If the office ~~of Insurance Regulation~~ finds that the plan cannot be maintained on an actuarially sound basis based on the assessments and appropriations listed in subsections (4) and (5), the office shall increase the assessments specified in subsection (4) on a proportional basis as needed.

(8) The association shall report to the Legislature its determination as to the annual cost of maintaining the fund on an actuarially sound basis. In making its determination, the association shall consider the recommendations of all hospitals, physicians, casualty insurers, attorneys, consumers, and any associations representing any such person or entity. Notwithstanding the provisions of s. 395.3025, all hospitals, casualty insurers, departments, boards, commissions, and legislative committees shall provide the association with all

799824

relevant records and information upon request to assist the association in making its determination. All hospitals shall, upon request by the association, provide the association with information from their records regarding any live birth. Such information may ~~shall~~ not include the name of any physician, the name of any hospital employee or agent, the name of the patient, or any other information which will identify the infant involved in the birth. Such information thereby obtained must ~~shall~~ be utilized solely for the purpose of assisting the association and may ~~shall~~ not subject the hospital to any civil or criminal liability for the release thereof. Such information shall otherwise be confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(9)(a) Within 60 days after a claim is filed, the association shall estimate the present value of the total cost of the claim, including the estimated amount to be paid to the claimant, the claimant's attorney, the attorney ~~attorney's~~ fees of the association incident to the claim, and any other expenses that are reasonably anticipated to be incurred by the association in connection with the adjudication and payment of the claim. For purposes of this estimate, the association should include the maximum benefits for noneconomic damages.

(b) The association shall revise these estimates quarterly based upon the actual costs incurred and any additional information that becomes available to the association since the last review of this estimate. The estimate shall be reduced by any amounts paid by the association that were included in the current estimate. The association shall submit revised quarterly claim estimates to the office within 15 business days after the

799824

end of each quarter.

(c)1. If the total of all current estimates equals or exceeds 100 percent of the funds on hand and the funds that will become available to the association within the next 12 months from all sources described in subsection (4) and paragraph (5) (a), the association may not accept any new claims without express authority from the Legislature. This section does not preclude the association from accepting any claim if the injury occurred 18 months or more before the effective date of this suspension. Within 30 days after the effective date of this suspension, the association shall notify the Governor, the President of the Senate, the Speaker of the House of Representatives, ~~the President of the Senate~~, the office of ~~Insurance Regulation~~, the Agency for Health Care Administration, and the Department of Health of this suspension.

2. Notwithstanding this paragraph, the association is authorized to accept new claims during the 2026-2027 ~~2025-2026~~ fiscal year even if the total of all current estimates exceeds the limits described in subparagraph 1. during that fiscal year; however, if the total of all current estimates exceeds such limits, the association must notify the Governor, the President of the Senate, the Speaker of the House of Representatives, the office, the Agency for Health Care Administration, and the Department of Health within 5 days after it makes such determination. This subparagraph expires July 1, 2027 ~~2026~~.

(d) If any person is precluded from asserting a claim against the association because of paragraph (c), the plan shall not constitute the exclusive remedy for such person, his or her personal representative, parents, dependents, or next of kin.

799824

 669 additional amount of up to \$20 million.

670 (c)1. Taking into account the assessments collected
 671 pursuant to subsection (4) and appropriations from the Insurance
 672 Regulatory Trust Fund, if required to maintain the plan on an
 673 actuarially sound basis, the office of Insurance Regulation
 674 shall require each entity licensed to issue casualty insurance
 675 as defined in s. 624.605(1)(b), (k), and (q) to pay into the
 676 association an annual assessment in an amount determined by the
 677 office pursuant to paragraph (7)(a), in the manner required by
 678 the plan of operation.

679 2. All annual assessments shall be made on the basis of net
 680 direct premiums written for the business activity that ~~which~~
 681 forms the basis for each such entity's inclusion as a funding
 682 source for the plan in the state during the prior year ending
 683 December 31, as reported to the office of Insurance Regulation,
 684 and shall be in the proportion that the net direct premiums
 685 written by each carrier on account of the business activity

 687 aggregate net direct premiums for all such business activity
 688 written in this state by all such entities.

689 3. No entity listed in this paragraph shall be individually
 690 liable for an annual assessment in excess of 0.25 percent of
 691 that entity's net direct premiums written.

692 4. Casualty insurance carriers shall be entitled to recover

 694 future policies, a rate increase applicable prospectively, or a
 695 combination of the two.

696 (6)(a) The association shall make all assessments required

601-03238-26

20261668c1

by this section, except initial assessments of physicians newly
 licensed by the Department of Health, which assessments will be
~~made by the Department of Health,~~ and except assessments of
 casualty insurers pursuant to subparagraph (5)(c)1., which
 assessments will be made by the office ~~of Insurance Regulation~~.
 The Department of Health shall provide the association, in an
 electronic format, with a monthly report of the names and
 license numbers of all physicians licensed under chapter 458 or
 chapter 459.

(b)1. The association may enforce collection of assessments
 required to be paid pursuant to ss. 766.301-766.316 by suit
 filed in county court, or in circuit court if the amount due
 could exceed the jurisdictional limits of county court. The
 association is entitled to an award of attorney fees, costs, and
 interest upon the entry of a judgment against a physician for
 failure to pay such assessment, with such interest accruing
 until paid. Notwithstanding chapters 47 and 48, the association
 may file such suit in either Leon County or the county of the
 residence of the defendant. The association shall notify the
 Department of Health and the applicable board of any unpaid
 final judgment against a physician within 7 days after the entry
 of final judgment.

2. The Department of Health, upon notification by the
 association that an assessment has not been paid and that there
 is an unsatisfied judgment against a physician, shall refuse to
 renew any license issued to such physician under chapter 458 or
 chapter 459 until the association notifies the Department of
 Health that the judgment is satisfied in full.

(c) The Agency for Health Care Administration shall, upon

601-03238-26

20261668c1

notification by the association that an assessment has not been
 timely paid, enforce collection of such assessments required to
 be paid by hospitals pursuant to ss. 766.301-766.316. Failure of
 a hospital to pay such assessment is grounds for disciplinary
 action pursuant to s. 395.1065 notwithstanding any law to the
 contrary.

(7)(a) The office ~~of Insurance Regulation~~ shall undertake
 an actuarial investigation of the requirements of the plan based
 on the plan's experience in the first year of operation and any
 additional relevant information, including without limitation
 the assets and liabilities of the plan. Pursuant to such
 investigation, the office ~~of Insurance Regulation~~ shall
 establish the rate of contribution of the entities listed in
 paragraph (5)(c) for the tax year beginning January 1, 1990.
 Following the initial valuation, the office ~~of Insurance~~
~~Regulation~~ shall cause an actuarial valuation to be made of the
 assets and liabilities of the plan no less frequently than
 biennially. Pursuant to the results of such valuations, the
 office ~~of Insurance Regulation~~ shall prepare a statement as to
 the contribution rate applicable to the entities listed in
 paragraph (5)(c). However, at no time shall the rate be greater
 than 0.25 percent of net direct premiums written.

(b) If the office ~~of Insurance Regulation~~ finds that the
 plan cannot be maintained on an actuarially sound basis based on
 the assessments and appropriations listed in subsections (4) and
 (5), the office shall increase the assessments specified in
 subsection (4) on a proportional basis as needed.

(8) The association shall report to the Legislature its
 determination as to the annual cost of maintaining the fund on

601-03238-26

an actuarially sound basis. In making its determination, the association shall consider the recommendations of all hospitals, physicians, casualty insurers, attorneys, consumers, and any associations representing any such person or entity. Notwithstanding the provisions of s. 395.3025, all hospitals, casualty insurers, departments, boards, commissions, and legislative committees shall provide the association with all relevant records and information upon request to assist the association in making its determination. All hospitals shall, upon request by the association, provide the association with information from their records regarding any live birth. Such information may ~~shall~~ not include the name of any physician, the name of any hospital employee or agent, the name of the patient, or any other information which will identify the infant involved in the birth. Such information thereby obtained must ~~shall~~ be utilized solely for the purpose of assisting the association and may ~~shall~~ not subject the hospital to any civil or criminal liability for the release thereof. Such information shall otherwise be confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(9)(a) Within 60 days after a claim is filed, the association shall estimate the present value of the total cost of the claim, including the estimated amount to be paid to the claimant, the claimant's attorney, the attorney ~~attorney's~~ fees of the association incident to the claim, and any other expenses that are reasonably anticipated to be incurred by the association in connection with the adjudication and payment of the claim. For purposes of this estimate, the association should include the maximum benefits for noneconomic damages.

601-03238-26

20261668c1

(b) The association shall revise these estimates quarterly based upon the actual costs incurred and any additional information that becomes available to the association since the last review of this estimate. The estimate shall be reduced by any amounts paid by the association that were included in the current estimate. The association shall submit revised quarterly claim estimates to the office within 15 business days after the end of each quarter.

(c)1. If the total of all current estimates equals or exceeds 100 percent of the funds on hand and the funds that will become available to the association within the next 12 months from all sources described in subsection (4) and paragraph (5)(a), the association may not accept any new claims without express authority from the Legislature. This section does not preclude the association from accepting any claim if the injury occurred 18 months or more before the effective date of this suspension. Within 30 days after the effective date of this suspension, the association shall notify the Governor, the President of the Senate, the Speaker of the House of Representatives, ~~the President of the Senate~~, the office of ~~Insurance Regulation~~, the Agency for Health Care Administration, and the Department of Health of this suspension.

2. Notwithstanding this paragraph, the association is authorized to accept new claims during the 2026-2027 ~~2025-2026~~ fiscal year even if the total of all current estimates exceeds the limits described in subparagraph 1. during that fiscal year; however, if the total of all current estimates exceeds such limits, the association must notify the Governor, the President of the Senate, the Speaker of the House of Representatives, the

601-03238-26 20261668c1

813 office, the Agency for Health Care Administration, and the
 814 Department of Health within 5 days after it makes such
 815 determination. This subparagraph expires July 1, 2027 2026.

816 (d) If any person is precluded from asserting a claim
 817 against the association because of paragraph (c), the plan shall
 818 not constitute the exclusive remedy for such person, his or her
 819 personal representative, parents, dependents, or next of kin.

820 Section 8. Present subsections (5) through (8) of section
 821 766.315, Florida Statutes, are redesignated as subsections (6)
 822 through (9), respectively, a new subsection (5) is added to that
 823 section, and subsection (1), paragraph (e) of present subsection
 824 (5), and present subsections (7) and (8) of that section are
 825 amended, to read:

 852 children with disabilities.

853 (5) Notwithstanding this section, the board of directors
 854 may not create new benefits or expand existing benefits that
 855 result in additional costs to the plan if the plan is operating
 856 at an annual cash flow deficit, as documented in the plan's
 857 audited financial statements for the prior fiscal year.

858 (6)(5)-

859 (e) Annually, the association shall furnish audited

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1756 creates a statutory nonmedical exemption from immunization requirements for a child attending a K-12 school if the administration of a vaccine conflicts with the parent's conscience. Like the existing religious exemption, the conscience-based exemption would also be available to parents with children attending preschool or day care in a child care facility or family day care home facility who are subject to immunization requirements pursuant to existing rules. The bill requires the Department of Health to make the nonmedical exemption form available on its website.

The bill requires health care practitioners and paramedics who administer vaccines to a minor child to provide the child's parent or guardian with certain informational materials approved and adopted by joint rule of the Board of Medicine and the Board of Osteopathic Medicine before a vaccine may be administered. A parent's or guardian's signature must be obtained to document receipt of the information. The bill also requires that when more than one vaccine is to be administered to a child, the practitioner must discuss the parent's or guardian's options for the timing of the vaccinations and may, at the parent's or guardian's request, administer the vaccines to the child over multiple encounters.

The bill authorizes pharmacists to provide ivermectin¹ as a behind-the-counter medication without a prescription to a person 18 years of age or older. Before such dispensing, the bill requires a pharmacist to provide the person with written information regarding indications and contraindications, dosage, and the need to seek follow-up care from the person's primary care physician. The bill grants immunity from civil or criminal liability or disciplinary action under Florida law for pharmacists acting in accordance with these provisions.

Additionally, the bill grants immunity from civil or criminal liability and for disciplinary action under Florida law to health care practitioners licensed under chs. 458, 459, or 464, F.S., whose license includes prescribing authority, for prescribing or administering ivermectin to an adult, in good faith, in accordance with the applicable practice act and pertinent rules.

Finally, the bill clarifies that during a declared public health emergency, the State Surgeon General may not order an individual to be vaccinated.

The bill has an insignificant fiscal impact on state expenditures that can be absorbed within existing resources. **See Section V., Fiscal Impact Statement.**

The bill provides an effective date of July 1, 2026. The provisions requiring a parent's signature documenting the receipt of informational materials would not go into effect until 30 days after the Boards adopt the materials by joint rule.

II. Present Situation:

Florida Department of Health Immunization² Guidelines

Duty to Immunize All Children in Florida

The Florida Department of Health (DOH) is charged with ensuring that all children in this state are immunized against vaccine-preventable diseases.³ The DOH is responsible for adopting rules governing the immunization of school children, as well as the testing for and control of preventable communicable diseases. The DOH establishes and maintains its own immunization schedule through the *Immunization Guidelines for Florida Schools, Childcare Facilities, and Family Daycare Homes* ("DOH Immunization Guidelines"), which have remained unchanged since their adoption in 2013.⁴

¹ Prescription ivermectin tablets are approved for treating certain parasitic infections. Some topical forms of ivermectin are approved to treat external parasitic infestations and rosacea. A topical lotion for head lice is available without a prescription. Ivermectin products are also used to prevent heartworm disease and to treat certain internal and external parasites in animals. ² Immunization is defined as "The process of being made immune or resistant to an infectious disease, typically by the administration of a vaccine. It implies that a vaccine will trigger an immune response." Florida School-entry Vaccination Requirements

Section 1003.22, F.S., requires immunizations for certain preventable communicable diseases as a condition of admittance to or attendance in Florida public and private schools (K–12) and for initial entrance into a Florida school. The statute requires immunization against the following diseases, several of which are typically provided in combined vaccine formulations:

- DTaP: Diphtheria, Tetanus, and acellular Pertussis (whooping cough);⁵
- Polio;⁶
- MMR: Measles, mumps, and rubella.⁷

The statute authorizes the DOH to determine additional communicable diseases for which immunization is required.⁸ Pursuant to this authority, the DOH currently requires vaccinations against the following diseases by rule:

- Haemophilus influenzae type b (Hib);⁹
- Hepatitis B (Hep B);¹⁰
- Varicella (chickenpox);¹¹ and

Eliminating Rule-based Vaccine Mandates

The DOH held a rule workshop on December 12, 2025, in Panama City Beach.¹⁴ At the workshop, draft Proposed Revisions to Rule 64D-3.046 were distributed to attendees. The draft proposed rule eliminated requirements for these four additional vaccinations.¹⁵ At this time, no

proposed rule has been formally published, and those four vaccinations are still required. The DOH does not believe it will publish a Notice of Proposed Rule on or before March 9, 2026.¹⁶

Florida Requirements Versus Federal Vaccination Recommendations

On January 5, 2026, the U.S. Centers for Disease Control and Prevention (CDC) announced changes to its Recommended Child and Adolescent Immunization Schedule.¹⁷ The CDC continues to recommend every vaccine under Florida law and current DOH rule for children, except that the Hep B vaccination is now recommended only for certain high-risk groups or populations.¹⁸

Florida School-entry Immunization Requirements; Exemptions

As a condition of attending a public or private school (grades K-12), each child must present to the school either a Florida Certificate of Immunization Form¹⁹ or a Religious Exemption from Immunization Form.²⁰ The forms are incorporated into DOH rule. Child care facilities²¹ and family day care homes²² are also required, by rule of the Florida Department of Children and Families (DCF), to collect one of these forms for each child they serve.

¹⁷ The U.S. Department of Health and Human Services (HHS) affirms that routine childhood immunizations recommended by the CDC's Advisory Committee on Immunization Practices (ACIP) are safe and effective, and play a vital role in protecting children from vaccine-preventable diseases. ²¹ Section 402.305, F.S., requires the Department of Children and Families to establish licensing standards that all licensed child care facilities must meet, including minimum standards relating to immunizations and the maintenance of emergency and health records for all children. Department rule chapter 65C-22, F.A.C., incorporates the *Child Care Facility Handbook*, which in turn references the DOH Immunization Guidelines. The handbook requires child care facilities to obtain a Certificate of Immunization (Form DH 680) or a Religious Exemption from Immunization (Form DH 681) for each child within 30 days of enrollment. See Fla. Admin. Code R. 65C-22.001(8); Fla. Dep't of Children & Fams., *Child Care Facility Handbook*, <https://flrules.org/Gateway/reference.asp?No=Ref-13928> (last visited Jan. 20, 2026).

²² Section 402.313, F.S., directs the Department of Children and Families to adopt rules establishing minimum standards for family day care homes. These standards must include health and safety requirements, including provisions for the maintenance of immunization records. Department rule chapter 65C-20, F.A.C., incorporates the *Family Day Care Home and Large Family Child Care Home Handbook*, which references the DOH Immunization Guidelines. The handbook requires the operator to obtain a Certificate of Immunization (Form DH 680) or a Religious Exemption from Immunization (Form DH 681) for each child within 30 days of enrollment. See Fla. Admin. Code R. 65C-20.010(1)(a); Fla. The Certificate of Immunization Form is prepared by a physician's office or clinic and provides for:

- Part A: Completion of immunizations in accordance with the DOH Immunization Guidelines;
- Part B: A temporary medical exemption for children²³ who have commenced a schedule to complete the required immunizations;²⁴ or
- Part C: A permanent medical exemption for medically contraindicated immunizations. Only a licensed allopathic or osteopathic physician may certify a permanent medical exemption.²⁵

Aside from a 30-day temporary exemption applicable to transferring students, homeless students, dependent children, or students entering the juvenile justice system, the only nonmedical exemption authorized in the Florida Statutes is a religious exemption.

The Religious Exemption from Immunization Form must be signed by a parent or guardian who declares that immunizations conflict with his or her "religious tenets or practices."²⁶ The DOH Immunization Guidelines currently state the following regarding exemptions that might be sought for other reasons:²⁷

D. Consistency With Florida Law:

Requests for religious exemption from immunizations should be consistent with section 1003.22, *Florida Statutes*. **Exemptions for personal or philosophical reasons are not permitted under Florida law.**

However, the DOH's draft Proposed Revisions to Rule 64D-3.046 delete "Exemptions for personal or philosophical reasons are not permitted under Florida law."²⁸ from the DOH Immunization Guidelines and amend the Religious Exemption from Immunization form to allow a parent to attest that "Immunizations are in conflict with my religious tenets or practices, which may include a sincerely held moral or ethical belief." The current exemption form does not contain this reference to "a sincerely held moral or ethical belief," nor does Florida law. At this

²³ Children under age 4 are generally granted a temporary medical exemption because they have not received all required vaccine doses required of a kindergartener by that age.

²⁴ An allopathic, osteopathic, or chiropractic physician can certify a temporary medical exemption pursuant to s. 1003.22(5)(c), F.S. The DOH has indicated that it is not within a chiropractic physician's scope of practice to administer a vaccine to a minor child. Religious Exemption Form

The DOH Immunization Guidelines require county health department staff to issue the Religious Exemption from Immunization form, which is available electronically in the Florida SHOTS registry. (See “Florida SHOTS Immunization Registry” on pg. 11 of this analysis.) No other information should be solicited from the parent or guardian.³⁰ The form requires the electronic signature of the county health department director or administrator.³¹ The exemption form must be presented to the school, preschool, child care facility, or family day care home where it is to be kept on file in order to identify unimmunized children needing exclusion during an outbreak of a vaccine-preventable disease.

Each public school and private school, including kindergarten, is required to provide to the county health department director or administrator annual reports of compliance with immunization requirements.³² Those reports are generally compiled into statewide data.

Generally, the more religious exemptions, the fewer students with completed Certificates of Immunization.

Disease Outbreaks

The CDC defines a measles outbreak as three or more related cases.⁴² The DOH rule defines an “outbreak” as “an increase in the number of cases of a disease or condition compared to the expected number in a particular period of time and geographical area. For diseases where the expected number is zero, a single case constitutes an outbreak.”⁴³

Measles Outbreak

Florida is currently experiencing a measles outbreak. The DOH reports 104 confirmed cases of measles between January 1 and February 21, 2026, as follows:⁴⁴

Alachua	2
Broward	2
Collier	73
Duval	6
Escambia	5
Hillsborough	2
Lee	2
Manatee	3
Miami-Dade	1
Pinellas	5
St. Johns	3
TOTAL	104

Not included in this count are an additional 10 probable cases in Collier County⁴⁵ awaiting confirmation of test results.⁴⁶ These numbers reflect the reporting of each infection to the DOH.

Reporting Requirements

All practitioners, health care facilities, and laboratories in Florida are required to notify the DOH of diseases or conditions of public health significance.⁴⁷ DOH rules require reporting for each disease for which the DOH seeks to immunize children under its Immunization Guidelines. For those specified diseases, practitioners must report as follows:

- Immediately upon initial suspicion, or upon ordering a test: measles; rubella; diphtheria; *Haemophilus influenzae* type b (Hib); polio; and pneumococcal disease caused by *Streptococcus pneumoniae*.

Emergencies and Advisories

While the Governor of this state has broad emergency management powers,⁴⁹ the statutes grant specified authority to the State Health Officer, commonly referred to as the State Surgeon General. In the State Surgeon General's discretion, he or she may issue a public health advisory⁵⁰ (a warning or report giving information to the public about a potential public health threat) or may declare a public health emergency⁵¹ (for any occurrence which results or may result in substantial injury or harm to the public).

During a public health emergency, the State Surgeon General has statutory authority to order an individual to be examined, tested, treated, isolated, or quarantined for communicable diseases that have significant morbidity or mortality and present a severe danger to public health.⁵² In 2021, the Legislature amended the statute to remove the State Surgeon General's authority to order an individual to be vaccinated for such a disease.⁵³

At the local level, a county health department director or administrator⁵⁴ may declare a communicable disease emergency if a communicable disease for which vaccination is required by the DOH is present in a public or private school.⁵⁵ Upon declaration of such an emergency, the district school board or the governing authority of a private school must identify all students in attendance who have not completed the required immunizations, as documented on the Certificate of Immunization form. Students identified as not immunized against the disease for which the emergency has been declared must be excluded from school until the county health department director or administrator specifies otherwise.⁵⁶ In 2024, when seven elementary school students contracted confirmed cases of measles, a communicable disease emergency was not declared. Instead, a public health advisory was issued.⁵⁷

- “Measles can cause serious health complications, especially in children younger than five years of age. Common complications are ear infections and diarrhea. Serious complications include pneumonia and encephalitis.”⁵⁹
- “Measles is highly contagious. If one person has it, up to 9 out of 10 people nearby will become infected if they are not protected.”⁶⁰
- “It spreads through the air when an infected person coughs or sneezes.”⁶¹

The CDC further indicates that “The measles, mumps, and rubella (MMR) vaccine is very safe and effective. *When more than 95 percent of people in a community are vaccinated (coverage >95 percent), most people are protected through community immunity (herd immunity).*”⁶²

The CDC defines “community immunity” as “a situation in which a sufficient proportion of a population is immune to an infectious disease (through vaccination and/or prior illness) to make its spread from person to person unlikely. Even individuals not vaccinated (such as newborns and those with chronic illnesses) are offered some protection because the disease has little opportunity to spread within the community. Also known as herd immunity.”⁶³

In 2024, seven children at Manatee Bay Elementary in Broward County contracted confirmed cases of measles.⁶⁴ Broward County experienced two additional cases of measles, and there were single cases of measles in Martin, Orange, and Polk Counties in 2024, bringing the state total up to 12 confirmed cases in 2024 according to the DOH data.⁶⁵

The Broward County health department issued a public health advisory on February 18, 2024, in response to the outbreak of related measles cases at Manatee Bay Elementary.⁶⁶ Initially, the Broward County school district superintendent declared that the school was 92 percent vaccinated against measles.⁶⁷ It is probable that the school district obtained initial data from the Florida SHOTS immunization registry to quickly assess the school’s immunization rate. Children whose parents have opted them out of Florida SHOTS would not be counted in the initial data pull.

State Surgeon General Ladapo has reiterated that “people with a history of prior infection or vaccination of the full series of the Measles, Mumps, Rubella (MMR) immunization are 98 percent protected and are unlikely to contract measles.”⁶⁸

The county health department began offering MMR immunizations at the school.⁶⁹ The measles vaccination is typically given in a combined vaccine formulation also protecting against mumps and rubella. The Broward County school district superintendent later gave an update claiming that 33 of 1,067 Manatee Bay students were unimmunized against measles.⁷⁰ This mathematically suggests that 97 percent of students had at least one dose of the MMR vaccine, reflecting a 5 percent increase in immunization, with roughly 3 percent of students totally unprotected from the virus. The on-site vaccination efforts, together with the inclusion of students who acquired immunity through infection, appears to have increased the overall immunization rate.

According to both the CDC Child and Adolescent Immunization Schedule and the DOH Immunization Guidelines, the first dose of the MMR vaccine is recommended at one year of age, so infants under one year of age are unprotected and have no immunity from measles, mumps, and rubella. While some vaccines, such as Tdap⁷¹, that are given during pregnancy can pass protective antibodies to the baby, the MMR vaccine should not be administered during pregnancy.⁷² The second recommended dose of the MMR vaccine is recommended at four years of age. Because this outbreak occurred in an elementary school rather than a day care or preschool, the students had significantly higher immunity due to having received the second dose.

It is likely that several of the Manatee Bay Elementary students had a permanent medical exemption in place. A medical doctor or osteopathic physician may advise against a measles vaccine if the child has a known life-threatening allergy to MMR ingredients such as gelatin or neomycin, has a serious immune system condition that makes live vaccines unsafe, or has a documented history of severe brain inflammation or injury that would make MMR vaccination dangerous. Certainly, some students had a temporary medical exemption in place with the intent of completing the second recommended dose.

A child may have a religious exemption in place while still receiving selected immunizations. For the 2023-2024 school year, Broward County reported that 5.1 percent of its Kindergarten students in public and private schools had a religious exemption.⁷³ It is likely that the majority of the school's 33 unimmunized students had a religious exemption in place.

Assuming the superintendent's updated data are accurate, with roughly 97 percent of students immunized from measles, the CDC's 95 percent threshold was exceeded within the school, offering most students protection through community immunity.

The school remained open.⁷⁴ The DOH deferred to parents and guardians to make decisions about school attendance and provided virtual learning options for students whose parents or guardians chose to keep them at home.⁷⁵ On March 8, 2024, the DOH issued a press release entitled "Leading the Nation Again, Florida Successfully Balances Personal Responsibility, Parent's Rights, and Public Health."⁷⁶ The disease outbreak was contained due to the DOH and county health department's response measures which appear to have boosted the school's already high immunization rate, exceeding the threshold needed to achieve community immunity.

It should be noted that the percentage of kindergarten students fully immunized in Broward County has fallen dramatically from 90.7 percent during the 2023-2024 school year to 82.2 percent during the 2025-2026 school year.⁷⁷

Community immunity thresholds vary from disease to disease. Pertussis (whooping cough), which most commonly affects infants and young children, also requires a relatively high vaccination rate to achieve community immunity, estimated to be between 92-94 percent.⁷⁸ The pertussis vaccine is typically provided in a combined vaccine formulation along with diphtheria and tetanus, known as DTaP or Tdap.⁷⁹

Of the confirmed cases, 695 were unvaccinated, 14 were partially vaccinated with one of the recommended two-dose MMR sequence, 20 were fully vaccinated, and 60 are unknown. On January 27, students in at least 23 South Carolina schools were in quarantine.⁸⁵

Although approximately 90 percent of students in Spartanburg County meet school immunization requirements, significant variation exists at a more granular level.⁸⁶ Some schools in the county reportedly have vaccination rates as low as 20 percent.⁸⁷ When assessing outbreak risk, county- and school-level immunization data provide more meaningful insight than statewide averages.

Approximately eight percent of students in Spartanburg County have a nonmedical religious exemption from immunization requirements, reflecting a jump from three percent in 2020.⁸⁸ An eight-percent figure suggests that the county as a whole will not achieve the CDC community immunity threshold for measles of at least 95 percent. The religious exemption is the only nonmedical exemption available under South Carolina law.⁸⁹ The South Carolina Department of Public Health has made the religious exemption form available on its website, warning parents that unvaccinated children are more likely to get sick.⁹⁰

Consistent with the Spartanburg outbreak, a recent study concluded that nonmedical vaccine exemptions tend to be geographically concentrated in a fraction of counties, creating localized pockets of increased vulnerability.⁹¹

Nonmedical Exemptions in Other States⁹²

Nationally, all 50 states and the District of Columbia require specified immunizations for K–12 school attendance and allow medical exemptions. For nonmedical exemptions, state statutes fall into four nonmedical exemption categories.

- **Religious-only (and no personal/philosophical):** Alabama, Alaska, Delaware, Florida, Georgia, Hawaii, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Massachusetts, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Carolina, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia, and Wyoming. (Washington, D.C., is also religious-only.)
- **Both religious and personal/philosophical exemptions:** Arizona, Arkansas, Colorado, Idaho, Michigan, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Texas, Utah, Washington, and Wisconsin.

- **Medical exemptions only:** California, Connecticut, Maine, New York, and West Virginia.

Procedurally, states that allow nonmedical exemptions generally require a parent or guardian (or adult student) to submit a state-required form (sometimes vaccine-specific), a signed statement or affidavit attesting to the basis for the exemption, and depending on the jurisdiction, renewal at defined grade levels or annually, with explicit notice that an exempt child may be excluded from school attendance during outbreaks. Some states also narrow the scope of personal/philosophical exemptions (for example, D.C. and Virginia allow a personal-belief exemption only for HPV, and Washington removed the personal/philosophical option for MMR). In a smaller subset, the exemption is not merely filed with the school; it is processed through a health agency workflow (e.g., state or county health department intake), or it must be notarized.

Parental Education Requirements for Nonmedical Exemptions

Several states require parents seeking a nonmedical vaccine exemption to complete an education or counseling step rather than simply filing a form. Colorado and Oregon allow two routes, either completing an online education module or obtaining documentation after a health care provider consultation. Michigan requires education through the county health department before issuing the waiver form, and Utah similarly requires either an online module or an in-person local health department consultation. Mississippi requires an in-person county health department appointment that includes watching an education video and discussing vaccine information, while Vermont requires an annual religious-exemption statement confirming the parent has reviewed evidence-based educational materials. Washington generally requires a health care practitioner signature on the exemption certificate to document that the required information was provided (with separate limits on certain personal/philosophical exemptions, such as for MMR).

Legal Challenges

The U.S. Supreme Court has long recognized that compulsory vaccination falls within a state's police power for the protection of public health.⁹³ Nonmedical exemptions have given rise to recent challenges.

West Virginia state law provides for compulsory school immunization with medical exemptions and does not codify a nonmedical exemption. On January 14, 2025, West Virginia Governor Morrissey issued Executive Order 7-25, directing an exemption process for families asserting religious objections in K–12 schools and state-regulated child care.⁹⁴ On March 24, 2025, West Virginia Senate Bill 460, which would have established a religious exemption and related changes, was defeated on the House floor (42–56).⁹⁵ On December 2, 2025, the West Virginia

Supreme Court granted a stay of a ruling that would have allowed students to attend school with the religious exemption.⁹⁶ Litigation is ongoing.

New York removed its religious exemption from the state's school-immunization law in 2019, leaving medical exemptions as the only statutory basis for attending school without the required vaccines. That change brought forth litigation in *Miller v. McDonald*.⁹⁷ In that case, Old Order Amish parents and Amish schools challenged the 2019 repeal on federal constitutional grounds (principally the Free Exercise Clause), arguing that eliminating the religious exemption while retaining a medical exemption unlawfully burdened their religious exercise. In a decision issued March 3, 2025, the U.S. Court of Appeals for the Second Circuit upheld dismissal of the challenge, concluding that New York's post-2019 scheme is neutral and generally applicable for Free Exercise purposes despite the continued availability of medical exemptions.

The U.S. Supreme Court intervened, vacating the Second Circuit's judgment and remanding the case for further consideration on December 8, 2025.⁹⁸

Arkansas: Addition of a Philosophical Exemption

A 2007 study examined Arkansas school immunization exemption data before and after the state introduced a philosophical exemption in 2003, in addition to its preexisting religious exemption and medical exemptions.⁹⁹ The authors reported that total exemptions increased significantly over time after the philosophical exemption became available. They also found that nonmedical exemptions were geographically clustered, which could concentrate outbreaks and risk within communities smaller than an entire county.

Among Florida’s counties and nationwide, higher percentages of students with nonmedical exemptions are associated with lower vaccination rates.¹⁰¹

Federal Oversight of Vaccinations

While states generally establish and enforce vaccination requirements for school attendance, the federal government plays a central role in regulating vaccine products, issuing recommendations on vaccine use and supporting vaccine access through coverage and purchase programs. The U.S. Department of Health and Human Services (HHS) is the federal department principally responsible for public health policy and administration. Federal vaccine activity is coordinated through HHS and its operating divisions, including the Centers for Disease Control and Prevention (CDC) and the Food and Drug Administration (FDA). In addition, federal law directs the HHS Secretary to establish a National Vaccine Program to lead national planning efforts aimed at preventing infectious disease through immunization and preventing adverse reactions.¹⁰²

CDC, ACIP, and the Recommended Childhood Immunization Schedule

The CDC's vaccine-use guidance is traditionally developed through the Advisory Committee on Immunization Practices (ACIP).¹⁰³ The CDC publishes consolidated recommendations for clinicians and public health professionals as the Recommended Child and Adolescent Immunization Schedule.¹⁰⁴ The CDC publishes the schedule as an annual, consolidated summary of current ACIP recommendations and organizes the schedule in standard components used in pediatric practice, including an age-based schedule, a catch-up schedule, and notes that describe routine, catch-up, and special-situation guidance.¹⁰⁵ Because school-age vaccination compliance frequently depends on vaccinations received in infancy and early childhood (as well as adolescent boosters and series), the schedule serves as a central federal reference point for routine pediatric vaccination and catch-up vaccination for children who are behind schedule.

The current schedule is being revised to reflect updated CDC guidance.¹⁰⁶ The new schedule was not established, reviewed, or revised by ACIP.¹⁰⁷ Interest groups and associations such as the American Academy of Pediatrics have filed a lawsuit in federal court to challenge the procedure by which the guidance was adopted, citing conflict with federal laws and regulations.¹⁰⁸ A hearing is scheduled for February 13, 2026, before the U.S. District Court for the District of Massachusetts.¹⁰⁹ The American Academy of Pediatrics no longer endorses the CDC's schedule and instead maintains its own recommended schedule.¹¹⁰

adverse events, and creating a no-fault compensation program for certain vaccine-related injuries.¹¹¹

Federal law imposes informed-consent-adjacent requirements specific to vaccines. The Act requires development of Vaccine Information Statements (VIS) for covered vaccines and imposes duties on vaccine providers to furnish those materials prior to administration of each dose of a covered vaccine. Specifically, each health care provider who administers a vaccine set forth in the Vaccine Injury Table must provide the Vaccine Information Statement to the child's parent or guardian prior to administration of the vaccine.¹¹² The HHS requires providers to document in the patient's permanent medical record the VIS edition date and the date the VIS was provided at the time the VIS is given.¹¹³

In addition, federal law requires providers administering covered vaccines to record specified information in the patient's permanent medical record (or in a permanent office log/file):

- The date of administration,
- The manufacturer and lot number, and
- The name/address (and, if appropriate, title) of the provider administering the vaccine.¹¹⁴

The Act requires each health care provider and vaccine manufacturer to report specified events to the HHS Secretary, including events set forth in the Vaccine Injury Table within the applicable time period.¹¹⁵ The national reporting mechanism used for this purpose is the Vaccine Adverse Event Reporting System (VAERS), a passive reporting system co-managed by CDC and FDA. Anyone (health care providers, manufacturers, and the public) may submit a report.¹¹⁶ VAERS is primarily an early warning signal-detection system; it is not designed to determine whether a vaccine caused a reported event.¹¹⁷

The Act sought to incentivize manufacturers to develop vaccinations for market by offering some protection from litigation. The Act established the National Vaccine Injury Compensation Program (VICP), administered by the HHS, under which compensation may be paid for a vaccine-related injury or death. HRSA describes VICP's objectives: to ensure an adequate supply of vaccines, stabilize vaccine costs, and establish and maintain an accessible and efficient forum for individuals found to have been injured by certain vaccines.¹¹⁸

VICP claims are adjudicated in the U.S. Court of Federal Claims by special masters in the Court's Office of Special Masters (sometimes referred to as "vaccine court"). The Court describes the program as a no-fault compensation system in which petitions for compensation may be brought by or on behalf of persons alleging injury or death from covered vaccines.¹¹⁹ The vast majority of VICP claims filed are related to influenza vaccinations (flu shots).¹²⁰

According to the CDC, from 2006 to 2023, over 5 billion doses of covered vaccines were distributed in the U.S.¹²¹ For petitions filed in this period, 13,948 petitions were adjudicated by the Court, and of those, 10,193 were compensated.¹²² This means for every 1 million doses of vaccine that were distributed, approximately one individual was compensated.¹²³

The VICP covers most vaccines routinely administered in the U.S., but it does not cover claims associated with COVID-19 vaccines, which have never been added to the table. Instead, HRSA directs that claims related to COVID-19 vaccines be filed under the Countermeasures Injury Compensation Program.¹²⁴

Vaccines for Children Program and No-Cost Vaccines for Eligible Children

Separate from the Act's reporting and compensation framework, federal law supports access to pediatric vaccines through the Vaccines for Children program, a pediatric vaccine distribution program established in the Social Security Act.¹²⁵ The CDC states that there is no cost for vaccines themselves provided by program providers to eligible children.¹²⁶

FDA Regulation of Vaccines

Vaccines are regulated as biological products. The FDA licenses (approves) vaccines for introduction into interstate commerce.¹²⁷ In general terms, the FDA evaluates evidence of safety, effectiveness, and manufacturing quality to determine whether a vaccine may be marketed in the U.S.¹²⁸

Before a vaccine may be evaluated by the FDA for licensure, it typically proceeds through preclinical testing and clinical development.¹²⁹

- Preclinical phase. A company or researcher conducts laboratory research and animal testing. If the sponsor is ready to begin studies in humans, it submits an Investigational New Drug application to the FDA. If the application meets the FDA's criteria and is authorized to proceed, clinical development begins and the vaccine enters phased human trials.
- Phase 1 (safety). Generally involves 20-100 healthy volunteers and focuses on initial safety and dosing. If no significant safety concerns arise, the product may proceed to Phase 2.
- Phase 2 (initial efficacy). Generally involves hundreds of participants and evaluates dosing, immune response, and additional safety data across broader demographic groups.
- Phase 3 (confirmatory efficacy and safety). Generally involves thousands of participants and is designed to generate the principal evidence of effectiveness and additional safety data. Participants are randomized into a treatment group and a control group to generate critical information on effectiveness and additional important safety data. The treatment group gets the vaccine and the control group gets the placebo. For a new vaccine, the placebo is saline or similar. In the case of childhood vaccinations, the currently given vaccinations are updated versions of older vaccines. When updated versions of older vaccines are tested in trials, the treatment group gets the new vaccine and the control group gets the old vaccine as the placebo.¹³⁰

After Phase 3, the sponsor generally submits a biologics license application for FDA review of data, proposed labeling, and manufacturing.¹³¹ If the FDA approves the application and licenses the vaccine, the product may be marketed and distributed in interstate commerce.¹³² Once distribution begins, the FDA and the CDC continue post-licensure safety monitoring through systems such as VAERS.

Ivermectin

As of September 30, 2025, the DOH has received 59 total complaints involving licensed health care practitioners related to the prescribing or dispensing of ivermectin. The DOH reports that none of these complaints were deemed legally sufficient for probable cause to be found.

FDA Approval of Ivermectin (for Treatment of Parasitic Conditions)

The FDA website details how the ivermectin drug is used: “Ivermectin tablets are approved by the FDA to treat people with intestinal strongyloidiasis and onchocerciasis, two conditions caused by parasitic worms. In addition, some topical forms of ivermectin are approved to treat external parasites like head lice and for skin conditions such as rosacea. Some forms of animal ivermectin¹³³ are approved to prevent heartworm disease and treat certain internal and external parasites in animals. It's important to note that these products are different from the ones for people, and safe only when used in animals as labeled or as prescribed. The FDA has not

authorized or approved ivermectin for the treatment or prevention of COVID-19 in people or animals. The FDA has not determined that ivermectin is safe or effective for these indications (uses).”¹³⁴

Similar to how the FDA licenses vaccines and other (“large-molecule”) biologics, the FDA also authorizes most conventional (“small-molecule”) drugs for marketing by approving a New Drug Application.¹³⁵ After pre-clinical testing and with approval to proceed, the drug sponsor runs a series of clinical trials in people (typically Phase 1-3) to evaluate safety and efficacy, and then submits those data to the FDA for review.¹³⁶ The FDA’s review teams then evaluate the submitted evidence (along with manufacturing and labeling information) and decide whether the benefits outweigh the risks for the intended use.¹³⁷

The FDA has granted marketing approval for ivermectin tablets for specified parasitic worm conditions.¹³⁸ Those FDA-approved indications are the drug’s “on-label” uses. However, a licensed prescriber has the authority to prescribe an FDA-approved human drug for an off-label use when, in the prescriber’s professional judgment, such use is medically appropriate for an individual patient.¹³⁹

The FDA at one time led a “You are not a horse!” social media campaign attempting to deter people from using both animal ivermectin drugs and FDA-approved prescription ivermectin drugs as an off-label COVID-19 treatment.¹⁴⁰ The campaign gave rise to litigation clarifying the role of the FDA. The U.S. Court of Appeals for the Fifth Circuit opined that the “FDA is not a physician. It has authority to inform, announce, and apprise—but not to endorse, denounce, or advise.”¹⁴¹

The American Association of Poison Control Centers reported 2,337 ivermectin poison control reports nationally in 2021.¹⁴² One of the clearest datasets tying veterinary ivermectin to severe outcomes comes from Oregon. A poison center study of COVID-19-related ivermectin exposures that led to a health care visit (Aug. 14, 2021–Jan. 31, 2022) reported 37 cases, including 21

Clinical Studies: Ivermectin and COVID-19

Early in the COVID-19 pandemic, ivermectin drew attention because a mix of small clinical studies and early meta-analyses appeared to show benefit, but the limited evidence and its underlying data sets were highly disputed. A CDC health alert issued on August 26, 2021, explained: “Clinical trials and observational studies to evaluate the use of ivermectin to prevent and treat COVID-19 in humans have yielded insufficient evidence for the NIH COVID-19 Treatment Guidelines Panel to recommend its use. Data from adequately sized, well-designed, and well-conducted clinical trials are needed to provide more specific, evidence-based guidance on the role of ivermectin in the treatment of COVID-19.”¹⁴⁴

As the evidence base matured, larger, better-controlled randomized trials did not confirm those early signals that appeared to show benefits of off-label ivermectin use. In the TOGETHER outpatient trial, ivermectin did not reduce the need for hospitalization or prolonged emergency observation.¹⁴⁵ In the U.S. ACTIV-6 platform trial, which included a participation site at the University of Florida, ivermectin likewise did not improve time to sustained recovery, even when tested at higher doses and longer courses.¹⁴⁶

Because the most rigorous trials have failed to demonstrate meaningful clinical benefit, clinical guidelines largely do not recommend ivermectin for COVID-19 outside of research settings.¹⁴⁷

Ivermectin Classified as Rx-Only Status; Federal Misbranding

When the FDA approves a drug application for marketing, the agency also determines whether the product will be prescription-only or nonprescription (over-the-counter or “OTC”), and it approves the product’s conditions of use and labeling consistent with that status. Under the Federal Food, Drug, and Cosmetic Act, a drug is classified as prescription-only if it is not safe for use without a clinician’s supervision (e.g., due to toxicity, method of use, or required monitoring), and prescription drugs must bear the “Rx only” legend consistent with this statutory scheme.¹⁴⁸ If a drug sponsor later seeks to move a drug from prescription to nonprescription

status, that occurs through a separate Rx-to-OTC switch process that typically relies on consumer-focused evidence (e.g., label comprehension and self-selection studies, and sometimes actual-use studies) to show the product can be used safely and effectively without a prescriber.¹⁴⁹

Ivermectin remains classified federally as a prescription drug for human use. Federal law requires that, prior to dispensing, the drug's labeling bear the legend "Rx only." A prescription drug that does not bear this legend before dispensing is deemed misbranded under federal law. Ivermectin is generally well tolerated when used at FDA-approved doses for approved indications; however, adverse effects may occur and can be dose-related. The FDA has warned that ivermectin can interact with other medications, including anticoagulants ("blood thinners").¹⁵⁰ These interaction risks are particularly relevant when ivermectin is obtained without individualized prescriber oversight, as patients taking anticoagulants may not recognize the potential for increased bleeding risk.

For purposes of labeling and misbranding law, nonprescription (OTC) drug labeling must "stand on its own" for a lay consumer and must include adequate directions for use so that an ordinary person can use the product safely and for its intended purpose without professional supervision.¹⁵¹ By contrast, prescription (Rx-only) drugs are intended to be used under the supervision of a licensed practitioner and therefore generally fall within the FDA's regulatory exemptions from the "adequate directions for use" requirement, because such directions cannot feasibly be written for safe self-use by the general public. As a result, attempts to market a product for self-directed use without consumer-usable directions (or with labeling that implies an OTC use that actually requires practitioner oversight) raise heightened misbranding risk under federal labeling standards.

State Trends in Ivermectin Laws

When a state authorizes a pharmacist to furnish a prescription drug without a patient-specific prescription, questions arise as to whether the transaction constitutes "dispensing" under state law and what labeling and documentation requirements apply, particularly in light of the federal "Rx only" classification.

Several states have enacted laws authorizing pharmacists to provide ivermectin without an individual patient-specific prescription, notwithstanding ivermectin's federal prescription-only status. These laws generally fall into two models: an OTC authorization declaring that ivermectin suitable for human use may be sold or purchased without a prescription, or a standing order or collaborative practice model authorizing dispensing pursuant to a non-patient-specific prescriptive order or protocol.

III. Effect of Proposed Changes:

Section 1 creates a short title. The act may be cited as the “Medical Freedom Act.”

Section 2 amends s. 381.00315(2)(d)4., F.S. That statute currently provides that the State Surgeon General, upon declaration of a public health emergency, may order an individual to be treated for communicable diseases that have significant morbidity or mortality and present a severe danger to public health. The bill amends this subparagraph to clarify that the State Surgeon General’s authority to order an individual to be treated does not include authority to order the individual to be vaccinated.

In 2021, the Legislature amended the statute to remove the State Surgeon General’s overt authority to order an individual to be vaccinated for such a disease.¹⁵² Although the State Surgeon General’s authority to order an individual to be vaccinated was already removed from this section, this bill goes a step further to state that limitation affirmatively. The bill forecloses negative-implication and prevents arguments that vaccination is simply a form of “treatment” authorized within that section.

Section 3 amends s. 456.0575, F.S., to revise procedures surrounding vaccinations of minor children.

“Health care practitioner” is defined for ch. 456, F.S., in s. 456.001(4), F.S.,¹⁵³ but only the following professions are granted authority in their respective practice acts to administer vaccinations to minors: allopathic physicians and physician assistants, osteopathic physicians and physician assistants, registered nurses, advanced practice registered nurses, and licensed practical nurses.

Under s. 401.272(2)(c), F.S., paramedics may administer immunizations in a nonemergency environment, within the scope of their training, and under the medical direction of a physician through two-way communication or pursuant to established standing orders or protocols.

Under the bill, before administering a vaccine to a minor child, such health care practitioner or paramedic must:

- Provide the child’s parent or guardian with information on the risks, benefits, safety, and efficacy of each vaccine being administered, using materials approved and adopted by joint rule of the Board of Medicine and the Board of Osteopathic Medicine (collectively, the Boards).
- Obtain the signature of the parent or guardian acknowledging receipt of those informational materials.

The Boards will need to jointly determine how to convey to parents the risks, benefits, safety, and efficacy of each vaccine that may be administered to a minor child.

¹⁵² Chapter 2021-7B, Laws of Fla.

¹⁵³ Section 456.001(4), F.S. “Health care practitioner” means any person licensed under chapter 457; chapter 458; chapter 459; chapter 460; chapter 461; chapter 462; chapter 463; chapter 464; chapter 465; chapter 466; chapter 467; part I, part II, part III, part V, part X, part XIII, or part XIV of chapter 468; chapter 478; chapter 480; part I, part II, or part III of chapter 483; chapter 484; chapter 486; chapter 490; or chapter 491.

The National Childhood Vaccine Injury Act establishes a federal requirement for health care providers to provide a Vaccine Information Statement (VIS) to a child's parent or guardian prior to administration of vaccines covered by the Act, a category that includes most routine pediatric immunizations and flu shots.¹⁵⁴ Federal law requires providers to record in the medical record that the VIS (or other required patient information, as applicable) was provided, including the date it was given and the VIS edition (publication) date.

Combined with the requirements in the bill, the provider must document in the medical record that the federal information materials as described were provided and obtain the signature of the parent or guardian acknowledging receipt of the Boards' approved informational materials.

Unless the Boards jointly approve the applicable VIS as the bill's required informational materials for each vaccine, the informational materials required to be presented to parents under the bill will be provided in addition to the federally-required VISs.

If more than one vaccine is to be administered, the bill requires a health care practitioner to discuss the timing of multiple vaccinations with the child's parent or guardian and the parent or guardian's options for such timing before administering the initial vaccination. The bill affirmatively authorizes the health care practitioner to administer vaccines to a child over multiple encounters if the parent or guardian requests it.

The Department of Health (DOH) has indicated that the Board of Medicine, Board of Osteopathic Medicine, Board of Nursing, and Board of Pharmacy may need to amend their disciplinary guideline rules to create a range of penalties for violating the new requirements in s. 456.0575, F.S., as amended by the bill.¹⁵⁵

Section 4 provides that the amendments to s. 456.0575(2)(a) and (b), F.S., in section 3 of the bill relating to information that must be provided to parents or guardians before vaccinating a minor, become effective 30 days after the Board of Medicine and the Board of Osteopathic Medicine adopt the informational materials by joint rule. The Boards must notify the Division of Law Revision immediately upon adoption. The bill, if enacted, would take effect before the informational materials are finalized. This delayed effective date relating to the informational materials ensures that practitioners and paramedics can continue to provide vaccinations to minors with parental consent, as generally required for the provision of all health care services pursuant to s. 1014.06, F.S., while the materials are being developed by the boards.

Sections 5, 6, and 7 create ss. 458.3351, 459.0156, and 464.0181, F.S., respectively, to grant immunity from civil or criminal liability and disciplinary action under Florida law to a health care practitioner licensed under chs. 458, 459, or 464, F.S., whose license includes prescribing

¹⁵⁴ While COVID-19 vaccines are not NCVIA-covered vaccines, CDC guidance indicates that vaccinators should provide the COVID-19 VIS before each dose. authority, for prescribing or administering ivermectin¹⁵⁶ to an adult, in good faith, in accordance with the applicable practice act and pertinent rules.

Section 5 grants such immunities to allopathic physicians, and physician assistants delegated prescriptive authority by their supervising physician, licensed under ch. 458, F.S.

Section 6 grants such immunities to osteopathic physicians, and physician assistants delegated prescriptive authority by their supervising physician, licensed under ch. 459, F.S.

Section 7 grants such immunities to advance practice registered nurses (APRNs) operating within the framework of an established protocol, or autonomous APRNs, licensed under ch. 464, F.S.

Section 8 amends the Florida Pharmacy Act by creating s. 465.1897, F.S., to authorize a licensed pharmacist to provide ivermectin¹⁵⁷ to a person who is 18 years of age or older without a prescription as a behind-the-counter medication until the U.S. Food and Drug Administration (FDA) approves ivermectin for over-the-counter sale. Current prescription-only ivermectin drugs include oral tablets for the treatment of parasitic conditions and topical ivermectin for the treatment of rosacea.

Before providing ivermectin under this provision, the pharmacist must provide written information regarding indications and contraindications, appropriate dosage, and the need to seek follow-up care from the person's primary care physician. Because the FDA has classified all tablet forms and some topical forms of ivermectin as prescription-only drugs, meaning that the drugs may be dispensed to a specific patient pursuant to a practitioner's prescription and used under that practitioner's supervision, they are exempted from federal "adequate directions for use" requirements. This exemption would no longer apply if they were to be dispensed without a prescription.

The bill provides that a pharmacist acting in good faith is immune from civil or criminal liability or disciplinary action for providing ivermectin to an adult in accordance with this portion of the bill. However, any prescription drugs so dispensed would be misbranded in violation of federal law.¹⁵⁸ Although the bill provides protection from state actions, a pharmacist or pharmacy acting in accordance with this section would risk federal enforcement.

The Board of Pharmacy is authorized, but not required, to adopt rules to implement this new section of law.

Section 9 amends s. 1003.22, F.S., to create a statutory nonmedical exemption from immunization requirements for a child attending a K-12 school if the administration of immunizing agents conflicts with the parent's conscience.

¹⁵⁶ These sections address ivermectin broadly and could be interpreted to encompass all formulations for on- and off-label use, including drugs manufactured for human use and animal use.

¹⁵⁷ The bill does not specify whether the ivermectin authorized to be dispensed by pharmacists under this section must be manufactured for human use.

¹⁵⁸ See Constitutional Issues. See Present Situation: Ivermectin Classified as Rx-Only Status; Federal Misbranding.

Like the existing religious exemption, the conscience exemption would also be available to children attending preschool or day care in a child care facility¹⁵⁹ or family day care home facility¹⁶⁰ who are subject to immunization requirements pursuant to rules of the Department of Children and Families.

Under the bill, a single nonmedical exemption form would provide for both conflicts with religious tenets or practices and conflicts with conscience.¹⁶¹ In accordance with current DOH rule for the religious exemption form, the new form must be approved and provided by the DOH.

The bill statutorily requires the nonmedical exemption form to be made available on the DOH website. Nothing in current law prevents the DOH from making the form available on its website today. Under the bill, the DOH would be required to do something it may already do of its own volition but has chosen not to.

A parent seeking a nonmedical exemption must obtain a signature from the director or administrator of the county health department pursuant to existing DOH rule before presenting the form to the school or facility, as required by the bill and in accordance with rule, effectively exempting their child from immunization requirements.

The bill makes a technical change to paragraph (5)(b) regarding a permanent medical exemption to clarify that a child may be exempt from one or more required immunizations, which is in accordance with Part C of the DOH's current Certificate of Immunization Form.

The bill also makes a technical change to paragraph (5)(c) to correct verbiage providing that a child who has a temporary medical exemption, which may be issued by an allopathic physician, an osteopathic physician, or a chiropractic physician under current law, is in the process of completing the other required immunizations. The bill conforms to Part B of the DOH's current Certificate of Immunization Form.

The bill makes other non-substantive edits to improve clarity within this statutory section and to improve consistency within the statutes. For example, the bill replaces "permit" with "allow" to clarify that no formal permit is issued, and hyphens are added to "follow-up."

Section 10 provides an effective date of July 1, 2026.

1. Directing manufacturers of prescription drugs or over-the-counter drugs who are permitted under chapter 499 and wholesalers of prescription drugs located in this state who are permitted under chapter 499 to give priority to the shipping of specified drugs to pharmacies and health care providers within geographic areas identified by the State Health Officer. The State Health Officer must identify the drugs to be shipped. Manufacturers and wholesalers located in the state must respond to the State Health Officer's priority shipping directive before shipping the specified drugs.

2. An inactive license that is reactivated under this paragraph shall return to inactive status when the public health emergency ends or before the end of the public health emergency if the State Health Officer determines that the health care practitioner is no longer needed to provide services during the public health emergency. Such licenses may only be reactivated for a period not to exceed 90 days without meeting the requirements of s. 456.036 or chapter 401, as applicable.

Such estimate does not preclude the actual charges from
exceeding the estimate. Failure to provide the estimate in
accordance with this subsection, without good cause, shall
result in disciplinary action against the health care
practitioner and a daily fine of \$500 until the estimate is
provided to the patient. The total fine may not exceed \$5,000.

vaccinations with the child's parent or guardian and the parent's or guardian's options for such timing before administering the initial vaccination. At the request of the parent or guardian, such a health care practitioner may administer vaccines to the minor child over multiple encounters.

(3) GOOD FAITH ESTIMATE OF CHARGES.—Upon request by a patient, before providing nonemergency medical services in a facility licensed under chapter 395, a health care practitioner shall provide, in writing or by electronic means, a good faith estimate of reasonably anticipated charges to treat the patient's condition at the facility. The health care practitioner shall provide the estimate to the patient within 7 business days after receiving the request and is not required to adjust the estimate for any potential insurance coverage. The health care practitioner shall inform the patient that the patient may contact his or her health insurer or health maintenance organization for additional information concerning cost-sharing responsibilities. The health care practitioner shall provide information to uninsured patients and insured patients for whom the practitioner is not a network provider or preferred provider which discloses the practitioner's financial assistance policy, including the application process, payment plans, discounts, or other available assistance, and the practitioner's charity care policy and collection procedures. Such estimate does not preclude the actual charges from exceeding the estimate. Failure to provide the estimate in accordance with this subsection, without good cause, shall result in disciplinary action against the health care practitioner and a daily fine of \$500 until the estimate is

provided to the patient. The total fine may not exceed \$5,000.

Section 4. The amendments made by this act to s. 456.0575(2) (a) and (b), Florida Statutes, relating to information that must be provided to parents or guardians before the administration of a vaccination to a minor are effective 30 days after the Board of Medicine and the Board of Osteopathic Medicine adopt by joint rule the informational materials as required under that subsection. The Board of Medicine and the Board of Osteopathic Medicine shall notify the Division of Law Revision immediately upon their adoption of such materials.

Section 5. Section 458.3351, Florida Statutes, is created to read:

458.3351 Prescription or administration of ivermectin.—A health care practitioner who is licensed under this chapter and whose license includes prescribing authority is immune from civil or criminal liability or disciplinary action for prescribing or administering ivermectin to an adult in good faith in accordance with this chapter and rules pertaining to his or her practice.

Section 8. Section 465.1897, Florida Statutes, is created to read:

465.1897 Sale of ivermectin without a prescription.—

(1) A pharmacist may provide ivermectin to a person 18 years of age or older without a prescription as a behind-the-counter medication until the United States Food and Drug Administration approves it for over-the-counter sale.

(2) Before providing ivermectin under this section, the pharmacist shall provide the person with written information regarding the indications and contraindications for ivermectin, the appropriate dosage, and the need to seek follow-up care from the person's primary care physician.

(3) A pharmacist acting in good faith is immune from civil or criminal liability or disciplinary action for providing ivermectin to an adult in accordance with this section.

(4) The board may adopt rules to implement this section.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Rules

BILL: SB 7034

INTRODUCER: Environment and Natural Resources Committee

SUBJECT: Ratification of Rules of the Department of Environmental Protection

DATE: March 2, 2026

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Barriero	Rogers	EN	EN Submitted as Comm. Bill/Fav
1.	Reagan	Betta	AEG	Favorable
2.	Barriero	Kruse	RC	Pre-meeting

I. Summary:

SB 7034 ratifies the Department of Environmental Protection's (DEP) revisions to the minimum flows and levels (MFLs) for the Lower Santa Fe and Ichetucknee Rivers and Priority Springs within rule 62-42.300 of the Florida Administrative Code. MFLs are established at the limit at which further withdrawals would be significantly harmful to the water resources or ecology of the area. The proposed rule relies on conservation practices, monitoring, and offsets to protect the continued health and ecological value of the Lower Santa Fe and Ichetucknee Rivers and Priority Springs.

The Statement of Estimated Regulatory Costs developed by the DEP concluded that the proposed rules will likely increase costs to regulated entities by \$158,450,588 to \$163,836,003 in the aggregate within five years after the rules' implementation. Additionally, an estimated \$1,975,050 to \$11,712,476 in indirect costs are expected to be incurred by the Suwannee River Water Management District. This amount triggers the statutory requirement for the rule to be ratified by the Legislature before it may go into effect.

The bill takes effect upon becoming law.

II. Present Situation:

Minimum Flow and Minimum Water Levels (MFLs)

MFLs are established for waterbodies to prevent significant harm to the water resources or ecology of an area as a result of water withdrawals.¹ MFLs are typically determined based on evaluations of natural seasonal fluctuations in water flows or levels, nonconsumptive uses, and

¹ See section 373.042, F.S.; see also DEP, *Minimum Flows and Minimum Water Levels and Reservations*, <https://floridadep.gov/owper/water-policy/content/minimum-flows-and-minimum-water-levels-and-reservations> (last visited Jan. 26, 2026).

environmental values associated with coastal, estuarine, riverine, spring, aquatic, wetlands ecology, and other pertinent information associated with the water resource.²

While the Department of Environmental Protection (DEP) has the authority to adopt MFLs, the state's five water management districts (WMDs) have the primary responsibility for MFL adoption. The WMDs submit annual MFL priority lists and schedules to the DEP for the establishment of MFLs for surface watercourses, aquifers, and surface waters within the district.³ MFLs are calculated using the best information available⁴ and are considered rules by the WMDs, which are subject to chapter 120, F.S., challenges.⁵ MFLs are subject to independent scientific peer review at the election of the DEP, a WMD, or, if requested, by a third party.⁶ MFLs must be reevaluated periodically and revised as needed.⁷

MFLs must be established for each Outstanding Florida Spring (OFS).⁸ For OFSs identified on a WMD's priority list which have the potential to be affected by withdrawals in an adjacent district, the adjacent district and the DEP must collaboratively develop and implement a recovery or prevention strategy for an OFS not meeting an adopted MFL.⁹

For OFSs that fall below the adopted MFL or are projected to fall below the MFL within 20 years, the DEP or WMDs must implement a recovery or prevention strategy to ensure the MFL is maintained over the long-term.¹⁰ The recovery or prevention strategy must include:

- A listing of all specific projects identified for implementation of the plan;
- A priority listing of each project;
- The estimated cost and date of completion for each listed project;
- The source and amount of financial assistance to be made available by the WMD for each listed project, which may not be less than 25 percent of the total project cost unless a specific funding source or sources are identified which will provide more than 75 percent of the total project cost;¹¹
- An estimate of each listed project's benefit to an OFS; and
- An implementation plan designed with a target to achieve the adopted MFL no more than 20 years after the adoption of the recovery or prevention strategy.¹²

Agricultural producers who implement best management practices are presumed to be in compliance with the recovery or prevention strategy.¹³

Lower Santa Fe and Ichetucknee Rivers and Priority Springs

The Santa Fe River in north-central Florida is a second-order tributary to the Suwannee River.¹⁴ It is naturally divided into two sections: the Upper Santa Fe River, extending from its headwaters in Lake Santa Fe and the Santa Fe Swamp, and the Lower Santa Fe River, extending from the River Rise north of High Springs to its confluence with the Suwannee River.¹⁵ The Lower Santa Fe River is fed by the flow of at least 36 different named springs.¹⁶ With a discharge of over 200 million gallons per day, the Ichetucknee River is the largest tributary to the Santa Fe River.¹⁷

The Santa Fe River Basin is approximately 1,380 square miles and is underlain by limestone formations that comprise the Floridan aquifer or aquifer system.¹⁸ The area features several popular recreational areas containing springs, swallets, and river rises, including Ichetucknee Springs State Park, O'Leno State Park, River Rise State Park, and private venues.¹⁹ The river and its springs are important to the economy of at least seven counties in north-central Florida and serve as a significant natural resource through the ecosystem services they provide, including the maintenance of habitat for fish and wildlife.²⁰

Six springs within the basin have been designated as OFSs, including the Ichetucknee Springs Group and Columbia, Devil's Ear, Hornsby, Poe, and Treehouse Springs along the Santa Fe River.²¹ The Ichetucknee Springs Group is a first-magnitude spring complex, comprised of nine named and many unnamed springs that discharge into the Ichetucknee River. All but two of the nine springs are identified as Priority Springs.²²

Maintaining flows from the Priority Springs is essential to protecting water resource conditions and the ecological values of the springs, as well as the Lower Santa Fe River and Ichetucknee River downstream.²³ However, historical flow records over more than 90 years have shown a decline in flow for the Ichetucknee River and springs of roughly 10-20 percent. Additionally, nitrate-nitrogen concentrations have increased over the past two decades, and while the Ichetucknee River and springs continue to be well-vegetated with native plant species, there has been a marked decrease in the diversity of those species over time.²⁴

In 2013, the Suwannee River Water Management District (SRWMD) concluded that excessive flow reductions in the Lower Santa Fe and Ichetucknee Rivers and associated Priority Springs (LSFIR) were beyond the point of “significant harm” and that these waterbodies required a recovery strategy.²⁵ Accordingly, the SRWMD governing board requested that the DEP adopt MFLs for the LSFIR due to the potential for impacts associated with water withdrawals in both the SRWMD and the St. Johns River Water Management District (SJRWMD).²⁶ At that time, the LSFIR was determined to be in recovery at both of the two MFL compliance points, and a recovery strategy was approved by the SRWMD and SJRWMD governing boards with regulatory components adopted by rule by the DEP in June 2015.²⁷

*Santa Fe and Ichetucknee Rivers and Priority Springs*²⁸

On December 2, 2019, the DEP published a Notice of Rule Development to reevaluate the 2015 LSFIR MFLs.²⁹ The most recent status assessment determined that the reevaluated MFLs in the proposed rule are not being met at two of the three identified compliance points. Accordingly, development of a prevention or recovery strategy was necessary.³⁰ The revised rules and implementation strategy are discussed in the Effect of Proposed Changes section below.

North Florida Regional Water Supply Partnership (NFRWSP)

The NFRWSP was established in 2011 through a formal interagency agreement executed by the DEP, SJRWMD, and SRWMD.³¹ The NFRWSP planning area covers more than 8,000 square miles and includes 14 counties: Alachua, Baker, Bradford, Clay, Columbia, Duval, Flagler, Gilchrist, Hamilton, Nassau, Putnam, St. Johns, Suwannee, and Union.³²

NFRWSP Area³³

The purpose of the NFRWSP is to protect natural resources and water supplies in North Florida through collaborative planning, scientific-tool development, and related efforts.³⁴ A central product of the NFRWSP is the North Florida Regional Water Supply Plan, which assesses current and projected water demands and identifies projects, water conservation measures, and other strategies to meet future demands while avoiding unacceptable water resource impacts.³⁵ Such projects include the use of reclaimed water to offset potable use or groundwater recharge to increase the amount of water in an aquifer to help offset declines caused by withdrawals.³⁶

³⁶ *Id.* at 84, 87. According to the latest water supply plan published in 2023, total water demand within the NFRWSP area is projected to increase from 530 million gallons per day (mgd) in 2015 to 698 mgd by 2045, a 32 percent increase.³⁷ The NFRWSP concluded that fresh groundwater alone cannot meet this projected increase in demand without causing unacceptable impacts to water resources.³⁸

Since approval of the previous regional water supply plan in 2017, participating agencies and stakeholders have implemented approximately 1,294 cost-share water supply and conservation projects through 2022, an investment of about \$146 million that contributed to the availability or conservation of approximately 89.1 mgd of water within the NFRWSP area.³⁹ The 2023 plan identifies 160 mgd of estimated benefit from water supply development, water resource development, and water conservation project options to offset the projected increase in groundwater demand of approximately 135 mgd by 2045.⁴⁰

Legislative Ratification

A rule is subject to legislative ratification if it:

- Has an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within five years after the implementation of the rule;
- Has an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within five years after the implementation of the rule; or
- Increases regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within five years after the implementation of the rule.⁴¹

If a rule requires ratification by the Legislature, the rule must be submitted to the President of the Senate and Speaker of the House of Representatives no later than 30 days prior to the regular legislative session. The rule may not go into effect until it is ratified by the Legislature.⁴²

Statement of Estimated Regulatory Costs Requirements

A statement of estimated regulatory costs (SERC) is an analysis prepared by an agency before the adoption, amendment, or repeal of a rule other than an emergency rule. A SERC must be prepared by an agency for a proposed rule that:

- Will have an adverse impact on small businesses; or

³⁸ *Id.* at 2.

⁴⁰ *Id.* at 4, 101.

⁴¹ Section 120.541(2)(a), F.S. “Transactional costs” re direct costs that are readily ascertainable by the agency based upon standard business practices, and may include, among other things: filing fees; necessary equipment, operations, or procedures; labor and benefits; capital expenditures; professional services; monitoring and reporting; reduced sales or other revenue. Section 120.541(2)(d), F.S.

⁴² Section 120.541(3), F.S.

- Is likely to directly or indirectly increase regulatory costs in excess of \$200,000 in the aggregate in the state within one year after the implementation of the rule.⁴³

A SERC must include:

- An economic analysis showing whether the rule exceeds the thresholds requiring legislative ratification;
- A good faith estimate of the number and types of individuals and entities likely to be required to comply with the rule, and a general description of the types of individuals likely to be affected by the rule;
- A good faith estimate of the cost to the agency, and to other state and local government entities, of implementing and enforcing the proposed rule, including anticipated effects on state or local revenues;
- A good faith estimate of the transactional costs (direct business costs) likely to be incurred by individuals and entities required to comply with the requirements of the rule;
- An analysis of the impact on small businesses, small counties, and small cities; and
- A description of regulatory alternatives submitted to the agency and a statement adopting the alternative or a statement of the reasons for rejecting the alternative in favor of the proposed rule.⁴⁴

SERC for Rule 62-300, F.A.C.

The DEP determined that a SERC was required for the revisions to rule 62-42.300 of the Florida Administrative Code and prepared one in advance of rule adoption.⁴⁵ The DEP estimates the revised rule will increase regulatory costs, including transactional costs, by up to \$163.8 million in the aggregate within five years of implementation.⁴⁶ A summary of these costs is provided in the table below.⁴⁷

⁴⁹ The total estimated cost for the “Offset Requirements” includes the completion of a large-scale regional water recharge project, which will take place over an estimated 13-year time period. In the first five years following rule adoption, \$142 million is the estimated expenditure for the project, which includes preconstruction activities, such as permitting and design and land acquisition, and some initial construction activities. The total estimated project cost is \$1.1 billion. *Id.*

Additionally, an estimated \$1,975,050 to \$11,712,476 in indirect costs are expected to be incurred by the SRWMD within the first five years.⁵⁰

The proposed rules and associated costs will be discussed in the Effect of Proposed Changes section below.

III. Effect of Proposed Changes:

Section 1 ratifies the revised minimum flows and level (MFL) rule 62-42.300 of the Florida Administrative Code, titled “The Lower Santa Fe and Ichetucknee Rivers and Priority Springs,” as filed for adoption with the Department of State pursuant to the certification package dated December 31, 2025. The bill provides that this section serves no other purpose and may not be codified in the Florida Statutes. After this act becomes a law, its enactment and effective dates must be noted in the Florida Administrative Code, the Florida Administrative Register, or both, as appropriate. This section does not alter rulemaking authority delegated by prior law, does not constitute legislative preemption of or exception to any provision of law governing adoption or enforcement of the rule cited, and is intended to preserve the status of any cited rule as a rule under chapter 120, Florida Statutes. This section does not cure any rulemaking defect or preempt any challenge based on a lack of authority or a violation of the legal requirements governing adoption of any rule cited.

The costs associated with the revised rule stem from revisions to the MFLs for the Lower Santa Fe and Ichetucknee Rivers and Priority Springs and the implementation strategy to comply with those MFLs. The key components of the proposed rule and implementation strategy are discussed below. In total, the proposed rule may increase regulatory costs, including transactional costs, by \$158,450,588 to \$163,836,003.⁵¹

Proposed MFLs for the Lower Santa Fe and Ichetucknee Rivers and Priority Springs

The proposed revisions to rule 62-42.300 of the Florida Administrative Code replace the existing 2015 MFLs and establish the regulatory components of an implementation strategy to achieve the new limits.⁵² The implementation strategy will be administered by the St. Johns River Water Management District (SJRWMD) and the Suwannee River Water Management District (SRWMD) in the North Florida Regional Water Supply Partnership (NFRWSP) planning area.

As discussed in further detail below, the proposed rule provides new requirements related to private residential landscape irrigation, monitoring and reporting, water conservation, and offsetting impacts.

⁵⁰ DEP, *SERC: Rule 62-42.300, F.A.C.: Attachment A*, 4 (2025), available at <https://floridadep.gov/owper/water-policy/documents/attachment-lsfir-serc-summary-serc-economic-assessment>.

⁵¹ DEP, *SERC: Rule 62-42.300, F.A.C.: Attachment A* at 4.

⁵² *Id.* at 8. If the revised rules are not ratified, the 2015 MFL and recovery strategy will remain in place.

Private Residential Landscape Irrigation Requirements

Currently, private residential irrigation water use is authorized by a general permit. Uses authorized under such permits generally must abide by days of the week restrictions and other watering restrictions.⁵³

The proposed rule supersedes existing rules for certain users. If a residential home is supplied potable water by a utility, a general permit will not be authorized within the NFRWSP for a new well from the Floridan aquifer for irrigation after the effective date of the rule.⁵⁴ The use of water may be authorized through a No-Fee Noticed General Permit, which has a duration of 10 years and requires certification that the applicant has an irrigation system that includes leak detection and water conservation devices.⁵⁵

The estimated costs for the proposed private residential landscape irrigation requirements are between \$2,540,806 and \$4,393,906 (\$1,200 to \$2,100 per system).⁵⁶

Monitoring and Reporting Requirements

The proposed rule provides supplemental requirements for monitoring and reporting activities where they are not already in place.⁵⁷ Monitoring and reporting requirements are currently in effect in both the SJRWMD and SRWMD.⁵⁸ In the SJRWMD, the proposed rule does not impose any additional monitoring or reporting requirements beyond those already in effect. However, in the SRWMD, the proposed rule supplements existing district rules and would result in additional regulatory requirements for monitoring and reporting water use.⁵⁹

Currently, the SRWMD rules require monthly monitoring of wells eight inches or greater and surface water pumps with a cumulative intake diameter of six inches or greater, regardless of total permit allocation.⁶⁰ The proposed rule requires monitoring of all permitted wells and pumps authorized by an individual consumptive use permit.⁶¹ The timeline and type of monitoring required is handled differently based on permit allocation and when the authorized use began.⁶²

⁶¹ A consumptive use permit allows the holder to withdraw a specified amount of water from surface water and groundwater sources for reasonable and beneficial use. Consumptive use permits require water conservation to prevent wasteful uses, require the reuse of reclaimed water instead of higher-quality groundwater where appropriate, and set limits on the amount of water that can be withdrawn. South Florida Water Management District, *Consumptive Water Use Permits*, <https://www.sfwmd.gov/doing-business-with-us/permits/water-use-permits> (last visited Jan. 27, 2026).

⁶² DEP, *SERC: Rule 62-42.300, F.A.C.: Attachment A* at 10. New individual permits issued after the effective date of the proposed rule must comply with monitoring requirements before use begins. Existing individual permits issued prior to the effective date are generally required to comply within five years following a renewal or modification that does not increase allocation or add withdrawal points. Modifications or renewals of existing permits that add withdrawal points or increase authorized allocations earlier compliance timelines, depending on the nature of the modification.

Regarding reporting requirements, the SRWMD currently requires permittees to submit monthly water use data every six months for withdrawal points that are subject to monitoring (i.e., wells eight inches or greater, surface water pumps with intakes six inches or greater).⁶³ SRWMD rules currently do not incorporate standardized forms for reporting. The proposed rule prescribes the format for reporting. Specifically, the proposed rule requires monthly recording and biannual reporting of all permitted wells for permittees with total allocations of 100,000 gallons per day (gpd) or greater and annual reporting for permittees with total allocations less than or equal to 100,000 gpd. Additionally, flow meters and alternative methods must be validated for accuracy every 10 years using proposed forms incorporated into the proposed rule. In the SRWMD, this verification is a current requirement only for the withdrawal points currently requiring monitoring (i.e., wells 8 inches or greater, surface water pumps with intakes six inches or greater), and the SRWMD rules do not incorporate standardized forms for reporting.⁶⁴

The total cost to permittees for this regulatory measure is estimated to be between \$1,136,818 and \$4,669,133, which includes the cost of equipment installation, monitoring, and reporting.⁶⁵

Water Conservation Requirements

The proposed rule imposes different requirements for public water supply permittees, agricultural permittees, and permittees of other use types (i.e., landscape/recreation, commercial/industrial/institutional, and mining/dewatering). The total estimated cost of the proposed rule's water conservation requirements for all permittees is \$12,772,964.⁶⁶ The requirements and associated costs for each type of permittee are discussed in more detail below.⁶⁷

Public Water Supply: All public supply permittees are required to implement either a standard or goal-based water conservation plan, evaluate those plans, and provide the evaluations in the form of a report.⁶⁸ Water conservation plans are already required for permittees, but the proposed rule includes new components or minimum requirements that must be included.⁶⁹ The standard plan must include:

- A water conservation public education program;
- An outdoor water use reduction program;
- A rate structure promoting conservation;⁷⁰
- A water loss reduction program; and

⁶³ *Id.* at 11.

⁶⁴ *Id.*

⁶⁵ *Id.* at 26. To develop the cost for the monitoring requirements, the cost to install in-line flow meters is estimated to be \$5,000 per well, inclusive of the cost of equipment and installation. Based on SRWMD's current agricultural cost-share program, these devices are covered at 75 percent district cost share (which is funded by state grants), leaving the total estimated cost per well at \$1,250 for the producer. *Id.* at 24-25.

⁶⁶ *Id.* at 32.

⁶⁷ The proposed rule also provides an alternative means of compliance for agricultural producers who implement statutorily adopted best management practices. *Id.* at 15. See section 373.0421(2), F.S.

⁷⁰ There are no changes in these requirements. However, the proposed rule conforms this language in SRWMD to how it is currently expressed in the SJRWMD rule, including the details of how the districts will assist the permittee or applicant. These amendments in SRWMD are not expected to create an additional regulatory burden. *Id.* at 12.

- An indoor water use conservation program.⁷¹

The proposed rule also includes four new requirements for Public Supply Water Conservation Plans:

- A goal for reducing residential per capita water use;⁷²
- For permittees with an allocation of 100,000 gpd or greater:
 - Annual verification of ongoing implementation of the water conservation plan and submittal of a Public Supply Annual Report; and
 - Submittal of an updated water conservation plan and a Public Supply Five-Year Water Conservation Report;
- For permittees with an allocation greater than 1 million gpd, include in the Public Supply Five-Year Water Conservation Report an analysis of the pre- and post-water use data to demonstrate the water savings associated with the implementation of the water conservation measures.⁷³

Public Water Supply permittees are estimated to incur total costs of \$10,769,636 to implement these water conservation requirements, including \$4,061,448 for reporting and \$6,708,188 for conservation measures.⁷⁴

Agricultural: Currently, all agricultural permittees are required to implement a district-approved water conservation plan.⁷⁵ Consistent with existing rules, the proposed rule requires these permittees to implement the best available water conservation measures for all irrigation systems installed and take reasonable actions to maintain that efficiency throughout the term of the permit.⁷⁶ The specific requirements depend on the size of the permit, based on allocation, and include:

- Irrigation system maintenance and evaluation: For permittees with allocations of 100,000 gpd or greater, the proposed rule requires maintenance of minimum distribution uniformity standards and submission of a Mobile Irrigation Lab evaluation or its equivalent to verify compliance.⁷⁷
- Water conservation measures: Consistent with existing rules, permittees with allocations exceeding 100,000 gpd must implement water conservation practices appropriate for field conditions. The proposed rule requires that this be accomplished to the maximum extent environmentally, economically, and technically feasible by using the highest efficiency options from a list of options provided in the proposed rule.⁷⁸

⁷¹ *Id.* at 12.

⁷² This is a new requirement. The proposed rule requires permittees or applicants to demonstrate achievement of, or progress toward, a residential per capita water use rate equal to the lower of 75 gallons per capita day or the permittee's five-year average prior to the rule's effective date, with interim per capita reduction targets as needed. Permittees must submit documentation explaining any failure to meet the goal or approved targets through the required five-year water conservation report. *Id.* at 13.

⁷⁴ *Id.* at 30, 31.

⁷⁵ *Id.* at 14.

⁷⁶ *Id.*

⁷⁷ Evaluations must be submitted with permit renewals, certain modifications, or 10-year compliance reviews. Because Mobile Irrigation Labs are already required under current rules, this does not create a new regulatory cost. *Id.* at 14.

⁷⁸ *Id.*

- Reporting: Agricultural permittees with allocations greater than 100,000 gpd must verify ongoing implementation of conservation measures and submit an Agricultural Water Conservation Report with renewals, certain permit modifications, and 10-year compliance reviews. While existing rules require conservation information at renewal, the proposed rule expands reporting to additional permit actions and standardizes the reporting format.⁷⁹
- Small agricultural uses: For agricultural uses with allocations of 100,000 gpd or less, excluding aquaculture, the proposed rule requires implementation of water conservation measures and consideration of a specified list of practices.⁸⁰

Agricultural permittees are estimated to incur total costs of \$256,620 to implement these water conservation requirements, including \$81,120 for reporting and \$175,500 for conservation measures.⁸¹

Other Use Types: The proposed rule requires permittees for other use types (i.e., landscape/recreation, commercial/industrial/institutional, and mining/dewatering) to consider implementation of water conservation practices for all processes and components of water use that are environmentally, technically, and economically feasible.⁸² Although water conservation is already required under existing rules, the proposed rule adds specificity by identifying additional elements to be considered, including:

- For landscape/recreation: limiting daytime water use, leak detection and repair programs, and use of irrigation schedules and water-conserving devices;
- For commercial/industrial/institutional and mining/dewatering: water-efficient irrigation for drought-tolerant landscaping.⁸³

The proposed rule also requires permittees in these use categories with allocations greater than 100,000 gpd to evaluate and update their water conservation plans and submit a standardized water conservation report upon permit renewal, certain permit modifications, and 10-year compliance reviews.⁸⁴

These permittees are estimated to incur \$1,746,708 in costs associated with reporting requirements within five years of rule implementation.⁸⁵ Implementation of other water conservation measures does not result in additional costs, as all permittees are already required to implement such measures and submit a water conservation plan.⁸⁶

Offset Requirements

The proposed rule requires the offset of impacts as a permit condition for specific individual permit applicants.⁸⁷ These offset requirements are based on the quantity of water needed to meet

demands in 2025, referred to the “Demonstrated 2025 Demand.” For new permits, applicants whose requested withdrawals that may impact an MFL compliance point must continue to provide reasonable assurance that the potential impact will be eliminated or offset before withdrawals begin, consistent with existing rule requirements. For permit renewals or modifications, applications that may impact an MFL compliance point must include reasonable assurance of elimination or offset for the portion of the requested allocation that exceeds the applicant’s Demonstrated 2025 Demand.⁸⁸ For existing permits, uses that do not exceed the Demonstrated 2025 Demand are considered consistent with the implementation strategy. Uses with projected demands above that level must, within five years of the proposed rule’s effective date, identify a project to eliminate or offset the excess.⁸⁹ The proposed rule provides means by which permittees may participate in a regional project to offset their growth.⁹⁰

For permittees whose demand is not calculated based on projected growth, such as agriculture, no offset is required and no action will be taken to reduce the permittee’s allocation.⁹¹ For permittees whose demand is calculated based on projected population growth, such as public supply, the permittee must address any future impacts associated with that growth.⁹² Impacts may be offset by financial contribution, in-kind services, or assisting in cooperation and maintenance of a regional or local project.⁹³

The cost of the proposed rule’s offset requirements are estimated to be \$142 million within the first five years of the rule’s implementation, which includes completion of a large-scale regional water recharge project (Water First North Florida) over an estimated 13-year period.⁹⁴ While other projects may be implemented at the election of individual permittees, the DEP included the Water First North Florida project cost as the sole offset cost as the project is anticipated to address the impacts associated with all water uses.⁹⁵

Regulatory Cost to Agencies

The proposed rule will require the SJRWMD and SRWMD to incorporate the proposed regulatory requirements into all water use permits issued in the NFRWSP area.⁹⁶ The SJRWMD and SRWMD will provide financial assistance for projects and measures identified in the implementation strategy.⁹⁷ The SJRWMD is required to provide at least 25 percent of total

⁸⁸ Existing rules require offsets for amounts exceeding the current permitted allocation. Therefore, the requirement to eliminate or offset impacts for renewals or modifications is not entirely new, but the benchmark for determining the amount of offset that would be needed is a change from existing rule. *Id.*

project costs unless other funding sources provide more than 75 percent.⁹⁸ The SRWMD is not subject to this requirement.⁹⁹

The SJRWMD intends to implement the proposed rule with existing staff and meet its statutory requirements through participation in the Black Creek Water Resource Development Project, the Water First North Florida project, and the Florida Water Star Silver Plus water conservation project.¹⁰⁰ The SJRWMD's financial contribution to Water First North Florida will be limited to the share of impacts to the MFL compliance points resulting from water withdrawals in the SJRWMD region, estimated at \$100–125 million.¹⁰¹

The SRWMD has identified the potential need to expand their workforce by one full-time equivalent position for the first five years of the proposed rule's implementation.¹⁰² Additionally, the SRWMD's existing cost-share programs are anticipated to assist agricultural producers in implementing monitoring cost. The funding for these programs comes from state grant programs. The total estimated indirect cost to the SRWMD for the new position and cost-share programs is between \$1,975,050 and \$11,712,476.¹⁰³

Regulatory Costs to Small Cities, Small Counties, and Small Businesses

Small cities are estimated to incur total costs between \$1,545,415 and \$1,608,996 within the first five years of rule implementation.¹⁰⁴ These estimates are based on a review of existing permits and 2020 Census population data identifying small city permittees in the NFRWSP planning area.¹⁰⁵ Costs to the small cities will vary based on the permit allocation and type, and include the cost to implement the conservation requirements, including achieving per capita goals (for Public Supply permittees), implementing specific elements required in their water conservation plans, and reporting on the effectiveness of their water conservation plans.¹⁰⁶ Most costs are attributable to water conservation requirements applicable to Public Supply permits with allocations exceeding 100,000 gpd.¹⁰⁷

Small counties are estimated to incur total costs between \$191,746 and \$234,134 within the first five years of rule implementation.¹⁰⁸ Like small cities, these estimates are based on a review of existing permits and 2020 Census population data identifying small county permittees in the

Small businesses are estimated to incur total costs between \$3,272,885 and \$6,628,584 within the first five years of rule implementation.¹¹² The proposed rule would only directly impact small businesses that are water use permittees or applicants in the NFRWSP planning area.¹¹³ Below is a table summarizing the regulatory costs from the proposed water conservation requirements.

Estimated Number of Small Business Permittees by Use Type and Regulatory Costs from Conservation Requirements¹¹⁴

Water Use Type	Total Number of Permittees with a Regulatory Cost (a)	Water Conservation Reporting Cost per Permittee (b)	Total Regulatory Cost per Use Type (a x b)
Agricultural	669	\$120	\$80,280
Commercial/Industrial/Institutional	30	\$12,388	\$371,640
Landscape/Recreation	81	\$12,388	\$1,003,428
Mining/Dewatering	10	\$12,388	\$123,880
Public Supply ¹¹⁵	10	\$59,368	\$613,680

In addition, small businesses are estimated to incur \$1,079,977–\$4,435,676 in costs related to the proposed rule’s monitoring and reporting requirements.¹¹⁶

Other costs that could be incurred by small businesses, small cities, and small counties, such as participation in a water conservation project, are based on the needs and decisions of the permittees and are not known on an individual basis at this time.¹¹⁷

BILL: SB 7044

INTRODUCER: Banking and Insurance Committee

SUBJECT: Public Records/Custodians of Gold Coin and Silver Coin

DATE: March 2, 2026

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
Moody	Knudson		BI Submitted as Comm. Bill/Fav
1. Moody	Kruse	RC	Pre-meeting

I. Summary:

SB 7044 expands current public records exemptions that apply to money services businesses and financial institutions, including anti-money laundering provisions, to exempt from public records disclosure requirements records relating to custodians of gold and silver coin that is made legal tender under ch. 100-2025, Laws of Florida. This is done by reenacting public records exemptions relevant to custodians and providing updated public necessity statements.

The bill provides that the reenacted public records exemptions to which the Open Government Sunset Review Act applies will be repealed on October 2, 2031, unless the statutes are reviewed and reenacted by the Legislature before that date.

The bill provides statements of public necessity as required by the state constitution.

Because the bill creates a new public records exemption, it requires a two-thirds vote of the membership of both houses of the Legislature for final passage.

There is no anticipated fiscal impact on state or local government. See Section V. Fiscal Impact Statement.

The bill is effective on the same date that sections 1 through 15 of chapter 2025-100, Laws of Florida, become effective.

II. Present Situation:

Florida Public Records Law

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies

¹ FLA. CONST., art. I, s. 24(a).

to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Chapter 119, F.S., known as the Public Records Act, constitutes the main body of public records laws.³ The Public Records Act states that:

[i]t is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency.⁴

The Public Records Act typically contains general exemptions that apply across agencies. Agency- or program-specific exemptions often are placed in the substantive statutes relating to that particular agency or program.

The Public Records Act does not apply to legislative or judicial records.⁵ Legislative records are public pursuant to s. 11.0431, F.S. Public records exemptions for the Legislature are codified primarily in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business which are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

The Florida Statutes specify conditions under which public access to governmental records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any state or local government public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

² *Id.*

³ Public records laws are found throughout the Florida Statutes.

⁴ Section 119.01(1), F.S.

⁵ *Locke v. Hawkes*, 595 So. 2d 32, 34 (Fla. 1992); *see also Times Pub. Co. v. Ake*, 660 So. 2d 255 (Fla. 1995).

⁶ *Shevin v. Byron, Harless, Schaffer, Reid and Assoc. Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

⁷ Section 119.07(1)(a), F.S.

⁸ Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

Only the Legislature may create an exemption to public records requirements.⁹ An exemption must be created by general law and must specifically state the public necessity justifying the exemption.¹⁰ Further, the exemption must be no broader than necessary to accomplish the stated purpose of the law. A bill enacting an exemption may not contain other substantive provisions¹¹ and must pass by a two-thirds vote of the members present and voting in each house of the Legislature.¹²

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as “confidential and exempt” are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as “exempt” may be released at the discretion of the records custodian under certain circumstances.¹⁵

Open Government Sunset Review Act

The Open Government Sunset Review Act¹⁶ (the Act) prescribes a legislative review process for newly created or substantially amended¹⁷ public records or open meetings exemptions, with specified exceptions.¹⁸ It requires the automatic repeal of such exemption on October 2 of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.¹⁹

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁰ An exemption serves an identifiable public purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;²¹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize

⁹ FLA. CONST. art. I, s. 24(c).

Money Services Businesses

The OFR regulates money services businesses²⁹ (MSB) under ch. 560, F.S. There are several types of money services businesses, including a payment instrument seller, foreign currency exchanger, check casher, or money transmitter.³⁰ The OFR is responsible for enforcing regulations and imposing disciplinary actions against MSBs.³¹

Confidentiality of Information and Records

Current law contains several provisions which make confidential and exempt from the Public Records Act certain records or information of money services businesses relating to:

- Investigations and examinations conducted by the OFR, including any customer complaint received by the OFR or the Department of Financial Services, until the investigation or examination ceases to be active;³²
- Trade secrets³³ or personal financial information obtained by the OFR during its investigation or examination;³⁴
- A consumer complaint or other information concerning an investigation or examination for a specified reason.³⁵

Any person who willfully discloses any of the above confidential and exempt information commits a third degree felony.³⁶

Confidentiality of Database of Payment Instrument Transactions

Check cashers and foreign currency exchangers must maintain a copy of each payment instrument cashed.³⁷ If the payment instrument exceeds \$1,000, additional information must be maintained or submitted to database, such as the payor name, payee name, amount of the payment instrument, and amount of currency provided.³⁸ Such payment instrument transaction information held by the OFR which identifies a licensee, payor, payee, or conductor is confidential and exempt from public records disclosures.³⁹

²⁹ Section 560.103(23), F.S., defines “money services business” as any person located in or doing business in this state, from this state, or into this state from locations outside this state or country who acts as a payment instrument seller, foreign currency exchanger, check casher, or money transmitter.

Database for Deferred Presentment Providers

The OFR is required to implement a common database with real-time access for deferred presentment providers in order to verify whether any deferred presentment transactions are outstanding for a particular person.⁴⁰ Deferred presentment providers must submit specified data before entering into each deferred present transaction, such as the drawer's name, social security number or employment authorization alien number, address, amount of the transaction.⁴¹ Information that identifies a drawer or a deferred presentment provider contained in a database of deferred presentment transactions is confidential and exempt.⁴²

Financial Institutions

A financial institution must have a federal or state charter to accept deposits. Banks are chartered and regulated as national banks by the Office of the Comptroller of the Currency (OCC) within the U.S. Department of the Treasury or as state banks by a state regulator.⁴³ The Florida Financial Institutions Codes apply to all state-authorized or state-chartered financial banks, trust companies, and related entities.⁴⁴ Of the 196 financial entities regulated by the OFR, 57 of them are state-chartered banks.⁴⁵ There are also approximately 30 federally-chartered banks operating in Florida.⁴⁶

Confidentiality of Information and Records

Certain information and records of financial institutions are confidential and exempt from the Public Records Act, including:

Anit-Money Laundering Regulation

Federal Regulation

Suspicious Activity Reports

Federal law authorizes the Secretary of Treasury to require any financial institution or any of its directors, officers, employees, or agents to report any suspicious transaction to a possible violation of law or regulation.⁶⁸ Federal regulation requires a bank to file a suspicious activity report in certain circumstances, such as the transaction involves funds derived from illegal activities, the transaction is designed to evade any requirements of the Bank Secrecy Act, or the transaction has no business or apparent lawful purpose.⁶⁹ Federal law prohibits the reporter of such information from disclosing the report.⁷⁰

Currency Transaction Report

Federal law also requires a financial institution to file a report of each deposit, withdrawal, exchange of currency or other payment or transfer by, through, or to such financial institution in currency more than \$10,000 unless an exception applies.⁷¹ Federal law makes these reports confidential and prohibits state public-records laws.⁷²

Florida Regulation

Florida law requires a financial institution to keep a record of each transaction in the state that involves currency or other monetary instrument that has a value greater than \$10,000 and involves proceeds of specified unlawful activity, or is designed to evade certain reporting requirements, or which the financial institution reasonably believes is suspicious activity.⁷³ Multiple financial transactions must be treated as a single transaction.⁷⁴

Each financial institution must file a report of the required records with the OFR.⁷⁵ Timely filing a report required under 31 U.S.C. s. 5313 and 31 C.F.R. part 1020 with the appropriate federal agency is deemed compliance with the reporting requirements in Florida law unless the reports are not regularly and comprehensively transmitted by the federal agency to the OFR.⁷⁶ Florida makes the records that are required to be filed with the OFR confidential and exempt from public records disclosure requirements.⁷⁷

Regulation of Gold and Silver Coin⁷⁸

Florida adopted laws last session to recognize gold and silver as legal tender in the state if certain conditions are met.⁷⁹ The laws regulate money services businesses and financial institutions that offer products and services in gold coin⁸⁰ and silver coin.^{81,82} The laws established a new category of money transmitters, which is a type of MSB, that are regulated for safekeeping and storing gold and silver coin.⁸³

MSBs, including custodians, and financial institutions are required to comply with several consumer protections relating to gold and silver coin that are expected to result in additional information and records obtained by the OFR in the course of its investigations, examinations, application process, collection of anti-money laundering reports, and other related supervisory

III. Effect of Proposed Changes:

SB 7044 expands the application of certain public records exemptions in current law to also exempt records relating to custodians of gold and silver coin. The exemptions contained in the proposed bill are those addressing:

- Money services businesses in ss. 560.129, 560.312, and 560.4041, F.S.
- Financial institutions in s. 655.057(1)-(4), (6), and (10), F.S.
- Florida Control of Money Laundering and Terrorist Financing in Financial Institutions Act in s. 655.50(5)(d), F.S.

Section 1 reenacts portions of the public records exemptions in the money services business provisions relating to the following information or records:

- Active investigations or examinations;⁸⁷
- Information obtained by the OFR during an investigation or examination which is a trade secret;⁸⁸ and
- Specified consumer complaints and other information concerning an investigation or examination after the investigation is no longer active if certain conditions are met.⁸⁹

The expanded exemptions of s. 560.129(1), (2), and (4), F.S., are subject to the Open Government Sunset Review Act and is repealed on October 2, 2031, unless reviewed and reenacted by the Legislature before that date.

Section 2 reenacts the public records exemption relating to payment instrument transaction information held by the OFR which identifies a licensee, payor, payee, or conductor. The expanded exemption of s. 560.312, F.S., is subject to the Open Government Sunset Review Act and is repealed on October 2, 2031, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 3 reenacts the public records exemption relating to information that identifies a drawer or a deferred presentment provider contained in a database required to be implemented by the OFR pursuant to s. 560.404(24), F.S. The expanded exemption of s. 560.4041, F.S., is subject to the Open Government Sunset Review Act and is repealed on October 2, 2031, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 4 provides a public necessity statement for the expansion of the public records exemption of s. 560.129, F.S.

⁸⁴ Sections 560.155(1)(e) and 655.97(4)(f), F.S.

⁸⁵ Sections 560.155(1)(a) and 655.97(4)(a), F.S.

⁸⁷ Supra note 32.

⁸⁸ Supra notes 33 – 34.

⁸⁹ Supra note 35.

Section 5 reenacts portions of public records exemptions in the financial institutions provisions relating to the following information or records:

- Active investigations and after an investigation is completed if certain conditions are met;⁹⁰
- Specified reports prepared by or for the use of the OFR or any state or federal agency;⁹¹
- Certain records related to informal enforcement actions;⁹²
- Trade secrets held by the OFR;⁹³
- Those furnished or reported information or records obtained from the OFR;⁹⁴
- Confidential documents supplied to the OFR or to employees of any financial institution by other state or federal governmental agencies.⁹⁵

The expanded exemption in s. 655.057(1)-(4), (6), and (10), F.S., are subject to the Open Government Sunset Review Act and is repealed on October 2, 2031, unless reviewed and reenacted by the Legislature before that date.

Section 6 provides a public necessity statement for the expansion of the public records exemption of s. 655.057, F.S.

Section 7 reenacts the public records exemption for all reports and records filed with the OFR under the Florida Control of Money Laundering and Terrorist Financing in Financial Institutions Act (“Control of Money Laundering and Terrorist Financing Act”).

Generally, a public records exemption must be reviewed and saved from appeal or the exemption will be repealed on October 2nd of the 5th year after enactment (“OGSR”).⁹⁶ However, this requirement does not apply to an exemption that is required by federal law.⁹⁷ Since federal law prohibits the disclosure of the existence of a suspicious activity report (SAR) and any information that would reveal that a SAR has been filed,⁹⁸ there is no OGSR with respect to the expansion of the public records exemption in the Control of Money Laundering and Terrorist Financing Act.

Section 8 provides a public necessity statement for the expansion of the public records exemption of s. 655.50, F.S.

Section 9 provides the bill is effective on the same date that sections 1 through 15 of chapter 2025-100, Laws of Florida, become effective.

(2) All information obtained by the office in the course of its investigation or examination which is a trade secret, as defined in s. 688.002, or which is personal financial information shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. If any administrative, civil, or criminal proceeding against a money services business, its authorized vendor, or an affiliated party is initiated and the office seeks to use matter that a licensee believes to be a trade secret or personal financial information, such records shall be subject to an in camera review by the administrative law judge, if the matter is before the Division of Administrative Hearings, or a judge of any court of this state, any other state, or the United States, as appropriate, for the purpose of determining if the matter is a trade secret or is personal financial information. If it is determined that the matter is a trade secret, the matter shall remain confidential. If it is determined that the matter is personal financial information, the matter shall remain confidential unless the administrative law judge or judge determines that, in the interests of justice, the matter should become public.

(4) Except as necessary for the office or any other administrative, regulatory, or law enforcement agency of any jurisdiction to enforce the provisions of this chapter or the

597-02755-26

20267044

law of any other state or the United States, a consumer complaint and other information concerning an investigation or examination shall remain confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution after the investigation or examination ceases to be active to the extent that disclosure would:

(a) Jeopardize the integrity of another active investigation;

(b) Reveal personal financial information;

(c) Reveal the identity of a confidential source; or

(d) Reveal investigative techniques or procedures.

(8) Subsections (1), (2), and (4) are subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2031, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. Subsection (4) is added to section 560.312, Florida Statutes, and subsection (1) of that section is reenacted, to read:

560.312 Database of payment instrument transactions; confidentiality.—

(1) Payment instrument transaction information held by the office pursuant to s. 560.310 which identifies a licensee, payor, payee, or conductor is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(4) Subsection (1) is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2031, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 3. Section 560.4041, Florida Statutes, is amended

597-02755-26

20267044

117 to read:

118 560.4041 Database for deferred presentment providers;
119 public records exemption.-

120 (1) Information that identifies a drawer or a deferred
121 presentment provider contained in the database authorized under
122 s. 560.404 is confidential and exempt from s. 119.07(1) and s.
123 24(a), Art. I of the State Constitution. A deferred presentment
124 provider may access information that it has entered into the
125 database and may obtain an eligibility determination for a
126 particular drawer based on information in the database.

127 (2) Subsection (1) is subject to the Open Government Sunset
128 Review Act in accordance with s. 119.15 and shall stand repealed
129 on October 2, 2031, unless reviewed and saved from repeal
130 through reenactment by the Legislature.

131 Section 4. (1) The Legislature finds all of the following:

132 (a) That it is a public necessity that all information
133 concerning an investigation or examination of a money services
134 business conducted by the Office of Financial Regulation
135 pursuant to chapter 560, Florida Statutes, including a consumer
136 complaint, be made confidential and exempt from s. 119.07(1),
137 Florida Statutes, and s. 24(a), Article I of the State
138 Constitution until the investigation or examination ceases to be
139 active. The Legislature further finds that such information
140 should remain confidential and exempt from s. 119.07(1), Florida
141 Statutes, and s. 24(a), Article I of the State Constitution
142 after the investigation or examination ceases to be active if
143 its disclosure would jeopardize the office's investigations by
144 revealing techniques or procedures or otherwise reveal
145 information that is being used in another investigation, or if

597-02755-26

20267044

146 disclosure would reveal personal financial information or a
147 confidential source.

148 (b) That it is a public necessity that trade secrets or
149 personal financial information obtained by the office in the
150 course of an investigation or examination pursuant to chapter
151 560, Florida Statutes, be made confidential and exempt from s.
152 119.07(1), Florida Statutes, and s. 24(a), Article I of the
153 State Constitution, unless an administrative law judge or
154 circuit judge determines that the release of personal financial
155 information to the public is in the interest of justice.

156 (c) That it is a public necessity that payment instrument
157 transaction information held by the office pursuant to s.
158 560.310, Florida Statutes, which identifies a licensee, payor,
159 payee, or conductor be made confidential and exempt from s.
160 119.07(1), Florida Statutes, and s. 24(a), Article I of the
161 State Constitution.

162 (d) That it is a public necessity that deferred presentment
163 transaction information held by the office pursuant to s.
164 560.404, Florida Statutes, which identifies a drawer or a
165 deferred presentment provider be made confidential and exempt
166 from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of
167 the State Constitution.

168 (2) Information specified in paragraphs (1)(a) and (b) is
169 held by the office in conjunction with its investigations and
170 examinations of money services businesses, which include money
171 transmitters, as defined in s. 560.103, Florida Statutes, as
172 amended by chapter 2025-100, Laws of Florida, to include
173 custodians of gold coin or silver coin. Custodians of gold coin
174 or silver coin are thus subject to investigation or examination

597-02755-26

20267044

175 by the office. As a result, the office may receive sensitive
 176 personal and financial information relating to such entities in
 177 conjunction with its duties under chapter 560, Florida Statutes.
 178 An exemption from public records requirements provides the same
 179 protections to custodians of gold coin or silver coin as are
 180 afforded to other money services businesses, thereby preventing
 181 any disadvantage to these similarly regulated entities in
 182 comparison to other entities currently classified as money
 183 services businesses. An exemption from public records
 184 requirements for reports of examinations, operations, or
 185 condition, including working papers, is necessary to ensure the
 186 office's ability to effectively and efficiently administer its
 187 examination and investigation duties. Examination and
 188 investigation are essential components of financial institutions
 189 regulation. They deter fraud and ensure the safety and soundness
 190 of the financial system. Examinations also provide a means of
 191 early detection of violations, allowing for corrective action to
 192 be taken before any harm can be done. Release of such
 193 information could compromise the office's investigations and
 194 examinations, reveal investigative techniques, or result in the
 195 disclosure of an individual's personal financial information.
 196 Such disclosure could also result in the release of inaccurate
 197 information, which could harm the subject of the examination or
 198 investigation, or otherwise impair commerce relating to money
 199 services businesses. The Legislature finds that there is little
 200 public benefit derived from access to such information during
 201 the office's investigation or examination, and that the
 202 exemption is narrowly tailored to allow for release except where
 203 the public benefit is outweighed by harm to either the office's

597-02755-26

20267044

204 investigations or to individuals whose personal financial
 205 information may be disclosed.
 206 (3) Information specified in paragraphs (1)(c) and (d) held
 207 by the office in its database of payment instrument transactions
 208 pursuant to s. 560.312, Florida Statutes, and deferred
 209 presentment transactions pursuant to s. 560.404, Florida
 210 Statutes, may include information that identifies money
 211 transmitters, as defined in s. 560.103, Florida Statutes, as
 212 amended by chapter 2025-100, Laws of Florida, to include
 213 custodians of gold coin or silver coin. As a result, the office
 214 may receive sensitive personal and financial information
 215 relating to custodians of gold coin or silver coin that cash a
 216 payment instrument exceeding \$1,000 or deferred presentment
 217 transactions for a particular person. An exemption from public
 218 records requirements for custodians of gold coin and silver coin
 219 provides the same protections to custodians of gold coin or
 220 silver coin as are afforded to other money services businesses,
 221 thereby preventing any disadvantage to these similarly regulated
 222 entities in comparison to other entities currently classified as
 223 money services businesses. An exemption from public records
 224 requirements for payment instrument transactions is necessary to
 225 deter money laundering and identity theft and related crimes
 226 through such custodians. The availability of this information to
 227 the office will help increase premium collection, lower costs to
 228 insurance carriers, and alleviate premium avoidance, as well as
 229 reduce the cost of administering these public programs. However,
 230 the public availability of payment instrument transaction or
 231 deferred presentment transaction information would reveal
 232 sensitive, personal financial information about payees and

Page 8 of 20

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02755-26

20267044

conductors who use check-cashing and deferred presentment programs, including paycheck amounts, salaries, and business activities, as well as information regarding the financial stability of these custodians. Such information is traditionally private and sensitive. Protecting the confidentiality of such information that would identify these payees and custodians would provide adequate protection for these persons while still providing public oversight of the check-cashing and deferred presentment programs. The public release of payment instrument transaction and deferred presentment transaction information would also identify licensees or payors and reveal business transaction information that is traditionally private and could be used by competitors to harm other licensees or payors in the marketplace. If such information were publicly available, competitors could determine the amount of business conducted by other licensees or payors.

Section 5. Subsection (15) is added to section 655.057, Florida Statutes, and subsections (1) through (4), (6), and (10) of that section are reenacted, to read:

655.057 Records; limited restrictions upon public access.—

(1) Except as otherwise provided in this section and except for such portions thereof which are otherwise public record, all records and information relating to an investigation by the office are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such investigation is completed or ceases to be active. For purposes of this subsection, an investigation is considered "active" while such investigation is being conducted by the office with a reasonable, good faith belief that it may lead to the filing of

597-02755-26

20267044

administrative, civil, or criminal proceedings. An investigation does not cease to be active if the office is proceeding with reasonable dispatch, and there is a good faith belief that action may be initiated by the office or other administrative or law enforcement agency. After an investigation is completed or ceases to be active, portions of the records relating to the investigation are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution to the extent that disclosure would:

(a) Jeopardize the integrity of another active investigation;

(b) Impair the safety and soundness of the financial institution;

(c) Reveal personal financial information;

(d) Reveal the identity of a confidential source;

(e) Defame or cause unwarranted damage to the good name or reputation of an individual or jeopardize the safety of an individual; or

(f) Reveal investigative techniques or procedures.

(2) Except as otherwise provided in this section and except for such portions thereof which are public record, reports of examinations, operations, or condition, including working papers, or portions thereof, prepared by, or for the use of, the office or any state or federal agency responsible for the regulation or supervision of financial institutions in this state are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. However, such reports or papers or portions thereof may be released to:

(a) The financial institution under examination;

597-02755-26

20267044

291 (b) Any holding company of which the financial institution
 292 is a subsidiary;

293 (c) Proposed purchasers if necessary to protect the
 294 continued financial viability of the financial institution, upon
 295 prior approval by the board of directors of such institution;

296 (d) Persons proposing in good faith to acquire a
 297 controlling interest in or to merge with the financial
 298 institution, upon prior approval by the board of directors of
 299 such financial institution;

300 (e) Any officer, director, committee member, employee,
 301 attorney, auditor, or independent auditor officially connected
 302 with the financial institution, holding company, proposed
 303 purchaser, or person seeking to acquire a controlling interest
 304 in or merge with the financial institution; or

305 (f) A fidelity insurance company, upon approval of the
 306 financial institution's board of directors. However, a fidelity
 307 insurance company may receive only that portion of an
 308 examination report relating to a claim or investigation being
 309 conducted by such fidelity insurance company.

310 (g) Examination, operation, or condition reports of a
 311 financial institution shall be released by the office within 1
 312 year after the appointment of a liquidator, receiver, or
 313 conservator to the financial institution. However, any portion
 314 of such reports which discloses the identities of depositors,
 315 bondholders, members, borrowers, or stockholders, other than
 316 directors, officers, or controlling stockholders of the
 317 institution, shall remain confidential and exempt from s.
 318 119.07(1) and s. 24(a), Art. I of the State Constitution.

597-02755-26

20267044

320 Any confidential information or records obtained from the office
 321 pursuant to this subsection shall be maintained as confidential
 322 and exempt from s. 119.07(1) and s. 24(a), Art. I of the State
 323 Constitution.

324 (3) Except as otherwise provided in this section and except
 325 for those portions that are otherwise public record, after an
 326 investigation relating to an informal enforcement action is
 327 completed or ceases to be active, informal enforcement actions
 328 are confidential and exempt from s. 119.07(1) and s. 24(a), Art.
 329 I of the State Constitution to the extent that disclosure would:

330 (a) Jeopardize the integrity of another active
 331 investigation.

332 (b) Impair the safety and soundness of the financial
 333 institution.

334 (c) Reveal personal financial information.

335 (d) Reveal the identity of a confidential source.

336 (e) Defame or cause unwarranted damage to the good name or
 337 reputation of an individual or jeopardize the safety of an
 338 individual.

339 (f) Reveal investigative techniques or procedures.

340 (4) Except as otherwise provided in this section and except
 341 for those portions that are otherwise public record, trade
 342 secrets as defined in s. 688.002 which comply with s. 655.0591
 343 and which are held by the office in accordance with its
 344 statutory duties with respect to the financial institutions
 345 codes are confidential and exempt from s. 119.07(1) and s.
 346 24(a), Art. I of the State Constitution.

347 (6) This section does not prevent or restrict:

348 (a) Publishing reports that are required to be submitted to

597-02755-26

20267044

the office pursuant to s. 655.045(2) or required by applicable federal statutes or regulations to be published.

(b) Furnishing records or information to any other state, federal, or foreign agency responsible for the regulation or supervision of financial institutions.

(c) Disclosing or publishing summaries of the condition of financial institutions and general economic and similar statistics and data, provided that the identity of a particular financial institution is not disclosed.

(d) Reporting any suspected criminal activity, with supporting documents and information, to appropriate law enforcement and prosecutorial agencies.

(e) Furnishing information upon request to the Chief Financial Officer or the Division of Treasury of the Department of Financial Services regarding the financial condition of any financial institution that is, or has applied to be, designated as a qualified public depository pursuant to chapter 280.

(f) Furnishing information to Federal Home Loan Banks regarding its member institutions pursuant to an information sharing agreement between the Federal Home Loan Banks and the office.

Any confidential information or records obtained from the office pursuant to this subsection shall be maintained as confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(10) Materials supplied to the office or to employees of any financial institution by other state or federal governmental agencies remain the property of the submitting agency or the

597-02755-26

20267044

corporation, and any document request must be made to the appropriate agency. Any confidential documents supplied to the office or to employees of any financial institution by other state or federal governmental agencies are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. Such information shall be made public only with the consent of such agency or the corporation.

(15) Subsections (1)-(4), (6), and (10) are subject to the Open Government Sunset Review Act in accordance with s. 119.15 and are repealed October 2, 2031, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 6. (1) The Legislature finds that it is a public necessity that all records and information relating to an investigation by the Office of Financial Regulation undertaken pursuant to chapter 655, Florida Statutes, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution until the investigation ceases to be active. The Legislature further finds that such information should remain confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution after the investigation ceases to be active if its disclosure would jeopardize the office's investigations by revealing techniques or procedures, or otherwise reveal information that is being used in another investigation; reveal personal financial information or a confidential source; or defame or cause unwarranted damage to an individual's reputation or jeopardize his or her safety.

(2) Information specified in s. 655.057(1)-(4), (6), and (10) is held by the office in conjunction with investigations of

597-02755-26

20267044

financial institutions which may include records concerning gold coin or silver coin products or services offered by such institutions, as authorized in s. 215.986(2)(e), Florida Statutes, enacted in chapter 2025-100, Laws of Florida. As a result, the office may receive sensitive personal and financial information relating to such institutions in conjunction with its duties under chapter 655, Florida Statutes. An exemption from public records requirements provides the same protections to custodians of gold coin or silver coin as are afforded to other financial institutions, thereby preventing any disadvantage to these similarly regulated entities in comparison to other entities currently classified as financial institutions. An exemption from public records requirements for reports of examinations, operations, or condition, including working papers, is necessary to ensure the office's ability to effectively and efficiently administer its examination and investigation duties. Examination and investigation are essential components of financial institutions regulation. They deter fraud and ensure the safety and soundness of the financial system. Examinations also provide a means of early detection of violations, allowing for corrective action to be taken before any harm can be done.

(3) The Legislature finds that it is a public necessity to make confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution records and information relating to an investigation by the Office of Financial Regulation; portions of records relating to a completed or inactive investigation by the office which would jeopardize the integrity of another active investigation, impair

597-02755-26

20267044

the safety and soundness of the financial institution, reveal personal financial information, reveal the identity of a confidential source, defame or cause unwarranted damage to the good name or reputation of an individual or jeopardize the safety of an individual, or reveal investigative techniques or procedures; reports of examinations, operations, or condition, including working papers, or portions thereof, prepared by, or for the use of, the office or any state or federal agency responsible for the regulation or supervision of financial institutions in this state, until 1 year after the appointment of a liquidator; any portion of such reports which discloses the identities of depositors, bondholders, members, borrowers, or stockholders, other than directors, officers, or controlling stockholders of the institution; trade secrets held by the office in accordance with its statutory duties under chapter 655, Florida Statutes, unless an administrative law judge or circuit judge determines that the release of personal financial information to the public is in the interest of justice; and materials supplied to the office or to employees of any financial institution by other state or federal governmental agencies.

(4) Release of information specified in s. 655.057(1)-(4), (6), and (10) could compromise the office's investigations and examinations, reveal investigative techniques, result in the disclosure of an individual's personal financial information, or defame or cause unwarranted damage to the good name or reputation of an individual or entity or jeopardize his or her safety. Such disclosure could also result in the spread of inaccurate information, which could harm the subject of the

597-02755-26

20267044

examination or investigation, or otherwise impair commerce conducted by financial institutions in this state. Any portion of a record or information relating to an investigation or examination which reveals personal financial information or the identity of a confidential source may defame, or cause unwarranted damage to the good name or reputation of, those individuals, or jeopardize their safety.

(5) A trade secret derives independent economic value, actual or potential, from not being generally known to, and not readily ascertainable by, other persons who can obtain economic value from the disclosure or use of the trade secret. Without an exemption for a trade secret held by the office in accordance with its duties prescribed by chapter 655, Florida Statutes, that trade secret becomes a public record when received and must be divulged upon request. Divulging a trade secret under the public records law would give business competitors an unfair advantage and destroy the value of that property, causing a financial loss to the person or entity submitting the trade secret and weakening the position of that person or entity in the marketplace.

(6) The Legislature finds that there is little public benefit derived from access to such information during the office's investigation, and that the exemption is narrowly tailored to allow for release except when the public benefit is outweighed by harm to individuals or institutions, when the disclosure would jeopardize other investigations, reveal the office's investigative techniques or procedures, or expose personal financial information or a confidential source.

Section 7. Subsection (7) of section 655.50, Florida

597-02755-26

20267044

Statutes, is amended, and paragraph (d) of subsection (5) of this section is reenacted, to read:

655.50 Florida Control of Money Laundering and Terrorist Financing in Financial Institutions Act.—

(5) A financial institution shall keep a record of each financial transaction occurring in this state known to it which involves currency or other monetary instrument, as the commission prescribes by rule, has a value greater than \$10,000, and involves the proceeds of specified unlawful activity, or is designed to evade the reporting requirements of this section, chapter 896, or similar state or federal law, or which the financial institution reasonably believes is suspicious activity. Each financial institution shall maintain appropriate procedures to ensure compliance with this section, chapter 896, and other similar state or federal law. Any report of suspicious activity made pursuant to this subsection is entitled to the same confidentiality provided under 31 C.F.R. s. 1020.320, whether the report or information pertaining to or identifying the report is in the possession or control of the office or the reporting institution.

(d) Each financial institution shall file a report of the records required under this subsection with the office. Each report shall be filed at such time and must contain such information as the commission requires by rule.

(7) All reports and records filed with the office pursuant to this section are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. However, the office shall provide any report filed pursuant to this section, or information contained therein, to federal, state, and local

597-02755-26

20267044

law enforcement and prosecutorial agencies, and any federal or state agency responsible for the regulation or supervision of financial institutions.

Section 8. (1) The Legislature finds that it is a public necessity that all reports and records filed with the Office of Financial Regulation be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution unless disclosure is requested by a federal, state, or local law enforcement or prosecutorial agency or any federal or state agency responsible for the regulation or supervision of financial institutions. Information regarding potential money laundering or terrorism must be safeguarded to prevent the potential offender from being tipped off or circumventing an investigation conducted by the office, and disclosure of such information could harm the office's investigations.

(2) These reports and records are held by the office in conjunction with its duties pursuant to 31 U.S.C. s. 5313 and 31 C.F.R. part 1020 and its investigations of financial institutions' transactions involving monetary instruments concerning gold coin or silver coin products or services offered by such institutions, as authorized in s. 215.986(2)(e), Florida Statutes, enacted in chapter 2025-100, Laws of Florida, to include any transactions involving gold coin or silver coin products or services offered by such financial institutions. As a result, the office may receive sensitive personal and financial information relating to such entities in conjunction with its duties under chapter 655, Florida Statutes. An exemption from public records requirements provides the same

597-02755-26

20267044

protections to custodians of gold coin or silver coin as are afforded to other financial institutions, thereby preventing any disadvantage to these similarly regulated entities in comparison to other entities currently classified as financial institutions. An exemption from public records requirements for reports and records submitted to the office is necessary to ensure the office's ability to effectively and efficiently administer its investigation duties. Examination and investigation are essential components of financial institutions regulation. They deter fraud and ensure the safety and soundness of the financial system. Examinations also provide a means of early detection of violations, allowing for corrective action to be taken before any harm can be done.

Section 9. This act shall take effect on the same date that sections 1 through 15 of chapter 2025-100, Laws of Florida, become effective.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Rules

BILL: CS/HB 245

INTRODUCER: Criminal Justice Subcommittee and Representative Baker and others

SUBJECT: Child Pornography Terminology

DATE: March 2, 2026

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. Parker	Kruse	RC	Pre-meeting

I. Summary:

CS/HB 245 amends numerous sections of Florida Statutes to replace the term “child pornography” with the term “child sexual abuse material.”

The bill does not make any substantive changes to the definition of “child pornography” or the elements of any criminal offense relating to child pornography.

The bill takes effect on July 1, 2026.

II. Present Situation:

Child Pornography

The First Amendment does not protect child pornography. In *New York v. Ferber*,¹ the Supreme Court of the United States recognized that states have a compelling interest in safeguarding the physical and psychological well-being of minors and in preventing their sexual exploitation and abuse. The Court noted that it was “unlikely that visual depictions of children . . . lewdly exhibiting their genitals would often constitute an important and necessary part of a literary performance or scientific or educational work.”²

Child Pornography Prevention Action of 1996

In 1996, Congress passed the Child Pornography Prevention Action of 1996 (CPPA),³ which created a definition of “child pornography.” This criminalized, for the first time, acts relating to morphed child pornography. Under the CPPA, “child pornography” was defined as:

¹ *New York v. Ferber*, 458 U.S. 747 (1982).

² *Id.* at 763.

³ Pub. L. No. 104-208, s.121.

- Any visual depiction, including any photograph, film, video, picture, or computer or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of sexually explicit conduct,⁴ where:
 - The production of such visual depiction involves the use of a minor engaging in sexually explicit conduct;
 - Such visual depiction is, or appears to be, of a minor engaging in sexually explicit conduct (i.e., virtual child pornography – created without using an actual child);
 - Such visual depiction has been created, adapted, or modified to appear that an identifiable minor⁵ is engaging in sexually explicit conduct (i.e., morphed child pornography); or
 - Such visual depiction is advertised, promoted, presented, described, or distributed in such a manner that conveys the impression that the material is or contains a visual depiction of a minor engaging in sexually explicit conduct.⁶

Florida Child Pornography Laws

Present law defines “child pornography” to mean:

- Any image depicting a minor engaged in sexual conduct; or
- Any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.⁷

Florida law currently contains a variety of statutes that prohibit acts relating to child pornography. Currently, these statutes are found in two different chapters, ch. 827, F.S., relating to the abuse of children, and ch. 847, F.S., relating to obscenity.

It is unlawful for any person to possess with the intent to promote⁸ any photograph, motion picture, exhibition, show, representation, or other presentation which, in whole or in part, includes child pornography.⁹ A person who violates this subsection commits a third degree felony.¹⁰

⁴ The term “sexually explicit conduct” was defined as actual or simulated sexual intercourse (including genital-genital, oral-genital, anal-genital, or oral-anal) whether between persons of the same or opposite sex; bestiality; masturbation; sadistic or masochistic abuse; or lascivious exhibition of the genitals or pubic area of any person. 18 U.S.C. s. 2256(2) (1996 ed.).

⁵ The term “identifiable minor” was defined as a person who is recognizable as an actual person by the person’s face, likeness, or other distinguishing characteristic, such as a unique birthmark or other recognizable feature, and: who was a minor at the time the visual depiction was created, adapted, or modified; or whose image as a minor was used in creating, adapting, or modifying the visual depiction. The term was not to be construed to require proof of the actual identity of the identifiable minor. 18 U.S.C. s. 2256(9) (1996 ed.).

⁶ 18 U.S.C. s. 2256(8) (1996 ed.).

⁷ Section 827.071(1)(b), F.S.

⁸ Section 827.071(1)(h), F.S., defines “Promote” means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit, transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

⁹ Section 827.071(4), F.S.

¹⁰ A third degree felony is punishable by a term of imprisonment up to 5 years and a \$5,000 fine as provided in ss. 775.082, 775.083, and 775.084, F.S.

The possession of three or more copies of such photograph, motion picture, representation, or presentation is prima facie evidence of an intent to promote.¹¹ A person who violates this subsection commits a second degree felony.¹²

Additionally, it is unlawful for any person to knowingly solicit, possess, control, or intentionally view a photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation which he or she knows to include child pornography.¹³ A person who violates this section commits a third degree felony.

The provision does not apply to any material possessed, controlled, or intentionally viewed as part of a law enforcement investigation.

Child Sexual Abuse Material (CSAM)

There has been a recent push to replace the term “child pornography” with “child sexual abuse material.” Proponents of this change argue that the term “child pornography” should be avoided because:

- It fails to describe the true nature of the material and undermines the seriousness of the abuse from the child’s perspective;
- Pornography is a term primarily used to describe material depicting consensual sexual acts between adults distributed for the purpose of sexual pleasure. Using the term in this context risks normalizing, trivializing, and legitimizing the sexual abuse and exploitation of children;¹⁴ and
- Child pornography implies consent, and a child cannot legally give consent.¹⁵

The term “child pornography” is currently used in federal statutes and is defined as any visual depiction of sexually explicit conduct involving a person less than 18 years old. While this phrase still appears in federal law, “child sexual abuse material” is preferred, as it better reflects the abuse that is depicted in the images and videos and the resulting trauma to the child. In 2016, an international working group, comprising a collection of countries and international organizations working to combat child exploitation, formally recognized “child sexual abuse material” as the preferred term.¹⁶

Two states have passed similar legislature amending the term “child pornography” with the term “child sexual abuse material”:

¹¹ Section 827.071(4), F.S.

¹² A second degree felony is punishable by a term of imprisonment not exceeding 15 years and a fine up to \$10,000, as provided in ss. 775.082, 775.083, and 775.084, F.S.

- Harmonize with global use of the term. The term CSAM is used by the Department of Justice, and the Federal Bureau of Investigations.²⁵

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Rules

BILL: CS/HB 363

INTRODUCER: Health & Human Services Committee and Representatives Chaney and Salzman

SUBJECT: Dental Therapy

DATE: February 28, 2026

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. Smith	Kruse	RC	Pre-meeting

I. Summary:

CS/HB 363 creates a new licensed and regulated profession, dental therapy. Under the bill, dental therapists are mid-level dental care providers who provide services under the supervision of a licensed dentist. The bill establishes a framework for the licensure and regulation of dental therapists, including eligibility, scope of practice, practice requirements, and disciplinary authority.

The bill provides that a dental therapist may only provide dental therapy services under the supervision of a Florida-licensed dentist and pursuant to the terms of a written collaborative management agreement with the supervising dentist. The bill allows dental therapists to provide a broad scope of services under the general supervision of a dentist in all practice settings to the extent authorized under the written collaborative management agreement.

To be eligible for licensure, a person must have graduated from a dental therapy school or college accredited by the American Dental Association Commission on Dental Accreditation (CODA), pass the ADEX exam within three attempts, and pass a written exam on Florida Laws and Rules relating to dental therapy.

The bill requires dental therapists to complete at least 24 hours and up to 36 hours of continuing education biennially in order to maintain licensure, pursuant to Board of Dentistry (Board) rule. The bill creates a new Council on Dental Therapy to make recommendations to the Board.

The bill requires the Department of Health (DOH), in consultation with the Board and the Agency for Health Care Administration (AHCA), to submit a progress report to the President of the Senate and the Speaker of the House of Representatives by July 1, 2029, and a final report four years after the first dental therapy license is issued in order to monitor the development of this new licensed profession and its impact on dental care in Florida.

The bill also expands the conditions under which Florida Medicaid is allowed to provide reimbursement for dental services provided in a mobile dental unit.

The bill will have a negative fiscal impact on the DOH and an indeterminate impact to the Florida Medicaid program. See Section V of this analysis.

The bill provides an effective date of July 1, 2026.

II. Present Situation:

Regulation of Dental Practice in Florida

The Board of Dentistry (“the Board”) regulates dental practice in Florida, including dentists, dental hygienists, and dental assistants, under the Dental Practice Act.¹ A dentist is licensed to examine, diagnose, treat, and care for conditions within the human oral cavity and its adjacent tissues and structures.² A dental hygienist provides education, preventive, and delegated therapeutic dental services.³ A dental assistant is not licensed and provides a narrow scope of services authorized and supervised by a licensed dentist.⁴

Any person wishing to practice dentistry in this state must apply to the DOH and meet specified requirements. Section 466.006, F.S., requires dentistry licensure applicants to sit for a national exam, a state exam, and a practicum exam. To qualify to take the Florida dental licensure examination, an applicant must be 18 years of age or older, be a graduate of a dental school accredited by the American Dental Association Commission on Dental Accreditation (CODA) or be a student in the final year of a program at an accredited institution, and have successfully completed the National Board of Dental Examiners (NBDE) dental examination.

Dentists must maintain professional liability insurance or provide proof of professional responsibility. If the dentist obtains professional liability insurance, the coverage must be at least \$100,000 per claim, with a minimum annual aggregate of at least \$300,000.⁵ Alternatively, a dentist may maintain an unexpired, irrevocable letter of credit in the amount of \$100,000 per claim, with a minimum aggregate availability of credit of at least \$300,000.⁶ The professional liability insurance must provide coverage for the actions of any dental hygienist supervised by the dentist.⁷

Levels of Supervision under the Dental Practice Act

Dental care teams generally include dentists and allied professionals including dental hygienists and dental assistants who are trained to provide specific oral health care services under the supervision of a dentist. There are three levels of supervision performed by a dentist based on the service being provided:

- “Direct supervision” means supervision whereby a dentist diagnoses the condition to be treated, a dentist authorizes the procedure to be performed, a dentist remains on the premises

¹ Section 466.004, F.S.

⁷ Rule 64B5-17.011(4), F.A.C.

while the procedures are performed, and a dentist approves the work performed before dismissal of the patient.⁸

- “Indirect supervision” means supervision whereby a dentist authorizes the procedure and a dentist is on the premises while the procedures are performed.⁹
- “General supervision” means supervision whereby a dentist authorizes the procedures which are being carried out but need not be present when the authorized procedures are being performed. The authorized procedures may also be performed at a place other than the dentist’s usual place of practice. The issuance of a written work authorization to a commercial dental laboratory by a dentist does not constitute general supervision.¹⁰

Dental Therapy

As licensed and regulated in some U.S. states, dental therapists are mid-level dental providers, similar to physician assistants in medicine. Dental therapists may provide preventive and routine restorative care, such as filling cavities, placing temporary crowns, and extracting badly diseased or loose teeth.¹¹

Dental Therapy in Other States

Currently, 15 states authorize the practice of dental therapy. (See chart below.) Licensure, scope of practice, supervision, and practice setting requirements for dental therapists vary significantly between those states.¹² Florida does not currently license dental therapists.

There are currently three fully-operational dental therapy education programs in the U.S. that are accredited by the Commission on Dental Accreditation (CODA), and they are located in Minnesota, Alaska, and Washington state.¹⁴ Schools in Oregon, Michigan, Wisconsin, and Vermont are in the process of developing dental therapy education programs.¹⁵

Professional Regulation and the Florida Sunrise Act

Section 11.62, F.S., “The Sunrise Act,” sets forth legislative policy and minimum requirements for legislative review of bills proposing regulation of an unregulated occupation. In general, the Sunrise Act states that the regulation of an occupation or profession should not occur unless it is:

- Necessary to protect the public health, safety, or welfare from significant and discernible harm or damage;
- Exercised only to the extent necessary to prevent the harm; and
- Limited so as not to unnecessarily restrict entry into the practice of the occupation or profession or adversely affect public access to the professional services.

The Sunrise Act directs the Legislature to consider the following factors when determining whether to regulate a profession:

- Whether the unregulated practice of the profession or occupation will substantially harm or endanger the public health, safety, or welfare;
- Whether the potential for harm is recognizable and not remote;
- Whether the practice of the profession or occupation requires specialized skill or training;
- Whether the skill or training is readily measurable or quantifiable so that an examination, or training requirements, would reasonably assure initial and continuing professional or occupational ability;
- Whether the regulation will place an unreasonable burden on job creation or job retention in the state; or
- Whether unreasonable restrictions on the ability of individuals who seek to practice or who are practicing a given profession or occupation to find employment;
- Whether the public is or can be effectively protected by other means; and
- Whether the overall cost-effectiveness and economic impact of the proposed regulation, including indirect costs to consumers, will be favorable.

The Sunrise Act also requires the proponents of the legislation to provide detailed information regarding the need and potential impact of the regulation. The Sunrise Questionnaire is used for

that purpose. The Sunrise Act requires the governmental agency that will be responsible for its implementation to also assess the cost of implementation, the technical sufficiency of the proposal, and whether alternatives to regulation exist.

In determining whether to recommend regulation, the legislative committee reviewing the proposal is directed to assess whether the proposed regulation is:

- Justified based on the statutory criteria and the information provided by both the proponents of regulation and the agency responsible for its implementation;
- The least restrictive and most cost-effective regulatory scheme necessary to protect the public; and
- Technically sufficient and consistent with the regulation of other professions under existing law.

Summary of the Florida Sunrise Act Questionnaire Responses

The Sunrise Questionnaire for dental therapy was completed on behalf of several national and Florida-based organizations seeking to advance the practice act for dental therapy. They include: The National Partnership for Dental Therapy, the National Coalition of Dentists for Health Equity, the American Dental Therapy Association, and Floridians for Dental Access.¹⁶

The submitted questionnaire indicates that the licensure and regulation of dental therapists is being sought to address oral health access challenges. Per the questionnaire, ch. 466, F.S., regulating the practice of dentistry in Florida, prohibits anyone, other than dentists, from performing certain procedures that would be within the scope of practice for a dental therapist, thus prohibiting the practice of dental therapy. The bill would authorize a dental therapist to practice dental therapy in Florida without violating the dental practice act. This would allow a mid-level practitioner to provide some dental services that currently may be provided only by a dentist.

The public is already protected from the unlicensed practice of dental procedures by the existing dental practice act. Even so, the bill's proponents purport that by licensing dental therapists, the bill will exclude unqualified practitioners from providing services, in addition to giving official recognition to the field's scope of practice, extending professional opportunities for dental care professionals, and expanding access to dental care.¹⁷

Health Access Licenses

A health access license allows dentists licensed out-of-state, who meet certain criteria, to practice in a health access setting without the supervision of a Florida licensed dentist.¹⁸ A health access setting is a program or institution of the Department of Children and Families, the DOH, the Department of Juvenile Justice, a nonprofit health center, a Head Start center, a federally-

qualified health center (FQHC) or FQHC look-alike, a school-based prevention program, or a clinic operated by an accredited dental school or accredited dental hygiene program.¹⁹

A holder of a health access dental license must apply for renewal of the license each biennium and provide a signed statement that she or he has complied with all continuing education requirements of an active dentist. The health access dental license will be renewed if the applicant:

- Submits documentation from the employer in the health access setting that the licensee has at all times pertinent remained an employee;
- Has not been convicted or pled nolo contendere to, regardless of adjudication, any felony or misdemeanor related to the practice of a health care profession;
- Has paid the appropriate renewal fee;
- Has not failed the Florida examination requirements since initially receiving the health access dental license or since the last renewal; and
- Has not been reported to the National Practitioner Data Bank, unless the applicant successfully appealed to have his or her name removed from the data bank.

A health access dental license will be revoked upon the termination of the licensee's employment from a qualifying health access setting, final agency action determining that a licensee has violated disciplinary grounds as provided in s. 466.028, F.S., or failure of the Florida dental licensure examination.

It is considered the unlicensed practice of dentistry if the holder of a health access dental license fails to limit his or her practice to a health access setting.²⁰

III. Effect of Proposed Changes:

Section 1 amends s. 409.906, F.S.; to expand the circumstances under which Florida Medicaid may reimburse for dental services provided in a mobile dental unit by allowing reimbursement when the mobile unit is owned by, operated by, or has a contractual relationship with a health access setting (or a similar program serving underserved populations).

Section 2 amends s. 466.001, F.S.; to expand the legislative purpose and intent of ch. 466, F.S., to expressly include dental therapists alongside dentists and dental hygienists, and to clarify that provisions relating to the practice of dentistry, dental therapy, and dental hygiene must be liberally construed to carry out the chapter's purpose and intent.

Section 3 amends s. 466.002, F.S.; to exempt students and certain instructors in Florida schools of dental therapy, alongside schools of dentistry and dental hygiene or dental assistant educational programs, from chapter 466 while performing their assigned work or duties.

Section 4 amends s. 466.003, F.S.; to incorporate "dental therapists" and "dental therapy" within the definitions for ch. 466, F.S. The bill specifies that "dental therapy" means the rendering of

services pursuant to s. 466.0227, F.S., as created in Section 14 of the bill, and any related extraoral services or procedures required in the performance of such services.

Section 5 amends s. 466.004, F.S., to revise provisions relating to the Board of Dentistry and to create an advisory structure for dental therapy by establishing a Council on Dental Therapy to advise the Board on matters relating to dental therapy regulation. The bill requires the Chair of the Board to appoint members 28 months after the first dental therapy license is granted and provides membership composition and meeting requirements. The bill requires the Board to consider rule and policy recommendations of the Council at the Board's next regularly scheduled meeting.

Section 6 amends s. 466.006, F.S., to conform provisions to changes made by the bill, including full-time practice as a faculty member employed by a dental therapy school.

Section 7 amends s. 466.009, F.S., to establish reexamination provisions for dental therapy applicants. For an applicant who fails only one part or procedure of the examination, he or she may be required to retake only that part or procedure to pass the examination. For an applicant who fails more than one part or procedure, he or she must retake the entire examination.

Section 8 amends s. 466.011, F.S., to require the Board to certify applicants who meet qualifications for licensure as dental therapists.

Section 9 creates s. 466.0136, F.S., to require licensed dental therapists to complete biennial continuing education (at least 24 hours and up to 36 hours, as established by Board rule), to allow two hours of dual-credit continuing education for individuals also licensed as dental hygienists, and to authorize the Board to excuse compliance due to unusual circumstance, emergency, or hardship.

Section 10 amends s. 466.016, F.S., to require a practitioner of dental therapy to post and display his or her license in each office where he or she practices.

Section 11 amends s. 466.017, F.S., to require the Board to revise existing rules to account for dental therapists and to address anesthesia administration and supervision issues. The bill authorizes a dental therapist to become certified to administer local anesthesia under general supervision if he or she completes the same training required for a dental hygienist to administer local anesthesia under direct supervision²¹ and presents evidence of current certification in basic or advanced cardiac life support.

This section also authorizes a dental therapist who is authorized by his or her supervising dentist to operate an X-ray machine, expose dental X-ray films, and interpret or read such films. The bill requires dental therapists to report adverse incidents to the Board within 48 hours after any adverse incident related to or resulting from the administration of local anesthesia. A complete written report must be filed with the Board within 30 days of death or other incident.

²¹ Section 466.017(5), F.S.

Section 12 amends s. 466.018, F.S., to provide that a dentist of record remains primarily responsible for the dental treatment of a patient, regardless of whether the treatment is provided by a dental therapist, and to require that the name or initials of a dental therapist who renders treatment be placed in the patient record.

Section 13 creates s. 466.0225, F.S., to establish dental therapist licensure eligibility and requirements. To be eligible for licensure as a dental therapist, a person must apply to the DOH and meet the following requirements:

- Be at least 18 years of age;
- Have graduated from a dental therapy school or college accredited by CODA or by any other dental therapy accrediting entity that may eventually be recognized by the U.S. Department of Education;
- Successfully complete a dental therapy practical or clinical exam produced by the American Board of Dental Examiners (ADEX) within three attempts;
- Not have been disciplined by the Board with the exception of minor violations or citations;
- Not have been convicted, or pled nolo contendere to, a misdemeanor or felony related to the practice of dental therapy; and
- Pass a written exam on Florida laws and rules regulating the practice of dental therapy.

Section 14 creates s. 466.0227, F.S., to establish the scope of practice and supervision requirements for dental therapists by:

- Requiring a written collaborative management agreement with a supervising Florida-licensed dentist;
- Authorizing performance of specified dental therapy services under general supervision, as permitted by the agreement;
- Requiring the agreement to address items such as practice settings and populations served, scope limitations, supervision criteria, emergency planning, recordkeeping, quality assurance, referral/clinical resources beyond the therapist's capabilities, and protocols for limited circumstances where services may be provided before the dentist examines the patient; and
- Authorizing the Board to expand the dental therapist scope of practice by rule beyond the scope provided by the bill.

The bill specifies that supervision may be conducted via telehealth. The collaborative management agreement must include a plan to manage medical emergencies in each practice setting where the dental therapist provides care.

Under the bill, the scope of practice authorizes a dental therapist to perform the following services:

- Oral exams and treatment planning – Check the mouth for signs of dental disease and create a personalized care plan.
- Identifying and referring health issues – Recognize oral or general health problems that need a dentist, physician, or other provider, and arrange referrals.
- Detailed charting – Record a complete map of the teeth and mouth.
- Patient education – Teach patients about oral health, disease prevention, nutrition, and diet.
- X-rays – Take and interpret dental radiographs.

- Dental prophylaxis – Professional cleaning, including scaling below the gumline and polishing.
- Medication administration – Give non-narcotic pain relievers, anti-inflammatory drugs, and antibiotics by mouth or topically, as prescribed by a licensed health care provider.
- Preventive treatments – Apply fluoride varnish, sealants, antimicrobial agents, or other cavity-preventing materials.
- Pulp testing – Check the health of tooth pulp with vitality tests.
- Desensitizing treatments – Apply medications or resins to reduce tooth sensitivity.
- Mouth guards – Make sports guards and soft bite guards.
- Periodontal dressings – Place or replace dressings used after gum treatments.
- Local anesthesia and nitrous oxide – Administer numbing injections and laughing gas.
- Primary tooth extraction – Remove baby teeth that have fully erupted.
- Certain permanent tooth extractions – Remove very loose, diseased permanent teeth when allowed by agreement, but not impacted, unerupted, fractured, or sectioned teeth.
- Emergency palliative treatment for dental pain – Provide procedures within this scope of practice for urgent pain relief.
- Tooth fillings – Prepare and place direct restorations (fillings) in both baby and adult teeth.
- Temporary crowns – Make and place single-tooth temporary crowns.
- Crowns on baby teeth – Prepare and place pre-made crowns on primary teeth.
- Direct and indirect pulp capping (permanent teeth) – Place materials over exposed pulp (“direct”) or nearly exposed (“indirect”) pulp to protect it.
- Pulp capping (baby teeth) – Place protective material near pulp in primary teeth.
- Stitches – Place and remove sutures inside the mouth.
- Denture adjustments – Make minor repairs or adjustments to removable dentures.
- Space maintainers – Place and remove devices that hold space for future teeth.
- Pulpotomy (baby teeth) – Partially remove infected pulp tissue in primary teeth and seal the chamber.
- Tooth reimplantation – Reinsert and stabilize a tooth that has been knocked out.
- Recementing crowns – Reattach a loose permanent crown.
- Additional services, treatments, or procedures as the Board deems appropriate by rule.

Section 15 amends s. 466.026, F.S., to provide criminal penalties relating to dental therapy, including making the unlicensed practice of dental therapy a felony offense and prohibiting fraudulent use of the “dental therapist” title or the initials “D.T.”

Section 16 amends s. 466.028, F.S., to revise grounds for denial of a license or disciplinary action by the Board to include the practice of dental therapy.

Section 17 amends s. 466.0285, F.S., to prohibit persons other than licensed dentists from employing a dental therapist in the operation of a dental office and from controlling the use of dental equipment or materials in specified circumstances, and to require that certain lease or rental arrangements include a provision ensuring the dentist maintains complete care, custody, and control of the equipment or practice.

Section 18 amends s. 921.0022, F.S., to conform the Criminal Punishment Code offense severity ranking chart to reflect the bill's new or revised criminal penalties.

Section 19 requires the DOH, in consultation with the Board and the AHCA, to submit a progress report by July 1, 2029, and a final report four years after the first dental therapy license is issued, to monitor implementation and impacts on dental care in Florida.

Section 20 of the bill provides an effective date of July 1, 2026.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None identified.

B. Public Records/Open Meetings Issues:

None identified.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Current law requires that all costs for regulating a health care profession and practitioners be borne by licensees and licensure applicants.²² A separate fee bill, which must pass by a supermajority vote, is required to establish or raise a licensure fee.²³ As of this writing, a fee bill has not been filed for the costs associated with regulating the practice of dental therapy. Therefore, if this bill were to become law, fees paid by other types of health care practitioners would fund the costs of licensing and regulating dental therapists.

E. Other Constitutional Issues:

Section 6 of Article III of the State Constitution requires every law to “embrace but one subject and matter properly connected therewith, and the subject shall be briefly expressed in the title.” The subject as expressed in the title circumscribes the one subject to which the act must relate. CS/HB 363 is titled “An act relating to dental therapy.” However, Section 1 of the bill amends s. 409.906, F.S., to expand conditions under which Florida Medicaid is allowed to provide reimbursement for dental services provided in a mobile dental unit. Such services are not restricted solely to dental therapists; therefore, this section of the bill affects the Medicaid program’s overall dental benefit, outside of services specific to dental therapy. It is unclear whether a court would find that this section of the bill is “properly connected therewith” an Act relating to dental therapy.

²² Section 456.025, F.S.

²³ Fla. Const. Art. VII, Sec. 19.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The DOH will incur a negative fiscal impact related to the licensure and regulation of a new profession.²⁴ The DOH anticipates the need for one additional full-time employee (FTE) in order to accommodate the increase in workload.

The DOH estimates that the cost of licensing and regulating dental therapists to be approximately \$240,634 (\$123,105 recurring/\$117,240 non-recurring) in the following categories:

- Expense category: \$26,062 (recurring)/\$5,937 (non-recurring)
- Contracted Services category: \$18,340 (recurring)/\$111,240 (non-recurring)
- Other Personal Services (OPS) category: \$1,000 (recurring)
- Salaries and Benefits: \$77,703 (recurring)
- Human Resources: \$352 (non-recurring)

The DOH estimates that the costs associated with regulating dental therapists can be absorbed within current resources based on an estimate in which only 702 persons become licensed as dental therapists.²⁵

According to the DOH, as of the end of State Fiscal Year 2024-2025, the Board had a total negative cash balance of (\$3,340,779). Current law requires all practitioner regulatory boards ensure that licensure fees are adequate to cover all anticipated costs to maintain a reasonable cash balance and establishes measures to be taken by the DOH if a board is operating with a negative cash balance. Specifically, current law authorizes the DOH to set licensure fees on behalf of a board if the board has failed to act sufficiently to remedy the negative cash balance. The DOH may advance funds to a board in such circumstances for up to two years. The board in question must pay interest on any such funds.

The bill will have an indeterminate negative fiscal impact to the Florida Medicaid program. The bill expands the ownership criteria for mobile dental units that can receive reimbursement under the program. This increase in access to care will increase utilization and costs within Medicaid's dental component. The exact fiscal impact cannot be determined at this time because the number of mobile units that will meet the new criteria

and the number of Medicaid recipients they serve is unknown. When sufficient experience data has been collected, any increases in costs would be built into future prepaid dental managed care capitation rates and addressed at a future Social Service Estimate Conference.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 409.906, 466.001, 466.002, 466.003, 466.004, 466.006, 466.009, 466.011, 466.016, 466.017, 466.018, 466.026, 466.028, 466.0285, and 921.0022.

This bill creates the following sections of the Florida Statutes: 466.0136, 466.0225, and 466.0227.

409 American Dental Licensing Examination produced by the American
410 Board of Dental Examiners, Inc., or its successor entity, if
411 any, which is administered in this state, provided that the
412 board has attained, and continues to maintain thereafter,
413 representation on the board of directors of the American Board
414 of Dental Examiners, the examination development committee of
415 the American Board of Dental Examiners, and such other
416 committees of the American Board of Dental Examiners as the

419 1. As an alternative to such practical or clinical
420 examination, an applicant may submit scores from an American
421 Dental Licensing Examination previously administered in a
422 jurisdiction other than this state after October 1, 2011, and

 455 advanced education program in a dental specialty.

456 c. The applicant currently possesses a valid and active
 457 dental license in good standing, with no restriction, which has
 458 never been revoked, suspended, restricted, or otherwise

BILL: CS/HB 1175

INTRODUCER: Health Professions & Programs Subcommittee and Representative Redondo

SUBJECT: Safety Design Standards for Office Surgery Suites

DATE: March 2, 2026

REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

I. Summary:

By January 1, 2027, the bill directs the Florida Building Commission to amend the Florida Building Code and the State Fire Marshal to amend the Florida Fire Prevention Code to include safety design standards for office surgical suites so that physicians can provide services or treatment simultaneously for up to six patients who, due to treatment, anesthesia, or illness or injury, are unable to take action for self-preservation during an emergency without the assistance of others.

The safety design standards must be an alternative to the safety design standards for ambulatory health care occupancies that are already found in the codes, which currently apply to office surgical suites that treat four or more immobile patients. The bill defines “office surgery suite” as that portion of a physician’s office where surgery is performed.

The bill takes effect on July 1, 2026.

II. Present Situation:

Florida Building Code

In 1974, Florida adopted legislation requiring all local governments to adopt and enforce a minimum building code that would ensure that Florida’s minimum standards were met. Local governments could choose from four separate model codes. The state’s role was limited to adopting all or relevant parts of new editions of the four model codes. Local governments could amend and enforce their local codes, as they desired.¹

In 1992, Hurricane Andrew demonstrated that Florida’s system of local codes did not work. Hurricane Andrew easily destroyed those structures that were allegedly built according to the strongest code. The Governor eventually appointed a study commission to review the system of

local codes and make recommendations for modernizing the system. The 1998 Legislature adopted the study commission's recommendations for a single state building code and enhanced the oversight role of the state over local code enforcement. The 2000 Legislature authorized implementation of the Florida Building Code (Building Code), and that first edition replaced all local codes on March 1, 2002.² The current edition of the Building Code is the eighth edition, which is referred to as the 2023 Florida Building Code.³

Part IV of chapter 553, F.S., is known as the "Florida Building Codes Act" (Act). The purpose and intent of the Act is to provide a mechanism for the uniform adoption, updating, amendment, interpretation, and enforcement of a single, unified state building code. The Building Code must be applied, administered, and enforced uniformly and consistently from jurisdiction to jurisdiction.⁴

The Florida Building Commission (Commission) was created to implement the Building Code. The Commission, which is housed within the Department of Business and Professional Regulation (DBPR), is a 19-member technical body made up of design professionals, contractors, and government experts in various disciplines covered by the Building Code.⁵ The Commission reviews several International Codes published by the International Code Council,⁶ the National Electric Code, and other nationally adopted model codes to determine if the Building Code needs to be updated and adopts an updated Building Code every 3 years.⁷

Florida Fire Prevention Code

Chapter 633, F.S., Florida's fire prevention and control law, designates the state's Chief Financial Officer as the State Fire Marshal. The State Fire Marshal, through the Division of State Fire Marshal within the Department of Financial Services, is charged with enforcing the provisions of ch. 633, F.S., and all other applicable laws relating to firesafety.⁸ Local fire officials are authorized to enforce ch. 633, F.S. and all rules prescribed by the State Fire Marshal within their respective jurisdictions.⁹

The State Fire Marshal also adopts by rule the Florida Fire Prevention Code (Fire Code), which contains all firesafety laws and rules that pertain to the design, construction, erection, alteration, modification, repair, and demolition of public and private buildings, structures, and facilities.¹⁰

The State Fire Marshal must adopt a new edition of the Fire Code every 3 years.¹¹ The current edition of the Fire Code is the eighth edition.¹²

The Fire Code is an occupancy-based code, meaning the classification of occupancy drives the requirements for different fire and life safety features.¹³ The requirements reflect the expected characteristics of the anticipated occupants of each space, including capability of self-preservation, familiarity with the space, age, and alertness.¹⁴ Improperly classifying a building or space risks over- or under-applying necessary code requirements, resulting in buildings lacking fire and life safety features, or containing additional fire and life safety features that are not required by the Fire Code.¹⁵ Three occupancy classifications exist in the Fire Code that could apply to medical facilities: business occupancies, ambulatory health care occupancies, and health care occupancies.

The Fire Code defines a business occupancy as “an occupancy used for the transaction of business other than mercantile”.¹⁶ This occupancy type includes doctor’s offices.

Ambulatory health care occupancy is defined as an occupancy “used to provide services or treatment simultaneously to four or more patients that provides, on an outpatient basis, one or more of the following:

1. Treatment for patients that renders the patient incapable of taking action for self-preservation under emergency conditions without the assistance of others;
2. Anesthesia that renders the patient incapable of taking action for self-preservation under emergency conditions without the assistance of others
3. Treatment for patients who, due to the nature of their injury or illness, are incapable of taking action for self-preservation under emergency conditions without the assistance of others.”¹⁷

Health care occupancy is defined as an occupancy “used to provide medical or other treatment or care simultaneously to four or more patients on an inpatient basis, where such patients are mostly incapable of self-preservation due to age, physical or mental disability, or because of security measures not under the occupants’ control.”¹⁸

Ambulatory Surgical Centers vs. Office-Based Surgeries

The Building Code regulates ambulatory surgery centers (ASCs) and office surgery suites separately,¹⁹ and the Fire Code regulates health care occupancies, ambulatory care occupancies, and business occupancies separately.²⁰ Certain office surgery suites are required to meet the standards under the code for ambulatory surgical centers.

Outpatient surgery can occur in two primary settings: office-based surgeries (OBS) and ASCs.²¹ OBS utilizes a dedicated suite within a doctor's office, offering a familiar patient environment.²² ASCs, on the other hand, are freestanding facilities specifically designed for outpatient procedures.²³ An ASC is a facility that is not part of a hospital the primary purpose of which is to provide elective surgical care, in which the patient is admitted and discharged within 24 hours.²⁴ ASCs are licensed and regulated by the Agency for Health Care Administration under the same regulatory framework as hospitals.²⁵

OBS offers procedures not in a hospital environment but within a dedicated suite in a doctor's office that is designed to meet surgical needs, and equipped with essential tools.²⁶ Surgery in an OBS is suitable for a range of less complex procedures, for example, mole removal, skin biopsies and some cosmetic procedures, like liposuction or, in some instances, cataract surgery, can be safely conducted within an OBS suite.²⁷ OBS provides a convenient and efficient option for various surgical needs, that may allow a patient to return home the same day.²⁸

Office Surgeries, the Building Code, and Emergency Rules

The Board of Medicine and the Board of Osteopathic Medicine have authority to adopt rules to regulate the practice of medicine and osteopathic medicine, respectively.²⁹ The boards have authority to establish, by rule, standards of practice and standards of care for particular settings.³⁰ However, requirements related to occupancies and building standards are set in the Building Code and Fire Code.

If an office surgery suite provides services or treatment to four or more patients at the same time that either renders the patients incapable of taking action for self-preservation under emergency

conditions without the assistance from others or that requires general anesthesia must meet the requirements of ambulatory health care occupancies under the Building Code and Fire Code.³¹ The Building Code defines “incapable of self-preservation” as persons who, because of age, physical limitations, mental limitations, chemical dependency or medical treatment, cannot respond as an individual to an emergency situation.³²

Under the Building Code, ASCs must meet strict requirements, including special design details from “The Guidelines for Design and Construction of Outpatient Facilities (The Guidelines).”³³ For example, the Building Code has the following requirements for operating rooms:

	Ambulatory Surgical Center	Office Surgery Suite
Operating Room Size	At least one operating room with a minimum clear floor area of 270 square feet (25.08 m ²) ³⁴	Minimum clear floor area depends on the level of care: 255 sq ft (Level II) 270 sq ft (Level III with anesthesia machine) 400 sq ft (complex) ³⁵
Emergency Electrical Systems	Type I emergency electrical system (similar to hospitals) ³⁶	Minimum Type III nonportable, permanently installed emergency electrical system, but new Level III suites should provide a Type I system. ³⁷
Medical Gas	Category 1 piped oxygen and vacuum systems are required in each operating room, if required by The Guidelines ³⁸	Level III system or a double yoke system, unless an anesthesia ventilator is used for the procedure. ³⁹

The requirements under the Fire Code for ASCs are similarly more stringent than those for office surgery suites. Examples of differences between ASC requirements from the Fire Code compared to Office Surgery Suites:

	Ambulatory Surgical Center	Office Surgery Suite
Occupancy Classifications	“Ambulatory health care occupancy” since it is used to treat 4 or more patients on an outpatient basis ⁴⁰	“Business” occupancy (lower risk), unless it hits the 4-patient threshold, which upgrades it to “Ambulatory health care”. ⁴¹
Smoke Compartments	Required if the facility is large (usually over 10,000 sq ft, or 5,000 sq ft without sprinklers) to allow for safe patient movement. ⁴²	Generally, not required for standard business occupancies. ⁴³
Sprinklers & Separation	Strict 1-hour fire resistance ratings, and if in an un-sprinklered building, they must be separated by specific fire barriers. ⁴⁴	Requires 1-hour fire separation, similar to business occupancies, but stricter if it is classified as ambulatory care due to the level of sedation/anesthesia used. ⁴⁵

Standard of Care Requirements and Recent Events Related to Office Surgeries

Prior to performing any office surgery, a physician must evaluate the risk of anesthesia and of the surgical procedure to be performed.⁴⁶ A physician must maintain a complete record of each surgical procedure, including the anesthesia record, if applicable, and written informed consent.⁴⁷ The written consent must reflect the patient’s knowledge of identified risks, consent to the procedure, type of anesthesia and anesthesia provider, and that a choice of anesthesia provider exists.⁴⁸ There are additional specific requirements for liposuction procedures.⁴⁹

Certain outpatient surgeries carry a higher risk of complications to patients. The rate of fatal complications from gluteal fat grafting is higher than any other cosmetic procedure.⁵⁰ South

Gluteal fat grafting, commonly known as a “Brazilian butt lift” or BBL, is the fastest-growing plastic surgery procedure in the U.S. *Id.* The procedure involves liposuction in areas where fat removal will improve the contour of the body. Stanford Medicine, *Buttock Augmentation*, <https://med.stanford.edu/cosmeticsurgery/aestheticservices/body/buttock-augmentation.html> (last visited Feb. 28, 2026). Typically, fat is harvested from two or more regions which may include the flanks (love handles), abdomen, or back. *Id.* The harvested fat is purified to optimize the viability of fat cells and stem cells before it is injected into the subcutaneous layer (below the skin, but above the muscle) of the buttocks. *Id.*

Florida carries the highest mortality rate by far in the nation with 25 deaths occurring between 2010 and 2022 related to gluteal fat grafting procedures.⁵¹ According to a study on the deaths that occurred in South Florida, the surgical setting and the short surgical times for these cases were the most significant contributing factors to the deaths.⁵² Of the 25 deaths, 23 of the surgeries were performed at high-volume, low budget clinics.⁵³ These clinics employ a practice model based on high-volume and minimal-patient-interaction.⁵⁴ All of the deaths resulted from pulmonary fat embolism, which occurs when a vein wall is injured during the injection process allowing fat to enter the pulmonary vessels.⁵⁵

Because of these risks, Florida law has established specific standards and best practices for such office surgeries. For example, in 2022, the Florida Board of Medicine Board adopted an emergency rule based on statistics that indicated gluteal fat grafting patients were experiencing abnormally high levels of complications and that fatalities from fat embolisms were occurring with disturbing frequency.⁵⁶ Among the requirements that were passed was the limitation on gluteal fat grafting procedures to three per day.⁵⁷ A number of medical societies and associations supported these rules, including the American Society of Plastic Surgeons who called such measures “patient safety measures” they believed were likely to “save lives and reduce morbidity.”⁵⁸

Based on these same concerns, Florida passed a bill in 2024 that increased regulation and fines on physicians who perform office surgeries that do not follow proper procedures related to liposuction and gluteal fat grafting.⁵⁹ The law now requires physicians to register with the Department of Health (DOH) any offices that perform liposuction procedures in which more than 1,000 cubic centimeters of supernatant fat is removed, temporarily or permanently.⁶⁰ Each office registered must designate a physician who is responsible for the office’s compliance with the office health and safety requirements.⁶¹ The offices are inspected by the DOH at least annually, including a review of patient records, to ensure that the office is in compliance.⁶²

An office in which a physician performs gluteal fat grafting procedures must at all times maintain a ratio of one physician to one patient during all phases of the procedure, beginning with the administration of anesthesia to the patient and concluding with the extubation of the patient.⁶³ After a physician has commenced, and while he or she is engaged in, a gluteal fat

grafting procedure, the physician may not commence or engage in another gluteal fat grafting procedure or any other procedure with another patient at the same time.⁶⁴

III. Effect of Proposed Changes:

By January 1, 2027, the bill directs the Florida Building Commission to amend the Florida Building Code and the State Fire Marshal to amend the Florida Fire Prevention Code to include safety design standards for office surgical suites so that physicians can treat or provide certain services for up to six patients on an outpatient basis.

Specifically, the services allowed under the bill for up to six patients in office surgery suites are treatment or anesthesia that renders a patient incapable of taking action for self-preservation under emergency conditions without the assistance of others and treatment for patients who, due to the nature of their injury or illness, are incapable of taking action for self-preservation under emergency conditions without the assistance of others.

Currently, an office surgery suite will fall under the definition of a “business” occupancy under the Fire Code and its accompanying less stringent structural and design requirements, unless the office surgery suite is used to treat four or more patients. Once the office surgery suite meets the four-patient threshold, it meets the definition for “ambulatory health care” under the Fire Code and must meet the strict design requirements for that facility type. The bill will revise this threshold and allow treatment for up to six patients before an office surgery suite will have to meet the strict ambulatory health care requirements.

Under the bill, the safety design standards must be an alternative to the safety design standards for ambulatory health care occupancies that are already found in the codes. The bill defines “office surgery suite” as that portion of a physician’s office where surgery is performed.

The bill takes effect on July 1, 2026.

(a) Treatment for patients that renders the patients incapable of taking action for self-preservation under emergency conditions without the assistance of others.

(b) Anesthesia that renders the patients incapable of taking action for self-preservation under emergency conditions
