I. Summary:

SB 98 modifies provisions related to Florida workforce development and education including:

- Reestablishing the Office of Economic and Demographic Research’s Workforce Estimating Conference as the Labor Market Estimating Conference, tasked with determining real-time supply and demand in Florida’s labor market;
- Adding “gross mismanagement” to the types of behavior for which the Governor may remove a member of the state workforce board or a local workforce development board;
- Requiring the state board to provide detailed information on the effectiveness of its activities, and requiring the state board to assign a letter grade to each local workforce development board;
- Requiring contracts for training services provided through Individual Training Accounts to condition final payment to a training provider, of at least 10 percent, upon a participant’s successful job placement;
- Requiring local workforce development boards to post information about the board’s finances and their board members’ financial and ethics disclosures;
- Imposing 6-year term limits on board members, and increasing oversight of contracts;
- Modifying the duties of the Department of Education to strengthen the accountability of apprenticeship and preapprenticeship programs, and target grants under the Florida Pathways to Career Opportunities Grant Program to programs that satisfy a regional or state demand and have successful completion and employment rates;
- Aligning educational offerings under the Career and Professional Education Act with the CAPE Industry Certification Funding List, and aligning the list with skills needed for future employment and projections from a new Labor Market Estimating Conference; and
- Requiring the Commissioner of Education to review the funding weights assigned to career courses and certifications included in the CAPE Industry Certification Funding List.

The bill takes effect July 1, 2021.
II. Present Situation:

The Workforce Estimating Conference

Current law directs the Workforce Estimating Conference to develop forecasts of employment demand for jobs by occupation and industry. The Conference must also review local and regional occupational data generated through the Internet-based job-matching and labor-market information system and consider such data in developing its forecasts for statewide employment demand. Additionally, the data is used to make recommendations to CareerSource on any changes to local target occupation lists. The Workforce Estimating Conference is expected to meet at least twice a year; however, the conference has not met since September 6, 2013.

Florida’s Workforce Development System

The federal Workforce Investment Act of 1998 (WIA) was passed by Congress in an effort to improve the quality of the nation’s workforce through implementation of a comprehensive workforce investment system. The WIA required each state to establish an investment board at the state level and to also establish workforce investment boards to represent local service areas. The WIA also called for the delivery of workforce development services through a system of “one-stop” centers in local communities. Some key principles of the WIA were to better integrate workforce services, empower individuals, provide universal access to participants, increase accountability, and improve youth programs.

In response to the WIA, Florida established a workforce development system under the Workforce Investment Act of 2000. The act aimed to better connect the state’s economic development strategies with its workforce development system and to implement the principles of the federal WIA.

Federal Workforce Innovation and Opportunity Act of 2014

In 2014, Congress passed the Workforce Innovation and Opportunity Act (WIOA), which superseded the Workforce Investment Act of 1998. The WIOA requires each state to develop a single, unified plan for aligning workforce services through the identification and evaluation of core workforce programs. In general, the WIOA maintains the one-stop framework of the WIA,

and encompasses provisions aimed at streamlining services, easing reporting requirements, and reducing administrative barriers. The WIOA officially became effective on July 1, 2015, the first full program year after enactment.

**Core Programs**

The WIOA identifies four core programs that must coordinate and complement each other in a manner that ensures job seekers have access to needed resources. The core programs are:

- Adult, Dislocated Worker, and Youth Programs;
- Employment Services under the Wagner-Peyser Employment Act;
- Vocational Rehabilitation Services; and
- Adult Education and Literacy Activities.

**Performance Measures**

In an effort to promote transparency and accountability, the WIOA created a single set of common measures for the evaluation of core programs. The WIOA requires performance reports to be provided at the state, local, and trainer provider levels. The performance measures that now apply across all core programs are:

- The percentage of participants in unsubsidized employment during second quarter after exit;
- The percentage of participants in unsubsidized employment during fourth quarter after exit;
- The median earnings of participants during second quarter after exit;
- The percentage of participants who obtain a postsecondary credential or secondary school diploma within 1 year after exit;
- The achievement of measurable skill gains toward credentials or employment; and
- The effectiveness in serving employers.

**State Workforce Development Plan**

Using the common performance measures for core programs, the WIOA requires each state to develop and submit a unified state plan based on a 4-year strategy for workforce development. The state plan must describe an overall strategy for the core programs and how the strategy will meet needs for workers, job seekers, and employers. The WIOA also provides an option for states to submit a combined plan that outlines plans for the core programs along with additional workforce programs.

The WIOA requires the Governor to establish a State Workforce Development Board to assist the Governor in carrying out the duties and responsibilities required by the WIOA. The membership of the state board must represent diverse geographic regions of the state, and the

membership must include the Governor, members of the state legislature, representatives of business, representatives of workforce within the state, and membership from state officials with primary responsibility for the core programs. Among other duties, the state board is required to assist in the development, implementation and modification of a 4-year state plan, review statewide policies, programs, and recommendations on actions to align workforce development programs, and identification and dissemination on best practices.

Regional Planning and Local Workforce Development Boards

The WIOA requires states to identify regional planning areas for workforce development strategies. Within each area, a local workforce development board must be established. Each local workforce development board is required to coordinate planning and service delivery strategies within their area. Formulated strategies are then used by the local workforce development board to develop and submit a local plan for the delivery of workforce services.

The WIOA requires each Governor to designate local workforce development areas in consultation with the state workforce development board, chief elected officials and local workforce development boards, and after consideration of public comment. In making such designations, the WIOA requires each Governor to consider, with limited exception, the extent to which the areas: (1) are consistent with the labor market areas in the state; (2) are consistent with regional economic development areas in the state; and (3) have the federal and non-federal resources necessary to effectively administer workforce investment activities, including whether the areas have the appropriate education and training providers, such as institutions of higher education and area career and technical education (CTE) schools.

The Governor’s Authority

The WIOA grants the Governor broad oversight authority of both the state and local level workforce development programs. The Governor is responsible for designating the local workforce development areas in consultation with the state workforce development board, chief elected officials and local workforce development boards, and after consideration of public comment. In making such designations, the WIOA requires each Governor to consider, with limited exception, the extent to which the areas: (1) are consistent with the labor market areas in the state; (2) are consistent with regional economic development areas in the state; and (3) have the federal and non-federal resources necessary to effectively administer workforce investment activities, including whether the areas have the appropriate education and training providers, such as institutions of higher education and area career and technical education (CTE) schools.

31 Id. WIOA lists two exceptions: (1) during the first two years after WIOA’s enactment, the Governor of each state was required to approve a request to designate a local workforce development area from any areas designated as such under the Workforce Innovation Act of 1998 for the two-year period immediately preceding WIOA’s enactment that performed successfully and sustained fiscal integrity; and (2) after the initial designation of such areas, the Governor of each state was further required to approve a subsequent request to designate such areas if, over the two most recent program years, they performed successfully, sustained fiscal integrity, and in the case of a local area planning region met additional requirements, including, but not limited to, the preparation of a regional plan.
32 Id.
workforce areas, certifying the local workforce development boards, and negotiating the performance measures required by the WIOA. The Governor also has the authority to decertify a local workforce development board, and require its reorganization, for fraud, abuse, or failure to carry out its statutory duties. If a local workforce development board fails to meet its agreed upon performance measures in two consecutive program years, the Governor must decertify it and implement a reorganization plan.

One-Stop Delivery System

The WIOA aims to strengthen the one-stop delivery system by requiring each local area to have at least one comprehensive one-stop delivery provider. A comprehensive one-stop delivery provider supplies physical access to services provided by core partners, as well as other mandatory partners. The WIOA mandates that each partner shares in the funding of services and infrastructure costs of the one-stop delivery system.

Florida’s Implementation of The WIOA

In 2016, Florida made changes to the workforce development system to conform to the new federal guidelines established by the WIOA. Under the current workforce development system, the DEO, CareerSource, the state board, and 24 local workforce development boards act as partners in administering Florida’s comprehensive system for the delivery of workforce strategies, services, and programs. Florida submitted its first Unified State Plan in 2016, a Two-Year Modification in 2018, and most recently a plan for the period July 1, 2020-June 30, 2024. Florida’s plan includes the following required programs:

- Adult Program;
- Dislocated Worker Program;
- Youth Program;
- Adult Education and Family Literacy Act;
- Wagner-Peyser Act; and
- Vocational Rehabilitation Program, including Blind Services Program.

The Unified Plan includes the required core partners of: CareerSource, the DEO, and the Department of Education’s (DOE) Divisions of Career and Adult Education, Vocational Rehabilitation and Blind Services.  

**The Department of Economic Opportunity**

The DEO serves as Florida’s lead workforce agency. The DEO is responsible for the fiscal and administrative affairs of the workforce development system. The DEO receives and distributes federal funds for employment-related programs to the local workforce development boards. Additionally, the DEO must annually meet with each local workforce development board to review the board’s performance and to certify that the board is in compliance with applicable state and federal law.

**CareerSource Florida, Inc. and the State Board**

CareerSource Florida, Inc., a not-for-profit corporation, provides administrative support to Florida’s state-level workforce development board. CareerSource collaborates with the DEO, the local workforce development boards, and one-stop service providers to ensure workforce services are consistent with state and local plans. CareerSource also implements policy directives of the state board.

The state board is the board of directors of CareerSource. The board of directors includes the Governor, 16 business representatives, six workforce representatives, and eight government officials. The state board conducts its work through its board of directors, two councils, and an Executive Committee. Additionally, the state board is responsible for the design and implementation of Florida’s workforce development system and provides policy direction to ensure that the DEO is properly administering workforce development activities and programs. The state board is also responsible for developing a 4-year plan that is consistent with the requirements of the WIOA. In partnership with state and local workforce partners, the state board develops strategic planning elements for the state plan to address strategies to fulfill workforce system goals; aggregate, integrate, and leverage resources; coordinate the activities of federal, state, and local workforce

The state board submits an annual report by December 1 of each year to the Governor and the Legislature on the operations and accomplishments of the board, as well as, all audits.

**Local Workforce Development Boards**

Twenty-four local workforce development boards (local boards) deliver Florida’s workforce development services through over 100 one-stop service providers. The one-stop service providers give Floridians access to available workforce services; including job placement, career counseling, and skills training. Each local board formulates a local budget and oversees the one-stop delivery system within its local area.

Collectively, the local boards operate under a charter approved by CareerSource. The local boards must submit a request for continued designation every two years, beginning July 1, 2017, to CareerSource and the DEO. Continued designation is granted if the local board performed successfully and sustained fiscal integrity. Each local board must develop their own local plans which are aligned with the vision and goals of the state plan.

**Accountability**

For the period February 10, 2020 through August 7, 2020, the United States Department of Labor (USDOL) Employment Training Administration (ETA) conducted a compliance review of the DEO to determine their level of compliance with the programmatic, fiscal, and administrative requirements. The review identified 50 compliance findings which must be addressed, with several findings having regulatory, statutory, and policy violations.

The DEO has since provided corrective action responses to 46 of the 50 findings. The DEO’s response concluded that the state board has not delegated its policy making authority and provided the agreement between the DEO and CareerSource. Additionally, the DEO will incorporate an annual review of local board websites to ensure local plans and modifications are made publicly available. To address conducting business in an open manner, the DEO has updated the grantee-sub grantee agreement as well as a policy for local area governance and transparency.

Apprenticeships and Preapprenticeships

The Florida Legislature has established educational opportunities for young people in the state to be trained for trades, occupations, and professions suited to their abilities.

The federal government works in cooperation with states to oversee the nation’s apprenticeship programs. States have the authority to register apprenticeship programs through federally-recognized State Apprenticeship Agencies. In Florida, the Department of Education (DOE) serves as the registering entity to ensure compliance with federal and state apprenticeship standards, provide technical assistance, and conduct quality assurance assessments.

An apprenticeable occupation is a skilled trade which possesses all of the following characteristics:

- It is customarily learned in a practical way through a structured, systematic program of on-the-job, supervised training;
- It is commonly recognized throughout the industry;
- It involves manual, mechanical, or technical skills and knowledge requiring a minimum of 2,000 hours of work and training, which hours are excluded from the time spent at related instruction; and
- It requires related instruction to supplement on-the-job training. Such instruction may be given in a classroom or through correspondence courses.

74 Section 446.092, F.S.
**Registered Apprenticeship**

Registered apprenticeship is an employer-driven, on-the-job workforce educational training program that connects job seekers looking to learn new skills and career opportunities with employers looking to create a pipeline of highly skilled individuals for their workforce.\(^{75}\)

The key components of a Florida registered apprenticeship program are business involvement, structured on-the-job training, related technical instruction, rewards for skill gains, and a nationally recognized credential.\(^{76}\)

**Apprenticeship Programs**

An “apprentice” is a person at least 16 years of age who is engaged in learning a recognized skilled trade through actual work experience under the supervision of journeyman craftsmen, which should be combined with properly coordinated studies of technical and supplementary subjects. An apprentice must enter into an apprentice agreement with a sponsor who may be either an employer, an association of employers, or a local joint apprenticeship committee.\(^{77}\)

Potential candidates for apprenticeships may apply with a registered sponsor, who determines whether the candidate meets the required qualifications.\(^{78}\) Sponsors may provide private classroom instruction or coordinate with a local educational agency\(^{79}\) to provide related supplemental classroom instruction.\(^{80}\) The apprentices are exempt from paying tuition and fees at a school district technical center, Florida College System (FCS) institution, or state university.\(^{81}\)

The sponsor operates and registers an agreed-upon apprenticeship program.\(^{82}\) An apprenticeship program is an organized course of instruction, registered and approved by the DOE that contains all terms and conditions for the qualifications, recruitment, selection, employment, and training of apprentices.\(^{83}\)

The administration and supervision of related and supplemental instruction for apprentices, coordination of such instruction with job experiences, and selection and training of teachers and coordinators for such instruction is the responsibility of the appropriate career education

The career education institution is encouraged to provide facilities, equipment and supplies, and instructors’ salaries for the performance of related and supplemental instruction associated with the registered program.  

**Preapprenticeship Programs**

A preapprentice is any person 16 years of age or over engaged in any course of instruction in the public school system or elsewhere, which course is registered as a preapprenticeship program with the DOE. The program’s purpose is to provide training that will enable students, upon completion, to obtain entrance into a registered apprenticeship program. The program must be registered with the DOE and sponsored by a registered apprenticeship program.

The DOE is authorized to administer the law relating to preapprenticeship programs in cooperation with district school boards and FCS institution boards of trustees (BOT). District school boards, FCS institution BOT, and sponsors must cooperate in developing and establishing preapprenticeship programs that include career instruction and general education courses required to obtain a high school diploma.

**Department of Education Responsibilities**

The DOE is responsible for administering, facilitating, and supervising registered apprenticeship programs, including, but not limited to:

- Developing and encouraging apprenticeship programs;
- Registering any apprenticeship or preapprenticeship program, regardless of affiliation, which meets standards established by the DOE;
- Cooperating with and assisting sponsors to develop apprenticeship standards and training requirements;
- Monitoring registered apprenticeship programs;
- Leading and coordinating outreach efforts to educate veterans about apprenticeship and career opportunities;
- Investigating complaints regarding failure to meet the standards established by the DOE; and
- Canceling registration of programs that fail to comply with DOE standards and policies.

The DOE establishes uniform minimum standards and policies governing registered apprenticeship programs and agreements. The standards and policies must govern the terms and conditions of the apprentice’s employment and training, including the quality training of the apprentice for, but not limited to, such matters as ratios of apprentices to journeymen, safety,
related instruction, and on-the-job training. The DOE is also required to publish an annual report on apprenticeship and preapprenticeship programs, which must include:

- A list of registered apprenticeship and preapprenticeship programs;
- A summary of each local educational agency’s expenditure of funds for apprenticeship and preapprenticeship programs, per trade or occupation;
- The number of apprentices and preapprentices per trade and occupation;
- The percentage of apprentices and preapprentices who complete their respective programs in the appropriate timeframe;
- Information and resources related to applications for new apprenticeship programs and technical assistance and requirements for potential applicants; and
- Documentation of activities conducted by the DOE to promote apprenticeship and preapprenticeship programs through public engagement, community-based partnerships, and other initiatives.

**State Apprenticeship Advisory Council**

The State Apprenticeship Advisory Council (council) advises the DOE on matters related to apprenticeship. The council may not establish policy, adopt rules, or consider whether particular apprenticeship programs should be approved by DOE. The Commissioner of Education (commissioner) or the commissioner’s designee must serve ex officio as chair of the council, but may not vote. The state director of the USDOL also serves ex officio as a nonvoting member of the council. The council is comprised of 10 voting members appointed by the Governor. The council must meet at the call of the chair or at the request of a majority of its membership, but at least twice a year.

**Florida Pathways to Career Opportunities Grant Program**

In 2019, the Governor issued an executive order directing the DOE to seek funding to seed high quality workforce apprenticeships and other industry specific learning opportunities for students.

The Florida Pathways to Career Opportunities Grant Program (grant program) was established in 2019 in the DOE to provide grants on a competitive basis to high schools, career centers, charter technical career centers, FCS institutions, and other entities authorized to sponsor an apprenticeship or preapprenticeship program to establish new apprenticeship or preapprenticeship programs, and expand existing apprenticeship or preapprenticeship programs. Grant funds may be used for instructional equipment, supplies, personnel, student services, and other expenses associated with the creation or expansion of an apprenticeship program. Grant funds may not be used for recurring instructional costs or for indirect costs.

**The Florida Career and Professional Education (CAPE) Act**

The CAPE Act was created to provide a statewide planning partnership between the business and education communities to attract, expand and retain targeted, high-value industry to sustain a strong, knowledge-based economy. The primary purpose of the CAPE Act is to:

- Improve middle and high school academic performance by providing rigorous and relevant curriculum opportunities;
- Provide rigorous and relevant career-themed courses that articulate to postsecondary-level coursework and lead to industry certification;
- Support local and regional economic development;
- Respond to Florida’s critical workforce needs; and
- Provide state residents with access to high-wage and high-demand careers. \(^{101}\)

In order to fulfill the requirements of the CAPE Act the DOE incentivizes school districts and FCS institutions \(^{102}\) through two statewide lists. \(^{103}\)

The CAPE Industry Certification Funding List includes CAPE industry certifications, CAPE acceleration industry certifications, and CAPE digital tool certificates. Industry certifications on the final approved CAPE Industry Certification Funding list are eligible for additional weighted funding through the Florida Education Finance Program (FEF). \(^{104}\) The value is added to the total FTE in secondary career education programs for grades 9 through 12. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification to the program that generated the funds. \(^{105}\)

**CAPE Industry Certification Funding List (K-12)**

Florida’s current process for submitting, reviewing, and approving certifications starts with the submission of a certification application to CareerSource by local boards or public school principals. All submissions are then researched by CareerSource staff, the DOE, and the DEO to determine eligibility and to develop a list of recommended certifications for approval. The CareerSource Board of Directors is responsible for the final approval of certifications which the DOE may consider for funding eligibility and addition to the CAPE Industry Certification Funding List. \(^{106}\)

Approved industry certifications are published by the DOE, CareerSource, and the Department of Agriculture and Consumer Services (DACS). \(^{107}\) The selection of industry certifications occurs in two phases. First, CareerSource must identify industry certifications and compile them into a Comprehensive Industry Certification List. \(^{108}\) Second, the DOE must:

• Review CareerSource’s Comprehensive Industry Certification List that includes 236 certifications; 109
• Identify industry certifications that qualify for additional weighted funding; 110
• Consider district requests that industry certifications be added to the approved list; 111 and
• Annually publish a final list. 112

In order for an industry certification to be included on the CAPE Industry Certification Funding List, a certification must require a minimum of 150 hours of instruction and be achievable by secondary students. 113

CAPE acceleration industry certifications which are annually approved by the commissioner, must articulate for 15 or more college credit hours and, if successfully completed, must be eligible for additional FTE funding. 114 In order for a CAPE acceleration industry certification to be included on the CAPE Industry Certification Funding List, it must meet the same requirements as an industry certification and also have a statewide articulation agreement that enables students to earn 15 hours or more of college credit. 115

CAPE digital tool certificates recognize a student’s attainment of digital skills. The DOE is required to identify, by June 15 of each year, digital tool certificates that indicate a student’s digital skills. The DOE must notify each school district when a digital tool certificate is available. Digital tool certificates must be made available to all public elementary and middle grades students. By July 1, 2018, and on an annual basis thereafter, at least 75 percent of public middle grades students are expected to earn at least one digital tool certificate. 116 In order for a CAPE digital tool certificate to be included on the CAPE Industry Certification Funding List a certificate must:
• Be achievable by elementary school and middle grades students;
• Assess at least one of the following digital skills: word processing; development of spreadsheets; digital arts; cybersecurity; coding; and development of sound, motion, and color presentations; and
• Be part of a career pathway leading to the attainment of a career and professional education industry certification on the career and professional education funding list. 117

The commissioner may at any time recommend adding to the CAPE Industry Certification Funding List no more than 30 career and professional education digital tool certificates limited to the areas of word processing; development of spreadsheets; digital arts; cybersecurity; coding;

The CAPE Postsecondary Industry Certification Funding List is developed by the Chancellor of the FCS\textsuperscript{120} and the Chancellor of Career and Adult Education\textsuperscript{121} and approved by the SBE.\textsuperscript{122} These industry certifications are linked to occupational areas identified in the General Appropriations Act.\textsuperscript{123}

\textbf{III. Effect of Proposed Changes:}

\textbf{Workforce Development}

\textbf{Section 1} amends s. 216.136, F.S., to change the name of the Workforce Estimating Conference to the Labor Market Estimating Conference.

The bill clarifies that the Labor Market Estimating Conference must meet at least twice a year to develop information regarding real-time supply and demand in Florida’s statewide, regional, and local labor markets.

The bill provides that the Labor Market Estimating Conference will provide information on labor supply by education level, analyses of labor demand by occupational groups and occupations compared to labor supply, a ranking of critical areas of concern, and identification of in-demand, high-skill, and high-wage occupations.

The bill provides that all state agencies must provide the Office of Economic and Demographic Research with the necessary data to accomplish the goals of the Labor Market Estimating Conference.

\textbf{Section 2} amends s. 445.002, F.S., to include “gross mismanagement” in the definition of “for cause.” The “for cause” standard is used in ch. 445, F.S., as a standard by which the Governor may remove a member of the state board or a local board, and a chief elected official may remove a member of a local board.

\textbf{Section 3} amends s. 445.004, F.S., to revise provisions relating to the purpose, operation, and organizational structure of the state board.

\textsuperscript{118} Section 1008.44(1)(b), F.S.
\textsuperscript{119} Section 1008.44(1)(c), F.S.
\textsuperscript{120} Section 1011.81(2)(b), F.S.
\textsuperscript{121} Section 1011.80(7)(b)2., F.S.
\textsuperscript{122} Section 1011.81(2)(b), F.S. and s. 1011.80(7)(b)2., F.S.
\textsuperscript{123} Sections 1011.80(7)(b) and 1011.81(2)(b), F.S.; ss. 124 and 130, ch. 2020-111, Laws of Fla.
• The state board must include one member representing each of the WIOA partners, including the Division of Vocational Rehabilitation and the Department of Children and Families.
• The state board must create a state employment, education, and training policy that ensures workforce-related programs are responsive to present and future business and industry needs.
• The state board must establish policy direction for a uniform funding system that prioritizes evidence-based, results-driven solutions by providing certain incentives to improve the outcomes of career education, registered apprenticeship, and work-based learning programs.
• The state board must establish a comprehensive policy related to the education and training of target populations, which should ensure the effective use of federal, state, local, and private resources in reducing the need for public assistance by combining two or more sources of funding to support workforce-related programs or activities for vulnerable populations when appropriate or authorized.
• The state board must identify barriers to coordination and alignment among workforce-related programs and activities, and develop solutions to remove such barriers.
• The state board, in consultation with the DEO must submit a complete and detailed annual report by December 1 of each year to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Senate Minority Leader, and the House Minority Leader.
• The state board’s annual report must include all audits and investigations, the state board’s operations and accomplishments, the number of mandatory partners located within one-stop centers, and the amount of progress made toward implementing solutions to address barriers to coordination and alignment among programs and activities.
• The state board, beginning July 1, 2022, must annually assign a letter grade for each local board.
• The state board must establish incentives for effective alignment of federal and state programs, outline rewards for achieving long-term self-sufficiency of participants, and institute collaborative approaches among local service providers.
• The state board must establish uniform performance accountability measures, and any local performance accountability measures established must be based on identified local area needs.

Section 4 amends s. 445.007, F.S., to revise provisions relating to transparency and oversight of local boards.

The bill establishes term limits for a local board chair as no more than 2 years and establishes term limits for all members of a local board as no more than 6 consecutive years, unless the member is a representative of a government entity.

The bill requires local boards to make publicly available on the local board’s website, or the DEO’s website if the local board does not maintain a website, the following:
• Information for the public that a public disclosure of financial interest filed with the Commission on Ethics has been completed for each local board member and executive director and provide information on how each disclosure or statement may be reviewed;\textsuperscript{124}

\textsuperscript{124} The notice to the public must remain on the website throughout the term of office or employment of the filer and until 1 year after the term ends.
• The local board’s budget within 10 days after approval by the DEO;¹²⁵ and
• Annual publication of its most recent Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax.¹²⁶

The bill requires prior approval from the DEO for contracts between the local board and an organization or individual represented on the local board and states that such contracts may not be included on a consent agenda by the board. Additionally, a member whose organization may benefit from the contract must abstain from voting on the contract.

The bill reduces the threshold from $25,000 to $10,000 for contracts between local boards, a relative of a local board, or an employee of the board, which do not require prior approval from the DEO but do require a two-thirds board approval.

The bill requires the publication of contracts between a local board and a member of the local board, a relative of a local board member, an organization or individual represented on the local board, or an employee of the local board approved on or after July 1, 2021, to be published on the local board’s website, or the DEO’s website if the local board does not maintain a website within ten days after approval by the DEO and requires it to remain published for at least 1 year after termination of the contract.

The bill requires the DEO, in their review of required contracts to consider documentation provided by the local board, including the performance rating of the entity under consideration for contract and whether such entity is the only provider of the desired goods and services within the area served.

The bill removes a provision that requires a two-thirds vote of a local board if the local board enters into a contract with an organization or individual represented on the local board.

The bill requires each local board to annually, within 30 days after the end of the fiscal year, disclose to the DEO, the amount and nature of compensation paid to all executives, officers, directors, trustees, key employees, and the highest compensated employees, as defined for purposes of the Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax.¹²⁷

¹²⁵ The budget must remain published on the website for the duration of the fiscal year for which it accounts for the expenditure of funds.
¹²⁶ The form must be posted on the local board's website within 60 calendar days after it is filed with the Internal Revenue Service and remain posted for 3 years after it is filed.
¹²⁷ The bill provides that the reported compensation must include salary, bonuses, present value of vested benefits including but not limited to retirement, accrued leave and paid time off, cashed-in leave, cash equivalents, severance pay, pension plan accruals and contributions, deferred compensation, real property gifts, and any other liability owed to such persons. The disclosure must be accompanied by a written declaration from the chief financial officer, or his or her designee, that he or she has read the compensation disclosure and affirms it is true and accurate. The compensation disclosure information must also be published on the local board’s website, or the DOE's website if the local board does not maintain a website, for a period of 3 years after it is first published.
Section 5 amends s. 445.009, F.S., to provide that Individual Training Accounts must be expended on programs that prepare people to enter occupations identified by the Labor Market Estimating Conference. The bill requires training services provided through Individual Training Accounts to be performance-based, with successful job placement triggering final payment of at least 10 percent.

Sections 6 and 18 amend ss. 445.038 and 445.011, F.S., respectively, to make conforming changes to provisions made by the bill.

Apprenticeship and Preapprenticeship

Section 7 amends s. 446.021, F.S., to change the term “Uniform minimum preapprenticeship standards” to “standards,” which means the minimum requirements established uniformly for each occupation under which an apprenticeship or preapprenticeship program is administered.

Section 8 amends s. 446.032, F.S., to clarify the role of the DOE in the administration of apprenticeship training programs.

The bill requires the DOE to establish uniform minimum standards and policies governing apprenticeship programs and agreements which must require training providers to submit data necessary to determine program performance consistent with state and federal law.

The bill requires the DOE to adopt rules necessary to administer the standards and policies governing apprenticeship programs and agreements.

The bill provides that the DOE must include the following in its annual report on apprenticeship and preapprenticeship programs:

• The total amount of funds allocated by training provider, program, and occupation;
• The total amount of funds expended for administrative costs by training provider, program, and occupation;
• The total amount of funds expended for instructional costs by training provider, program, and occupation;
• Documentation of activities conducted by the DOE to promote apprenticeship and preapprenticeship programs through public engagement, community-based partnerships, and other initiatives and the outcomes of such activities and their impact on establishing or expanding apprenticeship or preapprenticeship programs;
• Retention and completion rates of participants aggregated by training provider, program, and occupation; and
• Wage progression of participants as demonstrated by starting, exit, and postapprenticeship wages.

128 Individual Training Account expenditures include tuition, books, and fees of training providers and other training services authorized by the WIOA. See s. 445.003, F.S.
129 The bill clarifies that the term includes standards of admission, training goals, training objectives, curriculum outlines, objective standards to measure successful completion of the apprenticeship or preapprenticeship program, and the percentage of credit which may be given to an apprentice or a preapprentice.
The bill requires the DOE to provide career planning resources to district school boards, Florida College System institution boards of trustees, program sponsors, and local workforce development boards.

Section 9 amends s. 446.045, F.S., to establish that the Governor must fill any vacancy on the State Apprenticeship Advisory Council for the remainder of an unexpired term.

Section 17 amends s. 1011.802, F.S., to require the DOE to give priority to apprenticeship programs, such as health care programs, with demonstrated regional demand identified by the Labor Market Estimating Conference.

The bill authorizes the DOE to award grants, which only expand existing programs that exceed the median completion rate and employment rate one year after completion for similar programs in the region, or in the state if there are no similar programs in the region.

Career and Education Planning

Section 10 amends s. 1003.4156, F.S., to provide that the required course in career and education planning must include information from the DEO’s economic security report and other state career planning resources.

Section 11 amends s. 1003.4203, F.S., to specify that the DOE must identify CAPE Digital Tool certificates under ss. 1003.492 and 1008.44, F.S.

The bill provides that CAPE Innovation courses and CAPE Acceleration Industry Certifications are identified in the CAPE Industry Certification Funding List, rather than approved by the Commissioner of Education.

Section 12 amends s. 1003.491, F.S., to require the CAPE strategic 3-year plan developed jointly by the local school district, local work force development boards, economic development agencies, and state-approved postsecondary institutions to be developed based on local and regional workforce needs for the ensuing 3 years, using labor projections as identified by the Labor Market Estimating Conference and strategies to develop and implement career academies or career-themed courses based on occupations identified by the Labor Market Estimating Conference.

Sections 13 and 14 amend ss. 1003.4935 and 1008.41, F.S., respectively, to make conforming changes to provisions made by the bill.

Section 15 amends s. 1008.44, F.S., to require the Commissioner of Education to conduct a review of the methodology used to determine additional full-time equivalent membership weights assigned in s. 1011.62(1)(o), F.S., and if necessary, recommend revised weights. The results of the commissioner’s recommendations must be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than December 31, 2021.

130 The course is required before a student will be promoted to high school.
Sections 16 and 19 amend ss. 1011.801 and 1011.80, F.S., respectively, to make conforming changes to provisions made by the bill.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (7) of section 216.136, Florida Statutes, is amended to read:

216.136 Consensus estimating conferences; duties and principals.—

(7) LABOR MARKET WORKFORCE ESTIMATING CONFERENCE.—

(a) The Labor Market Workforce Estimating Conference shall develop such official information with respect to real-time supply and demand in Florida’s statewide, regional, and local labor markets on the workforce development system planning process as it relates to the personnel needs of current, new, and emerging industries as the conference determines is needed by the state planning and budgeting system. Such information must include labor supply by education level, analyses of labor demand by occupational groups and occupations compared to labor supply, a ranking of critical areas of concern, and identification of in-demand, high-skill, high-wage occupations. The Office of Economic and Demographic Research is designated as the official lead for the United States Census Bureau’s State Data Center Program or its successor. All state agencies must provide the Office of Economic and Demographic Research with the necessary data to accomplish the goals of the conference. In accordance with s. 216.135, state agencies shall ensure that any
work product regarding labor demand and supply is consistent
with the official information developed by the Labor Market
Estimating Conference, using quantitative and qualitative
research methods, must include at least: short-term and long-
term forecasts of employment demand for jobs by occupation and
industry; entry and average wage forecasts among those
occupations; and estimates of the supply of trained and
qualified individuals available or potentially available for
employment in those occupations, with special focus upon those
occupations and industries which require high skills and have
high entry wages and experienced wage levels. In the development
of workforce estimates, the conference shall use, to the fullest
extent possible, local occupational and workforce forecasts and
estimates.

(b) The Workforce Estimating Conference shall review data
concerning local and regional demands for short-term and long-
term employment in High-Skill/High-Wage Program jobs, as well
as other jobs, which data is generated through surveys conducted
as part of the state’s Internet-based job matching and labor
market information system authorized under s. 445.011. The
conference shall consider this data in developing its forecasts
for statewide employment demand, including reviewing local and
regional data for common trends and conditions among localities
or regions which may warrant inclusion of a particular
occupation on the statewide occupational forecasting list
developed by the conference. Based upon its review of such
survey data, the conference shall also make recommendations
semiannually to CareerSource Florida, Inc., on additions or
deletions to lists of locally targeted occupations approved by

[Section 2. Subsection (2) of section 445.002, Florida
Statutes, is amended to read:

445.002 Definitions.—As used in this chapter, the term:
(2) “For cause” includes, but is not limited to, engaging
in fraud or other criminal acts, incapacity, unfitness, neglect
doing duty, official incompetence and irresponsibility,
misfeasance, malfeasance, nonfeasance, gross mismanagement, or
lack of performance.

Section 3. Present subsections (8) through (13) of section
445.004, Florida Statutes, are redesignated as subsections (9)
through (14), respectively, a new subsection (8) is added to
that section, and paragraph (d) of subsection (3), subsections
(6) and (7), paragraph (b) of present subsection (9), and
present subsection (11) of that section are amended, to read:
445.004 CareerSource Florida, Inc., and the state board;
creation; purpose; membership; duties and powers.—
(3)
(d) The state board must include the vice chairperson of
the board of directors of Enterprise Florida, Inc., and one
member representing each of the Workforce Innovation and
Opportunity Act partners, including the Division of Career and
Adult Education, the Division of Vocational Rehabilitation, the
Department of Children and Families, and other entities representing programs identified in the Workforce Innovation and Opportunity Act, as determined necessary.

(6) The state board shall take action that it deems necessary to achieve the purposes of this section by including, but not limited to:

(a) Creating a state employment, education, and training policy that ensures that workforce-related programs to prepare workers are responsive to present and future business and industry needs and complement the initiatives of Enterprise Florida, Inc.

(b) Establishing policy direction for a uniform funding system that prioritizes evidence-based, results-driven solutions by providing incentives to improve the outcomes of career education, registered apprenticeship, and work-based learning programs and that focuses resources on occupations related to new or emerging industries that add greatly to the value of the state’s economy.

(c) Establishing a comprehensive policy related to the education and training of target populations such as those who have disabilities, are economically disadvantaged, receive public assistance, are not proficient in English, or are dislocated workers. This approach should ensure the effective use of federal, state, local, and private resources in reducing the need for public assistance by combining two or more sources of funding to support workforce-related programs or activities for vulnerable populations when appropriate or authorized.

(d) Identifying barriers to coordination and alignment among workforce-related programs and activities and developing solutions to remove such barriers Designating Institutes of Applied Technology composed of public and private postsecondary institutions working together with business and industry to ensure that career education programs use the most advanced technology and instructional methods available and respond to the changing needs of business and industry.

(e) Providing policy direction for a system to project and evaluate labor market supply and demand using the results of the Labor Market Estimating Conference created in s. 216.136 and the career education performance standards identified under s. 1008.43.

(f) Reviewing the performance of public programs that are responsible for economic development, education, employment, and training. The review must include an analysis of the return on investment of these programs.

(g) Expanding the occupations identified by the Labor Market Estimating Conference to meet needs created by local emergencies or plant closings or to capture occupations within emerging industries.

(7) By December 1 of each year, the state board, in consultation with the department, shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Senate Minority Leader, and the House Minority Leader a complete and detailed annual report setting forth:

(a) All audits and investigations, including any audit or investigation conducted under subsection (9), conducted.

(b) The operations and accomplishments of the state board, including the programs or entities specified in subsection (6).
CODING: Words **stricken** are deletions; words _underlined_ are additions.

(c) The number of mandatory partners located within one-stop centers.

(d) The amount of progress made toward implementing solutions to address barriers to coordination and alignment among programs and activities identified under paragraph (6)(d).

(8) Beginning July 1, 2022, the state board shall annually assign a letter grade for each local workforce development board.

(10) The state board, in collaboration with the local workforce development boards and appropriate state agencies and local public and private service providers, shall establish uniform performance accountability measures that apply across the core programs to gauge the performance of the state and local workforce development boards in achieving the workforce development strategy.

(b) The performance accountability measures for each local area consist of the primary indicators of performance, any additional indicators of performance, and a local level of performance for each indicator pursuant to Pub. L. No. 113-128. The local level of performance is determined by the local board, the chief elected official, and the Governor pursuant to Pub. L. No. 113-128, Title I, s. 116(c). Any local performance accountability measures that are established must be based on identified local area needs.

(12) The workforce development system must use local design and control of service delivery and targeted activities. The state board, in consultation with the department, is responsible for ensuring that local workforce development boards have a membership consistent with the requirements of federal and state law and have developed a plan consistent with the state's workforce development strategy. The plan must specify methods for allocating the resources and programs in a manner that eliminates unwarranted duplication, minimizes administrative costs, meets the existing job market demands and the job market demands resulting from successful economic development activities, ensures access to quality workforce development services for all Floridians, allows for pro rata or partial distribution of benefits and services, prohibits the creation of a waiting list or other indication of an unserved population, serves as many individuals as possible within available resources, and maximizes successful outcomes. The state board shall establish incentives for effective alignment coordination of federal and state programs, outline rewards for achieving the long-term self-sufficiency of participants successful job placements, and institute collaborative approaches among local service providers.

Section 4. Subsection (1), paragraph (a) of subsection (2), and subsections (6), (11), and (12) of section 445.007, Florida Statutes, are amended, and subsections (13) and (14) are added to that section, to read:

445.007 Local workforce development boards.—

(1) One local workforce development board shall be appointed in each designated service delivery area and shall serve as the local workforce development board pursuant to Pub. L. No. 113-128. The membership of the local board must be consistent with Pub. L. No. 113-128, Title I, s. 107(b). If a public education or training provider is represented on the local board, a representative of a private education provider, or training provider is represented on the local board, a representative of a private education provider.
must also be appointed to the local board. The state board may waive this requirement if requested by a local workforce development board if it is demonstrated that such representatives do not exist in the region. The importance of minority and gender representation shall be considered when making appointments to the local board. The local board, its committees, subcommittees, and subdivisions, and other units of the workforce system, including units that may consist in whole or in part of local governmental units, may use any method of telecommunications to conduct meetings, including establishing a quorum through telecommunications, provided that the public is given proper notice of the telecommunications meeting and reasonable access to observe and, when appropriate, participate.

Local workforce development boards are subject to chapters 119 and 286 and s. 24, Art. I of the State Constitution. If the local workforce development board enters into a contract with an organization or individual represented on the local board, the contract must be approved by a two-thirds vote of the local board, a quorum having been established, and the local board member who could benefit financially from the transaction must abstain from voting on the contract. A local board member must disclose any such conflict in a manner that is consistent with the procedures outlined in s. 112.3143. Each member of a local workforce development board who is not otherwise required to file a full and public disclosure of financial interests under s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests under s. 112.3145. The local workforce development board’s website, or the department’s website if the local board does not maintain a website, must inform the public that each disclosure or statement has been filed with the Commission on Ethics and provide information as to how each disclosure or statement may be reviewed. The notice to the public must remain on the website throughout the term of office or employment of the filer and until 1 year after his or her term on the local board or employment, as applicable, ends.

(2)(a) The local workforce development board shall elect a chair from among the representatives described in Pub. L. No. 113-128, Title I, s. 107(b)(2)(A) to serve for a term of no more than 2 years and may not serve more than two terms as chair. A member of a local workforce development board may not serve as a member of the board for more than 6 consecutive years, unless such member is a representative of a governmental entity.

(6) Consistent with federal and state law, the local workforce development board shall designate all local service providers and may not transfer this authority to a third party. Consistent with the intent of the Workforce Innovation and Opportunity Act, local workforce development boards should provide the greatest possible choice of training providers to those who qualify for training services. A local workforce development board may not restrict the choice of training providers based upon cost, location, or historical training.
arrangements. However, a local board may restrict the amount of
training resources available to any one client. Such
restrictions may vary based upon the cost of training in the
client’s chosen occupational area. The local workforce
development board may be designated as a one-stop operator and
direct provider of intake, assessment, eligibility
determinations, or other direct provider services except
training services. Such designation may occur only with the
agreement of the chief elected official and the Governor as
specified in 29 U.S.C. s. 2832(f)(2). The state board shall
establish procedures by which a local workforce development
board may request permission to operate under this section and
the criteria under which such permission may be granted. The
criteria shall include, but need not be limited to, a reduction
in the cost of providing the permitted services. Such permission
shall be granted for a period not to exceed 3 years for any
single request submitted by the local workforce development
board.

(11)(a) To increase transparency and accountability, a
local workforce development board must comply with the
requirements of this section before contracting with a member of
the local board; or a relative, as defined in s. 112.3143(1)(c),
of a local board member; an organization or individual
represented on the local board; or of an employee of the local
board. Such contracts may not be executed before or without the
prior approval of the department. Such contracts, as well as
documentation demonstrating adherence to this section as
specified by the department, must be submitted to the department
for review and approval. Such a contract must be approved by a

(b) A contract under $10,000 $25,000 between a local
workforce development board and a member of that board or
between a relative, as defined in s. 112.3143(1)(c), of a local
board member or of an employee of the local board is not
required to have the prior approval of the department, but must
be approved by a two-thirds vote of the local board, a quorum
having been established, and must be reported to the department
and the state board within 30 days after approval.

(c) All contracts between a local board and a member of the
local board; a relative, as defined in s. 112.3143(1)(c), of a
local board member; an organization or individual represented
on the local board; or an employee of the local board,
may not be included on a

(d) In considering whether to approve a contract under this
subsection, the department shall review and consider all
including the performance rating of the entity with which the local board is proposing to contract, if applicable, and the nature, size, and makeup of the business community served by the local board, including whether the entity with which the local board is proposing to contract is the only provider of the desired goods or services within the area served by the local board. If a contract cannot be approved by the department, a review of the decision to disapprove the contract may be requested by the local workforce development board or other parties to the disapproved contract.

(12) Each local workforce development board shall develop a budget for the purpose of carrying out the duties of the local board under this section, subject to the approval of the chief elected official. Each local workforce development board shall submit its annual budget for review to the department no later than 2 weeks after the chair approves the budget. The local board shall publish the budget on its website, or the department’s website if the local board does not maintain a website, within 10 days after approval by the department. The budget shall remain published on the website for the duration of the fiscal year for which it accounts for the expenditure of funds.

(13) Each local workforce development board annually, within 30 days after the end of the fiscal year, shall disclose to the department, in a manner determined by the department, the amount and nature of compensation paid to all executives, officers, directors, trustees, key employees, and highest compensated employees, as defined for purposes of the Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax, including salary, bonuses, present value of vested benefits, including, but not limited to, retirement, accrued leave and paid time off, cashed-in leave, cash equivalents, severance pay, pension plan accruals and contributions, deferred compensation, real property gifts, and any other liability owed to such persons. The disclosure must be accompanied by a written declaration, as provided for under s. 92.525(2), from the Chief Financial Officer, or his or her designee, stating that he or she has read the foregoing document and the facts stated in it are true. Such information also must be published on the local board’s website, or the department’s website if the local board does not maintain a website, for a period of 3 years after it is first published.

(14) Each local workforce development board shall annually publish its most recent Internal Revenue Service Form 990, Return of Organization Exempt from Income Tax, on its website, or the department’s website if the local board does not maintain a website. The form must be posted on the local board’s website within 60 calendar days after it is filed with the Internal Revenue Service and remain posted for 3 years after it is filed.

Section 5. Paragraphs (a) and (e) of subsection (8) of section 445.009, Florida Statutes, are amended to read:

445.009 One-stop delivery system.—

(8)(a) Individual Training Accounts must be expended on programs that prepare people to enter high-wage occupations identified by the Labor Market Estimating Conference created by s. 216.136, and on other programs recommended and approved by the state board following a review by the department to determine the program’s compliance with federal law.
(e) Training services provided through Individual Training

Accounts must be performance-based, with successful job placement triggering final full payment of at least 10 percent.

Section 6. Section 445.038, Florida Statutes, is amended to read:

445.038 Digital media; job training.—CareerSource Florida, Inc., through the Department of Economic Opportunity, may use funds dedicated for incumbent worker training for the digital media industry. Training may be provided by public or private training providers for broadband digital media jobs listed on the targeted occupations list developed by the Labor Market Workforce Estimating Conference or CareerSource Florida, Inc.

Programs that operate outside the normal semester time periods and coordinate the use of industry and public resources should be given priority status for funding.

Section 7. Subsection (8) of section 446.021, Florida Statutes, is amended to read:

446.021 Definitions of terms used in ss. 446.011-446.092.—

As used in ss. 446.011-446.092, the term:

(8) “Uniform minimum preapprenticeship Standards” means the minimum requirements established uniformly for each occupation under which an apprenticeship or a preapprenticeship program is administered. The term includes standards of admission, training goals, training objectives, curriculum outlines, objective standards to measure successful completion of the apprenticeship or preapprenticeship program, and the percentage of credit which may be given to an apprentice or a preapprentice preapprenticeship graduate upon acceptance into the apprenticeship program.

CODING: Words **stricken** are deletions; words **underlined** are additions.
1. The total amount of funds received for apprenticeship and preapprenticeship programs;
2. The total amount of funds allocated by training provider, program, and per trade or occupation;
3. The total amount of funds expended for administrative costs by training provider, program, and per trade or occupation; and
4. The total amount of funds expended for instructional costs by training provider, program, per trade and occupation.
   (c) The number of apprentices and preapprentices per trade and occupation.
   (d) The percentage of apprentices and preapprentices who complete their respective programs in the appropriate timeframe.
   (e) Information and resources related to applications for new apprenticeship programs and technical assistance and requirements for potential applicants.
   (f) Documentation of activities conducted by the department to promote apprenticeship and preapprenticeship programs through public engagement, community-based partnerships, and other initiatives and the outcomes of such activities and their impact on establishing or expanding apprenticeship and preapprenticeship programs.
   (g) Retention and completion rates of participants aggregated by training provider, program, and occupation.
   (h) Wage progression of participants as demonstrated by starting, exit, and postapprenticeship wages.
   (3) Provide assistance to district school boards, Florida College System institution boards of trustees, program sponsors, and local workforce development boards in notifying students, parents, and members of the community of the availability of apprenticeship and preapprenticeship opportunities, including data provided in the economic security report under subsection s. 445.07 and other state career planning resources.
   Section 9. Paragraph (b) of subsection (2) of section 446.045, Florida Statutes, is amended to read:
   (2)
   (b) The Commissioner of Education or the commissioner’s designee shall serve ex officio as chair of the State Apprenticeship Advisory Council, but may not vote. The state director of the Office of Apprenticeship of the United States Department of Labor shall serve ex officio as a nonvoting member of the council. The Governor shall appoint to the council four members representing employee organizations and four members representing employer organizations. Each of these eight members shall represent industries that have registered apprenticeship programs. The Governor shall also appoint two public members who are knowledgeable about registered apprenticeship and apprenticeable occupations and who are independent of any joint or nonjoint organization. Members shall be appointed for 4-year staggered terms. The Governor A vacancy shall fill any vacancy be filled for the remainder of the unexpired term.
   Section 10. Paragraph (e) of subsection (1) of section 1003.4156, Florida Statutes, is amended to read:

The State Board of Education shall consider the statewide geographic dispersion of grant funds in ranking the applications and shall give priority to applications from education agencies that are making maximum use of their workforce development funding by offering high-performing, high-demand programs.

Section 16. Subsection (3) of section 1011.801, Florida Statutes, is amended to read:

1011.801 Workforce Development Capitalization Incentive Grant Program.—The Legislature recognizes that the need for school districts and Florida College System institutions to be able to respond to emerging local or statewide economic development needs is critical to the workforce development system. The Workforce Development Capitalization Incentive Grant Program is created to provide grants to school districts and Florida College System institutions on a competitive basis to fund some or all of the costs associated with the creation or expansion of workforce development programs that serve specific employment workforce needs.

(3) The Legislature recognizes that the need for school districts and Florida College System institutions to be able to respond to emerging local or statewide economic development needs is critical to the workforce development system. The Workforce Development Capitalization Incentive Grant Program is created to provide grants to school districts and Florida College System institutions on a competitive basis to fund some or all of the costs associated with the creation or expansion of workforce development programs that serve specific employment workforce needs.

(3) The State Board of Education shall give highest priority to programs that train people to enter high-skill, high-wage occupations identified by the Labor, Market Workforce Estimating Conference and other programs approved by the state board as defined in s. 445.002, programs that train people to enter occupations under the welfare transition program, or programs that train for the workforce adults who are eligible for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers. The State Board of Education shall consider the statewide geographic dispersion of grant funds in ranking the applications and shall give priority to applications from education agencies that are making maximum use of their workforce development funding by offering high-performing, high-demand programs.

Section 17. Subsection (3) of section 1011.802, Florida Statutes, is amended to read:

1011.802 Florida Pathways to Career Opportunities Grant Program.—

(3) The department shall give priority to apprenticeship programs with demonstrated regional demand identified by the Labor Market Estimating Conference, such as health care programs. Grant funds may be used for instructional equipment, supplies, personnel, student services, and other expenses associated with the creation or expansion of an apprenticeship program. The department may award grants to expand only those existing programs that exceed the median completion rate and
Section 18. Paragraph (a) of subsection (1) of section 445.011, Florida Statutes, is amended to read:

445.011 Workforce information systems.—

(1) The department, in consultation with the state board, shall implement, subject to legislative appropriation, automated information systems that are necessary for the efficient and effective operation and management of the workforce development system. These information systems shall include, but need not be limited to, the following:

(a) An integrated management system for the one-stop service delivery system, which includes, at a minimum, common registration and intake, screening for needs and benefits, case planning and tracking, training benefits management, service and training provider management, performance reporting, executive information and reporting, and customer-satisfaction tracking and reporting.

1. The system should report current budgeting, expenditure, and performance information for assessing performance related to outcomes, service delivery, and financial administration for workforce programs pursuant to s. 445.004(5) and (10). (10)

2. The information system should include auditable systems and controls to ensure financial integrity and valid and reliable performance information.

Section 19. Paragraph (a) of subsection (9) of section 1011.80, Florida Statutes, is amended to read:

1011.80 Funds for operation of workforce education programs.—

(9) The State Board of Education and the state board as defined in s. 445.002 shall provide the Legislature with recommended formulas, criteria, timeframes, and mechanisms for distributing performance funds. The commissioner shall consolidate the recommendations and develop a consensus proposal for funding. The Legislature shall adopt a formula and distribute the performance funds to the State Board of Education for Florida College System institutions and school districts through the General Appropriations Act. These recommendations shall be based on formulas that would discourage low-performing or low-demand programs and encourage through performance-funding awards:

(a) Programs that prepare people to enter high-wage occupations identified by the Labor Market Workforce Estimating Conference created by s. 216.136 and other programs as approved by the state board as defined in s. 445.002. At a minimum, performance incentives shall be calculated for adults who reach completion points or complete programs that lead to specified high-wage employment and to their placement in that employment.

Section 20. This act shall take effect July 1, 2021.
I. Summary:

SB 1672 creates the State University Free Seat Program to exempt Florida residents who have not been enrolled in a postsecondary institution for more than 5 years from the payment of tuition and fees for one online course at a state university each academic year. The bill also specifies that:

- A state university may not charge a student who meets such criteria more than 75 percent of the tuition rate or tuition differential for other courses.
- A student who qualifies for the tuition discount is eligible to receive the discount for up to 110 percent of the number of required credit hours of the enrolled degree program.

The bill has an indeterminate fiscal impact.

The bill takes effect July 1, 2021.

II. Present Situation:

Tuition and Fees

Tuition is the basic fee a student is charged for instruction provided by a public postsecondary educational institution in Florida.\(^1\) All students are charged fees except students who are exempt or whose fees are waived.\(^2\) State university boards of trustees are authorized to establish fees, which include activity and service, health, and athletic fees; a technology fee; a financial aid fee; a tuition differential; and various user fees, including an application fee; an orientation fee; a fee for security, access, or identification cards; registration fees and a late-registration fee; fees for

\(^2\) Section 1009.24(2), F.S.
transcripts and diploma replacement; library fees and fines; and traffic and parking fines.³ State universities may also charge a per-credit hour distance learning course fee.⁴

**Tuition and Fee Rate**

The resident undergraduate tuition is set by law at $105.07 per credit hour.⁵ The 2020-2021 State University System (SUS) resident undergraduate tuition and fees average is $199.72 per credit hour.⁶

**Tuition Differential**

Each university board of trustees may establish, upon approval by the Board of Governors, a tuition differential to promote improvements in the quality of undergraduate education and is required to provide financial aid to undergraduate students who exhibit financial need for undergraduate courses.⁷

Seventy percent of the revenues from the tuition differential must be expended for purposes of undergraduate education, such as increasing course offerings, improving graduation rates, increasing the percentage of undergraduate students who are taught by faculty, decreasing student-faculty ratios, providing salary increases for faculty who have a history of excellent teaching in undergraduate courses, improving the efficiency of the delivery of undergraduate education through academic advisement and counseling, and reducing the percentage of students who graduate with excess hours.⁸ Except as otherwise provided, the remaining 30 percent of the revenues from the tuition differential, or the equivalent amount of revenue from private sources, must be expended to provide financial aid to undergraduate students who exhibit financial need, to meet the cost of university attendance.⁹

The aggregate sum of undergraduate tuition and fees per credit hour, including the tuition differential, may not exceed the national average of undergraduate tuition and fees at four-year degree-granting public postsecondary educational institutions.¹⁰ Each tuition differential may be assessed on one or more undergraduate courses or on all undergraduate courses at a state university, may vary by course or courses, by campus or center location, and by institution.¹¹

In 2020-2021, the SUS average resident undergraduate student tuition differential fee is $42.88 per credit hour.¹²

Residency for Tuition Purposes

A legal resident of Florida for tuition purposes means one who has maintained his or her residence in this state for the preceding year, has purchased and occupies a home as primary residence, or has established a domicile in this state. Unless costs are exempted or waived, all students are charged fees. An out-of-state fee is charged as an additional fee for a student who does not qualify for the in-state tuition rate.

Online Courses at State University System Institutions

Nationally, Florida ranks second in the number and percentage of students enrolled in distance learning courses. In the 2018-1019 academic year, 75 percent of undergraduate students at Florida’s state universities took at least one distance learning course. At four institutions, the University of Central Florida, University of Florida, University of South Florida, and University of West Florida, at least 80 percent of undergraduate students take one or more distance learning courses. Across the SUS, 11 percent (36,648) of undergraduate students took distance learning courses exclusively, and a majority (63 percent) of undergraduate students (202,895) in the SUS took a combination of distance learning, classroom, or hybrid courses. Systemwide, 30 percent of total undergraduate credit hours were taken in distance learning courses.

During the Fall 2019 term, SUS institutions offered 164 online bachelor’s degree programs. Additionally, SUS institutions converted almost 50,000 courses from primarily classroom, hybrid, and primarily distance learning, to courses that could be completed fully at a distance during the Spring 2020 term.

University of Florida Online

University of Florida Online (UF Online) was created by the 2013 Legislature as an institute for online learning at a preeminent state research university to provide for high quality, fully online baccalaureate degree programs at an affordable cost. By 2018-2019, strategic development and expansion efforts allowed the program to offer 21 fully online majors and 7 minors. More than

### III. Effect of Proposed Changes:

SB 1672 creates s. 1009.266, F.S., to establish the State University Free Seat Program to encourage nontraditional students to enroll in and attend a state university.

The bill specifies that:

- A student who is a resident for tuition purposes and who has not been enrolled in a postsecondary institution for more than 5 years is exempt from the payment of tuition and fees, including lab fees, for one online course at a state university during each academic year.
- For all other courses, a state university may not charge a student who meets such criteria more than 75 percent of the tuition rate and 75 percent of the tuition differential, if the student remains enrolled in at least one online course during each academic year.

The bill also specifies that a student who qualifies for the tuition discount as specified is eligible to receive the discount for up to 110 percent of the number of required credit hours of the degree program for which the student is enrolled. Most SUS baccalaureate degree programs are set at 120 credit hours, which would authorize the tuition discount for up to 132 credit hours.

The bill takes effect July 1, 2021.

Providing specified students one free online course in an online baccalaureate degree program at a state university and a 25 percent discount on tuition for all other courses in the program, provided each student remains enrolled in at least one online course during each academic year, may increase access to online classes and enrollment at state universities.

C. Government Sector Impact:
The number of students who will qualify for and make use of the State University Free Seat Program is unknown. For each eligible student, a state university will not receive tuition and fees for one online course in an academic year. For example, at UF Online this represents a loss of $117.17\textsuperscript{29} per credit hour, and at Florida State University, a loss of 180.49\textsuperscript{30} per credit hour. Additionally, for all other courses, each state university will not receive 25 percent of the resident undergraduate tuition rate of $105.07 and 25 percent of the resident undergraduate tuition differential, which averages $42.88 in the State University System, for a total loss of approximately $36.99 per credit hour. The fiscal impact to each state university would continue for up to 110 percent of the required credit hours of the student’s degree program.

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Subsection (18) is added to section 1009.26, Florida Statutes, to read:

1009.26 Fee waivers.—

(18) The State University Free Seat Program is created to encourage veterans, active duty members of the United States Armed Forces, active drilling members of the Florida National Guard, and nontraditional students to enroll in an online
baccalaureate degree program at a state university.

(a) A state university shall waive the tuition and fees, including lab fees, for one online course for a student who is a resident for tuition purposes under s. 1009.21 and enrolled in an online baccalaureate degree program, provided the student meets one of the following eligibility requirements:

1. Is a veteran as defined in s. 1.01(14);
2. Is an active duty member of the United States Armed Forces;
3. Is an active drilling member of the Florida National Guard; or
4. Has not been enrolled in a postsecondary institution for more than five years.

(b) For all other courses in the program, a state university may not charge a student specified in paragraph (a) more than 75 percent of the tuition rate as specified in s. 1009.24(4) and 75 percent of the tuition differential pursuant to s. 1009.24(16), if the student remains enrolled in at least one online course during each academic year.

(c) A student who qualifies for the tuition discount under paragraph (b) is eligible to receive the discount for up to 110 percent of the number of required credit hours of the degree program for which the student is enrolled.

(d) Each state university shall report to the Board of Governors the number and value of all fee waivers granted annually under this subsection.

(e) The Board of Governors shall adopt regulations to administer this subsection.

Section 2. This act shall take effect July 1, 2021.
And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled
An act relating to the State University Free Seat Program; amending s. 1009.26, F.S.; creating the State University Free Seat Program; providing a purpose; providing an exemption from tuition and fees, including lab fees, for one online course at a state university for certain resident students; prohibiting a state university from charging such students more than a specified percentage of the tuition rate and the tuition differential under certain circumstances; providing a limitation on the application of such tuition discount; requiring each state university to report certain information regarding waivers under the program to the Board of Governors annually; requiring the board to adopt regulations; providing an effective date.
A bill to be entitled
An act relating to the State University Free Seat Program; creating s. 1009.266, F.S.; creating the State University Free Seat Program; providing a purpose for the program; providing an exemption from tuition and fees, including lab fees, for one online course at a state university for certain resident students; prohibiting a state university from charging such students more than a specified percentage of the tuition rate and the tuition differential under certain circumstances; providing a limitation on the application of such tuition discount; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1009.266, Florida Statutes, is created to read:

1009.266 State University Free Seat Program.—
(1) The State University Free Seat Program is created to encourage nontraditional students to enroll in and attend a state university.

(2)(a) A student who is a resident for tuition purposes under s. 1009.21 and who has not been enrolled in a postsecondary institution for more than 5 years is exempt from the payment of tuition and fees, including lab fees, for one online course at a state university during each academic year.

(b)1. For all other courses, a state university may not charge a student who meets the criteria in paragraph (a) more than 75 percent of the tuition rate as specified in s. 1009.24(4) and 75 percent of the tuition differential pursuant to s. 1009.24(16), if the student remains enrolled in at least one online course during each academic year.

2. A student who qualifies for the tuition discount under subparagraph 1. is eligible to receive the discount for up to 110 percent of the number of required credit hours of the degree program for which the student is enrolled.

Section 2. This act shall take effect July 1, 2021.
I. Summary:

SB 1728 provides an out-of-state fee waiver, applicable for up to 110 percent of the number of required credit hours of the enrolled degree program, for a nonresident student who meets specified criteria, as follows:

- Is a United States citizen.
- Has a grandparent who is a legal resident.
- Earns the equivalent of a standard Florida high school diploma.
- Achieves an SAT combined score no lower than the 89th national percentile or appropriate concordant score on the ACT or the Classic Learning Test.
- Enrolls as a full-time undergraduate student at a state university in the fall academic term immediately following high school graduation.

In addition, the bill requires each university to annually report to the Board of Governors (BOG) the number and amount of fee waivers, and the BOG to adopt appropriate regulations to implement the waiver.

The bill has an indeterminate fiscal impact.

The bill takes effect July 1, 2021.
II. Present Situation:

Tuition and Out-of-State Fees

Tuition is the basic fee a student is charged for instruction provided by a public postsecondary educational institution in Florida. An out-of-state fee is charged as an additional fee for a student who does not qualify for the in-state tuition rate.

Residency for Tuition Purposes

A legal resident of Florida for tuition purposes means one who has maintained his or her residence in this state for the preceding year, has purchased and occupies a home as primary residence, or has established a domicile in this state. For tuition purposes, a person who does not qualify for the in-state tuition rate is considered a nonresident.

Unless costs are exempted or waived, residents for tuition purposes are charged the in-state rate for tuition while nonresident students pay the out-of-state fees in addition to tuition. The in-state tuition rate for Florida residents for the State University System (SUS) is currently set at $105.07 per credit hour. The average cost of resident and nonresident tuition and fees per credit is shown in the table below.

Fee Waivers

Florida law provides for waivers from specified fees to certain students who meet identified criteria.11 Some waivers are mandatory,12 while others are permissive.13 Each university board of trustees is authorized to waive tuition and out-of-state fees for purposes that support and enhance the mission of the university. All fees waived must be based on policies that are adopted by the university board of trustees pursuant to BOG regulations.14 Each state university is required to report the purpose, number, authority, and value of all fee waivers and exemptions granted annually in a format prescribed by the BOG.15

High School Graduation and College Entrance Requirements

High School Diploma Requirements

Receipt of a standard high school diploma requires successful completion of 24 credits, an International Baccalaureate curriculum, or an Advanced International Certificate of Education curriculum.16 In order to graduate from a Florida high school with a standard high school diploma under a 24-credit option, a student must complete:17

- Four credits in English Language Arts;
- Four credits in mathematics, including one credit in Algebra I and one credit in Geometry;
- Three credits in science, of which two credits must have a laboratory component;
- Three credits in social studies, comprised of one credit in United States History, one credit in World History, one-half credit in economics, and one-half credit in United States Government;
- One credit in fine or performing arts, speech and debate, or practical arts;
- One credit in physical education; and
- Eight credits in electives.

Home Education Program

A home education program in Florida means the sequentially progressive instruction of a student directed by his or her parent in order to satisfy attendance requirements specified in law.18 Students completing a home education program satisfy the state university admissions requirement that a student earn a high school diploma or equivalent, but each university may require additional documentation to verify eligibility.19

College Entrance Exams

College entrance exams accepted by institutions of higher education in Florida include the SAT, the ACT, and the Classic Learning Test (CLT).

The SAT is comprised of sections that assess skills in reading, writing and language, math, and analysis in science.20 Income-eligible SAT takers receive college application fee waivers and all students can select to receive free information about admission and financial aid from colleges, universities, and scholarship programs.21 Nationally, close to 2.2 million students in the class of 2020 took the SAT.22

The ACT contains multiple-choice tests in four areas: English, mathematics, reading, and science.23 Nearly 1.8 million graduates in the United States took the ACT during high school.24

The CLT is an online college entrance exam that assesses English, mathematical, and critical reasoning skills.25 The CLT is taken online and offers scoring within 24 hours.26 As of 2019, about 21,000 students took the CLT.27

III. Effect of Proposed Changes:

SB 1728 modifies s. 1009.26, F.S., to specify that a state university must waive the out-of-state fee for a nonresident student who meets the following criteria:

- Is a United States citizen.
- Has a grandparent who is a legal resident.
- Earns a high school diploma comparable to a standard Florida high school diploma, or its equivalency, or completes a home education program.
- Achieves an SAT combined score no lower than the 89th national percentile on the SAT; achieves an ACT score concordant to the required SAT score as specified, using the latest published national concordance table developed jointly by the College Board and ACT, Inc.; or if a state university accepts the Classic Learning Test (CLT) for admission purposes, achieves a CLT score concordant to the required SAT score as specified, using the latest published scoring comparison developed by Classic Learning Initiatives.28

**Senate Amendment (with title amendment)**

Delete everything after the enacting clause and insert:

Section 1. Section 1009.261, Florida Statutes, is created to read:

1009.261 Grandchild Out-of-State Fees Waiver Compact.—The Grandchild Out-of-State Fees Waiver Compact is enacted into law and entered into by this state with all other jurisdictions legally joining therein in the form substantially as follows:
GRANDCHILDREN OUT-OF-STATE FEES WAIVER COMPACT

ARTICLE I
DECLARATION OF PURPOSE

The general purposes of this compact are to:

(1) Increase access to postsecondary education to students whose families are split between two or more states by reducing costs associated with out-of-state fees.

(2) Encourage students to exercise their rights to travel and to choose the postsecondary education that best suits their needs.

(3) Increase postsecondary educational choices.

(4) Decrease the economic burden posed by postsecondary out-of-state fees.

ARTICLE II
DEFINITIONS

As used in this compact, the term:

(1) “Grandparent” means a person who has a legal relationship to a student’s parent as the natural or adopted parent or legal guardian of the student’s parent.

(2) “Member state” means a state that has enacted this compact.

(3) “Out-of-state fees” means any additional fee for instruction, which is charged to a student who does not qualify for the in-state tuition rate pursuant to the laws of a member
state, imposed by a public postsecondary educational institution located within the member state. A charge for any other purpose may not be included within this fee.

(4) “Postsecondary educational institution” means a public university or college located within a member state.

(5) “State” includes the District of Columbia and any state, territory, or possession of the United States which oversees one or more public postsecondary educational institutions.

(6) “Student’s parent” means a person who has a legal relationship to a student as the natural or adopted parent or legal guardian of the student.

ARTICLE III
OUT-OF-STATE FEES WAIVER

(1) Postsecondary educational institutions located within each member state shall waive out-of-state fees for a nonresident student who:

   (a) Is a United States citizen.

   (b) Has a grandparent who is a legal resident under the applicable laws of the member state.

   (c) 1. Achieves an SAT combined score no lower than the 89th national percentile on the SAT;

      2. Achieves an ACT score concordant to the SAT score required in subparagraph 1., as designated in the latest published national concordance table developed jointly by the College Board and ACT, Inc.; or

      3. Achieves a Classic Learning Test (CLT) score concordant

Page 3 of 6
3/22/2021 12:11:57 PM 581-03144-21
to the required SAT score in subparagraph 1., as designated in
the latest published scoring comparison developed by Classic
Learning Initiatives, but only if the member state postsecondary
institution accepts the CLT for admission purposes.

(d) Enrolls as a full-time undergraduate student at a
member state postsecondary institution in the fall academic term
immediately following high school graduation.

(2) The waiver under this compact is applicable for up to
110 percent of the number of required credit hours of the degree
program in which the student is enrolled.

(3) Prior to waiving any out-of-state fees, a member state
postsecondary educational institution shall require the student,
or the student’s parent if the student is a dependent child, to
provide a written declaration verifying the student’s familial
relationship to a grandparent who is a legal resident of the
member state.

ARTICLE IV
OVERSIGHT

The executive, legislative, and judicial branches of state
government in each member state shall enforce this compact and
take all actions necessary and appropriate to effectuate the
compact’s purposes and intent. The provisions of this compact
have standing as statutory law.

ARTICLE V
DATE OF IMPLEMENTATION, WITHDRAWAL, AND AMENDMENT

Page 4 of 6
(1) The compact shall take effect on the date on which it is enacted into law by two states. Thereafter it is effective as to any state upon its enactment by that state.

(2) A member state may withdraw from this compact by repealing the statute in which it is enacted. A member state’s withdrawal may not take effect until 6 months after enactment of the repeal.

(3) This compact may not be construed to invalidate or prohibit any law of a member state that does not conflict with the provisions of this compact.

(4) This compact may be amended by the member states. An amendment to this compact is effective and binding after it is enacted into the laws of all member states.

ARTICLE VI
CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate its purposes. The provisions of this compact are severable, and if any phrase, clause, sentence, or provision thereof is declared to be contrary to the constitution of any state or to the Constitution of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance is not affected thereby. If this compact is held to be contrary to the constitution of any state participating therein, it remains in full force and effect as to the state affected as to all severable provisions.
Section 2. This act shall take effect July 1, 2021.

And the title is amended as follows:
Delete everything before the enacting clause
and insert:

A bill to be entitled
An act relating to the Grandchild Out-of-State Fees
Waiver Compact; creating s. 1009.261, F.S.; enacting
the Grandchild Out-of-State Fees Waiver Compact;
providing the purposes of the compact; defining terms;
requiring postsecondary educational institutions
located within member states to waive out-of-state
fees for students who meet specified criteria;
providing that the waiver is applicable for up to a
specified amount of credits; requiring member-state
postsecondary educational institutions to require a
student, or the student’s parent if the student is a
dependent child, to provide a written declaration
verifying eligibility; requiring the executive,
legislative, and judicial branches of member state
governments to enforce the compact; providing that the
provisions of the compact have standing as statutory
law; providing for the implementation, withdrawal, and
amendment of the compact; providing construction;
providing an effective date.

A bill to be entitled
An act relating to an out-of-state fee waiver for nonresident students; amending s. 1009.26, F.S.; requiring a state university to waive the out-of-state fee for a nonresident student who meets certain requirements; providing applicability; requiring each state university to report specified information regarding such out-of-state fee waivers to the Board of Governors annually; requiring that a student who is granted such out-of-state fee waiver be excluded from the limitation on the systemwide total enrollment of nonresident students; requiring the Board of Governors to adopt regulations; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (18) is added to section 1009.26, Florida Statutes, to read:

1009.26 Fee waivers.—
(18)(a) A state university shall waive the out-of-state fee for a nonresident student who:
1. Is a United States citizen.
2. Has a grandparent who is a legal resident as defined in s. 1009.21(1).
3. Earns a high school diploma comparable to a standard Florida high school diploma, or its equivalency, or completes a home education program.
4.a. Achieves an SAT combined score no lower than the 89th national percentile on the SAT.

b. Achieves an ACT score concordant to the required SAT score in sub-subparagraph a., using the latest published national concordance table developed jointly by the College Board and ACT, Inc.; or
c. If a state university accepts the Classic Learning Test (CLT) for admission purposes, achieves a CLT score concordant to the required SAT score in sub-subparagraph a., using the latest published scoring comparison developed by Classic Learning Initiatives.

5. Enrolls as a full-time undergraduate student at a state university in the fall academic term immediately following high school graduation.

(b) The waiver under this subsection is applicable for up to 110 percent of the number of required credit hours of the degree program for which the student is enrolled.

(c) Prior to waiving the out-of-state fee, the state university shall require the student, or the student’s parent if the student is a dependent child, to provide a written declaration pursuant to s. 92.525(2) verifying the student’s familial relationship to a grandparent who is a legal resident.

(d) Each state university shall report to the Board of Governors the number and value of all fee waivers granted annually under this subsection.

(e) A nonresident student granted an out-of-state fee waiver under this subsection shall be excluded from the limitation on systemwide total enrollment of nonresident students established by regulation of the Board of Governors.

(f) The Board of Governors shall adopt regulations to administer this subsection.
Section 2. This act shall take effect July 1, 2021.
I. Summary:

SB 2010 provides safeguards against foreign influence through establishing processes that govern screening and disclosure of foreign gifts, contracts, employment, travel, and research arrangements, as well as cultural agreements, with countries of concern. Specifically, the bill:

- Requires specified entities that apply for or receive any gift or grant with a value of $50,000 or more from any foreign source to disclose such gift or grant to the appropriate agency.
- Requires the Department of Financial Services (DFS) to manage a website to publish required disclosures and maintain an active and current list of ineligible entities on the website, and requires DFS to investigate an allegation of a disclosure violation.
- Requires the Department of Management Services to, at least once every five years, screen specified vendors participating in the online procurement system.
- Subjects an institution of higher education that knowingly, willfully, or negligently fails to disclose to a civil penalty of 105 percent of the amount of the undisclosed gift.
- Requires each state university or specified entity that receives state appropriations or state tax revenue and has a research budget of $10 million or more to screen applicants for research or research-related support positions who are citizens of a foreign country and who are not permanent residents of the United States, including graduate and undergraduate students.
- Requires the state university or entity to keep detailed records of expenses and activities related to individual traveler’s professional, research, and academic activities.
- Prohibits specified participation in agreements with or acceptance of any grant from a foreign country of concern, or any entity controlled by such a country, for specified activities.

The bill has an indeterminate fiscal impact. See Section V.

The bill takes effect July 1, 2021.
II. **Present Situation:**

In March 2021, Governor Ron DeSantis and members of the Florida House and Senate highlighted proposed legislation to combat foreign influence, in response to the Communist Party of China’s deliberate attempts to economically infiltrate the United States. Among the purposes of the proposed legislation were to place strategic safeguards against foreign influence through strengthening institutional vetting and applying protections for Florida’s institutions of higher education, public entities, and recipients of public grants or contracts.¹

### Legislative Background – Select Committee on Integrity of Research Institutions

In 2020, the Florida House of Representatives Select Committee on the Integrity of Research Institutions (Select Committee) undertook an extensive review of Florida’s university-based research programs. This investigation arose out of revelations that the CEO of H. Lee Moffitt Cancer Center and Research Institute and three other officers or research scientists had failed to disclose support from relationships with Chinese talent and research programs. Following that disclosure, the University of Florida (UF) disclosed to the Select Committee that three of its research staff were under similar investigations. The Select Committee learned of additional investigations, some of which remain confidential due to active law enforcement investigations.

The Select Committee learned that Florida-based research institutions had a combined annual budget of $2.7 billion with Florida’s public universities accounting for $2.3 billion of that research spending. Eight of Florida’s State University System universities had research budgets of $10 million or more. Four private institutions had budgets exceeding $10 million. Research grants from public sources fund the vast majority of this research and universities receive generous shares of research grants for administration. Consequently, research activity generates significant profits for many institutions.²

The open and collaborative research environment in the free world depends on the honesty and integrity of individual scientists, technicians, and administrators. The Select Committee in 2020 learned that federal officials were investigating about 200 cases across the U.S. involving federal grant recipients of research funds who had failed to disclose professional, academic, and business relationships in violation of various grant requirements. The Select Committee also ascertained that Florida state research grants often lacked similar requirements deemed reasonably necessary to ensure research integrity.³

In 2020, Florida law⁴ required that any person engaged in the design, conduct, or reporting of research and employed by a state university or specified entity engaging in research, is required by the policies of such university or entity to disclose and receive a determination that the

⁴ Section 18, ch. 2020-117, L.O.F.
outside activity\textsuperscript{5} or financial interest\textsuperscript{6} does not affect the integrity of the state university or entity.\textsuperscript{7} An employee who does not disclose any outside activity or financial interest as required must be suspended without pay pending the outcome of an investigation which must not exceed 60 days.\textsuperscript{8} Additionally, upon conclusion of the investigation, the university or entity may terminate the contract of the employee.\textsuperscript{9}

The Select Committee also learned that a U.S. visa to study or teach in the U.S. does not adequately screen foreign scientists’ and students’ security risk or trustworthiness. As with many employment or enrollment decisions, verifying representations made by an applicant regarding experience and credentials is a significant tool to protect an institution’s integrity.\textsuperscript{10}

In addition, the Select Committee learned that many undisclosed activities relate to foreign travel of U.S.-based faculty. International travel by faculty and graduate students creates opportunities for recruitment to engage in unethical conduct and for misappropriation of property and theft of university research. If an institution does not scrutinize and monitor foreign travel, it can expect compromising activities to take place.\textsuperscript{11}

As part of its investigation, the Select Committee reviewed studies indicating that sister cities programs, academic language and culture centers, foreign funding of domestic institutions and foreign-influenced employment of domestic scientists and engineers are all means to influence domestic policy, advance hostile foreign interests, and limit academic freedom. Such activities project foreign interests into domestic affairs.\textsuperscript{12}

**Federal Law and Recommended Practices**

*Threats to the U.S. Research Enterprise*

Although state law currently imposes few limitations on relationships between foreign governments and state agencies, political subdivisions, or public contractors, federal law imposes many layers of scrutiny on certain dealings with foreigners, mostly related to science and technology having military implications, sales of arms and certain financial transactions related to terrorism, human trafficking, international drug dealing and other important national interests. Various agencies publish many lists related to various sanctions, restrictions and scrutiny imposed by federal law. In addition, many programs scrutinize transactions involving America’s biggest global competitors, China and Russia. On January 19, 2021, the U.S. Department of Commerce published an interim final rule entitled: “Securing the Information and

Communications Technology and Services Supply Chain.” That interim rule\textsuperscript{13} defined “foreign adversaries” to include Russia, China, the Nicolás Maduro government of Venezuela, Cuba, Iran, and North Korea. Along with Syria, a state sponsor of terrorism, these reflect the foreign governments most hostile to U.S. interests.\textsuperscript{14}

As of March 2018, more than 1.4 million international students and professors were participating in America’s open and collaborative academic environment. The inclusion of these international scholars at U.S. colleges and universities entails both substantial benefit—and notable risk. Some foreign actors, particularly foreign state adversaries, seek to illicitly or illegitimately acquire U.S. academic research and information to advance their scientific, economic, and military development goals. Through their exploitative efforts, they reduce U.S. competitiveness and deprive victimized parties of revenue and credit for their work.\textsuperscript{15}

The Chinese government’s strategic goals include becoming a comprehensive national power, creating innovation-driven economic growth, and modernizing its military.\textsuperscript{16} It aspires to equal or surpass the U.S. as a global superpower and influence the world with a value system shaped by undemocratic, totalitarian ideals.\textsuperscript{17} The Chinese government has historically sponsored economic espionage, and China is the world’s principal infringer of intellectual property.\textsuperscript{18} The annual cost to the U.S. economy of counterfeit goods, pirated software, and theft of trade secrets is between $225 billion and $600 billion.\textsuperscript{19}

A 2019 U.S. Senate report found that China prioritizes a strategy of military-civilian fusion which seeks to pool talent and financial resources to jointly develop technologies, conduct research, and attract talent that mutually reinforces both the military and civilian sectors.\textsuperscript{20} As of 2017, China has reportedly recruited 7,000 researchers and scientists, with U.S.-based researchers and scientists targeted specifically if they focus on or have access to cutting-edge research and technology.\textsuperscript{21} In response to U.S. government scrutiny, China has attempted to delete online references to its talent recruitment plans and reportedly instructed Chinese institutions on how to avoid additional U.S. scrutiny.\textsuperscript{22} Employment contracts used by China’s most prominent talent recruitment plan, the Thousand Talents Plan, contain provisions that violate U.S. research values, including non-disclosure provision related to their research and

employment with Chinese institutions. In some cases, members of China’s Thousand Talents Plan received both U.S. grants and Chinese grants for similar research, established “shadow labs” in China to conduct parallel research being conducted in the U.S., and stole intellectual capital and property.

In response to these findings, recommendations from the U.S. Senate report include:

- Federal agencies should declassify and disseminate more information on foreign talent recruitment plans.
- U.S. grant-making agencies should harmonize the grant proposal process and standardize reporting requirements for disclosing all foreign conflicts of interest, conflicts of commitment, and all outside and foreign support.
- U.S. research institutions should establish best practices in monitoring scientific and research collaboration with foreign nationals.

**Presidential Memorandum on National Security**

On January 14, 2021, President Donald Trump signed National Security Presidential Memorandum 33 (the Memorandum) to direct a national response to safeguard the security and integrity of federally funded research and development in the United States. Among other directives, the Memorandum:

- Prohibited federal personnel from participating in foreign government-sponsored talent recruitment programs.
- Directed specified entities to ensure that vetting processes for foreign students and researchers reflect the changing nature of the risks to the U.S. research enterprise.
- Directed departments and agencies to standardize disclosure processes, definitions, and forms related to research security across funding agencies to the maximum extent practicable.

**Strengthening the Security and Integrity of America’s Research Enterprise**

Also in January 2021, the National Science and Technology Council released recommended practices for strengthening the security of America’s research in science and technology. Recommended practices include:

- Establish and operate a comprehensive research security program.

27 Id. at 7-25.
- Require disclosure to the organization of all information necessary to identify and assess potential conflicts of interest and commitment, including filing of relevant disclosures.
- Ensure compliance with requirements for reporting foreign gifts and contracts.
- Establish and operate a risk-based security process for foreign travel review and guidance.

**Disclosure and Screening of Foreign Gifts and Contracts**

Federal law restricts the receipt and disposition of foreign gifts. Any federal employee, member of the Armed Forces and their spouses may not request or accept a gift from any unit or agent of a foreign government. The Attorney General may bring a civil action against any employee who knowingly solicits or accepts an unauthorized gift from a foreign government or who fails to deposit or report such gift. The court may assess a penalty against such employee in any amount not to exceed the retail value of the gift improperly solicited or received plus $5,000.

The most critical list of foreign nations identifies “state sponsors of terrorism” as Cuba, North Korea, Iran, and Syria. Further, foreign adversaries to the United States have been defined to include Russia, China, the Nicolás Maduro government of Venezuela, Cuba, Iran, and North Korea.

**Reporting, Inspection, and Penalties for Foreign Gifts**

**Current Disclosure Requirements – Institutions of Higher Education**

Divisions of sponsored research at state universities must disclose the amount and source of research funding, even when the research itself involves records that are confidential and exempt from public inspection. However, university and Florida College System institution direct support organizations (DSOs) enjoy a broad confidentiality exemption for records related to donors who wish to be anonymous and expenditures of donated funds other than travel expenditures.

The Higher Education Act of 1965 requires education institutions to report foreign gifts and grants valued at $250,000 or more. Between 2018 and 2021, the U.S. Department of Education carefully scrutinized the reporting program and discovered billions of dollars of unreported foreign gifts from many of the best-funded institutions. At the same time, it became evident that the federal mandate does not extend to foreign donations to foundations and other non-profit entities controlled by, or formed or operated for the exclusive benefit of, the reporting institutions.
From 1984 to 1994, Florida law required universities and community colleges to report foreign receipts valued $100,000 or more to the Commissioner of Education and legislative leaders. As with the federal law, the statute did not extend to university foundations and DSOs, and the requirement appears to have generated few such reports.

**Applicant Screening and Research Integrity of Foreign Researchers**

At present, state law imposes no responsibility on research institutions to screen foreign applicants.

**Approval Processes for International Travel**

UF has implemented an active registration and screening program for international travel, including specific prohibitions and limitations on activities with Iran and Cuba. The program provides faculty and travelers clear guidance on legal and ethical restrictions. It also ensures protection of UF property including intellectual property. Other institutions may also have international travel screening and monitoring in place.

**State Law and Regulations**

*Code of Ethics for Public Officers and Employees*

The Florida constitution requires a code of ethics for all state employees and non-judicial officers prohibiting conflict between public duty and private interests. The Code of Ethics for Public Officers and Employees (the Code) is outlined in Florida law, and includes standards of conduct for public officers, employees of agencies, and local government attorneys; full and public disclosure of financial interests; and investigative procedures in response to prohibited personnel actions.

Ethics laws generally consist of two types of provisions, either prohibiting certain actions or conduct or requiring that certain disclosures be made to the public. Prohibited actions or conduct include solicitation and acceptance of gifts, unauthorized compensation, misuse or abuse of public position, disclosure or use of specified information, and solicitation or acceptance of...
honoraria. Prohibited employment and business relationships include doing business with one’s agency, and conflicting contractual relationship, among others. Public officers and employees are required to publicly disclose their financial interests to prevent conflicts of interests.

**International Cultural Agreements**

Florida law provides for coordination of certain international relationships, including those between sister states and sister cities. Florida’s economic development programs emphasize commerce with foreign jurisdictions. However, such agreements may impose the public policy of foreign competitors upon local U.S. governments; it has been reported that the China requires sister city agreements to enforce its “One China” policy. According to the Tampa Bay Protocol and Trade Council, there are a number of sister city agreements with jurisdictions in nations describe above as “foreign adversaries”: eleven with political subdivisions of China, six with Russian jurisdictions and three with Venezuelan cities.

In the past decade, the University of North Florida, the University of West Florida, the University of South Florida, and Miami-Dade College each were home to a Confucius Institute under a program of the Communist Party of China promoting Chinese language and culture, funded by significant Chinese grants. By 2014, there were at least 90 Confucius Institutes in the U.S. and more than 400 worldwide. By September 2019, each of the four above-named Florida institutions had closed its Confucius Institute following significant criticism by U.S. Senator Marco Rubio and others. A U.S. Senate Subcommittee found that the limitations on Confucius Institutes “export China’s censorship of political debate to the United States and prevent the academic community from discussing topics” sensitive to the Communist Party of China, and some Confucius Institute agreements apply law of the Communist Party of China to activities on U.S. campuses.

**Linkage Institutes**

Beginning in 1987, Florida law established linkage institutions between Florida postsecondary

institutions and foreign countries to assist in the development of stronger economic, cultural, educational, and social ties between this state and strategic foreign countries through the promotion of the following specified activities between the postsecondary institutions in this state and those of selected foreign countries: 56

- Expanded public and private dialogue on cooperative research and technical assistance activities;
- Increased bilateral commerce;
- Student and faculty exchange;
- Cultural exchange; and
- The enhancement of language training skills.

A Florida-China Institute is currently authorized by law for three postsecondary institutions in Florida, 57 and ten other institutes are established by law.

As of March 4, 2021, the U.S. Senate passed a bill restricting federal departmental funding from institutions of higher education or other postsecondary educational institutions that maintain any contract or agreement with a Confucius Institute, unless such agreement includes clear provisions that protect academic freedom, prohibit the application of any foreign law on any campus of such institution, and grant full managerial authority, including full control over what is being taught, to such institution. 58

III. Effect of Proposed Changes:

SB 2010 provides safeguards against foreign influence through establishing processes that govern screening and disclosure of foreign gifts, contracts, employment, travel, and research arrangements, as well as cultural agreements, with countries of concern.

Disclosure and Screening of Foreign Gifts and Contracts

The bill requires any state agency or political subdivision that receives any gift or grant with a value of $50,000 or more from any foreign source to disclose such gift or grant to the Department of Financial Services (DFS) within 30 days after its receipt. 59

The bill requires any entity that applies to a state agency or political subdivision for a grant or proposes a contract of $100,000 or more to disclose to the state agency or political subdivision any current, or for the past five years, any prior interest of, any contract with, or any grant or gift received from a foreign country of concern 60 of $50,000 or more. The bill also specifies requirements for updates to the disclosure during the gift, grant, or contract. Within one year

56 Section 288.8175(1), F.S.
57 Section 288.8175(4)(e), F.S.
59 Disclosure is not required if such gift or grant is disclosed under s. 1010.25, F.S., established in the bill.
60 “Foreign country of concern” is defined in the bill to mean the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Syrian Arab Republic, or any other entity under significant control of such foreign country of concern.
before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to DFS.

The bill exempts from the disclosure requirements a proposal to sell commodities or services through the online procurement program established by law. In addition, the bill requires, at least once every five years, the Department of Management Services (DMS) to screen each vendor of commodities or services participating in the online procurement system if the vendor has the capacity to fill an order of $100,000 or more. Screening must be conducted through federal agencies responsible for identifying persons and organizations subject to trade sanctions, embargoes, or other restrictions under federal law.

If a vendor is so identified, the vendor must make the required disclosures until such restriction expires. A notification regarding the applicability of the disclosure requirement to the vendor must be included on the online procurement system when applicable. DMS must ensure that the disclosures made by vendors using the online procurement system are easily accessible by the system’s participants.

The bill requires DFS to establish and maintain a website to publish the disclosures. DFS must include and maintain an active and current list of ineligible entities on the website, and must investigate an allegation of a disclosure violation upon receiving a valid referral from an inspector general or other compliance officer of a state agency or political subdivision or any sworn complaint. The bill also:

- Authorizes DFS, an inspector general, or any other agent or compliance officer authorized by a state agency or political subdivision to request records relevant to any reasonable suspicion of a violation. Records must be provided within 30 days or at a later agreed upon time.
- Specifies that failures to disclose or provide records constitutes a civil violation and fine of $5,000 for a first violation or $10,000 for any subsequent violation.

The bill specifies, in addition to any fine assessed, a final order determining a third or subsequent violation:

- By a state agency or political subdivision must include a determination of the identity of the officer responsible for acceptance of the undisclosed grant or gift. DFS must send the order to the Governor or other authorized officer able to suspend or remove a public officer. The referral must also be provided to the President of the Senate and the Speaker of the House of Representatives for oversight of such suspension and removal authority.
- By an entity other than a state agency or political subdivision must automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.

The bill specifies that information and records relating to a gift or grant from a foreign source are not confidential or exempt.

---

61 See s. 287.057(22), F.S.
62 As defined in s. 119.07(1), F.S., and Art. 1, s. 24(a), Fla. Const.
The bill authorizes DMS and DFS to adopt rules necessary to carry out their responsibilities as specified. Specifically:
- DMS may identify the federal agencies to be consulted as specified and the procedure for notifying a vendor of the disclosure requirements when applicable.
- DMS may adopt rules to apply requirements as specified to the online procurement system.
- Any rules necessary for implementation must be published by December 1, 2021, subject to certain exceptions.

**Reporting, Inspection, and Penalties for Foreign Gifts**

The bill requires each institution of higher education (IHE) to semiannually report, each January 31 and July 31, any gift received directly or indirectly from a foreign source with a value of $50,000 or more during the fiscal year. If a foreign source provides more than one gift directly or indirectly to an IHE in a single fiscal year and the total value of those gifts is $50,000 or more, all gifts received from that foreign source must be reported. A gift received from a foreign source through an intermediary is considered an indirect gift to the IHE.

The bill requires a report required under this subsection to be made to the following entities:
- The Board of Governors (BOG), if the recipient is a state university, a branch campus, center, institute, or special program as specified in law that has its own governing board or DSO.
- The State Board of Education (SBE), if the recipient is a Florida College System institution, or any Florida independent college or university required to report, or any affiliated DSO.

Specifically, the bill requires, for each gift subject to the reporting requirement, the IHE to provide to the BOG or SBE, as applicable, all of the following information, unless otherwise prohibited or deemed confidential under federal or state law:
- The amount of the gift and the date it was received.
- The contract start and end dates if the gift is a contract.
- The name of the foreign source and, if not a foreign government, the country of citizenship, if known, and the principal residence or domicile of the foreign source.
- A copy of a gift agreement between the foreign source and the IHE, signed by the foreign source and the chief administrative officer of the IHE, which must include the purpose, terms, and conditions of the gift.

Beginning July 1, 2022, the bill requires the Inspector General of the BOG or the Inspector General of the Department of Education (DOE), as applicable, to randomly inspect or audit at least 10 percent of the total number of gifts or gift agreements received from IHEs during the previous year. The inspection or audit must examine the extent to which the IHE exercised due diligence with respect to whether the gift was received from a foreign source, as well as the

---

63 The bill defines “Institution of higher education” as a state university; an entity listed in law that has its own governing board; a Florida College System institution; an independent nonprofit college or university that is located in and chartered by the state and grants baccalaureate or higher degrees; any other institution that has a physical presence in the state and is required to report foreign gifts or contracts pursuant to 20 U.S.C. s. 1011(f); or an affiliate organization of an institution of higher education.

64 See ss. 1004.33-1004.64991, F.S.
IHE’s compliance with the reporting requirements. However, upon the request of the Governor, the President of the Senate, or the Speaker of the House of Representatives, the Inspector General of the BOG or the Inspector General of the DOE, as applicable, must inspect or audit a gift or gift agreement.

The bill requires the BOG or SBE, as applicable, to exercise the oversight and enforcement authority provided in law\(^65\) to sanction an IHE that fails to report a reportable gift within 60 days after the reporting deadlines established as specified.

The bill subjects an IHE that knowingly, willfully, or negligently fails to disclose the information to a civil penalty of 105 percent of the amount of the undisclosed gift, payable only from nonstate funds of the IHE or the affiliate organization that received such gift. The bill authorizes the BOG and SBE, as applicable, to administratively enforce and impose the civil penalty. In the absence of enforcement by the BOG or SBE, as applicable, the bill authorizes the Attorney General or Chief Financial Officer to bring a civil action to enforce as specified.

The bill specifies that information and records relating to a gift from a foreign source are not confidential or exempt\(^66\).

The bill authorizes the BOG to adopt regulations and the SBE to adopt appropriate rules.

**Applicant Screening and Research Integrity of Foreign Researchers**

The bill requires, beginning July 1, 2021, each state university or entity listed as specified in law\(^67\) that receives state appropriations or state tax revenue and has a research budget of $10 million or more to screen applicants for research or research-related support positions who are citizens of a foreign country and who are not permanent residents of the United States, including graduate and undergraduate students.

The bill requires, in addition to satisfying all federal employment and enrollment qualifications, the BOG or the governing board of the applicable entity to require a foreign applicant to submit a complete copy of his or her most recently submitted Nonimmigrant Visa Application, DS-160; a complete resume and curriculum vitae, including every institution of higher education attended; all previous employment since the applicant’s 18th birthday; and a list of all published material for which the applicant received credit as an author, a researcher, or otherwise, or to which the applicant contributed significant research, writing, or editorial support. For applicants who have been continually employed or enrolled in a postsecondary education institution in the United States for 20 years or more, the resume may, but need not, include employment history before the most recent 20 years.

The bill requires the president or chief administrative officer of the state university or applicable entity to designate a research integrity office to verify all attendance, employment, publications, and contributions listed in the application required as specified. The research integrity office must search public databases for any omissions from the application. The research integrity

office must submit the applicant’s name and other identifying information to the Federal Bureau of Investigation (FBI) or any federal agency willing to scrutinize such applicant for national security or counterespionage purposes and search any public listings of persons subject to sanctions or restrictions under federal law.

The bill requires the screening be completed before employing an applicant in any research or research-related support position, or granting an applicant any access to sensitive data. An applicant who fails to disclose substantial information may not be employed in any research or research-related support position, unless the department head, or his or designee, certifies in writing the substance of the nondisclosure and the reasons for disregarding such failure to disclose. A copy of such certification must be kept in the investigative file of the research integrity office and must be submitted to the nearest FBI field office.

In addition, the bill requires the research integrity office to report to the nearest FBI office, and to any law enforcement agency designated by the Governor or the BOG and the governing board of the applicable entity described, the identity of any applicant who was rejected for employment based on the scrutiny required or other security-related screening.

The bill requires, by July 1, 2025, the Inspector General of the BOG, the inspector general of an entity described, or the Auditor General to perform an operational audit regarding such implementation of screening requirements.

Approval Processes for International Travel

The bill requires, by January 1, 2022, each state university or associated entity listed in specified law that receives state appropriations or state tax revenue and has a research budget of $10 million or more to establish an international travel approval and monitoring program. The program must require preapproval and screening by the research integrity office for any foreign travel and foreign employment-related activities engaged in by all faculty, researchers, and research department staff.

The bill specifies that preapproval by the research integrity office must be based on the applicant’s review and acknowledgement of guidance published by the employing state university or entity which relates to countries under sanctions or other restrictions of the state or the U.S. government, and preapproval must be based on the binding commitment of the individual traveler not to violate the state university’s or entity’s limitations on travel and activities abroad and to obey all applicable federal laws.

The bill requires the state university or entity to keep detailed records of expenses and activities related to the individual traveler’s professional, research, and academic activities undertaken during foreign travel. Such records must be retained for at least 10 years or any longer period of time required by any other applicable state or federal law.

The bill requires the state university or entity to provide an annual report of foreign travel and activities listing individual travelers, foreign locations visited, and foreign institutions visited for

presentations, teaching, or research to the BOG or the governing board of the applicable entity and publish such report on its website.

In addition, the bill requires, unless an operational audit has been previously submitted by the institution’s inspector general or internal auditor, by January 1, 2022, the Auditor General to perform an audit of the institution to ensure compliance as specified as part of the institution’s next scheduled operational audit.

**International Cultural Agreements**

The bill specifies that a state agency, political subdivision, public school, state college, or state university authorized to expend state-appropriated funds or levy ad valorem taxes may not participate in any agreement with or accept any grant from a foreign country of concern, or any entity controlled by a foreign country of concern, which establishes a program or other endeavor to promote the language or culture of a foreign country of concern, or accept anything of value conditioned upon participation in a program or other endeavor to promote the language or culture of a foreign country of concern.

The fiscal impact of this bill is indeterminate.

The bill takes effect July 1, 2021.

**IV. Constitutional Issues:**

A. **Municipality/County Mandates Restrictions:**
   
   None.

B. **Public Records/Open Meetings Issues:**
   
   None.

C. **Trust Funds Restrictions:**
   
   None.

D. **State Tax or Fee Increases:**
   
   None.

E. **Other Constitutional Issues:**
   
   None.

**V. Fiscal Impact Statement:**

A. **Tax/Fee Issues:**
   
   None.
B. Private Sector Impact:

Compliance with gift reporting, applicant screening, and approval travel as specified may result in indeterminate costs to institutions required to arrange or conduct these activities. Implementing travel review and approval processes and eliminating existing cultural agreements with countries of concern may reduce business and academic exchange between Florida and such countries. Given that the annual cost to the U.S. economy of counterfeit goods, pirated software, and theft of trade secrets is between $225 billion and $600 billion, however, enhanced integrity and security of Florida’s research environment should offset any reduction in foreign donations or contracts the bill may cause.\(^{69}\)

C. Government Sector Impact:

In addition, requirements to disclose to the Department of Financial Services any gifts or grants of $50,000 or more from any foreign source may remove confidentiality of donors, with the potential to discourage some foreign donations or grants if anonymity or secrecy is important to the donor.\(^{70}\)

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 286.101, Florida Statutes, is created to read:

286.101 Foreign gifts and contracts.—
(i) As used in this section, the term;
(a) "Contract" means any agreement for the direct benefit or use of any party to such agreement, including an agreement for the sale of commodities or services.
(b) "Foreign country of concern" means the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolas Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such foreign country of concern.
(c) "Foreign government" means the government of any country, nation, or group of nations, or any province or other political subdivision of any country or nation, other than the government of the United States or the government of a state or political subdivision, including any agent of such foreign government.
(d) "Foreign source" means any of the following:
1. A foreign government or an agency of a foreign government.
2. A legal entity, governmental or otherwise, created solely under the laws of a foreign state or states.
3. An individual who is not a citizen or a national of the United States or a territory or protectorate of the United States.
4. An agent, including a subsidiary or an affiliate of a foreign legal entity, acting on behalf of a foreign source.
(e) "Gift" means any gift of money or property.
(f) "Grant" means a transfer of money for a specified purpose, including a conditional gift.
(g) "Interest" in an entity means any direct or indirect investment in or loan to the entity valued at 5 percent or more of the entity’s net worth or any form of direct or indirect control exerting similar or greater influence on the governance of the entity.
(h) "State agency" means any agency or unit of state government created or established by law.
(2) Any state agency or political subdivision that receives any gift or grant with a value of $50,000 or more from any foreign source shall disclose such gift or grant to the Department of Financial Services within 30 days after receiving such gift or grant. Disclosure is not required if such gift or grant is disclosed under s. 1010.25.
(3)(a) Any entity, other than a state agency or political subdivision, that applies to a state agency or political subdivision for a grant or proposes a contract having a value of $100,000 or more, except for a proposal to sell commodities or services through the online procurement program established pursuant to s. 287.057(22), shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern if such interest, contract, or grant or gift has a value of $50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous 5 years. Within 1 year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services.
(b) From the time a disclosure is made under paragraph (a), through the term of any awarded state grant or contract, the
Upon receiving a referral from an inspector general or other compliance officer of a state agency or political subdivision or any sworn complaint based upon substantive information and reasonable belief, the Department of Financial Services must investigate an allegation of a violation of this section.

(b) The Department of Financial Services, an inspector general, or any other agent or compliance officer authorized by a state agency or political subdivision may request records relevant to any reasonable suspicion of a violation of this section. Such entity must provide the required records within 30 days after such request or at a later time agreed to by the investigating state agency or political subdivision.

(7)(a) Failure to make a disclosure required under this section or failure to provide records requested under paragraph (6)(b) constitutes a civil violation punishable upon a final order of the Department of Financial Services by an administrative fine of $5,000 for a first violation or $10,000 for any subsequent violation.

(b) In addition to any fine assessed under paragraph (a), a final order determining a third or subsequent violation by a state agency or political subdivision must include a determination of the identity of the officer responsible for acceptance of the undisclosed grant or gift. Such order must also include a referral by the Department of Financial Services to the Governor or other officer authorized to suspend or remove the officer responsible for acceptance of the undisclosed grant or gift from public office. A copy of such referral must be provided to the President of the Senate and the Speaker of the House of Representatives for oversight of such suspension and removal authority.
(c) In addition to any fine assessed under paragraph (a), a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause. The Department of Financial Services shall include and maintain an active and current list of such ineligible entities on the Internet website maintained under subsection (5).

(8) Notwithstanding any other law to the contrary, information and records relating to a gift or grant from a foreign source are not confidential or exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(9)(a) The Department of Management Services may adopt rules necessary to carry out its responsibilities under this section. The rules may identify the federal agencies to be consulted under subsection (4) and the procedure for notifying a vendor of the disclosure requirements under this section when applicable. The Department of Management Services may also adopt rules providing for the application of this section to the online procurement system.

(b) The Department of Financial Services may adopt rules necessary to carry out its responsibilities under this section.

(c) Any rules necessary to implement this section must be published by December 1, 2021, unless the applicable department head certifies in writing that a delay is necessary and the date by which the proposed rules will be published. Such certification must be published in the Florida Administrative Register and a copy provided to the Joint Administrative Procedures Committee.

Section 2. Section 288.860, Florida Statutes, is created to read:

288.860 International cultural agreements.—

(1) As used in this section, the term:

(a) “Foreign country of concern” means the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolas Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such foreign country of concern.

(b) “Political subdivision” means any entity under the control of or established for the benefit of a political subdivision.

(c) “Public school” means any education institution under the supervision of a school district.

(d) “State agency” means any agency or unit of state government created or established by law.

(e) “State college” means any postsecondary education institution under the supervision of the State Board of Education, including any entity under the control of or established for the benefit of a state college.

(f) “State university” means any state university under the supervision of the Board of Governors, including any entity under the control of or established for the benefit of a state university.

(2) A state agency, political subdivision, public school, state college, or state university authorized to expend state-

appropiated funds or levy ad valorem taxes may not participate in any agreement with or accept any grant from a foreign country of concern, or any entity controlled by a foreign country of concern, which establishes a program or other endeavor to promote the language or culture of a foreign country of concern.

(3) A state agency, political subdivision, public school, state college, or state university may not accept anything of value conditioned upon participation in a program or other endeavor to promote the language or culture of a foreign country of concern.

Section 3. Section 1010.25, Florida Statutes, is created to read:

1010.25 Foreign gift reporting.—

(a) "Affiliate organization" means any entity under the control of or established for the benefit of an organization required to report under this section, including a direct-support organization.

(b) "Direct-support organization" has the same meaning as provided in ss. 1004.28(1)(a), 1004.70(1)(a), and 1004.71(1)(a).

(c) "Foreign government" means the government of any country, nation, or group of nations, or any province or other political subdivision of any country or nation, other than the government of the United States or the government of a state or political subdivision, including any agent of such foreign government.

(d) "Foreign source" means any of the following:

1. A foreign government or an agency of a foreign government.

2. A legal entity, governmental or otherwise, created solely under the laws of a foreign state or states.

3. An individual who is not a citizen or a national of the United States or a territory or protectorate of the United States.

4. An agent, including a subsidiary or an affiliate of a foreign legal entity, acting on behalf of a foreign source.

(e) "Gift" means any contract, gift, grant, endowment, award, or donation of money or property of any kind, or any combination thereof, including a conditional or an unconditional pledge of such contract, gift, grant, endowment, award, or donation. For purposes of this paragraph, the term "pledge" means a promise, an agreement, or an expressed intention to give a gift.

(f) "Institution of higher education" means a state university; an entity listed in subpart B of part II of chapter 1004 that has its own governing board; a Florida College System institution; an independent nonprofit college or university that is located in and chartered by the state and grants baccalaureate or higher degrees; any other institution that has a physical presence in the state and is required to report foreign gifts or contracts pursuant to 20 U.S.C. s. 1011f; or an affiliate organization of an institution of higher education.

(2) Each institution of higher education must semiannually report, each January 31 and July 31, any gift received directly or indirectly from a foreign source with a value of $50,000 or more during the fiscal year. If a foreign source provides more than one gift directly or indirectly to an institution of higher education in a single fiscal year and the total value of those...
36-01358-21 20212010__
gifts is $50,000 or more, all gifts received from that foreign
source must be reported. For purposes of this subsection, a gift
received from a foreign source through an intermediary shall be
considered an indirect gift to the institution of higher
education. A report required under this subsection must be made
to the following entities:
(a) The Board of Governors, if the recipient is a state
university, an entity listed in subpart B of part II of chapter
1004 that has its own governing board, or an affiliate
organization.
(b) The State Board of Education, if the recipient is any
other institution of higher education or an affiliate
organization.
(3) For each gift subject to the reporting requirement in
subsection (2), the institution of higher education must provide
the applicable entity all of the following information, unless
otherwise prohibited or deemed confidential under federal or
state law:
(a) The amount of the gift and the date it was received.
(b) The contract start and end date if the gift is a
contract.
(c) The name of the foreign source and, if not a foreign
government, the country of citizenship, if known, and the
principal residence or domicile of the foreign source.
(d) A copy of a gift agreement between the foreign source
and the institution of higher education, signed by the foreign
source and the chief administrative officer of the institution
of higher education, or their respective designees, which must
include a detailed description of the purpose for which the gift
will be used by the institution of higher education, the
identification of the persons for whom the gift is explicitly
intended to benefit, and any applicable conditions,
requirements, restrictions, or terms made a part of the gift
regarding the control of curricula, faculty, student admissions,
student fees, or contingencies placed upon the institution of
higher education to take a specific public position or to award
an honorary degree.
2. Beginning July 1, 2022, the Inspector General of the
Board of Governors or the Inspector General of the Department of
Education, as applicable, shall, within existing resources,
randomly inspect or audit at least 10 percent of the total
number of gifts or gift agreements received from institutions of
higher education pursuant to this paragraph during the previous
year. The inspection or audit shall examine the extent to which
the institution of higher education exercised due diligence with
respect to whether the gift was received from a foreign source,
as well as the institution of higher education’s compliance with
the requirements of this section.
3. Upon the request of the Governor, the President of the
Senate, or the Speaker of the House of Representatives, the
Inspector General of the Board of Governors or the Inspector
General of the Department of Education, as applicable, must
inspect or audit a gift or gift agreement.
(4) The Board of Governors or the State Board of Education,
as applicable, shall exercise the authority provided pursuant to
s. 1008.32 or s. 1008.32, respectively, to sanction an
institution of higher education that fails to report a
reportable gift within 60 days after the reporting deadlines
(3) An institution of higher education that knowingly, willfully, or negligently fails to disclose the information required by this section shall be subject to a civil penalty of 105 percent of the amount of the undisclosed gift, payable only from nonstate funds of the institution of higher education or the affiliate organization that received such gift. The recovered funds must be deposited into the General Revenue Fund. The Board of Governors and the State Board of Education, as applicable, may administratively enforce this section and impose the civil penalty as an administrative penalty.

(b) In the absence of enforcement by the Board of Governors or the State Board of Education, as applicable, the Attorney General or Chief Financial Officer may bring a civil action to enforce this section. If such action is successful, the Attorney General or Chief Financial Officer, as applicable, is entitled to reasonable attorney fees and costs.

(6) Notwithstanding any other law to the contrary, information and records relating to a gift from a foreign source are not confidential or exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(7) The Board of Governors may adopt regulations, and the State Board of Education may adopt rules, to implement this section.

Section 4. Section 1010.35, Florida Statutes, is created to read:

1010.35 Screening foreign researchers.—

(1) Beginning July 1, 2021, each state university or entity listed in subpart B of part II of chapter 1004 that receives state appropriations or state tax revenue and has a research budget of $10 million or more must screen applicants for research or research-related support positions who are citizens of a foreign country and who are not permanent residents of the United States, including graduate and undergraduate students.

(2) In addition to satisfying all employment and enrollment qualifications imposed by federal law, the Board of Governors or the governing board of the applicable entity must require a foreign applicant as described in subsection (1) to submit a complete copy of his or her most recently submitted Nonimmigrant Visa Application, DS-160; a complete resume and curriculum vitae, including every institution of higher education attended; all previous employment since the applicant’s 18th birthday; and a list of all published material for which the applicant received credit as an author, a researcher, or otherwise or to which the applicant contributed significant research, writing, or editorial support. For applicants who have been continually employed or enrolled in a postsecondary education institution in the United States for 20 years or more, the resume may, but need not, include employment history before the most recent 20 years.

(3) The president or chief administrative officer of the state university or applicable entity shall designate a research integrity office to verify all attendance, employment, publications, and contributions listed in the application required in subsection (2). The research integrity office must search public databases for research publications and presentations and public conflict of interest records to identify any research publication or presentation that may have been omitted from the application. The research integrity office
must submit the applicant’s name and other identifying information to the Federal Bureau of Investigation or any federal agency willing to scrutinize such applicant for national security or counterespionage purposes and search any public listings of persons subject to sanctions or restrictions under federal law.

(4) The requirements of this section must be completed before employing an applicant described in subsection (1) in any research or research-related support position and before granting such applicant any access to research data or activities or other sensitive data. An applicant may not be employed in any research or research-related support position if he or she fails to disclose a substantial educational, employment, or research-related activity or publication or presentation at the time of submitting the application required in subsection (2), unless the department head, or his or designee, certifies in writing the substance of the nondisclosure and the reasons for disregarding such failure to disclose. A copy of such certification must be kept in the investigative file of the research integrity office and must be submitted to the nearest Federal Bureau of Investigation field office.

(5) The research integrity office must report to the nearest Federal Bureau of Investigation field office, and to any law enforcement agency designated by the Governor or the Board of Governors and the governing board of the applicable entity described in subsection (1), the identity of any applicant who was rejected for employment based on the scrutiny required by this section or other security-related screening.

(6) By July 1, 2020, the Inspector General of the Board of Governors, the inspector general of an entity described in subsection (1), or the Auditor General must perform an operational audit regarding the implementation of this section.

Section 5. Section 1010.36, Florida Statutes, is created to read:

1010.36 Foreign travel; research institutions.—

(1) By January 1, 2022, each state university or entity listed in subpart B of part II of chapter 1004 that receives state appropriations or state tax revenue and has a research budget of $10 million or more must establish an international travel approval and monitoring program. The program must require preapproval and screening by a research integrity office designated by the president or chief administrative officer of the state university or entity for any foreign travel and foreign employment-related activities engaged in by all faculty, researchers, and research department staff. Such requirement is in addition to any other travel approval process applicable to the state university or entity.

(2)(a) Preapproval by the research integrity office must be based on the applicant’s review and acknowledgement of guidance published by the employing state university or entity which relates to countries under sanctions or other restrictions of the state or the United States government, including any federal license requirement; customs rules; export controls; restrictions on taking state university or entity property, including intellectual property, abroad; restrictions on presentations, teaching, and interactions with foreign colleagues; and other subjects important to the research and
academic integrity of the state university or entity.

(b) Preapproval must be based on the binding commitment of
the individual traveler not to violate the state university’s or
entity’s limitations on travel and activities abroad and to obey
all applicable federal laws.

(3) The state university or entity must maintain records of
all applications for foreign travel and activities; expenses
incurred during such travel and activities, including for
travel, food, and lodging; and payments and honoraria received
during such travel and activities, including for travel, food,
and lodging. The state university or entity must also keep
records of all teaching, presentations, and other activities
related to the individual traveler’s professional, research, and
academic activities undertaken during foreign travel. Such
records must be retained for at least 10 years or any longer
period of time required by any other applicable state or federal
law.

(4) The state university or entity must provide an annual
report of foreign travel and activities listing individual
travelers, foreign locations visited, and foreign institutions
visited for presentations, teaching, or research to the Board of
Governors or the governing board of the applicable entity and
publish such report on its Internet website.

(5) Unless an operational audit has been previously
submitted by the institution’s inspector general or internal
auditor, by January 1, 2022, the Auditor General must perform an
audit of the institution to ensure compliance with this section
as part of the institution’s next scheduled operational audit.

Section 6. This act shall take effect July 1, 2021.
SB 2012 establishes the Promoting Equality of Athletic Opportunity Act, to provide opportunities for female athletes to demonstrate their strength, skills, athletic abilities, and realize the long-term benefits that result from participating and competing in athletic endeavors. Specifically, the bill:

- Requires interscholastic, intercollegiate, intramural, or club athletic teams that are sponsored by, or compete against, a public school or public postsecondary institution to be designated as male, female, or coed.
- Prohibits athletic teams designated for females, to be open to students of the male sex.
- Requires persons who transition from male to female to be eligible to compete in the female category if the student has declared a female gender identity to her school or institution and demonstrates a total testosterone level in serum below 10 nmol/L for at least 12 months before her first competition and throughout the period of desired eligibility.

The bill requires the Board of Governors to adopt regulations and the State Board of Education to adopt rules to implement the provisions of the act.

The bill provides private causes of action for injunctive relief, damages, and any other relief available under law for students, schools, and public postsecondary institutions harmed by a violation of the Act’s provisions. All such civil actions must be initiated within two years after the alleged harm occurred.

The impact of state revenues or expenditures is indeterminate. See Section V.

The bill takes effect on July 1, 2021.
II. Present Situation:

Athletic Programs

Middle and high school interscholastic athletic programs play a vital role in the education of students who participate in them. Through their participation in interscholastic athletics, students are provided character-building opportunities to demonstrate honesty, integrity, respect, caring, cooperation, trustworthiness, leadership, tolerance and personal responsibility. These fundamental values enable participants to realize and fulfill their potential as students, as athletes, as individuals and as citizens.  

Athletics programs are widely accepted as integral parts of the college experience as well. The benefits of athletics participation include many positive effects on physical, social, and emotional well-being. Playing sports can provide student-athletes with important lessons about self-discipline, teamwork, success, and failure, as well as the joy and shared excitement that being a member of a sports team can bring.

Title IX and Sex Discrimination

Title IX is a federal civil rights law passed as part of the Education Amendments of 1972. This law protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. Title IX states that:

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

Athletic programs are considered educational programs and activities. Title IX gives women athletes the right to equal opportunity in sports in educational institutions that receive federal funds, from elementary schools to colleges and universities. While there are few private elementary, middle school or high schools that receive federal funds, almost all colleges and universities, private and public, receive such funding.

Title IX applies to approximately 16,500 local school districts, 7,000 postsecondary institutions, as well as charter schools, for-profit schools, libraries, and museums. Also included are

vocational rehabilitation agencies and education agencies of 50 states, the District of Columbia, and territories and possessions of the United States.\(^9\)

Title IX regulations require institutions that receive federal education funds to provide equal opportunities in athletics for both sexes.\(^{10}\) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes is considered when determining whether an institution has provided equal opportunities for both sexes.\(^{11}\) With respect to scholarships, Title IX regulations require educational institutions that award athletic scholarships or grants-in-aid to provide reasonable opportunities for such awards for members of each sex in proportion to the number of students of each sex participating in interscholastic or intercollegiate athletics.\(^{12}\)

Title IX regulations also authorize educational institutions to sponsor separate athletics teams for members of each sex.\(^{13}\)

According to the National Collegiate Athletic Association (NCAA), there are three areas where Title IX applies to athletics. Title IX: \(^{14}\)
- Does not require institutions to offer identical sports but an equal opportunity to play.
- Requires that female and male student-athletes receive athletics scholarship dollars proportional to their participation; and
- Requires equal treatment of female and male athletes in the following: equipment and supplies; scheduling of games and practice times; travel and daily allowance and per diem; access to tutoring; coaching; locker rooms, practice and competitive facilities; medical and training facilities and services; housing and dining facilities and services; publicity and promotions; support services; and recruitment of student-athletes.\(^{15}\)

**Transgender Participation in Athletic Programs**

The number of students who identify as transgender\(^{16}\) has steadily increased during the last decade. It is estimated that approximately 150,000 students 13 to 17 years of age identify as transgender in the United States.\(^{17}\)

Federal Legislation

Currently, there is no federal law governing transgender participation in sports. However, the U.S. Supreme Court has recently ruled that discrimination in employment based on gender identity is illegal. In addition, the Eleventh Circuit recently affirmed that a Florida school district's policy barring a transgender male student from the boys' restroom did not adhere with the Constitution's guarantee of equal protection and Title IX's prohibition of sex discrimination.

The 117th Congress in 2020-2021, and the 116th Congress in 2019-2020 introduced multiple bills with respect to separate sex-specific athletics teams or sports. Currently, 25 states are proposing legislation related to transgender student athletics. Both the NCAA and the Florida High School Athletic Association (FHSAA) have issued guidance for transgender participation in athletic programs.

NCAA Inclusion of Transgender Student Athletes

Providing equal opportunities in all aspects of school programming is a core value in education. As an integral part of higher educational institutions, college athletics programs are responsible and accountable for reflecting the goals and values of the educational institutions of which they are a part.

The NCAA recommends that policies governing the participation of transgender student-athletes be informed by the following principles, and be included in the institution’s transgender student-athlete policy statement:

- Participation in intercollegiate athletics is a valuable part of the education experience for all students.
- Transgender student-athletes should have equal opportunity to participate in sports.
- The integrity of women’s sports should be preserved.
- Policies governing sports should be based on sound medical knowledge and scientific validity.
- Policies governing sports should be objective, workable, and practicable; they should also be written, available and equitably enforced.

• Policies governing the participation of transgender students in sports should be fair in light of the tremendous variation among individuals in strength, size, musculature, and ability.
• The legitimate privacy interests of all student-athletes should be protected.
• The medical privacy of transgender students should be preserved.
• Athletics administrators, staff, parents of athletes, and student-athletes should have access to sound and effective educational resources and training related to the participation of transgender and gender-variant\textsuperscript{25} students in athletics.
• Policies governing the participation of transgender students in athletics should comply with state and federal laws protecting students from discrimination based on sex, disability, and gender identity\textsuperscript{26} and expression.

The NCAA has published policies to clarify participation of transgender student-athletes undergoing hormonal treatment for gender transition:\textsuperscript{27}

• A transgender male, a female transitioning to a male, student-athlete who has received a medical exception for treatment with testosterone\textsuperscript{28} for diagnosed Gender Identity Disorder or gender dysphoria\textsuperscript{29} and/or Transsexualism,\textsuperscript{30} for purposes of NCAA competition may compete on a men’s team, but is no longer eligible to compete on a women’s team without changing that team status to a mixed team.\textsuperscript{31}

• A transgender female, a male transitioning to a female, student-athlete being treated with testosterone suppression medication for Gender Identity Disorder or gender dysphoria and/or Transsexualism, for the purposes of NCAA competition may continue to compete on a men’s team but may not compete on a women’s team without changing it to a mixed team status until completing one calendar year of testosterone suppression treatment.

• Any transgender student-athlete who is not taking hormone treatment related to gender transition may participate in sex-separated sports activities in accordance with his or her assigned birth gender.

**Florida High School Athletic Association (FHSAA) Policies for Transgender Athletes**

The FHSAA is designated by law as the governing nonprofit organization of athletics in Florida public schools. The FHSAA is not a state agency, but performs similar functions. The FHSAA is required to adopt bylaws regulating student eligibility, student residency and transfer, recruiting, and health and safety. Such bylaws include requiring all students participating in interscholastic athletic competition or who are candidates for an interscholastic athletic team, to satisfactorily pass a medical evaluation each year before participating in interscholastic athletic competition or engaging in any practice, tryout, workout, conditioning, or other physical activity associated with the student's candidacy. The bylaws of the FHSAA govern high school athletic programs in its member schools, unless otherwise specifically provided by law.

The FHSAA’s bylaws state that FHSAA will not discriminate in its governance policies, programs and employment practices on the basis of age, color, disability, gender, national origin, race, religion, creed, sexual orientation or educational choice. The FHSAA bylaws further state the FHSAA will conduct its activities in a manner free of gender bias and will adopt rules that enhance schools’ efforts to comply with applicable gender-equity laws.

The FHSAA bylaws on athletic participation by gender state the following:
• Girls may play on a boys’ team in a sport if the school does not sponsor a girls’ team in that sport.
• Team sports that have boys on a girls’ team are required to compete in the boys division in that sport.
• Team sports that have both boys and girls on a mixed team are required to compete in the boys division in that sport.
• In an individual sport, girls may not participate on boys’ teams in the Florida High School State Championship Series when a sport is offered in the Florida High School State Championship Series for girls.

Under the FHSAA administrative policies, all eligible students should have the opportunity to participate in interscholastic athletics in a manner that is consistent with their gender identity and expression, irrespective of the gender listed on a student’s birth certificate or records.

this situation, a student may seek review of his or her eligibility for participation through the following process:\footnote{This policy does not apply to a private school member of the FHSAA which, because of its strongly held religious beliefs, would be entitled to the exemption provided to educational institutions of religious organizations by law. Id.}

- The student and parent must contact the school administrator or athletic director, prior to the official start date of the sport season indicating the student has a consistent gender identity and expression different than the gender listed on the student’s school registration records and the student desires to participate in a gender-segregated athletic sport in a manner consistent with his or her gender identity and expression.
- The student must provide the principal or athletic director, and the FHSAA with specified documentation.\footnote{Documentation includes current transcript and school registration information; information required for participation and eligibility in FHSAA athletics; written statement from the student affirming the consistent identity and expression to which the student self-relates; documentation from individuals such as, but not limited to, parents, friends and teachers, which affirm that the actions, attitudes, dress and manner demonstrate the student’s consistent gender identification and expression; a complete list of all the student’s prescribed, non-prescribed or over the counter, treatments or medications; written verification from an appropriate health-care professional of the student’s consistent gender identification and expression; and any other pertinent documentation or information which the student or parent believe relevant and appropriate. Id.}
- The school administrator must contact the FHSAA which will assign a facilitator who will assist the school and student in preparation and completion of the process.
- The student will be scheduled for a review hearing before a committee specifically established to preside over gender identity reviews.

An appeal process is available to any school, on behalf of a student-athlete, which is denied participation. If a student is granted eligibility consistent with his or her gender identity and expression, the eligibility is binding for the duration of the student’s participation in every sport season of every school year.\footnote{The committee must be comprised of a minimum of three of the following categories, one of which must be from the physical or mental health profession category: Physician with experience in gender identity health care and the World Professional Association for Transgender Health (WPATH) Standards of Care; psychiatrist, psychologist, or licensed mental health professional familiar with the WPATH Standards of Care; school administrator from outside the member school’s FHSAA administrative section; athletic director from outside the member school’s FHSAA administrative section; an athletic coach of the sport in which participation is desired, from outside the member school’s FHSAA administrative section; an individual selected by the FHSAA familiar with Gender Identity and Expression issues. \textit{The Role of Testosterone in Athletic Performance}

Both males and females produce testosterone naturally in their bodies, males primarily in the testes and females primarily in the ovaries.\footnote{Women’s Sports Policy Working Group, \textit{Frequently Asked Questions – About Science and Sex} (2020), available at https://womenssportspolicy.org/wp-content/uploads/2021/01/faq-q09-male-and-female-range-testosterone.pdf.} Starting from the onset of male puberty, generally about age 11, testes begin to produce much more testosterone than ovaries. From that point forward, the normal female range is between 0.06 and 1.68 nanomoles\footnote{One mole contains exactly $6.02214076 \times 10^{23}$ elementary entities; an elementary entity may be an atom, a molecule, an ion, an electron, any other particle or specified group of particles. National Institute of Standards and Technology, \textit{Definitions of SI Base Units}, https://www.nist.gov/si-redefinition/definitions-si-base-units (last visited Mar. 18, 2021). A Nanomole is defined as one billionth of a mole. Merriam-Webster Dictionary, \textit{nanomole}, https://www.merriam-webster.com/medical/ nanomole (last visited March 15, 2021).} per liter (nmol/L), and...
the normal male range is between 7.7 and 29.4 nmol/L. The gap between the top of the female range and the bottom of the male range is 6.02 nmol/L.\(^46\)

International experts\(^47\) in the sports science and sports medicine communities agree that males and females are materially different with respect to the main physical attributes that contribute to athletic performance, and that the primary reason for sex differences in these attributes is exposure in gonadal males to much higher levels of testosterone during growth and development, and throughout the athletic career.\(^48\)

The Connecticut Interscholastic Athletics Conference (CIAC)\(^49\) permits transgender girls to compete in girls’ events even if they have not yet gone on puberty blockers\(^50\) or gender affirming hormones.\(^51\) Two transgender girls who used to compete on their schools’ boys’ teams moved to the girls’ teams when they came out as transgender.\(^52\) Cisgender\(^53\) female high school students have sued the CIAC and their respective boards of education alleging that the defendants’ practice of permitting biological males who claim a female gender identity to compete in girls’ athletic competitions violates Title IX because it displaces girls from track events and excludes them from honors and opportunities to compete at higher levels critical to college recruitment and scholarship opportunities.\(^54\)

A study\(^55\) conducted on transgender males and females in the United States Air Force with an average age of 26.2 years, concluded that transgender females displayed a 15 to 31 percent athletic advantage displayed over their female counterparts prior to the starting gender affirming hormones. This advantage declined with feminizing therapy. However, transgender females still had a 9 percent faster mean run speed after the one year period of testosterone suppression that is

\(^53\) Cisgender is defined as of, relating to, or being a person whose gender identity corresponds with the sex the person had or was identified as having at birth. Merriam-Webster Dictionary, cisgender https://www.merriam-webster.com/dictionary/cisgender (last visited March 18, 2021).

recommended by World Athletics (WA)\textsuperscript{56} or the International Olympic Committee (IOC)\textsuperscript{57} for inclusion in women’s events.\textsuperscript{58} The study confirmed that use of gender affirming hormones are associated with changes in athletic performance and demonstrated that the pretreatment differences between transgender and cisgender women persist beyond the 12 month time requirement currently being proposed for athletic competition by the WA and the IOC. The study suggests that more than 12 months of testosterone suppression may be needed to ensure that transgender women do not have an unfair competitive advantage when participating in elite level athletic competition.\textsuperscript{59}

WA also requires that for a transgender female to be eligible she must demonstrate to the satisfaction of an expert panel that the concentration of testosterone in her serum has been less than 5 nmol/L continuously for a period of at least 12 months and she must keep her serum testosterone concentration below 5 nmol/L for so long as she wishes to maintain eligibility to compete in the female category of competition.\textsuperscript{60}

The IOC requires that for a transgender female to be eligible:\textsuperscript{61}

- The athlete has declared that her gender identity is female. The declaration cannot be changed, for sporting purposes, for a minimum of four years.
- The athlete must demonstrate that her total testosterone level in serum has been below 10 nmol/L for at least 12 months prior to her first competition.

III. Effect of Proposed Changes:

SB 2012 creates s. 1006.205, F.S., the Promoting Equality of Athletic Opportunity Act, to provide opportunities for female athletes to demonstrate their strength, skills, athletic abilities, and realize the long-term benefits that result from participating and competing in athletic endeavors. The bill provides a pathway for transgender females to participate on female teams while also protecting competition for female athletes. Specifically, the bill:

- Requires interscholastic, intercollegiate, intramural, or club athletic teams that are sponsored by a public school or public postsecondary institution, or any school or institution whose students or teams compete against a public school or public postsecondary institution to be designated as one of the following based on the biological sex of the team members:
  - Males, men, or boys;

\textsuperscript{59} Id.
Females, women, or girls; or
Coed or mixed, including both males and females.

- Prohibits athletic teams or sports designated for females, to be open to students of the male sex.
- Specifies that persons who transition from male to female are eligible to compete in the female category if the student has declared a female gender identity to her school or institution and meets both of the following conditions:
  - The student demonstrates that her total testosterone level in serum has been below 10 nanomoles per liter (nmol/L) for at least 12 months before her first competition and monthly throughout the period of desired eligibility; and
  - The student’s total testosterone level remains below 10 nmol/L throughout the period of desired eligibility.

If the student does not meet both conditions the student must be suspended from female competition for 12 months. The Board of Governors must adopt regulations and the State Board of Education must adopt rules to implement the provisions of the act.

The bill provides protections for educational institutions by prohibiting specified entities from taking adverse action against any school or public postsecondary institution in Florida for maintaining separate athletic teams or sports for female students.

The bill also provides private causes of action for injunctive relief, damages, and any other relief available under law for students, schools, and public postsecondary institutions harmed by a violation of the Act’s provisions. All such civil actions must be initiated within two years after the alleged harm occurred.

The bill takes effect on July 1, 2021.

By Senator Stargel

A bill to be entitled

An act relating to promoting equality of athletic opportunity; creating s. 1006.205, F.S.; providing a short title; providing legislative intent and findings; requiring that certain athletic teams or sports sponsored by certain educational institutions be designated on the basis of students’ biological sex; prohibiting athletic teams or sports designated for female students from being open to male students; specifying conditions under which persons who transition from male to female are eligible to compete in the female category; requiring a student that fails to comply with certain conditions to be suspended from female competition for 12 months; requiring the Board of Governors of the State University System to adopt regulations and the State Board of Education to adopt rules regarding the resolution of disputes; providing protections for educational institutions from certain adverse actions taken by a governmental entity, any licensing or accrediting organization, or any athletic association or organization; providing civil remedies for students and educational institutions; providing a statute of limitation; providing for damages; providing an effective date.

WHEREAS, the United States Supreme Court recognized in United States v. Virginia, 518 U.S. 515 (1996), that there are inherent differences between men and women and these differences remain cause for celebration, but not for denigration of the United States v. Virginia, 518 U.S. 515 (1996), case evaluation...
Section 1. Section 1006.205, Florida Statutes, is created to read:
1006.205 Promoting Equality of Athletic Opportunity Act.—
(1) SHORT TITLE.—This section may be cited as the “Promoting Equality of Athletic Opportunity Act.”
(2) LEGISLATIVE INTENT AND FINDINGS.—
(a) It is the intent of the Legislature to provide opportunities for female athletes to demonstrate their strength, skills, and athletic abilities and to provide them with opportunities to obtain recognition and accolades, college scholarships, and the numerous other long-term benefits that result from participating and competing in athletic endeavors.
(b) The Legislature finds that promoting the equality of athletic opportunity is an important state interest. The Legislature finds that requiring the designation of separate sex-specific athletic teams or sports is necessary to promote equality of athletic opportunity.
(3) DESIGNATION OF ATHLETIC TEAMS OR SPORTS.—
(a) Interscholastic, intercollegiate, intramural, or club athletic teams or sports that are sponsored by a public primary or secondary school, a public postsecondary institution, or any school or institution whose students or teams compete against a public school or public postsecondary institution must be expressly designated as one of the following based on the biological sex of team members:
1. Males, men, or boys;
2. Females, women, or girls; or
3. Coed or mixed, including both males and females.
(b) Athletic teams or sports designated for females, women,
or girls may not be open to students of the male sex.

(c) Persons who transition from male to female are eligible
to compete in the female category if all of the following
conditions are met:

1. The student has declared a female gender identity to her
school or institution.

2. The student demonstrates that her total testosterone
level in serum has been below 10 nmol/L for at least 12 months
before her first competition and monthly throughout the period
of desired eligibility to compete in the female category.

3. The student’s total testosterone level in serum must
remain below 10 nmol/L throughout the period of desired
eligibility to compete in the female category.

A student that fails to comply with the requirements of
subparagraphs 2. or 3. must be suspended from female competition
for 12 months.

(d) The Board of Governors of the State University System
shall adopt rules, regarding the receipt and timely resolution of
disputes by schools and institutions, consistent with this
subsection.

(4) PROTECTION FOR EDUCATIONAL INSTITUTIONS.—A governmental
entity, licensing or accrediting organization, or an athletic
association or organization may not entertain a complaint, open
an investigation, or take any other adverse action against any
school or public postsecondary institution in this state for
maintaining separate interscholastic, intercollegiate,
intramural, or club athletic teams or sports for students of the

Section 2. This act shall take effect July 1, 2021.
I. Summary:

SB 1094 requires that the general health education curriculum for K-12 public schools be developmentally and age-appropriate. The curriculum must include information on the prevention of child sexual abuse, exploitation, and human trafficking.

The bill also modifies the existing health education requirement to specify that instruction on abstinence and the consequences of teen pregnancy applies only to those students in grades 7 through 12.

The bill has no impact on state revenues or expenditures. The bill may have a fiscal impact to school districts. See section V.

The bill takes effect on July 1, 2021.

II. Present Situation:

Required Instruction in Schools

Florida law specifies required coursework and instruction for public school students. Specifically, each district school board must provide all courses required for middle grades promotion, high school graduation, and appropriate instruction designed to ensure that students meet State Board of Education (SBE) adopted standards in the following subject areas: reading and other language arts, mathematics, science, social studies, foreign languages, health and physical education, and the arts.¹

¹ Section 1003.42(1), F.S.
Instructional staff of public schools, subject to the rules of the SBE and the district school board, must provide instruction in:

- The history and content of the Declaration of Independence.
- The history, meaning, significance, and effect of the provisions of the Constitution of the United States.
- The arguments in support of adopting our republican form of government.
- Flag education, including proper flag display and flag salute.
- The elements of civil government.
- The history of the Holocaust.
- The history of the United States.
- The history of African Americans.
- The elementary principles of agriculture.
- The effects of alcoholic and intoxicating liquors and beverages and narcotics.
- Kindness to animals.
- The history of the state.
- The conservation of natural resources.
- Comprehensive health education.
- The study of Hispanic contributions to the United States.
- The study of women’s contributions to the United States.
- The nature and importance of free enterprise to the United States economy.
- A character-development program in kindergarten through grade 12.
- The sacrifices that veterans and Medal of Honor recipients have made serving the country.

Comprehensive health education currently addresses 12 components. Eleven of the components are delivered in kindergarten through grade 12, and include: concepts of community health; consumer health; environmental health; family life, including an awareness of the benefits of sexual abstinence as the expected standard and the consequences of teenage pregnancy; mental and emotional health; injury prevention and safety; Internet safety; nutrition; personal health; prevention and control of disease; and substance use and abuse. Instruction related to teen dating violence and abuse must be provided in grades 7 through 12 only.

**Human Trafficking Instruction and Awareness in Schools**

Florida law defines human trafficking as transporting, soliciting, recruiting, harboring, providing, enticing, maintaining, or obtaining another person for the purpose of exploitation of that person. Human trafficking is a form of modern-day slavery. Victims of human trafficking are young children, teenagers, and adults; include citizens of the United States and those persons trafficked

domestically within the borders of the United States; and are subjected to force, fraud, or coercion for the purpose of sexual exploitation or forced labor.\(^8\)

Florida is third in the nation for reported human trafficking cases.\(^9\) In 2018, there were 767 human trafficking cases reported in Florida. Of those cases, 149 were minors. The average ages of trafficked youth are 11-13 years old.\(^10\) In fiscal year 2019-2020, the total number of reports received by the Florida Abuse Hotline alleging human trafficking was 1901 reports involving 1463 children.\(^11\)

Information on human trafficking is not currently included in required comprehensive health education instruction.\(^12\) Additionally, SBE adopted standards do not include instruction on human trafficking, nor is there an instructional model currently available in CPALMS.\(^13\)

In September 2019, the SBE adopted a rule addressing Child Trafficking Prevention Education, which requires school districts to annually provide instruction to students in grades K-12 related to child trafficking prevention and awareness using current health education standards. Age appropriate elements of effective and evidence-based programs, on child trafficking prevention and awareness must address the following topics:\(^14\)

- Recognition of signs of human trafficking;
- Awareness of resources, including national, state and local resources;
- Prevention of the abuse of and addiction to alcohol, nicotine, and drugs;
- Information of the prevalence, nature, and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance; and
- Information on how social media and mobile device applications are used for human trafficking.

As required by the new rule, the Florida Department of Education (FDOE) maintains resources and training for the required instruction on child trafficking prevention and awareness.\(^15\)

By July 1 annually, each school district must submit a report to verify completion of the instruction required under law\(^\text{16}\) as well as instruction in Child Trafficking Prevention Education required by SBE rule.\(^\text{17}\)

**Child Abuse Instruction and Awareness in Schools**

As defined by Florida law, child abuse means any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause the child’s physical, mental, or emotional health to be significantly impaired.\(^\text{18}\) Every Florida citizen, including school teachers and other school personnel are required by law to report known or suspected child abuse.\(^\text{19}\) In 2018, the Children’s Advocacy Centers in Florida served over 34,000 children who were victims of child abuse or neglect:\(^\text{20}\)

- 60 percent of the victims were female and 40 percent were male.
- 36 percent of the victims were between birth and age 6.
- 35 percent of the victims suffered from sexual abuse, of which:
  - 27 percent suffered from physical abuse; and
  - 17 percent suffered from neglect.

Child abuse awareness is not included in the required comprehensive health education instruction.\(^\text{21}\) The FDOE provides child abuse prevention training materials and resources on their website.\(^\text{22}\) Teachers in grades K-12 are required to participate in continuing education on identifying and reporting child abuse and neglect provided by the Florida Department of Children and Families.\(^\text{23}\)

### III. Effect of Proposed Changes:

SB 1094 amends s. 1003.42, F.S., to require that the general health education curriculum for K-12 public schools be developmentally and age-appropriate. The curriculum must include information on the prevention of child sexual abuse, exploitation, and human trafficking. Adding such topics to the required instruction health education curriculum may help raise awareness of associated dangers and improve student health.

The bill limits the existing kindergarten through grade 12 requirement to specify that instruction on abstinence and the consequences of teen pregnancy applies only to those students in grades 7 through 12, providing developmentally and age-appropriate instruction for this topic. Also, the bill amends s. 1006.148, F.S., to conform a cross reference, which clarifies that instruction in dating violence and abuse is limited to students in grades 7 through 12.

By Senator Bean

A bill to be entitled An act relating to required health education instruction; amending s. 1003.42, F.S.; providing additional requirements for health education; revising the grade levels when students receive certain health education instruction; requiring health education instruction to include prevention of specified harms; amending s. 1006.148, F.S.; conforming a cross-reference; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (n) of subsection (2) of section 1003.42, Florida Statutes, is amended to read:

1003.42 Required instruction.—
(2) Members of the instructional staff of the public schools, subject to the rules of the State Board of Education and the district school board, shall teach efficiently and faithfully, using the books and materials required that meet the highest standards for professionalism and historical accuracy, following the prescribed courses of study, and employing approved methods of instruction, the following:

(n) Comprehensive age-appropriate and developmentally appropriate health education that addresses concepts of community health, consumer health, environmental health, and family life, including:

a. An awareness of the benefits of sexual abstinence as the expected standard and the consequences of teenage pregnancy; and a teen dating violence and abuse component that

Section 2. Paragraph (c) of subsection (1) of section 1006.148, Florida Statutes, is amended to read:

1006.148 Dating violence and abuse prohibited.—
(1) Each district school board shall adopt and implement a dating violence and abuse policy. The policy shall:

(c) Define dating violence and abuse and provide for a teen dating violence and abuse component in the health education curriculum, according to s. 1003.42(2)(n)2., with emphasis on prevention education.

Section 3. This act shall take effect July 1, 2021.
SB 192 revises the circumstances and procedures required for restraining students with a disability in public schools and prohibits the use of seclusion. The bill also provides enhanced mechanisms for monitoring specified classrooms. Specifically, the bill requires:

- School districts to:
  - Adopt positive behavior interventions and supports for students with a disability and identify all school personnel authorized to use the interventions and supports.
  - Provide training to all school personnel authorized to use positive behavior interventions and supports.
  - Publish the procedures for training in positive behavior interventions and supports in the district’s special policies and procedures manual.

- The development of a crisis intervention plan for a student who has been restrained twice during a semester.

- Schools within the Broward and Volusia school districts, as part of the Video Cameras in Public School Classrooms Pilot Program, to install a video camera, upon the request of a parent, in self-contained classrooms where students with a disability are enrolled and specifies the circumstances under which the video recording may be viewed.

- The Department of Education (DOE) to collect information relating to the installation and maintenance of video cameras in self-contained classrooms as part of the pilot program.

- Data maintained by the DOE on the use of restraint to be updated monthly and made available to the public through the DOE’s website by October 1, 2021.

- The Commissioner of Education to develop recommendations that incorporate instruction regarding emotional or behavioral disabilities into continuing education or inservice training requirements for instructional personnel.

The bill does not require a state appropriation. However, school districts may incur costs to provide training in the use of restraint or positive behavior interventions. The Broward and
Volusia County school districts may incur costs related to the installation and maintenance of video surveillance equipment. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

The Individuals with Disabilities Education Act (IDEA) was enacted to ensure that all children with a disability have available to them a free appropriate public education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living; and ensuring that the rights of children with disabilities and parents of such children are protected. Accordingly, Florida law specifies conditions regarding the use of restraint and seclusion on students with a disability.

The Use of Restraint and Seclusion

The Florida Department of Education (DOE) requires that all documenting, reporting, and monitoring requirements related to the use of restraint in schools are based on the definitions issued by the Office for Civil Rights (OCR) within the United States Department of Education.

Restraint

According to the DOE:

- Physical restraint immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely.
- Mechanical restraint is the use of any device or equipment to restrict a student’s freedom of movement. The term does not include devices implemented by trained school personnel or devices used by a student that have been prescribed by an appropriate medical or related service professional and are used for specific and approved purposes for which such devices were designed.

School personnel are prohibited from using a mechanical restraint or a physical or manual restraint that restricts a student’s breathing.

**Seclusion**

The OCR defines seclusion as the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving.\(^7\) Seclusion does not include a time out, which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a non-locked setting, and is implemented for the purpose of calming.\(^8\) School personnel may not close, lock, or physically block a student in a room that is unlit and does not meet the rules of the State Fire Marshall for seclusion time-out rooms.\(^9\)

**School District Responsibilities**

Each school district must develop policies and procedures regarding the use of restraint and seclusion of students with a disability. School district policies and procedures must address:\(^10\)

- Incident-reporting procedures.
- Data collection and monitoring, including when, where, and why students are restrained or secluded.
- Training programs relating to manual or physical restraint and seclusion.
- The district’s plan for reducing the use of restraint and seclusion, particularly in settings in which it occurs frequently or with students who are restrained repeatedly,\(^11\) and for reducing the use of prone restraint and mechanical restraint.

**Confidentiality of Student Records**

With limited exceptions, school districts may not disclose personally identifiable information contained within student records to a third party without parental consent.\(^12\) School districts may disclose personally identifiable information from an education record regarding threats of violence and other issues regarding a student’s well-being without parental consent in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.\(^13\)

School districts may also share student information with juvenile justice and criminal justice agencies if the disclosure concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released.\(^14\) If the juvenile

justice system seeks the disclosure of information on a student in order to identify and intervene with a juvenile at risk of delinquency, rather than to obtain information solely related to supervision of an adjudicated delinquent, the juvenile could be classified as a preadjudicated delinquent, and the records may be shared.  

School Responsibilities

Florida law requires a school to prepare an incident report within 24 hours after a student is released from restraint or seclusion. The incident report must contain:  

- The name, age, grade, ethnicity, and disability of the student restrained or secluded.  
- The date and time of the event and the duration of the restraint or seclusion.  
- A description of the type of restraint.  
- A description of the incident.

Before the end of the school day, a school must provide written notification to the parent or guardian of a student each time restraint or seclusion is used on the student. Reasonable efforts must also be taken to notify the parent or guardian by telephone or e-mail, or both, and these efforts must be documented. The school must obtain and keep in its records the parent’s or guardian’s signed acknowledgement that he or she was notified of his or her child’s restraint or seclusion.  

A school must also provide the parent or guardian with the completed incident report in writing by mail within three school days after a student was manually or physically restrained or secluded.  

Monitoring of the use of restraint and seclusion on students is required at the classroom, building, district, and state levels. The incident report and the notification to the parent or guardian must be provided to the school principal, the school district director of Exceptional Student Education, and the bureau chief of the Bureau of Exceptional Education and Student Services within the DOE electronically each month that school is in session.

Forty-three school districts prohibited seclusion in the 2019-2020 school year. In the 2019-2020 school year, school districts reported 6,300 incidents of restraint and 557 incidents of seclusion.  

Florida Department of Education Responsibilities

The DOE is required to maintain aggregate data of incidents of manual or physical restraint and seclusion by county, school, student exceptionality, and other variables, including the type and method of restraint or seclusion used. This information must be updated monthly. The DOE is

also required to establish standards for documenting, reporting, and monitoring the use of manual or physical restraint or mechanical restraint, and occurrences of seclusion.  

**Commissioner of Education Responsibilities**

The Commissioner of Education is required to develop recommendations to incorporate instruction regarding autism spectrum disorder, Down syndrome, and other developmental disabilities into continuing education or in-service training requirements for personnel. These recommendations must address:  

- Early identification and intervention methods.  
- Curriculum planning and curricular and instructional modifications, adaptations, and specialized strategies and techniques.  
- The use of available state and local resources.  
- The use of positive behavioral supports to deescalate problem behaviors.  
- Appropriate use of manual physical restraint and seclusion techniques.  

**III. Effect of Proposed Changes:**

SB 192 revises the circumstances and procedures required for restraining students with a disability in public schools and prohibits the use of seclusion. The bill also provides enhanced mechanisms for monitoring specified classrooms. Specifically, the bill requires:  

- School districts to:  
  - Adopt positive behavior interventions and supports for students with a disability and identify all school personnel authorized to use the interventions and supports.  
  - Provide training to all school personnel authorized to use positive behavior interventions and supports.  
  - Publish the procedures for training in positive behavior interventions and supports in the district’s special policies and procedures manual.  
- The development of a crisis intervention plan for a student who has been restrained twice during a semester.  
- Schools within the Broward and Volusia school districts, as part of the Video Cameras in Public School Classrooms Pilot Program, to install a video camera, upon the request of a parent, in self-contained classrooms where students with a disability are enrolled and specifies the circumstances under which the video recording may be viewed.  
- The Department of Education (DOE) to collect information relating to the installation and maintenance of video cameras in self-contained classrooms as part of the pilot program.  
- Data maintained by the DOE on the use of restraint to be updated monthly and made available to the public through the DOE’s website by October 1, 2020.  
- The Commissioner of Education to develop recommendations that incorporate instruction regarding emotional or behavioral disabilities into continuing education or inservice training requirements for instructional personnel.

22 Section 1003.573(2)(c)-(d), F.S.  
23 Section 1012.582(1), F.S.
The Use of Restraint and Seclusion

Restraint

The bill modifies s. 1003.573, F.S., to define terms related to restraint and ensure restraint is only used as a last resort to avoid imminent harm. Specifically, the bill defines:

- “Crisis intervention plan” means an individualized action plan for school personnel to implement when a student exhibits dangerous behavior that may lead to imminent risk of serious injury.
- “Imminent risk of serious injury” means the threat posed by dangerous behavior that may cause serious physical harm to self or others.
- “Restraint” to mean the use of a mechanical or physical restraint.
- “Mechanical restraint” to mean the use of a device that restricts a student’s freedom of movement. The term does not include the use devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.
- “Physical restraint” to mean the use of manual restraint techniques that involve significant physical force applied by a teacher or other staff member to restrict the movement of all or part of a student’s body but does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.
- “Positive behavior interventions and supports” means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.
- “Seclusion” means the involuntary confinement of a student in a room or area alone and preventing the student from leaving the room or area. The term does not include time-out used as a behavior management technique intended to calm a student.
- “Student”, as the term relates to the restraint of students with a disability, to mean a child with an individual education plan enrolled in grades kindergarten through 12. The term does not include students in prekindergarten, students who reside in residential care facilities, or students participating in a Department of Juvenile Justice education program.

The bill specifies that restraint may only be used to protect the safety of students, school personnel, or others, and only after all behavioral interventions to prevent the dangerous behavior posing a risk of serious physical harm to the student or others have been exhausted, and the threat of injury posed by the dangerous behavior remains. When restraining a student, a person may only apply the degree of force necessary to protect the student or others from imminent risk of serious injury. Restraint may not:

- Be used to inflict pain, induce compliance, discipline a student, or to correct student noncompliance.
- Involve the use of straightjackets, zip ties, handcuffs, or tie-downs to obstruct or restrict breathing or blood flow.

**Seclusion**

The bill prohibits the use of seclusion of students by school personnel. Seclusion is defined as the involuntary confinement of a student in a room or area alone. The term does not include time-out used as a behavior management technique to calm a student.

This prohibition may encourage school personnel to consider effective and appropriate intervention strategies to address student behavior in the school setting.

**School District Responsibilities**

The bill requires school districts to adopt positive behavior interventions and supports for students with a disability and identify all school personnel authorized to use the interventions and supports. District policies and procedures on positive behavior interventions and supports must be publicly posted at the beginning of each school year, and any revisions must be filed with the bureau chief of the Bureau of Exceptional Education and Student Services within the DOE within 90 days after the revision.

Existing requirements governing policies and procedures for the seclusion and restraint of students with a disability are updated to align with the new definitions relating to restraint and the prohibition of the use of seclusion. The bill authorizes school districts to include in their required plans for achieving goals to reduce the use of restraint an analysis of data to determine trends related to the use of restraint.

**Training**

The bill requires school districts to provide training to all school personnel authorized to use positive behavior interventions and supports and publish the procedures for the training in the district’s special policies and procedures manual. The bill adds the date an individual was last trained in the use of positive behavior interventions and supports to the required components of the incident report that is prepared within 24 hours after a student is released from restraint. Training must be provided annually and include:

- The use of positive behavior interventions and supports.
- Risk assessment procedures to identify when restraint may be used.
- Examples of when positive behavior interventions and support techniques have failed to reduce the imminent risk of serious injury.
- Examples of safe and appropriate restraint techniques and how to use these techniques with multiple staff members working as a team.
- Instruction in the district’s documentation and reporting requirements.
- Procedures to identify and deal with possible medical emergencies arising during the use of restraint.
- Cardiopulmonary resuscitation.

The establishment of school district training protocol on the use of positive behavior interventions and supports may provide school personnel with additional resources and knowledge related to the techniques to deescalate disruptive student behavior.
Crisis Intervention Plan

The bill requires a team comprised of school personnel, applicable physical and behavioral health professionals, and a student’s parent to develop a crisis intervention plan after the second time the student is restrained during a semester. A crisis intervention plan is an individualized action plan for school personnel to implement when a student exhibits dangerous behavior that may lead to imminent risk of serious injury. The bill adds the date the crisis intervention plan was last reviewed, and whether changes were recommended, to the required components to be included in an incident report prepared within 24 hours after a student is released from restraint. The crisis intervention plan must be provided to the student’s parent and include:

- Specific positive behavior interventions and supports to use in response to dangerous behaviors that create a threat of imminent risk of serious injury.
- Known physical and behavioral health concerns that will limit the use of restraint for the student.
- A timetable for the review and, if necessary, revision of the crisis intervention plan.

Video Cameras in Self-Contained Classrooms

Operation of Video Cameras

The bill creates s. 1003.574, F.S., which requires school districts participating in the three-year Video Cameras in Public School Classrooms Pilot Program (Broward and Volusia) to provide a video camera to any school with a self-contained classroom upon the written request of a parent of a student in the classroom. A self-contained classroom is a classroom at a public school in which a majority of the students in regular attendance are provided special education services and are assigned to one or more such classrooms for at least 50 percent of the instructional day. Before the video camera is placed in any classroom, schools must provide written notification of the placement of the video camera to the parents of each student assigned to the self-contained classroom, the school district, and each employee assigned to work with any of the students in the self-contained classroom. The video camera must be operational in each classroom in which the student is in attendance within 30 days after receipt of the parent’s written request. The bill does not apply to self-contained classrooms in which the only students receiving special education services are those who have been deemed gifted.

The video camera must be capable of recording, through both video and audio, all areas of the self-contained classroom and any room attached to that classroom when students are present. Schools are prohibited from:

- Recording a restroom or any area where a student changes his or her clothes.
- Using videos for teacher evaluations or any purpose other than for ensuring the health, safety, and well-being of students receiving special education services in a self-contained classroom.
- Allowing regular or continuous monitoring of the video recording.

Any interruption in the operation of the video camera must be explained in writing to the school principal and the district school board. The explanation must include the duration of the interruption, and the district school board office is required to maintain the written explanation for at least one year.
If the parent withdraws the request or the student no longer attends the classroom, the school must notify the parents of the other students in the classroom at least five school days prior to ceasing operation of the video camera. The school must notify the parents that operation of the video camera will cease unless the continued use of the camera is requested by a parent. The school must also send the notification at least ten school days prior to the end of each school year.

**Maintenance and Disclosure of Video Camera Recordings**

The bill provides measures related to the maintenance and disclosure of recordings generated by video cameras in self-contained classrooms. The school principal is the custodian of video cameras, video recordings, and access to video recordings and must protect the confidentiality of all student records contained in video camera recordings in accordance with Florida laws governing the disclosure of student records. When making video recordings available for viewing, the school principal must conceal the identity of any student who appears in a video camera recording but is not involved in the incident which formed the basis of the request for disclosure.

The school must make a recording available for viewing within seven days after receiving a request from:
- A school or school district employee who is involved in an alleged incident that is documented by the video recording as part of the investigative process.
- A parent of a student who is involved in an alleged incident that is documented by the video recording and has been reported to the school or school district.
- A school or school district employee as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the school or school district.
- A law enforcement officer as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the law enforcement agency.
- The Department of Children and Families (DCF) as part of a child abuse or neglect investigation.

An incident is defined as an event, circumstance, act, or omission that results in the abuse or neglect of a student by an employee of a public school, school district or another student. The person who requested to view the recording must view the recording within 30 days of receiving notice that his or her request for viewing has been granted and report any suspected child abuse to the DCF. The bill specifies that an incidental viewing by a school employee or contractor involved in the installation, operation, or maintenance of video equipment, or the retention of video recordings does not violate limitations on the disclosure of video recordings.

Schools must retain video footage for at least three months after the date the video was recorded or until the conclusion of any investigation or legal proceedings that result from the recording, including the exhaustion of all appeals.

**State Board of Education Appeals**

An individual may appeal to the State Board of Education (SBE) an action by a school or school district which the individual alleges violates requirements related to video cameras in self-
contained classrooms, and the SBE must grant a hearing within 45 days of receiving the request for appeal. The bill specifies that statutory requirements related to video cameras in self-contained classrooms do not:

- Limit the access of the parent of a student, under the Family Educational Rights and Privacy Act (FERPA) or any other law, to a video recording regarding his or her student.
- Waive any immunity from liability of a school district or an employee of a school district.
- Create any liability for a cause of action against a school or school district or an employee of a school or school district carrying out the duties and responsibilities related to video cameras in self-contained classrooms.

The bill provides rulemaking authority to the SBE to implement requirements related to video cameras in classrooms.

**Florida Department of Education Responsibilities**

The bill requires the DOE to collect various information. As part of the pilot program, DOE is required to collect information related to the installation and maintenance of video cameras. The DOE is required to make available to the public through DOE’s website aggregate-level data on incidents of restraint by county, school, student exceptionality, and other variables by October 1, 2020.

The bill replaces the requirement for the DOE to establish standards for documenting, reporting, and monitoring the use of restraint with the requirement to establish standards for documenting, reporting, and monitoring the incident reports related to the use of restraint. This may assist school districts in documenting and reporting incidents related to the use of restraint.

**Commissioner of Education Responsibilities**

The bill requires the Commissioner of Education to develop recommendations that incorporate instruction regarding emotional or behavioral disabilities into continuing education or inservice training requirements for instructional personnel. The bill also modifies the information required to be addressed in such recommendations by requiring the recommendations to address the use of positive behavior interventions and support, and effective classroom behavior management strategies.

Accordingly, the bill may help instructional personnel to be better informed and trained in strategies to teach students with emotional or behavioral disabilities.

(7) DOCUMENTATION AND REPORTING.—
(a) A school shall prepare an incident report within 24 hours after a student is released from restraint or seclusion. If the student’s release occurs on a day before the school closes for the weekend, a holiday, or another reason, the incident report must be completed by the end of the school day.
12 on the day the school reopens.

(b) The following must be included in the incident report:

1. The name of the student restrained or secluded.

2. The age, grade, ethnicity, and disability of the student restrained or secluded.

3. The date and time of the event and the duration of the restraint or seclusion.

4. The location at which the restraint or seclusion occurred.

5. A description of the type of restraint used in terms established by the department of Education.

6. The name of the person using or assisting in the restraint or seclusion of the student and the date the person was last trained in the use of positive behavior interventions and supports.

7. The name of any nonstudent who was present to witness the restraint or seclusion.

8. A description of the incident, including all of the following:

   a. The context in which the restraint or seclusion occurred.

   b. The student’s behavior leading up to and precipitating the decision to use manual or physical restraint or seclusion, including an indication as to why there was an imminent risk of serious injury or death to the student or others.

   c. The specific positive behavior interventions and supports behavioral strategies used to prevent and deescalate the behavior.

   d. What occurred with the student immediately after the
termination of the restraint or seclusion.

e. Any injuries, visible marks, or possible medical emergencies that may have occurred during the restraint or seclusion, documented according to district policies.

f. Evidence of steps taken to notify the student’s parent or guardian.

g. The date the crisis intervention plan was last reviewed and whether changes were recommended.

(c) A school shall notify the parent or guardian of a student each time manual or physical restraint or seclusion is used. Such notification must be in writing and provided before the end of the school day on which the restraint or seclusion occurs. Reasonable efforts must also be taken to notify the parent or guardian by telephone or computer e-mail, or both, and these efforts must be documented. The school shall obtain, and keep in its records, the parent’s or guardian’s signed acknowledgment that he or she was notified of his or her child’s restraint or seclusion.

(d) A school shall also provide the parent or guardian with the completed incident report in writing by mail within 3 school days after a student was manually or physically restrained or secluded. The school shall obtain, and keep in its records, the parent’s or guardian’s signed acknowledgment that he or she received a copy of the incident report.

(2) SECLUSION.—Each school district shall prohibit school personnel from using seclusion.

(8) MONITORING.—

(a) Monitoring of The use of manual or physical restraint or seclusion on students shall be monitored occur at the
classroom, building, district, and state levels.

(b) Any documentation prepared by a school pursuant to as required in subsection (7) (1) shall be provided to the school principal, the district director of Exceptional Student Education, and the bureau chief of the Bureau of Exceptional Education and Student Services electronically each month that the school is in session.

(c) The department shall maintain aggregate data of incidents of manual or physical restraint and seclusion and disaggregate the data for analysis by county, school, student exceptionality, and other variables, including the type and method of restraint or seclusion used. This information shall be updated monthly, de-identified, and made available to the public through the department’s website no later than October 1, 2021.

(d) The department shall establish standards for documenting, reporting, and monitoring the incident reports related to the use of manual or physical restraint or mechanical restraint, and occurrences of seclusion. These standards shall be provided to school districts by October 1, 2021.

(3) RESTRAINT.—

(a) Authorized school personnel may use restraint only when all positive behavior interventions and supports have been exhausted. Restraint may be used only when there is an imminent risk of serious injury and shall be discontinued as soon as the threat posed by the dangerous behavior has dissipated. Techniques or devices such as straightjackets, zip ties, handcuffs, or tie downs may not be used in ways that may obstruct or restrict breathing or blood flow or that place a student in a facedown position with the student’s hands
restrained behind the student’s back. Restraint techniques may not be used to inflict pain to induce compliance.

(b) Notwithstanding the authority provided in s. 1003.32, restraint shall be used only to protect the safety of students, school personnel, or others and may not be used for student discipline or to correct student noncompliance.

(c) The degree of force applied during physical restraint must be only that degree of force necessary to protect the student or others from imminent risk of serious injury.

(4) SCHOOL DISTRICT POLICIES AND PROCEDURES.—
(a) Each school district shall adopt approved behavioral interventions and restraint training, pursuant to State Board of Education rules, and identify all school personnel authorized to use the interventions. Each school district shall develop policies and procedures that are consistent with this section and that govern the following:

1. Incident-reporting procedures.
2. Data collection and monitoring, including when, where, and why students are restrained or secluded, the frequency of occurrences of such restraint or seclusion, and the prone or mechanical restraint that is most used.
3. Monitoring and reporting of data collected.
4. Training programs and procedures relating to manual or physical restraint as described in subsection (3) and seclusion.
5. The district’s plan for selecting personnel to be trained pursuant to this subsection.
6. The district’s plan for reducing the use of restraint, and seclusion particularly in settings in which it occurs frequently or with students who are restrained repeatedly, and
for reducing the use of prone restraint and mechanical restraint. The plan must include a goal for reducing the use of restraint and seclusion and must include activities, skills, and resources needed to achieve that goal. Activities may include, but are not limited to:

a. Additional training in positive behavior interventions and supports, behavioral support and crisis management;

b. Parental involvement;

c. Data review;

d. Updates of students’ functional behavioral analysis and positive behavior intervention plans;

e. Additional student evaluations;

f. Debriefing with staff;

g. Use of schoolwide positive behavior support and changes to the school environment.

h. Analysis of data to determine trends.

i. Ongoing reduction of the use of restraint.

(b) Any revisions a school district makes to its policies and procedures pursuant to this section, which must be prepared as part of its special policies and procedures, must be filed with the bureau chief of the Bureau of Exceptional Education and Student Services within 90 days after the revision no later than January 31, 2012.

(c) At the beginning of each school year, each school district shall publicly post its policies and procedures on positive behavior interventions and supports as adopted by the school district.

(5) TRAINING.—Each school district shall provide training to all school personnel authorized to use positive behavior
interventions and supports pursuant to school district policy. Training shall be provided annually and must include:

(a) The use of positive behavior interventions and supports.
(b) Risk assessment procedures to identify when restraint may be used.
(c) Examples of when positive behavior interventions and support techniques have failed to reduce the imminent risk of serious injury.
(d) Examples of safe and appropriate restraint techniques and how to use these techniques with multiple staff members working as a team.
(e) Instruction in the district’s documentation and reporting requirements.
(f) Procedures to identify and deal with possible medical emergencies arising during the use of restraint.
(g) Cardiopulmonary resuscitation.

Each school district shall publish the procedures for the training required under this subsection in the district’s special policies and procedures manual.

(6) CRISIS INTERVENTION PLAN.—
(a) Upon the second time a student is restrained during a semester, the school shall develop a crisis intervention plan for the student. The crisis intervention plan shall be developed by a team comprised of the student’s parent, school personnel, and applicable physical and behavioral health professionals.
(b) The crisis intervention plan must include:
1. Specific positive behavior interventions and supports to
use in response to dangerous behaviors that create a threat of imminent risk of serious injury.

2. Known physical and behavioral health concerns that will limit the use of restraint for the student.

3. A timetable for the review and, if necessary, revision of the crisis intervention plan.

(c) The school must provide a copy of the crisis intervention plan to the student’s parent

(4) PROHIBITED RESTRAINT. School personnel may not use a mechanical restraint or a manual or physical restraint that restricts a student’s breathing.

(5) SECLUSION. School personnel may not close, lock, or physically block a student in a room that is unlit and does not meet the rules of the State Fire Marshal for seclusion time-out rooms.

Section 2. Section 1003.574, Florida Statutes, is created to read:

1003.574 Video cameras in public school classrooms; pilot program.—Beginning with the 2021-2022 school year, the Video Cameras in Public School Classrooms Pilot Program is created for a period of 3 school years.

(1) As used in this section, the term:

(a) “Incident” means an event, a circumstance, an act, or an omission that results in the abuse or neglect of a student by:

1. An employee of a public school or school district; or

2. Another student.

(b) “School district” means the Broward County Public Schools.

An act relating to students with disabilities in public schools; amending s. 1003.573, F.S.; defining terms; requiring school districts to prohibit the use of seclusion on students with disabilities in public schools; requiring the Department of Education to make certain information available to the public by a specified date; providing requirements for the use of restraint; prohibiting specified restraint techniques; revising school district policies and procedures relating to restraint; requiring school districts to adopt positive behavior interventions and supports and certain policies and procedures; requiring each school district to publicly post specified policies and procedures; requiring school districts to provide training on certain interventions and supports to specified personnel; providing requirements for such training; requiring each school district to publish training procedures in its special policies and procedures manual; requiring schools to develop a crisis intervention plan for certain students; providing requirements for such plans; revising the requirements for documenting, reporting, and monitoring the use of restraint; conforming provisions to changes made by the act; creating s. 1003.574, F.S.; creating the Video Cameras in Public School Classrooms Pilot Program; defining terms; requiring a video camera to be placed in specified classrooms upon the request of a parent; requiring video cameras to be operational within a specified time period; providing requirements for the discontinuation of such video cameras; providing requirements for such video cameras; providing an exception; requiring a written explanation if the operation of such cameras is interrupted; requiring district school boards to maintain such explanation for a specified time; requiring schools to provide written notice of the placement of a video camera to certain individuals; providing requirements for retaining and deleting video recordings; prohibiting specified uses of such video cameras and recordings; providing that school principals are the custodians of such video cameras and recordings; providing requirements for school principals and video recordings; providing requirements relating to student privacy; providing requirements for the viewing of such video recordings; providing for an appeal process for actions of a school or school district; providing that incidental viewings of video recordings by specified individuals are not a violation of certain provisions; providing construction; requiring the Department of Education to collect specified information; authorizing the State Board of Education to adopt rules; amending s. 1012.582, F.S.; requiring continuing education and inservice training for instructional personnel teaching students with emotional or behavioral disabilities; conforming provisions to changes made by the act; providing an effective date.
Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1003.573, Florida Statutes, is amended to read:

1003.573 Seclusion and restraint of students with disabilities in public schools.—

1. “Crisis intervention plan” means an individualized action plan for school personnel to implement when a student exhibits dangerous behavior that may lead to imminent risk of serious injury.

2. “Imminent risk of serious injury” means the threat posed by dangerous behavior that may cause serious physical harm to self or others.

3. “Positive behavior interventions and supports” means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.

4. “Restraint” means the use of a mechanical or physical restraint:
   1. “Mechanical restraint” means the use of a device that restricts a student’s freedom of movement. The term does not include the use of devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.
   2. “Physical restraint” means the use of manual restraint techniques that involve significant physical force applied by a teacher or other staff member to restrict the movement of all or part of a student’s body. The term does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.

5. “Seclusion” means the involuntary confinement of a student in a room or area alone and preventing the student from leaving the room or area. The term does not include time-out used as a behavior management technique intended to calm a student.

6. “Student” means a child with an individual education plan enrolled in kindergarten through grade 12 in a school, as defined in s. 1003.01(2), or the Florida School for the Deaf and Blind. The term does not include students in prekindergarten, students who reside in residential care facilities under s. 1003.58, or students participating in a Department of Juvenile Justice education program under s. 1003.53.

7. “Imminent risk of serious injury” means the threat posed by dangerous behavior that may cause serious physical harm to self or others.

8. “Positive behavior interventions and supports” means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.

9. “Restraint” means the use of a mechanical or physical restraint:
   1. “Mechanical restraint” means the use of a device that restricts a student’s freedom of movement. The term does not include the use of devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.
   2. “Physical restraint” means the use of manual restraint techniques that involve significant physical force applied by a teacher or other staff member to restrict the movement of all or part of a student’s body. The term does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.

10. “Seclusion” means the involuntary confinement of a student in a room or area alone and preventing the student from leaving the room or area. The term does not include time-out used as a behavior management technique intended to calm a student.

11. “Student” means a child with an individual education plan enrolled in kindergarten through grade 12 in a school, as defined in s. 1003.01(2), or the Florida School for the Deaf and Blind. The term does not include students in prekindergarten, students who reside in residential care facilities under s. 1003.58, or students participating in a Department of Juvenile Justice education program under s. 1003.53.

12. “Imminent risk of serious injury” means the threat posed by dangerous behavior that may cause serious physical harm to self or others.

13. “Positive behavior interventions and supports” means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.

14. “Restraint” means the use of a mechanical or physical restraint:
   1. “Mechanical restraint” means the use of a device that restricts a student’s freedom of movement. The term does not include the use of devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.
   2. “Physical restraint” means the use of manual restraint techniques that involve significant physical force applied by a teacher or other staff member to restrict the movement of all or part of a student’s body. The term does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.

15. “Seclusion” means the involuntary confinement of a student in a room or area alone and preventing the student from leaving the room or area. The term does not include time-out used as a behavior management technique intended to calm a student.

16. “Student” means a child with an individual education plan enrolled in kindergarten through grade 12 in a school, as defined in s. 1003.01(2), or the Florida School for the Deaf and Blind. The term does not include students in prekindergarten, students who reside in residential care facilities under s. 1003.58, or students participating in a Department of Juvenile Justice education program under s. 1003.53.

17. “Imminent risk of serious injury” means the threat posed by dangerous behavior that may cause serious physical harm to self or others.

18. “Positive behavior interventions and supports” means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.

19. “Restraint” means the use of a mechanical or physical restraint:
   1. “Mechanical restraint” means the use of a device that restricts a student’s freedom of movement. The term does not include the use of devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.
   2. “Physical restraint” means the use of manual restraint techniques that involve significant physical force applied by a teacher or other staff member to restrict the movement of all or part of a student’s body. The term does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.

Section 2. Section 1003.574, Florida Statutes, is created to read:

1003.574 Video cameras in public school classrooms; pilot program.—Beginning with the 2021-2022 school year, the Video Cameras in Public School Classrooms Pilot Program is created for a period of 3 school years.

(1) As used in this section, the term:
(a) “Incident” means an event, a circumstance, an act, or an omission that results in the abuse or neglect of a student by:
1. An employee of a public school or school district; or
2. Another student.
(b) “School district” means the Broward County Public Schools and the Volusia County Schools.
(c) “Self-contained classroom” means a classroom at a public school in which a majority of the students in regular attendance are provided special education services and are assigned to one or more such classrooms for at least 50 percent of the instructional day.

(2)(a) A school district shall provide a video camera to any school with a self-contained classroom upon the written request of a parent of a student in the classroom.

(b) Within 30 days after receipt of the request from a parent, a video camera shall be operational in each self-contained classroom in which the parent’s student is in regular attendance for the remainder of the school year, unless the parent withdraws his or her request in writing.

(3) If the student who is the subject of the initial request is no longer in attendance in the classroom and a school discontinues operation of a video camera during a school year, no later than the fifth school day before the date the operation of the video camera is discontinued, the school must notify the parents of each student in regular attendance in the classroom that operation of the video camera will cease unless the continued use of the camera is requested by a parent. No later than the 10th school day before the end of each school year, the school must notify the parents of each student in regular attendance in the classroom that operation of the video camera will not continue during the following school year unless a written request is submitted by a parent for the next school year.

(4)(a) A video camera placed in a self-contained classroom must be capable of all of the following:
1. Monitoring all areas of the self-contained classroom, including, without limitation, any room attached to the self-contained classroom which is used for other purposes.
2. Recording audio from all areas of the self-contained classroom, including, without limitation, any room attached to the self-contained classroom which is used for other purposes.

(b) A video camera placed in a self-contained classroom may not monitor a restroom or any other area in the self-contained classroom where a student changes his or her clothes, except for the entryway, exitway, or hallway outside a restroom or other area where a student changes his or her clothes because of the layout of the self-contained classroom.
(c) A video camera placed in a self-contained classroom is not required to be in operation when students are not present in the self-contained classroom.

(d) If there is an interruption in the operation of the video camera for any reason, an explanation must be submitted in writing to the school principal and the district school board which explains the reason for and duration of the interruption.

The written explanation must be maintained at the district school board office for at least 1 year.

(5) Before a school initially places a video camera in a self-contained classroom pursuant to this section, the school shall provide written notice of the placement of such video camera to all of the following:

(a) The parent of each student who is assigned to the self-contained classroom.

(b) Each student who is assigned to the self-contained classroom.

(c) The school district.

(d) Each school employee who is assigned to work with one or more students in the self-contained classroom.

(6) A school shall:

(a) Retain video recorded from a video camera placed pursuant to this section for at least 3 months after the date the video was recorded, after which the recording shall be deleted or otherwise made irretrievable; or

(b) Retain the recording until the conclusion of any investigation or any administrative or legal proceedings that result from the recording have been completed, including, without limitation, the exhaustion of all appeals.

(7) A school or school district may not:

(a) Allow regular, continuous, or continual monitoring of videos recorded under this section; or

(b) Use videos recorded under this section for teacher evaluations or any purpose other than for ensuring the health, safety, and well-being of students receiving special education services in a self-contained classroom.

(8) The principal of the school is the custodian of a video camera operated pursuant to this section, all recordings generated by that video camera, and access to such recordings.

(a) The release or viewing of any video recording under this section must comply with s. 1002.22.

(b) A school or school district shall:

1. Conceal the identity of any student who appears in a video recording, but is not involved in the alleged incident documented by the video recording, which the school allows to be viewed under subsection (9), including, without limitation, blurring the face of the uninvolved student.

2. Protect the confidentiality of all student records contained in a video recording in accordance with s. 1002.22.

(9)(a) Within 7 days after receiving a request to view a video recording, a school or school district shall allow the following individuals to view a video recording made under this section:

1. A school or school district employee who is involved in an alleged incident that is documented by the video recording as part of the investigative process;

2. A parent of a student who is involved in an alleged incident that is documented by the video recording and has been
reported to the school or school district;

3. A school or school district employee as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the school or school district;

4. A law enforcement officer as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the law enforcement agency;

5. The Department of Children and Families as part of a child abuse or neglect investigation.

(b) A person who requests to view a recording shall make himself or herself available for viewing the recording within 30 days after being notified by the school or school district that the person’s request has been granted.

(c) A person who views the recording and suspects that child abuse has occurred must report the suspected child abuse to the Department of Children and Families.

(10)(a) Any individual may appeal to the State Board of Education regarding an action by a school or school district which the individual alleges to be in violation of this section.

(b) The state board shall grant a hearing on an appeal under this subsection within 45 days after receiving the appeal.

(11) A school or school district does not violate subsection (8) if a contractor or other employee of the school or school district incidentally views a video recording made under this section in connection with the performance of his or her duties related to either of the following:

(a) The installation, operation, or maintenance of video equipment; or

(b) The retention of video recordings.

(12) This section does not:

(a) Limit the access of the parent of a student, under the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. s. 1232g, or any other law, to a video recording regarding his or her student.

(b) Waive any immunity from liability of a school district or an employee of a school district.

(c) Create any liability for a cause of action against a school or school district or an employee of a school or school district carrying out the duties and responsibilities required by this section.

(d) Apply to self-contained classrooms in which the only students receiving special education services are those who have been deemed gifted.

(13) The department shall collect information relating to the installation and maintenance of video cameras under this section.

(14) The State Board of Education may adopt rules to implement this section.

Section 3. Section 1012.582, Florida Statutes, is amended to read:

1012.582 Continuation education and inservice training for teaching students with developmental and emotional or behavioral disabilities.—

(1) The Commissioner of Education shall develop recommendations to incorporate instruction regarding autism spectrum disorder, Down syndrome, and other developmental disabilities.
disabilities, and emotional or behavioral disabilities into
continuing education or inservice training requirements for
instructional personnel. These recommendations shall address:
(a) Early identification of, and intervention for, students
who have autism spectrum disorder, Down syndrome, or other
developmental disabilities, or emotional or behavioral
disabilities.
(b) Curriculum planning and curricular and instructional
modifications, adaptations, and specialized strategies and
techniques.
(c) The use of available state and local resources.
(d) The use of positive behavior interventions and
behavioral supports to deescalate problem behaviors.
(e) The appropriate use of manual physical restraint and
seclusion techniques, positive behavior interventions and
supports, and effective classroom behavior management
strategies.
(2) In developing the recommendations, the commissioner
shall consult with the State Surgeon General, the Director of
the Agency for Persons with Disabilities, representatives from
the education community in the state, and representatives from
entities that promote awareness about autism spectrum disorder,
Down syndrome, and other developmental disabilities, and
emotional or behavioral disabilities and provide programs and
services to persons with developmental disabilities, including,
but not limited to, regional autism centers pursuant to s.
1004.55.
(3) Beginning with the 2010-2011 school year, the
Department of Education shall incorporate the course curricula
recommended by the Commissioner of Education, pursuant to
subsection (1), into existing requirements for the continuing
education or inservice training of instructional personnel. The
requirements of this section may not add to the total hours
required for continuing education or inservice training as
currently established by the department.
(4) The State Board of Education may adopt rules pursuant
to ss. 120.536(1) and 120.54 to implement this section.
Section 4. This act shall take effect July 1, 2021.
I. Summary:

CS/SB 582 establishes the “Parents’ Bill of Rights.” The bill provides that the state, its political subdivisions, any other governmental entity, or other institution may not infringe upon the fundamental rights of a parent to direct the upbringing, education, health care, and mental health of a minor child. If those entities infringe upon a parent’s fundamental right, they must demonstrate that the action is reasonable and necessary to achieve a compelling state interest, and the action must be narrowly tailored and not otherwise served by less restrictive means.

The bill enumerates a list of rights that a parent possesses in order to direct the education of his or her child and be informed about the child’s educational programs. The bill also requires the school district to promote parental involvement in the public school system by providing access to the child’s studies and instructional materials while also recognizing a parent’s right to withdraw the child from objectionable portions of the school’s curriculum.

The bill also requires a parent’s permission before a health care practitioner may provide services, prescribe medicine to the child, or perform a medical procedure, unless otherwise provided by law. The bill provides a misdemeanor penalty for a health care practitioner or similar person who violates the health care provisions and subjects these persons to disciplinary actions.

The bill takes effect July 1, 2021.
II. Present Situation:

Constitutional Rights of Parents

Parental Guarantees in the United States Constitution

The Fourteenth Amendment to the U.S. Constitution provides that no State shall:

[D]eprive any person of life, liberty, or property, without due process of law.

The U.S. Supreme Court has recognized that the Due Process Clause guarantees more than simply fair process. The Due Process Clause contains an additional component that provides a heightened level of protection against any government interference when certain fundamental rights and liberty interests are involved. In *Troxel v. Granville*, a case to determine the scope of grandparent visitation rights when pitted against a parent’s rights, the Court noted that the Fourteenth Amendment “liberty interest” at issue – the interest that parents had in the care, custody, and control over their children – was perhaps the oldest of any fundamental liberty interest that the Court had recognized.

The Court reflected back to a 1923 decision, when it determined that the “liberty” interest protected by the Due Process Clause included the right of parents to “establish a home and bring up children” and “to control the education of their own.”

The Court also noted as early as 1925 that a child was not simply the creature of the State and that the people who nurture the child and direct the child’s destiny have the right, and the high duty, to recognize and prepare the child for additional obligations. In 1944, the Court confirmed the right of parents to direct the upbringing of their children when it stated:

It is cardinal with us that the custody, care and nurture of the child reside first in the parents, whose primary function and freedom include preparation for obligations the state can neither supply nor hinder.

Finally, in recounting the history of parental authority in 1979, the Court stated, “We have recognized on numerous occasions that the relationship between parent and child is constitutionally protected.”

Parental Guarantees in the State Constitution

Similarly, the Florida Supreme Court has determined that the fundamental liberty interest in parenting one’s child “is protected by both the Florida and federal constitutions. In Florida, it is specifically protected by our privacy provision.” The Court also noted that the state

constitutional privacy provision contained in article I, section 23 affords greater protection than that of the federal constitution.

The Court wrote in *Winfield v. Division of Pari-Mutuel Wagering*\(^7\) that the standard of review that must be used to evaluate whether a state has intruded into a citizen’s private life is the “compelling state interest standard.” Under that test, the burden of proof is on the state to justify its intrusion on privacy. The burden can be met by the state if it demonstrates that the regulation being challenged serves a compelling state interest and the regulation accomplishes its goal by using the least intrusive means.\(^8\)

**Statutory Rights of Parents of Students**

**Mandatory Attendance**

All children who turn 6 years by February 1 of any school year and have not attained the age of 16 years are required to attend school regularly during the entire school term.\(^9\) Parents have the option to comply with school attendance laws by enrolling the student in a public school; a parochial, religious, or denominational school; a private school; a home education program; or a private tutoring program.\(^10\) The district school superintendent may authorize certificates of exemptions from school attendance requirements in certain situations.\(^11\) A student who holds a valid certificate of exemption is exempt from attending school although the certificate expires at the end of the school year.\(^12\)

**School District Obligations**

A parent of a K-12 public school student is afforded many statutory rights.\(^13\) Each school district is required to:

- Provide a parent with specific information about his or her child’s educational progress, comprehensive information about opportunities for involvement in the child’s education, and a framework for building and strengthening partnerships among parents and school district personnel.\(^14\)
- Afford a parent the opportunity to enroll his or her child in instruction for exceptional students or challenge a district school board’s determination of the child’s eligibility for a gifted or special education program.\(^15\)
- Establish a policy enabling a parent to object to and contest specific instructional materials.\(^16\)
- Notify a parent and obtain his or her consent before a public school student may be referred to or offered contraceptive services at school facilities or travel in a privately owned motor vehicle to a school function.\(^17\)

Parents' Rights to Exempt Their Child from Activities

No educational agency or institution may collect, obtain, or retain information on the political affiliation, voting history, religious affiliation, or biometric information of a student, parent, or sibling of the student. In addition, a parent has the right to exempt his or her child from:

- A health examination on religious grounds.
- School immunization requirements on religious or certain health grounds.
- Performing surgery or dissection in a biological science class.
- Receiving instruction on reproductive health or any disease, including HIV/AIDS.
- Reciting the pledge of allegiance.
- Reciting the Declaration of Independence.

Access to Records and Information

The rights of students and their parents with respect to education records created, maintained, or used by public educational institutions and agencies are protected under federal law. Specifically, a parent of a K-12 student has the right to:

- Receive accurate and timely information regarding the student’s academic progress and must be informed of ways a parent can help a student succeed in school.
- Access the student’s education records, including the right to inspect and review those records.
- Challenge the content of education records in order to ensure that the records are not inaccurate, misleading, or otherwise a violation of privacy or other rights.
- Privacy with respect to the student’s records and reports.
- Receive annual notice of the parent’s rights with respect to education records.
- Receive report cards on a regular basis that clearly depict and grade the student’s academic performance in each class or course, the student’s conduct, and the student’s attendance.
- Receive reports at regular intervals of the academic progress and other needed information regarding the student.
- Receive timely notification of any verified report of a substance abuse violation by the student.

Section 1002.221, F.S., incorporates FERPA into Florida law. FERPA only applies to records created for an educational purpose and maintained by an educational agency. The FERPA authorizes an education agency to disclose records without parental consent to juvenile justice and criminal justice agencies if the disclosure concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released. 34 C.F.R. s. 99.38.

\textit{Parental Consent for Health Care}

Any medical decision made to address a student’s needs is a matter between the student, the student’s parent, and a competent health care professional chosen by the parent.\textsuperscript{33} The right to consent to medical treatment for a child resides with a parent who has the legal responsibility to maintain and support the child.\textsuperscript{34} District school boards may adopt policies to ensure an appropriate response in emergency situations and the provision of first aid and emergency medical care.\textsuperscript{35}

When parental consent cannot be obtained, a licensed physician or osteopathic physician may render emergency medical care or treatment to an injured minor or a minor who is suffering from an acute illness, disease or condition if delay would endanger the minor’s health or physical well-being. This provision only applies when parental consent cannot be obtained because:

• The minor’s condition has rendered him or her unable to identify his or her parents, guardian, or legal custodian and the information is not known to the person accompanying the minor to the hospital; or

• The parents, guardian, or legal custodian cannot be immediately located by telephone at their residence or business.

The hospital must notify the parent or legal guardian as soon as possible after the emergency medical care or treatment is rendered. The hospital records must contain the reason why the consent was not initially obtained and must contain a statement by the attending physician that the emergency care was necessary for the minor’s health or physical well-being.\textsuperscript{36}

The statutes provide a list of people, in order of priority, who may consent to the medical care or treatment of a minor when, after a reasonable attempt, a person with the authority to give consent cannot be contacted by a medical provider and notice to the contrary has not been given to the provider. In order of priority those people are:

• A health care surrogate.

• The stepparent.

• The grandparent of the minor.

\textbf{III. Effect of Proposed Changes:}

\textbf{Sections 1 and 2 – The Parents’ Bill of Rights}

The bill creates a new chapter in the Florida Statutes, chapter 1014, which is entitled “Parents’ Bill of Rights” and contains sections 1014.01 – 1014.06, F.S.

\textbf{Section 3 – Legislative Findings and Definition of “Parent”}

Section 3 contains the legislative findings and a definition. In these provisions, the Legislature finds that:
• It is a fundamental right of parents to direct the upbringing, education, and care of their minor children;
• Important information relating to a minor child should not be withheld, either inadvertently or purposefully, from a parent, including information regarding the minor child’s health, well-being, and education, while the child is in the custody of the school district; and
• It is necessary to establish a consistent mechanism for parents to be notified of information relating to the health and well-being of their minor children.

A parent is defined to be a person who has legal custody of a minor child as a natural or adoptive parent or a legal guardian.

\textbf{Section 4 – Prohibiting Actions that Infringe on Parental Rights}

The bill provides that the following entities may not infringe on the fundamental rights of a parent to direct the upbringing, education, health care, and mental health of a parent’s minor child:
• The state;
• State political subdivisions;
• Any other governmental entity; or
• Any other institution.

If any of these entities infringes on a parent’s fundamental right, it must demonstrate that the action is reasonable and necessary to achieve a compelling state interest and the action is narrowly tailored and is not otherwise served by a less restrictive means. This “compelling interest” standard is the highest standard of review and is discussed above in the Present Situation under “Parental Guarantees in the State Constitution.”

\textsuperscript{37} Section 743.0645, F.S. This section does not apply to a minor who has been committed to the Department of Children and Families or the Department of Juvenile Justice.

Section 5 – Parental Rights

Rights Reserved to the Parent of a Minor Child

This section establishes that all parental rights are reserved to the parent of a minor child “without obstruction or interference” by any of the above-referenced governmental entities. Those rights include, but are not limited to the right of a parent to:

- Direct the education and care of the minor child.
- Direct the upbringing and the moral or religious training of the minor child.
- Apply to enroll the minor child in a public school or, as an alternative to public education, a private school, religious school, a home education program, or other available option as authorized by law.
- Access and review all school records relating to the minor child.
- Make health care decisions for the minor child, unless otherwise prohibited by law.
- Access and review all medical records of the minor child, unless prohibited by law or if the parent is the subject of an investigation of a crime committed against the minor child and a law enforcement agency or official requests that the information not be released.
- Consent in writing before a biometric scan of the minor child is made, shared, or stored.
- Consent in writing before any record of the minor child’s blood or deoxyribonucleic acid (DNA) is created, stored, or shared, except as required by general law or authorized pursuant to a court order.
- Consent in writing before the state or any of its political subdivisions makes a video or voice recording of the minor child unless the recording is made during or as part of a court proceeding, or is made as part of a forensic interview in a criminal or Department of Children and Families investigation, or is to be used solely for the following purposes:
  - A safety demonstration, including the maintenance of order and discipline in the common areas of a school or on student transportation vehicles;
  - A purpose related to a legitimate academic or extracurricular activity;
  - A purpose related to regular classroom instruction;
  - Security or surveillance of buildings or grounds; or
  - A photo identification card.
- Be notified promptly if an employee of the state, any of its political subdivisions, any other governmental entity, or any other institution suspects that a criminal offense has been committed against his or her minor child, unless the incident has first been reported to a law enforcement agency or the Department of Children and Families and notifying the parent would impede the investigation.
- Consent in writing before his or her minor child’s grades are released to a law enforcement officer of law enforcement agency by an agency or institution as defined in s. 1002.22, F.S., unless the release is authorized by s. 1002.221, F.S., and in accordance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. s. 1232g.

The bill clarifies that the rights expressed in this section do not:

- Authorize a parent of a minor child to engage in conduct that is unlawful or to abuse or neglect his or her minor child in violation of general law;
- Condone, authorize, approve, or apply to a parental action or decision that would end life;
• Prohibit a court of competent jurisdiction, law enforcement officer, or employee of a government agency that is responsible for child welfare from acting in his or her official capacity within the reasonable and prudent scope of his or her authority; or
• Prohibit a court of competent jurisdiction from issuing an order that is otherwise permitted by law.

**Discipline**

Any employee of any of the above-referenced entities who encourages or coerces, or attempts to encourage or coerce a minor child to withhold information from his or her parent may be subject to disciplinary action.

**Inalienable Rights**

The final subsection states that a parent of a minor child has inalienable rights that are more comprehensive than those enumerated in this section, unless those rights have been legally waived or terminated. The bill also provides that the chapter does not prescribe all of a parent’s rights and unless required by law, a parent’s rights may not be limited or denied. Additionally, the chapter may not be construed to apply to a parental action or decision that would end life.

**Section 6 – School District Notifications on Parental Rights**

The bill requires each school board, in consultation with parents, teachers, and administrators, to develop and then adopt a policy that promotes parental involvement in the public school system. The policy must include:

• A plan, pursuant to s. 1002.23, F.S., for parental participation to improve parent and teacher cooperation in areas such as homework, school attendance, and discipline.
• A program, pursuant to s. 1002.20(19)(b), F.S., for a parent to learn about the minor child’s course of study, including the source of any supplemental education materials.
• Procedures for a parent to object to instructional materials and other materials used in the classroom. The objections may be based on beliefs regarding morality, sex, or religion or the belief that the materials or activities are harmful. Instructional materials are defined in s. 1006.28(2), F.S., and may include other materials used in the classroom, but are not limited to, textbooks, workbooks and worksheets, handouts, software, applications, and any digital media available to students.
• Procedures, pursuant to s. 1002.20(3)(d), F.S. for a parent to withdraw the minor child from any portion of the school district’s plan as required under s. 1003.42(2)(n), F.S., which relates to sex education or instruction in acquired immune deficiency syndrome education or any instruction regarding sexuality if the parent provides a written objection to the child’s participation. The procedures must provide for a parent to be notified in advance of the course content so that he or she may withdraw the child from those portions of the course.

---

39 “Instructional materials” means items having intellectual content that by design serve as a major tool for assisting in the instruction of a subject or course. These items may be available in bound, unbound, kit, or package form and may consist of hardbacked or softbacked textbooks, electronic content, consumables, learning laboratories, manipulatives, electronic media, and computer courseware or software. A publisher or manufacturer providing instructional materials as a single bundle shall also make the instructional materials available as separate and unbundled items, each priced individually. A publisher may also offer sections of state-adopted instructional materials in digital or electronic versions at reduced rates to districts, schools, and teachers. Section 1006.29(2), F.S.
- Procedures, pursuant to s. 1006.195(1)(a), F.S., for a parent to learn about the nature and purpose of clubs and activities at the child’s school, including those that are extracurricular or part of the school curriculum.

- Procedures for a parent to learn about parental rights and responsibilities under general law, including all of the following:
  - The right to opt the minor child out of any portion of the school district’s comprehensive health education required by statute that relates to sex education instruction in acquired immune deficiency syndrome education or any instruction regarding sexuality.
  - A plan to disseminate information about school choice options, including open enrollment.
  - The right of a parent to exempt the minor child from immunizations.
  - The right of a parent to review statewide, standardized assessment results.
  - The right to enroll the minor child in gifted or special education programs.
  - The right of a parent to inspect school district instructional materials.
  - The right to of a parent to access information relating to the school district’s policies for promotion or retention, including high school graduation requirements.
  - The right of a parent to receive a school report card and be informed of the child’s attendance requirements.
  - The right of a parent to access information relating to the state public education system, state standards, report card requirements, attendance requirements, and instructional materials requirements.
  - The right of a parent to participate in parent-teacher association and organizations sanctioned by a district school board or the Department of Education.
  - The right of a parent to opt out of any district-level data collection relating to the minor child that is not required by law.

The information required in this section may be provided by the district school board electronically or posted on its website.

A parent may request, in writing, from the district school superintendent, the information required under this section. The superintendent must provide the information to the parent within 10 days. If the superintendent denies a parent’s request for information or does not respond to the parent’s request within 10 days, the parent may appeal the denial to the district school board. The parent’s appeal must be placed on the agenda for the board’s next public meeting. If it is too late for a parent’s appeal to be placed on the agenda at the next meeting, it must be included on the agenda for the following meeting.

Section 7 – Parental Consent for Health Care Services

Unless the law provides otherwise a health care practitioner, as defined in s. 456.001, F.S., or someone employed by a health care practitioner, may not provide, solicit, or arrange to provide health care services or prescribe medicine to the minor child without first obtaining written consent from the parent.
A provider,\textsuperscript{40} as defined in s. 408.803, F.S., may not allow a medical procedure to be performed on a minor child in its facility without first obtaining written consent from the parent.

This section does not apply to services provided by a clinical laboratory unless the services are delivered through a direct encounter with the minor at the clinical laboratory facility.

\textit{Exception}

The provisions of this section which addresses parental consent for health care services do not apply to abortion, which is governed by chapter 390.

\textit{Penalties}

A health care practitioner or other person who violates this section is subject to disciplinary action pursuant to s. 408.813 or s. 456.072, F.S., sections 8 and 9 of the bill, and commits a first degree misdemeanor which is punishable by up to 1 year imprisonment and a fine not to exceed $1,000.\textsuperscript{41}

\textbf{Section 8 – Administrative Fines and Violations}

The Agency for Health Care Administration may impose an administrative fine for a violation of the provisions regarding the parental consent for health care services. The violation is an unclassified violation and the fine may not exceed $500 for each violation.

\textbf{Section 9 – Grounds for Discipline}

The Department of Health may take disciplinary action against someone who fails to comply with the parental consent requirements for health care services. The disciplinary actions range from refusing to certify a license or certify the license with restrictions, suspending or permanently revoking a license, restricting a license, imposing an administrative fine not to exceed $10,000 for each offense, issuing a reprimand or letter of concern, placing the licensee on probation, taking corrective action, imposing an administrative fine for violations of patient rights, requiring the refund of fees billed and collected, and requiring that the practitioner to undergo remedial education.\textsuperscript{42}

Be It Enacted by the Legislature of the State of Florida:

Section 1. Chapter 1014, Florida Statutes, consisting of ss. 1014.01-1014.06, is created and shall be entitled "Parents' Bill of Rights."

Section 2. Section 1014.01, Florida Statutes, is created to read:
The Legislature finds that it is a fundamental right of a parent to oversee the upbringing, education, health care, and mental health of his or her minor child without demonstrating that such action is reasonable and necessary to achieve a compelling state interest and that such action is narrowly tailored and is not otherwise served by a less restrictive means.

Section 4. Section 1014.03, Florida Statutes, is created to read:

1014.03 Infringement of parental rights.—The state, any of its political subdivisions, any other governmental entity, or any other institution may not infringe on the fundamental right of a parent to oversee the upbringing, education, health care, and mental health of his or her minor child without demonstrating that such action is reasonable and necessary to achieve a compelling state interest and that such action is narrowly tailored and is not otherwise served by a less restrictive means.

The Legislature further finds that it is necessary to establish a consistent mechanism for parents to be notified of information relating to the health and well-being of their minor children.

(2) For purposes of this chapter, the term "parent" means a person who has legal custody of a minor child as a natural or adoptive parent or a legal guardian.

Section 5. Section 1014.04, Florida Statutes, is created to read:

1014.04 Parental rights.—

(a) The right to direct the education and care of his or her minor child.

(h) The right to consent in writing before any record of
his or her minor child’s blood or deoxyribonucleic acid (DNA) is
created, stored, or shared, except as required by general law or
authorized pursuant to a court order.

(i) The right to consent in writing before the state or any
of its political subdivisions makes a video or voice recording
of his or her minor child, unless such recording is made during
or as part of a court proceeding or is made as part of a
forensic interview in a criminal or Department of Children and
Families investigation or is to be used solely for the following
purposes:

1. A safety demonstration, including the maintenance of
order and discipline in the common areas of a school or on
student transportation vehicles;

2. A purpose related to a legitimate academic or
extracurricular activity;

3. A purpose related to regular classroom instruction;

4. Security or surveillance of buildings or grounds; or

5. A photo identification card.

state, any of its political subdivisions, any other governmental
entity, or any other institution suspects that a criminal
offense has been committed against his or her minor child,
unless the incident has first been reported to law enforcement
or the Department of Children and Families and notifying the
parent would impede the investigation.

(k) The right to consent in writing before his or her minor
child's grades are released to a law enforcement officer or law
enforcement agency by an agency or institution as defined in s.
1002.22 unless such release is authorized by s. 1002.221 and the

(2) This section does not:

(a) Authorize a parent of a minor child in this state to
engage in conduct that is unlawful or to abuse or neglect his or
her minor child in violation of general law;

(b) Condone, authorize, approve, or apply to a parental
action or decision that would end life;

(c) Prohibit a court of competent jurisdiction, law
enforcement officer, or employee of a governmental agency that is
responsible for child welfare from acting in his or her official
capacity within the reasonable and prudent scope of his or her
authority; or

(d) Prohibit a court of competent jurisdiction from issuing
an order that is otherwise permitted by law.

(3) An employee of the state, any of its political
subdivisions, or any other governmental entity who encourages or
coerces, or attempts to encourage or coerce, a minor child to
withhold information from his or her parent may be subject to
disciplinary action.

(4) A parent of a minor child in this state has inalienable
rights that are more comprehensive than those listed in this
section, unless such rights have been legally waived or
terminated. This chapter does not prescribe all rights to a
parent of a minor child in this state. Unless required by law,
the rights of a parent of a minor child in this state may not be
limited or denied. This chapter may not be construed to apply to
a parental action or decision that would end life.
Section 6. Section 1014.05, Florida Statutes, is created to read:

1014.05 School district notifications on parental rights.—
(1) Each district school board shall, in consultation with parents, teachers, and administrators, develop and adopt a policy to promote parental involvement in the public school system. Such policy must include:
   (a) A plan, pursuant to s. 1002.23, for parental participation in schools to improve parent and teacher cooperation in such areas as homework, school attendance, and discipline.
   (b) A program, pursuant to s. 1002.20(19)(b), for a parent to learn about his or her minor child’s course of study, including the source of any supplemental education materials.
   (c) Procedures, pursuant to s. 1006.28(2)(a)2., for a parent to object to instructional materials and other materials used in the classroom. Such objections may be based on beliefs regarding morality, sex, or religion or on the belief that such materials are harmful. For purposes of this section, the term “instructional materials” has the same meaning as in s. 1006.29(2) and may include other materials used in the classroom, including workbooks and worksheets, handouts, software, applications, and any digital media made available to students.
   (d) Procedures, pursuant to s. 1002.20(3)(d), for a parent to withdraw his or her minor child from any portion of the school district’s comprehensive health education required under s. 1003.42(2)(n) which relates to sex education instruction in acquired immune deficiency syndrome education or any instruction regarding sexuality.

In accordance with s. 1006.28(2)(a)1., the right of a parent to object to instructional materials and other materials used in the classroom. Such objections may be based on beliefs regarding morality, sex, or religion or on the belief that such materials are harmful. For purposes of this section, the term “instructional materials” has the same meaning as in s. 1006.29(2) and may include other materials used in the classroom, including workbooks and worksheets, handouts, software, applications, and any digital media made available to students.

1. Pursuant to s. 1002.20(3)(d), the right to opt his or her minor child out of any portion of the school district’s comprehensive health education required under s. 1003.42(2)(n) which relates to sex education instruction in acquired immune deficiency syndrome education or any instruction regarding sexuality.
   2. A plan to disseminate information about school choice options, pursuant to s. 1002.20(6), including open enrollment.
   3. In accordance with s. 1002.20(3)(b), the right of a parent to exempt his or her minor child from immunizations.
   4. In accordance with s. 1008.22, the right of a parent to review statewide, standardized assessment results.
   5. In accordance with s. 1003.57, the right of a parent to enroll his or her minor child in gifted or special education programs.
   6. In accordance with s. 1006.28(2)(a)1., the right of a parent to inspect school district instructional materials.
590-02340-21  

7. In accordance with s. 1008.25, the right of a parent to access information relating to the school district’s policies for promotion or retention, including high school graduation requirements.

8. In accordance with s. 1002.20(14), the right of a parent to receive a school report card and be informed of his or her minor child’s attendance requirements.

9. In accordance with s. 1002.23, the right of a parent to access information relating to the state public education system, state standards, report card requirements, attendance requirements, and instructional materials requirements.

10. In accordance with s. 1002.23(4), the right of a parent to participate in parent-teacher associations and organizations that are sanctioned by a district school board or the Department of Education.

11. In accordance with s. 1002.222(1)(a), the right of a parent to opt out of any district-level data collection relating to his or her minor child not required by law.

(2) A district school board may provide the information required in this section electronically or post such information on its website.

(3) A parent may request, in writing, from the district school superintendent the information required under this section. The district school superintendent must provide such information to the parent within 10 days. If the district school superintendent denies a parent’s request for information or does not respond to the parent’s request within 10 days, the parent may appeal the denial to the district school board. The district school board must place a parent’s appeal on the agenda for its next public meeting. If it is too late for a parent’s appeal to appear on the next agenda, the appeal must be included on the agenda for the subsequent meeting.

Section 7. Section 1014.06, Florida Statutes, is created to read:

1014.06 Parental consent for health care services.—

(1) Except as otherwise provided by law, a health care practitioner as defined in s. 456.001 or an individual employed by such health care practitioner may not provide or solicit or arrange to provide health care services or prescribe medicinal drugs to a minor child without first obtaining written parental consent.

(2) Except as otherwise provided by law or a court order, a provider as defined in s. 408.803 may not allow a medical procedure to be performed on a minor child in its facility without first obtaining written parental consent.

(3) This section does not apply to an abortion, which is governed by chapter 390.

(4) This section does not apply to services provided by a clinical laboratory, unless the services are delivered through a direct encounter with the minor at the clinical laboratory facility. For purposes of this subsection, the term “clinical laboratory” has the same meaning as provided in s. 483.803.

(5) A health care practitioner or other person who violates this section is subject to disciplinary action pursuant to s. 408.813 or s. 456.072, as applicable, and commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 8. Paragraph (f) is added to subsection (3) of...
section 408.813, Florida Statutes, to read:

408.813 Administrative fines; violations.—As a penalty for any violation of this part, authorizing statutes, or applicable rules, the agency may impose an administrative fine.

(3) The agency may impose an administrative fine for a violation that is not designated as a class I, class II, class III, or class IV violation. Unless otherwise specified by law, the amount of the fine may not exceed $500 for each violation.

Unclassified violations include:

(f) Violating the parental consent requirements of s. 1014.06.

Section 9. Paragraph (rr) is added to subsection (1) of section 456.072, Florida Statutes, to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(rr) Failure to comply with the parental consent requirements of s. 1014.06.

Section 10. This act shall take effect July 1, 2021.
I. Summary:

SB 880 requires the Florida High School Athletic Association (FHSAA) to adopt bylaws or policies authorizing a member school to provide 30 seconds of opening remarks over a public-access system before the start of an athletic competition, and prohibiting the FHSAA from controlling the contents of such remarks.

There is no fiscal impact to this bill.

The bill takes effect July 1, 2021.

II. Present Situation:

In December of 2015, Tampa’s Cambridge Christian School (Cambridge Christian) advanced to Florida’s state championship football game, hosted by the Florida High School Athletic Association (FHSAA), to compete with Jacksonville’s University Christian School. The FHSAA denied Cambridge Christian the opportunity to broadcast a pre-game prayer, despite the practice of this tradition by both schools.1

Federal Law Regarding Opening Remarks at Interscholastic Athletic Events

*Free Speech Clause*

Speech is protected by the First Amendment of the United States Constitution. The government or a public actor may nevertheless regulate an individual’s freedom of speech within

---

constitutional limits. The First Amendment’s free speech clause restricts government regulation of private speech but does not regulate government speech. To determine whether speech is government speech or private speech, courts consider three primary factors: the history and tradition of the speech; whether a reasonable observer could conclude that the government endorses the speech; and whether the government exercise direct control over the speech.

Further, the ability to regulate private speech on government-owned property is determined, in part, by the characterization of the type of public forum created. There are three types of public forums: traditional public forums, limited public forums, and closed public forums. A “traditional” or “open public forum” is a place with a longstanding tradition of freedom of expression, such as a public park, sidewalk, or street corner. In an open public forum, the government may only impose content-neutral restrictions on the time, place, and manner of expression. A limited public forum is a venue opened only for certain groups or topics. A public actor may regulate the subject area content or categories of organizations allowed in limited public forums but may not restrict expression based on a favorable or unfavorable viewpoint of a speaker or organization. Finally, a “closed public forum” is a place that is not traditionally open to public expression, such as the teacher’s school mailroom or a military base. Restrictions on speech in a closed public forum may only be reasonable and may not be designed to silence an unfavorable viewpoint.

In 2019, the Eleventh Circuit held that the FHSAA’s application of its Public-Address Protocol prohibiting two schools from using the loudspeaker for a pre-game prayer at the 2A Florida High School State Championship game may have violated constitutional free speech protections. The circuit court agreed with the trial court that the loudspeaker was a nonpublic forum (“closed-public forum”), but accepted the allegation that the FHSAA arbitrarily and haphazardly denied access to the forum in violation of the First Amendment. The court’s analysis also hinged on whether the speech over the loudspeaker was considered government or private speech. The circuit court agreed with the allegation that speech over the loudspeaker was, at least in part, private. The court determined that inconsistencies in the record and indications that the FHSAA allowed prayer over the loudspeaker at past championships suggested the factors of history and tradition of the speech and the government’s direct control over the speech suggested a potential finding of private speech that warranted further deliberation at the district court level.

Establishment Clause

The U.S. Constitution prevents the government from establishing religion and protects privately initiated expression and activities from government interference and discrimination.\(^\text{16}\) In order to determine whether a challenged state statute is permissible under the Establishment Clause, courts apply the Lemon Test, which requires that the challenged statute have a secular legislative purpose, have a principal or primary effect that neither advances nor inhibits religion, and avoid excessive government entanglement with religion.\(^\text{17}\)

The Supreme Court’s analysis in *Santa Fe Independent School District v. Doe* provides insight to how the Court applies the Lemon Test when evaluating opening remarks at athletics events on school premises.\(^\text{18}\) The Court held that the school district’s policy permitting student-led, student-initiated prayer over the loudspeaker at high school football games on the school’s property violated the Establishment Clause.\(^\text{19}\) The Court concluded that the pre-game invocations at issue were government speech because the invocations were specifically authorized by government policy and took place on government property at government-sponsored, school related events.\(^\text{20}\) However, the Supreme Court cautioned that not all public speech becomes government speech simply because it is made using public facilities at government sponsored events.\(^\text{21}\) Santa Fe school district’s policy failed the Lemon Test because the Court found the policy did not have secular purpose and advanced certain religion at the expense of other religions given the narrow speaker selection process and criteria; and entangled the government with religion given the school district’s specific encouragement of prayer and the history of the policy.\(^\text{22}\)

Elementary and Secondary Education Act (ESEA)

According to updated guidance from the U.S. Department of Education on constitutionally protected prayer and religious expression in public elementary and secondary schools, student speakers at noncurricular activities such as sporting events may not be selected on a basis that either favors or disfavors religious perspectives. To avoid any mistaken perception that a school endorses student speech that is not in fact attributable to the school, school officials may make appropriate, neutral disclaimers to clarify that such speech, whether religious or nonreligious, is the speaker’s and not the school’s speech.\(^\text{23}\)

Florida Law Regarding Opening Remarks at Interscholastic Athletic Events

The scope of the Florida Constitution’s protection of free speech is the same as required under the First Amendment, and the Florida Constitution closely replicates the First Amendment’s protections against the establishment of religion.

The Florida High School Athletic Association

The FHSAA is designated by law as the governing nonprofit organization of athletics in Florida public schools. Any high school, middle school, or combination school, including charter schools, virtual schools, private schools, and home education cooperatives, may become a member of the FHSAA. The FHSAA is required to adopt bylaws regulating student eligibility, recruiting, and member schools’ interscholastic competition in accordance with applicable law.

Florida law establishes that the FHSAA’s authority to organize and conduct statewide interscholastic competition includes the potential for state championships, and the FHSAA also has authority to establish terms and conditions for those contests. The FHSAA is not a state agency, but performs similar functions. The FHSAA operates as a representative democracy in which the sovereign authority is within its member schools. The FHSAA also includes a board of directors, who act as a body and in accordance with the FHSAA’s bylaws, to, among other activities, act as an administrative board in the interpretation of, and final decision on, all questions and appeals arising from the directing of interscholastic athletics of member schools.

The bylaws of the FHSAA govern high school athletic programs in its member schools, unless otherwise specifically provided by statute.

Florida High School State Championship Series

The FHSAA’s Florida High School State Championship Series (State Championship Series) determines official state champions among FHSAA member schools in sports sanctioned or

25 Art. 1, s. 3, Fla. Const. See Council for Secular Humanism, Inc. v. McNeil, 44 So. 3d 112, 119 (Fla. 1st DCA 2010) (explaining that the Florida Constitution’s establishment clause is consistent with the First Amendment and imposes additional restrictions on state actors through the no-aid provision).

27 A “combination school” is any school that provides instruction to students in high school and the middle school grades; elementary, middle or high school grades combined; or elementary and middle grades combined (e.g. K-12; K-8; 6-12; or 7-12). Bylaw 3.2.2.3, FHSAA.
28 A “home education cooperative” is a parent-directed group of individual home education students that provides opportunities for interscholastic athletic competition to those students and may include students in grades 6-12. Bylaw 3.2.2.4, FHSAA.

Public Address Protocol

The FHSAA’s Public Address Protocol applies to all State Championship Series. The public address announcer must maintain neutrality. The announcer is required to follow the FHSAA script for promotional announcements, player introductions, and awards ceremonies. The procedure limits other announcements to:\textsuperscript{40}

\begin{itemize}
  \item Those of an emergency nature;
  \item Those of a “practical” nature, such as a vehicle with lights on;
  \item Teams’ starting lineups or entire lineups;
  \item Messages provided by host school management;
  \item Announcements about the sale of FHSAA souvenir merchandise;
  \item Players attempting or making a play;
  \item Penalties as signaled by the referee; and
  \item Substitutions and timeouts.
\end{itemize}

In addition, public address announcers may not provide play-by-play commentary as if announcing a radio or television broadcast, make comments that offer an unfair advantage to one team, make comments critical of contest participants, schools, or officials.\textsuperscript{41}

For regular season events, the FHSAA’s Public Address Protocol states that the public address announcer must maintain neutrality.\textsuperscript{42} The FHSAA encourages schools to abide by the additional requirements of the Public Address Protocol for the State Championship Series but does not require compliance for regular season events.\textsuperscript{43}

I. Summary:

SB 1028 adds provisions for public postsecondary institutions to serve as a charter school sponsor, and authorizes a career and professional academy to be offered by a charter school. Specifically, the bill:

- Authorizes state universities and Florida College System (FCS) institutions to solicit applications and sponsor charter schools upon approval by the Department of Education (DOE).
- Provides that a state university sponsored charter school may serve students from multiple school districts to meet regional education or workforce demands, and an FCS sponsored charter school may serve students from any county within the college’s service area to meet workforce demands.
- Authorizes an FCS institution that operates an approved teacher preparation program to operate additional charter schools.
- Provides that the board of trustees of a sponsoring state university or FCS institution charter school is a local educational agency for the purpose of receiving federal funds and accepting responsibility for all requirements in that role.
- Provides that students attending a state university or FCS institution sponsored charter school are not to be included in the school district’s grade calculation.
- Establishes operational funding and capital outlay funding formulas for charter schools sponsored by a state university or FCS institution.
- Requires the DOE to collaborate to develop a charter school sponsor evaluation framework.
- Authorizes charter schools to provide career and professional academies and revises charter school enrollment limitations.

The fiscal impact of the bill is indeterminate. See Section V.

The bill takes effect on July 1, 2021
II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Charter Schools

Present Situation

Charter schools are tuition-free public schools created through an agreement or “charter” that provides flexibility relative to regulations created for traditional public schools.\(^1\) Forty-four states and the District of Columbia have enacted charter school laws as of January 2018.\(^2\) Between the 2000-2001 and 2017-2018 school years, the percentage of all public schools that were charter schools increased from two to seven percent, and the total number of charter schools increased from 2,000 to 7,200. The percentage of public school students nationwide attending public charter schools increased from one to six percent between fall 2000 and fall 2017.\(^3\)

All charter schools in Florida are public schools and are part of the state’s public education system.\(^4\) During the 2019-2020 school year, over 329,000 students were enrolled in 673 charter schools in Florida.\(^5\) Sixty-nine percent of the students attending charter schools in the 2019-2020 school year were minorities. Hispanic students comprised 44 percent of Florida’s charter school enrollment, and 19 percent were African-American students.\(^6\)

Charter School Sponsors

Under current Florida law, a district school board may sponsor a charter school in the county over which the district school board has jurisdiction.\(^7\) Additionally, a state university may sponsor a charter developmental research school (charter lab school).\(^8\) FCS institutions may work with school districts to develop charter schools as provided for in law, but may not sponsor a K-12 charter school.\(^9\)

A charter school sponsor has several responsibilities, including:\(^10\)

\(^7\) Section 1002.33(5)(a)1., F.S.

\(^8\) Section 1002.33(5)(a)2., F.S.

\(^9\) FCS institutions may only sponsor a charter technical career center. Section 1002.33(5)(b)4., F.S. and Section 1002.34(3)(b), F.S.

\(^10\) Section 1002.33(5)(b), F.S.
• Approving or denying charter school applications.
• Overseeing each sponsored school’s progress toward the goals established in the charter.
• Monitoring the revenues and expenditures of the school.
• Ensuring that the school participates in the state’s education accountability system.
• Intervening when a sponsored school demonstrates deficient student performance or financial instability.

A sponsor must provide administrative and educational services and may withhold a fee of up to five percent of each charter school’s total operating funds. 

Florida College System and State University Charter Schools

FCS institutions may work with school districts in the FCS institution’s designated service area to develop charter schools that offer secondary education, including an option for students to receive an associate degree upon high school graduation. If an FCS institution offers a teacher preparation program, it may operate one charter school for students in kindergarten through grade 12 and must implement innovative blended learning instructional models for students in kindergarten through grade 8.

There are 15 FCS institution-operated charter schools in Florida:

There are six existing university developmental research (laboratory) schools (lab schools). Of these, three are charter lab schools. In considering an application to establish a charter lab school, a state university must consult with the district school board of the county in which the school is located. If a state university denies or does not act on the application, the applicant may appeal such decision to the State Board of Education (SBE).

**Effect of Proposed Changes**

To address the needs of educational capacity, workforce qualifications, and career education opportunities that may extend beyond a school district’s boundaries, the bill:

- Authorizes state universities and FCS institutions to solicit applications and sponsor charter schools upon approval by the SBE. A state university or FCS institution may deny an application for a charter school. Additionally:
  - A state university-sponsored charter school may serve students from multiple school districts to meet regional education or workforce demands.
  - An FCS-sponsored charter may exist in any county within its service area to meet workforce demands; however, a charter school currently operated by an FCS institution is not eligible to be sponsored by an FCS institution until its existing charter with the school district expires. An FCS-sponsored charter may offer postsecondary programs leading to industry certifications for eligible charter school students.
- Removes the requirements that an FCS institution that operates an approved teacher preparation program:
  - May operate no more than one charter school; and
  - Implement an innovative blended learning instructional model for students in kindergarten through grade 8 at a charter school it operates.
- Specifies that a charter’s racial/ethnic balance must reflect that of nearby public schools rather than public schools located geographically within the district to address state university and FCS sponsored charter schools which may serve students from multiple school districts.
- Prohibits an FCS institution from reporting the full-time equivalent (FTE) for any students participating in FCS-sponsored charter schools who receive FTE funding through the FEFP.

• Clarifies that a student enrolled in a charter school sponsored by a state university or FCS institution may not be included in the calculation of the school district’s grade.

To ensure charter school sponsor accountability, the bill requires the DOE, in collaboration with charter school sponsors and operators, to develop a sponsor evaluation framework that must address, at a minimum:
• The sponsor’s strategic vision for charter school authorizing and progress towards that vision;
• Alignment of the sponsor’s policies and practices to best practices for charter school authorizing;
• Academic and financial performance of all operating charter schools overseen by the sponsor; and
• The status of charter schools authorized by the sponsor, including approved, operating and closed schools.

The bill requires the DOE to compile the results of the evaluation framework, by sponsor, and add them to its annual charter school sponsor report.

The bill requires the sponsor to provide equal access to student information systems that are used by public schools in the district or by schools in the sponsor’s portfolio of charter schools if the sponsor is not a school district. Additionally, the sponsor must provide student performance data, such as standardized test scores and previous public school student report cards, for each student in the charter school.

The bill replaces the terms “public school district” with “public school system” and “school district” with “sponsor” to conform to the establishment of FCS institutions and state universities as authorized charter school sponsors.

Establishing a Charter School

Present Situation
Charter schools are created when an individual, a group of parents or teachers, a business, a municipality, or a legal entity submits an application to the school district; the school district approves the application; the applicants form a governing board that negotiates a contract with the district school board; and the applicants and district school board agree upon a charter or contract. The district school board then becomes the sponsor of the charter school. The negotiated contract outlines expectations of both parties regarding the school's academic and financial performance.20

Charter School Application

An application for a new charter school may be made by an individual, teachers, parents, a group of individuals, a municipality, or a legal entity organized under the laws of this state. All charter applicants must prepare and submit a standard application, which:

- Demonstrates how the school will use the guiding principles and meet the statutorily defined purpose of a charter school.
- Provides a detailed curriculum plan that illustrates how students will be provided services to attain the Sunshine State Standards.
- Contains goals and objectives for improving student learning and measuring that improvement.
- Describes the reading curriculum and differentiated strategies that will be used for students reading at grade level or higher and a separate curriculum and strategies for students who are reading below grade level.
- Contains an annual financial plan for each year requested by the charter for operation of the school for up to five years.
- Discloses the name of each applicant, governing board member, and all proposed education services providers; the name and sponsor of any charter school operated by each applicant, each governing board member, and each proposed education services provider that has closed and the reasons for the closure; and the academic and financial history of such charter schools, which the sponsor must consider in deciding whether to approve or deny the application.
- Contains additional information a sponsor may require.
- Documents, for the establishment of a virtual charter school, the applicant has contracted with a provider of virtual instruction services in accordance with law.

A sponsor receives and reviews all charter school applications and, within 90 calendar days of receipt, must by majority vote approve or deny the application. A sponsor must receive and consider charter school applications received on or before February 1 of each year for charter schools to be opened 18 months later at the beginning of the school district’s school year, or to be opened at a time determined by the applicant.

Charter School Sponsor Reporting

A charter school sponsor must submit an annual report to the DOE summarizing the following:

- The number of draft applications received on or before May 1 and each applicant’s contact information;
- The number of final applications received on or before August 1 and each applicant’s contact information;

27 Section 1002.33(5)(b)1.k.(I)-(II), F.S.
• The date each application was approved, denied, or withdrawn; and
• The date each final contract was executed.

The DOE must compile the reported sponsor information into an annual report, by district, and post the information on its website by November 1 each year.28

Charter School Students

A charter school may be exempt from specific enrollment requirements if the school is open to any student covered in an inter-district agreement and any student residing in the school district in which the charter school is located.29 A charter school may limit the enrollment process only to target the following student populations:30
• Students within specific age groups or grade levels.
• Students considered at risk of dropping out of school or academic failure.
• Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality.31
• Students residing within a reasonable distance of the charter school.
• Students who meet established academic, artistic, or other eligibility standards.
• Students articulating from one charter school to another.
• Students living in a development in which a business entity provides the school facility and related property having an appraised value of at least $5 million.

Effect of Proposed Changes

The bill repeals an obsolete August 1 application deadline and specifies that each sponsor’s report to the DOE must reflect the applications it receives by the February 1 deadline, which became effective in 2018. The bill removes the requirement that upon approval, the charter school initial startup commences with the beginning of the public school calendar for the district where the charter is granted.

The bill repeals the requirement that a charter school sponsor report on draft applications it receives and revises the date by which a sponsor must annually report the number of applications it receives from August 31 to November 1. Accordingly, the bill revises the date by which the DOE annually reports the number of applications on its website from November 1 to January 15.

The bill expands the criteria by which a charter school may limit the enrollment process to include students living in a development in which a developer, including any affiliated business entity or charitable foundation, contributes to the formation, acquisition, construction, or operation of one or more charter schools, facilities and related property in an amount equal to or having a total appraised value of at least $5 million.

Charter School Funding

Present Situation
Charter school operations, like other public schools, are funded through the Florida Education Finance Program (FEFP). Each charter school reports student enrollment to its sponsor for inclusion in the district’s report of student enrollment for FEFP funding. Operating funds from the FEFP are distributed to the charter school by the sponsor. A charter school is entitled to receive its proportionate share of categorical funds included in the FEFP for qualifying students. Categorical funds must be spent for specified purposes, such as student transportation, safe schools, and supplemental academic instruction.

Charter schools are eligible to receive federal education funding through such programs as the Individuals with Disabilities Education Act (IDEA), Title I programs for disadvantaged students, and Title II programs for improving teaching and leadership in the same manner as district school board-operated public schools and must be included in requests for federal funding by the school district or the DOE. A high performing charter school system governing board may be designated as a local educational agency for the purpose of receiving federal funds, the same as if the charter school system were in the school district, if the governing board of the charter school system has adopted and filed a resolution with its sponsoring district school board and the DOE.

Capital outlay funding for charter schools consists of state funds when appropriated in the General Appropriations Act (GAA) and revenue resulting from discretionary millage authorized in law. To be eligible to receive capital outlay funds, a charter school must:

- Have operated for two or more years and meet specified requirements.
- Have an annual audit that does not reveal any financial emergency conditions.
- Have satisfactory student achievement based on state accountability standards.
- Have received final approval from its sponsor for operation during that fiscal year.
- Serve students in facilities that are not provided by the charter school’s sponsor.

Section 10013.62(1)(a), F.S.
While each university receives additional state capital funding, unlike local school districts, university lab schools are dependent on funding from the Legislature for both operational and capital needs. \(^{40}\)

**Effect of Proposed Changes**

The bill provides that students enrolled in a charter school sponsored by a state university or FCS institution be funded as if they are in a basic program or special program in the school district.

The bill establishes the basis for funding these students as the sum of the total operating funds for the school district in which the school is located as provided from the FEFP and the GAA, including gross state and local funds, discretionary lottery funds, and funds from each school district’s current operating discretionary millage levy; divided by total funded weighted FTE students in the school district; and multiplied by the FTE membership of the charter school.

The bill specifies that a board of trustees of a sponsoring state university or FCS institution is the local education agency for the charter schools it sponsors. As the local education agency, the sponsor may receive federal funds and accepts full responsibility for the schools it oversees, including local education agency requirements.

The DOE is required to develop a tool that each state university or FCS institution sponsoring a charter school must use for purposes of calculating the funding amount for each eligible charter school student. The total obtained by the calculation must be appropriated to the charter school from state funds in the GAA.

In addition, the bill requires capital outlay funding for state university or FCS-sponsored charter schools to be determined in accordance with the requirements established in law for other charter schools.

**Career and Professional Academies**

**Present Situation**

In 2007, the Legislature enacted the Florida Career and Professional Education (CAPE) Act to provide a statewide planning partnership between the business and education communities to attract, expand, and retain targeted, high-value industry and to sustain a strong, knowledge-based economy. \(^{41}\) The primary purpose of the CAPE Act is to: \(^{42}\)

- Improve middle and high school academic performance by providing rigorous and relevant curriculum opportunities;
- Provide rigorous and relevant career-themed courses that articulate to post-secondary level coursework and lead to industry certification;
- Support local and regional economic development;
- Respond to Florida’s critical workforce needs; and
- Provide state residents with access to high-wage and high-demand careers.

\(^{41}\) Section 1003.491, F.S.

\(^{42}\) Id. at (1).
Each school board must offer career and professional academies and include plans to implement a career and professional academy or career-themed course in at least one middle school in the district as part of its three-year strategic plan. A career and professional academy is a research-based program that integrates a rigorous academic curriculum with an industry-specific curriculum aligned directly to priority workforce needs. During the 2019-20 school year, 67 school districts, as well as, the Florida Virtual School, Florida School for Deaf and Blind, the Florida State University School, and the Florida A&M University Laboratory School registered 1,706 high school and 301 middle school career and professional academies with 194,197 participating students.

Current law does not expressly authorize charter schools to offer career and professional academies.

**Effect of Proposed Changes**

The bill modifies s. 1003.493 F.S., to authorize charter schools to provide career and professional academies. This may increase the number of charter middle and high schools offering career and professional academies to better meet career and workforce needs.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:
None.

B. Private Sector Impact:
None.

C. Government Sector Impact:
The bill requires that the funds for eligible university- or FCS institution-sponsored charter school students must be appropriated from state funds in the GAA to the charter school. Currently full-time equivalent students funded in the FEFP are funded with a combination of state and local funds. Since the eligible university- or FCS institution-sponsored charter school student will only be funded from state funds appropriated in the FEFP, there may need to be additional state funds provided to offset the potential loss of local funds; however, at this time the individual amounts cannot be determined and would vary based upon the school district and its total amount of local funds.

Delete everything after the enacting clause and insert:

Section 1. Subsections (1), (5), and (6), paragraph (b) of subsection (8), and subsection (10) of section 218.39, Florida Statutes, are amended to read:

218.39 Annual financial audit reports.—

(1) If, by the first day in any fiscal year, a local governmental entity, district school board, charter school, hope operator, or charter technical career center has not been
notified that a financial audit for that fiscal year will be performed by the Auditor General, each of the following entities shall have an annual financial audit of its accounts and records completed within 9 months after the end of its fiscal year by an independent certified public accountant retained by it and paid from its public funds:

(a) Each county.

(b) Any municipality with revenues or the total of expenditures and expenses in excess of $250,000, as reported on the fund financial statements.

(c) Any special district with revenues or the total of expenditures and expenses in excess of $100,000, as reported on the fund financial statements.

(d) Each district school board.

(e) Each charter school established under s. 1002.33.

(f) Each charter technical center established under s. 1002.34.

(g) Each municipality with revenues or the total of expenditures and expenses between $100,000 and $250,000, as reported on the fund financial statements, which has not been subject to a financial audit pursuant to this subsection for the 2 preceding fiscal years.

(h) Each special district with revenues or the total of expenditures and expenses between $50,000 and $100,000, as reported on the fund financial statement, which has not been subject to a financial audit pursuant to this subsection for the 2 preceding fiscal years.

(i) Each hope operator operating at least one school of hope in this state.
(5) At the conclusion of the audit, the auditor shall discuss with the chair of the governing body of the local governmental entity or the chair’s designee, the elected official of each county agency or the elected official’s designee, the chair of the district school board or the chair’s designee, the chair of the board of the charter school or the chair’s designee, the chair of the board of the hope operator or the chair’s designee, or the chair of the board of the charter technical career center or the chair’s designee, as appropriate, all of the auditor’s comments that will be included in the audit report. If the officer is not available to discuss the auditor’s comments, their discussion is presumed when the comments are delivered in writing to his or her office. The auditor shall notify each member of the governing body of a local governmental entity, district school board, charter school, hope operator, or charter technical career center for which:

(a) Deteriorating financial conditions exist that may cause a condition described in s. 218.503(1) to occur if actions are not taken to address such conditions.

(b) A fund balance deficit in total or a deficit for that portion of a fund balance not classified as restricted, committed, or nonspendable, or a total or unrestricted net assets deficit, as reported on the fund financial statements of entities required to report under governmental financial reporting standards or on the basic financial statements of entities required to report under not-for-profit financial reporting standards, for which sufficient resources of the local governmental entity, charter school, hope operator, charter technical career center, or district school board, as reported
on the fund financial statements, are not available to cover the
deficit. Resources available to cover reported deficits include
fund balance or net assets that are not otherwise restricted by
federal, state, or local laws, bond covenants, contractual
agreements, or other legal constraints. Property, plant, and
equipment, the disposal of which would impair the ability of a
local governmental entity, charter school, hope operator,
charter technical career center, or district school board to
carry out its functions, are not considered resources available
to cover reported deficits.

(6) The officer’s written statement of explanation or
rebuttal concerning the auditor’s findings, including corrective
action to be taken, must be filed with the governing body of the
local governmental entity, district school board, charter
school, hope operator, or charter technical career center within
30 days after the delivery of the auditor’s findings.

(8) The Auditor General shall notify the Legislative
Auditing Committee of any audit report prepared pursuant to this
section which indicates that an audited entity has failed to
take full corrective action in response to a recommendation that
was included in the two preceding financial audit reports.

(b) If the committee determines that the written statement
is not sufficient, it may require the chair of the governing
body of the local governmental entity or the chair’s designee, the elected official of each county agency or the elected
official’s designee, the chair of the district school board or
the chair’s designee, the chair of the board of the charter
school or the chair’s designee, the chair of the hope operator
or the chair’s designee, or the chair of the board of the
charter technical career center or the chair’s designee, as appropriate, to appear before the committee.

(10) Each charter school, hope operator who operates a charter school, and charter technical career center must file a copy of its audit report with the sponsoring entity; the local district school board, if not the sponsoring entity; the Auditor General; and with the Department of Education.

Section 2. Paragraph (c) of subsection (2), subsection (5), paragraph (b) of subsection (6), paragraphs (a) and (d) of subsection (7), paragraphs (d) and (e) of subsection (8), paragraphs (g) and (n) of subsection (9), paragraph (e) of subsection (10), subsection (14), paragraph (c) of subsection (15), subsection (17), paragraph (e) of subsection (18), subsections (20) and (21), paragraph (a) of subsection (25), and subsection (28) of section 1002.33, Florida Statutes, are amended to read:

1002.33 Charter schools.—
(2) GUIDING PRINCIPLES; PURPOSE.—
(c) Charter schools may fulfill the following purposes:
1. Create innovative measurement tools.
2. Provide rigorous competition within the public school system to stimulate continual improvement in all public schools.
3. Expand the capacity of the public school system.
4. Mitigate the educational impact created by the development of new residential dwelling units.
5. Create new professional opportunities for teachers, including ownership of the learning program at the school site.
(5) SPONSOR; DUTIES.—
(a) Sponsoring entities.—

1. A district school board may sponsor a charter school in the county over which the district school board has jurisdiction.

2. A state university may grant a charter to a lab school created under s. 1002.32 and shall be considered to be the school’s sponsor. Such school shall be considered a charter lab school.

3. Because needs relating to educational capacity, workforce qualifications, and career education opportunities are constantly changing and extend beyond school district boundaries:
   a. A state university may, upon approval by the Department of Education, solicit applications and sponsor a charter school to meet regional education or workforce demands by serving students from multiple school districts.
   b. A Florida College System institution may, upon approval by the Department of Education, solicit applications and sponsor a charter school in any county within its service area to meet workforce demands and may offer postsecondary programs leading to industry certifications to eligible charter school students. A charter school established under subparagraph (b)4. may not be sponsored by a Florida College System institution until its existing charter with the school district expires as provided under subsection (7).
   c. Notwithstanding paragraph (6)(b), a state university or Florida College System institution may, at its discretion, deny an application for a charter school.

(b) Sponsor duties.—
1.a. The sponsor shall monitor and review the charter school in its progress toward the goals established in the charter.

b. The sponsor shall monitor the revenues and expenditures of the charter school and perform the duties provided in s. 1002.345.

c. The sponsor may approve a charter for a charter school before the applicant has identified space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working funds.

d. The sponsor shall not apply its policies to a charter school unless mutually agreed to by both the sponsor and the charter school. If the sponsor subsequently amends any agreed-upon sponsor policy, the version of the policy in effect at the time of the execution of the charter, or any subsequent modification thereof, shall remain in effect and the sponsor may not hold the charter school responsible for any provision of a newly revised policy until the revised policy is mutually agreed upon.

e. The sponsor shall ensure that the charter is innovative and consistent with the state education goals established by s. 1000.03(5).

f. The sponsor shall ensure that the charter school participates in the state’s education accountability system. If a charter school falls short of performance measures included in the approved charter, the sponsor shall report such shortcomings to the Department of Education.

g. The sponsor shall not be liable for civil damages under state law for personal injury, property damage, or death.
resulting from an act or omission of an officer, employee, agent, or governing body of the charter school.

h. The sponsor shall not be liable for civil damages under state law for any employment actions taken by an officer, employee, agent, or governing body of the charter school.
i. The sponsor’s duties to monitor the charter school shall not constitute the basis for a private cause of action.
j. The sponsor shall not impose additional reporting requirements on a charter school without providing reasonable and specific justification in writing to the charter school.
k. The sponsor shall submit an annual report to the Department of Education in a web-based format to be determined by the department.

(I) The report shall include the following information:

(A) The number of draft applications received on or before May 1 and each applicant’s contact information.

(B) The number of final applications received on or before February August 1 and each applicant’s contact information.

(B)(C) The date each application was approved, denied, or withdrawn.

(C)(D) The date each final contract was executed.

(II) Annually, by November 1 Beginning August 31, 2013, and each year thereafter, the sponsor shall submit to the department the information for the applications submitted the previous year.

(III) The department shall compile an annual report, by sponsor district, and post the report on its website by January 15 November 1 of each year.

2. Immunity for the sponsor of a charter school under
subparagraph 1. applies only with respect to acts or omissions not under the sponsor’s direct authority as described in this section.

3. This paragraph does not waive a sponsor’s district school board’s sovereign immunity.

4. A Florida College System institution may work with the school district or school districts in its designated service area to develop charter schools that offer secondary education. These charter schools must include an option for students to receive an associate degree upon high school graduation. If a Florida College System institution operates an approved teacher preparation program under s. 1004.04 or s. 1004.85, the institution may operate no more than one charter school that serves students in kindergarten through grade 12 in any school district within the service area of the institution. In kindergarten through grade 8, the charter school shall implement innovative blended learning instructional models in which, for a given course, a student learns in part through online delivery of content and instruction with some element of student control over time, place, path, or pace and in part at a supervised brick-and-mortar location away from home. A student in a blended learning course must be a full-time student of the charter school and receive the online instruction in a classroom setting at the charter school. District school boards shall cooperate with and assist the Florida College System institution on the charter application. Florida College System institution applications for charter schools are not subject to the time deadlines outlined in subsection (6) and may be approved by the district school board at any time during the year. Florida
College System institutions may not report FTE for any students participating under this subparagraph who receive FTE funding through the Florida Education Finance Program.

5. A school district may enter into nonexclusive interlocal agreements with federal and state agencies, counties, municipalities, and other governmental entities that operate within the geographical borders of the school district to act on behalf of such governmental entities in the inspection, issuance, and other necessary activities for all necessary permits, licenses, and other permissions that a charter school needs in order for development, construction, or operation. A charter school may use, but may not be required to use, a school district for these services. The interlocal agreement must include, but need not be limited to, the identification of fees that charter schools will be charged for such services. The fees must consist of the governmental entity’s fees plus a fee for the school district to recover no more than actual costs for providing such services. These services and fees are not included within the services to be provided pursuant to subsection (20).

6. The board of trustees of a sponsoring state university or Florida College System institution under paragraph (a) is the local educational agency for all charter schools it sponsors for purposes of receiving federal funds and accepts full responsibility for all local educational agency requirements and the schools for which it will perform local educational agency responsibilities. A student enrolled in a charter school that is sponsored by a state university or Florida College System institution may not be included in the calculation of the school
district’s grade under s. 1008.34(5) for the school district in which he or she resides.

(c) Sponsor accountability.—

1. The department shall, in collaboration with charter school sponsors and charter school operators, develop a sponsor evaluation framework that must address, at a minimum:
   a. The sponsor’s strategic vision for charter school authorizing and the sponsor’s progress toward that vision.
   b. The alignment of the sponsor’s policies and practices to best practices for charter school authorizing.
   c. The academic and financial performance of all operating charter schools overseen by the sponsor.
   d. The status of charter schools authorized by the sponsor, including approved, operating, and closed schools.

2. The department shall compile the results by sponsor and include the results in the report required under sub-subparagraph (b)1.k.(III).

(6) APPLICATION PROCESS AND REVIEW.—Charter school applications are subject to the following requirements:

(b) A sponsor shall receive and review all applications for a charter school using the evaluation instrument developed by the Department of Education. A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened at the beginning of the school district’s next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses.
Beginning in 2018 and thereafter, a sponsor shall receive and consider charter school applications received on or before February 1 of each calendar year for charter schools to be opened 18 months later at the beginning of the school district’s school year, or to be opened at a time determined by the applicant. A sponsor may not refuse to receive a charter school application submitted before February 1 and may receive an application submitted later than February 1 if it chooses. A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind.

Before approving or denying any application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection process, a sponsor shall be held harmless for FTE students who are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. In order to ensure fiscal responsibility, an application
for a charter school shall include a full accounting of expected assets, a projection of expected sources and amounts of income, including income derived from projected student enrollments and from community support, and an expense projection that includes full accounting of the costs of operation, including start-up costs.

3.a. A sponsor shall by a majority vote approve or deny an application no later than 90 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school identified pursuant to s. 1002.331 or a high-performing charter school system identified pursuant to s. 1002.332 may be denied by the sponsor only if the sponsor demonstrates by clear and convincing evidence that:

(I) The application of a high-performing charter school does not materially comply with the requirements in paragraph (a) or, for a high-performing charter school system, the application does not materially comply with s. 1002.332(2)(b);

(II) The charter school proposed in the application does
not materially comply with the requirements in paragraphs 
(9)(a)-(f);

(III) The proposed charter school’s educational program 
does not substantially replicate that of the applicant or one of 
the applicant’s high-performing charter schools;

(IV) The applicant has made a material misrepresentation or 
false statement or concealed an essential or material fact 
during the application process; or

(V) The proposed charter school’s educational program and 
financial management practices do not materially comply with the 
requirements of this section.

Material noncompliance is a failure to follow requirements or a 
violation of prohibitions applicable to charter school 
applications, which failure is quantitatively or qualitatively 
significant either individually or when aggregated with other 
noncompliance. An applicant is considered to be replicating a 
high-performing charter school if the proposed school is 
substantially similar to at least one of the applicant’s high-
performing charter schools and the organization or individuals 
involved in the establishment and operation of the proposed 
school are significantly involved in the operation of replicated 
schools.

c. If the sponsor denies an application submitted by a 
high-performing charter school or a high-performing charter 
school system, the sponsor must, within 10 calendar days after 
such denial, state in writing the specific reasons, based upon 
the criteria in sub-subparagraph b., supporting its denial of 
the application and must provide the letter of denial and
supporting documentation to the applicant and to the Department of Education. The applicant may appeal the sponsor’s denial of the application in accordance with paragraph (c).

4. For budget projection purposes, the sponsor shall report to the Department of Education the approval or denial of an application within 10 calendar days after such approval or denial. In the event of approval, the report to the Department of Education shall include the final projected FTE for the approved charter school.

5. Upon approval of an application, the initial startup shall commence with the beginning of the public school calendar for the district in which the charter is granted. A charter school may defer the opening of the school’s operations for up to 3 years to provide time for adequate facility planning. The charter school must provide written notice of such intent to the sponsor and the parents of enrolled students at least 30 calendar days before the first day of school.

(7) CHARTER.—The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor and the governing board of the charter school shall use the standard charter contract pursuant to subsection (21), which shall incorporate the approved application and any addenda approved with the application. Any term or condition of a proposed charter contract that differs from the standard charter contract adopted by rule of the State Board of Education shall be presumed a limitation on charter school flexibility. The sponsor may not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility.
to meet educational goals. The charter shall be signed by the governing board of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address and criteria for approval of the charter shall be based on:

1. The school’s mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and grounded in scientifically based reading research.

b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques.

Charter schools may implement blended learning courses which
combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-time students of the charter school pursuant to s. 1011.61(1)(a)1. Instructional personnel certified pursuant to s. 1012.55 who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. 1012.57 for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:
   a. How the baseline student academic achievement levels and prior rates of academic progress will be established.
   b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.
   c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

A district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as
rates of academic progress of comparable student populations in
the district school system.

4. The methods used to identify the educational strengths
and needs of students and how well educational goals and
performance standards are met by students attending the charter
school. The methods shall provide a means for the charter school
to ensure accountability to its constituents by analyzing
student performance data and by evaluating the effectiveness and
efficiency of its major educational programs. Students in
charter schools shall, at a minimum, participate in the
statewide assessment program created under s. 1008.22.

5. In secondary charter schools, a method for determining
that a student has satisfied the requirements for graduation in
s. 1002.3105(5), s. 1003.4281, or s. 1003.4282.

6. A method for resolving conflicts between the governing
board of the charter school and the sponsor.

7. The admissions procedures and dismissal procedures,
including the school’s code of student conduct. Admission or
dismissal must not be based on a student’s academic performance.

8. The ways by which the school will achieve a
racial/ethnic balance reflective of the community it serves or
within the racial/ethnic range of other nearby public schools in
the same school district.

9. The financial and administrative management of the
school, including a reasonable demonstration of the professional
experience or competence of those individuals or organizations
applying to operate the charter school or those hired or
retained to perform such professional services and the
description of clearly delineated responsibilities and the
policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included. Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. The asset and liability projections required in the application which are incorporated into the charter and shall be compared with information provided in the annual report of the charter school.

11. A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses; plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

12. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 5 years, excluding 2 planning years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the sponsor district school board. A charter lab school is eligible
for a charter for a term of up to 15 years. In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 15-year charter, subject to approval by the sponsor district school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only according to the provisions set forth in subsection (8).

13. The facilities to be used and their location. The sponsor may not require a charter school to have a certificate of occupancy or a temporary certificate of occupancy for such a facility earlier than 15 calendar days before the first day of school.

14. The qualifications to be required of the teachers and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.

15. The governance structure of the school, including the status of the charter school as a public or private employer as required in paragraph (12)(i).

16. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

17. In the case of an existing public school that is being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing
collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. For the purpose of this subparagraph, the term “relative” means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

19. Implementation of the activities authorized under s. 1002.331 by the charter school when it satisfies the eligibility requirements for a high-performing charter school. A high-performing charter school shall notify its sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following school year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable.

(d) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school’s governing board and the approval of both
parties to the agreement. Modification during any term may include, but is not limited to, consolidation of multiple charters into a single charter if the charters are operated under the same governing board, regardless of the renewal cycle. A charter school that is not subject to a school improvement plan and that closes as part of a consolidation shall be reported by the sponsor school district as a consolidation.

(8) CAUSES FOR NONRENEWAL OR TERMINATION OF CHARTER.—

(d) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered public funds, except for capital outlay funds and federal charter school program grant funds, from the charter school shall revert to the sponsor. Capital outlay funds provided pursuant to s. 1013.62 and federal charter school program grant funds that are unencumbered shall revert to the department to be redistributed among eligible charter schools. In the event a charter school is dissolved or is otherwise terminated, all sponsor district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the sponsor district school board, subject to complete satisfaction of any lawful liens or encumbrances. Any unencumbered public funds from the charter school, district school board property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the charter school, in the possession of any person, entity, or holding company, other than the charter school, shall be held in trust upon the sponsor’s district school board’s request, until any appeal status is resolved.
(e) If a charter is not renewed or is terminated, the charter school is responsible for all debts of the charter school. The sponsor district may not assume the debt from any contract made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the sponsor district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the sponsor district.

(9) CHARTER SCHOOL REQUIREMENTS.—

(g)1. In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records that constitute their accounting system:

a. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled “Financial and Program Cost Accounting and Reporting for Florida Schools”; or

b. At the discretion of the charter school’s governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.

2. Charter schools shall provide annual financial report and program cost report information in the state-required formats for inclusion in sponsor district reporting in compliance with s. 1011.60(1). Charter schools that are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent but must reformat this information for reporting.
according to this paragraph.

3. A charter school shall, upon approval of the charter contract, provide the sponsor with a concise, uniform, monthly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental funds format prescribed by the Governmental Accounting Standards Board. A high-performing charter school pursuant to s. 1002.331 may provide a quarterly financial statement in the same format and requirements as the uniform monthly financial statement summary sheet. The sponsor shall review each monthly or quarterly financial statement to identify the existence of any conditions identified in s. 1002.345(1)(a).

4. A charter school shall maintain and provide financial information as required in this paragraph. The financial statement required in subparagraph 3. must be in a form prescribed by the Department of Education.

(n)1. The director and a representative of the governing board of a charter school that has earned a grade of “D” or “F” pursuant to s. 1008.34 shall appear before the sponsor to present information concerning each contract component having noted deficiencies. The director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance. Upon approval by the sponsor, the charter school shall begin implementation of the school improvement plan. The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for
developing, submitting, and approving such plans.

2.a. If a charter school earns three consecutive grades below a “C,” the charter school governing board shall choose one of the following corrective actions:

(I) Contract for educational services to be provided directly to students, instructional personnel, and school administrators, as prescribed in state board rule;

(II) Contract with an outside entity that has a demonstrated record of effectiveness to operate the school;

(III) Reorganize the school under a new director or principal who is authorized to hire new staff; or

(IV) Voluntarily close the charter school.

b. The charter school must implement the corrective action in the school year following receipt of a third consecutive grade below a “C.”

c. The sponsor may annually waive a corrective action if it determines that the charter school is likely to improve a letter grade if additional time is provided to implement the intervention and support strategies prescribed by the school improvement plan. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of “F” is subject to subparagraph 3.

d. A charter school is no longer required to implement a corrective action if it improves to a “C” or higher. However, the charter school must continue to implement strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school’s continued improvement pursuant to subparagraph 4.
e. A charter school implementing a corrective action that does not improve to a “C” or higher after 2 full school years of implementing the corrective action must select a different corrective action. Implementation of the new corrective action must begin in the school year following the implementation period of the existing corrective action, unless the sponsor determines that the charter school is likely to improve to a “C” or higher if additional time is provided to implement the existing corrective action. Notwithstanding this subparagraph, a charter school that earns a second consecutive grade of “F” while implementing a corrective action is subject to subparagraph 3.

3. A charter school’s charter contract is automatically terminated if the school earns two consecutive grades of “F” after all school grade appeals are final unless:
   a. The charter school is established to turn around the performance of a district public school pursuant to s. 1008.33(4)(b)2. Such charter schools shall be governed by s. 1008.33;
   b. The charter school serves a student population the majority of which resides in a school zone served by a district public school subject to s. 1008.33(4) and the charter school earns at least a grade of “D” in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or
   c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department’s official release of school grades.
grades. The state board may waive termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby district public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this sub-subparagraph.

The sponsor shall notify the charter school’s governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(d)-(f) and (9)(o).

4. The director and a representative of the governing board of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.

5. Notwithstanding any provision of this paragraph except sub-subparagraphs 3.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(10) ELIGIBLE STUDENTS.—
(e) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.
2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.
3. Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality established pursuant to subsection (15).
4. Students residing within a reasonable distance of the charter school, as described in paragraph (20)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (7)(a)8. or any federal provisions that require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other nearby public schools in the same school district.
5. Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter schools, standards that are consistent with the school’s mission and purpose. Such standards shall be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.
6. Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools that has been approved by the sponsor.
7. Students living in a development in which a developer,
including any affiliated business entity or charitable foundation, contributes to the formation, acquisition, construction, or operation of one or more charter schools or charter provides the school facilities facility and related property in an amount equal to or having a total appraised value of at least $5 million to be used as a charter schools school to mitigate the educational impact created by the development of new residential dwelling units. Students living in the development are entitled to no more than 50 percent of the student stations in the charter schools school. The students who are eligible for enrollment are subject to a random lottery, the racial/ethnic balance provisions, or any federal provisions, as described in subparagraph 4. The remainder of the student stations must be filled in accordance with subparagraph 4.

(14) CHARTER SCHOOL FINANCIAL ARRANGEMENTS; INDEMNIFICATION OF THE STATE AND SPONSOR SCHOOL DISTRICT; CREDIT OR TAXING POWER NOT TO BE PLEDGED.—Any arrangement entered into to borrow or otherwise secure funds for a charter school authorized in this section from a source other than the state or a sponsor school district shall indemnify the state and the sponsor school district from any and all liability, including, but not limited to, financial responsibility for the payment of the principal or interest. Any loans, bonds, or other financial agreements are not obligations of the state or the sponsor school district but are obligations of the charter school authority and are payable solely from the sources of funds pledged by such agreement. The credit or taxing power of the state or the sponsor school district shall not be pledged and no debts shall be payable out
of any moneys except those of the legal entity in possession of a valid charter approved by a sponsor district school board pursuant to this section.

(15) CHARTER SCHOOLS-IN-THE-WORKPLACE; CHARTER SCHOOLS-IN-A-MUNICIPALITY.—

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (10); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (7)(a)8. When a municipality has submitted charter applications for the establishment of a charter school feeder pattern, consisting of elementary, middle, and senior high schools, and each individual charter application is approved by the sponsor district school board, such schools shall then be designated as one charter school for all purposes listed pursuant to this section. Any portion of the land and facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 1013.54, for the duration of its use as a public school.

(17) FUNDING.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. Funding for a charter lab school shall be as provided in s. 1002.32.

(a) Each charter school shall report its student enrollment to the sponsor as required in s. 1011.62, and in accordance with
the definitions in s. 1011.61. The sponsor shall include each
charter school’s enrollment in the sponsor’s district’s report
of student enrollment. All charter schools submitting student
record information required by the Department of Education shall
comply with the Department of Education’s guidelines for
electronic data formats for such data, and all sponsors
districts shall accept electronic data that complies with the
Department of Education’s electronic format.

(b)1. The basis for the agreement for funding students
enrolled in a charter school shall be the sum of the school
district’s operating funds from the Florida Education Finance
Program as provided in s. 1011.62 and the General Appropriations
Act, including gross state and local funds, discretionary
lottery funds, and funds from the school district’s current
operating discretionary millage levy; divided by total funded
weighted full-time equivalent students in the school district;
and multiplied by the weighted full-time equivalent students for
the charter school. Charter schools whose students or programs
meet the eligibility criteria in law are entitled to their
proportionate share of categorical program funds included in the
total funds available in the Florida Education Finance Program
by the Legislature, including transportation, the research-based
reading allocation, and the Florida digital classrooms
allocation. Total funding for each charter school shall be
recalculated during the year to reflect the revised calculations
under the Florida Education Finance Program by the state and the
actual weighted full-time equivalent students reported by the
charter school during the full-time equivalent student survey
periods designated by the Commissioner of Education. For charter
schools operated by a not-for-profit or municipal entity, any
unrestricted current and capital assets identified in the
charter school’s annual financial audit may be used for other
charter schools operated by the not-for-profit or municipal
entity within the school district. Unrestricted current assets
shall be used in accordance with s. 1011.62, and any
unrestricted capital assets shall be used in accordance with s.
1013.62(2).

2.a. Students enrolled in a charter school sponsored by a
state university or Florida College System institution pursuant
to paragraph (5)(a) shall be funded as if they are in a basic
program or a special program in the school district. The basis
for funding these students is the sum of the total operating
funds from the Florida Education Finance Program for the school
district in which the school is located as provided in s.
1011.62 and the General Appropriations Act, including gross
state and local funds, discretionary lottery funds, and funds
from each school district’s current operating discretionary
millage levy, divided by total funded weighted full-time
equivalent students in the district, and multiplied by the full-
time equivalent membership of the charter school. The Department
of Education shall develop a tool that each state university or
Florida College System institution sponsoring a charter school
shall use for purposes of calculating the funding amount for
each eligible charter school student. The total amount obtained
from the calculation must be appropriated from state funds in
the General Appropriations Act to the charter school.

b. Capital outlay funding for a charter school sponsored by
a state university or Florida College System institution
pursuant to paragraph (5)(a) is determined pursuant to s. 1013.62 and the General Appropriations Act.

(c) Pursuant to 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment. Unless otherwise mutually agreed to by the charter school and its sponsor, and consistent with state and federal rules and regulations governing the use and disbursement of federal funds, the sponsor shall reimburse the charter school on a monthly basis for all invoices submitted by the charter school for federal funds available to the sponsor for the benefit of the charter school, the charter school’s students, and the charter school’s students as public school students in the school district. Such federal funds include, but are not limited to, Title I, Title II, and Individuals with Disabilities Education Act (IDEA) funds. To receive timely reimbursement for an invoice, the charter school must submit the invoice to the sponsor at least 30 days before the monthly date of reimbursement set by the sponsor. In order to be reimbursed, any expenditures made by the charter school must comply with all applicable state rules and federal regulations, including, but not limited to, the applicable federal Office of Management and Budget Circulars; the federal Education Department General Administrative Regulations; and program-specific statutes, rules, and regulations. Such funds may not be made available to the charter school until a plan is submitted to the sponsor for approval of the use of the funds in accordance with applicable
federal requirements. The sponsor has 30 days to review and
approve any plan submitted pursuant to this paragraph.

(d) Charter schools shall be included by the Department of
Education and the district school board in requests for federal
stimulus funds in the same manner as district school board-
operated public schools, including Title I and IDEA funds and
shall be entitled to receive such funds. Charter schools are
eligible to participate in federal competitive grants that are
available as part of the federal stimulus funds.

(e) Sponsors District school boards shall make timely and
efficient payment and reimbursement to charter schools,
including processing paperwork required to access special state
and federal funding for which they may be eligible. Payments of
funds under paragraph (b) shall be made monthly or twice a
month, beginning with the start of the sponsor’s district school
board’s fiscal year. Each payment shall be one-twelfth, or one
twenty-fourth, as applicable, of the total state and local funds
described in paragraph (b) and adjusted as set forth therein.
For the first 2 years of a charter school’s operation, if a
minimum of 75 percent of the projected enrollment is entered
into the sponsor’s student information system by the first day
of the current month, the sponsor district school board shall
distribute funds to the school for the months of July through
October based on the projected full-time equivalent student
membership of the charter school as submitted in the approved
application. If less than 75 percent of the projected enrollment
is entered into the sponsor’s student information system by the
first day of the current month, the sponsor shall base payments
on the actual number of student enrollment entered into the
sponsor’s student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payments shall be issued no later than 10 working days after the sponsor district school board receives a distribution of state or federal funds or the date the payment is due pursuant to this subsection. If a warrant for payment is not issued within 10 working days after receipt of funding by the sponsor district school board, the sponsor school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 10 working days until such time as the warrant is issued. The district school board may not delay payment to a charter school of any portion of the funds provided in paragraph (b) based on the timing of receipt of local funds by the district school board.

(f) Funding for a virtual charter school shall be as provided in s. 1002.45(7).

(g) To be eligible for public education capital outlay (PECO) funds, a charter school must be located in the State of Florida.

(h) A charter school that implements a schoolwide standard student attire policy pursuant to s. 1011.78 is eligible to receive incentive payments.

(18) FACILITIES.—

(e) If a district school board facility or property is available because it is surplus, marked for disposal, or
otherwise unused, it shall be provided for a charter school’s use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the sponsor school district may not sell or dispose of such property without written permission of the sponsor school district. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter school shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.

(20) SERVICES.—

(a)1. A sponsor shall provide certain administrative and educational services to charter schools. These services shall include contract management services; full-time equivalent and data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the National School Lunch Program, consistent with the needs of the charter school, are provided by the sponsor school district at the request of the charter school, that any funds due to the charter school under the National School Lunch Program be paid to the charter school as soon as the charter school begins serving food under the National School Lunch
Program, and that the charter school is paid at the same time and in the same manner under the National School Lunch Program as other public schools serviced by the sponsor or the school district; test administration services, including payment of the costs of state-required or district-required student assessments; processing of teacher certificate data services; and information services, including equal access to the sponsor’s student information systems that are used by public schools in the district in which the charter school is located or by schools in the sponsor’s portfolio of charter schools if the sponsor is not a school district. Student performance data for each student in a charter school, including, but not limited to, FCAT scores, standardized test scores, previous public school student report cards, and student performance measures, shall be provided by the sponsor to a charter school in the same manner provided to other public schools in the district or by schools in the sponsor’s portfolio of charter schools if the sponsor is not a school district.

2. A sponsor may withhold an administrative fee for the provision of such services which shall be a percentage of the available funds defined in paragraph (17)(b) calculated based on weighted full-time equivalent students. If the charter school serves 75 percent or more exceptional education students as defined in s. 1003.01(3), the percentage shall be calculated based on unweighted full-time equivalent students. The administrative fee shall be calculated as follows:

   a. Up to 5 percent for:

      (I) Enrollment of up to and including 250 students in a charter school as defined in this section.
(II) Enrollment of up to and including 500 students within a charter school system which meets all of the following:

(A) Includes conversion charter schools and nonconversion charter schools.

(B) Has all of its schools located in the same county.

(C) Has a total enrollment exceeding the total enrollment of at least one school district in the state.

(D) Has the same governing board for all of its schools.

(E) Does not contract with a for-profit service provider for management of school operations.

(III) Enrollment of up to and including 250 students in a virtual charter school.

b. Up to 2 percent for enrollment of up to and including 250 students in a high-performing charter school as defined in s. 1002.331.

c. Up to 2 percent for enrollment of up to and including 250 students in an exceptional student education center that meets the requirements of the rules adopted by the State Board of Education pursuant to s. 1008.3415(3).

3. A sponsor may not charge charter schools any additional fees or surcharges for administrative and educational services in addition to the maximum percentage of administrative fees withheld pursuant to this paragraph.

4. A sponsor shall provide to the department by September 15 of each year the total amount of funding withheld from charter schools pursuant to this subsection for the prior fiscal year. The department must include the information in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(b) If goods and services are made available to the charter
school through the contract with the sponsor school district, they shall be provided to the charter school at a rate no greater than the sponsor’s district’s actual cost unless mutually agreed upon by the charter school and the sponsor in a contract negotiated separately from the charter. When mediation has failed to resolve disputes over contracted services or contractual matters not included in the charter, an appeal may be made to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on the dispute. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against. To maximize the use of state funds, sponsors school districts shall allow charter schools to participate in the sponsor’s bulk purchasing program if applicable.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of subpart I.E. of chapter 1006 and s. 1012.45. The governing body of the charter school may provide transportation through an agreement or contract with the sponsor district school board, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) Each charter school shall annually complete and submit a survey, provided in a format specified by the Department of
Education, to rate the timeliness and quality of services provided by the sponsor district in accordance with this section. The department shall compile the results, by sponsor district, and include the results in the report required under sub-sub-subparagraph (5)(b)(1)(k)(III).

(21) PUBLIC INFORMATION ON CHARTER SCHOOLS.—

(a) The Department of Education shall provide information to the public, directly and through sponsors, on how to form and operate a charter school and how to enroll in a charter school once it is created. This information shall include the standard application form, standard charter contract, standard evaluation instrument, and standard charter renewal contract, which shall include the information specified in subsection (7) and shall be developed by consulting and negotiating with both sponsors and charter schools before implementation. The charter and charter renewal contracts shall be used by charter school sponsors.

(b)1. The Department of Education shall report to each charter school receiving a school grade pursuant to s. 1008.34 or a school improvement rating pursuant to s. 1008.341 the school’s student assessment data.

2. The charter school shall report the information in subparagraph 1. to each parent of a student at the charter school, the parent of a child on a waiting list for the charter school, the sponsor district in which the charter school is located, and the governing board of the charter school. This paragraph does not abrogate the provisions of s. 1002.22, relating to student records, or the requirements of 20 U.S.C. s. 1232g, the Family Educational Rights and Privacy Act.
(25) LOCAL EDUCATIONAL AGENCY STATUS FOR CERTAIN CHARTER SCHOOL SYSTEMS.—

(a) A charter school system’s governing board shall be designated a local educational agency for the purpose of receiving federal funds, the same as though the charter school system were a school district, if the governing board of the charter school system has adopted and filed a resolution with its sponsor, sponsoring district school board and the Department of Education in which the governing board of the charter school system accepts the full responsibility for all local education agency requirements and the charter school system meets all of the following:

1. Has all schools located in the same county;
2. Has a total enrollment exceeding the total enrollment of at least one school district in the state; and
3. Has the same governing board.

Such designation does not apply to other provisions unless specifically provided in law.

(28) RULEMAKING.—The Department of Education, after consultation with sponsors, school districts, and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute. The State Board of Education shall adopt rules, pursuant to ss. 120.536(1) and 120.54, to implement a standard charter application form, standard application form for the replication of charter schools in a high-performing charter school system, standard evaluation...
instrument, and standard charter and charter renewal contracts
in accordance with this section.

Section 3. Paragraph (b) of subsection (3) of section
1002.331, Florida Statutes, is amended to read:

1002.331 High-performing charter schools.—

(3)

(b) A high-performing charter school may submit not
establish more than two applications for a charter school
schools within the state under paragraph (a) to be opened at a
time determined by the high-performing charter school in any
year. A subsequent application to establish a charter school
under paragraph (a) may not be submitted unless each charter
school applicant commences operations or an application is
otherwise withdrawn established in this manner achieves high-
performing charter school status. However, a high-performing
charter school may establish more than one charter school within
the state under paragraph (a) in any year if it operates in the
area of a persistently low-performing school and serves students
from that school. This paragraph applies to any high-performing
charter school with an existing approved application.

Section 4. Paragraph (c) of subsection (1), paragraphs (g)
and (h) of subsection (6), paragraph (d) of subsection (7), and
paragraph (b) of subsection (10) of section 1002.333, Florida
Statutes, are amended to read:

1002.333 Persistently low-performing schools.—

(1) DEFINITIONS.—As used in this section, the term:

(c) “Persistently low-performing school” means a school
that has earned three grades lower than a “C,” pursuant to s.
1008.34, in at least 3 of the previous 5 years that the school
received a grade and has not earned a grade of “B” or higher in
the most recent 2 school years, and a school that was closed
pursuant to s. 1008.33(4) within 2 years after the submission of
a notice of intent.

(6) STATUTORY AUTHORITY.—

(g) Each school of hope that has not been designated as a
local education agency shall report its students to the school
district as required in s. 1011.62, and in accordance with the
definitions in s. 1011.61. The school district shall include
each charter school’s enrollment in the district’s report of
student enrollment. A school of hope designated as a local
education agency may report its students to the department in
accordance with the definitions in s. 1011.61 pursuant to
procedures and timelines adopted by the department. All charter
schools submitting student record information required by the
department shall comply with the department’s guidelines for
electronic data formats for such data, and all districts shall
accept electronic data that complies with the department’s
electronic format.

(h) A school of hope operator shall provide the school
district with a concise, uniform, quarterly financial statement
summary sheet that contains a balance sheet and a statement of
revenue, expenditures, and changes in fund balance. The balance
sheet and the statement of revenue, expenditures, and changes in
fund balance shall be in the governmental fund format prescribed
by the Governmental Accounting Standards Board. Additionally, a
school of hope operator shall comply with the annual audit
requirement for charter schools in s. 218.39.

(7) FACILITIES.—
(d) No later than January October 1, the department each school district shall annually provide to school districts the Department of Education a list of all underused, vacant, or surplus facilities owned or operated by the school district as reported in the Florida Inventory of School Houses. A school district may provide evidence to the department that the list contains errors or omissions within 30 days after receipt of the list. By each April 1, the department shall update and publish a final list of all underused, vacant, or surplus facilities owned or operated by each school district, based upon updated information provided by each school district. A hope operator establishing a school of hope may use an educational facility identified in this paragraph at no cost or at a mutually agreeable cost not to exceed $600 per student. A hope operator using a facility pursuant to this paragraph may not sell or dispose of such facility without the written permission of the school district. For purposes of this paragraph, the term “underused, vacant, or surplus facility” means an entire facility or portion thereof which is not fully used or is used irregularly or intermittently by the school district for instructional or program use.

(10) SCHOOLS OF HOPE PROGRAM.—The Schools of Hope Program is created within the Department of Education.

(b) Notwithstanding s. 216.301 and pursuant to s. 216.351, funds allocated for the purpose of this subsection which are not disbursed by June 30 of the fiscal year in which the funds are allocated may be carried forward for up to 7 5 years after the effective date of the original appropriation.
1003.493, Florida Statutes, is amended to read:

1003.493 Career and professional academies and career-themed courses.—

(1)(a) A “career and professional academy” is a research-based program that integrates a rigorous academic curriculum with an industry-specific curriculum aligned directly to priority workforce needs established by the local workforce development board or the Department of Economic Opportunity. Career and professional academies shall be offered by public schools and school districts. Career and professional academies may be offered by charter schools. The Florida Virtual School is encouraged to develop and offer rigorous career and professional courses as appropriate. Students completing career and professional academy programs must receive a standard high school diploma, the highest available industry certification, and opportunities to earn postsecondary credit if the academy partners with a postsecondary institution approved to operate in the state.

Section 6. Present subsection (3) of section 1008.3415, Florida Statutes, is redesignated as subsection (4), and a new subsection (3) is added to that section, to read:

1008.3415 School grade or school improvement rating for exceptional student education centers.—

(3) The Commissioner of Education, upon request by a charter school that is an exceptional student education center and that has received two consecutive ratings of “maintaining” or higher pursuant to s. 1008.341(2), shall provide a letter to the charter school and to the charter school’s sponsor stating that the charter school may replicate its educational program in
the same manner as a high-performing charter school under s. 1002.331(3).

Section 7. Subsection (2) of section 1012.32, Florida Statutes, is amended to read:

1012.32 Qualifications of personnel.—

(2)(a) Instructional and noninstructional personnel who are hired or contracted to fill positions that require direct contact with students in any district school system or university lab school must, upon employment or engagement to provide services, undergo background screening as required under s. 1012.465 or s. 1012.56, whichever is applicable.

(b)1. Instructional and noninstructional personnel who are hired or contracted to fill positions in any charter school other than a school of hope as defined in s. 1002.333(1)(d)1., and members of the governing board of such charter school, in compliance with s. 1002.33(12)(g), must, upon employment, engagement of services, or appointment, shall undergo background screening as required under s. 1012.465 or s. 1012.56, whichever is applicable, by filing with the district school board for the school district in which the charter school is located a complete set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.

2. Instructional and noninstructional personnel who are hired or contracted to fill positions in a school of hope as defined in s. 1002.333(1)(d)1., and members of the governing board of such school of hope, shall file with the school of hope a complete set of fingerprints taken by an authorized law enforcement agency, by an employee of the school of hope or...
school district who is trained to take fingerprints, or by any other entity recognized by the Department of Law Enforcement to take fingerprints.

(c) Instructional and noninstructional personnel who are hired or contracted to fill positions that require direct contact with students in an alternative school that operates under contract with a district school system must, upon employment or engagement to provide services, undergo background screening as required under s. 1012.465 or s. 1012.56, whichever is applicable, by filing with the district school board for the school district to which the alternative school is under contract a complete set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.

(d) Student teachers and persons participating in a field experience pursuant to s. 1004.04(5) or s. 1004.85 in any district school system, lab school, or charter school must, upon engagement to provide services, undergo background screening as required under s. 1012.56.

Required fingerprints must be submitted to the Department of Law Enforcement for statewide criminal and juvenile records checks and to the Federal Bureau of Investigation for federal criminal records checks. A person subject to this subsection who is found ineligible for employment under s. 1012.315, or otherwise found through background screening to have been convicted of any crime involving moral turpitude as defined by rule of the State Board of Education, shall not be employed, engaged to provide services, or serve in any position that
requires direct contact with students. Probationary persons subject to this subsection terminated because of their criminal record have the right to appeal such decisions. The cost of the background screening may be borne by the district school board, the charter school, the employee, the contractor, or a person subject to this subsection. A district school board shall reimburse a charter school the cost of background screening if it does not notify the charter school of the eligibility of a governing board member or instructional or noninstructional personnel within the earlier of 14 days after receipt of the background screening results from the Florida Department of Law Enforcement or 30 days of submission of fingerprints by the governing board member or instructional or noninstructional personnel.

Section 8. Paragraph (a) of subsection (1) of section 1013.62, Florida Statutes, is amended to read:

1013.62 Charter schools capital outlay funding.—
(1) For the 2020-2021 fiscal year, charter school capital outlay funding shall consist of state funds appropriated in the 2020-2021 General Appropriations Act. Beginning in fiscal year 2021-2022, charter school capital outlay funding shall consist of state funds when such funds are appropriated in the General Appropriations Act and revenue resulting from the discretionary millage authorized in s. 1011.71(2) if the amount of state funds appropriated for charter school capital outlay in any fiscal year is less than the average charter school capital outlay funds per unweighted full-time equivalent student for the 2018-2019 fiscal year, multiplied by the estimated number of charter school students for the applicable fiscal year, and adjusted by
changes in the Consumer Price Index issued by the United States
Department of Labor from the previous fiscal year. Nothing in
this subsection prohibits a school district from distributing to
charter schools funds resulting from the discretionary millage
authorized in s. 1011.71(2).

(a) To be eligible to receive capital outlay funds, a
charter school must:

1. a. Have been in operation for 2 or more years;
b. Be governed by a governing board established in the
state for 2 or more years which operates both charter schools
and conversion charter schools within the state;
c. Be an expanded feeder chain of a charter school within
the same school district that is currently receiving charter
school capital outlay funds;
d. Have been accredited by a regional accrediting
association as defined by State Board of Education rule; or
e. Serve students in facilities that are provided by a
business partner for a charter school-in-the-workplace pursuant
to s. 1002.33(15)(b); or
f. Be operated by a hope operator pursuant to s. 1002.333.

2. Have an annual audit that does not reveal any of the
financial emergency conditions provided in s. 218.503(1) for the
most recent fiscal year for which such audit results are
available.

3. Have satisfactory student achievement based on state
accountability standards applicable to the charter school.

4. Have received final approval from its sponsor pursuant
to s. 1002.33 for operation during that fiscal year.

5. Serve students in facilities that are not provided by
the charter school’s sponsor.

Section 9. This act shall take effect July 1, 2021.

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled
An act relating to charter schools; amending s. 218.39, F.S.; providing that a hope operator that has not been notified that a financial audit for a fiscal year will be performed by the Auditor General must retain an independent certified public accountant to complete, within 9 months after the end of its fiscal year, an annual financial audit of its accounts, which must be paid from its public funds; requiring an auditor to discuss comments that will be included in the audit report with the hope operator’s board chair or the chair’s designee; requiring the auditor to notify each hope operator board member of specified information; requiring hope operators to file an officer’s written statement of explanation or rebuttal concerning an auditor’s findings within a certain timeframe; authorizing the Legislative Auditing Committee to require the chair of the hope operator or the chair’s designee to appear before the committee if it is determined that the written statement is insufficient; requiring each hope operator to file a copy of its audit report with specified entities;
amending s. 1002.33, F.S.; authorizing state universities and Florida College System institutions to solicit applications and sponsor charter schools under certain circumstances; prohibiting certain charter schools from being sponsored by a Florida College System institution until such charter school’s existing charter expires; authorizing a state university or Florida College System institution to, at its discretion, deny an application for a charter school; revising the contents of an annual report that charter school sponsors must provide to the Department of Education; revising the date by which the department must post a specified annual report; revising provisions relating to Florida College System institutions that are operating charter schools; requiring the board of trustees of a state university or Florida College System institution that is sponsoring a charter school to serve as the local educational agency for such school; prohibiting certain charter school students from being included in specified school district grade calculations; requiring the department to develop a sponsor evaluation framework; providing requirements for the framework; requiring the department to compiles results in a specified manner; deleting obsolete language; revising requirements for the charter school application process; revising the student populations for which a charter school is authorized to limit the enrollment process; providing a calculation for the
operational funding for a charter school sponsored by
a state university or Florida College System
institution; requiring the department to develop a
tool for state universities and Florida College System
institutions for specified purposes relating to
certain funding calculations; providing that such
funding must be appropriated to the charter school;
providing for capital outlay funding for such schools;
authorizing a sponsor to withhold an administrative
fee for the provision of certain services to an
exceptional student education center that meets
specified requirements; conforming provisions to
changes made by the act; amending s. 1002.331, F.S.;
revising provisions relating to the opening of
additional high-performing charter schools; amending
s. 1002.333, F.S.; revising the definition of the term
“persistently low-performing school”; authorizing,
instead of requiring, a school of hope designated as a
local education agency to report students in
accordance with procedures and timelines adopted by
the Department of Education; requiring hope operators,
rather than schools of hope, to provide school
districts with quarterly financial statement summary
sheets; revising the manner in which underused,
vacant, or surplus facilities owned or operated by
school districts are identified; increasing the number
of years for which certain funds may be carried
forward; amending s. 1003.493, F.S.; authorizing a
charter school to offer a career and professional
academy; amending s. 1008.3415, F.S.; requiring the Commissioner of Education, upon request by a charter school that meets specified criteria, to provide a letter to the charter school and the charter school’s sponsor authorizing the charter school to replicate the charter school’s education program; amending s. 1012.32, F.S.; providing an alternate screening method for specified persons employed by certain schools of hope or serving on certain school of hope governing boards; amending s. 1013.62, F.S.; expanding eligibility to receive capital outlay funds to schools of hope operated by a hope operator; providing an effective date.
A bill to be entitled
An act relating to charter schools; amending s. 1002.33, F.S.; authorizing state universities and Florida College System institutions to solicit applications and sponsor charter schools under certain circumstances; prohibiting certain charter schools from being sponsored by a Florida College System institution until such charter school’s existing charter expires; authorizing a state university or Florida College System institution to, at its discretion, deny an application for a charter school; revising the contents of an annual report that charter school sponsors must provide to the Department of Education; revising the date by which the department must post a specified annual report; revising provisions relating to Florida College System institutions that are operating charter schools; requiring the board of trustees of a state university or Florida College System institution that is sponsoring a charter school to serve as the local educational agency for such school; prohibiting certain charter school students from being included in specified school district grade calculations; requiring the department to develop a sponsor evaluation framework; providing requirements for the framework; requiring the department to compile results in a specified manner; deleting obsolete language; revising the student populations for which a charter school is authorized to limit the enrollment.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) of subsection (2), subsection (5), paragraph (b) of subsection (6), paragraphs (a) and (d) of subsection (7), paragraphs (d) and (e) of subsection (8), paragraphs (g) and (n) of subsection (9), paragraph (e) of subsection (10), subsection (14), paragraph (c) of subsection (15), subsection (17), paragraph (e) of subsection (18), subsections (20) and (21), paragraph (a) of subsection (25), and subsection (28) of section 1002.33, Florida Statutes, are amended to read:

1002.33 Charter schools.—

(2) GUIDING PRINCIPLES; PURPOSE.—

(c) Charter schools may fulfill the following purposes:

1. Create innovative measurement tools.
2. Provide rigorous competition within the public school system to stimulate continual improvement in all public schools.

3. Expand the capacity of the public school system.

4. Mitigate the educational impact created by the development of new residential dwelling units.

5. Create new professional opportunities for teachers, including ownership of the learning program at the school site.

(5) SPONSOR; DUTIES.—

(a) Sponsoring entities.—

1. A district school board may sponsor a charter school in the county over which the district school board has jurisdiction.

2. A state university may grant a charter to a lab school created under s. 1002.32 and shall be considered to be the school’s sponsor. Such school shall be considered a charter lab school.

3. Because needs relating to educational capacity, workforce qualifications, and career education opportunities are constantly changing and extend beyond school district boundaries:

   a. A state university may, upon approval by the Department of Education, solicit applications and sponsor a charter school to meet regional education or workforce demands by serving students from multiple school districts.

   b. A Florida College System institution may, upon approval by the Department of Education, solicit applications and sponsor a charter school in any county within its service area to meet workforce demands and may offer postsecondary programs leading to industry certifications to eligible charter school students.

   c. Notwithstanding paragraph (6) (b), a state university or Florida College System institution may, at its discretion, deny an application for a charter school.

(b) Sponsor duties.—

1.a. The sponsor shall monitor and review the charter school in its progress toward the goals established in the charter.

   b. The sponsor shall monitor the revenues and expenditures of the charter school and perform the duties provided in s. 1002.345.

   c. The sponsor may approve a charter for a charter school before the applicant has identified space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working funds.

   d. The sponsor shall not apply its policies to a charter school unless mutually agreed to by both the sponsor and the charter school. If the sponsor subsequently amends any agreed-upon sponsor policy, the version of the policy in effect at the time of the execution of the charter, or any subsequent modification thereof, shall remain in effect and the sponsor may not hold the charter school responsible for any provision of a newly revised policy until the revised policy is mutually agreed upon.

   e. The sponsor shall ensure that the charter is innovative...
and consistent with the state education goals established by s. 1000.03(5).

f. The sponsor shall ensure that the charter school participates in the state’s education accountability system. If a charter school falls short of performance measures included in the approved charter, the sponsor shall report such shortcomings to the Department of Education.

g. The sponsor shall not be liable for civil damages under state law for personal injury, property damage, or death resulting from an act or omission of an officer, employee, agent, or governing body of the charter school.

h. The sponsor shall not be liable for civil damages under state law for any employment actions taken by an officer, employee, agent, or governing body of the charter school.

i. The sponsor’s duties to monitor the charter school shall not constitute the basis for a private cause of action.

j. The sponsor shall not impose additional reporting requirements on a charter school without providing reasonable and specific justification in writing to the charter school.

k. The sponsor shall submit an annual report to the Department of Education in a web-based format to be determined by the department.

(I) The report shall include the following information:

(A) The number of draft applications received on or before May 1 and each applicant’s contact information.

(B) The number of final applications received on or before February 1 and each applicant’s contact information.

(C) The date each application was approved, denied, or withdrawn.

(D) The date each contract was executed.

(II) Annually, by November 1 beginning August 31, 2013, and each year thereafter, the sponsor shall submit to the department the information for the applications submitted the previous year.

(III) The department shall compile an annual report, by sponsor district, and post the report on its website by January 15 of each year.

2. Immunity for the sponsor of a charter school under subparagraph 1. applies only with respect to acts or omissions not under the sponsor’s direct authority as described in this section.

3. This paragraph does not waive a sponsor’s district school board’s sovereign immunity.

4. A Florida College System institution may work with the school district or school districts in its designated service area to develop charter schools that offer secondary education. These charter schools must include an option for students to receive an associate degree upon high school graduation. If a Florida College System institution operates an approved teacher preparation program under s. 1004.04 or s. 1004.85, the institution may operate no more than one charter school that serve students in kindergarten through grade 12 in any school district within the service area of the institution. In kindergarten through grade 8, the charter school shall implement innovative blended learning instructional models in which, for a given course, a student learns in part through online delivery of content and instruction with some element of student control over time, place, path, or pace and in part at...
These services and fees are not included within the services to be provided pursuant to subsection (20).

A sponsor shall receive and review all applications for providing such services. These services and fees are not included within the services to be provided pursuant to subsection (20).
1. In order to facilitate an accurate budget projection

2. An application submitted by a high-performing charter school may be considered good cause, supporting its denial of the application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school location, and its projected FTE.

1. In order to ensure fiscal responsibility, an application for a charter school shall include a full accounting of the costs of operation, including start-up costs.

3.a. A sponsor shall by a majority vote approve or deny an application no later than 90 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of Education. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

a. A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened at the beginning of the school district’s next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses. Beginning in 2011 and thereafter, A sponsor shall receive and consider charter school applications received on or before February 1 of each calendar year for charter schools to be opened 18 months later at the beginning of the school district’s school year, or to be opened at a time determined by the applicant. A sponsor may not refuse to receive a charter school application submitted before February 1 and may receive an application submitted later than February 1 if it chooses. A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind.

Before approving or denying any application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection
The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter.
The sponsor and the governing board of the charter school shall use the standard charter contract pursuant to subsection (21), which shall incorporate the approved application and any addenda approved with the application. Any term or condition of a proposed charter contract that differs from the standard charter contract adopted by rule of the State Board of Education shall be presumed a limitation on charter school flexibility. The sponsor may not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The charter shall be signed by the governing board of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address and criteria for approval of the charter shall be based on:

1. The school’s mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

   a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and grounded in scientifically based reading research.

b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques. Charter schools may implement blended learning courses which combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-time students of the charter school pursuant to s. 1011.61(1)(a)1. Instructional personnel certified pursuant to s. 1012.55 who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. 1012.57 for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:

   a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

   b. How these baseline rates will be compared to rates of academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:

violent or disruptive student behavior; and the manner in which
the school will be insured, including whether or not the school
will be required to have liability insurance, and, if so, the
terms and conditions thereof and the amounts of coverage.
12. The term of the charter which shall provide for
The academic progress achieved by these same students while
attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

A. The district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. The methods shall provide a means for the charter school to ensure accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs. Students in charter schools shall, at a minimum, participate in the statewide assessment program created under s. 1008.22.

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. 1002.3105(5), s. 1003.4281, or s. 1003.4282.

6. A method for resolving conflicts between the governing board of the charter school and the sponsor.

7. The admissions procedures and dismissal procedures, including the school's code of student conduct. Admission or dismissal must not be based on a student's academic performance.

8. The ways by which the school will achieve a
made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 5 years, excluding 2 planning years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the sponsor district school board. A charter lab school is eligible for a charter for a term of up to 15 years. In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 15-year charter, subject to approval by the sponsor district school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only according to the provisions set forth in subsection (8).

13. The facilities to be used and their location. The sponsor may not require a charter school to have a certificate of occupancy or a temporary certificate of occupancy for such a facility earlier than 15 calendar days before the first day of school.

14. The qualifications to be required of the teachers and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.

15. The governance structure of the school, including the status of the charter school as a public or private employer as required in paragraph (12)(i).

16. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

17. In the case of an existing public school that is being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. For the purpose of this subparagraph, the term "relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

19. Implementation of the activities authorized under s. 1002.331 by the charter school when it satisfies the eligibility
(g) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school’s governing board and the approval of both parties to the agreement. Modification during any term may include, but is not limited to, consolidation of multiple charters into a single charter if the charters are operated under the same governing board, regardless of the renewal cycle. A charter school that is not subject to a school improvement plan and that closes as part of a consolidation shall be reported by the sponsor school district as a consolidation.

(8) CAUSES FOR NONRENEWAL OR TERMINATION OF CHARTER.—

(d) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered public funds, except for capital outlay funds and federal charter school program grant funds, from the charter school shall revert to the sponsor. Capital outlay funds provided pursuant to s. 1013.62 and federal charter school program grant funds that are unencumbered shall revert to the department to be redistributed among eligible charter schools. In the event a charter school is dissolved or is otherwise terminated, all sponsor district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the sponsor district school board, subject to complete satisfaction of any lawful liens or encumbrances.

Any unencumbered public funds from the charter school, district school board property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the charter school, in the possession of any person, entity, or holding company, other than the charter school, shall be held in trust upon the sponsor’s request, until any appeal status is resolved.

(e) If a charter is not renewed or is terminated, the charter school is responsible for all debts of the charter school. The sponsor district may not assume the debt from any contract made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the sponsor district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the sponsor district.

(9) CHARTER SCHOOL REQUIREMENTS.—

(g)1. In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records that constitute their accounting system:

a. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled “Financial and Program Cost Accounting and Reporting for Florida Schools”;

b. At the discretion of the charter school’s governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must
2. Charter schools shall provide annual financial report
and program cost report information in the state-required
formats for inclusion in [sponsor district] reporting in
compliance with s. 1011.60(1). Charter schools that are operated
by a municipality or are a component unit of a parent nonprofit
organization may use the accounting system of the municipality
or the parent but must reformat this information for reporting
according to this paragraph.

3. A charter school shall, upon approval of the charter
contract, provide the sponsor with a concise, uniform, monthly
financial statement summary sheet that contains a balance sheet
and a statement of revenue, expenditures, and changes in fund
balance. The balance sheet and the statement of revenue,
expenditures, and changes in fund balance shall be in the
governmental funds format prescribed by the Governmental
Accounting Standards Board. A high-performing charter school
pursuant to s. 1002.331 may provide a quarterly financial
statement in the same format and requirements as the uniform
monthly financial statement summary sheet. The sponsor shall
review each monthly or quarterly financial statement to identify
the existence of any conditions identified in s. 1002.345(1)(a).

4. A charter school shall maintain and provide financial
information as required in this paragraph. The financial
statement required in subparagraph 3. must be in a form
prescribed by the Department of Education.

(n)1. The director and a representative of the governing
board of a charter school that has earned a grade of "D" or "F"
The charter school serves a student population the
annual review implementation of the school improvement plan to
monitor the school’s continued improvement pursuant to
paragraph 4.

b. The charter school implementing a corrective action that
does not improve to a “C” or higher after 2 full school years of
implementing the corrective action must select a different
corrective action. Implementation of the new corrective action
must begin in the school year following the implementation
period of the existing corrective action, unless the sponsor
determines that the charter school is likely to improve to a “C”
or higher if additional time is provided to implement the
existing corrective action. Notwithstanding this sub-
paragraph, a charter school that earns a second consecutive
grade of “F” while implementing a corrective action is subject
to subparagraph 3.

3. A charter school’s charter contract is automatically
terminated if the school earns two consecutive grades of “F”
after all school grade appeals are final unless:

a. The charter school is established to turn around the
performance of a district public school pursuant to s.
1008.33(4)(b)2. Such charter schools shall be governed by s.
1008.33;

b. The charter school serves a student population the
majority of which resides in a school zone served by a district
public school subject to s. 1008.33(4) and the charter school
earns at least a grade of “D” in its third year of operation.
The exception provided under this sub-subparagraph does not
apply to a charter school in its fourth year of operation and
thereafter; or

c. The state board grants the charter school a waiver of
termination. The charter school must request the waiver within
15 days after the department’s official release of school
grades. The state board may waive termination if the charter
school demonstrates that the Learning Gains of its students on
statewide assessments are comparable to or better than the
Learning Gains of similarly situated students enrolled in nearby
district public schools. The waiver is valid for 1 year and may
only be granted once. Charter schools that have been in
operation for more than 5 years are not eligible for a waiver
under this sub-subparagraph.

The sponsor shall notify the charter school’s governing board,
the charter school principal, and the department in writing when
a charter contract is terminated under this subparagraph. A
charter terminated under this subparagraph must follow the
procedures for dissolution and reversion of public funds
pursuant to paragraphs (8)(d)-(f) and (9)(o).

4. The director and a representative of the governing board
of a graded charter school that has implemented a school
improvement plan under this paragraph shall appear before the
sponsor at least once a year to present information regarding
the progress of intervention and support strategies implemented
by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.

5. Notwithstanding any provision of this paragraph except sub-subparagraphs 3.a.–c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(10) ELIGIBLE STUDENTS.—

(e) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.

2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.

3. Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality established pursuant to subsection (15).

4. Students residing within a reasonable distance of the charter school, as described in paragraph (20)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (7)(a)8. or any federal provisions that require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other nearby public schools in the same school district.

5. Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or,

in the case of existing charter schools, standards that are consistent with the school’s mission and purpose. Such standards shall be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.

6. Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools that has been approved by the sponsor.

7. Students living in a development in which a developer, including any affiliated business entity or charitable foundation, contributes to the formation, acquisition, construction, or operation of one or more charter schools or charter provides the school facilities, capacity, and related property in an amount equal to or having a total or appraised value of at least $5 million to be used as a charter school to mitigate the educational impact created by the development of new residential dwelling units. Students living in the development are entitled to no more than 50 percent of the student stations in the charter school. The students who are eligible for enrollment are subject to a random lottery, the racial/ethnic balance provisions, or any federal provisions, as described in subparagraph 4. The remainder of the student stations must be filled in accordance with subparagraph 4.

(14) CHARTER SCHOOL FINANCIAL ARRANGEMENTS; INDEMNIFICATION OF THE STATE AND SPONSOR SCHOOL DISTRICT; CREDIT OR TAXING POWER NOT TO BE PLEDGED.—Any arrangement entered into to borrow or otherwise secure funds for a charter school authorized in this section from a source other than the state or a sponsor school.
(b) A charter school designee shall accept electronic data that complies with the Department of Education’s electronic format.

(c) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district’s operating funds from the Florida Education Finance Program as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district’s current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; and multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law are entitled to their proportionate share of categorical program funds included in the
2. a. Students enrolled in a charter school sponsored by a state university or Florida College System institution pursuant to paragraph (5)(a) shall be funded as if they are in a basic program or a special program in the school district. The basis for funding these students is the sum of the total operating funds from the Florida Education Finance Program for the school district in which the school is located as provided in s. 1011.62, and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from each school district’s current operating discretionary millage levy, divided by total funded weighted full-time equivalent students in the district, and multiplied by the full-time equivalent membership of the charter school. The Department of Education shall develop a tool that each state university or Florida College System institution sponsoring a charter school shall use for purposes of calculating the funding amount for each eligible charter school student. The total amount obtained from the calculation must be appropriated from state funds in the General Appropriations Act to the charter school.

b. Capital outlay funding for a charter school sponsored by a state university or Florida College System institution pursuant to paragraph (5)(a) is determined pursuant to s. 1013.62 and the General Appropriations Act.

(c) Pursuant to 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment. Unless otherwise mutually agreed to by the charter school and its sponsor, and consistent with state and federal rules and regulations governing the use and disbursement of federal funds, the sponsor shall reimburse the charter school on a monthly basis for all invoices submitted by the charter school for federal funds available to the sponsor for the benefit of the charter school, the charter school’s students, and the charter school’s students as public school students in the school district. Such federal funds include, but are not limited to, Title I, Title II, and Individuals with Disabilities Education Act (IDEA) funds. To receive timely reimbursement for an invoice, the charter school must submit the invoice to the sponsor at least 30 days before the monthly date of reimbursement.
For the first 2 years of a charter school’s operation, if a minimum of 75 percent of the projected enrollment is entered into the sponsor’s student information system by the first day of the current month, the sponsor district school board shall distribute funds to the school for the months of July through October based on the projected full-time equivalent student membership of the charter school as submitted in the approved application. If less than 75 percent of the projected enrollment is entered into the sponsor’s student information system by the first day of the current month, the sponsor shall base payments on the actual number of student enrollment entered into the sponsor’s student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payments shall be issued no later than 10 working days after the sponsor district school board receives a distribution of state or federal funds or the date the payment is due pursuant to this subsection. If a warrant for payment is not issued within 10 working days after receipt of funding by the sponsor district school board, the sponsor school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 10 working days until such time as the warrant is issued. The district school board may not delay payment to a charter school of any portion of the funds provided in paragraph (b) based on the timing of receipt of local funds by the district school board.

(f) Funding for a virtual charter school shall be as provided in s. 1002.45(7).

929 (g) To be eligible for public education capital outlay
930 (PECO) funds, a charter school must be located in the State of
931 Florida.
932 (h) A charter school that implements a schoolwide standard
933 student attire policy pursuant to s. 1011.78 is eligible to
934 receive incentive payments.
935 (18) FACILITIES.—
936 (e) If a district school board facility or property is
937 available because it is surplus, marked for disposal, or
938 otherwise unused, it shall be provided for a charter school’s
939 use on the same basis as it is made available to other public
940 schools in the district. A charter school receiving property
941 from the sponsor school district may not sell or dispose of such
942 property without written permission of the sponsor school
943 district. Similarly, for an existing public school converting to
944 charter status, no rental or leasing fee for the existing
945 facility or for the property normally inventoried to the
946 conversion school may be charged by the district school board to
947 the parents and teachers organizing the charter school. The
948 charter school shall agree to reasonable maintenance provisions
949 in order to maintain the facility in a manner similar to
950 district school board standards. The Public Education Capital
951 Outlay maintenance funds or any other maintenance funds
952 generated by the facility operated as a conversion school shall
953 remain with the conversion school.
954 (20) SERVICES.—
955 (a) A sponsor shall provide certain administrative and
956 educational services to charter schools. These services shall
957 include contract management services; full-time equivalent and

958 data reporting services; exceptional student education
959 administration services; services related to eligibility and
960 reporting duties required to ensure that school lunch services
961 under the National School Lunch Program, consistent with the
962 needs of the charter school, are provided by the sponsor school
963 district at the request of the charter school, that any funds
964 due to the charter school under the National School Lunch
965 Program be paid to the charter school as soon as the charter
966 school begins serving food under the National School Lunch
967 Program, and that the charter school is paid at the same time
968 and in the same manner under the National School Lunch Program
969 as other public schools serviced by the sponsor or the school
970 district; test administration services, including payment of the
971 costs of state-required or district-required student
972 assessments; processing of teacher certificate data services;
973 and information services, including equal access to the
974 sponsor’s student information systems that are used by public
975 schools in the district in which the charter school is located
976 or by schools in the sponsor’s portfolio of charter schools if the
977 sponsor is not a school district. Student performance data
978 for each student in a charter school, including, but not limited
979 to, FCAT scores, standardized test scores, previous public
980 school student report cards, and student performance measures,
981 shall be provided by the sponsor to a charter school in the same
982 manner provided to other public schools in the district or by
983 schools in the sponsor’s portfolio of charter schools if the
984 sponsor is not a school district.
985 2. A sponsor may withhold an administrative fee for the
986 provision of such services which shall be a percentage of the

(d) Each charter school shall annually complete and submit a survey, provided in a format specified by the Department of Education, to rate the timeliness and quality of services provided by the sponsor district in accordance with this section. The department shall compile the results, by sponsor district, and include the results in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(21) PUBLIC INFORMATION ON CHARTER SCHOOLS.—

(a) The Department of Education shall provide information to the public, directly and through sponsors, on how to form and operate a charter school and how to enroll in a charter school once it is created. This information shall include the standard application form, standard charter contract, standard evaluation instrument, and standard charter renewal contract, which shall include the information specified in subsection (7) and shall be developed by consulting and negotiating with both sponsors and school districts and charter schools before implementation. The charter and charter renewal contracts shall be used by charter school sponsors.

(b)1. The Department of Education shall report to each charter school receiving a school grade pursuant to s. 1008.34 or a school improvement rating pursuant to s. 1008.341 the school’s student assessment data.

2. The charter school shall report the information in subparagraph 1. to each parent of a student at the charter school, the parent of a child on a waiting list for the charter school, the parent of a child on a waiting list for the charter school, the sponsor district in which the charter school is located, and the governing board of the charter school. This paragraph does not abrogate the provisions of s. 1002.22, relating to student records, or the requirements of 20 U.S.C. s. 1232g, the Family Educational Rights and Privacy Act.

(25) LOCAL EDUCATIONAL AGENCY STATUS FOR CERTAIN CHARTER SCHOOL SYSTEMS.—

(a) A charter school system’s governing board shall be designated a local educational agency for the purpose of receiving federal funds, the same as though the charter school system were a school district, if the governing board of the charter school system has adopted and filed a resolution with the Department of Education in which the governing board of the charter school system accepts the full responsibility for all local education agency requirements and the charter school system meets all of the following:

1. Has all schools located in the same county;

2. Has a total enrollment exceeding the total enrollment of at least one school district in the state; and

3. Has the same governing board.

Such designation does not apply to other provisions unless specifically provided in law.

(28) RULEMAKING.—The Department of Education, after consultation with sponsors school districts and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit the procedures.

Section 2. Paragraph (a) of subsection (1) of section
1111 1003.493, Florida Statutes, is amended to read:
1112 1003.493 Career and professional academies and career-
1113 themed courses.—

(1) (a) A "career and professional academy" is a research-
1115 based program that integrates a rigorous academic curriculum
1116 with an industry-specific curriculum aligned directly to
1117 priority workforce needs established by the local workforce
1118 development board or the Department of Economic Opportunity.
1119 Career and professional academies shall be offered by public
1120 schools and school districts. Career and professional academies
1121 may be offered by charter schools. The Florida Virtual School is
1122 encouraged to develop and offer rigorous career and professional
1123 courses as appropriate. Students completing career and
1124 professional academy programs must receive a standard high
1125 school diploma, the highest available industry certification,
1126 and opportunities to earn postsecondary credit if the academy
1127 partners with a postsecondary institution approved to operate in
1128 the state.

Section 3. This act shall take effect July 1, 2021.
I. **Summary:**

SB 1656 modifies how funds are used in the Lawton Chiles Endowment Fund (LCEF). Specifically, the bill:

- Requires annually by October 31, the Chief Financial Officer (CFO) to certify the amount that reverts to the LCEF principal.
- Specifies that the CFO must transfer 50 percent of any reverted funds by December 1 to the Board of Trustees (BOT) of the University of South Florida (USF).
- Requires the BOT to expend any funds received to conduct and support cardiovascular disease research at the USF Health Heart Institute.
- Allows the BOT to use funds for annual operating costs, and for recruiting, retaining, and equipping researchers.
- Prohibits the BOT from pledging any funds to secure debt.

The bill also requires the CFO to notify the BOT annually by December 1 that, if there is no reverted balance in that year, a balance transfer will not occur.

The bill has no fiscal impact on state revenues or expenditures. However, if unappropriated funds are transferred to USF rather than back to the LCEF, it may impact the fund’s balance. See Section V.

The bill takes effect on July 1, 2021.
II. Present Situation:

State Board of Administration

The State Board of Administration (SBA) is created by the Florida Constitution and is governed by a three-member Board of Trustees (Trustees), comprised of senior elected officials; the Governor as Chair, the Chief Financial Officer, and the Attorney General.

The Trustees, by law, have ultimate oversight. They delegate authority to the Executive Director, who serves as the chief administrative and investment officer, by administrative rule to provide the strategic direction and execution of the day-to-day operations.

The SBA is an apolitical organization with a professional investment management staff and is required to invest assets and discharge its duties in accordance with Florida law and in compliance with fiduciary standards of care. Under state law, the SBA and its staff are obliged to:

- Make sound investment management decisions that are solely in the interest of beneficiaries and investment clients.
- Make investment decisions from the perspective of subject-matter experts acting under the highest standards of professionalism and care, not merely as well-intentioned persons acting in good faith.

As a fiduciary, the SBA manages assets and provides administrative services that maximize the return on investments while prudently managing risk, controlling costs and providing appropriate diversification. The SBA is primarily responsible for investing the proceeds of the Florida Retirement System Pension Plan, administering the Florida Retirement Investment Plan, managing the Florida Hurricane Catastrophe Fund and running Florida PRIME as well as investing the proceeds of more than 25 other funds directed to the SBA by the Florida Legislature. The Lawton Chiles Endowment Fund (LCEF) is one of those funds.

Lawton Chiles Endowment Fund (LCEF)

Created by the Florida Legislature in 1999, the purpose of the LCEF is to provide a perpetual source of enhanced funding for state children’s health programs, child welfare programs, children’s community-based health and human services initiatives, elder programs, and biomedical research activities related to tobacco use.¹³

The SBA has the statutory authority and responsibility for the investment of LCEF assets.¹⁴ Florida law specifies that the LCEF must be managed in perpetuity, with an investment objective of long-term preservation of the real value of the principal.¹⁵ The law further requires a specified regular annual cash outflow for appropriation, as nonrecurring revenue.¹⁶

The LCEF receives money from the sale of the state’s right, title, and interest in and to the tobacco settlement agreement as defined in law.¹⁷

Funds from the LCEF which are available for legislative appropriation must be transferred by the SBA to the Department of Financial Services Tobacco Settlement Clearing Trust Fund.¹⁸ Appropriations by the Legislature to the Department of Children and Families, the Department of Health, or the Department of Elderly Affairs from endowment earnings for health and human services programs must be deposited into each department’s respective Tobacco Settlement Trust Fund as appropriated.¹⁹

State agencies must use distributions from the endowment to enhance or support increases in clients served or to meet increases in program costs in health and human services program areas. Funds distributed from the endowment may not be used to supplant existing revenues.²⁰ All unencumbered balances of appropriations from each department’s respective Tobacco Settlement Trust Fund as of June 30 or undisbursed balances as of September 30 must revert to the endowment’s principal.²¹

The table below illustrates the funds available, appropriated, and expended in the Tobacco Settlement Trust Fund for the 2019-2020 fiscal year. During the 2019-2020 fiscal year, $1.9M of the appropriated funds were not expended.

**University of South Florida (USF) Health Heart Institute**

The USF Health Heart Institute conducts basic, translational, and clinical research and provides patient care related to cardiovascular diseases. At its core, the Institute’s research activities address the root causes of cardiovascular diseases, such as coronary artery disease, heart failure, congenital heart disease, cardiac arrhythmias, peripheral vascular disease, and renal, metabolic and pulmonary disease as they relate to the heart. The Institute translates knowledge gained across these domains into novel therapeutics and diagnostics to improve treatment and quality of life.

Cardiovascular disease is highly prevalent in the population. When defined as coronary artery disease, heart failure, stroke, and hypertension, the prevalence of cardiovascular disease ranges from 34 percent to 71 percent of the U.S. population from the ages of 40 to 70 years. Cardiovascular disease causes more deaths in the U.S. than any other disorder, including cancer, diabetes, and Alzheimer’s disease. Despite advances in controlling major risk factors, such as smoking cessation and high-fat diets, atherosclerotic coronary heart disease, the major cause of heart attacks remains the most common cause of the cardio-vascular diseases in the United States.

III. **Effect of Proposed Changes:**

SB 1656 amends s. 215.5601, F.S., to modify how funds are used in the Lawton Chiles Endowment Fund (LCEF). The modifications made by the act may provide additional targeted research funding for cardiovascular disease at the University of South Florida (USF) Health Heart Institute. Specifically, the bill:

- Requires annually by October 31, the Chief Financial Officer (CFO) to certify the amount that reverts to the LCEF principal.
- Specifies that, if a balance reverts in any year, the CFO must transfer 50 percent of the reverted funds by December 1 to the Board of Trustees (BOT) of USF.
- Requires the BOT to first expend any funds received to conduct and support cardiovascular disease research at the USF Health Heart Institute.
- Allows the BOT to use funds for annual operating costs, and for recruiting, retaining, and equipping researchers engaged in cardiovascular research.
- Prohibits the BOT from pledging any funds to secure debt.

The bill also requires the CFO to notify the BOT annually by December 1 that, if there is no reverted balance in that year, a balance transfer will not occur.

The bill takes effect on July 1, 2021.

IV. **Constitutional Issues:**

A. Municipality/County Mandates Restrictions:

V. **Fiscal Impact Statement:**

A. Tax/Fee Issues:

   None.
B. Private Sector Impact:

Additional funding for cardiovascular disease research may benefit Florida citizens.

C. Government Sector Impact:

The bill has no fiscal impact on state revenues or expenditures. However, if unappropriated funds are transferred to USF rather than back to the Lawton Chiles Endowment Fund (LCEF), it may impact the fund’s balance.

VI. Technical Deficiencies:

A bill to be entitled An act relating to the Lawton Chiles Endowment Fund; amending s. 215.5601, F.S.; requiring the Chief Financial Officer to annually certify the amount of unencumbered and undisbursed endowment funds which revert to the endowment’s principal by a specified date; allocating a portion of the reverted funds to the board of trustees of the University of South Florida; requiring that such funds be used to support the university’s Health Heart Institute; providing conditions for the use of the funds; prohibiting the funds from being used to secure debt; requiring the Chief Financial Officer to notify the university’s board of trustees if a balance transfer will not occur during a given year; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (e) of subsection (5) of section 215.5601, Florida Statutes, is amended to read:

215.5601 Lawton Chiles Endowment Fund.—
(5) AVAILABILITY OF FUNDS; USES.—
(e) Notwithstanding s. 216.301 and pursuant to s. 216.351, all unencumbered balances of appropriations from each department’s respective Tobacco Settlement Trust Fund as of June 30 or undisbursed balances as of September 30 shall revert to the endowment’s principal. Unencumbered balances in the Biomedical Research Trust Fund shall be managed as provided in s. 20.435(7)(b). By October 31, annually, the Chief Financial Officer must certify the amount that reverts to the endowment’s principal. If a balance reverts in any year, not including the Biomedical Research Trust Fund, the Chief Financial Officer must transfer 50 percent of the certified reverted balance by warrant by December 1 of that year to the board of trustees of the University of South Florida. The board of trustees must first expend any funds received pursuant to this paragraph to conduct and support cardiovascular disease research at the University of South Florida Health Heart Institute and may also use the funds for the annual operating costs of recruiting, retaining, and equipping researchers engaged in cardiovascular disease research and any other lawful uses of funds authorized under the university’s annual Education and General Activities appropriation in the General Appropriations Act. The board of trustees may not pledge any of the funds received pursuant to this paragraph to secure debt. If the Chief Financial Officer certifies that there is no reverted balance in any year, the Chief Financial Officer must notify the board of trustees of the University of South Florida by December 1 that a balance transfer pursuant to this paragraph will not occur that year.

Section 2. This act shall take effect July 1, 2021.
I. Summary:

SB 1282 modifies the administration of the Voluntary Prekindergarten Education Program (VPK) and the school readiness program and reorganizes the regulatory structure of the Office of Early Learning to consolidate authority and oversight within the State Board of Education. The bill also transfers the Gold Seal Quality Care program to the Department of Education (DOE) from the Department of Children and Families and adds standards for accrediting entities. The bill expands accountability and assessment requirements for VPK providers. Specifically, the bill requires:

- A coordinated screening and progress monitoring program (CSPM) for students in VPK through grade 3 to provide information on students' progress in mastering the appropriate grade-level standards to parents, teachers, and school and program administrators.
- Beginning in the 2021-2022 program year, a program assessment composite score for each VPK provider based on the results of a program assessment that measures the quality of teacher-child interactions, including emotional and behavioral support, engaged support for learning, classroom organization, and instructional support for children ages 3 to 5 years, in each VPK classroom.
- A performance metric that provides a score to each VPK provider based on the results of the CSPM, including learning gains, and the program assessment, beginning in the 2022-2023 program year.
- The assignment of a performance designation for VPK providers beginning with the 2023-2024 program year.

The bill creates the Council for Early Grade Success within the DOE to oversee the CSPM and requires the new screenings and assessments to be administered by qualified individuals.

The bill modifies the market rate schedule paid to school readiness providers to require a market rate schedule based on the prevailing market rate.
The bill appropriates $3,088,000 in recurring funds from the General Revenue Fund to the DOE to implement the coordinated screening and progress monitoring program for VPK and kindergarten students beginning in Fiscal Year 2022-2023. The bill also appropriates $677,759 recurring funds to implement the VPK program assessment and $100,000 in nonrecurring funds to contract for a review of the school readiness payment rates.

The bill takes effect upon becoming law.

II. Present Situation:

State Level Governance

State Board of Education

The State Board of Education (SBE)\(^1\) is the chief implementing and coordinating body of public education in Florida and is authorized to adopt rules to implement the provisions of law conferring duties upon the SBE to improve the state system of K-20 public education, except for the state university system. The SBE has authority over the Department of Education (DOE) and is authorized to delegate the SBE’s general powers to the Commissioner of Education (commissioner) or the directors of the divisions of the DOE.\(^2\)

Department of Education

The DOE is the administrative and supervisory agency under the implementation direction of the SBE.\(^3\) The commissioner is appointed by the SBE and serves as the executive director of the DOE.\(^4\) The DOE includes the Office of Early Learning (OEL), which is administered by an executive director who is fully accountable to the commissioner.\(^5\)

Office of Early Learning

The OEL oversees three programs—the school readiness program, the Voluntary Prekindergarten Education Program (VPK), and child care resource and referral services\(^6\)—and an annual budget of $1.37 billion.\(^7\) The OEL is the lead agency in Florida for administering the federal Child Care and Development Block Grant Trust Fund (CCDF).\(^8\) The OEL adopts rules as required for the establishment and operation of the school readiness program and the VPK program.\(^9\) The executive director of the OEL is responsible for administering early learning programs at the state level. The OEL administers statewide the child care resource and referral (CCR&R) network, which provides information about state-funded early learning programs,

provides families with a customized listing of child care providers, and is used to document requests for services and provide technical assistance to providers regarding initiating or expanding services and program and budget development.\textsuperscript{10}

The OEL employs an inspector general, as required by law, to promote accountability, integrity, and efficiency in the administration of early learning programs.\textsuperscript{11} Statutory duties of the inspector general include the duty to advise the OEL in the development of performance measures, standards, and procedures employed by the OEL.\textsuperscript{12}

**Early Learning Coalitions**

The OEL governs the day-to-day operations of statewide early learning programs and administers federal and state child care funds. Across the state, 30 regional early learning coalitions (ELCs) and the Redlands Christian Migrant Association are responsible for delivering local services, including the VPK program and the school readiness program.\textsuperscript{13} Each ELC is governed by a board of directors comprised of various stakeholders and community representatives.\textsuperscript{14} The SBE does not have authority over ELCs, and early learning data is not collected in the K-20 student database as part of the management information databases governed by the SBE.\textsuperscript{15}

**Child Care Executive Partnership Program**

A body politic and corporate known as the Child Care Executive Partnership governs the Child Care Executive Partnership (CCEP) Program.\textsuperscript{16} The purpose of the CCEP Program is to use state and federal funds as incentives for matching local funds derived from local governments, employers, charitable foundations, and other sources so that Florida communities may create local flexible partnerships with employers. The CCEP Program funds are used at the discretion of local communities to meet the needs of working parents.\textsuperscript{17} The CCEP Program was not funded in the 2020 fiscal year.\textsuperscript{18}

**The Voluntary Prekindergarten Education Program**

The Florida Constitution requires the State to provide every four-year old child a high quality pre-kindergarten learning opportunity in the form of an early childhood development and education program which must be voluntary, high quality, free, and delivered according to

professionally accepted standards. In 2004, the State established a free VPK program offered to eligible four-year-old children. Parents may choose either a school-year or summer program offered by either a public or private school. $412.2 million was appropriated from General Revenue for the VPK program in the 2020 General Appropriations Act. During the 2019-2020 academic year, the VPK program served 156,956 students.

ELCs and school districts administer the VPK program at the county or regional level. Each ELC is the single point of entry for VPK program registration and enrollment in the coalition’s county or multi-county service area. A local ELC must coordinate with the local school district in the ELC’s service area to develop procedures for enrolling children in public school VPK programs.

The OEL adopts procedures governing the administration of the VPK program for ELCs and school districts, including procedures for:
- Enrolling children and documenting and certifying student enrollment and student attendance.
- Providing parents with profiles of VPK providers.
- Registering private prekindergarten providers and public schools to deliver the program.
- Determining the eligibility of private prekindergarten providers to deliver the program and streamlining the process of provider eligibility whenever possible.
- Verifying the compliance and removing VPK providers from eligibility to deliver the program due to noncompliance or misconduct.
- Placing schools on probation and requiring corrective actions.
- Paying VPK providers.
- Reconciling advance payments in accordance with the uniform attendance policy.
- Reenrolling students dismissed by a VPK provider for noncompliance with the VPK provider’s attendance policy.
- Approving improvement plans.
- Approving and paying specialized instructional services providers.

The OEL consults with the DOE regarding procedures implemented by ELCs and school districts for administering corrective action to VPK providers and administering the VPK program for specialized instructional services for children with disabilities.

19 Art. IX, s. 1(b), Fla. Const. An early childhood development and education program means an organized program designed to address and enhance each child's ability to make age appropriate progress in an appropriate range of settings in the development of language and cognitive capabilities and emotional, social, regulatory and moral capacities through education in basic skills and such other skills as the Legislature may determine to be appropriate.

**VPK Instructor Requirements**

A VPK provider offering a school-year VPK program must have, for each class, at least one instructor with: 28

- A Child Development Associate (CDA) issued by the National Credentialing Program of the Council for Professional Recognition; or
- A credential approved by the Department of Children and Families (DCF) as being equivalent to or greater than the CDA; and
- Five clock hours of training in emergent literacy and successful completion of a student performance standards training course.

An instructor in a school-year VPK program implemented by a public school district must meet the same qualifications that are required of a private VPK program instructor, in addition to standard employment requirements for all instructional personnel in public schools. 29 A school-year VPK provider must have a second adult instructor for each class of 12 or more students; however, the second instructor is not required to meet the same qualifications as the lead instructor. 30

In lieu of the minimum credentials listed above, a private VPK program instructor may hold: 31

- An associate’s or higher degree in child development;
- An associate’s or higher degree in an unrelated field, at least six credit hours in early childhood education or child development, and at least 480 hours of teaching or providing child care services for children any age from birth through eight years of age;
- A bachelor’s or higher degree in early childhood education, prekindergarten or primary education, preschool education, or family and consumer science;
- A bachelor’s or higher degree in elementary education, if the instructor has been certified to teach children any age from birth through grade 6, regardless of whether the educator certificate is current; or
- An educational credential approved by the OEL as being equivalent to or greater than any of these educational credentials.

The OEL sets minimum standards for emergent literacy training courses for VPK instructors. Each course must be at least five clock hours long and provide strategies and techniques regarding the age-appropriate progress of prekindergarten students in developing emergent literacy skills. Each emergent literacy course must also provide strategies for helping students with disabilities and other special needs maximize their benefit from the VPK program. 32

31 Section 1002.55(4), F.S.

32 Section 1002.59(1), F.S.
Each course on performance standards must be at least three clock hours, provide instruction in strategies and techniques to address age-appropriate progress of each child in attaining the standards, and be available online.\textsuperscript{33}

\textit{VPK Performance Standards}

The OEL develops and adopts performance standards for students in VPK programs. The performance standards must address the age-appropriate progress of students in the development of:

\begin{itemize}
  \item The capabilities, capacities, and skills required in the development of language and cognitive capabilities and emotional, social, regulatory and moral capacities.
  \item Emergent literacy skills, including oral communication, knowledge of print and letters, phonemic and phonological awareness, and vocabulary and comprehension development.
\end{itemize}

Each VPK provider’s curriculum must be developmentally appropriate, designed to prepare a student for early literacy, enhance age-appropriate student progress in attaining state-adopted performance standards, and prepare students to be ready for kindergarten based on the statewide kindergarten screening.\textsuperscript{35}

\textit{Statewide Kindergarten Readiness Screening}

The DOE has adopted a statewide kindergarten readiness screening, the Florida Kindergarten Readiness Screener (FLKRS),\textsuperscript{36} and requires each school district to administer the statewide kindergarten readiness screening within the first 30 days of each school year.\textsuperscript{37} The screening must measure a child’s readiness for kindergarten in eight domains: physical development; approaches to learning; social and emotional development; language and literacy; mathematical thinking; scientific inquiry; social studies; and creative expression through the arts.\textsuperscript{38}

Kindergarten student scores on the FLKRS administered during the first 30 days of the school year must demonstrate a score of at least 500 on the Star Early Literacy assessment to be considered “ready for kindergarten.” For the fall 2019 administration of FLKRS, 53 percent of 190,805 kindergarten students were designated as “ready for kindergarten.”\textsuperscript{39}

\textsuperscript{33} Section 1002.59(2), F.S.
\textsuperscript{34} Section 1002.67, F.S.; Art. IX, s. 1(b), Fla. Const.

Kindergarten Readiness Rate

The OEL annually calculates a kindergarten readiness rate for each VPK provider based on results of the annual screening. The readiness rates are expressed as the percentage of children whose scores demonstrate readiness for kindergarten. The methodology for calculating the readiness rate must include student learning gains, when available, based on a VPK preassessment and postassessment, known as the “Florida VPK Assessment.” The OEL must determine learning gains using a value-added measure based on growth demonstrated by the results of the Florida VPK Assessment from at least two successive years of administration.

The DOE launched a VPK progress monitoring pilot program by permitting, beginning in January 2021 and continuing through the 2021-2022 school year, up to 1,900 VPK providers to access the assessment used for the statewide kindergarten screening. The DOE allocated $2.9 million from the CARES Act funds for the program.

The DOE allocated $18 million of the Child Care Development and Block Grant Fund from the CARES Act to implement summer programs for rising kindergarten students identified with limited language and emergent literacy skills as determined by the VPK assessments and teacher recommendations.

VPK Provider Probation and Corrective Action

At least 60 percent of a VPK provider’s students must meet the “ready for kindergarten” score on the screening in order for the provider to avoid probationary status. Providers that do not meet the minimum readiness rate are placed on probation. An ELC or school district must require a VPK provider that falls below the minimum kindergarten readiness rate to:

- Submit for approval and implement an improvement plan;
- Place the provider or school on probation; and
- Take certain corrective actions, including the use of an OEL-approved curriculum or an OEL approved staff development plan to strengthen instruction in language development and phonological awareness.

Out of 126,238 students who completed the VPK program, 63 percent were “ready for kindergarten” in the fall of 2019. Of 6,611 rated VPK providers, 2,175 failed to meet the minimum rate. Of these 2,175 providers, 2,201 remained on probation.

A VPK provider on probation and failing to meet the minimum readiness rate for two consecutive years must be removed from eligibility to provide the VPK program for 5 years; unless the provider receives from the OEL a good cause exemption.

**Good Cause Exemption**

A VPK provider on probation and failing to meet the minimum readiness rate for two consecutive years must be removed from eligibility to provide the VPK program for 5 years; unless the provider receives a good cause exemption. A VPK provider must submit a request for a good cause exemption to OEL for review and approval. The request must include:

- Data which documents student achievement and learning gains, as measured by a state-approved pre- and post-assessment.
- Data available from the respective ELC or district school board, the DCF, local licensing authority, or an accrediting association, as applicable, relating to the provider’s compliance with state and local health and safety standards.
- Data available to the OEL on the performance of the children served and the calculation of the provider’s kindergarten readiness rate.

A VPK provider that receives a good cause exemption must continue to implement its improvement plan and take corrective actions until the provider meets the minimum kindergarten readiness rate. The OEL must notify the applicable ELC of the good cause exemption, which remains valid for one year, and may be renewed upon request by the VPK provider.

A good cause exemption may not be granted to any VPK provider that has any class I violations or two or more class II violations within the two years preceding the provider’s request for an exemption. Additionally, if a provider refuses to comply with program requirements or engages

in misconduct, the OEL must require the ELC or district school board to remove the provider from eligibility to deliver the VPK program for a period of five years.\(^{59}\)

**The School Readiness Program**

The school readiness program provides subsidies for child care services and early childhood education for children of low-income families, children in protective services who are at risk of abuse, neglect, or abandonment, and children with disabilities.\(^{60}\) The school readiness program offers financial assistance for child care to support working families and children to develop skills for success in school and provides developmental screening and referrals to health and education specialists where needed.\(^{61}\) To participate in the school readiness program, a provider must execute a school readiness contract.\(^{62}\) During the 2019-2020 academic year, 6,932 school readiness providers served 211,711 children enrolled in a school readiness program.\(^{63}\)

**Program Assessment**

The OEL is required to adopt a program assessment for school readiness program providers that measures the quality of teacher-child interactions, including emotional and behavioral support, engaged support for learning, classroom organization, and instructional support for children ages birth to five years.\(^{64}\) The OEL has selected the Teachstone Classroom Assessment Scoring System (CLASS) Assessment Tool as the program assessment, and requirements for observations and observers are provided in the Program Assessment Requirements Handbook.\(^{65}\) CLASS observations must be provided by each ELC annually and observers who administer the CLASS must be certified for the age group of the classroom being observed. Certification is achieved by completing and passing all trainings and assessments required by Teachstone to conduct a CLASS observation; only ELC staff, OEL vendors, or ELC designees may conduct an observation.\(^{66}\)

All school readiness providers must receive an annual program assessment and meet the required minimum program assessment composite score prior to executing a school readiness contract.\(^{67}\) No providers failed to earn the minimum program assessment score for eligibility to contract to deliver the school readiness program for the 2019-2020 program year.\(^{68}\)

\(^{68}\) Email, Florida Department of Education (Dec. 15, 2020).
The OEL has adopted a differential payment program based on quality measures of school readiness providers. The differential payment may not exceed a total of 15 percent for each care level and unit of child care for a child care provider. No more than five percent of the 15 percent total differential may be provided to providers who submit valid and reliable data to the statewide information system in the domains of language and executive functioning using a child assessment. Providers who fail to attain a minimum composite score on the program assessment are ineligible for a differential payment.

**School Readiness Funding**

Funding for the school readiness program is allocated among the ELCs according to law and the General Appropriations Act. The school readiness program is funded primarily by the CCDF block grant. State, federal, and local matching funds provided to an ELC for purposes of the school readiness program must be used for implementation of its approved school readiness program plan, including the hiring of staff to effectively operate the school readiness program.

For Fiscal Year 2020-2021, a total of $895.9 million was appropriated for the school readiness program from state and federal funds.

**Contracted Slots**

The OEL is required to adopt a standard statewide provider contract to be used with each school readiness program provider. The standard statewide contract must include minimum statutory requirements, such as contracted slots and provisions for provider probation and termination. A school readiness child care slot is the number of school readiness paid child care slots filled during a month of service. The standard statewide provider contract provides an option for school readiness providers to participate in a Contracted Slots Program whereby a provider agrees to reserve a specified number of slots determined necessary by the ELC in return for a higher reimbursement rate.

If an ELC participates in the Contracted Slots Program, and the ELC determines a provider is eligible for the program, then the coalition may reimburse the provider up to ten percent above the 75th percentile of the market rate.

Gold Seal Quality Care Program

The DCF is responsible for enforcing compliance with licensing standards by child care facilities, including large family child care homes and family day care homes.\textsuperscript{80}

The DCF also adopts rules to administer the GSQC Program.\textsuperscript{81} A GSQC designation entitles a school readiness provider to a rate differential at 20 percent above the ELC’s approved reimbursement rate.\textsuperscript{82} The law disqualifies child care facilities from accreditation if they receive a specified maximum number of Class I, II, or III violations within the two-year period preceding the application for accreditation.\textsuperscript{83}

Educational materials, such as glue, paper, paints, crayons, unique craft items, scissors, books, and educational toys purchased by a licensed child care facility that meets minimum statutory standards, holds a current GSQC designation, and provides basic health insurance to all employees are exempt from sales, rental, use, consumption, distribution, and storage tax.\textsuperscript{84} A licensed or legally exempt child care facility that achieves GSQC status is an educational institution exempt from ad valorem tax.\textsuperscript{85}

Currently, 1,883 child care facilities, large family child care homes, and family day care homes possess a GSQC designation.\textsuperscript{86}

Market Rate

The OEL is required to establish procedures for the adoption of a market rate schedule for the school readiness program. The schedule must include, at a minimum, county-by-county rates, differentiated by type of child care provider and the type of child care services provided. Rates must be differentiated for the types of providers by:\textsuperscript{87}

- The minimum and the maximum rates for child care providers that hold a Gold Seal Quality Care (GSQC) designation.
- Child care providers that do not hold a GSQC designation.
- Licensed child care facilities.
- Public or nonpublic schools exempt from licensure.
- Faith-based child care facilities exempt from licensure.
- Licensed large family child care homes.
- Licensed or registered family day care homes.

\textsuperscript{80} Section 402.305, F.S. Certain child care facilities which are an integral part of a church or specified parochial school are exempt from licensing standards. Section 402.316, F.S.

\textsuperscript{83} Section 402.281, F.S. DCF rules governing child care facilities define Class I, II, and III violations, which are designated in ascending order of severity, for noncompliance with minimum licensing standards of child care facilities. Rule 65C-20.012, F.A.C.
\textsuperscript{84} Section 212.08, F.S.
\textsuperscript{85} Section 402.26, F.S.
\textsuperscript{87} Section 1002.895, F.S.
The market rate schedule must also differentiate rate by the type of child care services provided, including services provided for: 88
- Children with special needs or risk categories.
- Infants, toddlers, preschool-age children, and school-age children.
- Full-time and part-time child care.

Reimbursement rates for school readiness providers are paid based on a child’s care level and unit of care as defined by the ELC’s approved provider rate schedule for the county in which the provider’s facility is located. 89 ELCs are required to consider the market rate schedule in the adoption of a payment schedule.

The payment schedule must consider the average market rate, include the projected number of children to be served, and be submitted for approval by the OEL. Informal child care arrangements may be reimbursed at no more than 50 percent of the rate adopted for a family day care home. 90

The 2019 market rate report includes a state summary that reflects market rates by provider type and service type. For example, the average market rate in the state for GSQC designated private child care centers was $42.01 for services provided to infants. 91 The 75th percentile rate for the same services was $48.26. 92 The reimbursement rate for GSQC designated private centers was $36.00. For private centers without a GSQC designation, the average market rate was $36.71 for services provided to infants, and the 75th percentile rate was $40.00, and the reimbursement rate was $30.00. 93

**Research-Based Reading Allocation**

The state allocates funding to school districts for research-based reading instruction to students in kindergarten through grade 12. 94 Funds must be used to provide a system of comprehensive reading instruction to students enrolled in kindergarten through grade 12, including: 95
- An additional hour of intensive reading instruction beyond the normal school day for students in the 300 lowest-performing elementary schools.
- Reading intervention teachers and reading coaches.
- Professional development for teachers to earn a certification or an endorsement in reading.

Intensive interventions for students in kindergarten through grade 12 who have been identified as having a reading deficiency or who are reading below grade level as determined by the statewide, standardized ELA assessment.

District school boards must develop reading plans which detail the specific uses of the research-based reading instruction allocation.\textsuperscript{97} The plans must be annually submitted to the DOE for approval and provide for intensive reading interventions through integrated curricula that incorporate strategies identified by the JRFO and are delivered by a teacher who is certified or endorsed in reading.\textsuperscript{98} The DOE monitors and tracks the implementation of each district plan and collects specific data on expenditures and reading improvement results.\textsuperscript{99} By February 1 of each year, the DOE reports its findings to the Legislature.\textsuperscript{100}

\section*{III. Effect of Proposed Changes:}

SB 1282 modifies the administration of the Voluntary Prekindergarten Education Program (VPK) and the school readiness program and reorganizes the regulatory structure of the Office of Early Learning (OEL) to consolidate authority and oversight within the State Board of Education (SBE). The bill also transfers the Gold Seal Quality Care program to the Department of Education (DOE) from the Department of Children and Families and adds standards for accrediting entities.

The bill expands accountability and assessment requirements for VPK providers. Specifically, the bill requires:

\begin{itemize}
\item A coordinated screening and progress monitoring program (CSPM) for students in VPK through grade 3 to provide information on students' progress in mastering the appropriate grade-level standards to parents, teachers, and school and program administrators.
\item Beginning in the 2021-2022 program year, a program assessment composite score for each VPK provider based on the results of a program assessment that measures the quality of teacher-child interactions, including emotional and behavioral support, engaged support for learning, classroom organization, and instructional support for children ages three to five years, in each VPK classroom.
\item A performance metric that provides a score to each VPK provider based on the results of the CSPM, including learning gains, and the program assessment, beginning in the 2022-2023 program year.
\item The assignment of a performance designation for VPK providers beginning with the 2023-2024 program year.
\end{itemize}

\textsuperscript{96} All students in kindergarten through grade 2 who demonstrate a reading deficiency as determined by district and state assessments, and students in grades 3 through 5 who score at Level 1 on the statewide, standardized English Language Arts assessment. The bill creates the Council for Early Grade Success (Council) within the DOE to oversee the CSPM and requires the new screenings and assessments to be administered by qualified individuals.

The bill modifies the market rate schedule paid to school readiness providers to require a market rate schedule based on the prevailing market rate.

**State Level Governance**

The bill shifts regulatory authority over the early learning system from the OEL to the SBE and the DOE and repeals the Child Care Executive Partnership Program. The bill makes conforming changes throughout Florida law and re-designates:

- The K-20 education system as the Early Learning-20 education system.
- The K-20 Education Code as the Early Learning-20 Education Code.
- The OEL as the Division of Early Learning.
- The K-20 data warehouse as the education data warehouse.

**State Board of Education**

The bill adds responsibilities for the SBE in the administration of early learning programs, including the responsibility to oversee the performance of Early Learning Coalitions (ELCs). The conforming changes in the bill that transform the K-20 public education system into the Early Learning-20 public education system confer general rulemaking authority to the SBE for the improvement of the early learning system. The bill extends SBE oversight and enforcement authority, including the authority of the SBE to withhold funds, to ELCs. The bill also transfers specific rulemaking authority to the SBE for various duties formerly assigned to the OEL.

The bill also requires early learning data, which is currently not part of the K-20 education data warehouse, to be included in the management information system databases overseen by the SBE in conjunction with the Florida Board of Governors.

**Department of Education**

The bill requires the DOE to assume responsibilities for executing processes governing the administration of early learning programs that were formerly assigned to the OEL, including the adoption of performance standards for students and instructors in early learning programs. The bill also requires the DOE to adopt performance standards and outcome measures for ELCs that, at a minimum, include the development of objective customer service surveys that must be deployed to:

- Customers who use the statewide child care resource and referral network (CCR&R).
- Parents at the time of eligibility determination.
- Child care providers that participate in the school readiness program or the VPK program at the time of execution of the statewide provider contract.
- Board members of ELCs.

**Early Learning Coalitions**

The bill brings ELCs under SBE and DOE oversight authority. Specifically, the bill:
• Requires the results of the customer service surveys of ELCs to be based on a statistically significant sample size and calculated annually for each ELC and included in the DOE’s annual report.

• Requires the DOE, beginning in 2022-2023 fiscal year, to place an ELC on a one-year corrective action plan if its customer satisfaction survey results fall below 60 percent, and authorizes the DOE to remove the ELC’s eligibility, contract out, or merge the ELC to administer early learning programs if the ELC does not improve through corrective action.

• Requires the DOE to adopt procedures for merging ELCs for failure to meet the requirements for delivering early learning programs, including procedures for the consolidation of merging coalitions that minimizes duplication of programs and services due to the merger, and for the early termination of the terms of the coalition members which are necessary to accomplish the mergers.

• Authorizes the SBE to impose sanctions against ELCs that the SBE may impose against district school boards under existing law.

The bill also modifies the membership requirements of ELCs. Specifically, the bill:

• Removes the requirement that ELCs appoint a central agency administrator, where applicable.

• Authorizes, in the absence of a governor-appointed chair, the commissioner to appoint an interim chair from the current ELC board membership.

• Adds to the requirement of existing law that each ELC include a children’s services council or juvenile welfare board chair or executive director to additionally require that each ELC must include a children’s services council or juvenile welfare board chair or executive director from each county within the ELC’s jurisdiction.

• Clarifies that a Department of Children and Families (DCF) child care regulation representative may serve as an alternative to the required member who also serves as an agency head.

• Authorizes an ELC to request an alternate ELC member who meets the same qualifications or membership requirements of a member who the ELC determines is not participating.

• Authorizes ELCs to appoint additional members who are independent private sector business members.

• Requires each ELC to complete an annual evaluation of the ELC’s executive director or chief executive officer on forms adopted by the DOE. The annual evaluation must be submitted to the commissioner by June 30 of each year.

**The Voluntary Prekindergarten Education Program**

The bill transfers to the DOE the requirements for the OEL to adopt rules for VPK administration by ELCs and school districts. For example, the bill requires the DOE to adopt procedures for distributing funds to ELCs. The bill also modifies performance standards for VPK providers, instructors, and students.

The bill adds to the list of eligible VPK providers:
• A nationally accredited child development program operating on a certified military installation, which may also demonstrate required liability coverage by affirming that it is subject to jurisdiction under the federal Tort Claims Act.101
• A private prekindergarten provider with a provisional child care facility license.

VPK Instructor Requirements

The bill also modifies requirements for VPK instructors and administrators by adding to the requirement that school districts give priority to teachers who have experience or coursework in early childhood education that the teachers must also have completed emergent literacy and performance standards courses. The bill also provides that:
• A VPK instructor in a class of 11 or less children must complete two additional emergent literacy training courses, for a total of three, and adds that they must include developmentally appropriate and experiential learning practices for children.
• The completion by a prekindergarten instructor of a student performance standards training course is not required until July 1, 2022, and the bill requires completion of the course to be recognized as part of the informal early learning career pathway and be available online or in person.
• A prekindergarten director credential must include training in the implementation of curriculum and usage of student level data to inform the delivery of instruction.
• The possession of a child care facility director credential completed before the later of the establishment of the prekindergarten director credential or July 1, 2006, no longer satisfies the requirement that a private VPK provider have a prekindergarten director who has a prekindergarten director credential.
• A certificate in educational leadership issued by the DOE to a private school administrator satisfies the requirement for a prekindergarten director credential.
• VPK curricula must support student learning gains through differentiated instruction as measured by the CSPM.

The bill modifies requirements for professional development training courses to require the DOE to make professional development courses available that train prekindergarten instructors and increase the competency of teacher-child interactions. Each course must be comprised of at least eight clock hours and be available online.

VPK Performance Standards

The bill modifies the performance standards for students in the VPK program and adds mathematical thinking and early math skills to the list of student skills required to be addressed in performance standards adopted by the DOE for the VPK program. The bill also:
• Adds early math skills to the required curricula of a VPK provider and the training courses that the DOE must adopt procedures for approving.
• Removes the requirement that performance standards be tied to the statewide kindergarten screening.

• Modifies the existing requirement that the OEL periodically review and revise the performance standards to require the DOE to review and revise the standards at least once every three years.

The bill repeals the existing statewide kindergarten readiness screening, but requires public schools to administer a statewide kindergarten screening in the 2021-2022 academic year within the first 30 school days and authorizes private schools to administer the statewide kindergarten screening.

**Coordinated Screening and Progress Monitoring**

The bill requires the Commissioner of Education (commissioner) to design a statewide, standardized CSPM to assess early literacy, dyslexia, and mathematics skills, and the English Language Arts and mathematics standards established in law.

Beginning in the 2022-2023 academic year, the bill requires all VPK and public school kindergarten students to participate in the CSPM within the first 30 days of enrollment, midyear, and within the last 30 days of the school year. The bill requires each parent who enrolls a child in VPK to allow the child to participate in the CSPM.

The bill establishes the purposes of the CSPM. Specifically, the bill requires the CSPM to:

• Provide interval level and norm-referenced data that measures equivalent levels of growth;
• Be a developmentally appropriate, valid and reliable direct assessment;
• Be able to capture data on students who may be performing below grade or developmental level and which may enable the identification of early indicators of dyslexia or other developmental delays;
• Accurately measure the core content in the applicable grade level standards;
• Document learning gains for the achievement of these standards; and
• Provide teachers with progress monitoring supports and materials that enhance differentiated instruction and parent communication.

The bill provides requirements for the use of data obtained from the administration of the CSPM. Specifically, the bill provides that the data from the CSPM must be used by VPK providers and school districts to improve instruction. The data must also be used by teachers to guide learning objectives and provide timely and appropriate supports and interventions to students not meeting grade level expectations.

The bill requires the results of the CSPM to be reported to the DOE for inclusion in the educational data warehouse and requires the DOE to use the data to:

• Identify student learning gains;
• Index development learning outcomes upon program completion relative to performance standards and representative norms; and
• Inform a provider’s performance metric.

The bill requires each VPK provider and public school to provide parents with screening or progress monitoring results within seven days.
Research-Based Reading Allocation

The bill requires any VPK student with a substantial early literacy deficiency to be referred to the local school district. The local school district may provide the student intensive reading intervention using the research-based reading allocation before the student’s participation in kindergarten. The bill also requires ELC and school district representatives to meet annually to develop strategies to transition students from VPK to kindergarten.

The bill modifies the research-based reading instruction allocation to require intensive reading instruction provided under the allocation to be evidence-based and supplemental instructional materials to be scientifically-researched and evidence-based. The bill defines “evidence-based” as demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes.

Council for Early Grade Success

The bill creates the Council for Early Grade Success (Council) and requires the commissioner to coordinate with the Council to develop a plan for implementation of the CSPM in consideration of the timelines for implementing new early literacy and mathematics skills and the English Language Arts and mathematics standards and the VPK program standards. The bill requires the commissioner to provide data, reports, and information as requested to the Council. The bill also provides that the Council be composed of 15 members, who must all be residents of the state, and include:

- Two members appointed by the Governor, to include:
  - One representative from the DOE.
  - One parent of a child who is four to nine years of age.
- Thirteen members appointed jointly by the President of the Senate and the Speaker of the House, to include one representative from each of the following:
  - An urban school district
  - A rural school district
  - An urban early learning coalition
  - A rural early learning coalition
  - An early learning provider
  - A faith-based early learning provider
  - A kindergarten teacher with at least five years of teaching experience
  - A second grade teacher with at least five years of teaching experience
  - A school principal
  - Four representatives with subject matter expertise in early learning, early grade success, or child assessments, who must not be direct stakeholders within the 67 early learning or public school systems or potential recipients of a contract resulting from the council’s recommendations.

The bill requires the Council to elect a chair and vice chair. The chair must be one of the four members with subject matter expertise and the vice chair must be a member appointed by the President of the Senate and Speaker of the House. The bill requires the Council to meet at least bi-annually in person or by teleconference to:
• Review the implementation of, training for, and outcomes of the CSPM and provide recommendations to the DOE to support grade-level reading by grade three.
• Identify appropriate personnel, processes, and procedures for administration of the CSPM.
• Continually review data and inform the DOE on recommendations to achieve grade level proficiency by grade three.
• Make recommendations to the DOE regarding the:
  o Methodology for calculating the performance metric and grading system for VPK providers.
  o Methodology for determining kindergarten readiness.
  o Age-appropriate learning gains by grade level required to demonstrate proficiency by grade 3.

**Performance Metric**

The bill requires the DOE to adopt a performance metric to measure the effectiveness of a VPK provider. For the 2020-2021 program year, the DOE must calculate the kindergarten readiness rate for each VPK provider based upon learning gains and the percentage of students who are assessed as ready for kindergarten.

The DOE must adopt a methodology for the performance metric beginning in the 2022-2023 program year. The performance metric must include:

• Program assessment composite scores weighted at no less than 50 percent.
• Learning gains from the initial and final progress monitoring results. The learning gains must be determined using a value-added measure based on growth demonstrated by the results of the pre-and post-assessment in use before the 2021-2022 program year.
• Norm-referenced developmental learning outcomes.

The bill requires the methodology for calculating the performance metric to include only prekindergarten students who have attended at least 85 percent of a VPK provider’s program as opposed to the current 75 percent attendance rate required for inclusion in the kindergarten readiness rate.

The methodology must also include a statistical latent profile analysis that has been conducted by an expert. The bill requires the contracted expert to:

• Have experience in relevant quantitative analysis, early childhood assessment, and designing state-level accountability systems.
• Produce an analysis that includes a limited number of program performance metric profiles that summarize all programs’ profiles that inform the assignment of designations of "unsatisfactory," "emerging proficiency," "proficient," "highly proficient," and "excellent" or comparable terminology determined by the SBE which may not include letter grades. The designation must be displayed as associated with delivery of the VPK program in the provider’s performance profile and accessible through the CCR&R.
• Confer with the Council in the development of the methodology.
• Also develop a methodology for determining a student’s readiness for kindergarten that must be assessed by the CSPM.
• Not have had a stake or financial interest in the design or delivery of the VPK program or public school system within the last five years.
Beginning in the 2023-2024 academic year, the DOE must calculate each VPK provider’s performance metric and designation within 45 days of the conclusion of the delivered school year or summer program.

The bill specifies that the grading system adopted by the DOE must provide for a differential payment to VPK providers based on program performance, and subject to appropriations. The maximum differential payment may not exceed 15 percent of the base student allocation per full-time equivalent student. A VPK provider may not receive a differential payment if it is assigned a designation of "proficient" or below.

The bill adds the performance metric of a VPK provider to the information that the DOE must publish and provide to each parent enrolling a child in the VPK program.

**Probation**

The bill specifies that a designation of “proficient” or better demonstrate satisfactory delivery of the VPK program. A provider who fails to meet the minimum kindergarten readiness rate for the 2020-2021 program year must be placed on probation. Beginning in the 2021-2022 program year, if a VPK provider fails to meet the minimum program assessment composite score, the provider may not participate in the VPK program until the provider meets the minimum composite score for contracting. If a VPK provider fails to meet the minimum performance metric or designation, the bill requires the applicable ELC to place the VPK provider on probation and requires the provider to:

- Submit an improvement plan for approval by the ELC and implement the plan; and
- Implement a curriculum approved by the DOE; or
- Implement a staff development plan to strengthen instructional practices in emotional support, classroom organization, instructional support, language development, phonological awareness, alphabet knowledge, and mathematical thinking.

The probation lasts until the VPK provider attains the minimum required performance metric or grade. The bill requires an annual notification by the DOE to any providers who have been placed on probation and continue to fail to meet the minimum performance metric. The failure to comply with the probation or attain the minimum performance metric after two years of probation must result in the VPK provider’s suspension from the program for a period of two to five years, as determined by the applicable ELC.

The bill also prohibits a VPK provider from delivering the VPK program if the provider’s license has been converted to a probation-status license by the DCF.

**Good Cause Exemption**

The bill authorizes the DOE to grant a VPK provider a good cause exemption from being determined ineligible to deliver the VPK program and receive state funds for the program. The exemption is valid for one year and is renewable. A request for a good cause exemption must include data from:

- The VPK provider which documents the achievement and progress of the children served, as measured by any required screenings or assessments.
• Program assessments which demonstrates effective teaching practices as recognized by the tool developer.
• The ELC or district school board, the DCF, or the local licensing authority reflecting compliance with state and local health and safety standards.

The bill requires the DOE to adopt criteria to consider when determining whether to grant a request for an exemption. The criteria must include:
• Child demographic data that evidences a VPK provider serves a statistically significant population of children with special needs who have individual education plans and can demonstrate progress toward meeting the goals outlined in the student's individual education plans.
• Learning gains of children served in the VPK program on an alternative measure that has comparable validity and reliability of the screening and progress monitoring program.
• Program assessment data which demonstrates effective teaching practices as recognized by the contracted expert.
• Verification that local and state health and safety requirements are met.

The bill prohibits the DOE from granting a good cause exemption to any VPK provider that has any class I violations involving an imminent threat to the health, safety, or welfare of a student or two or more class II violations involving an unreasonable risk to the health, safety, or welfare of a student within the two years preceding the provider’s request for an exemption. The DOE is required to inform the applicable ELC if an exemption is granted to a VPK provider that remains on probation for two consecutive years.

The bill requires each ELC to verify VPK provider compliance with the statutory requirements for delivering the VPK. The DOE must require each applicable ELC to suspend a provider who refuses to comply with VPK requirements or commits misconduct. The ELC must suspend the provider’s eligibility to provide VPK for a period of two to five years.

The bill incorporates the number of good cause exemptions and justifications into the annual reporting requirements of the DOE.

The bill provides additional transparency of VPK and School Readiness program providers by requiring the following additional information be accessible through the CCR&R:
• Whether the provider participates in the Child Care Food Program.
• A link to licensing inspection reports.
• A VPK provider’s performance metric, including its program assessment composite score, learning gains score, achievement score, and its designations.
• A School Readiness provider’s program assessment composite score, including care-level composite scores delineated by infant, toddler, and preschool classrooms.
• Whether a School Readiness program participates in child observation assessments.
• Whether the provider holds a GSQC designation.

102 Class I and Class II violations are defined in s. 402.281(4), F.S.
• Whether the provider implements a DOE-approved curriculum and the name of the curriculum.

The School Readiness Program

The bill modifies requirements for regulating the school readiness program. Specifically, the bill:
• Requires the SBE to adopt rules for the implementation of the school readiness program assessment.
• Modifies the requirement that the OEL adopt rules for ELCs in the implementation of statewide procedures. The bill instead requires the DOE to provide technical support to ELCs to facilitate the use of a standard statewide provider contract adopted by the DOE.
• Requires the commissioner to prepare, publish, and disseminate materials relating to the school readiness program.
• Requires the DOE to monitor the alignment and consistency of the standards and benchmarks that address the age-appropriate progress of children in the development of school readiness skills. This requirement modifies existing law which only requires the OEL to develop and adopt the standards and benchmarks.
• Requires the minimum program assessment composite score adopted by the DOE to align with the minimum program assessment composite score for VPK providers and requires the independent expert who conducted the statistical latent profile analysis for the methodology for calculation of the performance metric for VPK providers to review the minimum program assessment composite score.
• Requires the DOE to evaluate ELCs in the administration of school readiness programs at least biennially.

The bill modifies requirements for school readiness providers. Specifically, the bill:
• Exempts a qualified provider at a military installation from child care facility licensing requirements, health and safety and immunization requirements, and liability coverage requirements.
• Authorizes provisionally licensed child care facilities or homes to deliver the school readiness program.
• Prohibits a child care facility or home from delivering the school readiness program while its license is on a probation status.
• Provides that the DOE and the ELCs may not require a school readiness provider to administer a VPK program assessment.
• Clarifies that a contract with a qualified entity to administer a regional school readiness program in the place of a noncompliant ELC lasts until the DOE reestabishes the ELC and a new school readiness plan is approved.
• Adds a parent’s participation in an Early Head Start or Head Start Program to the list of circumstances that qualify for waiver of a school readiness program copayment.

Market Rate

The bill modifies the market rate to be paid to school readiness providers by the DOE. Specifically, the bill:
• Redefines the average market rate as the “prevailing market rate” to mean the biennially determined 75th percentile of a reasonable frequency distribution of the market rate by
program level and provider type in a geographical market at which child care providers charge a person for child care services.

- Modifies the requirement that the market rate include minimum and maximum rates for GSQC providers to clarify that the GSQC providers included in the determination of rates must also adhere to the teacher to child ratios and group size requirements of their respective accrediting associations.
- Clarifies that the payment schedule must account for the prevailing market rate and the projected number of children served in each county.
- Removes the requirement for each ELC to consider the market rate schedule.
- Removes the requirement that informal child care arrangements be reimbursed at 50 percent or less than the rate adopted for a family day care home.

**Contracted Slots**

The bill requires, by July 1, 2022, the DOE to develop and adopt requirements for the implementation of a program designed to make available contracted slots to serve children at the greatest risk of school failure as determined by being located in an area that has been designated as a poverty area tract according to the latest census data.

The bill also provides that the contracted slot program may be used to increase the availability of child care capacity based on the assessment of local priorities within the county or multicounty region based on the needs of families and provider capacity using available community data.

**Gold Seal Quality Care Program**

The bill provides for a type two transfer\(^{103}\) of the GSQC program from the DCF to the DOE and requires the SBE to adopt rules establishing GSQC accreditation standards using nationally recognized accrediting standards as well as input from accrediting associations. The bill requires the SBE to adopt rules to provide criteria for reviewing and approving accrediting associations and for conferring and revoking GSQC status.

The bill codifies and specifies standards for approval of accrediting associations by the DOE for participation in the GSQC Program. In order to be approved by the DOE, an accrediting association must apply to the DOE and demonstrate that it is operational and:

- Is a recognized accrediting association.\(^{104}\)
- Meets or exceeds SBE standards.\(^{105}\)
- Is a registered corporation with the Department of State.
- Accreditation requirements that include clearly defined accreditation prerequisites and procedures for:
  - Completion of a self-study and comprehensive onsite verification for each classroom that documents compliance with standards.
  - Training for accreditation verifiers to ensure inter-rater reliability.

\(^{103}\) A program transferred by a type two transfer has all its statutory powers, duties, and functions, and its records, personnel, property, and unexpended balances of appropriations, allocations, or other funds, except those transferred elsewhere or abolished, transferred to the agency or department to which it is transferred. Section 20.06, F.S.

\(^{104}\) This is an existing statutory requirement of the DCF GSQC Program.

\(^{105}\) This is an existing statutory requirement of the DCF GSQC Program.
o Ongoing compliance to include the filing of an annual report with the accrediting association;
  o Renewal requiring onsite verification at least every five years.
  o Verifying compliance upon transfer of ownership.
  o Revoking accreditation.
  o Communicating issues to state agencies with oversight.

The bill requires the DOE to review and recommend to the SBE the termination of an accrediting association that fails to cure within 30 days any deficiencies noted by the DOE in the processes and procedures submitted to and approved by the DOE. The DOE must remove a noncompliant accrediting association for a period of two to five years. The bill provides one year for a child care provider that was accredited by a noncompliant accrediting association to obtain a new accreditation from an approved accrediting association.

If a child care provider is ineligible for GSQC status because of a class I violation, the bill authorizes the DOE to recommend to the SBE to maintain the GSQC designation if the provider has been in business for five years with no other class I violations. The bill requires licensed or legally exempt child care facilities that participate in the school readiness program and achieve GSQC status to receive at least a 20 percent rate differential for each enrolled school readiness child by care level and unit of child care. An accrediting association is liable under the bill for the repayment of any rate differentials paid to a facility as a result of a GSQC designation if the accrediting association fraudulently granted the designation.

The bill takes effect upon becoming law.

Section 7. Paragraph (b) of subsection (1) and paragraph (b) of subsection (2) of section 383.14, Florida Statutes, are amended to read:

383.14 Screening for metabolic disorders, other hereditary and congenital disorders, and environmental risk factors.—

(1) SCREENING REQUIREMENTS.—To help ensure access to the maternal and child health care system, the Department of Health shall promote the screening of all newborns born in Florida for metabolic, hereditary, and congenital disorders known to result in significant impairment of health or intellect, as screening programs accepted by current medical practice become available and practical in the judgment of the department. The department shall also promote the identification and screening of all newborns in this state and their families for environmental risk factors such as low income, poor education, maternal and family stress, emotional instability, substance abuse, and other high-risk conditions associated with increased risk of infant mortality and morbidity to provide early intervention, remediation, and prevention services, including, but not limited to, parent support and training programs, home visitation, and case management. Identification, perinatal screening, and intervention efforts shall begin prior to and immediately following the birth of the child by the attending health care provider. Such efforts shall be conducted in hospitals, perinatal centers, county health departments, school health programs that provide prenatal care, and birthing centers, and reported to the Office of Vital Statistics.

(b) Postnatal screening.—A risk factor analysis using the department’s designated risk assessment instrument shall also be conducted as part of the medical screening process upon the birth of a child and submitted to the department’s Office of Vital Statistics for recording and other purposes provided for in this chapter. The department’s screening process for risk assessment shall include a scoring mechanism and procedures that establish thresholds for notification, further assessment, referral, and eligibility for services by professionals or paraprofessionals consistent with the level of risk. Procedures for developing and using the screening instrument, notification, referral, and care coordination services, reporting requirements, management information, and maintenance of a computer-driven registry in the Office of Vital Statistics which ensures privacy safeguards must be consistent with the provisions and plans established under chapter 411, Pub. L. No. 99-457, and this chapter. Procedures established for reporting...
DUTIES OF THE DEPARTMENT.—The department shall:

(h) Promote interagency cooperation and coordination, with

existing risk assessment systems and information registries. The

department must ensure, to the maximum extent possible, that the

screening information registry is integrated with the

department’s automated data systems, including the Florida On-

line Recipient Integrated Data Access (FLORIDA) system. Tests

and screenings must be performed by the State Public Health

Laboratory, in coordination with Children’s Medical Services, at

such times and in such manner as is prescribed by the department

after consultation with the Genetics and Newborn Screening

Advisory Council and the Department of Education Office of Early

Learning.

(2) RULES.—

(b) After consultation with the Department of Education

Office of Early Learning, the department shall adopt and enforce

rules requiring every newborn in this state to be screened for

environmental risk factors that place children and their

families at risk for increased morbidity, mortality, and other

negative outcomes.

Section 8. Paragraph (h) of subsection (2) of section 391.308, Florida Statutes, is amended to read:

391.308 Early Steps Program.—The department shall implement

and administer part C of the federal Individuals with

Disabilities Education Act (IDEA), which shall be known as the

“Early Steps Program.”

(2) DUTIES OF THE DEPARTMENT.—The department shall:

(h) Promote interagency cooperation and coordination, with

the Medicaid program, the Department of Education program

pursuant to part B of the federal Individuals with Disabilities

Education Act, and programs providing child screening such as

the Florida Diagnostic and Learning Resources System, the Office

of Early Learning, Healthy Start, and the Help Me Grow program.

1. Coordination with the Medicaid program shall be

developed and maintained through written agreements with the

Agency for Health Care Administration and Medicaid managed care

organizations as well as through active and ongoing

communication with these organizations. The department shall

assist local program offices to negotiate agreements with

Medicaid managed care organizations in the service areas of the

local program offices. Such agreements may be formal or

informal.

2. Coordination with education programs pursuant to part B

of the federal Individuals with Disabilities Education Act shall

be developed and maintained through written agreements with the

Department of Education. The department shall assist local

program offices to negotiate agreements with school districts in

the service areas of the local program offices.

Section 9. Subsection (6) of section 402.26, Florida

Statutes, is amended to read:

402.26 Child care; legislative intent.—

(6) It is the intent of the Legislature that a child care

facility licensed pursuant to s. 402.305 or a child care

facility exempt from licensing pursuant to s. 402.316, that

achieves Gold Seal Quality status pursuant to s. 402.281, be

considered an educational institution for the purpose of

qualifying for exemption from ad valorem tax pursuant to s.
Section 10. Section 402.281, Florida Statutes, is transferred, renumbered as section 1002.945, Florida Statutes, and amended to read:

1002.945 Gold Seal Quality Care program.—
(1)(a) There is established within the Department of Education the Gold Seal Quality Care program.

(b) A child care facility, large family child care home, or family day care home that is accredited by an accrediting association approved by the Department of Education under subsection (3) and meets all other requirements shall, upon application to the department, receive a separate “Gold Seal Quality Care” designation.

(2) The State Board of Education shall adopt rules establishing Gold Seal Quality Care accreditation standards using nationally recognized accrediting standards and input from accrediting associations based on the applicable accrediting standards of the National Association for the Education of Young Children (NAEYC), the National Association of Family Child Care, and the National Early Childhood Program Accreditation Commission.

(3)(a) In order to be approved by the Department of Education for participation in the Gold Seal Quality Care program, an accrediting association must apply to the department and demonstrate that it:
1. Is a recognized accrediting association.
2. Has accrediting standards that substantially meet or exceed the Gold Seal Quality Care standards adopted by the state board department under subsection (2).
3. Is a registered corporation with the Department of State.
4. Can provide evidence that the process for accreditation has, at a minimum, all of the following components:
   a. Clearly defined prerequisites that a child care provider must meet before beginning the accreditation process. However, accreditation may not be granted to a child care facility, large family child care home, or family day care home before the site is operational and is attended by children.
   b. Procedures for completion of a self-study and comprehensive onsite verification process for each classroom that documents compliance with accrediting standards.
   c. A training process for accreditation verifiers to ensure inter-rater reliability.
   d. Ongoing compliance procedures that include requiring each accredited child care facility, large family child care home, and family day care home to file an annual report with the accrediting association and risk-based, onsite auditing protocols for accredited child care facilities, large family child care homes, and family day care homes.
   e. Procedures for the revocation of accreditation due to failure to maintain accrediting standards as evidenced by sub-subparagraph d. or any other relevant information received by the accrediting association.
   f. Accreditation renewal procedures that include an onsite verification occurring at least every 5 years.
   g. A process for verifying continued accreditation compliance in the event of a transfer of ownership of facilities.
h. A process to communicate issues that arise during the accreditation period with governmental entities that have a vested interest in the Gold Seal Quality Care program, including the Department of Education, the Department of Children and Families, the Department of Health, local licensing entities if applicable, and the early learning coalition.

(b) The Department of Education shall establish a process that verifies that the accrediting association meets the provisions of paragraph (a), which must include an auditing program and any other procedures that may reasonably determine an accrediting association’s compliance with this section. If an accrediting association is not in compliance and fails to cure its deficiencies within 30 days, the department shall recommend to the state board termination of the accrediting association’s participation as an accrediting association in the program for a period of at least 2 years but no more than 5 years. If an accrediting association is removed from being an approved accrediting association, each child care provider accredited by that association shall have up to 1 year to obtain a new accreditation from a department-approved accreditation association.

(c) If an accrediting association has granted accreditation to a child care facility, large family child care home, or family day care under fraudulent terms or has failed to conduct onsite verifications, the accrediting association shall be liable for the repayment of any rate differentials paid under subsection (6).

(b) In approving accrediting associations, the department shall consult with the Department of Education, the Florida Head Start Directors Association, the Florida Association of Child Care Management, the Florida Family Child Care Home Association, the Florida Children’s Forum, the Florida Association for the Education of the Young, the Child Development Education Alliance, the Florida Association of Academic Nonpublic Schools, the Association of Early Learning Coalitions, providers receiving exemptions under s. 402.316, and parents.

(4) In order to obtain and maintain a designation as a Gold Seal Quality Care provider, a child care facility, large family child care home, or family day care home must meet the following additional criteria:

(a) The child care provider must not have had any class I violations, as defined by rule of the Department of Children and Families, within the 2 years preceding its application for designation as a Gold Seal Quality Care provider. Commission of a class I violation shall be grounds for termination of the designation as a Gold Seal Quality Care provider until the provider has no class I violations for a period of 2 years.

(b) The child care provider must not have had three or more class II violations, as defined by rule of the Department of Children and Families, within the 2 years preceding its application for designation as a Gold Seal Quality Care provider. Commission of three or more class II violations within a 2-year period shall be grounds for termination of the designation as a Gold Seal Quality Care provider until the provider has no class II violations for a period of 1 year.

(c) The child care provider must not have been cited for the same class III violation, as defined by rule of the Department of Children and Families, three or more times and
(d) Notwithstanding paragraph (a), if the Department of Education determines through a formal process that a provider has been in business for at least 5 years and has no other class I violations recorded, the department may recommend to the state board that the provider maintain its Gold Seal Quality Care status. The state board’s determination regarding such provider’s status is final.

(5) A child care facility licensed under s. 402.305 or a child care facility exempt from licensing under s. 402.316 which achieves Gold Seal Quality status under this section shall be considered an educational institution for the purpose of qualifying for exemption from ad valorem tax under s. 196.198.

(6) A child care facility licensed under s. 402.305 or a child care facility exempt from licensing pursuant to s. 402.316 which achieves Gold Seal Quality status under this section and which participates in the school readiness program shall receive a minimum of a 20 percent rate differential for each enrolled school readiness child by care level and unit of child care.

(7) The Department of Children and Families shall adopt rules under ss. 120.536(1) and 120.54 which provide criteria and procedures for reviewing and approving accrediting associations for participation in the Gold Seal Quality Care program and conferring and revoking designations of Gold Seal Quality Care providers, and classifying violations.

Section 11. Type two transfer from the Department of Children and Families.—

(1) All powers, duties, functions, records, offices, personnel, associated administrative support positions, property, pending issues, existing contracts, administrative authority, administrative rules, and unexpended balances of appropriations, allocations, and other funds relating to the Gold Seal Quality Care program within the Department of Children and Families are transferred by a type two transfer, as defined in s. 20.06(2), Florida Statutes, to the Department of Education.

(2) Any binding contract or interagency agreement existing before July 1, 2021, between the Department of Children and Families, or an entity or agent of the department, and any other agency, entity, or person relating to the Gold Seal Quality Care program shall continue as a binding contract or agreement for the remainder of the term of such contract or agreement on the successor entity responsible for the program, activity, or functions relative to the contract or agreement.

Section 12. Subsection (5) of section 402.315, Florida Statutes, is amended to read:

402.315 Funding; license fees.—

(5) All moneys collected by the department for child care licensing shall be held in a trust fund of the department to be reallocated to the department during the following fiscal year to fund child care licensing activities, including the Gold Seal
Components of the Learning Gateway.—The Learning Gateway system consists of the following components:

- 4. A representative from the Division of Early Learning;
- 5. The State Surgeon General;

Section 14. Paragraph (d) of subsection (1), paragraph (a) of subsection (2), and paragraph (c) of subsection (3) of section 411.227, Florida Statutes, are amended to read:

The Learning Gateway system consists of the following components:

1. Community education strategies and family-oriented access.
   (d) In collaboration with other local resources, the demonstration projects shall develop public awareness strategies to disseminate information about developmental milestones, precursors of learning problems and other developmental delays, and the service system that is available. The information should target parents of children from birth through age 9 and should be distributed to parents, health care providers, and caregivers of children from birth through age 9. A variety of media should be used as appropriate, such as print, television, radio, and a community-based Internet website, as well as opportunities such as those presented by parent visits to physicians for well-child checkups. The Learning Gateway Steering Committee shall provide technical assistance to the local demonstration projects in developing and distributing educational materials and information.

   1. Public awareness strategies targeting parents of children from birth through age 5 shall be designed to provide information to public and private preschool programs, child care providers, pediatricians, parents, and local businesses and organizations. These strategies should include information on the school readiness performance standards adopted by the Department of Education Office of Early Learning.

   2. Public awareness strategies targeting parents of children from ages 6 through 9 must be designed to disseminate training materials and brochures to parents and public and private school personnel, and must be coordinated with the local school board and the appropriate school advisory committees.
(d) The administration of any other state, federal, or local workforce development board or local committee created pursuant to s. 445.007 is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. Such confidential and exempt information may be released for purposes directly connected with:

It is the policy of the Legislature:

(1) It is the policy of the Legislature: to provide by law for a state system of schools, courses, classes, and educational institutions and services adequate to allow, for all Florida's students, the opportunity to obtain a high quality education. The Florida Early Learning education system is established to accomplish this purpose; however, nothing in this code shall be construed to require the provision of free public education beyond grade 12.

(4) UNIFORM SYSTEM OF PUBLIC K-12 SCHOOLS INCLUDED.—As required by s. 1, Art. IX of the State Constitution, the Florida Early Learning education system shall include the uniform system of free public K-12 schools. These public K-12 schools shall provide 13 consecutive years of instruction, beginning with kindergarten, and shall also provide such instruction for students with disabilities, gifted students, limited English proficient students, and students in Department of Juvenile Justice programs as may be required by law. The funds for support and maintenance of the uniform system of free public K-12 schools shall be derived from state, district, federal, and other lawful sources or combinations of sources, including any fees charged nonresidents as provided by law.

Section 17. Section 1000.02, Florida Statutes, is amended to read:

1000.02 Policy and guiding principles for the Florida Early Learning education system.—

(1) It is the policy of the Legislature:

CODING: Words **stricken** are deletions; words **underlined** are additions.
(a) To achieve within existing resources a seamless academic educational system that fosters an integrated continuum of early learning kindergarten through graduate school education for Florida’s students.
(b) To promote enhanced academic success and funding efficiency of educational delivery systems by aligning responsibility with accountability.
(c) To provide consistent education policy across all educational delivery systems, focusing on students.
(d) To provide substantially improved articulation across all educational delivery systems.
(e) To provide for the decentralization of authority to the schools, Florida College System institutions, universities, and other education institutions that deliver educational services to the public.
(f) To ensure that independent education institutions and home education programs maintain their independence, autonomy, and nongovernmental status.

(2) The guiding principles for Florida’s Early Learning–2020 education system are:
(a) A coordinated, seamless system for early learning kindergarten through graduate school education.
(b) A system that is student-centered in every facet.
(c) A system that maximizes education access and allows the opportunity for a high quality education for all Floridians.
(d) A system that safeguards equity and supports academic excellence.
(e) A system that provides for local operational flexibility while promoting accountability for student achievement and improvement.

Section 18. Section 1000.03, Florida Statutes, is amended to read:
1000.03 Function, mission, and goals of the Florida Early Learning–2020 education system.—
(1) Florida’s Early Learning–2020 education system shall be a decentralized system without excess layers of bureaucracy. Florida’s Early Learning–2020 education system shall maintain a systemwide technology plan based on a common set of data definitions.
(2) (a) The Legislature shall establish education policy, enact education laws, and appropriate and allocate education resources.
 (b) With the exception of matters relating to the State University System, the State Board of Education shall oversee the enforcement of all laws and rules, and the timely provision of direction, resources, assistance, intervention when needed, and strong incentives and disincentives to force accountability for results.
 (c) The Board of Governors shall oversee the enforcement of all state university laws and rules and regulations and the timely provision of direction, resources, assistance, intervention when needed, and strong incentives and disincentives to force accountability for results.
(3) Public education is a cooperative function of the state and local educational authorities. The state retains responsibility for establishing a system of public education through laws, standards, and rules to assure efficient operation of an Early Learning–2020 system of public education and...
(4) The mission of Florida’s Early Learning-20 education system is to allow its students to increase their proficiency by allowing them the opportunity to expand their knowledge and skills through rigorous and relevant learning opportunities, in accordance with the mission statement and accountability requirements of s. 1008.31.

(5) The priorities of Florida’s Early Learning-20 education system include:

(a) Learning and completion at all levels, including increased high school graduation rate and readiness for postsecondary education without remediation.–All students demonstrate increased learning and completion at all levels, graduate from high school, and are prepared to enter postsecondary education without remediation.

(b) Student performance.–Students demonstrate that they meet the expected academic standards consistently at all levels of their education.

(c) Civic literacy.–Students are prepared to become civically engaged and knowledgeable adults who make positive contributions to their communities.

(d) Alignment of standards and resources.–Academic standards for every level of the Early Learning-20 education system are aligned, and education financial resources are aligned with student performance expectations at each level.

Section 31. This section is stricken.
system under ss. 1000.04(2), (4), and (5) — 1000.04(1), (3), and (4). Section 31. Subsections (3) and (10) of section 1002.32, Florida Statutes, are amended to read:

1002.32 Developmental research (laboratory) schools.—

(3) MISSION.—The mission of a lab school shall be the provision of a vehicle for the conduct of research, demonstration, and evaluation regarding management, teaching, and learning. Programs to achieve the mission of a lab school shall embody the goals and standards established pursuant to ss. 1000.03(5) and 1001.23(1) and shall ensure an appropriate education for its students.

(a) Each lab school shall emphasize mathematics, science, computer science, and foreign languages. The primary goal of a lab school is to enhance instruction and research in such specialized subjects by using the resources available on a state university campus, while also providing an education in nonspecialized subjects. Each lab school shall provide sequential elementary and secondary instruction where appropriate. A lab school may not provide instruction at grade levels higher than grade 12 without authorization from the State Board of Education. Each lab school shall develop and implement a school improvement plan pursuant to s. 1003.02(3).

(b) Research, demonstration, and evaluation conducted at a lab school may be generated by the college of education and affiliated college. The exceptions to law specified in s. 1002.31(1) shall apply to lab schools.

(c) Research, demonstration, and evaluation conducted at a lab school may be generated by the State Board of Education.

(d) Research, demonstration, and evaluation conducted at a lab school may consist of pilot projects to be generated by the affiliated college, the State Board of Education, or the Legislature.

(e) The exceptional education programs offered at a lab school shall be determined by the research and evaluation goals and the availability of students for efficiently sized programs. The fact that a lab school offers an exceptional education program in no way lessens the general responsibility of the local school district to provide exceptional education programs.

(10) EXCEPTIONS TO LAW.—To encourage innovative practices and facilitate the mission of the lab schools, in addition to the exceptions to law specified in s. 1001.23(1), the following exceptions shall be permitted for lab schools:

(a) The methods and requirements of the following statutes shall be held in abeyance: ss. 316.75; 1001.30; 1001.31; 1001.32; 1001.33; 1001.34; 1001.35; 1001.36; 1001.361; 1001.362; 1001.363; 1001.37; 1001.371; 1001.372; 1001.38; 1001.39; 1001.395; 1001.40; 1001.41; 1001.44; 1001.453; 1001.46; 1001.461; 1001.462; 1001.463; 1001.464; 1001.47; 1001.48; 1001.49; 1001.50; 1001.51; 1006.12(2); 1006.21(3), (4); 1006.23; 1010.07(2); 1010.40; 1010.41; 1010.42; 1010.43; 1010.44; 1010.45; 1010.46; 1010.47; 1010.48; 1010.49; 1010.50; 1010.51; 1010.52; 1010.53; 1010.54; 1010.55; 1010.56; 1010.57; 1011.04; 1011.20; 1011.21; 1011.22; 1011.23; 1011.71; 1011.72; 1011.73; and 1011.74.
(b) With the exception of s. 1001.42(18), s. 1001.42 shall be held in abeyance. Reference to district school boards in s. 1001.42(18) shall mean the president of the university or the president's designee.

Section 32. Paragraph (b) of subsection (10) of section 1002.34, Florida Statutes, is amended to read:

1002.34 Charter technical career centers.—

(10) EXEMPTION FROM STATUTES.—

(b) A center must comply with the Florida Early Learning-20 Education Code with respect to providing services to students with disabilities.

Section 33. Subsection (1) of section 1002.36, Florida Statutes, is amended to read:

1002.36 Florida School for the Deaf and the Blind.—

(1) RESPONSIBILITIES.—The Florida School for the Deaf and the Blind, located in St. Johns County, is a state-supported residential public school for hearing-impaired and visually impaired students in preschool through 12th grade. The school is a component of the delivery of public education within Florida’s Early Learning-20 education system and shall be funded through the Department of Education. The school shall provide educational programs and support services appropriate to meet the education and related evaluation and counseling needs of hearing-impaired and visually impaired students in the state who meet enrollment criteria. Unless otherwise provided by law, the school shall comply with all laws and rules applicable to state agencies. Education services may be provided on an outreach basis for sensory-impaired children ages 0 through 5 years and to district school boards upon request. Graduates of the Florida School for the Deaf and the Blind shall be eligible for the William L. Boyd, IV, Effective Access to Student Education Grant Program as provided in s. 1009.89.

Section 34. Paragraph (b) of subsection (4) and subsection (5) of section 1002.53, Florida Statutes, are amended, and paragraph (d) is added to subsection (6) of that section, to read:

1002.53 Voluntary Prekindergarten Education Program;

eligibility and enrollment.—

(4)

(b) The application must be submitted on forms prescribed by the department Office of Early Learning and must be accompanied by a certified copy of the child’s birth certificate. The forms must include a certification, in substantially the form provided in s. 1002.71(6)(b)2., that the parent chooses the private prekindergarten provider or public school in accordance with this section and directs that payments for the program be made to the provider or school. The department Office of Early Learning may authorize alternative methods for submitting proof of the child’s age in lieu of a certified copy of the child’s birth certificate.

(5) The early learning coalition shall provide each parent enrolling a child in the Voluntary Prekindergarten Education Program with a profile of every private prekindergarten provider and public school delivering the program within the county where the child is being enrolled. The profiles shall be provided to parents in a format prescribed by the department in accordance with s. 1002.92(3) Office of Early Learning. The profiles must include, at a minimum, the following information about each program and provider:

- The program’s name and location.
- The provider’s contact information.
- The program’s rating or quality level.
- Information on the program’s curriculum and educational approach.
- Details about the teacher-to-student ratio and qualifications.
- Information on the program’s enrollment process.
- The program’s fees and payment options.
- Additional resources or support available to families.

The profiles shall be updated periodically to reflect changes in program offerings, provider information, or other relevant factors. The early learning coalition shall ensure that profiles are made available to parents in a timely manner, and that they are accessible to all families, including those with limited internet or computer access.
The private prekindergarten provider must:

1. Be accredited by an accrediting association that is a member of the National Council for Private School Accreditation, or the Florida Association of Academic Nonpublic Schools, or be accredited by the Southern Association of Colleges and Schools, or Western Association of Colleges and Schools, or North Central Association of Colleges and Schools, or Middle States Association of Colleges and Schools, or New England Association of Colleges and Schools; and have written accreditation standards that meet or exceed the state's licensing requirements under s. 402.305, s. 402.313, or s. 402.3131 and require at least one onsite visit to the provider or school before accreditation is granted;

2. Hold a current Gold Seal Quality Care designation under s. 1002.945, a status license under s. 402.281; or

3. Be licensed under s. 402.305, s. 402.313, or s. 402.3131 and demonstrate, before delivering the Voluntary Prekindergarten Education Program, as verified by the early learning coalition, that the provider meets each of the requirements of the program under this part, including, but not limited to, the requirements for credentials and background screenings of prekindergarten instructors under paragraphs (c) and (d), minimum and maximum class sizes under paragraph (f), prekindergarten director credentials under paragraph (g), and a developmentally appropriate curriculum under s. 1002.67(2)(b).
(c) The private prekindergarten provider must have, for each prekindergarten class of 11 children or fewer, at least one prekindergarten instructor who meets each of the following requirements:

1. The prekindergarten instructor must hold, at a minimum, one of the following credentials:
   a. A child development associate credential issued by the National Credentialing Program of the Council for Professional Recognition; or
   b. A credential approved by the Department of Children and Families as being equivalent to or greater than the credential described in sub-subparagraph a.

2. The prekindergarten instructor must successfully complete at least three emergent literacy training courses that include developmentally appropriate and experiential learning practices for children and a student performance standards training course approved by the Department of Education as meeting or exceeding the minimum standards adopted under s. 1002.59. The requirement for completion of the standards training course shall take effect July 1, 2022, and be recognized as part of the informal early learning career pathway identified by the department under s. 1002.995(1)(h). Such course shall be available online or in person.

(e) A private prekindergarten provider may assign a substitute instructor to temporarily replace a credentialed prekindergarten instructor if the credentialed instructor assigned to a prekindergarten class is absent, as long as the substitute prekindergarten instructor is of good moral character and has been screened before employment in accordance with level 2 background screening requirements in chapter 435. The Department of Early Learning shall adopt rules to implement this paragraph which shall include required qualifications of substitute instructors and the circumstances and time limits for which a private prekindergarten provider may assign a substitute instructor.

(g) The private prekindergarten provider must have a prekindergarten director who has a prekindergarten director credential that is approved by the Department of Children and Families as meeting or exceeding the minimum standards adopted under s. 1002.57. A private school administrator who holds a valid certificate in educational leadership issued by the Department of Education satisfies the requirement for a prekindergarten director credential under s. 1002.57. Successful completion of a child care facility director credential under s. 402.305(2)(g) before the establishment of the prekindergarten director credential under s. 1002.57 or July 1, 2006, whichever occurs later, satisfies the requirement for a prekindergarten director credential under this paragraph.

(h) The private prekindergarten provider must register with the early learning coalition on forms prescribed by the Department of Early Learning.

(i) The private prekindergarten provider must execute the statewide provider contract prescribed under s. 1002.73, except that an individual who owns or operates multiple private prekindergarten sites as part of a coalition's operation is not required to execute the statewide provider contract.
service area may execute a single agreement with the coalition on behalf of each site provider.

(j) The private prekindergarten provider must maintain general liability insurance and provide the coalition with written evidence of general liability insurance coverage, including coverage for transportation of children if prekindergarten students are transported by the provider. A provider must obtain and retain an insurance policy that provides a minimum of $100,000 of coverage per occurrence and a minimum of $300,000 general aggregate coverage. The department may authorize lower limits upon request, as appropriate.

A provider must add the coalition as a named certificateholder and as an additional insured. A provider must provide the coalition with a minimum of 10 calendar days’ advance written notice of cancellation of or changes to coverage. The general liability insurance required by this paragraph must remain in full force and effect for the entire period of the provider contract with the coalition.

(l) Notwithstanding paragraph (j), for a private prekindergarten provider that is a state agency or a subdivision thereof, as defined in s. 768.28(2), the provider must agree to notify the coalition of any additional liability coverage maintained by the provider in addition to that otherwise established under s. 768.28. The provider shall indemnify the coalition to the extent permitted by s. 768.28. Notwithstanding paragraph (j), for a child development program that is accredited by a national accrediting body and operates on a military installation that is certified by the United States Department of Defense, the provider may demonstrate liability coverage by affirming that it is subject to the Federal Tort Claims Act, 28 U.S.C. s. 2671 et seq.

(4) A prekindergarten instructor, in lieu of the minimum credentials required under paragraph (3)(c), may hold one of the following educational credentials:

(a) A bachelor’s or higher degree in early childhood education, prekindergarten or primary education, preschool education, or family and consumer science;

(b) A bachelor’s or higher degree in elementary education, if the prekindergarten instructor has been certified to teach children any age from birth through 6th grade, regardless of whether the instructor’s educator certificate is current, and if the instructor is not ineligible to teach in a public school because his or her educator certificate is suspended or revoked;

(c) An associate's or higher degree in child development;

(d) An associate's or higher degree in an unrelated field, at least 6 credit hours in early childhood education or child development, and at least 480 hours of experience in teaching or providing child care services for children any age from birth through 8 years of age; or

(e) An educational credential approved by the department as being equivalent to or greater than an educational credential described in this subsection. The department may adopt criteria and procedures for approving equivalent educational credentials under this paragraph.

(5) Notwithstanding any other provision of law, if a private prekindergarten provider has been cited for a class I violation, as defined by rule of the Child Care Services Program

CODING: Words **stricken** are deletions; words *underlined* are additions.
Office of the Department of Children and Families, the coalition may refuse to contract with the provider.

(6) Each early learning coalition shall verify that each private prekindergarten provider delivering the Voluntary Prekindergarten Education Program within the coalition’s county or multicounty region complies with this part. If a private prekindergarten provider fails or refuses to comply with this part or engages in misconduct, the department must require the early learning coalition to remove the provider from eligibility to deliver the program and receive state funds under this part for a period of at least 2 years but no more than 5 years.

Section 36. Paragraphs (b) and (c) of subsection (2) of section 1002.57, Florida Statutes, are redesignated as paragraphs (c) and (d), respectively, subsection (1) is amended, and a new paragraph (b) is added to subsection (2) of that section, to read:

1002.57 Prekindergarten director credential.—

(1) The department office, in consultation with the Department of Children and Families, shall adopt minimum standards for a credential for prekindergarten directors of prekindergarten Education Program. The credential must encompass requirements for education and onsite experience.

(2) The educational requirements must include training in the following:

(a) Implementation of curriculum and usage of student-level data to inform the delivery of instruction;

(b) One or more training courses on the performance standards adopted under s. 1002.67(1). Each course must be comprised of at least 3 clock hours, provide instruction in strategies and techniques to address age-appropriate progress of each child in attaining the standards, and be available online.

(3) The department shall make available online professional development and training courses comprised of at least 8 clock hours that support prekindergarten instructors in increasing the competency of teacher-child interactions.

Section 37. Section 1002.59, Florida Statutes, is amended to read:

1002.59 Emergent literacy and performance standards training courses.—

(1) The department office shall adopt minimum standards for one or more training courses in emergent literacy for prekindergarten instructors. Each course must comprise 5 clock hours and provide instruction in strategies and techniques to address the age-appropriate progress of prekindergarten students in developing emergent literacy skills, including oral communication, knowledge of print and letters, phonemic and phonological awareness, and vocabulary and comprehension development. Each course must also provide resources containing strategies that allow students with disabilities and other special needs to derive maximum benefit from the Voluntary Prekindergarten Education Program. Successful completion of an emergent literacy training course approved under this section satisfies requirements for approved training in early literacy and language development under ss. 402.305(2)(e)5., 402.313(6), and 402.3131(5).

(2) The department office shall adopt minimum standards for one or more training courses on the performance standards adopted under s. 1002.67(1). Each course must be comprised of at least 3 clock hours, provide instruction in strategies and techniques to address age-appropriate progress of each child in attaining the standards, and be available online.

(3) The department shall make available online professional development and training courses comprised of at least 8 clock hours that support prekindergarten instructors in increasing the competency of teacher-child interactions.
1002.61, Florida Statutes, are redesignated as subsections (7) through (9), respectively, a new subsection (6) and subsection (10) are added to that section, and paragraph (b) of subsection (1), paragraph (b) of subsection (3), subsection (4), and present subsections (6) and (8) of that section are amended, to read:

1002.61 Summer prekindergarten program delivered by public schools and private prekindergarten providers.—

(1) A public school or private prekindergarten provider may assign a substitute instructor to temporarily replace a prekindergarten instructor who is a certified teacher or holds one of the educational credentials specified in s. 1002.55(4)(a) and time limits for which a public school or private prekindergarten provider may assign a substitute instructor who is a certified teacher or holds one of the educational credentials specified in s. 1002.55(4)(a) who is absent, as long as the substitute instructor is of good moral character and has completed emergent literacy, reading, science, and performance standards courses, as provided for in s. 1002.55(3)(c)2.

(6) A child development program that is accredited by a national accrediting body and operates on a military installation that is certified by the United States Department of Defense may administer the prekindergarten program in this section.

(7) A public school or private prekindergarten provider may assign a substitute instructor to temporarily replace a credentialed instructor if the credentialed instructor assigned to a prekindergarten class is absent, as long as the substitute instructor is of good moral character and has been screened before employment in accordance with level 2 background screening requirements in chapter 435. This subsection does not supersede employment requirements for instructional personnel in public schools which are more stringent than the requirements of this subsection. The Department of Early Learning shall adopt rules to implement this subsection which shall include required qualifications of substitute instructors and the circumstances and time limits for which a public school or private prekindergarten provider may assign a substitute instructor.
Each public school delivering the summer prekindergarten program must also register with the early learning coalition on forms prescribed by the department Office of Early Learning and deliver the Voluntary Prekindergarten Education Program in accordance with this part.

Each early learning coalition shall verify that each private prekindergarten provider and public school delivering the Voluntary Prekindergarten Education Program within the coalition’s county or multicounty region complies with this part.

(b) If a private prekindergarten provider or public school fails or refuses to comply with this part or engages in misconduct, the department shall require the early learning coalition to remove the provider or school from eligibility to deliver the Voluntary Prekindergarten Education Program and receive state funds under this part for a period of at least 2 years but no more than 5 years.

Section 39. Paragraph (b) of subsection (3) and subsections (6) and (8) of section 1002.63, Florida Statutes, are amended, and subsection (9) is added to that section, to read:

1002.63 School-year prekindergarten program delivered by public schools.—

(b) Each public school delivering the school-year prekindergarten program must execute the statewide provider contract prescribed under s. 1002.73, except that the school district may execute a single agreement with the early learning coalition on behalf of all district schools.
Section 40. Section 1002.67, Florida Statutes, is amended to read:

1002.67 Performance standards and curricula and accountability.—
(1)(a) The department office shall develop and adopt performance standards for students in the Voluntary Prekindergarten Education Program. The performance standards must address the age-appropriate progress of students in the development of:
1. The capabilities, capacities, and skills required under s. 1(b), Art. IX of the State Constitution; and
2. Emergent literacy skills, including oral communication, knowledge of print and letters, phonemic and phonological awareness, and vocabulary and comprehension development; and
3. Mathematical thinking and early math skills.

By October 1, 2013, the office shall examine the existing performance standards in the area of mathematical thinking and develop a plan to make appropriate professional development and training courses available to prekindergarten instructors.

(b) At least every 3 years, the department office shall periodically review and, if necessary, revise the performance standards established under this section for the statewide kindergarten screening administered under s. 1002.62 and align the standards to the standards established by the state board for student performance on the statewide assessments administered pursuant to s. 1008.22.

(2)(a) Each private prekindergarten provider and public school may select or design the curriculum that the provider or school uses to implement the Voluntary Prekindergarten Education Program, except as otherwise required for a provider or school that is placed on probation under s. 1002.68 paragraph (1)(c).

(b) Each private prekindergarten provider’s and public school’s curriculum must be developmentally appropriate and must:
1. Be designed to prepare a student for early literacy and provide for instruction in early math skills;
2. Enhance the age-appropriate progress of students in attaining the performance standards adopted by the department under subsection (1); and
3. Support student learning gains through differentiated instruction that shall be measured by the coordinated screening and progress monitoring program under s. 1008.2125 Prepare students to be ready for kindergarten based upon the statewide kindergarten screening administered under s. 1002.62.

(c) The department office shall adopt procedures for the review and approval of curricula for use by private prekindergarten providers and public schools that are placed on probation under s. 1002.68 paragraph (3)(c). The department office shall administer the review and approval process and maintain a list of the curricula approved under this paragraph. Each approved curriculum must meet the requirements of paragraph (b).

(3)(a) Contingent upon legislative appropriation, each private prekindergarten provider and public school in the Voluntary Prekindergarten Education Program must implement an evidence-based pre- and post-assessment that has been approved by rule of the State Board of Education.
In order to be approved, the assessment must be valid, reliable, developmentally appropriate, and designed to measure student progress on domains which must include, but are not limited to, early literacy, numeracy, and language.

The pre- and post-assessment must be administered by individuals meeting requirements established by rule of the State Board of Education.

Each early learning coalition shall verify that each private prekindergarten provider delivering the Voluntary Prekindergarten Education Program within the coalition’s county or multicounty region complies with this part. Each district school board shall verify that each public school delivering the program within the school district complies with this part.

If a private prekindergarten provider or public school fails or refuses to comply with this part, or if a provider or school engages in misconduct, the office shall require the early learning coalition to remove the provider and require the school district to remove the school from eligibility to deliver the Voluntary Prekindergarten Education Program and receive state funds under this part for a period of 5 years.

If the kindergarten readiness rate of a private prekindergarten provider or public school falls below the minimum rate adopted by the office as satisfactory under s. 1002.69(6), the early learning coalition or school district, as applicable, shall require the provider or school to submit an improvement plan for approval by the coalition or school district, as applicable, and to implement the plan. The plan shall place the provider or school on probation, and shall require the provider or school to take certain corrective actions, including the use of a curriculum approved by the office, until the provider or school meets the minimum rate adopted by the office as satisfactory under s. 1002.69(6). Failure to implement an approved improvement plan shall result in the termination of the provider’s contract to deliver the Voluntary Prekindergarten Education Program for a period of 5 years.

If a private prekindergarten provider or public school remains on probation for 2 consecutive years and fails to meet the minimum rate adopted by the office as satisfactory under s. 1002.69(6) and is not granted a good cause exemption by the office pursuant to s. 1002.69(7), the office shall require the early learning coalition or the school district to remove the school from eligibility to deliver the Voluntary Prekindergarten Education Program and receive state funds for the program for a period of 5 years.

Each early learning coalition and the office shall coordinate with the Child Care Services Program Office of the Department of Children and Families to minimize interagency duplication of activities for monitoring private prekindergarten providers for compliance with requirements of the Voluntary Prekindergarten Education Program and receive state funds under this part for a period of 5 years.
Prekindergarten Education Program under this part, the school
readiness program under part VI of this chapter, and the
licensing of providers under ss. 402.301-402.319.

Section 41. Section 1002.68, Florida Statutes, is created
to read:

1002.68 Voluntary Prekindergarten Education Program
accountability.—

(1) (a) Beginning with the 2022-2023 program year, each
private prekindergarten provider and public school participating
in the Voluntary Prekindergarten Education Program must
participate in the coordinated screening and progress monitoring
program in accordance with s. 1008.2125. The coordinated
screening and progress monitoring program results shall be used
by the department to identify student learning gains, index
development learning outcomes upon program completion relative
to the performance standards established under s. 1002.67 and
representative norms, and inform a private prekindergarten
provider’s and public school’s performance metric.

(b) At a minimum, the initial and final progress monitoring
or screening must be administered by individuals meeting
requirements adopted by the department under s. 1008.2125.

(c) Each private prekindergarten provider and public school
must provide a student’s performance results from the
coordinated screening and progress monitoring to the student’s
parents within 7 days after the administration of such
coordinated screening and progress monitoring.

(2) Beginning with the 2021-2022 program year, each private
prekindergarten provider and public school in the Voluntary
Prekindergarten Education Program must participate in a program

CODING: Words [删除] are deletions; words [新增] are additions.
which fails to meet the minimum kindergarten readiness rate for the 2020-2021 program year is subject to the probation requirements of subsection (5).

(b) For the 2021-2022 program year, the department shall calculate a program assessment composite score for each provider based on the program assessment under subsection (2). Any private prekindergarten provider or public school in the Voluntary Prekindergarten Education Program which fails to meet the minimum program assessment composite score established by the state board pursuant to s. 1002.82(2)(n) for the 2021-2022 program year is subject to the probation requirements of subsection (5).

(4)(a) Beginning with the 2022-2023 program year, the department shall adopt a methodology for calculating each private prekindergarten provider’s and public school provider’s performance metric, which must be based on a combination of the following:

1. Program assessment composite scores under subsection (3), which must be weighted at no less than 50 percent.
2. Learning gains operationalized as change in ability scores from the initial and final progress monitoring results described in subsection (1).
3. Norm-referenced developmental learning outcomes described in subsection (1).

(b) The methodology for calculating a provider’s performance metric may only include prekindergarten students who have attended at least 85 percent of a private prekindergarten provider’s or public school’s program.

(c) The program assessment composite score and performance metric must be calculated for each private prekindergarten or public school site.

(d) The methodology shall include a statistical latent profile analysis that has been conducted by an independent expert with experience in relevant quantitative analysis, early childhood assessment, and designing state-level accountability systems. The independent expert shall be able to produce a limited number of performance metric profiles that summarize the profiles of all sites that must be used to inform the following designations: “unsatisfactory,” “emerging proficiency,” “proficient,” “highly proficient,” and “excellent” or comparable terminology determined by the State Board of Education which may not include letter grades. The independent expert may not be a direct stakeholder or have had a financial interest in the design or delivery of the Voluntary Prekindergarten Education Program or public school system within the last 5 years.

(e) Subject to an appropriation, the department shall provide for a differential payment to a private prekindergarten provider and public school based on the provider’s designation. The maximum differential payment may not exceed a total of 15 percent of the base student allocation per full-time equivalent student under s. 1002.71 attending in the consecutive program year for that program. A private prekindergarten provider or public school may not receive a differential payment if it receives a designation of proficient or lower. Before the adoption of the methodology, the department and the independent expert shall confer with the Council for Early Grade Success under s. 1008.2125 before receiving approval from the State Board of Education for the final recommendations on the
(f) The department shall adopt procedures to annually calculate each private prekindergarten provider’s and public school’s performance metric, based on the methodology adopted in paragraphs (a) and (b), and assign a designation under paragraph (d). Beginning with the 2023-2024 program year, each private prekindergarten provider or public school shall be assigned a designation within 45 days after the conclusion of the school-year Voluntary Prekindergarten Education Program delivered by all participating private prekindergarten providers or public schools and within 45 days after the conclusion of the summer Voluntary Prekindergarten Education Program delivered by all participating private prekindergarten providers or public schools.

(g) A private prekindergarten provider or public school designated “proficient,” “highly proficient,” or “excellent” demonstrates the provider’s or school’s satisfactory delivery of the Voluntary Prekindergarten Education Program.

(h) The designations shall be displayed in the early learning provider performance profiles required under s. 1002.92(3).

(i) (a) If a public school’s or private prekindergarten provider’s program assessment composite score for its prekindergarten classrooms fails to meet the minimum program assessment composite score for contracting established by the department pursuant to s. 1002.82(2)(n), the private prekindergarten provider or public school may not participate in the Voluntary Prekindergarten Education Program beginning in the consecutive program year and thereafter until the public school

(a) A good cause exemption may be granted to any private prekindergarten provider or public school that has any class I violations or two or more class II violations, as defined by rule of the Department of Children and Families, the local licensing authority, or an accrediting association, as applicable, relating to the private prekindergarten provider’s or public school’s compliance with state and local health and safety standards.

(b) A private prekindergarten provider’s or public school’s request for a good cause exemption, or renewal of such an exemption, must be submitted to the department in the manner and within the timeframes prescribed by the department and must include the following:

1. Data from the program assessment required under subsection (2) which demonstrates effective teaching practices as recognized by the tool developer.

2. Data from the early learning coalition or district school board, as applicable, the Department of Children and Families, 2028

within the 2 years preceding the provider’s or school’s request for the exemption. 2029

(c) The department shall adopt criteria for granting good cause exemptions. Such criteria must include, but are not limited to, all of the following:

1. Child demographic data that evidences a private prekindergarten provider or public school serves a statistically significant population of children with special needs who have individual education plans and can demonstrate progress toward meeting the goals outlined in the students’ individual education plans.

2. Learning gains of children served in the Voluntary Prekindergarten Education Program by the private prekindergarten provider or public school on an alternative measure that has comparable validity and reliability of the coordinated screening and progress monitoring program in accordance with s. 1008.2125.

3. Program assessment data under subsection (2) which demonstrates effective teaching practices as recognized by the tool developer.

4. Verification that local and state health and safety requirements are met.

(d) A good cause exemption may not be granted to any private prekindergarten provider or public school that has any class I violations or two or more class II violations, as defined by rule of the Department of Children and Families, within the 2 years preceding the provider’s or school’s request for the exemption.
(e) A private prekindergarten provider or public school granted a good cause exemption shall continue to implement its improvement plan and continue the corrective actions required under subsection (5)(b) until the provider or school meets the minimum performance metric.

(f) If a good cause exemption is granted to a private prekindergarten provider or public school that remains on probation for 2 consecutive years and if the provider meets all other applicable requirements of this part, the department shall notify the early learning coalition of the good cause exemption and direct that the early learning coalition not remove the provider from eligibility to deliver the Voluntary Prekindergarten Education Program or to receive state funds for the program.

(g) The department shall report the number of private prekindergarten providers or public schools that have received a good cause exemption and the reasons for the exemptions as part of its annual reporting requirements under s. 1002.82(7).

(7) Representatives from each school district and corresponding early learning coalitions must meet annually to develop strategies to transition students from the Voluntary Prekindergarten Education Program to kindergarten.

Section 42. Section 1002.69, Florida Statutes, is repealed. Section 43. Paragraph (c) of subsection (3), subsection (4), paragraph (b) of subsection (5), paragraphs (b) and (d) of subsection (6), and subsection (7) of section 1002.71, Florida Statutes, are amended to read:

1002.71 Funding; financial and attendance reporting.—

(3)
A child may reenroll only once in a prekindergarten program under this section. A child who reenrolls in a prekindergarten program under this subsection may not subsequently withdraw from the program and reenroll, unless the child is granted a good cause exemption under this subsection. The department Office of Early Learning shall adopt procedures for early learning coalitions and school districts to establish criteria specifying whether a good cause exists for a child to withdraw from a program under paragraph (a), whether a child has substantially completed a program under paragraph (b), and whether an extreme hardship exists which is beyond the child’s or parent’s control under paragraph (b).

(b) The department Office of Early Learning shall adopt procedures for the payment of private prekindergarten providers and public schools delivering the Voluntary Prekindergarten Education Program. The procedures shall provide for the advance payment of providers and schools based upon student enrollment in the program, the certification of student attendance, and the reconciliation of advance payments in accordance with the uniform attendance policy adopted under paragraph (6)(d). The procedures shall provide for the monthly distribution of funds by the department Office of Early Learning to the early learning coalitions for payment by the coalitions to private prekindergarten providers and public schools.

(6) Each private prekindergarten provider’s and district school board’s attendance policy must require the parent of each student in the Voluntary Prekindergarten Education Program to verify, each month, the student’s attendance on the prior month’s certified student attendance.

2. The parent must submit the verification of the student’s attendance to the private prekindergarten provider or public school on forms prescribed by the department Office of Early Learning. The forms must include, in addition to the verification of the student’s attendance, a certification, in substantially the following form, that the parent continues to choose the private prekindergarten provider or public school in accordance with ss. 1002.53 and directs that payments for the program be made to the provider or school:

VERIFICATION OF STUDENT’S ATTENDANCE

AND CERTIFICATION OF PARENTAL CHOICE

I, ...(Name of Parent)..., swear (or affirm) that my child, ...(Name of Student)..., attended the Voluntary Prekindergarten Education Program on the days listed above and certify that I continue to choose ...(Name of Provider or School)... to deliver the program for my child and direct that program funds be paid to the provider or school for my child:

...(Signature of Parent)...

...(Date)...

3. The private prekindergarten provider or public school must keep each original signed form for at least 2 years. Each private prekindergarten provider must permit the early learning coalition, and each public school must permit the school district, to inspect the original signed forms during normal business hours. The department Office of Early Learning shall adopt procedures for early learning coalitions and school districts.

2147 districts to review the original signed forms against the
department Office of Early Learning shall adopt, certified student attendance. The review procedures shall
provide for the use of selective inspection techniques, include, but not limited to, random sampling. Each early
learning coalition and the school districts must comply with the
review procedures.

(d) The department Office of Early Learning shall adopt,
for funding purposes, a uniform attendance policy for the
Voluntary Prekindergarten Education Program. The attendance
policy must apply statewide and apply equally to all private
prekindergarten providers and public schools. The attendance
policy must include at least the following provisions:
1. A student’s attendance may be reported on a pro rata
basis as a fractional part of a full-time equivalent student.
2. At a maximum, 20 percent of the total payment made on
behalf of a student to a private prekindergarten provider or a
public school may be for hours a student is absent.
3. A private prekindergarten provider or public school may
not receive payment for absences that occur before a student’s
first day of attendance or after a student’s last day of
attendance.

The uniform attendance policy shall be used only for funding
purposes and does not prohibit a private prekindergarten
provider or public school from adopting and enforcing its
attendance policy under paragraphs (a) and (c).

(7) The department Office of Early Learning shall require
that administrative expenditures be kept to the minimum
necessary for efficient and effective administration of the

Section 45. Section 1002.73, Florida Statutes, is amended to read:

1002.73 Department of Education; powers and duties; accountability requirements.—

1. The department shall adopt by rule a standard statewide provider contract to be used with each Voluntary Prekindergarten Education Program provider, with standardized attachments by provider type. The department shall publish a copy of the standard statewide provider contract on its website. The standard statewide provider contract shall include, at a minimum, provisions for provider probation, termination for cause, and emergency termination for actions or inactions of a provider which pose an immediate and serious danger to the health, safety, or welfare of children. The standard statewide provider contract shall also include appropriate due process procedures. During the pendency of an appeal of a termination, the provider may not continue to offer its services. Any provision imposed upon a provider which is inconsistent with, or prohibited by, law is void and unenforceable administratively. The accountability requirements of the Voluntary Prekindergarten Education Program at the state level.

2. Providing parents with profiles of private prekindergarten providers and public schools under s. 1002.53.

3. Registering private prekindergarten providers and public schools to deliver the program under ss. 1002.55, 1002.61, and 1002.63.

4. Determining the eligibility of private prekindergarten providers to deliver the program under ss. 1002.55 and 1002.61 and streamlining the process of determining provider eligibility whenever possible.

5. Verifying the compliance of private prekindergarten providers and public schools and removing providers or schools.
6. Paying private prekindergarten providers and public schools under s. 1002.68.

7. Documenting and certifying student enrollment and student attendance under s. 1002.71.

8. Reconciling advance payments in accordance with the uniform attendance policy under s. 1002.71.

9. Reenrolling students dismissed by a private prekindergarten provider or public school for noncompliance with the provider’s or school district’s attendance policy under s. 1002.71.

(3) The department shall administer the accountability requirements of the Voluntary Prekindergarten Education Program at the state level.

(4) The department shall adopt procedures governing the administration of the Voluntary Prekindergarten Education Program by the early learning coalitions for:

(a) Approving improvement plans of private prekindergarten providers and public schools under s. 1002.68.

(b) Placing private prekindergarten providers and public schools on probation and requiring corrective actions under s. 1002.68.

(c) Removing a private prekindergarten provider or public school from eligibility to deliver the program due to the provider’s or school’s remaining on probation beyond the time permitted under s. 1002.68. Notwithstanding any other law, if a private prekindergarten provider has been cited for a class I violation, as defined by rule of the Child Care Services Program

Office of the Department of Children and Families, the coalition may refuse to contract with the provider or revoke the provider’s eligibility to deliver the Voluntary Prekindergarten Education Program.

(d) Enrolling children in and determining the eligibility of children for the Voluntary Prekindergarten Education Program under s. 1002.66.

(e) Paying specialized instructional services providers under s. 1002.66.

(f) Administering the statewide kindergarten screening and calculation of kindergarten readiness rates under s. 1002.66.

(g) Implementation of, and determination of costs associated with, the state-approved prekindergarten enrollment screening and the standardized postassessment approved by the department, and determination of the learning gains of students who complete the state-approved prekindergarten enrollment screening and the standardized postassessment approved by the department.

(h) Approving improvement plans of specialized instructional services providers under s. 1002.66.

(i) Annual reporting of the percentage of kindergarten students who meet all state readiness measures.

(j) Granting of a private prekindergarten provider’s or public school’s request for a good cause exemption under s. 1002.68.

(k) The department shall adopt procedures for the distribution of funds to early learning coalitions under s. 1002.71.
(6) [Repealed.] Except as provided by law, the department may not impose requirements on a private prekindergarten provider or public school that does not deliver the Voluntary Prekindergarten Education Program or receive state funds under this part.

Section 46. Sections 1002.75, Florida Statutes, is amended to read:

1002.75 Rulemaking authority.—The State Board of Education, Office of Early Learning shall adopt rules under ss. 120.53(1) and 120.54 to administer the provisions of this part conferring duties upon the department office.

Section 47. Section 1002.79, Florida Statutes, is amended to read:

1002.79 [Repealed.]

Section 48. Section 1002.81, Florida Statutes, is amended to read:

1002.81 Definitions.—Consistent with the requirements of 45 C.F.R. parts 98 and 99 and as used in this part, the term:

(a) "At-risk child" means:

(1) A child from a family under investigation by the Department of Children and Families or a designated sheriff’s office for child abuse, neglect, abandonment, or exploitation.

(b) A child who is in a diversion program provided by the Department of Children and Families or its contracted provider and who is from a family that is actively participating and complying in department-prescribed activities, including education, health services, or work.

(c) A child from a family that is under supervision by the Department of Children and Families or a contracted service provider for abuse, neglect, abandonment, or exploitation.

(d) A child placed in court-ordered, long-term custody or under the guardianship of a relative or nonrelative after termination of supervision by the Department of Children and Families or its contracted provider.

(e) A child in the custody of a parent who is considered a victim of domestic violence and is receiving services through a certified domestic violence center.

(f) A child in the custody of a parent who is considered homeless as verified by a Department of Children and Families certified homeless shelter.

(2) "Authorized hours of care" means the hours of care that are necessary to provide protection, maintain employment, or complete work activities or eligible educational activities, including reasonable travel time.

(3) "Prevailing average market rate" means the biennially determined 75th percentile of a reasonable frequency distribution of the market rate by program care level and provider type in a predetermined geographic market at which child care providers charge a person for child care services.

(4) "Direct enhancement services" means services for families and children that are in addition to payments for the placement of children in the school readiness program. Direct enhancement services for families and children may include supports for providers, parent training and involvement activities, and strategies to meet the needs of unique populations and local eligibility priorities. Direct enhancement services offered by an early learning coalition shall be consistent with the activities prescribed in s. 1002.89(5)(b).
Disenrollment" means the removal, either temporary or permanent, of a child from participation in the school readiness program. Removal of a child from the school readiness program may be based on the following events: a reduction in available school readiness program funding, participant’s failure to meet eligibility or program participation requirements, fraud, or a change in local service priorities.

"Earned income" means gross remuneration derived from work, professional service, or self-employment. The term includes commissions, bonuses, back pay awards, and the cash value of all remuneration paid in a medium other than cash.

"Economically disadvantaged" means having a family income that does not exceed 150 percent of the federal poverty level and includes being a child of a working migratory family as defined by 34 C.F.R. s. 200.81(d) or (f) or an agricultural worker who is employed by more than one agricultural employer during the course of a year, and whose income varies according to weather conditions and market stability.

"Family income" means the combined gross income, whether earned or unearned, that is derived from any source by all family or household members who are 18 years of age or older who are currently residing together in the same dwelling unit. The term does not include income earned by a currently enrolled high school student who, since attaining the age of 18 years, or a student with a disability who, since attaining the age of 22 years, has not terminated school enrollment or received a high school diploma, high school equivalency diploma, special diploma, or certificate of high school completion. The term also does not include food stamp benefits or federal housing assistance payments issued directly to a landlord or the associated utilities expenses.

"Family or household members" means spouses, former spouses, persons related by blood or marriage, persons who are parents of a child in common regardless of whether they have been married, and other persons who are currently residing together in the same dwelling unit as if a family.

"Full-time care" means at least 6 hours, but not more than 11 hours, of child care or early childhood education services within a 24-hour period.

"Market rate" means the price that a child care or early childhood education provider charges for full-time or part-time daily, weekly, or monthly child care or early childhood education services.

"Office" means the Office of Early Learning of the Department of Education.

"Part-time care" means less than 6 hours of child care or early childhood education services within a 24-hour period.

"Single point of entry" means an integrated information system that allows a parent to enroll his or her child in the school readiness program or the Voluntary Prekindergarten Education Program at various locations throughout a county, that may allow a parent to enroll his or her child by telephone or through a website, and that uses a uniform waiting list to track eligible children waiting for enrollment in the school readiness program.

"Unearned income" means income other than earned income. The term includes, but is not limited to:
(a) Documented alimony and child support received.
(b) Social security benefits.
(c) Supplemental security income benefits.
(d) Workers’ compensation benefits.
(e) Reemployment assistance or unemployment compensation benefits.
(f) Veterans’ benefits.
(g) Retirement benefits.
(h) Temporary cash assistance under chapter 414.

(15) "Working family" means:
   (a) A single-parent family in which the parent with whom the child resides is employed or engaged in eligible work or education activities for at least 20 hours per week;
   (b) A two-parent family in which both parents with whom the child resides are employed or engaged in eligible work or education activities for a combined total of at least 40 hours per week; or
   (c) A two-parent family in which one of the parents with whom the child resides is exempt from work requirements due to age or disability, as determined and documented by a physician licensed under chapter 458 or chapter 459, and one parent is employed or engaged in eligible work or education activities at least 20 hours per week.

Section 49. Section 1002.82, Florida Statutes, is amended to read:

1002.82 Department of Education [Office of Early Learning]; powers and duties.—
(1) For purposes of administration of the Child Care and Development Block Grant Trust Fund, pursuant to 45 C.F.R. parts 2464 and 2465, the Department of Education [Office of Early Learning] shall:

- Focus on improving the educational quality delivered by all providers participating in the school readiness program.
- Preserve parental choice by permitting parents to choose from a variety of child care categories, including center-based care, family child care, and informal child care to the extent authorized in the state’s Child Care and Development Fund Plan as approved by the United States Department of Health and Human Services pursuant to 45 C.F.R. s. 98.18. Care and curriculum by a faith-based provider may not be limited or excluded in any of these categories.
- Be responsible for the prudent use of all public and private funds in accordance with all legal and contractual requirements, safeguarding the effective use of federal, state, and local resources to achieve the highest practicable level of school readiness for the children described in s. 1002.87, including:
  1. The adoption of a uniform chart of accounts for budgeting and financial reporting purposes that provides standardized definitions for expenditures and reporting, consistent with the requirements of 45 C.F.R. part 98 and s.
1002.89 for each of the following categories of expenditure:

- Direct services to children.
- Administrative costs.
- Quality activities.
- Nondirect services.

2. Coordination with other state and federal agencies to
perform data matches on children participating in the school
readiness program and their families in order to verify the
children’s eligibility pursuant to s. 1002.87.

(d) Establish procedures for the biennial calculation of
the prevailing average market rate.

(e) Review each early learning coalition’s school readiness
program plan every 2 years and provide final approval of the
plan and any amendments submitted.

(f) Establish a unified approach to the state’s efforts to
coordinate a comprehensive early learning program. In support of
this effort, the department office:

1. Shall adopt specific program support services that
address the state’s school readiness program, including:
   - Statewide data information program requirements that
     include:
     (I) Eligibility requirements.
     (II) Financial reports.
     (III) Program accountability measures.
     (IV) Child progress reports.
   - Child care resource and referral services.
   - A single point of entry and uniform waiting list.

2. May provide technical assistance and guidance on
additional support services to complement the school readiness
program, including:
   - Rating and improvement systems.
   - Warm-Line services.
   - Anti-fraud plans.
   - School readiness program standards.
   - Child screening and assessments.
   - Training and support for parental involvement in
     children’s early education.
   - Family literacy activities and services.
   - Provide technical assistance to early learning
     coalitions.

(h) In cooperation with the early learning coalitions,
coordinate with the Child Care Services Program Office of the
Department of Children and Families to reduce paperwork and to
avoid duplicating interagency activities, health and safety
monitoring, and acquiring and composing data pertaining to child
care training and credentialing.

(i) Enter into a memorandum of understanding with local
licensing agencies and the Child Care Services Program Office of
the Department of Children and Families for inspections of
school readiness program providers to monitor and verify
compliance with s. 1002.88 and the health and safety checklist
adopted by the department office. The provider contract of a
school readiness program provider that refuses permission for
entry or inspection shall be terminated. The health and safety
checklist may not exceed the requirements of s. 402.305 and the
Child Care and Development Fund pursuant to 45 C.F.R. part 98. A
child development program that is accredited by a national
accrediting body and operates on a military installation that is
(j) Monitor the alignment and consistency of the development and adoption of the core domains of early childhood development and that can be used for determining developmentally appropriate learning gains.

(k) Identify observation-based child assessments that are valid, reliable, and developmentally appropriate for use at least three times a year. The assessments must:

1. Provide interval level and norm-referenced criterion referenced data that measures equivalent levels of growth across the core domains of early childhood development and that can be used for determining developmentally appropriate learning gains.

2. Measure progress in the performance standards adopted pursuant to paragraph (j).

3. Provide for appropriate accommodations for children with disabilities and English language learners and be administered by qualified individuals, consistent with the developer’s instructions.

4. Coordinate with the performance standards adopted by the department under s. 1002.67(1) for the Voluntary Prekindergarten Education Program.

5. Provide data in a format for use in the single statewide information system to meet the requirements of paragraph (q) in subsection (p).

1. Adopt a list of approved curricula that meet the performance standards for the school readiness program and establish a process for the review and approval of a provider’s curriculum that meets the performance standards.

2. Provide technical support to an early learning coalition to facilitate the use of curriculum.

3. A standard statewide provider contract adopted by the department to be used with each school readiness program provider, with standardized attachments by provider type. The department shall publish a copy of the standard statewide provider contract on its website. The standard statewide contract shall include, at a minimum, contracted slots, if applicable, in accordance with the Child Care and Development Block Grant Act of 2014, 45 C.F.R. parts 98 and 99; quality improvement strategies, if applicable; program assessment requirements; and provisions for provider probation, termination for cause, and emergency termination for those actions or inactions of a provider that pose an immediate and serious danger to the health, safety, or welfare of the children. The standard statewide provider contract shall also include appropriate due process procedures. During the pendency of an appeal of a termination, the provider may not continue to offer its services. Any provision imposed upon a provider that is inconsistent with, or prohibited by, law is void and unenforceable. Provisions for termination for cause must also...

2611 include failure to meet the minimum quality measures established
2612 under paragraph (n) for a period of up to 5 years, unless the
2613 coalition determines that the provider is essential to meeting
2614 capacity needs based on the assessment under s. 1002.85(2)(j)
2615 and the provider has an active improvement plan pursuant to
2616 paragraph (n).
2617 (n) Adopt a program assessment for school readiness program
2618 providers that measures the quality of teacher-child
2619 interactions, including emotional and behavioral support,
2620 engaged support for learning, classroom organization, and
2621 instructional support for children ages birth to 5 years. The
2622 implementation of the program assessment must also include the
2623 following components adopted by rule of the State Board of
2624 Education:
2625 1. Quality measures, including a minimum program assessment
2626 composite score threshold for contracting purposes and program
2627 improvement through an improvement plan. The minimum program
2628 assessment composite score required for the Voluntary
2629 Prekindergarten Education Program contracting threshold must be
2630 the same as the minimum program assessment composite score
2631 required for contracting for the school readiness program. The
2632 methodology for the calculation of the minimum program
2633 assessment composite score shall be reviewed by the independent
2634 expert identified in s. 1002.68(4)(d).
2635 2. Requirements for program participation, frequency of
2636 program assessment, and exemptions.
2637 (o) No later than July 1, 2019, develop a differential
2638 payment program based on the quality measures adopted by the
2639 department office under paragraph (n). The differential payment

2640 may not exceed a total of 15 percent for each care level and
2641 unit of child care for a child care provider. No more than 5
2642 percent of the 15 percent total differential may be provided to
2643 providers who submit valid and reliable data to the statewide
2644 information system in the domains of language and executive
2645 functioning using a child assessment identified pursuant to
2646 paragraph (k). Providers below the minimum program assessment
2647 score adopted threshold for contracting purposes are ineligible
2648 for such payment.
2649 (p) No later than July 1, 2022, develop and adopt
2650 requirements for the implementation of a program designed to
2651 make available contracted slots to serve children at the
2652 greatest risk of school failure as determined by such children
2653 being located in an area that has been designated as a poverty
2654 area tract according to the latest census data. The contracted
2655 slot program may also be used to increase the availability of
2656 child care capacity based on the assessment under s.
2657 1002.85(2)(j).
2658 (q) Establish a single statewide information system that
2659 each coalition must use for the purposes of managing the single
2660 point of entry, tracking children's progress, coordinating
2661 services among stakeholders, determining eligibility of
2662 children, tracking child attendance, and streamlining
2663 administrative processes for providers and early learning
2664 coalitions. By July 1, 2019, the system, subject to ss. 1002.72
2665 and 1002.97, shall:
2666 1. Allow a parent to monitor the development of his or her
2667 child as the child moves among programs within the state.
2668 2. Enable analysis at the state, regional, and local level

CODING: Words underlined are additions; words stricken are deletions.
(t) Work in conjunction with the Bureau of Federal Education Programs within the Department of Education to coordinate readiness and voluntary prekindergarten services to the populations served by the bureau.

(u) Administer a statewide toll-free Warm-Line to provide assistance and consultation to child care facilities and family day care homes regarding health, developmental, disability, and special needs issues of the children they are serving, particularly children with disabilities and other special needs. The department shall:

1. Annually inform child care facilities and family day care homes of the availability of this service through the child care resource and referral network under s. 1002.92.

2. Expand or contract for the expansion of the Warm-Line to maintain at least one Warm-Line in each early learning coalition service area.

(v) Develop and implement strategies to increase the supply and improve the quality of child care services for infants and toddlers, children with disabilities, children who receive care during nontraditional hours, children in underserved areas, and children in areas that have significant concentrations of poverty and unemployment.

(x) Establish preservice and inservice training requirements that address, at a minimum, school readiness child development standards, health and safety requirements, and social-emotional behavior intervention models, which may include positive behavior intervention and support models, including the integration of early learning professional development pathways established in s. 1002.995.

(y) Establish standards for emergency preparedness plans for school readiness program providers.

(z) Establish group sizes.

(1) Establish staff-to-children ratios that do not exceed the requirements of s. 402.302(8) or (11) or s. 402.305(4), as applicable, for school readiness program providers.

(aa) Establish eligibility criteria, including limitations based on income and family assets, in accordance with s. 1002.87 and federal law.

(bb) The department shall adopt performance standards and outcome measures for early learning coalitions that, at a minimum:

The total and average number of children served in the Voluntary Prekindergarten Education Program.

1. The total and average number of children served in the program at the time of execution of the statewide provider contract.

   (a) Board members required under s. 1002.83.

   (b) Results of the survey shall be based on a statistically significant sample size and calculated annually for each early learning coalition and included in the department's annual report under subsection (7). If an early learning coalition's customer satisfaction survey results are below 60 percent, the coalition shall be placed on a 1-year corrective action plan. If, after being placed on corrective action, an early learning coalition's customer satisfaction survey results do not improve above the 60 percent threshold, the department may contract out or merge the coalition.

   (4) If the department office determines during the review of school readiness program plans, or through monitoring and performance evaluations conducted under s. 1002.85, that an early learning coalition has not substantially implemented its plan, has not substantially met the performance standards and outcome measures adopted by the department office, or has not effectively administered the school readiness program or

school readiness program, enumerated by age, eligibility priority category, and coalition, and the total number of children served in the Voluntary Prekindergarten Education Program.

2. A summary of expenditures by coalition, by fund source, including a breakdown by coalition of the percentage of expenditures for administrative activities, quality activities, nondirect services, and direct services for children.

3. A description of the department’s efforts and each coalition’s expenditures by fund source for the quality and enhancement activities described in s. 1002.89(5)(b).

4. A summary of annual findings and collections related to provider fraud and parent fraud.

5. Data regarding the coalitions’ delivery of early learning programs.

6. The total number of children disenrolled statewide and the reason for disenrollment.

7. The total number of providers by provider type.

8. The number of school readiness program providers who have completed the program assessment required under paragraph (2)(n); the number of providers who have not met the minimum program assessment composite score threshold for contracting established under paragraph (2)(n); and the number of providers that have an active improvement plan based on the results of the program assessment under paragraph (2)(n).

9. The total number of provider contracts revoked and the reasons for revocation.

(b) A detailed summary of the analysis compiled using the reasons for revocation.

(8)(a) Parental choice of child care providers, including private and faith-based providers, shall be established to the maximum extent practicable in accordance with 45 C.F.R. s. 98.30.

(8)(b) As used in this subsection, the term "payment certificate" means a child care certificate as defined in 45 C.F.R. s. 98.2.

(c) The school readiness program shall, in accordance with 45 C.F.R. s. 98.30, provide parental choice through a payment certificate that provides, to the maximum extent possible, flexibility in the school readiness program and payment arrangements. The payment certificate must bear the names of the beneficiary and the program provider and, when redeemed, must bear the signatures of both the beneficiary and an authorized representative of the provider.

(d) If it is determined that a provider has given any cash or other consideration to the beneficiary in return for receiving a payment certificate, the early learning coalition or its fiscal agent shall refer the matter to the Department of Financial Services pursuant to s. 414.411 for investigation.

(3)(a) Participation in the school readiness program does not expand the regulatory authority of the state, its officers, or an early learning coalition to impose any additional regulation on providers beyond those necessary to enforce the requirements set forth in this part and part V of this chapter.

Section 50. Present subsections (5) through (14) of section 2810 of the Code of Federal Regulations are stricken and the following provisions are added:

(5) The total number of provider contracts revoked and the reasons for revocation.

(6)(a) Parental choice of child care providers, including private and faith-based providers, shall be established to the maximum extent practicable in accordance with 45 C.F.R. s. 98.30.

(6)(b) As used in this subsection, the term "payment certificate" means a child care certificate as defined in 45 C.F.R. s. 98.2.

(7) The number of school readiness program providers who have completed the program assessment required under paragraph (2)(n); the number of providers who have not met the minimum program assessment composite score threshold for contracting established under paragraph (2)(n); and the number of providers that have an active improvement plan based on the results of the program assessment under paragraph (2)(n).

(8)(a) Parental choice of child care providers, including private and faith-based providers, shall be established to the maximum extent practicable in accordance with 45 C.F.R. s. 98.30.

(8)(b) As used in this subsection, the term "payment certificate" means a child care certificate as defined in 45 C.F.R. s. 98.2.

(9) Participation in the school readiness program does not expand the regulatory authority of the state, its officers, or an early learning coalition to impose any additional regulation on providers beyond those necessary to enforce the requirements set forth in this part and part V of this chapter.

Section 50. Present subsections (5) through (14) of section 2810 of the Code of Federal Regulations are stricken and the following provisions are added:

(5) The total number of provider contracts revoked and the reasons for revocation.

(6)(a) Parental choice of child care providers, including private and faith-based providers, shall be established to the maximum extent practicable in accordance with 45 C.F.R. s. 98.30.

(6)(b) As used in this subsection, the term "payment certificate" means a child care certificate as defined in 45 C.F.R. s. 98.2.

(7) The number of school readiness program providers who have completed the program assessment required under paragraph (2)(n); the number of providers who have not met the minimum program assessment composite score threshold for contracting established under paragraph (2)(n); and the number of providers that have an active improvement plan based on the results of the program assessment under paragraph (2)(n).

(8)(a) Parental choice of child care providers, including private and faith-based providers, shall be established to the maximum extent practicable in accordance with 45 C.F.R. s. 98.30.

(8)(b) As used in this subsection, the term "payment certificate" means a child care certificate as defined in 45 C.F.R. s. 98.2.

(9) Participation in the school readiness program does not expand the regulatory authority of the state, its officers, or an early learning coalition to impose any additional regulation on providers beyond those necessary to enforce the requirements set forth in this part and part V of this chapter.
(f) A Department of Children and Families child care..
(4) Establish a regional Warm-Line as directed by the department. The annual evaluation must be submitted to the commissioner by June 30 of each year.

Regional Warm-Line staff shall provide onsite technical assistance, when requested, to assist child care facilities and family day care homes with inquiries relating to the strategies, curriculum, and environmental adaptations the child care facilities and family day care homes may need as they serve children with disabilities and other special needs.

(7) Use a coordinated professional development system that supports the achievement and maintenance of core competencies by school readiness program teachers in helping children attain the performance standards adopted by the department.

Determine child eligibility pursuant to s. 1002.87 and provider eligibility pursuant to s. 1002.88. Child eligibility must be redetermined annually. A coalition must document the reason a child is no longer eligible for the school readiness program according to the standard codes prescribed by the department.

Establish a parent sliding fee scale that provides for a parent copayment that is not a barrier to families receiving school readiness program services. Providers are required to collect the parent’s copayment. A coalition may, on a case-by-case basis, waive the copayment for a child whose family’s income is at or below the federal poverty level or whose family experiences a natural disaster or an event that limits the parent’s ability to pay, such as incarceration, placement in residential treatment, or becoming homeless, or an emergency situation such as a household fire or burglary, or while the parent is participating in parenting classes or participating in another program.

Each early learning coalition shall complete an annual evaluation of the executive director or chief executive officer on forms adopted by the department. The annual evaluation must be submitted to the commissioner by June 30 of each year.

A coalition must advertise the vacancy.

2959 an Early Head Start program or Head Start Program. A parent may
2960 not transfer school readiness program services to another school
2961 readiness program provider until the parent has submitted
2962 documentation from the current school readiness program provider
2963 to the early learning coalition stating that the parent has
2964 satisfactorily fulfilled the copayment obligation.
2965 (16) **Monitor** school readiness program providers in
2966 accordance with its plan, or in response to a parental
2967 complaint, to verify that the standards prescribed in ss.
2968 1002.82 and 1002.88 are being met using a standard monitoring
2969 tool adopted by the department. Providers determined to

2976 programs funded under this part and part V of this chapter. The
2977 payment schedule must take into consideration the prevailing
2978 average market rate, include the projected number of children to
2979 be served, and be submitted for approval by the department
2980 office. Informal child care arrangements shall be reimbursed at
2981 not more than 50 percent of the rate adopted for a family day
2982 care home.
2983 (18) **Implement** an anti-fraud plan addressing the
2984 detection, reporting, and prevention of overpayments, abuse, and
2985 fraud relating to the provision of and payment for school
2986 readiness program and Voluntary Prekindergarten Education
2987 Program services and submit the plan to the department office

2988 for approval, as required by s. 1002.91.
2989 (19) **By** October 1 of each year, submit an annual report
2990 to the department office. The report shall conform to the format
2991 adopted by the department and must include:
2992 (a) Segregation of school readiness program funds,
2993 Voluntary Prekindergarten Education Program funds, Child Care
2994 Executive Partnership Program funds, and other local revenues
2995 available to the coalition.
2996 (b) Details of expenditures by fund source, including total
2997 expenditures for administrative activities, quality activities,
2998 nondirect services, and direct services for children.
2999 (c) The total number of coalition staff and the related
3000 expenditures for salaries and benefits. For any subcontracts,
3001 the total number of contracted staff and the related
3002 expenditures for salaries and benefits must be included.
3003 (d) The number of children served in the school readiness
3004 program, by provider type, enumerated by age and eligibility
3005 priority category, reported as the number of children served
3006 during the month, the average participation throughout the
3007 month, and the number of children served during the month.
3008 (e) The total number of children disenrolled during the
3009 year and the reasons for disenrollment.
3010 (f) The total number of providers by provider type.
3011 (g) A listing of any school readiness program provider, by
3012 type, whose eligibility to deliver the school readiness program
3013 is revoked, including a brief description of the state or
3014 federal violation that resulted in the revocation.
3015 (h) An evaluation of its direct enhancement services.
3016 (i) The total number of children served in each provider
facility.

(21)(a)222 To increase transparency and accountability, comply with the requirements of this section before contracting with one or more of the following persons or business entities which employs, has a contractual relationship with, or is owned by the following persons:

1. A member of the coalition appointed pursuant to s. 1002.83(3);

2. A board member of any other early learning subrecipient entity;

3. A coalition employee; or

4. A relative, as defined in s. 112.3143(1)(c), of any person listed in subparagraphs 1.-3. a coalition member or of an employee of the coalition.

(b) Such contracts may not be executed without the approval of the department office. Such contracts, as well as documentation demonstrating adherence to this section by the coalition, a quorum having been established; all conflicts of interest must be disclosed before the vote; and any member who may benefit from the contract, or whose relative may benefit from the contract, must abstain from the vote. A contract under $25,000 between an early learning coalition and a member of that coalition or between a relative, as defined in s. 112.3143(1)(c), of a coalition member or of an employee of the coalition is not required to have the prior approval of the department office but must be approved by a two-thirds vote of the coalition, a quorum having been established, and must be reported to the department office within 30 days after approval. The plan must include the contract with a fiscal agent. If a contract cannot be approved by the department office, a review of the decision to disapprove the contract may be requested by the early learning coalition or other parties to the disapproved contract.

Section 52. Section 1002.85, Florida Statutes, is amended to read:

1002.85 Early learning coalition plans.—

(1) The department office shall adopt rules prescribing the standardized format and required content of school readiness program plans as necessary for a coalition or other qualified entity to administer the school readiness program as provided in this part.

(2) Each early learning coalition must biennially submit a school readiness program plan to the department office before the expenditure of funds. A coalition may not implement its school readiness program plan until it receives approval from the department office. A coalition may not implement any revision to its school readiness program plan until the coalition submits the revised plan to and receives approval from the department office. If the department office rejects a plan or revision, the coalition must continue to operate under its previously approved plan. The plan must include, but is not limited to:

(a) The coalition’s operations, including its membership and business organization, and the coalition’s articles of incorporation and bylaws if the coalition is organized as a corporation. If the coalition is not organized as a corporation or other business entity, the plan must include the contract with a fiscal agent.
(b) The minimum number of children to be served by care level.
(c) The coalition’s procedures for implementing the requirements of this part, including:
1. Single point of entry.
2. Uniform waiting list.
3. Eligibility and enrollment processes and local eligibility priorities for children pursuant to s. 1002.87.
4. Parent access and choice.
5. Sliding fee scale and policies on applying the waiver or reduction of fees in accordance with s. 1002.84(9).
6. Use of preassessments and postassessments, as applicable.
7. Payment rate schedule.
8. Use of contracted slots, as applicable, based on the results of the assessment required under paragraph (j).
(d) A detailed description of the coalition’s quality activities and services, including, but not limited to:
1. Resource and referral and school-age child care.
2. Infant and toddler early learning.
3. Inclusive early learning programs.
4. Quality improvement strategies that strengthen teaching practices and increase child outcomes.
(e) A detailed budget that outlines estimated expenditures for state, federal, and local matching funds at the lowest level of detail available by other-cost-accumulator code number; all estimated sources of revenue with identifiable descriptions; a listing of full-time equivalent positions; contracted subcontractor costs with related annual compensation amount or hourly rate of compensation; and a capital improvements plan outlining existing fixed capital outlay projects and proposed capital outlay projects that will begin during the budget year.
(f) A detailed accounting, in the format prescribed by the department office, of all revenues and expenditures during the previous state fiscal year. Revenue sources should be identifiable, and expenditures should be reported by categories: state and federal funds and local matching funds.
(g) Updated policies and procedures, including those governing procurement, maintenance of tangible personal property, maintenance of records, information technology security, and disbursement controls.
(h) A description of the procedures for monitoring school readiness program providers, including in response to a parental complaint, to determine that the standards prescribed in ss. 1002.82 and 1002.88 are met using a standard monitoring tool adopted by the department office. Providers determined to be high risk by the coalition as demonstrated by substantial findings of violations of law shall be monitored more frequently.
(i) Documentation that the coalition has solicited and considered comments regarding the proposed school readiness program plan from the local community.
(j) An assessment of local priorities within the county or multicounty region based on the needs of families and provider capacity using available community data.
(3) The coalition may periodically amend its plan as
CODING: Words **stricken** are deletions; words **underlined** are additions.
necessary. An amended plan must be submitted to and approved by

the department office before any expenditures are incurred on

the new activities proposed in the amendment.

(4) The department office shall publish a copy of the

standardized format and required content of school readiness

program plans on its website.

(5) The department office shall collect and report data on

coalition delivery of early learning programs. Elements shall

include, but are not limited to, measures related to progress

towards reducing the number of children on the waiting list, the

percentage of children served by the program as compared to the

number of administrative staff and overhead, the percentage of

children served compared to total number of children under the

age of 5 years below 150 percent of the federal poverty level,

provider payment processes, fraud intervention, child attendance

and stability, use of child care resource and referral, and

kindergarten readiness outcomes for children in the Voluntary

Prekindergarten Education Program or the school readiness

program upon entry into kindergarten. The department office

shall request input from the coalitions and school readiness

program providers before finalizing the format and data to be

used. The report shall be implemented beginning July 1, 2014,

and results of the report must be included in the annual report

under s. 1002.82.

Section 53. Paragraphs (a), (b), (c), (e), (f), (m), (n),
(p), and (q) of subsection (1) and subsection (3) of section
1002.88, Florida Statutes, are amended, and paragraph (s) is
added to subsection (1) of that section, to read:

1002.88 School readiness program provider standards;

(c) Provide basic health and safety of its premises and

include 30 minutes of reading to children each day.

(c) Provide basic health and safety of its premises and

activities to enhance the age-appropriate progress of each child in attaining the child
development standards adopted by the department office pursuant
to s. 1002.82(2)(j). A provider should include activities to

foster brain development in infants and toddlers; provide an

environment that is rich in language and music and filled with

objects of various colors, shapes, textures, and sizes to

stimulate visual, tactile, auditory, and linguistic senses; and

include 30 minutes of reading to children each day.

(c) Provide basic health and safety of its premises and

activities to enhance the age-appropriate progress of each child in attaining the child
development standards adopted by the department office pursuant
to s. 1002.82(2)(j). A provider should include activities to

foster brain development in infants and toddlers; provide an

environment that is rich in language and music and filled with

objects of various colors, shapes, textures, and sizes to

stimulate visual, tactile, auditory, and linguistic senses; and

include 30 minutes of reading to children each day.
facilities and compliance with requirements for age-appropriate
immunizations of children enrolled in the school readiness
program.

1. For a provider that is licensed, compliance with s.
402.305, s. 402.3131, or s. 402.313 and this subsection, as
verified pursuant to s. 402.311, satisfies this requirement.

2. For a provider that is a registered family day care home
or is not subject to licensure or registration by the Department
of Children and Families, compliance with this subsection, as
verified pursuant to s. 402.311, satisfies this requirement.

Upon verification pursuant to s. 402.311, the provider shall
annually post the health and safety checklist adopted by the
department on its premises in plain sight for
visitors and parents and shall annually submit the checklist to
its local early learning coalition.

3. For a child development program that is accredited by a
national accrediting body and operates on a military
installation that is certified by the United States Department
of Defense, the submission and verification of annual
inspections pursuant to United States Department of Defense
Instructions 6060.2 and 1402.05 satisfies this requirement.

(e) Employ child care personnel, as defined in s.
402.302(3), who have satisfied the screening requirements of
chapter 402 and fulfilled the training requirements of the
department.

(f) Implement one of the curricula approved by the
department that meets the child development standards.

(m) For a provider that is not an informal provider,
maintain general liability insurance and provide the coalition
with written evidence of general liability insurance coverage,
including coverage for transportation of children if school
readiness program children are transported by the provider. A
provider must obtain and retain an insurance policy that
provides a minimum of $100,000 of coverage per occurrence and a
minimum of $300,000 general aggregate coverage. The department
may authorize lower limits upon request, as appropriate. A provider must add the coalition as a named certificateholder
and as an additional insured. A provider must provide the
coalition with a minimum of 10 calendar days’ advance written
notice of cancellation of or changes to coverage. The general
liability insurance required by this paragraph must remain in
full force and effect for the entire period of the provider’s contract with the coalition.

(n) For a provider that is an informal provider, comply
with the provisions of paragraph (m) or maintain homeowner’s
liability insurance and, if applicable, a business rider. If an
informal provider chooses to maintain a homeowner’s policy, the
provider must obtain and retain a homeowner’s insurance policy
that provides a minimum of $100,000 of coverage per occurrence and a
minimum of $300,000 general aggregate coverage. The department may authorize lower limits upon request, as
appropriate. An informal provider must add the coalition as a
named certificateholder and as an additional insured. An
informal provider must provide the coalition with a minimum of
10 calendar days’ advance written notice of cancellation of or
changes to coverage. The general liability insurance required by
this paragraph must remain in full force and effect for the
entire period of the provider’s contract with the coalition.
Section 54. Subsections (2), (3), and (6) of section 3276, 1002.89, Florida Statutes, are amended to read:

(p) Notwithstanding paragraph (m), for a provider that is a state agency or a subdivision thereof, as defined in s. 768.28(2), agree to notify the coalition of any additional liability coverage maintained by the provider in addition to that otherwise established under s. 768.28. The provider shall indemnify the coalition to the extent permitted by s. 768.28.

Notwithstanding paragraph (m), for a child development program that is accredited by a national accrediting body and operates on a military installation that is certified by the United States Department of Defense, the provider may demonstrate liability coverage by affirming that it is subject to the Federal Tort Claims Act, 28 U.S.C. ss. 2671 et seq.

(q) Execute the standard statewide provider contract adopted by the department.

(a) Collect all parent copayment fees unless a waiver has been granted under s. 1002.84(9).

(b) Impose any requirement on a child care provider or provider that exceeds the authority provided under this part or part V of this chapter or rules adopted pursuant to this part or part V of this chapter; or

(c) Require a provider to administer a preassessment or postassessment.

(a) Administrative costs as described in 45 C.F.R. s. 98.54, which shall include monitoring providers using the standard methodology adopted under s. 1002.82 to improve compliance with state and federal regulations and law pursuant to the requirements of the statewide provider contract adopted under s. 1002.82(2)(m).

(b) Activities to improve the quality of child care as described in 45 C.F.R. s. 98.53, which shall be limited to the following:

1. Developing, establishing, expanding, operating, and coordinating resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public to promote informed child care choices specified
2. Awarding grants and providing financial support to
school readiness program providers and their staff to assist
them in meeting applicable state requirements for the program
assessment required under s. 1002.82(2)(n), child care
performance standards, implementing developmentally appropriate
curricula and related classroom resources that support
curricula, providing literacy supports, and providing continued
professional development and training. Any grants awarded
pursuant to this subparagraph shall comply with ss. 215.971 and
287.058.

3. Providing training, technical assistance, and financial
support to school readiness program providers, staff, and
parents on standards, child screenings, child assessments, child
development research and best practices, developmentally
appropriate curricula, character development, teacher-child
interactions, age-appropriate discipline practices, health and
safety, nutrition, first aid, cardiopulmonary resuscitation, the
recognition of communicable diseases, and child abuse detection,
prevention, and reporting.

4. Providing, from among the funds provided for the
activities described in subparagraphs 1.-3., adequate funding
for infants and toddlers as necessary to meet federal
requirements related to expenditures for quality activities for
infant and toddler care.

5. Improving the monitoring of compliance with, and
enforcement of, applicable state and local requirements as
described in and limited by 45 C.F.R. s. 98.40.

6. Responding to Warm-Line requests by providers and

As used in this paragraph, the term "nondirect services" does
not include payments to school readiness program providers for
direct services provided to children who are eligible under s.
1002.87, administrative costs as described in paragraph (a), or
quality activities as described in paragraph (b).

Section 55. Subsection (1), paragraph (a) of subsection
(2), and subsections (4), (5), and (6) of section 1002.895,
Florida Statutes, are amended to read:

1002.895 Market rate schedule.—The school readiness program
market rate schedule shall be implemented as follows:

(1) The department shall establish procedures for
the adoption of a market rate schedule. The schedule must
include, at a minimum, county-by-county rates:

(a) The market rate, including the minimum and the maximum

CODING: Words **stricken** are deletions; words **underlined** are additions.
rates for child care providers that hold a Gold Seal Quality
Care designation under s. 1002.945 and adhere to its accrediting
association’s teacher-to-child ratios and group size
requirements under s. 402.301.
(b) The market rate for child care providers that do not
hold a Gold Seal Quality Care designation.
(2) The market rate schedule, at a minimum, must:
(a) Differentiate rates by type, including, but not limited
to, a child care provider that holds a Gold Seal Quality Care
designation under s. 1002.945 and adheres to its accrediting
association’s teacher-to-child ratios and group size
requirements under s. 402.301, a child care facility licensed under s.
402.305, a public or nonpublic school exempt from licensure
under s. 402.3025, a faith-based child care facility exempt from
licensure under s. 402.316 that does not hold a Gold Seal
Quality Care designation, a large family child care home
licensed under s. 402.313l, or a family day care home licensed
or registered under s. 402.313.
(4) The market rate schedule shall be considered by an
early learning coalition in the adoption of a payment schedule.
The payment schedule must take into consideration the prevailing
average market rate and include the projected number of
children to be served by each county, and be submitted for
approval by the department. Informal child care
arrangements shall be reimbursed at not more than 50 percent of
the rate adopted for a family day care home.
(5) The department may contract with one or more
qualified entities to administer this section and provide
support and technical assistance for child care providers.

(6) The department may adopt rules for establishing
procedures for the collection of child care providers’ market
card, the calculation of the prevailing average market rate by
program care level and provider type in a predetermined
graphic market, and the publication of the market rate
schedule.

Section 56. Section 1002.91, Florida Statutes, is amended
to read:

1002.91 Investigations of fraud or overpayment; penalties.—
(1) As used in this subsection, the term “fraud” means an
intentional deception, omission, or misrepresentation made by a
person with knowledge that the deception, omission, or
misrepresentation may result in unauthorized benefit to that
person or another person, or any aiding and abetting of the
commission of such an act. The term includes any act that
constitutes fraud under applicable federal or state law.
(2) To recover state, federal, and local matching funds,
the department shall investigate early learning
coalitions, recipients, and providers of the school readiness
program and the Voluntary Prekindergarten Education Program to
determine possible fraud or overpayment. If by its own
inquiries, or as a result of a complaint, the department has
reason to believe that a person, coalition, or provider has
engaged in, or is engaging in, a fraudulent act, it shall
investigate and determine whether any overpayment has occurred
due to the fraudulent act. During the investigation, the
department may examine all records, including electronic
benefits transfer records, and make inquiry of all persons who
may have knowledge as to any irregularity incidental to the
(3) Based on the results of the investigation, the department office may, in its discretion, refer the investigation to the Department of Financial Services for criminal investigation or refer the matter to the applicable coalition. Any suspected criminal violation identified by the department office must be referred to the Department of Financial Services for criminal investigation.

(4) An early learning coalition may suspend or terminate a provider from participation in the school readiness program or the Voluntary Prekindergarten Education Program when it has reasonable cause to believe that the provider has committed fraud. The department office shall adopt by rule appropriate due process procedures that the early learning coalition shall apply in suspending or terminating any provider, including the suspension or termination of payment. If suspended, the provider shall remain suspended until the completion of any investigation by the department office, the Department of Financial Services, or any other state or federal agency, and any subsequent prosecution or other legal proceeding.

(5) If a school readiness program provider or a Voluntary Prekindergarten Education Program provider, or an owner, officer, or director thereof, is convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, or is acting as the beneficial owner for someone who has been convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39, the early learning coalition shall refrain from contracting with, or using the services of, that provider for a period of 5 years. In addition, the coalition shall refrain from contracting with, or using the services of, any provider that shares an officer or director with a provider that is convicted of, found guilty of, or pleads guilty or nolo contendere to, regardless of adjudication, public assistance fraud pursuant to s. 414.39 for a period of 5 years.

(6) If the investigation is not confidential or otherwise exempt from disclosure by law, the results of the investigation may be reported by the department office to the appropriate legislative committees, the Department of Children and Families, and such other persons as the department office deems appropriate.

(7) The early learning coalition may not contract with a school readiness program provider or a Voluntary Prekindergarten Education Program provider who is on the United States Department of Agriculture National Disqualified List. In addition, the coalition may not contract with any provider that shares an officer or director with a provider that is on the United States Department of Agriculture National Disqualified List.

(8) Each early learning coalition shall adopt an anti-fraud plan addressing the detection and prevention of overpayments, abuse, and fraud relating to the provision of and payment for school readiness program and Voluntary Prekindergarten Education Program services and submit the plan to the department office for approval. The department office shall adopt rules establishing criteria for the anti-fraud plan, including
As a part of the school readiness program, the department shall establish a statewide child care resource and referral network that is unbiased and provides referrals to families for child care and information on available community resources. Preference shall be given to using early learning coalitions as the child care resource and referral agencies. If an early learning coalition cannot comply with the requirements to offer the resource information component or does not want to offer that service, the early learning coalition shall select the resource and referral agency for its county or multicounty region based upon the procurement requirements of §1002.84(13) and §1002.84(12).

(2) At least one child care resource and referral agency must be established in each early learning coalition’s county or multicounty region. The department shall adopt rules regarding accessibility of child care resource and referral services offered through child care resource and referral agencies in each county or multicounty region which include, at a minimum, required hours of operation, methods by which parents may request services, and child care resource and referral staff training requirements.

(3) Child care resource and referral agencies shall provide the following services:

(a) Identification of existing public and private child care and early childhood education services, including child care services by public and private employers, and the development of an early learning provider performance profile system of those services through the single statewide information system developed by the department under §1002.82(2)(q) and §1002.82(2)(p). These services may include

family day care, public and private child care programs, the
Voluntary Prekindergarten Education Program, Head Start, the
school readiness program, special education programs for
prekindergarten children with disabilities, services for
children with developmental disabilities, full-time and part-
time programs, before-school and after-school programs, and
vacation care programs, parent education, the temporary cash
assistance program, and related family support services. The
early learning provider performance profile shall include, but not be limited to:
1. Type of program.
2. Hours of service.
3. Ages of children served.
4. Number of children served.
5. Program information.
6. Fees and eligibility for services.
7. Availability of transportation.
8. Participation in the Child Care Food Program, if applicable.
9. A link to licensing inspection reports, if applicable.
10. The components of the Voluntary Prekindergarten Education Program performance metric calculated under s. 1002.68
which must consist of the program assessment composite score,
learning gains score, achievement score, and its designations,
if applicable.
11. The school readiness program assessment composite score
and program assessment care level composite score results
delineated by infant classrooms, toddler classrooms, and
preschool classrooms results under s. 1002.82, if applicable.
12. Gold Seal Quality Care designation under s. 1002.945, if applicable.
13. Indication of whether the provider implements a curriculum approved by the department and the name of the curriculum, if applicable.
14. Participation in the school readiness child assessment under s. 1002.82.
   (c) Maintenance of ongoing documentation of requests for service tabulated through the internal referral process through the single statewide information system. The following documentation of requests for service shall be maintained by the child care resource and referral network:
   1. Number of calls and contacts to the child care resource information and referral network component by type of service requested.
   2. Ages of children for whom service was requested.
   3. Time category of child care requests for each child.
   4. Special time category, such as nights, weekends, and swing shift.
   5. Reason that the child care is needed.
   6. Customer service survey data required under s. 1002.82(3). Name of the employer and primary focus of the business for an employer-based child care program.
   (d) Assistance to families that connects them to parent education opportunities, the temporary cash assistance program, or social services programs that support families with children, and related child development support services. This assistance may include.
(1) The individual records of children enrolled in the school readiness program. —

(1) The department office may contract for the administration of the Teacher Education and Compensation Helps (TEACH) scholarship program, which provides educational scholarships to caregivers and administrators of early childhood programs, family day care homes, and large family child care homes. The goal of the program is to increase the education and training for caregivers, increase the compensation for child caregivers who complete the program requirements, and reduce the rate of participant turnover in the field of early childhood education.

(2) The State Board of Education office shall adopt rules as necessary to administer this section.

Section 61. Subsections (1) and (3) of section 1002.96, Florida Statutes, are amended to read:

1002.96 Early Head Start collaboration grants.—

(1) Contingent upon specific appropriation, the department office shall establish a program to award collaboration grants to assist local agencies in securing Early Head Start programs through Early Head Start program federal grants. The collaboration grants shall provide the required matching funds for public and private nonprofit agencies that have been approved for Early Head Start program federal grants.

(3) The department office may adopt rules as necessary for the award of collaboration grants to competing agencies and the administration of the collaboration grants program under this section.

Section 62. Subsection (1) and paragraph (g) of subsection (3) of section 1002.97, Florida Statutes, are amended to read:

1002.97 Records of children in the school readiness program.—

(1) The individual records of children enrolled in the program.
The Department of Education shall adopt rules for the purpose of implementing the school readiness program and shall:

1. Develop early learning professional development training and course standards to be utilized for school readiness program providers.

2. Identify both formal and informal early learning career pathways with stackable credentials and certifications that

   a. Include assessment data, health data, records of teacher observations, and personal identifying information.

   b. Parties to an interagency agreement among early learning coalitions, local governmental agencies, and the department for the purpose of implementing the school readiness program.

   c. Agencies, organizations, or individuals that receive school readiness program records in order to carry out their official functions must protect the data in a manner that does not permit the personal identification of a child enrolled in a school readiness program and his or her parent by persons other than those authorized to receive the records.

Section 63. Subsections (1) and (3) of section 1002.995, Florida Statutes, are amended to read:

1002.995 Early learning professional development standards and career pathways.—

(a) The department shall:

(1) Develop early learning professional development training and course standards to be utilized for school readiness program providers.

(2) Identify both formal and informal early learning career pathways with stackable credentials and certifications that

   a. Include assessment data, health data, records of teacher observations, and personal identifying information.

   b. Parties to an interagency agreement among early learning coalitions, local governmental agencies, and the department for the purpose of implementing the school readiness program.

   c. Agencies, organizations, or individuals that receive school readiness program records in order to carry out their official functions must protect the data in a manner that does not permit the personal identification of a child enrolled in a school readiness program and his or her parent by persons other than those authorized to receive the records.

Section 64. Section 1007.01, Florida Statutes, is amended to read:

1007.01 Articulation; legislative intent; purpose; role of the State Board of Education and the Board of Governors; Articulation Coordinating Committee.—

(1) It is the intent of the Legislature to facilitate articulation and seamless integration of the Early Learning-2021 education system by building, sustaining, and strengthening relationships among Early Learning-2021 public organizations, between public and private organizations, and between the education system as a whole and Florida’s communities. The purpose of building, sustaining, and strengthening these relationships is to provide for the efficient and effective progression and transfer of students within the education system and to allow students to proceed toward their educational objectives as rapidly as their circumstances permit. The Legislature further intends that articulation policies and budget actions be implemented consistently in the practices of
Coordination Council, the State Board of Education, and the Board of Governors. The committee shall consist of two members each representing the State University System, the Florida College System, public career and technical education, K-12 education, and nonpublic postsecondary education and one member representing students. The chair shall be elected from the membership. The Office of K-20 Articulation shall provide administrative support for the committee. The committee shall:

(a) Monitor the alignment between the exit requirements of one education system and the admissions requirements of another education system into which students typically transfer and make recommendations for improvement.

(b) Propose guidelines for interinstitutional agreements between and among public schools, career and technical education centers, Florida College System institutions, state universities, and nonpublic postsecondary institutions.

(c) Annually recommend dual enrollment course and high school subject area equivalencies for approval by the State Board of Education and the Board of Governors.

(d) Annually review the statewide articulation agreement pursuant to s. 1007.23 and make recommendations for revisions.

(e) Annually review the statewide course numbering system, the levels of courses, and the application of transfer credit requirements among public and nonpublic institutions participating in the statewide course numbering system and identify instances of student transfer and admissions difficulties.

(f) Annually publish a list of courses that meet common general education and common degree program prerequisite requirements among public and nonpublic postsecondary institutions.

(g) Identify instances of student transfer and admissions difficulties.

(h) Recommend policies to the Legislature. The Articulation Coordinating Council, which shall make recommendations related to statewide articulation policies and issues regarding access, quality, and reporting of data maintained by the educational K-20 data warehouse, established pursuant to ss. 1001.10 and 1008.31, to the Higher Education and Community College System, public career and technical education, K-12 education, and nonpublic postsecondary education and one member representing students. The chair shall be elected from the membership. The Office of K-20 Articulation shall provide administrative support for the committee. The committee shall:

(a) Monitor the alignment between the exit requirements of one education system and the admissions requirements of another education system into which students typically transfer and make recommendations for improvement.

(b) Propose guidelines for interinstitutional agreements between and among public schools, career and technical education centers, Florida College System institutions, state universities, and nonpublic postsecondary institutions.

(c) Annually recommend dual enrollment course and high school subject area equivalencies for approval by the State Board of Education and the Board of Governors.

(d) Annually review the statewide articulation agreement pursuant to s. 1007.23 and make recommendations for revisions.

(e) Annually review the statewide course numbering system, the levels of courses, and the application of transfer credit requirements among public and nonpublic postsecondary institutions participating in the statewide course numbering system and identify instances of student transfer and admissions difficulties.

(f) Annually publish a list of courses that meet common general education and common degree program prerequisite requirements among public and nonpublic postsecondary institutions.
The primary purpose of the coordinated screening and progress monitoring program for students in the Voluntary Prekindergarten Education Program through grade 3 is to provide information on students' progress in mastering the appropriate grade-level standards and to provide information on their progress to parents, teachers, and school and program administrators. Data shall be used by Voluntary Prekindergarten Education Program providers and school districts to improve instruction, by parents and teachers to guide learning objectives and provide timely and appropriate supports and interventions to students not meeting grade level expectations, and by the public to assess the cost benefit of the expenditure of taxpayer dollars. The coordinated screening and progress monitoring program must:

(a) Assess the progress of students in the Voluntary Prekindergarten Education Program through grade 3 in meeting the appropriate expectations in emergent literacy and math skills and in English Language Arts and mathematics, as required by ss. 1002.67(1)(a) and 1003.41.

(b) Provide data for accountability of the Voluntary Prekindergarten Education Program, as required by s. 1002.68.

(c) Provide baseline data to the department of each student's readiness for kindergarten, which must be based on each kindergarten student's progress monitoring results within the first 30 days of enrollment in accordance with paragraph (2)(a). The methodology for determining a student's readiness for kindergarten shall be developed by the same independent expert identified in s. 1002.68(4)(d).

(d) Identify the educational strengths and needs of students in the Voluntary Prekindergarten Education Program through grade 3.

(e) Provide teachers with progress monitoring data to provide timely interventions and supports pursuant to s. 1008.25(4).

(f) Assess how well educational goals and curricular standards are met at the provider, school district, and state levels.

(g) Provide information to aid in the evaluation and development of educational programs and policies.

(2) The Commissioner of Education shall design a statewide, standardized coordinated screening and progress monitoring program to assess early literacy and mathematics skills and the
English Language Arts and mathematics standards established in ss. 1002.67(1)(a) and 1003.41, respectively. The coordinated screening and progress monitoring program must provide interval level and norm-referenced data that measures equivalent levels of growth; be a developmentally appropriate, valid, and reliable direct assessment; be able to capture data on students who may be performing below grade or developmental level and which may enable the identification of early indicators of dyslexia or other developmental delays; accurately measure the core content in the applicable grade level standards; document learning gains for the achievement of these standards; and provide teachers with progress monitoring supports and materials that enhance differentiated instruction and parent communication.

Participation in the coordinated screening and progress monitoring program is mandatory for all students in the Voluntary Prekindergarten Education Program and enrolled in a public school in kindergarten through grade 3. The coordinated screening and progress monitoring program shall be implemented beginning in the 2022-2023 school year for students in the Voluntary Prekindergarten Education Program and kindergarten students, as follows:

1. The coordinated screening and progress monitoring program shall be administered within the first 30 days after enrollment, midyear, and within the last 30 days of the program or school year, in accordance with rules adopted by the State Board of Education. The state board may adopt alternate timeframes to address nontraditional school year calendars or summer programs to ensure that the coordinated screening and progress monitoring program is administered a minimum of 3 times within a year or program.

2. The results of the coordinated screening and progress monitoring program shall be reported to the department, in accordance with the rules adopted by the state board, and maintained in the department’s educational data warehouse.

3. The Commissioner of Education shall:
   (a) Develop a plan, in coordination with the Council for Early Grade Success, for implementing the coordinated screening and progress monitoring program in consideration of timelines for implementing new early literacy and mathematics skills and the English Language Arts and mathematics standards established in ss. 1002.67(1)(a) and 1003.41, as appropriate.
   (b) Provide data, reports, and information as requested to the Council for Early Grade Success.
   (4) The Council for Early Grade Success, a council defined in s. 20.03(7), is created within the Department of Education to oversee the coordinated screening and progress monitoring program and, except as otherwise provided in this section, shall operate consistent with s. 20.052.

   (a) The council shall be responsible for reviewing the implementation of, training for, administration of, and outcomes from the coordinated screening and progress monitoring program to provide recommendations to the department that supports grade 3 students reading at or above grade level. The council, at a minimum, shall:
      1. Provide recommendations on the implementation of the coordinated screening and progress monitoring program, including reviewing any procurement solicitation documents and criteria before being published.
2. Develop training plans and timelines for such training.
3. Identify appropriate personnel, processes, and procedures required for the administration of the coordinated screening and progress monitoring program.
4. Provide input on the methodology for calculating a provider’s or school’s performance metric and designations under s. 1002.68.
5. Work with the department’s independent expert under s. 1002.68(4)(d) to review the methodology for determining a child’s kindergarten readiness.
6. Review data on age-appropriate learning gains by grade level that a student would need to attain in order to demonstrate proficiency in reading by grade 3.
7. Continually review anonymized data from the results of the coordinated screening and progress monitoring program for students in the Voluntary Prekindergarten Education Program through grade 3 to help inform recommendations to the department that support practices that will enable grade 3 students to read at or above grade level.

(b) The council shall be composed of 15 members who are residents of this state and appointed, notwithstanding any other provision of law, as follows:
1. Two members appointed by the Governor, as follows:
   a. One representative from the Department of Education.
   b. One parent of a child who is 4 to 9 years of age.
2. Thirteen members appointed jointly by the President of the Senate and Speaker of the House of Representatives, as follows:
   a. One representative of an urban school district.
   b. One representative of a rural school district.
   c. One representative of an urban early learning coalition.
   d. One representative of a rural early learning coalition.
   e. One representative of the Department of Education.
   f. One representative of an early learning provider.
   g. One representative who is a kindergarten teacher who has at least 5 years of teaching experience.
   h. One representative who is a second grade teacher who has at least 5 years of teaching experience.
   i. One representative who is a school principal.
   j. Four representatives with subject matter expertise in early learning, early grade success, or child assessments. The four representatives with subject matter expertise may not be direct stakeholders within the early learning or public school systems or potential recipients of a contract resulting from the committee’s recommendations.

(5) The council shall elect a chair and a vice chair, one of whom must be a member who has subject matter expertise in early learning, early grade success, or child assessments. The vice chair must be a member appointed by the President of the Senate and the Speaker of the House of Representatives who is not one of the four members with subject matter expertise in early learning, early grade success, or child assessments appointed pursuant to sub-subparagraph (b)2.j. Members of the council shall serve without compensation but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061.

(6) The council must meet at least biannually and may meet...
(7) A majority of the members constitutes a quorum.

Section 66. Present paragraphs (b) and (c) of subsection (5) of section 1008.25, Florida Statutes, are redesignated as paragraphs (c) and (d), respectively, a new paragraph (b) is added to that subsection, and paragraph (b) of subsection (6), subsection (7), and paragraph (a) of subsection (8) are amended, to read:

1008.25 Public school student progression; student support; reporting requirements.—

(5) READING DEFICIENCY AND PARENTAL NOTIFICATION.—

(b) A Voluntary Prekindergarten Education Program student who exhibits a substantial deficiency in early literacy skills in accordance with the standards under s. 1002.67(1)(a) and based upon the results of the administration of the final coordinated screening and progress monitoring under s. 1008.2125 shall be referred to the local school district and may be eligible to receive intensive reading interventions before participating in kindergarten. Such intensive reading interventions shall be paid for using funds from the district’s research-based reading instruction allocation in accordance with s. 1011.62(9).

(6) ELIMINATION OF SOCIAL PROMOTION.—

(b) The district school board may only exempt students from mandatory retention, as provided in paragraph (5)(c) (5)(a), for good cause. A student who is promoted to grade 4 with a good cause exemption shall be provided intensive reading instruction and intervention that include specialized diagnostic information and intervention that include specialized diagnostic information

and specific reading strategies to meet the needs of each student so promoted. The school district shall assist schools and teachers with the implementation of explicit, systematic, and multisensory reading instruction and intervention strategies for students promoted with a good cause exemption which research has shown to be successful in improving reading among students who have reading difficulties. Good cause exemptions are limited to the following:

1. Limited English proficient students who have had less than 2 years of instruction in an English for Speakers of Other Languages program based on the initial date of entry into a school in the United States.

2. Students with disabilities whose individual education plan indicates that participation in the statewide assessment program is not appropriate, consistent with the requirements of s. 1008.212.

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading or English Language Arts assessment approved by the State Board of Education.

4. A student who demonstrates through a student portfolio that he or she is performing at least at Level 2 on the statewide, standardized English Language Arts assessment.

5. Students with disabilities who take the statewide, standardized English Language Arts assessment and who have an individual education plan or a Section 504 plan that reflects that the student has received intensive instruction in reading or English Language Arts for more than 2 years but still demonstrates a deficiency and was previously retained in
6. Students who have received intensive reading intervention for 2 or more years but still demonstrate a deficiency in reading and who were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of 2 years. A student may not be retained more than once in grade 3.

(7) SUCCESSFUL PROGRESSION FOR RETAINED THIRD GRADE STUDENTS—

(a) Students retained under paragraph (5)(c) must be provided intensive interventions in reading to ameliorate the student’s specific reading deficiency and prepare the student for promotion to the next grade. These interventions must include:

1. Evidence-based, explicit, systematic, and multisensory reading instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension and other strategies prescribed by the school district.

2. Participation in the school district’s summer reading camp, which must incorporate the instructional and intervention strategies under subparagraph 1.

3. A minimum of 90 minutes of daily, uninterrupted reading instruction incorporating the instructional and intervention strategies under subparagraph 1. This instruction may include:

   a. Integration of content-rich texts in science and social studies within the 90-minute block.

   b. Small group instruction.

   c. Reduced teacher-student ratios.

   d. More frequent progress monitoring.

   e. Tutoring or mentoring.

   f. Transition classes containing 3rd and 4th grade students.

   g. Extended school day, week, or year.

   (b) Each school district shall:

   1. Provide written notification to the parent of a student who is retained under paragraph (5)(c) that his or her child has not met the proficiency level required for promotion and the reasons the child is not eligible for a good cause exemption as provided in paragraph (6)(b). The notification must comply with paragraph (5)(d) and must include a description of proposed interventions and supports that will be provided to the child to remediate the identified areas of reading deficiency.

   2. Implement a policy for the midyear promotion of a student retained under paragraph (5)(c) who can demonstrate that he or she is a successful and independent reader and performing at or above grade level in reading or, upon implementation of English Language Arts assessments, performing at or above grade level in English Language Arts.

Tools that school districts may use in reevaluating a student retained may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Students promoted during the school year after November 1 must demonstrate proficiency levels in reading equivalent to the level necessary for the beginning of grade 4. The rules adopted by the State Board of Education must include standards that provide a reasonable expectation that the student’s progress is sufficient to master appropriate grade 4 level reading skills.
3. Provide students who are retained under paragraph (5)(a) with an intensive reading acceleration course for any student retained in grade 3 who was previously retained in kindergarten, grade 1, or grade 2. The intensive reading acceleration course must provide the following:

a. Uninterrupted reading instruction for the majority of student contact time each day and opportunities to master the grade 4 Next Generation Sunshine State Standards in other core subject areas through content-rich texts.

b. Small group instruction.

c. Reduced teacher-student ratios.

d. The use of explicit, systematic, and multisensory reading interventions, including intensive language, phonics, and vocabulary instruction, and use of a speech-language therapist if necessary, that have proven results in accelerating student reading achievement within the same school year.

e. A read-at-home plan.

(8) ANNUAL REPORT.—

(a) In addition to the requirements in paragraph (5)(c), each district school board must annually report to the parent of each student the progress of the student toward achieving state and district expectations for proficiency in English Language Arts, science, social studies, and mathematics.

The district school board must report to the parent the student’s results on each statewide, standardized assessment. The evaluation of each student’s progress must be based upon the student’s classroom work, observations, tests, district and state assessments, response to intensive interventions provided under paragraph (5)(a), and other relevant information. Progress reporting must be provided to the parent in writing in a format adopted by the district school board.

Section 67. Section 1008.31, Florida Statutes, is amended to read:

1008.31 Florida’s Early Learning-2021 education performance accountability system; legislative intent; mission, goals, and systemwide measures; data quality improvements.—

(1) LEGISLATIVE INTENT.—It is the intent of the Legislature that:

(a) The performance accountability system implemented to assess the effectiveness of Florida’s seamless Early Learning-2021 education delivery system provide answers to the following questions in relation to its mission and goals:

1. What is the public receiving in return for funds it invests in education?

2. How effectively is Florida’s Early Learning-2021 education system educating its students?

3. How effectively are the major delivery sectors promoting student achievement?

4. How are individual schools and postsecondary education institutions performing their responsibility to educate their students as measured by how students are performing and how much they are learning?
(b) The Early Learning-20 accountability system be established as a single, unified accountability system with multiple components, including, but not limited to, student performance in public schools and school districts, performance of individual state universities, including actual completion rates.

2. Addressable through policy and program changes.
3. Efficient and of high quality.
4. Measurable over time.
5. Simple to explain and display to the public.
6. Aligned with other measures and other sectors to support a coordinated Early Learning-20 education system.

(c) The Department of Education shall maintain an accountability system that measures student progress toward the following goals:
1. Highest student achievement, as indicated by evidence of student learning gains at all levels.
2. Seamless articulation and maximum access, as measured by evidence of progression, readiness, and access by targeted groups of students identified by the Commissioner of Education.
3. Skilled workforce and economic development, as measured by evidence of employment and earnings.
4. Quality efficient services, as measured by evidence of return on investment.
5. Other goals as identified by law or rule.

(3) EDUCATION DATA QUALITY IMPROVEMENTS.—To provide data required to implement education performance accountability measures in state and federal law, the Commissioner of Education shall initiate and maintain strategies to improve data quality and timeliness. The Board of Governors shall make available to the department all data within the State University Database System to be integrated into the educational data warehouse. The commissioner shall have unlimited access to such data for the purposes of conducting studies, reporting annual and longitudinal student outcomes, and improving college readiness and articulation. All public educational institutions shall annually provide data from the prior year to the educational data warehouse in a format based on data elements identified by the commissioner.

(a) School districts and public postsecondary educational institutions shall maintain information systems that will provide the State Board of Education, the Board of Governors of the State University System, the President of the Senate, and the Speaker of the House of Representatives data quality indicators and ratings for all school districts and public postsecondary educational institutions.

(b) Colleges and universities eligible to participate in the William L. Boyd, IV, Effective Access to Student Education Grant Program shall annually report student-level data from the prior year for each student who receives state funds in a format prescribed by the Department of Education. At a minimum, data from the prior year must include retention rates, transfer rates, completion rates, graduation rates, employment and placement rates, and earnings of graduates. By October 1 of each year, the colleges and universities described in this paragraph shall report the data to the department.

(c) The Commissioner of Education shall determine the standards for the required data, monitor data quality, and measure improvements. The commissioner shall report annually to the State Board of Education, the Board of Governors of the State University System, the President of the Senate, and the Speaker of the House of Representatives data quality indicators and ratings for all school districts and public postsecondary educational institutions.

(d) Before establishing any new reporting or data collection requirements, the commissioner shall use existing data being collected to reduce duplication and minimize paperwork.

(4) RULES.—The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section relating to the educational data warehouse.

Section 68, Section 1008.32, Florida Statutes, is amended to read:

1008.32 State Board of Education oversight enforcement authority.—The State Board of Education shall oversee the performance of early learning coalitions, district school boards, and Florida College System institution boards of trustees in enforcement of all laws and rules. District school boards and Florida College System institution boards of trustees shall be primarily responsible for compliance with law and state
board rule.

(1) In order to ensure compliance with law or state board rule, the State Board of Education shall have the authority to request and receive information, data, and reports from early learning coalitions, school districts, and Florida College System institutions. Early learning coalition chief executive officers or executive directors, district school superintendents, and Florida College System institution presidents are responsible for the accuracy of the information and data reported to the state board.

(2)(a) The Commissioner of Education may investigate allegations of noncompliance with law or state board rule and determine probable cause. The commissioner shall report determinations of probable cause to the State Board of Education which shall require the early learning coalition, district school board, or Florida College System institution board of trustees to document compliance with law or state board rule.

(b) The Commissioner of Education shall report to the State Board of Education any findings by the Auditor General that an early learning coalition, school district, or Florida College System institution is acting without statutory authority or contrary to general law. The State Board of Education shall require the early learning coalition, district school board, or Florida College System institution board of trustees to document compliance with such law.

(3) If the early learning coalition, district school board, or Florida College System institution board of trustees cannot satisfactorily document compliance, the State Board of Education may order compliance within a specified timeframe.

(4) If the State Board of Education determines that an early learning coalition, school district, or Florida College System institution board of trustees is unwilling or unable to comply with law or state board rule within the specified time, the state board shall have the authority to initiate any of the following actions:

(a) Report to the Legislature that the early learning coalition, school district, or Florida College System institution is unwilling or unable to comply with law or state board rule and recommend action to be taken by the Legislature.

(b) Withhold the transfer of state funds, discretionary grant funds, discretionary lottery funds, or any other funds specified as eligible for this purpose by the Legislature until the early learning coalition, school district, or Florida College System institution complies with the law or state board rule.

(c) Declare the early learning coalition, school district, or Florida College System institution ineligible for competitive grants.

(d) Require monthly or periodic reporting on the situation related to noncompliance until it is remedied.

(5) Nothing in this section shall be construed to create a private cause of action or create any rights for individuals or entities in addition to those provided elsewhere in law or rule.

Section 69. Paragraph (a) of subsection (3) of section 1008.33, Florida Statutes, is amended to read:

1008.33 Authority to enforce public school improvement.—

(3)(a) The academic performance of all students has a significant effect on the state school system. Pursuant to Art.
IX of the State Constitution, which prescribes the duty of the State Board of Education to supervise Florida’s public school system, the state board shall equitably enforce the accountability requirements of the state school system and may impose state requirements on school districts in order to improve the academic performance of all districts, schools, and students based upon the provisions of the Florida Early Learning-20 Education Code, chapters 1000-1013; the federal ESEA and its implementing regulations; and the ESEA flexibility waiver approved for Florida by the United States Secretary of Education.

Section 70. Subsection (9) of section 1011.62, Florida Statutes, is amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(9) RESEARCH-BASED READING INSTRUCTION ALLOCATION.—
(a) The research-based reading instruction allocation is created to provide comprehensive reading instruction to students in kindergarten through grade 12, including certain students who exhibit a substantial deficiency in early literacy and completed the Voluntary Prekindergarten Education Program under s. 1008.25(5)(b). Each school district that has one or more of the 300 lowest-performing elementary schools based on a 3-year average of the state reading assessment data must use the school’s portion of the allocation to provide an additional hour of intensive reading instruction for the students in each school. The additional hour may be provided within the school day. Students enrolled in these schools who earned a level 4 or level 5 score on the statewide, standardized English Language Arts assessment for the previous school year may participate in the additional hour of instruction. Exceptional student education centers may not be included in the 300 schools. The intensive reading instruction delivered in this additional hour shall include: research-based reading instruction that has been proven to accelerate progress of students exhibiting a reading deficiency; differentiated instruction based on screening, diagnostic, progress monitoring, or student assessment data to meet students’ specific reading needs; explicit and systematic reading strategies to develop phonemic awareness, phonics, fluency, vocabulary, and comprehension, with more extensive opportunities for guided practice, error correction, and feedback; and the integration of social studies, science, and mathematics-text reading, text discussion, and writing in response to reading.
(b) Funds for comprehensive, research-based reading instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. Each eligible school district shall receive the same minimum amount as specified in the General Appropriations Act, and any remaining funds shall be distributed to eligible school districts based on each school district’s proportionate share of K-12 base funding.
(c) Funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to
students enrolled in the K-12 programs and certain students who exhibit a substantial deficiency in early literacy and completed the Voluntary Prekindergarten Education Program pursuant to s. 1008.25(5)(b), which may include the following:

1. An additional hour per day of evidence-based intensive reading instruction to students in the 300 lowest-performing elementary schools by teachers and reading specialists who have demonstrated effectiveness in teaching reading as required in paragraph (a).

2. Kindergarten through grade 5 evidence-based reading intervention teachers to provide intensive reading interventions provided by reading intervention teachers intervention during the school day and in the required extra hour for students identified as having a reading deficiency.

3. Highly qualified reading coaches to specifically support teachers in making instructional decisions based on student data, and improve teacher delivery of effective reading instruction, intervention, and reading in the content areas based on student need.

4. Professional development for school district teachers in scientifically based reading instruction, including strategies to teach reading in content areas and with an emphasis on technical and informational text, to help school district teachers earn a certification or an endorsement in reading.

5. Summer reading camps, using only teachers or other district personnel who are certified or endorsed in reading consistent with s. 1008.25(7)(b)3., for all students in kindergarten through grade 2 who demonstrate a reading deficiency as determined by district and state assessments, and consistent with paragraphs (a) through (c). To the extent funds are available and consistent with s. 1008.25(7)(b)3., the department shall provide a supplemental instructional materials that are grounded in scientifically based reading research as identified by the Just Read, Florida! Office pursuant to s. 1001.215(8).

6. Scientifically researched and evidence-based supplemental instructional materials that are grounded in scientifically based reading research as identified by the Just Read, Florida! Office created pursuant to s. 1001.215. The plan to teach reading in content areas and with an emphasis on scientifically based reading instruction allocation in the format prescribed by the department for review and approval by the Just Read, Florida! Office created pursuant to s. 1001.215. The plan annually submitted by school districts shall be deemed approved unless the department rejects the plan on or before June 1. If a school district and the Just Read, Florida! Office cannot reach agreement on the contents of the plan, the school district may appeal to the State Board of Education for resolution. School districts shall be allowed reasonable flexibility in designing their plans and shall be encouraged to offer reading enrichment in early literacy and completed the Voluntary Prekindergarten Education Program under s. 1008.25(5)(b).

(d)1. Annually, by a date determined by the Department of Education but before May 1, school districts shall submit a comprehensive plan for the specific use of the research-based reading instruction allocation in the format prescribed by the department for review and approval by the Just Read, Florida! Office created pursuant to s. 1001.215. The plan annually submitted by school districts shall be deemed approved unless the department rejects the plan on or before June 1. If a school district and the Just Read, Florida! Office cannot reach agreement on the contents of the plan, the school district may appeal to the State Board of Education for resolution. School districts shall be allowed reasonable flexibility in designing their plans and shall be encouraged to offer reading enrichment in early literacy and completed the Voluntary Prekindergarten Education Program under s. 1008.25(5)(b).
The term "reading intervention" includes evidence-based strategies frequently used to remediate reading deficiencies and also includes individual instruction, tutoring, mentoring, or the use of technology that targets specific reading skills and abilities.

For purposes of this subsection, the term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes.

Section 71. For the 2022-2023 fiscal year, the sum of $3,088,000 in recurring funds is appropriated from the General Revenue Fund to the Department of Education to implement the coordinated screening and progress monitoring program required by s. 1008.2125, Florida Statutes. Of these funds, $3 million shall be placed in reserve. The department is authorized to submit budget amendments requesting the release of funds pursuant to chapter 216, Florida Statutes. The budget amendment shall include a detailed operational work plan and spending plan. The department shall submit quarterly updates to the plans and quarterly project status reports to the Office of Policy and Budget in the Executive Office of the Governor and the chairs of the Senate Committee on Appropriations and the House of Representatives Appropriations Committee. Each status report must include progress made to date for each project activity, planned and actual tasks and deliverable completion dates, planned and actual costs incurred, and any current issues and risks.

Section 72. For the 2021-2022 fiscal year, the sum of $100,000 in nonrecurring funds is appropriated from the General Revenue Fund to the Department of Education to issue a competitive solicitation to contract with an independent third
party consulting firm to conduct a review of the school readiness payment rates by county, provider type, and care level. The review shall include an evaluation of the current methodology for establishing the market rate schedule pursuant to s. 1002.895, Florida Statutes, the current school readiness payment rates, and the impact of the approved pay differentials authorized under part VI of chapter 1002, Florida Statutes, on the payment rates. The review shall include recommendations on a methodology for setting the payment rates by county, by provider type, and by care level that takes into consideration the impact that local ordinances may have on the market rate if such ordinances require more stringent staff-to-child ratios than required in s. 402.305(4), Florida Statutes, but may not consider school readiness wait lists as a factor. The department shall submit the results of the review and the recommendations to the Governor’s Office of Policy and Budget and the chairs of the Senate Committee on Appropriations and the House of Representatives Appropriations Committee by January 1, 2022.

Section 73. For the 2021-2022 fiscal year, the sum of $677,759 in recurring funds is appropriated from the General Revenue Fund to the Department of Education to assist in the implementation of s. 1002.68(2), Florida Statutes.

Section 74. This act shall take effect upon becoming a law.
