I. Summary:

CS/SB 132 provides that a direct primary care agreement is not insurance and is not subject to the Florida Insurance Code. Direct primary care (DPC) is a primary care medical practice model that eliminates third party payers from the primary care provider-patient relationship. Through a contractual agreement, a patient pays a monthly fee to the primary care provider for defined primary care services. The bill specifies certain provisions that must be included in a direct primary care agreement.

II. Present Situation:

Direct Primary Care

Direct primary care is a primary care medical practice model that eliminates third party payers from the primary care provider-patient relationship. Through a contractual agreement, a patient pays a monthly fee, usually between $50 and $100 per individual, to the primary care provider for defined primary care services, such as access at all times to the patient’s primary care provider. Other primary care services may include:

- Office visits;
- Annual physical examination;

• Routine laboratory tests;
• Vaccinations;
• Wound care;
• Splinting or casting of fractured or broken bones;
• Other routine testing, e.g. echocardiogram and colon cancer screening; or
• Other medically necessary primary care procedures.

After paying the fee, a patient can access all services under the agreement at no extra charge. Some DPC practices also include routine preventative services, like lab tests, mammograms, Pap screenings, and vaccinations. A primary care provider DPC model can be designed to address most health care issues, including women’s health services, pediatric care, urgent care, wellness education, and chronic disease management.

In the DPC practice model, the primary care provider eliminates practice overhead costs associated with filing claims, coding, refiling claims, write-offs, appealing denials, and employing billing staff. The cost and time savings can be reinvested in the practice, allowing more time with patients to address their primary care needs.

The following chart illustrates the concentration of DPC practices in the United States:  

![Direct Primary Care Practice Distribution](chart.png)

In 2014, the American Academy of Private Physicians (AAPP) estimated that approximately 5,500 physicians operate under some type of direct financial relationship with their patients,

---

outside of standard insurance coverage. The AAPP said that number has increased around 25 percent per year since 2010.

DPC and Health Care Reform

The Patient Protection and Affordable Care Act (PPACA) addresses the DPC practice model as part of health care reform. A qualified health plan under PPACA is permitted to offer coverage through a DPC medical home plan if it provides essential health benefits and meets all other criteria in the law. Patients who are enrolled in a DPC medical home plan are exempt from the individual mandate if they have coverage for other services, such as a wraparound catastrophic health policy to cover treatment for serious illnesses, like cancer, or severe injuries that require lengthy hospital stays and rehabilitation. In Colorado and Washington, qualified health plans are offering DPC medical home coverage on each state-based health insurance exchange.

III. Effect of Proposed Changes:

The bill creates s. 624.27, F.S., relating to the application of the Florida Insurance Code (code) to direct primary care agreements. Several new definitions are created under this section:

- **Direct primary care agreement** means a contract between a primary care provider and a patient, the patient’s legal representative, or an employer which must satisfy certain requirements within the bill and does not indemnify for services provided by a third party.
- **Primary care provider** means a licensed health care practitioner under chapter 458 (medical doctor or physician assistant), chapter 459 (osteopathic doctor or physician assistant), chapter 460 (chiropractic physician), or chapter 464 (nurses), or a primary care group practice who provides medical services which are commonly provided without referral from another health care provider.
- **Primary care service** means the screening, assessment, diagnosis, and treatment of a patient for the purpose of promoting health or detecting and managing disease or injury within the competency and training of the primary care provider.

The bill provides that a direct primary care agreement is not insurance and entering into such an agreement is not the business of insurance. The bill exempts both the agreement and the activity from the code. Through the exemption, the bill eliminates any authority of OIR to regulate a direct primary care agreement or the act of entering into such an agreement. The bill also exempts a primary care provider, or his or her agent, from certification or licensing requirements under the code to market, sell, or offer to sell a direct primary care agreement.

The bill requires a direct primary care agreement to:

- Be in writing;

7 42 U.S.C. s. 18021(a)(3).
8 Robleto, *Supra* note 1, slide 2.
- Be signed by the primary care provider, or his or her agent, and the patient, or the patient’s legal representative, or an employer;
- Allow either party to terminate the agreement by written notice followed by a waiting period as specified in the agreement;
- Describe the scope of services that are covered by the monthly fee;
- Specify the monthly fee and any fees for primary care services not covered by the monthly fee;
- Specify the duration of the agreement and any automatic renewal provisions;
- Provide for a refund to the patient of monthly fees paid in advance if the primary care provider stops offering primary care services for any reason;
- State that the agreement is not health insurance and the primary care provider will not file any claims against any health insurance or reimbursement plans the patient may have for any primary care services covered by the agreement; and
- State that the agreement does not qualify as minimum essential coverage to satisfy the individual shared responsibility provision of the federal Patient Protection and Affordable Care Act.

The effective date of the bill is July 1, 2016.

Prepared By: The Professional Staff of the Committee on Banking and Insurance

BILL: CS/CS/CS/CS/SB 260
INTRODUCER: Banking and Insurance Committee; Rules Committee; Judiciary Committee; Banking and Insurance Committee; and Senator Smith and others
SUBJECT: Financial Transactions
DATE: February 9, 2016

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/CS/SB 260 revises various laws on financial transactions.

Remittance Transfers

This bill clarifies that ch. 670, F.S., applies to funds transfers that are remittance transfers under the federal Electronic Funds Transfer Act (EFTA), unless the remittance transfer is also an electronic funds transfer under the EFTA. The bill also provides that the federal EFTA will preempt ch. 670, F.S., in the event any inconsistency exists between ch. 670, F.S., and the EFTA regarding a funds transfer.

Cancellation of Mortgages

This bill reduces the period for cancellation of a mortgage from 60 days to 45 days after full payment of the amount due under a promissory note secured by a mortgage. The bill provides an additional requirement for open-end mortgages, requiring written notice from the borrower that he or she intends to close the mortgage. The provisions on mortgage cancellation do not apply to an open-end mortgage existing before July 1, 2016, if the loan agreement included procedures for cancelling the mortgage.
**Consumer Finance Loans**

The Florida Consumer Finance Act, administered by the Office of Financial Regulation, prohibits and imposes disciplinary action on any person who compensates another person for referring a loan applicant to a licensed consumer finance lender. This bill provides an exception to the prohibition, in instances in which an amount is not charged directly or indirectly to the borrower.

**Convenience Fees on Credit Cards**

Current law authorizes certain private colleges to impose a convenience fee on credit card payments made to the school for tuition, fees, and other student expenses. This bill extends the authority to charge a convenience fee to private schools offering K-12 education.

The effective date of the bill is July 1, 2016.

**II. Present Situation:**

**Federal Electronic Funds Transfer Act**

In 1978, Congress enacted the federal Electronic Funds Transfers Act (EFTA) to protect individual consumers who are parties to electronic funds transfers.\(^1\) Under the EFTA, an electronic funds transfer means any transfer of funds initiated through certain electronic means that authorize a financial institution to debit or credit a consumer’s account.\(^2\) Electronic funds transfers include:

- Transfers through automated teller machines (ATMs);
- Point-of-sale (POS) terminals;
- Automated clearinghouse (ACH) systems;
- Telephone bill-payment plans in which periodic or recurring transfers are contemplated;
- Remote banking programs; and
- Remittance transfers.

However, electronic funds transfers do not include transactions originated by paper instruments, such as checks, and certain other transfers set forth in the EFTA. The EFTA covers topics such as disclosure of fees and limits, error resolution procedures, liability, preauthorized transfers, and receipts.

**Uniform Commercial Code Article 4A and Chapter 670, F.S.**

In 1989, the Uniform Law Commission adopted Uniform Commercial Code (UCC) Article 4A for the states’ enactment, and described it as an essential statutory backdrop to promote uniformity, efficiency, and certainty by governing the rights and obligations among the commercial participants in funds transfers and allocating the risk of loss for unauthorized or improperly executed payment orders. At the time the original UCC Article 4A was drafted, the intent was to govern large, rapid money transfers, such as wire transfers, between the

---

commercial parties to a funds transfer, keeping in mind that the primary objective of the EFTA is the provision of individual consumer rights.\(^3\)

A majority of the states have adopted UCC Article 4A. In 1991, the Florida Legislature adopted the UCC Article 4A through the enactment of ch. 670, F.S. (act), relating to funds transfers.\(^4\) The act defines “funds transfers” as a series of transactions that begin with the originator’s payment order (an unconditional instruction to a bank to pay a fixed amount), made for making payment to the beneficiary of the order.\(^5\) The funds transfer transaction includes the relationship between intermediary banks that execute and settle the payment order, and concludes upon the ultimate, actual payment to the beneficiary.

Frequently, the EFTA may partially apply to a funds transfer because the transfer is intended to credit a consumer’s account in a financial institution. In these cases, the act does not apply to the funds transfer to the extent it is governed and preempted by the EFTA.\(^6\)

### Remittance Transfers

Consumers transfer tens of billions of dollars from the United States each year.\(^7\) In the United States, remittance transfers sent by nondepository money transmitters, depository institutions, and credit unions are generally subject to federal anti-money laundering laws and restrictions on transfers to or from certain persons. Although remittances can be sent through depository institutions (such as an ACH transaction or a wire transfer), a large number of U.S. remittance transfers are sent through money transmitters, which are regulated primarily by state regulators. Chapter 560, F.S., governs nondepository money services businesses, which include “money transmitters” who receive and transmit currency or monetary value through a broad range of means within the U.S. or to or from the U.S.\(^8\) However, ch. 560, F.S., is a regulatory statute administered by the Office of Financial Regulation and does not contain specific consumer protections or private remedies.\(^9\)

On the federal level, wire transfers and transfers sent by money transmitters have generally fallen outside of the scope of the EFTA and its implementing rule, Regulation E. Until 2010, no federal consumer protection law directly regulated foreign remittance transfers, which can be sent through depository institutions as well as money transmitters. In 2010, the federal Dodd-Frank Wall Street Reform and Consumer Protection Act\(^10\) was signed into law. Among many changes, Dodd-Frank amended the EFTA to create new compliance requirements for remittance transfers.

transfers. The rule defines a “remittance transfer” to mean the electronic transfer of funds requested by a sender to a designated recipient that is sent by a remittance transfer provider. The term applies regardless of whether the sender holds an account with the remittance transfer provider, and regardless of whether the transaction is an electronic fund transfer. Similar to the other consumer protections in the EFTA, these new remittance regulations require certain protections for the sending consumer, including disclosures, error resolution procedures, cancellation and refund policies, and a remittance transfer provider’s liability for the acts of its agents.

Under the EFTA, not all remittance transfers qualify as an “electronic funds transfer,” raising questions about the applicability of the EFTA. This could occur, for example, if the transfer permits payment in cash and does not instruct nor authorize a financial institution to credit a consumer account in a financial institution. The Uniform Law Commission expressed concern that absent a change to UCC Article 4A, there could be legal uncertainty for some remittance transfers currently governed by Article 4A, particularly for industry participants. The Consumer Financial Protection Bureau, in its proposed remittance transfer rules (Regulation E), also noted the uncertainty raised for traditional cash-based remittances sent through money transmitters (which have not been covered by the EFTA) and international wire transfers, which are not electronic funds transfers.

In 2012, the Uniform Law Commission proposed an amendment to UCC Article 4. A majority of states have adopted this amendment. The amendment provides an affirmative statement of the act’s applicability to remittance transfers that are not electronic funds transfers under the EFTA. Without this amendment, neither the federal EFTA nor UCC Article 4A (as codified in the act) will apply to some aspects of remittance transfers, and the result would be no statutory rules for remittance transfers that may involve mistaken addresses or payees, duties of intermediaries, and other issues beyond the initial sending of the transfer.

Cancellation of Mortgages

Under current law, a lender must cancel a mortgage within 60 days after it has been paid in full. The statute does not distinguish as to different types of mortgages, such as open-end mortgages and home equity lines of credit, and does not provide any exceptions. The Florida Statutes do not define the term, “open-end mortgages.” In the context of the financial services industry, these

11 Section 1073 of Dodd-Frank created Section 919 of the EFTA, relating to remittance transfers. Section 919 is codified at 15 U.S.C. s. 1693o-1. Dodd-Frank transferred EFTA rulemaking authority from the Board of Governors of the Federal Reserve System to the Consumer Financial Protection Bureau (CFPB). The CFPB’s remittance transfer rule became effective on October 28, 2013. The CFPB’s final remittance transfer rule was codified as new subpart B to Regulation E, 12 C.F.R. ss. 1005.30-1005.36. 12 12 CFR s. 1005.30(e).

products generally allow borrowers to draw cash, up to the maximum credit limit, and then as the borrower pays down the balance of the loan, the borrower can draw cash again up to the limit. A home equity line of credit is a form of revolving credit in which the home serves as collateral. In contrast, “closed-end mortgages” disburse the entire loan amount upfront to or on behalf of the borrower and do not allow future redraws of credit.\(^\text{18}\)

According to the Florida Bankers Association, open-end lines of credit provide flexibility to consumers by allowing continual access to their home equity by paying the mortgage in full and then having the ability to access the equity when and if it is needed again by the consumer. Under current law, lenders must cancel “any mortgage” upon payoff and must release the lien without exception. This undermines the purpose of open-end mortgages and creates costly and burdensome work for both the consumer and the lender each time the consumer seeks new access to credit secured by the home.\(^\text{19}\) Surrounding states such as Alabama, Georgia, Mississippi, and North Carolina have laws requiring that open-end mortgages and similar lines of credit be cancelled only upon the borrower’s full payment and written notice to the lender requesting termination of the open-end mortgage.\(^\text{20}\)

**Consumer Finance Loans**

The Division of Consumer Finance of the Florida Office of Financial Regulation (OFR) is responsible for the licensure and regulation of nondepository financial service entities and individuals. One of the regulatory programs, administered by OFR, is the Florida Consumer Finance Act (act),\(^\text{21}\) which sets forth licensing requirements for consumer finance lenders and the terms and conditions under which a consumer finance loan is permitted in Florida. The act sets forth maximum interest rates for a consumer finance loan, which is a loan of money, credit, goods, or a provision of a line of credit, in an amount or to a value of $25,000 or less at an interest rate greater than 18 percent per annum.\(^\text{22}\)

The act provides the grounds for denial of a license of other disciplinary action by the OFR. In particular, s. 516.07(1)(k), F.S, provides that it is grounds for administrative action, for any person to pay money or anything else of value, either directly or indirectly, to any person as compensation, inducement, or reward for referring a loan applicant to a licensed consumer finance lender.

Additionally, Regulation Z, which implements the federal Truth in Lending Act, defines “open-end credit” as “consumer credit extended by a credit under a plan in which: (1) The creditor reasonably contemplates repeated transactions; (2) The creditor may impose a finance charge from time to time on an outstanding unpaid balance; and (3) The amount of credit that may be extended to the consumer during the term of the plan (up to any limit set by the creditor) is generally made available to the extent that any outstanding balance is repaid. 12 C.F.R. s. 226.2(20).

Convenience Fees on Credit Cards

Current law generally prohibits a seller or a lessor from imposing a surcharge on credit card purchases.\textsuperscript{23} Charges that are exempt from the prohibition include charges imposed pursuant to an approved state or federal tariff and convenience fees imposed by an institution of higher learning that is eligible to participate in the William L. Boyd, IV, Florida Resident Access Grant Program.\textsuperscript{24}

III. Effect of Proposed Changes:

Remittance Transfers

Current law is silent regarding whether the state Uniform Commercial Code: Funds Transfers law (chapter 670, F.S.) applies to a funds transfer that is a remittance transfer under the federal Electronic Funds Transfer Act. This bill adopts the federal Uniform Law Commission’s 2012 amendment, which clarifies that the act applies to funds transfers that are remittance transfers as defined in the EFTA, unless the remittance transfer is an electronic funds transfer, which would be covered by EFTA. The bill provides that if there is any inconsistency between a funds transfer under the act and the EFTA, the EFTA will govern the inconsistency. This provision is consistent with language in the EFTA providing that state law is preempted only if it is inconsistent with the EFTA or Regulation E, and then only to the extent of the inconsistency.\textsuperscript{25} (Section 670.108)

Cancellation of Mortgages

Current law requires a mortgage lender to cancel a mortgage within 60 days after it has been paid in full. Current law treats all types of mortgages the same for purposes of mortgage cancellation. This bill reduces the period for cancellation of a mortgage from 60 days to 45 days after full payment of the amount due under a promissory note secured by a mortgage. The bill provides an additional requirement for open-end mortgages. Mortgage cancellation on an open-end mortgage requires written notice from the borrower that he or she intends to close the mortgage. Upon receipt of the notice, the mortgagee or assignee shall cancel the mortgage within 45 days. The provisions on mortgage cancellation do not apply to an open-end mortgage existing before July 1, 2016, if the loan agreement included procedures for cancelling the mortgage. (Section 701.03, F.S.)

Consumer Finance Loans

Convenience Fees on Credit Cards

Current law authorizes certain private colleges to impose a convenience fee on credit card payments made to the school for tuition, fees, and other student expenses. This bill extends the authority to charge a convenience fee to private schools offering kindergarten through grade 12 education.26 (Section 510.0117, F.S.)

This bill is effective July 1, 2016.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill’s clarification of the coverage of ch. 670, F.S., to remittance transfers may provide greater operational efficiency for remittance transfer providers and intermediary institutions. In addition, the bill’s provision to allow an open-end mortgage to remain open after a borrower pays off the amount due under a promissory note secured by a mortgage may reduce administrative costs for lenders and borrowers.

The bill’s extension of authority to private kindergarten through grade 12 schools to charge convenience fees on credit card purchases would benefit the private schools. Private schools would be able to impose a convenience fee up to the amount charged by credit card companies per transaction. Parents of children enrolled at private kindergarten

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS/CS by Banking and Insurance on February 9, 2016:
The bill differs from the prior version of the bill by not containing a provision that would have allowed a check cashier, as an alternative to obtaining a thumbprint when cashing a payment instrument over $1,000, to obtain two additional forms of secondary identification. The bill also removes a scrivener’s error.

CS/CS/CS by Rules on January 27, 2016:
The bill allows a check cashier, as an alternative to obtaining a thumbprint when cashing a payment instrument over $1,000, to obtain two additional forms of secondary identification.

CS/CS by Judiciary on January 20, 2016:
The bill expands the current ability of certain private schools to charge convenience fees on the use of a credit card to pay tuition, fees, or other student account charges.

CS by Banking and Insurance on January 11, 2016:
The CS:

- Allows a licensed consumer finance lender to pay compensation to any person for referring loan applicants to a licensee, only if such amount is not charged directly or indirectly to the borrower.
- Requires a lender to cancel a mortgage within 45 days instead of 60 days if certain conditions are met.
• Provides that s. 701.03, F.S., relating to the cancellation of mortgages, does not apply to any existing or future open-end mortgage unless otherwise stated in the loan agreement.
• Clarifies that the act applies to remittance transfers made on or after July 1, 2016, the effective date of the bill.

I. **Summary:**

CS/SB 970 amends the Florida Disposition of Unclaimed Property Act (the Act). Unclaimed property consists of any funds or other property, including insurance proceeds, that remains unclaimed by the owner for a certain period of time. The Act requires holders of unclaimed property to exercise due diligence to locate owners and pay them the funds. If the owner cannot be located, the holder must report and remit the unclaimed property to the Department of Financial Services (DFS) Bureau of Unclaimed Property. The bill makes the following changes to the Act:

- Eliminates the exception that removes the fee cap and disclosure requirement applicable to claims made under a power of attorney when probate proceedings must be initiated on behalf of the claimant regarding an estate that has never been probated or if the claim is being made under the right of a person outside the United States;
- Eliminates the exception that removes the fee cap applicable to a purchase agreement for unclaimed property when probate proceedings must be initiated on behalf of the seller for an estate that has not been probated, the seller is not a natural person, or the seller is outside the United States;
- Requires purchase agreements to specify the percent of the property to be paid to the purchaser when a flat fee is paid as compensation to the buyer;
- Requires any authorization or agreement to recover or purchase unclaimed property executed between a claimant’s representative and a claimant must be submitted with the claim and may not be dated before the limited power of attorney was executed;
• Requires all documentation filed with the courts to establish entitlement must be submitted to the DFS within 180 days from the date a claim form is signed by a claimant or claimant’s representative;
• Repeals the prohibition against executing a power of attorney to act as a claimant’s representative or a purchase agreement within 45 days after an unclaimed property account is added to the unclaimed property database;
• Adds to s. 717.139, F.S., the public policy statement from the repealed section;
• Allows for unclaimed property in a campaign account for public office to escheat to the state;
• Increases the maximum value governing documentation standards for claims related to small estates from $5,000 to $10,000;
• Authorizes the DFS to estimate property value if the holder fails to produce sufficient records to do so and clarifies that the estimation requirement applies without regard to whether the holder is incorporated, formed, or organized in Florida or whether the unclaimed property existed before the effective date of the bill;
• Increases the number of days allowed for a purchaser to pay a property right seller from 10 days to 30 days, requires the filing of proof of completed payment, and voids the claim, if the required proof is not filed with the DFS;
• Revises certain definitions and adds one for the term “United States”; and
• Removes the authorization for registrants to receive social security numbers.

The effective date of the bill is July 1, 2016.

II. Present Situation:

Unclaimed Property

Unclaimed property constitutes any funds or other property, tangible or intangible, that has remained unclaimed by the owner for more than 5 years. Unclaimed property may include savings and checking accounts, money orders, travelers’ checks, uncashed payroll or cashiers’ checks, stocks, bonds, other securities, insurance policy payments, refunds, security and utility deposits, and contents of safe deposit boxes.¹

In 1987, Florida adopted the Uniform Unclaimed Property Act² and enacted the Florida Disposition of Unclaimed Property Act (ch. 717, F.S., “the Act”).³ The Act serves to protect the interests of missing owners of property, while the state derives a benefit from the unclaimed and abandoned property until the property is claimed, if ever. Under the Act, the Department of Financial Services, Bureau of Unclaimed Property (DFS) is responsible for receiving property, attempting to locate the rightful owners, and returning the property or proceeds to them. There is no statute of limitations in the Act, and citizens may claim their property at any time and at no cost.

¹ Sections 717.104 – 717.116, F.S.
Generally, all intangible property, including any income less any lawful charges, which is held in the ordinary course of the holder’s business, is presumed to be unclaimed when the owner fails to claim the property for more than 5 years after the property becomes payable or distributable, unless otherwise provided in the Act.\(^4\) Holders of unclaimed property (which typically include banks and insurance companies) of $50 or more are required to use due diligence to locate and notify apparent owners of inactive accounts, at least 60 days but not more than 120 days prior to filing a report with the DFS.\(^5\) If the owners cannot be located, holders must file an annual report with the DFS for all property, valued at $50 or more, that is presumed unclaimed for the preceding year.\(^6\) The report must contain certain identifying information, such as the apparent owner’s name, social security number or federal employer identification number, and last known address of apparent owners.\(^7\) The holder must deliver all reportable unclaimed property to the DFS when it submits its annual report.\(^8\)

Upon the payment or delivery of unclaimed property to the DFS, the state assumes custody and responsibility for the safekeeping of the property.\(^9\) The original property owner retains the right to recover the proceeds of the property, and any person claiming an interest in the property delivered to the DFS may file a claim for the property, subject to certain requirements.\(^10\) The DFS is required to make a determination on a claim within 90 days. If a claim is determined in favor of the claimant, the DFS is to deliver or pay over to the claimant the property or the amount the DFS actually received or the proceeds, if it has been sold by the DFS.\(^11\)

If the property remains unclaimed, all proceeds from abandoned property are then deposited by the DFS into the Unclaimed Property Trust Fund.\(^12\) The DFS is allowed to retain up to $15 million to make prompt payment on verified claims and to cover costs incurred by the DFS in administering and enforcing the Act. All remaining funds received must be deposited into the State School Fund to be utilized for public education.\(^13\)

Claims for recovery of unclaimed property held by the DFS under the Act may be filed by or on behalf of any person with an interest in the property.\(^14\) While the Act provides the opportunity for anyone to recover the full value of their property at no cost, provision is made for claimants to designate someone who may perfect the claim for them. The claimant may designate and empower a representative to pursue their claim by executing a power of attorney agreement. Or, the claimant may sell their right to the property to certain individuals that are registered with the

Like many other states’ unclaimed property acts, the Act is based on the common-law doctrine of escheat and is a “custody” statute, rather than a “title” statute, in that the DFS does not take title to abandoned property, but instead obtains its custody and beneficial use pending identification of the property owner.

DFS for this purpose. In either case, the transaction is subject to a fee limitation, unless a disclosure statement is provided to the claimant, in the form and with the content specified in the Act. The fee limitations are:

For representatives operating under a power of attorney:
- 20 percent of the value of the property, not to exceed $1,000;
- However, the fee limitation does not apply if the representative must initiate probate proceedings for an estate that has never been probated before or if the claimant is outside of the United States.

For purchasers obtaining rights under a purchase agreement:
- 20 percent discount off of the value of the property, not to exceed a discount of $1,000;
- However, the $1,000 discount limitation does not apply if the representative must initiate probate proceedings for an estate that has never been probated before, if the claimant is outside of the United States or is not a natural person, such as a business or similar entity.

The Act also prescribes the form and content of the purchase agreement that transfers the right of the claimant to another person and the document granting the power of attorney.

Since the public policy of the state is to provide the DFS with the first opportunity to locate the owner of the unclaimed property and for the owner to receive the full value of their property, there are limitations on claiming by others through powers of attorney and purchase agreements. Powers of attorney and purchase agreements that are executed less than 45 days after the property is received by the DFS and that relate to accounts over $250 in value are void under the Act. The 45 day limit on such claims provides the DFS the opportunity to attempt to locate the property’s owner. However, placing time and value limits on claim eligibility requires the DFS to track accounts and audit claims to identify the amount and timing of the claims. The DFS reports that this is inefficient and the public purpose can be served through other provisions of the Act. The DFS recommends repealing s. 717.1381, F.S., to eliminate administrative inefficiency. It is notable, though, that repealing s. 717.1381, F.S., would include the repeal of  

15 Only a Florida licensed attorney, certified public accountant, private investigator or an employee of a private investigator, or an employer of the private investigator if the employer holds a Class “A” license under ch. 493, F.S., may execute such purchase agreements, s. 717.1351, F.S. Additionally, the purchaser must be registered with the DFS. The DFS reports that there are currently 246 registrants under this provision. Florida Department of Financial Services, Agency Analysis of 2016 SB 970, p. 3 (Dec. 14, 2015).
16 Section 717.135, F.S., requires the disclosure that the property is held by the DFS pursuant to the Act, the mailing and Internet addresses of the DFS, the person or name of the entity that held the property prior to the property becoming unclaimed, the date of the holder’s last contact with the owner, if known, and the approximate value of the property, and the categories of unclaimed property the claimant’s representative is seeking to recover. The categories of unclaimed property are: cash accounts; stale dated checks; life insurance or annuity contract assets; utility deposits; securities or other interests in business associations; wages; accounts receivable; and contents of safe-deposit boxes.
17 Section 717.1351, F.S. The content of the disclosure statement has the same elements as the disclosure described in s. 717.135, F.S., related to powers of attorney. However, the fee limitation does not apply if the representative must initiate probate proceedings for an estate that has never been probated, if the claimant is outside of the United States or is not a natural person, such as a business or similar entity.

statements of legislative intent regarding the right of the claimant to recover their property without charge and the obligation of the DFS to make a meaningful attempt to locate the claimant.

Unclaimed Campaign Funds

Section 106.141, F.S., requires candidates for public office to dispose of the funds in their campaign account within 90 days of the date that their candidacy ended. Paragraph 106.141(4)(a), F.S., specifies a variety of options for the disposal of surplus campaign funds. With certain exceptions, they may take any combination of the following actions when disposing of the surplus:

- Return, pro rata to each contributor, the funds that have not been spent or obligated;
- Donate the funds that have not been spent or obligated to a charitable organization or organizations that meet the qualifications of s. 501(c)(3) of the Internal Revenue Code;
- Give not more than $25,000 of the funds that have not been spent or obligated to the affiliated party committee or political party of which such candidate is a member; or
- Give the funds that have not been spent or obligated:
  - In the case of a candidate for state office, to the state, to be deposited in either the Election Campaign Financing Trust Fund or the General Revenue Fund, as designated by the candidate; or
  - In the case of a candidate for an office of a political subdivision, to such political subdivision, to be deposited in the general fund thereof.

If the candidate accepted contributions under the Florida Election Campaign Financing Act, the surplus funds must be returned to the General Revenue Fund, after satisfying certain monetary obligations. If the candidate takes office, they may transfer a limited amount of the funds to their office account.

Violations of the campaign finance law are subject to criminal penalties, both misdemeanors and felonies. Failure to properly dispose of surplus campaign funds is a first degree misdemeanor punishable by up to a year in jail and/or a fine of $1,000. Candidates are prohibited from accepting campaign contributions following the end of their candidacy. They are allowed to receive and deposit refund checks to be disposed of consistent with the requirements of law, as described above. However, the law does not specify how to dispose of cash (or other property), received in forms other than a check, that would otherwise go into the campaign account but comes into the possession of the former candidate after the end of their candidacy and the disposition of the campaign account.

III. Effect of Proposed Changes:

Section 1 revises the definitions of “business association,” “domicile,” and “insurance company” to simplify their text and improve understandability. Limited liability companies are specifically included in the definition of “business association.” A definition of “United States” is created to

specify the meaning of that term, which is currently used throughout the Act to determine various rights and conditions.

Section 2 of the bill provides that if unclaimed property is owned by the campaign account of a candidate for public office, following a report of the property to the DFS, the property shall become the property of the state and the proceeds of the property shall be paid into the State School Fund.

Generally, a claim for property related to the estate of a deceased person must be accompanied by an order from a probate court. However, there are documentary exceptions for estates with an aggregate value of $5,000 or less and no probate proceeding is pending.22 Section 3 amends s. 717.1243, F.S., to increase the maximum threshold value of this small estate provision from $5,000 to $10,000.

Section 717.1262, F.S., requires that a claimant whose right to property is based on a court document must file a certified copy of the relevant court document with the DFS. Section 4 expands this requirement to include all pleadings filed with the court to establish the property right that were filed within the 180 days preceding the signing of the claim form.

The holder of unclaimed property is obligated to report the value of property to the DFS. If the holder’s records are insufficient to permit preparation of the required report, the value of the property may be estimated. However, there is no authority for the DFS to estimate the value of the property when the holder fails to produce the record. Section 5 amends s. 717.1333, F.S., to authorize the DFS to estimate the amount of unclaimed property held and due to the DFS if the holder fails to produce records following a request by the DFS.

Section 6 amends s. 717.135, F.S., which requires a claimant’s representative to either give notice to a property owner that unclaimed property is held by the DFS Bureau of Unclaimed Property or limit the fees that a claimant’s representative earns under a power of attorney to recover unclaimed property to 20 percent of the unclaimed property, not to exceed $1,000. The bill applies the requirements of the section to claims where probate proceedings must be initiated on behalf of a claimant for an estate that has never been probated. The bill also applies the requirements of the section to claims made by a person outside the United States.

Section 717.135, F.S., also requires a specific form be used to execute a limited power of attorney that discloses to the property owner the dollar value of the property and the percent of the property that is being paid to the property, and additional disclosures. The bill removes a provision in current law that allows the property locator that charges a flat fee to not include in the limited power of attorney form the percent of the property paid as compensation to the property locator.

Sections 6 and 7 require any authorization or agreement for the recovery or purchase of property to be personally signed and dated by the claimant. The date of the authorization or agreement cannot precede the date on the grant of limited power of attorney or purchase agreement. The effect is to have a compliant power of attorney or purchase agreement be the first agreement in
the case. This facilitates getting the disclosure, if one is going to be used to remove the fee cap, in front of the claimant during the first step in the claims process. It is meant to address the problem of claimants being presented and obligated to noncompliant authorizations or agreements, only to later execute a compliant agreement, which misrepresents the factual circumstances of the representation and the lawfulness of the fee to the DFS. The bill requires a copy of such authorizations or agreements to be filed with the DFS along with the other required documents. Additionally, the bill requires the DFS to deny any claim where the representative under an authorization or agreement refuses to reduce its fee to the maximum allowed by law, i.e., 20 percent of the value of the property, if the disclosure was required but not provided to the claimant timely. Taken together, the provisions of the bill creating ss. 717.135(5) and 717.1351(8), F.S., would allow the fee cap to be lifted when the specified disclosure is made at the time of the first engagement of services. Failure to do so limits fees to 20 percent of the value of the property or requires DFS denial of the claim.

Section 7 amends s. 717.1351, F.S., which governs contracts to acquire ownership of unclaimed property from the person entitled to the unclaimed property. Current law limits the purchase price that may be offered if the purchaser does not disclose to the owner of unclaimed property that the property is being held by the Bureau of Unclaimed Property. If such notice is not provided, the purchase price may not discount the value of the unclaimed property more than 20 percent, up to a maximum discounted purchase price of $1,000. The bill applies the requirements of the section to purchase agreements where probate proceedings must be initiated on behalf of a seller for an estate that has never been probated. The bill also applies the requirements of the section to sellers located outside the United States.

Currently, s. 717.1351, F.S., requires that purchase agreements specify the percent of the property to be paid to the purchaser on a discrete line item of the purchase agreement pursuant to the form and content requirements of the Act. However, this line may be deleted if the purchaser is paid a flat fee instead of a percentage of the recovery. The bill eliminates this exception and requires every purchase agreement to include the required text regarding the percent of the property to be paid to the purchaser and the insertion of the appropriate percentage figure, which varies depending upon the amount of the flat fee and the value of the property to be recovered.

The bill also expands the time period a purchaser of unclaimed property has to remit the purchase price to the seller from 10 to 30 days after the execution of the purchase contract. The bill expands the requirement that the purchaser file with the DFS proof that the seller received the purchase price to include all forms of payment, rather than just payment by check. The bill also provides that if proof of payment is not provided, the claim is void.

Section 8 repeals s. 717.1381, F.S. This eliminates the 45 day waiting period for claims over $250 in value that are handled by a representative or purchaser. The DFS reports that they will be able to maintain a waiting period using their authority under s. 717.117(3), F.S., and that their administrative efficiency will be improved by not having to audit claim filings for the timing of agreements and value of the claim for compliance with the repealed limitation.23

Section 9 retains the portion of legislative intent in s. 717.1381, F.S., regarding the right of the claimant to recover their property without charge by moving it to s. 717.139, F.S. However, it does not preserve the legislative intent statement regarding the obligation of the DFS to make a meaningful attempt to locate the claimant.

Individuals who register with the DFS as a potential purchaser under the Act are permitted to receive the social security numbers of apparent property owners of property reported to the DFS. This is in addition to other information related to the unclaimed property. Section 10 deletes the authorization for registrants to receive social security numbers.

Section 11 provides an effective date of July 1, 2016.

It is in the best interests of the owners of unclaimed property that they have the opportunity to receive the full amount of the unclaimed property returned to them without deduction of any fees. This chapter shall be applied and construed as to effectuate its general purpose of protecting the interest of missing owners of property, while providing that the benefit of all unclaimed and abandoned property shall go to all the people of the state, and to make uniform the law with respect to the subject of this chapter among states enacting it.

S-001 (10/14/14)
I. **Summary:**

CS/SB 1104 changes the procedures for service of process on a financial institution. Service of process is the formal delivery of a writ, summons, or other legal process or notice to a person affected by that document. This bill allows a financial institution to designate a place or registered agent located in Florida with the Department of State as its sole location or agent for service of process. The place or agent must be open or the agent must be available to receive service of process between 9 a.m. and 5 p.m. on business days.

If a financial institution has no registered agent or service cannot be made at the designated central location, the bill provides that service may be made to an officer or director of the financial institution at its principal place of business or at any other branch, office, or place of business in Florida.

The bill provides that any service required or authorized to be made by the Office of Financial Regulation (OFR) may be made to any officer, director, or business agent of the financial institution at its principal place of business or any other branch, office, or place of business.

The effective date is January 1, 2017.
II. **Present Situation:**

The U.S. dual banking system allows financial institutions to become chartered (organized) under either federal or state law. National banks are chartered under federal law. State-chartered banks are chartered under the laws of the state in which the bank is headquartered. Credit unions may also be either state or federally chartered.

In Florida, the OFR, which is administratively housed within the Department of Financial Services, is responsible for the regulation of financial institutions chartered and organized under Florida law and in accordance with the Florida Financial Institutions Codes for safety and soundness.\(^1\) The OFR does not regulate national banks or banks that are chartered and regulated in other states. In addition, the OFR does not regulate institutions that are chartered and regulated by foreign institutions, except to the extent those foreign institutions seek to engage in the business of banking or trust business in Florida. State service of process laws apply to national banks and are not preempted by federal law.

Service of process is the formal delivery of a writ, summons, or other legal process or notice to a person affected by that document. Section 655.0201, F.S., governs the manner in which service of process, notice, or demand may be made on financial institutions that transact business in Florida, whether state or nationally chartered. It provides that process may be served in accordance with chs. 48 (service of process), 49 (constructive service of process), 605 (limited liability companies), or part I of ch. 607 (corporations), F.S. Section 48.081, F.S., sets forth the order of priority of persons within a private corporation, domestic or foreign, who may be properly served:

- President or vice president, or other head of the corporation,
- Cashier, treasurer, secretary, or general manager,
- Any director,
- Any officer or business agent residing in the state.

Every Florida corporation and every foreign corporation qualified to do business in this state must designate a registered agent and registered office which must be kept open and available for receiving process during certain hours and days, in accordance with pt. 1, ch. 607, F.S.\(^2\) The Financial Institutions Codes require Florida-chartered banks to be formed as a Florida corporation or as a limited liability company (LLC) in certain circumstances.\(^3\) Accordingly, s. 655.0201(1), F.S., also allows service of process to be made on financial institutions pursuant to ch. 605, F.S. (Florida Revised Limited Liability Company Act), or part I of ch. 607, F.S. (Florida Business Corporation Act). The LLC Act generally provides that process may be served on the entity’s registered agent.\(^4\)

Subsection 655.0201(2), F.S., allows, but does not require, a financial institution to designate a registered agent for service of process. If the financial institution does not have a registered agent, or the registered agent cannot be served with reasonable diligence, subsection

\(^1\) See s. 20.121(3)(a)2. F.S. The Financial Institutions Codes are chapters 655, 657, 658, 660, 662, 663, 665, and 667, F.S.

\(^2\) See s. 48.091, F.S.

\(^3\) See s. 658.16, F.S.

\(^4\) See ss. 605.0113 and 605.0117, F.S.
655.0201(2), F.S., authorizes service on any executive officer\(^5\) of the financial institution at its principal place of business in Florida. If neither of the previously described alternatives is viable, the default alternative is to serve any officer,\(^6\) director, or business agent of the financial institution at its principal place of business or at any other branch, office, or place of business in this state.\(^7\)

Finally, the statute provides that this section does not prescribe the only means of serving notice or demand on a financial institution.

A recent example of improper service of process on a financial institution in Florida is illustrated in the *Bank of America, N.A. v. Bornstein*\(^8\) decision from the Fourth District Court of Appeal. The plaintiff served a writ of garnishment on Bank of America through a bank teller at a West Palm Beach branch office, without showing that service was first attempted on the statutorily prescribed superior classes of persons who could have been served. Bank of America moved to quash service under the service of process statutes in the Codes and under ch. 48, F.S., asserting that the bank teller was not authorized to accept service on behalf of the bank. The appellate court concurred with the bank, finding service was improper.

### III. Effect of Proposed Changes:

This bill allows a financial institution to designate a place or registered agent within Florida as its central location for service of process with the Department of State. The place or agent must be open or available to receive service on regular business days from at least 9 a.m. to 5 p.m. The agent or location is the sole location for service of process including service for garnishment actions, levy, injunctions, lawsuits, and the attachment of safety deposit boxes.

If the financial institution has no registered agent or service cannot be made at the location, service may be made to any officer or director of the financial institution at its principal place of business or at any other branch, office, or place of business in Florida.

\(^5\) Section 655.005(1)(g), F.S, defines “executive officer” as “an individual, whether or not the individual has an official title or receives a salary or other compensation, who participates or has authority to participate, other than in the capacity of a director, in the major policymaking functions of a financial institution. The term does not include an individual who may have an official title and may exercise discretion in the performance of duties and functions, including discretion in the making of loans, but who does not participate in the determination of major policies of the financial institution and whose decisions are limited by policy standards established by other officers, whether or not the policy standards have been adopted by the board of directors. The chair of the board of directors, the president, the chief executive officer, the chief financial officer, the senior loan officer, and every executive vice president of a financial institution, and the senior trust officer of a trust company, are presumed to be executive officers unless such officer is excluded, by resolution of the board of directors or by the bylaws of the financial institution, from participating, other than in the capacity of a director, in major policymaking functions of the financial institution and the individual holding such office so excluded does not actually participate therein.”

\(^6\) Section 655.005(1)(r), F.S., defines “officer” as “an individual elected or appointed to, or otherwise performing the duties and functions appropriate to, any position or office having the designation or title of chair of the board of directors, vice chair of the board of directors, chair of the executive committee, president, vice president, assistant vice president, cashier or assistant cashier, comptroller, assistant comptroller, trust officer, assistant trust officer, secretary or assistant secretary of a trust company, or any other office or officer designated in, or as provided by, the articles of incorporation or bylaws.”

\(^7\) See s. 655.0201(3), F.S.

\(^8\) 39 So.3d 500 (Fla. 4th DCA 2010).
The bill allows service made by the OFR to be made to any officer, director, or business agent at its principal place of business or any other branch, office, or place of business in Florida. OFR can also continue to serve via certified mail pursuant to s. 655.031, F.S.

This bill takes effect January 1, 2017.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT
(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Banking and Insurance

BILL: CS/SB 1274
INTRODUCER: Banking and Insurance Committee and Senator Latvala
SUBJECT: Sinkhole Insurance
DATE: February 11, 2016

Please see Section IX. for Additional Information:
COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1274 creates s. 627.7151, F.S., which allows insurers to offer a new type of sinkhole insurance coverage. Limited sinkhole coverage would, as under current law, only provide coverage for “sinkhole loss” which is defined in statute as structural damage to the covered building, including the foundation, caused by sinkhole activity. Limited sinkhole coverage would also be subject to the statutory requirements for sinkhole insurance in ss. 627.706-627.7074, F.S., with the following exceptions:

- Available only for personal lines residential insurance;
- Coverage may be limited to repairs to stabilize the building and repair the foundation;
- Deductibles may be in an amount agreed to by the insured and insurer;
- Policy limits may be in an amount agreed to by the insured and insurer, provided policy limits below $50,000 are not allowed unless that amount exceeds full replacement costs of the property;
- Requires a signed notice by an applicant that they have read and understand the coverages of limited sinkhole coverage, including when insuring for less than replacement cost or agreeing to a deductible greater than allowed in s. 627.706(1)(b), F.S;
- Allows insurers to establish limited sinkhole policy forms not subject to filing with and approval by the Office of Insurance Regulation (OIR);
- Until October 1, 2019, insurers may file rates for limited sinkhole coverage that are not subject to the filing and review requirements of s. 627.062(2)(a) and (f), F.S.;
- Until July 1, 2020, surplus lines agents may export coverage to eligible surplus lines insurers without obtaining three declinations from admitted insurers;
• Prohibits a limited sinkhole coverage post loss assignment of benefit except to a subsequent purchaser of the property who acquires insurable interest following a loss.

The bill establishes surplus requirements of $7.5 million for new and existing insurers that solely transact limited sinkhole coverage. Insurers providing limited sinkhole coverage must notify the OIR at least 30 days prior to offering the coverage in the state. Such insurers must file a plan of operation and financial projections or revisions to such plan, as applicable, with the office.

The bill is effective July 1, 2016.

II. Present Situation:

Insurance for Sinkholes and Catastrophic Ground Cover Collapse

A sinkhole is defined in Florida law as a landform created by subsidence of soil, sediment, or rock as underlying strata are dissolved by groundwater. Sinkholes occur in certain parts of Florida due to the unique geological structure of the land. Sinkholes are geographic features formed by movement of rock or sediment into voids created by the dissolution of water-soluble rock. This type of subsidence formation may be aggravated and accelerated by urbanization and suburbanization, by water usage and changes in weather patterns.

Since 1981, insurers offering property coverage in Florida have been required by law to provide coverage for property damage from sinkholes. In 2007, Florida law was amended to require insurers in Florida to cover only catastrophic ground cover collapse, rather than all sinkhole loss, in the base property insurance policy. Catastrophic ground cover collapse is more severe than sinkhole loss. Catastrophic ground cover collapse means geological activity that results in all the following:
1. The abrupt collapse of the ground cover;
2. A depression in the ground cover clearly visible to the naked eye;
3. Structural damage to the covered building, including the foundation; and
4. The insured structure being condemned and ordered to be vacated by the governmental agency authorized by law to issue such an order for that structure.

Insurers must also offer policyholders, for an appropriate additional premium, sinkhole loss coverage covering any structure, including personal property contents. Such coverage is subject to the insurer’s approved underwriting and insurability guidelines. At a minimum, sinkhole loss coverage includes repairing the covered building, repairing the foundation, and stabilizing the underlying land. All property insurers can restrict catastrophic ground cover collapse and sinkhole loss coverage to the property’s principal building. However, by law, Citizens Property Insurance Corporation (Citizens) sinkhole loss coverage does not cover sinkhole losses to

appurtenant structures, driveways, sidewalks, decks, or patios. Furthermore, insurers can require an inspection of the property before providing sinkhole loss coverage.

For sinkhole loss coverage in residential property insurance, current law allows insurers to include a deductible that applies only to sinkhole loss in the following amounts: 1 percent, 2 percent, 5 percent, or 10 percent of policy dwelling limits. The insurer has the option to choose which sinkhole loss deductible is offered to policyholders and currently, most insurers, including Citizens, offer policyholders only a 10 percent sinkhole loss deductible.

Substantial changes to Florida’s sinkhole law occurred in 2005, 2006, and 2011. In 2011, the Legislature reviewed the sinkhole law and enacted comprehensive reforms addressing all areas of the law. Data collected by the Office of Insurance Regulation (OIR) in 2010, before the reforms were enacted, showed a significant increase in the number and cost of sinkhole claims from 2006 to 2010. These increases impacted the financial stability of property insurers in Florida, including Citizens, and were used by insurers to justify property insurance rate increases.

2011 Sinkhole Insurance Reforms

The sinkhole reforms enacted in 2011 were in response to the increasing number and cost of sinkhole claims. The goal of the reforms was to keep sinkhole loss insurance available to homeowners while providing more certainty in sinkhole claims for homeowners and insurers in terms of coverage, costs, repairs, and exposure. The bill enacted numerous revisions and clarifications to ss. 627.706-627.7074, F.S., governing sinkhole and catastrophic ground cover collapse insurance.

Definition of Sinkhole Loss

The legislative reforms revised the definition of “sinkhole loss,” primarily by creating a statutory definition of “structural damage.” A sinkhole loss is defined in statute as structural damage to the covered building, including the foundation, caused by sinkhole activity. The 2011 legislative reforms created a detailed definition of “structural damage” for purposes of determining whether a sinkhole loss has occurred. The definition specifies five distinct types of damage that constitute structural damage. Each type of damage is tied to standards contained in the Florida Building Code or used in the construction industry. Accordingly, in order for the policyholder to obtain policy benefits for sinkhole loss, the insured structure must sustain structural damage as defined by the bill that is caused by sinkhole activity.

Investigation and Payment of Sinkhole Claims

The 2011 legislative sinkhole reforms substantially revised the statutory process for investigating and paying sinkhole claims in s. 627.707, F.S. The process requires the insurer to determine whether the building has incurred structural damage that has been caused by sinkhole activity.

---

9 Section 627.707(1), F.S.
Coverage for sinkhole loss is not available if structural damage is not present or sinkhole activity is not the cause of structural damage. This process is as follows:

- **Initial Inspection and Structural Damage Determination** – Upon receipt of a claim for sinkhole loss, the insurer must inspect the policyholder’s premises to determine if there has been structural damage which may be the result of sinkhole activity. This inspection will often require the insurer to retain a professional engineer to evaluate whether the insured building has incurred structural damage as defined by statute.

- **Sinkhole Testing** – The insurer is required to engage a professional engineer or professional geologist to conduct sinkhole testing pursuant to s. 627.7072, F.S., if the insurer confirms that structural damage exists and is either unable to identify a valid cause of the structural damage or discovers that the structural damage is consistent with sinkhole loss. If coverage is excluded under the policy even if sinkhole loss is confirmed, then the insurer is not required to conduct sinkhole testing.

- **Notice to the Policyholder** – The insurer must provide written notice to the policyholder detailing what the insurer has determined to be the cause of damage (if the determination has been made) and a statement of the circumstances under which the insurer must conduct sinkhole testing. The policyholder must also be notified of his or her right to demand sinkhole testing and the circumstances under which the policyholder may incur costs associated with testing.

- **Authorization to Deny Sinkhole Claim** – An insurer may deny a claim upon a determination that there is no sinkhole loss.

- **Policyholder Demand for Sinkhole Testing** – The policyholder may demand sinkhole testing in writing within 60 days after receiving a claim denial if the insurer denied the claim without performing sinkhole testing and coverage would be available if a sinkhole loss is confirmed. However, a policyholder requesting such testing must pay the insurer 50 percent of the sinkhole testing costs up to $2,500. If the requested testing confirms a sinkhole loss the insurer must reimburse the testing costs to the policyholder.

- **Payment of Sinkhole Claims** – If a sinkhole loss is verified, the insurer must pay to stabilize the land and building and repair the foundation in accordance with the recommendation of the professional engineer retained by the insurer. Payment for other repairs to the structure and contents are governed by the insurance policy. The insurer may limit payment to the actual cash value of the sinkhole loss not including below-ground repair techniques until the policyholder enters into a contract for the performance of building stabilization repairs. The contract for below-ground repairs must be made in accordance with the recommendations set

The time period is tolled if either party invokes neutral evaluation. If repairs cannot be completed within policy limits, the insurer may either pay to complete the recommended repairs or tender policy limits without a reduction for repair expenses already incurred.

**Other Revisions**

The 2011 bill authorized insurers to restrict catastrophic ground cover collapse and sinkhole loss coverage to the principal building as defined in the insurance policy. The bill also allows an insurer to require a property inspection prior to issuing sinkhole loss coverage. The bill clarified that additional living expense coverage is only available pursuant to a sinkhole loss if there is structural damage to the covered building.

**Results of 2011 Sinkhole Insurance Reforms**

The first complete year the reforms were in effect was 2012. No data has been collected on an industry-wide basis on the number of claims, claim severity, or claim costs since the reforms were enacted, so their impact on sinkhole claims and costs on an industry-wide basis is unknown. However, Citizens performed a sinkhole study in 2012 to compute the impact of the 2011 reforms on their policies. This study looked at actual sinkhole claim files from Citizens and readjusted the losses and expenses associated with the claims as if the 2011 reforms had been in effect. The actuarial analysis which accompanied the study projected the 2011 reforms would reduce Citizens’ expected incurred sinkhole losses for 2013 by almost 55 percent. In Citizens’ rate filing for 2014, their actuary projected Citizens’ sinkhole losses would decrease by over 52 percent relative to what they would have been without the 2011 reforms. The actuary further noted, however, that even with the projected reduction in sinkhole losses, Citizens still has a significant rate deficiency in the sinkhole area. In fact, in 2012, Citizens earned almost $57 million in sinkhole premium but paid almost $227 million in sinkhole losses and expenses.

According to data accompanying Citizens 2016 rate filing, in 2014, new sinkhole claim volume was down 68 percent from 2013. This continued a trend of annual reductions in the number of sinkhole claims filed with the corporation. In 2011, over 4,500 sinkhole claims were reported to Citizens. In 2012, that number decreased to approximately 3,100 claims and in 2013 the total

claims received was approximately 1,200.\textsuperscript{29} Total incurred losses and allocated loss adjustment expenses have dropped substantially from approximately $537 million in 2011 to approximately $83 million in 2014.\textsuperscript{30}

**Standards for Sinkhole Testing and Sinkhole Reports**

Section 627.7072, F.S., requires sinkhole testing to be performed by a professional engineer and a professional geologist. The tests performed must be sufficient for the professional geologist and professional engineer to determine the presence of a sinkhole loss or other cause of damage. The tests must also enable the professional engineer to make recommendations regarding necessary building stabilization and foundation repair.

Upon the completion of sinkhole testing, the professional engineer or professional geologist must issue a report and certification to the insurer and the policyholder pursuant to the requirements of s. 627.7073, F.S. The report must detail the testing performed, whether structural damage is present, whether sinkhole activity is the cause of the damage, and any recommendations for stabilizing the land and building and making foundation repairs. The findings and recommendations of the insurer’s professional engineer are presumed to be correct. If an insurer pays a claim for sinkhole loss, the insurer must file a copy of the report and certification and other required documentation with the county clerk of court. Once building stabilization or foundation repairs are complete for a verified sinkhole loss, the engineer responsible for monitoring repairs must issue a report to the policyholder detailing the repairs performed and certify that the repairs were performed properly. The report must also be filed with the county clerk of court.

**Neutral Evaluation**

Neutral evaluation is an alternative procedure in s. 627.7074, F.S., for the resolution of disputed sinkhole insurance claims for which a sinkhole testing report\textsuperscript{31} has been issued. The neutral evaluator must have sufficient professional training and credentials to render opinions as to causation, and if applicable, the recommended method of repair and the estimated cost of such repairs.\textsuperscript{32} Neutral evaluation is nonbinding, but the insurer and policyholder must participate if either party requests it.\textsuperscript{33} At a minimum, neutral evaluation must determine the cause of the loss, all methods of stabilization and repair both above and below ground, the costs for stabilization

\textsuperscript{31} Section 627.7073, F.S., contains the statutory standards for a sinkhole report. A sinkhole report must be based on tests performed by a professional engineer and professional geologist that, as required by s. 627.7072, F.S., are sufficient to determine the presence or absence of sinkhole loss and allow the professional engineer to make recommendations regarding necessary building stabilization and foundation repair. The sinkhole report must contain the opinion of the professional engineer or professional geologist as to whether a sinkhole loss is present, and if so, the recommendation of the professional engineer of methods for stabilizing the land and repairing the foundation.

\textsuperscript{32} See s. 627.7074(1)(a), F.S., and s. 627.7074(11), F.S.

\textsuperscript{33} Section 627.7074(4), F.S.
and all repairs, and the information necessary to issue a report of the neutral evaluator’s findings and recommendations.\textsuperscript{34}

Neutral evaluation is an informal process in which formal rules of evidence and procedure need not be observed.\textsuperscript{35} The insurer or the policyholder request neutral evaluation by sending written notice to the Department of Financial Services (DFS).\textsuperscript{36} The DFS then provides a list of certified neutral evaluators to the parties who have 14 days to select a neutral evaluator.\textsuperscript{37} If the parties cannot agree to a neutral evaluator, the department makes the selection. Once a neutral evaluator is selected, within 14 days he or she must notify the policyholder and the insurer of the date, time, and place of the neutral evaluation conference.\textsuperscript{38}

Once a neutral evaluator has been selected by the parties or appointed by the DFS, the insurer submits the sinkhole testing report to the neutral evaluator and the policyholder submits all reports initiated by the policyholder or an agent of the policyholder that either confirm sinkhole loss or dispute the results of another report.\textsuperscript{39} The neutral evaluator must be allowed reasonable access to the interior and exterior of the insured structures to be evaluated.\textsuperscript{40} At the conclusion of neutral evaluation, the neutral evaluator must prepare a report describing all matters that are the subject of neutral evaluation, including whether a sinkhole loss has occurred, and, if so, the estimated costs of stabilizing the land and any covered building and other appropriate repairs.\textsuperscript{41} The recommendation of the neutral evaluator and his or her testimony must be admitted in any litigation relating to the insurance claim.\textsuperscript{42} If the insurer timely complies with the recommendation of the neutral evaluator, the insurer is not liable for extra-contractual damages related to issues determined under neutral evaluation.\textsuperscript{43}

**Surplus Requirements**

To transact insurance in Florida, insurers must apply for a certificate of authority and meet certain surplus requirements. For a new domestic insurer that transacts residential property insurance and is:

- Not a wholly owned subsidiary of an insurer domiciled in any other state, the surplus requirement is at least $15 million.
- A wholly owned subsidiary of an insurer domiciled in any other state, the requirement is at least $50 million.

Under current law, the surplus requirements for existing insurers are different than the requirements for new insurers. For property and casualty insurers, the requirement is $4 million, except for property and casualty insurers authorized to underwrite any line of residential property insurance. For residential property insurers not holding a certificate of authority before July 1,
2011, the requirement is $15 million. For residential property insurers holding a certificate of authority before July 1, 2011, and until June 30, 2016, $5 million; on or after July 1, 2016, and until June 30, 2021, $10 million; on or after July 1, 2021, $15 million.

**Rate Filings for Property, Casualty, and Surety Insurance**

The rating requirements for property, casualty, and surety insurance are located in part I of ch. 627, F.S., entitled the “Rating Law,” and apply to property, casualty, and surety insurance. The law states that the rates for all classes to which part I applies “shall not be excessive, inadequate, or unfairly discriminatory.” The Office of Insurance Regulation (OIR) has the responsibility to review and approve or disapprove rates charged by insurance companies to ensure compliance with the rate standards.

Section 627.062(2)(a), F.S., describes the filing process and time frames that must be followed by all insurers subject to its provisions. Generally, insurers may choose to submit their rate to the OIR pursuant to either the “file and use” method or the “use and file” method. Under “file and use,” the insurer submits its proposed rate to the OIR at least 90 days before the rate’s effective date but does not implement the rate until it is approved. Under “use and file,” the insurer may implement the rate before filing for approval, but must submit the filing within 30 days of the rate’s effective date. Under “use and file,” if a portion of the rate is subsequently found to be excessive, the insurer must refund to policyholders the portion of the rate that is excessive.

The OIR applies the following factors in determining whether a rate is excessive, inadequate, or unfairly discriminatory:

- Past and prospective loss experience in Florida and in other jurisdictions;
- Past and prospective expenses;
- Degree of competition to insure the risk;
- Investment income reasonably expected by the insurer;
- Reasonableness of the judgment reflected in the filing;
- Dividends, savings, or unabsorbed premium deposits returned to Florida insureds;
- Adequacy of loss reserves;
- Cost of reinsurance;
- Trend factors, including those for actual losses per insured unit;
- Catastrophe and conflagration hazards, when applicable;
- Projected hurricane losses, if applicable;
- A reasonable margin for underwriting profit and contingencies;
- Cost of medical services, when applicable; and
- Other relevant factors impacting frequency and severity of claims or expenses.

44 Section 627.062(1), F.S.
III. Effect of Proposed Changes:

Creation of Limited Sinkhole Coverage Insurance and Application of Current Law to Coverage [s. 627.7151(1) and (2), F.S.]

The bill creates s. 627.7151, F.S., which allows insurers to offer a new type of sinkhole insurance coverage. Limited sinkhole coverage would, as under current law, only provide coverage for “sinkhole loss” which is defined in statute as structural damage to the covered building, including the foundation, caused by sinkhole activity. Limited sinkhole insurance is authorized only for personal lines residential insurance, not commercial lines residential insurance (such as condominium association and homeowners association coverages) or commercial lines insurance. Insurers may exclude from limited sinkhole coverage insurance for contents and additional living expenses. The section created by the bill does not apply to excess coverage for sinkhole loss. Limited sinkhole coverage is subject to the statutory requirements for sinkhole insurance in ss. 627.706-627.7074, F.S., except as otherwise provided in the bill.

Scope of Benefits Provided [s. 627.7151(3)(a), F.S.]

Coverage may be limited to repairs to stabilize the building and repair the foundation in accordance with the recommendations of the professional engineer retained pursuant to s. 627.707(2), F.S. Currently, s. 627.707(5), F.S., directs insurers to pay for building stabilization and foundation repair but also requires that the insurer, “shall pay for other repairs to the structure and contents in accordance with the terms of the policy.” The bill specified that limited sinkhole coverage insurance may be issued that does not provide coverage for “other repairs to the structure and contents.”

The bill retains the current requirement that if the insurer’s professional engineer determines that the repair cannot be completed within policy limits, the insurer must pay to complete the repairs recommended by the insurer’s professional engineer or tender the policy limits to the policyholder. The bill does not retain a provision in s. 627.707(5)(c), F.S., which applies when below-ground sinkhole remediation repairs begin and the engineer selected by the insurer determines that repairs cannot be completed within policy limits. In that situation, the statute requires the insurer to complete the repairs regardless of the policy limit or tender the full policy limit without a reduction for repairs already performed.

Deductibles and Policy Limits [s. 627.7151(3)(b) and (c), F.S.]

Currently, sinkhole deductibles may only be 1 percent, 2 percent, 5 percent, or 10 percent of the dwelling policy limits. Limited sinkhole insurance may contain those deductibles and alternatively may have a deductible in any amount agreed to by the insured and insurer.

The policy limit may be in any amount agreed to by the insured and insurer, so long as the limit is no less than $50,000 unless that amount exceeds full replacement costs of the property.

Required Notice to Policyholders [s. 627.7151(4), F.S.]

The insurance agent must obtain from an applicant for limited sinkhole insurance a signed acknowledgment that contains the following statement in at least 12-point bold, uppercase type:
“BY ACCEPTING THIS LIMITED SINKHOLE COVERAGE INSURANCE POLICY I HAVE READ AND UNDERSTAND THE LIMITATIONS THAT APPLY TO MY POLICY.” The signed acknowledgment must also include notices to the policyholder if the policy limit is less than replacement cost or contains a deductible greater than 10 percent. The notice for a policy limit less than replacement cost is: “THIS POLICY LIMITS SINKHOLE COVERAGE TO LESS THAN THE FULL COST OF REPLACEMENT FOR THE PROPERTY, WHICH MAY RESULT IN HIGH OUT-OF-POCKET EXPENSES TO YOU AND MAY PUT YOUR EQUITY IN THIS PROPERTY AT RISK.” The notice for a deductible greater than 10 percent is: “THIS POLICY EXCEEDS THE DEDUCTIBLE AMOUNT PERMITTED FOR OTHER AUTHORIZED SINKHOLE LOSS INSURANCE POLICIES WHICH MAY RESULT IN HIGH OUT-OF-POCKET EXPENSES TO YOU.”

Exemption from Form and Rate Approval [s. 627.7151(5) and (6)]

The bill allows insurers to establish limited sinkhole coverage policy forms not subject to filing with and approval by the Office of Insurance Regulation (OIR).

The bill allows insurers to develop rates for the new version of sinkhole insurance created by the bill under the full rate review process provided for in s. 627.062, F.S. Alternatively, the bill allows the use of rates developed by an alternative option if the rate filing is submitted to the OIR before October 1, 2019. Under the alternative option created by the bill, a rate filing for the sinkhole coverage created by the bill is exempt from the filing and review requirements of s. 627.062(2)(a) and (f), F.S. Instead, the insurer makes an informational filing. In the informational filing, the insurer must notify the OIR of any change to its sinkhole insurance rates, including the average statewide percentage change in rates, no later than 30 days after the effective date of the change in rates. Insurers that utilize this option must maintain actual data regarding its sinkhole insurance rates for 2 years after the effective date of those rates.

Regardless of the rate filing method used, a rate still cannot be excessive, inadequate, or unfairly discriminatory. The insurer writing the sinkhole insurance is responsible for ensuring the rate charged meets this requirement. The bill allows the OIR to examine an insurer’s documentation supporting a rate to verify the rate meets the requirement with the insurer paying for the examination. During an examination, the OIR uses the rate factors and standards in current law that apply to property, casualty and surety insurance rates filed with the OIR to determine whether the sinkhole insurance rate charged is excessive, inadequate, or unfairly discriminatory. Additionally, the insurer must notify the OIR within 30 days of a rate change for sinkhole insurance that was originally set by this method. Setting sinkhole rates using this method is similar to what is allowed in current law for rates for flood insurance and certain types of commercial lines risks under s. 627.062(3)(d), F.S.

Surplus Lines [s. 627.7151(7), F.S.]

Currently, no insurance coverage is eligible for export to a surplus lines insurer unless it meets certain conditions. One condition is that an agent has sought coverage from and received three documented rejections from authorized insurers currently writing the same type of coverage. Until July 1, 2020, the bill allows this new sinkhole coverage for personal lines residential property to be written by a surplus lines insurer without the agent obtaining three declinations for
insurance from Florida licensed sinkhole insurers. This provision tracks the same language in place for flood insurance regarding surplus lines insurers. However, the other requirements governing the exporting of coverage to the surplus lines continue to apply.

**Regulatory Requirements [s. 627.7151(8), F.S.]**

Insurers providing sinkhole coverage must notify the OIR at least 30 days before writing sinkhole insurance in this state. They also must file a plan of operation and financial projections or revisions to such plan, as applicable, with the OIR.

**Assignment of Post-Loss Benefits [s. 627.7151(9), F.S.]**

The bill prohibits a policyholder of a limited sinkhole coverage insurance policy to assign a post-loss claim except to a subsequent purchaser of the property who acquires an insurable interest following a loss.

**Surplus Requirements for Insurers Transacting Only Limited Sinkhole Coverage Insurance [s. 624.407, F.S., and s. 624.408, F.S.]**

The bill reduces the surplus as to policyholder requirements for new and existing insurers that only transact limited sinkhole insurance for personal lines residential property pursuant to s. 627.7151, F.S., to $7.5 million.

**Effective Date**

The bill is effective July 1, 2016.

**IV. Constitutional Issues:**

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

**V. Fiscal Impact Statement:**

A. Tax/Fee Issues:

None.
B. Private Sector Impact:

The economic impact on the private sector is unknown. The limited sinkhole insurance created by the bill may be more readily available in sinkhole-prone areas of the state such as Hillsborough, Pinellas, Pasco, and Hernando counties. If insurers offering this new sinkhole insurance raise deductibles and initiate limits on coverage (sub-limits), policyholders may have lower premiums. However, if a policyholder experienced a sinkhole, the out-of-pocket costs to the policyholder may be higher than if the policyholder has currently existing sinkhole insurance. For policyholders who currently lack sinkhole insurance, the coverage provided by limited sinkhole insurance would reduce out-of-pocket expenses.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 624.407 and 624.408.

This bill creates section 627.7151 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

**CS by Banking and Insurance on February 9, 2016:**

- Limited sinkhole coverage is not required to insure the contents of personal property or additional living expenses.
- Removes the requirement that contents of personal property be adjusted at replacement cost and not actual cash value.
- Allows for limited sinkhole coverage to repair and stabilize the building and foundation in accordance with the recommendations of a professional engineer. If repairs cannot be completed within policy limits, the insurer must pay to complete the repairs or tender the policy limits to the policyholder.
- Allows a deductible in an amount agreed to by the insured and insurer.
• Allows policy limits agreed to by the insured and insurer, provided policy limits below $50,000 are not allowed unless that amount exceeds full replacement costs of the property.
• Requires a signed notice by an applicant that they have read and understand the coverages of limited sinkhole coverage, including when insuring for less than replacement cost or agreeing to a deductible greater than allowed in s. 627.706(1)(b), F.S.
• Allows limited sinkhole insurers to establish their own forms without needing approval by the Office of Insurance Regulation (OIR).
• Removes the prohibition that Citizens must stop writing sinkhole coverage after July 1, 2018.
• Removes the requirement that the Florida Commission on Hurricane Loss Projection Methodology approve sinkhole models.
• Removes an erroneous statement that the Florida Hurricane Catastrophe Fund cannot cover sinkhole loss.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill’s introducer or the Florida Senate.
The Committee on Banking and Insurance (Margolis) recommended the following:

**Senate Amendment (with title amendment)**

Delete everything after the enacting clause and insert:

Section 1. Subsection (1) of section 624.407, Florida Statutes, is amended to read:

624.407 Surplus required; new insurers.—

(1) To receive authority to transact any one kind or combinations of kinds of insurance, as defined in part V of this chapter, an insurer applying for its original certificate of
authority in this state shall possess surplus as to policyholders at least the greater of:

(a) For a property and casualty insurer, $5 million, or $2.5 million for any other insurer;

(b) For life insurers, 4 percent of the insurer’s total liabilities;

(c) For life and health insurers, 4 percent of the insurer’s total liabilities, plus 6 percent of the insurer’s liabilities relative to health insurance;

(d) For all insurers other than life insurers and life and health insurers, 10 percent of the insurer’s total liabilities;

(e) Notwithstanding paragraph (a) or paragraph (d), for a domestic insurer that transacts residential property insurance and is:

1. Not a wholly owned subsidiary of an insurer domiciled in any other state, $15 million.
2. A wholly owned subsidiary of an insurer domiciled in any other state, $50 million; or

(f) Notwithstanding paragraphs (a), (d), and (e), for a domestic insurer that only transacts limited sinkhole coverage insurance for personal lines residential property pursuant to s. 627.7151, $7.5 million.

Section 2. Paragraph (h) is added to subsection (1) of section 624.408, Florida Statutes, to read:

624.408 Surplus required; current insurers.—

(1) To maintain a certificate of authority to transact any one kind or combinations of kinds of insurance, as defined in part V of this chapter, an insurer in this state must at all
times maintain surplus as to policyholders at least the greater of:

(h) Notwithstanding paragraphs (e), (f), and (g), for a domestic insurer that only transacts limited sinkhole coverage insurance for personal lines residential property pursuant to s. 627.7151, $7.5 million.

The office may reduce the surplus requirement in paragraphs (f) and (g) if the insurer is not writing new business, has premiums in force of less than $1 million per year in residential property insurance, or is a mutual insurance company.

Section 3. Section 627.7151, Florida Statutes, is created to read:

627.7151 Limited sinkhole coverage insurance.—

(1) An authorized insurer may issue, but is not required to make available, a limited sinkhole coverage insurance policy providing personal lines residential coverage, subject to underwriting, for the peril of sinkhole loss on any structure or the contents of personal property contained therein, subject to this section and ss. 627.706-627.7074. This section does not apply to commercial lines residential or commercial lines nonresidential coverage for the peril of sinkhole loss. This section also does not apply to coverage for the peril of sinkhole loss that is excess coverage over any other insurance covering the peril of sinkhole loss.

(2) Limited sinkhole coverage insurance must cover only losses from the peril of sinkhole loss, as defined in s. 627.706(2)(j); however, such coverage shall not be required to provide for contents and additional living expenses.
(3) Limited sinkhole coverage insurance may:
   (a) Notwithstanding s. 627.707(5), limit coverage to repairs to stabilize the building and repair the foundation in accordance with the recommendations of the professional engineer retained pursuant to s. 627.707(2). However, if the insurer’s professional engineer determines that the repair cannot be completed within policy limits, the insurer must pay to complete the repairs recommended by the insurer’s professional engineer or tender the policy limits to the policyholder.
   (b) In addition to the deductibles authorized under s. 627.706(1)(b), offer deductibles agreed to by the insured and insurer.
   (c) Offer policy limits agreed to by the insured and insurer, provided policy limits below $50,000 are not allowed unless that amount exceeds full replacement costs of the property.

(4) Before issuing a limited sinkhole coverage insurance policy under this section, the insurance agent must obtain from an applicant an acknowledgement signed by the applicant that includes the following statement in at least 12-point bold, uppercase type: “BY ACCEPTING THIS LIMITED SINKHOLE COVERAGE INSURANCE POLICY I HAVE READ AND UNDERSTAND THE LIMITATIONS THAT MAY APPLY TO MY POLICY.” The signed acknowledgment must also include, in at least 12-point bold, uppercase type, for a policy:
   (a) That limits limited sinkhole coverage to an amount less than the full replacement cost of the property, the following statement: “THIS POLICY LIMITS SINKHOLE COVERAGE TO LESS THAN THE FULL COST OF REPLACEMENT FOR THE PROPERTY, WHICH MAY RESULT
IN HIGH OUT-OF-POCKET EXPENSES TO YOU AND MAY PUT YOUR EQUITY IN THIS PROPERTY AT RISK.”

(b) That provides for a deductible which exceeds the deductibles authorized under s. 627.706(1)(b), the following statement: “THIS POLICY EXCEEDS THE DEDUCTIBLE AMOUNT PERMITTED FOR OTHER AUTHORIZED SINKHOLE LOSS INSURANCE POLICIES WHICH MAY RESULT IN HIGH OUT-OF-POCKET EXPENSES TO YOU.”

(5) An insurer may establish and use limited sinkhole coverage forms. Limited sinkhole coverage forms are not subject to filing and approval pursuant to s. 627.410.

(6)(a) An insurer may establish and use limited sinkhole coverage rates in accordance with the rate standards provided in s. 627.062.

(b) For limited sinkhole coverage rates filed with the office before October 1, 2019, the insurer may also establish and use such rates in accordance with the rates, rating schedules, or rating manuals filed by the insurer with the office which allow the insurer a reasonable rate of return on limited sinkhole coverage written in this state. Limited sinkhole coverage rates established pursuant to this paragraph are not subject to s. 627.062(2)(a) or (f). An insurer shall notify the office of any change to such rates within 30 days after the effective date of the change. The notice must include the name of the insurer and the average statewide percentage change in rates.
