

THE FLORIDA SENATE
SENATOR BEN ALBRITTON
President

MEMORANDUM

TO: All Senators
FROM: Ben Albritton
SUBJECT: Committee Assignments
DATE: December 13, 2024

As we prepare for interim committee meetings to resume in January, I am pleased to announce the composition of our Senate Committees. I have attached a list of committee assignments by Senator and by Committee, as well as the Committee blocks.

Over the last several weeks, many Senators have reached out to discuss the ways you feel you can best contribute to the Senate. In making these assignments, I worked to incorporate the interests stated on your subject matter preference forms, as well as your comments from our personal conversations, within the constraints of a block schedule.

Many Senators have a subject matter expertise gained by either professional excellence or prior legislative service. This experience is a tremendous benefit to the Senate. As you know, I also believe one of the benefits of a citizen legislature is the new approaches and differing points of view offered by individuals who have limited or no prior experience with a particular subject matter. I worked to balance these ideas in finalizing committee assignments. I appreciate the willingness of Senators to both take on new challenges and to continue service in areas where you have a wealth of experience.

As we head toward the new year, I encourage all Senators to utilize our outstanding professional staff in order to ensure you are up to speed in your assigned areas.
