It is an honor to represent Miami in the Florida Senate and spend time with our local community from Key Biscayne to Homestead!

What a joy it is to connect and support our residents in the ways and in the issues that matter to them and their families. My office is always here to listen, assist, and advocate for what matters to you!

As we transition from the regular legislative session into the upcoming special sessions, I am proud to share a few key accomplishments and community highlights from the past months.

Meet your Senator

Florida State Senator Alexis Calatayud is a champion for generational upward mobility and expanding educational/economic opportunities for Miami-Dade residents.

Calatayud has passed landmark legislation and funding to support the upward ascent of Floridians toward economic security and self-sufficiency. Her work for you revolves around lowering cost of living and increasing community affordability - from stabilizing and reducing property insurance rates, to expanding attainable housing options, to increasing access to affordable children's health insurance and investment in low-cost early childhood education. She serves as a member of Jackson Memorial System Public Health Trust.

Before her election to the Florida Senate in 2022, the Senator served for over a decade in multiple advocacy, policy, and campaign roles supporting Florida's education champions and advancing transformation education policies. Currently, Senator Calatayud acts as the Community Engagement & Public Policy Liaison for the Miami Dade & Monroe County Early Learning Coalition launching national learning exchanges and building special initiatives.

Previously, she served as Chief Lobbyist and Legislative Affairs Director at the Florida Department of Education during the COVID pandemic where she was responsible for advocating for the future of the education system to the Florida legislature. The Senator served as campaign manager for three Miami state representative races and worked as State Representative Vance Aloupis' Legislative Aide in the Florida House.

Calatayud also partnered with regional and national nonprofits to train over 500 university campus' student leaders on state and federal elected official engagement strategies on higher education affordability issues, later developing national programs in Washington D.C. and in Florida. She served two terms as a member of the Board of Trustees for Florida International University, where she received a degree in Political Science and International Relations.
