Committee Wrap Up

During week 3, Senator Arrington had two key committees.

Transportation

This week, there were presentations on Camera-Based Traffic Enforcement Programs, specifically in school zones. Along with an update from the Moving Florida Forward Program. This program is crucial to our region, as it is the primary funding for I-4 infrastructure updates.

Environment & Natural Resources

The Senator listened to presentations about the concerning levels of PFAS/PFOA, or better known as “forever chemicals,” found in ground water and its potential negative effects.

The committee unanimously passed **SB 150: Designation of the State Birds**, which would change the state bird to the Flamingo and the state songbird to the Florida Scrub-Jay.
