SB 1180 advances important, constituent driven reforms to strengthen transparency and accountability within Community Development Districts.

SB 62 updates candidate qualification requirements to support clear and consistent standards for individuals seeking public office across the state.

I held **11** meetings with stakeholders and community partners, participated in **2** committee meetings, and took part in **2** Senate Floor sessions.

Visitor Spotlight

I welcomed **Osceola Legislative Drive Up** to the Capitol this week, where I had the opportunity to connect with leadership from the **City of Kissimmee, City of St. Cloud, Osceola County**, and other close governmental partners to discuss our shared priorities and continue strengthening collaboration between state and local leadership on behalf of our community.

It was great to connect with **Bill Litton Emergency Management Director** for Osceola County, this week as we look toward hurricane season to discuss ongoing efforts to support emergency preparedness and strengthen coordination between state and local response teams.

Floor Updates

I presented **SB 1180** on the Senate Floor this week, legislation inspired by constituent concerns to strengthen transparency and accountability within Community Development Districts across Florida.

Good Bills

SB 658 strengthens water safety protections in residential and vacation rental properties by requiring certain safety features for units with swimming pools. By establishing consistent safety standards, this legislation helps reduce the risk of accidental drownings and promotes safer environments for Florida families and visitors.

District Updates

#TeamArrington had the opportunity to attend the Lunar New Year Dragon Parade this week, joining community members in celebrating the rich cultural traditions and diversity that make our district so special. Events like these are a meaningful way to connect with residents and honor the heritage that continues to shape and strengthen our community.
