CS/CS/CS/SB 88 — Public Employee Compensation
by Governmental Oversight and Accountability Committee; Judiciary Committee; Community Affairs Committee; and Senators Gaetz and Storms

This bill prohibits bonuses paid to public employees unless the bonus is awarded to the employee of a public hospital from private funds or is awarded to government employees based on statutorily specified bonus criteria. Specifically, under the bill, any policy, ordinance, rule, or resolution designed to implement a bonus scheme must:

- Base the award of a bonus on work performance;
- Describe the performance standards and evaluation process by which a bonus will be awarded;
- Notify all employees of the policy, ordinance, rule, or resolution before the beginning of the evaluation period on which a bonus will be based; and
- Consider all employees for the bonus.

This bill prohibits severance pay unless the severance pay is:

- Paid to the employee of a public hospital from private funds;
- Paid in an amount not greater than 20 weeks of compensation; or
- Paid as the result of a settlement agreement in an amount not to exceed 6 weeks of compensation.

Contracts for severance pay must include a provision stating that severance pay is not paid in cases of employee misconduct.

The bill defines severance pay as actual or constructive compensation including salary, benefits, or perquisites for employment services yet to be rendered which is provided to an employee who has recently been or is about to be terminated. The term does not include compensation for leave time, early retirement, or insurance subsidies.

The bill prohibits confidentiality clauses in agreements for extra compensation entered into after July 1, 2011.

The bill deletes provisions of law that are inconsistent with the provisions created in the bill.

If approved by the Governor, these provisions take effect July 1, 2011.

HB 93 — Security Cameras
by Rep. Steube and others (SB 172 by Senator Bennett)

In response to ongoing litigation, the bill (Chapter 2011-8, L.O.F.) reenacts a section of law created by Chapter 2009-96, L.O.F. (SB 360 (2009 Regular Session)) to eliminate any possible question that it could be subjected to a single-subject challenge or struck down as an unconstitutional unfunded mandate. The bill does not change the law, but reenacts a section of law created by Chapter 2009-96, L.O.F., which prevents local governments from requiring that a business spend funds for security cameras. The section does not limit the ability of a county, municipality, airport, seaport, or other local governmental entity to adopt standards for security cameras.

These provisions became law upon approval by the Governor on April 27, 2011.

CS/SB 224 — Local Government Accountability
by Governmental Oversight and Accountability Committee; and Senators Dean and Lynn

This bill provides minimum budgeting standards for counties, county officers, municipalities, and special districts. The bill requires the budget of each county, municipality, special district, water management district, school district, and certain county officers to be posted on the government entity’s website. The bill requires certain counties, municipalities, and special districts to file their annual financial report and annual financial audit report with the Department of Financial Services and the annual financial audit report with the Office of the Auditor General within nine months of the end of the fiscal year. This bill also amends the reporting process used by the Legislative Auditing Committee and the Department of Community Affairs to compel special districts to file certain required financial reports.

The bill further allows certain municipalities to levy and collect special assessments in order to fund certain special security and crime prevention services and facilities. If the costs of such services and facilities are funded by ad valorem taxes prior to the levy of the assessment, the bill requires the taxes to be abated annually thereafter in an amount equal to the full amount of the special assessment.

If approved by the Governor, these provisions take effect October 1, 2011.

CS/CS/CS HB 281 — Value Adjustment Boards
by Finance and Tax Committee; Economic Affairs Committee; Community and Military Affairs Subcommittee; and Rep. Logan and others (CS/SB 880 by Budget Committee and Senator Garcia)

This bill requires a value adjustment board petitioner that is challenging an assessment to pay all non-ad valorem assessments and make a partial payment of at least 75 percent of taxes due before the taxes become delinquent on April 1.

Taxpayers that challenge the denial of a classification or exemption, or argue that the property was not substantially complete on the date of assessment must pay the non-ad valorem assessments and must make a “good faith” payment of the tax. If the value adjustment board determines that the payment was grossly disproportionate to what was owed and was not made in good faith, the tax collector is to collect a 10 percent penalty. The bill requires the value adjustment board to deny the petition by April 20, if the required payment is not timely made.

If the value adjustment board determines that the petitioner owes taxes in excess of the amounts paid, the unpaid amount shall accrue interest at 12 percent per year from the date the payment was due. If the value adjustment board determines that the amount paid is more than what is ultimately due, the excess amount paid accrues interest at the rate of 12 percent per year from the date the taxes became delinquent.

The provisions of the bill do not apply to petitions for tax deferrals.

This bill further provides that the current 4 percent property tax discount for early payment shall apply, but only if the corrected tax notice is mailed prior to the date the taxes become delinquent.

If approved by the Governor, these provisions take effect July 1, 2011.

CS/CS/HB 287 — Economic Development
by Economic Affairs Committee; Finance and Tax Committee; and Rep. Eisnaugle (CS/SB 506 by Community Affairs Committee and Senator Bogdanoff)

Article VII, section 3(c) of the Florida Constitution, allows counties and municipalities to grant economic development ad valorem tax exemptions to new businesses and expansions of existing businesses as defined by general law. Under current law, the economic development exemption may only be granted through a county or municipal ordinance that is previously approved by the electors of the participating county or municipality.

This bill provides greater flexibility for counties and municipalities and may promote job creation by revising the definitions of “new business” and “expansion of an existing business” to include qualifying organizations and by requiring eligible businesses and organizations to pay a wage above the average wage of the locality.

The bill expands eligibility for the economic development exemption to include target industry businesses and allows the board of county commissioners of a charter county to hold a referendum to grant such exemption upon receiving a petition in a charter county signed by the requisite number of electors prescribed in the county charter, including charters that require the signatures of less than 10 percent of the electors.

The current ballot language required in a referendum that determines whether an entity may grant an economic development exemption is modified to address whether the new or existing business is expected to create new, full-time jobs in a county or municipality and additional criteria is provided for counties and municipalities to consider when reviewing applications for such exemption.

The bill also allows local governments to enter into a written agreement with an applicant applying for an economic development exemption which may include performance criteria consistent with applicable laws and must require the applicant to report the actual number of new, full-time jobs created and their actual average wage.

The provisions in this bill only apply to exemptions from ad valorem taxation granted pursuant to referenda held on or after July 1, 2011, under s. 196.1995(1), F.S.

If approved by the Governor, these provisions take effect July 1, 2011.

SB 298 — Municipal Governing Body Meetings

CS/CS/CS/HB 311 — Local Business Taxes
by Economic Affairs Committee; Finance and Tax Committee; Business and Consumer Affairs Subcommittee; and Rep. K. Roberson and others (CS/CS/SB 582 by Budget Subcommittee on Finance and Tax; Community Affairs Committee; and Senator Detert)

Under the bill, employees are not required to pay a local business tax, obtain a local business tax receipt, or apply for an exemption from a local business tax. For local business tax purposes, the bill defines independent contractors by reference to the current statutory definition in s. 440.02(15)(d)1.a. and b., F.S. Under the bill, independent contractors are not employees, but individuals licensed and operating as a real estate broker or sales associate are employees.

The bill specifies that employees may not be held liable for failure of their employer to apply for an exemption or pay the tax. Local governments may not require exempt individuals to apply for an exemption or pay the tax. Employers may not be required to provide personal or contact information for exempt individuals in order to obtain a local business tax receipt.

The newly-created employee exemption is retroactive to October 13, 2010, but the bill states that the exemption does not apply to business taxes imposed before that date.

The bill removes statutory language which requires the Department of Business and Professional Regulation, by August 1 of each year, to submit to the local official who issues local business tax receipts a current list of professions the department regulates and information regarding those practitioners that should not be allowed to renew their local business tax receipt due to suspension, revocation, or inactivation of a state license, certification, or registration.

The bill adds language to expand the types of professions that must prove active certification to include any profession regulated by the Florida Supreme Court or any state regulatory agency.

The bill explicitly allows certification renewals to be completed online.

If approved by the Governor, these provisions take effect July 1, 2011.

by Economic Affairs Committee; Appropriations Committee; Finance and Tax Committee; Community and Military Affairs Subcommittee; and Reps. Dorworth, Costello and others
(CS/CS/SJR 658 by Judiciary Committee; Community Affairs Committee; and Senators Fasano and Gaetz)

This joint resolution proposes amendments to Article VII, section 4, of the Florida Constitution, to permit the Legislature to prohibit increases in the assessed value of homestead property and certain non-homestead property if the just value of the property decreases, with exceptions for changes, additions, reductions or improvements to property. The joint resolution also seeks to reduce the limitation on annual assessment increases applicable to certain non-homestead property from 10 percent to 5 percent.

The joint resolution proposes an amendment to Article VII, section 6, of the Florida Constitution, to allow individuals that are entitled to a homestead exemption under s. 6(a), Art. VII of the Florida Constitution, that have not previously received a homestead exemption in the past three calendar years to receive an additional homestead exemption equal to 50 percent of the just value of the homestead property not to exceed the median just value of all homestead property within the county. The additional exemption applies for a period of five years or until the property is sold and shall be reduced by 20 percent of the initial exemption on January 1 of each succeeding year until it is no longer available in the sixth and subsequent years. The exemption does not apply to school levies.

The joint resolution proposes an amendment to Article XII, section 27 of the Florida Constitution, to extend the sunset provisions relating to the non-homestead assessment limitation from January 1, 2019, to January 1, 2023.

The joint resolution creates Article XII, section 32 of the Florida Constitution, to provide that if the joint resolution is approved by Florida voters on the date of the 2012 presidential preference primary, this section and the amendments to Article VII, section 4 of the Florida Constitution, shall take effect upon approval of the voters, and operate retroactively to June 1, 2012. If the joint resolution is approved by Florida voters at the 2012 general election, these two provisions shall take effect on January 1, 2013.

The joint resolution also creates Article XII, section 33 of the Florida Constitution, to provide that if approved by Florida voters on the date of the 2012 presidential preference primary, this section and the amendments to Article VII, section 6 of the Florida Constitution, upon approval of the voters, and operate retroactively to January 1, 2012, and shall be available for properties purchased on or after January 1, 2011. If the joint resolution is approved by the Florida voters at the 2012 general election, then this provision shall take effect on January 1, 2013, and shall be available for properties purchased on or after January 1, 2012.
