361		PROGRAM: EMERGENCY MANAGEMENT		361
362				362

	SB 2500 1E	House Offer #1	Senate Offer #1	
378		From the funds in the Specific Appropriation 2626, \$2,000,000 of nonrecurring funds from the General Revenue Fund is provided for the Division of Emergency Management to competitively procure an analysis of Florida's flood risks from an entity with the engineering and data analytics expertise to assess the gap between Florida's existing infrastructure and potential flood risks. The analysis shall be completed and delivered to the division by January 15, 2021, with copies distributed to the Speaker of the House, the President of the Senate, and the Executive Office of the Governor. The analysis must collate and assess existing data to build a comprehensive flood analysis for Florida over the next 15 years including a prioritization of risk by, at minimum, the county level and identification of potential infrastructure projects available to cure or mitigate each identified risk. The analysis should identify gaps in existing data sources that impact the accuracy of the flood analysis, assess the degree of variability created by the missing data, and delineate steps necessary to close those data gaps. The analysis must also include pathways for and identify obstacles (including data gaps) to the development of hydrologic models for physically based flood frequency estimation and real-time forecasting of floods, including hydraulic models of floodplain inundation mapping, real-time tidal flooding forecasts, future conditions groundwater elevations, and economic damage and loss estimates.		378
