114A			From the funds provided in Specific Appropriation XXXX, the Department of Transportation shall conduct a review of consultant design service and construction engineering and inspection (CEI) service charges related to construction projects. The review must analyze the trends in design and CEI services as a percentage of total project costs as well as the trends of such costs in relation to the size of the project, the need to meet federal highway safety standards, and any potential for cost savings realized due to a change in the construction design and scope initiated after the execution of the contract. Based upon the review and a study of relevant federal laws, the department must make recommendations for the application of limitations on design and CEI services as appropriate or necessary and must submit a report to the President of the Senate and the Speaker of the House of Representatives by November 15, 2021.

152	From the funds in Specific Appropriation 2194, \$2,000,000 from nonrecurring General Revenue is provided to the Department of Economic Opportunity to competitively procure deliverables-based contracted services for the project planning and analysis necessary to implement a consumer-first workforce information system. These funds are contingent upon HB 1505 or similar legislation becoming law. The department shall coordinate with participating entities for the development of planning deliverables that shall at a minimum include documentation of (1) new business processes to be supported by the system, (2) identification of common data elements and required data interoperability, (3) the establishment of data governance for shared data across participating entities, and (4) detailed functional and technical requirements needed for both the procurement of the system and any remediation necessary for the integration of current systems. Of these funds, \$1,500,000 shall be held in reserve. The department is authorized to submit quarterly budget amendments requesting release of these funds pursuant to the provisions of chapter 216, Florida Statutes, and based on the department's planned quarterly expenditures. Release is contingent upon approval of a detailed operational work plan and monthly spend plan that identifies all work activities and costs budgeted for Fiscal Year 2021-2022. The department shall provide monthly project status reports to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, the Executive Office of the Governor's Office of Policy and Budget, and the Florida Digital Service. Each status report must include progress made to date for each project milestone, deliverable, and task order, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks. 483		DOT CEI LIMITATION. Amends s. 337.11, F.S., to add a section to limit CEI costs to 5% of the total estimated construction project cost, unless approved by the Secretary of the Department of Transportation. Further, this allows the department to share a portion of construction costs saved due to a change in the design and scope with the design or CEI consultant (limited to 5% of savings realized).		483
