105	From the funds in Specific Appropriation 1939, the nonrecurring sum of \$1,500,000 from the State Transportation Trust Fund is provided to the Department of Transportation for an assessment of the Work Program Integration Initiative project. These funds shall be held in reserve. The department must competitively procure a comprehensive assessment of the project by an independent third party consulting firm with experience in conducting independent verification and validation assessments of public sector information technology projects and that has not previously contracted with the department for the project. No funding is provided for staff augmentation, third party support services, organizational change management, project management office, the current independent verification and validation contract, the purchase of new software, or the re-procurement of a systems integrator.	From the funds in Specific Appropriation 1939, the nonrecurring sum of \$4,000,000 from the State Transportation Trust Fund is provided to the Department of Transportation for an assessment of the Work Program Integration Initiative project. These funds shall be held in reserve. The department must competitively procure a comprehensive assessment of the project by an independent third party consulting firm with experience in conducting independent verification and validation assessments of public sector information technology projects and that has not previously contracted with the department for the project. No funding is provided for staff augmentation, third party support services, organizational change management, project management office, the current independent verification and validation contract, the purchase of new software, or the re-procurement of a systems integrator. 	HB 5001	SB 2500 1E	HOUSE OFFER #1	
152	From the funds in Specific Appropriation 2194, \$2,000,000 from nonrecurring General Revenue is provided to the Department of Economic Opportunity to competitively procure deliverables-based contracted services for the project planning and analysis necessary to implement a consumer-first workforce information system. These funds are contingent upon HB 1505 or similar legislation becoming law. The department shall coordinate with participating entities for the development of planning deliverables that shall at a minimum include documentation of (1) new business processes to be supported by the system, (2) identification of common data elements and required data interoperability, (3) the establishment of data governance for shared data across participating entities, and (4) detailed functional and technical requirements needed for both the procurement of the system and any remediation necessary for the integration of current systems. Of these funds, \$1,500,000 shall be held in reserve. The department is authorized to submit quarterly budget amendments requesting release of these funds pursuant to the provisions of chapter 216, Florida Statutes, and based on the department's planned quarterly expenditures. Release is contingent upon approval of a detailed operational work plan and monthly spend plan that identifies all work activities and costs budgeted for Fiscal Year 2021-2022. The department shall provide monthly project status reports to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, the Executive Office of the Governor's Office of Policy and Budget, and the Florida Digital Service. Each status report must include progress made to date for each project milestone, deliverable, and task order, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks. 174C			From the funds in Specific Appropriation *****, \$36,000,000 in nonrecurring funds from the General Revenue Fund is provided for the modernization of the Reemployment Assistance system that complies with section 282.206, Florida Statutes. Of these funds, \$19,320,000 is provided for increased maintenance and operations of the system, \$15,510,000 is provided for system modernization, and \$1,170,000 is provided to competitively procure a private sector provider with experience in conducting independent verification and validation (IV&V) services of public sector information technology projects to provide IV&V services for all department and vendor staff working to modernize and maintain the system. From these funds, \$31,170,000 shall be held in reserve, and \$4,830,000 is released to the department for ongoing maintenance and operations. The department is authorized to submit quarterly budget amendments requesting release of these funds pursuant to the provisions of chapter 216, Florida Statutes, and based on the department's planned quarterly expenditures. Release is contingent upon the procurement of the IV&V vendor and the approval of a detailed operational work plan and monthly spend plan that identifies all work activities and costs budgeted for Fiscal Year 2021-2022.	174C
174D			Quarterly IV&V reports shall include technical reviews of project deliverables submitted or accepted within the reporting period and assessments of the department's project management and governance. The IV&V contract shall require that all deliverables be simultaneously submitted to the executive director of the department, the Florida Digital Service, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget. The contracted provider shall be made readily available to provide all project related data to the Florida Digital Service in support of their project oversight responsibilities pursuant to section 282.0051, Florida Statutes. The department shall provide monthly project status reports to the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, the Executive Office of the Governor's Office of Policy and Budget, and the Florida Digital Service. Each status report must include ongoing system maintenance activities and progress made to date for each project milestone, deliverable, and task order, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks.	174D
