Fiscal Year 2019-2020

LFIR#: 1141

1. Title of Project: North Miami Beach Stormwater Outfall

2. Senate Sponsor: Jason Pizzo

3. Date of Submission: 02/01/2019

4. Project/Program Description:

This project is for the replacement of four (4) failed stormwater outfalls in the Eastern Shores and Pickwick Lakes communities. The outfalls discharge into the intracoastal and Snake Creek Canal (C-9) respectively. One of the outfalls has completely collapsed and has been repaired temporarily. The potential damage associated with the failure of these stormwater structures include flooding, development of sinkholes, and undermining of adjacent foundations of both public and private infrastructure.

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Alleviate flooding, prevention of sinkholes, and damage to the foundation of adjacent public and private infrastructure.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The reconstruction of the outfalls will ensure a properly functioning drainage system that treats and transmits storm runoff from the neighborhood roadways to the canal.

c. What are the direct services to be provided to citizens by the appropriations project?

This will alleviate flooding of the residential areas and provide safer neighborhoods.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is, sections of the communities of Pick Wick lakes estate and Eastern Shores residing adjacent to the failed outfalls.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is minimization of flooding and erosion caused by water accumulation due to collapsed outfalls. The potential damage to adjacent properties will also be eliminated.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Inclusion of liquidated damages clause in the construction contract as well as a performance bond requirement for construction.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
