11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The purpose of the initiative is to increase the number of Florida families who foster/adopt, through awareness and lead generation using the Family First platforms of All Pro Dad and Mom. All Pro Dad National Spokesman Tony Dungy, who has adopted multiple children as well as serving as a foster parent, will be featured in the initiative.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

We will recruit new families interested in foster care and adoption through a statewide recruitment using our digital platform of All Pro Dad and iMom, as well as outdoor, TV/radio and our on-turf events. Coach Tony Dungy, an adoptive parent and a foster parent, will be our featured spokesperson. The initiative will also be promoted around the state through our 273 in-school All Pro Dad’s Day monthly breakfast chapters in 99 cities.

c. What are the direct services to be provided to citizens by the appropriations project?

Children in the state who are in need of a foster home or an adoptive home will have more families interested in helping them. For families who are interested in fostering or adopting, we will provide a mechanism for them to take the next step, by simply calling our statewide toll free number, or filling out an on-line form.

d. Who is the target population served by this project? How many individuals are expected to be served?

By targeting families statewide, ultimately the children in the foster system and those needing to be adopted will be served. The campaign will reach millions of Floridians, raising awareness of the need, and encouraging families to take the next step.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome
will be measured?

Florida families, children in the foster care and adoption system will benefit, also workers in the 17 Community Based Care agencies by providing new options for foster and adoption placement. Placing a child in a foster home environment versus a group home saves the state approximately $100 per child per night. We are tracking campaign awareness, campaign impressions, attitude shifts about fostering and adoption, and foster family/adoptive family leads. We are collecting data through Google analytics, Facebook analytics, Media outlet reporting, focus groups, email surveys and rapid response surveys at our events. In addition we are tracking the foster/adoptive leads.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

All Pro Dad has worked with our Contract Manager at the Department of Children and Families during the current year to ensure the current funding meets the required goals of the contract and brings value back to Floridians. We would work directly with the Contract Manager and the DCF going forward to ensure any necessary penalties are added to the contract to achieve the expected performance measures.
