11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The project will prevent potential safety concerns along the corridor.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

N/A

c. What are the direct services to be provided to citizens by the appropriations project?

Pedestrian lighting along SR 7.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents and visitors of the city. More than 15,000 individuals expected to be served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The current proposed roadway widening does not account for pedestrian (sidewalk) lighting along the east side of the road. The project will prevent potential safety concerns along the corridor.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Once the city selects a contractor to preform the scope of services, a series of per-construction meetings will occur to establish time line, objectives, etc. If the selected contractor does not meet the given objectives, the city would then issue a warning, if the penalties continue to the city will then liquidate the damage and start the performance bond process. Standard contract penalties for the contract between the city and the state are sufficient.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
