Local Funding Initiative Request

Fiscal Year 2019-2020

LFIR#: 1896

1. Title of Project: Integrated Care and Coordination for Youth (ICCY)

2. Senate Sponsor: Jeff Brandes

3. Date of Submission: 02/19/2019

4. Project/Program Description:

We propose to integrate our clinical services with DJJ by moving into Juvenile Probation Officer (JPO) offices around the state. This integration would have a Chrysalis Health Master's level clinician, who could also provide system navigation services, working side by side with JPO's in the JPO offices. The clinician would be available to immediately assess the youth and determine any mental health concerns, engage the youth in treatment, provide training to JPO's, appear in court with the youth and JPO as needed, and assist with finding other treatment services when traditional outpatient and case management services were deemed insufficient. The goals would be to prevent youths who struggle with behavioral health issues from slipping through the cracks, reduce the likelihood of more severe behaviors manifesting and the need for deeper end services such as residential care, and decrease maladaptive delinquent behaviors by treating the underlying psychological disorder.
