   This FCS Risk Management consortium provides cost effective coverage for employee medical, workers compensation, liability, and property/casualty for the system. Over the last two hurricane seasons, 17 colleges have experienced over $75 million in property losses. Since the consortium advanced coverage for deductibles incurred by the colleges (3% of value), the FCS requests $18 million to back-fill the cost of those deductibles to ensure the consortium is solvent when the future impacts are incurred.
