#### 11. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal of this contract is to address mental health and physical health care needs in cases where traditional mental health service interventions have not worked. The CAT program utilizes a multidisciplinary and person-centered approach to coordinate treatment interventions and natural supports tailored to the individual needs of youth or young adults, allowing them to remain successfully in their community. CAT services are provided to youth, young adults, and their families.

٥.	what activities and services will be provided to meet the intended purpose of these funds?
	The CAT team will provide effective, intensive in-home mental health and co-occurring substance abuse services to youth. Services would include: crisis intervention, in-home therapy and counseling, case management (linkage to community support services, housing, medical services, etc.) psychiatric evaluation, medication management services and mentoring.

c. What direct services will be provided to citizens by the appropriation project?

A variety of mental health and co-occurring substance abuse services to youth. This would include: crisis intervention, in-home therapy and counseling, case management (linkage to community support services, housing, medical services, etc.), psychiatric evaluation, medication management services and mentoring.

d. Who is the target population served by this project? How many individuals are expected to be served?

At-risk youth
High School students
Victims of crime
Persons with poor physical health
Persons with poor mental health
# Expected to be served: 65

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improved Mental health, measured by Managing Entity ROI/CFARS Rating Scale.

Improved School attendance, measured by ME ROI report.

Reduced interactions with Juvenile Justice System, measured by CBHC.

Reduced psychiatric hospitalizations and residential placements, measured by CBHC

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

		•	•	
A fa	ailure to meet deliverables le	eads to a prorated financial	consequence.
