Local Funding Initiative Request

Fiscal Year 2020-2021

LFIR # 1269

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. **Project/Program Description**

The western Corona del Mar neighborhood is situated in central North Miami Beach, encompassing approximately 35 acres bound by Northeast 163rd Street, Northeast 18th Avenue, Northeast 159th Street, and Northeast 21st Avenue. This area is primarily comprised of single family homes, multifamily homes, and apartments, with a few homes converted to small office buildings. The area is currently served by septic tanks. In an effort to abandon the currently used septic tanks in western Corona del Mar, NMB Water is proposing the installation of a new gravity sewer system to serve this area. This project includes: Installation of approximately 7,700 LF of 8-inch gravity mains, a lift station and 350 LF of 6-inch PVC force main.

11. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

To provide conveyance to the sewer flow that currently is held in bad condition septic tanks.

b. What activities and services will be provided to meet the intended purpose of these funds?

Inspection and testing during construction. Maintenance after construction. Installation of approximately 7,700 LF of 8-inch gravity mains, a new lift station and 350 LF of 6-inch force main.

c. What direct services will be provided to citizens by the appropriation project?

Provide a new and reliable sanitary sewer system to abandon the in-bad-condition septic tanks and promote the development of that area.

d. Who is the target population served by this project? How many individuals are expected to be served?

Approximately 400 residents (150 units) in a designated blight area by the Community Redevelopment Agency (CRA). This new sewer system will promote the commercial development of the area.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Support the development of this area, providing a reliable sanitary system and avoid any contamination.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Typical penalties that are included in construction contracts i.e. liquidated damages
