1. **Project Title**: Medley - Tobie Wilson Multiuse Community Center- Water Quality Improvements and

2. **Senate Sponsor**: Manny Diaz

3. **Date of Request**: 11/12/2019

4. **Project/Program Description**
   This project includes the retrofitting of stormwater outfalls to the SFWMD C-6 (Miami Canal) with storm water pollution control devices and the construction of about 200 LF of seawall to protect the area from further erosion and sediment control. This project will also have a public involvement component, continuing the Town's efforts to interact with, and inform the local residents of water quality improvements in the SFWMD C-6 (Miami Canal).

5. **State Agency to receive requested funds**: Department of Environmental Protection
   
   State Agency contacted?  
   ○ Yes  ○ No

6. **Amount of the Nonrecurring Request for Fiscal Year 2020-2021**

11. **Program Performance**

a. What specific purpose or goal will be achieved by the funds requested?

The purpose of this project is to improve water quality runoff from impervious areas to discharge into the SFWMD C-6 (Miami Canal), an impaired watershed for fecal coliforms in WBID 3290 C6 (Miami Canal), Group 4. This project will improve water quality, prevention of erosion, sediment control, nutrients and fluctuation of elevation that can adversely affect the Miami Canal. The new seawall will assist with water quality standards as part of state requirements as the Town is a co-permittee with Miami-Dade County for MS4 permit number FLS0000003.

b. What activities and services will be provided to meet the intended purpose of these funds?

This project includes the repair of seawalls and the installation catch basins with baffled sediment traps to improve the water quality of the runoff discharging into SFWMD C-6 (Miami Canal). The project will also include a public outreach component.

c. What direct services will be provided to citizens by the appropriation project?

This project will benefit residents from local and adjacent areas as well as other visitors by improving the seawall of the Tobie Wilson Community Center and improving the water quality of the runoff to the Miami Canal.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is about 1,000 of low-to-middle income residents as well as other 1,500 visitors from adjacent communities to the Town of Medley that will benefit by using the property.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefits of this project are to improve water quality by retrofitting stormwater outfalls with storm water pollution control devices as well as to increase community awareness through the Town of Medley education programs and encourage continued participation in cleanup programs such as Adopt a Waterway. The methodology for this project includes structural as well as non-structural components to provide a comprehensive approach. Stormwater treatment technology combined with improved hydrologic flow and public education will be the hallmark of this project's success.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

No penalties
12. **The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.**

- The owner of the facility is the Town of Medley

13. **Requestor Contact Information**
   a. **First Name** Jorge
   b. **Organization** Town of Medley
   c. **E-mail Address** jcorzo@townofmedley.com

   c. **E-mail Address** diaz@thesoutherngroup.com
   d. **Phone Number** (305)4216304
Please complete the questions below for Water Projects only.

16. Have you applied for alternative state funding?
   - Waste Water Revolving Loan
   - Drinking Water Revolving Loan
   - Small Community Wastewater Treatment Grant
   - Other (please specify) [N/A]

17. What is the population economic status?
   - Financially Disadvantaged Community (ch. 62-552, F.A.C.)
   - Financially Disadvantaged Municipality (ch. 62-552, F.A.C.)
   - Rural Area of Economic Concern
   - Rural Area of Opportunity (s. 288.0656, Florida Statutes)
   - N/A

18. What is the status of construction?
   - Design and permits completed, construction pending funding, project is shovel ready

19. What percentage of the construction has been completed?
   - 0%- Not construction has started pending funding

20. What is the estimated completion date of construction?
   - 9/30/2021

The information provided will be posted to the Florida Senate website for public viewing if sponsored by a Senator.
