The Florida Senate
Local Funding Initiative Request
Fiscal Year 2020-2021

LFIR # 1560

1. **Project Title**
   Cutler Bay Saga Bay Drainage Project

2. **Senate Sponsor**
   Jose Rodriguez

3. **Date of Request**
   11/21/2019

4. **Project/Program Description**
   The Town is requesting $400,000 to install a new roadway drainage system in the Saga Bay neighborhood. The project site consists of approximately 23.5 acres of detached single family development and approximately 4,800 linear feet of roadway drainage. This residential community regularly experiences heavy flooding due to inadequate drainage infrastructure and there are eight (8) reported repetitive loss properties in the neighborhood. The Town's proposed project will increase the drainage system's capacity to collect runoff and prevent flooding.

5. **State Agency to receive requested funds**
   Department of Environmental Protection

   **State Agency contacted?**
   ○ Yes  ● No

6. **Amount of the Nonrecurring Request for Fiscal Year 2020-2021**

11. **Program Performance**
   
a. What specific purpose or goal will be achieved by the funds requested?
   
   The goal of this project is to reduce instances of flooding and risk of property damage due to sunny-day flooding or natural rain events, by installing approximately 4,800 linear feet of new drainage.

   
b. What activities and services will be provided to meet the intended purpose of these funds?
   
   The Town is currently conducting preliminary investigation of the area and developing the design plans. This project will be shovel ready by March 2020. Funding from the State will be used for the construction phase of this project.

   
c. What direct services will be provided to citizens by the appropriation project?
   
   This project improves the safety of citizens by reducing roadway flooding and the risk of property damage due to flood events.

   
d. Who is the target population served by this project? How many individuals are expected to be served?
   
   This project will improve drainage for a 23 acre residential community.

   
e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?
   
   The primary outcome of this project is to create new drainage. The outcomes will be measured by the calculation of the new system's increased capacity to capture runoff.

   
f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?
   
   Failure to meet deliverables will result in reduction of appropriation amount based upon the compensation for unmet deliverables.
12. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The project site is owned and maintained by the Town of Cutler Bay.
