LFIR # 2338

## 11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

This project will create a new road to connect NW South River Drive to NW 87th Avenue and provide future access to a proposed fly over ramp connecting northbound traffic on NW 87th Avenue to westbound Okeechobee Road. These funds would be used for the construction of the roadway as well as the storm water management improvements.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Project construction and storm water improvements.

- c. What direct services will be provided to citizens by the appropriation project?

A new roadway and storm water improvements.

- d. Who is the target population served by this project? How many individuals are expected to be served?

People using the roads in Medley. Anticipated users of this area is about 20,000.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefits of this project are to alleviate transportation/storm water issues, improve safety, and provide mobility continuity to this area in the Town of Medley. The methodology for this project includes structural as well as non structural components to provide a comprehensive project result.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Loss of funding.
