11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

Funding would be for Phase I of a long-term legacy project that would allow the collection of data, analysis, and the creation of a blueprint for west Flagler County to develop future projects that reduce flooding, treat storm water before discharge, and potentially provide potable drinking water for residents and alternative water supply for agricultural usage.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Beginning planning/study phase of a long term legacy project to develop future projects in West Flagler County to reduce flooding and preserve the surrounding environment.

- c. What direct services will be provided to citizens by the appropriation project?

The reduction of flooding events and the preservation of the natural environment on the west side of the county.

- d. Who is the target population served by this project? How many individuals are expected to be served?

Residents of Flagler County.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Reduced flooding, provide stormwater treatment before discharge, and furnish safe potable drinking water for residents, and alternative supply for agricultural usage

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Reduction in funding
