12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Improve the roads and drainage in Madeira Beach in and around Johns Pass Village.

b. What activities and services will be provided to meet the intended purpose of these funds?

Improve safety of roadways and improve existing drainage. Once improvements are completed a pavement assessment will be completed and compared to the Pavement Condition Report completed in 2018.

c. What direct services will be provided to citizens by the appropriation project?

Safer roadways improve mobility and drainage. Improved tourist experience by having a safer roadway.

d. Who is the target population served by this project? How many individuals are expected to be served?

Approximately 4,000 full time residents, the businesses at Johns Pass Village, and tourists visiting the area will be better served by this project.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit of this project is to have improved roadways in the project area. The storm water collection system will be evaluated and repaired as necessary. Curbs that are replaced will enhance the storm water collection in the immediate area. Once improvements are completed a pavement assessment will be completed and compared to the Pavement Condition Report completed in 2018.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Madeira Beach will meet all requirements specified in the contact. If an issue is anticipated, the city will notify the Department of Transportation in advance and make any necessary adjustments.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
