

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1040

1. Project Title 2. Senate Sponsor 3. Date of Request

4. Project/Program Description

Phase II & III of erosion control & stabilization of collapsing Esplanade Canal banks (North Side); engineering study states within 5 years curb, gutter, adjacent roads & mature trees could collapse, causing road closure, reconstruction of fill lanes of roadway, curb & gutter, property damage, loss of resident & emergency vehicle access to adjacent homes. Erosion is causing sedimentation & impaired water quality in this tributary to Everglades Watershed. City was funded for Phase I in 2015-2016.

5. State Agency to receive requested funds State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2021-2022

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	1,500,000
Total State Funds Requested	1,500,000

7. Total Project Cost for Fiscal Year 2021-2022 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	1,500,000	100%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2021-2022	1,500,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		
>5 years	0	500,000		No

9. Is future funding likely to be requested? a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1040

If yes, indicate the amount of funds received and what the funds were used for.

\$28,500 from FEMA for reimbursement for PPE and COVID testing.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Construction/Renovation	1,500,000
Total State Funds Requested (must equal total from question #6)		1,500,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Phase II of this restoration will address the critical situation that threatens the residential area through which the canal passes and will 1) prevent property damage to adjacent homes caused by toppling of mature trees when embankment collapse undermines their roots; 2) prevent collapse of roadway that provides access to resident and emergency vehicles; and 3) mitigate flooding in adjacent properties due to water flow obstruction caused by debris, soil, vegetation from embankment degradation and canal bank collapse. Dredging, demolition, clearing, asphalt, curb & gutter, new trees, ballast, rip rap etc. to continue canal bank stabilization project (Phase II) in residential area per attached conceptual plan for whole project.

b. What activities and services will be provided to meet the intended purpose of these funds?

No direct service, however nearby homeowners, motorists and pedestrians who travel on the roadways that abut the canal. 14,000 +served.

c. What direct services will be provided to citizens by the appropriation project?

No direct services

d. Who is the target population served by this project? How many individuals are expected to be served?

Nearby homeowners, motorists, pedestrians, and bicyclists who travel on the roadways that abut South Royal Poinciana Blvd. 14,000+ Served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1040

The benefits will include erosion control & stabilization of canal banks, gutters, adjacent roads & mature trees as well as the protection and stabilization of private and public properties. In addition, there will be improvement to water quality in this tributary to Everglades Watershed. The project will be measured by specified deliverables including documentation of number of mature trees saved, number of ft. of collapsing canal banks stabilized, number of linear ft. of asphalt, curb and gutter stabilized, documentation of reduction in number and percent of storm water-related flooding and pre- and post-stabilization of water quality metrics/analysis.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Revocation of funding if project is not completed.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The owner of the facility is the City of Miami Springs.
