Fiscal Year 2021-2022

LFIR # 1159

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. Project/Program Description

The LaBelle Water Transmission Loop project provides a greater degree of safety and consistency via redundancy for the city water plant and City of LaBelle water users. The current transmission pipeline is under the proposed travel lanes of SR29S. In the event the line is damaged during or subsequent to the SR29S widening and four-laning project, residents would be out of water until fixed and then cleared for consumption.

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The LaBelle Water Transmission Loop project will provide safety for LaBelle potable water customers through redundancy and consistency of the city water delivery system. The current transmission pipeline is under the proposed travel lanes of SR29S. In the event the line is damaged during or subsequent to the SR29S four laning project, residents would be out of water until fixed and cleared for consumption.

b. What activities and services will be provided to meet the intended purpose of these funds?

Construction of 19,215 linear feet, 8-inch transmission pipeline.

c. What direct services will be provided to citizens by the appropriation project?

Better water pressure and lower insurance rates for fire protection.

d. Who is the target population served by this project? How many individuals are expected to be served?

City of LaBelle potable water customers and water customers in the surrounding area, 7,500

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Better water pressure and lower insurance rates. Gauges at various locations and surveys related to insurance costs.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Cancel funding.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
