12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Save lives, by reducing Florida teen drivers road side crash fatalities and injuries. Making Florida roads safer for all drivers.

b. What activities and services will be provided to meet the intended purpose of these funds?

These programs will educate FL State students on the lifesaving importance of refraining from engaging in extraneous activities. They will promote our drivers ed video series, school assemblies, education & information on new traffic laws via the portal on Dori Saves Lives website, teaching to concentrate on driving at all times. Taking part in providing leadership, assistance & training.

c. What direct services will be provided to citizens by the appropriation project?

These programs are designed to directly impact teen drivers and instill safe driving habits to help reduce distracted driving crash injuries and fatalities. Our video series will be watched by hundreds of thousands of students, who will receive community service hours after submitting homework online.

d. Who is the target population served by this project? How many individuals are expected to be served?

Students K-12 and transitioning to college.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Measured Federal and State road crashes, injuries, and fatality statistics. We know how many students view our video series. We know how many spread the word messages are sent out to the schools. We know how many messages are sent out to law enforcement. Monitoring Federal and State road crashes, injuries, and fatalities.out to law enforcement.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
