## 12. Program Performance

## a. What specific purpose or goal will be achieved by the funds requested?

St. Pete Youth Farm fosters a space for students to learn through experience, serve the local community, and grow produce at the site. State funding will allow growth and expansion into Hillsborough and Pinellas Counties to attain a more just and sustainable food system, while teaching students life skills, entrepreneurialship, and prepare them for higher education, vocational school, or military service.

## b. What activities and services will be provided to meet the intended purpose of these funds?

St. Pete Youth Farm was established to provide access to nutritious food in South St. Petersburg, FL., and encourage leadership, entrepreneurship, and career readiness through a youth development program. Funding will allow a continued supportive environment for youth to engage in the meaningful work of growing healthy food while providing employment opportunities and community engagement.

## c. What direct services will be provided to citizens by the appropriation project?

Local high school students have the opportunity to learn about innovative food production systems and the mechanisms behind creating their own small business. Seventy percent of the produce grown will be sold through a youth-driven social enterprise and the remaining thirty persent of the produce will be distributed through the Daystar Life Center, feeding the community's most vulnerable.

## d. Who is the target population served by this project? How many individuals are expected to be served?

LFIR # 1341

The St. Pete Youth Farm aims to mitigate the effect of the south St. Petersburg CRA. The project services most parts of this community by educating and preparing students for the workforce, military service, or higher education; provide fresh produce to CRA civic and church organizations feeding the most vulnerable populations of St Petersburg; and provide fresh produce for consumers in the declared food desert of the south St Petersburg CRA.

## e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

## Improve Physical Health

- 1. Interns have the opportunity to engage in physical activities.
- 2. Provide fresh, nutritious food in an area that is lacking adequate access, therefore increasing local residents physical health.

### Measured by

- 1. Students will have demonstrable ten hours of physical activity per week.
- 2. Garden and students will produce a ton of fresh produce per calendar year.

### Improve Mental Health:

Students who historically lack access to mental health professionals will receive mental health counseling when participating as a youth ambassador. Counseling services will focus on mental well-being, lifecoaching, and self-development.

## Measured by:

Youth farm staff will provide students access to mental health professionals for ten hours a month.

Improve agricultural production/ promotion/education

1. Students will produce 2,000 pounds of food per year by learning about agricultural production systems

More information upon request.

## f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

If St. Pete Youth Farm does not adhere to deliverable or performance measures, the penalty should be discontinuation of funding and reappropriations of fundings not spent.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The City of St. Petersburg has provide the lands for the Youth Farm. The funding will rest solely with the Pinellas Education Foundation on behalf of the St. Pete Youth Farm.
