#### 12. Program Performance

##### a. What specific purpose or goal will be achieved by the funds requested?

Economic development.

##### b. What activities and services will be provided to meet the intended purpose of these funds?

The activity to be provided is the construction of the roadway which will directly serve the needs of employees who go to work in the business park. It will also serve the needs of manufacturers and logistics companies that receive and ship goods and services globally. The project will also improve access and utilities in the business park.

##### c. What direct services will be provided to citizens by the appropriation project?

Access to approximately 12 acres of land adjacent to the roadway allows for an estimated 125,000 square feet for light industrial and office development, which can create between 100-150 new jobs and provide for the relocation and expansion of target industries in manufacturing, corporate office, information technology, etc.

##### d. Who is the target population served by this project? How many individuals are expected to be served?

Floridians.

##### e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Economic development.

##### f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
