Fixed Capital Construction/Majo	r Renovation:						
Construction/Renovation/Land/ Planning Engineering	Two Sanitary Sewer Vacuum Tanker Trucks for emergency sewage removal	175,000					
Total State Funds Requested (must equal total from question #6) 175,000							

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal of this purchase is to increase efficiency of sewage removal and reduce the time of inconvenience to the residents. The Sewer Vacuum Tanker Trucks will be used throughout the City and will be available for loan to other agencies with sewer emergencies.

b. What activities and services will be provided to meet the intended purpose of these funds?

Purchase the Sewer Vacuum Tanker Trucks to provide dedicated equipment for the express purpose of sewage removal while increasing the amount of sewage per truck to approximately 7,000 gallons per trip.

c. What direct services will be provided to citizens by the appropriation project?

The removal of sewage from residential neighborhoods and commercial areas.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population are city residents. The expectation is to serve all community members in direct response to their needs during sewer emergencies.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

LFIR # 1561

During sewer emergencies, the sanitary sewer vacuum tanker truck can remove sewage efficiently from neighborhoods, quickly clearing and storing waste and materials. Outcome to be measured by maintenance of level of service.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

No new appropriations until project deliverables and/or performance measures are met.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

City of Pembroke Pines.
