The Florida Senate
Local Funding Initiative Request
Fiscal Year 2021-2022

LFIR # 1564

1. Project Title
Miramar Historic Miramar Drainage Improvements Phase IV

2. Senate Sponsor
Shevrin Jones

3. Date of Request
02/08/2021

4. Project/Program Description
This project is aimed at upgrading and improving the existing drainage infrastructure in the Historic area of the City to alleviate flooding, improve runoff storage capacity, eliminate ponding and protect residential property, and is in support of the City’s goal of enhancing the level of service for residents within the service area. This project will involve the installation of drainage pipes, structures and exfiltration trenches, and the reconstruction of swales along residential roadways to mitigate ponding and flooding, improve runoff storage capacity, and protect residential properties. The project will be Phase IV of a six (6) phase area wide project for the Historic Miramar area within the City of Miramar.

5. State Agency to receive requested funds
Department of Environmental Protection

6. Amount of the Nonrecurring Request for Fiscal Year 2021-2022

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Mitigation of ponding and flooding along residential roadways, improved runoff storage capacity, and protection of residential properties.

b. What activities and services will be provided to meet the intended purpose of these funds?

Activities include the installation of drainage pipes, structures and exfiltration trenches, and the reconstruction of swales along residential roadways to mitigate ponding and flooding, improve runoff storage capacity, and protect residential properties.

c. What direct services will be provided to citizens by the appropriation project?

Storm-water management services

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is residents of Historic Miramar and about 32,000 residents are anticipated to be served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Reduced ponding and flooding along residential roadways, improved runoff storage capacity, and protection of residential properties. Outcome will be measured by the extent of flooding and ponding post construction.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties
for failing to meet deliverables or performance measures provided for the contract?

The City would seek a reduction in financial obligation in the event critical deadlines are missed.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The same entity - City of Miramar
