Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1624

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. **Project/Program Description**

This unsewered area occupies approximately 51 acres in the southwest corner of Powerline Road and NW 18th Street. This area is occupied by auto salvage companies and several small commercial/light industrial properties. Some of these properties have little or no access to public streets. Since these properties cover a relatively large area with limited access to public streets, serving the entire area with a single gravity sewer system is not practical. Three separate gravity collection systems with small pumps stations are recommended for a portion of the property. Two properties along Powerline Road would be best served with two low pressure pump stations.

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The specific goal achieved by the funds requested is to construct a centralized sewer system, which will in turn protect our groundwater quality and supply.

b. What activities and services will be provided to meet the intended purpose of these funds?

The construction of a centralized sewer system will meet the intended purpose of these funds.

c. What direct services will be provided to citizens by the appropriation project?

Wastewater services will be directly provided to the properties within the project 51 acre area.

d. Who is the target population served by this project? How many individuals are expected to be served?

This project will connect 70 industrial/commercial properties to a centralized sewer system on approximately 51 acres.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome will be the percent of connections to the centralized sewer system. This will be measured by dividing the number of connections by the total number of connections possible and multiplying by 100.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

There are not any additional suggested penalties to consider at this time.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
