12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Provide for regional water supply system resiliency through plant-to-plant interconnection of the Peace River Facility and the Punta Gorda Water Treatment Plant. The acquisition and upgrading of the storage and pumping facilities will assure reliable and safe water supply on a regional basis and directly for Charlotte and DeSoto Counties.

b. What activities and services will be provided to meet the intended purpose of these funds?

Authority will acquire and upgrade the facilities to integrate into the regional system.

c. What direct services will be provided to citizens by the appropriation project?

Provides reliiable and safe drinking water supply for the health, safety and welfare of the residents and economic growth of the region consisiting of Charlotte, DeSoto, Manatee and Sarasota Counties.

d. Who is the target population served by this project? How many individuals are expected to be served?

The four county region comprsing the Authority exceeds a population of 1,000,000. The regional system connects to utilities with a service population of 500,000.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Provides reliable water supply infrastructure to the region for economic development, and especially for DeSoto County designated as a Rural Area of Opportunity (RAO) by the state. The project enhances regional resiliency to drought, hurricane, flood and climate change. Outcome will be measured by maintaining of water supply and water quality to assure reliable and safe water supply under all conditions.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

LFIR # 1654

Withhold reimbursement of project funds if failure to properly perform contract.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
