11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/ Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/ Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Majo	r Renovation:	
Construction/Renovation/Land/ Planning Engineering	The funding request is a shovel and permit ready project for the replacement of two drainage inlets (estimated to be between 40 to 60 years old) and the addition of fifty (50) linear feet of perforated PVC pipe. This Installation will allow for a greater collection of water within the vicinity to percolate within while protecting the surrounding residential homes from flood damage.	45,000
Total State Funds Requested (m	ust equal total from question #6)	45,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The funding request is a shovel and permit ready project for the replacement of two drainage inlets (estimated to be between 40 to 60 years old) and the addition of fifty (50) linear feet of perforated PVC pipe. This Installation will allow for a greater collection of water within the vicinity to percolate within while protecting the surrounding residential homes from flood damage.

b. What activities and services will be provided to meet the intended purpose of these funds?

The funding request is a shovel and permit ready project for the replacement of two drainage inlets (estimated to be between 40 to 60 years old) and the addition of fifty (50) linear feet of perforated PVC pipe. This Installation will allow for a greater collection of water within the vicinity to percolate within while protecting the surrounding residential homes from flood damage.

c. What direct services will be provided to citizens by the appropriation project?

The funding request is a shovel and permit ready project for the replacement of two drainage inlets (estimated to be between 40 to 60 years old) and the addition of fifty (50) linear feet of perforated PVC pipe. This Installation will allow for a greater collection of water within the vicinity to percolate within while protecting the surrounding residential homes from flood damage.

d. Who is the target population served by this project? How many individuals are expected to be served?

Will serve all residents and visitors equally.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

LFIR # 1671

The funding request is a shovel and permit ready project for the replacement of two drainage inlets (estimated to be between 40 to 60 years old) and the addition of fifty (50) linear feet of perforated PVC pipe. This Installation will allow for a greater collection of water within the vicinity to percolate within while protecting the surrounding residential homes from flood damage.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Lic	ıuidated	damages.
	Jaiaatoa	aamagoo.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
