Total State Funds Requested (m	ust equal total from question #6)	1,200,000

#### 12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal is to improve the water, waste water, and storm water infrastructure within the community. In addition to providing good fire protection, and improved roadways for safe travel.

b. What activities and services will be provided to meet the intended purpose of these funds?

Improvements of the water, waste water, and storm water infrastructure services.

c. What direct services will be provided to citizens by the appropriation project?

Water distribution, Waste Water Collection and Storm Water Drainage services.

d. Who is the target population served by this project? How many individuals are expected to be served?

City of Lauderhill, approximately 6,225 residents.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The project will provide an increase in fire protection. This will assist with insurance rates for the community as well as assist the Fire Department with increased fire flow for fire protection in their efforts of providing service for the community. In addition, the project storm drainage system will minimize flooding which will allow roadways for safe travel.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

## The Florida Senate Local Funding Initiative Request Fiscal Year 2021-2022

LFIR # 1685

Failure to meet deliverables or performance measures will result in written notification to correct within 30 days, if still not corrected the Agency shall submit termination of Agreement in writing to include effective date of termination. If terminated prior to project completion, the Agency will pay for the percentage of the project satisfactorily performed for which costs can be substantiated.

which costs can be substantiated.
The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
