12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The matching funds will go to replace an existing bridge that does not allow for appropriate access for pedestrians and other means of multimodal transportation. The existing bridge is old, does not accommodate for the handicapped, and is difficult to navigate based on current height and width. The new bridge will be 20' wide with longer landings and easier manageable slopes. Direct access for elementary kids to safely bike or walk to Windermere Elementary.

b. What activities and services will be provided to meet the intended purpose of these funds?

The matching funds will go to replace an existing bridge that does not allow for appropriate access for pedestrians and other means of multimodal transportation. The existing bridge is old, does not accommodate for the handicapped and is difficult to navigate based on current height and width. The new bridge will be 20' wide with longer landings and easier manageable slopes.

c. What direct services will be provided to citizens by the appropriation project?

Direct access for elementary kids to safely bike or walk to Windermere Elementary. Connects civic, commercial, educational, and recreational trail systems.

d. Who is the target population served by this project? How many individuals are expected to be served?

Elementary school children, elderly, physically disabled people, and the general population.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This is the only access over the canal for elementary kids to get to Windermere Elementary School without going onto a traffic congested roadway. Keep not only kids, but pedestrians, bikers, etc., off the roads and onto a safe bridge to travel.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
