

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1037

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. Project/Program Description

Around 2009, the Town of Hypoluxo adopted updates to its comprehensive plan which includes the removal of existing septic systems to protect the environment and public health as a main objective. The Town, in partnership with the Lake Worth Lagoon Initiative, completed the removal and sewer connection of the remaining residential systems located adjacent to the Lagoon. To complete the original objective of removing all remaining septic systems, the Town of Hypoluxo has identified the locations of these facilities and completed preliminary planning. The project will remove the existing tanks at two locations and provide a connection to the municipal sewer system that services the rest of the Town.

5. **State Agency to receive requested funds**
- State Agency contacted?**

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	359,375
Total State Funds Requested	359,375

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	359,375	33%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	718,750	67%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	1,078,125	100%

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**
- a. **If yes, indicate nonrecurring amount per year.**
- b. **Describe the source of funding that can be used in lieu of state funding.**
-

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1037

If yes, indicate the amount of funds received and what the funds were used for.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	The project will use a contractor to remove the existing septic systems and install connections to the municipal wastewater collection system.	359,375
Total State Funds Requested (must equal total from question #6)		359,375

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The proposed project will further the LWLMP and the Town's Comprehensive Plan by removing all the remaining septic systems and providing wastewater collection through the City of Boynton Beach's sewer system. The completion of the project will reduce pollutants entering the Lagoon and improve water-quality and long-term health.

b. What activities and services will be provided to meet the intended purpose of these funds?

The existing septic systems at the sites will be removed. After the removal of the septic system at the Hypoluxo Mall (Project Site #1), a connection will be made to an existing force main located across US 1.

c. What direct services will be provided to citizens by the appropriation project?

The project will provide safe and reliable wastewater service to the citizens of Hypoluxo.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population consists of two commercial and industrial areas. In addition many more people will be impacted by the reduction of pollutants entering the Lake Worth Lagoon.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The project will reduce septic loading into the Lagoon. The reduction of pollutants into the Lagoon will improve water quality and enhance the long-term health of the eco-system.

- Reduce Septic Loading
- Improve Water Quality
- Enhance the long-term health of the Lagoon
- Reduce public health risks
