Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1071

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

This project consists of the redevelopment of the South Drive corridor to accommodate pedestrian, bicycle, and vehicular activity and to address safety as well as to implement drainage and landscape improvements. This project will evaluate the existing conditions, the use of green infrastructure as stormwater management, and will improve connectivity of sidewalks for pedestrian safety, including landscape lightning, permitting, engineering and landscape architectural design, and cost estimating.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	2,000,000
Total State Funds Requested	2,000,000

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	2,000,000	100%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	2,000,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1071

If yes, indicate the amount of funds received and what the funds were used for.

\$550,000 for reimbursement of PPE, COVID testing, sick pay, and police hazard pay

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Funds will be disbursed to contractors for construction and will be allocated following the City of Miami Springs' official purchasing policies and procedures.	2,000,000
Total State Funds Requested (must equal total from question #6)		2,000,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The main goal of this project is the redevelopment of this corridor to accommodate pedestrian, bicycle, and vehicular activity and to address safety and flooding issues along the South Drive area.

b. What activities and services will be provided to meet the intended purpose of these funds?

Contracted activity and services under this funding include surveying, demolition, clearing, geotechnical services, design, permitting, cost estimating, and construction of drainage and landscape improvements.

c. What direct services will be provided to citizens by the appropriation project?

This is a much-needed public safety, landscape, and drainage improvement project as documented in several local meetings with support by residents and elected officials. The main services of this project include protecting the general public and providing safety and security to local residents by enhancing pedestrian access and sidewalks and by providing drainage and water quality improvements in case of storm events. This project will also improve accessibility, security, and crime protection by enhancing landscape lighting.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population of this project includes local residents as well as other pedestrians and bicyclists from the city and neighboring areas. Visitors will benefit from the recreational and safety features of the project.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefits of this project are safety to pedestrians and bicyclists, drainage improvements, and community awareness through a public education program. The methodology for this project includes structural as well as non-structural components to provide a comprehensive approach. Stormwater management combined with landscape improvements and public education will be the hallmark of this project's success.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The contract will have standard language that will include liquidated damage or debarment.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The City of Miami Springs is the sole owner, and will be responsible for any maintenance, once the project has been completed.
