Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1078

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	300,000
Total State Funds Requested	300,000

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	300,000	60%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	200,000	40%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	500,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1078

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Purchase and install glass crusher machine, conveyors, and material handling components to recycle glass.	300,000
Total State Funds Requested (must equal total from question #6)		300,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Purchase of glass crusher machine will be used to produce granular materials from recycle glass.

b. What activities and services will be provided to meet the intended purpose of these funds?

Collection and delivery of recycle glass to the glass crusher facility for processing into usable materials will eliminate transportation costs to truck glass to landfills, which are located hundreds of miles from Key West. Greenhouse gas emissions will not be produced, when recycle glass is processed into usable fill materials using a regionally located glass crusher, and when fill materials are transported to local material yards from hundreds of miles away.

c. What direct services will be provided to citizens by the appropriation project?

Glass recycle will be collected from residents and businesses, delivered to the glass crusher facility, converted into fill materials, and distributed to material yard for use in concrete, asphalt, and general fill material.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents and visitors to the City of Key West. 31,951 persons; based on 24,649 population (2010 US Census, Key West) and 7,302 average daily visitors to Key West.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Glass crusher will produce granular fill material, eliminate the transport of glass recycling to the materials recovery facility, approximately 150 miles from the transfer station, reduce transportation of fill materials to local material yards, and reduce greenhouse gas emissions. Less trucks use less fuel, wear less tires on the road, drip less oil, emit less greenhouse gas, which in turn improves nearshore water and air quality. Less large trucks entering, exiting and driving on the road that spans the Florida Keys will decrease vehicular accidents and injuries. Less trucks will create less congestion and ease traffic.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties
