**12. Program Performance**

**a. What specific purpose or goal will be achieved by the funds requested?**

Complete demolition and reconstruction of Fire Station 22, serving the City of St. Pete Beach's (City) historic Pass-a-Grille beach district and surrounding areas. The funds will allow the City to replace an aging, end-of-life facility with a modern structure equipped with the proper tools to meet calls for service expectations in a highly-trafficked, densely populated tourist destination.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Fire rescue service, emergency medical service, and water rescue service.

**c. What direct services will be provided to citizens by the appropriation project?**

Fire rescue service, emergency medical service, and water rescue service.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

The City of St. Pete Beach's full time population of 10,000 residents will be served as well as a seasonal population of 20,000.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

Completion of a new, fully renovated structure equipped to facilitate calls for service. Responsive times, calls for service, and public satisfaction will all be measures used to measure success.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

The City of St. Pete Beach is open to working with the appropriate state agency to determine appropriate penalties.
