4. Project/Program Description

Voices for Florida Open Doors Outreach Network provides services to victims of sex trafficking age 10-24 in 40 Florida counties. This funding request supports the statewide office coordinating services to victims, and provides matching funds for the federal Victims of Crime Act (VOCA) funding, which supports the cost of direct services to victims. This request will expand services from 1,300 to over 2,100 victims; expand services to 3 new regions and 12 new counties; and leverage \$5,462,894 in federal (VOCA) funds. The success of Open Doors relies on the coordination of state/federal funds for service coordination across systems, timeliness of services, consistent service protocols, ed/training, quality assurance, all of which didn't exist to the degree needed in FL prior to ODON. The statewide lead agency is Voices for Florida, established in 1976. Subcontracted providers for Open Doors are Delores Barr Weaver Policy Center, More Too Life, Whole Child Leon, and FLITE Center.

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Open Doors Outreach Network assists victims of commercial sexual exploitation (CSE) and supports their immediate and ongoing needs while further reducing their reliance on governmental, health, criminal justice and other. Open Doors is aligned with reports from the Statewide Council of Human Trafficking, led by FL Attorney General, and OPPAGA: (1) Florida needs a statewide coordinated system such as Open Doors to address the multiplicity of needs of CSE victims; (2) Florida's system for serving CSE children and young adults is fragmented and coordination across systems is weak. (3) Continued funding streams are needed to implement and sustain an effective statewide response. Documented support includes DCF, DJJ, DOH, law enforcement, child welfare and juvenile justice agencies, faith community, statewide organizations, and other stakeholders. Over 1,300 victims have been served since 2017. It is estimated that this appropriation will support services for an additional 800 victims.

b. What activities and services will be provided to meet the intended purpose of these funds?

Coordinated network of services serving victims of commercial sexual exploitation (CSE) and sex trafficking, ages 10-24. Upon identification and referral, victims receive direct care from the Open Doors Outreach Team, consisting of Survivor-Mentors, Regional Advocates and Clinicians. The team is on call 24/7 to provide immediate crisis intervention along with day-to-day trauma-competent care management. Services provided to victims include counseling, mentoring, court advocacy, crisis intervention, and other mobile services to meet the individual needs of each victim served. Voices for Florida serves as the statewide coordinating office, providing fiscal oversight, education and training to staff working with victims, setting the service delivery protocols, oversight and quality assurance, grant management, etc.

c. What direct services will be provided to citizens by the appropriation project?

Regions and counties to be served by Open Doors include: Big Bend (Franklin, Gadsden, Jefferson, Leon, Liberty, Madison, Taylor, Wakulla); Northeast (Baker, Clay, Duval, Nassau, St. Johns); Central Florida (Lake, Orange, Seminole); North Central (Alachua, Bradford, Gilchrist, Levy); Suncoast (Desoto, Hernando, Hillsborough, Manatee, Pasco, Pinellas, Sarasota); North Coastal (Flagler, Putnam, Volusia); Southwest (Charlotte, Collier, Lee); Southeast (Miami-Dade, Monroe); Gold/Treasure (Broward, Palm Beach, Martin, St. Lucie) and Northwest (Escambia, Okaloosa, Santa Rosa and Walton).

d. Who is the target population served by this project? How many individuals are expected to be served?

Sexually exploited and sex trafficked children and young adults age 10-24 in the identified 42 county service area. Both dependent and non-dependent "community" children are eligible for services. Services to be provided for both suspected and verified cases of trafficking. It is estimated that by the end of 2023 we will have provided a total of 360,000 hours of services to identified victims. The number of services provided includes, but is not limited to the following areas: Information and Referral; Emotional Support or Safety Services; Criminal/Civil Justice System Assistance. Additionally we provide ongoing training, education, and public awareness for team members and the community.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The Open Doors Outreach Network assists identified victims of sexual exploitation and sex trafficking upon referral and reduces further reliance on governmental, health, criminal justice and other services. Voices for Florida has adopted several proven processes for tracking, monitoring, measuring and reporting performance outcomes. On a monthly basis, Voices on behalf of Open Doors will report the number of exploited and trafficked victims identified/referred, number of victims receiving services, types of services received by victims, and demographic information on those being served. Voices for Florida will also track performance measures related to education and training; needs of victims based on assessment results and tracking of referrals made for services; services needed but not available/not eligible for victims of sex trafficking; and long term outcomes including involvement with DCF (permanency, wellbeing, and safety), DJJ, Law Enforcement, etc.
