**12. Program Performance**

**a. What specific purpose or goal will be achieved by the funds requested?**

This project provides for improvements to 91st Street (Surfside Boulevard) from Harding Avenue to Bay Drive. A planning study will be completed by the town to improve this important access point for the west side of the town which is also the main access for Indian Creek Village. The project includes possible improvements to the storm water and roadway infrastructure and aesthetic enhancements including landscaping and under-grounding of utilities.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Design and construction services for the rehabilitation of Surfside Boulevard.

**c. What direct services will be provided to citizens by the appropriation project?**

A safer, less flood prone and an aesthetically enhanced and hardened transportation route.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

All residents and visitors to Surfside and Indian Creek Village. This road is the most direct access point to Indian Creek Village.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

Complete rehabilitation of Surfside Boulevard including roadway, curb and gutter, and general aesthetic enhancements and hardening. Improve traffic conditions into west part of town including entrance to Indian Creek Village. This can be measured with traffic studies, site visits/drainage re-evaluations after heavy rain events, and water quality testing.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

If the town fails to meet the deliverables or performance measures, it should be given notice and the opportunity to come into compliance. Should the town fail to address the concerns, funding should be withheld until a time that the project complies with the requirements. Failure to meet deliverables would cancel the contract and forfeit of the remaining balance of unspent appropriation.

**13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.**

All funds will be received and used by the local government, the Town of Surfside, to contract for services. Indian Creek Village has provided Surfside with \$50,000 towards the project. The Surfclub development will be providing \$500,000 towards the project as part of their commission-approved development order.
