12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Town of Hilliard will be able to pave 6th Street to municipal standards and this will allow for the expansion of economic development in the area that would generate additional affordable housing in the community. Dayspring Health is property owner adjacent to 6th Street and has planned to develop a mixed-use planned unit development that would create affordable housing for seniors and adults with disabilities as well as workforce housing in this area. The 353 feet of paving would help ensure the safe egress and affordability.

b. What activities and services will be provided to meet the intended purpose of these funds?

The Town of Hilliard desires to expand employment and create local jobs for residents who reside in the town. The funds used to make the infrastructure improvements on 6th Street will help improve the economic development of the area that is expected to result in direct employment and indirect employment that will help improve the local economy. This road is adjacent to land parcels that will allow for commercial and residential development and will allow economic development to proceed, which is expected to create new jobs.

c. What direct services will be provided to citizens by the appropriation project?

This project will improve the quality of life of citizens with additional road paving of what is at present a gravel road. This will improve quality of life by enhancing the area with sidewalks and will also allow for greater economic development inside the Town of Hilliard.

d. Who is the target population served by this project? How many individuals are expected to be served?

The 6th Street paving project will allow for economic development of affordable housing that will serve the needs of seniors and those with disabilities and will create new employment opportunities.
