

LFIR # 1967

3. Date of Request 4. Project/Program Description The project is a Septic Tank to Sanitary Sewerage improvement to serve the NE 2nd Avenue Commercial Corridor from NE 90th Street to NE 86th Street. The project includes design, permitting, construction, restoration and construction inspection to add sanitary sewerage to the corridor. The conversion of septic tanks would allow for commercial and job growth within the commercial corridor and improve water quality. 5. State Agency to receive requested funds State Agency contacted? LFIR # 1967

The Village of El Portal received \$1.2 million in ARPA funding from the federal government that was used for COVID response and law enforcement/police broadband.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/ Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/ Other		0
Consultants/Contracted Services/Study	Professional services to perform the survey, design, permitting, Contract documents and bid services, construction management and project certification. The planning and conceptual engineering is complete with design to be completed within fiscal year award.	1,157,758
Fixed Capital Construction/Majo	or Renovation:	
Construction/Renovation/Land/ Planning Engineering	Proposed is a septic to sewer project to serve the commercial corridor within the Village. The project is aimed to serve the present/future businesses within the commercial corridor and local residents and will improve water quality by lowering nutrient loading by eliminating the potential public risks associated with aging septic systems during periods of heavy rainfall.	3,992,271
Total State Funds Requested (must equal total from question #6)		

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Improve the water quality and economic opportunity for the Village by removing septic systems and installing sanitary sewerage. This will allow businesses to expand and grow without the restrictions of the septic systems.

b. What activities and services will be provided to meet the intended purpose of these funds?

Installation of a new sanitary sewerage system within the corridor and removal of septic tanks. This includes engineering services to design and oversee the construction of a sanitary sewerage system. Construction of the sanitary sewerage system and decommissioning/removal of the existing septic systems.

c. What direct services will be provided to citizens by the appropriation project?

Removal of septic systems and connection to sanitary sewer.

d. Who is the target population served by this project? How many individuals are expected to be served?

Businesses and residents within the commercial corridor.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The project will improve water quality and health by removing old septic systems and replacing them with sanitary sewerage. Water quality will improve due to removal of failing septic systems.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties

LFIR # 1967

for failing to meet deliverables or performance measures provided for the contract?

Loss of funding.				

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The facility is owned and operated by the applicant, the Village of El Portal.
