12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

This will allow residents to drive on an improved, safer road and allow needed roadway access for an affordable housing project to be built, which will add 234 needed units.

b. What activities and services will be provided to meet the intended purpose of these funds?

This will provide safe and desired transportation to an unsafe road and area.

c. What direct services will be provided to citizens by the appropriation project?

Under-privileged residents will be able to afford housing and have easy access to public transportation, such as bus routes.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is underserved residents of east Tampa. This road improvement will serve 4,000-6,000 people.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The outcome will create access to the road for affordable housing units to be built in an area which is currently not accessible. The outcome will provide 800 people with new housing.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Standard contractual penalties.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
