### 12. Program Performance

### a. What specific purpose or goal will be achieved by the funds requested?

DCOABHS will utilize these funds to reduce Opioid abuse by implementing a comprehensive treatment program that closes the gap between prevention, response and recovery. Services will be conducted by establishing evidence-based treatments, promised practice curriculum(s), and utilization of Integrated Behavioral Health Programs (Co-occuring disorders); implementing a UNIQUE culturally responsive treatment approach. Increase access to services for the underserved, under-insured and uninsured.

## b. What activities and services will be provided to meet the intended purpose of these funds?

The "STOPPABLE" program will provide for citizens full access to Detox services, Residential treatment, Outpatient Treatment, Integrated Behavioral Health Services, a Continuum of Care Plan, Community Engagement, Outreach, Awareness Campaign, referrals to additional support services: job placement, housing, and other wrap-around services.

## c. What direct services will be provided to citizens by the appropriation project?

Provide professional medical and mental health services to citizens, wherein they gain greater access to Opioid Prevention and Treatment including Residential Treatment, Detox, Intensive Outpatient Treatment, Prevention through Community Outreach and Education for the uninsured and under-insured substance-abuse users; and support and wraparound services for a complete continuum of care; which encompass the entire family for better outcomes.

## d. Who is the target population served by this project? How many individuals are expected to be served?

LFIR # 2122

Our population of focus includes individuals who are substance-abuse users with a priority focus in those actively engaged in the use of Opioid substances. This population includes low-income individuals, minorities who are disproportionately impacted by Opioid use and those who are uninsured and under-insured and cannot afford treatment. We anticipate serving 2,500 citizens.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Our UNIQUE propriety program called H.E.A.T. is nationally recognized as a practice promise model for implementing Culturally Responsive treatment modalities. The H.E.A.T. curriculum has been proven to significantly enhance cultural experience and efficacy among program participants. The methodology uses to measure outcomes includes Clinical and Mental health assessments, testing, surveys, intake vs exits Clinical assessments, each clients will be assessed at current level and re-assessed throughout the program to achieve designated benchmarks, the reduction in participants involvement in the criminal justice system and number of incidence and encounters prior to treatment and after completing individual treatment plans.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

COA Behavioral Health Services (DCOABHS) has a very robust and strategic process for all programs and services wherein project performance is attainable and measurable. DCOABHS reviews and re-evaluated our programs and services on a monthly and quarterly basis. Performance measures are redeveloped for improvement, relevancy and ultimately the expected successful outcomes. Nevertheless, DCOABHS, agrees to Pro Rata return of State Funding for portions of the project deemed non-compliant.
