12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

This funding will provide operable elevators for citizens and visitors to use while in these County buildings, thus ensuring required ADA compliance.

b. What activities and services will be provided to meet the intended purpose of these funds?

This funding will allow citizens and visitors to both the Madison County Courthouse and Annex the ability to easily access all floors of the buildings with safe and updated elevators to conduct business as needed at both facilities.

c. What direct services will be provided to citizens by the appropriation project?

This funding will provide operable elevators for citizens and visitors to use while in these County buildings, thus ensuring required ADA compliance.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population includes all residents of Madison County as well as those who visit the area. This project is expected to serve well over 800 individuals.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome of this project is continued ADA compliance and access to both building for all citizens and visitors. The methodology to measure the outcome will be the amount of complaints regarding non-working elevators combined with a decrease in service calls for repair. Future inspections by the Florida Department of Business and Professional Regulation, Bureau of Elevator Safety, will show proper standards for equipment are met.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
