#### 12. Program Performance

##### a. What specific purpose or goal will be achieved by the funds requested?

We are respectfully requesting your consideration for support toward our 1-year old non-profit to continue classes to restore lost childhoods, rebuild self-esteem and revive the lives of our teens struggling with addictions. Victory High School is our first non-profit, private Recovery High School in the Tampa Bay area where our students will receive a second chance and a recovery focused education in a healing centered environment with mental health services, and recovery support. Our primary goal is to save young people's lives! Our goals are to improve school attendance, reduce dropout rates, increase graduation rates, reduce relapse, improve mental health, reduce cost to society and improve emotional wellness and self-regulation.

##### b. What activities and services will be provided to meet the intended purpose of these funds?

We are confident through our wraparound services of mental health services, recovery support and an education, we will fill the gaps in services in Tampa Bay for this population of unique young people as well as meet their unmet needs. The most powerful tool to combat isolation with COVID19, Substance Use Disorders, Co-Occurring Disorders and mental illness is connection. Victory High School, with your help, will create a safe, healing centered learning environment fostering a sense of connection and will save lives!

**c. What direct services will be provided to citizens by the appropriation project?**

Our students will be provided a second chance with the following direct services: Academics, Counseling, Equine Therapy, Individualized Recovery Plans, Trauma Informed Care, Brain Performance Coaching, Vocational Job Training, Performing Arts Classes, Leadership Training, Expressive Art Therapy, Support Groups, Fitness and Wellness Classes, Recovery Coaches, Mentors through our Community Leader Lunch N Learns, Yoga, Asset Building Community Development and many more opportunities to set them up for substance free success.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

Females and males ages 14-19 years old with substance use disorders or co-occurring disorders will receive an education, mental health services and recovery support. The majority of 50 students will be from economically disadvantaged families. According to research, 94% of students in a Recovery High School have survived childhood trauma. If a student has been affected by childhood trauma, it will disrupt their way of learning effectively. The need for mental health services is life or death for our students struggling with addictions. Their stabilization both emotionally and mentally is crucial to create a safe, learning environment.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

Improve attendance for students to be 80% or higher. Attendance will be recorded daily by the teacher. Improve recovery rate centered on long-term abstinence from drugs and alcohol will be 60% or higher. Each student will be randomly drug tested. Results will be documented in file by counselors and reviewed weekly among mentors. Facilitate measurable and positive change in youth behavior. Each student will self-report on protective factors in their lives. Counselors and teachers will communicate results with one another and document in file. Provide youth with effective mental health services, interventions, skills, and treatment with demonstrated success. 90% participation rate of students.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

Balance of expended funds will be returned to the state if deliverables or performance measures are not met.

**13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.**
